Tahoka School Opened Monday With an Enrollment of 305

The Tahoka School opened Monday, September 4th, with an enrollment of 305, the largest in its history.

Many people, learning of our good school, have moved to our town recently to take advantage of this opportunity.

Quite a number of the patrons escorted their children to school Monday morning, showing that they were interested in their education and welfare and in so doing encouraged the teachers.

We give the honorable board of trustees credit for selecting the teachers they have employed and feel assured with the co-operation of the patrons through the entire term that our school will experience the best session ever held heretofore.

The high school department is especially crowded, which proves that the people realize the standing of our school. Tahoka school has thirteen credits toward affiliation to begin the term with and are assured that more than the required amount will be added during the year to reach the standard, which is fifteen credits, enabling those who graduate this year to enter the university or college without any further examination.

Our teachers for the ensuing term are as follows:

Prof. H. P. Caveness, Superintendent.
M. B. Hood, Principle.
Allen Mote, Spanish.
Mrs. Hansford Tunnell, English.
Miss Faye Gooch, Sixth grade.
Miss Birdie Donk, Fifth grade.
Mrs. H. P. Caveness, Fourth grade.
Miss Helen Brashear, Third grade.
Miss Thelma Hickerson, Second grade.
Mrs. L. F. Craft, Primary.
Miss Nell Harris, of Denton, Domestic Science.
Miss Lola Donaldson, Music.

Miss Evelyn McKinney, of Lubbock spent the week end with Miss Ida Small.

Mr. and Mrs. J. L. Harris, and Mrs. Clifford Thomas visited with relatives in Hereford the past week. Clifford Thomas joined them at that place Monday.

TAHOKA PARENT-TEACHER ASS'N. SOCIAL MEETING

Members of the Tahoka Parents-Teachers' Association of the High School District, enjoyed a social meeting Monday afternoon at the school building.

In the short business session a motion was made and carried to change the time of meeting from Friday afternoon to Monday afternoon.

A committee was appointed to confer with the board of trustees in regard to painting the tables and benches in the lunch room, and we are very glad to report that the painters are at present engaged in the work.

Refreshments of ice cream and angel food was served to the following:
Prof. and Mrs. H. P. Caveness, Prof. and Mrs. M. B. Hood, Allen Mote, Misses Faye Gooch, Helen Brashear, Thelma Hickerson, Nell Harris, Birdie Donk, Lola Donaldson, Mesdames Craft, Tunnell, Singleton Sanford, Townes, W. C. Carroll Maze, of Abilene, is the guest of his friend, Karl King, in Tahoka this week. Mr. Maze is quite an accomplished musician and a member of the Abilene band.

CAPT. LYNN, "THE BABY MAN" VISITS TAHOKA

Capt. J. T. Lynn, of Fort Worth, founder of the Lynn Orphan Work, known as the "Baby Man" of Texas, spent Friday and Saturday in Tahoka in the interest of this work. Capt. Lynn has been in the service for more than ten years. He was a welcome visitor at the News office and stated that it was his first visit to Lynn county, although the county bore the same name that he carried. He stated that he was known over Texas and adjoining states as the man with the baby and the basket. Often taking charge of babies from 2 to 5 days old, carrying them hundreds of

miles to where they are adopted and personally caring for them at hotels, doing their feeding and washing. Our work is non-sectarian Christian work and without a charge for service. We take any healthy child of healthy parentage at any age. I or my wife will go anywhere after babies that must be placed in homes. Christians desiring to adopt a baby apply with a letter of reference from your pastor or other good reference stating you are financially able to give a child a chance in life. Address the Lynn Orphan Work, Box 185, Fort Worth, Texas.

While in Tahoka Capt. Lynn stopped at the St. Clair Hotel.

O'Donnell Fair Draws Large Crowd

Last Saturday was a red letter day for the enterprising citizens of O'Donnell and surrounding communities. A representative of the News was in attendance, and early in the morning you could see automobiles, jitney's, wagons, buggies and "horse-backers" coming in from almost every direction. The prosperous farmers brought in samples of corn, cotton, Maize, kaffir, watermelons, and many other varieties of products too numerous to mention. They even surprised themselves, for on every side you could hear the expression: "Well, I did not know we could raise so much or such a variety in a dry year like this has been."

With only a few days notice, the ladies also prepared their exhibit of fancy work and canning, which could not be excelled the whole country over.

Several brought their livestock and poultry as the premium list which follows, will show. One good lady who has a flock of fancy white Wyandottes, stated that she would have brought a pen of her fowls to the fair, but she tried to dress them and gave them a bath and the consequence was they were not presentable.

A great deal of merriment was furnished by a ballot box, where every one had the privilege of voting for the prettiest girl and the ugliest man in O'Donnell. Miss Hattie Wyatt and Mr. Weems won these prizes.

Bronco riding, base ball and other sports furnished the amusement for the day.

It was generally agreed by the citizens to devote more time and put forth more effort toward the success of the fair next year.

DEAN HAYS BRINGS IN SECOND BALE COTTON

Dean Hays, residing in the southwest portion of Lynn county, brought in the second bale of cotton for the 1922 season, last Thursday, and was ginned by the West Texas Gin Co. The bale was sold to Paul Miller for 21c pound.

E. L. HOWARD RECEIVES RADIO MESSAGES HERE

E. L. Howard, proprietor of the Star Theatre, who recently installed a radio receiving station, was successful in catching reports out of Kansas City and Dallas Tuesday night. He stated that the messages were clear and distinct. The report from Dallas was sent out by the police department describing stolen cars, and a musical concert in Kansas City.

NEW SCHOOL BUILDING BEING ERECTED AT REDWINE

Work was begun on the new school building at Redwine Monday of this week, according to information received at this office from citizens of that community. The building will be erected of interlocking tile and will contain three large and commodious rooms. The interior of the building will be equipped with the very latest school supplies, making it one of the most modern rural school buildings in western Texas. The citizens of this community are indeed to be congratulated for their progressiveness along this line.

DISTRICT COURT IN SESSION THIS WEEK

The fall term of District Court convened in Tahoka Monday morning, with District Judge W. R. Spencer, of Lubbock, presiding. There being only one contested case during the week, it was exceedingly quiet during this term. As stated by Judge Spencer Tuesday morning, "You people are too good in Lynn county" therefore not much court this term.

The grand jury, which convened Monday, was still in session Thursday morning. Following is a list of that body as furnished by the clerk of the District court:

GRAND JURY
C. J. Campbell.
J. D. Crawford.
G. W. Hickerson.
C. B. Gregg.
C. A. Coleman.
H. W. Callaway.
S. L. Smith.
L. B. Nevels.
J. F. Standefer.
J. E. Stokes.
W. R. Bartley.
J. A. Brashear.

REBECCA LODGE ORGANIZED IN TAHOKA

On last Tuesday night at a meeting of the Odd Fellows a Rebecca Lodge was organized with eighteen members, and many more will join later. There were several visitors, both men and women here from Slaton, among them being district deputy, Lon Hoffman of the I. O. O. F. order and Mrs. W. Donald, organizer of the Rebecca order.

After a brief business session of the local Odd Fellows, the members repaired to the City tabernacle, where refreshments of ice cream, cake and bananas was served to about one hundred persons.

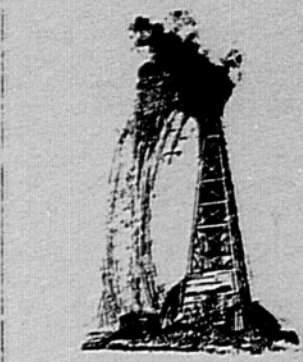

Before partaking of the good eats, district deputy, Lon Marra, of Slaton, delivered an address on the subject of Odd Fellowship, after which Mrs. W. Donald made a talk pertaining to the Rebecca order.

GARZA COUNTY COMMISSIONERS VISIT TAHOKA

Today the County Commissioners accompanied by several of our business men, are on a tour of inspection of court houses and jails.

They will visit Lubbock, Lamesa, Tahoka, Clarimont and several other county seat towns and look through the court houses so that Garza county will know just what she wants and if these towns that already have the court houses made little mistakes, we'll know how to avoid them.

Work on the court house will begin soon.—Post City Post.

J. B. Nance, promoter of the Tahoka Oil and Gas Company, returned Monday evening from Fort Worth. He was accompanied here by Messrs. R. C. Showalter, of the American Bank and Trust Co., Fort Worth, and Parker Haight, of the same city.

In conversation with these gentlemen they stated that they would be ready to drill for oil in this county just as soon as their drilling material could be loaded on the cars and shipped to this point. Of course no definite time could be set owing to the railroad strike now on over the United States, but it is an assured fact that a well will be drilled here.

J. B. Nance has worked long and hard to get a well drilled in Lynn county and at last his efforts are about to be fulfilled, which will be joyful news to many people in this immediate section of the South Plains.

The News will endeavor to keep its readers informed as to oil developments in Lynn County from week to Tahoka Tuesday.

LABOR DAY OBSERVED BY BANKS AND POST OFFICE

Labor Day, was observed in Tahoka Monday, September 4th, by the banking institutions and the postoffice employees. Other business houses remained open as usual. Many of our citizens attended Labor Day celebrations elsewhere, and some visited Two Draw Lake at Post on an outing.

BAPTISTS IN ANNUAL SESSION AT O'DONNELL

The annual session of the Brownfield Baptist Association is in session at the First Baptist Church in O'Donnell, beginning Wednesday night, September 6th, and continuing thru till Friday. Not only the Baptist of O'Donnell, but all denominations are helping to entertain the delegates. We know all of O'Donnell gave them a hearty welcome.

Mr. and Mrs. Alvis O. Thomas, who conducted a ten days singing school in Tahoka, left Sunday for Brownfield where they will be engaged in the same work. Both Mr. and Mrs. Thomas are accomplished musicians, and their work in Tahoka was duly appreciated.

When you keep money in your house, you are inviting trouble. It is a burglar's business to know, and they find out the homes where money is hidden, and they come and get it. Even if burglars do not get your money, you may lose it or fire may burn it—and all the time it keeps you anxious and nervous. Come in and deposit your money in our BANK. It will be SAFE and you will be free from worry.

We will welcome you.

WANTED—A COUNTY FAIR

Most every day the News receives calls from the farmers of Lynn county asking that the business men of Tahoka, including bankers, merchants, doctors, lawyers, real estate dealers, coal and grain dealers, lumber dealers, tailors, barbers, hotel keepers, garage men, insurance agents, dentists, electricians, butchers, druggist, newspapers, cobblers, cafe proprietors, county and city officials to help them in arranging for a county fair this fall. Let's wake up, good citizens of Tahoka and get busy. All the adjoining counties are having their fairs, and had you ever stopped to think that a good portion of their exhibits is grown in Lynn county. Why not Lynn county get credit for what she raises? Let this be the last call. We should by all means hold the fair in Lynn county this year.

The News is ready to put out any amount of free publicity.

About nine times out of ten the fellow who says that the home paper doesn't amount to anything and does not believe what it says, borrows the paper he does read from his neighbor.

Don't let George do it all of the time. George is willing to do his dead level best toward making Canyon a better town, but George needs the co-operation of Tom, Dick, Harry and the rest of the gang. Come on, fellows, let's help George a little. Canyon News.

Be loyal to your home town.

The Post City Post is certainly well patronized. That paper has more display advertisements and puts out less reading matter than any paper in the Panhandle of Texas, while the Higgins News, probably puts out more good reading matter and gets less advertising than most any other paper in the Panhandle. Some towns do not show their appreciation of a good newspaper when they have one. Their idea is "get all you can and can all you get."—Claude News.

The News can offer some explanation for the Post City Post for we have it from Editor Warren himself that the Post force goes on duty at 8 o'clock in the morning and "takes out" promptly at 4 p. m.—(Banking hours.) This cannot be said among a great many country newspapers, for most of them labor from fourteen to sixteen hours and then do not catch up. Warren and his force are an exception. We believe the Higgins News editor burns the midnight oil writing those editorials he produces weekly. All weekly newspapers cannot be perfect. We can find fault with most of any of them.—The Lynn County News included.

We knew a business man? once upon a time that lived in a town where all the other business men were live advertisers. We tried hard to get him to use a little printer's ink in his business, but there was nothing doing. He claimed was no use for him to advertise as all the others did and as he caught the overflow of business and what was the use of him paying out his money for publicity. In other words he was satisfied to catch what the other folks worked and paid for. He was just a fly trap as it were catching the foolish that drifted his way. Reaping where he had not sown, gathering in the benefits of his neighbors labors. He had few friends and few neighbors. One day the sheriff took possession of his business and the printer was called upon to advertise him under the head of SHERIFFS SALE. Eventually they all advertise but with some it comes too late. No tears were shed at his going and no flowers were strewn on his business grave.—Exchange.

Lynn county needs more of her tillable land in cultivation, and just as

long as the greater portion of her lands remain uncultivated, we can have little hopes of making the proper showing in the advancement of Western Texas. It is estimated that there is room for fifty farms where there is now only one.

If the local scandal mongers would inspect their own closets, probably they have a tendency to put a stop to so much lip service. But some people, you know, must have somebody's character on the grid-iron all the time, or else life with them would be a failure. If they can just get out and hatch up a few smutty stories to tell on somebody who is attending to their own business, they are happy. Malicious meddlers and obnoxious prevaricators are a detriment to any community. If you cannot say something good about everybody, for heaven's sake keep your old bazoo closed.—West News.

Tourist travel continues to be heavy over the two highways running through to Tahoka, judging from the many tourists that pass the night at the free camp grounds. Many are enroute to and from points in Colorado, California and New Mexico.

Hotels, restaurants, bakeries, garages and filling stations have enjoyed a nice business from the tourists during the summer, and Tahoka's comfortable and modern free camp grounds has been largely responsible for this trade.

Tourists as a rule are highly pleased with the accommodations received here and have been free to express their gratitude.

Tourists form an opinion of a town by the way they are treated in a town. A good camping place is a necessity both to the camper and to the town. No town should go on in the old time way letting tourists look after themselves and not seeming to care whether folks stop or do not stop. A town that has the common good at heart will see that those within their gates are given courteous treatment and a clean place to camp, with water, at least, and other conveniences that may be deemed necessary.—Higgins News.

This is one thing that Tahoka can boast of, for she not only furnishes the weary traveler with water, but also two separate shower bath houses, besides lights, shelter, tables and numerous other conveniences. Come via Tahoka if you want a real up-to-date camping place, and its free as the air.

No Action Taken on Ku Klux Klan.

San Antonio, Texas, Sept. 6.—By a decisive vote of 691 to 135 the Texas Democratic state convention late today rejected a minority report condemning the Ku Klux Klan.

An attempt to present resolutions to the convention from the floor opposing the Klan in milder language than the minority report was unsuccessful and immediately following the rejection of the Klan report the majority report was adopted and the convention adjourned.

The report adopted contained no statement of the Klan. The only thing similar to it was that it advocated freedom of speech, religion, a separation of church and state.

The discussion of the merits of the Lynn and Lubbock county roads between the editor of the Lubbock Avalanche and the Mayor of Slaton has become quite interesting, and may be the turning point in road construction in Lubbock county, if it happens to arouse the curiosity of the people to ask who is to blame for poor roads and to find the remedy. In the meantime the Commissioners Court of Lynn county has challenged any and all the neighboring counties to produce as good roads as they have at as low cost as theirs. We only wish that something would arouse the people of this county to the importance of good roads.—Terry County Herald.

The News will state that the challenge put out by the Lynn county commissioners has never been called by anyone in this section of western Texas. We have the roads, there is no doubt about the matter, but its a hard proposition to get anywhere after you cross the line. A certain Lynn county citizen recently made an overland trip to Cloudercroft, N. M., and stated upon his return that Terry county roads were in the worse shape of any he passed over. A gentleman from Lubbock was in Tahoka Monday and inquired of the News man if there was any other way to return to his home town except over the main highway extending ten miles south out of Lubbock to the Lynn county line. He stated that he carried no accident insurance and did not care to travel this route in Lubbock county again. Still the Mayor of Slaton states that this road in Lubbock county is a good road, but he just don't know. Good roads are an asset to any county, and Lynn county maintains the lead for first class highways in all this country. Our brother editors on every side are bound to admit this fact. Locate in LYNN, where you can travel in safety.

News want ads get results.

Sales totals of the great mail order houses show an enormous increase, particularly in strictly farming sections.

This is not pleasant news for retail stores in our average small towns, but it is what they may expect. There is only one way in which the insidious mail order campaigns can be combatted and that is by local merchants frankly explaining their merchandising possibilities to the people through advertising.

It is a well known fact that the big mail order concerns maintain departments of considerable magnitude to check up the towns where the local merchants appear to lack enterprise. There they concentrate their batteries of advertising and catalogue distribution.

The mail order house never prospers in a town where the merchants advertise consistently, because the mail order men know they cannot compete with the local store if the merchant understands his business.

The cheapness with which the big mail order men can buy is more than offset by the low overhead the local merchant can get along with.

To hold his own, however, the local merchant must not hide his light under a bushel.

The public needs educating to a knowledge that they can buy at home as cheaply; that they can actually see what they are buying before they pay for it, and they do not have to wait sometimes weeks for the delivery of the article they want.

The National Cloak and Suit Co. reports a heavy increase in its business, all in the country, though it is doubtful if this great concern carries anything like the line of up-to-date garments worn by the average man of the country.

When the merchants get ready to talk plainly to the people they will have nothing to fear from the mail order man, but if they remain silent, then the outsider will surely burrow his way into their profits.

Self-satisfaction has spelled many a bankruptcy.—Clipped.

Mayor J. R. Singleton and Alderman I. S. Doak, returned Saturday from Fort Worth and Dallas, where they attended to business matters for the city.

Mrs. Joe Hickerson and children left Tuesday for Graham, where Mr. Hickerson has been for several months past.

Dr. L. D. Stephens, dentist of O'Donnell, was a business caller in Tahoka yesterday. While in town he had his card placed in the professional column of the News.

Prof. Dyess, of the Berry Flat community was an appreciated caller at the News office Saturday and left the wherewith for a years subscription to the Lynn County Weekly. Prof. Dyess will have charge of the Berry Flat school during the next term. This community is located just over the line in Dawson county.

IS YOUR HEALTH GRADUALLY SLIPPING?

Interesting Experience of a Texas Lady Who Declares That if More Women Knew About Cardui They Would Be Spared Much Sickness and Worry.

Navasota, Texas.—Mrs. W. M. Peden, of this place, relates the following interesting account of how she recovered her strength, having realized that she was actually losing her health:

"Health is the greatest thing in the world, and when you feel that gradually slipping away from you, you certainly sit up and take notice. That is what I did some time ago when I found myself in a very nervous, run-down condition of health. I was so tired and felt so lifeless I could hardly go at all.

"I was just no account for work. I would get a bucket of water and would feel so weak I would have to set it down before I felt like I could lift it to the shelf. In this condition, of course, to do even my housework was a task almost impossible to accomplish.

"I was so nervous and easily upset.

I couldn't rest well at night and was just lifeless.

"I heard of Cardui and after reading I decided I had some female trouble that was pulling me down. I sent for Cardui and began it.

"In a very short while after I began the Cardui Home Treatment I saw an improvement and it wasn't long until I was all right—good appetite, splendid rest, and much stronger so that I easily did my house work.

"Later I took a bottle of Cardui as a tonic. I can recommend Cardui and gladly do so, for if more women knew, it would save a great deal of worry and sickness."

The enthusiastic praise of thousands of other women who have found Cardui helpful should convince you that it is worth trying. All druggists sell it.

Priest Whipped at Ballinger

Eight hundred unmasked men seized Father Josef Meiser, priest of Olfen parish, ten miles south of Ballinger, Sunday night and gave him a severe flogging. Members of the gang informed him that the flogging was done because of his stand against the public schools and the teaching of the German language, also his record where he formerly lived. The affair was similar to the whipping given a priest at Slaton several months ago.

LYNN ITEMS

The writer has been away for awhile, thus no news from Lynn.

At last the election is over and the officers have been drawn down to one in a hill. We hope we have good officers and all shake hands and be friends again.

The Methodist closed their revival here with some good to the church and community. The Baptists had their regular meeting Saturday night and Sunday. Rev. Thurman Bailey filled Bro. Brunson's place Saturday night. Sunday was the regular time to call a pastor and Rev. Brunson was called.

Mr. Zeke Bartley was married while we were away from home. Zeke, be sure you keep plenty to eat and lots of water on the table, and don't have any cross words with your wife and you will always have a happy home.

Messrs. J. I. Bartley, Claude Miles, and W. P. Bussell were appointed as delegates to the Baptist association at O'Donnell to convene this week.

Ernest Patterson is doing his best to learn us old hard heads how to sing but Shorty Bartley says he will never do it.

C. D. Dameron and family made a flying trip to Slaton this week, as it was Labor day.

Thurman Bailey and wife began their school at Gordon this week.

Mr. Davis went back to his old home at Whitewright the past week, and died while there. We will greatly miss Mr. Davis.

Say, Mr. Editor! "How would you like to have a rain about now? Can't you tell us when it will rain?"

The Nezerenes are having a revival at their new church at this writing.

We hear it talked there are many men hunting places for another year. We have the best country in the world. We don't blame them for hunting the best.

TEACHERS INSTITUTE OPENS AT CANYON SEPTEMBER 4

Canyon, Texas, August 28.—Prof. H. W. Morelock, conductor of the Consolidated Teachers' Institute, announces that the Institute will begin at the West Texas State Normal College on Monday, September 4, and continue through Friday, September 8. This convention will be attended by the teachers of twenty-one counties in the Panhandle, and will be the largest institute in point of attendance in this section of the state.

The best possible program and one that is more complete than any that has ever been planned for a previous institute has been arranged, and everything will be done to make it the very best institute in Texas.

The teachers will be paid their regular salaries while in attendance at the institute. The Attorney General of the State has ruled that all teachers must attend an institute, and Miss Annie Webb Blanton, State Superintendent of Public Instruction, has ruled that they must be paid for such attendance.

The West Texas Teachers' Association has secured reduced rates for all teachers who attend this institute. Those who expect to secure reduced railroad fares should ask their local railroad ticket agent for a receipt when they buy tickets, and these receipts when countersigned by the Secretary of the West Texas State Normal College and presented to the ticket agent at Canyon, will secure a reduction of one-half on the fare for the return trip.

Judging from the interest that is being manifested and from the program that has been planned, this will be the best institute that has ever been held at the West Texas State Normal College.

NOT ON GRAND JURY

There was a certain man in Wisconsin who went to a revival meeting and was pressed to repent. He wavered for a time and finally arose and said: "Friends, I want to repent and tell how bad I have been, but I don't do it when the grand jury is in session."

"The Lord will forgive," the evangelist shouted.
"Probably he will," answered the sinner; but he ain't on that grand jury."—Stolen.

It Costs You Money

Every day you delay placing your goods before the public is costing you money.

True, everyone may know you are in business--know where your store is. but they do not have the time to run to your store to find out about the new things you are showing, about the special bargains you are offering and the hundred and one other things that make your store an interesting place to visit.

Many people may be going past your store every day to buy something you could sell them at a lower price than they are paying--and why? The other fellow invited them to buy--that's all. You did not.

ELDER W. A. KERCHEVILLE, WILL LOCATE IN TAHOKA

The members of the church of Christ, of Lynn County, had rally in Tahoka last Sunday to plan the work of the church over Lynn county during the coming year. There was a large representation from different parts of the county. An immediate result of the gathering was the securing of evangelist W. A. Kercheville, of Coleman, Texas, as their minister,

to devote his entire time in this territory. He will move his family here in a few days. Bro. Kircheville comes highly recommended as a christian gentleman and an able minister. The church in Tahoka is looking forward to a great year of service in the cause of Christ, and ask the cooperation of all God's children.

Pool Room Graduates

The game of pool is no more to be condemned than golf or tennis, except that it is played where sunlight is at a premium. Unfortunately, however, pool is played very often by the least desirable element in a town. Idle young men flock around the tables.

The Sunday school and church have scant popularity there. Too many of the gang don't want the church to interfere with their plans for "pleasure."

But let the young men of this and every other town remember that where the church is scorned, there danger exists. The bulk of the world's leaders are churchmen. Take the path that leads to church and Sunday school. It's safest and surest.

Advertising

Here is a convincing proof that the local merchants who do live advertising thereby protect their field against inroads from the big, mail order houses. Herman Rosenfeld, advertising manager for Sears, Roebuck & Co., is quoted in the current number of the Fourth Estate as follows:

"We have a bureau whose duty it is to read each week the country newspaper from all over the country. There is not a paper of any consequence in our trade territory that our bureau does not get. This bureau looks over these papers and when we find a town where the merchants are not advertising in the local papers we immediately flood the territory with our literature. It always brings results far in excess of the same effort put forth in territory where the local merchants are using the local papers."

CHANGES IN MOTOR CAR INDUSTRY SIGNIFICANT

"Estimated production of automobiles for 1922 is 1,800,000 cars. That does not indicate that the automobile industry is in such a terrible way," says The Anchor Filling Station, local Federal Tire dealer.

More than that we believe that production will not only be realized, but justified. Because the automobile is fundamental today in American life. It has come to stay.

Human nature is just the same today as it was in 1918 or 1920. Every man, woman and child in America would like to own an automobile. All the situation needs is a resumption of industry, which is coming slowly but surely and the removal of suspicion of present prices and values.

Once satisfied that prices have reached their level there will be a flood of buying that will start the smoke flags of industry waving, and to many a feeling of confidence, even of advantage in present prices, is becoming apparent.

RAILROAD STRIKE MAY COME TO END SOON

Chicago, Ill., Sept. 6.—Seven representatives of the striking Federated Shop Crafts were declared by John Scott, secretary of the railway employes department of the American Federation of Labor, to be in Baltimore today for a conference with railroad executives on a proposition to end the strike.

Mr. Scott intimated that a proposal on which it was hoped the strike could be halted, had been prepared but he would not outline it. The conference he said, was to have been secret. Should the meeting produce a favorable result, Scott said the policy committee of ninety union representatives would be summoned to meet in Chicago.

ONE KILLED EVERY SIX MINUTES DURING 1920

Detroit, Mich., Aug. 31.—Careless America's total of accidental deaths during 1920 was 76,000, a life every six minutes, according to a report of the National Safety Council at the Eleventh Annual Safety Congress here today.

Automobile accidents were held responsible largely for the unfavorable experience of 1920. In that year there were 1200 more deaths from that cause than in 1919. Thirty deaths a day, a total of 11,000, was the record of automobile fatalities in 1920. Reports now available indicate an increase in 1921. General traffic accidents in 1921 are expected to show a 5 per cent decrease the report stated.

People died from falling accidents of all kinds at the rate of 34 a day in 1920. Burns claimed 22 a day, a total for the year of 8,088, and an increase of 215 over 1919. Other major causes of accidental deaths were: Railroad accidents 7,769, drowning 6,066, gas 3,618, firearms 2,767, mine accidents 2,660, machinery 2,660, street cars 2,128, other vehicles 2,022, conflagrations 1,227. Deaths from poisons, crushing, sharp instruments, heat cold injuries by animals, lightning and electricity were among the general causes.

One of the largest crowds of the season attended the famous picture—"Flashes of Action" given under the auspices of the Marion Bradley Post of the American Legion at the Star Theatre, Saturday afternoon and night and again Monday night. The picture was pronounced to be as near real as possible as it was taken by war photographers during the world war. It brought back many memories to the soldier boys and was indeed interesting to those who had not been across the briny deep. The legion realized a handsome sum from the sale of tickets.

Dr. A. B. Atwood, president of Wayland College at Plainview, was a visitor in town a short while yesterday. Dr. Atwood was enroute to O'Donnell to attend the Brownfield Baptist Association.

PHEBE K. WARNER CLUB ENTERTAINED THURSDAY

Another fifth Thursday appeared on the calendar of the Phebe K. Warner Club and the members will long remember the event with pleasant thoughts. Eight of the members whose names begin with the unfortunate letters of S, T or W, were responsible for the afternoon's entertainment, and what one could not think of the others did for the amusement and enjoyment of the guests.

Studying Children's Literature as we are, most of the stunts were along those lines. First, we were asked to display our talent as an artist, and it was impossible to guess some of the attempts. Next we were asked to prove our possibilities as poets. Well, it was even more difficult to detect the talent in this channel. But when it came to spelling, we could not be excelled. And "dramatizing," we feel, should have been our calling. Special mention should be made of Mrs. J. B. Walker in this particular line.

Iced watermelon was served to Mesdames Swan, E. N. Weathers, Riley, Craft, Miller, Hood, Haynes, Robinson, Rogers, Elliott, Sanford, J. B. Stokes, Gladys Stokes, Slaton, Tunnell, Townes, Walker, Larkin Weathers, G. M. Stewart and Lam.

O'DONNELL NEWS

L. M. Williams and family returned on Tuesday of this week from an extended visit with relatives in the Panhandle and Oklahoma. Mr. Williams reports crop conditions in Lynn county as being better than in any section he visited.

A. J. Warren is erecting a modern residence. Mr. Warren is one of Lynn county's oldest settlers and has demonstrated his ability as a farmer in West Texas, having come to the county with nothing, he now has a highly improved section of land, several business houses. His faith in the South Plains remains unshaken.

W. D. Nevels and A. L. Lockwood bankers of Tahoka, were business visitors in O'Donnell Tuesday.

Ben T. Brown, local banker, made a business trip to Lamesa Tuesday afternoon.

The Nezerene meeting closed Monday night. Large number of conversions reported and church will likely be organized here in the near future.

Hotel O'Donnell, under present management of the Everetts, is reported "filled to capacity."
