

Record Crowd On Hand For Stadium Dedication

Spearman dedicated a new stadium Friday night, before a full house of fans. Rajan Martin gave the invocation, Eddie Clemmons introduced a group of men who gave a short, effective program. Chalmers Porter, president of the school board, Mayor Palmer, and Supt. James Cunningham acted as Master of Ceremonies! The weather was absolutely perfect, and the band performances at half-time were just superior.

The Lynx, as many fans suspected, were beaten by a great Stratford team. And, the young Lynx played well, also.

This is the second time in a row that the Elks have beaten the Lynx, and it usually starts the Lynx off to a "great season" and we think this year is no exception.

The big Elk team took advantage of seven Spearman turnovers, four pass interceptions and three fumbles to defeat the Lynx. Darrell Doster scored both of Stratford's touchdowns on a seven yard gallop in the second period, and a 27 yard run in the final period.

On the other hand, Spearman's Rick Morris made 109 yards on 20 carries, and except for several fumbles and costly penalties the Lynx might have made a game of it! Early in the game the Elks had punted the ball, and the Lynx had taken over on mid-field giving them good position. The Lynx were penalized 15 yards, giving Stratford back the ball, and they finally hammered away at the Lynx until they kept the Lynx from ever scoring. At no time did the Lynx get good field position, except on a fumble with 16

seconds left in the half, and they lost the ball on a pass play.

A surprise announcement was made last night during the game. The Canadian-Spearman game will be played in Spearman next Friday night. Canadian's new stadium will not have any lights, as their lights are still in Pittsburg, Pa., being constructed according to rumors. This will give the Lynx another chance to dedicate their stadium, and you can bet the Canadian Wildcats will be plenty tough, despite being upset by Phillips Friday night.

We must mention the great game that Roger Jones played Friday night. He was just fantastic, and did a great job. Sports fans are reminded that the Goodwell PAMC-Eastern NM game is at Goodwell tonight at 7:30. Be sure and check the information on the 7th and 8th grades in the paper this week. They will open their season Thursday!

Palo Duro River Board Schedules Monday Meet

The board of directors of the Palo Duro River Authority will consider several matters at their meeting scheduled for Monday morning in the Hansford County Farm Bureau Building in Spearman.

The meeting will begin at 10 a. m.

One of the most important actions will be the consideration of a resolution to call an election in Moore county for the purpose of annexation and maintenance tax.

The board is expected to approve the resolution which would set the stage for a vote in Moore county on November 4 regarding annexation of Moore county into the Palo Duro River Authority.

Moore county officials, along with city officials of Dumas and Sunray, are eager to get in on this potential source of municipal water and all three governing bodies have passed resolutions approving the annexation of Moore county into the Authority.

If Moore county is annexed to the district, that county will be included in the \$35 million plan to construct the dam, with water lines running into Peryton, Gruver, Spearman, Dumas and Sunray.

Among other items on the agenda for the Palo Duro River Authority directors meeting is consideration of the audit report, presented by a Dumas accounting firm.

A new treasurer will be appointed by the board and bills will be paid.

Hounds Drop Heart Breaker

Booker score first on a 43 yard second quarter scamper, but Tim Peddy came back in the third quarter to put the hounds even with the Klowsas. Bob Griffin made the kick and the Hounds held a 7-6 lead in a thriller at Booker Friday night.

The Klowsas went "on the warpath" in the last stanza to upset the Hounds, on a 29 yard pass from Marcus Lemon.

It was a heartbreaker for the Hounds, and they will be entertaining the Phillips Blackhawks at Greyhound stadium next Friday night. The Hawis upset Canadian in another season opener.

Rites Held For Warren McNabb

Warren McNabb of Albuquerque, New Mexico, died Thursday in Albuquerque. Services were held Saturday in that city. Mr. McNabb was a former resident of Spearman and was married to the former Ruth P. Numan, also a Spearman girl. The family lived here for many years before moving to Albuquerque. He had been in ill health for some time and was 77 years old. He is survived by his wife, Ruth, a daughter, Nan Orr and a son Neil McNabb, and a sister, Mrs. V. Whitcor of Spearman.

C of C Participating in "Texas First"

WHEREAS, the Governor of Texas has launched a new program to create jobs called "Texas First", and WHEREAS, during the next twelve months, the program is designated to create 4,000 new and unsubsidized jobs for Texans, and WHEREAS, the Texas Industrial Commission has been charged with coordinating the efforts of all state agencies, regional and local chambers of commerce and other organizations, and WHEREAS, Spearman Chamber of Commerce feels this is a program that will stem the tide of recession in Texas and strengthen the economic well-being of Spearman. NOW THEREFORE BE IT RESOLVED, that Spearman Chamber of Commerce does hereby pledge its support to the "Texas First" campaign and the Texas Industrial Commission, and BE IT FURTHER RESOLVED, that the Spearman Chamber of Commerce will encourage its local industry and business to support this program through expanded employment during the year, and BE IT FURTHER RESOLVED, that this Board of Directors does hereby set its hand and seal on this document on this 4th day of August, 1975.

The Spearman Chamber of Commerce has accepted Governor Dolph Briscoe's invitation to participate in the TEXAS FIRST program to expand economic development in Texas. The program includes in its goals the development of 4,000 new, permanent and unsubsidized jobs and the expansion of 160 businesses and industries. This effort is expected to generate an additional \$277 million annually for Texas economy, according to Reagan Brown, chairman of the Governor's Job Creation Campaign. Four state agencies--

Texas Industrial Commission, Texas Education Agency, Texas Employment Commission and Texas Department of Community Affairs--are pooling their respective expertise to help companies expand widely. Training tailored to meet the needs of the employer is also available. The Industrial Commission has been designated prime contact agency, and TEXAS FIRST headquarters are in Austin. The Spearman Chamber of Commerce will coordinate local efforts by serving as an information source. It will

work with local companies to identify barriers to their expansion and direct requests for assistance to the state agencies. Companies will be urged to sign cards pledging to hire new employees, whether one or 100. All participation in this program will be recognized by the Governor. Chamber of Commerce Executive Vice President, Mary Lou Wsyong is urging every local employer to take advantage of the many facets of this program and bring Spearman some of the profit anticipated through making TEXAS FIRST.

Breath Of Life Proclaimed

Thursday, Mayor Coy Palmer signed a proclamation declaring the week of September 14 as Breath of Life Week in September.

The Cystic Fibrosis Breath of Life Campaign is conducted annually by the Lone Star Chapter of the Cystic Fibrosis Foundation which supports care, research and education programs for children suffering from lung-damaging diseases.

In signing the proclamation Mayor Palmer urged all citizens to support the C/F "Fabulous Fifties" Dance-a-Thon September 20. It will be held in the Community Building from 8 p. m. until midnight and is Spearman's contribution in the fight against the number one genetic killer of children, Cystic Fibrosis.

Individuals can assist in this campaign by obtaining sponsons who will pledge any amount of money for every hour the participant dances. These Sponsons can be friends, relatives, neighbors, businesspersons, clubs and organizations, anyone who is interested in helping C/F children. Sponson forms are available at any of six locations--TG&Y, Dairy Queen, Spearman Drug, Gordon's Drug, or the Junior High or High School principals' offices.

Authentic 1950's records donated by KBMF will provide the proper atmosphere for dancers dressed in 50's garb to rock and hop the evening away. Prizes will be awarded to the male and female with the best costumes and a dance contest will determine the best 50's dancers. There are additional awards for the persons with the

WHEREAS, cystic fibrosis, the most serious lung-damaging disease, is the number one genetic killer of children and occurs once in approximately every fifteen hundred births, and

WHEREAS, at this time there is no control despite advances in treatment for this inherited lung disease, and

WHEREAS, the Cystic Fibrosis Foundation is supporting research to find a control for cystic fibrosis and improved care for all children with lung-damaging diseases, and

WHEREAS, the week of September 14 has been designated as Breath of Life Week in the City of Spearman to enlist public support in the fight against cystic fibrosis and other serious lung diseases in children.

BE IT THEREFORE RESOLVED that I, Coy Palmer, acting under and by virtue of the authority vested in me by the Constitution and Laws of this City hereby proclaim the week of September 14 as Breath of Life Week and urge the citizens of our community to join with the Cystic Fibrosis Foundation in its humanitarian test.

most money pledged and the most number of sponsons. Home made cookies, brownies, sandwiches and lemonade will be for sale during the Dance-a-Thon for dancers and spectators alike. When the dancing stops for intermissions, the eating begins! All proceeds of the Dance-a-Thon will benefit children who have asthma, chronic bronchitis, "childhood emphysema", recurrent pneumonia as well as cystic fibrosis. Of the diseases that kill children, lung disease ranks second only to cancer. Cystic fibrosis is the most serious of these diseases. For children who have these diseases, "breath of life" is full of frequent check-ups, hospitalizations and bouts with lung infection. The ordinary cold can severely strain the lungs of those with cystic fibrosis

gastrointestinal disorders related to cystic fibrosis. The Foundation also funds a research program to find a cure and control for cystic fibrosis and better methods of treating all lung diseases. Twenty years ago most children with cystic fibrosis didn't reach school age. Now thanks to advances in treatment, more than 50 percent of children with this incurable disease live past age 18. A.C.F. the treatment, which prolongs the lives of individuals with cystic fibrosis, effectively alleviates and often cures children with other lung-damaging diseases. But in spite of all these advances in treatment, only one out of four cystic fibrosis victims are diagnosed. Therefore, it is vital to know the signs of lung-damaging diseases--recurrent wheezing, persistent coughing with excessive mucus, pneumonia more than once, excessive appetite but poor weight gain and clubbing or enlargement of the fingertips. Other signs that are peculiar to cystic fibrosis are a salty taste of the skin, persistent and bulky diarrhea and nasal polyps. Over six million children in the United States with lung-damaging diseases are dependent upon the programs of the National Cystic Fibrosis Foundation and its local chapters--many of the children are dependent for life itself. Everyone who participates in the Dance-a-Thon September 20 gives a child with lung disease a better chance for a longer, more normal life.

Last Monday (Labor Day) Kenney (Smitty) Smith went to Boys Ranch Rodeo and told us "he really enjoyed himself" and the Bar-B-Que was just great. Smitty makes it each year to the Rodeo at Boys Ranch.

The Joe Bynum family along with the Fred Groves family, left last Friday for the Berry Guest Ranch at Raton, New Mexico where they saw the Volcano.

There are eleven ponds stocked with rainbow trout and also 15 miles of trails. Along these trails which are in part and old wagon trail used long before the country was settled, you can see graves of the unknown. Within hiking distance of the Ranch Headquarters are Ice Caves. They also have horse-back riding on good gentle, well kept horses. The farming is all done like in olden days with horses. They all enjoyed themselves, returning to Spearman on Labor Day.

HONORS PROGRAM GRADUATES - Five men and women received their degrees "with distinction" at Baylor Saturday as graduates of the university's Honors Program that provides students with the opportunity for academic achievement at the maximum level. They are Paul N. Pollock of Panorama City, Calif., who received a bachelor of science degree in geology; Carol Ann Brown, daughter of Dr. and Mrs. Bryce C. Brown of 3701 Beverly Drive, who received a bachelor of science degree in biology; Richard M. Tracy of Spearman, who received a bachelor of business administration degree in business law; Zena Loraine Taylor of Kansas City, Mo., who received a bachelor of arts degree in Spanish; and James B. Diggs of Oklahoma City, Okla., who received a bachelor of arts degree in religion and business administration. Thomas A. Wellborn of Victoria, who received a bachelor of science degree in chemistry.

Honor Graduates At Baylor

Six students will graduate in Baylor's Honors Program Saturday morning. The graduates are Carol Ann Brown, daughter of Dr. and Mrs. Bryce C. Brown of 3701 Beverly, who is to receive a bachelor of science in biology; James B. Diggs of Oklahoma City, Okla., who is to receive a bachelor of arts in religion and business administration; and Paul N. Pollock of Panorama City, Calif., who will receive a bachelor of science in geology. Others are Zena L. Taylor of Kansas City, Mo., who will receive a bachelor of arts in Spanish; Richard M. Tracy of Spearman, who will receive a bachelor of business administration in business law; and Thomas A. Wellborn of Victoria, who will receive a bachelor of science in chemistry. Dr. Glen Hilburn, director of the program and an associate professor of religion, said the program attracts about 50 per cent of all qualified freshmen each year. In a typical year, 19 students who had begun the program four years earlier graduate.

Requirements for graduation in the program are a 3.2 grade point average on a 4.0 scale in both overall courses and all honors work; completion of a minimum of 18 hours of special honors sections; completion of a minimum of 18 hours of special honors sections in the major field of study; and completion of at least three advanced honors courses in the major field of study; and completion of an additional eight hours beyond the requirements for any basic bachelor's degree, consisting of a colloquium, junior research, independent readings and senior essay. A prospective graduate must give satisfactory defense of his or her senior essay by means of a terminal oral examination administered by a visiting examiner, usually from another college or university.

National Honor Society Elects Officers

The National Honor Society of Spearman High School, elected officers this week. The new president of the society, is Karl Johnson, Vice President is Suzy Gatlin, Secretary-treasurer is Jimmy Jackson. The National Honor Society is one of the finest organizations in Spearman High School, and typifies what school "is really about." These officers and the members of the society are made up of a chosen few of our students that is very proud of. This newspaper

joins in saluting these three new officers for the 1975-76 Honor Society of Spearman High School!

College List Is Planned

The Reporter will publish a list of students who will be leaving soon or have left for college and would appreciate the cooperation of readers in supplying us with information on these students. Each year there are young men and women who go far and wide in pursuit of higher education. We are not just interested in those going to college for the first time but in all students from Spearman and the area who are attending college. If you have a son or daughter leaving for college call 659-3526 and let us list them in the story.

PUBLIC NOTICE SUMMARY OF PROPOSED CONSTITUTIONAL AMENDMENTS (S.J.R. NO. 11) SPECIAL ELECTION NOVEMBER 4, 1975

PROPOSITION NO. 1 ON THE BALLOT

Revising the separation of powers, legislative and executive provisions of the Texas Constitution. Article II, Separation of Powers, is amended to: Provide that the powers of government of the State of Texas are divided among three distinct branches: legislative, executive, and judicial. Except as otherwise authorized by the constitution, members of one branch may not exercise any power properly attached to either of the others.

Article III, The Legislature, is amended to: Continue the present structure of the legislature consisting of a senate with 31 members and a house of representatives with 150 members. The present organization and procedure of the legislature are continued except that the provision allowing closed executive sessions of the senate is omitted. Provisions on the conflict of interest of members of the legislature are continued, as is the governor's power to veto bills or line items in appropriation bills. The article provides for single-member senatorial, representative, and congressional districts. A compensation commission is created to recommend the compensation and allowances to be received by members of the legislature. The legislative compensation, set by law, may not exceed this recommendation and does not take effect until after an intervening general election. The article provides for annual sessions of 140 days in odd-numbered years and 90 days in even-numbered years, and a veto session of 15 days upon request of three-fifths of the membership of each house. The legislature may meet in organizational sessions prior to the convening of the legislature in regular sessions.

Article IV, The Executive, is amended to: Continue the present status of the governor and all other statewide officers, and include the commissioner of agriculture as an executive department officer. The governor is limited to two consecutive terms. The governor is authorized to designate chairmen of state boards, and to remove gubernatorial appointees to state agencies for cause unless the removal is vetoed by the senate. The article mandates the legislature to provide a new governor-elect an appropriation so the governor-elect may organize an office prior to inauguration, and permits the legislature to grant powers of fiscal control to the governor. All governmental agencies, with several exceptions, have a life of not more than ten years unless extended by the legislature, and, at the regular session held in odd-numbered years, the governor shall submit to the legislature a report on the organization and

efficiency of the executive branch.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the SEPARATION OF POWERS, LEGISLATIVE, AND EXECUTIVE PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective January 1, 1976, except Article III, Section 5, which becomes effective January 1, 1981.

PROPOSITION NO. 2 ON THE BALLOT

Revising the judiciary provisions of the Texas Constitution. Article V, The Judiciary is amended to: Establish a unified judicial system consisting of the supreme court, court of appeals, district courts, and circuit courts. Existing county courts and county judges are continued until otherwise provided by law. All judges (except municipal judges), district attorneys and district clerks must be elected by the people. The supreme court and the court of criminal appeals are merged into a single court of last resort, and this supreme court is authorized to provide for efficient administration of the judicial system and to balance case loads. Individual rights for a trial by jury and appeal by the accused are continued. The state is granted the right to appeal in criminal cases in limited circumstances, and the legislature is permitted to establish methods of appeal to the courts from decisions of state agencies.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the JUDICIARY PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 3 ON THE BALLOT

Revising the voting and election provisions of the Texas Constitution. Article VI, Voter Qualifications and Elections, is amended to: Provide for registration and qualifications for voting including voter residency requirements to be established by law. A citizen of the United States who is at least 18 years of age and who meets the registration and residence requirements provided by law is a qualified voter unless the person has been convicted of a felony and for that felony is incarcerated, on parole, or on probation, or unless the person is mentally incompetent as determined by a court. Voting by the people in all elections must be by secret ballot, and the legislature shall provide by law for residence, registration, and absentee voting

requirements, for the administration of elections, and for the protection of the electoral process. The general election for state and county officers is to be held in even-numbered years on a date prescribed by law.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the VOTING AND ELECTION PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective September 1, 1976.

PROPOSITION NO. 4 ON THE BALLOT

Revising the education provisions of the Texas Constitution. Article VII, Education, is amended to:

Provide that the Permanent and Available School Funds and the county public school funds are continued for the support of the free public schools. The State Board of Education is retained and the Permanent and Available University Funds are continued for the benefit of The University of Texas and Texas A&M Systems. A new Higher Education Fund for Texas is established for the benefit of colleges and universities outside The University of Texas and Texas A&M Systems. The state ad valorem tax of ten cents on \$100 valuation is continued as the source of revenue for the Fund. The ten cent higher education tax may be changed by law within the ten cent maximum. The legislature may allocate by law a portion of the Higher Education Fund to certain state vocational and technical institutes. The article provides that the public education system must furnish each individual an equal educational opportunity, but a school district may provide local enrichment of educational programs exceeding the level provided by the state consistent with general law. Authority to issue Permanent University Bonds is continued but the bonds may not exceed 30% of the Permanent University Fund.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the EDUCATION PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective September 1, 1976, except Article VII, Section 9, which becomes effective January 1, 1979.

PROPOSITION NO. 5 ON THE BALLOT

Revising the finance provisions of the Texas Constitution. Article VIII, Finance, is amended to: Provide that state taxes may be levied and collected only by general law and to prohibit any state ad valorem tax on real property or tangible personal property except the ten cent tax provided for in Article VII and a

tax of two cents on the \$100 assessed valuation to provide funds for the State Building Fund. Provides that all real property and tangible personal property must be taxed equally and uniformly in proportion to market value. Existing exemptions from ad valorem taxation are continued. The present dedication of motor fuel taxes for highway purposes and the Available School Fund is retained. The "pay-as-you-go" principle for the operation of state government is retained. The legislature shall establish separate formulas for appraising land to promote the preservation of open-space land devoted to farm or ranch purposes and may establish separate formulas for appraising land to promote the preservation of forest land devoted to timber production. The \$3000 exemption from state ad valorem taxation for residential homesteads is continued and the legislature by law may increase this amount. A separate \$3000 exemption from ad valorem taxation by political subdivisions is provided for the residential homestead of persons at least 65 years of age and the political subdivision may increase this amount. The legislature by law may exempt from ad valorem taxation certain property owned by veterans' organizations, non-profit water corporations, and persons in need because of age or disability, and economic circumstance. The legislature may also exempt property to preserve historical, cultural or natural history resources. Taxpayers are provided a new method of correcting inequitable tax assessments by paying ad valorem taxes under protest and suing for a refund in a district court. State debt may be authorized by law only if approved by a two-thirds vote of each house of the legislature and submitted to and approved by a majority of the qualified voters of the state voting on the question. Public funds and public credit may be used only for public purposes and no public funds or public credit may be used to influence the election of a public officer. The article prohibits a retail sales tax on agricultural machinery or parts, fertilizer, feeds or seeds, prescription drugs or medicine, or food, except food sold by restaurants for immediate consumption. An assessment voted by marine food or agricultural producers on their product sales is not a tax if provision is made for the individual producer to receive a refund of the assessment when the producer does not desire to be assessed.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective on September 1, 1976.

PROPOSITION NO. 6 ON THE BALLOT

Revising the local government provisions of the Texas Constitution. Article IX, Local Government, is amended to: Provide that the counties of the state are those that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitutional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective on September 1, 1976.

PROPOSITION NO. 7 ON THE BALLOT

Revising the general provisions of the Texas Constitution. Article X, General Provisions, is amended to:

Provide the basic requirements relating to public officeholders such as the official oath and residency requirements. The provision defining the separate and community property of spouses is retained, and the protection of a homestead from forced sale is continued. The legislature is required to protect certain personal property from forced sale. Current wages for personal service are not subject to garnishment. A private corporation may not be chartered except under general law, and no bank may engage in business at more than one place in this state. The legislature must provide for the regulation of bank holding companies. The present system of local-option elections for the prohibition or sale of alcoholic beverages is continued. The legislature is required to prohibit lotteries and gift enterprises but may permit certain bingo games and raffles. The presently existing provisions for retirement benefits of teachers and other public employees are modified to allow the state to contribute more than 10%.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the FINANCE PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective on September 1, 1976, except Article VIII, Section 2, Subsections (b) and (c), which becomes effective January 1, 1978, and Article VIII, Section 6, Subsection(c), which becomes

tribute more than 10%. A policy that the quality of the environment of the State of Texas is to be protected is established, and the legislature is required to implement and enforce this policy. No state funds may be used to remove surface water from the river basin of origin if the surface water is necessary to supply the reasonably foreseeable water requirements of the basin for the ensuing 50 years, unless the removal of water is sufficiently replaced to the point of removal from outside the state or is on a temporary, interim basis. The seaward beaches of the Gulf of Mexico and coastal submerged lands belonging to the state are held by the state in perpetual trust for the people, and subject to reasonable limitations prescribed by law, the public has the free and unrestricted right of use and benefit of the beaches. The provision is continued that, except as otherwise provided by law, a rate of interest in excess of ten percent a year is usurious, and that if a contract does not specify a rate of interest, the rate under the contract may not exceed six percent a year. Discrimination against handicapped persons is prohibited, and a goal of the state is established to provide every resident access to adequate, comprehensive health care.

PROPOSITION NO. 8 ON THE BALLOT

Revising the local government provisions of the Texas Constitution. Article IX, Local Government, is amended to: Provide that the counties of the state are those that exist on the date of adoption of the local government article and that county boundaries may be changed if approved by a majority of the qualified voters in each affected county who vote on the question. Counties may be merged or county seats relocated if approved by two-thirds of the qualified voters in each affected county who vote on the question. The present elected constitutional county offices are retained and four year terms of office are provided. The voters of a county may create additional offices, eliminate the duties and functions of offices. The voters may also grant ordinance making power to the governing body of the county. Cities and towns having more than 1,500 inhabitants may become home-rule cities. Tax limitations are established for operating purposes for cities and counties and the legislature is required to fix debt limits for cities, towns, counties, and school and community junior college districts.

The wording of the proposed constitutional amendment as it will appear on the ballot is as follows:

"The constitutional amendment revising the LOCAL GOVERNMENT PROVISIONS OF THE TEXAS CONSTITUTION."

If adopted by the voters, will become effective on September 1, 1976.

PROPOSITION NO. 9 ON THE BALLOT

Revising the mode of amending provisions of the Texas Constitution. The proposed article will be the last article of the constitution. If only Proposition No. 8 is adopted, the article will replace Article XVII of the present constitution. If other propositions are adopted, the article will be appropriately renumbered to remain the last article of the constitution. If all propositions are adopted, the article will be Article XI. Article XVII, Mode of Amending the Constitution of the State, is amended to: Establish a procedure for constitutional amendments requiring a two-thirds vote of each house of the legislature and majority approval by the voters. The calling of a limited or unlimited constitutional convention with voter approval is provided. The question of whether to call a constitutional convention must be submitted to the people every 30 years. The wording of the proposed constitutional amendment as it will appear on the ballot is as follows: "The constitutional amendment revising the MODE OF AMENDING PROVISIONS OF THE TEXAS CONSTITUTION." If adopted by the voters, will become effective September 1, 1976.

Take stock in America. Buy U.S. Savings Bonds. Keep the sound of independence in the air.

It seems that as of late every time we watch the news, we see firefighters and policemen going on strike; and it makes you wonder where is the dedication and pride that goes with this type of work. Is there anyone left who feels the obligation to serve his fellow man? Yes! Here in Spearman, we have a number of men who are truly servants of the public. Men who at a moment's notice will get up in the middle of the night and leave the safety of their homes to put their lives on the line to insure the safety of our neighbors. Our firefighter for the month of August is Lee Phillips, who resides at 711 Lee Drive with his wife Nancy and their two lovely children. He is known as Chief Phillips by other members of the Police Department, who both love and respect him. He is known as Coach by the neighborhood kids who play ball on his hardball team. To the Lions Club, he is remembered for the person who got out the paper machee and gold paint to rebuild Leo the Lion. A task which other members of the Lions thought impossible. We members of the Fire Department count on him for everything from working fire pumps to properly operating the inhalation and resuscitation machine (breathing machine). So, from the Spearman Firefighters, a big thank goes to Chief Lee Phillips. We are very proud to be able to call you a fellow fire fighter.

THOUGHT FOR THE WEEK: If you don't like your law enforcement officers, next time you're in trouble, call a hippy.

Mr. and Mrs. John Fine

Marriage At Year 70 For Fines

By Sharon Dowell
A CHURCH PICNIC one lovely summer day in 1903 was the springboard of a romance between two young persons. The couple subsequently was married in 1905 and on Saturday, Mr. and Mrs. John Fine, 2317 NW 26, will celebrate 70 years of marriage.

Myrtle Fine, who doesn't look her 92 years, was from Abilene, Kan., at the time she met Fine at that picnic in Shawnee. He

was from Lampassas, Tex., and is one year older than Mrs. Fine.

THE COUPLE, married in Tecumseh, moved to Oklahoma City later in 1905.

"When we first moved here, there weren't even streetcars," Mrs. Fine commented, adding that "13th Street was the farthest out street," at that time.

Fine, the founder of a candy company which still bears his name, says starting the business "required \$1000, and back then I made \$5 per week," adding "that was a lot of money."

THE FIRST SITE for

Fine's company was at 6 and Santa Fe. The company was then moved to Cleghorn Street, and in later years, to still another location. The company is presently located in the southwest part of the city.

Fine was owner of the candy company for 60 years. However, he still works for the company he founded — folding cartons which hold holiday candy canes.

MR. AND MRS. Fine have two daughters, Mrs. Delight Sony, Houston, Tex., and Mrs. Joe Conley, 2524 NW 56. They are also the grandparents of three boys.

The couple has remained as active as possible, without regard to age. Fine enjoyed playing golf on a regular basis until recently. Both belong to the Church of Christ, where he also serves as a deacon.

Fine was the first treasurer of Oklahoma Christian College, having served in that capacity from 1948 to 1951. Both Mr. and Mrs. Fine are quite proud of this achievement.

The couple claims no special formula for a long and happy life together. "Just taking care of ourselves, I guess," Mrs. Fine concluded.

Rev. Abbott Attends School

Rev. H. O. Abbott, pastor of the First United Methodist Church, attended the Billy Graham School of Evangelism in Lubbock this past week. Several church members also attended the Billy Graham Crusade Saturday in Lubbock in the church bus.

NEW ARRIVALS

Mr. and Mrs. Duane Loomis are proud to announce the arrival of a baby boy born August 11, 1975. He weighed 6 pounds 12 1/2 ounces and was 19 1/2 inches long, and has been named Dustin Blanc. He was welcomed home by his sister Maranda.

Grandparents are Mr. and Mrs. Leon Schroder of Spearman and Mrs. Phoebe Loomis of Springfield, Colorado.

Door prizes \$25.00 cash. See page 10

MURPHY'S LAW

If you're a Navy pilot then you know what "Murphy's Law" is. If you're not, let me explain. The Navy believes that as long as there is a right way and a wrong way to repair an airplane - eventually, sometime, somewhere, somebody - will do it the wrong way. That's why every part that goes into their planes fit just one way. The parts cannot physically be installed any way but the right way. The life of a pilot is too important to trust to human error. Let's apply "Murphy's Law" to you. There are many insurance plans to cover your situation - whatever it is. Only one plan is best

for you - the remaining options are less than best. My name may not be Murphy - but I'm willing to apply his law when it comes to your pocketbook and family protection.

This information has been brought to you as a public service by John R. Collard, Jr. your one-stop answer to complete business and personal insurance protection. Life, home, auto, group insurance and profit-sharing plans. See John R. Collard, Jr., 405 Davis St., Tele. 659-2501.
