THIRTY-FOUR PAGES TODAY

Both Went Up

Gilbert Gibbs, Employee Division team captain, rode a fire ladder up to the United Fund's big progress "thermometer" on front of the Settles. After he got up there, Gibbs boosted the mercury line to show that the UF has 87 per cent of its goal. Gibbs' team was the first to complete its assignment in the Employee Division. Ride through the streets on the fire truck was the team's reward for being first to finish its job.

Final Report For UF Set

With 87 per cent of the goal attained, reports went out to all divisions of the United Fund campaign Saturday showing just what work remains to be done in raising the \$74,144 budget.

And with the reports went appeals for all workers to redouble efforts to complete their assignments prior to the final report meeting Tuesday.

"The success of the campaign is in sight, but it is in the cards that haven't yet been worked," campaign leaders asserted.

"Your efforts will write success or failure," division chairmen, group captains and individual solicitors were told.

A special progress report was heard Friday, showing that

Reviewing The Big Spring Week

With Joe Pickle

Whenever we get rain, especially like that of the past week, we feel like singing the Dooxology. In terms of revenue, moisture won't mean too much immediately; it does hold much promise for the winter and next summer. Our section isn't out of the drought woods yet, but it is important that the soil is probably carrying more moisture than at any time within the past three years.

The population is not only soil conscious where rain is concerned, it is equally alert to lake levels. Moss Creek Lake increased 5 feet; Power Lake 2 feet; Morgan Creek 3 feet; J. B. Thomas (the big lake) 5 ft.

Right up at the top in news of the week is the showing made by Howard County 4-H feeders. P1 FINAL REPORT 2-48 - LYNN With 87 per cent of the goal attained, reports went out to all divisions of the United Fund cam-

AEC Confirms Important Find Of Uranium Ore

DENVER, Oct. 24 (AP)—The Atomic Energy Commission confirmed today what it says looks like an important new discovery of uranium-bearing ores in remote lands of Central Wyoming.

Charles C. Towle, chief of the Denver exploration branch of the AEC, said because of the isolated area it is going to take considerable time to determine the extent of the ore deposits.

Uranium is the key ingredient of atomic weapons and nuclear energy.

The discovery—credited to Nell McNele, a lone prospector—has started a rush of other prospectors to the area of public lands 50 miles east of Lander in Fremont County. The nearest railroad point is Bonnevill, a station on the Chicago, Burlington & Quincy, about 25 miles northwest of the discovery.

McNele's find has been confirmed by two AEC geologists, Towle said. Other parties of AEC geologists are going into the area in trailers and will make intensive examinations. Towle said they hoped to complete their investigations before winter snows lash the area. There are no improved roads in the region.

Towle described the isolated district as barren, arid, plateau-like with short, rolling hills. He said McNele went to the district in the late summer and spent several weeks traversing the area with a Geiger counter. McNele visited the AEC's exploration office at Douglas, Wyo., Sept. 20 with samples of ore and sought details on how to stake a claim. He did not disclose at that time where he had made the discovery.

McNele returned to the Douglas office Oct. 9 and told Eugene W. Grutt, chief of the office, the exact location. Grutt said AEC geologists went to the area immediately and confirmed the discovery.

Towle said the radioactivity of samples was measured by radiometric methods, but "we cannot be sure of the exact content of the ore until chemical analyses are completed."

Mitchell Names Texas Liberal To Demo Council

By MARTHA COLE
Associated Press Staff

The National Democratic Party picked a leader Saturday in the Texas liberal Democrats to serve on its advisory council.

Byron Skelton of Temple, long prominent in Texas Democratic Party affairs, was notified of his appointment to the advisory council of the Democratic National Committee by National Chairman Stephen Mitchell.

It's another move in the continuing battle between conservative and liberal Democrats in Texas. Skelton is chairman of the Democratic Organizing Committee of Texas, a group formed last spring of Democrats who supported Adlai Stevenson.

Their stated purpose was to "bring the Texas Democratic Party back to the Democrats."

They oppose the conservative element, led by Gov. Shivers, who endorsed the Republican, Dwight Eisenhower.

The liberals, sometimes called "loyalists," have planned fund raising dinners over the state.

The latest announced is one at Corpus Christi Nov. 7, when Rep. Sam Rayburn, minority leader of the House, will speak.

Also due at Corpus is Mrs. Hilda Weinstert of Seguin, national Democratic committeewoman. Mrs. Weinstert has said very little in the conservative-liberal tussle.

The post of national committeewoman from Texas is in dispute. Wright Morrow of Houston resigned last year to support Eisenhower. The State Democratic Executive Committee refused to accept his resignation. Mitchell did accept it.

FORECAST CALLS FOR SHOWERS

Although low, dark clouds which hovered over the Big Spring area Saturday produced little moisture, forecasts for Sunday called for occasional thunder-showers.

The U. S. Weather Bureau at Webb AFB recorded .01 of an inch of moisture Saturday, as a fine mist fell intermittently throughout the day.

Family To See O'Brien Get Medal

Lt. George H. O'Brien Jr. left Big Spring Friday night and is to report to the Marine Commandant in Washington Monday, preparatory to his appearance before President Eisenhower Tuesday, to receive the Congressional Medal of Honor.

Lt. O'Brien was accompanied by his brother, Joe. His wife, daughter Terry Jo and Mrs. O'Brien's parents, Mr. and Mrs. J. Y. Robb, left here Saturday night, will fly to Washington from Dallas today and meet Lt. O'Brien in Washington Monday. His parents, Mr. and Mrs. George O'Brien, are on a motor trip in the East, and also will join him in Washington.

Ceremonies at the White House are scheduled for 11 a.m. Big Spring time Tuesday. O'Brien, with five other heroes, will be decorated with the nation's highest military award, for valor in action in Korea.

Troops Set London Gasoline Lines Flowing At Trickle

LONDON, Oct. 24 (AP)—Troops set London's gasoline lifelines flowing in an emergency trickle today. The wheels kept barely turning.

City streets were practically deserted, though most buses continued to operate. West End theaters and restaurants ruefully saw a big drop in their usual Saturday night take.

Arthur Deakin, boss of the giant Transport and General Workers' Union, reported agitation to get the capital's 58,000 bus men out on strike on the side of the 2,000 striking oil tank truck drivers. He told the bus men their duty is to stay at work.

A military operation employing more than 6,000 troops brought the tank trucks out of their depots for the first time in six days. They sped gas and oil supplies to essential transport, food and public health services.

Cotton Allotment Meet Set Monday

All area cotton farmers are urged to attend the cotton acreage meeting to be held at the Settles Hotel at 10 a.m. Monday, Cecil Leatherwood, president of the Howard County Farm Bureau, said last night.

This conference is one of 11 being held throughout Texas tomorrow and Tuesday, Leatherwood said, and is being sponsored jointly by the Howard County Farm Bureau and the Texas Farm Bureau Federation.

The presently proposed allotment program will cut the income of Texas cotton farmers approximately 40 per cent it has been reported. The AFBF compromise plan will increase the acreage allowed Texas cotton growers.

U.N. Celebrates Its 8th Birthday

UNITED NATIONS, N. Y., Oct. 24 (AP)—The United Nations celebrated a troubled but hearty eighth birthday day today with a public outdoor demonstration at U. N. Headquarters here and celebrations in 74 countries and territories.

The observance, which goes on through tomorrow as U. N. Sunday is observed in churches around the world, commemorates the Oct. 24 charter going into effect Oct. 24, 1945.

THE WEATHER

BIG SPRING AND VICINITY: Cloudy with occasional showers today, clearing late this afternoon and tonight. Monday partly cloudy and mild, becoming colder late Monday.

Shoulders Quits Police After Greenlease Quiz

White Declares Cattle Supports Badly Needed

By DAVE CHEAVENS

AUSTIN, Oct. 24 (AP)—No free hay is in sight for Texas' drought-buried farmers and ranchers and price support is needed to save many from ruin, Agriculture Commissioner John White said today.

He warned against over-optimism based on current rains that will help pastures and a widespread belief that the new state-federal hay program will furnish free feed to anyone.

Every farmer and rancher is going to have to look at his own economic situation closely to see whether he can stay in business this winter," White said.

He said he hoped the hay program which will utilize state funds from the governor's deficiency appropriation can be worked out and ready to go soon after Nov. 1. There are still some legal complications, and no decision has been reached by the USDA on what local agency will handle applications.

And after that, he said, the USDA still would have to approve the state program. It contemplates using state and federal money to help pay transport costs of hay. Ranchers would have to put up cash or borrow money from commercial or federal agencies to buy hay.

Woman Dies In Car Crash

STERLING CITY, (SC)—A Big Spring woman was killed and her husband and another man were injured in a car-truck crash on seven miles south of here on U. S. Highway 87.

Mrs. Ernest Smith, 817 NW 6th, Big Spring, was dead on arrival at Sterling County Hospital. Ernest Smith and C. H. Robinson, also of Big Spring, suffered lacerations, bruises and possible fractures.

Virgil B. Clemons, another passenger in the car, was not injured. Lowe Funeral Home reported Mrs. Smith's body was being transferred to Stark Funeral Home in San Angelo last night. No other details of the accident were immediately available, other than that occupants of the truck were uninjured. The crash occurred shortly before midnight.

IN 'DUE TIME'

Ike Promises 'Well Thought Out' Program In Agriculture

By OVID A. MARTIN

WASHINGTON, Oct. 24 (AP)—President Eisenhower told farmers today his administration will offer in due time a "well thought out" program to bring about "stability and general prosperity" in agriculture.

The program also will work to the good of consumers, he said. The Chief Executive made these promises after a 70-minute conference with his National Agricultural Advisory Commission and Secretary of Agriculture Benson. The meeting was held amidst mounting demands from Capitol Hill and some farm groups for more positive immediate action to help farmers, hit by price declines and drought.

The effect of Eisenhower's statement and an accompanying preliminary report from the advisory group was to serve notice that the administration has no intention of being precluded into making an early decision of new farm proposals.

No attempt to lay out the administration's long-range program will be made, said White House Press Secretary James Hagerly, until the President and his agricultural secretary get views of various groups that have been called upon to offer suggestions. That, he said, will be late in December.

Eisenhower, in a statement issued after the farm conference, said the commission is "properly proceeding on the assumption that only a well thought out program, designed to meet the basic requirements of all elements of our population, can bring about that stability and general prosperity in American agriculture that we are all striving to achieve."

He said the administration effects "developments in the present programs that will help farmers secure their fair share of the national income and work for the good of all."

Business Pledges Tax Cooperation

PEBBLE BEACH, Calif., Oct. 24 (AP)—The government got assurances today that industry will go along with continued high taxes if that is necessary to achieve President Eisenhower's "sound money" goal.

Ninety members of the Business Advisory Council today ended their three-day confidential meetings on economic problems with four Cabinet officers and a dozen other high Washington officials.

Secretary of Commerce Weeks, to whom the council presents its findings, told newsmen he was "very pleased" with the business prospect pictured by the corporation heads.

"We'll have some readjustment," Weeks said. "Business volume won't be as big next year as in 1953, the biggest year on record."

"But I think we are on a high economic plateau. Looking 10 to 15 years ahead, I am sure we are going to move up and stay on that stable plateau of business volume."

John D. Biggers, council chairman, told reporters that the members—including about 160 of the biggest names in industry—"would go along like any good citizens" if continued high taxes are needed.

The BAC took no formal stand on the question, despite a warning from Secretary of the Treasury Humphrey that the administration, deep in trouble over balancing the budget, may have to ask Congress to postpone next spring's scheduled cuts in corporation and excise rates.

Biggers, president of Libbey-Owens-Ford Glass Co., said he believed the businessmen feel an obligation to support any measures which promote "a sound fiscal policy."

When Eisenhower took office a year ago a solid majority of the council favored earliest possible tax relief. But by last May, when Secretary Humphrey was fighting for a six-month extension of the excess profits tax, the influential group backed up his request.

"That tax expires at new year's simultaneously with a drop in income taxes, but Humphrey told the meeting here that the administration cannot promise that the relief from the 53 per cent corporation rate and the high emergency excise rates, due next April 1, will be forthcoming."

The council's best judgment, based on its own confidential survey of 13 industries, is that 1954 will be the country's second biggest business year.

A net drop in production of not more than 5 per cent is likely to result from the post-mobilization readjustment, it was held.

Half Of Ransom Still Is Missing

ST. LOUIS, Oct. 24 (AP)—Lt. Louis Shoulders, the veteran St. Louis police officer credited with breaking the Greenlease kidnaping case, turned in his immediate resignation today, bitterly terming himself the victim of "character assassination."

Since his arrest of Carl Austin Hall, the confessed kidnap-killer of 6-year-old Bobby Greenlease, the 55-year-old officer has become a controversial figure in a police investigation into possible police irregularities in handling the case.

The Board of Police Commissioners, in an official statement, said "We regret that Lt. Shoulders has seen fit to resign before this investigation has been completed."

Shoulders, known to his fellow officers as "a good cop," voluntarily appeared at the police inquiry last week, despite what his physician termed a "nervous condition" from working on the case. He was quizzed for six hours by a panel of police investigators.

Of primary concern in the police investigation are the facts surrounding Hall's arrest and the recovery of half of the \$600,000 Greenlease ransom money. Some \$293,000 was recovered when Hall was arrested.

The other \$300,000 still is missing and is the subject of an extensive FBI and police search.

In his letter of resignation, Shoulders said: "After 27 years as a police officer, to be castigated and have my character assassinated, on the heels of performing my duty with the highest sense of responsibility, is more than I can endure with any degree of self respect and pride."

"Maybe I am making a mistake," Shoulders told newsmen. "Maybe I am too hasty, but right now I believe it's the best thing to do, because I don't intend to be subjected to the type of questioning that I had to undergo, by lawyers on the St. Louis police force, and agent lawyers of the FBI."

In a statement to newsmen, Shoulders said Chief of Police Jeremiah O'Connell and I. A. Long, president of the Board of Police Commissioners, had asked him if they might talk over his resignation at his apartment, hoping to make him reconsider.

"I told them they could, but I was not going to reconsider. I added that I wished they would search my apartment while they were here."

"What's more," Shoulders added, "I got a subpoena to be in Kansas City next Wednesday to appear before the grand jury—they've assassinated my character—now I'm a civilian."

Shoulders' resignation was a bombshell climax to a day of surprising moves.

Earlier the FBI had picked up three persons in their search for the missing ransom money, included was John Hager, the taxi driver whose tip to Shoulders led to Hall's arrest in an apartment hotel here Oct. 6.

Hager, roused from his bed early this morning by two FBI agents, was released eight hours after being taken to FBI headquarters.

The others, one described as a busman, blonde woman, were seized at a small downtown hotel.

James E. Milnes, recently appointed agent in charge of the FBI here, wouldn't say where the woman and man were taken or whether they were expected to be released shortly.

FBI agents refused to say what connection the two might have with the case but the Post-Dispatch said the woman reportedly told a cab driver recently, "I have a lot of cash—a big bundle in a West End apartment."

Hager, who spent nearly two days with Hall before Hall's arrest on Hager's tip Oct. 6, told newsmen later his house was searched and that he was questioned "about the same old stuff" this morning.

He said the agents told him, "We're going to find that money, and you're going to tell us about it."

Hager said he told them the same thing he answered in previous questioning session: "I don't have the money. If I had it I would give it to you."

Robert C. Greenlease of Kansas City paid \$600,000 to the kidnapers. Hall has said he brought all of it here but only \$293,000 was recovered at the time of his arrest.

After the FBI got through with him, Hager said, a police captain and a detective took him to his former home and to his present one.

They said they had a tip the money was buried in his basement, Hager related. They searched thoroughly but found no money, he said.

Also questioned in that inquiry was the woman operator of a tavern at the hotel where the unidentified man and woman were picked up today. She was described only as a friend of Hager.

Hager, who said he didn't know Hall's identity or that he was a kidnap, drove for Hall and drank with him during Hall's brief stay in St. Louis.

He told Police Lt. Louis Shoulders about his "fare" after finding out Hall was armed and had a lot of money.

Lt. Shoulders arrested Hall, who soon admitted he had kidnaped the young Kansas City boy.

Primary purpose of that hearing is to check on reports of discrepancies in police accounts of the arrests. Lt. Shoulders was in charge of the district at the time the arrests were made.

Contest Sparks Drive At T&P

A spirited contest between firemen and engineers is sparking the United Fund campaign among T&P Railway Company employees.

J. G. Tucker, chairman of the drive at T&P, Saturday reported Engineers and the Brotherhood of Locomotive Firemen and Engineers are "neck and neck" with contributions to the drive.

Meanwhile, 13 other railway groups have completed their parts

See CONTEST, Pg. 6, Col. 6

22 Hunters Rescued

SHERIDAN, Wyo., Oct. 24 (AP)—Twenty-two of some 200 big game hunters trapped since Thursday in Wyoming's snow-shrouded Big Horn Mountains were brought to safety today.

THE BIBLE IS A CATHOLIC BOOK

People differ radically in what they think about the Bible.

Some seem to think it was handed down from Heaven written in English and bound in morocco. Many accept it as the inspired Word of God without knowing why they are justified in doing so. And others say that the Bible is full of contradictions and must be taken "with a grain of salt."

A proper understanding of the Scriptures can exert a tremendous influence for good in your personal life. You should, therefore, know where we get the Bible... what it means... why you can believe in every word.

Nowhere in the Bible text will you find a list of the 73 inspired books of which it is composed. This list was given to the world by the Catholic Church almost three full centuries after the crucifixion of Jesus Christ. Between the time of the Crucifixion and the time that the Scriptures were gathered into a single Book, millions had received and accepted the teachings of Christ... and had died without ever seeing the complete Bible.

Established by Christ Himself and rapidly spread among the nations of the world, the Catholic Church was carrying on Christ's work for the salvation of men some 60 years before the Apostle John wrote his book of the New Testament.

For more than a thousand years afterward, the Scriptures were preserved and circulated by Catholic monks and scholars who laboriously copied the sacred text by hand. And the Bible authorized by the Catholic Church was the first book produced by Gutenberg upon the invention of printing.

Yes, the Bible is truly a Catholic book. They were members of the Catholic Church who, under God's inspiration, wrote the New Testament in its entirety.

It was the Catholic Church which treasured it and gave it to the world in its original and unaltered form. It is the infallible authority of the Catholic Church that always has been the only sure guarantee of its inspiration.

There are obscure and difficult passages in the Bible, some of which may seem confusing. But with the complete revealed truth of God, delivered to her from the beginning, the Catholic Church has faithfully unfolded the meaning of the written Word of God to past generations of mankind—and does so today.

Those who are familiar with the Bible, as well as those who are reading it for the first time, will find many important questions concerning it clearly answered in a free booklet which we shall send you on request. Ask for Pamphlet No. 3-N.

SUPREME COUNCIL

Religious Information Bureau

4422 LINDELL BLVD.

ST. LOUIS 8, MO.

Tombstones And Justice Dispensed By Magistrate

A. M. Sullivan dispenses justice along with tombstones and real estate at his place, 2011 Gregg.

Judge Sullivan, justice of the peace for Precinct 1, Place 2, says a magistrate can hold court any place he wants to. So he has court in his office, which also serves as

headquarters for his monument and real estate sales and rental business.

And he won't have an office in the new courthouse. Sullivan figures it's more convenient for him, as well as for the people who might have to appear in his court, to reside in this business office.

Plenty of parking space around, he explains. And if he had an office in the courthouse, it would have to be closed part of the time, probably working an inconvenience on the driver who wanted to plead his traffic case before proceeding to his out-of-town home.

Judge Sullivan is the first person to hold the office of justice of the peace for Place 2 in Precinct 1. He was elected last year, and previously served two years as justice of the peace in Precinct 2, Coahoma.

Justice Sullivan didn't have much official business to attend to up until October. In fact, he didn't have any.

First case in his court was filed Oct. 2, and since then 17 complaints have been filed. All involve traffic violations. Eight cases have been disposed of, and the others are pending.

Sullivan has assessed three fines of \$1 each on speeding charges, as well as a \$15 fine for speeding.

Fines of \$5 each have been levied for failure to yield right of way, running a stop sign, and failing to dim lights. Another \$1 fine was assessed for faulty muffler. Defendants have pleaded guilty in all of the cases.

The pending charges include speeding, (seven), passing in a no-passing zone, and driving on the left side of the road.

Justice Sullivan will move his court this week, along with the tombstone and real estate business. He plans to open in a new building at 1407 Gregg.

Medal Arrives Late

TORONTO, Oct. 24 (AP)—Charley Ring's medal arrived 55 years late. He received it today from Cuba for taking part in the charge up San Juan Hill with Teddy Roosevelt's Roughriders in the Spanish-American War in 1898.

More than a fifth of all light-houses in the United States are on the Great Lakes.

Korean Winter This Year To Be Warmer For GIs

By GEORGE McARTHUR

SEOUL (AP)—The freezing silver winter wind is whipping over Korea and the Army is tucking its soldiers in like a fussy mother.

For three winters GIs have died in the snow and ice on Korea's bare hills.

This is the fourth—the warm—winter.

Grizzled veterans would shudder; they're even building heated "hobby shops."

Sure it's going to be cold up on the "line" on the edge of the demilitarized zone where Joe will stand his frigid watch in case the Reds decide to break the armistice.

But he can walk back to a tent and warm up by two stoves.

When Joe steps out of the tent he'll look like a combination Eskimo-skier going hunting, only his job is simply waiting, just in case...

Wrap him in ski socks, long underwear, lined pants, a hooded parka, a muffler, heavy mittens and "insulated Mickey Mouse" boots and he's ready to go wait for what he hopes won't come.

And if he needs them he can have ice shoes with spiked soles and other arctic gear.

A while on the "line" and Joe will get a break and a trip back to division. That's even plusher.

There the engineers are building jumbo quonset huts for snack bars, community centers, theaters, recreation halls, chapels and junior-grade gyms.

Smaller quonsets are going up as libraries and reading rooms and hobby shops.

And billets front and rear have been winterized with wooden floors.

This is winter in Korea—1953 style.

Youth Admits Guilt In Death Of Girl, Is Given Life Term

UPPER SANDUSKY, Ohio, Oct. 24 (AP)—A college romance that bloomed into a love that sent pretty Cynthia Pfeil to death played out its last act today when her boy friend was sent to prison for life.

It was a surprise ending with a change of plea and charge that relieves Roy Roger Schinagle, 19, of Mayfield Heights, Ohio, of a first-degree murder trial.

Schinagle was charged with beating Cynthia to death in a patch of woods near here the night of Sept. 17, after having strangled her in or near a dilapidated shack on the Ohio Wesleyan University campus at Delaware, Ohio.

The body of 19-year-old Cynthia, of White Plains, N. Y., attired only in a nightgown and a pair of red slippers, was found the next morning. Her face had been mutilated beyond recognition of her own brother.

Schinagle, who aspired to the ministry, entered the guilty plea after a lawyers' conference.

Judge Kear immediately sentenced him to life imprisonment in the Ohio penitentiary.

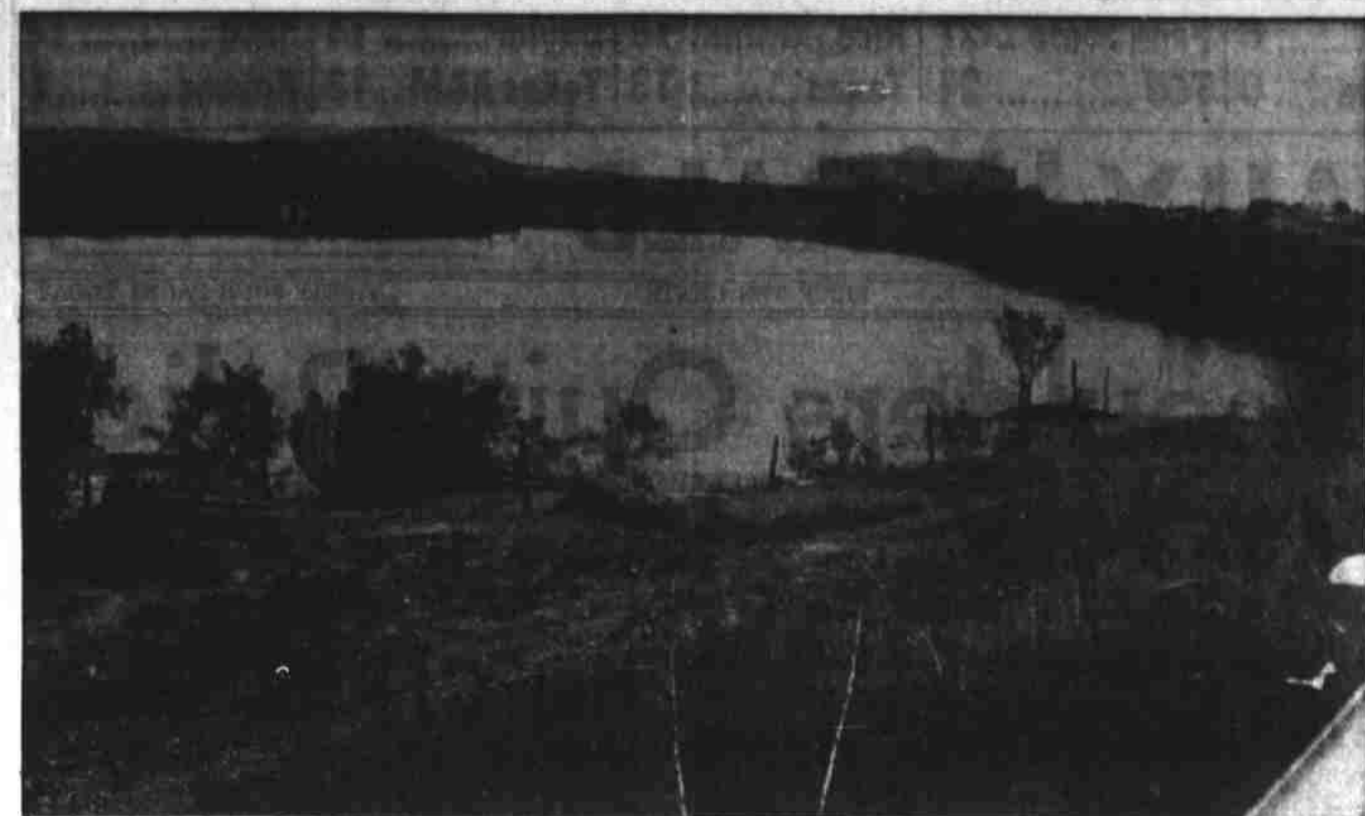

Sen. Mansfield (D-Mont.), a junior member of the Foreign Relations Committee, said he will propose killing off FOA, headed by Harold E. Stassen, when foreign aid authorization legislation comes before the Senate.

Stassen apparently intends to recommend a reduction in economic assistance to Europe. But he is expected to contend that some such aid is necessary. He can be expected to fight vigorously to keep alive the organization he heads.

In the current financial year, ending June 30, Congress made available for foreign aid a total of \$6,652,000,000. The major share of this was channeled into military outlays. The fund included appropriations made previously by Congress as well as new money voted in this year's session.

Senate Democrats generally have lined up against continuing foreign economic assistance. However, they are not expected to oppose budgetary payments to France to help underwrite the battle against communism in Indochina.

Although legislators have expressed hope that military outlays in Europe could be reduced, Gen. Matthews B. Ridgway, Army chief of staff, said in an Easton, Pa., speech today that it might be disastrous to slow down the strengthening of the North Atlantic Treaty Organization (NATO) forces.

Water In The "Ponds"

Rains of the past week contributed substantially to lake levels in the area. A small one now used for recreational purposes, the T&P lake south of the city trapped run-off from a brief driving rain Thursday and was almost filled. Note the Veterans Hospital in the background.

Rains Raise Lake Levels; Lake Thomas Up 5 Feet

Rains of the past week fit into the soil-soaking variety, but they also contributed generously to lake levels in the area.

By far the largest increase was in the largest lake—J. B. Thomas, the Colorado River Municipal Water District reservoir. Saturday afternoon, with the flow dwindling to about two feet deep in the channel, E. V. Spence, CRMWD general manager, said the gain was five feet.

This boosted the level to elevation 2,219.5, completely inundating the protective screen for the Snyder intake. Water is standing about six feet deep in the Colorado River channel at the point of the Big Spring-Odessa intake. Another substantial rise would make pumping feasible next summer.

Spence estimated that almost 2,200 acres in the basin are now under water. The lake contains better than 25,000 acre feet of water. Gain for the week was about 2 1/2 billion gallons and the total reserve now is around 8 1/2 billion.

Diversion of the run-off of an additional 380 square miles on the Bull Creek shed is about three weeks away, Spence thought. He and S. W. Freese, project and consulting engineer, made an on-the-ground inspection Saturday.

The final cut in the diversion channel where it crosses a lateral road, is well underway. About 20 feet has been cut, but the depth at this point will approach 70 feet. Dean Skinner Austin, contractor, has the Bull Creek dam complete except for filling the plug in the channel. This will be done

as soon as the channel is completed.

Moss Creek Lake, one of two city reservoirs southeast of Big Spring, impounded 5 feet, bringing the level there to 18 feet. Powell Creek Lake caught 2 feet, boosting its level to 19 feet. Moss contains 166 million gallons; Powell 318 million.

Lake Colorado City, the Texas Electric Service Company reservoir on Morgan Creek four miles southwest of Colorado City, was raised about three feet. Present

elevation there is 2,055.2. Some additional water was flowing in Saturday.

While not figuring in the domestic water supply, the old T. & P. lake, now owned by Couden employees for recreational purposes, was at the highest level in years. From the dam at U. S. Highway 57, water backed up to near the site of the "big spring."

Natural lakes west of Big Spring, though far from filled, were carrying the most water in many seasons.

George Asks Military Aid Only For Europe

WASHINGTON, Oct. 24 (AP)—In a move indicating a likely trend in Senate Democratic policy, Sen. George (D-Ga.) today called for an end of economic aid for Europe.

George, who has served longer on the Senate Foreign Relations Committee than any of his colleagues, said in an interview he believes the time has come to limit American assistance to military outlays.

"Western Europe is in a position where I do not believe it needs any further economic aid," the Georgia senator said.

He approved a reported administration move to consolidate foreign military assistance with the regular military budget. He added that the foreign operations administration (FOA), which handles foreign economic aid, be abolished and technical aid to other nations turned over to the State Department.

In the past George's views have been highly influential in shaping Senate Democratic policy on international affairs. The Democrats

now outnumber the Republicans in the Senate 48 to 47 with one Independent, Sen. Morse of Oregon.

Sen. Mansfield (D-Mont.), a junior member of the Foreign Relations Committee, said he will propose killing off FOA, headed by Harold E. Stassen, when foreign aid authorization legislation comes before the Senate.

Stassen apparently intends to recommend a reduction in economic assistance to Europe. But he is expected to contend that some such aid is necessary. He can be expected to fight vigorously to keep alive the organization he heads.

In the current financial year, ending June 30, Congress made available for foreign aid a total of \$6,652,000,000. The major share of this was channeled into military outlays. The fund included appropriations made previously by Congress as well as new money voted in this year's session.

Senate Democrats generally have lined up against continuing foreign economic assistance. However, they are not expected to oppose budgetary payments to France to help underwrite the battle against communism in Indochina.

Although legislators have expressed hope that military outlays in Europe could be reduced, Gen. Matthews B. Ridgway, Army chief of staff, said in an Easton, Pa., speech today that it might be disastrous to slow down the strengthening of the North Atlantic Treaty Organization (NATO) forces.

Water Treatment Due At Courthouse

Water softening equipment will be installed in the new county courthouse, commissioners decided Friday following a meeting with local chemists and engineers.

The commissioners court is to get in touch with manufacturer of water treatment facilities to secure equipment for the process. Judge R. H. Weaver said he believes treatment of the well water now being used is essential for protection of courthouse plumbing, heating and cooling equipment.

Meeting with commissioners Friday were Ray Shaw and W. E. Gibson, both connected with Couden refinery's water treatment program, and Bill French, engineer.

3 Thefts Reported Here Friday Night

Friday night thefts were reported to police of a tool box, some hub caps and three gum vending machines.

The tool box was taken from a Rodgers Sign Shop truck which was parked at 628 Caylor Drive. The electrical tools were valued at \$150.

H. F. Edwards said someone took two hub caps from his 1951 Studebaker which was parked at Big Spring Trailer Courts.

The gum vending machines were recovered by police. They were taken from the T&P freight depot.

Tangier Act Changed

RABAT, French Morocco, Oct. 24 (AP)—Italy has resumed her seat again on the international legislative assembly of Tangier. A special reform of the statute of Tangier restored rights Italy yielded at the outset of World War II.

Rose-Colored Glasses

Berlin, Oct. 24 (AP)—Neue Zeitung, the U. S. High Commission newspaper, reported that several Communist front organizations in Soviet-occupied Thuringia are under fire for using propaganda funds to throw drinking parties.

Visits Here After Husband's Death

Mrs. W. G. Williams, whose husband recently passed away in Long Beach, Calif., is now visiting in Big Spring at the home of her sister, Mrs. Ben McCullough.

Mr. Williams died on Oct. 10. Funeral service was held at the East Long Beach Methodist Church on Oct. 14, with the Rev. Francis Byron Baldwin officiating. Interment was at Richland Springs Cemetery, Richland Springs, Texas.

Mr. and Mrs. Williams were married here at the home of Mrs. McCullough on Dec. 4, 1951. Mrs. Williams had lived in Big Spring during 1946 and 1947. She is originally from Glenrose, Texas.

Flying Hours Cut

WASHINGTON, Oct. 24 (AP)—The Air Force said today that after the armistice in Korea it ordered a reduction of total flying hours for its planes in the Far East in line with a general move for military economy.

Lt. Col. Wilson Leaves Webb For New Assignment

Lt. Col. James A. Wilson, familiar here since the activation of Webb AFB as the commander of the 3560th Pilot Training Group, left Webb Saturday for a new assignment with Operations, 25th Air Division, Air Defense Command, at McChord AFB, Wash.

Thousands of Howard Counties have watched as Col. Wilson led low-level formation flights of jet aircraft for the crowds at the many official ceremonies at the base.

Col. Wilson's wife, Shirley, was also known to many local persons. She had just completed a six-month term as president of the Officers Wives Club at the base.

Succeeding Col. Wilson is Col. William A. Jones. The 35-year-old Jones is a veteran fighter pilot with more than 3,700 hours in the air—the equivalent to 35 trips around the world.

Col. Jones, his wife, Ida, and their two small children have lived in Big Spring at 1505 Vines. They will now move to the Married Officers Quarters on the base.

The new Pilot Training Group Commander came to Webb from Tyndall AFB, Fla., where he commanded the 3625th Flying Training Group (Interceptor), teaching new pilots how to fly the famous F-94 Starfire and F-86D Sabrejet all-weather fighters.

Col. Wilson, who has been called the "father of flying at Webb" by the base commander, Col. Fred Dean, will spend two weeks with his parents in Glendale, Calif., before reporting to McChord AFB on November 20.

Hearings Delayed On Beer Permits

Hearings on two applications for beer licenses were postponed from Saturday until Monday.

Tom Bailey's application for an on-premises license for Pat's Cafe, 2107 1/2 Gregg, and Kent Carpenter's request for off-premises license for an establishment 4.1 miles east of Big Spring on Highway 80 will be considered at 10 a.m. Monday by County Judge R. H. Weaver.

COL. WILLIAM A. JONES

Band Boosters To Raise Funds To Outfit Junior Musicians

A project to provide new uniforms for the Junior High School band was voted top priority at a meeting of the executive committee of the Big Spring Band Boosters Association Thursday evening.

The Juniors now are using "hand-me-down" uniforms from the Senior High band, and these are badly in need of replacement.

It will take about \$4,500 to provide new outfits for the younger organization, and the Boosters Association will sponsor a series of projects to help raise this money. It was definitely voted to have a Tag Day Sale by members of

the band in the near future, and other projects will be mapped.

The executive committee voted unanimously for the association to continue to serve refreshments to bands visiting here for football games. The visiting groups are welcomed at the High School Cafeteria for a snack before they depart for their homes, and the ges-

ture of hospitality has won warm praise from visiting band directors.

Next regular meeting of the entire membership of the association will be held at the Senior High School band room November 3, at 7:30 p.m. All members are urged to attend, as well as any other persons interested in band development.

Attending the executive committee meeting were Mrs. Lee O. Rogers, president; Mrs. J. M. Bradley, Mrs. E. W. Richardson, Mrs. Earl Evans, Mrs. Preach Martin, Clyde McMahon, L. K. Miller, Ted O. Groehl and Band Director Clyde Rowe.

Total Italian Flood Death Toll Of 100 Is Generally Viewed

REGGIO CALABRIA, Italy, Oct. 24 (AP)—A dozen villages, wrecked by floods in the mountains above Reggio Calabria, lay dark and half-empty tonight while rescuers struggled to bring help to the victims.

A downpour of new rain sent torrents raging through some of the communities again today to add to the devastation caused by cloudbursts and flash floods Thursday.

The official death count in the disaster remains 55, but it is generally conceded here that the final toll likely will be 100.

In Naples, the U. S. Naval headquarters turned over large quantities of canned food and medical supplies to the Italian Red Cross for the stricken area.

By nightfall, the skies had cleared for the first time in three days, and the gushing torrents began to subside.

Tax Payments At School Move Along

Tax collections for the Big Spring Independent School District are moving along satisfactorily, J. O. Hagood, assessor-collector, said Saturday.

During October, payments have aggregated \$116,820.18. Of this, \$114,452.58 is on the current roll. Breakdown of it shows \$85,484.58 to local maintenance and \$28,967.99 to interest and sinking fund. Discounts (October payments earn a 3 per cent discount) allowed are \$3,433.83. Percentage is 25.2 of the \$451,474 roll.

Delinquent collections for the month have reached \$2,342.62. Miscellaneous fees have accounted for \$25.

Velde Committee To Seek Advice Of Religious Groups

WASHINGTON, Oct. 24 (AP)—Rep. Velde (R-Ill) said today his House Un-American Activities Committee is going to seek advice from religious groups in its investigations of alleged Communists.

Asserting that the "greatest single force combating communism in the United States and throughout the world" is organized religion, Velde said he believes the committee "could profit greatly from the advice and counsel" of religious leaders.

In a statement, Velde said plans are being made for conferences between the committee, of which he is chairman, and spokesmen for such organizations as the National Council of the Churches of Christ in the U.S.A., the National Catholic Welfare Conference, and the American Jewish Committee.

The purpose, Velde said, is "to obtain advice and suggestions which might be offered relating to the work of the committee."

He added: "It would also be possible through such conferences to make known to these bodies the wealth of information which has been accumulated by the committee."

Velde set off a storm of controversy last March when he said "some individual Communists and ex-Communists in the religious field" might be investigated by his group.

Last month Velde's committee released testimony by Joseph Zack Kornfeder, former Commu-

nist, that 600 or more American clergymen were "secret" members of the Communist party.

The committee report brought a storm of denials from clergymen named as Communist agents, dupes or pawns.

The National Council of Churches accused the committee of abusing its investigative powers and violating the "American tradition of fair play" in releasing charges against some dead religious leaders.

Francis Cardinal Spellman of New York defended the procedure of congressional committees investigating communism in a speech in Brussels, Belgium, today.

Cardinal Spellman, en route back to this country from Rome, referred to what he called the "hysterical tone" of criticism of committee procedure and said:

"No American uncontaminated by communism has lost his good name because of congressional hearings on un-American activities. . . . It is impossible for me to understand why any American should refuse to declare himself free of Communist affiliation, unless he has something to hide."

Allied Air Walkout

NAPLES, Italy, Oct. 24 (AP)—Southern European Allied air forces will get a new workout next month. Lt. Gen. David M. Schlatter, commander of Allied forces in Southern Europe, will direct the exercise "November Moon."

Civil Defense Plan Here Will Be Rejuvenated

Howard County's dormant Civil Defense setup is due to be rejuvenated.

Judge R. H. Weaver and Mayor G. W. Dabney, co-chairman, and W. D. Berry, co-ordinator, have slated a review of CD facilities and needs. They are to meet Monday evening at City Hall to go over plans and bring the program up to date.

A representative of Webb Air Force Base, probably Lt. Col. Alex B. Streets, will meet with the civilian defense leaders. French Robertson, Southwest CD director, is being invited.

Berry says Big Spring and Howard County have had a civil defense organization "on paper" for about two years. Establishment of the CD program advanced to the point of committee assignments, but no "dry runs" or mock alerts of any kind have been staged.

The Monday meeting will serve a dual purpose. First, it will enable the CD leaders to determine just what facilities are available for use in case of disaster and to determine what is needed for the organization to go into action.

Secondly, according to the co-ordinator, it will set the stage for future discussions with various CD committees and other groups, such as amateur radio operators, utilities companies, etc., to lay out specific assignments for disaster work.

A day or two may be set aside during which the co-chairmen and co-ordinator will meet with committees to discuss their respective duties.

Monday's meeting is set for 7:30 p.m.

America Makes Move To Get 22 U.S. Balkers Home

PANMUNJOM, Sunday, Oct. 23 (AP)—The American Command made its first move yesterday to induce 22 apparently fear-stricken Americans to renounce communism and return home voluntarily, just as their buddy, Cpl. Edward S. Dickenson had done.

One American appeal was made in a letter by Dickenson of Big Stone Gap, Va., to his former comrades in neutral custody. It reassured them: "You should not have any fear at all of being harmed if you come back. There has not been any article printed that someone said you wrote."

"The Communists have told nothing but lies to us," Dickenson wrote. "They only want us for their benefit."

Another powerful American appeal came directly from the close relatives and friends of the men in the form of 279 letters—an average of about 12 letters per man.

The American approach to the prisoners came at a time when a formal split between the neutral nations tomorrow may throw the whole issue of anti-Communist war prisoners into new confusion.

Lt. Gen. K. S. Thimayya, Indian chairman of the Neutral Nations Repatriation Commission, was expected to reveal the serious development tomorrow in a commission statement.

The statement will formalize in writing the rigid opposition between Communist Poland and Czechoslovakia and the other three commission members, Sweden, Switzerland and India, on the use of force against unwilling prisoners.

In simplest terms, the issue is whether the commission will order force—bullets, bayonets and tear gas if necessary—to compel violently anti-Communist North Ko-

rean prisoners to hear "explanations" from the Reds.

The prisoners have threatened a mass breakout if Indian troops moved against them—even with sticks.

Consequences of a final commission split are unforeseeable. Possibly, the commission would continue to function for interviews of 14,596 Chinese, the 22 Americans, 1 Briton and 334 South Koreans who have refused repatriation.

A weakening among the pro-Communist South Korean prisoners was revealed Saturday when one asked to be turned over to the United Nations side today. He was validated for return by the NNRC.

Tomorrow will mark the end of the first month of the 90-day repatriation period guaranteed under the armistice. In that time the Reds have interviewed only 621 of the 22,804 non-Communist soldiers. Of these only 20 have chosen communism again after interviews while 138 have voluntarily asked for repatriation—a drop from the anti-Communist bucket.

German Firm In Argentina Puts Out Book On U.S. 'War Crimes'

By FRED L. STROZIER
BUENOS AIRES, Argentina, Oct. 24 (AP)—A book just published by a German firm here accuses Allied soldiers in World War I, particularly the Americans, of extensive war crimes including the slaughter of surrendered German soldiers and the rape of many German women.

The book was printed in German by the Dueser-Verlag Publishing House, whose monthly magazine Der Weg was banned as Nazi in Germany and Austria by Allied occupation authorities and later by officials of those countries. The English translation of the title is "Allied War Crimes and Crimes Against Humanity (Documents of the Second World War)."

The editor says the material was based on sworn statements by 6,000 German war prisoners in Darmstadt prison in 1946, taken down primarily for the defense of Hermann Goering before the International Military Tribunal which tried major Nazi war criminals at Nuremberg.

Since each prisoner who is supposed to have signed charges against the Allied troops is identified only by number, there is no way of telling just when or where the alleged crimes were committed.

Promotion material printed in Spanish before the book appeared said it would show the "horrible crimes of war committed by the Soviet armed forces" in World War II. However, of the 285 pages, 122 are devoted to charges against U. S. troops, in contrast to 63 against the Russians. The charges involving France are covered in 35 pages, the British in 8, and the Poles and Czechs in only a few pages.

The publisher describes the book as a "protest against the fact that German soldiers are looked upon collectively as war criminals, while their opponents are regarded as 'Christian Crusaders.'"

The book demands the reopening of the cases of Germans convicted of war crimes "and simultaneously taking up the processes against Allied war criminals."

Documents on which the book is

claimed to be based charge that U. S. soldiers in the last year of the war shot German troops trying to surrender or shortly after their capture. Statements by German prisoners are quoted in an effort to prove that Americans forced German war prisoners or civilians to walk in front of Allied tanks or over mine fields. The charge also is made that the Americans bombed towns with no military objective, civilian trains and hospitals

Bar Owner Kills Bandit, His Third

CHICAGO, Oct. 24 (AP)—A two-gun tavern owner, who has shot at robbers six times in the 10 years he has been in business, shot and killed his third early today.

But the tavern owner, John Fahey, 64, was wounded in the chest and a patron, Paul Wood, 45, was killed in the cross-fire. One robber escaped, but may have been wounded.

Fahey told detectives he had vowed long ago never to submit to bandits without a gun fight.

Fahey said he and Wood were alone in the tavern when the two men entered with guns drawn. One covered Wood. The second leaped over the bar beside Fahey and took \$60 from a cash register. As the gunman forced Fahey toward a second cash register, the owner snatched a pistol concealed behind the bar, spun and opened fire.

The gunman behind the bar leaped back over the bar and fled under fire from Fahey. The owner grabbed a second pistol when the first was emptied and shot and killed the robber covering Wood. Four shots were found to have been fired from the dead robber's gun and one of these was believed to have killed Wood, police said.

The dead gunman was identified as Hilton Wilson Jr., 26. Fahey killed a robber in his tavern in August, 1950, and a second one last July, police said.

clearly marked with red crosses. Crimes which Americans are accused of having committed after the war include nearly 100 cases of rape, mainly by Negro soldiers or drunken whites; beatings; and thefts.

The main charge against the British is that they bombed non-military objectives. They are accused of having blown up a party of SS (Elite Guard) troops with dynamite after they had been made prisoners.

The French are accused, for the most part, of theft and rape, generally by French Moroccan troops, and cases of mistreatment of individual prisoners.

Cousin Says Chain Of Prayers Saved Ike's Leg As Boy

FRANKFORT, Ind., Oct. 24 (AP)—A cousin said today a chain of family prayers saved President Eisenhower from a leg amputation when he was a boy.

Mrs. Lydia Ann Eichelberger, 78, of Tabor, Iowa, who is visiting here, said young Eisenhower was told his leg would have to be amputated because of blood poisoning. She didn't say how old he was.

"He refused, placing his faith in the power of God," Mrs. Eichelberger said in an interview.

"With our people having a background of Bible teachings and a strong belief in the reconciliation of God and man by means of the life sufferings and death of Christ—of healing through prayer—the boy's family began to pray continuously.

"Certain members of the family were assigned prayer periods. The chain of prayers went on for several days. And then suddenly his fever went down, and the swelling became less and less."

To Visit Turkey

ROME, Oct. 24 (AP)—Premier Giuseppe Pella will visit Ankara in mid-November at the invitation of the Turkish government.

JAMES O. HALE

Hale Accepts Scouting Post At Beaumont

James O. Hale, Scout executive here for the past four years, has accepted a similar assignment at Beaumont.

He will leave Friday for his new post which includes service for Chambers, Liberty, and San Jacinto counties. As executive for the Lone Star District, Hale serviced Howard, Martin, Sterling and Glasscock counties.

"While serving this (Buffalo Trail) Council and the Lone Star District," said P. V. Thorson, area executive, "Mr. Hale has given leadership to noteworthy growth in membership and to quality program."

During the period that Hale has served this district, the membership of boys (Cubs, Scouts and Explorers) has reached approximately 750, a gain of 200. The district has consistently been a leader in advancement and has had one of the better activity records.

The past summer it had one of the top camping records for the council and contributed perhaps the largest single delegation to the national council—28 boys.

Another function of the district which also increased is the annual Buffalo Trail Round Up. Last May it drew more than 1,000 boys and leaders.

Hale has been active in local and district affairs of the Christian Men's Fellowship, and he has served as a member of the First Christian Church board. He has been a member of the Kiwanis Club. Prior to coming here he was district executive with the Northwest Texas Council at Wichita Falls for four years. Previously, he was in Scouting as a volunteer leader.

Mrs. Hale and their two children, James Nathan, 8, and Nancy, 14 months, will accompany him Friday. The place here will be filled as soon as possible, said Thorson.

Judicial Chairman

AUSTIN, Oct. 24 (AP)—Judge W. L. Thornton of Dallas was named chairman today of the judicial section of the State Bar.

Water District To Let Two Contracts At Thursday Meet

Contracts, among the last major ones to be awarded, are due to be closed here Thursday by the Colorado River Municipal Water District for two pump stations.

One will be for the main pumps at the Big Spring-Odesa intake at Lake J. B. Thomas, and the other will be for a booster station on the main supply line at Morgan Creek. Bids will be opened when the board of directors holds its meeting. Also on the agenda is the proposed operating budget for the next year. Presentation of the budget at the October meeting is required under terms of the indenture.

During the past 12 months, the CRMWD has applied \$320,000 to the net revenue fund from whence payments are made against the \$104 million in revenue bonds which have financed the project.

Texas University Ceremonies Are Set

AUSTIN, Oct. 24 (AP)—Simple ceremonies will mark the inauguration of Dr. Logan Wilson as president of the University of Texas Thursday.

Three former presidents of the university will join Regents Chairman Tom Sealy of Midland, Chancellor James Hart and other dignitaries in the ceremony at 10 a.m. The former presidents are Drs. T. S. Painter, James Dolley and W. J. Battle.

More Data Is Asked On Farm Wage Scale

Cotton farmers in Howard, Mitchell and Martin counties were asked yesterday to supply more information on wages paid domestic harvest workers.

Bookings Made For SCS Drills

The 12-foot grain-fertilizer drills owned by the Martin-Howard Soil Conservation District are reported to be scheduled for steady use, but reservations for them are being booked.

Kinney has specifically asked that farmers state the actual wages received by cotton field workers on the cards which are sent to them weekly.

The TEC manager said that during the past two weeks these survey cards were mailed to 550 farmers in the three counties requesting this wage information on domestic cotton pickers and pickers, and that only 67 replies were received.

Results of the mailing program so far have been below expectations, Kinney said. "We would like to urge all farmers receiving these cards to return them on Wednesday of each week in order that the survey sample will be big enough to actually reflect the wages being paid domestic workers."

Kinney points out that the information gathered in these surveys is available to all farmers and valuable to them since in many cases it may have the effect of saving them money in the employment of domestic pickers or pullers.

Red-Dominated Unions Attacked In NLRB Move

WASHINGTON, Oct. 24 (AP)—The National Labor Relations Board moved today to prevent unions from taking part in collective bargaining elections if any of their officers are under indictment for filing non-Communist affidavits.

The NLRB said that it will start at once to defer action on requests by such unions for bargaining elections until the courts have decided the guilt or innocence of the officers in question.

The board emphasized that it "draws no inference of guilt from the issuance of the indictments." However, it pointed out in a statement of policy that a conviction "would necessarily invalidate any certifications or other official action taken by the board in reliance on the truth of such affidavits."

The Taft-Hartley Act prohibits a union from using NLRB services until its officers have filed formal statements that they are not Communists.

The new policy was foreshadowed by NLRB Chairman Guy F. Fowler in a letter to the board earlier in the week. He told a meeting of business paper editors that the board was working out a "stringent program" for dealing with "the dangerous abuse of the processes of the board" by unions with Red officers.

It follows by a week the cancellation by NLRB of the bargaining rights of a fur and leatherworkers union local in Cincinnati, Ohio, because of admittedly false statements of its officers made to the FBI about his Communist activities.

Two national unions and locals of three others appeared to be the first affected by the new policy. Ben Gold, president of the Fur & Leatherworkers Union, and Hugh Bryson, president of the Marine Cooks & Stewards Union, are awaiting trial for allegedly filing false affidavits.

Under similar indictments are Ernest M. Huppman of United Electrical, Mechanical and Plumbing Workers Local 801 and Walter C. Lohman of U. E. Local 768. Both were indicted in Dayton, Ohio.

Olga Zenchuk of Local 69, CIO Packinghouse Workers, was indicted in Detroit, while Clinton E. Jencks of Local 890, Mine, Mill & Smelter Workers Union, was indicted in El Paso, Texas.

The Fur Workers, United Electrical, Mechanical and Plumbing Workers, Mine, Mill and Smelter Workers and the Brotherhood of RR Trainmen; the American Train Dispatchers Association; Division Officers; Brotherhood of MWE; Brotherhood of Railway & Steamship Clerks, Freight Handlers and Express and Station Employees; T & P Motor Transport Drivers, International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers; Railway Signalmen of America; Engineering Department; Stores Department Employees; and Railway Express Employees.

Others incomplete are Affiliated Shop Crafts of the AF of L; Order of Railway Conductors; and the Brotherhood of Railroad Trainmen.

REPORT

(Continued From Page One)

cent of its quota. Forty-three of 175 employ groups haven't been contacted.

Residential—The only division to reach its goal. With a quota of 18,000, workers in this division secured contributions totalling \$1,471.26—147 per cent of the objective.

The totals: \$64,406.14 pledged, 87 per cent of the \$74,144 goal. A total of 496 individuals and groups of individuals from which contributions are expected haven't been heard from. These are represented in the unreported cards, and drive leaders believe they would put the campaign over the goal if contacted.

Final report meeting is scheduled for noon Tuesday at the Settles Hotel.

Matthews Charges MIG Had Parts Made In America

SEARCY, Ark., Oct. 24 (AP)—Dr. J. B. Matthews, ousted staff director of the Senate investigations subcommittee headed by Sen. McCarthy (R-Wis.), declared here yesterday that a Russian-built MIG jet surrendered by a North Korean flier was not brought to the United States because military authorities didn't want the public to know it contained American parts.

The assertion was denied by the Air Force at Washington. An Air Force spokesman said there was "no truth" in Matthews' statement.

Georgia Aerial Show Rips North California

ATHENS, Ga., Oct. 24 (AP)—Rugged John Larson caught every foot ball in reach today and helped super pitcher Sam Zeke Bratkowski get Georgia's air carnival back on the victory circuit today with a 27-14 triumph over North Carolina. The tall end, always the prime target for Bratkowski's precision passes, made acrobatic catches which kept a crowd of 30,000 gasping during the second quarter when Georgia saluted away and the game with three touchdowns.

CONTEST

(Continued From Page One)

of the campaign. In addition to the firemen and engineers, three other organizations are incomplete.

A big whistle-blowing will mark the end of the campaign in the railway yards this week, Tucker said.

Having completed their work as the Railroad Yardmasters of America, the Order of Railway Telegraphers; the switchmen of the Brotherhood of RR Trainmen; the American Train Dispatchers Association; Division Officers; Brotherhood of MWE; Brotherhood of Railway & Steamship Clerks, Freight Handlers and Express and Station Employees; T & P Motor Transport Drivers, International Brotherhood of Teamsters, Chauffeurs, Warehousemen and Helpers; Railway Signalmen of America; Engineering Department; Stores Department Employees; and Railway Express Employees.

Others incomplete are Affiliated Shop Crafts of the AF of L; Order of Railway Conductors; and the Brotherhood of Railroad Trainmen.

35,000 Pickers Reported Needed At 29 Texas Employment Points

A shortage of 35,000 pickers and pullers was reported from 29 Texas employment points during the week.

These included Lubbock County 4,000; Hockley County 3,200; Crosby County 2,000; Cochran County 2,000; Kent County 500; Terry and Yoakum counties 700; Dawson and Gaines counties 300; South Lamb and South Bailey counties 3,500; Farmer and North Bailey counties 1,000; Castro and North Lamb counties 2,500; South Hale County 1,100; North Hale County 3,000; South Floyd County 1,000; Swisher County 2,000; Tom Green County 600; Taylor and Southwest Jones counties 400; South Jones County 900; Mitchell County 800; Howard County 500; Martin County 700; Midland and Glasscock counties 500; Runtels County 750; Nolan County 1,100 (three hiring points); Fisher County 1,000, with hiring points at Roby and Rotan; and Scurry County 1,000.

In addition to the shortages reported above, El Paso, Hudspeth and Culberson counties reported farmers there could have used 18,991 additional workers, and Reeves and Loving counties asked for another 800 pickers.

This weekly report did not, of course, take into account the effects of the general rains throughout the week.

Lubbock County, crop good; 40 per cent harvested; estimated production 180,000 bales. Mokeley County, crop fair; 75 per cent harvested; estimated production 100,000 bales. Taylor and Southwest Jones counties, crop good; 85 per cent open; 20 per cent harvested; estimated production 600 bales. Terry and Yoakum counties, crop good; 80 per cent open; 23 per cent harvested; estimated production 21,000 bales. Dawson and Gaines counties, crop good; 80 per cent open; 26 per cent harvested; estimated production 20,000 bales. South Lamb and South Bailey counties, crop good; 95 per cent open; 14 per cent harvested; estimated production 100,000 bales. Farmer and North Bailey counties, crop good; 15 per cent open; 15 per cent harvested; estimated production 70,000 bales. Castro and North Lamb counties, crop very good; 15 per cent open; 15 per cent harvested; estimated production 120,000 bales. Briscoe and North Floyd counties, crop very good; 90 per cent open; 15 per cent harvested; estimated production 70,000 bales. South Jones County, crop very good; 50 per cent open; 11 1/2 per cent harvested; estimated production 220,000 bales. Nolan County, crop good; 85 per cent open; 12 per cent harvested; estimated production 40,000 bales. Fisher County, crop good; 70 per cent open; 23 per cent harvested; estimated production 10,000 bales. Scurry County, crop fair to good; 80 per cent open; five per cent harvested; estimated production 18,000 bales. Stonewall County, crop very good; 90 per cent open; nine per cent harvested; estimated production 110,000 bales. Tarrant County, crop good; 80 per cent open; 45 per cent harvested; estimated production 100,000 bales. Clay and Wichita counties, crop good; 75 per cent open; 15 per cent harvested; estimated production 12,000 bales. Cook County, crop good; 95 per cent open; 20 per cent harvested; estimated production 1,500 bales. Denton County, crop good; 80 per cent

open; 40 per cent harvested; estimated production 12,000 bales. Green County, crop fair to good; 80 per cent open; 30 per cent harvested; estimated production 15,000 bales. Taylor and Southwest Jones counties, crop good; 85 per cent open; 20 per cent harvested; estimated production 30,000 bales. South Jones County, crop good; 70 per cent open; 33 per cent harvested; estimated production 30,000 bales. North Jones County, crop good; 75 per cent open; 30 per cent harvested; estimated production 30,000 bales. Mitchell County, crop poor to fair; 85 per cent open; 36 per cent harvested; estimated production 16,000 bales. Howard County, crop poor; 80 per cent open; 21 1/2 per cent harvested; estimated production 7,500 bales. Martin County, irrigated crop good and drained crop poor; 80 per cent open; 20 per cent harvested; estimated production 25,000 bales. Midland and Glasscock counties, irrigated crop good and drained poor; 80 per cent open; 15 per cent harvested; estimated production 10,000 bales. Runtels County, crop fair to good; 75 per cent open; 30 per cent harvested; estimated production 30,000 bales. Scurry County, crop fair to good; 85 per cent open; no estimate on harvest; estimated production 12,000 bales. Scurry County, crop good; 87 per cent open; 21 per cent harvested; estimated production 10,000 bales. Fisher County, crop fair to good; 87 per cent open; no estimate on harvest; estimated production 18,000 bales. El Paso, Hudspeth and Culberson counties, crop good; 50 per cent open; 25 per cent harvested; estimated production 110,000 bales. Reeves and Loving counties, crop good; 75 per cent open; 45 per cent harvested; estimated production 110,000 bales. Clay and Wichita counties, crop good; 75 per cent open; 15 per cent harvested; estimated production 120,000 bales. Cook County, crop good; 95 per cent open; 20 per cent harvested; estimated production 1,500 bales. Denton County, crop good; 80 per cent

Final Spatterings Of Rainy Spell Likely Over Weekend

The final spatterings of a drought-easing rainy spell were promised for most of Texas through the weekend.

There was no indication of more of the gully washers that had farmers wondering Saturday whether the end of the four-year drought might not be at hand.

The rains began Tuesday in the Panhandle and spread through Central Texas Thursday and Friday down to the Mexican border. Lake Falcon is rising and bringing westerly oblivion nearer Zapata, an old border town that has been all but abandoned.

Four highway deaths were blamed partly on the weather. Agriculture Commissioner John C. White told ranchers not to get too excited about results of the rains. He said the moisture should bring out six or seven million acres of wheat pasture, but ranchers still will have to feed roughage this winter.

Other experts said it will take a whole season, not just a week, of good rains to restore subsoil moisture. The hope that buoyed farmers and ranchers was that such a rainy season was underway.

This was the third spell of good rains since August. After the August downpours, and again after rain in September, the sun blazed again, burning out some of the gains that had been made. Dry-land cotton farmers were not as keyed up over the new rains as were ranchers and wheat growers. The downpours drenched open bolls in Hale County, and agents in other counties reported slight damage.

E. A. Madera, PMA employe at Plainview, said the rains might have damaged cotton \$5 per bale in that area. If so, the loss would run into millions of dollars. Madera said farmers believe benefits to wheat and rangeland outweigh the damage to cotton. This estimate was reflected in opinions from county agents throughout the area.

On the border, runoff from rains up to nine inches was pouring into the Rio Grande from such tributaries as the Rio Salado in Mexico.

The rise sent Lake Falcon higher in the mesquite-covered hills where old Zapata waits for inundation. Only about 25 families of the town that once held 2,000 still live there. The rest have moved four miles to a New Zapata that is still being built. The lake rose two and a half feet in 24 hours.

The Mexican section of the International Boundary Commission said the lake was 96 feet, 8 inches deep at Falcon Dam, dedicated only Monday by President Eisenhower.

Farm road 496 between New Zapata and Hebronville was closed because of a 13-inch rain at Escobas in inland Zapata County. San Ygnacio in upper Zapata County had a 9-inch rain, and there were reports of a 9-inch rain in Mexico on the Salado watershed.

It appeared the rains had about ceased, although light rain or drizzle was reported Saturday at Big Spring, Midland, College Station, San Angelo and Lubbock. There were only scattered breaks in the clouds over the state.

The fourth death blamed on the rains was that of David Fuentes of San Antonio, killed early Saturday when a bus hit him as he stood on the highway beside his car. Two persons were killed in accidents on slick highways Thursday and one Friday.

The week's rains also helped drought conditions in Oklahoma and New Mexico.

K. D. Blood, federal crop statistician, said most of Oklahoma now is in pretty good shape, with a chance for enough pasture and ground coverage to prevent wind erosion. He said the state could stand a week of soaking rains for sub-soil moisture.

In Albuquerque, climatologist G. F. Van Eschen said, "recent moisture has relieved extreme drought conditions temporarily, but the state will have to get more or less normal rainfall over several months for permanent relief."

South Plains Is Surprised By Amount Of Moisture

LUBBOCK, Oct. 24 (AP)—The rains were just about gone but not the surprise.

"No one had expected the amount of rain which has dropped on the South Plains in the last three days."

The remark came, after many samplings of opinion, from Jim Compton, farm editor of the Lubbock Avalanche-Journal.

"That we would have a shower or

two, yes, but not four, five and even six inches in such a short time. The largest amount of rain to fall since 1949 has surprised everyone: the farmer, the business man, and the agricultural agents alike."

For two days, it rained from Lubbock west to the New Mexico border. The amount of rain that fell in the past week and south past Andrews and Mexico today, but those cities outline the area of which Lubbock is a hub. Today the rains slacked off.

It was true the rain knocked down some cotton which was ready for picking and will lower the grade of other cotton. This can be taken in stride, considering the benefits.

"Everyone should be happy just to see the wet stuff again," said John Bob at the Lubbock Experiment Station. "This country usually winds up with strict low middling cotton, anyway so there's not much use in worrying about the rain. A week of sunny weather will make us think we never had a rain."

Lee Suther, assistant Lubbock County agent, said, "I do not think that the cotton will be hurt too much if farmers will wait until it is dry and fluffy again before going back into the fields. These rains will have some tendency to lodge some of the non-lodging resistant grain sorghum varieties. (To 'lodge' is to knock the grain from the stalk to the ground.) I expect the rains to be more helpful to the dryland farmer because it will season the soil for water needed next year."

Terry County Agent Jim Foy at Brownfield said, "Our county has received two to six inches of rain. I don't know when I have seen it looking better."

Dr. A. W. Young, head of the plant industry department at Texas Tech, said, "The rain received should put moisture into the ground as deep as two feet. If this moisture can be held during the winter months there are chances for a satisfactory season next year."

Pvt. Roy Layfield of Big Spring is now a member of "All America" 82nd Airborne Division stationed at Fort Bragg, North Carolina. He is currently participating in Exercise Falcon, regiment combat maneuver.

'Y' Clubs Elect Angel Lt. Governor

Robert Angel, president of the Big Spring H-Y club, was elected lieutenant governor to serve during the annual Youth In Government event in Austin in December.

The election was held in Lubbock Saturday where H-Y groups from throughout West Texas assembled for a pre-conference.

Angel was nominated by Ann Gray of the Big Spring Tri-Hill and won out over Jim Stone, candidate from Wichita Falls. He will preside over the senate which will be organized by the young people at the Youth In Government project.

Fined, Transferred

A man arrested Friday night by police was fined \$25 in city court Saturday afternoon on charges of driving without a license. He was then transferred to county authorities where police said he would be charged with driving while license was suspended.

TMA Speakers Set

HOUSTON, Oct. 24 (AP)—Walter Williams, undersecretary of commerce and Sen. Price Daniel will speak here next week at the Texas Manufacturers Assn.'s conference of Texas industry.

THE WEATHER

Table with columns: CITY, TEMPERATURES, MAX. MIN. Includes locations like Abilene, Amarillo, Big Spring, Chicago, Dallas, El Paso, Fort Worth, Galveston, Houston, New York, St. Louis, and San Antonio.

W. A. JOHNSON ... fresh from Saudi Arabia

Costume From Saudi Arabia Is Just The Thing For Halloween

By CLIFTON LAWHORNE

W. A. Johnson claims he will have the most original costume in Big Spring come Halloween. And in case of extended cold weather or an unexpected sand storm, he believes the regalia will be most practical.

The costume comes direct from Saudi Arabia, as did the man who will wear it.

Johnson spent three years at Dhahran with the Arabian-American Oil Company, returning to this country in March. He has been in Big Spring since July.

He collected more souvenirs during his three-year stay than most people do in a life time. Among them are the "shiks" clothes which he plans to don on Halloween.

Although Johnson misses Arabia, he likes the American way of life as practiced in Big Spring. About the only thing he complains about is paying income tax, which he did not have to do on the money earned in Arabia.

And he is one "fresh arrival" from the east who doesn't complain about the sand.

"This blowing sand here doesn't compare with that which I'm used to. You people don't know how lucky you are. I've seen the sand shift in a few days on roads that were built to last five years," he said.

Traveling on the Saudi Arabian peninsula takes a navigator or a man who knows where he is going Johnson said. Since roads cannot be built to stay, people have to be familiar with the few landmarks that are not changed by wind and blowing sand.

Johnson was a senior administrative aid with the oil company. His job consisted primarily in setting up hospitals in American settlements.

At present there are six American settlements for the oil company personnel, he said. They are Abqaiq, Rosahani, Dhahran, Umm Unaiq, Uthmaniyah, and Andal. Average population of these settlements is 2,000.

Most of the houses are prefabricated structures from Sweden, Johnson explained. A few are made of brick and all are air-conditioned. Streets are made by pouring oil on the sand.

As 18 nationalities work for the company, quite a few hospitals had to be built, Johnson was, therefore, in close contact with the Arabian people. Consequently, he was sent to two schools to learn Arabic, and he now understands and fluently speaks the language.

Everything about the Arab is built on faith, Johnson pointed out. The average life span of the native is from 25 to 30 years and Johnson points out that 90 per cent of them have never had a bath.

Brutal justice is meted out by the rulers of Arabian towns. A thief on first offense has his hand cut off. On second arrest his foot is cut off, and on third arrest his head is chopped off, Johnson has pictures for those interested in the story sights.

There is no punishment for Americans in Saudi Arabia unless it is a capital offense, Johnson said. Then the American is locked up in jail. Some have been in jail for years, and Johnson said that these prisoners must be fed by other Americans or they will starve. He explained that Arabian jails do not serve meals.

It's true about the women wearing masks, Johnson says. Women consider themselves disgraced if their faces are viewed by men. Weather was tolerable in Saudi Arabia so long as it was not the least season, Johnson explained. When the locusts come you can't see anything else, he said, and

they take all green plants with them. Arabs think locusts are delicacies and eat them raw.

Johnson was assigned to hospital work because of his experience in the Navy and Marine Corps as a pharmacist's mate. He served in the South Pacific during World War II, and after the war he served in the Air Force and worked for the Post Office.

On the way to Dhahran, he visited the Azores Islands, Lisbon, Rome, Paris and other points in Europe. Johnson has been away from home since he was 16 years old.

He is now 30 and thinks he has found a "home" at Big Spring. He and his wife and two children live at 408 Lancaster, and he is district manager of the Rio Grande Insurance Company. He says he has stayed here longer than any other place in years "and intends to stay here for some time to come."

His house is completely furnished with souvenirs from Saudi Arabia. "About the only thing we had to buy was chairs," he said. Tapestries of various colors hang on the wall, and Arabian rugs are on the floor.

He has been offered quite large sums of money for the souvenirs but has so far refused to sell anything.

Woodrow Robinson has planted five acres of alfalfa in an experimental plot on his farm one mile northeast of Big Spring, and Everhart says that if a good stand is obtained Robinson plans to pasture it some and then make a cutting of hay if growth permits. In planting, Robinson used one of the SCD drills and seeded at the rate of nine pounds to the acre. Robinson also has 25 acres of oats up to a good stand.

Police arrested three Latin-Americans at Thurman Grocery about 5 p.m. Saturday following an altercation. They were charged with drunkenness and disturbance.

Five other Latin-Americans were arrested about 7 p.m. in the 100 block of East 6th Street on charges of drunkenness.

Fourteen singles matches tomorrow will complete play.

Byron Nelson produced the best individual effort of the pros, a 5-under-par 67.

January teamed with Billy Maxwell, Fort Hood, to crush Nelson and Fred Hawkins, El Paso, 6 and 5.

Results, amateur teams first: Billy Maxwell, Fort Hood, and Don January, Dallas, defeated Fred Hawkins, El Paso, and Byron Nelson, Roanoke, 6 and 5.

Joe Conrad, San Antonio, and Buster Reed, Fort Hood, defeated Ray Gafford and Harry Todd, Dallas, 2 up.

Spec Goldman, Dallas, and Don Cherry, Wichita Falls, defeated Jack Harden, El Paso, and Abe Beckman, Midland, 5 and 4.

Ernie Vlasler, Fort Worth, and Dick Jennings, Lubbock, lost to Tommy Bolt, Houston, and Iverson Martin, Fort Worth, 1 up.

Floyd and Don Addington, Dallas, defeated Warren Smith, San Antonio, and Jackson Bradley, Houston, 6 and 5.

Billy Erlfurth, Lubbock and Wesley Ellis, San Antonio, defeated Sammy Schneider, Houston, and J. T. Hammett, Snyder, 5 and 4.

THE WEEK

(Continued From Page One)

Amateurs Take Texas Cup Event Doubles Matches

DALLAS, Oct. 24 (AP)—Fired by a record-breaking 61 by Don January, the amateurs downed the professionals 5 1/2 to 1 1/2 in the doubles of the Texas Cup matches today. January's round was 11 below par.

Fourteen singles matches tomorrow will complete play.

Byron Nelson produced the best individual effort of the pros, a 5-under-par 67.

January teamed with Billy Maxwell, Fort Hood, to crush Nelson and Fred Hawkins, El Paso, 6 and 5.

Results, amateur teams first: Billy Maxwell, Fort Hood, and Don January, Dallas, defeated Fred Hawkins, El Paso, and Byron Nelson, Roanoke, 6 and 5.

Joe Conrad, San Antonio, and Buster Reed, Fort Hood, defeated Ray Gafford and Harry Todd, Dallas, 2 up.

Spec Goldman, Dallas, and Don Cherry, Wichita Falls, defeated Jack Harden, El Paso, and Abe Beckman, Midland, 5 and 4.

Ernie Vlasler, Fort Worth, and Dick Jennings, Lubbock, lost to Tommy Bolt, Houston, and Iverson Martin, Fort Worth, 1 up.

Floyd and Don Addington, Dallas, defeated Warren Smith, San Antonio, and Jackson Bradley, Houston, 6 and 5.

Billy Erlfurth, Lubbock and Wesley Ellis, San Antonio, defeated Sammy Schneider, Houston, and J. T. Hammett, Snyder, 5 and 4.

Jimmie Conolly, Austin, and Stan Mosel, San Antonio, split one point with Jack Smith, Amarillo, and Bobby Morris, Dallas.

The American Legion post has launched a campaign for 550 members. Certainly there ought to be enough ex-servicemen to join hands to make this possible. After the war, with less population than now, we had a couple of hundred more members than this. Big Spring had one of the largest posts in the state.

Duke Shows Power In 31-0 Victory

DURHAM, N. C., Oct. 24 (AP)—Halback Red Smith scored two touchdowns as once-beaten Duke routed North Carolina State 31-0 today in a great display of power. Bouncing back from last week's 14-13 loss to Army, Duke scored one touchdown in the first period, two in the second, one in the third, and added a fourth in the last period on an electrifying 75-yard run by third string quarterback Dave Lerp, a graduate student.

It was Duke's third straight Atlantic Coast Conference win and gave the Blue Devils a 5-1 season record. State's record is now one victory against four losses.

Indochina War Political Crisis Leads To U.S. Apprehension

By JOHN M. HIGHTOWER
WASHINGTON, Oct. 24 (U.S.)—The war in Indochina has led to a political crisis, which, in the opinion of U. S. officials, holds very dangerous possibilities.

Ultimate stakes are the security of all southeast Asia against communism and the prestige of France as a world power.

The crisis focuses in two places, Paris and Saigon. American military and diplomatic leaders are apprehensively watching a chain reaction of events which they are trying to keep under control with calming advice and the exercise of restraints wherever possible.

In Paris the French National Assembly opened a debate Friday on the 8-year-old war against the Communists in Indochina. Behind the debate is the dissatisfaction of French public opinion with the long sacrifices demanded by the fight. Costs in money and manpower are not the only consideration. It is pointed out that the struggle has led to a relative weakening of France's security in Europe at a time when there is strong Allied pressure to begin arming West Germans.

In Saigon, where the current crisis started, the argument has also centered in an assembly, the Vietnamese National Congress. Last week it reached a decision, subsequently modified, that it wanted not only independence from France but also no participation in the French Union. The Union is somewhat like the British Commonwealth of Nations. It has been projected as a voluntary association of France and the Indochinese states.

What has bothered U.S. and French officials is the effect of the Saigon stand on French public opinion.

One of the ironies of the present situation is that it may be traced

at least in part to the efforts of the French government, with American encouragement and support, to put the struggle on a new political basis. Another ironical fact is that the crisis comes at a moment when French and U. S. officials believe for the first time in several years that they can see a way out in the predictable future.

Following the French political action in July, the United States underwrote with additional aid of 385 million dollars a new French military plan. This called for building up additional native troop units and for a more aggressive strategy to clean out Communist guerrilla pockets. Already military operations in the field have shown a more aggressive tendency. U. S. officials have said several times

In the past three months that the combination of the new political policy and the new military plan promises to bring the war under control and ease the French burden enormously in a year or two.

Whatever happens, one of the fundamental points on which all U. S. policy on Indochina rests is that the area is vital to the security of the whole rich southeast Asian area. This includes Burma, Siam, Malaya, and beyond that the island nation of Indonesia.

Red Rebels Lose In Ambush Try

HANOI, Indochina, Oct. 24 (U.S.)—A Vietminh regiment attacked a column of French Union armored and infantry troops from ambush 10 miles south of Phee Who Quan today, but was beaten back into the hills after five hours of hand-to-hand fighting.

The French high command announced 150 of the Communist-led rebels were killed and 17 captured in this second big clash since French and Vietnamese forces launched their offensive into Vietminh territory below the Red River Delta Oct. 15.

The French, too, suffered losses in the fight, but did not disclose the totals. The attack came as their column moved south on a route called the "road of forests" after destroying military installations in Phu Nho Quan, a rebel stronghold near the Delta's rim 50 miles south of Hanoi.

Armed with mortars, machine-guns, rifles, pistols, grenades and knives, the 2,000 or so men from the Vietminh's division No. 320 spilled from the forested hills to strike at the French Union infantrymen, tanks and armored cars.

The French command said the French and Vietnamese seized hundreds of Vietminh arms while repulsing the attack.

Earlier in the campaign, the French Union forces killed 230 of the rebels and captured 50 in fighting east and south of Phu Nho Quan.

Game And Fish Men Wonder About Pikes

AUSTIN, Oct. 24 (U.S.)—Anybody caught a wall eye pike in Texas? If so, please, write the Texas Game and Fish Commission, or better, send a picture of the fish.

Last spring the commission planted half a million pike in Lake Travis near Austin and Devils Lake near Del Rio.

The commission has received no authentic report of any caught. The commission wants to know how the fish are doing, whether they are growing, or whether they will survive in Texas lakes.

Egyptians Set Sale

CAIRO, Egypt, Oct. 24 (U.S.)—Thousands of pieces of rare furniture and art works belonging formerly to ex-King Farouk will be sold at several international auctions next year.

Fined On 2 Counts

Fine of \$1 and costs was assessed in Justice Court against a motorist who pleaded guilty to driving without license. The same driver was fined \$10 and costs on his plea of guilty to speeding charges.

Three More Enlist At Local Station

Three other area men have enlisted in the Army and Air Force here, bringing total for the month to 14, SFC. A. M. Burt, local recruiter, reported Saturday.

Due to report to the main recruiting station in Abilene Monday are Antone Daniels Jr. of Snyder, Bobby L. Tankersley of Monahans, and Charles R. Shoemate of Odessa. Daniels and Tankersley both enlisted in the Air Force and will be sent to Lackland Air Base, Shoemate joined the Army and will go to Fort Bliss.

Sgt. Burt said it now is policy of the Army to send enlistees from this area to Fort Bliss rather than Fort Sill.

Man Is Charged On DWI Count Here

Charges of driving while intoxicated have been filed in County Court against Ray W. Burnfin.

Court docket shows no disposition of the charges, but records in the sheriff's office show he was fined \$70 and costs totalling \$23.85.

Burnfin was arrested by city police Thursday night following a traffic accident on West Third. He pleaded guilty to no driver's license charges in City Court Friday and was fined \$25.

LETTERS TO EDITOR

Takes Issue With Anglican Criticism Of Catholics

To the Editor:
The AP item, Herald, Oct. 16, P. 16, about a pamphlet written by anonymous Anglican writers criticizing the Catholics was regrettable. The Anglican Archbishop of Canterbury, Dr. Geoffrey Fisher, recommended a booklet assailing the alleged "battering" and "bullying" of Catholic priests who are said to "tout for converts among the seriously ill and dying." The simple fact is that no Catholic priest would administer the Last Sacraments to one who is not convinced of the truth of the Catholic religion. Anyone who has not a clear mind is incapable of conversion to the Catholic religion. The Last Rites are conditionally administered when one has expressed the desire for the administrations of the Church before becoming unconscious.

There is more to Dr. Fisher's rash of irrational polemics calumniously labeling the Catholic Church as "totalitarian"—more than meets the eye. The Anglican Archbishop's son was married to a Catholic Lady in a Catholic Church. This fact has always rankled with Dr. Fisher. Another fact that grates on his soul is that practicing Anglicans are now no more numerous than practicing Catholics in England (3,500,000). The rationalization of religious jealousy is sad.

Dr. Fisher may do better by attending to the infamous Red Dean in his midst and the sundry parlor pinks of his cloth. He could do worse than reread Edmund Burke, a distinguished communicant of his sect. Pleading in Parliament, 1773, for toleration for Protestant dissenters, Burke deplored feuding among the sects, and warned that the common enemy of all was atheism and secularism. "The cause of the Church of England," he said, "is included in that of religion, not that of religion in the Church of England."

WILLIAM ALLEN

Scores Reporting Of Labor Hearing

To the Editor:
It seems to me that the story in which you ran Oct. 21, 1953 concerning Local Union 826 request for a temporary injunction is a fine example of how the press in general will slant a story about organized labor, or it is a very poor example of reporting facts.

In your story you would have the general public believe that the owners of the Ideal Laundry and the City Laundry, T. L. South, and C. B. South, and John Hodges have no objection to employees joining a union. Certainly they would be foolish to say otherwise.

Both State and Federal Laws recognize the fact that it is the right of any group of employees to organize.

There is one very important thing which you no doubt forgot to mention in your story. Mr. T. L. South said he "would not discuss wages, hours or working conditions unless ordered to do so by the National Labor Relations Board."

His refusal to bargain in good faith is a sign of his belligerence to the union.

For the past decade most people have enjoyed prosperity and do

Cryptic Letter Tells Red China Conditions

HONG KONG (U.S.)—Father Linus Lombardi, a Roman Catholic priest waiting at Ichang for Communist permission to leave Red China, managed to send this cryptic letter to Catholic headquarters here:
"We are still in Paradise. Those around us are beginning to wear about as many clothes as Adam and Eve. They aren't doing it because they enjoy these cool damp mornings, but taxes are higher. . . . It's a case of 'carry in your crops and dump here and go merrily home with your empty sack and empty stomachs.'"

not realize that sweat shops still exist in this great country of ours. And they do exist right here in Big Spring.

Local Union 826 is trying to assist a small group of people to obtain better wages, hours and working conditions, so they might raise their standard of living and enjoy some of the things in life which you and I take for granted.

We are not asking that the newspaper take our side in this issue, but we do ask that the true facts be printed so that the people of Big Spring will be properly informed.

ALFRED G. GOODSON

Home Buildings For School Classes

To the Editor:
El Paso is solving the crowded school problem by building home-type buildings, especially for the small children. Since we have so many vacant ones, why not buy or rent a few? They can have three of mine free for at least next year.

JOE COLE

County Should Have More Irrigation

To the Editor:
The pictures and write-up about the irrigation wells at Luther should have been all over the front page.

All counties around us have irrigation and I can not see why the delay here. Tests all over the country show that we have plenty of good underground water. Let's try a few more.

BILL SNOW

Harmony Day Seems To Be Poor Name

FORT WORTH (U.S.)—Mayor Edgar Deen proclaimed Saturday as Harmony Day in Fort Worth. It seemed like a good idea. But the day started with more discords than harmony.

A Latin-American, Edward Hageda, was in a hospital with a bullet wound in his chest after a disagreement. Another Latin-American received four stab wounds in the back.

Three Negroes turned up with knife wounds. A man was jailed for beating up a woman. Policemen were summoned to the Southeast Side to dispatch a skunk trapped by an irate wife.

A man, 39, was behind the bars because his wife accused him of trying to burn their house after a drinking bout. Just to join in the spirits of it, she cut him several times with a knife.

A Negro woman waited up all night for her AWOL mate and fired at him with a pistol when he finally showed at daybreak.

After snatching the gun and trotting to police with it, the Negro couldn't understand why his spouse had not joined in the lovey-dovey day the mayor had decreed.

"Man, I don't know why she fired that pistol at me," he said. "All I did was ask her if she was going to fix my lunch. I had to go to work."

Bar Stools Too Short

BERLIN, Oct. 24 (U.S.)—The gala opening of a milk bar on East Berlin's Stalin boulevard had to be postponed for a week. The state owned bar stool factory made the stools so short a customer's chin would barely reach above the counter.

Hero Of Iwo Jima Rescued Off Skid Row

HOLLYWOOD (U.S.)—Last week a stumbling drunk on a Chicago skid row—today a chauffeur and handyman for crooner Dean Martin's ex-wife and four young children.

That's the upswing in fortunes for Ira Hayes, 30, a Pima Indian from Arizona who was one of the heroes of the Iwo Jima flag raising in World War II.

"I have every confidence this

plan of mine—to help Ira find himself again—will work out to the advantage of us all," attractive Mrs. Elizabeth Ann Martin said yesterday.

Last week Hayes was picked up as a drunk on Chicago's North Side. Fined \$25, he was sent to the House of Correction.

The public took quick and sympathetic action. The Chicago Sun-Times paid the fine after Hayes had spent a night in jail and had him placed in a sanitarium. The newspaper's readers donated nearly \$1,200 to help his rehabilitation.

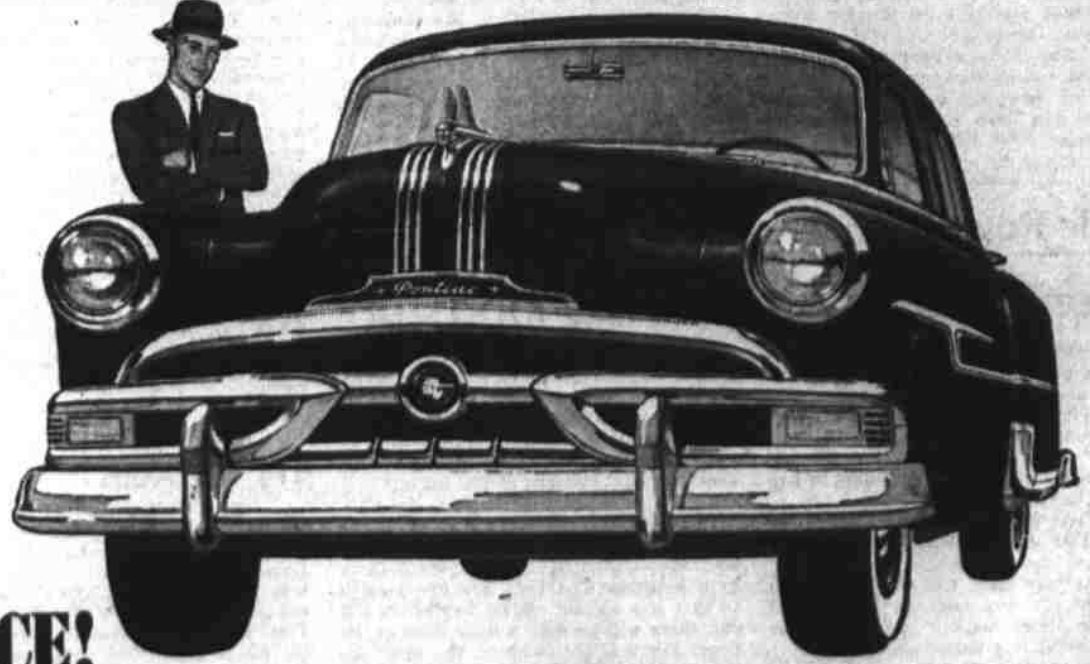

There was wide attention to his plight because he was one of six Marines in the Pulitzer prize-winning Associated Press picture of

DOLLAR FOR DOLLAR YOU CAN'T BEAT A PONTIAC!

It's the RIGHT CAR!

You're looking at the car that's proved the right car for hundreds of thousands of people like you because it fills their needs so perfectly. For beauty, Pontiac offers the Silver Streak distinction that is recognized and admired everywhere. For all-around performance, you can't match the power and stamina of Pontiac's rugged, high-compression engines at anywhere near the price. And Pontiac's dependability and long-lived economy are a matter of record. For important value extras, Pontiac's your car!

It's the RIGHT PRICE!

Dollars-and-cents decide the issue for 'most all of us in making major purchases. But the price of a Pontiac will never sway you from buying the right car, for the price is right, too! Pontiac engineers discovered long ago that—for very, very few extra dollars in price—they could offer a great deal of extra quality. As a result, Pontiac—big, beautiful, luxurious, fine-performing Pontiac—is actually one of America's lowest-priced cars. Come in and see how easy it is to own!

It's the RIGHT TIME!

Your present car will never be more valuable as a trade-in than it is today! So don't wait a week, a month or a season to start enjoying all the pleasures of Pontiac ownership. Come in now and discover Pontiac's real extra value—that "Dollar for Dollar you can't beat a Pontiac" never meant more than it does today!

Big Spring, Texas

They valued Zion after they were taken into slavery and lost their capital city. There are millions weeping for Poland and Czechoslovakia and the Baltic States. Maybe we will live to see them returned to their homes or restored to liberty. "By the rivers of Babylon there we sat down wept, when we remembered Zion." — Ps. 137:1.

We May Be Entering A Period Of Convalescence From The Drought

Is the drought broken? This is a question that will be raised in all seriousness with increasing frequency. To answer it, of course, would require the services of a first class and sure-fire prophet. Ultimately, the question will have to be answered in retrospect. Like recovery from a severe attack of disease, you may follow the recovery pattern back to a certain time and say that "this was the turning point."

Thus, it is wiser now to contend not so much that this is the pivot point, but rather to hope that we are entering 'into a period of convalescence. The cure will take time, perhaps several years in some instances. Meantime there are several other spots still smoldering with drought infection, notably Dawson County, and these must be cured before the area can be cured.

However, there is good reason for optimism. For one thing, October has produced approximately six inches of moisture here, and scarcely any spot in the county has had less than three inches. Moreover, the rains have penetrated exceptionally well. They have been concentrated enough to do some good instead of being spread over long spaces of time.

Although they have come too late to be of general benefit to this current crop, it is just as well. Droughts are broken more often in early spring or autumn—even winter—when there is little drain from evaporation and vegetation. Reserves make crops in this country. There is more chance to accumulate a reserve at this season, especially if winter months contribute an

appreciable amount of moisture. One of the hardest hit of all our resources have been the ranges. They have been sick almost unto the death. A kind Providence has followed early October rains by late ones. Thus, grass roots revived are apt now to be grass roots revived. Except for coarser grass varieties such as tobosa, little grazing will be produced, but putting the roots into the winter with some strength and food reserve will be of tremendous value next spring. Some winter grasses such as rescue and rye will come on in the flats and draws. Some weeds may get up to grazing size.

Fields will benefit in a number of ways. The reserve is the chief gain. Fields can be worked far more effectively for mechanical practices against blowing. Thousands upon thousands of acres will be anchored against erosion by cover crops. In most areas there are assured to the extent of producing substantial forage— forage that will help restore livestock farming and in many cases be leased to ranchers. This will exercise considerable stability on the cattle market by reducing distress selling.

Most of our ponds have caught good amounts of water if not filled to overflowing. Stock water will not be a problem for many months at least. Lakes have received some increase, enhancing the domestic outlook for next summer.

And business, which uses psychology as its vitamins, will perk up. Subsequent developments will have to supply the beans and meat and bread of the business diet, but it likely will have a brighter look, thanks to our October rains.

Confident Living—Norman Vincent Peale

Miracle Of Optimism Has Been Vital To Many Success Stories

If you study the lives of people who do the most and the best things in life, you will notice that they have one thing in common. It occurs so often in such people that it might be said to have the effect of a law of successful living. It is simply that they always have the quality of optimism. And the achievements of people who have this characteristic are so tremendous that I have come to think optimism can work miracles.

Optimism is, of course, the philosophy that reality is essentially good. It is the conviction that the world itself is good. It is the belief that, in the long run, good always over-balances evil. It is the belief that, if you expect the best, you can attain the best.

Ralph Waldo Emerson, certainly one of the wisest of our American sages, said: "Nerve us up with incessant affirmatives. Don't waste yourself in rejection, nor bark against the bad, but chant the beauty of the good."

And, of course, the Bible tells us that God is good, that hope and faith are essential factors in the attainment of the good life. It is a dynamic fact that if you cast out pessimism and cultivate within your mind the attitude of optimism, that is belief in the good, miracles can and will take place in your life and work.

The first step is to affirm through optimistic thinking—which is really only another word for faith—the tremendous resources within yourself. Never hold the thought that you have no greater power within you. Never believe that you are limited. You have capacities you have never realized, abilities you have never released. By accepting the idea of limitation, you can limit yourself. One of the great facts about human nature is that in each of us is a capacity so tremendous that we do not fully comprehend it.

For example, not long ago a tornado swept a certain city doing great damage. One of my readers wrote to me about a mother, confined to her bed by an attack of infantile paralysis which had left her paralyzed from the waist down. At the height of the tornado, she became concerned about her two small children in the next room. There was no one to help her. So this woman, whose legs had been unable to move, slowly and painfully got out of bed; made her way into that next room; took her two babies into her arms and walked out of the house with them to a safe place. According to last reports, she is still walking.

Love was more powerful than this woman's physical limitations; the need arising from the emergency brought her up out of a bed from which she had been told she might never rise. Many other people are paralyzed, not in their bodies, but in their thoughts. They have accepted their limitations by saying, "I can't do more than this." And they fall to rise to the emergencies of life.

Such a self-appraisal is not true of any of us. With optimism and faith, we too can, in the words of the Bible, "rise up and walk." Don't let yourself be deceived by the falsehoods about your own abilities that you may have been carrying in your mind for years. Get fixed in your soul and spirit this great quality of optimism, faith and confidence, and you will be astonished by what you can do and can be.

The miracle of optimism, like the other miracles offered by religious faith, is yours for the asking, and for the believing. In the midst of all discouragement, pessimism or failure, practice the principles of faith, and a strong new force will be felt in your life. Optimism can work miracles for one who believes.

Uncle Ray's Corner

Some Notes About Busy Houston

HOUSTON — Yesterday I told about my return visit to Hugo, a young girl, and to Mr. and Mrs. Charles Greer, who brought him back from Africa. The Greers have the old, and pleasing, virtue of "hospitality." They have driven me far and wide to show me interesting points in and around Houston.

One place to which they have taken me is the San Jacinto Monument, several miles from the city limits. This monument is a pillar very much like the Washington Monument. It was built in memory of the battle which marked success for the Texas struggle for independence.

This busy city of Houston seems to me to be "growing out of its boots." Thanks to the oil millions of Texas, and to other factors as well, Houston and other cities in the state are adding to their population by leaps and bounds.

I have been told about two Texas millionaires who won their fortunes by the grace of oil wells. These men are gifted with kindly hearts, and are devoting many millions of dollars to the Texas Medical Center and to the University of Houston.

During a visit at the Texas Medical Center, I saw several of the hospital units. In due course there will be 14 buildings or more, and they will make up one of the great medical centers of the world.

I spent more than an hour at the Children's Hospital, one of the units of the Texas Medical Center. Here I saw the best equipment I have observed anywhere in a hospital. The beds are low enough so that if a patient should happen to fall out, there will be only a little drop to the floor. For smaller children, the beds are surrounded by railings to keep the little patients from harm.

Mr. Lee Gammill, administrator, showed me around the Children's Hospital. Among the objects which interested me were the "Gammill tables." These tables are made so that they will stretch across the beds, and will rise as the beds rise. They have mirrors, book racks and space for writing.

Business Outlook - J. A. Livingston Policy Being Reversed In Some Respects To Shore Up Nation's Faltering Economy

In March, the London Economist voiced the fears of the entire non-Communist world in an article, "If America Slumps." The Economist wasn't predicting a slump. It merely assessed a slump, saying it would be felt round the world. If business declines in the United States, American purchases from Britain, France, Australia — from the world — would decline. The slump would be left in the rubber market, in tin, coffee, wool, copper, oil — almost anything you can think of.

In the 1949 readjustment, U. S. imports fell 20 per cent; in the 1937-38 recession, 30 per cent; in the great depression of 1929-33, 70 per cent. And the United States is the world's greatest buyer and seller of goods in the international market. In 1952, this country accounted for 15 per cent of all imports, 20 per cent of all exports.

The slump hasn't occurred yet. Imports in the first eight months of 1953 were 4 per cent ahead of last year. But a look at the high level of inventories — nearly 78 billion dollars as compared with 72 billion at this time last year, suggests that supplies on hand — foreign and domestic — aren't short. Indeed, John L. Collyer, president of B. G. Goodrich, has just forecast a 5 per cent drop in consumption or new rubber next year.

Jitters about America are understandable. The Communists have been preaching the gospel of capitalist instability ever since Karl Marx. And 1929 gave them their Q. E. D. — their proof — aren't short. Indeed, John L. Collyer, president of B. G. Goodrich, has just forecast a 5 per cent drop in consumption or new rubber next year.

Jitters about America are understandable. The Communists have been preaching the gospel of capitalist instability ever since Karl Marx. And 1929 gave them their Q. E. D. — their proof — aren't short. Indeed, John L. Collyer, president of B. G. Goodrich, has just forecast a 5 per cent drop in consumption or new rubber next year.

And now, signs are accumulating that all's not well with the U. S. economy. Factory employment dropped last month when it was supposed to rise. Rayon shipments fell sharply in September and cotton consumption failed to rise. Business loans since June have increased only 2 per cent as against a rise of 8 per cent last year and the year before — an indication business men aren't expanding operations.

And department store sales — always a good index of the consumer's buying mood — have been slipping. They were off 5 per cent in the week ended October 17, and 5 per cent in the week before that.

This Day In Texas

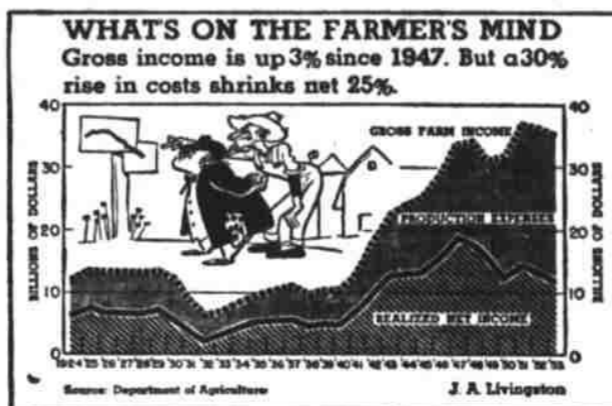

By CURTIS BISHOP

The Texas county named for General Henry Knox, secretary of war in George Washington's first cabinet who died on this day in 1806, remained virtually unsettled for many years after its creation in 1838.

In 1838, it took the efforts of a citizen, Captain Robert D. Goree, who came to Knox County in 1832, to persuade immigrants from other states and other parts of Texas to settle there. His "evangelizing" on the merits of the area brought a group of German farmers to develop Rhineland and also helped to establish a community named, appropriately enough, Goree.

In Benjamin, county seat since 1886, stands the Barton General Store, which enjoys the distinction of having stood in two states and three towns. "Uncle Bob" Barton, its proprietor, occasionally suffered from wanderlust. He first built his store in Arkansas, but later tore it down, loaded it into wagons and moved to Jacksboro, Texas. The next move took the store to Benjamin, and there it has stayed.

Population of the county took a big jump after the arrival of railroads in 1905 and 1907, but has remained fairly stable since.

For the latest four weeks the drop was 3 per cent. There just isn't any fall in the air. So, all the old fears of an American slump return to plague the Western World.

But what an opportunity this affords President Eisenhower! We can win a great victory over Communism — not just by military containment of Russia, but by controlling our economy — by seeing that the slump doesn't get out of hand.

Marcus Nadler, consulting economist to the Hanover Bank, New York, says: "This would give the lie to Marxist propaganda that the private enterprise system is doomed to destroy itself and disappear. It would constitute an epoch-making event in the history of modern capitalism." It would show the world that the American system works.

The administration, from President Eisenhower down, is conscious of the challenge. It is preparing the groundwork for bigger deficits. It's talking more and more of the difficulties of balancing the budget. Clearly, fiscal policy is to be used to prime the economic pump, to shore business up against any long-term downturn.

So, it's a timely coincidence that the number of workers on construction projects in September declined by 30,000, "one of the largest reductions in recent years." All this reassures union leaders, farmers, and foreign statesmen that the Eisenhower team is going in for preventive economics.

Bible Words to Live by

HEBREWS 13:8 - "Jesus Christ is the same yesterday, today and forever."

In this day of despair and uncertainty we are all looking for security. The type of security that is lasting and permanent. The security for which we are looking is found in the unfolding purpose of this verse.

Jesus Christ is the same yesterday, that is before the foundation of the world. Through these centuries of time he has remained the Gibraltar of our faith. Jesus Christ is the same today. He is the magnetic north of our compass of hope in such a desolate hour. Jesus Christ is the same forever. He still maintains and orders our universe through his eternal purpose. He has not forgotten, nor is he asleep. Jesus Christ is the same yesterday, today and forever.

One word remains - "Jesus Christ is the same yesterday, today and forever." - and for you. He it is that cleanses, makes pure, completes the whole personality. To this we must cling for the sureness of our faith. This is my favorite verse because it makes Jesus Christ both transcendent and eminent.

Dr. Charles E. Andrus First Presbyterian Church Sixth and Center St. Hannibal, Missouri

Name A Topic, And Shakespeare Had Something To Say About It

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald.—Editor's Note.

A distinctive book has come this way, one that commands respect because of its authorship as well as its content. The volume is titled "What Shakespeare Says About It," and contains literally thousands of excerpts from the Bard's plays that touch upon practically every subject under the sun. It is a 633-page book which gives Mr. Shakespeare's utterances on topics ranging from "abhorrence" to "zeal."

The book in these parts will be all the more of value to many people because the man who compiled it was the late Morris Sheppard, beloved by many as one of Texas' notable statesmen, a learned man who was deeply versed in the classics as well as a man who knew the workings of Congress inside out, thanks to 39 years of service there.

The book has been brought finally to press and is being distributed to some sources as a gift from Senator Sheppard's widow (now Mrs. Tom Connolly) and his three daughters. It has made a most welcome addition to this office library, because of quick reference availability to the great artistry of Shakespeare. It would seem to be an invaluable reference book for writers, and speakers especially.

The evidence is, as a matter of fact, that Senator Sheppard started years ago in his compilation of Shakespeare's words, under such a reference system, so that he himself would be able to find a quotation for any of the innumerable addresses he was called upon to make.

It must have been a labor of love, and unquestionably hour upon hour of work went into it. The foreword says that much of Senator Sheppard's work with the book was done at nights, and he found it a relaxation from the cares of public office.

I was thumbing through the book, just to see what type of comments were there on certain subjects. The Bard didn't overlook many subjects. There are probably more quoted passages on the subject of Love than anything else. From Romeo and Juliet:

Love is a smoke raised with the fume of sighs; Being purged, a fire sparkling in lovers' eyes; Being vex'd, a sea nourish'd with love's tears; What is it else? a madness most discreet, A choking gall and a preserving sweet.

But on a nearby page there is the subject of loquacity, and from the same play: A gentleman that loves to hear himself talk and will speak more in a minute than he will stand to in a month.

Senator Sheppard classified one under Cheeks, but it might also have gone under Cosmetics: Hast thou beheld a fresher gentleman? Such a war of white and red within her cheeks!

So, we turn next to Husbands, and in MacBeth there appears: Nay, how will you do for a husband? ... Why, I can buy me twenty at any market.

Of course, you remember about Sleep, in MacBeth: Sleep that knits up the ravel'd sleeve of care. The death of each day's life, sore labour's bath, Balm of hurt minds, great nature's second course, Chief nourisher in life's feast.

Mr. Shakespeare had this to say about Speakers, too: More I could tell, but more I dare not say: The text is old, the orator too green.

I could not find where the poet made any direct reference to newspapers, but he certainly had radio in mind when he wrote: But I have words, That would be howl'd out in the desert air. Where hearing should not latch them.

Nor could I locate a direct reference to a columnist, unless it was in the passage from Othello: There is no composition in these news That gives them credit.

—BOB WHIPKEY

Washington Calling - Marquis Childs

Eisenhower Indicates He Will Sit On Sidelines During 1954

WASHINGTON — President Eisenhower at his press conference left no doubt that his concept of the office of the Presidency is radically different from that of any other man in recent history to occupy the White House. He considers himself a non-partisan President. And if his words are taken literally, he will have no part in next year's Congressional campaign.

The words seemed clear enough. He said he had no intention, when he was asked about the '54 contest, of getting into any partisan campaign. Then a question was put about the governorship race in Virginia where the Republicans think that for the first time in history they have a chance to defeat the Democratic candidate. With some impatience the President said he was not— he repeated not—going out into these things that are strictly local.

This will be very sad news to Chairman Leonard Hall of the Republican National Committee. Hall has made no secret of his intention to rely heavily on the President's drawing power in the campaign that will be at its hottest one year ago. Republican strategists have talked about keeping the President out of the country speech-making just as much as possible with an appeal to the voters to return Republican majorities to Congress that will give the President a much safer margin for his program.

Mr. Eisenhower went on to say that he considered himself President of all the people even though he was elected by only a part of the population. He would do all that he could to help in the adoption of measures for the well being of all Americans. On that record he would stand, ignoring partisanship.

That is a noble theory of the office. But so far as political practice goes it is, to say the least, dubious. Of the many hats that a President must traditionally wear one is that of the leader of his party. He must actively participate in politics or he is likely to find himself without any political support even among his own adherents. This may be wrong, as the President appears to feel, but it is nevertheless the hard fact.

Mr. Eisenhower is correct, of course, in suggesting that virtually every Congressional contest tends to turn on local issues. The Congressman must try to cure the disaffection in his own district whether it be the result of slipping farm prices or the closing down of a military installation with people thrown out of employment as a consequence. But in almost every instance the local issue relates to national policy and it is at this point that the head of a national Administration can hardly expect to avoid involvement in the politics of a Congressional campaign.

A very good case can be made against these biennial elections that compel every member of the House to seek re-election. This means you hardly take your seat before you must start to campaign again. It means that a new Administration in office less than two years is put to the test of defending its accomplishments, or lack of them, in that short trial run.

Proposals have been put forward for a four-year term for members of the House, thereby doing away with elections in the off years. But until the Constitution is amended, such elections must be held. And the head of the party will find it

hard to ignore the intensive contest that seems certain to develop next year.

An impression has grown in recent weeks of President Eisenhower's aloofness. The circle of those who talk with him and from whom he can get more or less candid counsel and guidance seems to have grown smaller.

Almost inevitably something like this happens to the prisoner in the White House. President Truman has recorded how from his first days in office he felt shut away from the give and take of ordinary life. To an increasing degree he allowed himself to be walled off by his cronies who had their own selfish interest in keeping out others. This was a tragic aspect of the Truman Administration with dire political consequences as certain of the palace guard took advantage of their position.

More than most Presidents the man now in the White House needs to sound as wide a range of opinion as possible. The dinners the President has given from time to time include the heads of most of America's large corporations and now and then a union leader. They can give the President helpful background and advice. But they are not all of America.

Mr. Eisenhower knows the kind of President he wants to be—an impartial leader governing by a broad appeal to reason and righteousness. But whether it is possible to be that kind of President under the American system is another matter.

New Sulfa Drug

NEW YORK UP—A newer sulfa drug, sulfisoxazole or gantrisin, looks best for routine hospital use against a variety of infections, says Dr. Elward M. Yow of Baylor University College of Medicine. Describing its use on 1,000 patients over a three-year period, he says it is as effective as sulfadiazine, and patients do not need to drink large amounts of fluids or alkalies to avoid reactions caused by earlier sulfa drugs. Laboratory tests are not needed to check for adverse effects on the blood, as happens with some earlier sulfa drugs, he writes in American Practitioner.

The Big Spring Herald

Published Sunday morning and weekday afternoon. AFFILIATED NEWSPAPERS, Inc. Entered as second class matter July 12, 1930, at the Post Office at Big Spring, Texas, under No. 245,000. It is at this point that the head of a national Administration can hardly expect to avoid involvement in the politics of a Congressional campaign.

A very good case can be made against these biennial elections that compel every member of the House to seek re-election. This means you hardly take your seat before you must start to campaign again. Local Boy On Hawaiian Team

First string center for the 3rd Marine football team in Hawaii this season is Harold Berry (above), son of Mr. and Mrs. W. D. Barry of Big Spring. Harold was a center for three seasons here, then moved to the quarterback spot. The Marine team has lost only one game this season, that to the University of Hawaii.

Spartans Upset By Boiler-makers

By DALE BURGESS
LAFAYETTE, Ind., Oct. 24 (U)—A magnificent Purdue defense smashed down Michigan State's famous "light brigade" backfield today, intercepted five State passes and cut the Spartans' string of 28 straight victories, 6-0. It was a clean-cut Purdue victory, with the Boiler-makers making 12 first downs to the Spartans' 7 and gaining 204 yards net to Michigan State's 183. Even so Michigan State, rated No. 2 team in the nation behind Notre Dame, lost a chance to win or tie in the fourth quarter because of a clipping penalty that nullified Leroy Belden's 94-yard kickoff return after Purdue's touchdown.

Leahy Stricken By Intestinal Flu

SOUTH BEND, Ind., Oct. 24 (U)—Notre Dame football Coach Frank Leahy collapsed Saturday in his team's dressing room during the halftime interval of the Georgia Tech-Notre Dame game. Leahy, whose team won 27-14, was reported by doctors to have suffered a severe abdominal spasm resulting from an acute attack of virus enteritis, commonly termed intestinal influenza. Dr. Nicholas Johns, the physician who attended Leahy following the attack, said it was brought on "by excitement." The coach was taken to St. Joseph Hospital where attendants said after the game he was resting comfortably but would be kept under observation for several days. Leahy, who had complained of feeling ill before the game, sat on the bench with his men during the first half which ended with Notre Dame leading 7-0. The victory ended shortly after the team had gone to the dressing room for the usual halftime conference on tactics. Word circulated quickly that Leahy was stricken, but ushers formed a cordon to keep visitors at a distance from the dressing room. Leahy was removed to the hospital by ambulance as his team returned to the game.

Wildcats Wallop Pittsburgh, 27-21

EVANSTON, Ill., Oct. 24 (U)—Northwestern survived a mid-game letdown today and, with two long passes by Dick Thomas setting up the winning touchdown in the fourth quarter, scrambled to a 27-21 victory over Pittsburgh. The intersectional football battle was witnessed by 20,000. The Big Ten Wildcats struck for a 20-7 lead at the outset of the second quarter but found it erased as the Panthers turned two pass interceptions into quick touchdowns and went ahead 21-0 in the third. It looked like Paul Blanda's three successful conversions for Pitt would be the difference then, but with five minutes left, Thomas hit Joe Collier, his former Rock Island High School, Ill., teammate, with two passes that accounted for 50 yards in a 68-yard drive to the Pitt two. Wayne Glassman then punched over for the winning TD.

HOLLAND SHINES

Sweetwater Upset By 'Dogs, 20 To 13

PLAINVIEW, Oct. 24 (U)—Highly rated Sweetwater took a tumble here Friday night, losing to Plainview, 20-13, in an important District 1-AAA battle. Lonnie Holland paced the Bulldogs to victory with an amazing bit of passing. The game was played in a slow drizzle but it didn't seem to bother Holland. The winning touchdown came with less than a minute to play when Holland flipped an aerial to End Lester North, the play covering 23 yards. Neither team counted in the initial period but the Bulldogs went ahead in the second round when Holland set Dale Stone booted the point. Sweetwater came back to knot the count before the period was out. A 65-yard downhill ended successfully when Freddy Armstrong hurried a pass to Frank Smith for a score, the play covering five yards. Harold Hobbs added the point on a boot from placement. The Ponies forged into the lead in the third period when Smith took the opening kickoff and breezed all the way to the nine. Fallview tied it up again in the fourth on a pass from Holland to Bobby Bryant, good for ten yards. The hearts of the Plainview fans sunk when Stone missed the try for extra point but the Bulldogs proved they had enough stamina left to score again.

Maroons Battle Alabama To Draw

TUSCALOOSA, Ala., Oct. 24 (U)—Underdog Mississippi State battled Alabama to a 7-7 tie today. State's Jackie Parker led his mates to a second period touchdown and Alabama's Bart Starr answered brilliantly to get the tying touchdown in the third. The tie was Alabama's third of the year, the most in one season in Tide history. Starr threw three passes good for 44 yards in the Tide scoring drive that started after the second half kickoff. Corky Tharp, "Bama right half and leading ground gainer" in the Southeastern Conference, sliced over from the two, and Bobby Luns converted for the tying point. Parker, showing some of his brilliance of old, engineered the second quarter touchdown as State rolled 76 yards in 16 plays. The State quarterback carried over from the two, then converted.

Cornell Wins, 26-19

PRINCETON, N. J., Oct. 24 (U)—Richard Jackson, a phenom to be tipped a sophomore speedster, squirmed loose on touchdown runs of 90 and 62 yards in an explosive final period today and paced Cornell to a 26-19 Ivy League football victory over Princeton.

penalty, for roughing the kicker, kept alive Purdue's scoring drive that was climaxed by fullback Dan Pobjewski's one-yard touchdown plunge. The Spartans' mistake restored the ball to Purdue on its own 45 late in the third quarter and it scored 12 plays later in the final period. It was Purdue's first victory of the season, either in Big Ten or non-conference games. Ironically, Pobjewski attended Michigan State for two years before transferring to Purdue and he never got into a Spartan game. He is a senior from Grand Rapids, Mich. Michigan State, losing to a Big Ten team for the first time as a member of the conference, hadn't been beaten since it dropped a 34-7 decision to Maryland in 1950. Honors had to be scattered widely among the Boiler-makers, who reminded Michigan State of what happened to the original "Light Brigade" in the Crimean War. Tom Bettis, Purdue guard, diagnosed Michigan State plays almost as efficiently as if he had been reading quarterback Tom Yewcic's mind. Purdue shifted between a 7-2-2 and a 4-5-2 defense with variations.

Colorado City Wins 34-0 Decision Over Hamlin

COLORADO CITY, Oct. 24 (U)—The Colorado City Wolves and the Hamlin Pipers swapped roles Friday night in Colorado City, as the Pipers danced to the merry tune set by the Wolves, and the latter won their 4-AA conference opener, 34-0. The weather was a snappy 55 degrees and about 1,000 braved the cool, damp, north breeze to view the Wolves in their fourth win, the Pipers in their fifth loss for the season. Hollis Gainey, the Wolves' scoring punch, was sidelined for his second straight game, and Billy Wilkings, first string quarterback, was in for only one play. Gainey has an injured ankle and Williams an injured back. Both may be ready for play next week when the Wolves tackle Stamford. The Mitchell County team scored in eight plays after the opening kickoff. Owing the ball on their 44, Bud Windham rammed for a yard, then took a handoff from quarterback Jimmy Shurtliff and slashed through tackle for 31 yards. J. D. Chandler, 120-pound speedster, picked up 4. Windham added 19, and Chandler was set back to the four on a touchdown try from the one. On the next play, Chandler slipped through the middle for the four yards and the score. Frank Mackey missed the point—the only one he was to miss during the evening. The next four were good. Hamlin set the stage for the second score, when Justin Rowland, attempting a fourth down kick, received a pass from center and ran the ball out to the Hamlin 27. The Wolves took over and Windham and Chandler alternated to the 10. Shurtliff faked a handoff, pulled a keeper, and skirted right end for the TD. The final first half score came as the Wolves took over on their own 28 and marched across the double stripe in 9 plays. J. B. Padgett took one of Shurtliff's side arm passes for 34 yards for the big gainer, Windham and Chandler added the balance on the ground, down to the seven. Shurtliff passed to Charles Small for the score. The Wolves staved off a Piper threat in the third quarter by recovering a fumble on their own seven, and promptly turned the fumble into a touchdown march that covered 23 yards. Windham and Chandler worked the ball to the Piper 25. Chandler was hurt on the play and Tommy Jameson came in to replace. Jameson bulled his way across the double stripe in four tries, carrying over from the 1-yard line. Jameson also scored the final TD—this time from the three. The injured Billy Williams set up the score by a 22-yard toss to Joe Howell.

On defense, Chandler and Rocky Allen, Wolf tackle, were standouts, as were tackle Carl Young, and end Raymond Boyd for the Pipers.

Jeff faked a handoff, pulled a keeper, and skirted right end for the TD. The final first half score came as the Wolves took over on their own 28 and marched across the double stripe in 9 plays. J. B. Padgett took one of Shurtliff's side arm passes for 34 yards for the big gainer, Windham and Chandler added the balance on the ground, down to the seven. Shurtliff passed to Charles Small for the score. The Wolves staved off a Piper threat in the third quarter by recovering a fumble on their own seven, and promptly turned the fumble into a touchdown march that covered 23 yards. Windham and Chandler worked the ball to the Piper 25. Chandler was hurt on the play and Tommy Jameson came in to replace. Jameson bulled his way across the double stripe in four tries, carrying over from the 1-yard line. Jameson also scored the final TD—this time from the three. The injured Billy Williams set up the score by a 22-yard toss to Joe Howell.

Crimson Triumphs

CAMBRIDGE, Mass., Oct. 24 (U)—Dominating the play most of the 60 minutes he was in action, Capt. Dick Clabby inspired Harvard to a 20-14 victory over Dartmouth today as the Crimson celebrated the 50th anniversary of its famed stadium.

Rams Win, 40-13

NEW BRUNSWICK, N. J., Oct. 24 (U)—Fordham smothered Rutgers 40-13 today under an umbrella of passes thrown up by Roger Franz and George Murphy and a landslide ground attack executed by Joe Yalch and Joe Palmieri.

ONLY 580 RESERVE SEAT DUCATS AVAILABLE FOR BRECK BATTLE

Breckenridge school officials asked for 1,300 tickets for Friday night's game between the Buckles and Big Spring here but were sent only 1,104. Of that number, 804 were reserve seat tickets, the others for students. Only 580 reserve seats are still available to the public for the contest, which may decide the District 1-AAA championship. Those will be placed on sale at the High School Stadium box office at 9 a.m. Monday. A sellout appears a certainty, provided the weather is good. The largest crowd in the history of the stadium may be on hand. No more than six tickets will be sold to a customer, it has been announced. Breckenridge fans will occupy Section 8 and part of Section 7 on the east side. School officials said no seats would be added to the stadium. If an overflow crowd is on hand, an area for standing room will be roped off in the end zones.

SMU Mustangs Skim Past Kansas, 14-6

By SKIPPER PATRICK
LAWRENCE, Kan., Oct. 24 (U)—A fumble and a 13-yard drive after the half intermission gave the Southern Methodist Mustangs a 14 to 6 victory over Kansas' surprisingly stubborn Jayhawks today. Kansas, crushed 0 to 45 by Oklahoma a week ago, gave the 29,000 fans sitting in clear, crisp weather a real treat in making

Table with 3 columns: Stat, SMU, Kan. Rows include First downs, Rushing yards, Passing yards, Passes attempted, Passes completed, Passes intercepted, Punts, Punting average, Fumbles lost, Yards penalized.

a contest of it every minute of the way. Southern Methodist, the Southwest Conference championship favorite, scored the first touchdown early in the second quarter when tackle Jack Gunlock grabbed a Kansas fumble in midair and ran 39 yards untouched. Sam Stollenwerck's conversion was good. The points proved the margin of victory although both teams had a touchdown apiece coming up later in the second period. Kansas marched 80 yards for its lone score of the game. The Jayhawks took advantage of a penalty against SMU on a pass play to get the marker. Jerry Norton, SMU back, was charged with interfering with an intended pass receiver, Ralph Moody on the Mustangs' four-yard line. On the third play, halfback Don Hess hit in right guard for the touchdown. John Handley's attempted placekick was wide. Southern Methodist scored in the first minute of the fourth period with Don McMillen going six yards after a clutch pass interception. Stollenwerck converted again to end the scoring.

Iron Indians Win

WILLIAMSBURG, Va., Oct. 24 (U)—William and Mary's iron Indians, a tired, gasping team at the end, came from behind with a 22-yard drive early in the fourth quarter and then put up a last-ditch, last-second defensive stand today to whip George Washington's Colonials, 12-7.

Ole Miss Licks Arkansas Hogs By 28-0 Count

By RUSS BRUCE
MEMPHIS, Oct. 24 (U)—Mississippi powered over two touchdowns, shook Harold Lofton loose on an 88-yard dash for a third, passed for a fourth and four times stopped Arkansas drives inside the 20 for a 28-0 win today. The rugged Ole Miss defense kept Arkansas' highly regarded Lamar McHan bottled up except for a dazzling 40-yard pass completion and a 30-yard punt return. A near capacity crowd jammed 26,000-seat Crump Stadium for the bitterly contested interconference game, part of which was nationally televised. Mississippi's initial TD came with the first quarter only five minutes gone when Billy Kinard rammed over from the one to clinch a 55-yard drive. Lea Faslay converted. Pete Mangum punched over from the two for the Ole Miss second score after Arkansas' Phil Reginnell fumbled on his 32. Jimmy Patton converted. Lofton went off tackle and shook the last defensive man loose on the Mississippi 25 in his spectacular run in the last quarter. A 20-yard pass from Faslay to Allen Multhead in the last seconds accounted for the final score. Faslay converted after both fourth quarter scores.

Gators Surprise LSU In Deadlock

GAINESVILLE, Fla., Oct. 24 (U)—Sophomore Harry Speers passed and kicked with the poise of a veteran and 23-year-old senior Tommy Haddock ran like a kid to give Florida a surprising 21-21 tie with favored Louisiana State here today. Al Doggett led LSU to its three touchdowns, mostly on passes. But after each one Florida came back to square the score. Another Florida threat in the closing minutes was stopped by an illegal substitution by Coach Bob Woodruff, violating the new rule. Woodruff said immediately after the game he sent Sonny May in as a substitute for Joe D'Agostino although May already had been in during the last four minutes. Woodruff said he meant to sub Curt Haygood but erred. The officials paced 15 yards against Florida from the LSU 15 when the illegal substitution was made.

Bruins Finally Fell Texas Aggies, 14-13

By HAROLD V. RATLIFF
COLLEGE STATION, Oct. 24 (U)—Baylor's magnificent Bears leveled Texas A&M's castle of dreams 14-13 today—the second time in a row to win by a single point in this rib-cracking, vicious football series. By the grace of James Ray Smith's toe and a deflected try for point by Weldon Holley, big Bear fullback, Baylor remained undefeated and untied. It was the first loss for the gallant Aggies who fought the massive Bears tooth and nail and scored with only five minutes to go after being battered from pillar to post for two periods. The victory knocked A&M from a tie for the lead in the Southwest Conference race and kept Baylor up there. A crowd of 36,000 thrilled to the great runs of Baylor's mighty backfield—L. G. Dupre, Jerry Coody and Allen Jones—and the passing of Francis Davidson. Coody got the first Baylor touchdown with an 11-yard line blast and Davidson sneaked over from the Aggie one for the other, with Smith adding both extra points. Connie Magouirk raced 23 yards for one Aggie score and Don Ellis passed to Bennie Sinclair for 17 yards for the other. Elwood Kettler converted but Joe Boring's try for the first one was blocked. Baylor beat A&M last year, 21-20. The year before, the teams tied, 21-21. Thus only two points have separated the teams in three years. The Bears were superior most of

Table with 3 columns: Stat, Baylor, A&M. Rows include First downs, Rushing yards, Passing yards, Passes attempted, Passes completed, Passes intercepted, Punts, Punting average, Fumbles lost, Yards penalized.

the way today, often hammering into Aggie territory only to be repulsed by one of the finest lines in A&M's history. Dupre, that driving, twisting will-o'-the-wisp, set up the first touchdown with some terrific punt return.

Mertzon Nudges Blackwell Club

MERTZON, Oct. 24 (U)—Mertzon remained in the running for the District Seven six-man football championship by defeating a rugged Blackwell team, 19-14, here Friday night. Jimmy Hugh Harris scored two touchdowns and an extra point for Mertzon while Richard McCombs added the third six-pointer. For Blackwell, Ray Blackwell went nine yards for the first touchdown in the second round while Don Moore ran 6 yards for the second in the third round. Moor kicked the goal for two points after the second tally.

turning, and it was his fine block that cleared the way for Jones to end touchdown. A 14-yard punt return by Dupre had put the ball on the Baylor 46. Davidson flipped to Wayne Hopkins on the 39, then after Dupre picked up 3, passed to the jarring Coody on the 4. Baylor was penalized for clipping but Davidson passed to Coody on the 3 and after Dupre carried for 2, sliced through center for the score. Smith, the greatest lineman on the field today—defensively and offensively—put the ball through the cross bars each time with ease. Two passes by Ellis set up the first Aggie touchdown that came on a 63-yard drive. A pass to Sinclair made 11 and one to Magouirk put the ball on the Baylor 23. Magouirk bulled over almost untouched. But then Holley tipped the try for point and deflected the ball just enough so it was wide by inches. The Aggie touchdown was on a great 87-yard surge with Ellis' passing moving the ball like lightning. A 16-yard throw from Ellis to Bill Schroeder finally put the ball on the Baylor 17 and from there the Aggie quarterback passed for the score. Baylor rolled to 193 yards on the ground to 31 for A&M but in the air, the Aggies gained 108 while Baylor got only 77. The statistics—270 yards for Baylor and 261 for A&M—reflected the hard fight of the two teams.

Tulane Battered By Auburn, 34-7

MOBILE, Ala., Oct. 24 (U)—Auburn's Tigers came back from their humiliating defeat by Georgia Tech with a furious ground attack that overwhelmed the battered Tulane Green Wave today 34-7. Starting slowly, Auburn got its offense rolling late in the first quarter. With fullback Charlie Little and quarterback Bobby Freeman spearheading the attack, the Tigers rolled almost at will in the final quarter. Little scored two touchdowns, once on a one-yard smash in the first period and again in the second quarter on a three-yard plunge off tackle. Bob Duke caught a deflected 26-yard pass from Freeman for another score. Two final scores came in the last quarter on a seven-yard jaunt by Freeman and a 25-yard sprint by substitute Joe Davis on a draw play.

Iowa State Falls

DES MOINES, Oct. 24 (U)—The Drake Bulldogs played a favored Iowa State off its feet in the second half today to pull out a 12-7 homecoming football victory. Sweetwater came back to knot the count before the period was out. A 65-yard downhill ended successfully when Freddy Armstrong hurried a pass to Frank Smith for a score, the play covering five yards. Harold Hobbs added the point on a boot from placement. The Ponies forged into the lead in the third period when Smith took the opening kickoff and breezed all the way to the nine. Fallview tied it up again in the fourth on a pass from Holland to Bobby Bryant, good for ten yards. The hearts of the Plainview fans sunk when Stone missed the try for extra point but the Bulldogs proved they had enough stamina left to score again.

Cornell Wins, 26-19

PRINCETON, N. J., Oct. 24 (U)—Richard Jackson, a phenom to be tipped a sophomore speedster, squirmed loose on touchdown runs of 90 and 62 yards in an explosive final period today and paced Cornell to a 26-19 Ivy League football victory over Princeton.

Notre Dame Kayoes Georgia Tech By Score Of 27-14

By JERRY LISKA
SOUTH BEND, Ind., Oct. 24 (U)—Notre Dame, the nation's No. 1 team, survived a tooth-and-nail second half without stricken coach Frank Leahy today to shatter Georgia Tech's vaunted 31-game unbeaten streak 27-14. It was a dramatic, bitterly fought game that really started after Notre Dame left the field at halftime leading 7-0 but came back without Leahy, who was taken to a hospital in the third quarter about the time Tech bounced back with a 70-yard scoring drive to tie the game. Then Notre Dame, with lightning swiftness, scored two touchdowns on a short pass and a bad snap by Tech's third string center into the end zone. Georgia Tech, last beaten by Alabama 54-19 on Nov. 18, 1950, made one more comeback, scoring in the last quarter on a pass covering 53 yards, from brilliant freshman quarterback Wade Mitchell to halfback Billy Texas. Crumbling under the brutal Irish attack as the end neared,

Table with 3 columns: Stat, Notre Dame, Georgia Tech. Rows include First downs, Rushing yards, Passing yards, Passes attempted, Passes completed, Passes intercepted, Punts, Punting average, Fumbles lost, Yards penalized.

Tech yielded the fourth Notre Dame touchdown on a two-yard smash by halfback Johnny Lattner, who was an inspired player throughout. The ever-exploiting Irish, in smashing to their fourth victory of the season, scored the most touchdowns in one game against Tech since the Engineer streak began. They also passed to the first six-pointer against Tech in 22 games. The aerial score was Notre Dame's second touchdown which broke a 7-7 tie in the third quarter and capped a 56-yard drive. It came on a nine-yard shot from quarterback Ralph Guglielmi to halfback Joe Heap. Only a few minutes later, the Irish scored the clinching touchdown, a "gift" from Jim Morris, third string Tech center snapping back for a punt. Morris centered the ball high over punter Jim Carlen, a third string guard, standing in the end zone. Tackle Art Hunter fell on the ball midway in the end zone for the Notre Dame touchdown. Guard Memil Mavrides converted after the first three Notre Dame touchdowns, missing his fourth attempt. Mitchell, who apparently wrestled the Tech quarterback job from regular Bill Brigan by his performance today, converted after both Engineer touchdowns.

Vernon Lions Finally Crumple Before Big Springers, 20-7

Two explosive runs by J. C. Armistead, Big Spring's brilliant fullback and one by Frosty Robinson propelled the Big Spring Steers to an impressive 20-7 victory over the Vernon Lions on a muddy gridiron here Friday night.

Until the swivel-hipped Armistead churned 16 yards for the Steers' third TD seven minutes and 35 seconds deep in the fourth quarter, it was anybody's ball game.

At the outset, local fans thought they were going to see a virtual repeat performance of the Steer-Painville game of a week earlier.

Robinson got loose again, just two minutes and 15 seconds deep in the first period and roared 53 yards for a touchdown.

The Vernon team came back in the third quarter and looked as if it intended to sweep the Steers from the field.

Frank Long coaxed the Steer offense to the midfield stripe, and the Lions massed to throw on the

brakes. On the next play, Armistead crashed through the line, picked up a couple of blockers, sidestepped a small group of Vernon defenders and romped into the end zone for the touchdown to send the Steers ahead for keeps.

Medlin's extra point attempt from placement hit the goal post and bounded away to leave the Steers with a 13-7 advantage.

An amazing goal line stand by the Steers early in the fourth period all but closed the door in Vernon's face.

The Lion scoring drive came to a climax after five minutes and 20 seconds had elapsed in the second period, and the score was still 7-7 when the teams left the field for the half-time intermission.

The Vernon team came back in the third quarter and looked as if it intended to sweep the Steers from the field.

Frank Long coaxed the Steer offense to the midfield stripe, and the Lions massed to throw on the

down and needing only a matter of inches for the tying touchdown, Pearson circled wide to his right and headed for the southwest corner.

He should have tried somewhere else. Brick Johnson bailed through and sent Pearson sailing out of bounds on the two-yard line.

The Lion's never moved out of their tracks after receiving the ensuing kick-off on the 50.

After receiving the Vernon punt, the Steers apparently were on the march again when the game ended, with Tommy Mc-

Adams, Ronnie Wooten, et al, functioning in the backfield.

Big Spring was clearly the master on the ground, but the Lions had much the better of the mulling in the air.

For Vernon, Sharpe, Millard Glass and Marvin Foster were among those who played excellent all-around games.

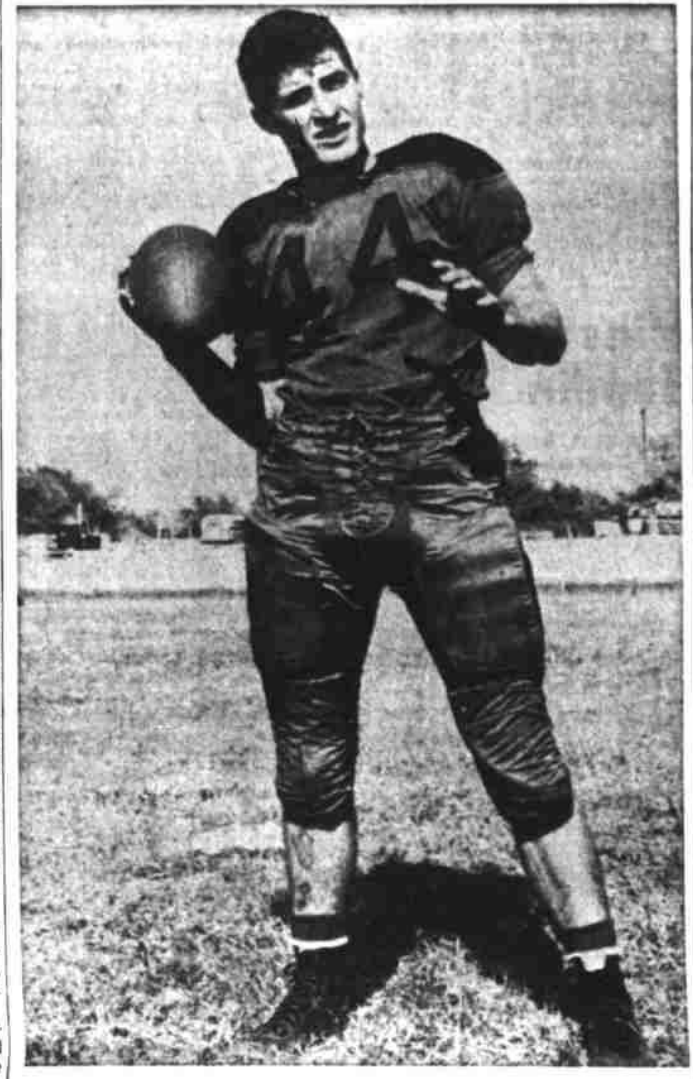

Score by quarters: BIG SPRING 7 0 6 7—20 VERNON 0 7 0 0—7

STANTON, Oct. 24 — The Stanton Buffaloes fashioned their third straight District 4-A victory and their fifth of the year by belting Whiteface, 25-7, here Friday night.

Whiteface made it close until the latter part of the third period, when Norman Blocker made it 19-0 on a 63-yard run.

Jimmy Butcher, who stood out as a ball carrier all evening added an insurance tally in the fourth on a four-yard center plunge.

Stanton scored first in the initial period on a 55-yard pass play by Blocker and Reggie Mysterick, end, scooped up a fumble and scored 45 paces for Stanton's second touchdown in the second period.

Quarterback Jimmy Henson added the extra point.

Whiteface returned to contention in the third period when L. E. Falfer intercepted a pass thrown Henson to Blocker and returned it 25 yards to pay dirt.

The win set the stage for Stanton's all-important game with Denver City, which takes place next Friday night in Denver City.

2,565 WATCH FRIDAY GAME

Total paid attendance at the Big Spring-Vernon game Friday night was 2,565, surprisingly good in view of the weather conditions.

Volunteers Breeze Past Louisville

KNOXVILLE, Tenn., Oct. 24 — Tennessee romped to an easy 59-6 victory over a badly outclassed Louisville today in a warm-up football game for its date with North Carolina next Saturday.

Colgate Deadlocks Yale Bulldogs, 7-7

NEW HAVEN, Conn., Oct. 24 (AP)—Unbeaten Yale was held to its second tie in a row today, settling for a 7-all football deadlock with speedy Colgate before 25,000 fans.

Dibrell's Leads By Three Games

Dibrell's Sporting Goods suffered a 2-1 licking at the hands of Pinkie's the past week but retain a three-game lead in Women's Bowling League standings, having won ten games in 15 starts.

Hermleigh Turns Back Robert Lee

HERMLEIGH, Oct. 24 — The Hermleigh Cardinals of District 6-B turned back the Robert Lee Steers, 19-0, in a practice football game here Friday night.

Sewell May Get Toronto Post

TORONTO, Oct. 24 (AP)—Manager Burleigh Grimes of the Toronto Maple Leafs of the International Baseball League was released today.

"It's best for the team that we have a change," said owner Jack Cooke.

LUKE SEWELL, former manager of the Cincinnati Reds and St. Louis Browns, was reported the leading candidate for the job.

Ackerly Upset By Coyotes

GAIL—Making their advent into football an auspicious one for the first season, The Borden (County) Coyotes clipped the wings of the Ackerly Eagles here Friday night, 20-6.

Despite drizzling skies and a field that soon turned into a quagmire, Borden methodically went to work on the visitors.

Men On Deer Hunt

J. V. Cherry, Big Spring, joined his brother, T. L. Cherry, Amarillo, Friday for a deer hunt in Colorado. They planned to meet at Pueblo with a brother-in-law and hunt in the mountain country north-west of there.

TCU Frogs Are Upset By Penn State, 27-21

By HUGH FULLERTON
STATE COLLEGE, Pa., Oct. 24 (AP)—Tony Rados capped a pin point passing performance by sneaking over for a third-period touchdown to give Penn State a 27-21 victory over fired-up Texas Christian in a wide open intersectional game today.

Outmanned Lions Lose To Cadets

PET WOOD, N. Y., Oct. 24 (AP)—Pete Vann, a slick ball handling fader, led Army to a lopsided 40-7 victory over out-manned Columbia today as the Cadets continued to move up in the football world.

Ward School Loop Games Are Called

No Ward School League football games were played Saturday morning due to wet weather.

Cotton Bowl Tickets Will Go On Sale Next Sunday

DALLAS, Oct. 24 (AP)—The big rush for Cotton Bowl tickets begins one week from today.

Sterling Defeats Wildcats, 38-0

STERLING CITY, Oct. 24—Sterling City's Eagles ran roughshod over the Water Valley Wildcats, 38-0, in a District Seven six-man football game here Friday night.

Outstanding Musical Show Every Sunday

Every Sunday evening over KTXC at 7:30 p.m. the McEwen Motor Company presents the Lyn Murray Show.

Coahoma Clubs Hobbs Panthers By 47-0 Count

COAHOMA, Oct. 24 — Fred Salting's Coahoma Bulldogs, well on their way to a District 6-B championship, humbled the Hobbs Panthers, 47-0, here Friday night.

The Bulldogs scored in every period while Hobbs could maneuver no matter to the Coahoms goal than the 35-yard line.

Jimmy Spears put Coahoma out front three minutes deep in the first period on a two-yard line buck. Skeet Williams booted the point.

Spears scored again shortly thereafter on a 20-yard run and again Williams made good on the conversion try to run the count to 14-0.

Early in the second period, Darrell Robinson blasted ten yards to a TD and Williams' kick was again true.

The Bulldogs scored three times in the third. Robinson got the first one in that round when he took the opening kickoff and raced 90 yards into the opposing end zones.

Loraine Noses Out Longhorns, 13-12

LORLAINE, Oct. 24 — Loraine nosed out Bronte, 13-12, in a football thriller here Friday night.

James Hern booted the extra point that meant victory for the Bulldogs.

Sterling Defeats Wildcats, 38-0

STERLING CITY, Oct. 24—Sterling City's Eagles ran roughshod over the Water Valley Wildcats, 38-0, in a District Seven six-man football game here Friday night.

Red-Hot Buffaloes Rout Divide, 55 To 7

FORSAN, Oct. 24 — The Forsan Buffaloes, and every player on the squad had a hand in it, pulverized Divide, 55-7, in a District Seven six-man football game here Friday night.

Bearkats Lick Cougars, 44-0

GARDEN CITY—It was bearcat weather here Friday evening and the Garden City Bearkats took full advantage of it to crush the Christoval Cougars 44-0.

A large crowd had hardly settled after the kickoff when Christoval bogged and punted. The kick was partially blocked and Leroy Woolly scooped it up and scampered 15 yards and the initial Garden City tally. Before the quarter was out, John L. Daniels slipped away on a 5-yard scoring jaunt.

The roof caved in on the over-matched Cougars in the second period. Marion Carter ran 12 yards for a touchdown, followed by a 15-yard scoring sprint by Richard Carter. Then Daniels snaked through from the four for another TD. Jimmy McCorquodale passed to Alton Cope for the extra point.

Loraine Noses Out Longhorns, 13-12

LORLAINE, Oct. 24 — Loraine nosed out Bronte, 13-12, in a football thriller here Friday night.

James Hern booted the extra point that meant victory for the Bulldogs.

Sterling Defeats Wildcats, 38-0

STERLING CITY, Oct. 24—Sterling City's Eagles ran roughshod over the Water Valley Wildcats, 38-0, in a District Seven six-man football game here Friday night.

aid in the end zones for Forsan's first two points. After that, it was a walkaway.

The first time Forsan had the ball, Harold Hicks raced 50 yards for a touchdown. He added two more on runs of 30 and five yards.

Johnny Baum intercepted a Divide pass and sped 40 yards for another Buff TD.

Bill Turnage got another on a 15-yard pass. Butch Padgett counted a Forsan six-point play on a 30-yard sprint. Robert Robinson steam-rolled his way for a 15-yard TD while Lonnie Martin added still another on a 25-yard gain after taking a lateral from Oglesby.

Middies Upset By Penn, 9-6

PHILADELPHIA, Oct. 24 (AP)—Pennsylvania booted Navy Oct. 24 out of the unbeaten ranks today on a field goal by Ed Gramling from the 25-yard line that gave the Quakers a 9-6 upset win in the final 60 seconds before a roaring crowd of 52,210.

This was Penn's day as the Red and Blue charged up and down the field, completely dominating the play against favored Navy.

Even a gift touchdown which the Quakers handed the Middies in the third did not stem the Pennsylvania charge.

Penn scored first on a 36-yard march, literally handed Navy a matching touchdown and then surged back in the dying seconds of the contest.

It was a big win for Penn, previously thrashed by California and edged out last week by Ohio State.

But it was no fluke. Penn allowed the Middies only one dangerous drive into Red and Blue territory. And the Quakers time after time were operating on the Navy's side of the field.

Husky Joe Varattis, slashing two yards over the goal, personally escorted the first Quaker drive of 37 yards in the third period. Then a sophomore halfback, Bob Felver, let go a foolish pass and Navy's John Hopkins from Brooklyn grabbed it for a 35-yard touchdown gallop.

"Your New Cosden Station In Big Spring"

LOOKING 'EM OVER

With Tommy Hart

More than one neutral (out-of-town) observer has remarked, prior to Big Spring's recent successes on the gridiron, to the effect that the Steers have the best offensive mentor in the state in Carl Coleman and "probably doesn't realize it" . . . In the past, Coleman and "probably doesn't realize it" clubs have always been noted for their attack, just as were Rusty Russell's clubs at SMU . . . Carl didn't always have the horses to run his style of offense but he probably has a working knowledge of more plays than any man in the state . . . His teams at Pecos and Stamford were "go-go-go" clubs that always tried to outscore rather than contain the opposition . . . A good coach is one that can adapt himself and his style to the type of boys he has and the emphasis has swung to defense here this year, for that reason . . . The Big Spring defense, and Assistant Mentor Wayne Bonner gets a large share of the credit for perfecting it, has been so salty that a few claims have been made by writers in other areas that the Steers are playing dirty football . . . Nothing could be farther from the truth . . . The pictures of Steer games will prove they're talking up a new stadium now and chances are will have one by 1954 . . . One is needed here, too, but not enough is being said about it . . . The site has tentatively been picked but that's about all . . . One keeps hearing that Howard County Junior College might revive football on a limited scale in 1954 . . . The Fort Worth Star-Telegram rated Big Spring second in statewide AAA grid ratings last week, the Dallas News 12th . . . The Wichita Falls paper decided to play it safe and put the Steers somewhere in between, wound up locating them in fifth place.

JERRY COOK

Ex-Steer Going Great in Nebraska

Jerry Cook, who played football for the Big Spring Steers part of last season, is now co-captain, guard and linebacker for the Grand Island, Nebraska, schoolboy team, which had won six games without a loss up until this weekend . . . Grand Island, the school that gave to the football world the great All-American, Bobby Reynolds, had scored 219 points to 25 for the opposition . . . Four of Grand Island's opponents had been blanked, another had scored only one touchdown against the club . . . Jerry's little brother, Larry, is on the B team there . . . Grand Island is ranked first in the state . . . The Cook boys are brothers to Virgel Cook of Big Spring . . . Don Ellis, Texas A&M's great quarterback, was once enrolled at West Point and was ineligible at Aggie until his freshman year because he played freshman ball at LSU . . . The

Eighth Grade football team here has a 13-year-old named John Shursen who is 6-foot-2 and weighs 190, already . . . He plays basketball, too, and will team with Eugene Walker, a six-footer, to give the Eighth Grade cagers one of the best teams they've had in years . . . San Diego is talking up a new stadium now and chances are will have one by 1954 . . . One is needed here, too, but not enough is being said about it . . . The site has tentatively been picked but that's about all . . . One keeps hearing that Howard County Junior College might revive football on a limited scale in 1954 . . . The Fort Worth Star-Telegram rated Big Spring second in statewide AAA grid ratings last week, the Dallas News 12th . . . The Wichita Falls paper decided to play it safe and put the Steers somewhere in between, wound up locating them in fifth place.

Crawford 'Most Improved' Player

Ben Hogan says now he'll compete in only three major tournaments in 1954, the Masters, Colonial and the National Open . . . Bobby Maxwell, the 1952-53 Big Spring Invitational Golf champion, is now undertaking military training at Camp Chaffee, which is just outside the Fort Smith, Ark. area . . . Teams which have difficulty holding onto the pigskin might feel better if they knew that the 1938 Chicago Bears fumbled no less than 56 times, a National Football League record . . . Incidentally, the talented Sweetwater Ponties (who are really supposed to be pointing for Big Spring) made the opposition fumble 30 times in their first four games and recovered 25 of the enemy fumbles . . . Del Mar, due to the fact that it lost its best basketball player, has decided not to compete in the second annual Howard County Invitational Basketball Tournament

here the last part of December . . . Julio Ramos, who won 24 ball games and set a strikeout record in the Longhorn League that still stands while with Big Spring in 1949, will play with Roswell in 1954 . . . He's supposed to have gone downhill since that time . . . When Andrews blanked Frank Bartr's Win eleven on the football field recently, it was the first time in 54 games the calcimine had been applied to the Wildcats . . . El Paso Cathedral in 1949 was the last to do it . . . They say Lamesa's Marshall Crawford has developed faster than any other boy in the Rice Institute football camp . . . This is Jess Neely, Rice coach talking: "I don't think television can replace a seat in the football stadium. I never saw the defenses or the blocking and most of the line play," he said, after watching Texas and Oklahoma go at it on the screen.

Buckies Trounce Snyder, 41-28

BRECKENRIDGE, Oct. 24 — The Breckenridge Buckaroos won their second straight District I-AAA football verdict in convincing fashion here Friday night, downing the Snyder Tigers by a score of 41-28. The Green Wave led at half time, 20-7, and scored two more touchdowns early in the third period before Snyder untraced. Breck counted early in the game when Kenneth Ford moved across on a keeper play from the one. Ford's conversion was good. In the second quarter, Ford

passed to Jake Sandefor good for 32 yards and a score. Ford again converted. Snyder fought back when Bernie Hagins raced 20 paces around end. Steve Blair made good on the conversion try. Ford's pass to Roger Hobson was good for the third Buckie score, the play covering 31 yards. Early in the third, Dick Carpenter went over from the two for Breckenridge, then repeated from the one. After each touchdown, Ford converted. Early in the fourth, Hagins barreled over from the one, for Snyder's second tally. Blair's kick went through the uprights. Joe Baxter got another tally for Snyder shortly thereafter on a one-yard plunge and Blair's conversion try again was good. Breck got his final touchdown when Ford hit Hobson with a pass, the play covering 37 yards. Hagins added Snyder's fourth touchdown on a two-yard drive and Blair again kicked the point to make it 41-28.

USC Smashes Cal By 32-20

BERKELEY, Calif., Oct. 24 (AP)—Southern California's mighty Trojans delivered a smashing blow to California's Rose Bowl hopes today when they thrashed the 32-20 victory over the Bears in their annual football thriller. The game was witnessed by 78,000 — largest crowd for a Pacific Coast Conference game so far this year — who spent much of their time on their feet watching the rock-and-sock visitors. The Trojans, defending PCC champions, winners last New Year in the Rose Bowl and ineligible to return, sidetracked the Bears on a field cluttered with fumbles by the home team. Southern California went 58 yards almost on sheer power to score in the first period. Three more TDs followed California fumbles in the second period. One was from the Cal 7, another from the 5 and the last from the 4. The Trojans pulverizing defensive charges had a lot to do with the Bears' misuses. A third period touchdown by USC climaxed a 66-yard thrust.

MADISON, Wis., Oct. 2 (AP)—Ohio State's Buckeyes battled back from a two-touchdown deficit in the fourth quarter opened today to nip Wisconsin 20-19 in a bruising Big Ten football game. Junior quarterback Dave Leggett hit Howard (Hopalong) Cassidy with a 60-yard touchdown toss with 2:31 showing on the clock to cap the 13-point last period scoring spurge. Hard-hitting Bobby Watkins, who rulled up well over 100 yards rushing before being injured, smashed through from the two on

Rice Manhandles Longhorns In SWC Chiller, 18 To 13

Hart Records Winning TD

By BO BYERS
AUSTIN, Oct. 24 (AP)—A last-minute 31-yard pass shot never-say-die Rice to an 18-13 victory over Texas today in one of the most hectic spine-tingling finishes ever seen in Memorial Stadium.

Football Film At Ritz

By BO BYERS
AUSTIN, Oct. 24 (AP)—A last-minute 31-yard pass shot never-say-die Rice to an 18-13 victory over Texas today in one of the most hectic spine-tingling finishes ever seen in Memorial Stadium. Texas threw up a furious goal line defense to stop one Rice drive on the five and gave the Owls two safeties in the last six minutes in a vain effort to hold on to their lead, but quarterback Leroy Fenstermaker and his Owl teammates were not to be denied. With 56 seconds remaining, Fenstermaker gave the lie to critics who say he chokes up in the clinches. He fired to end Dan Hart on the goal line and Hart took the ball between two diving defenders to drop to the ground with the winning points. That was the payoff play and it added volume to the screams of 50,000 fans who were in a state of frenzy the final six minutes. The victory pulled Rice back from the brink of elimination from the Southwest Conference race. The Owls absolutely needed this victory after a 12-7 loss to SMU last week.

Toni Curtis and Lori Nelson make up a new romantic team, as they appear in "The All American," at the Ritz Theatre today and Monday. A drama of heroics and heart, "The All American" includes authentic gridiron sequences, in which appear some of the football greats from USC and UCLA. The mythical team is coached by Herman Hickman, ex-Yale mentor.

51-YARD GALLOP

Last-Second Run Gives Okies Win

By SAUL FELDMAN
NORMAN, Okla., Oct. 24 (AP)—With just 36 seconds left, fleet halfback Merrill Green broke away for 51 yards and a touchdown that pulled Oklahoma out of a tie and gave the Sooners a 27-22 victory over Colorado in a Big Seven Conference football game today.

Less than a minute earlier, Colorado, a four-touchdown underdog, had tied the score at 20-20 on Roger Hunt's 25-yard run and Don Piper's conversion. But Oklahoma, fighting to keep its ranking as the No. 9 team in the nation, decided to gamble on a ground play by Green and in his second carry of the game, was sprung loose for the clincher. Oklahoma was forced to come from behind twice, puzzled by Colorado's single wing attack, then unable to get its own tricky split T formation to work. A homecoming crowd of 35,000 was started to see Colorado jump into a 6-0 lead when Frank Ber-

nardi scored on a 12-yard reverse after Colorado had recovered an Oklahoma fumble on the kickoff. Carroll Hardy, a constant running threat, added a Colorado touchdown in the second quarter on a 35-yard jaunt and Hunt made the final marker. Larry Grigg tallied two of Oklahoma's touchdowns with Bob Herndon and Green sharing the others. The fourth quarter was an action-packed finale to the sometimes slow-moving game that was tied 13-13 after three periods. In the middle of the fourth, Herndon exploded over the left side for 32 yards to score and Buddy Leake kicked the extra point to give the Sooners what looked like a sufficient lead of 20-13. But Colorado started using all its offensive stuff off the single wing and went 80 yards in 14 plays with Hunt racing 26 yards on a fake buck lateral to make it 19-20. Piper then kicked the extra point to tie the game for the third time. Green's long touchdown run was his third clutch junket this season. Against Notre Dame he returned a punt 60 yards and went 80 yards against Texas.

Illini Come From Behind, Win 20-13

CHAMPAIGN, Ill., Oct. 24 (AP)—Stan Wallace's two long touchdowns and Elyr Falkenstein's passing ignited Illinois to a 20-13 victory today over Syracuse. It was the speedy Wallace who took over when Syracuse stopped Illinois' one-two punch. J. C. Carole and Mickey Bates. With Syracuse ahead 13-7, Wallace sprang loose in the third period for a 55-yard dash across the goal line. Bob Wiman booted the conversion which gave the Illini a 14-13 margin.

Less than a minute earlier, Colorado, a four-touchdown underdog, had tied the score at 20-20 on Roger Hunt's 25-yard run and Don Piper's conversion. But Oklahoma, fighting to keep its ranking as the No. 9 team in the nation, decided to gamble on a ground play by Green and in his second carry of the game, was sprung loose for the clincher. Oklahoma was forced to come from behind twice, puzzled by Colorado's single wing attack, then unable to get its own tricky split T formation to work. A homecoming crowd of 35,000 was started to see Colorado jump into a 6-0 lead when Frank Ber-

Red Raiders Swamp N. M. Aggies, 71-0

LUBBOCK, Oct. 24 (AP)—Texas Tech's Red Raiders rolled up one of the highest scores in the nation tonight by swamping New Mexico A&M 71 to 0. The Raiders, losers only to strong Texas A&M thus far, used 66 players in the slaughter, finally winding up with third-string freshmen playing.

ACKERLY, Oct. 24 — The Ackery girls decided the Fluvanna game here Thursday night. Wanda Williams, Sue Raspberry and Patricia Iden paced the Ackery team. Ackery next plays Loop at Loop Tuesday.

Yearlings Curb Lamesans, 20-0

Big Spring's Yearlings shut out the Lamesa Eighth Graders 20-0 on the local gridiron Saturday night.

The Big Springers scored in each of the three quarters and ran over two extra points for the victory. Meanwhile, their alert defense hobbled the Lamesa runners and musty stopped the visitors' passing game. Fullback Jimmy Harrison scored first for Big Spring, going about 80 yards for a touchdown midway through the opening quarter. Try for the extra point failed. About half way through the second quarter, Knox Pitzer romped 15 yards for the Yearlings' second score. Theodore Hernandez ran the conversion across. Hernandez broke loose for the final touchdown of the game in the third period. He went 77 yards after slicing through the Lamesa line. Knox Pitzer scored the extra point. Bobby Overman called signals for the Yearlings. The entire team effectively performed offensive and defensive assignments. A seventh grade game which had been scheduled for Saturday evening was cancelled.

Tigers Come Back

COLUMBIA, Mo., Oct. 24 (AP)—The University of Missouri Tigers found themselves in the last half of their Big Seven Conference football game with the Nebraska Cornhuskers today and rolled to a 23-7 victory.

New Wildcat Is Spotted In West Central Sterling

A new wildcat location has been staked in West-Central Sterling County by J. M. Hawkins of Midland. It is the No. 1 J. L. Glass, and will be drilled to 2,500 feet by cable tools.

Thick Crude Melted Deep In The Earth

By BILL SANSING
TULSA, Okla., Oct. 24 (AP)—Methods of melting thick crude oil from the earth by fire and storing it under the sea have been found by petroleum scientists.

Fuel Import Fight Due To Be Revived

WASHINGTON, Oct. 24 (AP)—A fight probably will be renewed in the next Congress to curtail imports of residual fuel oil.

Rep. Richard Simpson (R-Pa) can be expected again to be in the midst of the battle.

A bill by Simpson last session included provisions for limiting residual oil imports to five per cent of the domestic demand and all petroleum imports to 10 per cent.

Before the National Coal Assn.'s convention recently, Simpson said: "To check the deluge of foreign residual oil that has usurped a considerable portion of coal's legitimate markets is not going to be an easy task—as witness our efforts in the last session of Congress. But we have made progress, and we shall not stop until we have achieved our objective."

There must be no letup in our efforts to enact legislation to curb these noxious imports.

west outpost to a recently completed Pennsylvania discovery in Southeast Dawson County, had no shows of oil or gas in the Spraberry on a weekend drillstem test.

The Dawson test was between 6,629 and 6,900 feet with the tool open two hours and 15 minutes. Recovery was 450 feet of drilling mud and 2,750 feet of sulphur water. Operator will drill deeper to 8,200 feet for a test of the Pennsylvania Mm. Drill site is 550 from north and west lines, northwest quarter, 45-34-Sn, T&P survey.

Hunt No. 1 Nix, also in Dawson County, was reported drilling at 6,115 feet in lime and shale. Location is 1,180 from north and 880 from west lines, 41-33-Sn, T&P survey.

Jameson Steput Is Scheduled In Coke

American Republics Corporation this weekend spotted location for a one-half-mile west steput to production in the Jameson (Strawn) field of Northwest Coke County.

It is No. 1 W. I. Tubb, 467 feet from northeast and 2,050 feet from northwest lines of J. M. Norwood survey, abstract 1,285. The project is to go to 7,500 feet, starting at once.

Sluecher Wildcat Plugged, Abandoned
MCM Oil Company No. 1 E. O. Meadows-Thomson Estate, wildcat in West-Central Schleicher County, has been plugged and abandoned at total depth of 610 feet.

Deep Wildcat Is Set In Culberson
In North-Central Culberson County, William H. Hunt of Dallas has staked No. 1 Velma C. Rounselle as a 10,000-foot rotary venture. It is 660 feet from south and west lines of section 22, block 108, psi survey and 33 miles northwest of San Martine.

Firemen Called Out
Police reported a car fire early Saturday morning in the 200 block of Rannels, and city firemen went to the scene.

Over in Dawson County, Tri-Service No. 1 F. E. Towns, 660 from north and west lines, southeast quarter, 45-34-Sn, T&P survey, bored to 6,625 feet in shale and sand.

Woodson Oil Company No. 1 W. S. Cole, 330 from south and east lines, northeast quarter, 36-26-18-TC survey, Howard County, hit 3,533 feet in lime and dolomite.

Two Wildcats Are Set In Rannels

Two wildcat locations have been staked for immediate drilling in Rannels County.

'Y' Groups Attend Lubbock Conference

Thirty-three members of the H-Y and Tri-H-Y Clubs took part Saturday in the area pre-conference on the Youth-in-Government project.

Law's Birthday

WASHINGTON, Oct. 24 (AP)—The federal wage-hour law which governs minimum wages and maximum working hours and controls child labor, reaches its 15th birthday tomorrow.

Northwest Upton Gets New Location
Magnolia Petroleum Company has staked location for its No. 6-38 T. R. Wilson in the Pegasus (Pennsylvanian) field of Northwest Upton County. It is 1,730 feet from south and 660 feet from east lines section 38, block 41, T-4-S, T&P survey, about 24 miles southwest of Midland. Rotary tools will be used to drill to contract depth of 10,500 feet, beginning at once.

Firemen Called Out
Police reported a car fire early Saturday morning in the 200 block of Rannels, and city firemen went to the scene.

Andrews Well Recovers Free Oil During Test

A central-north Andrews County wildcat was unofficially reported as having made free oil on a drillstem test in the Glorietta this weekend. Two Andrews completions were also noted as well as a new location.

Hunt Oil Company No. 1 J. M. White is the wildcat reportedly making free oil. The drillstem test was said to be from 5,891 to 5,993 feet. Tool was open two hours, and recovery was 4,300 feet of free oil and no water.

Texaco No. 1 F. Clarke Jr., C NW SW, 17-46A-psi survey, flowed 481.12 barrels of oil on potential test through a one-inch choke. Gas-oil ratio was 506-1, and gravity is 36.4 degrees. Top of Wolfcamp pay was 8,579 feet and total depth was 8,687. The Andrews field venture was acidized with 1,000 gallons of acid.

147 Cases Listed On Disease Report

A total of 147 cases of contagious diseases were reported to the Big Spring-Howard County Health Unit by local doctors during the past week.

Grayburg Offset Due In Midland
Stanolind Oil & Gas Company filed application for a northwest offset to its recently completed Grayburg discovery in Northwest Midland County, five and one-half miles northwest of the city of Midland.

Wolfcamp Find Due In Hockley
A wildcat venture in the central-south part of Hockley County made shows this weekend which indicate a possible discovery in the Wolfcamp lime of the lower Permian.

Oil Well Completions Total 202 This Week
AUSTIN, Oct. 24 (AP)—Oil well completions totaled 202 this week, the Railroad Commission reported today, compared to 157 the week before.

DISCOVERY IN COKE FINALS

W. M. and A. P. Fuller of Midland No. 1 Lou E. Johnson Estate has been completed as a flowing discovery from the Strawn sand in Northwest Coke County.

The wildcat was completed for a 24-hour flowing potential of 247 barrels of 42.5-gravity oil through a 14-64-inch choke. Gas-oil ratio was 1,111-1.

Production is coming through casing perforations between 6,654-6,784 feet. Tubing pressure was 920 pounds. Pay was fractured with 8,500 gallons of sand oil.

Stanolind Oil & Gas Company's No. 1 Dorothy Slaughter, located six and a half miles southeast of Sundown.

Grayburg Offset Due In Midland

Stanolind Oil & Gas Company filed application for a northwest offset to its recently completed Grayburg discovery in Northwest Midland County, five and one-half miles northwest of the city of Midland.

The new test is to be drilled as No. 2-AF-R-A-B Midland Farms. Drill site is 660 feet from north and 1,980 from east lines of south half, section 2, block 40, tsp. 15, T&P survey. The test will be drilled to 5,000 feet.

Discovery Of Oil Caused Many Cities To Grow In West Texas

Editor's Note: The following theme is the second in a series of three being printed on the oil page of this newspaper in Sunday editions. The themes, written by high school students, were judged as the best written here for the recent Oil Progress Week celebration.

By CANDACE DICKINSON
Wanderlust brought the white man to West Texas; its vistas of land, sky, and sunset inspired him; cattle kept him here; and the oil industry has rewarded him.

Three cities of West Texas, Amarillo, Abilene and Odessa, afford excellent examples of the change oil has brought about in the whole section. When agriculture was the chief industry, the country was sparsely settled.

Amarillo, the chief city of the Panhandle, almost tripled its population between 1920 and 1930 because of booming oil and gas fields. Natural gas from the Am-

arillo fields, the largest in the world, supplies most of the eastern half of the United States through a huge pipeline system.

In the far eastern part of West Texas stands Abilene. The country surrounding it is rich in oil deposits, and the working of these fields has brought a subsequent boom in prosperity and population that equals the other sections.

2,930 Rigs Active In U.S. And Canada
During the past week there were a total of 2,930 rigs active in the oil fields of the United States and Canada.

Odessa, with its university and two colleges, owes much to the development of petroleum resources in its surrounding territory.

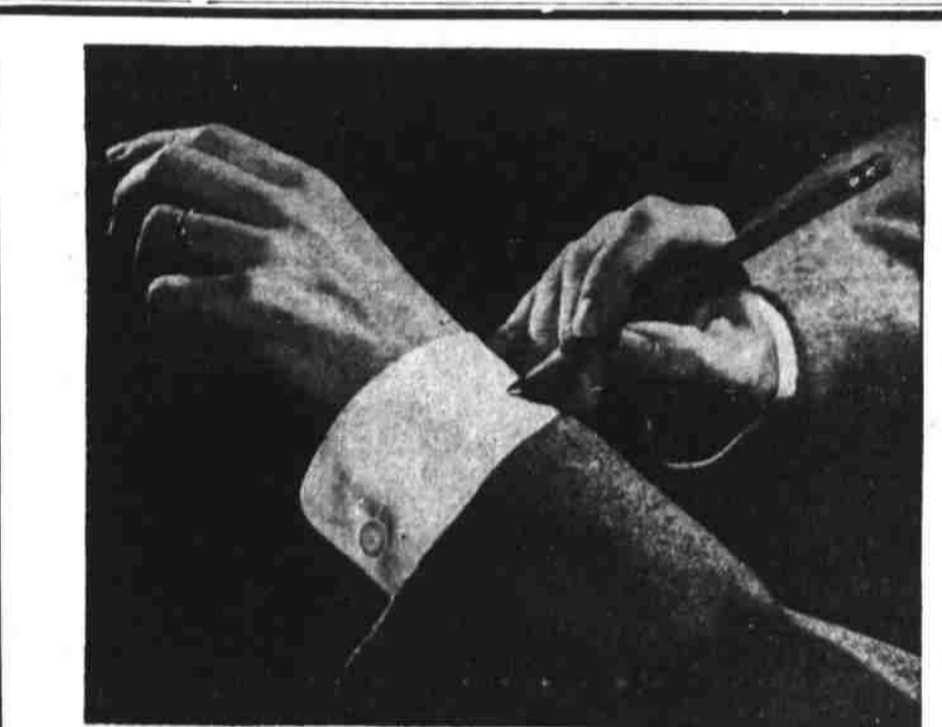

The heart of the great Permian Basin oil fields is Odessa. Its story could be told in the same words as the stories of Amarillo and Abilene.

Eisenhower Tells Dominican Envoy Of Soviet Menace
 WASHINGTON, Oct. 24 (AP)—President Eisenhower told a new envoy from the Dominican Republic today that the American government will oppose Western communism, world peace, and "our common Christian heritage."
 Senator Don Manuel de Moya Alonzo presented his credentials to Eisenhower in the course of a call at the White House and the State Department released official statements which they exchange.
 The new envoy declared his country is "free of Communist infiltration" and asserted its intention to cooperate with the United States in the struggle against what both men referred to as international communism.
 "I am grateful," the President said in reply, "to note from your remarks your reaffirmation of the attachment of the government and people of the Dominican Republic to the ideals of Western civilization, to international peace, and to our common Christian heritage, all of which are menaced today by the forces of international communism."

Safety is No Longer a Luxury! Here Now...

WORLD'S FIRST LOW-PRICED TUBELESS SAFETY TIRE!

Sensational New
Firestone
 DeLuxe Champion
TUBELESS SAFETY TIRE

Protects You Against Blowouts and Punctures ... Yet Priced Practically as Low as Conventional Tires and Tubes

Here's the Reason... **SAFTI-LINER** PROTECTS AGAINST

(BLOWOUTS)

Here is a tire with new principles of design and construction which protects you against dangerous blowouts. In this new safety tire, the tube is replaced by an air-tight butyl Safli-Liner that's bonded to the inside of the tire. No tube to pinch, tear or suddenly explode when injury to the tire body occurs. Air loss is so gradual there is ample time for safe, sure stops.

(PUNCTURES)

Here is a tire that gives you protection against punctures. No more roadside delays in dangerous traffic, because the air-tight butyl Safli-Liner that's bonded to the inside of the tire clings to penetrating nails and sharp objects, prevents loss of air, and enables you to finish your trip without changing tires.

Plus These Safety Features

INSTALL THEM ON YOUR PRESENT WHEELS ... YOUR OLD TIRES WILL MAKE THE DOWN PAYMENT!

RACING TIRE CONSTRUCTION
 Incorporating racing tire construction features, this new tire passes the most rigid requirements of today's high speed driving.

MORE NON-SKID SAFETY
 Scientifically designed tread, with thousands of sharp angles, skid resisters and traction boosters gives you more safe non-skid protection.

Busy Week For Girl Scouts

This week is an event of outstanding importance to hundreds of smaller girls in Big Spring, since they will be quite active in the observance of Girl Scout Week.

The special occasion occurs each year on the week which is closed with the birthday of Juliette Low, founder of the Girl Scout organization.

Scouts and their junior counterparts, the Brownies, have an extensive program mapped out for the week's observance. It includes Church Day today, Home-

making Day on Monday, Citizenship Day on Tuesday, Health and Safety Day on Wednesday, International Friendship Day on Thursday, Arts and Crafts Day on Friday, and Out-of-Doors Day on Saturday. These all mean that the youngsters will be renewing their interest in such activity phases as religious training, home training, skill development, and initiative and independence outdoors.

The Girl Scout organization is one of those whose finances are taken care of in the United Fund.

BROWNIES IN CHURCH—A special occasion during Girl Scout Week will be Church Sunday, observed today. Above, a group of Brownies demonstrate their participation in religious services, as a choir. Front row, left to right: Alice Jane Chaffin, Gladys Lanell Dees, Jacque Deal. Back row, Elizabeth Fraser, Ann Puckett, Sherry Lynn Beard, Barbara Jean Workman, Marjorie Mitchell, Rhonda Walker, Penny Garrison. Mrs. Olen L. Puckett is their leader.

ARTS AND CRAFTS—Friday of Girl Scout Week will be observed as Arts and Crafts day, and in the photo above, a group of girls plan their exhibit for that day. Left to right: Shirley Lee, Reba June Sneed, Sandra Talley, Raenita Dunlap, Gerry Girdner, Jennie McEvers, Zollie Mae Rawlins. They are from Troop 11, of which Mrs. Bill Earley is leader.

OUT-OF-DOORS—Scouting calls for some outdoor activities, and the Troop 9 members shown below have a "cook-out." Left to right, Charlotte Marstrand, Ann Homan, Mickey Kinney, Sally Adair and Carolyn Thompson, cooking "Some-Mores," combination of toasted marshmallow, chocolate bar and graham crackers. Mrs. Leon Kinney heads this troop.

HOME-MAKING—Activities connected with home-making training will be emphasized on Monday of Girl Scout Week. An example of the home program is shown above, as Cleo Thomas reads to Cynthia Kay Bredemeyer (left) and her sister Nancy. These girls are in Troop 16, with Mrs. Clyde Thomas Jr. as leader.

WORLD-WIDE VIEW—An International Friendship Day will be observed Thursday. In the photo below girls point out countries in the Girl Scouts World Association. Left to right, Janice Miller and Shirley Ransom, (Troop 15), Kathleen Thomas, Catherine Greenlees, June Ann Johnston, Edith Freeman and Nancy Cunningham (Troop 22).

Planning 'Freedom Dinner'

Col. Fred M. Dean, Webb Air Force Base commanding officer, will be the principal speaker Thursday at the Altrusa Club "Freedom Dinner," which is being planned by three club members, pictured from left to right: Mrs. Velma Griess, program coordinator; Mrs. T. C. Thomas, international relations co-chairman, and Mrs. John A. Freeman, international relations chairman. Col. Dean's subject will be "The United Nations."

Col. Fred Dean To Speak On UN At Altrusa Club 'Freedom Dinner'

Altrusa Club members, who are emphasizing a worldwide outlook in their activities for October, will present Col. Fred M. Dean, Webb Air Force Base commanding officer, as the principal speaker at a Freedom Dinner. His subject will be "The United Nations."

The dinner will be Thursday at 7 p. m. at the Settles Hotel ballroom. The public is invited. The dinner is a non-profit activity sponsored for the benefit of all local people interested in the United Nations.

Col. Dean will speak from a wide experience in international relations. He was a member of the military commission that accompanied former President Franklin D. Roosevelt to conferences at Cairo, Tehran, Malta and Yalta.

He also accompanied former President Truman to the Potsdam Conference in Germany. He was commanding officer of the 31st Fighter Group in Tunisia and Sicily. Before the end of World War II he became executive officer for the Air Force Chief of Staff, Gen. Hap Arnold.

After the war he was an American military advisor to the Brazilian Government and later spent four years in the Pentagon in the Air Force War Plans and Programming offices.

Reservations for the turkey dinner may be made through Wednesday by calling Dr. Ora Johnson, 4-5423; Mrs. T. C. Thomas, 4-5713, and Mrs. John A. Freeman, 4-7089. Price of the dinner is \$1.60.

The event is the second international relations activity of the club for October. Earlier in the

Fred Herrington In Play At Sul Ross

ALPINE — Fred Eugene Herrington, son of Mr. and Mrs. Z. M. Boykin, Silver Hills Addition, has been cast in the Mask and Slipper Club's forthcoming production, "The Devil's Disciple" at Sul Ross State College. Herrington, a geology major, will play the role of the sergeant.

month, members honored five local women, representing Germany, Ireland and Hawaii, as special guests at a luncheon.

Proceeds amounting to about \$30 have been given to the Altrusa International Grants-in-Aid Committee.

Since 1945 eighty-two Latin American women have been enabled to complete higher education in North America through some \$48,000 in grants awarded them by Altrusa. They have been women with exceptional high scholastic records and ability who have come to North America for advanced studies their own countries cannot offer.

Each thinks she has enough mon-

ey but soon finds herself the victim of fluctuating exchange rates. The grants-in-aid committee learns of her plight through the university where she is enrolled, through the Institute of International Education or through an Altrusan.

After her application is processed she is generally given a grant from \$250 to \$750, according to her need.

The 82 women have been students from 18 Latin American countries, studying in 28 colleges, universities, hospitals, clinics, conservatories and other institutions of learning. In addition to financial support, Altrusans have invited the women to their homes, and to meetings. The result has been an exchange of ideas and friendship that has continued through correspondence.

Because of the Altrusa Club they have been able to return home more fully equipped to help their native land in such fields as librarianship, diplomatic service, education, pediatrics, chemistry, dietetics, social work, public health, agricultural economics.

HOSPITAL NOTES

BIG SPRING HOSPITAL
Admissions — Thelma Musgrove, 1408 Tucson; Isidore Gonzales, Fort Stockton; Frances Baskin, Kermit; Otha Conaway, Westbrook; Mrs. Pauline Smith, Stanton; Mrs. Pauline Claxton, 200 N. Nolan.

Dismissals — Dora Torres, 604 NW 4th; Mrs. Lillian Staggs, 102 Princeton; Susan Harper, Knott; Gwendolyn Jenkins, 802 Ohio; Ellen Lomax, Rt. 2; Bobby Fletcher, 1104 W. 4th; Mary Arispe, 406 N. Gregg; Carlene Digby, 1205 Main; Gary Wayne Johnson, 612 State; Helen Clanton, Garden City Rt.

P-TA Units Have Lower Membership

In a survey of the membership of local P-TA units it was disclosed that total membership of 10 out of the 12 schools in the city had decreased this year as compared with last year. October is membership month for the P-TA units.

Last year's figures for two P-TA units, South Ward and West Ward, were not obtainable. But including their membership for this year the total for the city still comes to only 1,639 as compared with 1,749 for 10 schools last year.

Washington Place School with 459 P-TA members this year as compared with 325 members last year shows the greatest increase, due to the greater enrollment this year. Junior High School had 178 P-TA members last year and only 62 now, the greatest decrease since last year of any of the schools. However, the enrollment there has decreased.

Park Hill school had the only 100 per cent membership last year. No school has reported a 100 per cent membership this year.

The only P-TA reporting the same membership for both years was Kate Morrison with 40.

Teachers Of County And City To Meet

Legislative proposals concerning teacher pay will be talked at the joint meeting of the Big Spring and the Howard County units of the Texas State Teachers Association.

The meeting is set for 7:30 p. m. Tuesday at the Howard County Junior College Auditorium. The public, as well as all teachers, is invited, said Mrs. Cecil Hamilton, president of the Big Spring unit. John Lovelady, Austin, assistant field director of the TSTA, will lead the discussion on past proposals and some currently under consideration.

Fred Herrington In Play At Sul Ross

ALPINE — Fred Eugene Herrington, son of Mr. and Mrs. Z. M. Boykin, Silver Hills Addition, has been cast in the Mask and Slipper Club's forthcoming production, "The Devil's Disciple" at Sul Ross State College. Herrington, a geology major, will play the role of the sergeant.

Frances King Gives Program For YWA

The Robert YWA of E. 4th Baptist Church had a program on "The Best Years of Our Lives" Thursday when the group met in the home of Anna Belle Lane.

Frances King gave the program. The girls made earrings to send to Buckners Orphans Home. New members are Carrie Lawson, Kathleen Culwell and Sybil Fulmer. Fifteen attended.

The next meeting will be in the home of Patsy Reeves, 601 E. 12th.

North Ward To Have Halloween Carnival

North Ward School will have a Halloween Carnival on Thursday beginning at 6:30 p. m.

Mrs. Creel's first grade will sponsor a pony ride, concessions and a prize.

The other rooms will sponsor bingo, grab bags and a fish pond.

Be his gleam girl in Gold or Silver Kid

MRS. ZOLLIE MAE RAWLINS

DRESS PARADE

Mrs. Zollie Mae Rawlins presided at a meeting of Mu Zeta chapter, Beta Sigma Phi, wearing a plum-colored suit of light weight wool. Touches of gold on the buttons and gold jewelry were becoming accents to the auburn glints in her hair.

The jacket was designed with contour lucks. She wore a fringed wool stole, imported from Chihuahua, Mexico.

Mrs. Rawlins says she likes the suit because she can "dress it up or down." For more casual occasions she wears a blouse with the suit, the jacket open and a gold belt at the waist.

Black velvet was used as accent to the costume Mrs. Shine Phillips, incoming president of the Big Spring Council of Church Women, wore to the District 11 meeting Wednesday.

Her winter cotton dress of black with a small blue design was worn with a bolero jacket of the same material. The madarin neckline had a black velvet collar and she wore a black velvet belt and hat. Her jewelry was a gold lavalere and gold earrings.

Mrs. Hayes Stripling wore a black and white tweed suit, stunning complement to her silver gray hair. The suit had a box-type jacket and Mrs. Stripling wore it with a black hand-knit blouse.

At the throat she wore a scarf, imported from France, of grey and white taffeta with a black velvet band down the center. Her casual black hat was tilted on her forehead.

Her jewelry was silver earrings. Black calf shoes with white stitching, an imported Italian bag to match and white pigskin gloves completed her ensemble.

For the cooler days that are just around the corner she is looking forward to wearing a red cashmere top coat with the suit.

REPORT TO PARENTS

States Improving Issuance Of Birth Certificates

By DR. MARTHA M. ELIOT
Chief Children's Bureau

A birth certificate is one of the most valued documents an American citizen can have.

It is useful in validating citizenship, in securing State Department permission to travel abroad; in applying for a job or for insurance benefits; in countless other instances.

Until comparatively recent times, however, the issuance of birth certificates was not uniform in all the states. As this practice has spread, the need to insure accuracy of information on birth certificates has become apparent to State Health Departments.

New Jersey, where vital records have been kept for 105 years, and birth certificates have been issued for 55, is one state which has taken positive steps in this regard.

Birth certificates prepared by nurses and doctors' assistants are shown to the mothers of the babies, who sign if the information on the certificate is correct. Correcting birth certificates later is a time-consuming and costly process for the person involved, for the vital statistics office, and for the taxpayer.

New Jersey law also provides that the state registrar may establish a new birth certificate for an adopted child. A copy of the new certificate goes to the registrar of the place of birth with a request that the original certificate be sealed, not to be opened except by order of the court, and the new certificate goes to the registrar of record book. Local registrars in states other than New Jersey also are carrying out the requests to seal the original and substitute the new one.

A child born to an unmarried mother may get legitimate status under New Jersey law if the parents of the child subsequently submit proof of their marriage and jointly request the legitimization. The law provides that the informa-

tion of illegitimacy may not be divulged, once the correction is made.

In the interest of protecting the confidential nature of birth records, many states now issue a birth card, which can be used in nearly every case where a birth certificate is required. The birth card has the name and place and date of birth, and by not including the names of parents, avoids any question as to legitimacy.

The state registrar, generally located in the State Health Department at the state capitol city, is frequently able to work out these and many other registration problems brought to his attention.

Since no person, child or adult, is in any way responsible for the fact that he was born out of wedlock, it seems only reasonable that he should not be publicly described as such when he seeks work, wants a driver's license, or seeks a passport to enable him to take a trip out of the country.

Next time you fry chicken, add two or three teaspoons of paprika to the salt-and-pepper seasoned flour with which you coat the chicken pieces. This trick gives good flavor and color!

County HD Women Plan Tour Of Living Rooms

Howard County Home Demonstration Club women will make a countywide tour of six members' living rooms on Wednesday. The living rooms will feature improvements that the members themselves have made.

A Big Spring member of the Fairview club, Mrs. L. A. Griffith, 303 Wills, will exhibit her living room showing how new china closets have given an effect of a bay window. Re-finished furniture, re-upholstering and re-finished woodwork also will be pointed out in her home.

The tour will start at Chapman Feed Store, 700 Lamesa Highway at 9:15 a.m.

Mrs. L. Z. Shaffer's home will show how a living room can be made by moving a bedroom and moving wall to enclose the end of a porch. Mrs. Shaffer will also exhibit a chair re-upholstered by Mrs. A. A. McKinney. They represent the Center Point Club.

The focal point in Mrs. Gene McClaugerty's living room will be the sofa and chair that she upholstered in matching fabric. Mrs. McClaugerty is a member of the Vealmoor club.

A covered dish luncheon will be served at Mrs. John Sutherland's home. Mrs. Sutherland, also a member of the Vealmoor club, will demonstrate new furniture in her living-dining room. The grounds around her home will also be of special interest to the visitors.

Mrs. Alton Smith of the Luther

club has a picture window in her living room which was made by taking out old windows. She refinished the walls of her living-dining room.

Another Luther club home is that of Mrs. Berma Torrence. She has completely re-done her living room suite, changing the original dark finish to a limed oak effect finish. She also has re-upholstered the set.

Following the covered dish luncheon in Mrs. Sutherland's home, a short program will be given on the Texas Home Demonstration meeting in Galveston by Mrs. Sam Armstrong, assisted by Mrs. D. C. Zant and Mrs. Sutherland.

Guide sheets will be furnished to those on tour. HD agent Sue Milligan will accompany the club women.

Bill Wards Are Honored At Shower

Mr. and Mrs. Bill Ward, who were married recently in Clovis, N. M., were honored at a shower in the home of Mrs. Helen Williams and Mrs. Lucile Payne, 1211 Scurry.

Assisting the hostesses were Della Mae Simpson and Syble Wise. Table centerpiece was an arrangement of mums, daisies, gladioli and ivy. About 25 attended.

Mr. and Mrs. Ward are living at 1213 Ridgeroad.

Lex James Jr. Visits Enroute To Alaska

A-1C Lex James Jr., a former resident of Big Spring, was in town Friday for a short visit with his grandmother, Mrs. L. M. Horn, 504 E. 4th, before departing for his new station in Alaska. He will be assigned to Special Services.

James has been stationed in San Antonio where for the last two years he was in charge of the base entertainment section at Lackland Air Force Base.

DATE DATA

By Beverly Brandow

The Shy Boy

What a revolting development this can be! You walk around in a date and swoon every time he passes by, but he's a shy one and you're not even sure he's ever raised his bowed head enough to know you exist.

You have visions of dancing with him at the prom, of wearing his identification bracelet, and taking long moonlight walks with him. Yet the fact remains that the few times you've spoken to him he turned crimson and nearly swallowed his tongue. Hopeless? Not entirely. You can win him over if you're persistent enough and really have your heart in your work.

Girls probably terrify him more than any other brand of human being, so logically enough if you chase him or take too much initiative in the "Operation Date" project he'll scamper in the opposite direction as fast as he can go and ever afterward he'll be wary of you and avoid you like the plague.

No, you've got to work it more subtly. Try to imagine yourself in his position and build your strategy from that. In the first place he's human and will appreciate friendship and sincere interest as much as anyone, although he may be at a loss as to how to accept it.

Because he's shy, it stands to reason that his friends will be limited, and down underneath his frightened exterior he will be lonely and as eager as a puppy for a little genuine friendship.

Don't descend upon him in one sudden, frightening sweep of interest. Let him become aware of you gradually. No one can possibly frown upon the form of chattering that comes out as casual friendliness and hospitality.

Smile at him as you pass in the hall. Later murmur "Hi". If at all possible make some casual comment to him each day before class begins. Borrow a sheet of paper from him to start a conversation.

Just happen to leave the class room as he does and remark about the lesson, the coming test or a recent football game. Slant your conversation to something he is interested in.

Don't telephone him unless you

have a plenty good business reason. If this is the case, state your business briefly and hang up. Join his clubs and try to develop a talking knowledge of his pet hobbies. Volunteer to work on the committees he is on.

After a while the fact that you're always around will grow on him. If you have enough patience, one day he'll ask you for a date. Good luck!

Party Given By Indoor Sports Club

The Indoor Sports Club entertained members of the Cheerio Club at a Halloween party Thursday night at the Girl Scout Little House.

Anne Gray, Jane Reynolds, Doris Hahn, Zeida Meier, and Veberly Eldridge presented songs for the group.

Games were played and prizes given.

Thirty-five attended the party. The next meeting of the group will be a business session on Nov. 12 at the Girl Scout Little House.

Mr. and Mrs. A. G. Hall and daughter, Karen, have gone to Lexington, Mo. to visit their son, Sam, who attends Wentworth Military Academy there.

Exercise Routine

Famous Hollywood physical culture expert, Terry Hunt, puts Yvonne de Carlo through a series of exercise routines. Stars like Shelley Winters, Paulette Goddard, Susan Hayward and Jane Russell are regulars in Hunt's Hollywood gymnasium.

HOLLYWOOD BEAUTY

Take It Easy, But Keep After Those Exercises

By LYDIA LANE
HOLLYWOOD — If they gave screen credit for beautiful bodies, a familiar name would be Terry Hunt because he is the man the Hollywood stars go to in order to slim down and stay slim.

When a contract which runs into six figures depends on whether a girl has a good figure, reducing becomes big business. Terry Hunt, realizing this, has made a life study of how to take off the "mostest" the fastest.

"The important thing about exercise," Hunt told me recently as we lunched at Hollywood's Tail of the Cock "is getting the maximum of results with the minimum of effort. Any routine which leaves you exhausted does more harm than good. With my system, we stop before you are tired so that you leave feeling better than before the workout."

I asked Hunt for a description of his system.
"I call it progressive exercise because the body adapts itself so quickly to exercise, in order to get results you have to keep readjusting your routine. What may be a real workout one week will not be effective the next."
"To get results from exercise you have to think about what you are doing," Terry continued. "Ninety per cent of the people who go through exercising routines at home have their minds on something else in the process. This lack of concentration and purpose accomplishes little. To exercise effectively, you must breathe properly, think about the muscles you are using and feel the pull and stretch in the proper places. If you don't keep your mind on your movements, it's a waste of time."
Hunt is enthusiastic about work-

ing with weights. "Don't let the word weights frighten you," he tells his famous clientele. "Properly supervised, you build muscle-tone—not muscle. As you get results twenty times as fast. I have proven this over and over again. Weights offer resistance, and exercise without resistance is as fast as a car without a self-starter."

I asked Hunt how he happened to become the figure-control expert for the stars.

"Years ago, I was under contract to Paramount. Gary Cooper was just getting started and Mar-

lene Dietrich was on the lot at that time. The men used to come to me regularly for conditioning and Cecil de Mille asked me to do a guest appearance on his radio show and talk about my work. As a result of this appearance, I received about 5,000 letters, most of them from women who wanted to know how to reduce. It wasn't long," Hunt added, "before I was building my own gymnasium with a special division for the ladies."

"Is there anything you can tell me that will be helpful to women away from Hollywood who want to exercise at home?" I asked.
"A body doesn't have to grow old and stiff as birthdays pile up. I have a friend who is seventy. He's an acrobat and has exercised ev-

ery day of his life. Recently he doubled on the screen for a man who was thirty. They had the same slim body and agility.

"If you want to keep a youthful body, as I've said before, you must keep your mind on your exercises as you are doing them. Every exercise period should begin with a warmup. Never try to stretch cold muscles. Start with a series of knee bends. Be sure to stand with a straight back and with your feet apart. Inhale as you go down; exhale as you come up.

"Follow this with vigorous kicking. Holding onto a chair or something solid, kick sideways first with one foot and then the other, keeping your leg straight and kicking as high as you can comfortably go. "A big mistake most people make is starting out too ambitiously — and then giving up the whole project for lack of time. Only when exercise becomes a daily habit can any real accomplishment be seen.

"Do you know that it takes only three exercises to reach every muscle in your body?" Hunt continued.

"What are they?" I asked eagerly.
"After your warmup, take a weight and hold it in your hands high above your head, arms straight. A brick, or a book can substitute for a barbell. Have your feet planted firmly on the ground, comfortably apart. Now awing down so that your head comes between your knees and as you come up, breathe deeply and bend back as far as you can. Do this rhythmically — swing like a big church bell — up and down — and as you get used to the weight, increase it.

"Next do a series of knee bends. Keep your back straight and inhale as you come up; exhale as you go down. If you are used to wearing high heels, stack a wood block or a few magazines under your heel to give you a lift. This will also relieve a strain on your back. A weight in each hand as you go up and down gives added impetus to this exercise.

"And the third," concluded Hunt, "is a series of pushups. Get on the floor as if you were going to let a child ride on your back. Keeping your palms in position bring your buttocks back to your heels and relax; then keeping your knees stationary bring your body forward touching your tummy toward the floor, back arched, head high and you will feel a good stretch in your spine."
In doing exercise with the stars, Mr. Hunt divides the body into three strategic sections. If you have any figure faults concentrate on that section. For instructions on these exercises, send for the leaflet "Corrective Exercises of The Stars as Created by Terry Hunt" and told to Lydia Lane.

High School Carnival To Be Monday

The public is invited to attend the Halloween Carnival at the High School Monday, beginning at 7 p. m. The Student Council has completed plans for the event. The senior class will be in charge of the side show, juniors in charge of the cakewalk and the sophomores will sponsor the bingo booth.

School organizations with booths will be FHA, dart throwing; FTA, marriage license; Majors Club, sherry; Shortland Club, spook house; B.C., baseball, Tri-Hi-Y, and Hi-Y, OPPT.
The nature of the OPPT booth will be divulged at the carnival.
Coronation of the queen will be at 9:30 p. m. Candidates are Pat Rutledge, Jan Burns, senior class; Lila Turner, Nancy Piman, junior; Clara Freeman, Linda Rutledge, sophomore.

Cecil S. Cherry Visits H. L. Munns

Mr. and Mrs. H. L. Munns, 1201 E. 6th, have as their guest, Mrs. Munns's brother, A-1C Cecil S. Cherry who is enroute to Newfoundland for his fourth tour of duty overseas. He has been stationed at O'Hare International Airport in Chicago for the past 18 months.
Other guests of the Munns are Mr. and Mrs. Robert Fendius of Chicago, parents of Alrman Cherry's fiancée, Donna Fendius.
Also visiting the Munns have been her mother, Mrs. J. Cherry and her sister, Mrs. R. J. Matthews and daughters.

Gravies and meat stocks spoil quickly. Put them in covered containers as near the freezing unit of your refrigerator as possible. Use within a few days.

Employees Attend Banquet

FORSAN (Spl) — Employees of the Phillips 66 Petroleum Co. of the Forsan area attended a banquet for "two million hours without a lost time accident" at the Lincoln Hotel in Odessa recently.

Other divisions represented were West Texas, Hobbs, N. M., and others.
Attending from Forsan were the following couples and their families: Mr. and Mrs. J. M. Miller, Mr. and Mrs. J. D. Martin, Mr. and Mrs. Robert Cogart, Mr. and Mrs. H. L. Gibson, Mr. and Mrs. H. G. Huestis, Mr. and Mrs. Carl Bankston, Mr. and Mrs. H. G. Greer.

Youth Fellowship Has Tacky Party

Gilbert Loretta and Gaylor Turner were hosts for the Park Methodist Youth Fellowship tacky party Thursday.

Ann Webb won first prize and Evelyn Billings second prize for the tackiest costumes. Miss Webb presided at a business meeting. She and Billie McClenden reported on a district meeting held in Midland. Billy Clark and Shirley Harper reported on activities of the Intermediate at the district meeting.
The group discussed a Christmas project and a Thanksgiving party. Eighteen attended.

City HD Club Meets With Mrs. Hodnett

Mrs. M. F. Hodnett was hostess to the City Home Demonstration Club Friday. Mrs. W. N. Norred gave the devotion.

Members answered the roll call with "What Did You Do on Your Vacation?" Sue Milligan, HD agent, showed slides on living room arrangements.

The next meeting will be with Mrs. Hadderton. Eight members were present.

by Jo Copeland

IN STIFF SILK

Long Bodice Molds Torso, Gives In-Curve To Waist

American Designer Jo Copeland is known throughout this country and in several cities abroad for dramatic clothes that somehow maintain an attitude of dignified restraint. Her European following, (Americans who live there or Continentals who have come here and fallen under the spell) testify to the fact that a dress with a Jo Copeland label has an inherent chic, is always in beautiful taste and does wonders for the figure.

This is no accident for Jo Copeland herself is a typical lady of chic and society and her clothes constantly reflect her mode of gracious living.

The model today was made originally in a stiff silk to give body to that stand-out hip pouf. The long line of the bodice does a beautiful job of torso molding, giving a lift to the bosom, an in-curve to the waist.

When selecting your pattern size, please use the guide below which represents the designer's own measurements:

Size 10, Bust 34 1/2, waist 24 1/2, hips 35; size 12, bust 35 1/2, waist 25 1/2, hips 36; size 14, bust 37, waist 27, hips 37 1/2; size 16, bust 38 1/2, waist 28 1/2, hips 39; size 18, bust 40, waist 30, hips 40 1/2.

Size 12 requires 3 1/2 yds. of 50-inch material. To order pattern No. 1159, address Spadea Syndicate, Inc., P. O. Box 535, Dept. 164, G. P. O., New York 1, N. Y. State size. Send \$1.00. Airmail 25 cents extra. Pattern Booklet No. 9, including over 100 designs, available at 15 cents.

Miss Ratliff Honored At Gift Tea

GARDEN CITY (Sp) — Juanita Ratliff, bride-elect of Richard Johnson of Old Glory, was honored at a gift tea Saturday in the home of Mrs. Dick Mitchell from 3 to 5 p.m.

Hostesses were Mrs. W. B. Pritchard, Mrs. J. L. Sawyers, Bonnetta Cox, Janet McMullan, Mrs. Bud Turner and Wanda Wilkerson.

Greeting the guests were Miss Ratliff and her mother, Mrs. J. B. Ratliff, and Mrs. Kittle Lemmons and Mrs. S. C. Currie, aunts of the bride-elect.

Mrs. Clyde Reynolds, sister of the bride-elect, and Mrs. James Currie presided at the tea service.

The table was covered with a white cut-work cloth and appointments were silver and crystal. Silver and white were the colors used on the centerpiece of white crystal chandeliers.

Background music was furnished by Mavis Montgomery at the piano and Mrs. Dick Mitchell at the organ.

Approximately 80 guests attended.

Skin Care Is Topic At Mu Zeta Meeting

"The Care of the Skin" was the topic at the meeting of Mu Zeta chapter, Beta Sigma Phi, in the home of Mrs. Vonnell Monahan, 800 E. 15th.

Mrs. Odessa Wells, was the guest speaker. It was announced that the chapter would be in charge of screening entries in the "Hey, Ho, Mae, What Time You Got?" poster contest for children.

A Halloween theme was used in decorations. The table was centered with a miniature corn shock and jack-o-lanterns completed the decorations.

Teachers' Society Has Convention

A group of teachers from Midland and Odessa represented Beta Kappa chapter of Delta Kappa Gamma honorary teachers society at the convention in Sweetwater Saturday.

The theme of the convention was "A Task With a Vision." Phyllis Ellis, state executive secretary from Fort Worth was to have been principal speaker on the subject, "International Relations."

HI--TALK

By Libby Jones

Saturday, about 28 Hi-Y and Tri-Hi-Y delegates attended a pre-legislative meeting in Lubbock. The convention is a preparatory meeting for the Youth and Government conference which is held in Austin in December. Those who attended the convention were Janice Anderson, Anne Gray, Anna Mae Thorp, Patsy Clements, Carolyn Whitefield, Libby Jones, Carolyn Miller, Lila Turner, Peggy Hogan, Janice Nalley, Jane Watson, Tommie Jo Williamson, Robert Angel, Ray Shaw, Lefty Reynolds, Glenn Rogers, Ginger Hatch, Richard Hughes, Jane Reynolds, Kim Milling, Roger Brown, Nancy Pitman, Glenna Coffee, Nancy Smith, Wade Simpson, David Read, and Rodney Sheppard.

The F. F. A. boys of Jr. High and Sr. High School chose Sue Barnes as their club sweetheart.

Monday, Mr. Worley, High school principal, and Supt. Blankenship attended an evaluation program of the Snyder High School. They said it was a beautiful plant valued at about two and a half million dollars. All the classes are busy making plans for their booths or campaigning for their Halloween queen nominees. Everyone is sure and attend the Halloween Carnival at 7:00 Monday night and at 9:30, the dance in the high school gymnasium where the queen will be crowned.

A pep rally was held Friday morning at 8:45. Pep talks were given by Supt. Blankenship, Coach Bonner, Buddy Cosby, Paschal Odom and Tommy McAdams.

The students of BSHS were treated with a magician assembly Monday morning. A couple of high school boys, namely Bob Jones and Tiny Ellison, proved to be very good assistants.

The first six weeks' honor roll students have been announced. Those making A's in all their subjects were Janice Anderson, Ruth Abat, Joyce Anderson, Audrey Arnold, Dorothy Arnold, Peggy Bradford, Ellouise Carroll, China Carroll, Nancy Conway, Joe Dawes, Beverly Edwards, Barbara Elmore, Margaret Fryar, Nina Fryar, Barbara Gay, Patsy Grand, Virginia Hatch, Mary Ellen Hayes, Mary Ivey, Leroy LeFevre, Alice Martin, Joyce Nix, Claudia Reed, Glenn Rogers, Charles Saunders, Barbara Smith, Donavin Smith, Mary Beth Stratton, John Westbrook and Tommie Joe Williamson.

Bobby Nobles Takes Course At Lowry AFB

A-3C Bobby J. Nobles, son of Mr. and Mrs. S. R. Nobles, 405 Washington, has completed a course in electronics at Lowry Air Force Base in Denver, Colo.

He has been assigned to Lowry Air Force Base No. 1 for a second course which he will complete in March.

Tech. Sgt. and Mrs. Kenneth Phillips have as their guests for two weeks Mrs. Phillips' parents, Mr. and Mrs. Andrew Anderson of Marne, Mich.

Mrs. Charles Jones Honored At Shower

Mrs. Charles Jones was honored at a pink and blue shower Thursday night in the home of Mrs. A. C. Mize.

Mrs. Edna Malone, Mrs. Jane Baker, Mrs. Peggy Crittenden and Mrs. Patsy Curry were co-hostesses.

The table was centered with a big baby shoe made of lace with pink ribbon. Favors were miniature baby shoes.

Wesleyan Guild

A group of Wesleyan Service Guild members from Big Spring will attend the district meeting and get-acquainted tea in Colorado City today from 2 to 3 p.m. at the First Methodist Church there.

MR. AND MRS. T. A. STEPP
... Back In Texas After 2 1/2 Years In The Canal Zone

From Panama Here Is 'From Rust To Dust'

From heating closets to prevent mildew mould and rust to sweeping and mopping dust characterizes the move made by the T. A. Stepps, 1501 A Lexington, when they came here two weeks ago from Panama, Canal Zone.

He has been assigned here as supervisory electronics maintenance technician for the CAA. To laymen that means he is responsible for six navigation aids in the Big Spring area.

Having spent 2 1/2 years in Panama the Stepps have collected some handsome pieces of oriental furniture and relics that were imported to Panama. Among them is a hand-carved teakwood cabinet inlaid with soapstone and jade stone figures.

Mrs. Stepp has furnished an attractive bedroom with two ornate hand-carved cherry chests, a low circular cherry coffee table and a nest of matching tables. Twin beds placed at right angles and covered with Chinese red coverlets are perfect with these pieces.

Life in Panama was not too different from that in the U. S. according to the Stepps. They had all the modern conveniences and almost

THE FAITH OF A CHILD

Are you one of the millions who think wistfully of the faith of a child and wish they could believe so implicitly?

And are you also one of those who have assumed that it's impossible to go back to religion, once one has drifted away?

Wait! What accounts for the faith of a child? A child wants to believe! That's the first step. The first step for YOU too...

And a child is taught to believe! That's the next step. Start attending Church next Sunday...

And a child practices believing. That's the final step, and it begins the continuing adventure of faith. It is that final step that looks so hard. But how easily and naturally it comes... after we have taken the first two!

THE CHURCH FOR ALL... ALL FOR THE CHURCH

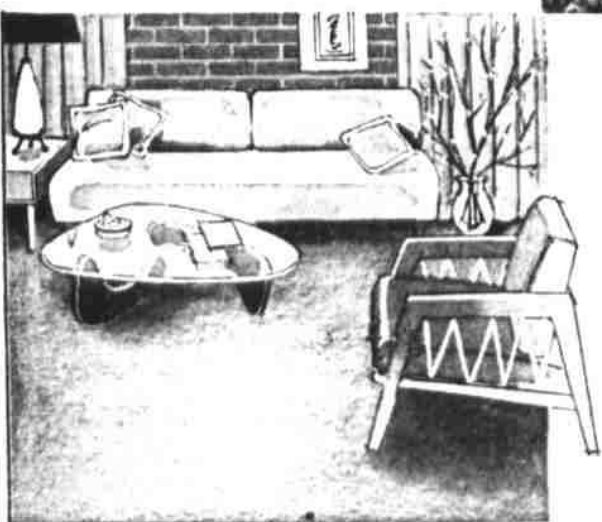

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are (1) For his own sake (2) For his children's sake (3) For the sake of his community and nation (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

Day	Book	Chapter	Verses
Sunday	Joshua	24	14-18
Monday	Psalm	119	1-10
Tuesday	Isaiah	11	1-9
Wednesday	Matthew	18	1-14
Thursday	Luke	17	1-11

CAMPUS CHATTER

By Cecil Niblett

The Lass-O's met Monday in the Science lab to discuss committee reports for the Mother-Daughter Tea.

The Rodeo Club had a hayride Monday night at Moss Creek Lake. Some of the kids there were Mary Ann Moore, Melvin Byers, Robert Ragan, Lynelle Engle, Billy Sheppard, Narrel Dene Choate, Margie McDougle, Becky Sewell, Bobbie Jamison, Monte Faxton and Charlie Howle.

An assembly was held Tuesday morning during activity period. Featured were Mr. and Mrs. Young and Clancy. Mr. Young performed several tricks which proved to us that the hand was quicker than the eye. He made ink spots disappear from a handkerchief and pulled golf balls from the air. He was assisted by Charlie Howle and Bill Sheppard in performing several card tricks. Later in the program he featured a dummy named Clancy O'Toole and did a ventriloquist act.

Nominations for Halloween queen were received. Those nominated were Doris Jean Brown, Connie Crow and Narrel Dene Choate. The queen will be crowned Halloween night at the carnival.

The sophomore class held its second class meeting Tuesday morning. Carl Preston presided.

The second annual Halloween carnival will be held Saturday night at the HCJC campus. Several booths will be put up along the

grounds. The Lass-O's will be in charge of the concession stand in the Student Union building. The Athletic Club chose the basketball toss, which will be in the gym. The Agriculture Club will sponsor the football throw, the sophomore class the Duck Neck toss and the Rodeo Club the cake walk. A dance will be held in the Student Union building following the crowning of the Halloween queen.

Bruce Frazier spoke at the Park Hill School Tuesday morning on rocks and minerals.

The bacteriology class made a field trip Wednesday night to the Fisher Fowl Farm. They inoculated chickens against several diseases. After the group finished they were served coffee and doughnuts by Mrs. Fisher.

The Jayhawk Aggies have elected officers for the coming year. Elected to serve as president was El Von DeVaney; vice president and treasurer, Henry Hicks; secretary, Jackie Gilbert, and reporter, Don Anderson.

The group met Thursday morning to nominate a girl to be crowned sweetheart Nov. 21 on the Field Day program. Nominated for sweetheart were Myrna Talley, Cecil Niblett, Rosemary Lawson, Connie Crow, Bobbie Jamison, Peggy Knight, Dene Choate, Mary Ann Moore and Doris Jean Brown.

Best wishes to two of our exes, Jack Lee and Frances King, who are now engaged.

From 'Puss In Boots'

The wicked Ogre in the story of "Puss In Boots" drags the frightened peasant girl, Florette, to his magic castle. The story will be dramatized at the Municipal Auditorium Tuesday by actors of the Clara Tree Major Children's Theater. The AAUW is sponsoring the play. Proceeds will be used for scholarships to Howard County

Junior College and a cash award for a girl graduating from Big Spring High School. Season tickets are being sold at \$1.50, individual tickets for 75 cents by members of the AAUW and specified teachers in each school.

Q. Why is the letter "A" like a honeysuckle?

A. ...and here is the answer to your prescription problems. It's simple... easy. Just bring your Doctor's prescriptions to this fine pharmacy! Here, you get "Reliable Prescriptions" service. Skilled registered pharmacists give you prompt, precise compounding at uniformly fair prices. Headquarters, too, for sick-room supplies, baby needs, vitamins and sundries. Be sure to call on us often!

Work On Ritz Screen Begins; Matinee Showings Suspended

An extensive improvement program that will result in presentation of all latest "wide-screen" picture developments is being started by the Ritz Theatre this week. Because of the work, the Ritz is suspending matinee showings for a brief period, and will open its box office at 5:45 p.m. until further notice.

Gable, Gardner Star In 'Mogambo' At Ritz

"Mogambo," starring Clark Gable and Ava Gardner, is due this week at the Ritz theatre for a four-day run, Wednesday through Saturday. Filmed in Technicolor on a four-month safari in Africa, the film offers human passions against a colorful native background. Gable plays Vic Marswell, a professional hunter and safari guide. Miss Gardner plays a jaunty, slinky show girl, "Honey Bear" Kelly. Miss Gardner turns up in Gable's corner of the world when she comes to meet a maharajah. She heads for Gable's arms when she learns the Indian prince has stood her up. This idyl is interrupted, much to Miss Gardner's displeasure, with the decision of Linda Nordley, played by Grace Kelly, to accompany her husband on a safari led by Gable. Linda soon heads after Gable and the two women eye each other with jaundiced eyes. Academy Award winning John Ford is the director of the film, which was made through 10,000 miles of British East Africa and French Equatorial Africa. One of the climaxes of the film is a giant gorilla hunt with native pygmies armed with spears and nets.

Installation of the screen means extensive changes in the stage and proscenium at the Ritz building. Along with screen erection goes installation of new stereophonic sound equipment, so that the newest aural developments will go hand in hand with the visual aspect of the new movies. New projection machines, of course, are a part of the program. The Ritz also is installing refrigerated air-conditioning for the entire building. The extensive work is expected to take several weeks.

'All American,' Pigskin Film, Stars Curtis

"The All American," the Ritz movie scheduled for Sunday and Monday, has an appropriate subject for this season, football. Starring in this pigskin epic are Tony Curtis and Lori Nelson. Curtis has the part of Nick Bonelli, star quarterback at Mid-State University, who quits big-time college football when his parents are killed in a bus accident en route to see the game in which he clinches his All-American title. He gets a scholarship in architecture at small Sheridan College and, at first, refuses to play football. His motives are misunderstood by all but Miss Nelson, who plays the dean's secretary. She persuades him that the only way to happiness for him will be to go out for football the Sheridan way. The Sheridan way under Coach Jumbo Campbell, played by Horner Hickman, who was until recently the coach at Yale University, is to play first for the sport and only second for the win. Bonelli is resented by the man he replaces as star of the team, Howard Carter, played by Richard Long. The situation gets worse when Carter thinks Bonelli is spending too much time with his girl. The two get into a fight and Nick is expelled just before the big mid-season game with Mid-State. In the nick of time everything is cleared up and Nick gets to play, leading Sheridan to an upset win. The film is an Universal-International release.

Murdered

Jean Peters, on the right, plays the title role in "Vicki," which means she's a murder victim. However, Jeanne Crain, on the left, who plays her sister, is luckier. The film shows Tuesday only at the Ritz.

In A Bad Way

With both the Indian and Audie Murphy not looking any too friendly at him, the officer above seems to be in a bad way. The scene is from "Column South," which shows tonight and Monday at the Jet Drive-In.

Drought, Benson Too Much, Says White

MINERAL WELLS (AP)—"Drought, insects and Benson" are just too much for Texas farmers, Agriculture Commissioner John White asserted Friday. White said if President Eisen-

hower wants to lift the morale of farmers and ranchers, he should request the resignation of Agriculture Secretary Ezra Benson. White spoke to the National Rural Electric Cooperative Assn. Federal and state governments own about 43 per cent of U. S. raw timber.

The Week's Playbill

Texas Employment Rises In September

AUSTIN (AP)—Texas jobs rose last month to 2,672,300 breaking a three-month static stretch, Texas Employment Commission Chairman Weldon Hart said yesterday. The figure was 5,100 more than August and 25,700 more than in September a year ago. Further rises are indicated for October and November, Hart said. Payrolls of 34,950 firms for January through March were totaled at \$1,222,605,730, up \$92,471,110 over last year.

HIGHLIGHTS ON KBST

Joseph Cotten To Star In An Unusual Story

"The Dusty Drawer," the unusual tale of a man who stole to commit a wrong and another who stole "to commit a right," will be presented on Radio Playhouse next presentation will be on KBST at 8 p.m.

Joseph Cotten, producer and host on the series, will star as the mild botany instructor goaded to ingenious vengeance, with Margaret Phillips featured as his wife. Others in the cast will be Edward Blinn, Edgar Stehl and George Petrie.

TOWN MEETING

"Atomic Defense: How Much and Where?" will be the topic on this week's Town Meeting of the Air. The ABC presentation is aired locally on KBST Tuesday evening at 8 o'clock. Arthur S. Flemming, director of the Office of Defense Mobilization, and Dr. James R. Killian Jr., president of the Massachusetts Institute of Technology, will participate in the forum, which will be moderated by James F. Murray Jr., New York attorney and lecturer.

'Vicki' Will Show Tuesday Only At Ritz

"Vicki," which will show at the Ritz Theatre on Tuesday only, is a murder mystery drama set in the sophisticated world of models, careerists and restless fashionables of the New York cafe society.

Jean Peters plays the title role, that of an ambitious waitress who is built in an alluring night club entertainer by super press agent Elliott Reid.

At the height of her spectacular career she is found murdered and the finger of suspicion is levelled at her sister, played by Jeanne Crain, and Reid.

Miss Peters reveals her ability as a singer, singing such songs "I Know Why" and "How Many Times Do I Have To Tell You." Reid is implicated in the crime by Miss Crain, who reveals that he and Vicki had had an argument when she had signed a film contract without his knowledge.

In the course of the investigation, she comes to believe that he is innocent and finally discovers herself to be in love with him. She has a shock when she realizes that the police lieutenant is the sinister-looking fellow who has shadowed her sister while she was still a waitress.

The film is a Twentieth Century-Fox release and was based on a novel by Steve Fisher.

'Champ For A Day' Prizefight Film, To Show At State

"Champ for a Day," Republic film which will be showing Wednesday and Thursday at the State Theatre, is a prizefight story, adapted from a story in the Saturday Evening Post.

The action takes place in a small mid-western city, overrun by racketeers. Alex Nicol, playing the fighter, arrives to fill a fight date and finds the manager he was supposed to meet has failed to show up.

In the absence of his manager, he is thrown in with the racketeering element and meets Audrey Totter, who oddly enough came to town to meet the same missing manager.

When it is learned that the manager has been murdered, Nicol sets out to find the murderer. In the meantime he falls in love with Miss Totter, despite his worries about her.

Charles Winninger and Hope Emerson provide comedy as the husband-and-wife owners of a motel and restaurant.

Home Handyman Makes More Space With Attic

By DAVID G. BAREUTHER
AP Real Estate Editor

People used to be considered slightly crazy if it was said they had bats in the belfry. Today lots of people are crazy to have bats in the attic—batts or blankets of insulation. The reason is these bats can add a lot of comfort to you and your budget.

The Mineral Wool Association recently called our attention to a survey showing that insulation ranks next to painting as the most popular project among home handy-men.

"Speaking of the Do It Yourself market," said the mineral wool man, "there's a new type of home suilder entering the field in increasing numbers. He's the home owner who hires a contractor to do the heavy work, while he does a lot of the finishing and fitting himself."

"What kind of work does the homeowner do?" Small Homes Guide, a highly regarded publication, made a survey to find out. Here's the surprising answer: "Some of the painting was done by 13.3 per cent—all of the painting by 61 per cent—total 74.3 per cent."

"Some of the insulation work was done by 10.7 per cent—all of it done by 53.4 per cent—total 64.1 per cent."

For your information or consultation, other total figures ran in this order: Flooring 59.3 per cent; Woodwork 58.2 per cent; Hardware 57.3 per cent; Framing 54 per cent; Wiring 51.1 per cent; Roofing 49.4 per cent; Masonry 49.2 per cent; Plumbing 43.8 per cent; Heating 38.4 per cent; Paper hanging 25.4 per cent.

Finishing extra rooms in attics has been one of the biggest factors in the Do-It-Yourself boom. The wartime baby boom, the number of small homes built with expansion attics, the natural growth of families, have made it necessary to enlarge houses.

A new booklet "How to Finish Off Your Attic" is now being distributed through lumber dealers and building supply houses by the Owens-Corning Fiberglas Corp. So many readers have written to this department asking if books have been written on this subject, that they will be glad to know that this booklet is available free.

Reducing the project to seven simple steps, the booklet is packed with practical advice for the amateur. Walter C. Skuce, manager of the residential building materials division of the company, says publication of the booklet was prompted "by the increasingly strong do-it-yourself trend that has boomed sales of paints, power tools and many other items."

"The Department of Commerce," Mr. Skuce says, "estimates more than 3½ billion dollars will be spent this year in residential maintenance and repair. This is about double the 1946 home improvement outlay and our company's market research division estimates the figure will approach 5 billion dollars in annual investment by 1960."

"It is to the fast-growing class of handyman householders that this booklet on attics is directed. While the booklet describes work a home owner may do himself, due recognition is also given to the advisability of enlisting services of skilled professionals for difficult phases of the project."

(If copies of "How to Finish Off Your Attic" are not available locally, write to the Owens-Corning Fiberglas Corp., Toledo 2, Ohio.)

Jobs Open For Women

By JANE EADS
WASHINGTON — Wanted: YOUNG woman to fill a job.

This is the call that comes from public and private industry today as the nation tries to meet a shortage of young women workers. The Labor Department's Women's Bureau says there is no overall shortage of women workers. The need is for women in such fields as teaching, nursing and other occupations essential to community and national welfare. Jobs that require several years' training.

These are the shortage occupations and in these, the bureau says, "the accent is on youth." For instance, for these jobs and nearly all those in the Armed Forces, the call is almost entirely for young women between 18 and 34, "without family responsibilities to tie them down."

"There simply are not enough young, mobile women to fill today's jobs and train for tomorrow's," the Women's Bureau says. A Bureau official explains the shortage of young women in the labor force is due to (1) the low birth rate of the '30s, and (2) the present high marriage and birth rates, which take additional large numbers out of the employment market.

"At best," says the Women's Bureau, "the labor reserve in the 18-to-34 age bracket is not more than 2,000,000."

Besides the nursing and teaching professions, there is a great need for social workers, laboratory technicians, hygienists, nutritionists and dieticians, and for office workers. The Bureau says suggestions for meeting the shortage include making social service occupations more attractive by improving salaries and working conditions, removing arbitrary upper-age requirements for employment, increasing training opportunities, restraining women not now working but with previous experience in the shortage occupations, offering part-time employment to qualified women unable to devote full time and increasing community facilities which would help relieve working women of housekeeping responsibilities.

LIL ABNER

BY AL CAPP

Our Story: "THE MESSAGE, MERLIN" PRINCE VALIANT CRIES, "FINISH THE MESSAGE!" BUT THE GREAT WIZARD GATHERS HIS CLOAK ABOUT HIM AND FOLLOWS NIMUE OUT INTO THE STORM, THE LAKE MAIDEN HAS CAST A SPELL UNDER WHICH HE IS HELPLESS.

VAL PACES UP AND DOWN, HOPING MERLIN WILL RETURN AND COMPLETE THE UNFINISHED PROPHECY: "DISASTER THREATENS KING ARTHUR IF STIRRUPS"

THEN HE DRAWS ON HIS CRIMSON CLOAK AND STEPS OUTSIDE. NIGHT HAS FALLEN AND THE GRASS IS BRITTLER WITH SLEET. DOZMARY POOL TOSSES SULLENLY BEFORE THE MOANING WIND. NEARBY IS A GLIMMERING LIGHT.

HIS TWO MEN-AT-ARMS HAVE SET UP THE TENT AND ARE PREPARING THE EVENING MEAL. VAL ENTERS...THERE IS NOTHING TO DO NOW BUT AWAIT MERLIN'S RETURN.

DAWN COMES, CLEAR AND COLD. MERLIN'S PAVILION HAS VANISHED! THERE ARE NOT EVEN FOOTPRINTS IN THE FRESHLY FALLEN SNOW!

NOW THEY MUST HASTEN TO ARTHUR WITH THE FRAGMENT OF A MESSAGE, AND GLADLY THEY LEAVE THIS WEIRD, ENCHANTED PLACE WHERE LEGEND TELLS, LIVE THE LADY OF THE LAKE AND HER WATER MAIDENS.

THEY PUSH FORWARD TO THE LIMIT OF THEIR HORSES' STRENGTH UNTIL BUT A DAYS RIDE FROM CAMELOT, THEN THE WAY IS BLOCKED BY THE MOST FEARED THING IN ALL BRITAIN, A TROOP OF SAXON HORSEMEN

NEXT WEEK - The Message.

RUSTY RILEY

BOSS, THIS IS A SERIOUS BUSINESS ABOUT RUSTY... THAT SNOOTY MRS. J. FUNGTON CASTLE IS PUTTIN' PESSURE ON THE POLICE TO THROW THE BOY IN THE POKEY!

SHE NEVER COULD BELIEVE A BOY FROM AN ORPHANAGE COULD BE ANY GOOD... BUT THIS CHARGE IS RIDICULOUS!

SURE IT'S RIDICULOUS, BOSS, TO YOU AN' ME, BUT THE POLICE HAVE BUILT UP A CASE THAT MAY BE STRONG ENOUGH TO HOLD HIM FOR JUVENILE COURT!

BUT, TEX, GRANTING THAT THE CIRCUMSTANTIAL EVIDENCE IS AGAINST RUSTY, WHAT MOTIVE COULD SUCH A BOY POSSIBLY HAVE TO STEAL A PEARL NECKLACE?

WE'VE GOT A BAD BREAK THERE... THAT ORNERY UNCLE RUFUS OF RUSTY'S WAS PAROLED TWO WEEKS AGO, AN' THE POLICE FIGURE HE PUT RUSTY UP TO IT!

WELL, BELIEVE ME, I'M NOT GOING TO SIT BACK AND LET THAT BOY BE PUNISHED FOR SOMETHING I KNOW HE COULDN'T DO... I'LL GET HIM THE BEST LAWYER IN KENTUCKY.

THAT'S A FIRST-RATE IDEA, BOSS, BUT I GOT A FEW IDEAS, MYSELF. YOU GET HIS HEARING POSTPONED A WEEK, AND GIVE ME A FEW DAYS OFF AND I THINK WE CAN GET AT THE TRUTH OF THIS!

RUSTY, WITH MR. MILES'S PERMISSION, I'VE APPOINTED MYSELF A KIND OF A DEPUTY DEFENSE ATTORNEY... NOW I WANT YOU TO THINK HARD AN' TRY TO REMEMBER THE NAME OF THE MAN WITH THE TRAILER THAT YOU HELPED OUT OF THE MUDHOLE.

JEEPERGS, TEX... I DIDN'T SLEEP ALL NIGHT TRYIN' TO REMEMBER... BUT I JUST NEVER NOTICED... BUT HE WAS GOING TO JOIN A CARNIVAL.

WAIT A MINUTE! CARNIVAL! WHERE'S YOUR OLD FRIEND 'STOVEPIPE'? DO YOU HAVE HIS ADDRESS?

HE GAVE ME THE ADDRESS OF HIS AGENT... HE SAID I COULD ALWAYS REACH HIM THAT WAY... I'LL GET IT!

I DON'T KNOW HIS REAL NAME, MISTER... THEY CALL HIM "DOC STOVEPIPE" HE RUNS A "RAMAPO SNAKE-OIL" PITCH!

SURE, SURE!... I HANDLE THE DOC... HE'S WORKIN' "HANDLEBAR" HARBESON'S CIRCUS IN SMITHBURG THIS WEEK.

HEY, DOC, LEXINGTON, KENTUCKY'S TRYIN' TO GET YOU ON LONG DISTANCE... CALL OPERATOR NO. 4 FROM THE OFFICE WAGON!

LEXINGTON? EGAD! THE HOME TOWN OF MY FORMER JUVENILE COMPANION, RUSTY RILEY!... I WONDER IF THE LAD'S IN TROUBLE.

THAT'S TH' SPIRIT BOYS— OUR FIRST GAME IS JUST ONE WEEK AWAY, AND I'M COUNTING ON YOU TO FILL OUR LINE FROM TACKLE TO TACKLE!

MEANWHILE AT SMASHOVER U. ...

SOME SQUAD, COACH! NO WONDER TH' EXPERTS HAVE RATED YOUR TEAM TH' STRONGEST IN TH' EAST!

BUT WE GOT A TOUGH SCHEDULE... ONLY OUR OPENING GAME WITH LITTLE COTTON PICKER'S COLLEGE CAN BE TERMED A BREATHER!

ONE WEEK LATER IN THE OZARKS...

SO YUH AIN'T HEARD A WORD FROM YO' FIVE BROTHURS SINCE THEY WENT OFF T' COLLEGE, DINAH?

NOPE, SAL... BUT NO NEWS IS GOOD NEWS...

'CAUSE THEY AIN'T LIKELY T' WRITE LESS'N THEY NEED ME T' BAIL 'EM OUT O' TROUBLE!

WELL, LE'S FERGIT THEM NO-GOOD SCOUNDRELS AN' GO INSIDE AN' LISTEN TO TH' RADIO FER A SPELL!

— AND HERE'S A SPORTS BULLETIN... LITTLE COTTON PICKER'S COLLEGE SCORED THE UPSET OF THE CENTURY TODAY BY TRUNCING SMASHOVER U. 55-61...

... AND EIGHT SMASHOVER REGULARS WERE SIDELINED WITH INJURIES AS THE RUGGED LINE PLAY OF THE FIVE FATFIELD BOYS COMPLETELY SMOTHERED THEIR RUNNING ATTACK.

JUMPIN' JUNE BUGS!... NOW AH SOME HEARD EVUH-THING!

WRONG, DINAH! YOU AIN'T HEARD NOTHIN' YET!!

OUR BOARDING HOUSE

With Major Hoople

TARZAN

By Edgar Rice Burroughs

NOW THE APE-MAN ESCORTED TITUS BACK TO NABIR, THE WHITE SETTLEMENT THAT HAD BEEN INVADIED BY CATS.

TARZAN WISELY CONFINED FRANK TO HIS QUARTERS, WHERE THEY TALKED INTO THE NIGHT, PONDERING THE TRAGEDY...

WHEN SUDDENLY A SERIES OF FRANTIC SCREAMS WAKE THE COMMUNITY--TERROR HAD STRUCK AGAIN!

TARZAN SPRANG OUTSIDE TO INVESTIGATE--AND WAS NEARLY TRAMPLED BY STAMPEDING VILLAGERS!

TARZAN SAW THAT A LIGHTED BUILDING WAS THE SOURCE OF PANIC. INVESTIGATING, HE FOUND THE BLACK PANTHER A SNARLING, SAVAGE REALITY!

Casey Ruggles

A SAGA OF THE WEST

JIM YAGER! IT WAS YOU WHO HID THE GOLD IN THIS GRAVE--INSTEAD OF YOUR BROTHER RAFF'S BODY!

YOU'RE ALMOST RIGHT, RUGGLES! BUT I AIM TO FILL THAT HOLE--RIGHT NOW!

TOO BAD YOU CAN'T TELL FOLKS THAT YOU FOUND OUT I'M RAFF YAGER! I NEVER HAD A BROTH--ERR!

YOU-- I'LL KILL Y--

NOT WHILE THAT LYNCH MOB IS OUT TO HANG YOUR PARTNER, BEN, FOR A MURDER THAT DIDN'T HAPPEN!

THEY'LL HANG HIM--THEY DON'T KNOW I TRICKED BEN INTO THINKING THAT HE KILLED ME--

THEN GREW THAT BEARD AND CAME BACK--AS YOUR OWN BROTHER--TO TAKE OVER THE WHOLE CLAIM! IT WON'T WORK, RAFF!

ADVERTISEMENT

NOW, GET MOVING! WE HAVEN'T MUCH TIME TO GET BACK INTO TOWN--AND LET THAT MOB KNOW WHAT REALLY HAPPENED TO RAFF YAGER!

YOU'RE GOIN' TO SWINE, BEN! THERE'S NO PLACE IN THIS TOWN FER KILLERS.

RIGHT! WE GOT TH' SHERIFF AND TH' OTHERS LOCKED IN TH' JAIL! LET'S GO, BOYS!

WAIT--LOOK!

EVERY TIME ONE CALLS, I END UP BUYING A LOT OF STUFF I DON'T NEED...

...THAT LOOKS LIKE ANOTHER SALESMAN, AN' HE'S COMIN' RIGHT HERE!

GABBY, YOU'RE QUITE A TALKER, AN' IT GIVES ME AN IDEA...

GRACIOUS! WISH I COULD OUT-TALK THOSE DOOR-TO-DOOR SALESMEN!

LITTLE ANNIE RODNEY

By BRANDON WALSH and DARRELL MCCLURE

IN A WAY A BROKEN LEG IS A BLESSING - IT FORCES YOU TO SIT DOWN AND THINK- PUTTING A CAST ON A BROKEN LEG IS SOMEWHAT LIKE MAKING REPAIRS ON A STORM-DAMAGED HOUSE-

WHEN THE REPAIR JOB IS FINISHED, THE HOUSE WILL BE IN BETTER SHAPE THAN IT WAS BEFORE THE STORM. THAT'S THE WAY IT IS WITH A BROKEN LEG-

YOU HAVE TO REST... AND YOU GET A CHANCE TO THINK THINGS OUT... AND YOU END UP BETTER THAN YOU WERE BEFORE-

NEXT WEEK I'LL TAKE OFF THE CAST, MAKE A BONFIRE OF THE CRUTCH AND THE CANE, AND THEN I'LL SING GLORY, GLORY, HALLELUJAH!

GOLLY- WON'T IT BE SWELL! ME AN' ZERO WILL SING AN DANCE TOO-

JILL'S RUN AWAY!

SHE HAD A TERRIBLE COLD, OFFICER, AND... OH, SOMEONE'S AT THE DOOR...

WHY...WHO ARE YOU?

I'M THE MENTHOLATUM NURSE... I'VE BROUGHT JILL HOME!

COUGH! COUGH!

MOMMY SAID I COULDN'T BE IN THE SCHOOL PAGEANT FRIDAY BECAUSE OF THIS STUFFY OLD HEAD COLD... SO I RAN AWAY!

SEE HOW THIS "MENTHOLATUM MIST" HELPS CLEAR YOUR HEAD!

TO MAKE "MENTHOLATUM MIST" PUT MENTHOLATUM IN VAPORIZER, KETTLE OR PAIL. FOLLOW DIRECTIONS IN PACKAGE. BETWEEN "MIST" TREATMENTS USE MENTHOLATUM IN THE NOSE FOR CONSTANT MEDICATION.

I FEEL LOTS BETTER, MOMMY!

MAYBE YOU CAN BE IN THE PAGEANT AFTER ALL!

DON'T "BLOW AWAY" YOUR HEARINGS!

Hard nose-blowing can spread cold infection to the sensitive inner ear.

Mentholatum helps thin out thick mucus, lessens congestion and swelling. Soon you can breathe again...without that dangerous hard nose-blowing!

OUR JILL IS THE STAR OF THE PAGEANT!

THANKS TO MENTHOLATUM!

MENTHOLATUM IS MEDICATED WITH MENTHOL, CAMPHOR AND OTHER TIME-TESTED, SOOTHING INGREDIENTS!

AMERICA'S LARGEST-SELLING PRODUCT FOR THE RELIEF OF COLDS AND SKIN AILMENTS!

NOW MOMMY ALWAYS USES MENTHOLATUM WHEN ANY OF US CATCH COLD!

GOODNESS, NOSE!

HOW CAN I FACE BILL WITH THIS STUFFED-UP NOSE? I CAN HARDLY BREATHE!

THAT'S EASY...JUST PUT MENTHOLATUM UP EACH NOSTRIL AND BREATHE EASIER INSTANTLY!

IT BRINGS SOOTHING RELIEF TO DELICATE, SORE NASAL PASSAGES!

OH, BILL! I NEVER THOUGHT I COULD KEEP OUR DATE TONIGHT!
