## Thomas Opens Methodist Series Sermons Sun.

### Methodist Church Leader Head Spiritual Life Mission

Methodists have issued an invitation to all friends of the church here to attend the series of spiritual life mission services to be held at the church Sunday.

During the series of services, Dr. G. Ernest Thomas of Knoxville, Tenn., director of the spiritual life department of the National Board of Evangelism of the Methodist Church, and one of the church's most noted leaders, will conduct the services and youth work during the week's observance which will be under the direction of Rev. Art Nauert, pastor of the Methodist Church.

## James Homer Tippett, Long Time Rancher In Crockett-Pecos Dead

James Homer Tippett, 82, Crockett-Pecos county ranchman since 1898, died Tuesday in a San Angelo hospital after a long illness.

Funeral services were to be held at 10 o'clock this morning from the Johnson Funeral chapel in San Angelo with burial in Fairmount cemetery beside the body of Mrs. Tippett who died in 1924. Mr. Tippett had made his home in San Angelo since last November.

Born Oct. 2, 1873, near Cuero, Texas when he was 12 years old. From his first ranch holdings along the Pecos river, acquired in late 1880's, he owned around 100 sections of land in Pecos and Crockett counties at the time of his death.

Surviving are four daughters, one brother, 12 grandchildren and one great grandchild.

Miss Dollye Coates and Mrs. Oscar Kost are in San Antonio this week visiting Mrs. Clark Barton.

## Patrolman Attaches Scotchlite Tape To Children's Bicycles

Patrolman Joe Perry, district safety officer of the Department of Public Safety, San Angelo division, visited the Ozona schools Wednesday and attached Scotchlite reflective tape on bicycles belonging to fifth and sixth grade pupils of the North Elementary school.

The tape was furnished by the Ozona Woman's Forum in its school safety campaign and pupils who had not ridden their bikes to school were given tape to attach to their vehicles at home. About 20 bikes were given the safety tape treatment.

Patrolman Perry spoke briefly to the students on safety and handed out pamphlets on rules for safety for bicycles riders. He pointed out that cars must stop at intersections where children are crossing streets or highways and also must stop behind school buses when children are being loaded or unloaded.

## Rutherford Firm Given Contract On Med. Building

### Doctor Office Building To Cost Approximately \$48,000

W. C. Rutherford Construction Co. of San Angelo will be awarded the contract for construction of the new county medical building, which will serve as doctor offices, county Judge Houston Smith announced following a session of the Commissioners Court here Monday.

The award of contract will be made the end of this week when the official notice time expires. Award of contract was postponed because of a mix-up in publication of notices.

All bids on the building construction were rejected last week when the court met for the April term. After conferences with architects and lowest bidders on the construction job, the court was able to make a saving of approximately \$10,000 in construction costs by paring some provisions of the specifications.

The building will cost approximately \$48,000. It will provide offices for three physicians, optometrist and dentist, with the doctors having private waiting rooms and a common waiting room to be used by the dentist and optometrist.

The new medical building will be constructed on county property adjoining the new county hospital on the northwest edge of Ozona, now under construction. The buildings will be about 50 feet apart and connected by a concrete walk and entrance to the hospital ambulance entrance on the west side. It will be of brick construction.

## James Homer Tippett, Long Time Rancher In Crockett-Pecos Dead

James Homer Tippett, 82, Crockett-Pecos county ranchman since 1898, died Tuesday in a San Angelo hospital after a long illness.

Funeral services were to be held at 10 o'clock this morning from the Johnson Funeral chapel in San Angelo with burial in Fairmount cemetery beside the body of Mrs. Tippett who died in 1924. Mr. Tippett had made his home in San Angelo since last November.

Born Oct. 2, 1873, near Cuero, Texas when he was 12 years old. From his first ranch holdings along the Pecos river, acquired in late 1880's, he owned around 100 sections of land in Pecos and Crockett counties at the time of his death.

## Rabies In Foxes Of Area Inspires Dog Vaccinations

### Dog Sign-Up Sought To Get Veterinarian To Come Here

A rabid fox which invaded the porch of a ranch home in western Crockett county and bit two dogs belonging to the rancher has inspired a movement to seek citywide vaccination of all dogs against the dread disease as a means of protecting human lives.

Two dogs belonging to Jim Scott who ranches on the Pecos river in Crockett county, were bitten on the front porch of the ranch home Sunday afternoon by a rabid fox. The fox was killed by Mr. Scott and the head packed in ice and sent to the state laboratory in Austin where it was found to show positive rabies. The dogs are under treatment and ranchmen of the area have vaccinated their dogs against the disease. A similar incident occurred recently on the Leo Richardson ranch, in the same vicinity.

Pete Jacoby, Crockett county agricultural agent, has contacted a veterinarian in San Angelo and has arranged for the vet to make a trip here sometime late next week for the purpose of vaccinating as many dogs as possible here as a safeguard against an outbreak of rabies. If enough dogs can be signed up in advance, the cost of the vaccine and the services of the veterinarian will be comparatively small, the agent said.

Dog owners are urged to call Mr. Jacoby or the Stockman office, and list their dogs to receive the rabies shot. Health authorities have said at least 70 percent of the dogs in a community must be vaccinated to assure safety from a rabies outbreak in a community. With the rabid foxes and other animals on the increase, danger of a city outbreak becomes more apparent. An outbreak among dogs would be a serious menace to human lives, especially children, it is pointed out. Once rabies develops in man or beast, death is certain, no known cure having yet been developed by science.

Dog owners will be asked to take their dogs to a central location, to be announced next week, and there will receive the rabies vaccination. If you can't contact Mr. Jacoby call the Stockman office and leave your name and you will be contacted when arrangements are complete.

## 1,715 Vehicle License Plates Issued In County

### Slight Increase In Numbers Over Last Year Receipts \$34,095

A total of 1,715 motor vehicle license plates of all kinds were issued in the office of the sheriff and tax collector until the deadline for new license plates on April 1, Mrs. Gertrude Perry, office deputy, reported this week.

The total number of plates issued showed an increase of nearly 100 over last year, with total receipts running about the same. Receipts during the car licensing period this year were \$34,095.73. All of this money (motor license fees up to \$50,000) will stay in the county treasury.

A total of 1,104 passenger car licenses were issued; 317 were commercial vehicle licenses; 235 farm truck licenses; 56 trailers; 15 trailer tractors and miscellaneous scooters, motorcycles, etc.

After spending the Easter holidays here with her parents, Mr. and Mrs. Clay Adams, Miss Jane Adams will leave today for Dallas where she will visit the week-end with Miss Shirley Kost of Ozona, a student at SMU before flying back to Pine Manor college in Massachusetts to resume her studies.

## Locations Made For Four New Wildcats In Crockett County

Crockett County has gained locations for four wildcats.

John I. Moore and Midland and San Angelo will drill his No. 1-1 (M. A. Smith) Shannon Estate, a 2,500-foot rotary wildcat, 20 miles south of Big Lake.

Operations are to begin at once. Location, on a 160-acre lease, is 330 feet from the north and 990 feet from the east lines of 1-BB-BL&RR. Elevation is 2,524 feet.

Moore will drill his No. 1-4 (Magnolia) Shannon Estate, also a 2,500-foot test, 20 miles south of Big Lake and 3 1/4 miles west and slightly north of the Todd, North field.

Operations are to begin at once. Location, on an 820-acre lease, is 330 feet from the north and east lines of 4-BB-EL&RR. It is 3 1/4 miles west and slightly north of the North Todd field.

Claude J. Thompson, Inc. et al of Abilene will drill the No. 1-C Maggie S. Neal, a 2,600-foot rotary wildcat, 20 miles south of Big Lake.

Operations are to begin immediately. Location, on an 80-acre lease, is 330 feet from the south and 2,310 feet from the east lines of 2-9-D&SE.

It is 1 1/2 miles north of the Todd field but separated by deep dry holes.

C. B. Slomp of Dallas will drill an 1,800-foot wildcat, the No. 1-E University, nine miles southwest of Barnhart.

Drilling with combination tools will begin immediately. Location, on an 85.95-acre lease, 2,389.8 feet from the north and 2,423 feet from the east lines of 17-14-University.

## Nurse Killed When Car Overtakes On Eldorado Highway

Mrs. Hilda Kneese Sageser, 67, of Eldorado, practical nurse who had cared for Mrs. D. B. Dunlap in Ozona, was killed instantly Thursday afternoon when her car overturned 22 miles west of Eldorado on FM Road 33.

Investigating officers said Mrs. Sageser apparently lost control of her car on a curve a half mile east of the Schleicher-Crockett county line. The car overturned several times and came to rest in a bar ditch. Mrs. Sageser was thrown from the vehicle.

Survivors include a daughter, Mrs. Wesley Worrell of San Antonio.

## Dallas Operators To Drill Crockett Test On Montgomery Land

Crockett County gained two wildcats Friday.

Youngblood & Youngblood of Dallas has filed application to drill a 3,500-foot rotary wildcat in Crockett County, 12 1/2 miles southwest of Ozona. It will be the No. 1 Montgomery.

Location, on a 106.79-acre lease, is 660 feet from the south and 660 feet from the most easterly west lines of 20-William Brewer survey.

The prospector is 2 1/2 miles southeast of Montgomery No. 1 Hunt 3,377-foot wildcat failure, plugged and abandoned July 9, 1952.

John I. Moore of Midland and San Angelo has filed application to drill a 2,500-foot rotary wildcat in Crockett County, 20 miles south of Big Lake. It will be drilled as the No. 1-10 (G. M. Smith) Shannon Estate.

Location, on an 80-acre lease, is 330 feet from the north and west lines of 10-A.

The prospector is 3 1/4-mile southwest of Southland Royalty No. 1 J. M. Shannon, 8,623-foot wildcat failure which was plugged back to 1,940 feet to test the San Andres, topped at 1,880 feet on elevation of 2,476 feet. The project was plugged and abandoned April 23, 1954.

Miss Ann Ratliff, a student at the University of Texas, was home for the Easter holidays.

## Light Rain Follows Thunderstorm Activity

Ozonans were seeing rain this morning for the first time in many months. Not much but real rain. The moisture came when an early morning cloud rolled in from the northwest after a night of intermittent thunderstorm activity.

Residents in the Todd field area reported a nighttime thunderstorm that produced light rain. Thunder was heard by Ozonans in the night but no rain fell. A heavy black cloud boiled up in the north west this morning and for a time residents feared they were in for a hailstorm. But the clouds thinned and a slow rain developed from the disturbance.

## Spring Concert Of Ozona Band Tuesday Night

### Public Is Invited To Hear 75-Piece Band In Concert

Ozona High School's 75-piece band, under the direction of Byron E. Gray, will present its annual Spring concert Tuesday evening, April 10, in the high school auditorium. The public is cordially invited to hear the band in a varied and entertaining concert program.

The concert, Mr. Gray said, will give Ozona people an opportunity to preview the selections which the band will play at the regional contest to be held in Abilene later this month. The band includes sections of instruments of unusual interest such as alto clarinets, bass clarinets, bassoons and oboes, the director pointed out.

Highlights of this year's annual concert will be the presentation of the Kay Simmons award, an annual award set up in memory of Miss Semmons and awarded to the band's most outstanding student as selected by a committee of judges. Name of the 1956 winner will not be divulged until the presentation the night of the concert.

Don Lott, the band's student conductor, will conduct one selection in the concert and a cornet trio consisting of Loy Elmore, Art Kyle and Richard Sikes will be featured in an arrangement of "Dark Eyes" accompanied by the band.

The band personnel, by instrument sections, follows:

Flutes: Becky Davidson, Nonie Conklin, Sandra Whitaker, Tommy Spurgers, Linda Millsbaugh, Chris Hagelstein.

Oboes: Sandra Ratliff, Molly Sue Richardson.

Bassoons: Alleane Young, and June Bunger.

Clarinets: Scotty Moore, Jimmy Carroll, Durwood Wylie, Carolyn Mayfield, Joe Beekman, Mary Lou Johnigan, Tommy Fields, Jacquelyn Williams, Alisia Rodriguez, Tommy Stokes, Leon Drago, Bill Gibson, Lanny Brentz and Jesus Hernandez.

Alto Clarinets: Donald McCaleb, Jim Burton and Geryl Dean Long.

Bass Clarinets: Diane Phillips, Camille Adams and Sally Baggett.

Alto Saxophones: Elizabeth Pearson, Bama Burton, Roy Neil Killingsworth and Nora Lara.

Tenor Saxophone: Johnny Jones, Baritone Saxophone: Jonathan Burton.

Cornets: Gwynel Walker, Robert Price, Joe Friend, Jerry Carlman, Art Kyle, Pierce Miller, Loy Elmore, Pat Woodall, Richard Sikes, Delma Martinez and Janice Semmler.

French Horns: Tomas Lopez, Antonio Gomez, Bill Petty, Mills Tandy and Roberta Johnigan.

Trombones: Don Lott, Mark White, Terry Carlman, Jimmy Freeman, Ronnie Beall, Royce Ballinger.

Baritone: Bill Meinecke, Jerry Jacobs, Bob Meinecke, and David Sikes.

Tubas: Lynn Auld, Eddie Garza, Bobby Sutton, Jim Williams, Owen Wagner, and Johnny Cooper.

String Bass: Howard Mock.

Percussion: Darilyne Alford, Anne Davidson, Carolyn Sturt, Beverly Killingsworth, Pam Jones, and Frances Childress.

## Six Indictments Found By Grand Jury Here Mon.

### Three Named In Connection With Oil Drill Bit Theft

Six indictments, against four men, were returned by the Crockett county grand jury which was impaneled Monday morning at the opening of the April term of the 112th district court by District Judge Jim C. Langdon.

Five of the indictments were against three men arrested in connection with the alleged theft of seven oil well drill bits from the Cactus Drilling Co. of Big Lake in the Farmer field of Crockett county.

Jerry Ezell, 19, of Big Lake pleaded guilty to a charge of theft of the bits and received a 5-year adult probation sentence at the hands of Judge Langdon. J. D. Eckert of San Angelo, indicted on two counts of receiving and concealing stolen property, was charged in connection with alleged purchase of the stolen bits. Another man who has not yet been arrested was indicted on one count of receiving and concealing stolen property in the case.

Hayden Roach of Ozona was indicted on a charge of felony theft and on his plea of guilty before the court was given a 3-year adult probation sentence.

Members of the grand jury inspected the county jail and complimented the sheriff's department on its maintenance. The grand jury, however, recommended to the Commissioners Court that an addition be made to the jail to take care of juveniles and women prisoners. At present the jail cell blocks are all open with the exception of one cell which Sheriff Earnest has blocked off with a solid steel shield to provide some measure of privacy for women prisoners. This closed cell, it was pointed out, is almost uninhabitable in hot weather, and the grand jury recommended to the court that it investigate the possibilities of an addition to provide separate facilities for juveniles and women.

## \$20,000 In Premiums Saved By Ozonans Last Year By Fire Protection

How much money has the Ozona Volunteer Fire Department, its equipment and facilities saved the property owners of Ozona since its organization in 1947?

It would take a lot of painstaking research to find that answer to any degree of accuracy.

But it's no trick to find out that in the year 1955 Ozona property owners paid out a total of around \$23,000 in fire insurance premiums on the 1955 rates. On the same amount of insurance and at the rates then in effect, these same property owners would have paid a total of around \$73,000 in 1946.

The figure for the 1955 premium total comes from the Texas Insurance Commission. The present key rate, on which fire insurance premiums are based, varying as to type of construction, exposure, etc., is 38 cents on the \$100 of insurance. The key rate in 1946 was 97 cents. Nearly \$20,000 in insurance premiums was saved last year.

The reason for this sharp reduction in insurance rates is the protection property owners have from fire as a result of the acquisition by the county of adequate and modern fire fighting equipment, the development of an adequate water supply and storage system, plus installation of fire hydrants at approved intervals, and the organization and continued training of a valiant band of volunteer fire fighter known as the Ozona Volunteer Fire Department.

Ozona and Crockett county have made a good and profitable investment in fire fighting equipment and should be extremely proud of the volunteers who man it.

THURSDAY, APRIL 5, 1956

THE POISONER

The perennial dog poisoner of Ozona having been at work lately, dropping poisoned bits of meat in the yards of Ozona residents, causing the death in agony of nearly a score of pet dogs and, but by the grace of God, the same kind of death for one or more children, the following letter seems apt for publication at this time.

The perfect crime has been committed in Elmwood. A dozen pet dogs have been poisoned with strychnine planted in the private yards of their owners in the dead of night. And the perpetrator walks among us glorifying in the results of his activities.

Political Announcements

The Stockman is authorized to announce the candidacy of the persons listed below for the office under which their names are listed, subject to action of the Democratic primaries of 1956.

his personality is quite apparent. If he is old he has done small mean, underhanded things all his life and crowded over the fact of getting away with them without being found out.

"Our old Jack is dead. He was old and he slobbered and had fleas. But we love him. And it was not this nightrider's business to say his time had come.

"This item was not written anonymously in the dead of the night; it was written in the clear daylight and signed."

Bess Streeter Aldrich

CAPITAL 'C' AND CAPITAL 'V'

T. Coleman Andrews, until recently Commissioner of Internal Revenue, is certainly a grade-A authority on the income tax.

In a recent radio address he had this to say about it, among other things: "The rates have been made so high that they are now confiscatory. The minimum is 20 per cent, the maximum 91 per cent. I'd call that confiscation with a capital 'C', and vengeance with a capital 'V'."

This is the kind of confiscation and vengeance that weakens initiative and ambition — at the expense of the whole country and everyone in it.

COMPENSATION CASE

A jury in district court here Wednesday awarded 26 weeks compensation claim to Thomas Ray Hord as a result of injuries suffered in an accident in the Vaughn Field area of this county, while employed by the Terrell Petroleum Co. Suit was brought against Texas Employers Insurance Assn. Insurance claims for 24 weeks had been paid by the company.

### Advertising Fund For Wool & Lamb

DENVER, April 2 (Special) — Allocation of \$200,000 for lamb and \$200,000 for wool advertising in the fiscal year beginning July 1 has been made by directors of the American Sheep Producers Council.

Council's 16 directors, who represent nine affiliated associations, heard proposals from the two advertising agencies retained for lamb and wool advertising, as well as from other groups with programs to aid the sheep industry. Further details will be worked out when the Council directors meet again on May 21-3 in Denver.

### OZONA COMMUNITY HOUSE NEWS

Pre-Easter Week was one of activity at the Community House. Easter egg hunts were enjoyed by Kindergarten, Primary Club and Brownies.

The Girl Scouts entertained preschool age children at a party Wednesday afternoon. These little folks too found gay eggs in unexpected places.

The Cub Scouts combined a clean up session with a cook-out and Easter egg hunt Saturday morning.

The Mother's Club invited their families to Easter Dinner at the Community House. Mr. and Mrs. Joe Vitela, Joe, Jr., Sonny and Elva Delores, Mr. and Mrs. Napoleon Vitela and Sylvia, Mr. and Mrs. Eugene Ramirez and Sandy, Mr. and Mrs. Sam Martinez and Sammy, Bobby, Delma, Sandra and Yvonne, Mrs. Arturo Torres and

Arturo Jr., and Saul, Mr. and Mrs. Felipe Flores and Aldo and Brenda, Francisco Lopez, Juanita, Tomas and Alonzo, Joe Moran, Sergio Martinez and Mildred Ralston enjoyed a delicious dinner and delightful fellowship.

The Play previously announced, has been postponed until a later date.

Plans for a vacation school are under way.

### NATIONAL CONSERVATION WEEK

National Conservation Week will be observed during April 1-7. And it's impossible to think of a more worth-while activity.

It is to be hoped that during the week the American people get a better idea of what a sound natural resources policy involves. It does not consist of locking these resources up, so to speak, and hiding the key. It does consist of developing and using them wisely — so that we of today may get the vast benefits and still preserve them for future generations.

Our own country has proven the wisdom of that. Vast as our natural resources are, other nations are equally blessed. Our leadership has come from the fact that we've made the most of them under free enterprise development governed by sensible laws.

Remington Portable Typewriters at the Stockman office.

### New Plymouth Strike Extends Farmer Field

The Farmer (San Andres) field of Crockett County has been extended one location southwest and northwest with the completion of Plymouth Oil Co. No. 2-1 University, in 11-50-University, 10 miles south of Big Lake.

It was completed for a daily pumping potential of 101.07 barrels

of 33.4 gravity oil, plus 30 per cent water, with gas-oil ratio 270-1.

Production was through perforations between 2,652-692 feet in 5 1/2-inch casing set at 2,724 feet on total depth of 2,725 feet. Pay section was fractured with 10,000 gallons and acidized with 500 gallons.

Top of pay was picked at 2,652 feet on derrick floor elevation of 2,722 feet.

Miss Jeannene Thompson, daughter of Mr. and Mrs. Roy Thompson of Ozona, was among a group of Stephen College students who toured New York fashion centers during the Easter holidays. The fashion designing students visited salons of famous designers and were the guests of Glamour Magazine. They also were guests at a hop and dress parade at West Point, attended a fashion show brunch

after church on Easter Sunday and observed first hand the New York Easter parade.

Tom Kincaid and his grandparents, Mr. and Mrs. C. L. McDonald of San Angelo visited relatives in Comanche and his parents, Mr. and Mrs. T. A. Kincaid, Jr., of Ozona, during the Easter holidays. Tom is a student in San Angelo College.

## How Advertising helps you

BY CHARLES B. ROTH

### Something New Added

EVERY now and then a slogan or catch line from an ad takes hold and has everybody quoting it. You remember, a few years ago, when "Something new has been added!" swept the country.

That slogan could be applied to advertising itself, for something new indeed has been added to advertising.

What has been added to advertising during these past few years is a third dimension—depth.

The form that depth takes is in advertising's becoming a public service institution, rather than a mere means of selling goods, and public service advertising, as it is called, now enters the lives of every American to help every American to a better way of life.

James Webb Young, noted advertising practitioner and practical philosopher, has said that "This private use of advertising in the public interest is a social discovery or invention of the first order. Men are learning to use a private business tool to express a growing sense of social purpose."

To show you how this third dimensional advertising works, for

instance, study the ads in your newspaper.

You will find some that have nothing to do with selling goods. Their only purpose is to present new ideas for your good and for the good of other members of the community. They are educational.

Some of the critics of advertising, and in the past there have been a few who were as vociferous as they were erroneous, have stated that the purpose of advertising has been to make a few selfish men rich.

Its purpose indeed is to make people rich. Its purpose has been to make everyone rich, rich in new and better products, rich in new and better ideas, rich in truth.

When new products are developed, advertising tells you about them; when new ideas are developed, advertising tells you about them. The ads in your newspaper thus become beacon lights, to keep you abreast what is best in the world.

The American newspaper has always been a great service institution. It has never been a greater service institution than now, since it has linked arms with public service advertising.

## What were you doing in February, 1946?

MADE YOU SEE just out of the Army or Navy. Undoubtedly you were still counting red pennies and probably trying to lease an automobile salesman to sell you a new car. If you were like most Americans, you were also buying U. S. Series E Savings Bonds.

And if you were, this message is for you. The Bonds you bought in February, 1946, mature this month! That means that every \$37.50 you invested in Bonds then is worth \$50 today.

And here's more good news: Under the present Bond law the maturity period of Series E Bonds has been extended a full 10 years. There's nothing for you to sign—no visit to the bank required for you to take advantage of these extra earnings. Just hold on to your Bonds and let them go right on earning money for you. With the extended interest period, your Bonds can earn up to 30% more than you originally paid. For example, that Bond that's valued at \$50 today will be worth \$67.34 in 1956—giving you a net return of \$29.84 over your original \$37.50 investment.

Few of us know exactly what we'll be doing in 1956. But you can count on this: The principal you put into Savings Bonds back in 1946, as well as your 1956 Bond investments, will continue to be safe—and subject to market fluctuations. And your interest on your money will still be piling up for you at the steady average rate of 3% compounded semi-annually.

So to put your future on a sound financial basis, hold on to your maturing Bonds—and invest in more where you bank or on the Payroll Savings Plan where you work.

For the big things in your life, be ready with U. S. Savings Bonds

## EDITORIAL

At last Easter is over and the students of O. H. S. have really settled down to hard work for the last seven weeks of school. It seems like nearly any one can tell you exactly how many days are left and almost how many hours.

Of course the Seniors are delighted, because after twelve years of public school, they are nearly through. The Juniors are looking forward to being Seniors. The Sophomores are glad to be advancing one more step toward their goal. And the Freshman are particularly glad that they will no longer be the "lowest things on earth."

The school year of 1955-56 is fast drawing to a close. With each class agreeing on one thing. It has been a great year.

## COMIN & GOIN

Six weeks test are going to be Tuesday and Wednesday of next week. Let's all get busy and pass. District tract meet is two weeks off. Good luck Lions as you get ready to go.

Homemaking girls are working hard on pretty things for the style show. If you could see them, I'm sure you would be looking forward to it, as much as we are.

There is a new craze going around high school. The book and song of "Eloise." You would probably enjoy it too.

To the dozens of people who have the measles we all wish a very speedy recovery. And believe me, there are dozens of cases.

## FADS AND FASHIONS

Since spring has finally sprung it seems that all of the students of our school have likewise blossomed out in new spring clothes. If it seems strange that I, Jim Burton, am writing the Fads and Fashions, it is because I have not yet been hardened into caring much about clothes. I don't know what the colors are this year but, I am sure that they are not chartreuse and burnt senna like last year. As for style (oh shudder), as long as someone doesn't turn up in Scottish kilts a grass skirt, or chaps and spurs, I (and probably you) are in the dark. After all who wants to be another Christian Dior. Its hard enough for me to figure out what his creations are supposed to be, much less his mo-

## tives.

Have you seen the simply stunning jeans that all of the boys have been wearing to school. They come in shades of dark blue and serge except those special creations that are cerise or mint (these overgrown peddal-pushers are specially designed for incorrigibles and idiots.)

The simply superb skirts that the girls are wearing simply send me and (their fathers bills) sky high. The various ensembles that they wear are just beautiful (probably this is the only sincere compliment in the article.)

Well as I wouldn't want to bore you to tears (beige naturally) so long, but remember I will be back to torment you soon!

## ASSEMBLY

We had a very interesting assembly Wednesday. Mrs. Ira Carson from the Woman's Club gave it. She told us about the different wells and caves in Ozona; and about the Indian attacks, things that happened at Fort Lancaster and many other different happenings. To conclude the program, she showed us many brands used by the different ranchmen here. All the program was on color slides which made it the more interesting with Mrs. Carson narrating.

It was a very worthwhile assembly and we would like to have Mrs. Carson back with us sometime. Thank you Mrs. Carson.

## WOMAN'S SOCIETY

The W. S. C. S. of the Methodist church met Wednesday morning at the church for the monthly devotional and business meeting, with Mrs. S. M. Harvick, president, presiding. The devotional was given by Mrs. Floyd Henderson.

Mrs. W. D. Cooper, Society treasurer, gave a brief report on her work and introduced the litany for dedication of the treasurer Chests which were presented. Mrs. Joe Pierce, led the litany and also gave the quadrennial goals which were that "The Kingdom of God May Be Realized."

Several members of the local Society are attending the district meeting of the W. S. C. S. in Brady today.

Present were Mmes. Bailey Post, Taylor Word, N. W. Graham, J. S. Pierce, III, Clay Adams, Lindsey Hicks, B. B. Ingham, Sr., R. A. Harrell, H. B. Tandy, Victor Pierce, W. D. Cooper, J. A. Fus-

sell, Chas. Williams, Sr., Stephen Perner, Floyd Henderson, S. M. Harvick, Joe Pierce and Miss Isidra Verver.

## Modern family minus electricity

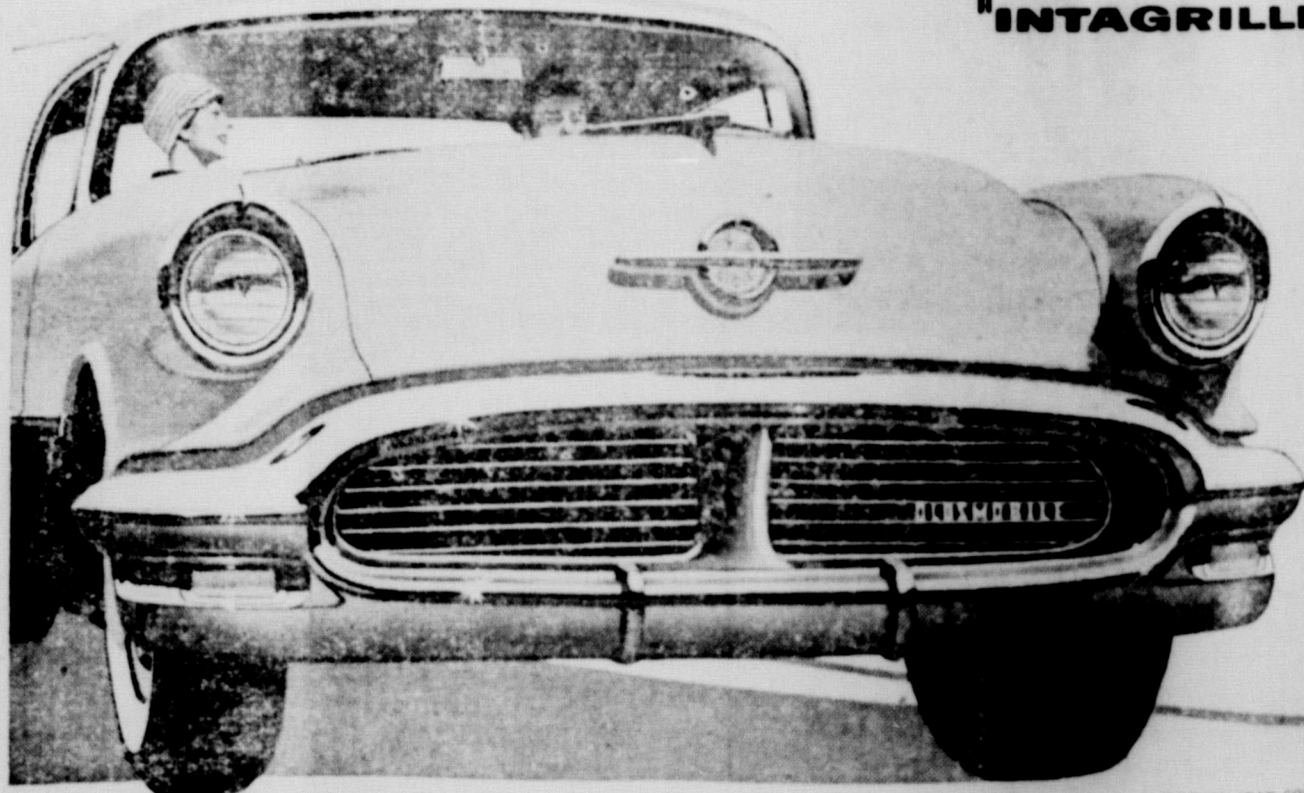

What would you do without low-cost electric service in your home? Well — you could use candles. And build fires. And use elbow grease for all the jobs Reddy Kilowatt does automatically. If you did, you would be reminded quickly — and forcefully — how much your electric service does

at such low costs for each of the many jobs. Your electric service is the biggest bargain in your family budget. What else gives you so much value in comfort, health, ease and fun? Keeping your electric service high in usefulness, low in cost is the main job of your electric service company.

### Miss Wool Contest Deadline For Entries July 15; Crown Aug. 31

Some lucky young Texas lass is soon going to be the owner of an all-wool wardrobe valued at approximately \$4,000, and in addition will be given an expense paid trip to the fashion centers of the United States.

The 1936 "Miss Wool" contest is underway, sponsored by the San Angelo Board of City Development in cooperation with the Texas Sheep and Goat Raisers Association, the contest comes to a climax Sunday, August 31, when the new Miss Wool is crowned in San Angelo.

Winner of the contest title will also be presented with a 1936 model car for her own use during the year as the official ambassador of wool. Also included is a set of matched luggage for the new Miss Wool.

To enter, any single lass between 16 and 25 need only write for an application form to the Miss Wool Contest Headquarters, Box 1112, San Angelo.

Seven finalists will enjoy an expense-paid five day visit in San Angelo at the annual Wool Fests where Miss Wool will be crowned. The finalists will have to pay only their transportation to and from San Angelo.

Hundreds of application forms have been sent to Texas colleges and universities. Deadline for entries is July 15.

Requirements, other than appearance that the contestant must have completed one year of college, must never have been married, be at least 5 feet 6 inches tall, and wear a size 12 garment.

### Weger, Amigo, Farmer Fields In Crockett County Get Extensions

Three Crockett County fields gained extensions.

Slick Oil Co. has finished two extensions to the Weger (San Antonio) field.

The No. 2-A Seal, one location southwest, in 2-Desertown 83 survey, 1/2 mile south of Big Lake, was completed for a daily pumping potential of 78.77 barrels of 28.3 gravity oil, no water, with gas-oil ratio 602-1.

Production was through perforation between 2,475-260 feet in 5 1/2-inch casing set at 2,750 feet, the total depth. Pay section was fractured with 100,000 pounds of sand, gallons of oil unreported.

Top of pay was picked at 2,475 feet at elevation of 2,893.5 feet.

Mr. and Mrs. John E. Bailey and Mr. and Mrs. Bascomb Cox are in Temple this week where Mr. Bailey is undergoing examination in a Temple clinic.

Mr. and Mrs. Chris Porter of Lubbock spent the Easter holiday week-end here visiting his parents, Mr. and Mrs. Stephen Porter. Chris is attending Texas Tech.

Grubbs Children, a student at Rice Institute in Houston, was home for the Easter holidays. He is the son of Mr. and Mrs. Hugh Children, Jr.

The No. 3-C Seal, one location south in 30-617257, 1/2 mile south of Big Lake was completed for a daily flowing potential of 68.15 barrels of 28.3 gravity oil, no water, with gas-oil ratio 707-1.

Production was through a 16-1/2-inch choke and perforations between 2,251-245 feet in 5 1/2-inch casing set at 2,325 feet, the total depth.

Top of pay was picked at 2,251 feet at elevation of 2,725 feet.

Trailing pressure was 75 pounds with casing pressure, 30 pounds.

The Amigo (San Antonio) field has been extended one location southeast with the completion of standard Oil & Gas Co. No. 1-20 University, in 1-30-University, nine miles south of Big Lake.

It was completed for a daily flowing potential of 73.68 barrels of 28 gravity oil, plus 90 per cent water, with gas-oil ratio 1,139-1.

Production was through a 16-1/2-inch choke and perforations between 2,228-2,399 feet in 5 1/2-inch casing set at 2,754 feet, the total depth. Pay section was acidified with 1,000 gallons.

Top of pay was picked at 2,228 feet at elevation of 2,889 feet.

Trailing pressure was 100 pounds casing pressure, 600 pounds.

The Farmer (San Antonio) field has been extended one location southeast with the completion of Slick Oil Co., Ltd. No. 1-B University, in 10-69-University.

It was completed for a daily pumping potential of 73.42 barrels of 28.3 gravity oil, no water, with gas-oil ratio 602-1.

Production was through perforations between 2,475-260 feet in 5 1/2-inch casing set at 2,750 feet, the total depth. Pay section was fractured with 100,000 pounds of sand, gallons of oil unreported.

Top of pay was picked at 2,475 feet at elevation of 2,893.5 feet.

Mr. and Mrs. John E. Bailey and Mr. and Mrs. Bascomb Cox are in Temple this week where Mr. Bailey is undergoing examination in a Temple clinic.

Mr. and Mrs. Chris Porter of Lubbock spent the Easter holiday week-end here visiting his parents, Mr. and Mrs. Stephen Porter. Chris is attending Texas Tech.

Grubbs Children, a student at Rice Institute in Houston, was home for the Easter holidays. He is the son of Mr. and Mrs. Hugh Children, Jr.

Visiting every at Texas (above) visited our Jack Walker as he delivers the first issue of 1936 Texas Almanac in Texas in 1936. Mrs. J. J. Pratt, daughter of Mr. and Mrs. R. J. Pratt, Route 1, Greenfield, Tex. traditional annual Easter Seal paper for Texas to aid the state's crippled children. Mrs. J. J. Pratt will continue through April 30.

"When life checks you down in your years, you're in the perfect position to pray!"

### THE PRINTED WORD

Writing in a journal published by New York University's School of Retailing, Irving Settel reports that retailers are spending record amounts of money on newspaper advertising — but are chary of the inducements offered by television.

The main reason is that retailers believe that "newspaper advertising still produces the greatest number of customers for every dollar spent."

The printed word is best means of communication.

Miss Barbara Fields, daughter of Mr. and Mrs. A. O. Fields, home from Sul Ross College days.

Miss Sandra Brown, attending T. C. U. in Fort Worth, spent the Easter holidays with her parents, Mr. and Mrs. Jack Brown.

### All facts about Texas in the new TEXAS ALMANAC

The Centennial Edition of the Texas Almanac brings up-to-date in Texas a review of progress in Texas for 100 years.

Businessmen, farmers, ranchmen, students and home-readers will find it an invaluable source book for facts, figures and good reading.

This will be the first and biggest Texas Almanac issued in its hundred years of publication. It contains 768 pages. There is no advance in price.

**Weger Field Extended; Two Stepouts Spotted**

Harper & Huffman has finalized an extension to the Weger (San Andres) field of Crockett County and has filed applications to drill two stepouts to the same field.

The No. 3 Joe Strauss, a 3/4-mile southeast extension in 50-GC&SF, 10 miles south of Big Lake, was completed for a daily flowing potential of 9029 barrels of 32 gravity oil, no water, with gas-oil ratio 360-F.

Production was through a 16-64-inch choke from open hole between 2,250 feet, where 7 1/2-inch casing is set and 2,371 feet, the plugged back total depth. Total depth is 2,656 feet. Pay section was fractured with 10,000 gallons.

Top of pay was picked at 2,250 feet, on elevation of 2,643 feet.

Tubing pressure was 250 pounds casing pressure, 725 pounds.

The two stepouts, on a 160-acre lease in 50-GC&SF, 11 miles south of Big Lake will be drilled with combination tools to 3,000 feet.

The No. 7 Joe Strauss, one location south, is 2,310 feet from the north and 330 feet from the east lines.

The No. 8 Strauss, 3/4-mile southeast, is 2,310 feet from the north and 1,650 feet from the east lines.

**LADIES GOLF ASSN.**

The Ladies Golf Association met Thursday of last week at the country club for their regular bridge and golf play. Velma Marley and Lois Hodges won low putts in golf play and Dorothy Pierce won high score. Mrs. P. C. won high guest score and Mary Francis West won bingo in the bridge play. Those present were Gladys Pierce, Jean Scheuber, Ada Pierce, Lois Hodges, Velma Marley, Katie Jones, Mary Friend, Wilma Friend, Dorothy Pierce, Vivian Clayton, Lois Hicks, Blanche Walker, Mary Francis West, Charlotte Phillips, members, and Beulah Baggett, Jean Bowers, Peggy Perner and Jean North, guests.

**THE RIGHT ROAD**

**Freedom Of Speech Basis Of Texas Press Election Code Suit**

Waco, Texas April 3 — Any law which places a dollar and cents limit on a man's right to express his opinions, violates the Federal and State Constitutions.

That is the summation of the remarks made here today by Russell W. Bryant, president of the Texas Press Association, relative to the Texas Election Code.

Bryant was in Waco for the habeas corpus hearing of Vernon T. Sanford, who seeks an immediate hearing by the court of criminal appeals on the constitutionality of a law under which he was indicted by a McLennan Co. grand jury in February.

Sanford was charged with spending a total of \$76 for three ads in Waco newspapers in 1954 in behalf of Ben Ramsey, candidate for re-election as Lt. Governor.

"Neither TPA nor Vern Sanford has violated any phase of the Texas Election Law," Bryant stated. "This case was politically

inspired and is politically motivated. We intend to take it out of the realm of politics. That is the prime purpose of this hearing today."

Bryant contended that freedom of speech and freedom to print are one and the same — it is a matter of an individual's rights.

"We feel that any law which says a newspaper, or a handbill printer, or a radio station, or a TV station, can accept only \$25 worth of advertising from any individual, is unconstitutional. Any law which says a man can speak \$25 worth — and no more — for or against any candidate, or any proposition to be voted upon at any election — is an abridgment of his right of freedom of speech. We intend to fight to preserve man's right to this freedom of expression," Bryant concluded.

Monday in Austin the court of criminal appeals issued a writ of habeas corpus upon the application of Sanford, which application has as its purpose proceedings to test the constitutionality of the advertising restrictions in the Texas Election Code.

**BACK FROM GERMANY**

Nat Read, who has been assigned as a radar repairman with an Army unit stationed in Germany for the past year, has received

his discharge and has returned to his home here. He is the son of Mr. and Mrs. Madden Read. Young Read spent a year in training in this country before being assigned to overseas service.

**Two Crockett Fields Extended; Locations Set In Two Others**

Two Crockett County fields gained extensions and locations have been scheduled in two other fields.

The Tippett field has been extended one location north with the completion of Shell Oil Co. No. 2 Marrs, in 3-GC&SF, nine miles south of McCamey.

It was completed for a daily flowing potential of 281.76 barrels of 41.5 gravity oil, plus two-tenths of 1 per cent water, with gas-oil ratio 822-1.

Production was through a 16-64-inch choke and perforation between 6,353-370 feet in 5 1/2-inch casing set at 6,521 feet, on total depth of 6,530 feet. Plugged back total depth is 6,485 feet. Pay section was washed with 500 gallons of mud acid.

Top of pay was picked at 6,353 feet on derrick floor elevation of 2,691 feet.

Tubing pressure was 525 pounds, with packer on casing.

The Maggie Neal (Grayburg) field has been extended one location east with completion of Claude J. Thompson, Inc., et al, No. 10 Maggie S. Neal, in 66-BB-GC&SF, 15 miles south of Big Lake.

The project was finalized for a daily pumping potential of 63.22 barrels of 30.7 gravity oil.

Production was from open-hole section between 2,226 feet, where 5 1/2-inch casing was set, and 2,373 feet, the total depth. Top of pay was picked at 2,176 feet on derrick floor elevation of 2,591 feet. Pay section was fractured with 10,000 gallons.

Slick Oil Co., Ltd., will drill the No. 4-C Maggie S. Neal 3/4-mile west and very slightly north of production in the Weger (San Andres) field, 11 miles south of Big Lake.

It will be drilled with rotary to 2,530 feet. Elevation is 2,555.8 feet. Location, on a 167.5-acre lease, is 1,650 feet from the north and 330 feet from the west lines of 50-GC&SF, Cert. 4809.

Cities Service Oil Co. will drill the No. 4-E Shannon 3/4-mile northwest of production on the south side of the World, West (Strawn) field, 15 miles southward of Big Lake.

It will be drilled with rotary to 8,400 feet. Estimated elevation is 2,790 feet.

Location, on a 484-48-acre lease, is 1,980 feet from the south and 2,080 feet from the west lines of 18-Q-EL&RR.

Continental Oil Co. of Midland has filed applications to drill the No. 11-C C. T. Harris, one location northwest of production in the World, West (Strawn) field, 13 miles south of Texon.

It will be drilled to 8,300 feet with rotary.

Location is 4,878 feet from the east and 1,980 feet from the south lines of 1-BB2-N. A. Miller survey (section No. 7 on some maps.).

**FORMER OZONAN DIES**

Byars Story, a former Ozona area ranch worker, died of a heart attack March 28 at the home of a brother, Sherwood Story, also a former Ozonan, in San Angelo, according to word received by friends here. Story had been employed on the Carl Colwick ranch near Christoval. He had been ill in a San Angelo hospital but had been discharged several days before his death and was thought to be recovered.
