State Republicans May Yield Wurzbach Seat Sans Fight

GARNER'S STOCK IS BOOSTED

Nation Pays Tribute To Caraway, Who Died Friday

SAN ANTONIO, Nov. 7. (UP).—State Republicans indicated today that they might yield late Harry Wurzbach's house seat to Democrats without a contest. Democratic and republican leaders were to confer here tomorrow night to select a fusion candidate. Representatives John Garner, who is now assumed the house speaker-ship, is to attend the meeting. R. B. Greager of Brownsville is to represent Republicans. Mayor C. M. Chambers, a third conferee, is expected to fight for the selection of Carl Wright Johnson, attorney, as a candidate. Wurzbach will be buried in the national cemetery here Sunday. The body was lying in state at the municipal auditorium today.

Sees Presidential Nomination

TULSA, Nov. 7. (AP).—A republican member of the last congress and who has contested his defeat for the coming term by a democrat, predicted here today that if Congressman John Garner of Texas becomes speaker of the house he will be the democratic nominee for president in 1932.

The former Congressman Charles O'Connor, said Garner would be unbeatable for the democratic nomination if he is elected speaker and can demonstrate leadership.

Tribute Paid To Caraway

LITTLE ROCK, Nov. 7. (UP).—The state and nation paid tribute today to Senator Thaddeus H. Caraway, who died suddenly of a heart ailment last night. The funeral is to be held early next week at his Jonesboro home. Vice-president Charles Curtis and Caraway's fellow senator, Joseph Robinson, opposing candidates for vice-president of the last election, were placed in charge of the funeral.

NEW OIL POOL SEEN; SHIPLEY WELL PROMISES

The opening of a new oil pool in West Texas was seen when the John F. Shipley-Monroe No. 1 on the northwest corner of section 3, block 1, W. & N. W. survey, Ward county, was standing 435 feet in oil after the bit when six inches into pay at 4664 feet.

The well is a wildcat and is 12 miles southeast of the Loving county area. Shipley said Saturday he would let the well rest for several days before deepening. Lease play in West Texas has suddenly assumed the bustle of two years ago.

27 Bulls Bought By Farms Company

Twenty-seven head of registered Hereford bull calves have been bought recently by the Midland Farms company, H. G. Bedford, manager, and placed on the C ranch northwest of Midland. Seventeen of the bulls were bought from the registered herd of B. N. Aycock and twenty from Tom Nance.

NO COMIC SECTION

Readers of The Reporter-Telegram will notice today that the colored comic section has been omitted. Briefly, the situation is this. Midland needs a daily paper and the management of The Reporter-Telegram is determined that a daily paper shall be continued. It is with this major thought in mind that certain minor retrenchments are being taken to make possible a continuation of the larger payroll and larger general expense necessary to publish a daily paper. The daily comic section is being retained. Your indulgence will be appreciated. The Reporter-Telegram

First Telephoto From Vatican

Another modern miracle has been introduced within the walls of the Vatican City. For the above portrait of Pope Pius XI was transmitted by wire directly from the Vatican, over an apparatus installed by Edoard Belin, French inventor. This picture, the first sent from the papal city by telephoto, was received in Paris. The photograph was taken as the Pope inspected the intricate device. A radio broadcasting station also was installed recently within the Vatican.

TWO ARMISTICE DAY PARADES ARE ANNOUNCED; WAR VETS HOLD MEET AT SCHOOL; GRID PARADE FOLLOWS

Two parades will be staged in Midland Armistice day. Veterans will give a program at the high school auditorium afterward. At 10:15, Veterans of Foreign Wars and American legion members will assemble at the old library building at the corner of Wall and Colorado. The high school band will play several numbers before the parade starts.

The parade moves at 10:30, starting east on Wall to Loraine, south on Loraine to Missouri, east on Missouri to Main, north on Main to Texas then west on Texas to the high school. The parade will be made up of the high school band and pep squad, members of the Veterans of Foreign Wars post, American legion members and boy scouts. All ex-service men are invited to enter the program. The general assembly will be held at 10:55 at the high school, when Fred Middleton sounds taps. At 11 o'clock there will be one minute of silent prayer, followed by an invocation by the Rev. W. J. Coleman, Presbyterian pastor. "America" will be sung by the audience. Mayor Leon Goodman will make a patriotic address. Mrs. Foy Proctor will sing. Brief remarks will be made by Joseph A. Seymour, American legion commander and by James S. Nolan, commander of the Veterans of Foreign Wars. Miss Lucille McMullan will read, the Rev. Howard Peters will make a patriotic address and the Rev. Edwin C. Calhoun will pronounce the benediction. In the afternoon, beginning at 1:30, the high school will stage a great football parade which will form at the First Baptist church and led by the McCamey high school band and pep squad and the Midland band and pep squad, wind through the business section, ending at Lackey field, where Midland and McCamey play football.

Bill Doesn't Like This Being Taken As Target for Dog. The next time Bill Connor, 809 W. Louisiana, starts dressing for "a night out" he will put on his bullet-proof vest. Now all the events which contributed to Bill's resolution happened on Thursday night. Bill doesn't remember whether he was parting his hair or tying his shoes. It may be he doesn't even consider his actions at the minute important. "What really mattered is someone fired a shot into my house," he said. A gun shot sounded and Bill heard it hit his house. Miss Helen Foster, high school student, was walking along the street and heard the shot. She said it sounded near her. She dropped a school book and vanished. Connor ran out into the street but could not find any trace of a gunman. He soon dressed and left. "Too much like No Man's Land for me," he grinned. He thinks someone took a shot at a dog and got his direction "crossed."

Children Pull 300 Pounds of Bolls

Two Midland county children, ages six and four, pull 300 pounds of bolls daily. Wilda Lavern Cunningham, the daughter of Mr. and Mrs. W. L. Cunningham who live northeast of Midland on H. A. Jesso's place, and her brother, Kenneth, 4, are the youthful pickers. The girl pulls 180 and the boy 120 pounds.

CONSTRUCTION PROCEEDS. Rapid construction on the model negro school building in East Midland continues. Moving into the building likely can get under way by Dec. 1, according to Supt. W. W. Lackey. The building is constructed of brick, has modern plumbing, concrete floors in halls and toilet rooms, and is scientifically constructed as regards window space, heating and ventilation. VISITORS HERE. Mr. and Mrs. Clyde Baiton of Kermit were in Midland Saturday afternoon visiting and transacting business. CRANE VISITORS. Mr. and Mrs. Sam H. Jopeland came to Midland Saturday from their home in Kermit to transact business.

STUDENT WOUNDED IN CHASE

SMU Student Forced To Curb and Wounded

DALLAS, Nov. 7. (UP)—Ralph Goodwin, 23, Southern Methodist university senior, was shot, probably fatally, today in a battle with three gunmen here. Goodwin was driving toward his home after seeing a girl home when the men in a coupe attempted to force his car to the curb, ordering Goodwin to stop. Goodwin sped up and the pursuers fired through the car's rear window. Goodwin was shot in the back. The chase continued to Lake Whiteock where Goodwin stopped in a blind road. One gunman stepped to the side and fired once, then fled. Officers were unable to determine the motive as the youth was not robbed. Mystery Succeeds. DALLAS, Nov. 7. (P)—A revolver, a bullet and a torn handkerchief, were held by detectives tonight as clues by which they hoped to establish the identity of attackers who critically wounded Ralph Goodwin, 23, Southern Methodist university student after a long automobile race in which he exchanged shots with the attackers. Goodwin was shot, he said, by robbers who forced him to alight from an automobile, then turn his pockets inside out.

Like Father Like Son, Laundrymen Say

Earl Ray is a chip off the old block. He nearly out Virgil Virgil on the barbecue for the laundrymen. Virgil C. Ray, the best known barbecue artist in West Texas, was scheduled to do the barbecuing for the laundrymen, having offered his services gratuitously, but he was tied up in a cattle deal and called on his son Earl to try to uphold the Ray reputation. Earl upheld it so well, according to epicures at the feast that "the old man" had better watch out for his laurels. Earl modestly admitted that he did just what dad told him to do and that Clarence Scharbauer had furnished an extra good calf to cook. Riley Williams was in charge of serving.

Midland Cattle in Kansas City Show

Three loads of stocker cattle from the J. E. Hill ranch will be shipped the last of this week to be entered in the American Royal Livestock show at Kansas City. The cattle were selected by Leon Goodman for the Western Hereford exchange. The Western Hereford exchange has shipped several cars of Midland cattle this fall to Illinois and to Iowa farm club boys who will enter them in county fairs in the corn belt. Three cars of Midland calves recently were shipped to the universities of Illinois and Missouri for feeding demonstrations. Goodman will have Midland cattle entered in the 1932 International Livestock exposition at Chicago through the Western Hereford exchange. These will be finished cattle raised in the Midland country. The Hill calves will be entered at Kansas City without any of the usual fancy preparation.

Mayor Proclaims Nov. 10 Poppy Day

Tuesday, Nov. 10, was set aside as Poppy day in Midland under a proclamation issued Saturday by Mayor Leon Goodman. He appealed to all citizens to wear a poppy in honor of the World war dead and by purchasing a poppy to contribute to the welfare of disabled veterans. The proclamation follows: "I, Leon Goodman, mayor of the City of Midland, Texas, mindful of the heroic sacrifices made by the gallant young men who gave their lives in defense of our country and its ideals of freedom and democracy in the World war, and of the great debt of gratitude which we owe to those who returned from that conflict broken in body, do hereby proclaim Tuesday, November 10, Poppy day. "I further call on the patriotic (See POPPY DAY page 8)

A Modern Robinson Crusoe Story Told in Pictures

A HOME FOR MODERN ROBINSON CRUSOES was this rickety-looking shack in which the three castaways of the wrecked yawl West Wind lived for half a year on Cocos Island, in the Pacific. The trio was rescued by the gunboat Sacramento and brought to Balboa, in the Canal Zone. The marooned men had salvaged rifles and fishing tackle from their beached craft and lived mainly on the wild hogs which they shot and ocean fish which they caught.

THERE WAS LITTLE LEFT OF THE YAWL WEST WIND, as this picture shows, after it and its three sailors had been cast ashore on isolated Cocos Island, in the Pacific, last April. Here you see seamen from the U. S. S. Sacramento examining the wreckage of the yawl after the naval gunboat had rescued the trio of marooned men.

LAUNDRYMEN SEE DEPRESSION AT LOWEST POINT

A new outlook on business was expressed by delegates of the West Texas Laundry Owners association in open forum of the two-day convention which adjourned here Saturday. "The depression has touched bottom," according to John Burnside, San Angelo, former president and now a director in the association. Delegates to the convention elected J. Ralph Lee of Colorado president at the closing session. Selection of the next meeting place was left to the directors. Other officers elected were: John Wallace, Stamford, vice president; Paul Pond, Wichita Falls, secretary-treasurer; John Burnside, San Angelo, L. E. Shaw, Brownwood, Harry Grey, Wichita Falls, directors; W. R. Crawford, Dallas, sergeant-at-arms.

Members favored meeting once a year rather than semi-annually, but instructed the directors to finally determine the matter. Odessa and San Angelo bid for the next convention. The purpose for the associational meetings is the exchange of constructive ideas in laundry management and methods, Burnside said. These ideas are brought out in open forum and plant owners adopt them, with a view to turning out better work at less price. "Home laundries are the bane of the laundry existence now," Burnside said. "All over the country unemployed people buy washing machines on credit and set up their own plants. They charge less for their work because, as a general rule, their output shows less finish than that of the laundry. "If people would use laundries exclusively they would find that disease would be cut down appreciably. There is no greater insurance against disease germs than cleanliness." Laundry owners reported that their respective plants are beginning to realize a change in business. More and heavier bundles are being received every day and this indicates a gradual return to more prosperous business conditions, speakers said. A barbecue and dance were given visiting delegates Friday afternoon and night. A large crowd was in attendance at Cloverdale and in the ballroom of Hotel Scharbauer. Clarence Scharbauer donated a calf for the barbecue, and Barney Smith's jazz orchestra played for the dance.

DOG HOLDS RATTLER 30 MINUTES; HOE IS USED TO ADVANTAGE

Ray Upham thought "Snookum," his dog, was the snake's hips once—now he knows it. Upham's 8-year-old son, Clayton, was playing in the yard at 1705 West Wall and heard a rattle. Snookum, 18-months-old Collie, raised a lively commotion and rushed over to a corner of the Upham yard and began barking furiously. Mrs. Upham came out to see what was wrong and saw a five-foot rattlesnake. The dog, even though he had never seen a snake before, intuitively leaped back when the snake coiled, but leaped upon the snake when it tried to crawl away. For 30 minutes he kept the venomous reptile on the yard while Mrs. Upham tried to get her husband on the telephone. Upham arrived and slashed the snake's head off with a hoe. It had five rattles and one button.

CAR IS TAKEN

Addison Wadley, pioneer merchant, reported to the sheriff's department Saturday night his automobile, a Buick sedan, had been stolen.

THEY KNEW HELP WAS ON THE WAY, did the three castaways of the yawl West Wind, when they found this sign and box of supplies on their lonely Cocos Island home in the Pacific. The sign and provisions had been left by Julius Fleischmann's yacht Camargo, which found traces of the marooned trio but, unable to locate them, sailed away to get help. The castaways later were rescued by the gunboat U. S. S. Sacramento. The three were in good health despite six months lived on the isolated island.

LEAGUE IS ADAMANT IN ITS DEMAND

Japanese Fearful of Russian Troops With Chinese

WASHINGTON, Nov. 7. (AP)—A polite refusal was Japan's reply today to the League of Nations' resolution requesting withdrawal of its troops from Manchuria by Nov. 16. In a note to Aristide Briand, of France, the chairman of the league council, the Japanese government rejected as impractical the proposal that protection of Japan's nationals and property be undertaken by the league on the withdrawal of soldiers.

League Reiterates Demand of Japan

GENEVA, Nov. 7. (UP)—Aristide Briand, president of the League of Nations council, sent the third strongly worded note to Japan today insisting on cessation of military activities in Manchuria. The league was reported highly alarmed over the Far East conflict.

Russians Fighting On Chinese Side

MUKDEN, Nov. 7. (UP)—Many Russians clad in Chinese uniforms were found among the dead at the Nonni river battlefield today, indicating active volunteer participation of Russians in the Manchurian warfare. As a result the Japanese redoubled precautions. All Chinese travelers were forced to undergo a search before continuing their journeys.

Japs Extend Along River

TOKYO, Nov. 7. (P)—While the world awaited the next move in Manchuria, Japanese troops on the Nonni river took cognizance of rumors of further Chinese military activity by consolidating the positions they won this week in a bitter three-day battle. Officials regarded these precautions purely as a military measure and indicated they expected no further trouble.

REVENGE FOUND IN KILLING OF FT. WORTH MAN

FORT WORTH, Nov. 7. (UP).—Police today believed W. L. Ray, 42, was slain for revenge in a long-standing vendetta with desperate enemies. Ray, the son of the Rev. Jeff D. Ray, professor of evangelism at the Baptist theological seminary here, was found slugged and choked to death in a ravine last night. The body was badly decomposed, indicating death had occurred several days ago. The father said the son shot a man who attempted to hold him up in El Paso a year ago.

Washington Letter

The Dole Is an Old American Institution Since the Indians Have Been Getting It for a Hundred Years, but It Is Now Evident That It Did Them More Harm Than Good.

WASHINGTON.—The dole, irresponsible politicians to the contrary is one of America's old and established institutions.

An official of the Interior department sprung that one of your correspondents. He says the American Indians were the original recipients of the dole, that they are still receiving a federal dole and that this dole has been more harmful to them than anything else.

Thanks to the old dole system, one is told, a couple of hundred thousand Indians are now living in squalor and misery, eking out a bare existence, raising meagre crops, occasionally getting odd jobs but utterly lacking in independence initiative and opportunity.

We have doled things out to them all along, they never went out and scratched for themselves, one hears. They don't even have to take care of their own children, even now, or pay doctor bills.

Woman Warns Love Lorn About the Men Who Kiss

Editor's Note: If anyone knows the "ins and outs" of married life, this 63-year-old Louisiana woman does. Wed late last spring to her eleventh husband, she has, in her own words, "weighed him in the balance and found him wanting."

By MRS. CAROLINE FROST-MCDONALD-WALTERS-BRONSON-CHEVALIER-BURGESS-GARDNER-WHITE-LUIGI-HATFIELD-WILLIS-PASCHAL

(Who Has Been Married 11 Times) URANIA, La., Nov. 7.—Yes, I know something about men and marriage. I once had companionship, especially since I am nearing old age, and because my experiences with men have not been altogether pleasant.

He walks on ahead, leaving her to follow as best she can—shows in every way that he thinks he is a superior creature and then he winds up by showing disrespect for her church. He played the hypocrite to get a wife and now while still pretending to love her, shows that he is not a gentleman by nagging her and even ridiculing her church.

He is a snake in the grass and learned his part from the picture shows or some trashy story. Keep your sweetheart at your "fingers' end—if he is worth while he will wait patiently and think more of you when he does win you.

This last man, Louis Paschal, to whom I was foolish enough to marry, has given out to the press—that I paid him \$5000 to leave. I want the world to know that I never gave him one cent. I talked the matter over with him—told him he was weighed in the balance and found wanting—that he did not do enough work to earn his board and keep—that I wanted an industrious man around the place who would plow, milk the cows, look after the stock and at least do half as much work as I did.

Beware Girls!—Here is Mrs. Caroline Frost-McDonald-Walters-Bronson-Chevalier-Gardner-White-Luigi-Hatfield-Willis-Paschal who gives advice to the lovelorn after her eleventh matrimonial shipwreck.

son parish of poor but honest farmer parents and was given the name of Caroline Frost.

A few years after Mr. McDonald's death—he was a good man—I married Lee Walters, who came from New York and was a worker on the railroad. He proved to be a whiskey drinker. He got in trouble and disappeared.

Our home was a heaven for 10 years until Charley was killed while coupling cars. My heart was broken and home has never been the same since—nor will it ever be. I continued to work hard and paid off the mortgage against my 240 acres. I soon accumulated some money—made good investments and became independent in a financial way.

The Town Quack

(Reserves the right to "quack" about everything without taking a stand on anything.)

It seems that the comment I made on this fellow Ralph Lee before he came to the laundry convention did him some good. He was elected president. Aubrey Legg, however, got off some lousy cracks about this place needing a laundry convention. Plenty of dirty folks, etc.

On to Hollywood! Jack and Jill Save Money at College

LEGION MEET

McCAMEY, Nov. 7.—The 17th district of the American legion will hold its first convention following the state meeting at El Paso on Saturday and Sunday, Nov. 7 and 8, of this week at Sweetwater, M. J. It is to be a home-coming celebration for Earl Earp, state commander of Sweetwater, and a big turn out is anticipated.

MEETING HOUSE READY

PHILADELPHIA.—The first Quaker meeting house to be erected in Philadelphia within a hundred years was recently opened for services in Chestnut Hill. A group of Friends, living in the Chestnut Hill and Mt. Airy sections of the city, organized the meeting seven years ago and have just finished construction of their new building. Benches, borrowed from the old Arch street meeting house and said to be more than 200 years old, were placed in the new edifice.

It's Easier to Pass Requirements for Private Airman's License in Midland

Liberalization by the department of commerce of eye-sight requirements for student and private airplane pilot licenses, which will permit and at the same time require student and private pilots with defective vision to wear corrective lenses while operating aircraft, has been announced by Drs. W. E. Ryan and Tom C. Bobo, examiners in Midland for the government.

of persons whose vision requires correcting lenses and who, because of this, never reached the stage of taking physical examination for flight training.

Under the new requirements, that are effective at once and are embodied in amendments to the air commerce regulations, if an aspirant's vision without glasses does not meet the requirement of 20-50 in either eye or if his depth perception without glasses is more than 30 millimeters he may be issued a student permit qualifying him for the grade of private pilot if his vision in each eye corrects to 20-30 or better by spectacles or correcting lenses in his goggles and his depth perception is not more than 30 millimeters while wearing such correction.

In presenting themselves before the medical examiners of the aeronautics branch, who are located throughout the United States and number more than 800, applicants must possess the spectacles or goggles with correcting lenses fitted therein and must use them while taking the visual and depth perception tests.

Furthermore, the department is insisting, by an amendment to the air commerce regulations, that the failure of student and private pilots to wear correcting lenses where vision does not meet requirements of the air commerce regulations without such correction while operating aircraft, will constitute grounds for suspension or revocation of license.

Inspectors and medical examiners of the aeronautics branch throughout the United States are being notified of the change in the requirements. The medical examiners, who issue student permits, and the aeronautics branch inspectors who issue and renew private pilot licenses, are being instructed to note on the permit or license that the holder shall wear correcting lenses while operating aircraft.

Doing Things on Schedule Don't Overwork It Let Child Plan His Own Time

Sometimes certain training in childhood acts in direct reverse when they get older and make forays into the big wide world on their own responsibility.

This is the way it happens when the child has to mark time even to the most trivial detail, when he is growing. Later on when he is away and planning things for himself he is very likely to feel like the man who longed to inherit a million dollars.

Another point may be mentioned and that pertains to goggles. The type of goggles now in use is far more comfortable and efficient than those made in the past. In a majority of cases goggles with plain glass may be worn over spectacles without producing any discomfort.

lars just so he could lay in a supply of alarm clocks and break one every morning at six o'clock.

It wouldn't matter a great deal whether this child became a "time planner" or not, except that success of every sort depends on this ability. Time like money must be used properly. We never make light of money, education, when and where to spend, how much to spend, and how much to save.

Need we stand by to tell him precisely what minute to begin and when to stop? If he is not interfering with the major program, why not let him learn what it means to measure time so there will be room for everything? Time-fitting, we might call it.

For instance, Bob has to study, to practice on his violin, to practice football, to do his errands and to hike off to the woods.

Simplicity and Warmth Are Keynotes Of Articles on Clothing for School Children Written by Nurse and Teacher

From healthful, practical, and sensible standpoints, experts of Midland agree that the school children from the primary grades to the senior class should be attired in warm, simple clothing during the winter months.

Such scenes as small children wearing socks on cold winter days, pupils remaining in a comfortable class room wearing a heavy sweater and girls selecting high-heeled shoes for school wear are strongly discouraged by Miss Martha Bredemeyer, county health nurse, and Miss Katherine Mullino, head of the clothing department of Midland high school, who tell of the most sensible ways of dressing in following articles.

Both women deal with their respective work and present splendid information which mothers may well follow in selecting the wardrobe for school children.

# SMU BEATS AGGIES 8-0; TCU EDGES OUT FEATHERED TRIBE, 7-6

## TEXAS WINS; HOGS FLASH TO TIE IN CHICAGO

Southern Methodist university and Texas Christian university remain to fight it out in the Southwest conference, following victories Saturday over A. & M. and Rice Institute.

SMU's flashy team won 8-0 over Bell's Aggies, but TCU had a harrowing time in downing the Feathered Tribe 7-6. TCU scored in the first quarter, but the Owls came back in the second half to score a touchdown. The try for added points failed, and with it Rice's chances for a tie score.

While the leaders were winning, Texas took a 25-0 decision from Baylor and Arkansas played a great game to gain a deadlock with the University of Chicago.

TCU meets the University of Texas and Baylor before engaging SMU Thanksgiving.

SMU plays Baylor and the U. S. Naval academy before going to Fort Worth for the Turkey day game. It is believed that SMU is more powerful than TCU but that the ponies are showing no more than is necessary. They play the Gallioning Gaels of St. Mary's in San Francisco following the TCU game.

## SPORTS REPORTS

By R. C. HANKINS

Neither Big Spring nor Sweetwater is in condition to play the Nov. 11 game in Sweetwater. If one may believe what one reads, we are like Coach Barry in that respect, however; which means to anyone who knows the coach that we expect every Steer and every Mustang to be in perfect condition.

Every member of each club's backfield has something the matter with him, it is said. One or two have colds, one suffers from remorse of conscience (that must be one of the Big Spring captains), one worries because a story came out saying he was a friend of a sports writer, and so on.

Right here no one except Ham Pinnell seems to be totally hors de combat. Pinnell, however, is limping with enough injuries to make up the deficit for other members. Where the drug store cowboys gather, it's said Ham has spent

### They Keep West Wild These Days

Moraga Marauders and Galloping Gaels they call them—this little band from St. Mary's College, Oakland, Calif., that has upset everything in its path. The Gaels are coached by Edward (Slip) Madigan, former Notre Dame star, and are rapidly gaining recognition as the "Notre Dame of the West." Mike Steponovich and Bill Fisher are veteran guards, each weighing well over 180 pounds. Elmer Preston weighs 172 and is a veteran end. Captain Toby Hunt, 190-pound tackle, is one of the most dependable. Gael linemen. Jack Danilivich, 175-pound center, is a sophomore who ousted two veterans to win a regular berth. Halfback Bud Toscani, 180 pounds, and Fullback Angel Brovelli, 185 pounds, are spearheads in the St. Mary's offensive.

more than a century spot getting patched up this season. His injuries should bring him wound stripes; he's been in the thick of the going every minute he has played, if our eye may be judged.

Still little news from McCamey. They expect to lose to Midland, so we have been informed, but we take only five cents worth of stock in that. You're going to see one of the biggest linemen in the country when you gaze with fear and trembling on Barnett. And remember

there are other linemen of note. Big Spring could score only 19 points against McCamey in three quarters. Had to send in a tide of fresh men in the fourth to get things done to the dark brown taste of Bristow. We keep hearing tales of a great McCamey crowd at Midland, however.

Coach Barry was in the office for awhile. He has his own idea of what the Parksmen can do. Offhand, we'd say he expects to win—but he's expecting a tough battle.

In fact, he lets it be known that McCamey will win over an overconfident Midland team. He is carefully grooming his club, he and his assistant coaches, to be alert at every minute and to move out fast in the first quarter. He says that is the crucial period.

Blondy Cross refers to Big Spring's satisfied gridsters, pointing out that imported stars live in one of the swellest suites of the Settles hotel.

After Big Spring, who are the high scoring clubs of the state? Here they are:

Lubbock is next in the state's high scoring record, having amassed 353 points to opponents' 12, and having smothered 32-6, the touted Pampa Harvesters, conquerors of the Amarillo Sandies. Corsicana has scored 351 points to opponents' 30; Quanah 343 to 18; Abilene 231 to 19; John H. Reagan (Houston) 204 to 19; San Angelo 196 to 6; Breckenridge 186 to 6; Marshall 156 to 8; and Oak Cliff 132 to 12.

They mean business in that Steer-Mustang game. One of the officials of the Texas-Harvard game, Joe Utay, chairman of the Southwestern Board of Football Officials, will referee. A former coach of SMU, Burton Rix, will umpire. Jimmy St. Clair, SMU basketball coach, is head linesman and Buddy Rogers, former Texas Tech star, will act as field judge.

Here's an echo of Midland's participation in Class B. Joe Meagher, former Wink sensation, is one of the mainstays of the College of Mines backfield. He was being groomed to fill the shoes of Capt. Virgil Neugebauer, who it seems has been nursing a broken wrist. Now Meagher is supposed to be akin to the famous coach at Rice, and the way he cut up in Class B circles last year was aplenty. He was injured in the Midland game and did not go many places, but it could be seen that he knew what the game was about.

Our friends to the east have done it again, this time on a triple pass. Kelly to Roberts to Everts to Wilson—and Stanton beat Wink 12-6. In case Stanton beats Odessa the eastern end of the district belongs to the Hydemen—and it would be a sin to give the Odessans a chance in the dope.

Tommy Irwin, who is remembered for his fights in the square ring here, was back in Midland Saturday from a series of 40 fights in Houston, Corpus and Bay City. Had a tough time; lost one fight to a faster boy, and dropped one by a newspaper decision. Easy mark, what? The rest of the story relates to his brother, Jack, the one who used to play football for the Midland high school, is now a prelim boy at Madison Square Garden, in New York. Wonder how the northern lads like his socks? Tom may go north after a bit, or so he said.

Another Stanton boy is tearing up the grid countryside. Doc Moffett dashed 34 yards for Tech against ACC the other night and placed the ball in position for a marker. It was a mere 10 yards to go for touchdown after that.

Bobby Campbell reflects that old scores are nothing to sneeze at, even if one's a good sneezer. He also hung this one up to dry: "When one tries to dope a football team on comparative scores, he is merely taking a short avenue to the nut ward."

SOVIET PARADES ON ANNIVERSARY OF REVOLUTION

MOSCOW, Nov. 7. (AP).—The military might of Soviet Russia paraded in Red square before the tomb of Lenin today in celebration of the 14th anniversary of the revolution.

On the heels of soldiers came hundreds of thousands of workers, packed in dense masses, who sang lustily and cheered in honor of the nation's leaders grouped on a balustrade atop the tomb.

Aid for Poor Is Thought Assured

November 19, 20 and 21 are the dates set in Midland for a canvass to be made by 50 men and women to raise funds to look after the bare necessities of the indigent poor in Midland.

On these dates the annual Red Cross roll call will be held in Midland under direction of W. H. Pratt. He will be assisted by some of the leading and most influential citizens of Midland. Not a single individual has so far declined to work. One man agreed to work two hours every day for six weeks to aid in welfare work.

The great interest of Midland people and their willingness to work is due to the fact that nearly all of the money will be kept in Midland, Pratt believes. Only 50 cents of the first dollar paid goes to the National Red Cross headquarters. Many gifts of \$5 to \$50 will be made. The person who gives \$5 will know that \$4.50 of it will be spent in Midland, and the person who gives \$50 will know that \$49.50 will stay in Midland. Pratt says this is a time when Midland people realize that taking care of the poor is everybody's job and everybody is willing to do his part.

3,800 Bales of Cotton Ginned

Cotton ginned in Midland through Saturday was reported as 3,800 bales. The Farmers' Cooperative Gin company reported 1,918 bales, the Williams-Miller gin as 1,295 and the Hill Gin company as 587. Cotton wagons may be heard coming into Midland at all hours of the day and night, and the gins are running most of the time at full capacity.

One-Horse Crack Is Made in Story

This story that ran in an El Paso newspaper about "Midland's two-man police force being without telephone service now" is the bunk, according to the Midland correspondent of that paper.

The story continued: "To economize in city expenditures the telephone was removed from the police station. Midland citizens phone the city hall and file their protests there." The Midland correspondent did not write the story and believes someone did so as a prank or from the standpoint of a grudge.

Negro Spirited Away From Mob

GREENVILLE, Nov. 7. (UP)—Barney Lee Ross, 23, confessed negro assailant of a white woman near Daingerfield, was held in jail here today.

He was rushed here by officers after a mob formed at Daingerfield last night. The negro confessed arming himself with a knife and surprising a 45-year-old woman working in her kitchen while her husband was in the field.

He was later captured by a posse and was immediately identified by the woman. The Morris county grand jury, secretly recalled, today indicted the negro for criminally attacking the woman.

A corps of heavily armed officers returned Ross to Daingerfield from Greenville, where he was spirited yesterday for safety when a mob gathered.

Capone's Brother Lodged in Prison

LEAVENWORTH, Nov. 7. (UP)—Ralph Capone, Al's brother, was received in the federal prison here today to serve a three-year sentence for income tax evasion.

Al is still in the Chicago jail under an 11-year sentence. Just Another Prisoner LEAVENWORTH, Nov. 7. (AP)—Ralph Capone, swarthy elder brother of Scarface Al, dropped his title of "Chicago's Public Enemy No. 3" today to assume a longer numeral, assigned to him at the federal prison, which he entered to serve a three-year sentence for income tax evasion.

Capone was "just another federal prisoner" to Warden T. B. White.

Negro Taken and Hanged to Tree

COLUMBUS, Miss., Nov. 7. (UP).—The body of Coleman Franks, negro, was found hanging from a tree 15 miles northeast of here today.

Officers said a mob took the negro from a convict camp last night. He was being held on a charge of shooting a white farmer.

Child Kept Stowed In Closet 4 Years

WASHINGTON, Nov. 7. (AP)—Little Edith Riley, who was virtually a captive in a dark closet of her own home for the past four of her 13 months, sat in court and saw her father and step-mother held for grand jury action on a charge of cruelty.

The judge increased the parents' bond after Edith's brother, Francis, described in the preliminary hearing her sufferings from hunger, beatings and confinement in the dirty closet.

Grantham Assists In College Plan

L. A. Grantham, associated with the Mims & Crane agency of the Fidelity Union Life Insurance company of Dallas, returned Friday evening from Abilene, where he was in conference with officials of the company and representatives of the board of trustees of the McMurry college and Dr. Hunt, its president.

Arrangements were made whereby an insurance program and a McMurry college maintenance association be formed which will materially aid that institution in its matter of finance and development. Publicity will be given the plan by the M. E. Church, South, throughout its various organizations and the McMurry college, and the representatives of the insurance company will give the assistance necessary to making McMurry college a still greater institution. Dr. Hunt in a statement Friday said that he sees great possibilities in this plan and is entering into it enthusiastically, personally going ahead before the North Texas Methodist conference at Vernon next week.

"Lover Come Back" On Grand Screen

Human interest, drama, silhouetted against settings that are the acme of modernistic splendor, will be flashed on the screen of the Grand theatre today when "Lover Come Back" opens. Interesting revelations of how two girls go after "then man"—one hides under a mask of hypocrisy, pretending to be what she is not—the other, who has the courage of her convictions, dares all for the sake of life—fighting against tremendous obstacles.

"Spider" Dabbles In Occult Lore

Magical! The lure of the supernatural never has been questioned. Full use of the appeal created by the word is made in "The Spider," Fox mystery thriller in which Edmund Lowe appears as Chatrand the Great, magician, coming to the Ritz theatre today. Lois Moran is co-wings up and down the stage, into the aisles and among the audience of the Tivoli theatre, scene of the startling murder which is the basis for all the thrills.

El Brendel and George E. Stone have much to do. William Cameron Menzies and Kenneth McKenna co-directed.

Poppy Day--

Continued from page 1 citizens of Midland, which poured out such a full measure of its manhood and wealth in the critical days of 1917 and 1918, to recall the spirit of those times; to help the disabled veterans, their families and the families of the fallen by buying American Legion auxiliary poppies which will be sold on our streets on that day by the women of that organization; and to wear these flowers which so fittingly symbolize the sacrifice of those good men who gave their all.

"Signed Leon Goodman, Mayor." In signing the proclamation Mayor Goodman, who is a veteran and an active member of the American Legion, said: "The poppy sale is a patriotic endeavor similar to the work which the women of America carried out during the World war."

According to a statement made by Mrs. Eddie Cole, auxiliary president, plans for the sale of the poppies have been completed. The additional supply of flowers recently ordered by Post Finance Officer Fred Middleton has arrived and there should be a flower for everyone.

Brinkley Station Complies With Law MEXICO CITY, Nov. 6. (UP).—Gustavo Serrano, secretary of communications, issued a statement today saying the Villa Acuna radio station opposite Del Rio was complying with government regulations in broadcasting Dr. J. R. Brinkley's speeches.

Serrano said any station was entitled to sell facilities for broadcasting scientific information and that Station XER is licensed for the benefit of Mexicans.

83 Texans Get Wings of Late

WASHINGTON, Nov. 7. (UP)—With 83 Texans receiving their "wings" during the three-month period ending Oct. 1, Texas continued to be one of the leading aviation states.

Department of Commerce records show that on Oct. 1, there were 811 Texans who had received pilot licenses up to that time. During the months of July, August, and September, 83 Texans had received licenses. The three types of licenses issued are transport pilot's license, the highest the department confers, entitling the holder to operate planes in all branches of aviation; the limited commercial license, permitting the pilot to do commercial flying in a restricted area; and the private license, which entitles the pilot to fly his own ship but not to engage in commercial flying.

Last Quarter Big Factor in Games

By JESS ROGERS Last quarter rallies were the predominant factor in the winning of more than one important game over the nation Saturday. S. M. U. made its touchdown in the fourth quarter, when for the second time in the game Hammond broke through and blocked an A. & M. punt. It was recovered for six points and, with the two points made the same way in the first period, this put the game on a tie.

Oklahoma made 10 points in the last period to defeat Kansas 10-0. Northwestern made three touchdowns in the last quarter to defeat Minnesota 32-14, after trailing 14-13 at the end of the third period. The feature of this game was a 95-yard return of a kick-off for touchdown, by "Pug" Retner.

Harvard defeated Dartmouth in the last three minutes when its brilliant captain Barry Wood intercepted a pass and ran 50 yards for the tying points and then dropped-kicked the extra point to give his team a 7-6 victory.

Arkansas, doped by all the so-called "experts" to lose to Chicago in their inter-sectional game, rallied to score 13 points in the last period and tie up the score.

Missouri scored three touchdowns in the last period to defeat Drake 32-20. Notre Dame scored in every quarter to defeat the hitherto undefeated Pennsylvania team 49-0. Carleton's educated toe was not needed in the melee as the Irish made seven touchdowns and the extra point after each one.

Features in the T. U.-Baylor was a 50-yard jaunt by Stafford and a 65-yard run by Koy, each producing six points. No dope on the T. C. U.-Rice game except the fact that the missing point after touchdown proved fatal to the Owls, the Christians being returned winner 7-6.

Busy Session For Grand Jury

TEXARKANA, Ark., Nov. 7. (UP)—A busy session is in prospect for the federal grand jury of the western district of Arkansas, which convenes here Nov. 9.

Nearly 100 defendants are involved under the 69 cases to be presented to the grand jurors. United States District Attorney W. M. Ivie will present the cases. All but two of the 69 cases involve alleged liquor law violations.

Those not involving liquor violations are W. O. Fenton, arrested on a charge of theft of an automobile from Shreveport, and Durwood Williams and C. D. Robertson accused of stealing property of the post office department in connection with the Foulke post office robbery.

Marshall "Will" Scott, of Garland, and six other residents of the Red River town, arrested in a wholesale raid, are others who face charges. Dr. W. S. Embury, Ruby Levy, Bill Crank, Tom Smith, Will Green and O. D. Green are other Garland city residents involved.

Concentrated drives by federal and county officers since the slaying of Sheriff Walter Harris in July have been responsible for the apprehension of Miller county men, and accused liquor law violators from other southwest Arkansas counties. Deputy U. S. Marshal Clarence Buhler has been active in these raids.
