## District Champs!

### Lady Mules down Dimmitt to win first district title in 32 years

The Muleshoe Lady Mules nailed down their first district championship in 32 years at home Friday, beating Dimmitt 56-45 before a gym full of rowdy, black-and-white-clad fans.

The District 2-3A victory gave the Lady Mules a 20-9 overall mark and an 8-2 record in the league. It was the second-straight 20-win season for head coach Jim Gruhlkey and his team and the first time in recent history the Lady Mules

put together back-to-back 20-win seasons (MHS was 23-7, and second in the district, last year).

The Lady Mules advance into the bi-district playoffs against District 1-3A runner-up Perryton, with the date and site yet to be determined. Gruhlkey said it appears the Lady Mules will play Perryton Friday, Feb. 18. The optimum neutral site would be in Amarillo at either Tascosa Amarillo High. But the game could

be played at Randall High, or at the West Texas A&M Fieldhouse, depending on how the Amarillo teams line up in their playoff picture.

"Nothing's confirmed. We've got our name on the list for Friday (Feb. 18) at either Tascosa or Amarillo High, but we'll just have to wait and see," Gruhlkey said.

While it appeared the Lady Mules might be forced into a

### Mules end seson in loss to Bobcats

The Muleshoe Mules battled Dimmitt tooth and nail for two quarters here Friday, but the Bobcats pulled away in the second half for an 80-40 District 2-3A victory.

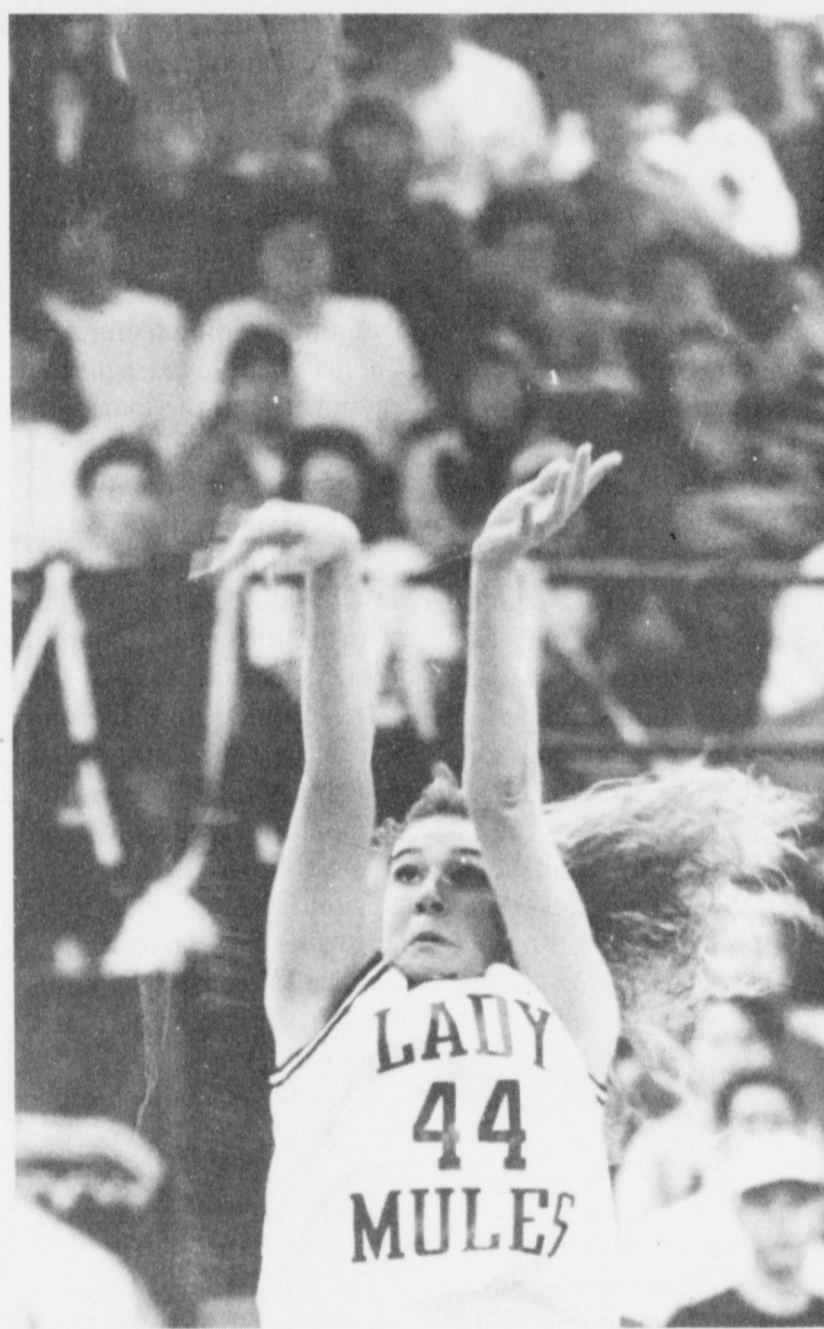

Muleshoe trailed just 26-23 at the half and 34-28 midway in the third period. But the Bobcats went on a 23-2 run the

rest of the third and put the game away.

With the win, the Bobcats improved to 16-12 overall, 8-2 in District 2-3A and clinched second place. Dimmitt advances to the bi-district playoffs against 1-3A champion Littlefield polished off its

2-3A title with a 73-62 win at Tulia. The Wildcats finished the regular season at 27-4 and 10-0 in the league. Littlefield will meet the 1-3A runner-up in the bi-district round. Perryton and Dalhart both finished in a tie for second in 1-

## JV Mules finish year 21-4, 9-1

Muleshoe's JV Mules nabbed a district championship Friday, beating Dimmitt 50-49 to finish the season 21-4 overall and 9-1 in District 2-3A.

Daniel Garbarino hit two free throws with less than a second remaining to seal the win for the JV Mules.

Edward Rodriguez scored 20 points to lead the JV Mules.

Muleshoe trailed early against the Dimmitt JV, but the game was knotted 18-18 at the half and the battle was on.

The two teams battled through numerous lead changes in the final period before Garbarino hit the game winning free throws.

## Valentine's Day is celebration of love

For thousands of years, mid February has been a special time for lovers. The Valentine's Day we know is a hybrid holiday created when early Christian fathers cobbled together a pagan ritual and a nearly forgotten martyrdom. The fact that this odd holiday not only caught on, but endures today more joyously than ever, is a tribute to the power of love.

The Roman Lupercalia, dedicated for a thousand years to the fertility god Lupercus, celebrated love by a lottery in which young men picked the names of women who would serve as companions for a year. Early Christians, anxious to attract pagans to the Church, purposely absorbed pagan holidays, but the Lupercalia was too licentious. They needed a new holiday, one that would retain the aura of love, but which would also be spiritually uplifting.

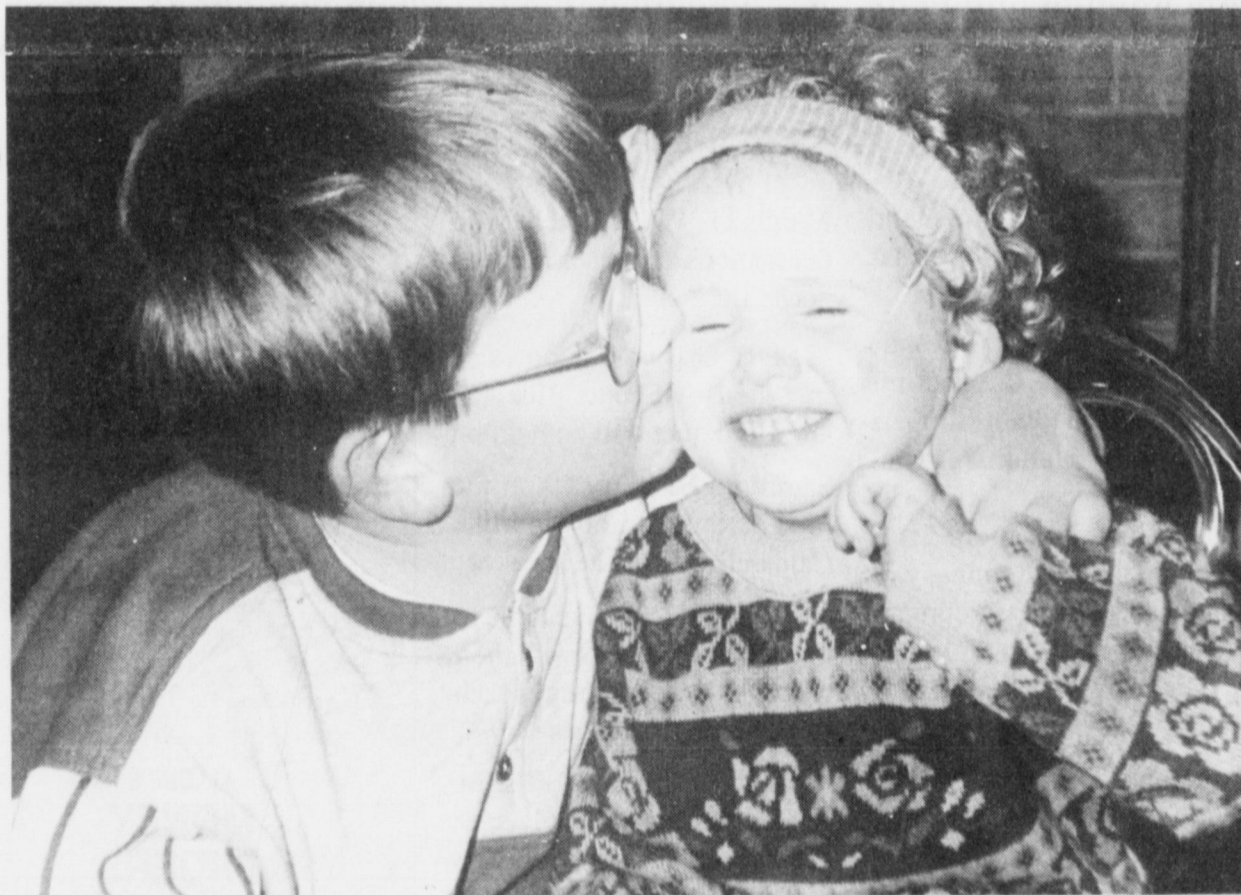

Pope Gelasius, who understood both human nature and PR, rediscovered St. Valentine,

an early priest who was stoned to death in 270AD for marrying couples against an edict by Emperor Claudius II. Claudius felt single men made better soldiers; and better soldiers were what the troubled Roman Empire desperately needed.

Valentine was caught, imprisoned and condemned. While awaiting execution, he fell in love with his jailer's blind daughter, converted her to Christianity, and restored her sight. His last note to his love, signed "From your Valentine," was history's first Valentine's Day card.

Valentine was an inspired choice for an appropriately decorous holiday to replace the randy old Lupercalia, so in 496AD Gelasius memorialized Valentine with a name day — and a new lottery; but instead of women's names, Roman youths would now draw the names of Saints whose lives they had to emulate for a year.

That lottery proved as popular then as it would now, and it quickly passed from

history. But creative Romans preserved a touch of the old Lupercullan spirit by altering the practice of drawing names to offering greetings to sweethearts. To pacify the Church, they signed themselves "From your Valentine." And surely hoped for a better fate than the historical Valentine.

The practice of sending notes

and cards quickly expanded into the gift-giving, and history's great lovers have always given gifts of jewelry to win and hold their loved one's hearts.

Initially, lovers gave "magical" amulets in precious metals, often studded with valuable gemstones believed to have supernatural and curative

powers. During the Middle Ages, courtship always included gifts of jewelry or coins made into "benders" — so-called because they were bent to keep them from being spent accidentally.

More recently, here and in England polished coins en-

## Applications for Rotary Ambassador scholarships available

Applications for 1995-96 Rotary Foundation Ambassadorial Scholarships now are available from local Rotary Clubs in Lubbock, Amarillo, Midland, Odessa and throughout the Panhandle, South Plains, and Permian Basin regions. This area is Rotary District 5730.

The scholarships, which are designated to further international understanding and goodwill, provide study abroad in one of the 189 countries and

geographical regions where Rotary International is located. Each club in Rotary District 5730 may sponsor an applicant for the scholarships. The district has requested that two ambassadorial scholarships be awarded for 1995-96.

Rotary Foundation Ambassadorial Scholarships are for one academic year abroad and provide round-trip transportation and up to \$21,500 for tuition and fees, room and board, necessary educational supplies

and one month of intensive language training, if deemed necessary by the Rotary Foundation.

Scholarships are awarded based upon an applicant's ability to act as an ambassador of goodwill representing the principles of Rotary International before Rotary clubs, schools, civic organizations and other forums in the host country. In addition, applicants must have completed a minimum of two years in a college

or university to be eligible. Other criteria used in selecting successful candidates for the Rotary Foundation Ambassadorial Scholarships include academic excellence and sense of purpose.

The Rotary Foundation Ambassadorial Scholarship Program is the world's largest privately sponsored international scholarship program. Over \$242 million has been spent on over 24,270 international scholarships since the

program began in 1947. The Rotary District 5730 is only one of the 502 Rotary Districts around the world to participate in the scholarship program.

The world's first service club organization, founded in Chicago in 1905, Rotary International is composed of nearly 26,000 clubs and more than 1.1 million members.

Persons interested in obtaining Rotary Foundation Ambassadorial Scholarship applications should contact their local Rotary Club. **Continued on page 2**

## Gardening program is offered

Bailey county residents with the proverbial "green thumb" can sharpen their gardening skills and help others in their community by taking part in a program being offered again this Spring by the Texas Agricultural Extension Service.

"We're joining other South Plains counties to conduct an intensive Texas Master Gardener program," said Curtis Preston, county extension agent. "This is 50 hours of outstanding instruction in all aspects of ornamental horticulture and gardening and can lead to designation as a Certified Texas Master Gardner," he said.

Persons wishing to enter the program should already have knowledge and skills in basic ornamental horticulture, gardening and general related areas, the county agent said.

Participants selected for the program will receive 50 hours of instruction during 12 evening sessions and a field trip. Instructors will include faculty of the Extension Service, the Texas Forest Service and the Texas Agricultural Experiment Station, which are agencies of the Texas A&M University System; Texas Tech University; and members of the West Texas Arts and Botanical Association, and the Lubbock Rose Society.

All training will be at the Texas A&M University agricultural Research and Extension Center in Lubbock.

Participants must agree to attend at least nine of the 12 training sessions, pay the \$50.

one-game playoff with Tulia to determine the top seeding from 2-3A, a tie never materialized. Dimmitt did Muleshoe a favor Thursday night, beating Tulia 52-50 and knocking the Lady Hornets a game back of the Lady Mules. The game had been rescheduled after the referees failed to show on the originally scheduled date last Tuesday.

While Muleshoe was taking care of Dimmitt and clinching sole possession of the district title Friday, Littlefield was making a run for the second playoff spot in the league with a 62-56 overtime win in Tulia. Littlefield improved to 19-11 and 6-4, while Tulia fell to 20-9 and 6-4.

## Jennyslippers planning seminar

Jennyslippers' regular semi-monthly meeting was well attended at the Depot on Tuesday, Feb. 8.

President, Rhonda Calvery, presided.

Nancy Kidd thanked all of the Jennyslippers for their part in the installation and awards banquet held on January 28.

Rhonda was enthusiastic in her response to the Big Band Concert and both the facilities, high school cafeteria and newly redecorated auditorium. The Jennyslippers appreciate the Leadership Muleshoe students who took the tickets at the concert.

Adella Lopez reported on the Panhandle and South Plains "Shots Across Texas" Coalition meeting that she attended in Littlefield. It is a program for tracking each child's immunization history and to involve a variety of providers for immunizations. The goal of the task force is to produce monthly vaccination reports, maintain an adequate vaccine inventory, and interface to national, state,

Tulia's sudden slump left the Lady Hornets tied with Littlefield and Friona for the second playoff spot from 2-3A; all three at 6-4, after Friona won 41-33 at Floydada. A coin flip will determine which team gets a bye and the other two will likely play Monday at a neutral site. The following night, the winner plays the bye team. That winner earns the second seed in 2-3A and will play 1-3A champion Canyon in the bi-district round. Canyon eliminated Muleshoe from the playoffs a year ago.

Against Dimmitt, the Lady Mules got off to a strong start, then fought off the Bobbies' attempts to rally. Muleshoe led 11-5 after one period.

Dimmitt cut the margin to 14-13 midway in the second period, but Muleshoe scraped together a 22-16 halftime lead.

Dimmitt began to score from the outside in the third period, as Cara Josselet got loose for a pair of treys that cut Muleshoe's lead to 28-25.

But Misty Davenport scored seven of her 16 points over the final 1:47 of the third to give the Lady Mules a 35-25 lead with one quarter to play.

A rash of Lady Mule turnovers early in the final period

gave MHS fans a case of nerves, but they soon settled down. The Lady Mules hits 11 of 13 free throws down the stretch to keep the Bobbies at arm's length.

As the final minute began with Muleshoe in control, the MHS student section unfurled a huge banner. The sign held a quote Dimmitt coach Robert Wood had given to the Amarillo Daily News when the Lady Mules beat the defending state champion Bobbies on their home floor Jan. 25. Wood's quote had indicated that if Dimmitt's leading scorer, Kim Thomas, had played in the first game between the two teams (she injured an ankle in warmups), Dimmitt "would probably have won. . ."

Thomas played the whole game Friday, but could not make the difference. Dimmitt ended its season 15-15 and 4-6.

Davenport and Brenna Wheeler led the Lady Mules with 16 points each, while Allyson Field added 9 and Kristin Holmans had 6.

Thomas had 16 for the Bobbies, while Josselet had 11.

In the JV contest, Dimmitt rallied in the second half for a 53-45 win.

Michelle Williams led the

Muleshoe JV with 13, while Jodi Foster had 8 and Lauri Puckett 7.

Ewing had 19 for the JV Bobbies.

## Valentines Day

Continued from page 1

graved with a beloved's name or initials became known as "love tokens". Tokens of mutual love and affection usually symbolized the uniting of spirits: love knots or bows represented love and marriage; the unbroken circle of rings symbolized eternity.

Today we acknowledge both the permanence and the beauty of these ancient gifts when we

admire them in the world's museums. Still bright, still beautiful, ancient and medieval jewelry continues to radiate the magic of love, so long after the givers and their lovers have departed.

So, in mid-February we again celebrate romance. It no longer matters whether this celebration is done in the name of Lupercus or Valentine.

## Gary King Receives Roush Excellence Teaching Award

Former Muleshoe resident Gary L. King has received the Donald C. Roush Excellence in teaching award. King is the associate professor of mathematics at New Mexico State University's Alamogordo branch.

King is the son of J.R. and Louise King of Muleshoe. He has three brothers: Kenneth of Muleshoe, Jim of Lubbock and iRick of Amarillo.

King received his master of science degree from West Texas State in 1978, the same year he joined the NMSU faculty in Alamogordo.

King is progressing toward a second master's degree in experimental statistics at NMSU. He is a consultant to Holloman Air Force Base concerning statistical procedures to be used to determine reasons for pilot black out. He has also designed a computer course for U.S. Forest Service employees and writes computer tutorials.

His students say that he "cares about them," and that, "He's never too busy to help," and "He shows a more realistic way of doing math."

Another student said, "This

is not the first time I have come back from the main campus to take a math course from Mr. King."

The Roush awards were given to the teachers at a Jan. 11 ceremony.

The awards are based on survey data gathered from students, department heads, deans and provosts.

### Continental to sing here Tues.

Featuring over 35 cast members, including vocalists, instrumentalists, dramatists and technicians, the CONTINENTALS will present the award-winning musical, "Dreamer" on February 15, 1994 at the Trinity Baptist Church of Muleshoe at 7:00 p.m. The musical, written by Cam Floria, is premiering an all-new cast recording and is produced with full costuming, singing and pageantry-for an audience of all ages. It has recently been re-orchestrated, newly revised and recorded for the 1994 touring season.

## Love's Humility

As we approach another Valentine's Day, I thought of the words author Rodney Clapp once wrote in the pages of *Christianity Today* concerning romantic love: "In a very basic way, romantic love is concerned with humility. No one can fall in love without facing and admitting humility."

Focus  
On  
Faith  
Curtis  
Shelburne

As proof of his statement, he points to the common, but uncommonly wonderful, feeling most lovers have that their particular love is almost "too good to be true."

Do you remember the feeling? It's a strong one! (So strong that lots of folks in our culture fall in love with falling in love; some people high on Cupid's potent narcotic wreck their lives and their families chasing the feeling—and the serial lovers they think it takes to keep the narcotic flowing! But that's another column. . . .)

Do you remember the euphoria of loving the one person in the world you would be happy to spend your life with and discovering, wonder of wonders, that that person also loved you?

The experience of falling in

love with another person may be one of the most humbling experiences we ever undergo. We see our beloved through the eyes of love. We see in that person the embodiment of all that is best in humanity.

But, at the same time, we take a backward glance at ourselves--warts, pigeon toes, crooked teeth, zits, and all--and we wonder, "How can this radiant creature love me?" But she does! And we are deeply humbled.

One thing, though, is even more humbling than being entrusted with the wonderful love of a beloved human being--being a recipient of the love of God.

If experiencing the love of another mortal is so humbling that it brings tears of joy to our eyes, experiencing the love of the immortal God should drive us to our knees in utter amazement and awe.

Listen again to those six amazing words of John: "For God so loved the world . . ." I'm part of the world, a weak and imperfect part, to be sure, but still a part.

God loves me! The more I understand and internalize that magnificent and humbling truth, the more I will find myself loving Him.

Curtis Shelburne is the minister of the 16th and Ave. D. Church of Christ in Muleshoe.

## Rebekah News

By Ina Wilemon

FEB. 8 — Ruby Garner and Terie Snell served refreshments tonight. Lodge was opened by our N.G. Mary Ann Ramirez. Our Secretary June Green read the roll call of fifteen members present. She read the minutes of last week which were approved. Received a letter from Beulah Kelton, so

good to hear from her. Louise Allen is home recovering from knee surgery - Ona Berry not feeling so well.

We will have initiation for our new candidate sometime soon.

Two representatives for Feb. 26, 1994 South Plains Association will be Fern Davis and

Ruby Green. Several members are talking Grand Lodge IOOF of Texas and the Rebekah Assembly of Texas Annual Session March 18-22 at Abilene Civic Center in Abilene, Texas this year.

Birthday cards were passed around to sign for our aged home. All of you having

birthdays in February - we wish a Happy Birthday to all.

Everyone is to bring something for pot luck next week. Also bring a Valentine card.

Before lodge was closed, all recited the Rebekah Creed led by our V.G. Betty Vansandt.

## Better Hearing Can Be Your Own Little Secret.

Chicago, IL—Many Beltone hearing aids are so tiny and hard to notice, your aid could be your own little secret.

A free offer of special interest to those who hear but do not understand words has been announced by Beltone. A non-operating model of the smallest hearing aid Beltone has ever developed will be given absolutely free to anyone requesting it.

It's yours for the asking, so send for it now. It is not a real hearing aid, but it will show you how tiny hearing help can be. The actual aid weighs less than an eighth of an ounce, and it fits inconspicuously into the ear canal.

These models are free, so we suggest you write for yours now. Again, there is no cost, and certainly no obligation. Although a hearing aid may not help everyone, more and more people with hearing losses are being helped. For your free sample, send your name, address, and phone number today to: Department 00000, Beltone Electronics Corporation, 4201 West Victoria Street, Chicago, Illinois 60646.

Sometimes the desire to run out the door and chuck it all is overpowering when we are confronted with the mess of an after-dinner table!

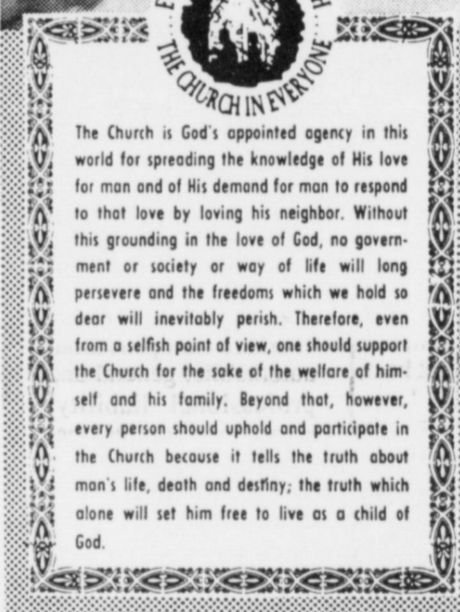

Sometimes, insight lets us see that our lives are quite a mess too. In fact, things seem such a jumble, that our reaction to this truth, if acknowledged, is, "What's the use?"

Well, of course, the only thing to do with the dishes is to take them to the sink, put them in hot water, and wash them with a good cleansing agent until they shine.

Less obvious, perhaps, is what to do with a messed-up life. We invite you to seek an answer in church this week. You are sure to find there the Power who will help you with your problems, a power who cares immeasurably for your soul.

"Casting all your care upon him, for he careth for you." I Peter 5:7

"And the crooked shall be made straight, and the rough places plain." Isaiah 40:4b.
