## New County Salary Schedule Is Fixed; Four Given Raises

Salaries of county officers were  
fixed, as required by law, at the  
January meeting of the Commis-

Four raises in salaries were ef-  
fected by the new action, that of  
the county treasurer, from \$2,500

## Paving Planned For Lima Addition; Rules For Paving Outlined

Paving for five streets in the  
Lima Addition, Latin-American a-  
rea of Ozona, has been ordered by  
the county to be completed during  
the year 1957. No curbing will be  
done unless it is financed by prop-  
erty owners.

The Commissioners Court set out  
rules of paving in Ozona proper  
and additions to the town. Under  
these rules the county will do no  
curbing work nor be responsible  
for such work. All curbing must  
be done by property owners.

The county will pave any street  
if all property owners will enter  
into an agreement and pay for the  
curbing and for paving materials  
used, which will cost 50 cents per  
square yard. All driveways paved  
for individuals will be done at a  
charge of 75 cents per square  
yard. No part of a block will be  
paved until all property owners  
on both sides enter into a paving  
agreement and pay for the paving  
and curbing. Special hardship cas-  
es will be studied by the court and  
decided each on its merits.

## Lions Top Menard To Open District Race Tues. Night

### Fans Given Thriller In 56-54 Win In Dist. Opener

By Ernie Boyd

The Ozona Lions opened their  
1957 district race Tuesday night  
with nerve shattering 56 to 54 win  
over a strong Menard five that did  
did not give up until the buzzer  
brought an end to the contest.

Jerry Jacob's rebound bucket  
following a missed free throw with  
23 seconds to go proved to be the  
winning margin in a contest that  
saw both clubs come from behind  
to claim sizeable leads and then  
lose them.

Bobby Vargas and Jake Young  
led the Ozona attack with 16 points  
apiece but the game's high scorer  
was Temple Yates of the Menard  
club who counted twenty - two  
points mostly on long corner shots.

Only a few Ozona fans turned  
out for what proved to be one  
of the best games the Lions have  
had in district play here in several  
years.

Ozona jumped into the lead in  
the first quarter as Jake Young  
and Rod Franklin led the attack  
built up a 15 to 7 margin in the  
first quarter, but the Yellow Jack-  
ets got as hot as a machine gun  
barrel in the second quarter to  
pull into a 30 to 23 lead at the  
half.

Ronnie Pollard, Temple Yates,  
and Huston McCoy were the big  
gun in the attack which rattled  
the defense and hit with amazing  
accuracy from the floor.

Coach Suede Pelto changed both  
defensive and offensive tactics in  
the second half and the Lion de-  
fense proved a puzzle to the vis-  
itors as the Lions on the heels of  
Young's and Vargas's shooting  
overtook the visitors. From the  
middle of the third quarter until  
midway of the fourth period the  
score was tied on almost every  
other shot.

Stanly Williams and Bobby Sut-  
ton both of whom had been al-  
most blanked until mid-way of the  
third period, found the range and,  
with Vargas and Young, the four  
forged the Lions into a six point  
lead with 3:25 to go in the last  
period. At this point the Lions  
started to freeze, Mohler and  
Yates, however, managed three  
long shots to come within two  
points as Jacobs sandwiched his  
winning shot in between Yates'  
two fine goals.

The Lions next district contest  
will be the Sonora Broncos here in  
Ozona next Tuesday night.

Ozona: Franklin 3-0-6; Williams  
3-0-6; Young 6-4-16; Sutton 3-0-2;  
10; Vargas 8-0-16; Jacobs 1-0-2.  
Totals 24-8-56.

Menard: Yates 10-2-22; Mohler  
3-0-6; McCoy 4-2-10; Pollard 4-0-  
8; Lergett 0-2-2; Totals 23-8-54.

In the B game the Ozona B team  
took a thrilling 34 to 30 win over  
the Menard B team.

Jim Williams led the Ozona B  
team and was the game's top scor-  
er with 9 points but was closely  
followed by David Sikes of Ozona  
and Bob Castleman of Menard who  
had 8 points.

Menard jumped into an early  
lead but the home team began  
to hit and pulled away to a lead  
that was as high as 10 points at  
times only to have to stave off a  
late Menard rally which reduced  
the winning margin to four points.

## All Dist. Grid Teams Honored At Annual Banquet

### Coach Weaver Lauds Athletics As Build- er Of Men

Texas Tech Head Football Coach  
DeWitt Weaver praised the athlet-  
ic programs of elementary and  
high schools as the best move to-  
ward a nationwide youth develop-  
ment program in America when  
he delivered the principal address  
at the annual All District banquet  
staged by the Ozona Lions Club  
Monday night at the school cafete-  
ria to honor the player selected  
for 6A All-District honors this  
year.

Engraved certificates were pre-  
sented members of the all-district  
offensive and defensive teams by  
Lion President J. A. Pelto, master  
of ceremonies, assisted by Vice  
President Howard Lemmons. Four  
members of the 1956 Ozona High  
School Lions were among the all  
district selections, Bobby Sutton,  
Jess Marley, Jr., and Jake Young  
were selected for positions on  
both the offensive and defensive  
squads while Roy Glen Sutton was  
picked for a spot as defensive line  
backer.

Coach Weaver said that he and  
his staff tried to select players  
with three kinds of bones, funny,  
humor, and backbones. A sense of  
humor, a desire and determina-  
tion to win and backbone to do  
it he called essentials for a suc-  
cessful competitor. Coach Weaver  
spoke a word for athletic scholar-  
ships in colleges as a means of  
encouraging boys of athletic abili-  
ty to get an education. Nearly any  
boy, he said, could make his own  
living in college if he put as much  
time into it as a boy does who

## 16 Teams Set To Go In 26th Ozona Cage Tournament

### Ozona-Stockton Game Tonight Chief Home Fan Attraction

By Ernie Boyd

The twenty-sixth annual Ozona  
Invitational Basketball tourney o-  
pens at Davidson Gym this after-  
noon with sixteen teams competing  
for honors in the meet.

An attractive card of games is  
scheduled for tonight with Ozona's  
meeting, Fort Stockton at 7:30 be-  
ing the chief home attraction, but  
with the Big Lake vs Wall contest  
at 8:40 and the Rankin vs Eden  
contest at 6 p. m. providing some  
good basketball for the fans.

The Reagan County Owls will be  
big favorites to cop their third  
tourney title this year as they  
have already won their own tour-  
ney and the Del Rio meet.

Even though there does not seem  
to be a real threat to the Owls  
copping the title, the Big Lake  
crew has had big trouble with  
several teams who are entered and  
an upset would not be too sur-  
prising.

The battle for runner-up, third  
place and consolation seems to  
be wide open as one of the best  
balanced fields in years will be  
made up with the other fifteen  
ball clubs.

The Ozona vs. Fort Stockton  
game promises to be a real battle  
with the invaders ruling favorites  
due to their victory over the Lions  
in the Big Lake tourney two weeks  
ago.

In Wall, Big Lake will be pick-  
ing on one of the area's best class  
B teams and might run into big  
trouble if they are not up to a real  
effort. Wall holds victories over  
Menard and Eldorado and should  
they lose in the first round would  
be favored to cop the consolation  
while a victory would brand them  
as title favorites.

The Friday sessions will get un-  
der way at 8 a. m. with Iran and  
Menard meeting, followed by Ma-  
son and Rock-springs in the last  
game of the first round. Afternoon  
action on both Friday and Sat-  
urday will get under way at 1:20  
with the night sessions getting  
started at 6 p. m.

#### DUSTING THE GUEST ROOM

Expectations are that Washington soon will roll out the red carpet for the urbane, aristocratic son of a lady from Spencer, Ind., who is now Prime Minister of Britain. Harold MacMillan, formerly Chancellor of the Exchequer, and believed to be the choice of Winston Churchill for the top job, was a World War II buddy of General Eisenhower.

Could be that Mr. MacMillan was selected to succeed the ailing Sir Anthony Eden because of the importance of smoothing official US feathers, ruffled by the Egyptian invasion. But perhaps he was chosen over Richard A. Butler, Lord Price Seal, for less political reasons. For one thing, the shift will be simpler for the MacMillans. They have only to move next door, from Number 11 Downing to Number 10.

It will be hard, too, in dealing with America, to have as a counterpart of the Exchequer at the helm.

### Forum Gives \$200 To Hospital Landscaping; Plan Spring Style Show

A program on fine arts was enjoyed when the Woman's Forum met Tuesday in the home of Mrs. L. R. Cox, III, with Mrs. John Coates as assisting hostess. Program discussions were by Mrs. Beecher Montgomery and Mrs. Jim Ad Harvick.

Mrs. P. C. Fomer, chairman of the civic committee, reported that the landscaping for the hospital had been planned and some of the shrubs planted. The Forum agreed to contribute \$200 to this project.

Mrs. John Coates, corresponding secretary, read a letter from Mrs. Sam Logan from Saudi Arabia describing agricultural work being done by her husband there for the government.

Committees for the Spring Style Show have begun work. It was reported. Maurice Shop, Florence Hat Shop, Martha's Shop and Sawyer Jewelry, will furnish clothing and accessories for the show, which will be held in the North Elementary building.

Mrs. Brock Jones, projects chairman, reported that more than 100 children's books have been donated to the hospital. Under the club's youth conservation project, it was reported that Janice Walker won the doll that was dressed by club members as a fund-raising plan. Under this project, too, boys from Ross Ranch were entertained at the annual Christmas dinner.

Club members were asked to write State Representative Lee Burkett and Senator Donsey Hartman endorsing a law banning sale of fireworks in Texas and to recommend driver education courses in all high schools. The letter writers were also asked to enforce enforcement of the water pollution laws of the state.

Present were: Mesdames J. J. Fomer, III, Beecher Montgomery,

#### All Livestock Open On Stronger Basis

Fort Worth — Cattle and calves opened on a strong to 50 cents higher basis at Fort Worth Monday, with some high grade killing calves 50 cents to \$1 higher. Heavy-weight fed slaughter calves were up more than \$1 in spots.

The abbreviated supplies brought all interests into the trade actively and cowmen and cattle feeders had the most gratifying session in more than a month.

Comparative prices: Good and choice slaughter steer and yearlings \$16.00 to \$20.25; numerous loads in the \$18.00 to \$20.00 bracket, including a load of 1,126-pound fed heifers from the Exum Ranch Co., of Dalhart, that topped at \$18.50. Lower grade killers sold from \$10 to \$15.

Good and choice slaughter calves \$15.00 to \$18.00, with some heavyweights in the \$17.00 to \$17.75 bracket more than \$1 above last week's low close on that type. Lower grade slaughter calves drew \$10.00 to \$14.50, a few culls less. Good and choice stocker steer calves \$16.00 to \$19.00, heifer calves \$17.00 down for stockers. Steer yearlings \$17.50 down.

#### Lambs Open Strong To 50 cents Higher, Top \$18.00

About 5,700 sheep and lambs, 90% of them lambs, arrived at Fort Worth Monday. This was about 2,500 fewer than a week earlier and the trade was brisk at strong to 50 cents rates. Good and choice slaughter lambs sold from

# MERCURY BOOSTS PRODUCTION TO A MERCURY A MINUTE TO MEET DEMAND

A record 40,000 Big M's being built in January... a 43% increase over December.

A Mercury a minute, every minute of the day and night! All Mercury assembly plants are working overtime with the largest work force in Mercury history to meet the tremendous buyer demand. The landslide swing to Mercury is solid evidence that the new Big M is the most exciting car value of 1957. Never before has so much bigness and luxury cost so little. Prices for America's most beautiful and advanced car are just an easy step above the low-price three.

### The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, Jan. 19, 1928

A deal involving a consideration of nearly a half million dollars was closed here Friday night whereby a quartet of Crockett county ranchmen, including J. C. Montgomery, Roy and Floyd Henderson and Walter Childress became owners of 94,280 acres of land in Pecos county, purchased from the Scharbrauer Cattle Co. of Midland. Each of the four men will get approximately 30 sections out of the 147 section total purchase, the quartet planning to dispose of approximately 30 sections purchased jointly. The land was purchased at \$5 an acre.

With the transfer on Jan. 1 of the ice business in Ozona to the West Texas Utilities Co., a local corporation which has supplied Ozona with water, electric lights and power and ice for many years, was relieved of all of its duties with the exception of that of furnishing water, and J. R. Kersey, who has for many years been in active management of the business, has tendered his resignation effective Feb. 1. Miss Dixie Davidson will be in charge of the water company affairs in the future. Judge Chas. E. Davidson, president of the company, announced.

Between 100 and 300 men, crews of the West Texas Utilities Co., highline construction division, will make Ozona headquarters for the next four months. The crew is engaged in construction of a high-line between Ozona and Sheffield and when this is completed will begin construction of a line to Sonora from where it will be extended to Comstock.

A thorough job of cleaning, grooming and beautifying the city park will be undertaken in a short time under the supervision of a committee from the Commissioners Court. An order for beautification of the park was passed by the court in session this week and a committee composed of Commissioners J. M. Baggett and Wm. Odom was named to supervise the work.

The new office building and ice plant of the West Texas Utilities Co. was officially opened Monday morning after the local force had moved into the new quarters over Sunday. Otho Drake, local commercial manager, and Tom Onstott, plant manager, established their office quarters in the new structure Sunday.

M. R. Showalter, former secretary of the Chamber of Commerce at Berger, has been named justice of the peace at Crockett County's newest oil town, Grube. Mr. Showalter is attorney for the Marland Oil Co. John Swanberger has applied for appointment as postmaster at Grube.

The county well which supplies water for the jail, courthouse, etc. will soon be equipped with an electric motor for pumping, replacing a gasoline motor which has been in use for many years.

Twenty sections of land out of the E. M. Powell estate along the Sonora-Ozona road about 18 miles

from Ozona have recently been sold. Mrs. Mallie M. Jones of San Angelo took six sections, Dr. A. W. Clayton of San Angelo five, and Lee Henderson of Ozona nine.

Mr. and C. C. Montgomery and children, Willie Sue and Gene, were in San Angelo Saturday.

Mrs. W. J. Grimmer underwent an operation in a Temple hospital Friday.

A recent jail delivery in which a prisoner in the Crockett county jail tore through the sheet iron ceiling and to liberty through a skylight has prompted the Commissioners Court to order a new steel ceiling for the jail.

Joe Oberkampff has returned from Chicago where he spent several days buying an entire new stock of furniture for his local store.

A proposed through bus line from San Antonio to the Davis Mountains filling station, there to

connect with a line to El Paso received the endorsement of the executive committee of the Sheep & Goat Raisers Assn., in called session here Saturday afternoon.

Crews of workmen under the State Highway Department and Crockett county started Monday morning on the work of completing the grading and clearing of the block on Broadway in front of the West Texas Utilities building, left torn up after a foot of the hill had been blasted away to level the street.

More than 40 American flags mounted on 10-foot poles were sold by members of the local Boy Scout troop this week to business men for decorating the downtown section on holidays and special occasions.

It didn't take the members of the U. S. House of Representatives long to find the "hopper" in the 85th Congress.

The "hopper" is the receptacle in which new bills are placed to begin their journey down the legislative road. The House was in session only 113 minutes during the opening day — always set aside for oath-taking and little else — but a total of 2,134 bills found their way into the hopper. This meant an average of almost 20 bills per minute, or one every three seconds.

First five bills introduced covered federal aid to education; increasing the diversion of water from Lake Michigan into the Illinois Waterway; establishing rules of interpretation governing questions of the effect of acts of Congress on State law; increasing certain civil service retirement benefits, and authorization of the construction, operation and maintenance of the Hells Canyon Dam on the Snake River between Idaho and Oregon. Many major measures hit the hopper opening day, as did 622 private bills.

This early flood of bills which topped last year's opening day by about 300, indicated to me that many of the Congressmen spent some time talking with their constituents during the recess. Although it is not generally admitted, the people back home inspire and direct the introduction of bills through their suggestions. Of course, these suggestions range from wonderful, sound ideas to perfectly foolish, impractical suggestions and a few "selfish-interest" measures. But the majority of such suggestions are sound, and, at the least, give Congressmen food for thought in preparing their legislative calendars.

Committee assignments are all made at this writing, but little work has been done. It is customary to wait until the President's State of the Union message has been delivered before real work commences. Now that this is out

of the way, we may look for the Committees to begin grinding out legislation and sending it to the floor for consideration.

By the way, the fact that a bill has been introduced certainly does not mean it will be enacted into law. For instance, during the 84th Congress, more than 18,000 bills were introduced, yet less than 7,000 public laws were enacted.

You've heard the story about the man who bit the dog, of course.

In reviewing the Ike-Dulles turn-about foreign policy; the switch by Senator Wayne Morse, who holds the Senate filibuster record, from his old position to a new position in favor of killing filibusters; and in noting that Vice-President Richard Nixon, who used to attract only ultra-conservative support, is now becoming the darling of many liberal groups. It occurs to me that it is not so much the horse that has changed, but the riders. You might say some horses have been doing some "man-trading."

Occupational note: Screening authorities at Camp Kilmer, N. J. found the occupation of most early Hungarian refugees landing there to be taxi-driver. Explanations: when trouble started, the cab-herders had means of getting across the border without delay. Added note: Washington drivers are squawking fear many of the refugees will show up here to drive competing cabs. This is possible since Washington is one of the few cities in the nation that does not place a limit on how many cabs may be in operation at a given time.

Inauguration coming up, and while a good crowd is expected, a "slump" is expected over the 1952 madneess which prevailed when President Eisenhower was first inaugurated. One possible explanation: first-time inaugurals always attract many people who are in Washington making "contacts" for possible jobs within each new administration. Capitol Hill old-timers recall the frantic rush for tickets four years ago, remark on comparative calm for the second inauguration of Ike. Some 10 days away from the event, hotel rooms, while difficult to get, are still available. Four years ago, they were gone 'way before Christmas.

Thought for the week: Remember that a Government big enough to GIVE you everything you want, is big enough to TAKE everything you've got.

LADIES GOLF ASSN.

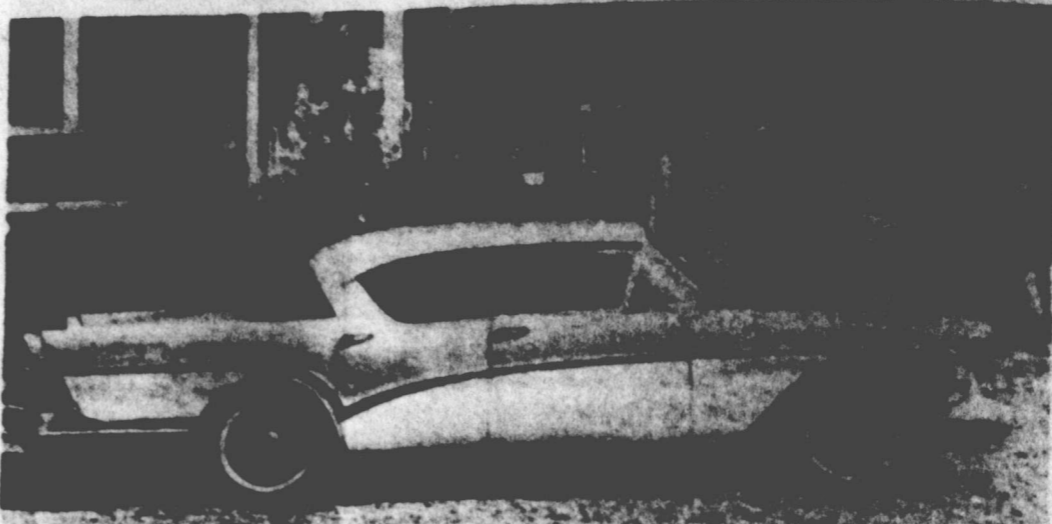

The Ladies Golf Association met last Thursday afternoon at the country club. It being a cold day, everyone played bridge. Mrs. Bill Cooper was bridge hostess. High score was won by Mrs. Dempster Jones, second high by Mrs. J. S. Pierce, III, and bingo by Mrs. Batts Friend. Others attending were Mesdames Jess Marley, Victor Pierce, John Childress, Charlie Black, Byron Williams, Joe Pierce, Jr., Hillery Phillips, Lefty Walker, Sherman Taylor, Bryon Stuart, Marshall Montgomery and Sid Millspeugh, Jr.

New Dream Car Styling for Buick

The classic design of Buick's new dream car styling for 1957 is exemplified in the Super four-door hardtop with its low silhouette and racy lines. Powered by a 300-horsepower V-8 engine, with 14-1 compression ratio, the Super is one of the most agile cars on the highway. Bigger panoramic windshields, roomier bodies and a completely new chassis are featured on all new Buicks. Buick's variable pitch Dynaflo transmission and power steering are standard on the Super.

HIGHLIGHTS AND SIDELIGHTS From State Capitol By Vern Sanford Texas Press Association

Austin, Texas — Texas' 55th Legislature is down to business with a "first things first" agenda.

House members agreed to Speaker Waggoner Carr's plea to give top priority to appropriations. A \$2,000,000,000 appropriation bill is proposed by the Legislative Budget Board. It would require no new taxes. But it does not include such strongly-backed items as the teacher pay raises.

Members of the House Appropriations Committee, headed by Rep. Max Smith of San Marcos, already have begun their dollar-by-dollar deliberations. Said speaker Carr, as they began, "You are the key to the whole session."

A host of other controversial problems will be pushing for attention. Among them:

1. Long-range, state-wide water conservation. Sen. George Parkhouse of Dallas, chairman of U. S. Water Resources Committee, is asking for prompt action. Sixteen bills, two constitutional amend-

ments were presented by the committee.

2. School integration. Rep. Joe Chapman of Sulphur Springs circulated a Texas Manifesto which pledged signers to support legislation to help preserve school segregation.

3. Election code revisions. Rep. Joe Pool of Dallas proposes a law requiring a run-off top candidates in special election for U. S. senator and congressman-at-large. He wants it passed on an emergency basis to apply to the upcoming race for Price Daniel's place. Republicans are protesting vigorously.

4. Lobby control and legislative ethics. Rep. Zeke Zbrank of Daisetta says he will introduce a bill requiring lobbyists to file monthly financial reports.

New Era — Secretaries will be heard, but not seen, this session. This and a number of other innovations are being tried out by the 55th Legislators.

Formerly the lawmakers' secretaries, usually including many University coeds, were on and off the floor all during sessions. House members' secretaries had no desks of their own.

Now the house secretaries have basement offices. Their employers have new private telephones to call their secretaries, other law-

makers' desks and console themselves up from 90 to 800 House, from 812 Senate. Both are a week.

Even so, many explored the passing of a beauty parade.

Government regulations and heavy tax programs are destined to be a part of the American way of doing business for a long time. For that reason, it is more important today that every business keep accurate records of its operations.

The ranch business is no exception. With the stiff federal taxes, you will want to take advantage of every saving item in your expense account and at the same time have clear and convincing records available for inspection by tax agents to prove up any item on your income tax return.

Start now to keep a complete record covering all operations in your business with the Stockman's RANCH RECORD BOOK. Your cancelled checks or your present records can be transcribed to this handy record book, together with your income and inventory records and you can have your entire record in a simplified form contained in one volume.

Many economically-operated insurance companies are in a position to charge rates substantially lower than those of companies with more expensive types of operation.

Thus, it will mean that the insurance buyer can shop around and get the best buy for his insurance dollar—something he cannot now do.

More importantly, it will mean that the careful drivers will no longer have to subsidize the careless driver.

Phone 210 - We'll Save One For You

Are you as wise today as you were in '47?

Every Savings Bond you paid \$75 for 10 years ago

is worth \$100 today... will be worth \$124.65 in 10 years more.

Safe as America — Buy U.S. Savings Bonds

If you hold U. S. Series E Savings Bonds that mature this month you can give yourself a pat on the back for the wise buy you made. For every three dollars you invested in 1947, you have four dollars now. (And, had you spent that money 10 years ago, chances are whatever you bought would have been long since worn out.)

Today you can be even smarter. All you do is just hold onto those Bonds. Keep them for another ten years and you'll get \$1.80 for every dollar you put into them. For example, a Bond you bought for \$37.50 will pay you back \$67.34! And the best part of it is you don't have to do anything but keep your Bonds. No papers to sign. Not even a visit to the bank is necessary.

Remember this, too! Savings Bonds are one of the safest investments you can make. Your principal is guaranteed safe up to any amount—and your rate of interest is guaranteed sure — by the United States Government.

So keep the Savings Bonds you have now and add to them either through Payroll Savings or by buying Bonds when you regularly bank.

### EDITORIAL:

One of the biggest annual events of our school, comes this week — the basketball tournament! Also, I guess this is about the biggest responsibility we have. About 175 people will come to Ozona during this three day period from other towns. When they leave, the impressions of our school and town go with them; to be spread far and wide. Thus, our school gets a reputation — good or bad, though it be.

Why not make it your personal responsibility to see that Ozona is known for being the friendliest, best-behaved and best sportsman-like school in the state?

A good impression goes a long way — so does a bad one.

### FORGIVE ME WHEN I WHINE

Today upon a bus, I saw a lovely maid with golden hair; I envied her — she seemed so gay —

And Oh, I wished I were so fair. When suddenly she rose to leave, I saw her hobble down the aisle; She had me foot and wore a crutch. But as she passed, a smile. Oh God, forgive me when I whine;

I have two feet — the world is mine. And when I stopped to buy some sweets.

The lad who served me had such charm. He seemed to radiate good cheer.

His manner was so kind and warm.

I said, "It's nice to deal with you. Such courtesy I seldom find."

He turned and said, "Oh thank you sir!"

And then I saw that he was blind.

Oh God, forgive me when I whine;

I have two eyes — the world is mine. Then, when walking down the street, I saw a child with eyes of blue. He stood and watched the others play;

It seemed he knew not what to do.

I stopped a moment, then I said: "Why don't you join the others dear". He looked ahead without a word.

And then I knew; he could not hear.

Oh God forgive me when I whine I have two ears — the world is mine. With feet to take me where I'd go. With eyes to see the sunset's glow. With ears to hear what I would know;

I'm blessed indeed. The world is mine;

Oh God, forgive me when I whine."

### A COACHES' CONDITION HOW COACHES GET THAT WAY

As a general rule coaches are walking hospitals. When I say walking I do not mean to be taken literally, for most of them either ride or hobble.

To be a good coach requires that you give your all, and as most coaches played college sports they started giving at an early age. Then came their coaching careers. During the first four years they lose their hair, that or the fact that it is silvery white is one of the factors of their odd appearance. Ulcers follow next, and come next, then comes a condition peculiar to the coaching profession, deafness, usually this is the result of no ears, the ears having been talked off by Monday Quarterbacks.

Then quickly they lose their

finger to some opor player. They now have no vocal cords, not because of their constant screaming, for a coach has vocal cords of stainless steel, but because of high temperature, you know ... breathing flames.

All that is left now is blindness, the result of millions of flash-bulbs, no lungs caused by cigar smoke, the cigars having been smoked while lecturing to players about smoking, and no feet the result of pacing.

In fact it is so bad you should have mercy, put a dime in one of their cups when you walk down main street someday.

### Eastern Star School Held In Rankin Hall

Amid a scene of brilliant colored lanterns and multicolor diamonds, the Eastern Star Chapters of this section held their annual Eastern Star School in the Rankin Park Building, Monday of last week.

Named the Lamplighters School, the theme was carried out with lanterns fashioned in the colors chosen for her year by the Worthy Grand Matron, Mrs. Pauline Smith of Lubbock, with rays of the candles pointing to the milestones for the year spelled out in silver letters.

Lanterns in star point colors with multicolor diamonds and silver icicles formed the overhead decorations with a huge diamond bordered with lovely blue corsages and bearing the name of the school in silver letters on the heliotrope background stood in front of the speaker stand.

The banquet tables were centered with arrangements of silvered pine with orchid and blue fluff candles and streamers of nylon net. Favors were miniature lamp posts with a diamond as the flame. The diamonds were in recognition of the Diamond Jubilee year and the lamp posts and lanterns taken from the symbol used by the Worthy Grand Matron.

In this beautiful setting those present enjoyed the instructions brought by Mrs. Jerry Greeson of Victoria, District Deputy Grand Matron, and demonstrated by Mrs. Pauline Smith, Worthy Grand Matron, Myrna Holman of Rankin, Deputy Grand Matron, and the officers of the day. Mrs. Thelma Bennett of San Angelo, Grand Examiner was in charge of the examining room. Mrs. Maudie Lee Allison was chairman of the group assisting Mrs. Bennett. Other Grand Officers present were Mrs. Alma Jones of Iraan and Mrs. Johnnie Donaldson, Sterling City, both Deputy Grand Matrons.

Those attending the school and fraternal visit from Ozona were Mesdames Jerry Sikes who filled the station of Adah, Louise Taliaferro, Pearl Brewer, Lucretia Lockett, Maudie Lee Allison, Dorothy Henderson, and Vera Fussell, and Mr. W. E. Allison.

At the fraternal visit of the Worthy Grand Matron in the evening session, she was honored with a program, was presented with flowers in the star point colors, a miniature lighted lamp, and the officers gave a beautiful drill ending with all standing in the form of a diamond each holding lighted sparklers. Earlier she had been presented with a corsage from the section with leaves fashioned from bills in the sum of \$45. for her welfare program.

Other near-by chapters taking

part were Sonora, Eldorado, Menard and Ft. McKavett.

of his family, talked long and earnestly with the young ex-GI who is making an earnest effort to hang on to his little farm in the face of year after year of failing crops. He saw Block's little bunch of milk stock cows eagerly gobble up the singed leaves of prickly pear which he forked over the fence to them from a small pile he had purchased from a neighbor who was making his supply available to others in the area.

The party next stopped at the Earl Byrd ranch where the President saw Byrd and his ranch hands burning prickly pear for a bunch of mixed Brahma cattle and pouring out cottonseed cake, drouth emergency type, as a supplemental feed. President Eisenhower waded through the shoe-top deep dust of the roadside bar ditch with Secretaries Benson and Seaton, to shake hands over the fence with the rancher and question him about his last-stand operation to stay in business in spite of the drouth. Another stop was made on the Byrd ranch to witness a bunch of ewes being fed the singed prickly pear diet.

An unscheduled stop was made at the President's request when he saw a bunch of nice Angus cattle which had been bunched in a pasture along the roadside. President Eisenhower, who has Angus cattle on his Gettysburg farm, cast a practiced eye over the herd and asked a few questions of the owner before returning to the salmon colored Lincoln car provided for the trip.

More than 100 Texas Highway Patrolmen were assigned to the San Angelo area for the presidential visit and the entire 22½ miles of road over which the President toured was sealed off to all traffic and pedestrians, except the last four miles along which spectators lined both sides of the highway to get a glimpse of President Eisenhower.

Returning to the Air Base at 9:30, the President and his advisers went into a brief conference with agricultural leaders before boarding the Columbine at 10 a. m. for the next stop, at Woodward, Okla.

goes in for athletics, and the athlete, therefore, should receive some compensation for his effort.

A musical feature of the evening was a group of songs sung by Miss Elizabeth Pearson and Miss Geraldine Long, with Miss Cleona Quiet furnishing the piano accompaniment.

Supt. Brodhead of the Sonora school introduced Edgar Glasscock, Sonora-Ozona ranchman, who annually presents a good sportsmanship trophy which he sponsors. The sportsmanship award went this year to the Junction team.

"One of the contributing factors to good relationships between schools and their student bodies of this district is the promotion of good sportsmanship on and off the playing field," the Sonora superintendent said, "and the Glasscock award is an outstanding example of that effort."

The program ended with the showing of a film of the 1956 season football game between Texas Tech, newly admitted to membership in the Southwest Conference, to be a contender for the crown in 1957, and the Conference Cotton Bowl representative this year, the mighty T. C. U. Horned Frogs.
