## Reserved Seats Sale For Stadium

### Reserves Go on Sale As Price As Tickets

Reserved seat tickets for the fall season in Ozona will be on sale this week, L. B. T. Sikes, president of schools, announced.

Reserved seat tickets, in five tickets, one each for five home games, were on sale this week and a layout of reserved sections of the new grandstand was being prepared for opening sale.

Two new sections to be added to the west side of the grandstand before the season opens, the seating capacity of the grandstand by 440, the reserved seats has been this year over that of Mr. Sikes announced.

Sections in the west total of 676 seats, will be reserved for purchase this year. Each booklet of five tickets will sell for \$5, or \$1 admission, the same price as admissions at the gate. To buy the reserved seat will have the advantage of the same seat for each game and will not be obliged to go to the game to assure a

Ozona High School Lions will play their first two games away from home, the first game at Big Lake on Sunday afternoon, and the following week at Coahoma.

The first home game will be on Saturday, August 20 with the Fort Worth Panthers as opponents.

Two games will also be played at home, against the Iraan Lions on September 27 and against the Rankin Red Devils on October 4. The Lions will be away for their last practice game benching into district play, against the Sanderson Eagles in Junction on October 11.

The district play, the Lions will play the Sonora Bronchos here on October 18 and the following week will play again at home against the Eldorado Eagles. Then on October 25 will take to the road for their final two district games, against the Junction on October 25 and in Menard on November 1.

Fans who wish to buy reserved tickets are asked to call on the high school at their convenience.

Wildcat Tests in Crockett

Kimberlin of Midland has application to drill a 7,000-foot wildcat in Crockett county, 10 1/2 miles southwest of Ozona. It will be drilled as the No. 1 well.

Prospect on a 200-acre lease, in the west lines of 2-T J. J. survey.

Prospector is 2 1/4 miles east of Crockett field.

Arnot Jr. of Breckenridge has application to drill a 1,000-foot rotary wildcat in Crockett county, 2 1/2 miles northwest of Ozona. It will be drilled as the No. 1 well.

Prospect on a 240-acre lease, in the west lines of 2-T J. J. survey.

Prospector is two miles east of shallow production in Crockett field.

VISITS TO ACTIVE DUTY

Cecil F. Hedrick, Pfc. Ben Grubbs, Pvt. 2 Incarnacion Arroyo, Pvt. 2 Antonio E. Gomez and Army Reserve will leave on August 17, 1957 for Fort Polk, Louisiana for two weeks summer training with the 48th Brigade.

They will be on active duty for two weeks and then will return to their civilian life. All are active members of the Army Reserve.

## Ozona Boy Scouts Win Third Place in Iraan Swimming Meet Sat.

Ozona Rotary Club Troop 158, Boy Scouts, under Scoutmaster Gerry May and Troop Committee Chairman Kirby Moore, participated in the Permian Basin district Boy Scout Swim Meet at Iraan last Saturday.

The Ozona troop won third place in the Boy Scout division of the meet.

Ozona Scout participating in the contests were L. D. Long, Jr., Doug Moore, Bert Moore, Mike Stahl, Randy Mock, Greg Whisenant, Billy Cornelius, Darrell Ransberry, Bryan Montgomery, Donny Pearson and Jim Brock Hoover.

Explorers participating in the Explorer division were Howard Mock and Jimmy Doran.

In the Boy Scout division, L. D. Long won first place in the 25-yard elementary backstroke and third place in the 25-yard breaststroke.

Winning second place in the free style relay race were the team of Ransberry, Long, Cornelius and Whisenant.

## Mules Drop Two In Double Header Bill Here Sunday

### Good Crowd Witnesses First Semi Pro Ball Here In Years

By Ernie Boyd

The Sonora-Ozona entry in the Concho Basin league dropped both ends of a double bill in Ozona Sunday afternoon, losing the first game 5 to 3 to Kirby Vacuum of San Angelo and the second game to the league leading Goodfellow Air Base Skyhawks 6 to 4.

The Sonora team got good hurling from George Johnson and Byron Stuart but faulty support, the age factor and a blistering hot afternoon along with the opposition were too much for the Mules to overcome.

Johnny Griffin led the Sonora attack with three doubles and a single for the afternoon and home towners Byron Stuart contributed a home run in the first contest but the Sonora attack was just not up to cracking some very sharp pitching and an equally strong defense put up by the two visiting clubs.

George Johnson pitched five strong innings in the first contest before losing control and having to get relief from Stuart. Stuart went three hitless frames in the second contest before having to leave because of the heat with Johnson finishing creditably.

Kirby scored first and led all the way in the first contest but in the final count it was a home run with one aboard by pitcher Don Hudson that won the contest.

In the Goodfellow game the Mules were able to score three times without benefit of a hit as they raced around the bases unchecked, but even then Sonora managed to get the tying run on in the final frame before a three-run rally fell short of evening up the game.

Following a walk the Mules came up with successive doubles by Hickman, Bell and Johnson to count their three markers.

A good crowd witnessed the two afternoon contests which were the first semi-pro games of the season for Ozona.

Mr. and Mrs. Paul Jacobs and children have just returned from vacationing at Red River, New Mexico, where the family enjoyed some very good trout fishing. The Jacobs' vacation was cut short, however, due to the illness of Mr. Jacobs who was hospitalized for a few days on their return.

Mrs. Myra Ellis of Austin is here for a visit with her sisters, Mrs. Paul Perner, and Mrs. E. B. Baggett, Jr., and their families.

Mr. and Mrs. Jess Matley and Jess, Jr., have returned from a vacation trip and visit with relatives in Oklahoma.

## Carl Conklin Receives Certificate As Outstanding Texas 4-H Clubber, Scholarship To Michigan Youth Camp

Carl Franklin Conklin, son of Mr. and Mrs. W. P. Conklin of Ozona, who last May was named Texas' most outstanding four-square 4-H Club boy for 1956, this week was presented with a hand-somely engraved and framed certificate attesting to his award signed by Ed Parkes, president of United Gas Companies, co-sponsor of the 4-H awards program, and by Texas Agricultural Extension Service leaders.

Even more tangible evidence of rewards for an outstanding job in 4-H Club work and leadership, young Conklin, now a student at A&M College, received a check for \$150 from United Gas Companies to pay his expenses to attend the two-weeks American Youth Foundation Camp at Camp Minewanea, Shelby, Michigan, which opens August 12.

Conklin also received from the Danforth Foundation of St. Louis a scholarship to the camp and will attend the older boys session from August 12 through 25.

The beautiful certificate was presented to Conklin here. Titled "4-H Club Award, Texas Junior Leadership Contest," the certificate reads:

"In recognition of outstanding achievements in 4-H leadership activities during the 1956-57 Club Year, this certificate is awarded to Carl Franklin Conklin, Delegate, 1957 American Youth Foundation Leadership Training Camp, Shelby, Michigan, by the United Gas Companies, sponsor of the Texas 4-H Club Junior Leadership Program and Contest in cooperation with the Texas Agricultural Extension Service."

The certificate was signed by Ed Parkes, President, United Gas Companies, and countersigned by G. G. Gibson, Director of the Texas Extension Service, and Floyd Lynch, State 4-H Club Leader.

Conklin will leave San Angelo by commercial airline Sunday, August 11, for Chicago and from there will go to Muskegon from which place the delegates will be gathered for the camp, located some 35 miles north of that city on Lake Michigan.

Youth attending the camp will receive special training in Christian ideals, personal foundations and enrichments, leadership principles and practices. Daily activities at the camp will be divided between class work and recreation.

This high award for the 18-year-old Ozona youth is the culmination of seven years of active 4-H Club work in which he achieved outstanding success in almost every undertaking and piled up an enviable record in this largest volunteer organization for farm boys and girls in the nation.

Handicapped from the start by an attack of polio in early childhood, young Conklin, unable to participate in high school athletics, turned his full attention to making a success in 4-H Club work. A panorama of projects, judging events and all-around youth leadership carved for him a secure niche at the top rung of the 4-H success ladder.

The Crockett County 4-H'er was a Gold Star winner in 1953, recipient of the Mother Davidson Trophy award as 1954-55 outstanding club member and served as District and State 4-H Publicity Chairman. He served two terms as secretary of the Crockett county club, one as reporter and was elected president four consecutive years. He was chairman of the District 4-H Council last year and last year won the J. T. Rutherford Award as outstanding 4-H Club boy in District 6.

Conklin owns a breeding flock of registered Rambouillet sheep and a grass nursery. He has conducted feeding projects with fat lambs for seven years and with calves three years. His project program has also included breeding sheep.

Since 1953 Conklin has amassed considerable honors in judging (Continued on Last Page)

## Ozona's Little League All-Stars Beat Sonora 7-0

### Team Wins Chance At District Title In Angelo Tourney

By Ernie Boyd

Leroy Cooper pitched a masterful two hit ball game Monday night and received fine defensive support as the Ozona Little League all-stars erupted for seven runs in the bottom of the fifth to whip the Sonora all-stars 7 to 0 and win the right to go to the district tourney in San Angelo.

Tino Martinez of Sonora also pitched beautifully until some shakiness support and a streak of whiffness produced seven markers for the local team.

Cooper fanned ten while Martinez whiffed seven in the tight, well played contest.

Until the fifth inning outburst, the Sonora team, riding behind the powerful hurling of Martinez, seemed to be getting the best of the contest as they left four men stranded to only two of Ozona.

A two-base throwing error was Ozona's only miscue as Robert Cox, Van Miller, and Gregg Whisenant stood out on the defense for Ozona.

In the decisive fifth, Ozona's catcher Pete Montgomery was safe on an error and then Cox and Moore drew successive walks to load the bases. Whisenant beat out an infield hit and for all practical purposes the game was won. Big blow of the inning was Van Miller's single back through the box which the centerfielder failed to handle.

As the game wore on, Cooper got stronger and stronger and retired the last nine batters in order. He was in trouble in the third when a runner reached second on an error with no one a way and in the first when a single and a walk put two on with two away, but in both cases he pitched out of trouble.

## Ozona Woman's Club Outlines Projects For New Year At Meeting

Some of the projects which the Ozona Woman's Club will sponsor during its next club year were outlined at a called meeting of the club held last week in the home of Mrs. John Bailey, Mrs. L. B. Cox, Jr., club president, presided at the business meeting.

Among the projects adopted for the coming year were a continuation of the club's last year project, that of beautification of the grounds of the Crockett County Hospital. The club also voted to again sponsor the citywide clean-up campaign in Ozona this fall. Other projects include an art festival, a Christmas bazaar and youth conservation work.

Mrs. Ted White was elected to membership in the club. Refreshments were served to sixteen members.

## All-Time Peak Use Of Water Reached In Torrid Days Of July

July water consumption in Ozona hit an all-time high, W. D. Cooper, water district manager, reported this week.

Ozona householders and industrial users drew off a total of 47,000,000 gallons of water during the month through the city's water mains, the manager said. This is an all-time peak by approximately five million gallons, the previous high having been reached in July of 1955.

The increased use is attributed mostly to irrigation of lawns and shrubs, which got off to a good start in the Spring with bountiful rains but needed copious irrigation to withstand the blistering heat that has settled on the area this summer. The city is also supplying contractors on the Johnson draw flood control dams, used in dampening the earth for proper compaction, and hauling by truck to fill the storage tank at the radar base.

All four pumps on the water works hill capable of pumping 1,600 gallons per minute, ran eighteen hours out of each 24 in peak use days, Cooper said. From around 11 to 12 o'clock to 4:30 or 5, one 200-gallons per minute pump kept up with the demand but the other hours all four pumps were in operation and even so, by mid-afternoon the storage tanks dropped to such level that the filling of dam contractor trucks had to be halted. The peak daily production under this schedule of pumping was about 1,800,000 gallons of water.

With the equipping of the new wells on the west hill and addition of storage facilities, the water district will be able to add a maximum of about 600,000 gallons per day to the local supply.

## Showers Bring Relief From Heat And Needed Moisture to Ozona Area

Heavy to light thunder showers danced over the Ozona area Wednesday afternoon and night, dumping a total of .74 of an inch of rain on Ozona and bringing at least temporary relief from the blistering heat which has gripped this area for the past month.

A violent thunderstorm, with gusts of heavy wind, struck Ozona and the area east and north of town Wednesday afternoon to bring about a half inch of moisture to the city and heavier amounts on ranch areas east and north. More showers fell during the night to shove the total moisture in town to .74.

The shower and shifting winds dropped the mercury under 15 degrees in Ozona in a few minutes Wednesday afternoon.

## Grand Master To Visit Ozona Masonic Lodge Monday Night

Paul Turney of Sonora, Grand Master of Texas Masonic Lodges, will pay his official visit to the Ozona Lodge next Monday night, August 5.

In observance of the important occasion, members of the local lodge have planned a supper preceding the lodge session and have issued invitations to lodges in Sonora, Big Lake, Fort Stockton, Del Rio and other neighboring towns to attend the affair.

The covered dish supper, to be provided by local lodge members, will start at 7:30. All Master Masons in the area are cordially invited to attend.

Charles Williams, Jack Wilkins and Dixon Mahon were among Ozonans who drove to Terrell county last week to witness the gas well fire at the Magnolia Brown-Bassett wildcat. They stopped by the Lindsey Hicks ranch and conflicting reports of the size of a bass snagged by Wilkins were brought back, but Wilkins is adamant in contending it weighed 6 1/2 pounds.

Mr. and Mrs. Bruce Spencer King of Houston are guests of Mrs. E. B. Ingham, Sr., and family.

## Water Supply Is Boosted By Pump For West Hill Well

### New Storage 2nd Well In Plan To Augment Local Supply

A badly needed addition to Ozona's water pumping facilities to meet all-time high peak loads of consumption experienced this summer during the searing heat wave which gripped this area is in process of being provided this week by the Crockett Water Control District.

Installation of a new 275-gallons-a-minute pump on the second and heaviest producing of the two wells drilled on the west hill some months ago was completed yesterday and the district's crews are in process of preparing to tie in this new pump into the system to augment the local water supply.

Delay in accomplishing this improvement was occasioned by legal technicalities encountered in getting the recent water district bond issue approved by the attorney general in Austin. This was near accomplishment this week and directors of the district are studying plans for providing additional storage in the area near the well on the west hill. Possibility is also being studied of equipping the other west hill well, which will provide around 200 gallons per minute.

The new pump will add nearly 400,000 gallons per day to the present water supply and will at the same time tend to equalize pressures in city mains while storage tanks on the east hill are at low levels, as they have been in late afternoons each day during the searing heat of July.

Additional storage, into which the new well or wells will pump, is to be constructed on a lot made available by J. W. Owens just northwest of the district owned lot on which the two wells are located. The district will probably construct two tanks each of 200,000 gallon capacity which will be tied into the city system. When this is accomplished the expanding needs of the city will have been met, at least for some time to come, W. D. Cooper, district water and sewer department manager, declares.

## Dedication For Crockett Airport Set For Sept. 8th

### CAP Unit Shape Plans For Event; Area Flyers Invited

By Helen Coker

The Ozona Squadron of the Civil Air Patrol held a regular meeting last Tuesday night at 8:00 p. m. in the Administration Bldg. at the Crockett County Airport.

A regular business meeting was held, and Lt. M. A. Lemmons, Commanding Officer of the Squadron, announced the date for the formal dedication of the local airport. The date is set for Sunday, September 8, 1957, with a rain date for the following Sunday, September 15th. A Fly-In Banquet is planned for all visiting pilots and Civil Air Patrol units who come in for the celebration.

The Air Corps will assist in any way possible, and are planning on having some military aircraft on the field for inspection. Several CAP flights will be on hand to assist with aircraft parking and other assigned tasks. Committees for handling the many details will be appointed by the C. O., Lt. Lemmons and the Adjutant, Walter Cawyer, at an early date.

Everyone in Ozona is urged to be present on that day at the County Airport and join in the celebration, as this new airport is a big step forward for not only the town of Ozona, but for the whole of Crockett County.

THURSDAY, AUG. 1, 1957

CHECK!

Our spies report that when the petroleum industry presents that annual nationwide whingding known as "Oil Progress Week" from October 13th to 19th, its slogan will be: "With today's gasolines, you're driving a bargain."

How about that? Is there such a thing as a "bargain" any more? Has the great American motorist any substantial reason to congratulate himself?

Looking abroad, here's what we find: In France, the government recently boosted regular gasolines 13.9 cents, so the price is now 85.4 cents a gallon.

In Italy, regular gasoline is 53 cents a gallon and premium 92 cents. In the United Kingdom, regular is 52.8 cents and premium 62 cents.

Motoring in most of the world is obviously still a luxury, and

gasoline a luxury product. Our every day, casual use of our 65 million motor vehicles is still far beyond the comprehension of the most advanced foreign countries.

In 1920 a dollar would buy over 8 pounds of bread; two pounds of coffee, and over 20 pounds of gasoline. Today, 37 years later, a dollar buys less than six pounds of bread; one and one-third pounds of pork chops; 16 1/2 ounces of coffee. But your gasoline dollar will buy 28 1/2 pounds (nearly five gallons) of top quality fuel — or 69 miles of driving power.

And we will be reminded too during that Oil Progress Week of the millions of dollars worth of free services we have come to expect at the gas station, such as maps, windshield washing, etc.

DAWN'S EARLY LIGHT

It will be recalled that when the going got rough on the Civil Rights bill, the President disavowed any thought of calling out the troops to enforce its provisions — as provided for in the vicious Section III which has since been thrown out. In fact the President said he was more concerned about protecting the right to vote, and indicated he would sign anything that might be face-saving.

Although restricted at this writing to a voting rights measure, the bill still authorizes the Attorney General to go into Federal courts to ask injunctions against registration or election officials charged with interfering with the voting rights of others. Failure to respect such an injunction could then bring trial by the Federal judge without a jury, and fine or imprisonment for contempt.

The bi-partisan forces, both South and North, who defeated Part III have expressed confidence in securing a jury trial amendment, and Washington observers are in general agreement that if this happens there will be no filibuster, the bill will be passed and the President will have something to sign.

We do not quite see, however, why the defenders of states rights should quit the battle after prevailing thusfar. Even a Pyrrhic victory is a psychological gain, and there should be no quarter given on Federal encroachment.

Especially at a time when the tide seems to be turning in the long, losing battle to retain the form of government that courageous ancestors gave into our keeping.

ARE THEY GOING HIGH ENOUGH?

In implementing the 100,000 man reduction ordered by the Defense Department, the Army will drop 25,000 enlisted men for ineptitude and discharge 1,500 officers from captain through colonel by January 1. Air Force separations will be proportionate.

No doubt a GI who is officially "non-trainable" can still be a sensation on TV, but we wonder what can be done with officers who are so slack as to permit a haircut rebellion in the ranks, or native scavengers to swarm over a firing range.

Remington Portable Typewriters at the Stockman office.

NUMBER ONE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

HOUSE JOINT RESOLUTION NO. 27 proposing an amendment to Section 62, Article XVI of the Constitution of Texas, relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State.

Section 1. That Section 62 of the Constitution of the State of Texas be amended as to read hereafter as follows: "Section 62. (a) The Legislature shall have the authority to levy taxes to provide a State Retirement, Disability and Death Compensation Fund for the officers and employees of the State."

Section 2. (a) The Legislature shall have the authority to levy taxes to provide a State Retirement, Disability and Death Compensation Fund for the officers and employees of the State. (b) The Legislature may also include officers and employees of judicial districts of the State who are or have been nominated to whole or in part directly or indirectly by the State and may make such other reasonable inclusions, exclusions, or classifications of officers and employees of the State as it may deem appropriate. Persons participating in a retirement system created pursuant to Section 1-a of Article V of this Constitution shall not be eligible to participate in the Fund authorized in this Subsection, and persons participating in a retirement system created pursuant to Section 1-b of Article III of this Constitution shall not be eligible to participate in the Fund authorized in this Subsection. Provided, however, persons who are or were members of a retirement system provided for in Article XVI, Section 62, of this Constitution shall not be eligible to participate in the Fund authorized in this Subsection, except as otherwise provided herein.

"All funds provided from the contributions of such person or by the State of Texas for such Retirement, Disability and Death Compensation Fund, as are received by the Treasury of the State of Texas, shall be invested in bonds of the United States, or in bonds issued by any agency of the United States Government, the payment of the principal of and interest on which is guaranteed by the United States or such other security as hereafter may be permitted by law as investments for the Permanent University Fund or for the Permanent School Fund of this State, under the same limitations and restrictions imposed by the Constitution for investment of these funds and subject to such regulations as the Legislature may provide. However, a sufficient amount of said Fund shall be kept on hand to meet the immediate payment of the amount likely to become due each year out of said Fund, such amount of funds to be kept on hand to be determined by the agency which may be provided by law to administer said Fund.

"The Legislature shall have the authority to make such enabling laws as are necessary to carry out the provisions of this Amendment, such laws shall not be invalid by reason of their ancillary character." Section 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified electors of the State at a special election to be held throughout the State on the first Tuesday after the first Monday in November, 1957, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment amending Section 62 of Article XVI of the State Constitution relating to establishment of a retirement, disability and death compensation fund for officers and employees of the State."

NUMBER TWO ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 5, 1957.

HOUSE JOINT RESOLUTION NO. 28 proposing an amendment to Article III, Section 11a of the Constitution of Texas, so as to increase the limit on the maximum monthly payment to any aged person from state funds and on the total yearly expenditure out of state funds for maintenance of such aged, needy blind, and needy children, and allowing and appropriate additional expenditures for current legislative compensation, for payment of assistance grants.

Section 1. That Section 11a of Article III of the Constitution of the State of Texas be amended to read as follows: "Section 11a. The Legislature shall have the power to provide laws to provide subject to limitations and restrictions herein contained, and such other reasonable restrictions and limitations as may be provided by the Legislature, for the payment of assistance to, and (1) Needy aged persons who are aged sixty-five years of age or over and who are over the age of sixty-five (65) years, provided that no such assistance shall be paid to any inmate of any state-supported institution, or to any person who shall not have actually resided in Texas for at least five (5) years during the one (1) year immediately preceding the application for such assistance and continuing for each successive year thereafter, provided such assistance, provided from state funds shall not be more than Twenty-five Dollars (\$25) per month and provided further that no payment in excess of Twenty-five Dollars (\$25) shall be paid out of state funds to an individual until and unless such additional amounts are authorized by the Federal Government."

and inconsistent with restrictions herein set forth; provided that the amount of such assistance out of state funds to each person entitled shall never exceed the total amount of money available from state funds for such assistance to the needy aged, needy blind, and needy children shall never exceed the sum of Forty-two Million Dollars (\$42,000,000) per year. The Legislature shall have the authority to make such enabling laws as are necessary to carry out the provisions of this Amendment, such laws shall not be invalid by reason of their ancillary character."

Section 2. The Governor of the State of Texas is hereby directed to issue the necessary proclamation for said special election and that the Amendment to be submitted and the election held on November 5, 1957, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment amending Section 11a of Article III of the State Constitution relating to the maximum monthly payment to any aged person from state funds from Twenty-five Dollars (\$25) per month to Twenty-five Dollars (\$25) per month subject to certain conditions to be provided in case of Twenty-five Dollars (\$25) per month to any aged, needy blind, and needy children, and allowing and appropriate additional expenditures for current legislative compensation, for payment of assistance grants."

"FOR the Constitutional Amendment amending Section 11a of Article III of the State Constitution relating to the maximum monthly payment to any aged person from state funds from Twenty-five Dollars (\$25) per month to Twenty-five Dollars (\$25) per month subject to certain conditions to be provided in case of Twenty-five Dollars (\$25) per month to any aged, needy blind, and needy children, and allowing and appropriate additional expenditures for current legislative compensation, for payment of assistance grants."

Section 3. The Governor of Texas shall issue the necessary proclamation for the holding of an election to be held on November 5, 1957, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment amending Section 11a of Article III of the State Constitution relating to the maximum monthly payment to any aged person from state funds from Twenty-five Dollars (\$25) per month to Twenty-five Dollars (\$25) per month subject to certain conditions to be provided in case of Twenty-five Dollars (\$25) per month to any aged, needy blind, and needy children, and allowing and appropriate additional expenditures for current legislative compensation, for payment of assistance grants."

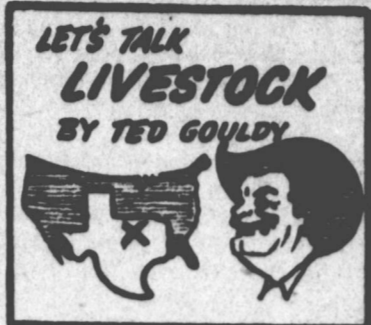

Section 4. The Governor of Texas shall issue the necessary proclamation for the holding of an election to be held on November 5, 1957, at which election all ballots shall have printed thereon the following: "FOR the Constitutional Amendment amending Section 11a of Article III of the State Constitution relating to the maximum monthly payment to any aged person from state funds from Twenty-five Dollars (\$25) per month to Twenty-five Dollars (\$25) per month subject to certain conditions to be provided in case of Twenty-five Dollars (\$25) per month to any aged, needy blind, and needy children, and allowing and appropriate additional expenditures for current legislative compensation, for payment of assistance grants."

"GALLOPING SOCIALISM" The danger to the nation now isn't "creeping socialism" — it is "galloping socialism." Thus writes David Lawrence, one of the country's most respected commentators on public affairs. Mr. Lawrence's view was prompted by the ever-continuing drive to socialize the electric power resources of this nation. His concern was over the principle at stake. To quote him directly: "If it is desirable that the Federal government knock private enterprise out of the electric light and power business in America, it is just as logical for the Federal government to take over and operate the steel, copper, coal, oil, aluminum and other natural resource industries as well as automobiles, food and retail stores, railroads, bus lines, air lines and all the other businesses now handled by private enterprise and private investors." Socialized, tax-exempt electric power takes more tax dollars per capita and saves the consumer fewer pennies per meter than probably any business the government could go into, so its main effect is not to save money but to des-

**Cattlemen Resist Lower Prices, Market Better**

**FORT WORTH** — The sharp break in cattle and calf prices of a week ago met with firm resistance from cattlemen who have the best water and grass conditions in a long time. The movement of cattle and calves to Fort Worth was less than half the numbers offered for sale a week earlier.

Result of the hold-off was an uneven market, however, changes were all on the upside of the price schedule.

Slaughter calves and stocker and feeder cattle and calves re-

bounded sharply with 50 cents to \$1 per hundred higher prices. Cows were strong to 50 cents or more above the low close of last week. Bulls ruled steady. Fed steers and heifers were in small supply and were steady.

Good and choice slaughter yearlings and heifers sold from \$30 to \$23, and medium and lower grades bulked at \$13 to \$19.

Fat cows cashed at \$12.50 to \$14, with few heiferish kinds to \$15. Canners and cutters cashed at \$8 to \$12.50.

Bulls scored \$11 to \$15, a few to \$15.50. Good and choice slaughter calves ranged from \$18 to \$21, and common and medium offerings cashed at \$13 to \$17.50. Culls sold from \$10 to \$13.

Good and choice stocker steer calves cashed at \$19 to \$23, and stocker steer yearlings sold from \$21 down. Feeder steers weighing up to 900 pounds sold from \$20.50 down. A few replacement cows sold from \$10 to \$12.50. Estimated supply of cattle and calves here Monday was 3,800 cattle and calves compared to actual saleable receipts a week earlier

of 8,068.

**Sheep and Lambs Sell On Strong Market**

The offerings of sheep and lambs cleared very early and prices were fully steady to stronger at Fort Worth Monday.

Top end of the price range got a rather poor test due to the very small numbers of high grade offerings in the run.

Good and choice slaughter lambs sold from \$20 to \$22, and cull to medium lambs cashed at \$14 to \$19. Stocker and feeder lambs sold from \$15 to \$18.

Good slaughter yearling wethers sold at \$16 to \$17, and strictly choice kinds were quotable above that level. Cull to medium yearlings cashed at \$11 to \$15. Stocker yearlings ewes sold from \$18 down.

Slaughter ewes sold from \$7 to \$8. Aged wethers drew \$13 down. Two-year-old wethers sold from \$15 down. Aged bucks drew \$5 to \$5.50.

"Everything To Build Anything"

The News Reel

A re-run of "The Ozona Story" as gleaned from the files of The Ozona Stockman

From The Stockman, Aug. 2, 1928

Five producing wells were brought in, in Crockett county during the past two weeks, all of them in the World Pool area in Powell Field on L. P. Powell land.

T. A. Kincaid of Ozona was chosen president of the Sheep and Goat Raisers Association of Texas for his fifth consecutive term at the closing session of the 18th annual convention of the Association held in San Angelo last week.

The "ins" in Crockett county politics suffered at the hands of the voters in the Democratic primary Saturday in one of the most spirited campaigns seen in this county in many years.

Governor Dan Moody carried Crockett county by a wide margin over his three opponents. Coke Stevenson of Junction rolled up a majority in this county in his race for state representative against Judge W. C. Baker of Kerrelville.

Bill Maddox, member of a pipeline surveying crew stationed here, is in a San Angelo hospital under treatment for a gunshot wound in the hip and two men were lodged in the county jail Saturday morning as the result of a shooting which occurred Friday night on the Ozona-Sheffield road at

MYSTERY AIR EXPLOSION - Sgt. Robert Lewis checks the damage to a Western Air Lines airplane after an explosion ripped a hole in the side of the plane. Passenger S. F. Binstock was in the rear of the ship when the explosion took place and he was blown from the plane. The flight was going to Los Angeles from Las Vegas and made an emergency landing.

the gate leading to the Paul Perner ranch. Arch Cook and Bud Luxton were placed under \$1,500 bond to await action of the grand jury on charges of assault with intent to murder in connection with the shooting.

Coming from behind in the ninth inning for a breath-taking batting rally that sent fans into a frenzied uproar, the Ozona Giants, appearing for the first time on the local diamond since the rodeo.

turned defeat into victory in the final frame of their engagement with the Mid-Continent Oil Co. nine from Red Barn here Sunday afternoon. The final count was six to five with two Giants still on base and only two out.

Miss Lucille Ingham, who has been seriously ill the past two weeks, is reported considerably improved this week.

Elam Dodley, Miss Linora Dud-

ley and Neven Kinzel are here from Fort Worth visiting Mr. and Mrs. B. B. Ingham and other relatives.

Mrs. Scott Peters and daughter, Miss Lilly Flynn Myers, returned Sunday from an extended trip into Colorado, New York and other points of interest over the U. S.

Mr. and Mrs. Taylor Word were here Saturday from their ranch in Pecos county to vote in the Democratic primary.

Mrs. W. F. Nelson left Tuesday for her home in Mississippi after a visit here with her sister, Mrs. George Banger.

Miss Elfin Jarvis of Hubbard City is visiting Mrs. Marbury Morrison.

H. B. Cox is reported to have made a drilling contract with

Shafer Drilling Co. to drill an oil test on his ranch near Fort Lancaster.

NUMBER THREE ON THE BALLOT

PROPOSED CONSTITUTIONAL AMENDMENT TO BE VOTED ON AT AN ELECTION TO BE HELD ON NOVEMBER 1, 1931.

HOUSE JOINT RESOLUTION NO. 2 proposing an amendment to the Constitution of Texas adding a section to be known as Section 49-c of Article III, providing for the issuance and sale of bonds of the State of Texas to create the Texas Water Development Fund to provide financial assistance to certain political subdivisions or public and corporate of the State of Texas in the conservation and development of the water resources of the State for the payment of other debts incurred by law.

BE IT RESOLVED BY THE LEGISLATURE OF THE STATE OF TEXAS:

Section 1. That Article III of the Constitution of Texas be amended by adding a new section thereto to be known as Section 49-c, as follows: "Section 49-c. There is hereby created as an agency of the State of Texas the Texas Water Development Board to exercise such powers as necessary under this provision together with such other duties and restrictions as may be prescribed by law. The qualifications, composition, and number of members of said Board shall be determined by law. There shall be appointed by the Governor with the advice and consent of the Senate in the manner and for such terms as may be prescribed by law. "The Texas Water Development Board shall have the authority to provide for, issue and sell general obligation bonds of the State of Texas in an amount not to exceed One Hundred Million Dollars (\$100,000,000). The Legislature of Texas, upon two-thirds (2/3) vote of the elected members of each House, may authorize the Board to issue additional bonds in an amount not exceeding One Hundred Million Dollars (\$100,000,000). The bonds authorized herein or hereinafter to be authorized by the Legislature shall be called "Texas Water Development Bonds" and shall be entered in such form, denominations and upon such terms as may be prescribed by law provided, however, that the bonds shall not bear more than four per cent (4%) interest per annum. They may be issued in such installments as the Board finds feasible and practical in accomplishing the purpose set forth herein. "All moneys received from the sale of State bonds shall be deposited in a fund herein created in the State Treasury to be known as the Texas Water Development Fund to be administered without further appropriation by the Texas Water Development Board in such manner as prescribed by law. "Such fund shall be used only for the purpose of adding or making funds available upon such terms and conditions as the Legislature may prescribe to the various political subdivisions or public and corporate of the State of Texas including river authority, conservation and reclamation districts and districts created or established or authorized to be created or established under Article XVI, Section 6 or Article III, Section 49, of this Constitution. Interstate compact commissions to which the State of Texas is a party and municipal corporations of this State, including the central, street and sewerage of its cities and towns and the water of the rivers and streams, for all useful and lawful purposes by the authority of the government, extension or construction of dams, reservoirs and other water storage works, including any system necessary for the transportation of water from storage to points of treatment and distribution, including facilities and transportation works therefrom to wholesale purchasers, or for any one or more of such purposes or methods. "Any or all financial assistance so provided herein shall be repaid with interest on any such bonds, conditions and manner of repayment as may be provided by law. "While any of the bonds authorized by this provision or while any of the bonds that may be authorized by the Legislature under this provision, or any interest on any of such bonds is outstanding and unpaid, there is hereby appropriated out of the first moneys coming into the Treasury in each fiscal year not otherwise appropriated by the Constitution, an amount which is sufficient to pay the principal amount on such bonds that mature or become due during such fiscal year less the amount in the sinking fund at the close of the prior fiscal year. "The Legislature may provide for the investment of moneys available in the Texas Water Development Fund, and the interest and sinking funds available for the payment of bonds issued by the Texas Water Development Board, in such manner as may be provided by the Legislature. The Legislature may also make appropriations from the General Revenue Fund for paying administrative expenses of the Board. "From the moneys received by the Texas Water Development Board as repayment of principal for financial assistance or as interest thereon, there shall be deposited in the sinking fund for the bonds authorized by this section sufficient moneys to pay the interest and principal to become due during the ensuing year and sufficient to establish and maintain a reserve in said fund equal to the average annual principal and interest requirements on all outstanding bonds issued under this section. If any year prior to December 31, 1931, moneys are received in excess of the foregoing requirements, then such excess shall be deposited in the Texas Water Development Fund, and may be used to administrative expenses of the Board and for the same purposes and for the same terms and conditions as the bonds authorized by this section. "Should the Legislature ever making laws in anticipation of the expiration of this amendment, such laws shall not be void by reason of their retroactive nature. "Section 2. The foregoing amendment to the Constitution shall be subject to a vote of the qualified voters of the State at an election to be held on the 1st day of November 1931, and on the 1st day of November 1935, at which time each county shall have and exercise the following vote: "If the amendment is the first session of Texas adding a new section to be known as Section 49-c of Article III, authorizing the issue and sale of Two Hundred Million Dollars (\$200,000,000) in bonds to the State of Texas to create the Texas Water Development Fund to provide financial assistance to certain political subdivisions or public and corporate of the State of Texas in the conservation and development of the water resources of the State. "Section 3. The Governor of the State of Texas shall issue the usual proclamation for said election and for the same published as required by the Constitution and also of the Ball. The expense of publication and other for such amendment shall be out of the general appropriation made to law.

\$2,000.00 REWARD For information leading to the arrest and conviction of any person or persons guilty of THEFT OF LIVESTOCK From any of the following ranches in Crockett County: GEORGE BUNGER, NH and Shannon Ranches VIC MONTGOMERY, NH Ranch CHARLIE BLACK, JR., Shannon Ranches FRANK McMULLAN, Shannon Ranch BILL FIELDS, JR., NH Ranch ARE CARUTHERS, Shannon Ranches JOE B. fishermen can have a field day. "And they'll be with us until early September," Toole added.

**Vets Due Refunds** — Some \$16,271 in fees will be returned to veterans who started, but did not complete, transactions with the Veterans Land Board.

Before it was amended by the last Legislature, the law did not allow the board to return fees to veterans who changed their minds about buying land.

Average refund will be about \$70, largest \$100, according to Land Commissioner Earl Rudder.

**"Flu" Watch On** — An outbreak of Asiatic "flu" in Texas is likely, say State Health Department officials.

Many Texans were believed exposed at a church conference in Grinnell, Iowa, and at the Boy Scout Jamboree in Valley Forge, Pa.

Adding to the uneasiness was a report that 50 sailors stationed at Corpus Christi had been stricken.

Present vaccines are ineffective against this Asiatic virus, said Dr. J. E. Peavy, chief epidemiologist.

But I hope a new vaccine will be ready by fall."

**Vice Campaign in the Red** — Atty. Gen. Will Wilson's department is having to use "rubber checks" to carry on with its campaign against organized gambling.

Because of its extra activities, the department ran out of money, with no more due until the new fiscal year begins, Sept. 1. Governor Daniel granted the department \$11,425 from his special emergency fund of \$200,000. But because of a technicality in the wording of the bill, this money isn't officially available either until 1959.

Hence, the checks written on the fund are deficiency warrants, which, said the comptroller, are really "hot checks". Bankers can't get their money from them until the Legislature meets and makes them good.

**LUTHERAN CHURCH NOTES**

The Sacrament of Holy Communion will be celebrated at the 4:00 p. m. Worship Service of

Hope Lutheran Church, Sonora. At this service the Rev. Luther Roehrs of Eden, will bring the message from the Gospel for the Seventh Sunday after Trinity, Mark 8:1-9. He has chosen as his theme from the Word of God, "The Great Bread Question."

Sunday School for all age groups and Bible Class will meet at 5:00 p. m. to learn from the Word of Life and increase their faith and hope in Christ.

In a meeting held last Sunday no specific date was set for the Fall Evangelistic Service; however, the Rev. G. C. Kohlmeier, pastor of Trinity Lutheran Church San Angelo, was elected to serve as Guest Missioner for these services.

The members present also requested Pastor Roehrs to investigate the possibility of Hope Lutheran Church becoming an organized congregation. This request will be made to the Texas District of the Lutheran Church, Missouri Synod.

Despite the treasury troubles, he insists that the state can hold a special session still have money

Speaker Waggoner and others suggested might not be able to hold a session without a new governor said his estimates that the state could be held for \$250,000. He estimates \$618,416 is available considerably more than his estimate had

made it clear the objections have termination to allow for passage of water conservation her important mea-

Asked — As the state to another month production, Governor pres. Dwight D. Eisenhower a real emergency

President's help in drilling rigs are

being stacked," the governor's wire noted, with an "adverse effect on state revenues."

Because of lowered demand for Texas oil, the Railroad Commission set the August allowable at 13 producing days, same as for July. It is the lowest producing pattern ever used in the state.

**Individual Incomes Up**—Texans are getting richer, according to Uncle Sam's tax reports for fiscal 1957.

For the five-state Southwestern area federal tax collections hit the all-time record total of \$4,346,149-\$316. More than half of this — \$2,560,867,402 — came from Texas. This is a 7 per cent increase for this state over last year's collections.

Of this total, 75 per cent comes from income taxes, the remainder from employment taxes, excises, etc. Revenue officials attributed the big jump to higher salaries in the Southwest.

**It's An Ill Wind** — Cricket season came early this year in the Capital City. The pesky, black jumpers which pay Central Texas an annual visit in great numbers are here.

But Marion Toole, aquatic biologist for the Texas Game and Fish Commission, says it's a lucky season for fishermen. Crickets, it seems, are considered a real delicacy by all game fish. But sunfish and bass bite them best, he says. "It's too good an opportunity for any fisherman to pass up."

So, while merchants fight them in downtown areas and home owners spray and dust around porches and patios, both fish and

Activity on the Floor of the House during the last few days gave every indication the 85th Congress is headed toward the "11th hour" of the first session.

Normally during the final two or three weeks of each session the House begins to consider major legislation in rapid-fire order. The action during the past few days has been the first solid indication the stretch drive may be on for a possible adjournment around August 15th to 20th.

**CHECKING COUNTY EMBREZZ.**

Adding machines at the Stockman

Within the last few days the House has acted on the Foreign Aid measure, Postal Pay bill, Military appropriations, and Federal aid to Education. It is expected we will soon act on a bill to provide additional training facilities for Military Reserve Units, on a bill which would grant funds to Government agencies only for each ensuing year and prohibit diversion of funds to projects other than those approved by Congress and, probably, on the Natural Gas Bill. Actual adjournment date will depend in large measure on final disposition of the Civil Rights debate in the U. S. Senate, but the House, at least, appears to be heading toward the home stretch.

A Professor At Purdue University has published a book concerning the American Teenager, and the results may be shocking to you. The facts uncovered by the professor during 15 years of questioning 25,000 high school students do not provide so many shocks as concerns teenage morals and manners as it does when considering teenage opinions.

For instance, a solid 60% of those polled think that books, magazines and newspapers should be censored. A substantial 58% can see "nothing wrong" with the employment of third-degree methods by police, and better than one-fourth think it is all right for homes and private persons to be searched without a warrant. Better than one-third of the youths think it is okay for the Government to prohibit some people from making speeches, and fifteen percent would refuse some criminals the right to have a lawyer. Some 18% of the youths even say that Religious belief and worship should be subject to legal restrictions.

Most of these youngsters, if asked, probably would say they believe in the "Bill of Rights." Yet, if the figures revealed in the poll are correct, an appalling number haven't been shown what America is all about. Nobody, apparently, has explained to them that the Bill of Rights, the sanctity of the Individual, is the one great peculiarly American contribution to the art of Government.

In Order To give the protection of our Constitution and basic concept of American freedom to our Servicemen in foreign nations, the House recently attempted to pass a resolution expressing its attitude on such treaties. The House could not direct the President to withdraw from such treaties, as the Constitution provides that only the President, with the advice and consent of the Senate, is authorized to enter into treaties.

The resolution was beaten back by opposing forces, although it had strong support. One reason for its defeat was a statement by a man who said that the enactment of such resolution (to give

American servicemen the protection that is their right) would, in his words, "threaten the essential security of the United States . . . be hurtful to our national interest . . . and give aid and comfort to our enemies." The man who made that statement was the President of the United States.

*"Why doesn't he call?"*

Every day, all over America, people who are expected home never get there . . . because death on the highway intervenes!

You've waited up for someone. Everybody has. So you know the relief you feel when he finally does come home—or when he calls to say that everything's all right.

But imagine, if you can, waiting and never hearing. Or picking up the phone to hear a stranger's voice.

Last year, 40,000 American families had to suffer this torture. For that's the number of men, women and children who were wiped out in traffic accidents during 1956.

Traffic accidents can be prevented—if you do something about safety now! Won't you help?

**Here's how you can help stop traffic tragedies:**

- Drive safely and cautiously yourself. Observe speed limits and warning signs. Where traffic laws are changed, deaths go DOWN.
- Take on this endorsement of all traffic laws. Traffic regulations work for you, not against you. Where traffic laws are strictly enforced, deaths go DOWN.
- Support your local Safety Council.

(Continued from page one)

contests of the state. He was high individual scorer and a member of the winning 4-H team in District grass judging. At the state grass judging contest, Conklin's team again took top honors and he was third high individual. A member of the state champion wool and mohair team, the talented youngster was awarded top scoring honors.

Conklin's activities extend into all phases of his life. He has served as a senior Boy Scout leader; church choir singer; and was a member of the high school band, choral club, and class plays. He was Junior High School Student Council President two straight years and served as manager for various school athletic teams.

At Ozona High School he was elected Class President three years; served as President of the Student Council during his junior and senior years; was voted "Mr.

Personality"; and was FFA vice-president.

Now a freshman at Texas A&M College, Conklin draws high praise from County Agent Pete Jacoby for his outstanding seven-year 4-H record. "He is a natural born leader who holds the admiration of youngsters only a few years old through the oldest people in the community," Jacoby says, "and he has excelled in everything he ever set out to accomplish."

Louise Harrell of Carson county is the 1956 Texas four-square 4-H girl.

**Ozona Women Attend Baptist Assembly At Glorieta, New Mexico**

Three members of the Woman's Missionary Union of the First Baptist Church of Ozona attended the Glorieta Baptist Assembly at Glorieta, N. M., near Santa Fe, last week.

The three Ozonans, among other delegates attending the Assembly took leadership training courses while attending the week-long session.

Ozonans attending the Assembly were Mrs. Buster Loudamy, Mrs. Myrtle Mitchell and Mrs. Ralph Simon, Jr.

Mr. and Mrs. W. L. Sewell of Mexia arrived this morning for a few days visit with their daughter, Mrs. Ralph Simon, Jr., and family. Dr. and Mrs. Simon's three daughters, Margaret, Mary and Martha, who have been visiting their grandparents in Mexia, accompanied them home.

Three nieces of Mrs. Joe Pierce, Jr., of Ozona, all from Houston, stopped over for a week-end visit

with Mr. and Mrs. Pierce on their way to their homes in Houston after a vacation trip to Colorado. They were Mrs. George H. Young and Larry Young.
