

# Old 'pokes at home

The empty 2-lane highway sliced through dry, desolate country. Wind caught a tumbleweed, sending it bouncing across the road and into a barbed wire fence, a timeless exercise.

Out across a dirt road in a nearby pasture you could see dust rising as he rode toward the gate of the Matador Land and Cattle Co. He rode hard. He was riding in a pickup.

MATADOR, Texas -- The old jailhouse just off the square has been there as long as anybody can remember. It's a small, boxlike building made of stone and has a hanging door, inactive but ominous, inside. It isn't clear whether anybody ever was hanged there, although oldtimers here doubt it.

"I 'spect," said Cooper Osborn, called Coop, "if they was gonna hang anybody in those days they'd have used a tree."

WELL, THERE IS a story about a guy they were going to hang. He was a cowboy from the Matador Ranch who'd killed a cook. They brought him in, locked him up and waited for the circuit judge to come through. It seemed kind of stupid, the guy just sitting there in the jail, doing nothing. So they started letting him out from time to time to help some of the settlers dig wells.

One day they let him out to go dig a well and he never came back.

"Ha," said Coop, "I guess he just kept on a-goin'."

Coop is an oldtimer around here who's tall, thin, has some problems with a crippled hand caused by a stroke a few years ago. When he smiles or laughs his whole face lights up, sometimes mischievously. But he gets around pretty well and was resting out of the sun in D. L. Damron's saddle shop on the square.

Damron, with gray, closely cropped hair, sat behind a machine, working on a pair of shoes. H. L. Dirickson, tall and thin, with his hat pulled down over his forehead, almost touching the top of his

glasses, was down at Red's service station. They all were old cowboys who'd worked on the Matador in the early 1900s.

"Yeah, I reckon I been in that jail over there before," said Coop. "Sometimes, not often you know, some of us would come in off the ranch to go a-dancin'. Might take to a little moonshine and get a little drunk. If we caused trouble, they'd toss us in until we sobered up."

"ONE TIME (he laughs) we had two cases of moonshine in back of this old car. We stopped at this place and the nightwatchman seen it. He asked where I thought I was a-goin. I told him I was a-goin where I pleased. So he up and hit me upside the head with his six-shooter, busting my head open. I said, well, you plumb killed me."

"They called the sheriff who come and put me in jail for a spell. But the sheriff said, 'Coop, at least you called him what he was.'"

"These cowboys nowadays, they just ride around in them pickups," said Damron, getting up from behind the machine and

standing by the counter near Coop. "Can't see them stayin' on a horse from dawn to dusk, from 4 a.m. till it got dark."

"Well, they're paying them maybe \$500-\$600 a month," said Dirickson. "Used to be they'd pay you \$30 a month. You were considered well-off if you owned a bedroll, britches, clean shirt and saddle."

"You'd ride out 25-30 miles, sleeping out at night near the chuck wagon. You'd come in, maybe once or twice a month, and go to the barber shop, get a shave, maybe a haircut and a bath."

"Nowadays, they ride out there in them pickups, hauling their horse with them and come back every night," said Damron.

"I DON'T RECKON them cowboys out there today could even build themselves a campfire," said Coop.

"Well, we ate well and it was healthy sleeping out," said Dirickson. "The air was clean and fresh then. We'd have sourdough biscuits, beans, good beef to eat. And then at night

The Panama Canal can yet be saved, if the congressmen that voted to give the canal away are defeated in this November election.

Congress still has to vote Billions to give to the Panama Government to take the Panama Canal and operate it.

Moves have been made to take the operation to the Canal out of the hands of the Army. They have been stopped. The Panama Canal is a vital defense of the United States. It is not of the best interest of world peace to give this property over to a COMMUNIST GOVERNMENT supported out of Moscow.

The dollar has finally lost its standing as the world's premier currency. By December it will rank at the bottom with unreliable industrial tenders such as the Italian lira or the Spanish peso.

The nations of the European Economic Community have agreed to create a new currency to replace the dollar. The new currency will fulfill both the role of international denominator and world reserve tender. These two functions were, until now, reserved for the dollar.

The new money will be backed in gold and hard-currency reserves by the strongest European nations and firmly insulated against any fluctuations or disturbances caused by the instability of the dollar. This new money will be called ecu - an abbreviation for European Currency Unit, which also revives the name of a traditional French coin recalling past epochs of Gallic greatness.

I bet you a dollar this new money doesn't have "In God We Trust" on it. The U.S. is supposed to come out with its own new money soon also. I'll bet you an ecu it don't have "In God We Trust" either.

Our special sports reporter for the high school games broke his shoulder last week. Willy Palmer tackled a dummy at practice time, and the dummy won. Good grief, Willy, is that how it really happened?

### Motley Co. Matadors Embarrassed 55 -- 0

By Willy Palmer

The hometown Motley Matadors were swamped 55 to 0 by a tough Crosbyton squad Friday night in schoolboy football action.

A tough second half effort by the Matadors proved fruitless in the face of the devastating Chief attack. The Matadors were held to only 3 first downs in the contest.

Quarterback Robert Parker had a dismal night in passing statistics as he completed only 4 out of 26 attempts with 6

interceptions. Senior halfback Robert Shannon was on the receiving end of the 4 completions as he tallied 31 yards in that department. The Matadors were able to rush for only 23 total yards in the game against the powerhouse Chiefs.

The Matadors try to bounce back this week against the Sudan Hornets in Sudan. This should be a good game as the Matadors character and reputation will be at stake. The Motley County record now stands at 1-2 for the season.

### Football Contest Has New Winner

Clay Jameson led the field of football contest entries this week with nine correct guesses. He missed the Nazareth-Hart game, but won first prize in the contest.

Neal Haralson edged out Bud Brinsfield in the tie-breaker to get second place. Both men missed two games. Brinsfield placed third.

James Bearden, missing three games this week, still leads in the over-all contest toward the grand prize. He now has 20 accumulative points. Jameson trails close behind Bearden with 18. Haralson, having entered only the last two contests, is third with 15. Alan Bingham and Judy Renfro have 14, and Barbara Durham and Max Barton now have 12 accumulative points.

Missing only three games this week were Bearden, Burr Barton, Pat Green, Jesse Perkins, Michelle Crouch and Barbara Durham.

Those who got six games right were Nell Brotherton, Emilio Aguilar, Max Barton and Leslie Jameson. Missing five games were Dee Dee Durham, Bill Durham, and JoAnn Durham.

First prize winners each week receive \$5 from the Tribune, second place wins \$3 and third \$2. Grand Prize after the contest has run 10 weeks is two free tickets to the Cotton Bowl game. Grand Prize will be determined by the person having the most accumulative points after the final contest.

### Plans Are Underway For School Benefit

Plans are underway for a benefit entertainment to be sponsored by the committee to save the old high school building, it was disclosed this week.

Hope was expressed by members of the committee, that work on the auditorium might be effected in time for Homecoming activities, although no assurance of this is forthcoming at the

present.

The group has been told however, that Green Thumb workers will be available whenever necessary arrangements are made to start the project.

Several local organizations are interested in using the facility when it is made available as a meeting place.

## Rain, Cool Weather Hang Over Area

Recent rains and cool weather are not going to help Motley County cotton crops that much, but if it stops soon it won't hurt them much either.

Emilio Aguilar, director of the Motley County Soil Conservation Service, said the moisture could even help cotton which had not opened up.

"Most of the farmers I talk to say they needed this rain two weeks ago," Aguilar said Monday. "I don't think the rain now will give the farmers higher yields. It just won't help that much."

On the other hand, Aguilar said, Motley County farmers would take rain any time they could get it.

"Some of the wheat farmers dry-sowed the wheat. This will surely help them. Last week the county averaged four inches. It measured at least two inches everywhere in the county, and the city of Matador received over four."

He said the Flomot area had some peanuts which the rain would help, but these peanuts don't depend on rain that much because they are irrigated.

"We have some grain sorgums in the area but not any that is ready to be cut," Aguilar said. "The rain will have little effect on these crops."

He said if the weather turned dry and warm the rains would help the cotton yields, but if it continued to rain for a while the yields would not be helped.

About the rule making of 1979 Feed Grain Program, Aguilar said, "The Secretary of Agriculture proposes to make certain determinations with respect to the 1979 crops of cotton, corn, sorghum, barley and oats. A copy of these proposed rules is on file at the Motley ASCS office and may be reviewed upon request."

This notice invites written comments on the proposed determinations. Comments must be received on or before October 10 for grain crops and October 20 for cotton. Address: Acting Director, Production Adjustment Division, ASCS, USDA, Room 3630, South Building, P.O. Box 2415, Washington, D.C. 20013.

"Every year we have a part or parts of the county that suffer some sort of natural disaster," Aguilar said, referring to both crops and pasture land. "under present program provisions, if a crop is damaged by natural disaster and the farmer does not believe that it is feasible to carry the crop to harvest, he needs to come by the ASCS office and file an application for Disaster Credit before destroying the crop."

For farmers who suffered drought damage and resultant financial hardship, the filing deadline for disaster loans is October 11. Small business Administration disaster office

managers are recommending that farmers come in person to pick up an application and then return it in person. This assures that the application is complete, which in turn expedites processing of the loan.

Emergency Livestock Feed is an on going program and cattlemen may file an application for assistance when the

production of feed, including pasture on all holdings, is 40 per cent or more below normal, and the cattleman is having to buy feed above what he normally buys to sustain his herd.

Eligibility for participation in all programs administered by the ASCS is established under Law without regard to race, color, creed, national origin or sex.

MASCOTS for the Motley County Matadors this year are Shawn Cox, daughter of Mr. and Mrs. Ronnie Cox and Jason Bryant, son,

of Mrs. Margaret Bryant. The two mascots help with the pep rally and also the cheering at the football games.

### Homecoming Plans Made At Meeting

Following an executive meeting last week of officers and directors of Motley Ex-Students and Ex-Teachers Association, plans were announced for annual homecoming activities. Dates for the event are set for October 20 - 21.

The meeting was at the home of the president, Mrs. Bundy Hal Campbell, who appointed committee chairmen as follows: Pat Green, in charge of tables; Jesse Perkins and Vaden Hays, tickets for dance; Gale Stafford and Kenneth Thompson, in charge of serving; Clay Jameson, food; Debra Garrison Scott and Cora Bostick Smallwood, coffee; Olivia Campbell Barton, registration; and Dixie Barton Campbell and Sondra Stevens Francis, program.

Class reunions have been scheduled as follows: Class of 1938 at 11 a.m. Saturday, Oct. 21 at the home of Mr. and Mrs. France Barton (Eugenia Garrison); Combined reunion of the classes 1951, 1952, 1953, 1953, 1955 and 1956, place and time to be announced; class of 1958 will meet at 5 p.m. Saturday (Oct. 21) at the school and members of the classes of 1957 and 1959 are invited to join this group for a reunion visit. Other classes that will meet separately are those of 1948, 1968 and 1973.

Secretary Hazel Walton Donovan reminds relatives and friends that all changes of addresses since last year are needed. Letters were mailed last week to former students and teachers living outside the county, and several have already been returned because of incorrect addresses. These include Geraldine Lebow Foard, last address Canyon, Tx. Rt. 4, Box 500; Billy Koon, at a Fort Worth address; Mrs. Murray O. Johnson, Marble Falls, Tx.; Loren Jones, Hurst, Texas; Matt Sullivan, last address Rt. 3, Gainesville, Texas; Wayne Cartwright, Crane, Tex.; Charles Dunlap, Kerrville, Tex.; and J. Lynn Barnhill, mailed to Rt. 2, Odessa, Texas.

"Due to advance postage rates, the association always suffers a loss when letters are returned unclaimed at an existing address," the president pointed out. "Although inflation and rising costs have spiraled expenses, they have not affected our dues, which remain at \$1.00. Please send your dues, or contributions to Mrs. Donovan, as formerly."

A new directory of names and addresses of graduates since the first class in 1909, is being compiled by the secretary with the assistance of other Exes. This will be an update of the directory made in 1961, and correct addresses are especially desired for this project.

The slate of officers includes, in addition to the president and secretary, Mrs. Vann Francis (Sondra Stevens) vice president.

### 'First Bale' Ginned

First bale of cotton ginned in Motley County for the 1978 fall crop was produced by Roy Grundy of Matador who farms in the Whiteflat area.

The cotton was ginned by the Caprock Gin at Flomot September 15. The cotton weighed 2454 pounds on the trailer, with 1020 pounds of seed and the bale weighed 545 pounds.

Last year's first Motley County Bale of Cotton was ginned September 17 at the Caprock Gin by Alfred Martin.

The first bale was ginned free and the gin paid 65c a pound for the lint and \$100.00 for the cotton seed.

Area merchants made up the premium of \$255.00 for Mr. Grundy. Those furnishing the premiums were The First National Bank of Quitaque, First State Bank of Matador, Billy's Grocery, Matador Motor and Implement, Stanley Pharmacy, Higginbotham Bartlett, Giesecke Butane Co., Pete Williams Texaco, Grady's Travel Center, Billie Dean's Drive In, Sut's Spot Cash Grocery, Spray Auto and Farm Supply, and Ronnie's, all of Matador, O. J. Lee Grocery of Flomot, Panhandle Compress of Quitaque, Rice's Dry Goods of Quitaque and Petro -- fuels of Matador.

### Halloween Carnival To Be Held Oct. 31

A group of representatives from local clubs, including the Student Council, met with Mrs. H. R. Jameson and Emilio Aguilar, local American Heart Association representatives on Saturday afternoon to discuss plans for the Halloween Carnival. The group hopes this will become an annual event.

A percentage of the proceeds from each club will be donated to the Heart Fund.

There will be spookes and ghosts every where hoping to win the Costume Contest for the Spookiest, Most Original and Prettiest. Put on your funny face and join all the fun.

we'd sit around the campfire, kidding one another and sometimes they'd be an ol' boy who could sing.

"Oh, maybe he'd sing 'Home on the Range' or 'Streets of Laredo'. They'd be all types of cowboys. Some drifters, some regulars."

"I just drifted around a lot," said Damron. "My mother died when I was 11 and I up and quit school and started to roam when I was 15. One time I worked in this saddle and boot business for an old boy. I'm glad I learned it."

"I remember this blue norther hitting once," said Coop. "I put on all the clothes and blanket and still like to a-froze to death."

"Well," said Damron, "you needed yourself one of them pickups." They both laughed.

"Oh, no," said Dirickson, "there wasn't that much meanness going on. Some, not much. Well, of course, there was old Tightwad, we called him. Tightwad would come into town, get some whiskey and start fighting. I mean he always got into trouble. Then when we'd start back, we'd haul him with us."

"IT GOT TO WHERE the sheriff would just meet him before he got into town and tell him if he caused any trouble he'd be put in jail right away. Ol' Tightwad would promise he'd be straight . . . Then he'd go out, get drunk, get into a fight. Only thing, I don't ever remember him winning a fight but he sure had fun trying."

"Oh, I worked out on the Matador for a while, then got my own place. Those were good times, something I'll never forget. But I can't honestly say I'd like to do it all again, even if I'm glad I did it. It was hard work. Ride, ride, ride, rounding up cattle, calves in the winter and branding them in the summer."

Dirickson, walking tall, left Red's station, got into the pickup he wished he'd had in 1923 and went on off. Coop sat in Damron's saddle shop for a while, then thought about the jailhouse. He grinned broadly and said, "Yeah, I can just see that ol' boy . . . I guess he just kept on a-goin'."

"Reckon he could use one of them pickups," said Damron. Away from here, on the highway, wind caught a tumbleweed, sending it bouncing across the road and into a barbed wire fence.

1978 Fair QUEEN . . . Julianne Lipham has been named as the 1978 Floyd and Surrounding Counties Fair. She is the 15 year old daughter of Mr. and Mrs. Julian Lipham, Floydada. She is the

granddaughter of Mr. and Mrs. Roy Lipham, Matador. At left is first runner-up Ronee Thornton, and on the right is Jeanna Duncan of Hale Center.

**Health Tips Offered For Back to School**

Schools days are at hand again for millions of American youngsters.

The American Medical Association once again reminds parents that there are health and safety considerations that are important in preparing the small fry for another nine months of studies.

The AMA recommends a thorough health examination for 5 and 6-year-olds entering school for the first time. Your physician will know what to do. His examination will cover all aspects of your child's health, and will include hearing (to

make certain he can hear the teacher) and vision (to make sure he can see the blackboard). The doctor also will give any booster immunizations that might be required.

School boards in some communities require a health exam for beginning students. Many schools also require certain immunizations. Your doctor will know of the requirements of your neighborhood.

Most doctors feel that four or five thorough health examinations during the school years are sufficient for healthy youngsters. These usually are spaced

at the start of the first year, about the fourth grade, about the seventh grade, at the ninth or tenth grade, and upon graduation.

A thorough examination is important, often mandatory, if the child is participating in school athletics. The doctor should be told that junior is going out for football, so that he can look for any health problems that might be heightened by rough contact sports.

In the excitement of the first few days of school the small child may forget all of the safety warnings you've been teaching him. Each parent should make certain the child knows how to cross streets and intersections en route to and from school. He should know that crossing guards are there for his protection and obey them. He should know about proper deportment on the school bus. And he should know the rules of bicycle safety.

**ABOUT LOCAL PEOPLE**

Mrs. W. B. Wason and Mrs. Douglas E. Pitts accompanied Jim Daffern and L. H. Dirickson to Childress last Monday afternoon to visit Mr. and Mrs. A. J. Daffern, who are residing at the Leisure Lodge Rest Home, Box 951, Childress, Tx. 79201.

Mr. Daffern's health has improved, but Mrs. Daffern's condition is very delicate. She

has a birthday coming up on the 4th of October.

Recent Texas PGA tournament at Hill Crest CC at Lubbock - with Richard Hale of Floydada CC, the winner and received the traveling trophy which is proudly displayed at Floydada CC. Winning this trophy three consecutive times makes it a permanent to the lucky player . . . I think.

## VA Counselors Answer Questions

Q - I am a veteran of the Army Reserve and have had no regular active duty. Am I eligible for a VA guaranteed home loan?

A - You are not eligible for a VA guaranteed home loan. However, you may be eligible for one of the FHA loan programs. Check with the agency that administers that program.

Q - If I give a payment in cash for an overpayment to the veterans' representative on campus, what happens to the cash payment?

A - For your own protection, it is advisable that

you pay by personal check, money order or cashier's check. The vet rep should issue you a temporary receipt and forward the money to the agent cashier at the VA regional office. It will then be deposited in the government fund.

Q - Are veterans with peacetime service eligible for VA domiciliary care?

A - Yes.

Q - What is the minimum and maximum VA pension rate for veterans under the current pension laws?

A - The range is from \$5 to \$222 per month.

## Enrollment Increased At Clarendon College

Fall semester enrollment at Clarendon College is 536 students, an increase of 103 students compared to last fall's total enrollment of 433.

A total of 482 students are enrolled in the college Academic Program and 54 enrolled in Vocational-Technical Programs.

This year's enrollment figures show an increase of 121 students in the academic studies and a decrease of 18 in Vocational-Technical Programs.

The increase is the largest the college has enjoyed in three years.

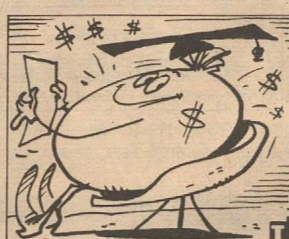

## FOOTING THE BILLS: WHO? HOW?

A bill now before Congress may solve the thorny problem of how to finance your children's education without going broke. The solution it offers is: Let your child finance his own education—when he can—at a rate he will be able to afford.

The bill would create a revolving trust fund, called the Tuition Advance Fund, which would become completely self-sustaining in about 20 years.

After his freshman year, any college student—regardless of his parents' circumstances—could borrow up to \$5,000 a year for tuition, room and board for the rest of his undergraduate work.

The advance would be repaid by the student during his entire working life—up to 35 years if necessary, less if desired—at a rate of two percent of his income until 150 percent of the amount had been repaid. Repayment would be pegged on his ability to handle that obligation within any given year. The Internal Revenue Service would effect the collection of the advance

through payroll withholding.

The proposal for the Tuition Advance Fund bill was developed by Boston University President John R. Silber, recognized as one of the nation's foremost authorities on higher education.

Silber sees the plan as offering the greatest help to the greatest number of people with the least continuing expense to the taxpayer. It would allow families to escape from the difficult—and often impossible—choices forced upon them by tuition expenses.

## Graveside Rites Held For Fred Miller

Graveside rites for Fred Miller, 82, of Post were conducted here at 3 p.m. Friday in East Mound Cemetery, under direction of Seigler Funeral Home. Rev. Kinney Kirk, pastor of the United Methodist Church, Matador, officiated.

An early-day resident of Motley County, Mr. Miller died at his home in Post, Tuesday, September 19, after a short illness. He was a son of the late Mr. and Mrs. John Miller, who settled on land in the northwest area of Motley County in the early 1890's. Fred Miller was born there Dec. 8, 1895.

He moved to Fort Sumner, N.M., in 1930 and to Garza County in 1940. In 1968 he retired from ranching and moved to Post.

Survivors include a brother, Harry Miller of Lubbock, and four sisters, Mrs. J. H. Hardberger of Lubbock, Mrs. L. A. Grown of San Antonio, Mrs. J. H. Miles of Dallas and Mrs. W. M. Young of Burkburnett.

Funeral services were conducted at 11 a.m. Friday in Justice-Mason Chapel of Post, with Rev. Conrad Ryan, pastor of First United Methodist Church, Post, officiating. Justice-Mason Funeral Home was in charge of arrangements.

Pallbearers were Ronald Metsgar, Jerry Reynolds, Mason Justice, C. R. Wilson, Jimmy Moore and Royce Josey.

## Rites Held Recently For Zada Barton

Funeral services for Zada Mae Barton, 70, of Wichita Falls were conducted at 11:30 a.m. Wednesday, Sept. 20 in Hampton-Vaughan Funeral Home in Wichita Falls.

The Rev. E. V. Johnson, associate pastor of First Baptist Church there, officiated. Burial was in Crestview Memorial Park.

A former Matador resident, and niece of several local residents, Miss Barton died Monday, Sept. 18, in a Wichita Falls nursing home.

Miss Barton was born Sept. 4, 1908 in Motley County and was a resident of Wichita Falls since 1936. She was the former owner of Zada's Beauty Shop in that city. She was a member of First Baptist Church and American Business Women's Association. She was a daughter of the late Mr. and Mrs. John Barton, early-day residents of the county.

Survivors include a sister, Mrs. Ruth Ferguson and a brother, Willie P. Barton, both of Wichita Falls.

Relatives from Matador who attended the funeral were two aunts, Mrs. Eddie Russell and Mrs. Alfred Barton Sr. They accompanied Mrs. Russell's son, Gordon Russell of Hale Center and they went by Vernon and were accompanied from there by another sister of the two ladies, Mrs. Erma McAdams. Another sister and her husband, Mr. and Mrs. Goe Gordon of Crowell, joined the relatives in Wichita Falls. Their other sister, Mrs. C. M. Barton Sr., of Matador, was unable to attend the funeral.

## Attend Services In Midland For Mrs. Travis Clifton

Services were held Saturday Sept. 23, at 4 p.m. in the Ellis Funeral Home Chapel for Mrs. Travis (Billie) Clifton. Mrs. Clifton died in Midland on September 20, of a heart attack.

Survivors include her husband, Travis; two sons, Butch and Tabo, four daughters, Linda, Ann, Janet and Marlene. Her parents, and also several brothers and sisters.

Mr. and Mrs. Bill Dunning joined the family Friday for the day.

### Chlordane Insecticide Available For Fire Ants

Chlordane insecticide is available on a restricted use basis for control of the imported fire ant in a nine-state southern area (Alabama, Florida, Georgia, Louisiana, Mississippi, North Carolina, South Carolina, and Texas). That announcement comes from Velsicol Chemical Corporation, manufacturer of chlordane, in a response to numerous inquiries on the status of the chemical.

According to an agreement signed earlier this year by Velsicol, the Environmental Protection Agency, the Environmental Defense Fund and other interested parties,

chlordane may continue to be used for control of imported fire ants on lands not presently used or to be used for food or feed production or grazing for a period of two years following treatment, up to January, 1981. At that time, further reviews may be initiated.

Three chlordane formulations are currently available: a 10 per cent dust, an eight pound emulsifiable concentrate and a 10 per cent granular material.

Sale and use of the product is restricted to certified applicators or persons under their direct supervision.

### Sodium Cyanide (M-44) Training Announced

A certification and training session for the use of Sodium Cyanide and Predator Control will be held in the Community Center in Guthrie Tuesday Oct. 3rd, starting at 7:30 p.m.

In addition to the certification training, Dale Wade, Extension Area Wildlife Specialist will provide ad-

ditional information on general predator control methods including what to watch for; types and placement of traps; general trapping; and calling.

Extension Agent Bill Pallmeyer stated that those from Motley County who were interested in this training were welcome to attend.

### Salvation Army Unit Has New Representative

**DALE MARET**  
The Salvation Army  
Reg. 5 Field Representative

The Matador Salvation Army Service Unit will be represented by Mr. Dale Maret, Salvation Army Field Representative, it was revealed today by Billy Wason, Service Unit chairman and owner of Billy's Grocery.

Mr. Maret's appointment to Region Five was announced recently by Mr. Dan Eddy, Texas director of development for The Salvation Army.

Region Five is a Salvation Army designated 29-town area that includes Matador and covers all of the Panhandle and much of the South Plains.

The Matador Salvation Army Service Unit is a member of the Matador Area

Community Fund. In his capacity as field representative, Mr. Maret will work with Mr. Wason and the Matador Service Unit committee and will act as liaison between the Service Unit, The Salvation Army Corps in the area and Texas Divisional Headquarters located in Dallas.

A Salvation Army Service Unit is a committee of volunteers who perform the same service of helping those in need in their town as do uniformed Salvation Army officers in Corps towns.

Matador Service Unit committee members who serve with Mr. Wason are: Ronald Christian, R. M. "Bob" Stanley, and Luther B. Green.

## Quarter Horse Show Held Recently

The first annual Motley County Quarter Horse Show and Approved Youth Activities was held Saturday September 16 at the Old Settlers Rodeo Arena with Roland Moore from Tulia as judge. Boyce Hart of Matador was the announcer.

Placings in the events by the Motley County 4-H Rodeo Association were as follows: Grand Champion Stallion -- Tuffy Bo Bar owned by Cliff Widner of Memphis, Texas; Reserve Champion Stallion -- Bit A Chick owned by Hays Bracn of Snyder; Grand Champion Gelding -- Brandy Dee Bar owned by Carl Hancock of Memphis; Grand Champion Mare -- Squeaky Battle owned by Donnita Byars from Lakeview; Reserve Champion Mare -- Samatha Beau owned by Johnny Scott from Sweetwater.

Taking the honors as Youth All Around was Brad Monzingo, age 12, from Memphis with his twelve year old horse, Ranger's Chucky. They placed fourth in Showmanship at Halter, second in Western Pleasure, first in Reining; fourth in Pole Bending, fourth in Barrel Racing with a total of thirteen points.

There were fifty six horses entered from Hereford, Pampa, Haskell, Snyder, Silverton, Memphis, Lakeview, Lockney, Dimmit, Sweetwater, Lubbock, Turkey, Seymour, Amarillo, Estelline, Paducah, Abilene, Vernon as well as Motley County in the forty events.

Youth from Motley County placing were: Susannah Woodruff, daughter of Mr. and Mrs. Glenn Woodruff, riding Squeaky Sue won first in Youth 13 and under Pole Bending, 2nd in Youth Showmanship at Halter, 4th in Youth All Age Mares, 4th in Youth 13 and Under Barrel Race, 4th in Senior Barrel Race, 4th in Senior Pole Bending.

Princess Skaggs, daughter of Mr. and Mrs. Bill Skaggs, riding Dix Danny won 1st, youth 14 through 18 Pole Bending, 1st Senior Pole Bending, 2nd Youth 14 through 18 Barrel Race.

Craig Turner, son of Mr. and Mrs. Dean Turner of Matador, showing his new horse, Star Sox Bar for the first time placed 5th in the 1977 Gelding Class and 7th in the Youth All Age Gelding Class.

Darryl Perryman, son of Mr. and Mrs. Ray Perryman, riding Swenson Iron Bar placed 5th in the Youth (13 and under) Western Pleasure.

Darrel Johnson placed 6th in the 1974 Geldings or Before Class riding Pale Face Dan.

There were forty-nine youth entries with a hundred and eight total entries.

Other area horse owners placing in the show were:

Roy Gene Stephens with Star Rusty Bar winning 3rd in 1976 Geldings, 3rd in Senior Pole Bending, 5th in Junior Reining.

Viola Stinson of Flomot placed 1st in 1976 Gelding class with Star Brother Bar, 2nd in 1975 Stallions class with Dusty Sonoita Bar.

Mary Ellen Barton placed with Star Champion Bar placing 2nd place in 1976 Mare class.

Adult leaders who helped were show manager Sid McFail, Show Secretary, Dell Bearden, Ring Steward James Bearden, with Mrs. B. J. McKelvey in charge of concessions.

### KRAFT KATS DELAY MEETINGS

The Motley County Kraft Kats have been laid off for the past month due to vacations and the starting of school. They have many fun events in store for the upcoming year. The Kraft Kats are in hopes of having a bazaar sometime before Christmas. At the time of the last meeting, they were working on ceramics. The date for the next meeting has not been set, but all members will be contacted.

## Food Labeling Information Wanted

The USDA and HEW is wanting information from consumers relative to what should be on a food label. Letters should be addressed to: HEARING CLERK, HFC-18, Food & Drug Administration, Room 4-62, 5600 Fishers Lane, Rockville, MD 20857 and mailed to arrive prior to 10 Nov. 1978.

At present some label information is required by law. The common name of the food; name and address of the packer, manufacturer, or distributor; list of ingredients for most foods; presence of artificial coloring, flavoring or preservative; and the amount of food contained in the package.

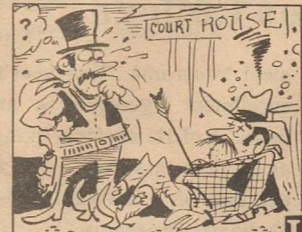

In addition, nutrition labeling is required on protein,

vitamins, or minerals are added or if nutrition claims are made.

The label may include other information such as brand name, price, illustrations, recipes, and storage instructions.

Several proposals have been made to required additional information on labels including: more specific identification of ingredients; amounts of ingredients; drained or fill weight; open date labeling; and nutritional information.

What do you want on labels? asks Extension Agent Bill Pallmeyer. There is no telling what the final outcome will be, but if you have suggestions, now is the time to state what information you would like to see on food labels.

Judge Roy Bean, a saloon-keeper and justice of the peace on the West Texas frontier, once fined a corpse \$40 for carrying concealed weapons.

In 1900, there were fewer than 8,000 automobiles in America and less than 10 miles of concrete pavement.

### Student Council To Sponsor Halloween Queen Contest

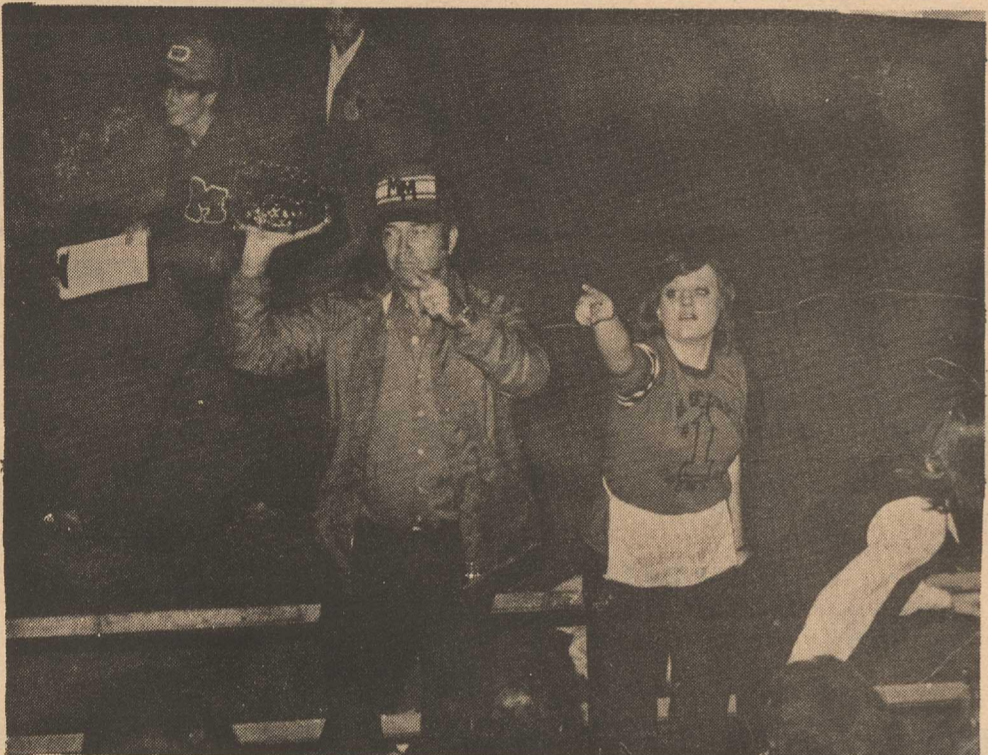

**By Heidi Kirkpatrick**  
 The Motley Co. Student Council is sponsoring a Halloween Queen contest in connection with the Community - School Halloween Carnival, Tuesday, Oct. 31, at the High School Gymnasium and Cafeteria.

Each class has selected a queen contestant, and the

winner will be determined by the amount of money contributed by voters. The crowning of the queen will be the highlight of the carnival. She will be complemented by the other contestants and by princesses chosen from elementary and junior high school.

Representing the classes

are contestants: Freshman, Reneigh Gwinn, daughter of Mr. and Mrs. Charles Gwinn of Matador; Sophomore, Kelli Taylor, daughter of Mr. and Mrs. James Taylor of Matador; Junior Gwen Calvert, daughter of Mr. and Mrs. Doyle Calvert of Flomot; and Senior, Belinda Simpson, daughter of Mr. and Mrs. Joseph Simpson of Matador.

### Student Council Holds Cake Auction

**By Shannon Jameson**  
 The Motley County Student Council held a cake auction last Friday night during the half-time of the Motley - Crosbyton football game.

The freshmen officers, Shelley Jackson, Wesley Stafford, Derinda Cruse, and Kimberly Campbell, furnished the cakes. Mrs. Grace

Timmons served as the crowd-pleasing auctioneer.

### Mexican Supper

The Sudan Junior Class will be sponsoring a Mexican supper Friday night, September 29. This will be just prior to the Sudan-Motley County football game from 5 to 7 p.m.

The menu consists of enchiladas, tacos, beans, salad, tostadas, sherbert, tea or coffee. \$3.00 adult, \$1.75 children.

Dresses and high-heeled shoes for girls, fancy levis and shirts for boys ruled the day Tuesday, Sept. 26, as individual and group pictures were made for the annual.

The rain dampened some of the girls' hair-dos, and one girl dressed in a beautiful white dress had the good fortune to meet a very friendly dog who jumped on her with his muddy paws. But the smiles were genuine, and getting out of class made it all worthwhile.

The man behind the camera was Charles Benton of Lubbock, who is not only a photographer but an actor as well. He played Dick Thorton, the old man in the jail, in Convoy. He has just finished a

role in Centennial, which will air Sunday night on television and go through February. Charles will be in episode seven, as William Warsaw, a

rich cattleman who plots to get rid of the sheepmen. His newest role will be an Amish farmer in Gene Wilder's film, No Knife.

### Motley County J.V. Downed By Jayton

By Gwen Calvert

The Motley Junior Varsity traveled to Jayton, Thursday to meet head-on with the Jayton Jaybirds, losing to the Jaybirds, 6-0.

Although the Motley offense strived for a touchdown, the Jaybird defense proved too tough for the Matadors.

The Motley defense allowed

Jayton only one touchdown, but that one touchdown proved to be the fatal blow for the Matadors.

Coaches Danny James and Larry Dearen have worked hard with this group of young men, and even though they are still looking for their first win, they haven't given up.

### Jr. High Mavericks Shoot Down Jaybirds

By Kim Campbell

The Motley County Mavericks traveled to Jayton and shot down the Jaybirds 20-0.

The offense was led by Shawn Bearden at quarterback and Tim Shannon and Clayton Sims at running-backs. Defensive players Brent Campbell and Darrell

Moore led the defense in shutting out the Jaybirds.

Touchdowns were scored by Shawn Bearden, Clayton Sims, and Tim Shannon.

Coach James and Coach Dearen were very pleased with the way the whole team played.

### English Assignment Features Motley Graduate

(The following essay was written for an English IV assignment. The subject of the description is Kenneth Davis, a 1962 Matador High School graduate from Northfield. The author is his niece, Tanya Simpson, also from Northfield. Kenneth and his family live in Fort Worth, where he attends Southwestern Baptist Theological Seminary.)

+++

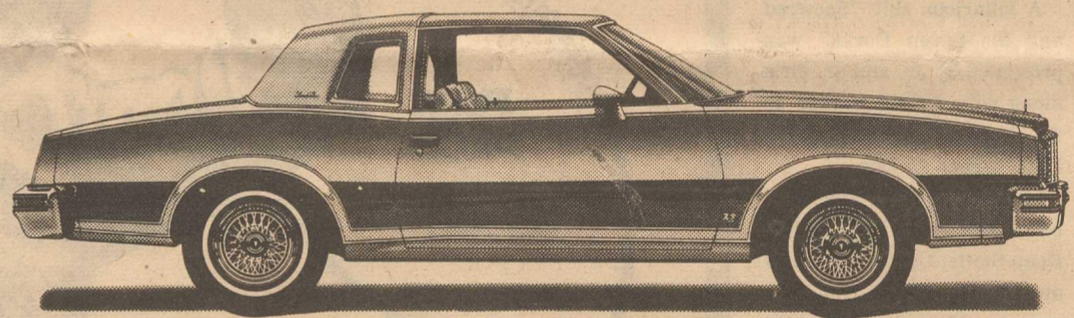

Uncle Kenneth wasn't always a preacher. He's a big man, tall, broad shouldered, with bright blue eyes, a wide smile, and rough calloused hands that show his years of labor as a welder. Kenneth never stayed in one place very long at a time; boredom seemed to follow him with every step he took. He says that it was God following him, ever reminding him of what he was meant to do.

Dressed in faded levis, western shirt, cowboy boots

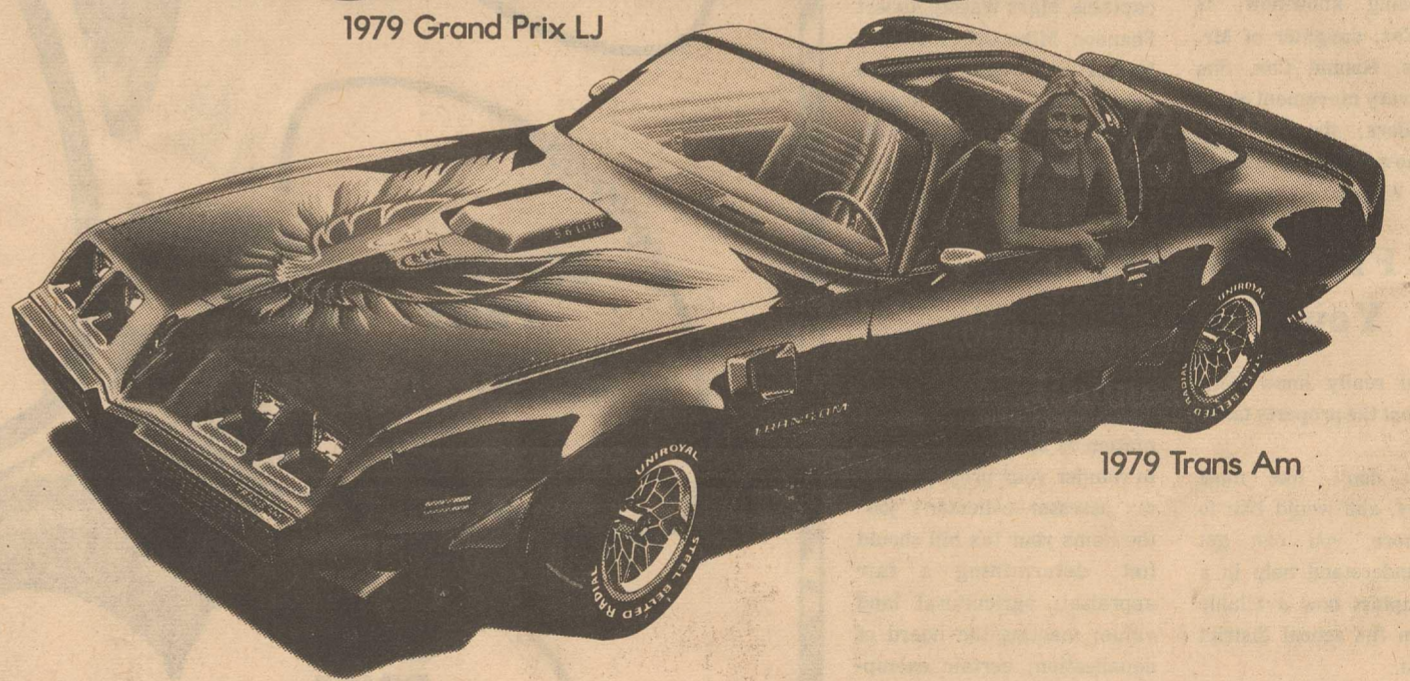

and hat, Kenneth scarcely looks the part of a minister. A mischievous air escapes his expression as he romps and plays with his three small children, his face, glowing with happiness fails to reveal his thirty-four years. It's only when he dons his newly acquired spectacles, covers his smile with a serious expression, and earnestly concentrates on his seminary studies that a glimpse of minister shines through.

Standing behind a pulpit, dressed in an unfamiliar business suit, he throws his jacket out, loosens his tie, and in a coarse unpolished voice, quietly tells of God's love. His soft-heartedness often escapes in the form of tear-clouded eyes. His hands constantly hold his Bible as if he's trying to show the shield it can be to one's life. Quietly his words seem to flow into the hearts of his congregation.

### Pep Rallies Have New Look

By Debbie Phillips

Pep Rallies at Motley County have taken on a new look. Jason Bryant, the 5 year old son of Mrs. Margaret Bryant is the first male to have the privilege of being on stage with 6 beautiful girls. Not to be upstaged by the female lovelies, he spends his time moving from one to another, smiling up at them, showing his dimples and movie star smile, and occasionally waves to his proud mother in the audience.

The female mascot, who often steals the show with her cheerleading know-how, is Shawn Cox, daughter of Mr. and Mrs. Ronnie Cox. She follows every movement of the cheerleaders; she is especially show-stealing during "Boogie Woogie".

### Free Book Explains Your School Taxes

Do you really know very much about the property taxes you pay?

If you don't, like most taxpayers, and would like to learn more, you can get easy-to-understand help in a new pamphlet now available free from the school district tax office.

It's entitled, TAXPAYERS' rights - remedies - responsibilities.

This eight-page pamphlet explains the four basic stages of the tax process in the local school district - from the first of each year when your property is valued, through the tax bill which you receive later that year.

The various tax procedures are explained in separate articles which can be read any time and then checked again at times of the year when you need specific information about school taxes.

Humorous cartoons of exaggerated tax situations are

Other highlights this fall have been head cheerleader Debbie Phillips getting drowned unsuspectingly by her fellow cheerleaders. They urged the students and teachers to yell loud enough for the water to be poured.

A hilarious skit "Snowred and the Seven Dorks" was presented by Jr. and Sr. girls along with Arnold Parker as the Prince and Mrs. Nova Dale Turner as Doc.

Many spirited speeches have been given by principal Dean Stotts, Coach Bradshaw and Coach James. The four captains, Mark Wason, Robert Shannon, Mike Green, Robert Parker and team members Lester Campbell and Charles Davis gave their brief expectations of the game to be played.

included, along with a helpful tax-year calendar and information on such things as how to render your property; the tax assessor-collector's job; the items your tax bill should list; determining a fair appraisal; agricultural land value; meeting the board of equalization; certain exemptions; how tax rates are formed; lawsuits; school budgets; and public meetings. The pamphlet is produced by the Texas School Tax Assessment Practices Board for public distribution through local school district tax offices.

## WHY FREEZE APPLES? HERE'S WHY

Why put apples in the freezer when you can buy them fresh the year around? The best reason is to hoard favorite varieties that may not be available later in the year. Many popular varieties for cooking and baking such as Baldwin, Northern Spy, Newtown Pippin, Rhode Island Greening and York Imperial are available during the fall months. However, because of demand for them for commercial processing they are less readily available in later months of the year.

It takes about two pounds of apples to make a quart. There are three ways to freeze them: dry pack, sugar pack or in syrup. Dry pack is done without the addition of sugar. The apples must be scalded or steamed for 1 1/2 minutes before packing. For the sugar pack, sugar is added to the prepared fruit before packing into containers. Some cooks heap the prepared apples into pie pans for freezing and they are ready to put into crust-lined pie pans. Fresh apple pies can be assembled in a matter of minutes. After the sugared apple slices are frozen, remove from pie pans and wrap in foil packages, pre-shaped and measured for the pie shell later on.

Cooks who do a lot of freezing prefer the syrup pack for fruits that tend to darken, such as apples. The cored and pared apples are sliced into a brine made with 3 Tablespoons salt to a gallon of water. Prepare the syrup using a cup of sugar to 2 cups of water. Add 1/2 teaspoon powdered ascorbic acid to each

quart of syrup and heat to 180 degrees. Dip the drained apple slices into the simmering syrup and simmer 3 minutes. Cool the apples quickly. (Plunge the pan of apples into a sink full of ice water. This prevents over cooking.) Pack the apple slices with the syrup in which they were cooked, into containers that can be sealed tightly. Leave head space of 1/2 inch for pint containers, 3/4 inch for quart containers. Seal. Freeze at once.

Apple pies take well to freezing and can be put in the freezer unbaked or baked. Use your favorite recipe and if you prefer to freeze the pie unbaked, don't slit the top crust.

Wrap the pie carefully forcing all air from the package. To bake, slit the top in two or three places and put the

frozen pie in a 425 degree oven. Bake about 60 minutes or until juices bubble through slits in the top crust.

If you have a microwave oven, you may prefer to bake and brown apple pies before freezing. The frozen pie will thaw and bake in a matter of minutes—check the use and care book for your model of range for time and setting. Using a standard gas or electric oven a frozen apple pie should be placed in a 375 degree preheated oven and baked for 30 minutes.

## Evidence Is Required To Get SS Number

Everyone who applies for a social security number must provide evidence of age, identity, and U.S. citizenship or residency status, a social security spokesperson said recently.

This is so, regardless of the person's age or place of birth. In addition, applicants age 18 or over must come into the social security office when applying, the representative said.

The idea behind these procedures is to protect a person's social security record, to prevent anyone from misusing or abusing another person's social security number, and to assure that the record is complete and accurate.

A person who needs a duplicate social security card to

replace one lost or to show a new name must present evidence of his or her identity before the new card can be issued. In addition, the person's application will be checked against social security records before the new card is issued.

People should allow plenty of time to get a new social security number or duplicate card. It takes about 6 weeks to issue the number and deliver the card after all required evidence has been submitted.

The best evidence of a person's age and U.S. citizenship is a birth certificate. This should be submitted whenever possible. If this is not available, other documentary evidence can be

used. Evidence of identity should include documents which show the person's picture, signature, date of birth or age, or other identifying information.

People not born in the U.S. should submit evidence of their U.S. citizenship or their immigration documents showing they are lawfully admitted to the U.S.

A leaflet, "Applying for a social security number," can be obtained at any social security office. It tells what kinds of evidence can be used. The address and telephone number of the nearest social security office can be found in the telephone directory under "Social Security Administration."

## Spotlight on HEALTH HEART PAIN -OR GAS?

In recent years a number of published clinical studies have reported on an anti-foaming agent called simethicone which has been found to be effective in breaking up the tiny bubbles that combine to form gastric foam. The pressure of this foam, which often is entrapped in the intestine, can produce bloating, cramps and severe pain. Simethicone has been incorporated into medications such as Phazyme for relief of gas pains.

A new formulation of this tablet with more simethicone was recently introduced for relief of acute and severe gas pains. Called Phazyme-95, it is a two-phase tablet which offers a dual approach to the problem of gastrointestinal gas; it acts rapidly to disperse entrapped gas in the stomach and subsequently facilitates the dispersion of gas from the lower gastrointestinal tract. Secondly, it acts to enhance digestion and help reduce gas formation. It is available without prescription.

Although severe gas pain may merely mimic that of more serious illness, physicians stress that self-diagnosis could be dangerous. Any pain resembling serious illness should always be promptly checked out medically.

A dinner party ended sooner than expected when one of the guests complained of pain so severe that he and his hostess thought he might be having a heart attack. Actually, the man was suffering the effects of painful entrapped gastrointestinal gas. Such pain can mimic that of a heart problem and also that of a gallbladder or ulcer attack.

Gastrointestinal gas has been described as the problem most frequently encountered by the gastroenterologist in his medical practice.

Distress from intestinal gas can plague people of all ages and occupations, from housewives to astronauts. However, pregnant women, post-surgical patients and the elderly are particularly susceptible. "Nervous eaters" who bolt their food, people on special diets which include foods such as low-calorie liquids offered as complete meals in themselves, and those on high fiber and organic raw food diets frequently have this problem.

The tensions of everyday living are also a contributing factor, but air swallowing known medically as "aerophagia," is estimated to be responsible for three-fourths of cases of gaseousness.

"Absence sharpens love; presence strengthens it."

## Social Security Questions -- Answers

By Janis Sherrod  
S.S. Representative

Question: I am age 64 and my husband, who was receiving retirement benefits, recently passed away. Since he was over age 65 and entitled to Medicare, does this mean I will now have Medicare coverage?

Answer: No, to receive Medicare, you must either be age 65 or have received benefits based on a disability for 24 consecutive months.

For further information regarding Social Security benefits please contact the Social Security office, 1401-B West 5th Street, Plainview, telephone 293-4371.

Question: I plan to retire when I reach 65 in 1978. But, I may work some months out of each year. Does't the social security law provide that I can get my full benefit as long as I

don't earn over a certain amount each month?

Answer: Recently enacted legislation provides that the monthly measure will apply only in the first year in which a person can get at least one full monthly benefit under the monthly measure of retirement. After the first year, a person's annual earnings will determine whether his or her benefits are affected. Under the old law, the monthly measure applied to all years a person received benefits up to age 72. More information about changes in the retirement test is given in a leaflet which is available at any social security office.

For further information regarding Social Security benefits please contact the Social Security office, 1401-B West 5th Street, Plainview, telephone 293-4371.

That's when she came at me, wattles flying, wings flapping.

## My first nest egg.

The eggs were still warm. Felt just like a pillow that's been slept on all night. I picked the last one up and gingerly placed it in the basket. That's when she came at me, wattles flying, wings flapping. Chased me out of the hen house and right into the arms of my grandpa.

"Ol' Mabel get ya? Bet you accidentally took her nest egg."

He poked into the basket and drew out an egg. "This one here, see? It's china. Put it in there just for Mabel. Little something of her own so she's not sitting there all alone. Mighty comfortin' to a hen. Boy, nest egg can be mighty comfortin' to some folks, too."

Later that day, Grandpa gave me my first Savings Bond. Said he'd planned to give me a lecture about saving, but Ol' Mabel had done it all for him. Told me that the Bond was my start

on a personal nest egg. A little something stashed away to keep me going.

Every year after that, Grandpa gave me another Bond. And every time I got a chance, I added a Bond of my own to the pile. Those Bonds grew up right along with me.

Today, I run one of the biggest ranches in the Southwest. And you know how it all got started? From a little bitty nest egg. Guess I owe a lot to Grandpa. And Ol' Mabel.

Start building your nest egg. Sign up for the Payroll Savings Plan at work. Or the Bond-a-Month Plan where you save. Whether you're saving for an education, retirement or even a new home. Bonds can make sure there's a fund in your future.

You can save gas—and so save money—by making sure your engine is in proper tune.

Regular tuneups, as recommended by the car manufacturer, can save you as much as 10 percent on gasoline costs. You can save gas—and so save money—by making sure your engine is lubricated by a good synthetic oil. Because it lubricates with less friction than conventional oil, Mobil 1 helps the average car go 10 extra miles per tankful of gas. Some test cars went 27 extra miles.

Thank You

To Our Dear Friends in Matador.

Words are inadequate to express the deep appreciation for your love and concern in the illness and loss of our loved one.

Thank you for your cards, telephone calls, each dish of food, the beautiful flowers, memorials to the cemetery fund, building fund of the Methodist Church, and the Eastern Star Home, your presence in our time of need, and your prayers.

There is a time in life when there is nothing left but friends and you were there. Thank you and may the Lord bless you.

The Family of Nellie Haney Mr. and Mrs. Bill Koon and Family, Mr. and Mrs. Seth Beauchamp and Family, Mrs. Lucille McNabb and Family.

THANK YOU NOTE

Thanks to Dell Bearden for her hard work serving as secretary of the Motley County Rodeo Board. She has done a fine job that all the contestants appreciate very much. Dell has served in her office to the fullest. We are all proud of you Dell!

Thanks Again, 4-H Club Members

NOTE OF THANKS

I would like to say 'thank you' to everyone for your kindness shown to me during my hospitalization and following my recent back surgery. Your cards, flowers and phone calls were very much appreciated.

Also your concern over the loss of my horse has meant very much to me.

Steven Braselton

THANK YOU

I wish to thank all of W. R.'s and my friends who assisted me in anyway before and during my shop sale. I couldn't have gotten along without you and will always remember you.

Mrs. W. R. Tilson

IMPORTANT NEWS FOR BACKACHE SUFFERERS!

MOMENTUM® Tablets are 50% stronger than Doan's. Before you take Doan's Pills for muscular backache, remember this: MOMENTUM Tablets are 50% stronger than Doan's. That means MOMENTUM gives you 50% more pain reliever per dose to relieve backache. To reduce pain, soothe inflammation so muscles loosen—you can move more freely in minutes! There's no stronger backache medication you can buy without a prescription than MOMENTUM Tablets. Take only as directed.

THE LADY TINKER FURNITURE PROTECTORS! If you have to move patio furniture that has metal runners, try using old garden hoses as protectors. They make for much less wear and tear on the furniture and on the patio.

Newest Food Craze: Oriental Cookery

FAST, INEXPENSIVE, EXOTIC: Festive meal consists of Cantonese shrimp and black bean main course (in wok), rice, Mandarin style Peking Ravioli, and tea. Recipes appear in free newsletter "Good Taste".

Pastest growing food craze in America today is the coast-to-coast yen for oriental foods, not only in Chinese restaurants, but home cooked specialties from China, Japan, India, Burma, Indonesia and Vietnam.

Marvin Norman of Stow, Mass., a computer expert and oriental food buff, claims there isn't a hamlet in America that doesn't have its complement of oriental food fans. He should know, for his business trips have taken him throughout the nation and he has been swapping exotic recipes from coast to coast.

Norman and a group of friends, originally from the Boston area, began exchanging oriental recipes a decade ago. From this has come a free newsletter started two years ago, which now goes to thousands of oriental food fans throughout America. Most of these dishes can be cooked in five minutes.

While recipes in the past have been complex, the readership now includes many beginners and the newsletter contains basic recipes as well. Featured in the current newsletter are two easy to make Chinese dishes, black mushrooms with soy and ginger, shrimp with black bean sauce, and a mild Indian pea and potato curry.

The newsletter, "Good Taste", is available, free, to anyone with an interest in oriental cooking. It also includes suggestions for mail order sources of supplies. To receive the newsletter, write: GOOD TASTE, P.O. Box 89, Stow, MA 01775.
