W.R. Smith's Speaking Dates Canceled.

Congressman Smith returned to
his home in Colorado City on the
6th instant and at once arranged to
make an extensive canvass of the
district as was possible in the three
remaining weeks of the campaign
and to that end made speaking
arrangements for Scurry, No-
lan, Eastland, Runnels and Concho
counties, beginning at Snyder to-
day. Early this morning however,
Judge Smith received a message
advising that his wife, who has
been sick all the year and who had
been located at a point in Virginia
near Washington, had grown worse
and requiring his immediate return
to her bed-side. Accordingly
Judge Smith left this morning and
the time of his return to the dis-
trict is indefinite, and his appoint-
ments for speeches have necessarily
been withdrawn.

We desire the people to know
the distressing circumstances which
prevent Judge Smith from person-
ally seeing and speaking to them,
knowing that when they become
aware of the facts they cannot and
will not criticise him because of his
failure to do so.

F. W. Farris and family arrived
in Tahoka Thursday with their
household goods. They stopped
and visited with Walter Pinnell a
while and then went on toward
their new home in the southeast
part of the county. Mr. Farris
purchased the Turner place some
weeks ago and is now here to make
his home among us. We are al-
ways glad to welcome the home
maker to Lynn county.

Mr. Moore went to the ball
practice game the other evening and in
trying to stop a ball, got one of his
fingers mashed. Mr. Moore says
he and "Uncle Josh" are getting
too old to monkey with a ball.

Dr. McCoy returned the first of
the week from a trip to Pride and
Lamesa; he reports twelve cases of
typhoid fever at the latter place.

Harry Whipp has a very sore
hand, caused by a hammer slipping

Mr. Peters made himself a present of a new porch last week for which he is very much obliged—oh don't mention it.

The walls of Joe Elliott's new residence made their appearance Monday. Truly, the number of pretty homes that are being built in Tahoka encourage us to expect to become a city some day.

The new nomination for the primary election two weeks from tomorrow will be just the same as elected. So if you wish to have a hand in the selection of your public servants, be sure and vote in primary election to be held in Lynn county Saturday, July 28th.

can get his machinery here without paying the freight on it, and as Mr. J. S. Wells is expecting his gin machinery to arrive in Big Springs at once, so every one who contributed to the gin bonus should pay up at once, as he will need the money to pay the freight on this machinery, and we are all interested in getting this gin up as soon as possible; so come forward and pay up so as to help it along.

Surveys Road.

Dr. A. O. Scarborough has been doing some preliminary survey work of late and has located the only two routes by which a railroad could climb the cap rock to the plains along a stretch of two hundred miles without an enormous expense. These two routes are up Moore's Draw and up Spring Creek. The latter is on a direct route from Lubbock to Lyder. A north and south or an east and west line through the county would necessarily take one or the other of these two routes in passing onto the plains. Dr. Scarborough says he made these surveys gratis to the railroads, knowing that their engineers were busy in other places; but there is no doubt but that one of these two routes will be taken by the road that builds through this section.—The Contingent.

NOTICE.

I will meet with the citizens on 21 of July 1906 at the courthouse in Tahoka for the purpose of making contract for survey of two sections of land and will explain how their lands can be permanently located.

Tragic Finish.

A watchman's neglect permitted a leak in the great North Sea Dyke, which a child's finger could have stopped to become a ruinous break, devastating an entire province of Holland. In like manner Kenneth McIver of Vanceboro N.C. permitted a little cold to go unnoticed until a tragic finish was only averted by Dr. King's New Discovery. He writes: "Three doctors gave me up to die of lung inflammation caused by a neglected cold but Dr. King's New Discovery saved my life."
