Crockett Discovery Draws Offset Test

Kewanee Oil Co. of Tulsa, Okla. has filed application to drill the No. 2-N University, as a 3/4-mile east-southeast stepout to the same firm's No. 1-N University recently completed Crockett County San Andres discovery, 5 1/2 miles south- west of Barnhart.

It will be drilled to 2,000 feet with cable tools.

Location, on a 343.8-acre lease, is 1,650 feet from the south and 2,310 feet from the west lines of 24-44-University.

The 1-N University was completed March 20 for a daily pumping potential of 5.52 barrels of 33.9 gravity oil, plus 5.52 barrels of water from open hole between 1,773-1,758 feet.

Oil in the hole had increased to 600 feet at Texas Pacific Coal & Oil Co. No. 1-O University, in 25-12-University, Crockett County Grayburg prospect 11 miles south- west of Big Lake.

The prospect, slated for a total depth of 2,600 feet, was bottomed at 2,458 feet. Operator was run- ning logs.

Oil in the hole had increased 100 feet since the last report when drilling had proceeded to 2,447 feet.

Ozona Artists Win Prizes In Eldorado Spring Art Show

Two artist members of the Ozona Woman's Club exhibited their work and won prizes in the annual Spring Art Show of the Sonora Art Club held in Eldorado last week.

Mrs. Stephen Perner entered a drawing by her daughter, Miss Jane Perner, which won second place in its class. Mrs. Ira Carson of Ozona entered five pictures in the photography division of the art contests. She won third place in portrait work and second in the animal picture division.

Judges of the exhibit were Lloyd Witten, Mrs. Floy Hume, Mrs. Myrtle Neilson, Mrs. J. H. Lee, all of San Angelo, and Mrs. Joe Kreklow of Eldorado.

HOSPITAL NEWS

Patients admitted to hospital since May first: J. B. Melton, Ozona, medical; Lupe Vargas, Ozona, surgery; Mrs. W. P. Odom, Ozona, obstetrical; Mrs. Brock Hoover, Ozona, medical; Rosalio Longoria, Jr., Ozona, medical; Walter Dudley, Sheffield, medical; David North, Ozona, surgery; and Chas. E. Galbraith, Ozona, medical.

Patients dismissed: Luis Jimenez, U. S. (Rusty) Smith, O. D. West, Mrs. D. C. Hardin and infant son, Lonnie M. Van Ness, Rhonda McDaniel, Mrs. Martin De Leon, Victoria Flores, Beverly Kay Whitehead, and J. R. Fleming.

Study Shows Water Loss From Evaporation Relatively Insignificant On Flood Water Dams; Johnson Will Recharge Underground Supply

By Bob Scott, SCS

A great deal of interest has arisen concerning the effects of up- stream dams or floodwater retard- ing structures on water yield of our watersheds. Data gathered by the Soil Conservation Service on projects above Fort Worth and Dallas give the following figures on actual loss of water through evaporation from permanent sedi- ment storage: Of 77 planned struc- tures above Fort Worth, calcula- tions show that there would be 1.94% evaporation loss from the sediment storage compared to the average annual water yield of that watershed if the sediment pools were constantly full. Actually this would not be the case; therefore, the loss would not be this great as the evaporation decreases as the surface acres of water exposed decreases. A closer figure for that area would be about 75% of 1.94 which would mean an annual loss of 1.45% of the average yield.

Using similar calculations for 80 structures above Dallas on Denton Creek and Elm Fork, there would be about 1.05% loss of the average water yield through evaporation. These figures point out the relative insignificant effect of

Contract Signed For Construction Of Radar Station

Last Obstacle Removed For Start Of Work On Installation

After considerable delay while modifications in plans and specifications were being made by the Army Corps of Engineers in Fort Worth, contract was formally signed last Friday for construction of the new Air Defense Command radar Aircraft Control and Warning station five miles east of Ozona.

News of the final signing of the contract with the low bidder on the project, Robert Guyler of Lampasas, was received by telephone Friday from the office of the district engineer, Col. Harry O. Fischer in Fort Worth.

Mr. Guyler's low bid on the project, which involved construction of eleven permanent type build- ings, installation of power, water and sewer systems, concrete walks, etc., was \$892,873. The installation will represent a total expenditure by the Air Force of nearly 2 1/2 million dollars, according to first announcements of the project.

The contractor will have five days from the date the work order is issued by the Corps of Engineers to commence work and must complete the construction in not more than 240 calendar days. Actual construction work should start within the next few days, accord- ing to calculations of the Fort Worth office.

When completed the radar installation, one of a string being constructed across the southern edge of Texas and Louisiana, will be manned by nearly 200 Air Force personnel, including 165 to 170 enlisted men, 15 to 20 officers and around 20 civilian employees. The monthly payroll at the installation is estimated at \$30,000.

Pre-School Round-Up Today at N. Elementary

A round-up of all children of pre-school age who will enter kindergarten or those who will be entering the primary grades in the local system for the first time next year was to have gotten under way at the North Elementary school this afternoon, Tuesday, starting at 2 p. m.

The round-up, sponsored by the Ozona P. T. A., is being held in the kindergarten rooms of the North Elementary. Pupils who will enter school next year will be given an opportunity to meet their teachers and classmates and to have a taste of what it will be like to go to school.

Sen. Dorsey B. Hardeman

Hardeman Urges Return To Gov't. By Constitution

Amendment Rather Than Interposition Favored by Senator

Urging that Americans stand firm for states rights by abandoning the present trend toward seeking federal hand-outs with their inevitable federal controls, that the people seek to strengthen the constitution by amendment rather than by interposition as a means of counteracting the present encroachment of federal authority and rule by a Supreme Court whose decisions are based on sociological, psychological, economic and political foundations rather than on law and the constitution, Dorsey B. Hardeman, State Senator from San Angelo, spoke to members of the Ozona Lions Club Thursday noon and again Tuesday to the Ozona Rotary Club.

Senator Hardeman, a tireless advocate of states rights and rule by law rather than by men, urged study and legislative approval of the Reed-Walters resolution of Congress which seeks to simplify the process of amending the Constitution of the United States. Under this resolution, which the Texas legislature has already approved under Senator Hardeman's leadership, any state could propose an amendment to the constitution and if joined by eleven other states, and if approved by the legislatures of three-fourths of the states, it would become effective as an amendment. Under the present system Congress must propose or 32 states must propose in convention an amendment and it must in turn be approved by three-fourths of the states.

"I am somewhat reluctant," he said, "with no more information or experience than is available to me, to accept the idea of interposition if it is construed or held to embrace nullification and to advocate or invoke it is the proper means of opposing a policy or measure promulgated by the national government.

"This country must be united. It is a compact of sovereign states based on contractual obligations revisable by amendment, as provided for in the organic law. Thus, it follows that defiance or nullification of an objectionable policy or measure, by or through any instrumentality is not a proper and effective way to challenge the constitutionality thereof, but rather the fundamental law should be appropriately changed, by proper amendment, and this by the people themselves."

Of the recent decisions of the Supreme Court which have been interpreted as an invasion of state's rights and an arrogation of powers not granted by the constitution, Senator Hardeman said that the framers of the constitution "never intended that our fate be left to the whim and caprice of a handful of men," and differed with the doctrine that "the law is what the judges say it is."

Senator Hardeman disgresses from his prepared manuscript to put in a plug for the new Bricker amendment which seeks to place restraints on "law by treaty" or executive agreements. Under present

Cities Service Strike Completed For 590 Bbls Daily; Stepout Planned

Cities Service Oil Co., has completed an extension and staked a stepout to the World, West (Strawn) field of Crockett County, 15 miles southwest of Big Lake. The No. 4-E Shannon, in 18-Q-ELARR, 3/4-mile southwest, was finalized for a calculated, daily flow- ing potential of 590 barrels of 47.5 gravity oil, plus 30.22 barrels of water, with gas-oil ratio of 2,119-1.

Potential was based on an actual eight-hour flow of 196.67 barrels of oil through a 3/4-inch choke and perforations between 8,118-8,142 feet in 5 1/2-inch casing cemented at 8,189.69 feet on total depth of 8,205 feet.

Top of pay was picked at 8,118 feet on ground elevation of 2,833 feet. Pay section was acidized with 20,000 gallons. Tubing pressure was 200 pounds, with packer on casing.

Plugged-back depth is 8,145 feet. Cities Service will drill its No. 1-J Shannon 3/4-mile southeast of production on the east side.

Location, on a 144.1-acre lease, is 4,409.86 feet from the north and 638.12 feet from the east lines of 70-BB-J. H. Hernandez survey. Contract depth is 8,400 feet with rotary. Elevation is 2,758 feet.

Two Crockett 4-H Teams Win Dist. Judging Contests

Grass, Range Management Teams Earn Shot At State Title

Three Crockett County 4-H Club judging teams won two firsts and tied for second in District competition at San Angelo last Saturday. The teams were accompanied by their coach and sponsor, County Agent Pete Jacoby.

Carl Conklin set the pace for team members on the winning grass team by posting a perfect score of 250 points in identifying fifty grasses correctly and checking all characteristics for high individual honors. Erby Chandler was third high individual with a score of 244. Roy Mann scored 240 and Johnny Jones 235. This was the fourth straight year that this same team has won the District grass judging contest. They will represent the District for the fourth time at the State Contest on June 13th, held at Texas A&M College. Previous years this team placed ninth, fifth, and second in the State Contest.

The Range Management judging contest, held for the first time this year, also went to a Crockett County team headed by Jacquelyn Williams, who scored 255 points out of a possible 300 to take high individual honors. Pierce Miller and Pleas Childress, each with scores of 215, and Bill Jacoby with 209 were other members of the team. They also will compete in the state contest at Texas A&M College in June. Both grass and range judging teams barely nosed out Sutton County for first place honors.

The Livestock judging contests found three teams with almost a neck-and-neck finish. The Crockett county team tied with Sutton County for second place with identical scores of 927 points while both had to concede to a team from Culberson County with a score of 929. To break the tie for second, reason scores were added, and the Sutton County team nipped the local judges for second place honors by one point. Thus the Crockett county livestock team had to be satisfied with third place honors while a measly, yet important three more points would have won the contest. George Bunger was third high individual in the contests and Kent Babb, R. J. Everett and Joe Everett were other members of the team.

Roomy office space for rent second floor of Ranch Theatre, bldg, approx. 1500 sq. ft. For further information call 149 or contact Theatre Mgr.

Crockett Delegate Goes Uninstructed To State Dem Meet

County's One Vote Not Committed To Either Faction

Crockett county's one vote in the state Democratic convention has not been committed to either the Johnson-liberal or the Shivers-conservative faction of the party and the party's delegate from this county, County Attorney Dixon Mahon, will go to the convention uninstructed by the county convention held here Tuesday.

After a three-to-three vote tie between precinct delegates instructed for Johnson and for Shivers factions, a four-vote uninstructed delegation from the other precincts tipped the county vote in favor of an uninstructed delegation to the state convention. No resolutions favoring or disapproving either faction were passed by the convention and no indication was given by the elected delegate or convention discussion as to how the county's vote will be cast in the state convention.

A report carried in the Wednesday morning San Angelo Times placed Crockett county in the Johnson column, presumably based on a staff-fabricated report of action of the local convention. This county was listed among those designated in the report as with "specific instructions or county resolutions indicating some support of Johnson."

In a datelined report of the Crockett convention, the San Angelo paper, which has consistently beat the drums for Johnson, stated, after reporting the election of Mahon as delegate and recording the convention's action in sending him uninstructed, inserted the following sentence: "Mahon will support Sen. Lyndon Johnson for a favorite son nomination for the presidency."

Mr. Mahon denied to The Stockman that he had reported such a sentiment to the Times and the local correspondent of the paper, Ernie Boyd, who telephoned the convention report, denied that he had supplied the paper with that information.

A. O. Fields, who presided over the county convention as county Democratic chairman, was named an alternate delegate to the convention. The number of delegates to which a county is entitled is based on the number of votes cast for governor in the last general election — one delegate for each 300 votes or major fraction thereof. This county had less than 300 votes for governor in the last general election.

In precinct conventions Saturday, Precinct No. 1 named three delegates instructed to vote for the Shivers conservative faction, Precinct 2 named two delegate instructed to support the Johnson faction and Precinct 7 named one delegate also to support Johnson. Precincts 3, 4 and 5 with a total of four delegates, supported an uninstructed delegation.

MUSIC SCHOLARSHIP PUPILS IN RECITAL

The Ozona Music Club will present its scholarship pupils in recital Sunday afternoon, May 14, in the high school auditorium. To be heard will be Beverly Alford at the piano and Elizabeth Pearson, voice pupils. The public is invited.

WANTS EAGLE FEATHERS

A little Boy Scout out in Santa Ana, Calif., is combing the state of Texas for eagle feathers. He has heard, he wrote, that it is not against the law in Texas to kill eagles and he needs some eagle feathers for an Indian project in his Boy Scout work. Just in case somebody has recently killed an eagle (or a hawk) the boy's name and address is: Wally Baldwin, 4632 S. E. Ervine Blvd., Santa Ana, Calif.

Mrs. George Davis, one of Ozona's pioneer residents, is critically ill in a San Angelo hospital.

THURSDAY, MAY 10, 1956

TRUMAN LIKED IT

Former President Harry Truman was quoted this week as saying he was glad to see "Allan Shivers get kicked around in Texas." Those Texans who assisted in the "kicking around" given Allan Shivers should be very proud to make HST so happy.

Truman, you remember, was the fellow who vetoed legislation by Congress to restore the tidelands to Texas, seized by Supreme Court decision. Truman was the fellow, you remember, who attempted to consolidate a dictatorship in this country by asserting presidential power to seize private property (the steel mills). It was Truman you recall, who promoted Harry Dexter White after the FBI had documented evidence against White as an agent of Moscow. It was Truman who cemented at Postdam the Roosevelt sell-out of America at Yalta, who "red-herringed" the effort to smoke out Communism in government, and who so debased the great office of president of the United States that his so-called trail through the White House will not be erased from the conscience of America in the next thousand years.

Seeing who they made happy and what element of the Democratic party they really were supporting, our only hope is that the good people of Texas who were duped by the well-oiled Johnson-Beuther-Parr-Rayburn-Houston-Harte propaganda machine in Texas will realize in time that they've been "taken" and will correct that error at the polls next fall.

Office Supplies—Stockman office

OUR JOB TODAY

Admiral Alan G. Kirk was our Ambassador to the Soviet Union from 1949 to 1951. He thus saw what state control of industry means. Now he has something noteworthy to say about state control as applied to one particularly important industry — oil.

Russia is potentially rich in oil. Yet, Admiral Kirk points out, today she produces only 8.6 per cent of the world's oil. There is very little gasoline left for private use after the state fills its wants — and what there is costs five times as much as in the United States, and is of poor quality.

Then Admiral Kirk contrasts this situation with ours. We produce close to half of the world's oil. All the gasoline wants is instantly available. It is of top quality — and the price (except for taxes over which the industry has no control) is little more than it was 30 years ago.

Why should this contrast be so great? Here is the Admiral's answer: "It seems that five-year plans are no substitute for the incentive of competition that sparks our own oil industry. Each of America's thousands of oil companies tries to outdo its rivals by constantly improving products and services. How sharp the picture of how much, we all owe to the American freedom of competitive action! How clear the lesson that our job today is to keep this freedom strong and unfettered!"

CONGRATULATIONS!

Members of the Ozona Woman's Club wish to take this means of extending their congratulations and appreciation to members of the P. F. A. 4-H Club and Band members who have won so many first places and other honors this Spring.

Also our congratulations to the teachers and instructors. You all have worked hard and these honors would not have been won. We salute you. — Ozona Woman's Club.

Piano Pupils To Be Presented In Recital

Pupils of Miss Cleona Quiet's piano classes will be presented in two recitals next week, the first on Thursday night and the second on Thursday night, May 17 and 18. Both recitals will be in the high school auditorium and both will start at 7:30 p. m.

On Thursday night pupils from the fifth and sixth grades will be presented in recital. Participating in this recital will be Beverly Alford, Judy Black, Cheryl Clayton, Becky Cullins, Glenda Friend, Peggy Harvick, Helen Henderson, Nelda Kay Lott, Jan Pridemore and Marian Ross.

On Friday night, Miss Quiet will present the following group: Ann and Sally Baggett, Carol Blackstone, Genelle and Lucille Childress, Lynn Cox, Nancy DeLand, Mary Ruth Gerdes, Scott Henderson, Mary Lou and Roberta Johnigan, Linda Kay Leath, Gearl Dean Long, Elizabeth Pearson and Jacquelyn Williams.

The public is invited.

Mrs. B. B. Ingham, Sr., has spent the past two weeks in Houston where she visited her brother-in-law and sister, Mr. and Mrs. Spenger Kink. She was accompanied by her granddaughter, Cynthia Harrell, whose parents, Mr. and Mrs. R. A. Harrell, were attending the Methodist General Conference in Minneapolis, Minn.

Pat Cooper, Crockett county ranchman, who has been under treatment in San Antonio for a rare blood condition, was reported to be responding to treatment. The malady was reportedly traced to use of insecticides in spraying livestock.

3 1/4 Millions Farm Products Sold In Crockett In 1954

The value of products sold in 1954 by operators of 147 farms in Crockett County was \$3,259,971, according to a preliminary report of the 1954 Census of Agriculture published by the Bureau of the Census, U. S. Department of Commerce.

The value of all crops sold was \$7,903 and included \$6,930 for field crops, \$223 for fruits and nuts, and \$750 for horticultural specialties.

The value of all livestock and livestock products sold was \$3,252,068 and included \$7,920 for dairy products, \$50,562 for poultry and poultry products, and \$3,193,586 for livestock and livestock products.

It's Bigger than Both of 'em - but its price makes it one of America's 3 best sellers!

It's as simple as this: Only two cars in all creation outsell Buick. And they are two of the well-known smaller cars. So maybe it will pay you to ask how come Buick has zoomed to the No. 3 spot with such fast-selling company. Well, one answer is the beautiful and brawny Buick SPECIAL you see pictured here — and the low price it carries. It's the biggest bundle of high-powered performance and high-fashion luxury ever offered in Buick's lowest-priced Series. And that means more people want it and can afford it, because it's priced only a few dollars more than its two smaller-car rivals—even less than some models of those very same cars. But the big answer comes from a sure fact more folks have discovered: you get more pure automobile for your money in Buick than you get elsewhere. Here, you get the extra wallop of big new Buick power

raised to a new high — and pouring in smooth whisker from a brand-new 322-cubic-inch V8 engine of true high compression. Here, you get the matchless buoyancy of Buick's great new ride—the extra-safe feeling of Buick's new handling ease—the extra stretch-out comfort of Buick roominess—the extra solidity and strength of Buick structure—the extra pride and prestige of Buick's new styling and dash. Here, too — and nowhere else — you can get the silk-smooth performance and flash-fast response of Buick's advanced new Variable Pitch Dynaflo® — the world's only transmission with the gas-saving mileage and switch-pitch action of the modern airplane propeller. This week—this very day, if you wish—you can sample all these Buick blessings to your heart's content and your pocket's joy. Why not drop in on us and do just that? *New Advanced Variable Pitch Dynaflo is the only Dynaflo Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

AIRCONDITIONING at a COOL NEW LOW PRICE It cools, filters, dehumidifies. Get 4-Season Comfort in your new Buick with genuine FRIGIDAIRE CONDITIONING

For truly, the earth is the Lord's and the fullness thereof, but the responsibility for its stewardship vested in man.

Moral Responsibility In Wise Use of Soil, Says Conservationist

D. A. Williams, Administrator Conservation Service

More than material compelling American land operators to become farmers or ranchers, more than the estate that soil and water increases farm buy-is motivating business-ountless others to sup-ration work.

A rancher or farmer finds pleasure in the beauty of his conservation-ated fields, pastures, and wildlife areas. And I feel that all the rest of us share his pleasure as we drive by or fly over his acres; or when we mate, have a chance to feel healthy soil or vigorous sod under our feet, or join the owner in a wildlife crop more now than a few years

ago. But there is another important motivating force for conservation.

I believe it is the fast-growing realization in every community I know about that wise use and treatment of soil is a moral responsibility — that soil is a gift of the Creator, and that we, all of us, have a steward's responsibility for it.

Unless we pause to consider the spiritual man, we may be amazed by this spread of the soil stewardship concept in a time when we are troubled by temporary crop surpluses and when only one person in 25 actually tills the soil for a living.

Unless we accept as a fact that men do recognize the spiritual values of soil and water conservation, we are unable to explain fully the personal sacrifices thousands of them make to serve as members of the governing boards

of nearly 2,700 locally-organized and managed Soil Conservation Districts. These men — and there are some women on these governing boards — already are conservation farmers or ranchers. They already are, personally, reaping the material benefits of greater net income, lower production costs, and greater efficiency in the use of labor and machinery that comes with conservation.

But these local leaders cannot, and do not, expect material gain from their services as District supervisors, commissioners, or directors. They receive no salaries. In some states, they are not even reimbursed in part for their expenses.

They surely must be motivated by the truth of the Psalmist's words: "The earth is the Lord's and the fullness thereof . . ." They are heeding the Creator's command, when He placed man in the Garden of Eden, "to dress it and to keep it."

I believe that the technicians of the Soil Conservation Service have this same conception. How else could we explain the countless extra hours, beyond the call of duty, which they devote to soil and water conservation?

And, throughout the nation, ministers are providing the spiritual leadership of soil stewardship. Thousands of them each year take soil stewardship as the text of sermons, and provide a continuing leadership among their congregations for recognition that the earth truly is the Lord's.

To those of us who are soil conservationists by profession as well as by conviction, this expanding conception of soil stewardship is indeed heartening.

For we know that man and the soil remain inseparable, all technological and cultural advances notwithstanding.

Man still obtains his food and most of his clothing and shelter from the dust of the earth. And this "dust of the earth," when kept in the balance in which it was created, is a wonderful composite of minerals and myriads of living, decaying plants and animals. It is a storehouse of abundance for past, present, and future generations — a tremendous reservoir to trap and store for use more of the water which at one time may come

in raging floods and at another season become insufficient for the needs of thirsty crops, animals, cities, and industries, and man himself.

Reports of Officers, Installation Of New At WSCS Luncheon

The Woman's Society of Christian Service met at the church Wednesday for the annual Spring luncheon.

The pledge service and installation of new officers was held. Mrs. S. M. Harvick, the president, gave a short talk on what the Woman's Society of Christian Service means to the members and its purposes.

Mrs. W. D. Cooper and Mrs. H. B. Tandy led the pledge service and Mrs. Paul Perner was installing officers. Mrs. Nip Blackstone was at the piano. Mrs. Taylor Word presented a life membership pin to Mrs. S. M. Harvick from the society.

The membership chairman, Mrs. J. S. Pierce, 3rd, presented the list of the circle members for the

next year, which begins June first. Six new members were received into the society.

Officers installed were: President, Mrs. S. M. Harvick; Vice President, Mrs. Taylor Word; Recording Secretary, Mrs. R. A. Harrell; Treasurer, Mrs. H. B. Tandy; Promotion Secretary, Mrs. Joe Pierce; Secretary of Missionary Education, Mrs. V. I. Pierce; Secretary of Student Work Mrs. Stephen Perner; Secretary of Youth Work, Mrs. L. B. Cox Jr.; Secretary of Children's Work Mrs. Charles Williams, Sr.; Secretary of Spiritual Life, Mrs. Madden Read; Secretary of Supplies, Mrs. B. B. Ingham, Sr.; Secretary of Literature and Publications, Mrs. J. A. Fussell; Secretary of Status of Women Mrs. J. W. Henderson; Membership Chairman, Mrs. J. S. Pierce, 3rd; Music Chairman, Mrs. Nip Blackstone.

Circle Chairmen are: Willing Workers, Mrs. Bailey Post; Jenny King, Mrs. O. D. West; Sunshine, Mrs. C. V. Tubbs.

Those present were Mesdames Howard Lemmons, F. L. Hender-

son, Paul Perner, Joe Pierce, Bailey Post, J. W. Henderson, J. A. Fussell, W. D. Womack, Charles Williams, Sr., Madden Read, Sam Henderson, Herbert Kunkle, Taylor Word, S. M. Harvick, T. A. ASSEMBLY

Clay modeling never looked like so much fun as it did Monday afternoon when Mr. Bogardus exhibited his art of sculpturing.

He first molded the head of a twelve year old boy and then with a few skillful strokes was magically changed into a boy of about seventeen, then a grown man, and then an old man.

It was thrilling to watch him mold President Theodore Roosevelt and Buffalo Bill. His concluding object was a wise old owl illuminated with yellow shining eyes.

This was the last of our Southern Assembly programs and was thoroughly enjoyed by all.

QUESTION OF THE WEEK

The question of the week this week is, "What would you do if someone told you, you had hysibrachycephalic?"

Jerry Beasley — Go back to the hospital.

Martha Bailey — Tell Sonny Silent West — I'd laugh about it.

Mr. Harlan — Go to a doctor.

Miss Moore — Rush to a doctor and hoped I lived to get there.

Mr. Brentz — Give it back to Webster.

Roy Sutton — Join the Marines.

Mike Clayton — It would be good.

Janice Spencer — Tooter is Smart, I'd ask him.

Mr. Cleere — Go rest.

Yvonne Knox — Go to a doctor and see if he could cure it.

The word means the big head.

COMIN' AND GOIN'

This week is a busy one for the Seniors. Thursday morning they are leaving for Galveston and Houston, on their trip. With commencement coming up and all the extracirculars, we're sure they'll be "busy as bees," the rest of the year.

We'd like to congratulate Genelle Childress on her Soil Conservation Theme. She won 6th at regional! Mighty fine, Nellie.

Becky Davidson entertained some of the seniors with a supper and a "Guitar Pickin'" session, Saturday night. I heard "wind of it" thru' some of the crowd and also heard what a nice time they had.

We'd also like to congratulate the Seniors on their play. We thought it was done very nicely and would like to say to Mr. Leath "We think you did a splendid job of directing it."

The track boys went to Austin to the relays this week-end, and we heard they had a very enjoyable trip.

Also, in Austin this weekend, was the one-act play cast. I'm sure they had a nice time, watching the state meet plays.

A group of Seniors spent the weekend in Angelo, visiting "various parties." We're sure this "expedition" had a nice weekend.

STATE TRACK MEET

By Jim Burton

At 6:00 a. m. on Saturday morning a three car caravan left Ozona and headed east on highway 290 towards Austin.

Since I had the dubious privilege of being considered a track boy, even though what I did to deserve this honor escapes me, I accompanied eighteen other boys to the state final's in track.

We got to Austin around 10:53 even though coach Womack predicted it would be around 11:00 a pretty good guess, considering he made it about 30 miles out of Sonora, five hours earlier. We ate dinner, steak, and went to memo-

rial stadium to see the meet. It was so hot at Austin that I nearly boiled in my own blood. Someone said that it was 114. We saw the all events. Hard running, hard jumping, and hard playing was part of every event in this meet. Class B Schools seemed to predominate with better times in most events with Class AA a close second.

After the meet and a sunburn we went to see the capitol by a rather roundabout way. Coach Cleere in the lead lead us 43 blocks by actual count around the Texas University campus to get to the Capitol which was only 3 blocks in front of us to begin with. As we toured the campus David and Terry Carlman encouraged Texas A&M to "gig 'em Aggies!"

Then the Capitol and home a bunch of tired but happy boys. Accompanying us were Stanley Williams, Jake Young, Bobbie Sutton, Terry Carlman, Jerry Carlman, Mills Tandy, Tomas Lopez, Orville Paulk, Jonathan Burton, Thomas Purdom, Melchior Cardenas, Ciko Cervantes, the coaches, Mr. Moody and me.

THE SENIOR TRIP

Today a group of 31 seniors, 2 sets of parents, and the Senior sponsors left for Galveston on their Senior Trip. The parents who went along were Mr. and Mrs. C. O. Spencer and Mr. and Mrs. James Baggett. The sponsors were Miss Moore and Mr. and Mrs. Brentz.

Friday will probably be spent swimming and looking around Galveston. Friday night they will go to Houston for an evening of dining and dancing at the famed Shamrock Hotel. Saturday will be spent fishing, swimming, and just loafing. Sunday will be the day for that long trip home.

Sometime Sunday evening the group will arrive in Ozona.

We each sincerely hope that they have a wonderful trip, but knowing the 1956 Seniors, it is safe to say that they will.

Saturday at 6:00 a. m. the shop boys that are entering an exhibit in the A. C. C. Field Day will leave Ozona for Abilene. The purpose of these various field days scattered throughout Texas is to pick entries for the Ford Foundation Contest. In 1954 we had two winners, but due to the stiffer competition we have not had a winner during 55. This year we should have better luck since we have several nice entries.

They will leave at 6:00 Saturday morning and arrive at 9:00. After registration their entries will be judged and then there is a luncheon honoring the winners. The afternoon is taken up with exhibits from companies and demonstrations of their products.

We have entered several jewelry boxes and etched trays. Joe Beetman, Scotty Moore, Donald McCaleb and Jerry Carlman along with several Junior High Boys will accompany Mr. Wimberly. Good Luck.

1956 STYLE SHOW

Last Tuesday night the annual style show put on by the Homemaking classes of both high school and junior high school was held in the high school auditorium.

This year the show began with a new feature. Some of the girls modeled the wool suits they had made during the winter. The commentator for the show was Carol Blackstone, who then turned the show over to the commentator for the rest of the evening Susie Schneemann.

You saw almost any kind of dress you could want. There were casual cottons, suits, linens, after-five dresses, and as a climax to the whole evening formals.

The theme of the show was a garden of roses. The girls came into the garden down a stairway where they entered into a virtual garden with flowers and the lacy wrought iron furniture. Very striking wouldn't you say.

As you know everyone of the dresses was made by the girls. So some of them must have put in some hard work. But we all know and appreciate the hard work of Mrs. Hall, our homemaking teacher.

But all in all it was a very successful show.

For general home repairs — Air Conditioners reconditioned and furniture repairs — Call Ted Doggett. Phone 290. 46-tfc

"That's odd. I get that feeling myself—that the income tax boys are choking me to death!"

Want to make "washables" last longer?
Find out about this startling RUB-FREE WASHING ACTION

Developed by Frigidaire, it gets clothes unbelievably clean without the wearing action of rubbing

NEVER in your life have you seen anything like it!
 Instead of stiff fins, jerking back and forth — instead of the rubbing and scrubbing and beating that is the old-fashioned way to get clothes clean — water alone does the whole laundering job. Thousands of lively surging currents of hot sudsy water search out every trace of grime and soil. So gentle, sheer man-made fabrics get the safe, piece-by-piece care of hand laundering — automatically. So thorough, even the dirtiest work-clothes come clean. Because of this unique RUB-FREE WASHING ACTION — washables last infinitely longer.

RUB-FREE WASHING ACTION
 Saves on washables — they last longer, so replacements aren't nearly as frequent
 Saves on soap and detergents — multiplies their cleaning power immensely
 Saves on water — Frigidaire Washer uses 13½ gallons less than some other automatics
 Saves on time — Frigidaire washing is faster. Rapidry Spin makes clothes dry quicker

Get in on this "Gold Tag" Special!
 Manufacturer's Suggested Price \$229.95
 Frigidaire WDS-56 Special Automatic Washer with clothes-saving Rub-Free WASHING ACTION
 Our "Gold Tag" Price \$184.95 to you only and your old washer

Myrtle Mae Everett, Dewey Campbell Wed In Baptist Ceremony

Miss Myrtle Mae Everett became the bride of Dewey Campbell in a single ring ceremony Saturday, May 5, in the Fellowship Hall of the First Baptist Church. The Rev. Troy Dale officiated for the ceremony between two tall baskets of pink gladiolus. Mrs. Batts Friend was organist.

The bride wore a navy blue linen suit with all white accessories. She carried a colonial bouquet of feather white carnations tied with tulle and satin streamers.

A reception was held immediately after the ceremony in the adjoining part of the Fellowship Hall. The bride's table was laid with a white cloth and centered with an arrangement of pink carnations. Alternating at the punch bowl were Mrs. V. A. Manahan, Jr., and Mrs. Tom Everett. Serving the cake were Miss Alena Faye Powers and Mrs. C. D. Yarholar. Mrs. W. T. Goodson presided at the bride's book.

After a wedding trip to Oklahoma and other points east the couple will be at home here in Ozona. Mr. Campbell is employed with Sinclair.

Out-of-town guests attending were: Mr. and Mrs. Walter Grimmer of Austin, Mr. and Mrs. C. E. Turner and Mr. and Mrs. George Bake of Pandale, Mr. and Mrs. Chris Grimmer of Del Rio, Miss Roxie Farrar from Crockett, Texas, the groom's parents Mr. and Mrs. John Campbell of Wetumka, Okla., Mrs. C. D. Yarholar, of Oklahoma City and Mrs. V. A. Manahan, Jr., of Hominy, Okla., both sisters of the groom.

Mrs. Campbell is the daughter of Mr. and Mrs. R. J. Everett of Ozona.

Mrs. W. T. Goodson, Mrs. Clyde Woodall, Mrs. Scottie Houston, Mrs. J. W. Powers and Miss Alena Faye Powers were hostesses at a tea honoring Mrs. Dewey Campbell last Thursday afternoon in the Baptist Fellowship Hall.

In the receiving line were Mrs. R. J. Everett, honoree's mother,

the honoree, Mrs. Tom Everett, Sr., and Mrs. Harry Friend.

The tea table was laid with a white Italian cut work cloth and centered with an arrangement of pink carnations in a cut glass bowl flanked by white candles. Miss Alena Faye Powers and Mrs. Jack Brewer alternated at the punch

bowl and Mrs. J. W. Powers served the cake.

The gift tables were laid with pink organdy over white and tied at intervals with tiny corsages of pink roses. Hostesses for the gifts were Mrs. Clyde Woodall, Mrs. Tom Everett, Jr., Mrs. Robert Cox and Miss Jeannette Trotter. O-

ther members of the house party were Miss Ladye Everett, sister of

the honoree, Miss Mary Lou Johnigan who furnished background music, and Mrs. Floyd Moss who presided at the bride's book.

Approximately 45 guests attend-

Mrs. Robert Cox and Miss Jeannette Trotter were hostesses at a surprise lingerie shower and theatre party for Miss Myrtle Mae Everett, bride-elect of Dewey Campbell, on Tuesday, May 1st, in the Cox home. After the opening of gifts, punch and cookies were served to approximately 18 guests.

HUBERT W. BAKER

For District Attorney, 112th Judicial District:

CONNELL ASHLEY (Re-election)

For State Representative, 78th District:

JOE BURKETT, JR. (Re-election)

3 TIMES FASTER

ONLY AUTOMATIC GAS WATER HEATERS KEEP UP WITH AUTOMATIC DISHWASHERS AND AUTOMATIC CLOTHES WASHERS

Automatic clothes washers need 30 or more gallons of hot water per hour at 160 degrees in addition to other hot water needs. Give your washer a chance... wash clothes clean and white... with an adequately-sized, fast water heater. Only gas has the speed to keep washers supplied.

Hot water, too, makes automatic dishwashers work. Gas gives plenty of hot water at temperatures up to germ-killing 170 degrees. Dishwasher manufacturers recommend high temperatures. Only up-to-date gas water heaters supply it at necessary speed.

Installing modern washers without installing modern hot water service is like installing a TV set without an antenna. You must have adequate high-temperature water to get your money's worth out of either automatic clothes washer or dishwasher. Only gas supplies it—it's three times faster. Let us advise you on your particular hot water requirements now.

ONLY Gas AUTOMATIC WATER HEATERS GIVE HOT WATER 3 TIMES FASTER

Final Reports Heard At Luncheon Meeting Of Woman's Club

Mrs. Stephen Perner was hostess to members of the Ozona Woman's Club at its Spring luncheon Tuesday. Co-hostesses were Mrs. John Bailey and Mrs. A. C. Hoover.

Miss Mildred Ralston was leader of the program, "Blow Out the Light," a wind-up of the club's year. Reports of officers were filed and committee reports were heard. Mrs. L. B. Cox, Jr., president, read the president's report which scored 95 points and won first place in the District Convention. Committees which headed the club sponsored cancer drive here, reported the total contributions

\$229 here. The club voted to study Texas next year. Mrs. James Childress provided piano music, playing In-ermezzo by DeVenne; Blue Room by Rogers, and Memories Are Made of This by Gilkyson, Dehr and Miller.

The club will wind up its program year with a picnic honoring husbands at 6 p. m. May 22 at the L. B. Cox, Jr., ranch home.

Present for luncheon were Mrs. W. R. Baggett, Mrs. John Bailey, Mrs. Ira Carson, Mrs. L. B. Cox, Jr., Mrs. J. A. Fussell, Mrs. N. W. Graham, Mrs. W. N. Hannah, Mrs. S. M. Harvick, Mrs. J. M. Henderson, Jr., Mrs. A. C. Hoover, Mrs. E. B. Ingham, Sr., Mrs. Stephen Perner, Mrs. Max Schneemann, Mrs. Charles Williams, Sr., Mrs.

Taylor Word, Mrs. Floyd Henderson, Mrs. Bailey Post and Miss Mildred Ralston.

Mr. and Mrs. John Bryant, former Ozonans who now live in Ft. Worth, visited friends here last

week. Mr. Bryant was formerly employed in the Foxworth Galbraith lumber company. Mrs. Bry-

ant is the former Leta send, daughter of Mr. L. E. Townsend of Cooper

THERE'S A POWERFUL DIFFERENCE

... between an Oldsmobile 88 and the other lower-price cars!

You know you're in a big car... from the way it rides and handles! With your first touch on the accelerator—that 230 h.p. Rocket Engine* answers with all its winging getaway and go!

And what flashing performance in the middle ranges! The Rocket is designed to give you full benefit of high torque—340 pound-feet at normal engine speeds. That means there's always plenty of reserve power—when you want it, when you need it for safety's sake.

This rugged Oldsmobile "88" is built to take all that power, too! For instance, there's an extra-rigid, five cross-membered frame to give you ideal, shock-absorbing balance.

Economy? Well, Oldsmobile's "88" (and the Ninety-Eight, too) took top honors in the recent Mobilgas Economy Run!

There's a powerful difference, all right! Both in the car, and in our quality-minded way of doing business. So come on in now. Take the wheel of an Oldsmobile. Rocket away... today!

Make a Date with a Rocket and see!

R the truth about the cost of your prescription

When you hear someone complain about the cost of today's prescriptions, the chances are they are considering only a few of the facts. It's true that twenty years ago prescriptions cost less—but they did less.

Today's wonder drugs, developed through modern medical research, actually do more to destroy disease-causing germs or to stimulate natural body processes. They often bring rapid, complete recovery from disease with a single "expensive" prescription! They may save you misery, discomfort, lost income—perhaps your life.

Yes, your prescription really costs little because it does so much!

The Ozona Stockman

The Thunderbird's own record-setting 312 cubic inch engine can now be yours in most Ford models.

Ford goes First...with the 225-h.p. V-8

Now you can have a 225-h.p. engine with **Fordomatic Drive** for less than the top engine in any other low-priced car with ordinary standard transmission!

Until you slip behind the wheel and sample the sizzle of a 225-h.p. Ford V-8 for yourself, the best thrills in motoring are still ahead of you. For this mighty engine delivers performance that will set your spine a tingle... performance that will recapture again the fun of driving... performance that keeps Ford the world's largest-selling V-8!

Truly Ford goes first with this 312 cubic inch engine—largest ever offered in a low-priced car. Yet, even teamed with Fordomatic, it costs less than top engines in other low-priced cars with just standard transmission!

sign, too. For example, there's the deep-center structure of the steering wheel that helps to protect your chest in case of accident... double-grip door latches to reduce chance of doors opening under impact.

As for looks, every '56 Ford took its styling inspiration from the Thunderbird. They're the most glamorous cars in Ford's field.

In economy, too, Ford goes first. In the 1956 Mobilgas Economy Run, a Ford V-8 beat everything in its class—including Sixes as well as Eights. Come in now for a thrilling Test Drive. When you return you'll understand why Ford is the V-8 with the biggest following.

In Performance... Safety
... Economy

FORD goes first

Now! An air-conditioned Ford costs less than many medium-priced cars! Try one today!

Talk about camels... you should see **ENNOX Air Cooled** CENTRAL AIR CONDITIONING needs no water!

no problem with the new Ennox air-cooled central air conditioning. Amazingly efficient, it cools your entire home, using the economical method as when refrigerator. No need for cooling tower or expensive piping. You can have it now—only a few dollars down, several months to pay.

YOU MAY ALREADY OWN HALF OF A YEAR-ROUND AIR CONDITIONING SYSTEM, if you now have central forced air heating. See us and find out!

Evaporation Loss —
(Continued from page one)

bring back springs and seeps even during drought years. One rancher in that district had a seep to start running again after deferring his pastures in the watershed to get the better grasses back and by turning an old field back to grass.

Structural measures to control excessive floods and management of grasses to get the most economical use of rains that fall are steps toward a well balanced conservation program devised for the purpose of getting a sustained and higher production from our great lands.

Hardeman —
(Continued from page one)

provisions of the constitution, a treaty becomes the supreme law of the land, above any domestic law of the federal government or of the states. The Bricker amendment would limit the effectiveness of treaties to international obligations and place domestic or internal affairs above treaty provisions.

As an example of the effect of law by treaty, Senator Hardeman cited the executive agreement between President Roosevelt and then Russian ambassador Litvinoff which abrogated property rights in the state of New York. Another example, he cited, was that in which an early Congress attempted to pass a law controlling migratory birds, which was declared unconstitutional. An international migratory bird agreement with Canada was entered and the same law which had previously been declared unconstitutional was declared effective under the terms of the treaty.

ADVERTISED — A SELL OUT!

T. A. Kincaid, Jr., breeder of registered Rambouillets, this week ordered discontinued the little reader ads he has been running in the Stockman for the past few weeks on registered rams. "All sold out," says Kincaid, except for a limited number of range rams. "Will have some more next year, and I'll be depending on Stockman ads to help sell 'em."

MUSIC CLASSES—Wood Music Center of San Angelo is sponsor of a weekly class in Guitar and Accordion playing to be conducted here each Thursday by A. L. Lasater, above, who has been conducting such classes in San Angelo for the past six year. Mr. Lasater is a music major from T. C. U. The classes will be in an up stairs studio at the Ranch Theatre building, beginning at 8 a. m.
