16" Snow Buries Dry County

Men Caught On Oil Jobs

A large number of workers at plants and drilling rigs were trapped by the blizzard, but none suffered undue hardships.

One Baker-Taylor Drilling Co. crew was lost, but was found at a farm house. Melvin Floyd, Supt. of the Northern Natural Gasoline Plant was stuck most of Tuesday, but was rescued late that afternoon.

Bill Massie said the crew on Baker-Taylor's rig seven was lost from 8 a. m. Tuesday until noon Wednesday, but were found at a farm house. The rig is 28 miles south of Perryton and all the men in the crew live in Perryton.

Some of the crews of the other B-T rigs have been on the job for 48 hours, but they have plenty of food and supplies.

Massie said there were no problems at the rigs, the problem is getting new crews to the rigs, now.

Wagner and Wyatt crews have also been stranded at the rigs. R. T. Farrett and his crew has been stranded at the rig south of the Canadian river on the Pampa highway.

Floyd had to be rescued by the Northern Natural Pipeline crews after he got stuck in a snowdrift at the North Hutch field unit 15 miles south of Spearman.

The unit must be checked each day and Floyd left the Northern plant 12 miles southeast of Spearman about 9 a. m. to check the unit. When he did not return, pipeline crews in four-wheel drive equipment went to get him. They found him about 4 p. m. and brought him to Spearman. He stayed here until Wednesday afternoon when a road was opened to the plant.

Operating crews at the Northern Natural gasoline plant and the Skelly plant were forced to stay on duty from Monday night through until Wednesday.

Men at the Northern plant were Norman Brack, Al Lemons, Bill Bray, Robert Graham, Dale Sutton and Fred Dulien.

Skelly men who were on for an extended time were Towermen W. L. Rowe, Ray Devers, Oscar Mullins and Lee Kees. Maintenance men were Don Denham, Millard Stephenson, Nelson Turnbull and Bill Molar.

The men all had food at the plant and were also able to eat and sleep some either on cots or in the homes of people living at the plant.

DIGGING OUT-- It took all kinds of digging equipment to get Spearman out of the snow Wednesday. Bobby Brown used a shovel on the sidewalk while Pat Pattison worked with a tractor and scoop.

Happy People Start Digging Out Work

Hansford County started digging out Wednesday morning of the largest single snow longtime residents can remember.

Officially Virginia Cates, the weather observer, measured 16.5 inches of snow on the ground and 1.1 inches of moisture. Mrs. Cates was the first to admit that many people probably had more snow and moisture than the official gauge. Monday night's low temperature was 18 and Tuesday's was 25.

The snow started Monday morning and continued strong until Tuesday afternoon. The last flurry came Tuesday night late. There were very few times during the 36-hour seige when snow was not coming hard.

During the snow the winds were light and let most of the snow stick where it fell. Late Tuesday afternoon the wind came up strong and drifted some of the snow around buildings.

Several persons who have been here many years rate this snow as one of the big ones. Lee McClellan says it is one of the big ones, but not the granddaddy of all of the snows.

He did point out that most of the big snows have come in December and stayed on the ground until February and some into March.

In 1915 he said a big snow covered everything at Old Hansford on Dec. 29 and stayed until March 6. There were several snows that followed the initial blast.

The same thing was true in 1943 when the first snow came in December and lasted until March.

The worst time most remember is relatively recent, March 23-24, 1957 when the blizzard hit. Eighty mile per hour winds drove the snow into drifts that covered everything. Everything was buried in the blow, livestock were killed and travelers stranded.

Roads over the area have been hazardous and were closed most of Tuesday.

Wednesday morning Sheriff J. B. Cooke said the main highways to the county lines were open. However, Highway 15 remained closed at Srinnett.

Mail service was stopped Tuesday and was still bogged down in the snow Wednesday. Bread and milk deliveries to the local grocery stores were shut off, but service was restored late Wednesday afternoon before a critical shortage developed.

While State and County road crews were busy opening highways and rural roads, Spearman streets remained clogged with snow late Wednesday afternoon.

A city employee at the equipment barn Wednesday afternoon said the city maintainer and loaders were working on the streets.

The most effective street opening was done by large oil field trucks with chains on their rear duels. These big vehicles soon knocked paths through many of the streets.

Many drivers had to leave their cars where they stuck Tuesday morning. By the afternoon tractors and trucks were getting around over town and pulling the cars out of the drifts.

Reports from rural areas said the snow had stayed on the fields. There were reports of the snow being 15 and 16 inches deep on the fields.

Other than being drawn and hungry, livestock suffered little in the storm. The stock had crossed some fences but the mixing and scattering was not expected to be too bad. Because of the dry weather, there were not a large number of cattle in the area.

This is the first moisture of economic value since July. This is the first time more than one inch of moisture has been accumulated in Spearman in a month since July.

School Closed 200 At Snowbound Again Today Annual Chamber Feed

Spearman Public Schools will not open this morning, Thursday, Supt. James Bramlett said Wednesday afternoon.

Bramlett said the days the schools are closed will have to be made up later this year. It is a state law that schools must operate 175 days per year. Bramlett said the one extra day in the schedule was used when classes were dismissed for President Kennedy's funeral.

"We will have to make up the days, over Easter, on Saturday or go longer in the summer," the Superintendent said. The board will meet tonight to decide how the days will be made up.

New Appliance Business Opens

Another new business opened in Spearman this week.

Bob Nobles, former serviceman for Owens Sales, has purchased the appliance division of Owens and is now selling and servicing Maytag and Whirlpool appliances.

Nobles said they will service all makes of washers, dryers, refrigerators and stoves.

The new business is located in the Womble building next to Remy Upholstry.

Approximately 200 smiling Spearmanites went into the snow Monday night to attend the annual Chamber of Commerce banquet in the newly-painted Community Building.

Other than the drouth breaking snow, the highlight of the evening was the presentation of the Achievement of the Year Award to John R. Collard, Jr., Grand Master of the Masonic Lodge of Texas.

Chamber Vice-President J. L. Brock presented the plaque to Mrs. John R. Collard, Sr. Her son was in New Orleans and could not be at the banquet to accept the award.

Outgoing President Charles Gilliam thanked his board of directors and members for the help they gave him during his year in office. Gilliam presented lapel pins to Stanley Garnett, Bruce Sheets and Dr. Damon Gregg, outgoing directors.

New President James Bramlett introduced the directors for this year and then presented Gilliam with the Past-President's plaque.

The Rev. Charles Gates gave the invocation.

Brock was to introduce the out-of-town guests, but the only ones were Stanley Garnett, who lives two miles east of town and Mr. and Mrs. Sam Greenway, who live a mile

east of town.

Burl McClellan was master of ceremonies and entertainment was by the Lynx Trio. The Men's Glee Club was unable to sing because all of them could not get to the banquet.

Judy Stump Returns From Trip to Mexico City

Judy Stump, student at WTSU returned Saturday from a 10 day visit in Mexico City. She was among 58 students visiting the Baptist Student Union Mid-Semester retreat there.

Highlights of her trip were meeting and shaking the hand of President Adolfo Lopez Mateos in his palace, attending a bull fight and a Folklore Ballet.

The group stayed in the Hotel Regis while in Mexico City, visited the University of Mexico, and also visited 2 Baptist Youth Missionaries about 120 kilometers from the city where they made the acquaintance of two American Baptist Missionaries.

Judy reports the climate was very nice, warm in the middle of the day and cool in the evenings and mornings. She was amazed at the small narrow rocky streets in the smaller towns while Mexico City had large wide streets. She was

impressed by the beautiful large buildings with their modern architecture and colorful murals in mosaic.

Judy came back with many new friendships, new pen pals and a wish to return just any time.

THE WAY I SEE IT

By Robert Cordes

Oslo Lutheran Church

When you awoke this morning, there were 45,000 more people in the world than when you went to bed last night. Each day about 120,000 people are added to the population of the world and each year about 44,000,000.

What is going to happen to these people after death? We may know many Christians. But the great majority of the people in the world are not Christians. They do not believe in or reject Christ as Savior.

Jesus doesn't want anyone to be lost. He died for all, and He wants everyone to believe in Him. That's why He tells us: "Pray that the Lord may send out laborers into His harvest." (Luke 10:2)

God is a just God. He has prepared a way for salvation in His Son. But also God will have respect for our choice. If we reject this Son Jesus, God has no choice but to cause eternal death to become a reality. Eternal death means dy-

ing without our sins forgiven in Christ. Thus this person would be eternally separated from God. This is Hell. It is an eternal place. It is a terrible place from which there is no second chance. Think lightly of this! Never! It will be a place without the presence of God's love.

God wants us to pray for laborers (that is, Christian missionaries, teachers, pastors) to tell the Good News of Jesus' love. We can do this by our offerings of money. We can show by our lives how much Jesus counts for us.

These are some things we can do for the thousands of people in the world who do not know Jesus. Without Jesus none can know "what God has prepared for those who love Him." (I Corinthians 2:9)

It is Christ and salvation or eternal hell. Which shall it be for you? There is no gray in the Christian life. Either you are the Lord, or the devil's. It is time now to let the Holy Spirit help you decide.

Card of Thanks

To everyone who helped in any way to comfort us in the loss of our father, and to Dr. D. E. Hackley for his understanding, kindness and patience, we are deeply grateful.

THE HANSFORD PLAINSMAN

Cooking for Big Crowds Nothing New For Minnie Jones; She Started Young

"I got my start in serving food to large groups on the County Farm in Navarro County."

Thus, Minnie Jones, who is well known in Spearman for her ability to cook and to oversee the preparation of good food, described her beginnings as a good cook.

Minnie's uncle and then her father were superintendents of the County Farm and when she

and Roy Jones married, he was a guard there. Minnie and the superintendent's wife were in charge of supervising the preparation of three meals a day for about 50 prisoners and 30 old folks.

Now Minnie puts this knowledge to good use as Food Chairman of the Methodist W. S. C. S.

of which she has been a member since moving to Spearman from Pampa in 1938. The Meth-

odist women have served countless banquets and special meals for large groups and Minnie is always there to get things organized and see that everything comes out right.

The Jones moved to Pampa when there wasn't a paved street in town and the oil boom was just beginning.

"After living in Corsicana all my life, Pampa looked just like the jumping off place to me at first but I learned to like it."

Minnie says she learned many things about preparing food at the cooking schools which the Pampa Daily News sponsored. "The cooking schools were held every year or so and they were all week affairs."

One of many lessons Minnie remembers and still follows, concerns the baking of cakes. She learned to cover the layers just out of the oven with a cake cover until they are cold, to keep the moisture in. "You keep a tea towel handy and wipe off the moisture that gathers at the top of the cover- and that way you always have a moist, delicious cake."

Minnie likes to bake cakes better than anything else and could bake as good a cake as her mother could, while she was yet a child. Strangely enough though, her two sisters are not even remotely interested in cooking.

Minnie wasn't feeling up to par last week and although she had been chairman of the foods for the radio auction for the March of Dimes, she debated about whether or not she felt like making a cake to send herself. She is glad she did now. Her milk chocolate cake was auctioned for \$25 to W. E. Sparks, who knows how good Minnie's cakes are.

As W. S. C. S food chairman, Mrs. Jones is ready for February to roll around every year with the annual Groundhog Supper. "Mrs. H. M. Shedeck brought us the idea from some of her kinfolks in Oklahoma and we have held the supper for the last 10 years." Minnie has been in charge each time. This year several hundred persons enjoyed the sausage and hot-cake supper which was held last Saturday evening at the fellowship hall of the church. Minnie was in the kitchen all during the evening, making pancakes.

Unlike a lot of good cooks, Minnie does sometimes use ready mixes. When it's necessary to use a boxed cake mix, she makes some additions though. She adds three tablespoons of cake flour and three tablespoons of cooking oil along with some vanilla which she says greatly improves the flavor and moisture of the cake.

It had been a long time since she had cooked for the big

groups at the County Farm, but when the Jones' son, Roy Lee, was growing up in Pampa, Minnie still cooked for big crowds. Her house was known as the eating place for a big group of boys who were hungry after practicing basketball or football. So well known was her cooking, even then, that Archer Fullingim, Editor of the Pampa Daily News devoted all his column to the subject when Minnie and Roy were moving to Spearman some 26 years ago.

Roy Lee graduated from W. T. S. C. and is now vice president of the Lovington, N. M. National Bank. He has been Mayor of Lovington for several years.

Roy Lee and his wife Charlene are the parents of two children whose latest pictures are proudly displayed over the mantle in their grandparents' living room.

Mrs. Jones says her daughter-in-law is also a good cook and this recipe for "Ruidosa Squaw Bread" is one of Charlene's.

RUIDOSA SQUAW BREAD

Squaw bread puffs are like soapapillas but are made from a yeast dough and taste like sour dough biscuits. They usually steal the show at outdoor meals. Start the dough 2 1/2 hours before serving.

2 cups lukewarm water
1 or 2 pkgs. fresh or dry yeast (2 for yeastier flavor)
4 tbsp. sugar
1 tsp. salt
4 tbsp. melted shortening

Mix and let stand until yeast rises to the top of the water. Add 4 tbsp. shortening (not hot) and enough flour to make a medium stiff sponge. On bread board, knead in enough flour to make a stiff dough. Let rise another hour. Roll very thin, cut into strips about 3" x 5" or in squares and fry in smoking hot fat. Turn when puffed and brown on either side. Drain on paper and serve immediately. Good with honey.

Minnie also shares with us this Lemon Pie recipe which she often makes.

LEMON PIE (Baked in Crust)

2 cups sugar
4 eggs
3/4 stick butter, melted
Juice of two lemons, pulp and all

Grated rind of one lemon
Cream sugar and butter, add lemon juice. Beat eggs well and add to sugar and butter mixture and beat very hard. Pour in crust and bake about 5 minutes at 450 degrees until crust sets, then at 300 degrees for 30 to 40 minutes until done.

Minnie begins by beating the eggs in the small bowl of her mixer, until they fill the bowl. This, she adds, makes the pie light and fluffy with a pretty top.

DAY BY DAY

Several Spearmanites went to Amarillo this past week to see Jennie Lynn Massad as Eadie in the Little Theatre play "Lullaby". The play was very enjoyable and Jennie Lynn did an excellent job with her part in a play that was made more complicated by the fact that there were only four characters.

The programs referred to Jennie Lynn as "an accomplished pianist with a mezzo-soprano voice that can soar in operatic aria... in addition to teaching music in the Amarillo Public Schools, she is now studying dancing with Neil Hess and voice under the tutelage of Elsa Porter (also formerly of Spearman)... The knack she displays for comedy and vernacularism in "Lullaby" plus the impressive array of her other talents should stand her in good stead when she embarks on a professional theatrical career in the not too distant future."

Frank and Jennie Massad are justly proud of Jennie Lynn and also of their younger daughter, Pat, who as an accomplished pianist, presented a private recital Sunday afternoon. Pat is also a member of the girls' vocal sextet, the choir and the band.

...

If you feel like you never have enough time for all the things you want to do, maybe you'll appreciate this:

"Time is truly a miracle. You wake up in the morning, and lo! your purse is filled with 24 hours of the unmanufactured tissue of the universe of life. It is the most precious of possessions. No one can take it from you. And no one receives more or less than you receive. In the realm of time there is no aristocracy of wealth and aristocracy of intellect. Genius is not rewarded by even one extra hour a day." — Bennett

Melton - Fryrear Vows Read Here Saturday

Miss Paulette Melton, daughter of Mr. and Mrs. Jeff Melton, became the bride of Cecil Fryrear, son of Mr. and Mrs. Cecil Fryrear, in a ceremony Saturday, Feb. 1 in the First Methodist Church with Rev. Charles Gates officiating.

Verna Lee Schnell was the organist.

Matron of honor was the sister of the bride, Dixie Pool of Channing. She wore a blue brocade dress with white accessories and carried a long stem white rose.

Best man was Donnie Pool of Channing.

The bride, given in marriage by her brother, Richard Melton of Austin, wore a formal gown of white chiffon over taffeta which was made by her mother.

The gown was fashioned with a fitted bodice, scalloped neckline, long sleeves but-

toned to the wrists and a bouffant floor length skirt. She wore a white pearl tiara with an elbow length veil of illusion and carried a white Bible crested with blue and white carnations.

The mother of the bride wore a light blue brocade dress with black accessories and a corsage of white carnations. Mrs. Fryrear wore a blue silk dress with black accessories and a corsage of white carnations.

For the wedding trip the bride wore an off white wide wale corduroy dress fashioned with a scoop neck, long sleeves, and a full skirt. She wore brown accessories and her corsage was from her bridal bouquet.

The couple will live in Wellington, Kansas, where he will be employed on a ranch.

No wedding date has been set.

Bridal Shower Saturday Honors Miss Anita Holt

The home of Mrs. Deta Blodgett was the setting Saturday for a pre-nuptial shower honoring Miss Anita Holt, bride-elect of Mr. Gene Eisenhauer.

Miss Holt is the daughter of Mr. and Mrs. O. C. Holt of the Holt Community. Mr. Eisenhauer is the son of Mr. and Mrs. E. Eisenhauer of Corpus Christi.

Some 85 guests called during the afternoon. Miss Kathy Jenkins registered the guests in a bride's book adorned with an arrangement of deep rose colored carnations. Miss Holt was presented a corsage of rosebuds and her mother received a corsage of white gladioli.

Mrs. Ben Holt, grandmother of the honoree and other assisting in the party were presented white carnation corsages.

The serving table was laid with an imported white linen cut work cloth centered with a bridal arrangement of rosebuds. Cut glass and silver completed the appointments.

The bride-elect's chosen colors of deep rose and camellia carried out in the centerpiece and rose colored punch served from cut glass punch bowl. White cake decorated with miniature rosebuds was served from a tray edged with white tulle. Misses Kay Lackey, Polly McLain and Mrs. Sandra Ladd pre-

sided at the tea table.

The array of gifts were opened and admired by Miss Holt assisted by Miss Rebecca Hutchison.

An interesting note of the occasion was two of the hostesses, Mrs. Fred Daily and Mrs. R. E. Lee had helped with the pre-nuptial shower for Mrs. O. C. Holt before Anita was born.

In addition to the above mentioned hostesses—the following assisted with the bridal shower: Mmes. Dwight Hutchison, Lester McLain, Major Lackey, Phil Jenkins, Bruce Sheets, John Bishop, J. R. Stump, Joe Trayler and Miss Judy Stump.

ATTEND CHURCH

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.

1963, the Probation Department of the 84th Judicial District Court, collected more than \$20,000.00 in probation fees, court costs, child support, and restitution. Of this amount over \$11,000.00 was paid to the three counties of the Judicial District, which was almost \$900.00 more than the salaries paid to the Probation Officer and his assistant.

In announcing for election to the second full term to this important judicial office, Judge Boyer issued the following statement: "Many times since assuming office as District Judge, I have given consideration to a return to the more lucrative field of law practice. I have enjoyed the work and look back over the period I have been privileged to be on the bench with much gratification. Although I gave up an established and profitable law practice and have been urged to return to such practice by many former clients, the satisfaction of attempting to see that all citizens are afforded equal justice, under law, as to their personal and property rights is a reward to me, exceeding any compensation that can be measured in a monetary sense. I am proud to state, that, notwithstanding the increased population and industrial development, causing a substantial increase in the court dockets of both civil and criminal cases, the dockets in the three counties of the district are current. The co-operation of the officers, attorneys, litigants and jurors, is, in a large measure responsible for the status of the court, for which I am very grateful. If on the basis of the record, my candidacy for a second full term merits the support of the citizens of the 84th Judicial District, I shall be pleased and appreciative, and if elected, I shall continue, with the help of our citizens, to administer justice throughout the three counties of the District."

Max Boyer

Judge Boyer Announces

Judge Max W. Boyer has authorized the Hansford Plainman to announce his candidacy for nomination of the Democratic Party for a second full term as Judge of the 84th Judicial District of Texas. Judge Boyer was appointed by Governor Daniel in December, 1957 to serve until the General Election in 1958. He was nominated in the Democratic Primary in 1958 and elected in the General Election the same year for the unexpired term ending January 1, 1961. He was elected to his first full term in 1960.

Judge Boyer, his wife, Addye and their son, Don, now in his first year at Texas Christian University, are members of the Methodist Church at Perryton. He has served as County Attorney of Ochiltree County and as City Attorney of Perryton and was a member of the Texas House of Representatives for four years. Long active in legal circles, before his appointment as District Judge, he was the first President of the Northeast Panhandle Bar Association, is a member of the State Bar of Texas, where he is active in the Judicial Section, and at the time of his appointment was Chairman of the 18th Congressional District Grievance Committee of the State Bar.

There has been much favorable comment by officers, attorneys, litigants and jurors, since Judge Boyer has been District Judge, particularly as to his efficiency, judicial temperament, judicial ability and sense of fairness. Citizens have praised him for the prompt and dignified conduct of his court. A District Probation Department has been established in the 84th Judicial District, with the consent of the Commissioners Court in each county. There are more than 150 first offenders, now on probation, after conviction of felony offenses, who are making good citizens, under supervision of the Court, through the District Probation Officer. Probationers who do not live up to the terms of probation are promptly handled by having the probation revoked and the sentence imposed. Judge Boyer requires those who are placed on probation to make restitution for any property taken by the offender, as well as paying all costs and a monthly fee, with certain exceptions, towards probation costs. Joe Day Is Candidate Teams Going To Stinnett

I take this means of announcing to the voters of Precinct No. 1 of Hansford County, that I am a candidate for re-election to the office of Commissioner, Precinct No. 1.

My candidacy is subject to the action of the Democratic Primary to be held in Hansford County Saturday, May 2, 1964.

In asking your vote and support for this office, I would like to review the fact that I have received a wealth of information and experience, in joining other county officials in conducting the business of the county during the period of the county's largest physical and financial growth in history.

I have given my best efforts to handling the problems of Precinct No. 1, in the past, and feel that my experience will enable me to cope with the problems of the future.

I pridefully refer to my past record of fairness to all people of Precinct No. 1, and believe you will know that I will continue to serve the voters impartially.

Allow me to thank you in ad-

After the snow-enforced vacation, the Spearman Lynx and Lynxettes will resume action Friday night in Stinnett.

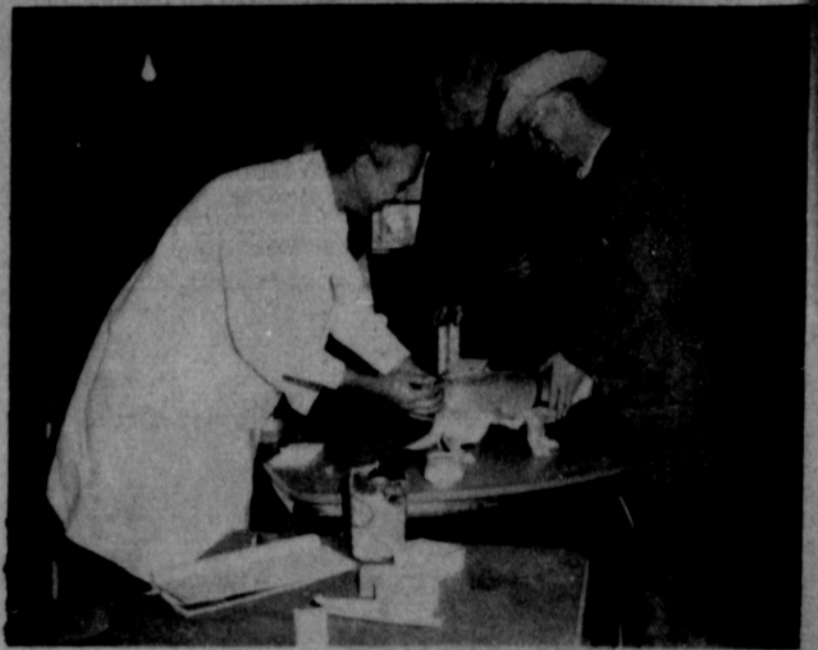

The games scheduled for Tuesday night with White Deer were cancelled by the weather.

Coach Dean Weese said the time for the make-up game with White Deer has not been set. He said he would like to play Saturday night.

Weese is worried about invading Stinnett Friday night. Last year the Stinnett girls handed the Lynxettes their only district loss and Weese is afraid they might do it again.

United Church Women invite you to join in prayer with people around the world Friday, Feb. 14, The World Day of Prayer. In Spearman the services are at 9:30 a.m. in the First Christian Church.
