Dirk West Cartoons Drawing Attention

During recent weeks, Dirk West, cartoonist for the Lubbock Avalanche-Journal has created much attention with cartoons singling out Muleshoe.

When Muleshoe area residents 'fought back' West continued his cartoons, mentioning Muleshoe.

Saturday morning, the following story appeared on the front page of the Lubbock paper: DIRK WEST ALWAYS has been something of a pen-and-ink Don Rickles with his college football-related cartoons for The Avalanche-Journal. Now, because of his treatment of an area town and its cuisine, the Hub City cartoonist-mayor is in more trouble than he can talk his way out of. He's going to have to eat his way out.

The freshmen won the game 17-16, narrowly defeating the Littlefield freshmen with a last-ditch field goal in the closing seconds of the game.

FFA Ag-Boosters will meet at 8 p.m. tomorrow, Monday, in the ag building at Muleshoe High School.

A membership drive will be conducted in the near future, according to the membership committee, Nelda Hunt, Donna Black and Rita Hawkins. Other officers of the organization include Bill Harmon, president; Robert Hunt, vice president; secretary-treasurer, Mary Janice Brantley and reporter, Peggy Wheeler.

Membership is \$15 per year for a family.

Mrs. Ray (Sue) Kemp of Amarillo, underwent surgery Monday morning at High Plains Baptist Hospital in Amarillo. She is the daughter of Mr. and Mrs. Buck Creamer.

She is expected to be a patient at the hospital for several more days.

Gary Gunter, son of Mr. and Mrs. John Gunter, has been inducted into Texas' oldest student organization, the Ross Volunteer Company at Texas A&M University.

He was among 70 juniors in the Corps of Cadets selected to the elite honor military unit that serves as escort and honor guard at the inauguration of the governors of Texas.

He is an agricultural economics major at Texas A&M and member of B-1 in the Corps of Cadets.

Johnny Embry, Muleshoe native, has been promoted to regional vice president of the Federal Intermediate Credit Bank (FICB) of Texas. The bank's president, Jack Barton, made the announcement. He is the son of Mr. and Mrs. Joe Embry, of Muleshoe.

Embry joined the credit bank in 1978 as assistant vice president. He began his Farm Credit System career in 1972 as a feeder loan analyst with Amarillo Production Credit Association (PCS). From that position, Embry was promoted to secretary-treasurer, a job he held until joining FICB.

LEADING RUSHER IN GAME--Zeke Pecina, No. 21, left, was leading rusher in the Muleshoe-Littlefield game Friday night with 58 yards in the defensive game. He is casting a wary eye toward Derek Hill, No. 76, and Johnny Sierra, No. 33, who are coming in to plug his running space. The Mules widened their season record to 5-1-1 following Friday night's action and now are leaders in the district.

Hamblen Chosen Century III Winner

Cindy Hamblen has won the Century III Leaders Scholarship competition at Muleshoe High School, according to Wayland Ethridge, principal.

The 17 year old senior is now eligible to compete with other high school seniors through Texas for two \$1,500 scholarships, two \$500 scholarships, and also for a \$10,000 national scholarship that will be awarded in a conference of state winners in historic Colonial Williamsburg, Va.

She triumphed in the local phase of the Century III Leaders program, a scholarship competition which emphasizes the future concerns of America. Students were judged on the basis of their leadership abilities, community involvement and score on a current events examination. To compete at the state level, Cindy must now write a brief projection outlining what she

thinks is one of America's future challenges and how it should be met.

Runners-up in the competition at Muleshoe High School were Mark Northcutt, son of Mr. and Mrs. Ed Northcutt and Shelley Splawn, daughter of Mr. and Mrs. Benny Splawn. Other Muleshoe High School seniors who entered the competition were Jesse Silguero, Debra Stevens, Frantonya Berryhill, Tommy Wheeler, Manuel Garcia Jr., Sharla Henry and

Joel Bratcher.

Cindy Hamblen, daughter of Dr. and Mrs. John David Hamblen, now competes with other high school winners from around the state for four scholarships and an opportunity for the \$10,000 top national scholarship.

Cindy has been an outstanding student at Muleshoe High School where her activities have included the National Honor Society, band, stage band.

Sandhill Crane Hunting To Start

With the sandhill crane season getting underway Tuesday, and the hunting season will be conducted until January 30, 1980 for the elusive bird, the Texas Parks and Wildlife Department is asking for hunter aid in one segment of the hunt.

The Texas Parks and Wildlife Department is cooperating with the U.S. Fish and Wildlife Service and other sandhill crane hunting states in obtaining biological information from sandhill cranes.

Three subspecies of sandhill cranes are involved in the hunter harvest and there are wild variations in their respective population levels. The statistics to be obtained will help determine what the effects of hunting are on each subspecies.

Al Jones, manager of the Muleshoe National Wildlife Refuge, said the refuge located 20 miles south and two and a fourth miles west of Muleshoe, will be cooperating with the request for information.

Jones said they have been asked to help determine the age, sex, length, and weight of sandhill cranes harvested during the 1979 hunt.

Jones commented, "If you should be contacted, your cooperation in permitting the taking of this

information will be appreciated. If you are not contacted in the field by a representative of the state and federal biologists, but are successfully hunting in the Buffalo Lake and Muleshoe National Wildlife Refuge areas, we would appreciate your taking the time to go by one of the offices where a conservation officer will take the necessary measurements, the entire process

Cotton Meeting Scheduled Here Thursday Night

All cotton farmers in the area have been asked to attend a special cotton meeting, which will be conducted by Cotton Pool, Inc. of Seminole, in Muleshoe on Thursday.

The meeting will be conducted at 8 p.m. Thursday, November 1, at 8 p.m. in the community room at Muleshoe State Bank.

Aaron Kelton explained that the goal will be to get three million acres of cotton in contract to try to get 1600 over cotton.

Nita Gibson of Cotton Pool Inc. of Seminole will be conducting the meeting.

It's Time To Change The Clock

Central Standard Time returns today (Sunday) and if you did not turn your clock back one hour before you retired Saturday night, you just might be sitting alone at church wondering where all the members are.

Remember the old adage, "Spring Forward -- Fall Back" in order to conform with a federal ruling which allows one extra hour of daylight during evening hours.

It is time now, the officials say, to put that extra hour of daylight on the front of the day, and as a result, it may be getting to the dusky dark time of day by the time you leave work.

The next time change will be the last Sunday in April, when Daylight Savings time will be instituted and clocks will be moved forward. At this time, though, remember to 'Fall Back' before you retire.

Three Way School Meet Wednesday

Jack Hodnett, president of the Board of Trustees for the Three Way Independent School District, said the Board of Equalization for the school district will be meeting Wednesday, October 31.

He said the board will meet from 9 a.m. - 5 p.m. at the administration office of the school to determine, fix and equalize the value of all taxable property in the Three Way ISD for the year beginning January 1, 1980.

Outstanding Plays Shown By Defense

Friday night, despite gloomy predictions from virtually all of the major news media in the area, the "Kardiac Kids" came through again. By defeating the highly-touted Littlefield Wildcats on the 'Cats home field by a score of 16-3, the Mules, at least for this week, are the undisputed NUMBER

ONE team in District 3AA. From the initial kickoff by the Mules, when the Wildcats just couldn't seem to get it all together, to the final play of the game, when Bones Norman intercepted a 'Cat pass deep in the Mule territory, the game has to go down in history as a defensive struggle.

The Mules' stingy defense came through and the 'Cats failed to advance the ball. It was a tight back-and-forth struggle with the Mules keeping the Littlefield team deep in their own territory, but at the same time, finding a stiff Wildcat defense was containing the Mules on

Commissioners Hear Request For Funding

Bailey County Commissioners Court met in special session last week to hear several representatives from the Blackwater Valley Soil and Water Conservation District.

Representing the SCS were Douglas Bales, Jimmy Wedel, Jesse Ray Carter and Jim Luce, conservation programs. Luce explained that funding from both federal and state agencies had been cut. The SCS requested \$2,400 from county funds, which would be matched with \$2,400 in federal funds.

After discussing the problem, county commissioners took the request under advisement for a later decision.

Five Area Telephone was granted permission during the meeting to install underground lines, but it was specified that the lines be buried under roadbeds 36 inches deep, the area be well packed and kept in good repair.

Commissioners approved a payment of \$175 to Alfonso Posadas to move the Armando Martinez family to Crystal City. Con't page 10, Col 6

Longhorns Win From Amherst

To Take Lead

Lazbuddie broke a string of unbeaten games for Amherst Friday night when they dropped the Bulldogs 9-6 following two key Amherst interceptions.

Appolonio Sanchez intercepted two Amherst passes to stop crucial drives and opportunities for the Bulldogs to score on the Longhorns at Amherst.

Longhorn quarterback Andy Rogers scored from the two in the second quarter to get on the scoreboard at 6-0.

Then as the last few seconds on the clock were ticking off before halftime, Dennis Steinbock booted a 36 yard field goal.

Ronald Johnson put Amherst on the scoreboard with a 35 yard run to paydirt, and the extra point try failed.

WESTERN ART...Reta White will show her latest works of art Sunday, Nov. 4, from 6:00 to 10:00 p.m. at the Old Steak Barn, in Amarillo.

Lone Star Ballet Guide

The Lone Star Ballet Guide, is having a party featuring Western Art, Sunday, Nov. 4, from 6:00 to 10:00 p.m. at the Old Steak Barn, Amarillo Boulevard East. Artist Jim Ward, "Formerly of Muleshoe" James Ivey Edwards and Rheta Peeler White, "of Muleshoe" will show their latest work of art.

Food, refreshments, music and dancing will accompany this premiere showing of Western Art. The tariff is \$15.00 per couple. Each artist is donating to the Lone Star Ballet a painting which will be auctioned by Bedford Forrest at 8:30 p.m.

Jim Ward is Nationally known for his painting of the west. His favorite media is oil and bronze, he also works in pin and ink, pencil, pastel and watercolor.

In 1976 Ward was one of ten Texas cowboy artists chosen as a "Cultural Representative" of the State of Texas, By Gov. Dolph Briscoe to represent Texas at the Bicentennial in Philadelphia.

A Ward painting was recently used on the cover of "Presenting The Panhandle" by Barnett and Buhrkuhl.

Since 1965 Jim and wife, Jackie have lived on an acreage south of Canyon. James Ivey Edwards is an accomplished western and wildlife painter and sculptor whose work presently appears in homes and businesses in 33 states and six countries. He paints in oil, acrylic, and watercolor, and his collectors have long admired the realism in his paintings.

He attended WTSU and the University of Texas at Austin, and has been painting professionally for 12 years. He has taught private classes and workshops in Amarillo, Canyon, and many area towns for several years.

He is presently the head

of the art department at Clarendon Junior College where he teaches pottery and crafts in addition to painting and sculpture.

A native of Texas, this artist is a frequent traveler of the backroads and ranches of the Southwest which became settings for the detailed paintings they inspire. He also makes many trips to the mountain states where he gathers material and sketches.

Rheta White is a native of west Texas and a member of Texas Fine Arts Association and local Art Association.

She studied art at WTSU in Canyon, Texas Tech., Lubbock, Wayland Baptist College in Plainview, Benz School of Floral Design in Houston.

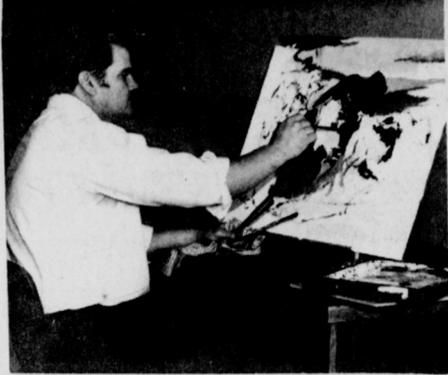

Rheta works virtually in all art media, but prefers watercolors and acrylics. She is an accomplished artist in the field of Floral Design, also works with Enamel and Copper.

She has paintings in Museums, Texas State Bankers Assn., also has designed panels throughout Texas and New Mexico, also National Functions including American Bankers Assn.

She was the featured artist in the Christmas Issue of Southwest Magazine 1979.

Christmas Card Project Starts

"It's not too early to start planning ahead for Christmas and the Muleshoe Hospital and Nursing Home Auxiliary has a suggestion for your Christmas planning," said a member of the Auxiliary.

They would like to remind you that they are having their annual Christmas Card project again this year. The project for this year will be to completely remodel the dining room of the Nursing Home. This will include new drapes, floor covering, tables and chairs and refinishing the walls.

All contributions will be accepted, the member explained. The donor is asked to contribute according to what a family would spend on Christmas cards and stamps to send locally to friends and business associates.

When Christmas nears, a large community Christmas card will be printed in the Journal, with the names of all donors. Cut-off date for accepting the contributions will be December 17.

To be included in the giant Christmas card, contact any member of the Auxiliary, or send the contribution to the Muleshoe Hospital and Nursing Home auxiliary.

MR. AND MRS. JO MARGE WARD (nee JAYME EUBANKS)

Jayne Eubanks, Jo Ward Exchange Vows

Jayne Gail Eubanks and Jo Mage Ward, exchanged wedding vows Saturday, Oct. 20, 1979, in the First Baptist Church, of DeKalb. Clergyman Blake Dunagan, performed the double ring ceremony, before a fifteen branch candleabra arch, with pink tapers entwined with pink gladiolus, mums, pink and burgundy carnations and baby's breath.

Ferns adorned each side of the candleabra, piano, and organ. Two seven branch candleabras, featuring pink tapers, greenery and burgundy bows were on each side of the bridal party.

The family pews were marked with a votive candle, greenery and bows.

Parents of the couple are, Mr. and Mrs. Hoyt Eubanks and Mrs. Jewel Ward, and the late Dr. Harold Ward, all of DeKalb.

Given in marriage by her father, the bride chose a traditional gown fashioned of satapewu. It's high collar and bishop sleeves were accented with vanice lace.

The neckline fashioned with a sheer yoke eased into a lace covered bodice designed with a natural waist. The gathered skirt and attached chapel train were arrayed with random appliques of venise lace each highlighted with a pink silk rose.

Her headpiece was a lace covered derby with a tiny rolled brim. It was also accented with pink silk roses and adorned with Russian silk veiling, and English silk illusion.

The bride chose a colonel bouquet of pink radiance and carmen roses, with baby's breath.

For something new, she chose her bridal ensemble. For something old and borrowed, she wore a garnet ring given to her

maternal grandmother by her grandfather in 1919. She also wore the traditional blue garter, and six-pence in her shoe.

Serving as maid of honor was, Karen Walraven, of College Station. Bridesmaids were Martha Dolby, and Phyllis Tridwell, of College Station, and Donna White of DeKalb.

They wore identical formal waisted gowns of crape, accented with an organza capelet, and a belt of burgundy velvet. They wore pink hats trimmed with burgundy velvet ribbon. Each carried a long stem American Beauty rose, with pink streamers.

Flower girl was Jayne McCollough, cousin of the bride and groom. She wore a white satin gown with a lace capelet and ruffle featuring a sash of pink vevlet. She carried a lace basket filled with pink and burgundy carnation petals. Candlelighters were John and Jason McCollough, cousins of the bride and groom.

Troy Eubanks, nephew of the bride served as ring bearer.

Best man was Greg Lann. Groomsmen were John and Tom Ward, brothers of the groom of DeKalb, and Nick Walraven of College Station.

Ushers were Blake Hodges of College Station, and Eddie Ward of Hugo, Okla.

Jolene Jackson of Dallas was soloist. Doris McCrary, organist, played traditional wedding music and accompanied Mrs. Jackson on "The Twelfth of Never", and "The Lord's Prayer", as the couple knelt at the kneeling bench.

For her daughters wedding Mrs. Eubanks chose a formal lenght gown of mauve crape. The grooms mother chose a formal lenght gown fo sand knit. They both wore corsages

of Orchids.

Reception followed in the fellowship hall. Jo Eubanks, Beverly Eubanks, and Ellen Eubanks sister-in-laws of the bride attended the table.

The table was covered with a white eyelet tablecloth. The wedding cake made by the brides sister-in-law, Jo Eubanks, was an airy confection designed in three tiers with a flowing fountain beneath.

It was adorned with pink wildflowers, lily of the valley, and rose buds. Mints, nuts and strawberry punch were also served to the guests.

After a wedding trip to, Hot Springs, Ark., the couple will make their home in Magnolia, Ark.

Mrs. Jewel Ward, mother of the groom, served a rehearsal dinner in her home.

Guests attending from this area were, Mr. and Mrs. R.B. Seaton, aunt and uncle of the bride.

TOPS Has Weekly Meeting

TOPS club met Thursday, Oct. 25 at 6:00 p.m. in the community room of Bailey County Electric. Lauranette Mason called the meeting to order. The TOPS song was sung and the pledge recited. Evelene Harris called the roll, with 23 members present. Brenda Murphy was crowned weekly Queen, with Clara Crain as second runner up.

Brenda received material for three weeks weight loss.

All members are reminded that next meeting is crowning of the monthly TOPS and KOPS Queen.

The meeting was dismissed with singing of the goodnight song.

RESIDENT OF MONTH.. Archie Scarlett was chosen for resident of the month at the Nursing Home. Celia Lopez and Janie Ranzes were elected Staff of the Month.

Civics Class Speaker, Joe Hickok

Mrs. Allison's Civics classes have been privileged during the past two weeks to hear about Joe Hick's life in Russia. Mr. Hicks was a colonel in the Air Force and an attache for the armed forces. He stressed the difference in Russia and our country's government systems. Also he answered questions about Russia's religion, living, and school systems.

Mr. Hickak now resides in Shallowater and is retired. He is an Amway distributor. The seniors enjoyed Hickok's recollection of his experiences in Russia and appreciated his sharing this information.

This is the time of year when all those who are alive should get out into the great outdoors. Life would be much simpler if we didn't try to make people think we're what we're not. The reason some people talk so much about themselves is that they know so little about anything else.

High School

Mrs. Elizabeth Watson, Curriculum Director for the Muleshoe Independent School District, has been visiting MHS classes during the past two weeks. She is checking with teachers on their needs for classroom instruction and also working with them on improving the curriculum. Each teacher was visited in at least one class during the High School visitation. Mrs. Watson will be visiting Junior High, Mary DeShazo, and Richland Hills schools during the next few weeks.

CLARA ANGELEY

Thank You!

We would like to thank all our friends & neighbors in Lazbuddie, for caring & coming to our rescue, last Saturday during our fire. Had it not been for people caring, we could have lost our house. Our special thanks go to the Lazbuddie Fire Department for helping put out the fire! Also for helping move equipment & bringing equipment to help fight the fire & after the fire for those helping round up the cows & rebuild fence. Again our special thanks go to each & everyone who came to our aid!

Sincerely,

Neal, Skeet, Lloyd, Janice,
Casey & Lori Bradshaw

Keep Halloween "special" -- by keeping it safe. "Goblin excitement" is high for this first holiday of the school year, so parents and teachers have a serious challenge in protecting children.

Three safety areas-- costumes, treats and traffic -- need the most attention.

COSTUME SAFETY

Make sure costumes fit children as closely as possible. Avoid too-large costumes, since they can cause tripping, stumbling or falling when children scurry from house to house.

They also pose a fire hazard around "witches' fires."

Be sure each child can see clearly through his mask. Check to see that the mask does not have a "blinder" effect. Be sure he can see out of the corners of the mask.

Look for flame-retardant costumes -- or safe, flame-retardant fabrics for making costumes. Paper and most gauzy fabrics are highly flammable.

Let your child wear his school shoes with the costume. Costume shoes may interfere with his running skills.

Keep costumes light in color so they show up in the dark for motorists and others. On dark costumes use reflective tape.

SAFE TREATS

Provide wrapped treats for all children.

FORBID your children from eating any treats UNTIL YOU CHECK THEM FIRST.

Warn them not to sneak bites of goodies on the trick-or-treat run.

Encourage your children to canvass only your neighborhood for treats.

Be alert to "goodies" that appear to be re-wrapped -- or those that smell "funny" or look "different," especially homemade products.

TRAFFIC SAFETY

Drive very slowly in neighborhoods on Halloween night.

Report speedsters to the police immediately.

Watch for children darting -- from EVERYWHERE.

Keep car lights on bright

Church of Christ
16th and Avenue D
SERVING CHRIST AND OUR FELLOW MAN
Sunday 10:30 am
6:00 pm

except when meeting other cars - so you can see darting children.

Trick or treat as close to home as possible.

Walk with your children, rather than driving them on their rounds.

Know the exact night your community is celebrating Halloween.

Some communities celebrate on weekends when Oct. 31 falls on a school night.

Others celebrate the weekend and Oct. 31, too. "TRICK OR TREAT" FOR YOUNG

"Trick or treating" is for younger children - from ages three through elementary school age.

Junior high and older teens should plan other social activities at Halloween and leave trick-or-treating to the younger children.

Also, remember that little children less than age three may be frightened by Halloween customs. Don't force them to dress up or even greet the goblins.

Now you're ready to call out the ghosts, the goblins and the witches - and don't forget to call the children, too.

Tests that Save Lives

Colorectal cancer, one of the top cancer killers, can be treated effectively in many cases if it is detected early. The American Cancer Society suggests asking your doctor about the guaiac slide test and the "procto" exam.

Mules Whip Friona Team With 21-14

The Junior varsity football team started off the district schedule right when they beat the Friona J.V. 21-14. The Mules jumped out to a 21-8 halftime lead and held on for a 21-14 final verdict. The Mules opened the scoring with a 10 yard sweep by Monty Hysinger. Hysinger's extra point kick was good. Then Friona countered with a long run for a touchdown and scored on a 2 point conversion. But that was the last Friona would move the ball until late in the game as the Mule defense totally smothered all Chieftain attempts at moving the football. Meanwhile the offense really got in gear and scored twice more in the game. Hysinger took the ball over on a Quarterback

sneak for another score after the Mules had moved the ball the length of the field thanks to the excellent blocking of the line and the running of the backs. The final Mule score came on a pass from Hysinger to tight end George Vela. Hysinger converted on all the extra point attempts. This was a very important win for the Mules for it is the start of the district schedule and the Mules hope to carry momentum into the remainder of the season. Their record is 4-2, and 1-0 in district.

FCA Organized In High School For Athletes

An organizational meeting of the Fellowship of Christian Athletes was held Wednesday, October 17, in the high school gym. This organization is for all persons interested and not just for active athletes. This first meeting proved to be very encouraging because many were present for the opening meeting.

Officers elected were President, Jo Ronda Rhodes; Vice President, Dennis Watson; Secretary, Joel Bratcher; and Treasurer, Sandy Dunbar. Coach Alan Cornelius will be the adult leader for this group. Films, guest speakers, and recreation are just a few of the activities planned for the group. FCA will meet every other Wednesday with the next meeting scheduled for October 31, at 6:30 in the high school gym.

China signs nuclear pact with France.

Larry Beene is the son of Mr. and Mrs. Eddie Beene. He plays Defensive Corner and Quarterback. He is 16 and is a Junior.

JV Mules Defeat Portales

The Junior Varsity Mules once again whipped the Portales Rams, only they did it in New Mexico this time. Monty Hysinger returned as the quarterback after a three week absence and engineered numerous offensive drives. Hysinger scored on an outstanding run to put the Mules up 6-0; then with Brad Poynor holding, Hysinger kicked the extra point to give the Mules a 7-0 advantage. George Vela, a Mule linebacker, then had a dream come true as he scooped up a Ram fumble and raced to the Mules end zone for a touchdown. The extra point by Hysinger was once again good and the Mules held a 14-0 advantage. The defense constantly pressured the Ram offense and limited their offensive yardage greatly. The Mule offense scored its last points when Trent Kirven busted through the line behind great blocking from Greg Harrison and Benton Glaze and galloped 25 yards into the end zone untouched. Portales scored late in the game to make the final tally Mules 21, Rams 8.

ON WORLD OIL PRICES JEDDAH, SAUDI ARABIA --Saudi Oil Minister Sheikh Ahmed Zaki Yamani has said oil prices will go up next year and the only question is by how much. The Saudi newspaper Al Medina reported.

He commented, "We have a great JV which means we will have a great Varsity next year."

Ronnie Angeley is the 15 year old son of Mr. and Mrs. J. K. Angeley. He is a Sophomore and plays Quarterback, Running back, and Free Safety. He is active in Athletics and is the Sophomore Class President. Ronnie commented, "This year we are 1-0 in district right now. We are hoping to be 5-0 when the season is over. This can be achieved with team work and right now that is a very important ingredient."

Scott Saylor, son of Mr. and Mrs. C.L. Saylor, is 15 and is a Sophomore at MHS. He is in Athletics and FFA. His comments were, "I feel we have the very best coaching staff in the country. We also have unity and the ability to win district."

AF Association Will Sponsor Essay Contest

Again this year, the Air Force Association (AFA) of Texas will sponsor an essay contest with the statewide winners receiving \$2,000 in scholarships. The scholarships are given in honor of Earle North Parker, noted Texas industrialist of Fort Worth.

As you probably know, the Air Force Association is an independent, non-profit national association which was established at the end of World War II. Its primary objective is to assist in obtaining and maintaining aerospace power for national security and world peace.

The theme topic for this year's contest is "The U.S. Air Force -- Defense for Our Future." All high school Seniors are eligible to participate. Each essay should be limited to between 500 and 600 words.

Deadline for all entries is 30 November 1979.

After all entries are received, our Lubbock Chapter will select its Chapter winner, who will receive a \$100 U.S. Savings Bond. This winning entry will be forwarded to our state office where winning entries of the 19 AFA Chapters across the state will compete for the \$2,000 AFA-Texas/Earle North Parker Scholarships. The three scholarships are: \$1,000, \$750 and \$250. The winners will be announced and presented the scholarships at our Spring 1980 State Executive Committee Meeting.

Contest entry blanks may be obtained in Mr. Gramling's office.

half when Trent Kirven raced 70 yards to make the score 21-6 at halftime.

The Steers rolled up a quick 21-0 lead early in the first half before the Mule Defense made some adjustments to contain their outside game. The Steers barely made a first down the rest of the night as the Mule defense led by Wayne Precure and Perry Flowers continually gave the offense chances to get back into the game.

The Mule offense, however, had a bad case of fumbleitis and four times fumbled the ball within five yards or less of pay

We are very proud of the way our team came from behind to beat Friona and give us a 1-0 record in district play. We got off to a very poor start but regrouped and continued to hang in there until we were able to come away with a 36-23 victory.

Let us extend our thanks to our student body and to the community for their support and faith in our team Friday night. The Mania demonstrated its strength, and we hope to continue this type of football.

FTA Ready For Meet Of District

Last Thursday, the Blackburn-Moore Chapter of Texas Future Teachers of America held a meeting at 8:00 a.m. to make plans for the District XVII FTA Convention to be held in Plainview on Thursday, November 1, at 10:00 a.m. Heading the convention will be the District officers. Those from Muleshoe include Mike Northcutt President, Becky Turner Vice-President, Leslie Wagnon Historian, and Shelly Dunham Corresponding Secretary.

The main items of business at the convention will be the election of the coming year's officers, the election of a State Representative and the election of District Mr. and Miss FTA. These two, along with the State Representative, will go on to the State Convention for further competition. This will be in Houston next February.

Local members running for District offices will be Clifford Watson for President and Carroll Precure for Vice-President. Leslie Wagnon will be running for State Representative. If she should win, she will run for a State office. Running for Mr. FTA will be Brad Poyner, with the candidate for Miss FTA yet to be announced. Best of luck to all candidates.

return team, setting up a good wall, helped Hector Orozco return a punt 50 yards for the touchdown. Orozco then ran for the two point conversion making the final score 21-14.

Scholarship Tests Given 11 Students

Several Juniors took the Preliminary Aptitude Test /National Merit Scholarship Qualifying Test Tuesday. This test is used to administer 8,000-10,000 National Merit scholarships offered by various businesses and organizations throughout the United States. The selection of these scholarship winners is made by the college. The scores of students not winning National Merit Scholarships, but who do well on the test, are sent to colleges and Universities where additional scholarships are often awarded. Students taking the PSAT were Melissa Allison, Marlin Bynum, Julius Briscoe, Tammy Buckner, Nancy Garcia, Tena Landers, Mary Mata, Keva Roming, Carla Shafer, Lynnette Shafer, and Brenda Stevens.

The Carter administration has pledged an initial \$7 million for an international relief effort aimed at saving three million lives in Cambodia.

Local Students Enter Century III Program

One of the greatest challenges for the future is leadership. Seniors from Muleshoe High School are bucking down to take full advantage of an opportunity to win local, state and national awards by demonstrating their awareness, concern and knowledgeability about the needs and challenges that are expected to face the nation in the future.

One enterprising high school senior in the nation will win an \$11,500 scholarship as the top national prize in the Century III Leaders Scholarship Program. Two students from each state and the District of Columbia will win \$1,500 scholarships and the opportunity to talk with national leaders in a conference at historic Colonial Williamsburg, Virginia. And, before the national winner is announced in Williamsburg, nine finalists will have earned \$500 awards on top of their \$1,500 scholarships. Two state alternates from each state will receive \$500 scholarships.

The Century III Leaders is a national scholarship

program open to high school seniors which emphasizes the future concerns of America. Students are initially judged on their leadership abilities, community involvement and current events awareness. The school winner is also required to write a brief projection outlining what he thinks is a particular issue America is likely to confront in the future and how such a challenge should be met.

"We feel the program is very worthwhile for reasons in addition to the scholarships and the Williamsburg trip," said Mr. Wayland Ethridge, principal of the school. "We are encouraging seniors to participate because the Century III competition is a fine way for youngsters to become more involved with the community and social issues."

Leadership situations have been simulated in Muleshoe High School civics classes under the direction of their teacher, Mrs. Jean Allison, from the beginning of the school year, and current events have been emphasized.

Thus, the Century III competition has given impetus to these activities. Local civics students were encouraged to enter this program; and the following completed their entry forms by October 10, the deadline for entry, and took the current events examination on October 17: Cindy Hamblen, Debra Stevens, Shelley Splawn, Joel Bratcher, Tommy Wheeler, Manuel Garcia, Jr., Jesse Silguero, Mark Northcutt, Frantonya Berryhill, and Sharla Henry.

The Century III program, which offers \$218,500 in scholarships, is administered by the National Association of Secondary School Principals and funded by the Shell Oil Company.

The school winner and runners up will be announced October 22.

Roping Duo Are Fourth At Borger

The Muleshoe High School Rodeo Team traveled to Borger for the Borger High School Rodeo October 13 and 14. Placing in the rodeo were Thurman Myers, second place in calf roping with a time of 11.0. In the team roping Todd Ellis and Thurman Myers placed fourth with a time of 10.1.

The next rodeo the team will be competing at is Slaton, November 3 and 4.

Buying a center pivot is serious business.

There are no cheap solutions. Only intelligent choices.

On October 8th, the Manhattan Bank raised their prime rate to 14.50%, the highest in history. On October 6th, the Federal Reserve raised their discount rate to 12%, an all time high. Lindsay traditionally has shared the risk with the farmers, and now, with the "Second Generation Z", we share the risk of rising rates by a 8.95 APR equivalent. Again, we are the leader in the industry with equipment and financing.

Western Sprinklers, Inc. now offers Lindsay's "Second Generation" of 'Z' Leases.

"Z" Lease II : Advance Payments, 10 year term, 8.95% implicit rate.

"Z" Lease III : Payment in arrears, 10 year term, 8.95% implicit rate.

the remark that good places to eat are hard to find - kind of like in Muleshoe.

Indeed, it was funny to West and everyone who had no connection with Muleshoe and figured it probably was a lousy place to eat. However, it was not funny to the Muleshoe Chamber of Commerce and restaurateurs.

"I got five or six letters from Muleshoe - from a doctor, from the chamber and restaurants," West said. "They all told me that I was full of bull, that there were some great places to eat in Muleshoe, and one of the letter's said, 'Don't ever run for elective office in Muleshoe.' I told them I didn't ever intend to even drive through Muleshoe."

"Since I got that mail, I decided to put them in there again." He had Muleshoe in his next two cartoons - one saying it had been "voted 'Town of the Year by the American Maalox Corp.'" and another saying the town was going to be "the site of this year's Kaopetate Festival."

Last week, Muleshoe struck back in print with a news photo of a motel marquee saying the Muleshoe Bon Vivant Club "Welcomes Gourmet Dirk West" and two restaurant ads referring to him and his dim view of Muleshoe food.

One restaurant advertised a "Dirk West Special" of chicken chow mein "for those not too chicken to eat in Muleshoe."

Another said at the bottom of an ad that it had "no casualties except a few big city mayors."

Bailey County displeasure with West has turned more good-humored since

the initial shock of seeing Muleshoe singled out as a hazardous place to eat has worn off. But the chamber of commerce and the restaurateurs still are serious enough that they want to bring him in for a special demonstration of the culinary virtues of the city.

The Avalanche-Journal also got complaints after the first cartoon appeared, and A-J Executive Editor Dave Knapp and Muleshoe Chamber Manager John Gulley made initial arrangements Friday for the culinary event.

"As far as I can remember, I've never eaten in Muleshoe," West admitted. "But Dave Knapp got a call from the chamber over there protesting my poking fun at their culinary arts, and I am willing to go to Muleshoe and eat to see if it is really the city of outstanding dining places as they claim it is."

"I will withhold any further comments about the quality of food in Muleshoe until I eat there."

Still not convinced of the friendly nature of the visit, West said he "may want to take a food taster and probably one of our larger policemen." A time and date for the demonstration had not been set.

West has been drawing cartoons for the A-J for 15 years and says the Muleshoe imbroglia is his hottest to date.

"I look forward to meeting all my critics and friends over there, and I will bring my tablet and draw them a picture while I'm there," he said.

"This is not the first time I've mentioned an area town in one of my cartoons. Three or four years ago, we said first prize at the Aggie homecoming was a week in Borger and second prize was two weeks in Borger.

Asked if he knew the car-

toons would cause an uproar in Muleshoe, he said, "Yeah. I did it for that." "I get a kick out of doing them, and anybody who doesn't have a sense of humor better not read the cartoons. Some of the stuff is pretty caustic, and if they don't have a sense of humor, they're not going to like them."

"I get letters from coaches and a lot of letters from Aggies."

"Most are good-humored," he said. "Most are just zinging me back. But occasionally we have people that a cartoon has particularly stung."

"I've had football coaches come over to the paper looking for me when their team was in town. Fortunately, I wasn't there."

the ground. And, the Mules put up a stiff front and successfully defended the goalline several times during the game, much to the delight of the vocal fans, and to the great dismay of the Littlefield Wildcat fans across the field.

Muleshoe made it on the scoreboard with 3:34 left in the first quarter when Sam Whalin connected just right on a 25 yard field goal and the Mules were on the board 3-0.

A big pass interference call in the second put the Wildcats on just about the Muleshoe five yard line, and despite numerous attempts by the Wildcats, they could not penetrate the Mule defenders and make it into the end zone.

Muleshoe scored again shortly after the second quarter got underway when Quarterback Mike Northcutt found Bones Norman waiting in the end zone and connected on an eight yard pass. Sam Whalin kicked the extra point which made it a 10-0 ball game.

takes only a few minutes." The refuge manager further explained that the office hours are 8-5 Monday through Friday, but personnel are generally available at other hours and on weekends. He asked that hunters call ahead, if possible, to assure that an officer will be available.

Shooting hours for the sandhill cranes are one half hour before sunrise to sunset and the daily bag limit is three, with possession of six sandhill cranes.

Wildcats on the scoreboard with a 22 yard field goal with 5:12 left in the first half and the defensive battle continued.

By the second half, the Mules and the Wildcats had settled down to defensive tactics which effectively contained both Mike Northcutt and cut off his running attack, as well as the Mules effectively held Ruben Torres to minus two yards in rushing for the game. Northcutt managed only 17 yards in rushing, where he usually manages more than 100 yards.

Zeke Pecina was work-horse for the Mules Friday night with 58 yards, as the Mules were held to only 111 rushing yards during the game. They also had 10 first downs to 11 for Littlefield.

Leading rusher for Littlefield was Michael Williams, with 41, and the Wildcats had 70 yards rushing.

Mike Northcutt completed 50 percent of his passes, with four of eight for 38 yards and one touchdown; lefthander Eddie Gregory for the Wildcats completed six of 23 passes for 74 yards, and no touchdowns.

Zeke Pecina made the final touchdown for the Mules with 1:19 left to play in the game when he went in standing up from the Littlefield eight yard line. He just found a hole and scooted in standing up. Whalin's extra point attempt failed.

A last ditch scoring attempt for Littlefield failed when Bones Norman intercepted deep in Muleshoe territory and moved the ball back to near mid-field.

Next Friday night, the Mules will travel to Olton for their final game away from home. The last two games, Dimmitt, then Morton, will be played on Muleshoe's home field. Gametime is 7:30 p.m.

Four Key Issues Affect Agriculture

Inflation, energy, exports and the structure of agriculture are likely to be key issues affecting agriculture in the 1980's said an economist in marketing and policy with the Texas Agricultural Extension Service, Texas A&M University System.

"Those firms that best anticipate the effect these factors will have on their operations will be in the most competitive position throughout the coming decade," declared Dr. Ronald D. Knutson.

He offered specific suggestions on how farmers, ranchers and business firms might cope with current agricultural conditions during the Houston Agri-Business Conference, Oct. 12.

"The most important effects of inflation upon agriculture include increased cash flow problems and risk confronting farmers," Knutson said. "A major difference between agriculture and the rest of the economy is that no assurance exists that farm prices will rise at the same rate as inflationary cost increases."

In regard to energy, Knutson emphasized that Texas farmers producing on irrigated land find themselves at a serious disadvantage.

While energy averages 7.9 percent of U.S. farm production costs, energy for irrigated farming in Texas runs as high as 15 percent of production expenditures, Knutson said.

Thus, Texas Agricultural Experiment Station and Extension Service developments in new crop production systems that use short season, drought resistant varieties, lower rates of irrigation, fertilizer and chemicals as well as reduced pressure irrigation are likely to be increasingly important in allowing Texas irrigated areas to compete, Knutson predicted.

He cautioned farmers to use care in making decisions on gasohol production in Texas. Independent studies by universities and U.S. Department of Agriculture economists show gasohol production from grain sources to be of questionable feasibility without large subsidies, he explained.

"Texas lacks a comparative advantage in producing gasohol from grain because of the attractiveness of export markets and costs of shipping grain into the state. The greatest economic feasibility is in agricultural and product residue, sugar cane and sweet sorghum," Knutson said.

The economist warned that gasohol will have to compete in the general market for energy. "In a showdown between energy and food, grain for food will take precedence over grain for alcohol."

Stressing that exports are the single most critical factor affecting U.S. grain, oilseed and cotton prices, Knutson said that our nation's commitment to exports has vacillated. He cited how the administration has allowed port facilities to be tied up by strikes and Congressional debates to license exports.

Knutson defined the structure issue as being one of "family farm survival."

"There are concerns that control of agricultural land and production resources are increasingly becoming concentrated in the hands of large farms, corporate agri-business and nonfarm domestic and foreign interests."

"States most affected by structure modification proposals are Texas, California, and Florida. Various structure proposals include stringent limits on farm program benefits, tax changes to discourage nonfarm investment in agriculture, antitrust policy changes restricting vertical integration, and limiting the benefits of government services such as credit, research and extension activities to small and middle size farmers," Knutson explained.

He said agribusiness firms concerned with future growth in agricultural production areas cannot afford to ignore the structure issue.

TREASURES

He walked a long time and rang many doorbells and "scared" a lot of people in order to acquire his Halloween treasures. He wants to sleep with his treasures beside him, where he can feel the sack with his hand.

These treasures somehow remind you that one of your responsibilities toward your adorable child is to teach him what real treasures are—friends, country, church, good deeds, family, love of God, and quality of spirit, to name a few.

That "Trick or Treat" bag somehow reminds you of that scripture in Matthew that goes, "Lay not up for yourselves treasures upon earth where moth and dust doth corrupt, and where thieves break through and steal: But lay up for yourselves treasures in heaven where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: for where your treasure is, there will your heart be also."

You know that the church will help you in this, so you vow again to be faithful to every service, thankful for all the wonderful workers there, asking God to help you and them.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and His demand for man to respond to that love by loving his neighbor. Without this grounding in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny, the truth which alone will set him free to live as a child of God.
