Any erroneous reflection upon the character of any person or firm appearing in these columns will be gladly and promptly corrected upon calling the attention of the management to the article in question.

THURSDAY, JUNE 6, 1940

Save America Petition

Every patriotic citizen in Crockett County is urged to clip the following petition, paste or copy on a blank sheet of paper, obtain twenty-five or more signatures thereto and mail immediately to Senators Morris Sheppard or Tom Connally in Washington for submission to other members of the Texas delegation in Congress.

"We urge you to work and vote for immediate passage of pending bills by Congressman Martin Dies and others to bar all alien Nazis, Fascists, and Communists from entrance into this country to deport any now here along with aliens whom the police certify to be revolutionary agitators.

"We further urge prompt enactment of other legislation providing instant apprehension and punishment for all native-born or naturalized citizens giving aid and comfort to foreign dictators by carrying on "fifth column" activities here.

"We favor immediate passage of laws making it mandatory for all radicals to be catalogued, photographed, fingerprinted, segregated or imprisoned or kept under constant surveillance by federal and local authorities during the period of national defense preparation in time of peace as well as in event of war.

"We implore you to legislate these traitorous trouble makers into the penitentiary or back to the country from whence they came. This is no time to temporize with these radical groups.

"We recommend adequate appropriations for the Dies committee investigating un-American activities and propaganda and advocates continuation until America has been made safe for Americans."

Maybe the explanation is that, perched eight months on the fence, Mussolvi is losing his balance.—Norfolk Virginian-Pilot.

SAME OLD "CURE"

Belated Shock

After secret examination of Nicholas Dozenberg, the Communist, who is serving a prison sentence for a passport fraud, the Dies committee is reported to be appalled at the extent of the spying ring maintained here by Comrade Stalin. Except for the political overtones of his statement, probably Representative Noah Mason of Illinois, speaks for all the members of the committee when he says, "I am both shocked and startled at the revelations of the widespread espionage system that the Soviet government has had in the United States—and especially at the evidence of the negligence the Department of Justice has shown in this matter, and at the failure on the part of the department to uncover and prosecute these under-cover agents of the Soviet government."

STYLES IN RIDING

Democrats say it is dangerous to swap horses in the middle of the stream. Republicans insist they merely want to change jockeys.—Memphis Commercial Appeal.

Forty Fair Reflections

Beautifully mirrored in the placid pool of the Court of Flowers is the massive Triumphal Arch at the 1940 Golden Gate International Exposition. Decked in its best holiday dress, and literally covered by thousands of blossoming flowers, Treasure Island will open its portals to the world, May 25.

"Isolation"

For twenty years we have been steadily drenched with the propaganda of isolation—the propaganda that said all we had to do in order to be safe was to "isolate" ourselves and refuse to help work out international problems. The propagandists of isolation, who drummed their phrases into our ears for two decades, called themselves "realists" and sneered at those who questioned their dogmas, calling them everything from "silly international meddlers" to just plain "dreamers."

Into Firmer Hands

To meet any danger there may be of "fifth-column" activity in the United States, as the nation rushes to the task of defense, Mr. Roosevelt recommends that the immigration and naturalization service be shifted from the Department of Labor to the Department of Justice. It is the President's latest government reorganization order. Congress will, in all probability, offer no objection. One hopes that Labor Secretary Perkins ponders long and deeply this executive order. Her leniency toward men engaged in radical activities and suspected of subversive sympathies—men like Harry Bridges of the west coast, for instance—is part of the history of the last seven years. The President declares that the transfer is designed to make more effective the government's safeguards against sabotage and spying. Taking the immigration bureau out of Mme. Perkins' hands is a step of prime importance.—Cleveland Plain Dealer.

Vital to National Defense

This nation must embark upon the greatest defense program in its history.

All the countries of the world face unpredictable futures, and of the major nations we seem to be the most poorly prepared to meet possible invasion. Both the political parties have made an expanded national defense part of their objectives, and the public is in overwhelming agreement.

Any national defense program which is to be at all adequate is going to cost money—incredible sums of money. And, in the present tangled state of our tax and fiscal structure, raising that money will demand intelligent thought and planning. It cannot be raised by heavy increases in taxation without driving us into a new and severe economic depression. It cannot be raised by lifting the debt limit and passing the buck to the taxpayers of the future without bringing closer the specter of national financial demoralization. It must be raised, in part at least, by governmental economy and applying the savings to the national defense. On this point the New York Times said editorially, May 19:

"We must drastically cut down the scandalously over-generous subsidies, and duplications, that we have been scattering in all directions. . . . If in addition, we revise or repeal some of the well-intentioned legislation and bureaucratic rules that stand in the way of industrial expansion and private employment, we can still further reduce unemployment and relief expenditures at the same time as we increase the yield from existing taxes. . . . We must recast our thinking, in fact, our whole economy. . . . As a nation we will leave more for defense as we spend less in other directions."

It should be remembered that an orderly fiscal policy is in itself a vital defense factor. Putting our financial house in order is certainly an essential part of any workable national defense program.

THE AMERICAN WAY

"We must have not only a change in the technic of government, but a change in its spirit. We must have a government which regards itself as the servant of the people, not its master; a government without prejudice, a government under which we can move forward again as a united nation—men of confidence, men of hope, men of good-will."—Wendell L. Willkie.

That statement is a timely warning to us as a nation to return to the fundamental principles of our constitutional form of government if we wish to retain liberty and opportunity as we have known them.

Save Money—Read the Ads!

Answer the Call

Americans will feel proud to know that the Red Cross is losing no time in sending aid to Belgian and French refugees. From Washington has come word that the Red Cross has cabled \$500,000 to aid these war sufferers. And, to aid the wounded at the front, the Red Cross will spend \$1,000,000 for ambulances and supplies. Of course, the Red Cross cannot provide money and ambulances unless there is a whole-hearted response from Americans who sympathize with the plight of those in war-torn Europe. People are asked today to contribute to the Red Cross—and to give generously.—Boston Post.

response from Americans who sympathize with the plight of those in war-torn Europe. People are asked today to contribute to the Red Cross—and to give generously.—Boston Post.

NEW ROYAL PORTABLE

Behind The Scenes In American Business

By John Craddock

NEW YORK, June 5.—BUSINESS.—Stepping up America's national defense activity to a greater pace than ever before—save for actual at-war periods—is going to step up a goodly share of our industrial mechanism, boost employment, and so forth. But it will unquestionably push up prices in many lines, too. A taste of what it may cost us in more or less "visible" taxes—and in what form they'll hit us—is seen in the proposed new "defense tax program." It provides, among other things, for a supertax of 10 per cent on individual and corporate income taxes for 1940; another 10 per cent supertax on federal production and trade levies; increases in taxes on gasoline, liquor, beer, cigarets and stock transfers, and taxing theater and other amusement tickets starting at the 30-cent instead of 40-cent level. Regarding the taxes that would be tacked on to retail prices—as for instance gasoline and cigarets—it will be up to increased employment to keep the volume from dropping off so as to nullify the net gain in tax revenue. This will work in some regions—mostly industrial ones—in others it may not.

WASHINGTON.—The efficient manner in which the defense services laid before machine-tool producers their needs, encourages capital observers to feel that the whole defense program will be worked out in more and more business-like manner as it proceeds. An earlier conference of the same nature with aircraft producers left the impression that the planning was incomplete and wobbly. But the machine-tool folks received specific information regarding defense needs and in turn were asked to report promptly on the matter of plant expansion, skilled labor, and materials that will be required to make the program come to life. . . . The capitol's classic comment on the European war situation, made off-record by a Senator: "We can appropriate everything for the Allies but brains." Cloak-room sentiment is that nobody can understand how the Allies could let their next-door neighbor get so fearfully well-armed without knowing about it and matching those armaments.

GOOD NEIGHBORLY.—Some idea of the far-reaching scope of our defense plans, as embracing the whole western hemisphere, is seen in the fact that the Senate last week voted to throw open federal munitions plants to all American republics. A bill previously approved by the house affords

Ready For the Water Carnival?

Fort Stockton's famous Comanche Spring swimming pool is all ready for the coming Fifth Annual Water Carnival, June 13 to 16—and so is Beth Brown—the lovely miss getting ready for a dive into the newly deepened pool. Scores of beautiful girls will compete for the title of Miss Southwest here June 15.

Central and South American countries access, wherever feasible, to production facilities of government arsenals and shipyards at prices not over production costs. At the time this step was taken a plea was lodged with President Roosevelt for stronger defense agreements among the Americas, by Cornelius Vanderbilt Whitney, chairman of the board of Pan-American Airways and pioneer in commercial air service connecting the Americas. He pointed out that all Central and South American states combined have less than 1,000 modern first-line fighting planes, and that our defense plans, especially as regards the air, should be closely coordinated with those of our southern neighbors.

THINGS TO WATCH FOR—A new kind of frypan, with convex bottom, and a grid to keep bacon from curling while frying. . . . a new kind of automatic purveyor for cola drink—delivers drink in sanitary paper cup in seven seconds. . . . a new drink, made of ground apples and skim milk, invented at Virginia Polytechnic Institute.

MERCHANTS' TRADE IDEA MATCHED WITH RESPONSE

CLARKSTON, Wash.—Some merchants here remind lost customers that they want the return of their business by mailing them a blank statement that bears the firm's name.

M. W. White, local resident, got one of the blank statements recently. Instead of responding with his trade, White sent the concern a blank check.

Self-Service

"Jock," unlike most cats, prefers water to milk—and likes to draw his own. His owner, Mrs. E. J. McLaughlin of Bound Brook, N. J., loosened the faucet so "Jock" could work it with his paws.

Discipline Irks British Army's Glamour Girls

LONDON, England—Complaining that all their glamour is gone with their short tresses and that they cannot keep the boy friends when compelled to wear uniforms at social events, members of the Auxiliary Territorial Service want two new rules changed.

Rule number one forbids the hair being worn longer than the collar of the uniform, and the other rule says that the girls may not change their khaki for frocks unless they have more than 24 hours leave.

While these sacrifices may seem almost too great even for the cause of patriotism, especially when the men seem to prefer the girls with more of the feminine allure, the rules are considered necessary for discipline, declares the company commander.

Political Announcements

The Stockman is authorized to announce the candidacy of the following, subject to action of the Democratic primaries:

For Judge, 112th Judicial District
JUDGE J. B. RANDOLPH
(Junction)
JUDGE W. C. JACKSON

ROB MILLER (re-election)

For Commissioner, Precinct 2:
CHAS. BLACK (re-election)

For Commissioner, Precinct 3:
J. W. OWENS (re-election)

For Commissioner, Precinct 4:
E. R. KINSER (re-election)

Engineers Survey Underground Water Supplies In Texas

AUSTIN.—University of Texas engineers have completed analyses of underground water supplies in approximately one-third of the state's counties, Dr. E. P. Schoch, director of the bureau of industrial chemistry, has announced.

With the triple purpose of discovering water supplies suitable for industrial use, detecting sources of water contamination and checking drought shortage by spotting new fresh water taps. University chemists have already compiled reports on 23,000 water samples taken from 150 counties, Dr. Schoch said.

Findings of an 80-county survey—results of four years' work—have been published by WPA, a project co-sponsor.

Also working with University chemists are the United States geological survey and the state board of water engineers.

The total annual value of the wild life of Texas was placed at \$94,350,394 by a report of the U. S. forest service to Congress. This figure places Texas first among the states, with approximately three times the value of the second ranking state. Texas has 1264 game preserves with an acreage of 4,502,491.

Miss Jo Demmer Becomes Bride of Chester C. Moore

Miss Jo Demmer, who taught the first grade in Ozona schools the past three years, became the bride of Chester Charles Moore of Van, Texas, in a ceremony at the home of her parents, Mr. and Mrs. H. F. Demmer, in Ballinger at 10 o'clock Sunday morning. Rev. Fred Clark of the Eighth Street Presbyterian church read the ceremony in the presence of a few friends and members of the families.

After a two-months stay in California, the couple will be at home in Van, where Mr. Moore has been principal of the high school for ten years.

Ozonans attending the wedding included Mrs. Jimmy Blaylock, L. D. Kirby, Mr. and Mrs. Arthur Kyle, Mrs. Bryan McDonald, Patsy, Donald and Billy Joe McDonald, and Judy White.

COUPLE HONORED AT BARBECUE SUPPER

Honoring Mr. and Mrs. W. R. Baggett, Jr., Mr. and Mrs. Monroe Baggett entertained with a barbecue supper at their ranch home Saturday afternoon.

After games of bingo, Mrs. Jew Hill of Abilene was presented a gift for the women and Buster Miller won the prize for the men. An electric fan was presented to the honorees.

Present were Mr. and Mrs. Dempster Jones, Mr. and Mrs. George Bunker, Mr. and Mrs. Jake Miller, Mr. and Mrs. Bill Childress, Mr. and Mrs. Sherman Taylor, Mr. and Mrs. Jesse Marley, Mr. and Mrs. Hugh Childress, Jr., Mr. and Mrs. Ele Hagelstein, Mr. and Mrs. C. O. Walker of Leuders, Mr. and Mrs. Jerry Pace of Austin, Mr. and Mrs. James Baggett, Mr. and Mrs. Buster Miller, Miss Totsy Robinson, Mrs. Hill, Miss Elizabeth Coose, Miss Jean Hearn of Water Valley, Miss Posey Baggett, L. D. Kirby and Bill Seahorn.

Mrs. Dudley Ingham Honored at Shower

SHEFFIELD, June 3.—Mrs. Dudley Ingham, a recent bride, was complimented when Mrs. Jeff Owens and Mrs. Clint Owens entertained with a gift party recently, presenting the bride with a basket of gifts.

Others present were Mmes. Wilbur Kelley, S. H. Murray, Walker, Elton Holland, R. T. Bythe, Kathy Smith, H. M. Holmes, C. E. Hale, Mayme Holmes, B. B. Ingham, Jr., Hood Mendel, J. F. Poyner, T. E. Autrey, Jr., Sam Shaw, J. D. Smith, S. H. Shaw, Olin Smith, M. G. Slaughter, H. Schwabe, Charles Hale, Leo Richardson and Strice, and Misses Lucille Murray, Ella Mae Welch and Harry Welch Holmes.

THE METHODIST CHURCH Eugene Slater, Minister

Calendar of services: Sunday school, 9:45 a. m. Morning worship, 11 o'clock. Evening worship, 8:15 p. m.

Our annual Vacation Church School opens Monday morning, June 10, at 8:30 o'clock. This school is open to Beginner, Primary and Junior children of our church and of the community. The two-hour period is well divided into worship, classroom work, handicraft and play. The courses are planned to meet the needs and the interests of the several age groups. The school will continue through Friday, June 21. We are asking that our parents cooperate with us in having their children present every day, and in helping other children in the neighborhood to come.

Every person in Ozona is urged to worship at the church of his choice every Sunday. We cordially invite all who will come to our services.

Block of Stamps Prized Because Of Many Errors

PORTLAND, Me.—A two dollar purchase has brought John R. Cameron a small fortune in postage stamps.

Already he has been offered several hundred dollars for the whole sheet of John Adams two-cent stamps that has "everything wrong with it."

The sheet lacks mucilage and also it varies in color. The sheet looks as though the printer had pasted the last end of one roll to the start of another, with one row of stamps under the overlapping paper.

Refugees Fleeing the Terrible Nazi Invasion

This view, somewhere in Belgium, passed by French censors, shows a small group of nuns and civilians fleeing before a Nazi invasion. (Inset)—This dramatic picture shows a mother and child sobbing in the midst of the ruins of their home, in the environs of Paris, after a Nazi raid had destroyed what was dear to them. These scenes are typical of many that are witnessed daily in the war-torn sections of Europe.

Here and There...

Miss Ethel Ann Oglesby, daughter of Mr. and Mrs. Ford Oglesby of Eldorado, was graduated from Stephens College in Columbia, Mo., at the end of the recent school term. Miss Oglesby is well known to many Ozonans, having visited here on several occasions with her uncle and aunt, Mr. and Mrs. Richard Adams.

Mrs. Bill Conklin returned Saturday from Fort Worth where she attended graduation exercises of her sister, Betty Jane Ingham. Betty Jane received her diploma Thursday night. Mrs. Conklin was accompanied by Mrs. Bill Littleton who returned by way of Abilene where she plans to visit friends for a week.

Phillip Schneemann, son of Mr. and Mrs. Max Schneemann, has returned to his home here to spend the summer. He has been a student in Texas Tech in Lubbock.

Mr. and Mrs. Buddy Moore had as their weekend guest, Gail Mercer of Houston.

Miss Bobbie Bland of Abilene arrived Saturday to visit her sister, Mrs. H. B. Tandy, and Dr. Tandy, for several weeks.

Mr. and Mrs. C. S. Denham left Tuesday morning for a visit in Dallas, Fort Worth and Denton.

Mr. and Mrs. C. O. Walker, who have been visiting Mr. and Mrs. P. T. Robinson, returned to their home in Leuders Sunday.

Mr. and Mrs. Jerry Pace and children, Sue and Baggett of Austin, are here visiting Mrs. Pace's parents, Mr. and Mrs. J. M. Baggett.

Mrs. A. C. Hoover and Mr. and Mrs. O. W. Smith left Wednesday for Comanche to be present for the annual Dunlap reunion held in Enns Park.

Miss Catherine Childress, student in Texas Christian University, has returned to spend the summer with her parents, Mr. and Mrs. Hugh Childress.

Mrs. W. S. Smith had as her weekend guests here brother-in-law and sister, Mr. and Mrs. Matt Moyle and daughter, Lois, of Rosita, Coah. Mexico. Mrs. Smith and son, Bobby, returned with them to visit in Mexico for several weeks.

Sidney Jeffrey left Sunday for Brady to visit his grandmother, Mrs. M. E. Parker, for several weeks.

Walter Escue returned Sunday from Austin where he has been attending the University during the past school year.

Mrs. Henry Potthast arrived Friday from Salis, Miss., to make her home here with Mr. Potthast. She has been teaching H. E. in the Salis school for the past year.

Miss Lillian Baggett, who has been attending Texas University, returned Saturday to her home here.

Richard Miller returned to his home here Monday from Lubbock, where he has been attending Texas Tech during the past school term.

Lloyd Stoneham and Horace Rowland returned Sunday from Navasota where they visited friends and relatives during the weekend.

Mr. and Mrs. Richard Adams have as their house guest this week Miss Marjorie Ruth Whigham of Cotulla.

Mr. and Mrs. Harlan Townley were called to San Angelo to be at the bedside of Mrs. Townley's mother, Mrs. J. H. Russell, who is seriously ill.

Miss Lurrine Townsend, daughter of Mr. and Mrs. L. B. Townsend, returned to her home here to spend the summer. She has been attending school in TSCW in Denton.

Mr. and Mrs. Morris Miller are here from Fluvanna, Texas, this week for a visit with relatives and friends.

Carl North is in a San Angelo hospital where he is under treatment for what physicians have diagnosed as Malta fever.

Joe Rape returned to his home here Tuesday where he plans to spend the summer. He received his B. A. degree from Baylor University in the commencement exercises held Monday morning in the Waco Hall. Mr. and Mrs. I. G. Rape were present for the exercises.

Mrs. Preston Williams has as her guest her mother, Mrs. R. A. Couch of McFarlan, Calif., and her niece, Miss Mary Alice Williams of Comanche. They left Wednesday for Comanche where they plan to visit relatives and friends for several days.

Miss Betty Jane Ingham has as her guest this week Miss Charlotte Hamilton of Fort Worth.

Miss Posey Baggett has arrived to spend the summer with her parents, Mr. and Mrs. Monroe Baggett. She has been attending Southwestern University in Georgetown.

Rev. and Mrs. Clyde Childers had as their guest Tuesday and Wednesday Mr. and Mrs. W. S. Garnett and family of Big Spring.

Maurice Lemmons, who has been attending Texas University has returned to his home to spend the summer.

Marvin Rape, son of Mr. and Mrs. I. G. Rape, has returned to Ozona from Galveston where he is a medical student.

Miss Mary Frances West arrived Tuesday from Waco where she has been attending school in Baylor University.

Ele Hagelstein recently delivered 100 head of mixed cows in Barnhart to a Mr. Ash of Houston at \$65 a head.

Say: "I saw it in the Stockman."

Mr. and Mrs. Albert Kay of Fort Stockton visited friends here Friday.

The annual Coates-Friend family reunion is to be held Sunday at Christoval.

Harlan Townley became another softball victim last week, suffering a torn ligament in a game on the local field.

TEXAS OUT-O'-DOORS

FISHERMEN NEED BREAK

Fishing has been fair, but only fair, since the opening of the general fishing season May 1, according to reports to the executive secretary of the game department, who said bad weather, including heavy winds that prevented much sport, was the principal reason for poor catches.

TRIED THIS YET?

And speaking of fishing, have you joined the increasing number of anglers who have found that a lot of fun can be had fishing for gar with a fly rod?

The sport bids fair to become one of the leading pastimes of the Ike Waltons in Texas, due principally to an educational motion picture released by the game department recently which shows exactly how the long-snouted fellows can be caught in a baited wire noose.

Jack (McFish) Sparks of Waco, several times world's all-around bait casting champion, demonstrates in the movie exactly how the noose should be made and baited, and then proceeds to go gar fishing with excellent results. If you don't believe a gar will put up a fight, you should see this movie. Or better still, you should go catch some gar yourself, using the baited noose on a fly rod.

AID TO GAME FISH

Fishing for gar not only will give the sportsmen much fun, but will directly improve fishing conditions in Texas waters because it will take much of the pressure off of game fish such as bass, the director of Inland Fisheries reports.

"Most fishermen in the past have thought they could have no fun at all on a fishing trip unless they caught a bass, a crappie, or some other game fish," he said. "The result has been a heavy drain on the game fish supply, while gars multiplied unmolested. Today the picture is changing. Hundreds of fishermen are absolutely deserting bass fishing in favor of gar fishing, because they have found out they can have worlds of fun at it.

"This will ease the strain on the game fish species, and we will have in time a more balanced condition among fishes in our waters."

FARMER FINDS A FRIEND

Should armadillos be destroyed?

The game warden for the Lamesa district reports that a farmer near Gail, in Borden county, is thoroughly opposed to harming a single one of the clumsy creatures.

In fact, the farmer imported over a dozen armadillos from East Texas and released them on his South Plains farm, hoping that they would thrive and multiply and assist him in controlling insects that damaged his crops.

It is a matter of record that the diet of an armadillo is made up of 94 per cent insects, such as cut worms, beetles and ants. Ants especially are heavily devoured. Since ants are one of the greatest enemies to quail and turkeys, because they destroy the young birds at pipping time, the armadillo, in addition to being the farm-

Odessa High School Band Official Convention Band

ODESSA, June 5.—The Odessa High School band, following its triumph in being chosen official band for the year by the West Texas Chamber of Commerce, has been designated by President J. L. Greene as official band for the

Permian Basin Association convention, which will be held in Odessa June 21 and 22.

The Odessa Planning committee in turn has named the colorful 75 piece band, which is directed by G. Ward Moody as host to thirty

other bands, both high school and college which will be invited to participate in the convention programs. Three cash prizes have been set up as band awards, \$35 for first place, and \$20 for second,

and a third of \$10 for the best drum major, in a contest to be held during the convention. The Odessa band will not be eligible for participation in the contest in any manner as host band.

Winning Form

Mrs. Floretta D. McCutcheon, 52, world's champion woman bowler, demonstrates her winning form in New York city alleys. She has rolled 10 perfect "300" games since she took up the sport at the age of 35.

Urges Fishermen Practice Safety And Conservation

AUSTIN.—With tens of thousands of fishermen on lakes and streams in Texas, the executive secretary of the state game department today outlined a few simple rules for the protection of the angler from accidents, and at the same time outlined practices in the handling and treatment of fish and minnows that should be followed if Texas waters are to be as productive of these species as every angler expects them to be.

For your own safety and for the producing of better fishing, check these rules and see if you're living up to them:

At a glance one can usually tell whether or not he has caught a fish that must be returned to the water. Catch the fish in the lower lip with your thumb and forefinger, remove the hook and release him easily to the water. If it is necessary to catch the fish with your hands, wet your hands first to prevent the disturbance of the protective slime that covers the fish. Be sure you have a legal fish before it goes on the string. This oversight might make a fishing trip an unhappy one. Check your tackle box for a ruler before you leave home or mark off the lengths on your boat or tackle box. Remember bass must be eleven inches long and crappie seven inches. Don't waste fish. Take only those that can be used, and use those that you take.

Seining bait may prove to be more expensive than buying it from a bait dealer, if care is not taken. Be sure that you do not seine minnows over three inches long, small bass, crappie and perch are not minnows. All species other than minnows must be released to the water immediately. Minnows that are too small for bait should be likewise returned to the water. They may be large enough for bait next time you go fishing. They are also valuable fish food. It is illegal to injure small fish or leave them on the bank to die.

Never use a boat that is unsafe and always have life preservers

for every member of the crew. Boats with rotten boards should never be used. In case your boat does turn over, never get excited. Most wooden boats will support three or four people even if turned over or filled with water. Wait for help and never try to swim a great distance to shore. Many a good swimmer has lost his life trying this stunt. If it is necessary to swim, never try to swim with your clothes on. Remove your shoes first and then other clothes. It is better to lose your clothes than your life. Never wade unknown waters with hip boots, because if you go into water over your head with hip boots on, it is nearly impossible to remove them. Holes or rock jump-offs will cause one to lose balance and here is where the trouble comes.

Every fisherman should have some first-aid equipment in his fishing outfit. Scratches and bruises should be treated immediately to prevent infection. Never try to get a complete sun tan on a single fishing trip. The pain

from sun burns is a poor trade for a sun tan. Every fisherman should have a kit to treat poison snake bites.

Practice safety first and maybe you will not have to use first-aid.

5th of Population Of Denver Now On Relief Rolls

DENVER, Colo.—More than 20 per cent of Denver's 300,000 residents are now receiving public aid of one kind or another, but each month brings a substantial reduction, so the city welfare bureau reports.

Officials of the bureau reported that on April 1 there were 36,387 persons receiving either old age pensions, direct relief or dependent children's aid, while 27,066 were supported by WPA employment.

The direct relief showed the most marked reduction as comparable with April, 1939, the bureau said.

Village Owes Its Existence To Old Error

BEULAH, Mich.—This town of 350 population is built on a "mistake."

It was here in 1873 that Archibald Jones, an Illinois business man, discovered he should not have tampered with nature. He had planned a canal connecting Crystal lake with the Betsie river to open up a new territory for the Michigan lumbering industry; but instead he created a flood that killed one man, swept away hundreds of livestock, and lowered the Crystal lake level to 15 feet. He had neglected to learn that the elevation of the lake was higher than the river's.

The roar of a torrent let loose when the last of the canal was cut through was heard more than five miles away. For two weeks the lake water surged through swamps over an area nine miles long and three miles wide, and when the flood subsided, Crystal lake had no timber along its shores but a vast expanse of sand and dried mud.

Some settlers, however, dammed up the canal cut 30 years later, built a road and railway along the sandy beach and founded Beulah in a valley once submerged in water.

VEAL SUPREME

2 cups uncooked egg noodles
2 tbsp. butter
1 lb. veal steak (cut in 1/2 inch cubes)
1 tsp. salt
1/2 tsp. pepper
1 1/2 tsp. flour
1/4 cup finely diced onion
1 cup tomato juice
1/2 cup water
1/2 bay leaf
1/2 cup mushrooms
1/2 cup diced celery
2/3 cup thinly sliced water chestnuts (or additional celery)

Cook noodles until tender about 15 minutes) in 4 quarts boiling water to which 4 tsp. salt have been added. Drain.

Melt butter in skillet, add diced veal and brown (about 20 minutes, pour off from time to time the excess liquid that comes from the meat. Save this liquid to pour over the meat when the tomato juice is added.) Add salt, pepper, flour, onion, tomato juice, liquid drained from meat, water, bay leaf. Let simmer until tender (about 25 minutes). Add sour cream, mushrooms and celery. Blend in the noodles. Pour in baking dish, cover with sliced water chestnuts. Bake 350 degrees F. 30 to 40 min.

BRAISED CALVES LIVER

Cut match-like strips of pork from that portion of a piece of fat salt pork which lies just below the rind. Draw these into the best looking side of the liver. Put the trimmings of the pork into the frying pan, then put liver in and brown on both sides. Set liver in casserole or pudding dish. Cook 2 tbsp. flour in hot fat, add 3 cups of broth or water, stir while heating to boiling point. Pour this over the liver, add 2 sprigs of parsley, half red pepper pod, bunch celery, 5 or 6 carrots, 1/2 dozen small onions peeled and browned in butter. Cover and let cook 2 hours in over 350 degrees F. Remove liver to serving dish, surround with vegetables. Pour gravy.

1/2 cup tomato puree, if desired.

HOT AND COLD VEGETABLE PLATTER

1 1/2 cup potato balls; 1/3 cup melted butter; 2 tbsp. parsley (minced); 4 carrots; 1/2 cup melted butter; 1/2 cup brown sugar; 1 cup tiny beets; sour cream dressing; 6 slices of tomatoes; 6 slices of cucumber; 1 1/2 cup whole kernel corn; 1 1/4 cups tiny green beans; 6 pepper cups; 1 1/2 cups shredded cabbage; 2 radishes; 2 stuffed olives; lettuce, 1 lemon.
Sour Cream Dressing:—1/4 cup sour cream; 1 tsp. vinegar; 1 tsp. sugar; 1/4 tsp. salt. Beat all ingredients until stiff.

MOULDED COFFEE SPONGE

2 tbsp. gelatine
1/2 cup cold water
3 egg yolks, beaten light
1/2 cup sugar
1 cup cold coffee
1/4 tsp. salt
1 tsp. lemon juice
1 tsp. cinnamon
1/3 tsp. cloves
1/2 tsp. nutmeg
1/3 tsp. allspice
3 egg whites, beaten stiff
1 cup whipping cream
Soak gelatine in cold water 5 min. Cook egg yolks, sugar and coffee together until begins to thicken. Add gelatine, salt, lemon juice and spices. Cool. When thoroughly chilled fold in egg whites with whipping cream.

STUFFED APPLE PIE

4 firm apples
1 cup sugar
1 cup water
1 tsp. cinnamon
2 tbsp. butter
1/2 cup raisins
1/4 tsp. citron
1/2 cup nuts
Top with cream.
1 1/2 cups milk in top of double boiler. 2-3 cup sugar, 1-3 cup flour and 3 eggs.

Pour in warm milk and cook until like cream, add 1/2 tsp. salt and 1 tsp. vanilla. Cool and pour over apples. Set strips of pastry over top, if filling in two directions.

ORANGE BON-BON CAKE

3/4 cup shortening.
1 1/2 cups sugar
3/4 tsp. salt
1 orange rind, grated
2 eggs, unbeaten
3 tsp. baking powder
3 cups flour
juice of 1 medium orange
2 tbsp. lemon juice and water to fill cup.

Bake in square loaf, 350 degrees F. about 45 to 50 min.

3 cups sugar; 1 cup water cup water and 1 tsp. baking powder. Bring slowly to the boiling point. Cook to a long double thread. Beat 4 egg whites stiff, add a little salt to eggs, cool a bit, then pour on to eggs until it peaks. Spread.

TEXAS OUT-O'-DOORS

FISHERMEN NEED BREAK

Fishing has been fair, but only fair, since the opening of the general fishing season May 1, according to reports to the executive secretary of the game department, who said bad weather, including heavy winds that prevented much sport, was the principal reason for poor catches.

TRIED THIS YET?

And speaking of fishing, have you joined the increasing number of anglers who have found that a lot of fun can be had fishing for gar with a fly rod?

The sport bids fair to become one of the leading pastimes of the Ike Waltons in Texas, due principally to an educational motion picture released by the game department recently which shows exactly how the long-snouted fellows can be caught in a baited wire noose.

Jack (McFish) Sparks of Waco, several times world's all-around bait casting champion, demonstrates in the movie exactly how the noose should be made and baited, and then proceeds to go gar fishing with excellent results. If you don't believe a gar will put up a fight, you should see this movie. Or better still, you should go catch some gar yourself, using the baited noose on a fly rod.

AID TO GAME FISH

Fishing for gar not only will give the sportsmen much fun, but will directly improve fishing conditions in Texas waters because it will take much of the pressure off of game fish such as bass, the director of Inland Fisheries reports.

"Most fishermen in the past have thought they could have no fun at all on a fishing trip unless they caught a bass, a crappie, or some other game fish," he said. "The result has been a heavy drain on the game fish supply, while gars multiplied unmolested."

"Today the picture is changing. Hundreds of fishermen are absolutely deserting bass fishing in favor of gar fishing, because they have found out they can have worlds of fun at it."

"This will ease the strain on the game fish species, and we will have in time a more balanced condition among fishes in our waters."

FARMER FINDS A FRIEND

Should armadillos be destroyed?

The game warden for the Lamesa district reports that a farmer near Gail, in Borden county, is thoroughly opposed to harming a single one of the clumsy creatures.

In fact, the farmer imported over a dozen armadillos from East Texas and released them on his South Plains farm, hoping that they would thrive and multiply and assist him in controlling insects that damaged his crops.

It is a matter of record that the diet of an armadillo is made up of 94 per cent insects, such as cut worms, beetles and ants. Ants especially are heavily devoured. Since ants are one of the greatest enemies to quail and turkeys, because they destroy the young birds at pipping time, the armadillo, in addition to being the farm-

Odessa High School Band Official Convention Band

ODESSA, June 5.—The Odessa High School band, following its triumph in being chosen official band for the year by the West Texas Chamber of Commerce, has been designated by President J. L. Greene as official band for the

Permian Basin Association convention, which will be held in Odessa June 21 and 22.

The Odessa Planning committee in turn has named the colorful 75 piece band, which is directed by G. Ward Moody as host to thirty

other bands, both high school and college which will be invited to participate in the convention programs. Three cash prizes have been set up as band awards, \$35 for first place, and \$20 for second,

and a third of \$10 for the best drum major, in a contest to be held during the convention. The Odessa band will not be eligible for participation in the contest in any manner as host band.

Winning Form

Mrs. Floretta D. McCutcheon, 52, world's champion woman bowler, demonstrates her winning form in New York city alleys. She has rolled 10 perfect "300" games since she took up the sport at the age of 35.

er's friend, is also the friend of the sportsmen because of his service in destroying quail predators.

The armadillo is not native to the plains region of Texas. One of the armadillos the farmer imported to Borden county was killed by a sportsman near Gail and this gave rise to the erroneous impression that these animals belonged to the South Plains as well as to the more eastern portions of Texas.

TURKEY HATCH EXCELLENT

The best turkey hatch in 15 years is reported in Gillespie county by the game warden stationed at Fredericksburg. Elsewhere in the Hill Country and South Texas came additional reports of good hatches. A good season is in prospect if the birds are not harassed by floods or otherwise molested, the game department reports.

Urges Fishermen Practice Safety And Conservation

AUSTIN.—With tens of thousands of fishermen on lakes and streams in Texas, the executive secretary of the state game department today outlined a few simple rules for the protection of the angler from accidents, and at the same time outlined practices in the handling and treatment of fish and minnows that should be followed if Texas waters are to be as productive of these species as every angler expects them to be.

For your own safety and for the producing of better fishing, check these rules and see if you're living up to them:

At a glance one can usually tell whether or not he has caught a fish that must be returned to the water. Catch the fish in the lower lip with your thumb and forefinger, remove the hook and release him easily to the water. If it is necessary to catch the fish with your hands, wet your hands first to prevent the disturbance of the protective slime that covers the fish. Be sure you have a legal fish before it goes on the string. This oversight might make a fishing trip an unhappy one. Check your tackle box for a ruler before you leave home or mark off the lengths on your boat or tackle box. Remember bass must be eleven inches long and crappie seven inches. Don't waste fish. Take only those that can be used, and use those that you take.

Seining bait may prove to be more expensive than buying it from a bait dealer, if care is not taken. Be sure that you do not seine minnows over three inches long, small bass, crappie and perch are not minnows. All species other than minnows must be released to the water immediately. Minnows that are too small for bait should be likewise returned to the water. They may be large enough for bait next time you go fishing. They are also valuable fish food. It is illegal to injure small fish or leave them on the bank to die.

Never use a boat that is unsafe and always have life preservers

for every member of the crew. Boats with rotten boards should never be used. In case your boat does turn over, never get excited. Most wooden boats will support three or four people even if turned over or filled with water. Wait for help and never try to swim a great distance to shore. Many a good swimmer has lost his life trying this stunt. If it is necessary to swim, never try to swim with your clothes on. Remove your shoes first and then other clothes. It is better to lose your clothes than your life. Never wade unknown waters with hip boots, because if you go into water over your head with hip boots on, it is nearly impossible to remove them. Holes or rock jump-offs will cause one to lose balance and here is where the trouble comes.

Every fisherman should have some first-aid equipment in his fishing outfit. Scratches and bruises should be treated immediately to prevent infection. Never try to get a complete sun tan on a single fishing trip. The pain

from sun burns is a poor trade for a sun tan. Every fisherman should have a kit to treat poison snake bites.

Practice safety first and maybe you will not have to use first-aid.

5th of Population Of Denver Now On Relief Rolls

DENVER, Colo.—More than 20 per cent of Denver's 300,000 residents are now receiving public aid of one kind or another, but each month brings a substantial reduction, so the city welfare bureau reports.

Officials of the bureau reported that on April 1 there were 36,387 persons receiving either old age pensions, direct relief or dependent children's aid, while 27,066 were supported by WPA employment.

The direct relief showed the most marked reduction as comparable with April, 1939, the bureau said.

VEAL SUPREME
2 cups uncooked egg noodles
2 tsp. butter
1 lb. veal steak (cut in 1/2 inch cubes)
1 tsp. salt
1/4 tsp. pepper
1 1/2 tsp. flour
1/2 cup finely diced onion
1 cup tomato juice
1/2 cup water
1/2 bay leaf
1/2 cup mushrooms
1/2 cup diced celery
2/3 cup thinly sliced water chestnuts (or additional celery)
Cook noodles until tender (about 15 minutes) in 4 quarts boiling water to which 4 tsp. salt have been added. Drain.
Melt butter in skillet, add diced veal and brown (about 20 minutes), pour off from time to time the excess liquid that comes from the meat. Save this liquid to pour over the meat when the tomato juice is added.) Add salt, pepper, flour, onion, tomato juice, liquid drained from meat, water, bay leaf. Let simmer until tender (about 25 minutes). Add sour cream, mushrooms and celery. Blend in the noodles. Pour in baking dish, cover with sliced water chestnuts. Bake 350 degrees F. 30 to 40 min.

BRAISED CALVES LIVER
Cut match-like strips of pork from that portion of a piece of fat salt pork which lies just below the rind. Draw these into the best looking side of the liver. Put the trimmings of the pork into the frying pan, then put liver in and brown on both sides. Set liver in casserole or pudding dish. Cook 2 tsp. flour in hot fat, add 3 cups of broth or water, stir while heating to boiling point. Pour this over the liver, add 2 sprigs of parsley, half red pepper pod, bunch celery, 5 or 6 carrots, 1/2 dozen small onions peeled and browned in butter. Cover and let cook 2 hours in over 350 degrees F. Remove liver to serving dish, surround with vegetables. Pour gravy.

1/2 cup tomato puree, if desired.

HOT AND COLD VEGETABLE PLATTER
1 1/2 cup potato balls; 1/3 cup melted butter; 2 tsp. parsley (minced); 4 carrots; 1/2 cup melted butter; 1/2 cup brown sugar; 1 cup tiny beets; sour cream dressing; 6 slices of tomatoes; 6 slices of cucumber; 1 1/2 cup whole kernel corn; 1 1/4 cups tiny green beans; 6 pepper cups; 1 1/2 cups shredded cabbage; 2 radishes; 2 stuffed olives; lettuce, 1 lemon.
Sour Cream Dressing:—1/4 cup sour cream; 1 tsp. vinegar; 1 tsp. sugar; 1/4 tsp. salt. Beat all ingredients until stiff.

MOULDED COFFEE SPONGE
2 tbsp. gelatine
1/2 cup cold water
3 egg yolks, beaten light
1/2 cup sugar
1 cup cold coffee
1/4 tsp. salt
1 tsp. lemon juice
1 tsp. cinnamon
1/3 tsp. cloves
1/2 tsp. nutmeg
1/3 tsp. allspice
3 egg whites, beaten stiff
1 cup whipping cream
Soak gelatine in cold water 5 min. Cook egg yolks, sugar and coffee together until begins to thicken. Add gelatine, salt, lemon juice and spices. Cool. When thoroughly chilled fold in egg whites with whipping cream.

STUFFED APPLE PIE
4 firm apples
1 cup sugar
1 cup water
1 tsp. cinnamon
2 tsp. butter
1/2 cup raisins
1/4 tsp. citron
1/2 cup nuts
Top with cream.
1 1/2 cups milk in top of double boiler. 2-3 cup sugar, 1-3 cup flour and 3 eggs.
Pour in warm milk and cook until like cream, add 1/2 tsp. salt and 1 tsp. vanilla. Cool and pour over apples. Set strips of pastry over top, if filling in two directions.

ORANGE BON-BON CAKE
3/4 cup shortening.
1 1/2 cups sugar
3/4 tsp. salt
1 orange rind, grated
2 eggs, unbeaten
3 tsp. baking powder
3 cups flour
juice of 1 medium orange
2 tsp. lemon juice and water to fill cup.
Bake in square loaf, 350 degrees F. about 45 to 50 min.
3 cups sugar; 1 cup water cup water and 1 tsp. baking powder. Bring slowly to the boiling point. Cook to a long double thread. Beat 4 egg whites stiff, add a little salt to eggs, cool a bit, then pour on to eggs until it peaks. Spread.

Greatest Water Carnival Slated At Ft. Stockton

Variety Of Entertainment Planned For June 14-16

FORT STOCKTON, June 5.—Preparations to make the Fifth Annual Fort Stockton Water Carnival the most outstanding show of its kind in the Southwest were in final stages here this week, with the gala opening just one week off.

A variety of colorful entertainment has been planned for the thousands of visitors expected for the big event. Starting with the local bathing revue on Thursday night, at which time the Queen of the Carnival will be chosen by popular vote, there will be something underway through Friday and Saturday, with the finals of the Spring Golf club's invitation tournament scheduled as the finale on Sunday.

A parade with entries of every description has been set for ten o'clock on the morning of the 14th. Features of the 1940 parade are expected to be entries in the youngsters' bicycle division, added this year for the first time, and the Reeves county Sheriff's Posse from Pecos, which will ride in the parade as one of its first public appearances.

Amateur swimmers from all over the Southwest are expected here for the events of Friday and Saturday afternoons. Handsome cups and medals are being offered the winners, who will also qualify to enter the state meets of the Texas

Thunder on Our Coast—but It's Only Practice!

The thunder of the great war across the seas re-echoes here in America as one of the six-inch disappearing guns at Fort Hancock, Sandy Hook, unlimbers its blast. As the gunner yanks the lanyard a projectile is hurled at a moving target several miles away. Note how the men in the pit have braced themselves against the effects of the concussion.

Amateur Athletic Federation.

The John B. Rogers Producing company, which stages such widely known events as the Tyler Rose Festival, is in charge of the staging of "King Neptune's Court," glittering and glamorous stage attraction for Friday and Saturday nights on a specially constructed over-water stage. More than 150 Fort Stockton people are in the cast for this event.

Firemen from departments all over the Permian Basin will take part in hose races and contests on

the streets of Fort Stockton Saturday afternoon.

Dances for Carnival visitors will be held on Friday and Saturday nights at the big, cool Fort Stockton airport, with the Fort Stockton Fire Department in charge, and Jack Free's popular band furnishing the music.

To make certain there will be no dull moments, the Carnival committee and the Lions club have booked the famous University of Texas swimming team and the equally famous Tucker Twins of Winters to provide entertainment at intervals. The University team will be seen in swimming and diving exhibitions, and the Tucker Twins will sing and play in their inimitable manner which has made them the nationally-famous toast of the Lions International.

Visitors Cop—

winners were awarded a pair of pants at Lemmons Dry Goods Co., and \$1.50 worth of work at the B & B Barber shop.

Crowds attending the exhibition were treated to a performance by two old masters in a matched roping between Howard Westfall and Harry Howard. Each roped four calves, Westfall beating Howard with a total time of 77.4 against 102.4 seconds. Howard, however, had the best time for one calf, 17.8 seconds, but Westfall's consistency gave him the decision.

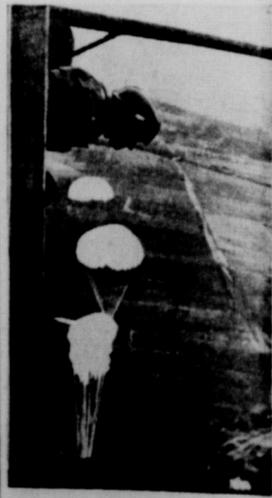

More than 35 ropers from Ozona and surrounding towns took part in the afternoon's show, which was witnessed by a large crowd.

Local ropers participating in the events included Vic Montgomery, Kay Black, Max Schneemann, Dock Lee, Margaret Owens, P. C. Perner, Bill Childress, Joe Friend, L. Parker, Abe Carruthers, Pat Parker, Curtis Short, Jake Miller, Jim Black, Bill Friend, J. C. Montgomery, Louis Doran and Tom Ed Montgomery.

Next Sunday's show will be for Crockett County ropers only. Anybody in this county wishing to enter is invited, it was announced.

Mr. and Mrs. Bill Baggett have as their guest this week Miss Jean Hearn of Water Valley.

Invaders From Sky

The launching of an attack by Nazi parachute troops. The parachutists are bailed out at one-second intervals, their chutes blossoming out as they dive for their objective.

The contract awarded this week did not include razing of the old frame building now housing the school. What disposition is to be made of the building will be decided by the board during the summer.

Miss Totsy Robison had as her house guest this week, Mrs. Jew Hill of Abilene.

Mrs. Mary Perner, "Mother Perner to her many friends throughout Crockett county, Texas, young and enjoying life to the fullest, last week welcomed her fourteenth great grandchild, the newest, Martha Flowers, the infant daughter of Mr. and Mrs. Richard Flowers.

Say: "I saw it in the Stockman"

ADIOS, AMIGOS

After thirteen years of serving the people of Ozona and Crockett County and surrounding ranch territory, I have this week sold out my business to Oscar Kost, who has been associated with me in the business for the past seven years.

It was with a tinge of regret that I reached the decision to retire from business in Ozona, but I find comfort in the knowledge that the business is now in capable hands, and that my friends and customers through the years are assured of splendid workmanship, quality materials and service in the same establishment.

I can not find words to express to you who have supported me so loyally and patronized me so liberally during those thirteen years my undying appreciation. For your friendship and consideration and your patronage please accept this as our expression of sincere thanks.

For my successor I bespeak the same loyal patronage and consideration. I know this young man's capabilities and can assure you that in my opinion he will render you service that will leave nothing to be desired and will continue to be an asset to his community. And now, as I lay the mantle on his young shoulders, I bid you—ADIOS AMIGOS.

Sincerely,

A. W. JONES.

MEX. SCHOOL—

(Continued from Page One)

ed of tile and face brick, a light buff brick to be used similar to that used in construction of the high school building. Interior walls are to be plastered and partition walls are to be studded and plastered. Corridor floors are to be of concrete, while classroom floors are to be of oak. Steel lockers are to be installed in classroom for individual pupils.

The heating system is to be forced hot water type, using radiators in the rooms.

W. T. Strange, member of the architect firm of Haynes and Strange of Lubbock, employed by the board to draw plans and supervise construction, was present for the opening of bids. A Mr. Hague, also connected with the Lubbock architects firm, was also present. Bids from ten construction firms were received by the board for the general contract. Six heating and plumbing concerns submitted bids on this phase of the work and three bids on the electrical work.

Orders for equipment for the new building will be placed during the summer, to be installed as soon as the building is completed. The major item of equipment will include that for the home economics and laboratory room.

The new building, which is to contain eight classrooms, is to be located on a lot just north of the present Mexican school building.
