

### Circus Day Ahead! Seal Bros. Show To Be In B'Spring On Sept. 27

Seal Bros. circus, one of the few left touring the country, will make a one-day stand here Sept. 27, it was announced Thursday.

#### WITH CIRCUS

A three-ring affair, the show will boast its collection of wild animals, aerial and acrobatic stars, equestrian acts and a parade with bands and calliope. There will be street parade at noon and doors of the circus will open at 1 p. m. and 7 p. m. the day of showing, it was announced by advance agents. A feature of Seal Bros. circus, on its 31st annual tour, is its three-acre, rain-processed tent, with seating accommodations for thousands. The show is to be opened with a colorful prelude marked by special lighting effects, in a popular pageant known as "Sunny Monterey," featuring "Senorita Dolores Gomez, Mexican prima donna. Other acts include Herr Driesbeck's interlude with fourteen jungle bred lions, tigers and pumas; the horse show with 12 equestrians, 50 arctic stars of nations, 14 clowns, and a complete managerie.

### Cites Future Value Of Big Bend Park

Edwards Enthusiastic Over Project; Additional Gifts Here Subscriptions to the Big Spring park fund had mounted to \$83 early Thursday, Fox Stripling, chairman, said. He said that 23 persons had donated one or more dollars each Wednesday to give the fund its greatest boost since it was started here. Among contributions listed was \$10 from W. P. Edwards, \$10 from the Lions club, \$5 from Mr. and Mrs. Carroll George, \$5 from the Stahlman Lumber Co., and \$3 from Dave Duncan. Edwards was very enthusiastic about the park. He said that it was far beyond the imagination of most Texans, that it was a larger affair than Yellowstone national park. Predicting that in a few years more would come to see the Big Spring park than other national parks, he pointed out that "this will be a 12 months a year proposition, and not just a summer season affair." Gasoline revenues and the tourist crop will be of immeasurable value to all

He is only one of many animals in the show's complete managerie. of the state, and particularly to Big Spring and other cities along the Broadway of America, in his opinion. Other donors to the park fund reported by Stripling are: Elmo Wasson, R. F. Schermerhorn, M. M. Edwards, T. J. Good, R. V. Middleton, H. H. Hurt, Bob Piner, Sam Fisherman, L. Q. Lowe, Oble Bristow, V. W. Fuglar, H. W. Wright, O. L. Williams, Charles Sullivan, H. H. Rutherford, J. F. Wolcott and Jess Slaughter.

**HALL A VISITOR** Jesse F. Hall, former resident of Big Spring, but now of Seagraves, where he is operating an ice manufacturing plant, was in Big Spring recently. He stated the plant, which has a capacity of 15 tons daily, has already begun operation.

Sights and Sounds By Robbin Coons

**HOLLYWOOD.** — Anatole Litvak is different from most directors. He owns a whistle. Maybe one or two other directors own whistles but this is a stag horn whistle and he keeps the chain fastened to his lapel. He blows it instead of yelling "Cut" or "That's a daisy" or "Stinko, let's try again."

pat on the shoulder. Besides blowing a whistle, Mr. Litvak also plays the piano. He learned when he was five, in Russia, where he was born, and he plays very well indeed. He was mixed up in the revolution but so far has refused to divulge what he did or which side he was on, the whites or the reds. As a peace-loving fellow he may not have fought at all. Dates Miriam Hopkins He is medium-sized with a large crop of hair. At 13 he began his dramatic career as a student in the state dramatic school at Petrograd. It's Leningrad now but he still calls it Petrograd. At 24 he was a character actor of note. Directed plays and wrote them too. His plays were the kind in which life is real, earnest, and not a little tragic. In Hollywood generally, he is known first, as the fellow who goes with Miriam Hopkins, and second, as the fellow who's directing "Tonight's Our Night." He started dating Miriam Hopkins while he was directing her in his first Hollywood picture, "The Woman I Love." He is not known especially

for that one. But he liked the French film, "L'Equipe," in which "The Woman I Love" was based. He made that, too. In Hollywood's inner circles where memories go back farther Litvak is known as director of "Be Mine Tonight," the picture that made Jan Kiepura famous. In these circles they recall also that he made his first film under the Soviet regime in Russia and it was called "Hearts and Dollars." But he thinks his finest picture was "Mayerling" in which Charles Boyer was starred. Likes Unusual Shots A nervous man, he seldom stands still on the set but keeps walking around between scenes. He is strong for rehearsals and his players do a good bit of it before a scene is taken. He seldom takes a scene less than 10 times and he out-vonned Sternberg on one scene by making 40 takes. But that was because there was a Pekingsese in the scene and she didn't understand about cues. He keeps his camera running forth and back on tracks. He likes the effect of motion achieved. He

## War Is Costly To Insurers

War Conflict Due To Cost Companies Many Millions

LONDON, Sept. 16. (UP)—British underwriters and insurance companies will lose many millions as a result of claims arising out of the Spanish civil war. Already a large number of claims have been disposed of, others are pouring in, and those yet to come will exceed any that have preceded. An assessor who adjusts claims estimates that the aggregate will not be less than 20,000,000 pounds (\$10,000,000). Many British firms had huge stocks of their goods in Spain, and conducted an enormous business in that country. They had insured themselves against loss by fire, civil riot, pillage, and confiscation. Their warehouses have been destroyed and their goods looted, confiscated or burned. There is a total loss, and the claims are founded on that basis. Mines, rolling stocks, buildings and other kinds of property were insured for large sums, and the expropriated owners are covered in their loss. A large number of the claims are being made by Spaniards who, long before the war started, insured their property against war risks. Mr. and Mrs. Howard Burleson of Big Spring were visitors in Big Spring the first of the week, guests of the former's parents, Mr. and Mrs. E. W. Burleson.

**\$250,000 BLAZE** HILLSBORO, Tex., Sept. 16 (AP) Officials of the Exporters and Traders Compress Co. were talking stock of damage today after a fire last night incurred a loss tentatively estimated at \$250,000. Approximately 1,000 bales of cotton and part of the structure destroyed by the blaze were covered by insurance. The fire, brought under control after a three-hour struggle, did not reach the main engine room and the press. Origin of the blaze was unknown.

**GOOD HAY CROP**  
CLARKSDALE, Miss. (UP)—The prospects are favorable for a sufficiently profitable hay crop atop levees in this area to finance the maintenance of the water barriers for 12 months. Green Seal, secretary of the levee board, predicted that enough hay will be grown on the levees to provide funds for maintenance.

Walter Arnold left Wednesday for Austin, where he will resume his studies at the University of Texas.

## Playoff Results

By the Associated Press

All square, the four clubs in the Texas league playoff series change stands tonight. At Tulsa last night the Oilers pulled up alongside the Fort Worth Cats in the second game of their Shaughnessy playoff series by defeating the Pelicans 7 to 3. At San Antonio the Missions humbled the league-leading Oklahoma City Indians 6 to 2 to square the opening series at one each.

The 20-year-old southpaw Ed Carnett, who finished the regular season with seven consecutive victories for the Oilers, last night kept 10 hits of the Cats well scattered. The Oilers—redeemed Tuesday night's performance, when they failed to hit in the clutches, by connecting whenever they got runners on the sacks. They took 10 hits off Dick Whitworth and Clyde Small, sewing up the game with a two-run spurge in the eighth.

The Missions bunched five of their seven hits for five runs in the seventh inning. Harry Kimberlin kept 10 tribal hits scattered, the only damage coming in the eighth when Paul Easterling lined a home run over centerfield with Tony Governor on base.

**ATLANTA, Sept. 16 (AP)—**The Southern association playoffs were kept back where they started today.

Fourth place New Orleans evened its game count with Little Rock at one-all by walloping the pennant winners, 8-2, while third place Atlanta squared matters with runner-up Memphis, 8-1.

The clubs rest today and resume the five-game elimination series tomorrow night at New Orleans and Atlanta.

**OPELOUSAS, La., Sept. 16 (AP)—**The Opelousas Indians needed but a single victory today to clinch the Evangelistic league championship playoff.

The Tribe humbled Lake Charles 6-2 last night in the fifth game of the series to gain a 3-2 edge. Today the clubs shift to Lake Charles for the sixth game and will remain there if a seventh is necessary.

**EL-DORADO, Ark., Sept. 16 (AP)—**The El Dorado Lions today held their second straight Cotton States Shaughnessy championship, clinching the title with their third straight victory over the pennant flying Pine Bluff Judges last night, 10 to 4.

**CHICAGO, Sept. 16 (AP)—**The American association playoff situation today was right back where it started, with home runs respon-

## What To Do--

### If You Want To Shave Without Torture

1. Wash your face thoroughly for half a minute with soap and hot water, then rinse. If you use latherless cream, apply it on top of the soap.
2. If you use shaving soap, work into the skin with brush and finger tips a liberal portion of a brand that lathers freely.
3. Let the lather stand for at least two minutes to soften the hairs.
4. Wet your razor and keep it wet.
5. Shave the easiest parts first—the upper part of the face—has fewer hairs to the square inch.
6. Stroke the skin but not too tight or you'll scrape off surface flesh.
7. Always shave with the grain or direction in which the hairs lie naturally. Don't dig, jab or press the razor.
8. Keep the blade at an angle of 20 to 25 degrees if your skin's tender; 25 to 35 if it's average.
9. When finished, rinse your face, pat on lotion and talcum powder.

(By The AP Feature Service)  
This is the "proper procedure" outlined in the American Medical Journal after a four-year study made by the Mellon Institute at the University of Pittsburgh.

Thirty-one men—20 blonds and 11 Brunets—were the "guinea pigs." Some shaved daily, others irregularly; some used dull razors or softened their stubble with plain hot water instead of soap.

They found an extra aid for the hypersensitive skin in a cold water lathering after the hot water wash. Menthol in the shaving soap or cream helps, too.

**Tomorrow: If a Burglar Gets Into Your Bedroom**

The Minneapolis Millers, thanks to an eighth inning home run by Stanley Spence which accounted for a 4 to 3 victory last night, were all square with the league champion Columbus Red Birds, and Toledo, with the help of a pair of round-trippers by Babe Herman and one by Bob Coleman, defeated Milwaukee, 6 to 5, in a rousing 10-inning struggle, to even their series.

**MARSHALL, Sept. 16 (AP)—**Jacksonville today held the East Texas league baseball championship for the third time. The Jack defeated Marshall here last night 4 to 2 in the sixth game of their playoff series.

## FEMS QUALIFY FOR TOURNEY TOMORROW

By the Associated Press

Friday will qualify local women golfers' time in qualifying for the annual city tournament at the country club.

Match play will begin Saturday and continue through the following day.

A strong field is expected to be on hand to compete for the crown, but Mrs. Gordon Phillips will be the ranking favorite when the teams line up again for the firing.

Semi-finals will be held Sunday morning with 18-hole finals scheduled for Sunday afternoon.

The meeting was moved up 10 days over last year's affair when finals were completed on October 4.

## H-S 'Hands' Open With Ky. State

ABILENE, Sept. 16—The Hardin-Simmons university Cowboys, as the university begins its 46th annual season this week with an increased enrollment that may establish an all-time high mark, are working hard, twice daily, under Coach Frank Kimbrough, to be ready for the opening of the nine-game football schedule, on September 24.

On that day, Hardin-Simmons meets Kentucky State, of Murray, Ky., in the inaugural home game. The following week, on October 3, the Cowboys play host to Ouachita college, of Arkadelphia, Ark., then journey to Los Angeles in the first of two California road trips on the 1937 schedule, to meet the Roaring Lions of Loyola university, on October 8.

Prospects are bright that Coach Kimbrough, who came back to his alma mater two years ago, to put Hardin-Simmons on the football map in the Southwest in a masterly way, will continue to keep it there in his third season as head coach.

In 1936, the Purple and Gold record of nine victories in 11 games, as the Cowhands scored 302 points to 41 for all opponents, earned Hardin-Simmons 37th rank in the nation, ahead of such schools as Army and Yale. On this showing, crowds at Cowboy stadium are expected to be larger this year.

**Star Possibilities**  
The team itself, in early workouts and scrimmages, looks strong, with a keen competition under way for positions, and two

## STANTON TO PLAY WOLVES FRIDAY

By the Associated Press

STANTON, Sept. 16—Probable starting lineup of Stanton high school football team for the first game of the year, a non-conference tilt with Colorado at the Colorado field, Friday night has been announced by Coach Bryan C. Henderson as follows: Co-Captain Eugene Graham, right end; Co-Captain Wilbur Parker, left end; Elmer Long, left tackle; Bill Bain, right tackle; Cecil Hay, right guard; Donley McKee, center; possible backfield, H. A. Hull, John F. Priddy, Howard Pinkston, Clint Eidsen.

Drilling on fundamentals of the game and on a few plays is occupying the Buff squad's time, with some 20 boys reporting for practice, Henderson said.

Added interest will be given to football and scholastic work this year by presentation of the Bryan trophy, a 27-inch trophy given by O. B. Bryan, Stanton merchant which will be awarded the football player who ranks highest on foot-

## Wrestling Card

Main event—Cyclone Mackay, Amarillo, vs. Tarzan Krause, Toledo, Ohio.

Semi-final—Tex. Watkins, Post vs. Gus Johnson, Seattle, Wash. Special event—Jack Hagen, Alexandria, La., vs. Otto Lowrig, Los Angeles, 7-0.

Starting backfield on the Coahoma team will probably be Ralph Marshall and James Hunter, half backs; Hershel Fowler, quarter, and Elyde Dunn, full back.

Ed Cherry, the powerhouse from Shamrock, and Burns McKinney, flashy tail back, and captain, from Wichita Falls, already are widely mentioned by Texas sports scribes, and national syndicates.

The Hardin-Simmons schedule, with the first two, and final pair of games in the home stadium, reads: Kentucky State, September 24; Ouachita college, October 1; Loyola university, at Los Angeles, October 8; West Texas State, at Canyon, October 15; East Texas State, at Commerce, October 29; Emporia, Kas., State Teachers, at Wichita Falls, November 5; Fresno State, at Fresno, Calif., November 11; November 19, Oklahoma City university here, and Howard Payne college, of Brownwood, at Abilene in the annual homecoming game, December 4, 1937.

Frank Stampf left this week for Austin, where he will be a student in the University of Texas.

## HELP 15 MILES OF KIDNEY TUBES

To Finish out Acids and Other Poisonous Waste  
Doctors say your kidneys contain 15 miles of tiny tubes or filters which help to purify the blood and keep you healthy. Most people pass about 3 pints a day or about 3 pounds of waste. Frequent or scanty passage with smearing and burning shows there may be something wrong with your kidneys or bladder.

An excess of acids or poisons in your blood, when due to functional kidney disorders, may be the beginning of nagging backache, rheumatic pains, lumbo, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes finish out poisonous waste from your blood. Get Doan's Pills.

**100th Anniversary Conference Held By Methodists**  
SAN AUGUSTINE, Sept. 16 (AP)—Methodist leaders gathered today at McMahon's Chapel, 10 miles east of here, to memorialize the 100th anniversary of the first quarterly conference in Texas and to re-enter the remains of Daniel Poe and his wife, early missionaries to Texas, who were buried in July, 1844. The program, presided over by the Rev. Robert Alexander, included addresses by Dr. C. C. Seelman, Dr. J. W. Mills and Dr. Ed J. Harris. Dr. J. A. Weeks of Dallas, chairman of the Methodist Centennial commission, was active in promoting the service. The bodies of the two missionaries, who died within 40 minutes of each other, originally were buried under the altar of the church at San Augustine, the first Methodist Episcopal church in the Republic of Texas. The remains were disinterred a week ago after a search under the direction of Rev. C. A. Tower, who headed a group whose purpose was to find the remains of the missionaries. The remains were buried in McMahon's Chapel. The Poes, natives of Ohio, came to Texas when the Ohio annual conference of 1842 asked for volunteers as missionaries. Mrs. Poe, before her marriage in the early 1830's, had gone to the northern shores of Lake Michigan to teach the Indians. At the Texas annual conference in San Augustine in December, 1842, Poe was assigned to the Lake Soda district. Lake Soda now is called Caddo lake. In 1843 he was assigned to the San Augustine circuit, and, in addition to his ministerial duties, he was a mathematics teacher in Wesleyan college here. He was stricken while he was preaching about six miles from San Augustine.

**Younger Children To Be Trained For Band Work**  
STANTON, Sept. 16 (AP)—"Saxette" band, almost unknown in this section of the country, is one of the projects planned by C. J. Zitelman in his work as bandmaster for the Stanton school this year. The "Saxette" band is an experiment in the musical work and has been designed to train young children for band work. Members are accepted from five to 10 years of age and Zitelman stated he expected 40 or 50 children to enroll in the novel organization. Thirty-seven children have definitely signed up for work in the regular school band, he said, and inquiries have been received from interested citizens. The band is open to community musicians as well as school children. The new bandmaster comes to Stanton from T'oulton, Texas, where he was in charge of bandwork for the past three years.

ON THE RECORD How To Torture Your Wife

By DOROTHY THOMPSON

BIRTHDAY OF THE CONSTITUTION Many constitutional questions have been raised in the last session of congress...

It is possible that such is the case. But neither congress nor the executive are warranted in acting upon an unproved assumption.

Do the people believe, for instance, that the supreme court has outlived its usefulness; that it is an incubator of progress...

Do the people believe that the historic and geographic states lines are antique and outmoded...

Do the people wish, under the guise of soil conservation or flood control, to extend unlimited control over agriculture and utilities?

Do the people wish the government to be confined in the economic field to regulation...

Every one of these questions each of which involves a constitutional issue, has been raised in connection with legislation during the two Roosevelt administrations.

It is not the intention of this column to try to answer the questions posed above on behalf of the American people...

All of the legal ways in which the constitution may be altered are to be found in Article V of that document.

The American political philosophy as expressed both in the constitution and in its most famous opponents forbids constitutional change by executive decree or legislative action.

My Dear: Not much news this week. Everything is going along all right at the house, but it's pretty lonesome. Pete and Jim drove out the other night with a couple of their gals...

Advertisement for 'DOUBLE WEDDING' by Philip Wylie, featuring a photo of a couple.

(Adaptation and arrangement—copyright by Metro-Goldwyn-Mayer Corp., 1937.) Irene gaped. She leaned out of the window in her hotel and stared at the courtyard below...

It was obvious—perfectly obvious—that they had driven up from New York. Sitting in the back seat together necking for three hundred miles!

Waldo was now highly delighted with himself. But, also, subconsciously, he realized with concern that Irene was searching for something she seemed unable to find.

That, at least, was the line which she had hastily conceived. She figured that it would practically destroy Waldo. For the rest of his life it would torment him.

Irene in her turn donned Waldo's expression. She struggled for words and finally said weakly, "What do you mean, all right?"

Waldo was just about at the end of his rope. He hadn't slept well in the car. Three hundred miles with Felice was no cinch and though he had not kissed her fifteen hundred times, Felice had kissed him often enough to make it seem like fifteen hundred.

It was not a long time after that Irene was dressed rapidly. It would never do to lose his quarry on his first case. He started down stairs. In the hall he encountered Irene. She was wearing a grey suit. She looked sore as a boll.

That was not all. He sat down in a leather chair behind a morning paper—as detectives were presumed to do. Mrs. Bly went out to ride. Felice went into her room. Waldo Beaver, Jr., walked into the lobby whistling merrily and swinging a tennis racket!

Then Margit came in talking cheerfully to Charlie. Keough told himself sternly that he must not faint. No matter what happens, a good operative keeps his nerve. But it was impossible! He had gone to sleep trailing two elopers, and now four more people were on the scene!

The party gets larger and merrier. And Keough is finding it difficult to keep track of them all. Don't miss tomorrow's rollicking installment in which Keough makes an important discovery. (TO BE CONTINUED)

Business Lull  
A Prelude To  
New Surge?

Economists Find U. S.  
Still In Advancing  
Phase Of Cycle

WASHINGTON, Sept. 16. (UP)—The United States still is in the "advancing phases" of the business cycle, despite a lull in industrial output, according to economists of the department of agriculture.

The bureau of agricultural economics said that for the remainder of this year, relatively little change in industrial activity is expected, but predicted that "sooner or later the upward movement will be continued."

In several very important industries output continues well in excess of new business, but backlogs of orders may be sufficient to keep them going with little more than the usual summer recess on until larger volume of new orders is received," the bureau said.

Consumer Demand Stable

Economists working under direction of A. G. Black, chief of the bureau, said consumer demand for farm products is expected to be relatively stable during the next few months.

"Since consumer incomes and the demand for farm products fluctuate at less than industrial activity, no reason is apparent at present to expect any major changes in domestic demand until 1938," the bureau said.

The bureau said the effects of large crops on business activity may be over-emphasized, "since the large crops mean increased business for transportation, processing and marketing agencies."

"Good crops this year," the bureau said, "will add somewhat to farm income, even though the larger quantities in most cases will be sold at lower prices. Advances may be expected this fall in some commodities, it was said."

Meat Prices to Rise

"Prospective strengthening of world markets," the bureau said, "may result in somewhat higher prices for wheat. Marketings of livestock for the remainder of the year will be small, with prices higher."

The economists attributed the "generally optimistic business outlook" to "excellent crop prospects, decreased labor threat, generally improved business sentiment, easy credit, the still large replacement needs arising from purchases deferred during the depression, improved world trade conditions and the general impetus of the recovery movement."

"Consideration of the situation prevailing in the several industries contributing most importantly to industrial production does not, however, point to much additional improvement during the remainder of this year, at least," the bureau said.

Eventually, the construction industry is counted upon to furnish the necessary stimulus for an additional cyclical upswing," it said. Recently, it added, building activity has been "rather disappointing."

Office Outgo  
Is Trimmed

Smaller Expense Account Shown By Co. Officials

Howard county's salaried officers trimmed their office expenses slightly in August, showing the second smallest expense account for the year.

The \$279.52 total is only slightly over the record low established in February.

At the same time, officers reported collections of \$1,247.32 in fees. The fees were earned in July and reported for August.

Included in the sheriff's expense account was \$123.40 for jail food and expense, about an average for the year.

By offices, expenses (other than for salaries) and reported fee collections: County judge, \$14.40 and \$18.50; county clerk, \$8.75 and \$12.75; county attorney, \$8.95 and \$29.60; district clerk, \$2.43 and \$26.05; tax collector-assessor, \$12.94 and \$247.67, and sheriff, \$220.95 and \$112.75.

**Snyder Rodeo This Weekend**

Parade Friday Afternoon To Open Two-Day Event

SNYDER, Sept. 16.—Cowhands and cowgirls are arriving for the first annual rodeo to be staged by the Scurry County Rodeo association. The two-fisted event will be held at well-shaded Wolf park, on the edge of town, Friday and Saturday of this week.

Backed financially and actively by leading Scurry and Borden county ranchers and cowhands, plus Snyder business men, the two afternoon and two night performances of the rodeo promise to attract one of the best line-ups of top ropers and riders that has been seen in action in West Texas shows this season. So says Joe York, veteran rodeo performer, who is ring director of the local show.

A parade will usher in the rodeo Friday afternoon at 1 o'clock. It will be led by Mayor H. G. Towle, J. Wright Moor, first white man to settle in Scurry county, and J. M. Stewart, veteran rancher, who is president of the rodeo association. Snyder school band, bedecked in new black and gold uniforms, will parade ahead of the cowhands, and will play later for all rodeo performances.

George Parks, secretary-treasurer, points out that money is in the bank for an even \$700 in prize money. Featured events are wild cow milking, bronco riding, calf roping, steer riding and wild mare roping. In addition, four leading cowhands of this area—Steve Parks and Raymond Berryhill vs. Joe York and Aubrey Stokes—are putting up a purse of \$100 in a special match roping.

Stock for the rodeo has been obtained from some of the best known outfits in Texas, says York. Cows and calves will come from Bill Lyons' herds at Petrolia. Red Lyons' horses at Byars, just back from top shows in Colorado state, will be used. Curley Daugherty's, steers, outstanding for their bucking qualities, are on their way to Snyder.

**Big Features On Program At Dallas**

Entertainment And Sport-Stressed At Exposition

DALLAS, Sept. 16.—With six weeks to go before the Texas and Pan-American exposition closes, the management has planned a fall festival, "45 days of fun, frolic and sports."

Stressing entertainments and sports, an elaborate program was launched Wednesday, when the fall festival was formally inaugurated.

Six week-ends of entertainments are carded for the fall festival, with an array of new amusements for week days.

Outstanding among the events planned are free personal appearances of Amos 'n' Andy on Saturday and Sunday, Sept. 18 and 19, and Arkansas' prime ambassador and radio and screen comedian, Bob Burns, on Saturday and Sunday, Sept. 25 and 26.

The appearance of radio's ace blackface pair, Amos 'n' Andy will be held in connection with the celebration of Food Industries Day, Sunday, Sept. 19. Saturday night's free appearance of the radio comedians is to be in the amphitheater at 8 o'clock, while the Sunday night's free show will begin at 8 o'clock in the Cotton Bowl.

A fall automobile show where 1938 models of all motor cars will be displayed is on the calendar of events. High school and college football games—18 of them—offer an unusual program. Outstanding among the games are Southern Methodist university vs. Centenary, Oct. 2; University of Texas vs. Oklahoma university, Oct. 9, and Southern Methodist university vs. Vanderbilt, Oct. 16.

**HELD UNDER BOND IN FATAL FIGHT**

WACO, Sept. 16 (AP)—R. F. Hammack, salesman, was under \$1,000 bond today in connection with the death of J. W. Brock, insurance man, last night.

Brock was knocked to the pavement in a flat fight and died in an ambulance en route to a hospital. Hammack told authorities he had been menaced with a screwdriver.

**ACCIDENTAL DEATH**

TERRELL, Sept. 16 (AP)—An inquest verdict of accidental death had been returned today by Justice of the Peace Frank King in the death of J. L. "Weetah" Eason, 20, whose body was found yesterday near a shotgun.

He had gone hunting Tuesday in a pasture of the estate hospital. King said the charge of birdshot that struck Eason in the heart apparently was fired as he crawled through a fence.

**Casa Manana Will Close Sept. 26th**

FORT WORTH, Sept. 16.—The spectacular Casa Manana Revue and the other attractions of the Fort Worth Frontier Fiesta will close after the last performance on Sunday night, Sept. 26.

Announcement that the Frontier Fiesta will run only until that time was made by James F. Pollock, general manager.

"The contract of Paul Whiteman and his orchestra expires on that date and engagements prevent the contract from being renewed," Pollock said. "Indications point also to an early autumn and rather than run on to the originally planned date of Oct. 16 with an inferior orchestra and in the face of chilly and rainy weather, it has been decided to close on Sept. 26."

"With the recent abolition of the 50-cent gate charge, the Frontier Fiesta has been drawing huge crowds and when the people of Texas and the southwest realize that so short a time remains in which to see the greatest show ever produced anywhere, the largest attendance of the entire season can be expected."

"The closing days will be gala ones; the grounds will swirl with color, crowds and special attractions. The Frontier Fiesta will end on a note of glory."

**LODGE ASSOCIATION IS ORGANIZED**

CORSICANA, Sept. 16 (AP)—The Odd Fellows-Rebeccah Home District association, composed of all branches of the order in Navarro, Ellis, Hill, Limestone and Freestone counties, was organized at a meeting held here last night. Officers elected were H. H. Lummus, Ennis, grand treasurer of the Texas grand lodge, I. O. O. F. president; J. I. Ellett, Corsicana, vice-president; Mrs. R. M. Whitten, Corsicana, secretary, and O. W. Milburn, Mexia, treasurer.

The first regular meeting of the association will be held at the I. O. O. F. home here Nov. 17.

**Plans Outlined For Cotton Festival At Abilene Fair**

ABILENE, Sept. 16.—Texas Cotton Festival program, to be held during the West Texas free fair, October 5 and 6, was outlined by committee members early this week when general information was mailed cities having announced decreases to participate in the festival.

Opening with the royal cotton parade, Oct. 5, the Texas Cotton Festival includes two days of unusual festivity, both private and official, presentation of the cotton piegant in the grandstand at the fair grounds the opening evening.

Coronation of the Texas cotton queen and King Cotton is to be staged in the grandstand on the second night of the festival, Oct. 6. The royal family will arrive late in the afternoon. Selection of the king and queen is not to be announced until coronation day.

Climaxing each night's events will be two grand balls for duchesses and their escorts. The Texas Cotton Festival ball is slated for the opening night, and the coronation ball will be held the following evening. Ned Bradley and his orchestra, featuring Joan Olsen, is to furnish the music.

Ed Carpenter, Jr., son of County Commissioner Ed J. Carpenter, is recovering from a serious illness.
