### When The Fire Siren Sounds

Ozona is fortunate in having one of the most efficient, most enthusiastic and hardest working fire departments in Texas and because of this fact property owners in Ozona have saved thousands of dollars which they would have paid out for insurance and they have enjoyed a stand-by protection against fire on which no dollar value can be set.

The development of Ozona's proficient fire department is an example of community cooperation which makes Ozona unique as an unincorporated town. A group of 27 men, each dedicated to the task he has voluntarily assumed, have formed the volunteer department. The department has been supplied with the most modern equipment available through the cooperation of a public spirited Commissioners Court and the result has been that Ozona's fire insurance key rate has been sharply reduced and the community enjoys the best protection against heavy fire loss in its history.

Such unselfish public service on the part of the men of the volunteer fire department deserves the fullest cooperation of the community in making their job easier. With this in mind, we asked Fire Chief Joe Tom Davidson what problems the department has in which the public could be of assistance. While he praised the behavior of most people at fires where the department is in action, we managed to get a confession that some problems do exist.

Traffic is one problem the chief confessed. Drivers of fire trucks, and firemen in their own vehicles, of course, are in a hurry to get to the fire when the siren sounds. But there is always the fear of a collision, especially at an intersection. The rule in most cities is that when you hear a siren or see a blinking light coming toward you from front or rear, you should pull to the curb and stop. This, of course, clears the way of moving traffic and moving traffic is what the fire engine driver fears. Keep the intersections clear, by all means, until all trucks and firemen have passed. Citizens might help by assuming traffic duty at intersections where the trucks are going to pass, keeping cars back well away from the intersection so the trucks can turn either way.

It hasn't happened many times, but there have been occasions when otherwise thoughtful drivers of cars have driven their cars over fire hose laid to fight a fire. This is a fineable offense under state law and will not be tolerated here or anywhere else. Besides

damaging hose, such an act might even endanger the life of a fireman. Should a fireman be in a burning building, depending on water from his hose to protect him from the fire, and should that protection be lost with a broken hose and interrupted flow, it might result in serious injury or even death. Some cities levy a fine for driving over a hose of sufficient size to replace a joint of hose — up to \$75. You can help by watching the hose and seeing that no car crosses it — or get the license number if you see one do so.

Few people can resist following a fire truck. But if you have to follow one, don't crowd it and stop at least a couple of blocks away from the fire. The trucks often have to be moved out to refill water tanks and congested traffic might result in the loss of a home from fire.

When there is a big fire and the department has strung a lot of hose they need more help than is available within the department. You can help lift and move the hose in such a case, but try to be helpful not a hindrance by getting in the way. There may be cases where it is advisable to remove

furniture from a burning home. Trained firemen do this carefully to avoid as much damage as possible. If the fire chief gives the order to move furniture, you can help, but ask instructions from a fireman before you pitch in.

These are some of the things we wormed out of the chief. Here's one we thought of — wait at least five minutes before you call the telephone operator to inquire where the fire is. That will give firemen who can't get to the station a chance to learn the fire's location and be on their way.

### PARENTS ARE DELINQUENTS

J. Edgar Hoover, an authority on crime if there ever was one, has placed the blame for juvenile delinquency squarely on the parent.

He said: "The regrettable fact is that the irresponsible parents who neglect their duty continue to do so because they are not held responsible for their dereliction. The starting crime conditions existing today reflect that in America the home is failing in its traditional function as the first and foremost classroom — a place of learning how to live as well as a place of living."

### WHAT THE SOCIALISTS WANT

The debate over public-vs-private electric power development is often fogged by statistical arguments and other considerations which obscure the main point.

That point is basically a simple as two-and-two. Secretary of Commerce Weeks covered it with admirable brevity when he said: "The socialists want a Federal power monopoly. The thought of private capital venturing into this field is anathema to them. That's what is back to the Dixon-Yates power controversy — that's all there is to the struggle for Federal development on the Snake River where private capital after authorization by this Administration has moved in to do the job."

For those of us who aren't socialists and don't follow this phase of the socialist line, private power development is as logical and desirable as private farming, private retail stores, private enterprise in all the thousand-and-one fields. Private power pays taxes, big ones — about 23 per cent of all its revenues. The socialized systems either pay no taxes at all, or small sums in lieu of local taxes. Private power development is financed by

the assets and savings of individuals and institutions, provided voluntarily. Public power is subsidized — involuntarily — by all the taxpayers. Private power rates are governed and established by public service commissions, and usually allow a return of about six per cent on the investment. Public power rates, more often than not, are affected by political influences which means that more taxpayer subsidies are needed to keep the government in business in competition with its own citizens.

Two Shallow Strikes In Northern Crockett Finaled By Kewanee

Kewanee Oil Co. has completed two shallow discoveries in Crockett County. Kewanee No. 1 Neal, Grayburg discovery in 58-BB-GC&SF, 12 miles southwest of Big Lake, was potential for a daily pumping potential of 8.51 barrels of 31 gravity oil, no water. Production was through perforations between 2,430-44 feet, 2,450-58 feet, 2,476-98 feet and 2,512-20 feet in 5 1/2-inch casing set at 2,653 feet, the total depth. The discovery is 3/4-mile southwest of the Maggie Neal (Grayburg) field, but is separated by dry holes. The same operator's No. 1-N University, San Andres discovery, in 24-44-University, 21 miles north of Ozona was finaled for a daily pumping potential of 5.52 barrels of 33.9 gravity oil plus 5.52 barrels of water. Production was from open hole between 1,773 feet, where 5 1/2-inch casing was set and 1,758 feet, the total depth. The discovery is 2 3/4-miles south and slightly west of the Block 44 field. Slick Oil has filed application to drill the No. 1-A W. E. Friend, one 1/4-mile northeast of production in the two-well Weger, North field of Crockett County, 12 miles south of Big Lake. It will be drilled to 2,700 feet with rotary. Location, on a 160-acre lease, is 330 feet from the east and 2,310 feet from the south lines of George town Railroad survey No. 1.

Ozona Volleyball Girls Runners-Up At Grandfalls Tourney

Ozona High School girls Volleyball Teams had a very successful day in Grandfalls last Saturday. The first game at 9 a. m. proved to be quiet an exciting game — not in score but in technicalities of the rules of the game over one play that the Ozona girls use. However, the girls went on to win the game over Kermit "B" team with a score of 24-17 even though the referee ruled this particular play illegal until after that game when a ruling was set up for the tournament. With much consultation with other coaches in the tournament on the part of the referee the play was ruled legal and the girls used it in the remaining games. The semi-final game with Grandfalls proved to be a slow game with not too much action. The final score was 45-12. Fort Stockton proved to be a team with much experience and several tournaments behind them this year. They were the winner of the annual 21-team Big Spring Tournament not too long ago. However, the girls were in there fighting and working to the very end even though the score may not show to be so. They won by a score of 38-13 over Ozona.

Preaching at the twice daily services is the Rev. Charles E. Carter, Jr., of Abilene, while Mr. and Mrs. Malcolm Edwards of Ft. Worth are directing song services. The series of morning services will end with the Friday morning service. Sunday has been set for high attendance day in all services, with a goal of 408 set in the Sunday school. Rev. Carter will conclude the revival with the Sunday services.

Sheep Marketed

The Easter lamb market at Fort Worth featured arrival of more than 21 and lambs. It was at run in almost a year market and exceeded the expectations, because the master and the dry condition slowed development of lambs in much of the market wound up about 50 per cent with new crop milk topping at \$21, and old lambs topping at \$18.50. Good milk fat lambs scored \$18.50 and medium and lower grades \$13 to \$18. Old lambs of good and grades scaled from \$16 to \$18.50. Fall shorn pelts \$18.50 and No. 2 pelts \$17.50 and shorter skins from \$17. Cull to medium shorn drew \$13 to \$15.50. Old shorn at \$6.50 to \$8.

Mrs. T. E. Tabb, Mother Of Ozonan Victim Of Heart Attack In Waco

Funeral services were held from the Austin Ave. Methodist Church in Waco Wednesday afternoon for Mrs. T. E. Tabb, mother of Thaddeus E. Tabb, Jr., of Ozona, who died in a Waco hospital at 3:45 Monday afternoon following a heart attack suffered Friday. Burial was in the family plot at Lorena, about ten miles from Waco. Mrs. Tabb is survived by her husband, Dr. T. E. Tabb of Waco; two sons, Thaddeus E. Tabb, Jr., of Ozona and Dr. Stewart Tabb of Waco; one sister, Mrs. E. H. White of Waco; two brothers, Robert Stewart of Lubbock and Leonard Stewart of Deleon, and three grandchildren.

OPENS BEAUTY SHOP

Mrs. John Rackley, who has worked as a beauty operator for Mrs. Gladine Teele in Big Lake for the past twelve years, has moved to Ozona and will open Laura Lee's Beauty Shop in the Williams Building, formerly occupied by the Ozona Dress Shop, next Monday. Mr. Rackley is employed by Continental Oil Co. in Todd Field. The couple have one child, a daughter.

Good Attendance At Baptist Revival

Increasing crowds are being registered at each service of the current revival under way at the First Baptist Church here, the pastor, Rev. Troy Dale reported this week.

Bandera Host To Sheep and Goat Raisers For Meeting March 24

Sheep and goat raisers throughout the Hill Country expected to congregate in Bandera Saturday, March 24, for the 22nd annual meeting of the Texas Sheep and Goat Raisers Association, J. B. McCord, Coleman, TS&GRA president, has announced. All members and non-members interested in finding out what the Association is doing are invited to Bandera. Mr. McCord anticipates reports will be made by both the President and the Executive Secretary-Treasurer. The committee charged with recommending a division of the state into ten districts are authorized by the newly adopted bylaws to make its first report. Also reporting will be the Water Committee. The latter committee will ask authority to cooperate with other state-wide agricultural organizations in a water program to present to the next legislative session. Committee meetings will be held at the Bandera High School starting at 9:00 a. m. and the general meeting will be in the auditorium starting at 1:30 p. m. Headquarters for the meeting will be at the Frontier Hotel, McCord said.

## EDITORIAL

There is an old Irish saying, "God broadens the back to bear the burden," and we think our ancestors must have understood that formula better than we do today.

Our ancestors refused to recognize impossibilities; they came west in covered wagons because no other transportation was available; they dug wells and cellers with pick and hand shovels long before steam shovels were invented; they built houses of sod rather than wait for bricks.

A great nation grew up — pioneered by those who never recognized impossibilities. Railroads and airplanes superseded the covered wagons and skyscrapers today towed over the sites of the sod houses.

Probably those early builders were no more intelligent than we are; certainly they lacked book-learning and social finesse. But they had faith. The faith that God would broaden their backs to carry the burden of building new homes, and honest business.

Every nation in history has grown great and powerful in direct proportion to its faith.

## COMIN' AND GOIN'

Easter holidays have been announced; Dismissal Thursday, March 29th, at 2:40 until Tuesday April 3rd.

Next Saturday, March 24th, the Ozona Lions will be hosts to an all-day track meet. Let's all go out and back those Lions!

We have several cases of measles in our High School so therefore, we would like to wish all those students a very speedy recovery.

Mr. Leath has announced that the one-act play cast will go to district meet, Friday the 23rd! It will be held in Sonora and the plays will start at 7:00 p. m. Awards are to be given that night, so let's make it a point to go over and see Ozona "receive and ward."

## ONE ACT PLAY

There are five girls and boys in our school that have been working very hard on the annual one-act play for contest. This Friday we shall find out what they have accomplished.

The play they will present is "High Window". The list of characters include Emily Winthrop, an old lady in a wheel chair, played by Carol Blackstone; Stephen Craig, her friend and legal advisor, played by Durwood Wylie; Judith Ware, Emily's secretary and nurse, Mary Lou Johnigan; Walter Hodges, Emily's meek, myopic nephew, Roy Mann; and Linda Norton, a curious newspaper reporter, Susie Schneemann.

One act play contest is to be held in Sonora this Friday at 7:00 Mr. Leath recommends everyone coming for the first play if they intend to go. Everyone that saw the play Monday night at P. T. A. enjoyed it very much. So why doesn't everyone go to Sonora this Friday night and back our kids in a great play.

We would like to take this opportunity to wish all of the cast the best of luck in the contest!

## TROUBLE WITH THE PRESS

At exactly 14 seconds after 9:32 in the morning of November 3, 1955, I, Jim Burton turned the polished metal knob of room 203 and entered the intersanctum of the press club.

Now, five months later I write this story. I am aged beyond my years and my hair is grey though not with years nor grew it white in a single night (for all you English teachers I cribbed that from the Prisoner of Chilo). I have seen much, and I shall now relate what sinister deeds turned me into an old man.

The press club meets on Monday and here we plan the paper. I am the only boy in the club and the eight other girls are the main participants in this plot.

The paper is a noble thing but boys beware for you have heard of the power of the press, and the

women use it friendly for their own ends. Never xxx (triple cross in this case) your girl if she is on the paper staff. For she, with the help of her comrades, can ruin you in the sight of other girls through her columns by slanderous references to your immortal (to your creditors at least) name.

A newspaper reporter is a cross between an iron will and a dread of what is sure to happen if he doesn't meet his deadline. (I only put that in, in the vain hope that it might be carved on the marble headstone of our many reporters killed in the line of duty).

Let me take the case of "Z" while I demonstrate the power of the press. "Z" had (quadruple crossed) "B" his supposed steady. "B" was on the paper staff, so with the help of her comrades she linked him with "Q" who was at the time going steady with "M." Since "M" is very jealous, you know what happened to "Z", even though he was innocent.

Well that's about all so until next time (if I am still alive). Jim Burton...

## SPRINGTIME

Have you been hating to go home after school — because you could not get in your house? Why? Simply because that's when a young man's fancy turns to the things the young girls have been thinking about all winter and our mother's just simply turn everything in general — Spring house cleaning.

The time of the year when all father's are raging because the female members of his family need a new spring wardrobe.

The seniors? — Well, take this advice — just don't mention graduation to any of them.

## VOLLEYBALL NEWS

Saturday March the 17th the Ozona volleyball team traveled to Grandfalls to the Grandfalls-Royal 19th Annual Volleyball Tournament. After defeating the Kermit "B" team 24 to 17 and Grandfalls "A" team 45 to 12, they were defeated in the finals, by a very strong Fort Stockton team 38-13. We are proud to say that Carolyn Stuart made the all-tournament team.

This week we played Big Lake and tonight we play Iraan here in Ozona in Davidson Memorial Gym. Everyone come and help us win.

Be sure and come to the Ozona volleyball tournament Saturday March 24th and back the teams. There will be 15 teams participating in the tournament. The eight teams in the High School Division are: Iraan, Ackerly, Big Lake, Junction, Eldorado, London, Menard, and Ozona. The first game is at 9:00 between Big Lake and Junction, at 10:00 Iraan and Ackerly play, then at 11:00 Ozona plays Menard. The last game in the morning is at 12:00 between Eldorado and London. Four games will be played in the afternoon.

## It's the 225-h.p. Thunderbird Special V-8 you can have now in Ford!

At 6 p. m. on Saturday, February 25, a '56 Ford set out to re-write the record book at the new Ford Proving Grounds, Kingman, Ariz. Just a little over one hour later, this 225-h.p. Ford had set 30 new world marks—ranging from short runs to 100-mile performance! To you this record-breaking performance promises the most exciting response ever delivered for so little money. Hills you've long known will disappear. Stop lights will be fast fading memories within instants after your foot nudges the throttle. And when it comes to passing, you'll pass in a wink with plenty of "whoosh" in reserve.

### Thunderbird looks, too

But you get more than record-breaking performance when you drive a Ford V-8. You get the long, low look of the Ford

Thunderbird. It's the kind of sleek, years-ahead styling for which Ford is famous.

### Let Lifeguard Design Start Protecting You

And, of course, you get Ford's exclusive Lifeguard Design. Among all cars in the low-price field, only Ford gives you this extra protection. Doesn't your family deserve this extra safety in the event of an accident?

### More real economy, real stand-up

So whether you judge a car on performance . . . or safety . . . or styling, it's easy to see that your best buy is a Ford V-8. And as an added benefit, you get the economical upkeep and built-in value that are part of the Ford tradition. So . . . come

in today, won't you? Slide behind the wheel of this 225-h.p. Ford that set 30 world performance records! Take it out on the road . . . and let it whisk you from "whoa" to GO as you've never gone before! When you return you'll understand why Ford is the V-8 with the world's biggest following.

The GO is great in a

you threw some other school  
papers to her telling her to put them  
in her locker and left for H. E.

When you got to the H. E. cot-  
tage you took out your material  
and began work on your Easter  
suit. You stopped once to help an-  
other girl (very thoughtful) and  
then went back to your work. The  
Shadow thinks it will be a darling  
suit Suzann!

Liz Pearson picked you up after  
lunch and you "rode around" with  
Wanda A., Martha B., Frances C.  
and her, until it was time for  
school to take up again. Afaer the  
bell rang you spent several min-  
utes talking to Ann Baggett about  
two special boys! Yes, the Sha-  
dow knows, and could both of  
their names possibly be Bill?

In typing you discussed going  
to contest and spent all period  
working on ten and twelve minute  
writings for the district meet.

Mr. Pelt's algebra II class  
was fifth. He made a very hilar-  
ious remark and after much laugh-  
ter from the class you and Alma  
decided to put it in the paper. He  
remarked though that if you did  
he would have to refrain from mak-  
ink those choice, witty, comments  
in class! For the rest of the pe-  
riod you were very meek, for fear  
of standing in the corner. Three

weeks of that is enough isn't it,  
Suzann? The Shadow knows all  
about it!!!

Finally the last period of the  
day rolled around and I followed  
you to P. E. You played two long  
drawn out games of volleyball and  
spent the rest of the period fight-  
ing for a place on the bench! But  
at last the bell rang and I follow-  
ed you out the door with Ann and  
Genelle up to the corner where  
you parted with them and then  
went on to H. E. to spend the rest  
of the afternoon working madly  
on your Easter dress.

I've had terrific fun following  
you, Suzann, and this should prove  
to all of the people the fact that  
you are definitely not the Shadow!

406 West 17th Street, Austin, Tex-  
as, will be received by the Com-  
missioners Court at the County  
Court House, District Court Room,  
Ozona, Texas, until 2 p. m., April  
6, 1956. These bids will then be  
publicly opened and read aloud.  
Any bid received after the closing  
time will be returned unopened.

Proposals will be received on the  
Building for all General Construc-  
tion, Electrical, Plumbing, Heat-  
ing, Ventilating and Air Condition-  
ing, as a combined bid.

Cashier's Check, certified check,  
or acceptable Bidder's Bond, pay-  
able to the Owner, in an amount  
not less than five per cent (5%)  
of the largest possible total for  
the bid submitted.

Attention is called to the fact  
that there must be paid on this  
Project not less than the general  
prevailing rates of wages for all  
classes of laborers and mechanics  
in the City as required by law.

In case of ambiguity or lack of  
clearness in stating prices in the  
Proposal, the Owner reserves the  
right to adopt the prices written in  
words, or to reserve the right to  
reject any or all bids and to waive  
any formalities.

Plans and Specifications may be  
examined without charge in the  
office of John Linn Scott and As-  
sociates, Architects, 406 West 17th  
Street, Austin, Texas and may be  
procured from him upon a deposit  
of Twenty-five (\$25.00) Dollars as  
a guarantee of the safe return of  
the Plans and Specifications. The  
full amount of this deposit will  
be refunded providing a bonafide  
bid is submitted and upon the re-  
turn of these Plans and Specifi-  
cations in good condition within  
the first ten (10) days following  
the Bid Opening. If a bid is not  
submitted Ten (\$10.00) dollars of  
the deposit will be returned and  
Fifteen (\$15.00) Dollars withheld  
by the Architect to cover the cost  
of duplicating.

No bid may be withdrawn after  
the scheduled closing for receipt  
of bids, for at least thirty (30)

days.

**And Only Licensed Sanitone Dry Cleaners Have It!**

**Original "Finish" of Suitings and Dress  
Fabrics is Fully Restored in Every Dry Cleaning**

Any garment owes much of its smartness and  
charm to the manufacturer's "finish" in the cloth.  
Dry cleaning may deplete that finish quickly—  
rob woolens of their luxurious springy softness  
—cottons, silks, rayons, etc., of their typical crisp,  
flower-fresh look and feel that give each one its  
own characteristic charm.

Now a way has been perfected in the famous  
Sanitone Laboratories, to restore like-new finish  
to any fabric every time it is cleaned. That means  
you can now keep your favorite suits, coats and  
dresses hand-box fresh and new looking almost  
indefinitely. We are specifically licensed to offer  
you this service. Call us today.

**David Sikes Host To Senior M.Y.F. Meeting**

David Sikes was host to the Senior MYF of the Ozona Methodist Church when the group met at the L. B. T. Sikes home Sunday evening, March 18.

The group first discussed people who have used their drawbacks as stepping stones to great careers, and then took part in an open forum on the trend toward religion in the United States. The following points were emphasized: increasing church memberships; the establishment of a prayer room in the nation's capitol; stamps carrying the imprint, "In God We Trust"; restaurants, hotels and trains now have blessings or special prayers imprinted on napkins or menus; the addition of the words "under God" in pledge of allegiance to the flag; and the "Dial-A-Prayer" system in major cities across the nation. The program was closed with a short playlet entitled "Polishing Adam's Apple," a satirical slam at Hollywood's misuse of Biblical stories for entertainment purposes.

Supper was served to the following by Mrs. Sikes; Erby Chandler,

Frances Childress, Joe Clayton, Jr., Becky Davidson, Chris Hagelstein, Sarah Hicks, Alma Ingham, Jerry Jacobs, Beverly Killingsworth, Jesse Marley, David Sikes, Howard Mock, Mill Tandy, Mark White, Allean Young, Jake Young, Jr., Mrs. Joe Clayton, Mr. Sikes and Betsy Sikes.

The group will meet Sunday evening, March 25, at the Joe Tom

Davidson home with Becky Davidson as hostess. Mrs. Paul

Mrs. David Schweitzer and her daughter, Jana, are here from Lubbock, N. M., for a visit with their parents, Mr. and Mrs. Walter Gustine. Mr. Schweitzer will visit his family here Friday for a

...WITH A LOW PRICE TAG TO BOOT!

It's your kind of car . . . this handsome, rugged Texan by Dodge! At the very first glance, you'll know this is true. And when you take the wheel and "give the gun" to its mighty, air-raft-type, Super Red Ram V-8 engine, your enthusiasm will burst all bounds. For the Texan boasts a power-plant just like the sturdy Dodge that made automotive history on the celebrated Bonneville Salt Flats in Utah.

Surely you've read or heard recently how a '56 Dodge stock car shattered 306 AAA records for endurance and speed in that sensational 14-day, non-stop run. In this officially witnessed performance, Dodge covered the first 10,000 miles at an average speed of 105.43 miles per hour . . . then went on to cover more than 31,000 miles of round-the-clock driving at a record-breaking clip. This is the greatest distance at the

fastest pace any car has ever travelled. Now this handsome, flair-fashioned, specially trimmed Texan offers you the same rugged endurance and the same eager power as the Dodge that established these records. What's more, your biggest surprise is still to come!

Most likely, you'd expect to pay a pretty price for a great car like this. Not so! The Texan is priced right down with the so-called "low-priced three." Yet it's big and powerful and luxurious . . . actually rivaling cars costing as much as a thousand dollars more!

Never will you find a better "buy" nor make a better deal than your nearby Dodge dealer will give you today. Come in today and see the Texan close-up. Then judge for yourself.

### Ozona Track Team Places Fourth In Sonora Invitational

By Ernie Boyd

The Ozona track team garnered 15-1/5th points in Sonora last Saturday to finish fourth the annual Sonora Invitational meet.

Coach Chick Womack's largely freshman and sophomore squad gained entries in nearly all of the night's final events but were unable to get as many points as did Junction, Sonora and Big Lake.

Juan Delgado placed second in the 100 yard dash and Bobby Martinez finished second in the 880 despite being fouled and boxed in during most of the distance.

The 440 sprint relay and the sprint medley each placed fourth to pick up single points and Jimmy Martinez finished fourth in the mile for a point.

The fifth of a point came when Johnny Ramirez tied with five other boys for fourth in the high jump.

Bobby Sutton missed the meet due to the measles, forcing a reshuffle in some of the relay events.

A couple of bad passes cost the Lions sprint medley team a possible first place in the event.

Junction rolled up 73 points in winning the meet while Sonora finished second well behind the Eagles.
