The Tahoka Chamber of Commerce invites anyone interested in the Money in Hogs Conference to be held next Tuesday to be in front of the First National Bank and the Chamber will see that enough automobiles are available for the trip. The Conference starts at 1:30 and anyone going should be at the Bank at 12:30.

Three City Councilmen terms will expire and anyone wishing to run for City Council can sign up for the posts at City Hall. The terms of E.T. Cloe, Alton Cain and Bob Haney will expire.

Bandleader Lawrence Welk, well known for his "champagne" music, believes...

"A human being grows and prospers through the dignity of work. Rather than give a man money, simply because he exists, let us educate him to the glory that can be found in work, and then bend every effort toward helping him find and hold a job."

Weik also has a word to say on the effect of a guaranteed annual income on our children. He believes...

"A child raised in an atmosphere of defeat and apathy, and taught to expect that his every need will be taken care of whether he works or not, stands little chance of developing a strong character. His own natural eagerness to learn and to grow and to excel is cut off at the very beginning of his life, and he may never know the thrill of achievement on his own."

"A child who is encouraged early to earn extra pennies by shining shoes or selling newspapers or doing household tasks, stands a much better chance of achieving his goals than a child who is taught to do nothing."

These words of wisdom from a man of music and entertainment come as a refreshing break in the daily litany of security without effort that we hear on every side.

There's One To Ponder On... would take one hundred clerks working one hundred years to make a mistake as monumental as a computer can make in 1-100 of a second.

## 3 Councilmen To Be Elected April 4th

The official city election will be held April 4, 1970 at City Hall with three councilmen to be elected. The terms of Alton Cain, E. T. Cloe and Austin E. (Bob) Haney will expire.

Mayor Meldon Leslie, Councilmen H.B. McCord Jr. and Clayton (Ike) Carter have an additional year to serve.

## Hootenanny Is Saturday Feb. 21

The regular monthly Hootenanny will be this Saturday, Feb. 21, at 7:30 p.m. in the Tahoka Community Center.

New officers elected at the last Hootenanny were C. W. (Pesch) Roberts, president and Toia Wilson, secretary.

Everyone is invited to attend and every musician is invited to participate. There is no admission charged. Edwards Pest Control is the sponsor this month.

## Easter Seal Appeal Begins Monday, Feb. 23

The 1970 Easter Seal Appeal will open in Lynn County on Monday, Feb. 23, according to J.M. Small, who serves as Easter Seal Representative for the county.

Mr. Small said that Easter Seal Appeal letters would begin arriving at homes in the county about March 1.

As Easter Seal Representative, he is the local contact to request rehabilitation services from the Easter Seal Society for Crippled Children and Adults of Texas. These services include physical and occupational therapy, speech and hearing program and special information services to help solve the many problems faced by the families of handicapped children and adults.

Last year 20,378 handicapped people received help from the Texas Society, Small explained. But the costs of providing expert professional care are rising, and more money than ever will be needed, he said.

Funds help support 20 centers in Texas, where crippled children and adults are treated, regardless of their ability to pay. Walkers, wheelchairs and related services are provided to those who cannot provide for themselves.

"Since 1929 the people of Texas have always responded to our needs, and I feel certain they will make it possible to increase Easter Seal services to crippled Texans throughout the coming year," Small said.

## Pancake Supper To Be Held

The O'Donnell Young Farmers will sponsor a pancake supper Feb. 26, 1970 from 5:30 p.m. to 7:30 p.m. at the O'Donnell School Cafeteria. Money raised by the chapter will be used in community service work, such as equipment for local school agriculture department, trophies for the O'Donnell livestock show, persons with special needs, etc.

A western band from Gail, Texas will be on hand to play music for your entertainment.

After a good hot supper you can enjoy a fun-filled evening at the donkey basketball game in the high school gym at 7:30 p.m. sponsored by the O'Donnell Lions Club.

## E.B. McKee Named Ginner Of The Year

Mr. E.B. McKee, manager of the New Home Cooperative Gin, was selected as the Cooperative Ginner of the Year at the Joint Annual Meeting of the Texas Cooperative Ginners Association. The meeting was held in Corpus Christi, Feb. 8-10th.

L.K. Anderson, president of the Texas Cooperative Ginners Association, presented the award to Mr. McKee at the banquet on Tuesday night at the close of the convention.

The award was presented to Mr. McKee for distinguished ginning services, superior and ethical business practices, significant contributions to the cotton industry and distinctive community leadership.

The McKee family moved to the New Home community on July 1, 1968. Gene and his wife, Billie, have two daughters, Karen and Glenda Gale. Karen is married to a student at Texas Tech University and Glenda Gale is a junior at New Home School.

Gene and his family are members of the New Home Baptist Church where they attend services regularly.

Gene is an active member of the New Home High School Leopard Booster Club and the New Home Civic Club of which he is Secretary. He is a strong supporter of local 4-H and FFA organizations and he attends all athletic events.

He is a member of the newly formed Labor Committee which consists of the Lubbock Regional managers and five gin managers. Through the efforts of this committee, labor was made more readily available to South Plains Gins.

In 1969 the Phebe K. Warner Club established the Lady Dobbins Stewart Scholarship for a high school senior girl naming it in honor of one of its members who has contributed much to the education and welfare of the youth of Tahoka. The first recipient was Judy Gossett who is presently attending West Texas State at Canyon. This year's recipient will be revealed at Awards Day Assembly in April.

This year the women's club has established another award, the Maurice Bray Scholarship for a high school senior boy naming it in memory of an outstanding worker and leader of Tahoka youth. This scholarship will be given for the first time in 1971.

These scholarships of \$200.00 each are to be used for tuition, books and/or fees at an accredited college or university and will be paid directly to the college or university. The

Tahoka School Board  
Mr. Harold Reynolds, Supt.  
Drawer F  
Tahoka, Texas 79373

Dear Gentlemen:  
We the Mexican American parents of Tahoka in view of the fact that we are very dissatisfied with the present school system for our children, do express and at this moment make certain demands for which we expect answers and decisions on February 23, 1970 at 7:30 p.m. when we expect to meet with you at the High School Auditorium. We ask for an open school board meeting where all of us will be allowed to express our opinions.

Special representatives for our side will be Augustin Montemayor, Anita Salinas, Froy Salinas, Tony Gonzales, Willie Benitez, Jr., C. Fuentes, John Chapa, Jr., Lupe Garcia, Nepthali de Leon, Paulina Jacobo and our lawyers.  
Our requests are as follows:

1. Correct pronunciation of our children's names by February 24, 1970.

2. Mexican American teachers aides for the first three grades by March 2, 1970.

3. Six Mexican - American teachers for the 1970-71 school year.

4. One Mexican American counselor for the 1970-71 school year.

5. Bilingual kindergarten for five-year-olds for 1970-1971 school year.

6. Initiation of a good Mexican American area studies including textbooks and teaching methods giving proper place to the Mexican American culture and contribution.

We also now request a guaranteed amnesty for the children, parents, and employees of the school.

These requests must be answered yes or no at the February 23, 1970 meeting.

Sincerely,  
Confer the Mexican American Parents

# F.F.A. Week Is Proclaimed

The Future Farmers of America organization is playing an outstanding role in assuring the future progress and prosperity of our State and Nation.

The importance of agriculture in our State increases as Texas progresses. It is vital to our well-being that we train skilled farmers and ranchers to provide a plentiful supply of food products in years to come and to train those who will provide services to the farmer and process and distribute farm products.

The FFA is composed of boys who are studying vocational agriculture in the public schools in preparation for careers, in farming, ranching and related fields. In studying the science of agriculture, these Future Farmers are striving to continuously improve this great industry for the welfare of all citizens.

The week of Feb. 21 through 28 has been proclaimed FFA Week. The Lynn County News is honoring this week by running a page in honor of FFA Week, along with other merchants.

## Floyd Pendergrass Rites Wednesday

W. Floyd Pendergrass, 71, died in Brownfield General Hospital early Monday after being hospitalized for two days.

Services were at 3:30 p.m. Wednesday in North Side Baptist Church with the Rev. L.F. Lang, pastor of the Immanuel Baptist Church, officiating. Burial was in Terry County Memorial Cemetery directed by Brownfield Funeral Home.

A native of Horatio, Ark., Pendergrass moved to Lynn County in 1923 where he farmed until moving to the Gomez community in Terry County in 1946. He continued to operate a farm in that location until his retirement in 1955, at which time he moved to Brownfield.

Pendergrass is survived by his wife, Ruth; four sons, Morris, Marvin and Edwin, all of Brownfield, and Billy of Kermit; a sister, Mrs. Stella Mabry of Meadow; four brothers, Fletcher of Lubbock, Fred of DeQueen, Ark., and John and Lynn both of Mineral Wells; and 11 grandchildren.

# HOMINY GRITS

By CORNBALL BLEVINS

THERE'S ALWAYS those little things to take the joy out of life, like, for instance:--The flattery that happens on a Sunday afternoon drive, --Noticing the last half of a worm in what was an, otherwise, very delicious apple,--Going on an afternoon, or evening, cook-out and finding that no one brought matches-- Or sitting down to a delicious-looking meal in a restaurant, and just as you're starting to enjoy it, have a cockroach run across the table.

We've barely kept our heads above water, tried to pay our bills in such a way as to be able to hold our heads up, and to be able to face our creditors, and we've tried to keep a little balogna on the table for our hungry kids. And now--the ol' wringer game!-- Here stands dear ol' Sam, left hand out, and the right hand behind his back:--You don't have to ask what's in the right hand,--you know full well it's a bull-whip!

MY IDEA of the "topper" of the whole lot, tho, is the day you've decided that the old world isn't such a bad place to live after all, you've acquired a little zest for living, you're just winding up a pretty successful day at the mill.

You decide to go by the post-office on the way home, (after all, you're pretty well current on your bills, the mail shouldn't contain VERY bad news, THEN IT HAPPENS --There it is in all it's gory detail!--GOOD OL' FORM 1040!!!

SUDDENLY, it's a dark day--the sun has gone behind a cloud, and you have that unnecessary feeling in the pit of your stomach! --It's just as tho you'd been dozing in the sun, on some warm beach, and some joker throws a bucket of cold water in your tummy!--OH, WHERE DID IT GO???--My money, that is!--(We'd better, well know, or we're in trouble!)

WE START sympathizing with ourselves:--We've worked like dogs all year trying to make ends meet.

SOME OF THE ancient barbarians were masters at torturing their victims; but compared to Sam and his form 1040, they were true humanitarians.

All they did was torture the body; --But, spend a few hours with ol' 1040, and you're prone to become a gibbering idiot!

Sam has helped himself to a generous slice of our income every pay check, now he's wringing us out to see if there's anything left.--Oh, well,--We gotta pay these necessary federal expenses;--like the salary increases of our generous federal officials, our foreign aid program, --the "Police Action" in Vietnam,-- Social security,--medicare,--welfare,--And, Oh Yeah,--just who do you think was picking up the tab on those moon shots?

SO-O-O-O, let's sharpen our pencils, get out the adding machine, checks, receipts, deposit slips, as well as our W-2s,--take a couple of tranquilizers and get with it!

It could be worse,--We coulda' been born-Biafrans!

SCOUT TROOP CAMPS OUT...Local Boy Scout Troop No. 782 camped out on the courthouse lawn last Saturday with the local scout leaders cooking pancakes for the youngsters. considered carefully. He said strips or motts of brush should usually be left for wildlife food and cover.

Some 19 million acres of grazing lands need only improved grazing use. This is land that has been grazed too closely but still has a stand of desirable grasses; all it needs for improvement is better management.

About 13.2 million acres need both rest and better grazing use to let the base grasses improve in vigor and increase soil cover.

In addition to the 22.3 million acres of other grassland that need seeding or sodding. There are also 1.1 million acres of cropland and 1.3 million acres of former cropland that need to be planted to permanent vegetation. This totals 29 million acres of land in Texas that need planting to grass or trees.

The inventory breaks the state's 35 million acres of cropland down into dry cropland; irrigated cropland; and other cropland, such as orchards and land formerly cropped. Some 22.3 million acres of cropland needs treatment.

The state has 25 million acres of dry cropland, 7 million acres of which need protection with cover crops or crop residues. Some 5 mil-

lion acres need terraces, diversions, or waterways as well as cover from residues or growing crops.

Out of 8.3 million acres of irrigated land, 3.7 million acres need an improved irrigation system to prevent erosion or water loss.

The survey shows Texas has 22.7 million acres of forest land of which 9.2 million acres need conservation treatment for soil protection and to improve forest stands.

The study also shows that pressure for urban growth is rural lands. During the 1958-1967 decade, agricultural land in Texas dropped by some 780,000 acres, or an area bigger than an average Texas county. About 500,000 acres of this went to urban areas, some went to federal uses, and lesser amounts went under water in ponds and reservoirs.

Summaries of the state study are available from SCS offices, ricts, and from some other state and federal resource agencies. Local county reports are also being prepared by county inventory committees. The complete state inventory showing major land uses and conservation treatment needs by land capability classes for the state as well as each county will be published later this year, Graham said.

### Phebe K. Warner Hears Talk on Americanism

Phebe K. Warner Club met in the home of Mrs. Warren Embree Tuesday, February 10. Mrs. Harold Reynolds gave a very interesting and informative talk on Americanism. She gave a summary of a talk, Words or Weapons by Dr. Fred Swartz that she was privileged to hear this past summer at Arrowhead, California which is the International Headquarters for Campus Crusades for Christ. Dr. Swartz stated, "One man, Herbert Marcuse, is playing a great role in destroying and impairing the minds of our American youth. Many of the riots and rebellions on our campuses have been caused by Marcuse's leadership. He advocates drugs, sexual license, absurdity, obscenity, and youthful rebellion. His philosophy is, "Eat, drink and be merry". His aim is to demoralize the country which will eventually destroy a nation's civilization."

Marcuse is seventy-one years of age, and for ten years he was in the Intelligence Branch of the state department. He has taught at Harvard, Columbia, and is now a professor at the University of Southern California.

After hearing Mrs. Reynolds speak, each member was made aware of the necessity of teaching and training our youth in patriotism and Americanism.

Mrs. Marshall Stewart was guest of the Club. The next meeting will be February 24 in the home of Mrs. Binie White.

### Lynn County Co. Council Met Friday

The Lynn County Home Demonstration Council met Friday Feb. 13, in a called business meeting. The purpose of the meeting was to discuss the operation of the concession stand at the Lynn County Stock Show.

## The Lion's Line

Two local men, Jesse Cunningham and Garland Thornton, have presented programs at Tahoka Lions Club for the first two meetings in February.

Cunningham, speaking to the club on February 4, recounted experiences while he was living and working in Tennessee. He was formerly the Editor of the Lynn County News and more recently the Editor of the Dispatch in Cookeville, Tennessee. Jesse has moved back to Tahoka and is now employed by the Lubbock Avalanche Journal.

Cunningham explained that the middle Tennessee area was fast becoming a popular tourist spot, and a large portion of the economy is geared around tourists. He told of new resorts, industry and the people. In one instance he told of a Tennessee Senator that sponsored a plane trip for sixty back woods youngsters to Nashville. Most of the children had never been to town, never seen a plane and never had a coke. The trip to Nashville for a coke was quite an experience for the youngsters.

Garland Thornton, President of the Lynn County Hospital District spoke to the Club on February 11 concerning the new County Hospital.

His program was divided into four points and he methodically explained how the district was created, how the construction bids were let, the equipment necessary for the new facility and the hiring of personnel.

The new hospital should be ready for use around April of next year. However, the contractor expects to be finished long before that. Thornton explained that the foremost thing would be to hire an efficient capable administrator. The administrator would in turn hire and fire personnel and would be responsible for the operation in general.

The question of more doctors for Tahoka was raised and Thornton explained that the Board had two young men in mind. Also an administrator in a large Dallas hospital was helping to secure possible applicants.

Thornton explained that an administrator from a Sweetwater hospital had been retained to help set up the hospital. This man, well qualified to set up new hospitals, would help in the

selection of equipment and would make recommendations for all phases of the technical work involved.

Thornton's talk was both interesting, informative and well received by the club.

Guests at the noon meeting included Larry Stone of Abilene, and Rush Dudgeon. The Lions meet Wednesdays Noon at Tahoka Cafeteria. Bill Chancy is president, and visitors are welcome.

## JR-HI-LITES

BY GEORGIA THOMAS

Was last week busy? Yes! The kids in Junior High were busy studying for six weeks tests and boy were they hard. But now we can all say "only 12 more weeks left".

The 8th grade class started planning for their future High School courses last Monday. Mr. Burks explained the program outlined for the next four years. Students considered solids and elective subjects offered them and chose subjects that they plan to take in High school.

The student council met last Thursday and discussed future assemblies. They set a date for the basketball game between 8th grade girls and boys. The game will be played February 18, at the assembly hour in the High School gym. It will be played by girls rules and members of the council cannot play. Five people from the P.E. class, band and athletics will make up the team. The slave sale was also discussed at the meeting and it will be held sometime in March.

"Much of this 103 million acres has had some conservation treatment, yet it still needs one or more conservation measures," Graham pointed out. "And most of this land needs treatment every year--especially cropland."

Graham said that in terms of acres, grassland improvement is still the state's biggest conservation problem. He cited these grassland needs: About 50.6 million acres need brush control followed by careful management, including periodic rests. Some 22.3 million acres of this land has deteriorated to the extent that reseedling is needed after the brush is controlled. Graham stressed, however, that when brush is controlled on grassland, wildlife needs should be

JEANIE McDONALD

...BETTY CROCKER HOMEMAKER

## Jeanie McDonald Receives Betty Crocker Award

Patsy Jeanie McDonald has been named Tahoka High School's 1970 Betty Crocker Homemaker of Tomorrow. Selected on the basis of her score in a Dec. 2 homemaking knowledge and attitudes examination for which a record 646,041 senior girls in 15,040 of the nation's high schools were enrolled, she is now eligible for state and national honors. She will also receive a specially designed silver charm from General Mills, sponsor of the annual educational program.

Test papers of all school winners in the state are currently undergoing additional judging, and a State Homemaker of Tomorrow will be named in March. She will be awarded a \$1,500 college scholarship; the second-ranking girl in the state receives a \$500 educational grant. Additionally, first-place winners from the 51

states and the District of Columbia-together with advisors from their schools-will receive an expense-paid educational tour of Washington, D.C., and Colonial Williamsburg, Va., this spring. Climax of the tour will be naming of the 1970 Betty Crocker All-American Homemaker of Tomorrow, whose scholarship will be increased to \$5,000. Three runners-up will also be selected and will be awarded \$4,000, \$3,000 and \$2,000 scholarships. National judging will center on personal observation and interviews during the tour.

Begun by General Mills in the 1954-55 school year, the Betty Crocker Search for the American Homemaker of Tomorrow is designed to emphasize the importance of homemaking as a career. During its 16-year history, more than seven million young women have been

enrolled in the program and scholarship grants total approximately \$1 3/4 million.

The test which forms the basis for selection of winners is prepared and scored by Science Research Associates, Chicago. Schools of state winners are awarded sets of Encyclopaedia Britannica by Encyclopaedia Britannica, Inc.

Jeanie is the daughter of Mr. and Mrs. Marvin McDonald.

## Fay Claborn's Rites Held

Funeral services for L.E. (Fay) Claborn Jr., 56, who was serving his third term as Garza County sheriff, were held at 2:30 p.m. Thursday at the First Baptist Church.

Sheriff Claborn died about 6:30 p.m. Tuesday in Lubbock Methodist Hospital following an illness of several months. He had been in the hospital three weeks at the time of his death.

Born June 13, 1913, in Mansfield, Ark., he had been a resident of Post since 1932, moving here from Hartshorne, Okla., with his parents, the late L. E. Claborn Sr. and Mrs. Claborn, who survives her son. Sheriff Claborn's father had served as a peace officer in Oklahoma, and also in Post after moving here.

Before being elected sheriff in 1959 and taking office Jan. 1, 1960 Sheriff Claborn had served as a deputy sheriff here. He was a member of both the state and national peace officers' associations.

He was married to Ruby Haley on Oct. 21, 1933, in Lynn County. Before becoming sheriff he owned and operated Fay's Construction Company and continued ownership of the firm after his election as sheriff.

He was a member of the First Baptist Church, the Masonic Lodge and the Garza County Sheriff's Posse.

Surviving are his wife, Ruby; two sons, Lawrence E. and James Forrest Claborn, both of Post; two daughters, Mrs. Marie Anderson of Roswell, N.M., and Miss Peggy Fern Claborn of Dallas; his mother, Mrs. L. E. Claborn Sr. of Post; three brothers, Carl of Indio, Calif., John L. of Odessa and T.W. Claborn of El Monte, Calif.; four sisters, Irene of Lubbock, Mrs. Jocie Lee Conyers of Fort Worth, Mrs. Evelyn Hamilton of Odessa and Mrs. Nina Williams of Dallas; seven granddaughters and one grandson.

The Rev. Joe Vernon, pastor of the First Baptist Church, and Bernard S. Ramsey, Minister of the First Christian Church, officiated at the funeral services.

Burial was in Terrace Cemetery. Pallbearers, all county

sheriffs, were Ed Darnell of Midland, Fletcher Stark of Crosbyton, Keith Collier of Snyder, Jerrall Stanley of Jayton, Norvell Redwine of Tahoka and Homer Parker of Brownfield. Members of the Garza County Sheriff's Posse and all area peace officers were named as honorary pallbearers.

## Dan Trotter Wins In Fort Worth Stock Show

Dan Trotter of Tahoka has won Champion Berkshire Boar at the 74th Southwestern Exposition and Fat Stock Show, which completed its 10-day run here Feb. 8.

"We had a marvelous show," said W.R. Watt, Stock Show president and manager, "and now we're ready to get to work on the 75th anniversary show, set for Jan. 29 through Feb. 7, 1971."

More than 11,000 head of fine livestock were entered in the show, and the 1970 Stock Show Rodeo played to many capacity houses of enthusiastic spectators. "The rodeo stock and the cowboys were exceptional," Watt said. "Also David Canary, 'Candy' of TV's 'Bonanza,' was a great success as our guest star."

Watt said that so many rodeo performances were sold out well in advance that many persons had to be turned away. "I hope these people will avoid disappointment next year by ordering tickets well ahead of time," Watt said.

The '70 Stock Show got off to a rousing start with its traditional all-Western parade through downtown Fort Worth. The mammoth affair drew 83 riding groups, with the Grayson County Sheriff's Posse winning first place. The Texas Westerners of Euless were second and the Blue Ridge Riding Club was third.

Grayson County Sheriff's Posse also had the best-dressed group. The All-Girl Riding Club of Grand Prairie was judged the most colorful and the Lubbock Junior Range Riders took honors as the group traveling the greatest distance to participate. Leonard's Department Stores entered the top float. All parade winners received plaques.

What is the difference between long grain and short grain rice? It's not a riddle but it is a common puzzler to many food shoppers.

Long grain types of rice, separates into individual grains after cooking.

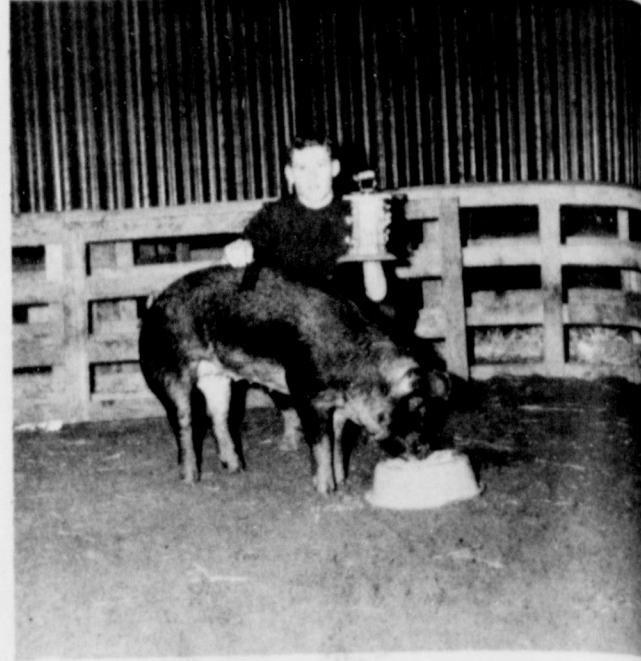

Short grain varieties are best for puddings, croquettes and rice rings because they stick together.

Whatever type, it is not advisable to wash or rinse away valuable vitamins and minerals in rice before or after cooking.

Rice keeps best in a tightly closed glass or metal container. Cooked grains may be refrigerated and kept covered for a week.

### RECIPE OF THE WEEK:

MR. AND MRS. ROY O. NETTLES  
...50TH ANNIVERSARY

## Roy Nettles' To Observe 50th Wedding Anniversary

Mr. & Mrs. Roy O. Nettles will be honored with a reception on Sunday February 22, 1970 from 3 o'clock p.m. to 5 o'clock p.m. in their home in the Levee Community - Rt. 1, Meadow, Texas. The couple will be observing their 50th wedding anniversary.

Hosting the reception will be the couple's sons and daughters and their families: LeRoy Nettles of New Home; Edna Nettles of Rt. 1, Meadow; H. Nettles of Rt. 4, Tahoka; Mrs. Bill Griffin of Tahoka; and Mrs. Harold Burkhalter of 4405-43rd st. Lubbock.

Roy O. Nettles and the former Miss Beulah Perry were married on February 21, 1920 in Tahoka, Texas. They resided in Floyd County for two years.

In 1922 they returned to Lynn County and have lived in the Lakeview Community since that time.

Friends and relatives are cordially invited to attend.

## Post Office Offering Delivery In Tahoka

Postmaster Charles Townes said today that a new order from Postmaster General Winton M. Blount will mean substantial improvements in mail delivery services.

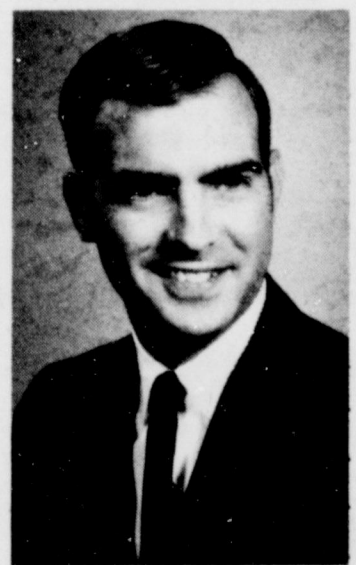

Postmaster General Blount

has advised the local postmaster of provisions of a new making home delivery services available for the first time to 4 million Americans.

The service improvement applies to persons served out of 18,700 first, second and third class post offices over the country that do not have city delivery services. Affected are those postal customers living more than a quarter mile away from these offices, because, under Mr. Blount's order, those living less than a quarter mile from the post office will continue to pick up their mail at the office. But, since a quarter mile is only about three blocks, the new service locally will affect nearly every residence in the city.

Discussing the local area effects of Mr. Blount's new order, Postmaster Townes explained: "This new service will not be automatic. Each person or family who desires the new service must come to the post office and sign up for it. Extensions must meet the requirement that an average of at least one family per two-thirds mile must sign up for the extension, and at least 50 percent of the families residing in each area under consideration must indicate they will use the service. This means simply that the newservice will not be added to any part of the city unless one of each two families in the area requests it; therefore, all patrons want-mail delivered to their neighborhood are urged to request it."

## Eddie Howard Is New Pastor At Midland

The Rev. O. Edwin (Eddie) Howard occupied the pulpit for the first time Sunday, Feb. 15, at the Northside Baptist Church in Midland. He had served as pastor of the First Baptist Church of Bula.

Rev. Howard and his wife, both are natives of Tahoka, are graduates of Wayland Baptist College in Plainview. Mrs. Howard is the former Stella Howle, daughter of Mr. and Mrs. E.A. Howle.

Mr. and Mrs. Mike Taylor are the parents of a daughter born Monday Feb. 16, at 12:30 in the Methodist Hospital, Lubbock.

The baby weighed 7 lbs. 8 ozs. The father is a farmer. Paternal grandparents are Mr. and Mrs. B.R. Taylor and maternal grandparents are Mr. and Mrs. Gilbert Gandy, all of Tahoka. Great-grandparents are

"Since rural carriers will be delivering the mail to the city areas affected by the new service, each family using the service must furnish its own rural mail box and mount the box near its home at a location to be determined after all requests are received and the carrier's new line of travel is established. There will be no city or rural delivery on Sundays and holidays; and, since the carriers do not case their mail on those days, mail for route patrons cannot be delivered at the post office on those days."

"The sooner all requests for the new service are received at the post office, the quicker the service may begin; therefore, all postal patrons in the city who are interested in this important matter should get together with their neighbors (who may not have seen this notice), discuss the matter and sign up for the new service."

Deputy sheriff John Johnson is holding a home made still for the owner here this week, and will be very glad to have him, or them to come in and claim it, he stated Tuesday morning.

The still, a copper tub, was accidentally found by the officer as he was busy on other official affairs Monday afternoon, hidden in a weed patch some six miles south east of O'Donnell.

At that particular time it was not in use, but Mr. Johnson said that it is such a good one that he feels sure that the owner will be glad to know its whereabouts. The officer loaded the utensil, or container, or factory, or whatever it might be called, into the back of his car and brought it to town, where it attracted no little interest Monday afternoon.

it is said, were planning to go. Many of the children therefore, hired themselves to the fields on Wednesday morning to aid the farmers in gathering the crop and to earn a little money for themselves.

Since school started about a week earlier this year than last year, it can close next Spring just a little later than last year without undertaking to make up any of the time by teaching on Saturdays, as was done last year.

Mr. and Mrs. Ed Baldrige of Clovis are visiting here and at O'Donnell this week. Mr. Baldrige says that the wheat crop last year was a complete failure but that the prospect for the next crop is now very fine. But the price of wheat is about like the price of cotton and the wheat farmer is in a bad predicament.

The board of trustees Monday night decided to suspend the public schools of the Tahoka Independent District for a period of almost two weeks to enable the children to assist in gathering the cotton crop. School work was suspended accordingly at the close of the day Tuesday and will be resumed on Monday, Nov. 14.

**Hog Production Parley Slated In Lubbock, Feb. 24**

A "Money in Hogs" Conference will be held in Lubbock at the Raiderland Convention Center on Tuesday, Feb. 24. And it will give South Plains farmers and ranchers and agribusinessmen an opportunity to find out more about pork production and to look at the enterprise as another economic opportunity for West Texas.

The program will get under way at 1:30 p.m., announces County Agricultural Agent Bill Griffin. An outstanding slate of speakers will discuss all phases of the hog production business.

Leadoff speaker will be Dr. T. D. Tanksley, associate professor of animal science at Texas A&M University. He will present an overall outlook of the hog situation and will discuss the economic feasibility of pork production in West Texas.

Dr. Jim Osborn, associate professor of agricultural economics at Texas Tech University, will talk about the profit potential of various size units and methods of swine production while Roy L. Poage of Lubbock Swine Breeders, Inc. will discuss some "do's" and "don't's" about the hog business.

Billy C. Gunter, district agent with the Texas Agricultural Extension Service, will discuss plans for upcoming educational meetings for South Plains pork producers and potential producers. Some steps to consider in beginning a hog operation will be discussed by Dr. Leland F. Tribbe, professor of animal science at Texas Tech.

Also featured during the afternoon conference will be a panel discussion on financing hog operations, adds Griffin. On the panel will be John E. Key, vice-president of the Lubbock National Bank; Horace Gilmore, county supervisor, Farmers Home Administration, Levelland; and James A. Rogers, general manager of the Plainview Production Credit Association.

J. Fike Godfrey, President of the West Texas Chamber of Commerce will offer closing remarks.

The "Money in Hogs" Conference is being sponsored by West Texas Chamber of Commerce and Board of City Development, Texas Grain Sorghum Producers Board, Texas Tech, Texas A&M and the Texas Agricultural Extension Service.

Griffin encourages everyone in the county interested in the swine business to make plans to attend this important conference.

TEXAS PRESS ASSOCIATION

A sharp cut in welfare and medical assistance payments, to be effective April 1, was announced by the State Board of Public Welfare.

Board said the unprecedented increase in assistance rolls, the decrease in federal medical aid funds and the constitutional spending ceiling required an average \$11 a month cut in the Aid to Families with Dependent Children program and a 20 per cent slash in Medicaid.

Board member Louis R. Sarazan of Fort Worth said there is no alternative.

Sarazan and board member W. Kendall Baker of Houston warned that further cuts may be in the offing before the end of the fiscal period next year.

Board ordered the lowering of AFDC payments from 75 per cent to 66 per cent of budget needs. Average AFDC family now draws \$120.37 a month. Reduction would reduce this to \$109.54.

Earliest and loudest protest came from Texas nursing home operators who claimed Medicaid outlay shrinkage would put 95 per cent of them out of business.

Texas Nursing Home Association termed the situation of "crisis" proportions and urged Gov. Preston Smith to take immediate action to summon lawmakers into special session for emergency appropriations.

Texas Medical Association charged the federal government has "promised more than it can deliver" in the health care area and is, in effect, asking providers of services to take a loss.

LAND PROGRAM FOLDS--Texas' 20-year-old veterans land program has folded. Through it more than 41,000 Texas veterans had purchased land under low-interest, long-term pay provisions. It was a victim of high interest rates.

Veterans land board said that since the prime interest rate has been raised to eight and a half per cent, veterans' bonds, with a constitutional four and a half per cent ceiling, simply could not continue to attract investor capital.

More than 1,000 applications on file will be processed, but no more can be accepted until the interest-rate binds eases.

COURTS SPEAK--An insurance company can be required to foot the damage bill for accidents that occur before a policy is actually written--if the contract already had been made without either applicant or company knowing of a loss, or an impending loss--the Supreme Court has held.

Supreme Court told a Dallas trial court that it should not have granted summary judgment against a couple suing General Motors Corporation on a claim that a faulty balljoint unit on a pickup caused an accident in which a woman was injured. Trial court held there was no defect.

In a divided verdict, the High Court held that Austin contractors cannot collect another \$17,000 which all parties agreed is due them over and above the \$864,888 contract for li-

brary and science building additions at Southwest Texas State University in San Marcos.

Third Court of Civil Appeals held fast on its January 21 ruling invalidating the Alcoholic Beverage Commission's proposed tough rules for private drinking clubs, including guest card restrictions.

ANTIQUITIES RULES-- State Antiquities Committee, charged with regulating those who dig for historic treasures in the state, has set its rules and issued its first permit.

Rules require that any person or group seeking to excavate or salvage an archeological or historical site obtain a permit from the Committee. Supervision by a trained archeologist, recording and publication of results and a scientific manner of working are the major points stressed in the rule.

Committee deleted from its rules a proposal that beachcombers and arrowhead hunters would have to get state permits. They will, however, be required to make reports on their discoveries. Explorers would be required to stop work immediately once a permit is cancelled.

First permit went to the Lower Plains Archeological Society for a salvage project at Big Spring. West Texas State University has agreed to sponsor the project.

APPOINTMENTS-- Marvin Shurbet of Petersburg was named chairman of Texas Water Development Board by Governor Smith.

Smith also announced these recent appointments:

Texas Tourist Development Board --Charles Horan Jr. of Fort Worth.

Texas Library and Historical Commission--William H. Gardner of Houston (reappointment) and Frank Prescott Horlock Jr. of Houston.

Texas Turnpike Authority--John P. Tompson of Dallas (reappointment) and Albert Williamson Rollins of Arlington.

Texas Mass Transportation Commission--R.C. Jordan of Amarillo, Joe Lewis of Waco, Clyde Rice Malone of Austin, Dale Resler of El Paso, James W. Keay of Dallas and Eugene Maier of Houston.

Texas Conservation Foundation--Reagan B. Cates of Victoria, Charles Schreiner of Kerrville, Elio J. Urbanovsky of Lubbock, Glenn Biggs of Austin, Michael Giles Rutherford of Houston, Harry Lee Tension of Fort Worth, William James Hendrickson of Wichita Falls, Ralph D. Churchill of Dallas and Jack Stone of Wells.

Southern Interstate Nuclear Board--Howard R. Drew of Fort Worth.

Lower Concho River Water and Soil Conservation Authority --Joe Brosig of Paint Rock, William Robert Loveless of Eden (reappointments) and Floyd Franke of Millersview.

Dr. Jimmy Allen of San Antonio, Harris County District Atty. Carol Vance and Dr. Nolan Estes of Dallas were named by Lt. Gov. Ben Barnes to Crime and Narcotics Advisory Commission.

COLLEGE MONEY--Coordinating Board, Texas College and University System has voted to cut back on requests for increased higher education funds.

Board adopted a four per cent faculty salary increase for the 1972-73 biennium. But this

was below the 7.9 per cent increase recommended by the Board's staff and the 8.1 per cent increase requested by the institutions.

Staff asked for \$206.3 million more for state senior colleges over the biennium, apart from salary increases. Board approved \$166.8 million in additional funds.

STATE KINDERGARTEN--Texas Education Agency has begun working out the details of setting up state-supported kindergarten programs in all Texas public schools. Last Legislature authorized implementation of the program in a step-wise approach over the next seven years, with underprivileged children having first chance.

TEA said the major problem is finding 1,500 kindergarten teachers for the 1970-71 school year and 7,000 teachers by 1977-78. They estimate it will cost the state \$10 million the first year to implement the program.

JOB PROJECT LANCHED--New public service careers project seeks to open job opportunities in government to disadvantaged Texans and upgrade skills of state employees.

Governor Smith asked 12 state agencies to cooperate, emphasizing a mutual policy of non-discrimination regardless of racial backgrounds or sex.

U. S. Department of Labor training funds are sought for Texas.

Smith expressed concern that over one fourth of the state's employees are separated from their jobs each year, while the positions remain vacant for months and half a million Texans seek work opportunities. DEMOS TO MEET--State Democratic Executive Committee will meet in San Antonio March 9 to certify names of state-wide candidates for the May 2 primary ballot.

Committee will also:

Decide the hour and place of the September 15 Democratic state convention.

Establish a ratio for the number of delegates from each county or senatorial district convention to the state convention.

Select site and hour for a May 12 SDEC meeting to canvass the first primary results and consider any other business. SHORT SNORTS-- Texas Restaurant Association has dropped the name "waitress" from its vocabulary and designated 1970 as the year of the "sales hostess".

Texas Education Agency received a \$52,000 federal highway safety grant for evaluation study of driver education programs.

Former House Speaker James A. Turman of Gober took over a statewide campaign manager for U.S. Sen. Ralph Yarborough.

Interim Committee on Natural Fibers and Textile Development targeted an added billion dollars in new Texas economic activity from fibers (cotton, wool and mohair).

Houston was called on by the Texas Water Quality Board to explain why its sewage treatment quality is not up to the conditions of its permit.

New cigarette tax increase provided \$3.1 million more last month than in January, 1969.

Texas Consumer Credit Commissioner Frank Miskell will keep his \$30,000-a-year job following the unanimous rejection of his resignation by the State Finance Commission.

SCOUTS TOUR NEWS OFFICE...Pictured here is Johnny Valentine showing the Cub Scout troop how the newspaper is processed. Those touring the News Office were Don Porterfield, Amy Porterfield, Frankie Lindsey, David Jolly, Brad White, Tim Ratndl, Leonard Benitez, Danny Stanley, Carlton Ash, Mrs. Jim Bob Porterfield and Mrs. Binie White. John Calvillo is a member of the troop but did not attend.

**Bill Griffin, County Agent, Says....**

Chemical treatment of planting seed is good insurance against reduced crop yields from seed and soil borne disease organisms.

The practice, is inexpensive and effective and the recommended chemicals are safe and easy to use.

The coating forms a protective coating around the seed and protects it from micro-organism growth during the period of germination. However, seed treatment will not control damping-off after the seedling grows out of the treated zone, advises the county agent. Damping-off organisms develop most rapidly when weather conditions are unfavorable and cause growers to associate damping-off of seedlings with cold, wet weather.

Most commercially purchased planting seed will be treated and will be noted on the container tag. Growers who save their own planting seed can purchase seed treatment chemicals at most agricultural supply houses.

If seed are treated on the farm, the important thing is to get a uniform covering of the protective fungicide over the seed coat. This can be done with a homemade device which will tumble the seed and mix the fungicide thoroughly with the seed being treated.

The county agent points out the need for using the proper dosage. Lower than recommended dosage may cause the treatment to be ineffective while excess rates may damage the seed or at most be wasteful. Diseases borne inside the seed must be treated by different methods.

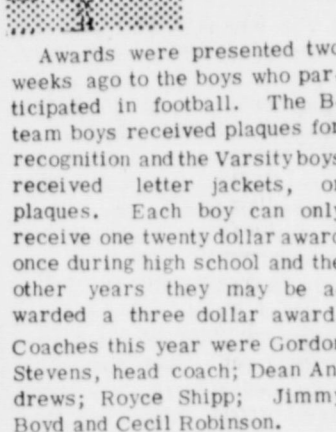

Detailed information on chemical seed treatment is available from county agent's office. Finally, warns the county agent, seed which have been treated should be used only for planting purposes and should never be fed to livestock or poultry. All container directions should be closely followed.

**Tahoka High Happenings**  
BY BETTY OWEN

Awards were presented two weeks ago to the boys who participated in football. The B-team boys received plaques for recognition and the Varsity boys received letter jackets, or plaques. Each boy can only receive one twenty dollar award once during high school and the other years they may be awarded a three dollar award. Coaches this year were Gordon Stevens, head coach; Dean Andrews; Royce Shipp; Jimmy Boyd and Cecil Robinson.

Bill Griffin, Billy Jolly and Rux Hensley sponsored by Mr. Lester Adams have gone this week to the San Antonio Livestock Show.

The Tahoka Livestock show was held last Saturday. Top in each Division were: Poland China Mario Chapa, champion; and Martin Warren reserve champion; Durrocks Robin Har-

vick, champion and Rux Hensley reserve champion; Spotted Poland China Jack Williams champion and Danny Martinez reserve champion; Chester Whites Gordon Harvick, champion and Joe Thomas, Reserve champion; Berkshire Brown Franklin champion and Max Leverett reserve; Hampshire Billy Jolly champion and Martin Warren, reserve; crossing Martin Warren champion and Rex Hamilton, reserve.

Grand champion in swine was Martin Warren's Crossbred and Billy Jolly's Hampshire received reserve grand. Cal Gardner had the champion reserve champion gilt. Max Flippin had the Grand Champion steer and the reserve champion. Billy Jolly received the swine showmanship and Dorman for steer showmanship. Tuesday night, Tahoka hosts the bi-district basketball game between Meadow and Ira.

Services will be Saturday Feb. 21, in the Pleasant Grove Baptist Church. The Rev. Eddie Scott will officiate. Burial will be in the Tahoka Cemetery directed by White Funeral Home.

### NEW HOME LADIES BOWLING

Mayfield Grocery won four (4) games from Wilson State Bank. Mary Louder had high game of 174 with Nell Blakneys "blind" 495 for high series for Mayfields. The Bank's Billie Kirbie had high game 167 while Barbara Cooley had high series with 405.

Mary Ellen's Beauty Shop won four (4) from New Home Co-op Gin. For the Shop Faye Armstrong had both high game 199 and a 559 series. The Gins' Radene Turner had a very nice 213 for high game, team-mate Havah Haley had a 458 for high series.

Pridmore Spraying and Petty Gin split two. Betsy's blind bowling took both high game 164 and a 492 series for Pridmores. The Gin's Sis Blevins also had both high game 179 and 521 series.

Mary Ellen's Beauty Shop had both high team game 709 and 2039 team series.

Wilson Co-op and Gatzki Gin's were out. This will be a "make-up" game at a later date. We got part of our bowling in the "City Tournament" off last Saturday. Will finish this week-end. Have no report to give at this time. This is being held at the Imperial Lanes in Lubbock. There are more teams entered in this Ladies Tournament than ever before. "Competition is there for sure."
