## Routine Business Items Cleared At Commissioner's Court Meeting

Routine business items, such as approval of outstanding bill for payment, were disposed of in regular monthly session of Commissioner's Court, Monday. Total expenditures came to \$13,026.79. Fines collected during July totaled \$6,566.50, a percent of which goes to the state. The county's share amounted to \$5,045.00. Most of the fines were for speeding.

Total outstanding delinquent taxes due at this time come to \$13,235.00. Of this amount, the county's share is \$6,249.45; Independent School District, \$5,906.80; and Hospital District, \$1,078.75. Most of the county's revenue comes from tax collections during October, November and December.

The court was informed by Judge Billy Whitaker, that Dickens County is raising its budget, and that the cost of keeping prisoners in the Dickens County jail would be increased from the current \$30.00 per day that is charged. "The increase could bring the cost to as much as \$100.00 per day per prisoner," Judge Whitaker said. Since the Motley County jail is no longer in use, local prisoners have been confined in the Dickens facility. However, there are other neighboring options to be considered, the judge said. Motley County has only four to six prisoners per month, according to Sheriff Alton Marshall.

Expenditures by precinct were: \$1,665.96, Pct. 1; \$1,853.20, Pct. 2; \$2,632.89, Pct. 3; and \$1,288.14, Pct. 4. \$5,586.60 was paid out of the general fund. Of this amount, \$998.24 went for utilities, gas and repairs incurred by the Matador Volunteer Fire Department. Other amounts included the upkeep of the Motley County Library and the Community Action Center.

An update on the Texas Sesquicentennial Wagon Train due to come through Motley County next May, was given by Marisue Potts, County Chairman of the movement to celebrate Texas' 150th anniversary. The commissioners were in accord with the movement and have offered to assist in locating a place in the Whiteflat area to accommodate the wagon train's encampment.

Senior Citizens Building is still awaiting an OK from the Railroad Commission on the fuel installation, before the structure is accepted as a county-wide facility, the court was informed.

The meeting was called to order by Judge Whitaker who called on Commissioner of Pct. 1, Sonny Russell for an Invocation. Minutes of the last meeting were read by County Clerk Lucretia Campbell. Other commissioners present were Bill D. Washington, Pct. 2, Joseph (Gid) Simpson, Pct. 3, and Billy Hand, Pct. 4.

## Cheerleaders Receive Honors

Cindy Shorter of Flomot, Natalie Burkes and Yulanda Campbell of Matador; M.C. Junior High cheerleaders, attended the Junior High Cheerleaders' School, Saturday, August 10 held at Clarendon High School in Clarendon. They were awarded the Best All Around honor for their participation in the performances and presented the 110%

blue ribbon.

The ten schools represented had five and six cheerleaders from each school with the exception of Motley County who had three. They were Valley Schools, Childress, Wheeler, Fritch, Wellington, Clarendon, Groom, Miami and White Deer Skelly Schools.

Mrs. Clois Shorter accompanied them to Clarendon.

Mr. N.L. (Bill) Moss of Matador receives the Honorary Life Membership Award of the Vocational Agriculture Teachers Association from the organization's president Terry Phillips of Seagraves. The retirement award was presented at the annual awards program for the association in recognition of the dedicated service rendered to vocational agriculture.

## Councilmen Approve Business Venture If Grant Is Available

The Matador City Council met Thursday, Aug. 8 for a shorter than usual meeting. Those in attendance were Mayor Gary Lancaster, L.B. Campbell, Doyle Rose, John Briscoe, Joe Smith, Lewis Bostick, Lucretia Campbell and Nell Berryman.

Everett Calk and James Northam went before the council asking if the council would be interested in assisting them with a grant. The purpose of the grant would be for Mr. Northam to buy Calk's machine shop. Calk explained that Northam would "Beef up" the operation and hire more men slowly and estimated in 2 to 3 years that possibly 100 men could be employed at the shop.

Calk directly asked the councilmen present "Do you want it?" Councilman Rose explained that they (City

Council) were always interested in creating more jobs in the city. Councilman Campbell added that the council was conducive to help but they have no funds to spend doing so. Calk informed the group that he had spoken with the Roaring Springs group concerning Quail Pipe and no funds were spent by the city of Roaring Springs or Quail Pipe to get their grant.

The group encouraged Calk to gather his information and come back and let the council know how they can help.

Other business discussed was the mosquito problem. The council voted to have someone use the city's mower every day until all the high weeds were down, including those in the park. This is done in an effort to rid Matador of the mosquito problem.

With no further business, the meeting was adjourned.

## Stolen Goods Recovered

Tuesday afternoon, two subjects were arrested in downtown Matador for burglary, according to Sheriff Alton Marshall. Television, VCR and tapes were among the items taken from the guard house at the Springs Ranch entrance (bottom picture).

Sheriff Marshall recovered the stolen goods from a window in the rear of the old Spot Cash Grocery building (top picture).

Marshall said bond was set at \$1000 for each subject.

**Jots & Jingles**

You will pardon me I get a little personal today. But on August 19 my husband and I will celebrate our 45th wedding anniversary. It just can't be!

It seems only yesterday that I went to Prayer Meeting in a church in Houston and my father introduced me to my husband. I was already in the working world but I lived at home so I had to ask my mother's permission to go have a "coke" with him. My father rebuked my mother for giving me permission to go with him. She answered that there couldn't be too much wrong with a young man in a big city who

found his way to the weekly Prayer Meeting.

The romance blossomed

quickly and within six months we were married. After ten years of marriage Margaret (Stanley) was born and in another 2 1/2 years Patsy (Tippin) was born. (Now, at last I have revealed myself to you.)

We, like all couples, have our ups and downs. But I can truthfully say that we have had more UPS than downs and if I had it to do all over again, I would do it with him.

Happy Anniversary, Honey!

**Tribune Announces New Fall Subscription Rates**

The Matador Tribune announces new fall subscription rates which will be effective September 1, 1985.

Subscribers in Motley and adjoining counties will pay \$12.00 for 12 months. Subscribers elsewhere in Texas will pay \$13.00 for 12 months. All out of state subscribers will pay \$14.00 for 1 year.

Subscribers over 65 years of age may deduct \$1.00 off any yearly subscription.

These rates are still a savings as compared to 52 issues bought out of the newsstand at 30c each which in a year's time would be \$15.60.

Our new rates are well in line with many of the area newspapers and still below many. Our cost to print and mail the paper is partially responsible for this increase. Hopefully it will be the last one for a long time.

**Mini-Thoughts On Theology**

by Pearl Alexander

"Master, carest Thou not that we parish?" Mark 4:38 A great storm had arose so suddenly and with such force on the Sea of Galilee, that the greatest efforts of these fishermen-disciples were as nothing.

With great fear, and surely some annoyance they awoke Jesus who was sound asleep on a pillow in the back of the boat.

Instead of answering their question, He stilled the wind and

calmed the sea itself. (Having lived close to the Pacific Ocean for many years, I have seen the huge waves and "restlessness" of the waters a week after a storm passed thru.)

Jesus asked them "Where is your faith?", for their actions proved they had little faith. The Lord is always aware of our danger, but may delay His rescue in the storms of our lives to more fully develop our faith in Him. He does care!

**Exercise a little Self-Control to Help Keep Your Electric Bill from Stacking Up This Summer.**

Sometimes we have to cut down on the things we like — that takes self-control. Self-control is important when it comes to overindulging in too many calories . . . or when it comes to overcooling your home. Your electric bill can stack up if you set your thermostat too low on hot summer days.

WTU recommends setting your thermostat at 78 degrees or higher. Also, clean or replace your air conditioner filter at least once a month so your unit will operate as efficiently as possible. Keep drapes closed during the heat of the day, and avoid opening outside doors frequently to help keep the cool air in and the heat out.

For more information on how you can help keep your electric bill from stacking up this summer, contact your local WTU office today.

Remember REDDY Supplies the energy — but only YOU can use it wisely!

## Salvation Army Representative Is Guest Speaker At Lions Meeting

Doug Rains of Dallas, a Service Unit Director of the Salvation Army was guest speaker at the August 6 luncheon meeting of the Matador Lions Club at the First United Methodist Church. Presiding was Boss Lion, Jack Van Eaton. Guests were introduced by Lion Frank Pohl and included, in addition to the speaker, were Mrs. Garland (Judy) Cartwright, treasurer of the Local Service Unit and Ronald W. Cummings, new principal of Motley County Schools.

Lion Van Eaton led the club in an expression of appreciation for an enjoyable meal prepared and served by Lion Walter Jones. He announced that the community calendars were now ready for sale, priced at \$5.00 each. He also announced the starting line-up for the ballgame with the Eternas Study Club. The game, played last Thursday was won by the Lions, 22 to 21.

Introduced by Lion Billy Wason, local Service Unit chairman for the Salvation Army, Mr. Rains showed a film describing the many services

offered by the organization, titled "Sharing is Caring".

"The movement was founded in 1865 by William Booth as an international religious and charitable organization," he said. "The Salvation Army provides services to people in need—from soup and soap to salvation." These services include clothing, food and fuel for the distressed; emergency relief for disaster victims; meals and lodging for transients; shelter for homeless girls and summer camp for boys 8-14; (in Texas, this recreational center is Camp Hoblittelle near Midlothian). On an international level, the Salvation Army has been able to serve in all countries except those behind the "Iron Curtain", Mr. Rains said.

The Matador Service Unit committee includes Luther Green, Eddie Marcum and Charlie Johnson in addition to Billy Wason, Chairman and Judy Cartwright, Treasurer.

Lion Sonny Russell paid tribute to the Salvation Army for its help in Matador following last year's tornado.

## spotlight on health

### How Often Should You See Your Doctor?

Should the government be able to tell you how often you can see your doctor? Medicare may soon be setting new guidelines which would reflect what the government thinks is an appropriate number of visits by a physician in a rehabilitation hospital. Many concerned Americans, including professionals in the rehabilitative health field, disagree with this concept. They're working to ensure that patients in rehabilitation facilities are able to see a doctor as often as necessary.

The purpose of medical rehabilitation is restoration of people disabled by disease or injury to maximum physical function through a comprehensive, integrated program of medical and social services. The principle types of cases treated by rehabilitation medicine are spinal cord injuries, stroke, head injuries, amputation, arthritis, hip fractures, burns and other neurological conditions. Hospital-based medical rehabilitation is appropriate for severely disabled patients who require 24-hour nursing care; patients who are less disabled may be treated at a comprehensive outpatient rehabilitation facility or a skilled nursing facility.

Setting a limit on the number of visits by a doctor to a patient in a rehabilitation facility would not work, for a number of reasons, according to the National Association of Rehabilitation Facilities (NARF). It cannot be predicted at the time

Patients in rehabilitation facilities should be able to see their doctors as often they wish, health experts agree.

of admission just how the course of the patient's treatment will progress. It is important for a patient in a rehab facility to be regularly examined and re-evaluated, and the course of care can be unpredictable. The frequency of physician visits, consultations and evaluations in a rehab facility must be determined by the patient's ever-changing condition.

Health experts say the number of times a patient sees a physician should be determined by the needs of the patient, his or her physician and the family—not by arbitrary government rules.

For more information on medical rehabilitation write to the National Association of Rehabilitation Facilities, P.O. Box 17675, Washington, D.C. 20041.

## Zarate Participates In Victory At Greenbelt

Joe Zarate, former Motley Co. football standout, assisted the West to a 14-13 victory over the East, in the 36th Annual Greenbelt Bowl Football Classic before 2,400 fans at the Childress Fair Park Stadium Friday night.

Zarate played offensive guard for the West. Fans attending the game had high praise for Zarate's performance. Coach Randall Eddleman reported, "Joe has always been an outstanding leader in our football program. He played an outstanding game and we were proud to have him represent Motley County."

The East trailed the West 7-0

at halftime. The East scored with 5:18 remaining in the third quarter. Wade Wesley's (Abernathy) extra point attempt was wide and proved to be the difference in the game.

Trailing 7-6, the East rallied once again and pulled ahead of their opponent. The West responded to the pressure as former Perryton quarterback, Monty Langford drove his team for the tying touchdown in five plays. The key play was an option to Palo Duro's, Smith, who picked up 14 yards bringing the West to the 9-yard line.

Langford did the honors two plays later scoring on a 7 yard run. Peralez's kick gave the West a 14-13 victory.

## County Agent's Corner

Winners have been selected in the 4-H Photography contest for 1985. Posters have been on display at the courthouse for the past two weeks. Nova Dale Turner served again this year as the 4-H Photography project leader. She has done an excellent job with these youth.

Each participant was instructed in the parts of, and proper use of a camera. Also in selecting subjects and correctly framing and focusing each shot. For the contest 4-H'ers selected as many as five photos in each of four categories: people, animals, buildings, and landscapes. They then put them on a 28x22 inch poster board for display.

"And the winners were" in the advanced contest: (participants for more than one year) Lacey Parks, first; Cathy Perryman, second. Beginner contest: Bradley Jameson, first; Kobbi Risser, second, and Whitney Jameson, third. Other entries were Michell VanEaton and Billy Lefevre. A third contest was added this year called a Series. It is for a series of pictures of an activity showing start to finish. First was Kobbi Risser and second Whitney Jameson.

Congratulations to all these 4-H youth that participated and a special thanks to Mrs. Turner for her leadership.

Whitney, we sure would like to know who was in your series pictures water-skiing. Everyone had a good laugh.

All of you may pick up your posters and ribbons any time.

### DISTRICT 4-H RECORD BOOK WINNERS ARE NAMED

Winners in the Texas Agricultural Extension Service Rolling Plains-3 4-H Record Judging were selected July 25, when screening groups met at the Texas A&M University Research and Extension Center

at Vernon.

Approximately 109 junior records, 58 intermediates and 69 senior records scored in 28 different subject matter areas. Junior and intermediate records

were placed in blue, red, and white groups with no specific winners in first place categories. First place Senior records will be submitted for State Judging, where they will compete for thousands of dollars in educational trips to the National 4-H Congress, as well as other various scholarships and awards.

Local blue ribbon Jr. entries included: Cathy Perryman in Clothing, Robin Long in Foods, and Lacey Parks in Sheep. Red ribbon winners were: Christie Pierce in Foods and Billy Lefevre in Swine.

Senior record books include: Kim Hand in Beef Cattle, Rhonda Long in Foods, and Tricia Palmer in Foods.

Record books are very important in 4-H work and recognition. They are essential for 4-H'ers to receive district, state, and most county awards.

4-H record books require a good deal of effort on the part of the 4-H'ers and their parents. These participants are recognized for their work in completing these 4-H record books.

### ATTENTION 4-H'ERS & LEADERS

There will be a 4-H Float and 4-H Riding Club in the parade at Roaring Springs on Thursday, August 22, to kick off the Old Settlers celebration. If you would like to help with, be on, or be in it, call the County Extension office to get details. There are parade awards given so we need a big turnout to show support for 4-H.

## Texas Wagontrain Director Seeking 1986 Camp At Whiteflat

By Marisue Potts  
On July 7 Jan France, Executive Director and Wagonmaster of the Texas Wagon Train Association, met with area spokesmen to review campsite possibilities for May 1986 when 150 mule and horse drawn wagons, 300 to 400 outsiders, and 1,000 people will wind their way through the rolling plains.

In our immediate vicinity the Wagon Train will camp at Brice, Turkey, Whiteflat, Glen, Dickens, Pitchfork Ranch, and 6666 Ranch while on its last leg of 2,800 miles across Texas to celebrate the Texas Sesquicentennial.

The offer of a campsite of at least 50 cleared acres or layout land near Whiteflat is being sought to accommodate the proposed two mile long caravan and accompanying RV's, support vehicles, and trailers.

The starting point for the caravan is Sulphur Springs on January 2, 1986. During its journey it will dip down to the King Ranch on the south, wind its way to El Paso on the west, stretch up to Amarillo on the north, and trot into the Fort Worth Stockyards on July 3, 1986.

Mrs. France hinted that our relatively isolated stretch was likely to be popular with certain unnamed celebrities and for that reason would most likely be running at full capacity. Once the Wagon Train quota is filled, no more will be allowed to join it, so early advance reservations of \$15 a person or \$25 a family are urged. Registration forms are available at the County Judge's Office in the Courthouse or at the Library.

The Wagon Train is to be self-contained with its own contingent of porta-potties, water wagons, portable school, sound system and stage truck, nurse, vey, and farrier, but local help is sought for supplying water, garbage disposal, medical assistance, traffic control, and hopefully, lunch and dinner (financed by ticket selling or donations).

Each community is urged to join in the Texas Sesquicentennial Celebration by planning something special during the time the Wagon Train is camped in their area. Plans from some of the 130 communities include rodeos, barbecues, trail drives, street dances or fairs, gospel camp meetings, and historical dramas. Local plans are beginning to be formulated at this time, and anyone with ideas is urged to contact Darla Gwinn, Michelle Bearden, Earlyne Jameson, or Marisue Potts.
