CATCH THE RAIN WHERE IT FALLS

Nowadays millions of people think of flood control as something that requires huge multipurpose dams costing an incredible sum of tax money.

The truth is that big-scale flood control, in case after case, can be better effected at vastly lower cost, by small upstream dams, such as those to be built on Johnson and Gurley draws in Crockett county.

This story was recently told in a National Municipal Review article by Peter Farb. Mr. Farb dealt with what has been done on a stream in Western Okla., which formerly suffered an average of nine floods per year. The Soil Conservation Service — with only pennies to spend where the big dam groups spend dollars — solved the problem by the upstream approach. Of this, Mr. Farb writes, "The upstream approach is as different from the big-dam approach as earth is from concrete. While SCS diminishes floods by trapping water upstream, and thus minimizes downstream flood conditions, the Army Engineers try to control already-swollen rivers." The upstream dams, he adds, are each about 1/2000th the size of a typical big-dam built by the engineers, and the cost is comparably less.

The whole theory of upstream flood prevention can be expressed in a phrase — catch the raindrops where they fall. It is sound, it works, and it is relatively inexpensive.

Why, then, has there been so much propaganda for the multi-hundred-million dollar big dams?

WANTED BY THE FBI

FLENOY PAYNE

A complaint was filed before the U. S. Commissioner at Clarksdale, Mississippi, on September 22, 1952, charging Payne with a violation of Title 18, U. S. Code, Section 1073, in that he fled from the State of Mississippi to avoid prosecution for the crime of murder.

Payne is described as follows: Age 47, born July 18, 1909, Scott, Mississippi; Height, 5' 11"; Weight, 139 to 160 pounds; Build, slender; Hair, black, wavy; Eyes, brown; Complexion, brown; Race, Negro; Nationality, American; Occupations, laborer, farmer; Scars and marks, cut scar on right temple, cut scar on chin, spot and cut scar on left forearm, vaccination scar on left arm, cut scar on lower right buttock, two spot scars on back of right hand, cut scar on back of head; Remarks, may be wearing mustache, has a loud voice.

Payne has been convicted previously for murder. He is reportedly armed with a pistol at all times and should be considered extremely dangerous.

Any person having information concerning the whereabouts of Flenoy Payne is requested to contact the Director of the Federal Bureau of Investigation, United States Department of Justice, Washington, D. C., or the Special Agent in Charge of the Federal Bureau of Investigation Office nearest his city.

One reason is that these dams also produce power — and their construction is devoutly desired by those who want to see a tax-subsidized, socialized, federal electric power monopoly established in this country.

Which explains in part why it took a last-ditch fight on the part of local promoters of the Johnson Draw flood control plan to get the project approved in Congress over the thinly veiled objections of the Corps of Engineers, with the backing, no doubt of the advocates of public power.

WANTED—Horses of any kind.
Ottist Pridemore. Phone 28-J. tf

Expanded Features of New Social Security Law Are Explained

The 84th Congress and President Eisenhower have put into effect a number of changes in the old-age and survivors insurance provisions of the Social Security Act, according to Ed Bowers, Manager of the San Angelo District Office. The changes are summarized below:

1. Reduced age for women. Widows and dependent mothers may receive same benefit that would heretofore have been payable at age 65; wives and insured women may receive slightly reduced amounts; new age requirement is 62 instead of 65; November of 1956 is first month for which such benefits may be paid.

2. Disability payments. Cash payments can start in July 1957 to those age 50 and above who are so disabled that they are unable to engage in any substantial gainful activity, provided they had sufficient social security coverage before the onset of the disability.

3. Disabled children. Age 18 no longer stops child's benefit if he meets a disability requirements; some claims can now be payable for such children where parents died after 1939 and disability has

existed since before the child was 18; effective January 1957.

4. Armed forces coverage. Compulsory, contributory coverage under social security becomes effective January 1, 1957.

5. Extension of coverage to more self-employed in 1957.

6. Changes in self-employed farmer or rancher's coverage for 1956.

7. Changes in coverage of farm or ranch employees in 1957. There are some other technical changes in the law, however the above represents the major changes.

Leaves Home

Hot, sticky air... dust, noise and drafts from open windows... hot-weather insomnia—that's what leaves home (your home) when you put in Lennox Central Air Conditioning.

Ozona Butane Co.
Ozona, Texas

an amazing new modern insecticide which, through repeated use, is UNCONDITIONALLY GUARANTEED to rid your home of nearly all dangerous, pest-carrying insects... including cockroaches, flies, mosquitoes, silverfish and silverfish.

When it, LIND-CENSE comes exude a paralyzing lindane vapor that penetrates thoroughly into every corner, bringing sure death to all insects it reaches.

Completely safe; leaves no harmful residue; nothing to wash up afterwards; no unpleasant lingering odor.

Nothing takes to the road like a Chevy!

Once in a blue moon a car like this comes along—a design so advanced in performance, so beautifully balanced that it stands out above every other car on the highway. It has a solid, sure-footed way of going that makes driving safer and more pleasant on any road. And you feel a very special sense of security in its rapid-fire responsiveness to your touch on the wheel, brakes and accelerator.

You can see that the '56 Chevy is a standout for style. But until you have driven one you're missing the best part of the news—the fact that Chevrolet is the smoothest, solidest, most wedded-to-the-road automobile you ever bossed. Try it and see.

You get more car when you buy it... more dollars when you sell it! Chevy has the highest resale value of the leading low-priced models!

WINNING V8 - CHEVROLET!

The "Two-Ten" Sport Coupe with Body by Fisher—one of 20 Chevrolet beauties.

The News Reel

re-run of "The Ozona Story" gleaned from the files of The Ozona Stockman

Stockman, August 18, 1927

Improvements totalling several thousand dollars are being made on the race track summer on the race track. The Crockett County Fair Assn. discovered several defects that have been laid out two years ago are being corrected to make the local track one of the best in West Texas.

—news reel—

Work of cutting away the nose of the hill which projects into the roadway in front of the Methodist church, to make this point in the street level with the rest, was begun Monday morning. The expense of making this improvement will be split three ways. The West Texas Utilities Co. will loosen the tracks, the county will load the trucks and the Crockett County Fair Assn., which plans to use material to build up its race track on the north side, will pay for hauling it.

—news reel—

Mr. and Mrs. Hugh Childress took their small daughter, Catherine, to San Angelo Wednesday to have her tonsils and adenoids removed.

—news reel—

Approximately 133,000 acres of crockett county land is involved in a suit filed in Sutton county by B. Griffith against J. M. Shannon and A. F. Clarkson of San Angelo. Griffith claims to have a partner with Shannon in the early days and is now asserting a claim to a part of the latter's immense fortune built up since he settled in this section.

—news reel—

Quarantine regulations were enforced from the Mexican suburb of Ozona Monday and a fumigation squad under the direction of G. L. Coates and led by Aaron Williams, deputy sheriff, fumigated all residences contaminated by the recent small pox outbreak.

—news reel—

Power from the highlines of the West Texas Utilities Co. was expected to be turned on in Ozona this week following completion

of the company's highlines into the city.

—news reel—

Fire slightly damaged a home across the draw occupied by Bruce Galyon, mechanic at the Dudley Garage. The house, owned by F. A. Gray, was the old O.S.T. Camp house, formerly owned by the Ozona Garage and maintained for the convenience of tourists.

—news reel—

Hartley Johnigan and Neville Davis, two Ozona young men who have served their apprenticeship as bakers here, have purchased an oven from Mike Couch and are trucking it to Marfa where they will open a bake shop.

—news reel—

The body of Blas Vargas, wealthy Mexican merchant and land owner here, was buried in the Mexican cemetery here Monday morning following services at 11 a. m.

—news reel—

Ed Burke has leased a blacksmith shop in Alpine and will move his family to that place in the next few days. He formerly operated a machine shop and blacksmith shop here, turning over the business at the expiration of his lease to O. W. Smith.

—news reel—

Mr. and Mrs. Hugh Childress took their small daughter, Catherine, to San Angelo Wednesday to have her tonsils and adenoids removed.

—news reel—

Elman Powell, 5-year-old son of

Mr. and Mrs. Fisher Powell, was ill with tonsillitis this week.

—news reel—

Mrs. Floyd Henderson is suffering from an attack of tonsillitis.

—news reel—

Editorially Speaking: It seems a shame that the country should be inflicted with another twelve days of the blah and hullabaloo aroused by the proposed execution of Sacco and Vanzette.

These fellows are radicals and anti-order and anti-government, according to accounts, but that has nothing to do with it. They were not tried for being radicals but for murder and robbery, and their conviction was upheld by the highest court in the state. To assume a "frame up" against these two obscure workers is on the face of it absurd.

—news reel—

Funeral services for the late Ozona Chamber of Commerce have not yet been arranged but it is likely that a quiet funeral will be held and the body unceremoniously consigned to the world of forgotten ones, for survivors seem as indifferent in its death as in its life and irrevocable indifference toward the dead is always more or less painful for the on-looker. Therefore, the remains likely will be spirited away without even an opportunity for an indifferent public glance.

Convention —

(Continued from page one)

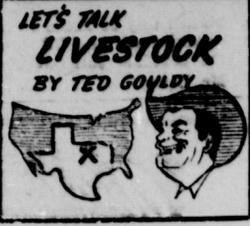

In the three-man hose race, Winters was first in 14.2 seconds; Sonora was second and Eldorado third.

Brady won the one-man race in 12.2 seconds, with Menard and Sonora finishing second and third in that order.

A feature of the races was the participation of the women in the event. A six-lady team from Brownwood copped first place in the ladies pumper race with a time of 24.5 seconds. Winters was in second place and Eden third. The Sonora ladies team won the ladies nozzle race, with Eden in second place.

The contest which spectators enjoyed the most was the bucket race, or water polo game. Two-man or two-women teams manned hoses at either end of a wire stretched on poles in the middle of the street from which was suspended a double cone-shaped "bucket." The idea was to push the bucket along the wire with water pressure from the hoses and it made quite a spectacular show. The Winters ladies won this event with Eden second and the Ballinger men's team won first with Brownwood in second place.

Mr. and Mrs. Early Baggett have returned from Rochester, Minn., where Mrs. Baggett recently underwent surgery at the Mayo Clinic. She is recovering satisfactorily.

Trade was fairly active and prices were generally steady on cattle and calves at Fort Worth Monday. Again the buyers showed a marked preference for the better quality and the higher yielding types and calves. Some sales of fed cattle were considered strong, compared with last week.

Butcher hogs and packing sows sold 25 to 50 cents higher. Choice meat type hogs cashed at \$17 to \$17.25, and the less desirable weights and grades sold from \$13 to \$16.50. Packing sows cashed at \$13 and \$14.50. Stags cashed at \$5 to \$8.

Sheep and lambs were fairly active and generally steady. Choice fat lambs topped again at \$20.

Good and choice fed steers and yearlings cashed at \$16.50 to \$22, and common and medium offerings cashed at \$10 to \$16.50.

Fat cows cleared at 9 to \$11 with smooth young cows higher. Canners and cutters sold from \$16 to \$9. Bulls drew \$9 to \$13, with a few lightweight dairy bred down to \$8.

Good and choice slaughter calves

cleared at \$14.50 to \$17, and fancy baby beef calves cashed at \$17 to \$18. Common and medium slaughter calves sold for \$10 to \$14, and culls drew \$8 to \$10.

Good and choice stocker steer calves cashed at \$17 to \$19.50 and were quotable to \$20 in load lots. Stocker and feeder steers and steer yearlings of good grades sold from \$15 to \$17.50, and plainer stocker of various ages sold from \$10 to \$13.50. Replacement heifers and heifer calves were quoted \$2 to \$3 under similar quality steers. Stocker cows were slow and weak, a few

sales from \$8 to \$10.50. Good and choice slaughter lambs sold from \$18 to \$20, and cull to medium lambs cashed at \$10 to \$17. Stocker and feeder lambs drew \$13 to \$16.

Slaughter ewes sold mostly from \$4.50 to \$5, with some freshly shorn ewes downward to \$3. Pelt credit and old slaughter ewes were regarded as worth \$1.50 to \$2 or more per hundred, which accounted for the low price offered for those freshly out of the shearing pens. Old wethers drew \$8 to \$12.50.

Yearling wethers were reported from \$10 to \$16. Old bucks sold around \$4.

Terry Cook of San Antonio has been visiting his uncle and aunt, Mr. and Mrs. J. L. Estes and Bobby. Mrs. Estes honored Terry with a birthday party on his 6th birthday Saturday. After games were played, cake and ice cream were enjoyed by Jean, Carolyn and Betty Lou Baker, Virgil Peyton, Jackie Williams and Terry.

I will sell 120 Shares of Union Basin Life Insurance. Also one nice rent house, and 175-foot front 155 feet deep, on paved street. A bargain. Doyle Franklin
