Precinct conventions will be held at 4:00 p.m. on March 10. The meeting place will be at the Luther Green residence. Four precinct chairmen and the County chairman will be elected at this meeting. Other business will be conducted and resolutions can be made from the floor.

Lacey Parks was named Most Valuable Player, District 3-A All District Basketball, 1992. She was also named to the 1st team. Lacey is a Junior at Motley County High School and the daughter of Harold and Barbara Parks of Roaring Springs.

## Missing Church Records Fill A Gap

When the Motley County Museum recently acquired the Church Roll and Minute Book of the Matador Missionary Baptist, a missing link was forged in the history of the Matador First Baptist Church.

Because the local church will be celebrating its 100th anniversary in 1993, a chronicle of those hard early years is especially prized by church historians. Transcribed from the original and donated to the museum archives by Cecil C. Cammack of Tyler, the museum copy will also fill a gap in the early records of the struggling young county, beset by political turmoil, a "starve out" drought, and an unstable population.

When horse and buggies were the mode of transportation, the congregation of 1914, "one of the five largest churches in the huge Staked Plains Association," helped finance a girls' dorm at Wayland College, thereafter called Matador Hall. During this Golden Era, the church membership doubled.

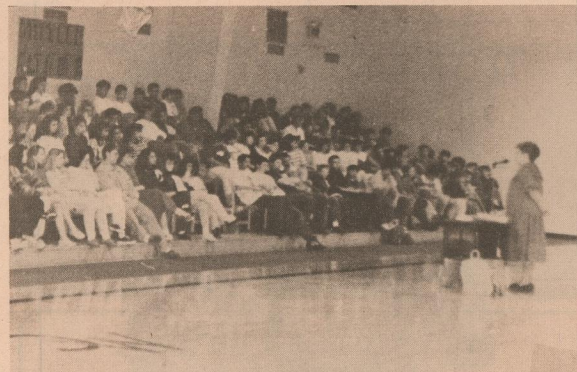

Supplementing this recent acquisition

and existing newspaper files are copies of the church's 1957 history, a 1978 85th anniversary program, and a 1987 pictorial family directory presented to the museum this week by the Reverend Cox.

These invaluable publications document the efforts of hard working group intent upon saving souls and improving their community.

Museum donations for the Memorial Name Plaque this week includes Jim and Ruth Van Dyke by L.E. Van Dyke of Amarillo. Van Dyke, who operates Red Van Dyke's Sour Dough Breads and his family lived in Motley County from 1923 to 1942.

All donations to the museum fund are appreciated and will be entered in the Memorial Book. Other ways to honor family members are the memorial name plaque from \$100 per family name or individual name, and \$50 per brand or the Centennial Branding Board. Contact Barbara Armstrong, Hazel Donovan, Glenn Woodruff or Marisue Potts.

M.A.D.D. PROGRAM PRESENTED—The Motley County PTO sponsored a M.A.D.D. (Mothers Against Drunk Driving) program to MC students Monday. Pictured here is Lou Young, a MADD representative, speaking about the tragedy in drunk driving, to very listening ears. Another MADD representative, Donna Snodgrass, also spoke. Both Mrs. Young and Mrs. Snodgrass are mothers who have lost children because of drunk drivers. They volunteer their time to the M.A.D.D. Organization, which was founded in 1980 by a mother who had a lost a child, and was MAD about the leniency of the court system to drunk drivers.

## Early Deadline For Next Week's Paper

We will have an early deadline for the March 12 issue of the Motley County Tribune. Please bring all news and ad copy into our office no later than noon Monday, March 9. If you would like to drop off your news on Friday, please put

it in our outside mailbox. Our office will be closed Tuesday - Friday, March 10-13. The paper will be out at its regular time.

We appreciate your cooperation. If you have any questions, please call us at 347-2400 or 347-2774.

## Local Youth Has Special Luck At Houston Rodeo Calf Scramble

It was a lucky day for Darryn Perryman as he chased, haltered, coaxed and maneuvered the "mystery calf" across the finish line during the calf scramble at the

February 22 night performance of the 1992 Houston Livestock Show and Rodeo.

Darryn, a 4-H member from Matador, Texas, was fortunate enough to catch the "mystery calf" from a small herd of 14 unruly calves matched against 28 anxious contestants.

The "mystery calf" is randomly selected during each rodeo performance by Show officials. By catching this special animal, Darryn wins three roundtrip tickets donated by Continental Airlines, good for travel to anywhere in the continental United States, Canada or Mexico.

In addition, Darryn also receives a \$1,000 calf purchase certificate donated by Midwest Metallic Steel Building Systems. This certificate will be used for the purchase of a registered beef or dairy heifer.

The scrambler is required to maintain monthly progress reports, monetary records and a scrapbook detailing the project which will culminate in 1993 when the heifer will be returned to the Houston Show for a special showing competition with other 1992 scramble winners.

Working along with Darryn on this project will be Rocky Vinson, county extension agent who will supervise all work with the animal.

Robert Norwood, chairman of the all-volunteer Calf Scramble Committee said, "The Houston Livestock Show and Rodeo calf scramble program offers a unique opportunity to young men and women

Darryn Perryman, right, was the Mystery Calf Winner in the Calf Scramble at the Houston Livestock Show, held recently. He is pictured here with Dan Mozesek, Chairman, Donor's Commissioner. Darryn is the son of Linda Perryman of Matador.

who choose to participate. Each contestant must demonstrate the tenacity to catch and halter a calf - plus the desire to dedicate the time and resources to raise a heifer for at least one full year."

"This year marks the 50th anniversary of the Houston calf scramble. To date,

this program has put more than \$2.9 million, or 12,144 animals, in the hands of the youth of Texas," he added.

The scramble is held during each of the 18 rodeo performances which includes

professional rodeo action, top-notch entertainers, indoor fireworks and much

more. The event is also the home of the world's largest livestock show. In addition, the Houston Rodeo is a charitable organization with all of the proceeds benefiting the youth of Texas in the form of scholarships and research grants.

Darryn is the son of Linda Perryman of Matador.

## The Story of an Organization and its Dream

by Darlene Fletcher

Early in 1991 a group of citizens in Roaring Springs and the surrounding area met to discuss plans for upcoming events in the community throughout the year, such as Roaring Springs School Homecoming, Motley County Centennial, and Motley-Dickens Old Settler's Reunion.

The meeting led to raising funds for the events, cleaning and sprucing up for the town for the events and plans for some just-for-fun events to be held during the year. Eventually some 64 persons put in over 2,000 hours of volunteer work.

As 1991 drew to a close the group had grown in number and enthusiasm. Every goal had been realized; the town, both cemeteries, and the parks were all clean and pretty as planned; everybody had worked very hard, some fun had been had, and there was even some money left over.

However, during the course of the year, it became evident that there was a need in the community for a building in which groups such as this could hold fund raising events, hold meetings and have

fun. This appeared to be an impossible dream as there were no buildings or lots available.

Then the Motley County I.S.D. let bids on the former playground of Roaring Springs School. Some of the members of the group submitted a bid on this property and were awarded the city block for the amount bid.

Now, what had appeared to be impossible became a possibility, so the group made the decision to organize formally as a non-profit organization and apply for tax exempt status with the I.R.S. as a 501 (c) (3) organization. The name of the corporation is Roaring Springs Community Volunteers on its charter issued by the State of Texas on February 12, 1992.

The group is back to work again this year with fund raising events or community events planned for each month of 1992. One important community event is the ceremony on May 24, 1992 at the Mt. Zion Cemetery to dedicate the sign that the organization purchased and installed at this small (but not forgotten) cemetery.

Goals have been set regarding the improvement of the city block including

the possibility of writing a grant to acquire the needed community center. Plans are for this building to be available to all persons or organizations in the community stretching throughout Motley County and into Dickens County, for the purposes of fund raising events, community activities, family reunion, showers, weddings, funerals or any event promoting the welfare of the general public.

Anyone wishing to donate funds for the purpose of acquiring and operating this dream building may do so at P.O. Box 73, Roaring Springs, TX 79256. Anyone wishing more information on the project or with a suggestion of help may contact any one of the following officers and directors of the corporation: Mrs. Pauline Hand, President; Mrs. Lou Barrett, Vice President; Mrs. Venita Sedgwick, Treasurer; Mrs. Darlene Fletcher, Recording Secretary; Mr. and Mrs. Bill Peacock, Corresponding Secretary and Parliamentarian; Mrs. Pearl Patton, Director; Mrs. Billie Clifton, Director; Mrs. Margie Payne, Director; Ms. Lula Swim, Director; Mrs. Deborah Martin, Director; Mr. Gary Simpson, Director; and Mr. Don Dillard, Director.

## Lions Club Report

The Matador Lions Club saw real footage of tornadoes and slides of before and after tornadoes, presented by John Robinson, Weather Meteorologist of Channel 11 Lubbock, when they met Tuesday, March 5.

Mr. Robinson explained that normally tornado season was May and June, but because of the mild winter, our tornado season will begin in April.

Robinson also said that according to his studies, this will be a wet and mild weather year.

Boss Lion, Rocky Vinson, reported that the Dr. Kit show netted \$143.00. Meeting adjourned.

### MARCH IS NUTRITION MONTH EAT RIGHT, AMERICA, AND DEFEND YOUR HEALTH!!

The best way to stay healthy is to eat right. Eating right means choosing from a wide variety of foods: meats, milk and dairy products, fruits, vegetables, grains and cereals. However, eating right doesn't only involve the foods you select. Proper preparation of the foods you bring into your kitchen is also an important part of eating right. Become a leaner cook by following these simple guidelines:

- \* Fry less often
- \* Roast, bake, grill, braise, or broil meat, poultry, and fish.
- \* Use marinades and herbs instead of high fat sauces and gravies to flavor meat, fish and poultry.
- \* Season cooked vegetables with herbs, lemon, or stock.
- \* Baste meats and poultry with stock or broth and a minimum amount of butter or margarine.
- \* Stir-fry often. Use a non-stick wok or saute pan and only a small amount of oil.
- \* Use non-stick pans and an aerosol oil spray when sauteing.
- \* Rely on the microwave to reheat leftovers and cook fish, vegetables, and poultry with a minimum of fat.
- \* Eat fresh fruit, sherbets, ices, fruit gelatins, angel food, or sponge cake for dessert.

Select a varied diet and prepare your foods the lean way, and you will be eating right.

#### DIETARY GUIDELINES FOR AMERICANS

What should Americans eat to stay healthy? These guidelines help answer that question. They are advice for healthy Americans ages 2 and over. They call for moderation - avoiding the extremes of eating too much or too little.

The first two guidelines form a frame-

work for diet. Other guidelines stress the need Americans have to change their diets to help prevent disease - diets lower in fat and saturated fat and higher in complex carbohydrates and fiber. Read on for more about each guideline.

**\* Eat a Variety of Foods** - You need more than forty different nutrients for good health. Eating a variety of foods is the best way to get all these nutrients. This is because no single type of food provides all the nutrients in the amounts needed. The nutrient content of the total diet over a day is what counts. To meet nutrient needs choose foods daily from each of the major groups in the Daily Food Guide for Americans.

**\* Maintain Healthy Weight** - If you are too fat or too thin, your chances of developing health problems are increased. Being overweight is linked to high blood pressure, heart disease, stroke, the most common type of diabetes and certain cancers.

What is healthy weight? While there is no exact formula for determining this, if your weight situation agrees with the following statements you are probably "a health weight."

1. My weight falls within the range for my height and age in the table.
2. My waist measure is smaller than my hip measure.
3. My doctor has not advised me to gain or lose weight due to a medical problem.

If you are not at a healthy weight, set reasonable goals and try for long-term success. A good plan includes both reducing the calories you consume and exercising to burn calories.

Educational programs conducted by the Texas Agricultural Extension Service are for people of all ages regardless of socio-economic level, race, color, sex, religion, handicap, or national origin.

**THOUGHT FOR THE DAY:** You are what you eat.

### Grandson Selected As Member Of Pi Mu Epsilon Math Honor Society

Edward Swim, son of J.R. and Stella Swim of Abilene and grandson of Mr. and Mrs. J.T. Swim of Roaring Springs and Zona Cammack of Matador has been selected as a member of the Pi Mu Epsilon Math Honor Society at Angelo State University. Edward is a 1991 graduate of Cooper High School. He obtained 28

semester hours of college credit through Advanced Placement and CLEP exams and, now in his 2nd semester at Angelo State, is classified as a Sophomore.

After his second semester at Angelo State, Edward will be a Junior. He also works part-time at Jewel-Osco Grocery in San Angelo as a Cashier.

### Kimberly Alexander Named to Dean's List

Kimberly Alexander of Roaring Springs has academically achieved place-

ment on the Wayland Baptist University Dean's Honor Roll, receiving a 3.52 GPA in the fall of 1991.

## Couple Exchanges Wedding Vows In Ranger Ceremony

Mr. and Mrs. Brian McNett

Heather Denise Edwards and Brian Leon McNett were united in marriage on Saturday, February 1, 1992 at the First Baptist Church of Ranger. Rev. Bill Owens officiated. Jerry and Pat Edwards of Ranger are parents of the bride. The bridegroom is the son of Eddie and Betty McNett of Andrews. Vella Hill of Stephenville is the grandmother of the bride. Grandparents of the groom are Lucy Wideman of Blackwell, Ok., and Marvin and Mary McNett of Andrews. Jenny Mabery of Tolar was the maid

of honor. Bridesmaids were Tonya Tortomasi of Las Vegas, NV., Sandi Murray of Lubbock and Becky McNett, sister of the groom, from Canyon.

Eddie McNett, father of the groom, of Andrews, was best man. Groomsmen were Jay Haggard of Lubbock, Kevin Lindsey of Oklahoma City, and Wade Elliott of Andrews.

Haley Skaggs, cousin of the bride of Austin, was flower girl. Ben Edwards, nephew of the bride of Eastland, was ring bearer.

Ushers were Steve Lund of Ranger, Brandon Mabery of Tolar, Randy Simms of Midland, and Chad Sledge of Ranger.

Wynelle Lang and Carol Hanes provided traditional wedding music. Soloists were Carol Hanes of Ranger and Don Laird of Caldwell.

The bride's gown of Candlelight Satin and Cut Lace was hand beaded with pearls and sequins. It featured a Victorian neckline set in a bosque bodice with long, fitted sleeves accented with Italian

lace, pearls, and sequins. A large bow and chapel length train accented the back of the dress.

The bride wore a shoulder length Veil flowing from a headpiece of sequin flower and dangling pearls. Her bouquet was made of red roses, calla lilies, and babies breath. Her attendants were attired in dresses of red velvet. The men of the wedding party wore black tuxedos with red cummerbunds and bow ties.

The ceremony was followed by a reception at the Church fellowship hall. Members of the houseparty were Stephanie Fox of San Angelo, LaDawn Snapp of Eastland, and Mendy Griffin of Ranger.

Brandy Henson, niece of the bride of Ranger, and Wendy Sharp, niece of the bride of Strawn, passed out wedding programs and birdseed.

The couple will make their home in Garland. The bride and groom plan to attend the Dallas Institute of Funeral Service.

## VOTE FOR JAMES "JIM" MEADOR MOTLEY COUNTY SHERIFF

Subject to Democratic Primary, Tuesday, March 10, 1992

Pol. Ad Paid For By James "Jim" Meador

The famous tower at Pisa, Italy began leaning after it was built, but recently it has been moving at an alarming rate.

Something must be done, but one in charge said, "The idea is to halt the Leaning Tower, not to straighten it."

Isn't that just like man! He wants to halt his leaning toward the dirtier sins, but he doesn't want the Savior to straighten him.

He doesn't want to be bad, real bad; and he doesn't want to be good, real good. He wants to be comfortable in his sins; not converted.

But a little sin may cause you a long sorrow.

Why don't you let the Savior straighten you and keep you straight?

How much better to get wisdom than gold, to choose understanding rather than silver! Proverbs 16:16

## PUT YOUR FAMILY IN ITS PLACE.

QUITE OFTEN OUR DAY TO DAY PRESSURES FORGE THEIR WAY INTO OUR LIVES DEVOURING NOT ONLY OUR TIME, BUT OUR STRENGTH, OUR LOVE AND UNDERSTANDING AMONG OUR FAMILY MEMBERS. BELONGING TO A COMMUNITY OF FAITH PROVIDES A SOLID SOURCE OF STRENGTH FOR OURSELVES AND THOSE WE LOVE. SOMETIMES IT REALLY HELPS TO BRING IT ALL INTO FOCUS IF YOU PUT YOUR FAMILY IN ITS PLACE.

RENEW YOUR HOPE...

## Amy's Anecdotes

### FRIENDSHIP

Friendship is something we all hold dear to our hearts. We all have friends. Best friends, true friends, boyfriends, girlfriends, or just friend friends. A friend is someone to trust and someone who will listen. We would be lonely without a friend.

There are people who may say they are our "friends" but they don't treat us with respect and dignity. They use us for only the things they want. The only way to have friends, is to be a friend. If we're friends with someone then they will become friends with us. They will develop a trust for us as we develop a trust for them.

Friends let us lean on them or cry on their shoulders when we need it. When the tables are turned, we offer them our shoulder's and heart.

A friend is a person with whom we dare to be ourselves. We can do anything we want to and the friend will still like us. We can tell our deepest, darkest secret to a close friend and they will still love us. A friend is one who comes to you when all others leave.

Don't ever betray a friend and they will never betray you. Friends are made by many acts - any only lost by one.

## El Progreso Club Meets For Russian Program

Thursday afternoon, Feb. 27, El Progreso Club met in the Motley County Library for a program about Russia through the eyes of Ted Kingery, Minister of the Church of Christ who has spent several tours there conducting Bible studies and informing that part of the world of Christianity.

The meeting was called to order by club president, Mrs. Joe (Loys) Campbell. Minutes were read and approved voting to send the customary amount for a gift to the outgoing District president, Mrs. Lorene Howard. It was also mentioned about changing the time of meeting to 3:00 p.m. instead of 3:30 as stated in the bylaws. The next meeting will be Mrs. Robert (Winifred) Darsey at the Library. Mrs. W.N. (Opal) Pipkin stated the club now has a tax-free number and a Series "F" savings bond purchased over 40 years ago will be cashed, this to be used for a scholarship for a high school senior.

Mrs. Campbell presented Mrs. Bob (Neil) Clem as leader for the day who in turn introduced Ted Kingery of Silverton who was raised at Roaring Springs and graduated from school there. Other than the trips to Russia he spent seven years preaching in Panama. He is a most enthusiastic speaker and inflamed the audience with his excitement. The world is a great place to be today, the good old days are here now! Revolution, Harmony and Wars are all possible but these are great days! He spoke and showed slides of his trips there.

The Soviet Union has 11 time zones with population similar to the U.S. with eleven to fourteen million in Moscow. That country has the best of underground transportation and it also has some of the worst of things in general. Russians, like us, are a mixture, of cultures, and nationalities and have more in common with us

than any other nation. While there he felt very safe and welcome and was treated graciously, stating the people are most giving and unselfish. Some time was spent in Nova Siberisk (New Siberia) where a slide showed Mr. Kingery in a fur cap, heavy overcoat and gloves, garments that are a necessity because of the extreme cold. The wind is also a large factor in the heavy apparel with wind-chill extremely low. Several slides showed an area from a 7th floor hotel window with snow, how the children skated on the hard-pack and how children were "toted" by their mothers on a small sled instead of carrying them as it was so dangerous on the slick ice. A small store near the hotel seen in the slides where bread, milk, cheese, cabbage and beets were sold if they had them. Lines formed everywhere for everything and merchandise was purchased if you needed it or not for it could be used to trade for something needed.

In one picture were three people who Mr. Kingery came in contact with, all Christian, but the older man lost his job because he did become one. Mr. Kingery averaged 12 hours teaching per day. Places to stay are very difficult with one family "farming out" one of their daughters so he could sleep in her bed.

The young people do not know what they are going to do when they finish their education. Many of those attending the Bible classes were young and eager to learn Bible and English.

One evening while in a private home the father played the accordion but all the songs were sad. When he and his wife sang a love song it was more uplifting and they were happier. Their daughter also had a lovely voice with which she entertained them.

In Moscow to get to the building where the Bible study was to be held, Mr. Kingery and the translator walked, rode the under-

ground, took escalators and other means of transportation only to find the lined up pupils locked out. Being so eager to study the Word, someone knew of a hotel not far away, they trudged over to it, secured the room needed and some of the discouragement left them for they were warm, safe and together. Why, they ask do they keep meeting? Looking out the picture window of the hotel room they could see the lights of the city and knew that was the reason.

In several slides Mr. Kingery showed a typical "flat" where a family of three lived, father, mother and son. The room was 12 x 18 feet and the family shared a bath and kitchen with two other families each in their 12 x 18 foot room. They do not have a bed but a couch, the walls were lined with bookshelves and a partition to the son's room with all the privacy they had. The boy, fourteen years of age, slept on a single couch-type affair, all he had ever known. A chiffrone was all they had to hold clothes.

A collective farm was visited with light poles and no wires, water fountains but no water, the houses neat and many flowers to bring bright areas to the people and countryside. Flowers are very important to them. They are great people and if they can make this new era work it will be the greatest economic marvel of all times. Doctors are the lowest salaried of all professions. When the Communists took over the first killed were the teachers, then doctors and finally lawyers for they did not want anyone with superior intellect in the country to overthrow the rulers. Their future is so uncertain; they are paid once a

week but now they are 2 1/2 weeks behind for there are no rubles in the bank. To purchase anything in the soviet you need three ration books, money and the article to be there. You can purchase 10 eggs per month, you can buy cigarettes and vodka. If the latter two items are not used they are used to barter for something of a more important nature, medicine, a ride to some place important, etc. When Mr. Kingery was ready to leave with bus transportation, nearly prohibitive because of the extreme crowds, his ride to the airport was paid for by a bottle of vodka, unknown by him at the time. You buy the article even if you don't use the item for there is always something to use it for. Mr. Kingery stressed over and over again how they are just like we are and from all accounts in his most informative and interesting talk, they are just like we are. The young people could fit right in with any of our high school students and the older professionals could come right into the doctor's offices, laboratories or courtrooms and begin serving - there is nothing to show the difference.

Mrs. Clem brought the thought for the day and thanked Mr. Kingery and Mrs. Liza Kingery, his mother for coming and also Mike Crowley, Minister of the Matador Church of Christ as guests. Members other than those mentioned were Sue Seigler, Beverly Vinson, Bailey Elliott and Lila Meador. Loys Campbell had prepared delicious pound cake and hot spiced punch for refreshments which was enjoyed by all to climax one of the best programs on the club year.

## Billy Lefevre To Appear In Clarendon Theater

THROCKMORTON, TEXAS — Cast members, Nickie Maxwell of Edgewood, N.M. and Billy Lefevre of Roaring Springs. Billy is the son of Bruce and Dorothy Lefevre of Roaring Springs.

The Theatre Department of Clarendon College is proud to present its Spring Theatre production on March 7, 8, and 9. "Throckmorton, TX 76083" is a wonderfully funny and warmhearted adult comedy about the local characters of a small Texas town. The first play *The Whiz Bang Cafe*, is set at a truck stop in Throckmorton, TX. The cast consists of: Mykala Hall (Shamrock, TX), Shawn Jeter (Artesia, NM), Billy Lefevre (Roaring Springs, TX), Connie Sims (Childress, TX), and Nickie Maxwell (Edgewood, NM).

A run down Hotel is the setting for the second adult play called *The E.Z. Snooze Hotel*.

"Throckmorton, TX 76083", was written by Barry Corbin and will be directed by Leslie Schnauffer, Chairman of

the Fine Arts Center of Clarendon College. This is an adult comedy farce that western people can relate to. Everyone in this area can relate to living in or close to a small cow-town, and dealing with the local colorful residents.

This will be a new type of theatre for Clarendon College. The Saturday Night 7:00 performance and Sunday afternoon 2:00 performance will be in the new Bairfield Activity Center. Between the acts, dessert will be served to the audience members. Tickets for the Dessert Theatre will be \$5.00. Call early for reservations at (806) 874-3571, Fine Arts Center. Limited seating for Saturday and Sunday performances.

On Monday, March 9, at 7:00 the production will be presented in the Har- ned Sisters Fine Arts Center. Tickets can be purchased at the door for \$3.00.

## Local Children Compete In Tumbling Meet

Sabrina Osborn and John Wesley Stevens of Matador competed in a Division I Southwest Trampoline and Tumbling Association meet held at Floydada Jr. High Gym, Saturday, February 29, 1992.

John Wesley, competing in his first meet, tied for 1st on Trampoline and placed 3rd in tumbling in the 3-4 year old

division. Sabrina, competing in an older age group of 5 & 6 years olds, captured 5th in trampoline and 8th in tumbling.

Sabrina is the 5 year old daughter of Billy and Brenda Osborn. John Wesley is the 4 year old son of Steve and Bettye Stevens.

## Professional Rose-Growing Is Viewed In Club Program

How to raise roses professionally was the theme of Matador Garden Club's program February 17, at the Motley County Library, with Mrs. Robert Darsey as leader of the program and Mrs. Edgar Lee as hostess.

Mrs. W.N. Pipkin, president, called the meeting to order for a business session, including reading of minutes by the secretary, Mrs. Douglas Meador, and committee reports. Plans for an Arbor Day planting were discussed, with a date pending, with suitable weather conditions.

In her introduction to the program, a VCR tape titled "For the Love of Roses," Mrs. Darsey declared that the "Rose is the most beautiful of all flowers, and is probably the most popular of all garden flowers. Roses can be grown in every part of the country and are adapted to may decorative purposes."

She pointed out that roses are separated into two main classes - bush roses and climbing roses - by their habits of growth, and described the two classifications, according to varieties of Hybrid

Teas, Floribundas, Grandifloras, Polyanthas, Hybrid Perpetuals, Shrub Roses and Old-Fashioned Roses, and the many varieties of miniature and climbing roses.

The video chronicled "A Year in the Life of a Rosarian" starring Stephen Scanniello with host Elvin McDonald, with Scanniello demonstrating professional gardening from Brooklyn Botanic Garden, Brooklyn, New York, and narration by McDonald. The tape gave professional instructions on how to grow roses in gardens and in containers, season by season, in every part of the country. What to do and exactly how was plainly demonstrated and explained by rosarian Scanniello, a foremost authority on rose care.

"Roses are as much a part of what the rosarian carries to the compost pile as what we stoop to smell. Dust to dust, the rosarian is sustained and comforted, ever reminded that in the dead of winter is

born the other side of life," said Elvin McDonald, writer, director and host of the video.

The VCR tape was donated by Elaine Shields for Petal Pushers Garden Club of Lubbock to Texas Garden Clubs, Inc., of Fort Worth.

Refreshments were served by Mrs. Lee at the conclusion of the program, and featured a "President's Day" motif with Angel Food cake centered with raspberry and whipped cream filling, sausage rolls, candy logs decorated with miniature hatchets, coffee and punch. Members present were Mrs. George Seigler, Mrs. Ed Lawrence, Mrs. Ted Elliott, Mrs. Alvin Stearns, Mrs. W.D. Lipscomb, in addition to Mmes. Pipkin, Darsey, Lee and Meador.

## Arts & Crafts Club Members Learn Cake Decorating

Motley County Arts & Crafts associates met at the Matador Senior Citizen's Building for its regular meeting Monday, March 2 at 1:30 p.m.

Mrs. Beth Turner demonstrated to the club, the lovely art of cake decorating. Most members of the club are veterans of many cakes, from the humble one-egg cake to the elegant chiffons, but this was something new for most. Roses were demonstrated and made by the members from a confection of powdered sugar and other ingredients. Mrs. Turner decorated a beautiful white cake with white frosting, yellow roses, green vines, shell edgings. It was beautiful to behold. The cake was perfect but a few roses were lopsided.

Club President, Betty Simpson, called for a business meeting. Plans were made for a tentative art class, soon, also a day at the Arts Festival in Lubbock, later this month, was discussed.

Joy Archer displayed the picture with its new frame, the club is selling chances on.

Window Peepers are encouraged to

peep at our new picture and other items still on sale at the Matador Auto Company.

The club enjoyed the presence of a young visitor, Miss JoRhea Lawrence, granddaughter of Ed and Rhea Lawrence, visiting them from Arlington, Texas.

Hostesses for the day were Pearl Rattan, and Pauline Hand, who served finger sandwiches, cheese cookies, and our white cake, with yellow roses for dessert. Not only pretty to see, but delicious to eat.

The club thanks Mrs. Turner, for a great program.

Members present were Bonnie Edmondson, Geraldine Key, Elsie Thacker, Dora Watson, Lorene Lancaster, Una Simpson, Betty Simpson, Opal Pipkin, Verdie Neighbors, Dorothy Day, Winifred Lee, Sue Seigler, Rhea Lawrence, Pearl Rattan, Joy Archer, Winifred Darsey.

P.S. The lopsided roses were made by a few of the members, Mrs. Turner is a professional and perfectionist.

## LAKE BAYLOR Big Bass Results

Congratulations to KEITH FROST of Plainview for his victory over thirty-five of the most dedicated big bass anglers in this part of Texas during February's Lake Baylor Big Bass Tournament. "Crankbait" Keith fished deeper than the other anglers and found schools of small male bass with an occasional quality big female. He caught twenty-five bass and eventually won with a healthy 5.95 pounder. Total winnings for his day-at-the-lake were almost \$1,000.00.

Second place and \$250 went to KEITH TAYLOR of Pampa who is making a habit of finishing second at this kind of tournament. Keith also found some deep water bass that would hit a crawdad colored crankbait. Third place and \$150 went to Lake Greenbelt expert JACKIE IVY Southwestern Public Service. The \$50.00 Luck of the draw was won by MIKE NAPLES, from the Amarillo post office.

The really big bass should be cruising the shallow water during March, and serious fishermen know that the biggest bass of the year are normally caught then. March is not the time for a wimpy rod and lightline. It's trophy time.

Next Lake Baylor Big Bass Tournament is scheduled for Saturday, March 14th. This fishing contest is open to the public. Early entry fee is \$50.00 if paid before March 9th, when the price increases to \$60.00. Polygraph will be given. Both Lake Baylor and Childress are OFF-LIMITS on Friday and either may be fished during the tournament.

For rules and entry forms call 806-353-3654, or stop by Anchor Marine, Billy's Boat Ramp, or Camper Roundup in Amarillo. Forms are also available from Roy Rapavi at the concession at Lake Baylor. The field is limited to the first 100 anglers and fishing hours will be from 10:00 a.m. until 5:00 p.m.

The next boat show is scheduled for the Sugarland Mall in HEREFORD on Friday and Saturday, March 6th and 7th. This show is free. Bring the kids. With interest rates at a ten-year low, Panhandle Pete predicts a banner year for local boat and RV dealers.

1992 is a strange year. The lack of cold winter weather means the normal winter kill of shad has not happened. A huge supply of these baitfish should provide extra food for the gamefish.

The Texas Parks and Wildlife Dept. is at a crossroads. Do they follow the lead of the free-loading radical environmentalists or do they listen to the hunters and anglers who are paying the bills? If you want better hunting and fishing in Texas, make your voice heard by writing them at 4200 Smith School Road, Austin, Texas 78744.

# Senior Citizens Report

by Nora Belle Dunning

Eight of us "88" players met at the Senior Citizens building Friday, February 21, at 2:00 p.m. We knew if Duke was still with us he'd want us to go ahead and play. No one loved playing 88 anymore than he did. We are really going to miss him but he's at peace with the good Lord and looking down on us saying "have a good game" and "enjoy your time together."

We need more of you to come join us every 2nd and 4th Tuesday for lunch and games and each Friday at 2:00 p.m. for 88, 42 and dominoes.

We are sorry Vena and Wyatt, about your loss, you know he's not suffering anymore.

On Tuesday, February 25, we had 28 people come to our regular luncheon. Due to so many being out with doctors

appointments and the virus going around, the crowd was small. Rev. Gaylon Cox gave the blessing for our noon meal. Due to the fact we were having open house for the Smallwood families and friends to meet, after the graveside services, for our good friend, Jessie Smallwood. We sure hated to give him up but at least he's not suffering anymore. Delores and family, you have our prayers of comfort.

We will look forward to the 2nd Tuesday of March for our regular luncheon, come join us. We are losing so many by death, and different ones having to go to homes to live, we need all the ones we can get to join us. I think you'd enjoy it if you ever got started. We need all of you. I love our little community. We only had 5 show up for games last Friday.

two. But, tension headaches often are a response to sudden disuse among heavy caffeine users.

According to the American Hospital Association, cutting back caffeine consumption over a period of one to two weeks will help you to avoid sudden withdrawal symptoms.

"It's not just coffee that is the culprit. Chocolate, tea, cold tablets, and most soft drinks contain caffeine. If you want to limit caffeine, you should know that between 50 and 200 milligrams a day causes no harm in most healthy adults, which is about two cups of coffee," Norman said.

To help limit your caffeine intake, Norman offers these tips:

- \* Switch to decaffeinated coffee. Try mixing both regular and decaffeinated together if you don't like the taste of decaffeinated alone.
- \* Brew your tea for one to three minutes instead of five, or try herbal tea.
- \* Switch from sodas to soda water, fruit juices or decaffeinated colas.
- \* Consider carob instead of chocolate.
- \* Always read labels carefully.

## CUTTING DOWN ON CAFFEINE

If you're feeling listless, irritable, nauseous, headachy, flushed and have a runny nose, it may not be the flu. If you are a heavy coffee or cola drinker and haven't had your usual amount, you may be suffering from caffeine withdrawal.

Cutting down on caffeine is an excellent idea, but going cold-turkey is a poor way to do it, according to Tracey Norman, outpatient dietician at Methodist Hospital. A headache and other symptoms related to slow withdrawal can occur 18 to 24 hours after your last dose of caffeine so you may not associate the

# FmHA Activities Farm Loans For Socially Disadvantaged

The Farmers Home Administration (FmHA) is preparing to activate a loan program designed to help members of socially disadvantaged groups, including minorities, acquire land for farming, Neal Sox Johnson, FmHA State Director, said.

Under the new program, FmHA will try to find persons in those categories who are interested in farming and can qualify for an FmHA farm ownership loan. The agency would also be prepared to sell or lease to them a farm held in its inventory if any are available in that county, Johnson said.

FmHA can also provide other loan and technical assistance, if needed, to help the borrower get started.

The new program was included in the agricultural credit act signed earlier this

year, Johnson said, and funds have been reserved for farm purchases based on the population of socially disadvantaged persons.

The population of such persons range from as low as 1 percent in some New England and Midwestern states to highs of 68 percent in Hawaii, 57 percent in New Mexico, and somewhat lower percentages in southeastern states. Population groups involved are Hispanics, Native Americans, Blacks, Asians and Pacific Islanders.

Persons who think they might be eligible and who are farming or who would like to become farmers are urged to contact the Farmers Home Administration county office serving their area, Johnson said.

High Plains producers received word Tuesday February 25 that a special 15-day crisis exemption for the fungicide Baytan had been issued by the Texas Department of Agriculture (TDA) allowing producers in West Texas to use the produce. The crisis exemption comes in response to Lubbock-based Plains Cotton Growers request to make Baytan available for the 1992 planting season. The PCG request is now being considered by the Environmental Protection Agency (EPA).

The exemption allows cotton producers in 36 West Texas counties to go ahead and treat planting seed with Baytan to help control the seedling disease black root rot. The TDA crisis exemption is effective for 15 days from the date it was initially granted. The crisis exemption will be extended on EPA approval of the request.

The PCG coordinated effort to collect the necessary information for the Baytan special exemption request, following guidelines in Section 18 of the Federal Insecticide, Fungicide and Rodenticide Act, began in November of 1991. PCG was able to pool the resources of scientists from the Texas Agricultural Experiment Station in Lubbock, producers from across the area, and commercial cottonseed handlers to submit the final exemption request to TDA the last week of January.

"The granting of the crisis exemption for Baytan will mean a great deal to producers in the 36 counties specified by TDA," states PCG Executive Vice President Donald Johnson. "TDA's declaration of a crisis exemption gives producers a new tool to combat the growing problem of black root rot across West Texas." In addition to the problem posed by black root rot High Plains producers are also taking a much closer look at aphids and what can be done to effectively combat them in the wake of 1991's unprecedented control problems.

In the past aphid control research has been conducted despite limited funding. After the 1991 aphid population exhibited its unusual resistance to currently available control methods aphid control research went from an often overlooked budget item to one of the most urgent.

Researchers from the Texas Agricultural Experiment Station, Texas Agricultural Extension Service and Texas A&M University have formed the Cotton Aphid Task Force to try and come up with practical cultural and management techniques that can help control the pest.

Dr. Jeff Slosser, Task Force Chairman, recently explained that the committee has been working hard to pull together

a list of preliminary management recommendations and strategies that can help control aphid populations in 1992. Announcement of these recommendations are expected as soon as March 6.

In August of 1991 High Plains producers and other residents actively took part in the Puncturevine Weevil Enhancement Program in an effort to curb the recent increase in the amount of puncturevine weeds found in the area.

Puncturevine, commonly called "goat-head", has been making comeback in recent years and it is suspected that a decline in puncturevine weevil populations have helped further the increase. Lubbock-based Plains Cotton Growers (PCG) is now ready to carry-out a second release program to rebuild populations of the beneficial weevil.

PCG officials are targeting a release date somewhere around the first of June. Individuals interested in ordering weevils for release can do so by contacting Roger Haldenby at PCG's Lubbock office, (806) 792-4904.

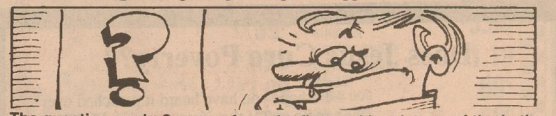

"Final ordering dates have not been set at this time," notes Haldenby, PCG Boll Weevil Control Program Coordinator. "We recommend that interested parties get their orders in as quickly as possible. We hope to release more than the 28,100 weevils we let go last August and give the puncturevine weevil population another significant boost."

Waste pesticides have become a serious problem for many producers on the High Plains and the Texas Agriculture Extension Service, the Texas Department of Agriculture and the Texas Water Commission are making it easy for producers to get rid of these chemicals.

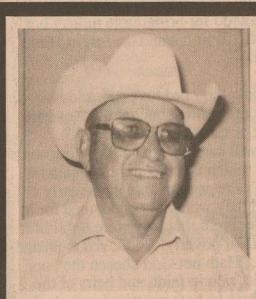

High Plains residents who wish to dispose of unusable or unwanted agricultural chemicals can do so at no charge and no questions asked on Thursday March 5.

in O'Donnell at the Farmers Cooperative Gin. Chemicals will be accepted from 8 a.m. until 3 p.m. Counties specifically targeted for this collection are Crosby, Dawson, Gaines, Garza, Hockley, Lubbock, Lynn, Scurry and Terry.

Producers interested in participating in the collection program can contact their county extension office for a list of acceptable materials and the types of information needed at the collection site as well as safety measures for transporting chemicals to the collection site. Participants are limited to producers and other private applicators.

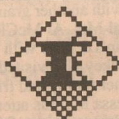

The question mark: ? comes from the first and last letters of the Latin word for question: "questio."

# Social Security Tips

by Mary Jane Shanes

## WOMEN: LET SOCIAL SECURITY KNOW OF NAME CHANGE

Working women who have changed their names because of marriage or divorce may not get timely income tax refunds if they have failed to change their names on Social Security records.

If the last name and Social Security number on an individual's federal income tax return and W-2 form do not match Social Security records, the Internal Revenue Service (IRS) checks on the discrepancy. And they will not issue a refund check while they verify that the name and Social Security number are correct. This could double the usual processing time for a tax refund.

I would also urge women who have changed their last names since they began their working careers to check that all of their earnings are listed correctly on their Social Security records. Failure to report a name change to us is one of the most frequent causes of errors in earnings records. Since eligibility and benefits for Social Security retirement, disability, and survivors insurance are based on these earnings records, it is important to make sure the records are right.

You can do this by filling out a form SSA-7004, Request for Personal Earnings and Benefit Estimate Statement.

To change your name on your Social Security card - or to get a form SSA-7004, call the Social Security toll-free number: 1-800-772-1213. Or all our office at 293-9599.

If you're requesting a new Social Security card, you will need to provide proof of your new name, such as your marriage certificate or divorce decree. Your new card will, of course, have the same number as your old card.

This service, like other Social Security Administration services, is free. Which brings up another point about name changes that I want to mention. Brides should be especially alert to solicitations from companies that charge a fee for "taking care of the paperwork" for them. Such companies do not provide any additional services not offered by our office. Worse, they can actually delay the length of time it takes to get a new card.

### Charter Received By Roaring Springs Community Volunteers

The Roaring Springs Community Volunteers have received a Charter. A big thanks go to Darlene Fletcher, Margie Payne and Frances Walters and all those who helped on this.

A meeting was held Tuesday February 25th with 20 members present. President Pauline Hand gave a report on the gate for the Mt. Zion Cemetery made by Eugene Lee of Jayton.

It was voted to ask Marisue Potts, the County Historical Chairperson to help with the dedication ceremonies that will be held at the Mt. Zion Cemetery May 24th at 2:00 p.m.

It was reported that Ossie Lee "Shine" Brown had received a donation of money from Mr. Bennie Simpson of Princeton, Texas to help on the Mt. Zion Cemetery. Anyone else wishing to donate to this project, send your donations to Ossie Lee Brown.

A resolution was passed to enable us

to borrow money to finish paying for the property. The 20 lots in block 47 cost \$2600.00 and J.N. and Darlene Fletcher donated the first \$100.00 to help pay for the property, leaving \$2500.00 to be paid. To get this property in our name, donations will be needed. Send them to Box 73, Roaring Springs, Texas 79256.

We have enrolled 7 new members making the total number of members at 45.

Discussion was held as to prices to fence in the tennis court so that dances could be held to raise money for legal fees, fencing, epoxy to refinish tennis court floor and other expenses that will be incurred. Bill Peacock gave estimates of the cost for fencing and for epoxy to refinish tennis court.

Lula Swim volunteered to make a cake for the floor prize to be given away at the "Sadie Hawkins Heaven and Hell" Supper, February 29th.

Mrs. Callie Lefevre was taken to Methodist Hospital Sunday where she had Laser treatment for kidney stones. She came home Sunday.

Mesdames Billie Clifton, Mary Irvin, Imogene Swim, and Pastor Mary Helen Cross of First United Methodist Church, here, attended church services at Floydada Nursing Home Sunday afternoon and visited with patients there.

Mrs. Billie Clifton kept a doctor's appointment Wednesday of last week and visited with Mr. and Mrs. Pete Clifton. Miss Lula Swim kept a doctor's appointment in Plainview last Thursday and visited with her aunt, Mrs. W.B. Swim. Her uncle had been taken to the Emergency Room of a hospital following a fall so she was unable to visit him.

At news reporting time, Mrs. Vera Mitchell is hospitalized in the Littlefield Hospital recovering from an attack by a stomach virus. She was with her daughter and husband, Rev. and Mrs. Benny Goss, while adjusting to a change in heart medication prescribed by her attending cardiologist after her Monday, February 24th appointment. She was able to return to her daughter's home Monday.

Friends here have been happy indeed to hear that Miss Freda Keahy expects to come home Monday, March 9th. Good news indeed!

Rev. and Mrs. Ernie Brown returned Friday from several days in Red River, N.M. Mr. and Mrs. Dee Brown returned to their Weldron, Arkansas home after several days with their son, Rev. Ernie Brown and family. They visited their grandchild-

ren, Matthew, Lee Ann, and Andrew, while the parents were in Red River. Mr. and Mrs. Tom Yeates visited with Mr. and Mrs. Gerald Yeates and Mr. and Mrs. Tom Wallace Yeates in Lubbock, Monday of this week.

### Lois Perkins

Services for Lois Faye Perkins, 69, of Lubbock were held at 2 p.m. Tuesday, March 3 at Asbury United Methodist Church with the Rev. Herb Tavenner, pastor, officiating.

Burial was in City of Lubbock Cemetery under direction of Sanders Funeral Home.

She died at 3:48 p.m. Saturday in St. Mary of the Plains Hospital after a lengthy illness.

She was born in Stonewall County and graduated from Hamlin High School in 1941. She moved to Lubbock in 1944 and married A.J. "Perk" Perkins on Dec. 24, 1946. She was a member of Asbury United Methodist Church, a life member of the Parents-Teachers Association and a member of the NAPS Aux-

iliary. Survivors include her husband; a son, Brady of Lubbock; a daughter, Elina Henry of Lubbock; five brothers, T.T. Brady and Tom Brady, both of Hamlin, Charles Brady of Austin, Henry Brady of Merkel and Jim Brady of Sandy, Utah; two sisters, Mae Bush of Lubbock and Rose Turnbull of Hobbs, N.M.; and two grandchildren.

Pallbearers were Lovd Latimer, Carlon Stotts, Raymond Bullock, Alfred Holton, Delwin Jones and Tie Lasater.

Honorary pallbearers were members of the Crusaders Sunday School class.

The family suggests memorials to the National Cancer Institute or to a favorite charity.

### Patricia Dobbins

Services for Patricia Eleanor Dobbins of Midland were held recently at Hope Lutheran Church with Jonathan Holmer officiating. Burial followed at Resthaven North under the direction of Ellis Funeral Home.

She died at an Austin hospital. She was born September 6, 1926, in South Hampton, England, where she graduated from Catholic school. She continued her advanced education in South Hampton.

She married Guy Odell Dobbins, formerly of Northfield, in 1958 and came to Midland as a war bride. She obtained her U.S. citizenship shortly after arriving. She worked for Southland Oil Company

in Midland for 25 years. She was a member of the Hope Lutheran Church of Midland.

Survivors include four sons, Eddie Hebsen of Houston, Gary Hebsen of Lubbock, Truman Dobbins of Houston and Larry Dobbins of Jefferson; two daughters, Patsy Quinney of LaGrange and Adele Little of Garland; two sisters, Pauline Hemingway of South Hampton, England, and Pam Hunter of London; 17 grandchildren, several great-grandchildren and several nieces and nephews.

Memorials may be directed to the Society for the Prevention of Cruelty to Animals.

### Elmo Nall

Funeral services for Elma Nall, 70, of Amarillo were held at 2:00 p.m., Monday March 2 at the First Baptist Church in McClean. The Rev. Q.D. Beville, pastor, officiated. Burial was in the Hillcrest Cemetery in McClean.

He died Friday, February 28 in North Texas Hospital after a brief illness.

Mr. Nall was born in Turkey. He lived in the Folley Community and attended school at Flomot. He moved to McClean

in 1957 then to Amarillo in 1975. He married Merle Davidson, 1940 in Silverton. He was a rancher and had worked for Rose Ranch and 6666's. He was a Baptist.

Survivors include his wife of Amarillo; a daughter, Rosita Blackwell of Amarillo; two sons, Ollie Nall of Amarillo and Shannon Nall of Bushland; two sisters, Etyle Best of McClean and Delores Franklin of Lindale and 4 grandchildren.

### John Houston Irwin

John Houston Irwin, 62, of Waco, died Tuesday, March 3, 1992, in a Waco hospital. Services at 2:30 p.m. Thursday at Wilkerson-Hatch Chapel with Minister Norman Morrow officiating. Burial at Waco Memorial Park.

Born November 10, 1929 in Floydada, Texas, attended schools in Matador, Texas. Graduated from Abilene Christian College in 1955. He served in the U.S. Army in Japan, worked for Quaker Oats Company for several years as District Sales Representative and later worked

as an independent feeder and pig buyer. In the last few years, Mr. Irwin and his wife managed Executive Nutone Dry Cleaners in Waco.

Survivors include his wife, Mrs. John Houston (Gloria) Irwin of Waco; his parents, Mr. and Mrs. John C. Irwin of Matador; 2 daughters, Cynthia Bartholomee of Midland, Susan Chavez of Arlington; a son, Joe Irwin of Waco; a sister, Mary Morrow of St. Francis, Kansas; a brother, Jim Irwin of San Antonio; and four grandchildren.

## Local News

Mrs. Wilma Koonce visited with her aunt, Catherine Henderson, last Sunday.

## Thank You

My family and I would like to thank everyone for their concern during my recent stay in the hospital. Calls, visits, cards, flowers, and food were deeply appreciated. A special thanks goes out to Jim, Lisa, and Renee for their promptness in getting the Ambulance to Roaring Springs. So often we take all of those valued friendships for granted. It is times like these when we realize how truly special and valuable they are.

Sincerely,  
Billy & Pauline Hand,  
Trudy, Kelly, Bonita and Kim

### Does Jesus Cure Poverty??

Perhaps you have heard it preached over radio or TV that if you are a faithful Christian and make sacrificial gifts to the evangelist, then you won't stay poor. No doubt this message is good for bringing in money but ask yourself, "Will it stand the test of Bible investigation?"

Yes, we know the Lord loves us, and is able to do exceeding abundantly above all that we ask or think" (Ephesians 3:20). Surely He will care for His faithful followers in a way in which is in keeping with God's will. There were poor people in the early church, and they were not condemned for it. They were not told that they were unfaithful because of their poverty. God loved them and we are told, "Hath not God chosen the poor of this world, rich in faith, and heirs of the kingdom which he hath promised to them that love him." (James 2: 1-5). Here is the true wealth. It is to be rich in faith and heirs of heaven.

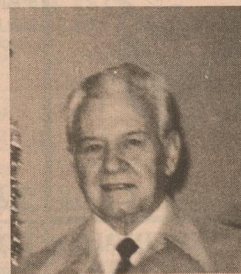

Let us not be overly concerned about the material things in this world. Rather let us be concerned about what is true riches. We should not get excited about a radio or TV message of quickly getting rich. The Bible says in Colossians 3:2, "Set your mind on things above, not on things on the earth."

The question is not, How can I get more of this world's goods? But, (1) How can I be saved? and (2) How can I remain faithful to my Lord?
