HOME TOWN TALK

By Beddy

APPLICATIONS, we are informed, are now being examined and appointment of an experienced man as city sanitary inspector will be made very soon.

He will have charge of the enforcement of all laws relating to sanitation, civic hygiene, and the standard milk ordinance, which is already on the city's statute books but has not been enforced.

ENFORCEMENT of the milk ordinance should especially be to the letter of the law. There is nothing more detrimental to the health of a community than impure milk. This ordinance provides that cows from which milk consumed in the city is produced must be tested to determine whether they are diseased. It also prescribes methods and arrangements of producing, handling and marketing the milk that are designed to protect public health.

The new sanitary inspector should receive the warm cooperation of the public. Of course there will be some isolated cases where individuals, with a distorted idea of personal freedom, will feel unhealthful practices of their own should not be interfered with, forgetting that they also are endangering the physical well being of fellow residents.

THERE will be, no doubt, a few cases where the cost of making changes necessary under terms of the milk ordinance will work some hardship. These matters will just have to be worked out as quickly as possible.

The city league boys appear to be organizing in a much firmer and more sensible basis this year than last. They will provide a tremendous volume of amusement for the public, not to speak of the players themselves.

AMATEUR baseball organizations usually can get along some way financially so long as things go smoothly within the organization. But, unfortunately, oftentimes individuals refusing to abide by league rules or umpires' decisions (which are the foundation and the law upon which any organization of the type must stand if it stands at all) or attempting to "rule or ruin" wreck the organization.

It is sincerely to be hoped nothing of that sort happens here. If not, then we predict you'll be greatly surprised at the size of crowd that will be attending the games before the playing season is well under way.

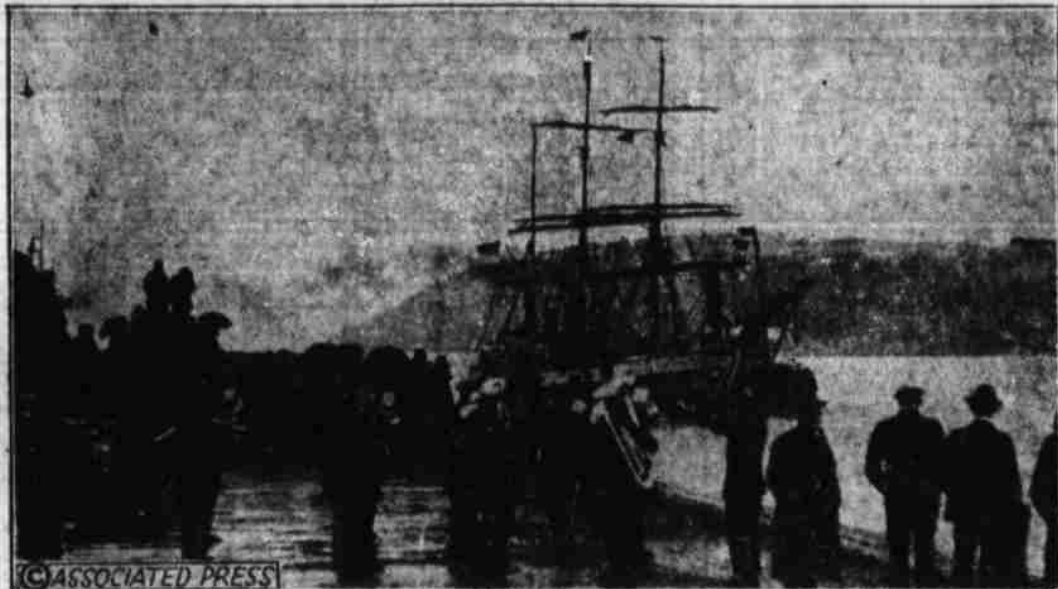

Dudley To Open Store Friday

The L. B. Dudley five, ten and twenty-five cent store, Main street, in the building just completely remodeled and formerly occupied by the Stone Variety Store, will be opened for business Friday, Mr. Dudley, who will operate the store and personally manage it, announced. Mr. Dudley has moved his family here and will reside here permanently. He has been in this business for many years. "We will display a large and complete stock of five, ten and twenty-five cent articles, and all of it is new stock," he said.

Southwestern A. P. I. Production Section Convenes In Midland

BY STANLEY NORMAN
Herald Oil Editor

MIDLAND, April 10.—Members of the southwestern division of the American Petroleum Institute, production division, were ready Thursday afternoon to elect officers for the ensuing year and to hear a report from the committee on a standard power rate structure, after various papers and discussions relative to the petroleum industry had been heard during the morning session.

More than 300 petroleum engineers and executives of major oil companies were registered at the Scharbauer Hotel where the spring meeting is being conducted.

W. H. Meier, district chairman of the American Petroleum Institute, who is connected with the Atlantic Oil and Producing Company, called the meeting to order Thursday morning and immediately launched the formal program.

Most of the Thursday morning session was devoted to a paper by L. E. Barrows, division manager of North Central Texas for the Texas Company, on the "Method of Production in Texas Fields." Mr. Barrows, in the course of his paper, said: "No one who subscribes to the idea of cooperation, practical conservation, economy, efficiency, reduced physical and economic wastes, and public interest, can conscientiously oppose the fundamental purposes of these plans when they are fairly applied."

MILLER NEW LABOR HEAD

N. L. Miller, Jr., of the Typographical Union, was elected president of the Big Spring Central Labor Council at its regular meeting Wednesday evening. He succeeds Tom L. Baxter, also of the printers, who has left the city and whose resignation was submitted last night.

A communication from Plumbers' Union No. 480 requesting assistance of the central body in an attempt to remedy what was declared to be an unsatisfactory local condition relative to enforcement of plumbing regulations was read.

It was decided all possible assistance would be given and a committee composed of Messrs. Newton, Crenshaw and Munn was named to go before the city commission. International President Schulte of the Retail Clerks addressed the gathering. Messrs. Crenshaw and Hucabee of the retail clerks were introduced. The Barbers' delegate announced that local had a special organizing campaign under way and urged assistance of all crafts.

Carpenters Hear State Officials

This week's meeting of Carpenters' Local, No. 1634, in W.O.W. hall was featured by appearance of J. Rex Anderson, secretary-treasurer of the Texas State council of Carpenters, and Bob Roberts, who is traveling representative of the Carpenters and Joiners of Oklahoma and Texas.

Mr. Anderson represented the state council at Austin before the legislature. He explained at length the present agitation to centralize and industrialize the prison system and told how various measures as proposed were detrimental to free labor and were, therefore, opposed by himself and other labor representatives.

Mr. Roberts touched briefly on the prison subject but went further and stressed the point that all citizens and laboring people, particularly should interest themselves in political and legislative matters. He dwelled at length on Mexican immigration.

N. G. Shelby, J. L. Mauldin and George W. Page attended a Greyhound Lines staff meeting in San Angelo Wednesday.

Teachers Must Be Enumerated Where Employed

Teachers and other persons who do not reside here the entire year, as well as other part time or temporary residents, must, under the federal census regulations, under the department of commerce, be enumerated as residents of Big Spring if they were here on April 1. Local enumerators, working under Phocian C. Beard of San Angelo, district supervisor.

Numerous persons who do not expect to be here permanently have either demurred or attempted flatly to refuse to be enumerated by local census workers. This regulation is one of the official ones which may be enforced by federal prosecution if necessary.

Tennessean Will Speak Here Tonight

Dr. Egbert Smith of Nashville, Tenn., renowned author, lecturer and traveler, will fill the pulpit at the First Presbyterian church Sunday morning and Sunday evening, Rev. R. L. Owen, the pastor, has announced.

Beginning April 1 Dr. C. T. Caldwell, pastor of the First Presbyterian church in Waco, will conduct revival services at the First Presbyterian church here. The services will continue for ten days.

King Reed Jurors Get No Verdict

Although deliberation has been underway 19 hours, the jury which received the King Reed murder case at Stanton late Wednesday afternoon had not reported at 3:30 o'clock Thursday, according to a report from Stanton.

Judge Charles Klapproth had not interrogated the jury, but close followers of court procedure expect the judge to ask for a report early Friday morning.

TWO SMALL CHILDREN RESCUED FROM BURNING PAGE HOME BY PLUCKY NEGRO SERVANT BOY

Henry Oliphant, 24-year-old colored boy, yesterday saved the lives of Joe Nell and Roy Page, children of Mr. and Mrs. George Page, whose home in Edwards Heights was completely demolished by fire.

Henry, who has been working only a short time for the Pages, was badly burned in his efforts to put out the fire and save the children.

When he was seen today and urged to tell his story he looked very weak and shaken.

"Well," he said, "I was watching out front and back, and helping the children bathe."

"Mrs. Page had just gone to town a little while before and the children and I were there alone."

"Jo Nell, that's the little girl, had finished her bath, and was

Farish Says Supply-Demand Ratio Is Better

The Cooden Oil Company will meet the crude oil advances posted by Humble and Magnolia, Ray Simmons, of the Cooden pipeline division announced from the company's headquarters here Thursday afternoon.

Cooden's schedule of prices will be identical with that of Magnolia and Humble he said, and the new prices will be effective at the same time, he said.

NEW YORK, April 10 (AP)—Advances in crude oil prices in the Texas and mid-continent fields were announced today by the Standard Oil Companies of New Jersey and New York, marking an end to the price cutting would, unless decision begun in January.

Increase of about 10 cents a barrel were made by the Humble Oil and Refining Co., subsidiary of Standard of New Jersey, and the Magnolia Petroleum Co., subsidiary of Standard of New York. This compares with reductions since early in the year running from about 5 to 30 cents a barrel for various grades of crude.

President Farish of Humble made it clear that fresh price cutting would ensue unless producers continue to keep their output in balance with the consumer demand.

HOUSTON, Tex., April 10 (AP)—Humble Oil and Refining Company, effective today, advanced the price of crude oil in Texas and New Mexico.

The new price for Ranger, North Texas, Mexia, Powell, Boggy Creek, Richland, Wortham, Lytton Springs, Currie, Moran, and Nacona crudes 34 to 34.9 gravity is \$1.22, increasing three and one half cents a degree up to 44 and above, making the top price \$1.57, with differential below 34 gravity five cents a degree, making bottom price below 25 gravity 72 cents.

For Gray county crude the new price for 34 to 34.9 gravity is advanced from 59 cents to \$1.05 1-2, with five cents a degree differential below 34 gravity, making bottom price below 29 gravity 75 1-2 cents, observing a differential of 3 1-2 cents a degree of gravity from 34 to 44 and above, making the top price \$1.40 1-2.

LINDLEY TO HOLD REVIVAL

Beginning next Sunday morning Rev. D. R. Lindley, who began his work last Sunday as pastor of the First Christian church, will conduct a series of revival meetings. His theme will be "The Cross."

Mr. Lindley is planning a series of pre-Easter services leading to a decision day on Easter Sunday. The music will be under direction of Mrs. Omar Pittman and in addition to inspirational song services there will be special music at each service. The revival will close on Easter Sunday evening with a cantata by the choir.

Each evening at 7 o'clock there will be a special young people's conference in the basement of the church, which will be an open forum on the problems which confront the youth of today.

Following are the subjects which the evangelist will discuss during the revival: Sunday, April 13, 11 a. m., "If Jesus Were A Citizen of Big Spring; 7:45 p. m., "The Most Challenging Question of the Twentieth Century."

Monday, April 14, 7:45 p. m., "The Three Crosses."

Tuesday, April 15, 7:45 p. m., "The Voice from the Cross."

Wednesday, April 16, 7:45 p. m., "Who Crucified Jesus?"

Thursday, April 17, 7:45 p. m., "If Christ Were to Come to Big Spring Would He Be Crucified?"

Friday, April 17, 7:45 p. m., "The Bystanders of the Cross."

Saturday, April 19, 7:45 p. m., "The Message of the Cross."

Sunday, April 20, 11 a. m., "The Message of the Cross;" 7:45 p. m., Cantata by the choir under direction of Mrs. Pittman.

OKLAHOMA CITY, April 10 (AP)—Details of the capture of J. E. Bristow, Oklahoma and Texas oil man, released for ransom paid his bandit captors Wednesday, were given for the first time in a copyrighted dispatch to the Oklahoma City Times today from its staff correspondent, Merle Blakely. The newspaperman's story, obtained soon after Okie Bristow, son of the oil man, had greeted his father in an adobe house in Ahuacatlan, Nayarit, where messengers who made the ransom deal with Cruz Delgado, bandit chieftain, delivered the captive, follows in part:

"Bristow left Tepic on March 5, with an interpreter and three peons. He was clad in overalls, was shaven and well kept. He was in high spirits, with prospect of a fortune in zinc lying before him.

"The party penetrated into the Caracol mountains. On the fourth day they were accosted by two almost naked peons, armed and spitting out Mexican threats.

"The peons took Bristow before Cruz Delgado, chief of one of the large Viva La Cristo groups of outlaws. There he was told that he would be held for ransom, with death the penalty for default.

"Bristow wrote the ransom message, and it was delivered to Tepic by Charles Fields, the American interpreter. Before Bristow left for the wilderness he had entered into a 'treaty' with the Cristeros group. He was not to be molested provided he opened the zinc mine and gave employment for some of the Cristeros. Apparently treaties with the Cristeros are regarded as scraps of paper, especially if the benefits accrue to only one group of the far flung tribe.

"I felt on the second day out of Tepic that I couldn't depend on the Cristeros, but I thought I could buy them off," Bristow told us.

"Several days passed after the capture and Bristow was not harmed. Eight of the bandits stayed constantly with him while four others spent most of the time away, sometimes acting as outposts and sometimes as foragers, riding into mountain towns for food. Meanwhile, the group pushed into the mountains, Bristow mounted on a donkey.

"There is a touch of comedy in the ransom bargaining. Delgado first demanded 30,000 pesos (\$15,000). When the soldiers pushed their pursuit, he raised the ante to 40,000 pesos. Okie had the money and was prepared to pay it, but his scouts were shrewder, apparently, than the bandit chieftain, and Delgado finally accepted 3,000 pesos and called it quits.

"After the money was paid, Bristow was turned over to Okie's ransom scouts. From the desolate sides of the volcano where he had been held captive, they led him in the

DALLAS MAN SHOTS SELF

DALLAS, Texas, April 10 (AP)—Awakened by a gun shot, Mrs. Nellie Lee Simpson early today found her husband, James P. Simpson, prominent advertising man, lying across a bed in their home here with a bullet wound in his head. His condition was described as critical. Mrs. Simpson said her husband had complained of being ill.

ASSISTANT CASHIER IS WOUNDED

Detectives, On Guard After Tip, Open Fire Quickly

FORT WORTH, Tex., April 10 (AP)—Two negroes who attempted to rob the First State Bank of Polytechnic, a suburb, were shot to death at 12:10 p. m., today in the bank. Assistant cashier J. M. Fry was wounded, perhaps fatally.

Police had been given a tip that the robbery was planned, and city detectives had been stationed in the bank.

Falls in Bank

One of the negroes was shot down in the bank by Detective E. E. Weatherford, and the other negro was slain as he fled down the street by John Alsop, former city policeman and special guard at the bank since the tip it would be robbed was received. Alsop struck the fleeing negro with buckshot from a sawed off shotgun. No loot was taken from the bank.

Weatherford, stationed on a balcony, opened fire at the two negroes and wounded both in the face. The negroes returned the officer's fire, and one of their bullets struck the assistant cashier.

When the two negroes entered the front door of the bank with pistols drawn, they called "Bite'em up." Fry and E. M. Perkins, employee of the Continental National Bank, were in the front office while Otis Coleman, a clerk and Bob Turner, office boy, were in the rear of the bank.

Fry and Perkins complied with the command of the negroes and began backing around the desks.

"If you want the money, you'll have to come after it," Fry said.

Just then Weatherford on the balcony at the rear of the bank, opened fire. The return fire of the negroes followed, and Fry fell to the floor with a bullet in his head.

The shots shattered the plate glass in the front of the bank.

Alsop, stationed across the street in a store, opened fire when one of the negroes fled out of the front door.

\$40,000 FIRE IN GAINESVILLE

GAINESVILLE, Texas, April 10 (AP)—Loss estimated at \$40,000 was caused by a fire of undetermined origin here today which destroyed a corrugated iron building covering half a block on Market Square and occupied by the John Kempin Feed Store and mill, the Gainesville Chicken Hatchery, the Miller and Ballard produce house, a veterinary and a blacksmith shop.

ATHENS BOY KILLED

ATHENS, Tex., April 10 (AP)—Robert Earl Skinner, 12, was killed here yesterday when struck by an automobile.

EIGHT CONVICTS ESCAPE

HUNTSVILLE, Tex., April 10 (AP)—Eight convicts who escaped from the Eastham prison farm, near here, by prying boards from the flooring, remained at liberty today. They had been held in solitary confinement. Three peons with bloodhounds pursued them after their escape was discovered yesterday.

N. T. S. T. C. GIRL DEAD

DENTON, April 10 (AP)—Miss Augusta Capps, 24, daughter of Mr. and Mrs. J. N. Capps of Colina and a student at the North Texas State Teachers College here, died today of injuries suffered in an automobile accident on the Fort Worth highway near here yesterday.

SEEKS RADIO DATA

DALLAS, Tex., April 10 (AP)—Radio inspectors in Texas planned today to begin a survey among radio listeners in the states as a part of the federal radio commission's effort to learn what listeners think of the country's broadcasting stations.

The survey also will seek data on which stations are heard best in daytime and at night, distances served by day and night.

ed his paper before the group present. E. G. Allen of the Shell Petroleum Corporation, was asked to discuss a few points brought out. Mr. Allen told his audience that the first mention of proration caused oil men to shudder for fear some other agency would take a hand in their business. However, said Mr. Allen, through careful selection of umpires and through appointment of R. D. Parker as chief supervisor for the oil and gas division of the railroad commission, a spirit of cooperation has been developed between operators and state authorities that has proven beneficial to both parties concerned.

Ray Richmond, proration umpire in the Yates field of Pecos county, recognized as probably the greatest potential oil producing field in the state, talked next explaining structure of the proration plan there. Mr. Richmond told how the discovery well in the Yates pool first started producing oil Oct. 25, 1926 from 1,004 feet at the rate of 75 barrels daily. Later the well was deepened and received an increase. Again the discovery well was deepened to its present total depth of 1,150 feet and started producing at the rate of 2,951 barrels per hour. From Oct. 25, 1926, until Jan. 1, 1930, No. 1 L. G. Yates has produced a total of 1,215,012 barrels.

Mr. Richmond said there are now 373 producing wells in the Yates field with a daily potential of 5,377,880 barrels daily. Petroleum engineers and major company officials are now attempting to develop a method of testing potential output in the Yates pool without flowing wells open for 12 hours as is now being done.

E. E. Andrews, proration umpire of Howard and Glasscock counties, was in Midland Thursday and following Mr. Richmond's report was asked to tell of methods adopted in his area and how they are being received.

Mr. Andrews painted a picture vastly different from that worded by Mr. Richmond, telling how insufficient gas to flow wells is present in Howard and Glasscock counties and how all proration is based entirely on per centage of potential. No well producing from proration pays in Howard or Glasscock counties is restricted to less than 200 barrels daily, Mr. Andrews said.

ADVANCE

counties' crude prices were advanced from 84 to 92 1-2 cents to 24.9 gravity, with five cents differential below 34 gravity, making the bottom price below 32 gravity 77 1-2 cents and increasing 3 1-2 cents a degree from 34 to 44 and above, making the top price 44 and above \$127 1-2.

Postings for Wheeler county were discontinued.

On all other crudes an advance of ten cents a barrel was posted.

In connection with the price change, W. S. Farish, president of the Humble Company, said:

"The advance posted is made possible by the improvement in the relationship between supplies of crude and refined products and the market demand therefor and by the improvement in the wholesale market for gasoline."

TULSA, Okla., April 10 (AP)—The Carter Oil Company, subsidiary of the Standard Oil Company of New Jersey, today announced an advance in the price of Oklahoma and Kansas crude oils. The increase averages 10 cents a barrel on higher grades and more on lower gravities.

The Carter company's new top price is \$157 a barrel for oil testing 44 degrees gravity and above, an increase of 13 cents a barrel. For each degree of gravity down to 32 degrees baume, quoted at \$115 a barrel, there is a 3 1-2 cents a barrel differential. Below 32 gravity the differential is five cents for each degree down to 25 gravity crude and below, which is priced at 80 cents a barrel.

Konjola Gave My Daughter Back Her Health

New Medicine Wins Wonderful Victory After Other Remedies And Treatments Fail

MISS ELIZABETH MITCHELL

"Konjola gave my daughter, Elizabeth, aged 13, back her health," said Mr. Mitchell, the child's father who resides at 815 1/2 East Second street, Little Rock. "Elizabeth was suffering from kidney trouble, nervousness and a general rundown condition. I tried many medicines and treatments and spent a great deal of money but nothing seemed to do any good until I tried Konjola. Ever since she entered school she had been losing weight, strength, and vitality. Her weak kidneys have become normal and her bladder actions as they should be. Her nerves have so improved that she sleeps well at night. Her food digests and she is growing strong and healthy. She has gained weight, strength and energy. In fact my daughter is in better health than she has been in years and we owe it all to this great medicine, Konjola."

Konjola has become the most talked of medicine in America because it makes good. And Konjola makes good, even in the most stubborn cases, when given a fair trial. Six to eight bottles is considered a fair trial.

Konjola is sold in Big Spring at Collins Bros. drug store, and by all the best druggists in all towns throughout this entire section.—Adv.

meeting of the Entre Nous Bridge club yesterday afternoon at the home of Mrs. J. D. Oxheer. Guests of the club were: Mrs. Frank Hamlin and Mrs. I. S. Petty. Members present were: Mesdames Tom Ashley, J. J. Long, Victor Martin, Lloyd Barker, Wilburn Barcus, Travis Reel, Bruce Frazier, Ira Thurman and E. H. Happell.

Personally Speaking

J. C. Pickle, son of Mr. and Mrs. Arthur Pickle, underwent a minor operation at a local hospital today.

Mrs. Ashley Williams attended a luncheon in Midland today.

Mrs. Carl Reagan and son Pat of Tocopilla, Chili, South America, are visiting Mrs. B. Reagan. Mr. Reagan will arrive from South America in September. Until then Mrs. Reagan will visit in the states.

MIDWAY

By MERLE ROBINSON MIDWAY, April 10.—Forty pupils, teachers and patrons of Midway community went on an outing to the Seven Wells near Colorado, Sunday. Following a picnic lunch the boys played baseball, the girls amusing themselves by wading and boating. One of the girls slipped into one of the "wells." Only the timely arrival of Mr. Tonn saved her from drowning.

Late in the afternoon the party, consisting of the following, returned to their homes: Mesdames Kirk

Stomach Troubles Headache and Dizziness

If your stomach is sick, you are sick all over. If you can't digest your food, you lose strength, get nervous and feel as tired when you get up as when you went to bed.

For 10 years Taniac has restored to health and activity thousands who suffered just as you do—many of them right here in town. For instance, here is a letter from Mr. Nicholas Buynak, who says: "Indigestion was carrying me down at an alarming rate. One time it had me laid up in bed for six weeks. Taniac has me eating, sleeping, and feeling fine and I don't believe it has an equal."

Let Taniac do for you what it did for this sufferer. It corrects the most obstinate digestive troubles—relieves gas, pains in the stomach and bowels. It restores appetite, vigor and sound sleep.

Taniac is made of roots, barks and herbs. Get a bottle from your druggist today. Your money back if it doesn't help you. Accept no substitute.

Digby, Adrain Porter, Henry McKay and Lester Merrick.

Mrs. M. R. Showalter, county health nurse, met here Monday afternoon with women of the community, who organized a health club. Fourteen women attended. Mrs. Showalter will give them a series of twelve health lectures.

Mrs. Scott and Henderby met with the girls of Midway and organized a "Life Saving Guard's Club." The following leaders having elected: Mrs. Scott, temporary leader; Essie Robinson, temporary leader; Maurine Hardin and Merle Robinson, patrol leaders; Margaret Vick and Johnnie D. Hardin, corporals; Merle Robinson, song leader, and Dorothy Hoover, yell leader. Thirteen girls were present.

The community is rejoicing over progress being made on the new school building. The concrete foundation has been finished and Mr. Guthrie, the contractor, will begin with the superstructure at once. Several carloads of materials already have been brought to the site, which is immediately east of the present building.

Misses Essie and Merle Robinson have 200 Rhode Island red baby chicks for their 4-H club project. They have a home-made brick brooder that cost \$3.55, which appears to be just the right thing for the purpose. Anyone interested in a better brooder at low cost is invited to inspect this one. They reside 5 1/2 miles east of Big Spring.

Alton Denton has returned from Port Arthur where he has been working for about five weeks.

Miss Alice Ferrell, young daughter of Mr. and Mrs. Kirk Ferrell is reported to be doing nicely. She suffered a fractured arm in a fall last week.

Mr. and Mrs. Charlie Robinson and Walter Robinson visited their brother, Will Robinson in the Salem community Sunday. Will Ro-

binson has been quite ill for some time. He was able, however, to go for an automobile ride Sunday.

Rev. Mont Robinson from Lamesa will preach at Robinson chapel church Saturday evening and Sunday morning. The public is invited to attend. Sunday school will be held at 10 a. m.

Miss Pauline Cantrell, county superintendent, visited Midway school Wednesday morning. She told the pupils of her trip to Atlantic City, N. J., to the National Educational Association convention and showed many pictures taken on that trip.

City Considering Applicants For Sanitary Inspector

The City of Big Spring is working on the matter of employing a city sanitary inspector, whose duty will be to enforce all ordinances affecting sanitation, including the milk ordinance. City Manager Smitham said Thursday.

Two men have been here this week interviewing city officials. They are experienced and have made this sort of work a specialty. Both are applicants. Appointment of a man to fill the position is expected soon.

Building Code Study Urged By City Manager

City Manager Smitham Thursday issued an appeal to the people of the city to acquaint themselves with provisions of the city's standard building code before letting contracts or doing any construction within the city limits, and especially within the fire limits.

He said that it is much easier to begin right than to find that some construction not allowed by the law has been done and must be torn out and rebuilt.

Many persons have waited until contracts have been let and construction started before saying anything to city officials. Oftentimes this necessitates changes in the estimate of costs.

Building permits should be taken out before and not after construction begins, he said.

Six Texas railroads shipped 12,188 cars of farm products during February—Crosby, Fort Worth, etc.

the **Catastrophe that befell Mrs. Greer's Cake**

One of Mrs. Greer's masterpieces—an angel food cake—was basking in the oven's glow, taking on that coat of tan so fashionable these days—especially necessary to cakes of quality.

"Some think it's all in the beating," said Mrs. Greer inwardly as she cautiously lowered the door and peeped in, "but I claim that baking has just as much to do with it."

Just then . . . the telephone in the front hall rang.

"What can you expect?" she asked irritably when her husband came home a few minutes later. Between them they viewed the ruins of what had once been a promising cake. Tears welled up in her eyes.

"I can't bake a cake and answer the phone at the same time," she wailed.

"No, you can't," soothed Henry Greer, as he put his arm around her. "What you really need, I guess, is an 'extension' telephone near the kitchen."

Telephones where you need them save time, steps, housewifely patience—even scorched cakes. Had Henry Greer but known it, telephones are being installed in kitchens, these days.

Few know that the extra cost of one or two "extensions" is somewhat less than that of the single telephone they now have.

By a wisely placed "extension" or two an expert telephone man can often double the convenience of the telephones in your home. Southwestern Bell Telephone Company.

The Safeway Lines' Sweetwater-Big Spring-Midland line has been discontinued temporarily, according to announcement by Bob Cantwell, chief pilot, in Sweetwater.

The damaged Lockheed plane which was used on the line and was slightly cracked up west of Sweetwater some days ago, was flown to Tulsa by Cantwell.

"For the present the Sweetwater-Midland run will be cancelled," said

Mr. Cantwell. "The business has been very slow and since there has been a crack-up which makes it necessary to repair the damaged plane we do not intend to bring another ship here within the immediate future." He said, however, that the line probably would be re-opened within the next few months.

Garden City

By MISS THELMA ESTEPP

GARDEN CITY, April 10.—A joint meeting of the ladies' auxiliaries met Monday afternoon at the Presbyterian church in a short business session. Several automobile loads of members then motored to the home of Mrs. V. V. Anderson for the devotional and a social hour. The devotional was led by Mrs. J. O. Heath, this having been the regular date for the Baptist ladies' program.

The hour was in honor of Mrs. Henderson of McCamey, mother of Mrs. Anderson. Twenty-two ladies attended. The auxiliaries gave a handkerchief shower and toasts were given, followed by games and refreshments of ice cream and angel food cake.

Those present were Mesdames Stephen Currie, John Wilcox, Lee Cox, S. R. Cox, H. R. Allen, W. A. Allen, Estep, Parker, Cox, Profit, Barks, F. S. Ratliff, Crouch, Ringo, Garner Ham, Heath, Jim Cox, Neal, Forehand, Henderson and the hostess.

Miss Bobbie Harrison of Stanton was in Garden City Sunday.

Mrs. Sam Ratliff and children visited Mrs. Cunningham Sunday.

Mrs. W. A. Allen and

two small sons, Mrs. H. B. Allen and son, Fina, were in Big Spring Saturday.

Allie B. Cook was absent from school part of last week because of illness.

Stephen Currie and family visited J. B. Ratliff and family Sunday.

Mrs. Currie and Miss Woods left Monday for their home in Zion City, Ill., after visiting here for several weeks.

Mrs. Anderson and daughters visited the Crouch family Sunday.

Myri Bryan was ill last week.

Grandmother Everett, Mrs. Randall and Mrs. Long took dinner Sunday with Mrs. Lee Cox.

Mr. and Mrs. Richards are spending the week in the east.

Joe Calverley and Henry Neal were away prospecting last week.

Mrs. D. E. Forehand and Mrs. Henry Neal and daughter, Katherine, and Myri Bryans, visited at Mrs. M. A. Allen's Sunday.

Marjorie Cook and Florienne Chaney spent Saturday with their grandmother, Mrs. Keathley.

Mrs. J. Cox is visiting her son, Finis Cox at Sterling City.

Fire of unknown origin burned over a section and a half of the old Gooch pasture Monday night before it was brought under control.

Mrs. Henry Currie and Edith were in Big Spring Saturday.

Mrs. Neal and Katherine were in Big Spring Saturday.

Rev. W. A. Allen filled his regular appointment here Sunday morning and was at Seale Sunday afternoon. Due to ill health he had not been able to preach at Seale this year. D. E. Forehand filled Rev.

Allen's pulpit Sunday evening, delivering a very interesting address.

Mrs. V. L. Roberts, Mrs. Townsend, Willie Forehand and Mamie Roberts were in Big Spring Saturday.

The sub-junior boys and girls held a declamation try-out last Friday afternoon, thirty-six having been entered. Winners were: Girls, Dorothy Rountree, first; Barbara Allen, second; Elizabeth Heath, Viola Mae Estep, Roberta Roberts and Billie Bigby, for third, tie.

Junior Shoemaker, first; Lester Ratliff, second; Belton Cox, third.

Mr. and Mrs. Richard Dixon and little daughter, Pauline from Hereford, visited in Garden City Sunday.

Mr. and Mrs. George Bogard are in Marlin, Mr. Bogard being under treatment there.

Phil Cox has leased the Bogard filling station.

LEVELLAND—Rapid progress is being made on laying gas mains.

SHELBY—Oil leasing underway in this vicinity.

Mrs. C. W. Davis was hostess to the O.F.F. Bridge Club Wednesday afternoon at her home. High score was awarded to Mrs. Robert Barce and cut prize to Mrs. W. A. Shaw. Members present were: Mesdames Robert Barce, W. A. Shaw, W. J. Barrett, Monta Halle, R. E. Lee, Howard Nall, W. H. SPORTS ON PARADE

COME AND GONE
The long talked of baseball game between the Bearded Beauties and Big Spring's amateur representatives has come and gone.

THE PEPPER
All we had heard about this game of "pepper ball" proved true and then some.

WATCH AND WAIT
During the ball game, which officially blasted the lid from the diamond season in Big Spring, a local real estate broker came struggling through the wind swept gate.

COME AGAIN
If we are still located here when another baseball campaign rolls around and the Bearded Beauties desire a ball game, we hope to have the pleasure of again dealing with the boys.

THANKS GUS
Right here and now we wish to express our appreciation to C. G. (Gus) Glascock, by trade an independent oil operator, but by fancy one of the best baseball sports in Big Spring.

THANKS SAMMY
We also wish to extend a word of gratitude to Sammy Bain, who made a long trip back to town, Wednesday afternoon, changed clothes and braved a swell and storm to umpire the bout.

Dawson May Lose Amateur Status
NEW YORK, April 10 (AP)—Johnny Dawson of Chicago apparently has played his last amateur golf in so far as the United States Golf Association is concerned unless he changes his method of making a living.

LOCALS PUT UP BATTLE FOR HONOR

Himbury Pound Out Three Hits During Dusty Battle

The Bearded Beauties, base ball nomads, capitalized on extra base wallops and on Big Spring's errors to win from the home club Wednesday afternoon 5 to 3.

For an early season game played in the teeth of a typical West Texas sandstorm the game was a thriller from start to finish. The 50 or 60 paid customers that braved the elements left the park with a collar full of sand and the satisfaction of having witnessed a much better ball game than anticipated.

Himbury, third baseman for the whiskered tribe turned in one triple, a double and a single out of five trips to the plate. He was on base a fourth time through Clover's miff of an easy too at first. In addition to smacking the apple at a lively clip, Himbury scored three of his team's six counters.

Two Wallops
Newton with one triple and Nesbitt with a well spanked double blasted out the only extra station wallops for the local amateur nine that offered battle.

Crouch, Big Spring hurler, and Snyder, who chunked for the visitors, both traveled the full nine inning route. Both pitchers toiled against the handicap of the high wind that made their intended straight balls do peculiar tricks and the intended curve balls to shoot across the plate as though fired from a rifle. Strike outs were paired, each man gaining four. Crouch had more difficulty getting the ball over, issuing four free transportations to first while his opponents was passing two hitters.

Outfield Good
Nesbitt, Brown and Carl Madison, the local outfielders, checked in some brilliant baseball. Impossible catches were made and despite the erring ball which traveled yards and yards from a normal course under influence of the wind, the outfielders managed to keep their territory well protected. Brown made a sparkling throw to the plate in the ninth inning cutting off Douglas who attempted to score from first on Peres' long single to deep center.

Snyder Effective
Snyder held the locals helpless for two innings, but in the third Blevins started things by poking a single over second base. Thereafter, the locals gained at least one blow in each succeeding stanza except the ninth when Newton, Nesbitt and Crouch retired in order. Crouch worked four hitless innings, the second, third, sixth and seventh.

Atz And Snyder Stage Near Fight Before Record Crowd

BY GAYLE TALBOT, JR., Associated Press Sports Writer

If opening day bouts were any indication as to what is to come, the Texas league is in for a fine, large campaign. There were at least one near fist fight, a record-smashing attendance in one city, and four lively skirmishes.

More than 35,000 fans, the greatest number ever to attend an opener in the circuit, packed Lagrave Field at Fort Worth yesterday to watch Manager Jack Atz's Dallas Steers pound out a 7 to 5 verdict. Frank Snyder, catcher-manager of the Panthers, and Atz almost came to blows in the middle of the diamond in the eighth inning, the opening gun in what promises to be a glorious feud between the two pilots.

Bufs Perform
The Houston Bufs, ranked next to the cats as favorite in the current race, lived up to expectations by trimming the San Antonio Indians, 7 to 4, in the Alamo city. Some 7,500 fans saw Floyd Rose, Buff righthander, set the Indians down with four hits.

The Wichita Falls Spudders, generally regarded as a weak entry, sprang the greatest upset by thumping Shreveport, 12 to 4, at Wichita Falls. Hal Wiltsie, veteran southpaw had the visitors at his mercy, holding them to one blow until the 9th inning, when he weakened. Crouch, Spud catcher, gained the honor of clouting the season's first homer in the second inning. Williamson was his victim. The crowd was estimated at 7,000.

Beaumont Wins
Del Baker began his managerial career in auspicious fashion as Beaumont noised out the Waco Cubs, 4 to 3, sending some 7,700 customers home happy. Molesworth new Cub shortstop, poled a homer in the ninth to tie the score, but the shipper came right back to set it up on Billy Mullen's double, his second of the game. Old Joe

Use Of Ball Park For Practice Is Apportioned To Relieve Congestion

Munson cracked three hits for Waco.

Of the inaugural tilt, that at Fort Worth easily was the thrill. Apparently hopefully licked after the Steers had piled up a seven-run lead off four assorted chunkers, the Cats came back to score five times in the last three frames and drive Dave Danforth from the hill in the ninth. The tying and winning runs were on base when Larmon Cox, pinch hitter, bounded to the infield for the final out.

Amateur Boxing Kings Are Named

BOSTON, April 10 (AP)—Having battered Sylvan Taylor, New York negro, to the canvas in less than a minute, Jack Pallat is amateur heavyweight boxing champion. He and seven other national champions were determined in the final rounds of the A. A. U. tournament last night. There were three nights of competition in which 94 boxers from 14 states and Hawaii started.

Five finals went the full three rounds. The officials were jeered when they awarded the welterweight title to Kelley, who appeared beaten by the last minute rally of his opponent, Joe Bernal of San Francisco.

McKINNEY—New department opened at Pratt Bros. store.

Interest in amateur baseball is reaching a point where it is practically impossible for any one group to secure the grounds for concentrated practice sessions because of congestion. Thirty-five or 40 athletes infest the park each evening all seeking a turn at the plate or desiring to try their hands at scooping up hot skinnies.

Because of growing dissatisfaction and to give each club entered in the Big Spring Amateur Baseball Association an equal chance, one night each week has been assigned to individual clubs during which no other club or its players are expected to crowd the diamond.

If two clubs desire to indulge in practice games, the bout must be played on one of two nights assigned to participating clubs, according to a ruling of the amateur association secretary-treasurer.

Starting Thursday night the following schedule for practice sessions will be observed: Monday, Laundrymen; Tuesday, Couden; Wednesday, Shops and Storerom; Thursday, Barbers; and Friday, Bankers. Saturdays and Sundays have been left open. If another team enters the association prior to opening of the season April 27 and finds it impossible to practice Saturday afternoon, the only date now open, an exchange may be effected with bankers.

TAFT—Annual meeting of Taft Compress and Warehouse Company of this city will be held April 14.

FARWELL—Plans being made for local dairy show April 25-26.

for Economical Transportation

it's wise to choose a SIX!

There is one sure way to get greater value in a low-priced car today—choose a Six!

This greater value is instantly obvious when you drive a Chevrolet Six. You notice first of all its greater smoothness. There is no tremor in the steering wheel—no rattle in the floor boards—no rumble or drumming in the body.

In addition to the finer performance of its six-cylinder motor, the new Chevrolet gives you truly remarkable economy.

Its six-cylinder smoothness saves the entire car from the strain and wear of vibration. This, of course, lowers the cost of maintenance and assures a longer-lasting, longer-satisfying automobile.

From the standpoint of operating expense, Chevrolet is equally economical. No other automobile consumes less gasoline and oil. No other shows a lower expense for tires. And

no other car costs less for service.

Because of its modern engineering, Chevrolet also assures a high resale value.

Chevrolet gives you fully-enclosed, weather-proof, 4-wheel brakes; a modern fuel system—with the gasoline tank mounted in the rear; four long semi-elliptic springs, mounted lengthwise in the direction of car travel. It gives you beautiful Fisher bodies built of combination hardwood-and-steel. It gives you a heavy, rigidly-braced channel-steel frame. And it gives you a full ball bearing steering mechanism.

Before you decide on any car in the low-price field, see and drive the Chevrolet Six. The more thoroughly you investigate, the more certain you are to conclude that it's wise to choose a Six—for value, for performance . . . and for economical transportation!

Mrs. Armstrong Is Leading Woman In Golf Tournament

EL PASO, TEX., April 10 (AP)—Mrs. O. R. Armstrong was a strong

favorite today to win the women's Southwestern Association golf championship today. Yesterday she broke the El Paso country club course record, which she previously established at 78, by shooting a 78. She defeated Mrs. W. F. Townsend, Phoenix, Ariz., 6 to 5 in her

first round match. Mrs. J. M. Williams, Phoenix, was back in her game and shot 81 to defeat Mrs. Barry Goldwater, Phoenix, 3 and 1, although she turned in 90 in the qualifying round Tuesday.

Berkeley Bell Starts Drive On Cup Squad

AUSTIN, April 10 (AP)—Berkeley Bell, tennis star of the university of Texas and national intercollegiate champion, will leave Austin tomorrow for Pinehurst, N. C., and White Sulphur Springs, W. Va., to participate in the Davis cup eliminations at the request of the Davis cup committee.

Regarded last year as one of the finest court stars ever produced in collegiate competition, Bell has improved his form this season and has consistently won all his matches, recently defeating Johnny Van Ryn of Princeton.

If Bell is successful in the eliminations, he will leave school in order to be in constant practice with the Davis cup team.

Wilmer Allison of Austin, former university of Texas star, also is a candidate for a position on the Davis cup team and is ranked as one of the leading contenders.

Why Few Are Fat

Excess fat has been disappearing fast in late years. So fast that excess fat is the exception now. You see that in every circle.

That change is largely due to the discovery that excess fat is largely the result of a gland weakness. A gland whose secretion helps turn food to fuel. So modern physicians, in treating obesity seek to combat this cause.

Their method is embodied in Marmole prescription tablets. People have used them for 22 years—millions of boxes of them. Now almost everyone has slender friends to show them the results.

Go to where they did—try Marmole. All druggists supply it at \$1 a box, and a book in each box tells you how and why it acts.

FOUR ENTER CONTEST WITH LAW ESSAYS

Five local girls have submitted essays for the contest on the enforcement of state laws. They are Nancy Dawes, Catherine Van Open, Mable Gens Handley, Pauline Melton, and Ruby Earley.

These essays have been mailed to Mrs. B. Reagan, Big Spring, and will be taken by her to the district meet at Coleman, to be held April 21-22. There the winners of the district will be adjudged, and the first prize, a five-dollar gold piece, will be presented. The winning essay will be published in the Federation News.

Campus Chatter

By FERCY

Once a year it is customary for columnists to acquaint their readers with a few facts about themselves. The status of my success cannot be exactly determined since I do not reap a mercenary reward for my efforts, but just the same from the lack of something else to write about I will volunteer such information as I desire you to know. An interview with Mr. Gentry might enlighten you concerning a few of my sins, for that man can name them by the hundreds.

I would love to say that I am quite handsome, but then some dubious reader might look me up to make sure and then would probably wreak vengeance upon the unimposing person that dared to utter such blasphemy.

However I will admit that I am frightfully romantic. I would write love stories if I could, but my style differs a little in that I would prefer to have my heroine elope with the scorned chauffeur and the hero stumble into some dark cellar and break his neck while the villain ran off with the gold and jewels. At times however I forget my natural cynicism and contribute such odes as the following to inspirations that glitter for a while and disappear.

"My eyes look away with uneasy haste—

And my heart speeds for a while—
As I meet the glance of those blue eyes

Of the girl across the aisle."
I will be frank enough to admit that whatever bits of brilliance this column ever possesses it's not due to my own genius but to the things that my friends do and say. Everything that I write is the truth. All of the incidents I describe have really happened.

The inspiration for this column came in a conversation with two close friends of mine who have a natural gift of sarcasm that I use frequently during my writing. One of them was describing a day in school to me, and made several cracks and told the account so cleverly that I decided it would be both interesting and amusing if I would try to picture a day in school with

all of the sights so amusing to one who is acquainted with the high school students.

To whom do I owe my success? This is a question that the successful man always to answer when his life and personality is brought before the public. I do not know of anyone who can be blamed for this. Certainly I did not reach this height through hard work. I never spent long hours poring over a typewriter and imagining myself another McIntyre or the like. The only reason I have ever written this is because the newspapers have much space to be filled and I derive a delicious enjoyment in bringing the love affairs of these friends of mine who specialize on convenient acquaintances before the public. And so another ideal vanishes.

A dispatch from Coahoma: "There was a report that you were to visit our city Friday." I hope the mistake was corrected in time to avoid the panic.

New Patterns In Men's Clothes Are Odd And Striking

An old Italian mosaic, the embroidery on the robe of an Eskimo prince and many other striking and original sources have furnished the ideas for the new patterns in men's clothes now in style. In hostleries, ties, and other accessories is the abstract interpretation and unusual design being used. So many more men are becoming

particular about their clothes and accessories that the stores carrying style merchandise are doing a larger business than usual this Spring, according to Elmo Wasson.

Another big influence, he said, is the half-million dollar campaign of the Men's Wear Apparel Group which is having an important bearing on making men style-conscious. In the Saturday Evening Post today there are seventeen pages devoted to men's wear alone.

These new designs and colors, different to a striking degree from last year's things, are now on display at Elmo Wasson's in tones to harmonize with this season's smart blue, brown, gray and tan shades.

THIS MILK WILL HELP THEM BLOSSOM INTO HEALTH AND BEAUTY!

The Dairyland Kiddies' Love Song

WITH tender care we watch the child-buds grow—
From blossoms on the Tree of Life, and know
That we must nurture them with care,
To make them strong of limb and keen of mind—
So they will grow up healthy, wise and kind,
Each one a mother's love to share!
