

The Big Spring Herald

XVIII. NO. 30

BIG SPRING, TEXAS, FRIDAY, APRIL 14, 1922

BY JORDAN & HAYDEN

NEW TESTS FOR MITCHELL COUNTY

Ranch Drilling Ass'n to Spud Two More Wells—Work on McCarty Well Resumed

Coming of the big rains and the water for drilling purposes to cause drilling operations in this section to be given impetus.

The Mitchell County field is to be the greatest activity just at and six new tests are assured. Morrison well No. 2 has convinced fraternity that a real oil field is making. The derrick for No. 2, an offset well of Morrison, which was demolished by a last week has been rebuilt and rushing preparations to spud in

is being moved to the Biley north of the discovery well. Work Elph Morrison No. 1 west of No. 2 is progressing steadily. It has been delaying progress well No. 1, six miles west of Conaway No. 1, south of No. 2, is drilling at \$150. Another for a test well has been made Westbrook and Iatan.

No. 1, near Iatan, is being out and drilling on Foster No. 2 resumed shortly as a plentiful of water has been secured. Number of the big companies are to pick up most of the leases offered at a low price.

Tests for Sterling County.

Enders of Boston, president of the Ranch Drilling Association, P. Cushing, field manager, were yesterday from the Cushing ranch. He they have been having some work with Enders-Cushing well they are hopeful of overcoming any trouble, which is a flash and then be in a position to a real oil well. The drill was when the drill was lost the outlook for this test is favorable.

Cushing and Enders were secure a new line to handle the job and they are going to stay night and day until the hole

meantime they are going forth the plans to spud in Sparkwell No. 1 and McIntyre well No. 1. Drilling on these tests should be within the next three weeks. All are complete. Good water have been secured and boilers, tools and casing have been purchased and are expected to be received now. Drillers have been employed all is set for starting work

holdings of the Cushing Ranch Association are given the O. K. by all men who have visited this and these tests will be watched

Weather Starts McCarty Well

McCartney, trustee for the Co-Lease and Development Company backing up his assertion that going to have drilling restarted McCarty well on the Douillard ranch, as work on this well underway.

Monday the boiler was steamed and the machinery tested out. On the tools were lowered into an effort to recover the well just before work on this well

thought that the fishing job can be done within a few days and drilling below 1600 feet will be forward steadily.

Texas folks admire a fighter whether in his effort to have well deepened to "pay dirt" mainly shows that he has real faith in this test.

Read Loses Registered Bulls

Read suffered a very heavy loss when fifteen of his registered bulls out of his number of seventeen died as a result of eating young cockle burr plants. These plants began to appear in the rains, and hungry for it is thought the livestock died with the result noted. The bulls died the same night.

Bulls were valued at \$200 each and is a heavy one indeed. Cattle losses have been reported country and it is supposed that young cockle burr plants are a

In addition to the Southern railway shops at El Paso has been completed. This addition will nearly double their present

Helton-Leeper

At the home of the bride's parents, Mr. and Mrs. H. W. Leeper at 7:45 o'clock Wednesday evening April 12th, was solemnized the marriage of Thomas E. Helton and Miss Thelma Leeper, two of our most popular young people.

The young folks stole a march on their many friends, as only members of the family and one or two intimate friends were present when they were made man and wife.

Immediately after the ceremony they left on the evening train for a visit in Dallas and New Orleans.

The bride was born and reared in this city, and is known and loved by young and old. She is a young lady possessing those charming qualities which cause her to be a favorite with all who know her, and she will make a true helpmeet to the man she has honored with her heart and hand.

The groom is one of our dependable young men, a man of sterling worth and one who enjoys the confidence and esteem of our entire citizenship.

We join a host of friends in extending to this popular couple best wishes for a heaping measure of happiness and prosperity.

Civic Improvements Order

The City Council at their regular meeting Tuesday night plainly let it be known they were in favor of civic improvement and gave sidewalk building a boost; also ordered additional street lighting.

They ordered that concrete sidewalks be constructed from their present terminus on Rumpels street, southward to the High School building.

At the request of property owners on Third street they ordered concrete sidewalks constructed along both sides of East Third street from Rumpels street to Owens a distance of six blocks. On West Third street they ordered sidewalks constructed from Scurry street to Bell street, a distance of three blocks.

They ordered street lights placed along Third street. They also ordered three additional street lights on Rumpels street, leading up to the High School building as well as one light on Main street where the road leads to the High School building.

Our folks are indeed pleased to note the ordering of these improvements.

Buy Three Cars of Ogs

Frost and Bailey of O'Donnell have been here the past week buying hogs from our farmers for shipment to California and other points. They secured two hundred and thirty-nine head. They shipped these hogs Wednesday, one carload to Fort Worth and two carloads to California.

Messrs Frost and Bailey have been buying hogs for a number of years all over the country and state they have never seen finer specimens of the hog family than those secured from Sam Little and D. B. Cox. They report all hogs purchased in the county were good but the Little and Cox hogs were exceptionally fine.

Big W. O. W. Circle Meeting

A big meeting is being planned by the members of the Big Spring W. O. W. Circle for Tuesday night April 18th, at which time two officers of the lodge will be their guests. Visitors from Midland and Stanton will also be in attendance.

Mrs. H. A. Thomas of Fort Worth, stage manager of the W. O. W. Circle and Mrs. T. Goldstickler district deputy will be here for next Tuesday's meeting. The big meeting will open at the W. O. W. Hall at 7:30 o'clock next Tuesday evening and every member and visitor in Big Spring is urged to be present.

Union Store to Reopen

The Big Spring Cooperative Store which was closed when the parent association, the Pacific Cooperative League of San Francisco was forced into bankruptcy, has been reorganized and will be reopened under the name of the Howard County Union Store and will be owned and operated by Howard County folks.

All stockholders are called to meet at the store Thursday night April 20th to discuss plans for the future with the board of directors.

They Get Them Elsewhere

W. S. Clough returned Monday from a business trip to Plainview. He states that we sometimes complain of the little dust showers we have here but he states you should have been at Plainview last Sunday when they had a real sand storm. He said we were so in the habit of kicking at our home town that we seemed to forget that other sections had as many or more disagreeable features than Big Spring has.

METHODIST REVIVAL IN BIG SPRING

To Begin Sunday April 16th at Methodist Church in This City. Everybody Invited

The revival will begin at the Methodist Church in this city next Sunday, Easter Sunday.

Rev. Ben Hardy, pastor, will do the preaching. Rev. C. E. Jameson, pastor of the Methodist Church of Snyder will be here during a part of the meeting and will do some of the preaching. He

Go to Church Easter Sunday

Let Easter be a day of inspiration. Isn't it true that in the seeming bustle, bustle and striving of business and everyday life we all sometimes lose sight of the true meanings of events, occasions, days or seasons. Isn't it true, more or less in regard to Easter? Are we permitting self glory, desire, ambitions, commercialisms to overshadow the day and rob us of inspirations which should mean for us happiness, peace, plenty?

These few words are not aimed to preach creed nor form. Instead they are grouped in a new form of sincere invitation to every person in Big Spring to visit some church on Easter. To let it be a day of inspirations—inspirations to all that is best in them.

Easter commemorates the resurrection of the Christ. An occasion which was living proof of the victory of life over death. And if that be so, then frail human fears, worries, jealousies, despairs are all useless. It is to us to look to the source of our being—and we are at least striving to do this when we attempt to live the Christianity that we all know—each in his own way.

So visit your church or the other fellow's church, Easter Sunday. It will give you the inspiration to strive anew in meeting your work-a-day problems—dealing with your fellow man—as you would be dealt with. It's well worth the effort.

Former Resident Buried Here

Mrs. J. W. Wright a former resident of Howard County, died at her home in Dallas Sunday night and the remains were brought to Big Spring, to be laid to rest beside her husband in Mt. Olive cemetery.

The family, following the death of Mr. Wright, moved to Dallas some six years ago.

Funeral services were conducted here Thursday about 11 o'clock attended by the many old time friends who deeply mourn the death of this good woman.

Mrs. Wright is survived by two daughters, Mrs. W. G. Flindon and Mrs. L. W. Brooks of Dallas; one son, A. C. Wright; five sisters, two brothers and one grandchild.

C. D. Read returned the first of the week from a business trip to Fort Worth, Dallas and Houston.

is an able speaker and you will enjoy his sermons.

The Wisdom Sisters from Macon, Mo., will assist in the meeting as evangelistic singers. Miss Lottie Wisdom will conduct a short service every evening preceding the preaching service. They will sing two or three special songs at every service. They sing the old Hymns and sing them in a way that will thrill you through and through.

Every person in Big Spring and Howard County is extended a cordial invitation to attend the revival services. Whether you belong to another church or not you are invited to come and take part in the services.

Successful Rabbit Drive

About thirty hunters took part in the rabbit drive in the Luther community last Friday and a most successful drive it proved to be. The rabbits were driven in against the wolf proof fence on the H. S. Miller ranch where the hunters were given an opportunity to slaughter them. Over eleven hundred rabbits were killed in this drive.

A fine dinner was served at noon and everyone had a jolly good time.

About thirty-two hunters attended the drive in the Hart Wells community Tuesday, and between 1200 and 1300 rabbits were accounted for. If more guns had been available a record would have been made as the rabbits were plentiful in that section.

The fine dinner served at the grove near Hart Wells was indeed an enjoyed feature of the day's program.

Big plans are being made for the hunt to be held in the Elbow community Wednesday April 19th. Hunters are requested to meet at the home of I. B. Cauble by 8:30 on next Wednesday morning. Arrangements will be made to drive the rabbits against one and one half miles of wolf proof fence so the hunters can have some real shooting. All are invited to come and take part in this hunt.

Slaughter Lands Being Sold

Ira P. De Loach of Dallas was here this week with a party of homeseekers who were interested in purchasing land in this section.

Mr. De Loach is a part owner of the Slaughter lands in West Texas and these vast holdings are to be sold to homeseekers in tracts of 160 acres and up. An attractive price of from \$12.50 to \$18.00 per acre has been placed on the holdings controlled by Mr. De Loach, and he states that hardly a day passes with one or more tracts being disposed of even the no particular effort is being made to push sales at this time. Only one tract has been sold for ranching purposes, this being a seven section tract in the Dry Wells pasture sold to M. A. Epps of Jack County and this will probably be the only tract that will be disposed of to ranchmen. The opening of the Slaughter lands for actual settlement will bring many new families to West Texas.

TOO MUCH SPEED; MUST SLOW DOWN

Mayor and City Marshal Ask Citizens to Report All Violators of City Traffic Ordinances

Do you want to see reckless automobile drivers make race courses of our streets, endangering the lives of our citizens and disregarding all laws devised to regulate traffic on our streets? Do you wish to have your rest disturbed by the idiot who likes to cut out the muffler and let the "old boat roar"? It's up to you to decide whether or not you want the laws enforced which were passed to protect our citizenship against speed fiends.

Mayor W. R. Purser and City Marshal J. H. Hefley are eager and anxious to put a stop to these violations in Big Spring but they cannot hope to succeed unless our citizenship will cooperate. They are going to request that hereafter, each and every citizen make it his business to report violations of the speed law and driving a car with the muffler wide open. When possible, secure the name of the driver and the license number of the car—report as early as possible so the violator may be captured before he can cover up his track. The names of those supplying the information will be withheld at your request.

The ones who are accustomed to ignoring the speed laws will usually pull their stunts when they know an officer is not in sight and we have not enough officers to watch all streets so its going to be up to every good citizen to help curb the speedsters.

If you want to aid in making our streets safe for women and children here is your opportunity to cooperate by reporting the drivers who respect the rights of no one and who make a practice of racing up and down our streets.

Phone or see Mayor W. R. Purser or J. H. Hefley, city marshal, and they will try arresting and tacking a stiff fine onto the gully in an effort to cure these speed maniacs.

Clean Up Work Progressing

Most of our folks have joined whole heartedly in the campaign to give our city a thorough clean up and there is yet a chance for those who have been putting off this work to clean up in time to have their trash hauled off free of charge.

The wagons have been secured to gather the trash today and Saturday, and all unburnable trash that has been packed in boxes or sacks and placed in a convenient place near the alley will be hauled away free of charge during the two days. In the event there is more than can be carried away during the two days the work will be continued on Monday and Tuesday of next week. In no event, however, will the wagons go over the same territory twice; so be sure you have all your trash ready at once.

The cost of hauling away this rubbish will be borne by the City Federation and the City of Big Spring. Take advantage of this opportunity to have your rubbish hauled away free of charge. Now is the time to get rid of all rubbish about your premises.

Ball Game Sunday

A benefit ball game was played at the ball park in this city, last Sunday afternoon between two teams of local players.

The game was a warm one, going eleven innings, the score being eight to nine.

Another game will be played at the park this coming Sunday at 3:30 o'clock between two good local teams. Ladies will be admitted to this game free.

The fund secured go toward paying the deficit of our 1921 ball team.

At Work of Reservoir

The work of putting in the reinforced concrete bottom in one side of the reservoir was completed Tuesday and the water is now being turned into the completed part so the north part of the reservoir can be repaired.

The reservoir when completed will certainly be a good one, and if ever filled to anywhere near its capacity of 1,400,000 gallons we will have enough water to do us for a few days at least.

Livestock Shipments

Merrick and Dillard shipped one carload of mixed cattle to the Fort Worth market last week.

E. A. Hamill shipped 500 lambs to Kansas City last week.

Walter Coffee shipped a carload of lambs to the Fort Worth market Saturday.

Clyde Frost shipped two carloads of hogs to California Wednesday.

Elks to Present Musical Novelty Play.

The Elks have been successful in securing one of the highest class productions staged in the south. Press notices from other cities assure us of an affair extraordinary and one that will be appreciated by the entire city—the following cities of the southwest have successfully presented "Round the Clock," Fort Worth Shrine, Oklahoma City Shrine, El Paso Elks, Texas Cotton Palace Association at Waco, Terrell Texas Elks, McKinney Texas for Federated Clubs, Amarillo, Texas for American Legion, Wichita Falls for Shrine, San Antonio for hospital fund, Trinidad Colorado for Shrine club, and many others.

Rehearsals are in full swing at the Elks Club rooms every afternoon for the younger set, and every evening for all principals, vocalists and senior clock girls and men.

The Elks wish to assure the public that "Round the Clock" comes highly recommended for beauty and loveliness. In the way of musical comedy? Different scenes are taken from New York successes and woven into the plot. Gorgeous costuming and effects make it a spectacular affair.

A handsome souvenir Booster Programme is being issued in the interest of the show and will be distributed into the homes and business houses of the city as well as nearby towns. Inasmuch as the funds derived from the programme and sale of tickets goes into the Elks Charity Fund, and also this being the first effort of the Elks in producing an entertainment they anticipate the hearty response of the public.

The entire production is under the professional direction and supervision of Mr. and Mrs. Harold Young. Mrs. Young having had eleven years of successful direction in local talent productions.

The ticket committee are placing advance tickets on sale, and the purchasers may begin to reserve Tuesday the 18th at Cunningham & Philips drug store.

Fixing Up Scenic Highway

Big Spring is losing out by not fixing up the Scenic Drive over the mountain south of town. The Chamber of Commerce is alive to the attraction of this fine driveway and what it would be worth to our city but they have not the funds to carry out the improvements necessary. There are many folks in Big Spring, property owners especially, who should be interested in every movement to boost for our city. Unfortunately however, due to the name Chamber of Commerce or some hostility thereto, it is not possible to secure the whole hearted cooperation that is essential, so the Chamber of Commerce is limited in its activities due to lack of funds. If every citizen who would profit if Big Spring continued to grow, would contribute a little to boost along such growth, quite a deal more could be accomplished.

We suggest that owners of automobiles, and who do not belong to the Chamber of Commerce, make a trip over the Scenic Drive to learn of its attractiveness and decide whether or not it would be an asset to our city. If so form an Auto Club or some other organization and get behind a movement to place it in first class shape. Rest assured that the Chamber of Commerce will cooperate with you in every way to push this work. Take your folks for a drive over this route.

Furnishings for C. of C. Office

T. H. Johnson has been in charge of the free-will offering for the Chamber of Commerce office furnishing and everyone solicited has been most generous. A few have expressed a desire to supply articles that will be a credit to the office while most of our folks have been contributing cash. The Chamber of Commerce is among one of the first places in our city that visitors will visit, and if substantial and attractive fixtures are in evidence they will be much more favorably impressed than they would be if the office was equipped with only a few ordinary articles of furniture.

It's your Chamber of Commerce working for your town so open up your heart and encourage the good work.

Senate Confirms Appointments

Nomination of the three members of the railroad labor board: J. H. Elliott of Texas, representing the managers; G. Wallace Hanger of Washington, representing the public group, and A. O. Wharton of Missouri, representing the labor group were confirmed by the senate Tuesday.

Mrs. A. E. Thomas of Eastland arrived Sunday for a visit with her sons, C. E. and Less Thomas. Her granddaughter, Mrs. F. L. Rabb, accompanied her to this city.

Inventor of Telephone Sees Radio Future

Wireless days for commercial telephoning have arrived. The radio-telephone has been taken from the "plaything" class. Alexander Graham Bell, inventor of the telephone, smiles as he recalls that his invention received the same public reception. The Bell Company announced the opening of a million dollar radio broadcasting station at New York. Similar plants are to be built in other cities throughout the U. S. Services may be had for any purposes except advertising, say officials. This new photo of Mr. Bell was taken at Atlantic City. With him is his daughter, Mrs. Gilbert Grosvenor.

\$20 a Pound for California Rooster

Miss Marie Arsten saw "Mike," a white leghorn rooster, at the cockerel show in Petaluma, Calif., and she decided then and there she must have him for her poultry ranch. So she bid up to \$182.50 and got him, top price for nine pounds of fowl meat.

Uncle John's Josh

HOUSEWORK IS A BURDEN

Woman's lot is a weary one at best. But with a backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life brighter for many Big Spring women. Ask your neighbor!

Mrs. M. A. Wooster, 507 Main St., Big Spring, says: "I can certainly recommend Doan's Kidney Pills as I have used them off and on for several years. Sometimes after doing a lot of sweeping or other housework my kidneys seem to be weakened and I would have backache. At such times I would be bothered with my kidneys acting irregularly. I found I could depend on Doan's Kidney Pills to give me quick relief and I recommend them all my friends."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wooster had. Foster-Milburn Co., Mfrs., Buffalo N. Y.—Advertisement-10

Where Advertising is Properly Forbidden

The Forest Service of the Department of Agriculture has done well to prohibit the painting of advertisements on the rocks of the seventeen national forests of California, and to order stopped the erection of advertisements on trees. Besides being unsightly such advertisements are useless, nay, worse than useless; they create resentment instead of interest. The bill board at best is an appeal to the primitive mind; certainly it should not be permitted to destroy the beauty of the country.

If the department having stopped the advertising of outside products within the forests will now begin to advertise the forests and national parks where they should be advertised, in the newspapers, Washington will take a step forward in modern business conduct that indicates an intelligence sadly lacking up to date, Mr. Lasker to the contrary notwithstanding.

A Postponed Repentance

There was a man in Wisconsin who went to a revival meeting and was pressed to repent. He wavered for a time and finally arose and said, "Friends, I want to repent and tell how bad I have been, but I don't do it when the grand jury is in session."

"The Lord will forgive," the revivalist shouted. "Probably he will," answered the sinner, "but he ain't on that grand jury."—Boston Transcript.

"There is too much ignorant criticism of the federal reserve board. This group of men has done a wonderful work during this trying period of readjustment and has stuck to its guns despite tremendous pressure and public demand for a more liberal policy. This single body of clear thinking men has done more to keep us out of the sort of economic mess that Europe finds itself in today than all the rest of the country put together."—Roger W. Babson.

Tanlac Vegetable Pills are sold on a positive guarantee to give perfect satisfaction. Try them tonight and you will be delighted to find the results you have obtained. J. L. Ward Jewelry & Drug Co.—Advertisement.

Some of our folks are awakened these nights by sounds which resemble an aeroplane speed test but it is some night hawk testing out his automobile. It's such ginks that make us regret that good roads are ever constructed.

If you once give Tanlac an honest trial, you will add your voice to the thousands of others who are praising it. J. L. Ward Jewelry & Drug Co.—Advertisement.

W. C. Collier and family enroute from Goliad, Texas, to Tucson, Ariz. in their automobile spent Monday and Tuesday in Big Spring.

Chas. Morris after a visit with home-folks in this city left Monday morning for the Pioneer oil field where he has made investments in oil properties.

Lady Attendant
Big Spring, Texas.

We have just learned that T. H. Johnson has other hobbies in addition to his main one, that of boosting for good highways, one of these being the collection of old coins. He showed us an interesting collection of coins he had been saving up since he was a boy. Nearly one hundred coins included in the interesting collection, one of these being one hundred and eighteen years old.

High winds prevailing in the Corpus Christi section last week caused heavy damage among young crops in Neuces and adjoining counties. Sand blown before the wind has cut the tender young cotton and corn off even with the ground. The wind reached a velocity of forty-five miles per hour there last Friday.

Many property owners along Third street, which will be the route of the Bankhead National Highway thru Big Spring, are building concrete sidewalks and otherwise improving their property. These improvements will tend to give tourists a favorable impression of our city.

Friendship has the skill and observation of the best physician, the diligence and vigilance of the best nurse, and the tenderness and patience of the best mother.—Lord Clarendon.

When you see a gink turning his auto in the center of Main street report him to the City Marshal. A little fine may wake him up to the fact that our traffic laws were made to prevent accidents.

It's only a question of time until one of these auto speeders is responsible for the death of one or more of our folks. Better stop the speeder before he becomes a murderer.

We hate to discourage the advocates of "light wines" but we feel sure a lot of 'em wouldn't like "light wines" if they got them.—Columbia Record.

Everyone must see the Music Comedy Novelty—"Round the Clock With the Elks" to be given as a Benefit for the B. F. O. E. Charity Fund at the R. and R. Lyric.

Order a can today. These RYZON hot biscuits show the home folks.

The Flank Attack on Tuberculosis

Persons of mature age still remember when tuberculosis was regarded as a mysterious plague, its nature unknown, and impossible of cure. Then came the discovery of the germ origin of infectious diseases, and the conditions under which tuberculosis thrived. Unhappily, no cure was discovered, but medical science learned how to combat the disease by building up the resistance of the patient.

The result of the information thus gained is evident in the decline of the death rate from tuberculosis in the United States from 182 per 100,000 of population in 1900 to 111 in 1919. This means that 60,000 fewer persons died from tuberculosis in 1919, in the area from which statistics are obtainable, than would have died if the rate of 1900 had prevailed.

An interesting feature of the tuberculosis situation, showing the direct results of intelligently directed effort in reducing the mortality from this disease, is afforded by a study presented by Dr. Lee K. Frankel of the Metropolitan Life Insurance Company. This company has insurance on 15,000,000 men, women, and children, who comprise a large part of the industrial population of this country and Canada. The company took the enlightened view that it would be good business to prevent deaths from tuberculosis rather than to pay insurance. Under the direction of Dr. Frankel it undertook a visiting nurse service and began issuing health literature. In ten years it has reduced the tuberculosis death rate among its policy holders by 40 per cent.

Such results show the possibilities in every community of getting rid of the white plague.—Kansas City Times.

G. Y. Wilson was in Tuesday from his ranch in the northern part of the county.

L. M. Scroggins was in Tuesday from his home in the Vincent community.

A Slight Difference

"A clergyman who was a widower had three grownup daughters. Having occasion to go away for a few weeks he wrote home from time to time. In one of his letters he informed them that he had married a widow with six children.

"This created a stir in his household. When the minister returned home, one of the daughters, her eyes red with weeping, said:

"Where's the widow you married father?"

"Oh, I married her to another man I ought to have told you that," said the minister."

Wait and Learn

"Fashion notes say grandma's old-fashioned round elastic garter is coming back as a necessity due to the banishment of corsets and their appended supporters. The public will now be able to learn what they were. They didn't have a chance when grandmother wore them."

J. L. Nix was in Tuesday from his place north of town and reports lots of moisture out his way. He states that our county has as much underground season as we had this time last year and with good showers along there is no reason why we should not make good crops. He said he did not know of a country anywhere in which you could make good crops with less work and trouble, and with so little moisture. Then too, a fellow just naturally felt more like working, when good health was enjoyed and West Texas is an especially healthful section.

Mayor W. R. Purser and Dr. G. S. True left Wednesday for Christoval where they will spend a few days testing out the curative properties of the mineral waters of that health resort.

J. W. Bonner was on the sick list the forepart of this week.

"Business Is Good"

A farmer sells a load of wheat, and all the bells ring fair and sweet; he hums a couple of cheerful tunes, and pays the Grocer for his prunes. The Grocer, who has had the blues, buys his wife a pair of shoes. Then the Shoeman thinks God-sent, and runs and pays it on the rent. Next day the Rent Man hands the bill to Doctor Carver for a pill. Doctor Carver tells his Frau that business is improving now, and cheers her up and says: "My dear, I've been quite feeble for a year, but thinking you should have a rest, I'd better take a trip out West." In a couple days the Frau sees the Farmer of Iqhuah Howa, who pays her board to Farmer Howe, who takes the bill and says, "I swear, I'll do something that just can't be beat— I'll sell the one I got for wheat." She hums a couple of cheerful tunes, and goes and buys a lot more prunes. With apologies to "Rochester Doings"

Week and Furniture Repairing

I am now prepared to do all kinds of cabinet work and Furniture Repairing; also prepared to fix your window shades and doors. Have your work done in a Union Shop. Call at 1011 Bell Street or phone 533. BLACKIE ARCH.

The members of the two classes in the Domestic Economy department in the Big Spring School certainly are to be commended for the interest they manifest in their work. Tuesday and Wednesday, the days when baking was ordered, you found members of the class at work at the High School at 10:00 a. m.

J. A. Kinnard, national organizer of the Farm Labor Union, has been visiting here this week.

Time To Remove the Tax Inequalities Now Injuring West Texas

It is a thorn in the side of this part of the state that West Texas counties are paying the state too much tax money in proportion to the amount received from the state treasury for school and other purposes. It is also felt that western counties are paying far more in proportion than the eastern counties; nevertheless the eastern counties benefit most from the state treasury.

Repeatedly this matter has been brought to the attention of West Texas by the representatives in the state legislature. Representative Adrian Pool recently commented on it, and senator R. M. Dudley is the latest to remark upon it, declaring that in some of the rich counties of east Texas where land is worth at least \$300 an acre, owners are paying on only a 10 per cent valuation, whereas in West Texas counties land is assessed on a 60 per cent valuation basis.

He also declares that some east Texas counties which do not contribute half as much to the state treasury as west Texas counties, receive twice as much back.

As senator Dudley suggests, this state of affairs reveals plainly the need for a state board of equalization which will really equalize—one that will make valuations uniform and remove the inequalities that now work an injustice on taxpayers in the western part of the state.

These inequalities are hindering the growth of west Texas, because they are notorious. It must be a powerful pull that will draw people to live and own property in a part of the state that is commonly known to be getting unfair treatment from the state; where citizens will have to pay a penalty for living.

In some other states it is the less populous counties, the ones with fewer taxable industries and with more natural handicaps to overcome, that are strengthened by state treasury revenues from the richer counties. In Texas the reverse is true, and it is unfair to the people of west Texas.

If a special session of the legislature is called, as has been intimated from Austin, to consider the school situation, the time will be opportune to thresh out this subject. West Texas will not approve blanket school appropriations while the gross inequalities in taxation exist.—El Paso Herald.

To Cheer the Disabled Veterans

Copies of the "home town" newspapers will soon be coming to all of the veterans of the world war who are confined to hospitals away from home for treatment of sickness or wounds incident to war service, if the plans of American Legion are worked out.

The Texas Department of the Legion are now taking a complete census of all ex-service men hospitalized in Texas. When this has been completed all names will be turned in to National Headquarters where they will be sorted and refiled according to their home localities of the patients. The local posts in these "home towns" will be supplied with the names of buddies ill in distant points and each post will arrange to see that this Buddy gets his home paper and at least one personal, newsy letter a week from some comrade that he knew at home. There are 11,000 local posts over the country combining in this effort to administer medicine of thoughtful kindness and it is believed that the newspapers will be furnished gratis.

Insurance Co. in New Quarters

The Piner & McNew Insurance Company are now in new quarters occupying the Ricker building with the Chamber of Commerce.

This downstairs office room on Main street will prove much more convenient for their many patrons and the change will tend to add new patrons.

Homer McNew can always be found on the job if you wish to consult him regarding Fire, Tornado, Hull, Livestock, or other insurance, and is always glad to give you any advice he can concerning insurance.—Advertisement.

Curiosities of the News

Washington, April 13.—A Chicago architect is building an apartment house with a baby buggy locker for every apartment, and offers every tenant a bonus of \$25 for every baby born in the house.

A New Jersey man carries off the prize for being the most forgetful man in the world. He left his motor car on a ferry boat and took a taxi to his office. The police gathered in the motor and began to look for the supposed suicide. The police authorities suspended sentence to await developments as to whether a man who would forget he had a car might not forget to stop it some time.

A Washington, D. C., engraver has spent four months of spare time and produced a perfect engraving of the Capitol Building upon the head of an ordinary pin.

A two-year-old baby of Sacramento, Calif., fell into a pond. While frantic nurse and parents waded to her the youngster began to swim and succeeded in swimming herself to shore.

A Seattle criminal wanted for six

months by the police has finally been apprehended. He was found on the police force that was hunting him, having served in uniform for six months.

Two Washington, D. C., men disputed ownership of a dog. Taken to court, the judge left it to the dog to decide, which the sagacious animal did so emphatically that all who witnessed the canine demonstration were satisfied he had chosen his rightful owner.

Monument to Advertising

The nickel gave us the Woolworth building, one of the seven wonders of the twentieth century. Now it has given us the Wrigley building, Chicago's most lofty office structure. Spearmint Doublemint, and Juicy Fruit put up this magnificent skyscraper.

The building is not only a credit to Mr. Wrigley, but it is also a monument to advertising. It is advertising that gives the nickel its fortune-making potency. It opens up the purse-strings of the masses for the product that sells for only a few cents. The vast majority of our 100,000,000 population are prospects for a five cent package of

BIG SPRING HERALD

BY JORDAN & HAYDEN

\$2.00 A YEAR IN HOWARD COUNTY
\$2.50 A YEAR OUTSIDE COUNTY

Entered as second class matter at the Postoffice, Big Spring, Texas, under Act of Congress, March 8th, 1897.

Big Spring, Friday, April 14, 1921.

Blanton

Representative Blanton, of Texas, may run for the United States Senate. This should put him in a class with W. J. Bryan, Sir Thomas Lipton and the Washington baseball club.—Washington Herald.

Running for the Senate of the United States—from Texas, at any rate—has gotten to be quite a running. In fact, the average Texas voter is perfectly bewildered by the large number of those who have announced for the race, and then it has just about gotten so that when another name is seen in the newspapers, ye average voter merely yawns and says, "Oh, well, we've got another in the senate race." But if Mr. Blanton gets in, as some seem to think he will, there will be for flying at all stages of the game. Voters of Texas may expect to see the reddest red hot campaign ever staged; there'll be more speech making and more general flying of the proverbial fur than you ever heard tell of, which is to say that Mr. Blanton will give his opponents a hot time in the old state of Texas.—Abilene Reporter.

Here's hoping Tommie will get in the race, as we would like to see the fur fly, but our opinion is that when it is over Tommie would be furless. We do not give him very much for smartness but he is not going to run for the senate. Wait and see!

Boosting for Your Own County

The Big Spring Chamber of Commerce has a quantity of printed matter which will be worth much to our county in bringing homeseekers here if we can just get in touch with the right folks. Your aid is needed along this line. If you know someone who might be induced to come to Howard County, send or bring the name and address of such person to the office of the Chamber of Commerce and this literature will be sent to the prospective homeseeker. You can surely accord this cooperation.

Be sure many folks are going to move to West Texas in search of homes this year, and the number that will locate in Howard County will be in proportion to the effort we put forth to attract them to this section.

There are untold thousands of folks looking for new locations. Most of those folks do not know anything about our section. It's our business to inform them concerning this section if we want more home makers to come here and develop our fine agricultural lands.

We have big inducements if we only realize it. Good agricultural land can be secured in Howard County today at a lower price than in most any part of Texas where farming has been successfully carried forward. We have the most healthful section in Texas. One man can cultivate more land at less cost and with less trouble, and raise good crops with less moisture than anywhere in Texas. We believe, year for year, that farming can be conducted more profitably in Howard County than in the sections where land is priced at \$300 per acre.

The letters from Howard County farmers giving their experience in farming here thru a long series of years will, if sent to folks back east, prove the biggest and best advertisement yet ever sent out. Call at the Chamber of Commerce and leave addresses for these letters to be sent to.

Mr. and Mrs. B. B. Fox left Wednesday evening for Albany, Texas, to attend the funeral of Mrs. Fox's father, J. F. Pate. Mr. Pate died at Childress Wednesday morning following an illness of a few days. Mrs. Fox's friends in this city deeply regret to learn of her deep bereavement.

W. R. Dawes and daughter, Miss Alice left Thursday evening for Colorado City to take part in a Cantata to be presented by the Choral Club of that city under the direction of Thos. Dawes at the Episcopal Church this evening.

If you want a marble or granite monument figure with J. R. Creath before you buy. No agents commission. Resident phone 305.—Advertisement.

Roy Pierce of Gall arrived Wednesday for a few days visit with Mr. and Mrs. W. J. Crawford.

Come and have lunch or supper served by the juniors of the Episcopal church at Rix's store, Saturday April 15

The annual meeting of the State Federation of Labor will open at El Paso next Monday and continue thru the week.

Go Round the Clock with the Elks at the Lyric Theatre, Thursday and Friday, April 20 and 21. A real entertainment.

Don't forget the Bazaar given by the Episcopal juniors Saturday April 15th at Rix's store. Buy a pretty apron for Easter.

J. T. Stanford returned Thursday from Alvarado where he had been to start some concrete work he had contracted for.

Mr. and Mrs. J. W. Posey expect to leave the first of next week for Gila Bend, Ariz., where they will make their future home.

Everybody come and enjoy delicious sandwiches, coffee, cake and ice cream, served by the Episcopal juniors at Rix's store, Saturday April 15th.

Mrs. J. N. Blue returned Thursday morning from El Paso where she had been to hear the great singer Gail Curd who gave a concert in that city.

Mr. and Mrs. W. W. McElhannon and children returned Tuesday from a fishing trip on the Concho and report a delightful time and fish a plenty.

We are all looking forward to a prosperous year. Why not help prosperity to come by making an effort to secure more home builders for our county.

"Round the Clock with the Elks" at the R. and R. Lyric theatre next Thursday and Friday is an entertainment that will please every member of the family. Be sure to see it.

John Schram is keeping an eye on the feather-duster market to determine whether or not he shall desert the railway service temporarily to engage in the work of raising turkeys in West Texas. Business on the railroad is rather dull at present, so it's probably the turkey ranch for Schram.

School Accorded More Units

A report from the State High School Examiner, dealing with the Big Spring School has been received and will be published in the next issue of The Herald.

We might add however that the Examiner recommended that our school be accorded these additional credits of affiliation: one half unit in American History; one half unit in Economics; one half unit in Physical Geography; one half unit in Commercial Geography; one half unit in Commercial Arithmetic; one unit in bookkeeping; one unit in Typewriting and Shorthand, or a total of 4 1-2 units conditioned upon specimens submitted later meeting the approval of the examiner.

Home and School Club

The regular meeting of the Home and School club will be held at Central building at 4 o'clock Friday afternoon, April 21st and all are cordially invited to attend.

The following program will be observed.
Invocation.
Opening Song.
Address—"Our Young Americans and Their Training"—W Carroll Barnett.

General Discussion.
Business meeting.
This is the last meeting the Home and School Club will hold until next Fall so arrange to come and bring a friend to our schools with you.

Everett Lomax, son of Mr. and Mrs. L. E. Lomax, arrived this week from Camp Travis where he has been serving in the U. S. Army. Everett has completed his enlistment in the army and is long to be a free man once more.

Hemstitching & Picotting Attachment; fits any sewing machine; easily adjusted. Price \$2.50 delivered, with full instructions. Gem Novelty Co., Box 1031, Corpus Christi, Texas.

Another nice shower fell in our county last Saturday morning, the precipitation amounting to about one half an inch. It was not sufficient however to hold down a dust storm that blew in from the northwest.

NEW MONUMENT BUSINESS FOR BIG SPRING

I have my plans made to put a monument yard here and expect a first car of marble and granite to be shipped in August or September. I am taking orders now to go in this business and doing my own selling, please write with me before you place an order. I have been in the monument business eight years in Oklahoma City, and sold and put up lots of good work. If you buy from me I guarantee satisfaction. I will make some special documents on orders to be included first car. Write me or phone me 305, Big Spring, Texas.
J. R. CREATH

Mrs. W. G. Orenbaum returned Monday from a two weeks' visit to relatives in Marietta and Okla.

Bring your best friend and enjoy a good lunch served Saturday by the Episcopal juniors at Rix's store.

Gravel for Highway
Cars of gravel were shipped from the gravel pit here to Midland Wednesday and the steam shovel is now working steadily. A bad rain the gravel pit has resulted in the engine getting off the track and delays, but it is thought it will soon be prepared to regularly haul 20 to 40 carloads of gravel for use on the Bankhead Highway which is now being graded in Howard, Martin, Midland and Ector counties.

Card of Thanks
We desire to extend our heartfelt thanks to our many friends and neighbors in this community and Big Spring for their noble assistance and many prayers during the recent illness in our family. We feel that the crisis has passed and we extend our grateful thanks to God's blessing on each one for their kindness and assistance. Mr. and Mrs. A. C. Briganice and family.

Rural School A1 Rating
The State Department of Education recently inspected the rural school in Howard County and gave it an A1 rating. Fifteen of the 20 schools were accorded State Aid; every school in the county being granted the maximum of \$7,500 State Aid was

Men Reinstated
Four employes in the blacksmithing department of the Texas & Pacific railway shops here were reinstated after the investigation conducted by W. H. Tobin, assistant general manager of the T. & P. here last week.

S. E. Scott of the number returned to work Wednesday, while B. H. Studeville and J. M. Bogard are to return to work Saturday morning.

Geo. Winslow another one of the number who had been laid off previously, has been granted his seniority rights and is in line for a position when an opening occurs in the blacksmith department.

Kirby May Be Candidate in Texas for U. S. Senate
Washington, D. C., April 13.—John Kirby, of Houston, president of the Southern Tariff association, probably will be an independent candidate for United States senator from Texas, it is reported here.

Friends of Kirby in the tariff association are urging him to run. His declination to run or decision to become a candidate is expected soon.

Christian Endeavor Convention at Midland

Eighteen or twenty delegates representing Christian Endeavor Societies of the Midland District gathered at Midland and held a convention April 7, 8, and 9. This district includes all societies from Pecos to Colorado and from Lamesa to O'Donnell.

The people of Midland opened their homes to the delegates and the Union Society of that city, deserves much credit for planning and conducting a most successful convention.

Mrs. E. F. Huppertz, state field secretary, was there and made several splendid talks. The convention opened with the evening service Friday. After welcome addresses and responses, a business session was in order, after which came a social hour. Delicious punch was served and a general good time was enjoyed.

Business sessions were held on Saturday morning and Saturday afternoon. At four o'clock on Saturday afternoon the delegates were given a reception at the lovely home of Mrs. Iggham. Readings and musical selections were followed by a mock wedding which was highly enjoyed. Delicious cream and cake in the district colors was served at the close of this enjoyable affair.

At the Saturday evening session the following officers were elected for the Midland district.

President—Miss Marian Pemberton, Midland; 1st vice president, Miss Mittie Owen, Big Spring; 2nd vice president, Miss Frances Clark, Saragosa; Secretary, Miss Ella Brown, Big Spring; treasurer, Keith Camp, Pecos; Department superintendent, Alumn, Mrs. Russell Jones, Midland; Intermediate, Mrs. W. L. Randall, Lamesa; Junior, Miss Marguerite Ezell, Big Spring; Press, Miss Emphy Pemberton, Midland; Quiet hour, Miss Helen Winborne, Midland; Social, Miss Lanette Smith, O'Donnell.

At seven o'clock Sunday morning a prayer service was held on the court lawn. After the Sunday school hour, Mr. Huppertz delivered an address in the Presbyterian Church. Sunday afternoon the Intermediate Society rendered a most interesting program in the Christian Church.

The convention was closed with a Decision Service Sunday evening. A State C. E. Convention will be held at Houston June 14-18. All societies are urged to send delegates to this convention. Three thousand delegates from all over Texas are expected and are being prepared for.

Baptist Notes
We are indeed glad that our Pastor, Bro. Bass, has about recovered from his severe attack of influenza and is able to be out. He preached last Sunday morning and again at the evening hour, and at each of these services brought a great message. During the past two weeks he and his wife have kept busy visiting the sick and looking after the different interests of the church.

On account of the work being done on the church auditorium, services last Sunday were held in the basement. Great improvement has been made in the appearance of the auditorium during the past three weeks, the entire interior being done over. Mrs. Muger and Mr. Maupin have been faithful and untiring leaders in making these improvements, and to them special credit is due.

The Sunday School attendance was good last Sunday, but we hope it will be still better next Sunday. All who are not attending elsewhere are cordially invited to come and be with us. Members of the Junior department are to meet at the church at 3 o'clock Saturday afternoon to go out to a place selected south of town, for an Easter egg hunt. Superintendent Mrs. Gary and the teachers of the department are to be the chaperons, and a happy time is in anticipation.

At this season of the year when all nature is putting on new life, minds naturally turn to the death and resurrection of the Lord. On last Wednesday evening the subject for the prayer meeting was "Jesus in the Tomb." On next Sunday morning the sermon will be on "The Resurrection," and the following is to be the programme:

Hymn—All Hail the Power of Jesus Name.
Invocation.
Vocal Duet—Meadames W. C. Henley and Travis Reed.
Scripture Lesson.
Anthem—"He Lives, He Lives."
Offertory.
Vocal Solo—Angels Roll the Rock Away; Scott—Mr. Aaron Johnson.
Sermon.
Sermon.
Vocal Solo: De Graff—Miss Ricker.
Benediction.

Easter Egg Hunt
The Methodist Juniors are to meet at the Methodist Church Saturday at 4 o'clock for their annual Easter Egg Hunt. Every M. E. Junior is expected to come and take part in this jolly occasion.
R. M. Ashburn of Sweetwater was a business visitor here Thursday.

District Meet Program

Final program, University Interscholastic League, Abilene Texas, April 21-22, 1922.

FRIDAY MORNING
Events—Tennis for Boys, preliminaries for Girls in Declamation and in Debate.

FEES—Entry fee, 25c per event. Admission fee to general sessions and to track meet, 25c.

Christian Church Notes

We are expecting 125 in Sunday school Easter morning. We have beaten Colorado City one Sunday in our three months contest. They say it started raining just at the time to go, but since we are working with the determination to win we hope we can keep them thinking up excuses. By staying for church you make four points and in appreciation we are to have some special music that we know you will enjoy.

Bro. Brown will talk to us upon a subject that has to do with Easter, a theme that is always new.

Supt. Dubberly sees we are backing him in this contest and his "smiles are miles."

Presbyterian C. E. Program

The Christian Endeavor Society of the First Presbyterian Church will meet at 3:30 Sunday afternoon and carry out the following program:
Leader—Alice Leeper.
Solo—The Lord is Risen—Mrs. J. B. Littler.
League Prayer.
Pledge.
Topic Lesson from the First Easter Jno. 20: 1-23—Allena Sullivan.
Easter Story—Mrs. H. Markham.
Misap. Benediction.

Rook Club Meeting

Mrs. Henry DeVries delightfully entertained the members of the Rook Club and a few friends Thursday of last week. Dainty score cards were passed bearing Easter greetings. At the close of several interesting games scores were counted and Mrs. Copeland found to have high club score while Mrs. Paylor and Mrs. Menger tied for visitor's high score; Mrs. Menger winning in the cut. A dainty salad course was served.

Hear Address Tonight

Miss Myrtle Berry, a representative of the State Federation of Labor will be in Big Spring today and will deliver an address at the courthouse this evening at 7:30 o'clock.
All members of the brotherhoods shop crafts, building trades and farmers are especially urged to be present and the general public is cordially welcomed.

Presbyterian Circle Day

Next Monday is Circle Day for the Presbyterian Auxiliary and meetings will be held at 3 o'clock on the afternoon of that day. The following ladies will be hostesses:
Mrs. Whitney for the Dorcas, Mrs. Ellington for the What-so-evers, Mrs. C. W. Cunningham for the King's Daughters. Members are urgently requested to be present.

Mrs. Purser Entertains Rook Club
The members of the Rook Club Thursday afternoon were delightfully entertained by Mrs. W. R. Purser. Six tables of players participated in the series of intensely interesting games; Mrs. C. W. Davis making high club score and Mrs. M. H. Jones making visitor's high score. A delicious two course luncheon was served and enjoyed.

BIG SPRING "The House of Satisfaction" LUBBOCK

Attends Carmen's Meeting

I returned last Sunday morning on No. 5 from attending the Eighth Biennial Convention of the Carmen Legislative Association of Texas, which met in Galveston, Texas, April 3rd Monday, and closed Thursday April 6th.

We had some 50 delegates representing the 68 local Lodges of the Carmen in the state. In our meeting we were visited and addressed by several prominent officers of the state who are in sympathy with the organized labor movement. Also some who are looking after the work in Texas, namely, Joseph S. Meyers, State Labor Commissioner; Geo. H. Slater, President of the Texas State Federation of Labor; M. E. Shay, President of the Galveston Labor Council; and others.

We were royally entertained while in the city with an open meeting for railway men. Also a boat ride on the Bay and a bathing party on the beach, tendered us by the Galveston Commercial Association.

R. L. Boswell.

Tag Day
You may show up no stripes of silver or gold
Nor tell of great deeds so brave and so bold.
Done on far fields of battle, on sea or in air;
But one of our gay little tags you may wear.

Denies Roads "Broken Down"

Washington, D. C., April 12.—Another prominent railroad official, Julius Kruttschnitt, chairman of the Southern Pacific board, appeared today before the senate interstate commerce committee, and vigorously denied statements by William G. McAdoo, former director general, that the railroads had "broken down" under private operations and were returned to their owners by the government in a good condition as when taken over.

Mr. Kruttschnitt quoted statements by Mr. McAdoo, former president Wilson and other officials that federal control was adopted, not because of private breakdowns but to obtain coordination of transportation during the war.

"Two bad features that stood out prominently in the government operations of railroads which were responsible for most of its shortcomings and subjected it to most criticism," said Mr. Kruttschnitt, "were extreme centralization of authority as established by the first director (Mr. McAdoo) and unwillingness to delegate adequate and necessary power to his local officers, and excessive and unintelligent standardization."
To the naked eye it appears as though we might be experiencing our regular Easter spell of weather.

Our treat—come and get some good things to eat

A good housewife won't take anybody's word about an article as important as an oil cook stove.

She wants to see for herself how it works and what sort of results it gives.

We don't blame her.

She is right.

That is why we are demonstrating the Florence Oil Cook Stove in our window.

An expert cook is doing all sorts of cooking right before your eyes and serving everything she cooks so you can judge the results.

Every good housekeeper will be interested and should make it a point to see this demonstration.

All this we

City offices.....\$5.00

The Herald authorized to announce the following candidates, subject to the action of the Democratic Primary, Saturday, July 22, 1922:

For County Judge:

JAMES T. BROOKS.

For County and District Clerk:

W. F. COOK.
J. I. PRICHARD.

For Sheriff and Tax Collector:

R. S. McDONALD.
L. S. PATTERSON.
ANDREW J. MERRICK.
H. T. LANE.
M. W. HARWELL.
BOB DORWARD.
J. W. McCUTCHEAN.
W. W. SATTERWHITE.

For County Treasurer:

E. G. TOWLER.
G. E. McNEW.
C. T. (CLIFTON) TUCKER.

For Tax Assessor:

ANDERSON BAILEY.
LUTHER J. SMITH.

For County Attorney:

CARROLL BARNETT.

For Hide and Animal Inspector:

J. W. ALLEN.
JOB B. NEEL.
JESS SLAUGHTER.

For Commissioner Precinct No. 1:

O. C. BAYES.
C. A. MERRICK.

For Commissioner Precinct No. 2:

J. G. ARNETT.
J. S. McCRIGHT.

For Commissioner Precinct No. 3:

I. B. CAUBLE.

For Commissioner Precinct No. 4:

W. M. FLETCHER.

For Public Weigher Precinct No. 1:

T. W. ANGEL.

For Justice of Peace, Precinct 1:

J. A. STEPHENS.

For Justice of the Peace Precinct 2:

J. S. SULLIVAN.

For Public Weigher—Precinct 2:

AROHIE THOMPSON.

Honey Philosophy for 1922

"What do you work for?" one fellow says to another. "So I won't have to work," comes back the answer. Then the first fellow thinks—he thinks. Why wouldn't it be best for him to start where the other fellow expects to finish—never work at all—arrive at the finishing post without starting to run. We can reach all sorts of conclusions if we start to think wrong, and the conclusions will be logical, and seem right. They won't be right, because they start from a twisted root. When we see how surely brains and not force must rule the world, we see why we should harness up our mental horses properly, curvy the cobwebs from our minds and get down to truth as the basis of our thinking. A fire can give us life as well as death according to how we use it. Twisted reasoning is a dangerous thing.

DR. CAMPBELL HERE EVERY SATURDAY

Dr. M. E. Campbell of Abilene, will be in Big Spring every Saturday to treat eye, ear, nose and throat, and fit glasses. (50-42)

PARIS APACHE BAND ROB IN NEW YORK

In a bold daylight robbery in which a band of eight thugs held up the entire household of A. R. Shattuck, retired banker living in the very heart of New York, making away with valuables worth \$100,000, the police think they see the work of a Paris Apache band which sailed here for the job. Eugenio Doiset, shown here, was captured.

Big business makes a mistake in opposing the soldier bonus so strenuously. It is not wise and it is not patriotic. If it were not for the work our soldiers did in France big business would not be as big as it is today. It would be paying enormous tribute in one way or another to a foreign country. It would not be dominant and arrogant, as it is now, but would be begging and crying for mercy and favors. A victorious Germany would not have proven a merciful taskmaster. Big business forgets. It needs to have its memory jogged. The delights of summer will soon be marred by the discomforts it brings.—Ladonia News.

In two months more than 150 newspapers have suspended publication in Germany on account of the high price of paper. This is the worst form of social decay. The whole structure of civilization rests on the printing press. What would West Texas be today without newspapers? Many times as we look at them (and this one, too) it is disappointing to find that they are no nearer the ideals of the men who got them out. But without them this country would be lost. Newspapers are run by human beings who are apt to make mistakes, like every one else. But eliminate all the newspapers and human intercourse and knowledge of far-off occurrences would practically cease. Wouldn't take many years of such a condition to turn the clock back several centuries.—Sweetwater Reporter.

Courage is a fine thing to look at, and no doubt a fine thing for one to feel coursing his veins, but courage leads hurriedly to the grave. It's fine to see a fellow telling a bunch of highwaymen to go to hades, or opening wide the throttle of his auto, but such lack of fear is usually followed by a brilliant funeral. Old Caesar was warned to stay indoors when the Ides of March rolled around, but he ha-haed and said, "Towards die many times before their death, the valliant never taste death but once." It was a fine retort and one declaimers delight in speaking, but in a few short hours noble Caesar was coiled up in the dirt with a hole in his shoulder large enough to hide a rat. Courage is fine to look at and talk about, but fear is more conducive to longevity.—Honey Grove Signal.

An evangelist temporarily in our midst is quoted as saying it is indecent for women to smoke. We hope he is not correctly quoted. He is from Texas, where the use of tobacco is quite common among women folk. Up to a relatively recent date there probably were more women tobacco users in the state of Texas than in all the northern states combined. Less than a generation ago it was quite exceptional to find a woman in certain sections of the rural South who did not use tobacco, usually in the form of snuff. They "dipped," as it was and still is called. We do not remember ever seeing a display of snuff on the shelf or in the window of a northern store. In the South it is, or was, as common as canned goods. The time was when an evangelist in Texas would have been very indiscreet indeed if he had attributed "indecent" to women who used tobacco, and we submit that if it is to be used the salutary cigarette is far preferable to the snuff stick or the little silver spoon with which ladies of quality "dipped." We are not criticizing them; we have no quarrel. It is their own business. Some of the finest women in the land have used snuff, as some of the finest women in the land smoke cigarettes. Our criticism is directed at those who hook up tobacco with immorality, whether the tobacco user be a man or a woman.—New York Telegraph.

Mrs. J. R. Copeland returned Tuesday from a visit with relatives in Baird.

Another Tariff Joke

Roxton News: The high protective tariff would be a good thing for this country if there was a market at home for the produce we have, but it will interfere with international cooperation just at a time when the war spirit is passing away. There must of necessity be imports and exports in all countries, and it is a poor rule that will not work both ways. There are a great many things we must import if we use them and there are as many we must export if we sell them.

Precisely. A country which hopes to adjust its tariff laws so as to shut out imports and expedite exports is simply pursuing the dog-and-bone policy, and to the same end that the dog came to. When the outside world can't sell in American markets it sells where it can, and buys where it sells. The Republican party's emergency tariff measure slapped a 7c a pound tax on imported long staple cotton, for "the protection of the Southern farmer." Theoretically, that tax should have made American long staple cotton bring at least 6c a pound more than under the Democratic tariff bill, which put no tax on that product's importation. What is the result? Ask any long staple cotton raiser in Texas or Mississippi or the Carolina Sea Islands. Ask him and he will tell you that since that "protection" was given him there has been a smaller premium on long staple cotton than before. The difference in price between long staple and short staple, under the "protective" tariff, has become so small that the really long staples have lost favor among the planters. They can make more money, except in special cases, out of the short staple which has no theoretical protection than out of the long staple which has a theoretical protection of 7c a pound. State Press is a free trader. He believes in open markets, openly arrived at.—State Press in Dallas News.

Why Mail is Often Delayed

Many persons and companies, giving their addresses in mailments in newspapers and literature, stationery, etc., do not give their street addresses, and consequently this important information does not appear on letters or mailments in response to mailments or correspondence.

Such omission causes inconvenience and additional postal service and frequently the delivery of mail, which is the cause for complaints against the post office. It is urged that mail addressed to street number or P. O. box number, in case of emergency, may be delivered.

A definite address on other mail will facilitate the delivery thereof to the proper party of all concerned.

Methodist Notes

Last Sunday we had a talk on Palestine the manners and customs of the people at the present time, that was given by Mr. Troutman, and proved of extreme interest. This Sunday directly after the Sunday School lesson, Mrs. Morris and Miss Mary Johnson will have charge of a brief Easter program of readings and songs just in advance of the church service.

We had two such splendid sermons last Sunday by Bro. Hardy, leading up to the opening of our revival that will begin on Easter morning. We expect to have a great meeting, for with the excellent sermons by our pastor whose last is always best, and the splendid choir under Mrs. Morris, who stays on the job the year round, together with the much famed Wisdom Sisters who will be here to help. We could hardly fail to have a wonderful meeting. We invite every one who has the opportunity to come and reap the benefit to be derived from these services.

On Tuesday afternoon at 3:30 the Tourist Park baby, Shirley Elaine, was christened at our church by Bro. Hardy. Our Sunday school presented the little one with a gold ring. We are to have a few more christenings on Easter at the church service.

Owing to the sand storm on Monday afternoon there was no Bible study, but the new books are here and Mrs. Morris is giving them out to all who will join the course. Next Monday at 3 the social service session will be held at the church, where plans will be laid for definite work during the revival. Let all Methodist women plan to attend.

On last Sunday night we had a duet by Misses Ruth Johnson and Martha Hoard that all who heard enjoyed tremendously. We hope to have them at the S. S. hour soon.

This is the Sunday that our Sunday school has set apart to raise our centenary pledge. Easter envelopes have been given to all members of the school, and we know we will put this over with the usual success. Last year Miss Bellah's class "led all the rest" paying over one hundred dollars; but this year with 50 members in Mrs. Morris' class and about as many in Mrs. Flew-ellen's we expect more competition. Also the free will offering from the Men's Bible class, if one man is a sample giver, will be a good sum itself.

Besides these large classes in attendance, we have others ranging from 15 to 25 in number, who make for bigger offerings than you would expect. Watch for the list of banner classes in next week's Herald. It will be an inspiration to see the way our Sunday school puts over our Pledge to Missions. It is one of our greatest works outside the Bible study. The Supt. looks for a splendid response and her school has yet to fall her. (This is written with fingers crossed.)

Bob Austin and L. A. Turner left Sunday for a fishing trip near Menard.

WANT ROAD BUILDING TO COST LESS

Thomas H. MacDonald, chief of the Bureau of Public Roads, wants to cut down the cost of road building throughout the United States. He called highway officials of many states to Washington, and asked for standardized specifications which would permit plants to furnish materials to all states at greatly reduced costs.

What's Going to Happen to Us

Being a scientist is a wonderful thing. If you can get enough people together to hear you, you can shock them most gloriously. Likewise, if you know how to shock them most gloriously, you can get enough people together to make a hearing. Prof. Edwin C. Conklin teaches something or other at Princeton, it seems. But recently he journeyed over to New Haven and gave the good people in and about Yale a lecture on "The Future of Evolution." Professor Conklin comes to the cheerful conclusion that evolution hasn't much of future. The race is headed for the dogs unless society takes steps to bring about artificial selective mating among the human species. Besides all that is the problem of race amalgamation and any number of other discouraging features. That is to say, they discourage Professor Conklin.

"Most people think," the professor told his audience, "that man is far better physically and intellectually than centuries ago. As a matter of fact, there is no good reason to believe that there has been any material change in the human race since the last ice age, about 20,000 or 30,000 years ago. So far as man's cranial capacity is concerned, there has been no increase in that time." If that doesn't make a case of an evolution that has stopped evolving, what sort of case does it make out? No wonder that the savants of Yale batted their eyes and swallowed hard at such statements.

The chief discouragement which oppressed Professor Conklin was that Harvard graduates produced an average of only three-quarters of a son, with Yale graduates a bit better than that, while Vassar's rate is only a half a daughter per graduate. Without going into the theory of fractional progeny, the professor concluded that this proved that the best classes are subject to "race suicide" to such an extent that the future is dark—all dark. Unfortunately, the professor did not go back into the ancestry of Yale and Harvard and Vassar graduates—all of whom are increasing in numbers from year to year—and determine whether a Yale ancestor is absolutely necessary to produce a son of Yale grade. If, for example, it should turn out that a kindly though uneducated person who never heard of Vassar might give birth to a creature who subsequently might lead her class in that institution, perhaps the fears of the professor might be set at rest. What that discovery would do to the theory of evolution is, of course, another matter. The world, however, has a way of wagging on in spite of theories, anyhow. Perhaps we may survive. Perhaps—Dallas News.

Tag Day April 22nd

Saturday April 22nd will be Tag Day for the benefit of the City Federation. This has become the established manner of celebrating San Jacinto Day in our town and no more appropriate or patriotic way could be found. As the 21st comes on Friday the day will be observed on Saturday in order that the school children may take part. With Mrs. W. W. Rix, who holds the championship for Tag Day management in charge of affairs, success is assured.

Every Texan is a patriot at heart. Patriotism, like sweet charity, begins at home. Buy a few tags to boost your own home town. You will never miss the little dime, yet they make big dollars and a nice sum is thus raised each year to aid in the uplift of the town. Every proposition for its betterment, beauty and sanitation is duly considered and financially aided where possible.

W. A. Tunstall of Fort Worth was here Tuesday to investigate oil developments in this section.

"Come on, Alice, you know Mother said we are going to have Kellogg's Corn Flakes for lunch. And that's the kind I like to eat about a whole box of, because they ain't tough to eat! Come on an' hurry up!"

Kellogg's Corn Flakes are a taste-thrill at meals or any time

That's because Kellogg's Corn Flakes are so deliciously flavored—the Kellogg flavor that is known all over the civilized world! You, as well as the little folks, can eat great bowlfuls of Kellogg's Corn Flakes day after day—and each sunny-brown, crispy, crunchy spoonful thrills the taste as though it was the first!

Put Kellogg's in comparison with imitation corn flakes! Kellogg's Corn Flakes are never tough or leathery or hard to eat! They are all-the-time crisp, all-the-time good! Don't miss such enjoyment!

Insist upon Kellogg's in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes! NONE ARE GENUINE WITHOUT IT!

Don't forget, KELLOGG'S Corn Flakes are made by the folks who gave you the JUNGLELAND Moving Pictures. Coupon inside every package of KELLOGG'S Corn Flakes explains how you can obtain another copy of JUNGLELAND.

Y. M. C. A. Auxiliary Meeting

The Ladies Auxiliary of the Y. M. C. A. met in regular session Tuesday April 11 at 3 o'clock at the "Y." Mr. Holmes met with us and after the opening exercise addressed the members. As chairman of the board of directors of the Y. M. C. A. he expressed their appreciation of the help the Auxiliary had been in the past and pledged their cooperation in the future. He told of some of the things the board would like to see accomplished in making the Y. M. C. A. at Big Spring a bigger and better "Y" than any in West Texas. Among the things they would like to do is to install a swimming pool with an auditorium above, two things greatly needed here, especially the auditorium, as with the exception of the churches and high school there is no place that will accommodate any size crowd. We need some place that will seat six or seven hundred people wherein to give concerts, lectures and like entertainments. He said they would like to make the "Y" so attractive that every man and boy in Big Spring would want to become a member.

Mrs. C. H. Bussey of Tampa, Texas, favored us with a reading which was greatly enjoyed.

The subject of what the Auxiliary could do to help improve the rooms upstairs was discussed; it was decided to arrange the kitchen more conveniently, buy some dishes and glasses, put sash curtains in the smaller rooms and any other improvements our finances would permit. A committee was appointed to attend to this matter.

Jess Slaughter Announces

We are authorized to announce Jess Slaughter as a candidate for the office of Hide and Animal Inspector of Howard County and his name appears in the announcement column of this issue. He announces subject to the action of the Democratic primary, July 22, 1923. Mr. Slaughter is known to the greater part of our citizenship as he has been a resident of our county for the past twenty-five years. Having spent the greater part of this time on the ranch he is familiar with all the brands in this section and would be able to render good service as hide and animal inspector. He is a young man who is esteemed by all who know him and if elected could be depended upon to faithfully and efficiently attend to the duties of this office.

You are requested to remember his candidacy when casting your ballot in the July primary.
