

Prepare For Steel Strike

Two steel plant workmen spray mortar on the sides of a blast furnace, one of ten being chilled at a Chicago steel plant in preparation for an impending steel strike. The workers, Clinton Plummer, left, and Ather Williams, are part of an entire force working to stop the round the clock furnaces. The strike is scheduled to start at midnight Tuesday. (AP Wirephoto.)

# Steel Industry Shutdown Near

By WILLIAM G. SMOCK  
PITTSBURGH (AP)—America's great steel industry rushed toward a complete shutdown today. Government, industry and labor leaders held out scant hope of averting a defense-crippling strike at the stroke of midnight.

Mill shutdowns already have killed more than 100,000 of the 650,000 CIO United Steelworkers members ordered to strike some 98 steel-producing companies across the nation.

# IN WAR GAMES Planes Collide As Paratroops Jump

By WILBUR MARTIN  
FORT HOOD, Tex. April 8 (AP)—Two men died today—one in a flaming plane crash and the other in a leap from a troop transport—in Exercise Long Horn's second mass parachute jump.

One Air Force pilot was killed when two F-51 single engine fighter planes collided high in the air. Both planes crashed and burned, but the pilot of one parachuted to safety.

# Ike's Resignation Believed On Way By Top Officials

PARIS (AP)—Officers at Gen. Eisenhower's headquarters here today seemed to think the general has asked to be released from his post as supreme Allied commander in Europe, although no one wanted to be quoted.

Officially, there was no comment on a report published in the New York Times that a letter from Eisenhower, asking for his release, is en route to Defense Secretary Robert A. Lovett in Washington.

# HOW DO RACES STACK UP NOW?

What's the political score now that Truman has bowed out of the presidential race? Will the President's action help or hurt Taft's chances? Eisenhower's chances? What about Gov. Adlai Stevenson of Illinois? Sen. Richard Russell of Georgia? Starting Wednesday the Gallup Poll will bring the readers of the Herald a complete round-up of the political situation, based on coast-to-coast surveys. Starts Wednesday in the Herald.

# Commerce Dept. Set To Operate Steel Industry

## Seizure Orders Reported Ready For HST Name

WASHINGTON, April 8. (AP)—The Commerce Department today was reported ready to operate the strike-threatened steel industry in the event Truman decides on government seizure.

# Tells Of Talk

Sir Sarvapalli Radhakrishnan (above), India's ambassador to Moscow, said that he was convinced that now is the time for a meeting of the world's top people — presumably Stalin, Churchill, Truman and Nehru.

# Commie Shore Fire Straddles US Minesweeper

SEOUL, Korea (AP)—Rad artillery shells splashed all around the American minesweeper Endicott when she swept into Chongjin harbor, 70 miles from Soviet Russia, the Navy reported today.

# Warships Fought In A Strong Position

WASHINGTON (AP)—Sen. Richard Russell of Georgia predicted today he will receive "no less than 300 and maybe as high as 400" first-ballot votes for the Democratic presidential nomination.

# Lattimore Urged US Recognize Mongolia

WASHINGTON, April 8 (AP)—William C. Bullitt, former ambassador to Russia, testified today that he urged immediate U. S. recognition of Outer Mongolia.

# 1 1/2 Billion Slash Urged In Budget

WASHINGTON (AP)—House budget-cutters were reported considering today a slash of 1 1/2 billion dollars in the 1953 defense budget without specifying where cuts should be made.

Tells Of Talk

Sir Sarvapalli Radhakrishnan (above), India's ambassador to Moscow, said that he was convinced that now is the time for a meeting of the world's top people — presumably Stalin, Churchill, Truman and Nehru.

# Cooler Weather Is Reported In Sight

Yesterday was Big Spring's warmest day of the year with the mercury rising to a level of 90 degrees, and topping by three degrees the previous 1952 high of 87.

# Pioneer Oilman Dies

SANTA MONICA, Calif. April 8 (AP)—Funeral services will be held here tomorrow for William Peyton Mason, 83, pioneer Texas oilman.

# THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy this afternoon with some blowing dust this evening and tonight. Hint of showers and thunderstorms with a fresh breeze tonight. Cooler tonight and Wednesday.

# Impact Of Phone Strike To Be Felt Wednesday; Settlement Hope Dim

## Phone Service In Texas Said 'Normal' Now

Telephone service continued on a normal basis in Texas today. No picket lines by striking Western Electric Company employees were reported anywhere in the state.

## Western Union Service Opened In A Few Cities

Telephone service continued on a normal basis in Texas today. No picket lines by striking Western Electric Company employees were reported anywhere in the state.

## TELEPHONE STRIKE MAY EXTEND TO BIG SPRING BY WEDNESDAY

The telephone strike may reach Big Spring by Wednesday. That is the date set for all-out picketing by Western Electric workers, according to an announcement by Henry Mayer, New York attorney for striking CIO communications workers.

## Combined With WU Strike, U.S. In For Trouble

NEW YORK, (AP)—Striking CIO communications workers are causing few delays to telephone service across the nation, but a union official says picketing will multiply the jams starting tomorrow.

## Reds Hint Of Compromise

MUNSAN, Korea (AP)—Communist negotiators hinted today they are ready to give in on Russia as a "neutral nation" to help supervise a Korean truce if the Allies would permit the Reds to repair their airfields.

## Big Turnout Seen In Illinois Primary

CHICAGO, April 8 (AP)—Baldy spring weather spurred a heavy vote today in the Illinois primary election which features presidential popularity contests.

## TAFT IS FAVORITE

Chicago officials predicted nearly two million voters—the largest turnout in 10 years—would ballot before the polls close.

## IF YOUR CHILD IS BETWEEN 4 AND 6

This is the week to take him or her to the Culver Studio, 919 Rannels, for portrait to be entered in the "Personality Child Contest."

MUNDT ASSERTS

South Has Balance Of Political Power

JACKSON, Miss., April 8 (AP)—The South for the first time since 1936 holds the balance of political power both within the Democratic party and in the nation, Sen. Karl Mundt (R-SD) said here today.

Democratic national convention in 1936 repealed the "two thirds rule," Mundt declared.

His remarks were in a speech before the annual meeting of the Mississippi Economic Council.

Mundt, who for two years has slumped the country advocating a Liberal-Conservative realignment of the nation's two major parties, said that such a shuffle could result from the 1952 elections.

Praising presidential candidate Sen. Russell (D-Ga.) as deserving "united and sustained support of Southern Democrats," the South Dakota said failure of the Democrats to nominate Russell would be the first step in such a realignment.

Inability of the South to support the national nominee and reluctance to vote a Republican ticket could lead to another Southern presidential ticket which would have a good chance of throwing the entire election into the House of Representatives, he said.

"A presidential selection by the House of Representatives would undoubtedly bring about a permanent realignment of party forces in this country," he went on.

"Those joining forces in the choice of President would in all probability also organize the Senate and the House and thus provide the needed nucleus for evolution of two new opposing partisan forces in this country—each with a definite purpose and definable principles so that the people would have a clear-cut choice in all elections."

TEXAS BRANDS

By JOHN M. HENDRIX About 1882 J. H. Ryburn selected Tom Green County as a seat of operations for his cattle industry and in the spring of 1883 established a large ranch near Knickerbocker Creek. He later organized a large company called Stilson, Case, Thorpe, Ryburn, and Company and was made manager of the new company. Stilson, Case, Thorpe, Ryburn, and Company gave the Half Circle 6 as their brand.

Presenting Program In Loraine

COLORADO CITY. — Two music classes from the Junior High School in Colorado City presented a musical program at the Loraine schools Tuesday morning.

The two Colorado City groups are the String Ensemble under the direction of Mrs. Nathan King and the Girl's Choral Club, directed by Mrs. H. E. Johnston and Mrs. King.

The String ensemble will present several typical American songs, including, "America," "Old Black Joe," "In the Gloaming," "Beautiful Dreamer," and "Daisy Bell." Gretchen Grant will play a cello solo, "I'll See You Again," accompanied by Mrs. H. E. Johnston.

The ensemble includes Don Dosssey, Sandy McSpadden, Richard Gale, Douglas Sherman, Charles Northcutt, Charles Ray Duta and Joe Johnson. The group gave several concerts during the year to various civic clubs.

The Girl's Choral Club will present several numbers, including, "The Forest Dance," "On the Lagoon," "The Sidewalks of New York," "The Kerry Dance," "Tea for Two," "April Showers" and "Easter Parade."

Thirty-eight girls from the seventh and eighth grades are in the choral club including Ann Bailey, Marla Barnes, Kagna Bassham, Jewel Blasingame, Yvonne Boatman, Sandra Hobbs, Doris Braswell, Betty Bryant, Katherine Cooper, Neva Jo Davenport, Bertie Lou Dorn, Ann Forehand, Carolyn Geer, Carolyn Hall, Betty Halton, Gwendolyn Jordan, Juanita Long, Henrietta Lujan, Severa Lujan, Jenny Lynn Massad, Annabella Masters, Florine McKinney, June McDonald, Jo Ann Merket, Sheila Nelms, Valerie Oliver, Tommy Ruth Owens, Gene Shelley, Kay Stewart, Margaret Walls, Joann Warner, Nell Webb, Maxine Wiley, Clara Mae Whitley, Nelda Jo Brown and Sheridan Davis.

Texas Jet Pilots In Crossing Of Pacific, Atlantic Oceans

COLUMBUS, O. April 8 (AP)—Two Texas jet pilots helped make aviation history by flying jets across both the Atlantic and Pacific Oceans.

They are Maj. L. H. Carrington of Austin and Capt. Jack Trapp, San Antonio, identified yesterday by the Air Force.

The two flew in a mass flight of six RB-45 jets from Scuitthorpe, England, to Lockbourne Air Force Base. The trip took less than ten hours flying time with stops at Iceland and Labrador. The last ship landed Sunday.

The same six men flew the giant four-engine jet bombers across the Pacific in 1950. All won the Distinguished Flying Cross for the Pacific flight.

New Bridge Swept By Floods

A flood crest, weighted down with huge boulders piled on top of cakes of ice, swept away the brand new \$1,000,000 (m) Saskatchewan landing bridge with a great roar. Three steel center spans, weighing hundreds of tons, were hurled forty feet before they sank in the river. The bridge was erected less than a year ago. (AP Wirephoto).

Approval Predicted Of Bill To Check Up On Spending

WASHINGTON, April 8 (AP)—Congress predicted certain Senate approval today of a bill to give Congress a professional staff to detect wasteful spending.

However, they conceded the measure probably will be modified to meet objections of veteran Senators on the Appropriations Committee.

Sen. McClellan (D-Ark.), sponsor of the bill, said he thought voting would be completed late in the day.

As reported by McClellan's government operations committee, the measure would create an 18-member joint congressional committee on the budget.

The group would have a highly-trained technical staff which would check the year-round on spending in the numerous federal departments.

Sponsors said the staff would cost about \$600,000 a year. But they estimated it could save billions.

Ike Men File La. Law Suit

BATON ROUGE, April 8 (AP)—Pro-Eisenhower Republicans here are seeking court action to prevent a pro-Taft group from "acting as delegates" to district and state GOP conventions.

They filed a lawsuit here yesterday as a result of a meeting of East Baton Rouge Parish Republicans Saturday at which rival groups each claimed election as delegates.

The Sixth Congressional District convention, which will name a delegate to the national GOP convention and an alternate, will meet April 12. The state convention will be held in Alexandria April 23.

New Orleans Jury Opens Investigation

NEW ORLEANS, April 8 (AP)—The New Orleans Parish grand jury opened an investigation into gambling and vice today.

Scheduled to appear before the grand jury were 26 persons listed as holding federal gambling tax stamps; Police Supt. Joseph L. Schuering and four newsmen.

Human Body Can Be Allergic To Itself

PITTSBURGH, April 8 (AP)—The human body can become allergic to itself, a Texas allergy specialist said yesterday.

Dr. A. Ford Wolf of the Scott and White Clinic, Temple, Tex., said women, for example, can develop an allergy to their own hormones.

This often brings pre-menstrual pain, tension, and skin disorders, he added.

He recommended hormone injections as treatment in such cases. Dr. Wolf addressed the eighth annual Congress of the American College of Allergy.

New AF Commander

RUISLIP, England, April 8 (AP)—Maj. Gen. Francis H. Griswold has been appointed commanding general of the U. S. Third Air Force in Britain, the Air Force announced today.

PLAN OFFERED MIDLAND

AF To Pay Major Costs At Airpark

The Air Force will assume the major portion of maintenance costs on Midland Airpark during USAF joint-occupancy of the installation, under a plan proposed by Air Force officials and the Corps of Engineers.

Colonel Ernest F. Wackwitz Jr., Commanding Officer of Big Spring Air Force Base, today spelled out the terms of the maintenance proposal offered to the City of Midland by the government.

"The Air Force recognizes its responsibilities, and certainly does not plan to penalize the people of Midland," Colonel Wackwitz declared.

As explained by the Colonel, the government will enter into a maintenance agreement with city officials, under the terms of which maintenance costs will be borne jointly by the city and the Air Force. The percentage to be paid by each party to the agreement will be determined by use of a "weight-frequency" table. In essence, this system provides that the proportion of costs to be paid by the city and the Air Force will be in direct relation of the number of landings and take-offs made by civilian and Air Force planes. The proportionate weight of the aircraft involved is also a factor in determining costs.

"The Airpark's commercial operator has said civil aircraft landings and take-offs at the Airpark approximate twenty-five per day. At maximum use the Air Force will probably make upwards of 500 landings per day. Simple arithmetic applied to these figures indicates the Air Force will pay

the major percentage of maintenance costs," the Colonel declared. Under the proposed agreement the Air Force would on June 30 effect an annual payment to the city for the government's share of maintenance costs for the preceding year or portion thereof. This payment would be limited by a ceiling previously established by both parties to the agreement. In the event unanticipated maintenance costs should force the government's share above the established ceiling, the ceiling itself would be renegotiated.

"The basis for the whole agreement," Colonel Wackwitz emphasized, "is mutual understanding

and satisfaction between both the City and the Air Force." "This same basic agreement is being successfully employed at other Joint-USAF Civilian airports across the country," the Colonel added. The plan offered by the Air Force proposes no interruption to the activities of the commercial operator at the Airpark.

Try this "Challenge Drive" New 1952 MERCURY The Most Challenging New Car of Our Time. SEE IF YOU CAN RESIST AMERICA'S MOST CONVINCING ROAD TEST! EVER seen a man with a smile a mile wide? Could be you taking your first "Challenge Drive." Or it might be us. For we're the folks who sell this great car. And that's nice work, too, for it's the most popular Mercury we've ever had. And that's saying plenty! It makes you feel good just looking at this beauty. Its "Fore-runner" styling has a "Let's Go" look—from the sweep of its "Jet-scoop" hood to the flair of its distinctive rear deck. But best of all is to feel your pulse quicken when you guide this car out onto the open road. Remember all the things you've ever liked about any car you've ever driven. See if this Mercury doesn't do them better. "Cornering" or cruising, parking or climbing, starting or stopping. Name your own challenge! The wheel is slim, cool, responsive under your hands; the accelerator needs no urging at all. Here's a new kind of performance, effortless performance, 1952 performance. — Just for the fun of it—even though you may not be in the market for a new car at the moment—drop around at our showroom for a test ride. No obligation whatever. After all, we know that you will be talking about Mercury, and that's a reward in itself. EYE-OPENING 1952 PERFORMANCE—A smooth, silent sweep of power from a standing start to cruising. What a combination—Mercury's extra-horsepowered V-8 teamed with Merc-O-Matic Drive! No hesitation when the light goes green. No reluctance when the road goes up. Only challenging, up-and-at-'em power—thrifty, Mercury, 1952 power. It's got to be good. It's by the builders of more V-8's than all other companies combined. GREAT TRANSMISSIONS—Mercury offers you three dependable, performance-proved drives: silent-ease standard transmission; thrifty Touch-O-Matic Overdrive; and Merc-O-Matic, greatest of all automatic drives. \*Optional at extra cost.

# Army Benefits In Germany Are Up For Debate

BONN Germany (U)—Should the U.S. Army in Germany have special trains, free servants and other such benefits they don't get at home?

The military says yes, but susceptibility-minded State Department aides say they are fighting hard to get the Army to take in its belt.

"We have been urging the Army for many months to divest itself of these items," said Chauncey G. Parker, retiring U.S. assistant high commissioner for Germany. He said:

"The budget is too tight all along the way to divert money to luxury purposes that otherwise could be spent on defense."

At U.S. Army headquarters in Heidelberg, officials declined to comment on Parker's remarks. A spokesman said some of the points he mentioned were being discussed by the Germans and the Western Powers in connection with the "peace contract" now being written for West Germany.

Parker has been bossing administrative operations of the U.S. High Commission under High Commissioner John J. McCloy since 1950. He sails for the United States today to resume his post as director of administration for the World Bank.

Parker said in an interview that the cost of the Army's special trains and thousands of German servants for Army families are charged to the Germans as "occupation costs"—compulsory levies on the German taxpayer.

The Germans, due to start raising 400,000 troops soon for Western defense, have called for the U.S. Army to eliminate what they call luxuries to give West Germany more money for her own defense contribution.

"The Army just doesn't see eye to eye with us on these matters," Parker said.

## Nunan 'Too Sick' To Testify Today

WASHINGTON (U)—Another witness subpoenaed by House tax scandal investigators reported today he was too sick to testify.

That raised to half a dozen the number who asked that their scheduled appearances be put off because of illness, and Chairman Kmg (D-Calif.) said things were assuming "epidemic proportions."

Former Internal Revenue Commissioner Joseph D. Nunan Jr. sent word through his attorney that he was in a New York hospital under doctor's orders and would be unable to appear today as scheduled before the House Ways and Means Subcommittee.

Nunan's non-appearance caused the committee to recess its hearings until April 21, when the House returns from an Easter recess starting Thursday.

## NOT KEEN ABOUT ENGAGING IKE

# Stevenson Would Run If Taft Should Get The Nod From GOP

By JACK BELL  
CHICAGO (U)—Gov. Adlai E. Stevenson of Illinois has come to the point of a final decision on whether he will make himself available for the Democratic presidential nomination.

If the 53-year-old governor enters the race, he will be the most recent presidential candidate the Democrats have seen in 20 years.

But if he goes in, Sen. Estes Kefauver of Tennessee, Sen. Robert S. Kerr of Oklahoma and Sen. Richard Russell of Georgia will know they are in a battle for the nomination.

Stevenson made it clear to this reporter in an interview he wants to wind up the reorganization and cleanup of Illinois state government that he has undertaken.

He is an unopposed candidate for renomination as governor in today's Illinois primary. He enjoys his job and would like nothing better than to keep it for four more years.

As he explains it, he is a methodical fellow who wants to close the file on anything he undertakes. Like Gen. Dwight D. Eisenhower, if he enters the presidential race, he would have to turn over to somebody else a job he considers vitally important.

If he runs, it will be because he has convinced himself in his own mind that foreign policy and the two-party system may be at stake in the November vote.

It can be said that the Illinois governor, who has had extensive experience in diplomacy as a State Department and United Nations official, would be eager to enter the presidential lists if he felt the Republicans were certain to nominate Sen. Robert A. Taft of Ohio.

In that case, he would be seeking the nomination—and campaigning afterwards, if he got it—primarily on the issue of full co-operation with other free nations.

He is not so keen, however, to engage Eisenhower on the international grounds because he apparently feels they think largely alike. Like many another Democrat, he seems to feel that Eisenhower would be the most difficult Republican to defeat.

But unless he is fooling his friends, Stevenson will make his decision on the basis of what he says he believes is his duty to country and party.

He has said previously he is run-

ning only for governor of Illinois, but he realizes that he can't much longer stand on that statement alone.

He realizes that Kefauver is running fast, gathering delegates while the Truman wing of the party mills about in confusion after the President's announcement that he will not run.

However, Southern Democratic

opposition to Kefauver and the criticism of the Tennessee senator's stand on civil rights might prevent his nomination.

At the same time, Stevenson is reported to be one of the most acceptable of the Northern candidates to the Southern wing of the party. Southerners think he is sympathetic to their race problems, even if he is on the other side.

AREA OIL

Von Roeder East Outpost Has Strong Flow From Top Of Reef

Magnolia No. 1-D Conrad, mile east outpost to the Von Roeder south extension, flowed at the approximate rate of 40 barrels per hour on a drillstem test.

A mile west and one location north of this outpost, Shell No. 6 Sterling finished for 120 barrels per day oil and nine of salt water.

A wildcat was announced for Southeast Glasscock on the S. C. Currie ranch. It is projected to 3,300 feet.

Superior staked location in Northwest Scurry County for an Ellenburger wildcat which is three miles southeast of the Superior No. 6-597 Jones, now bidding to complete in Northeast Borden as a Mississippi discovery.

Humble No. 1 Blocker, seven miles west of Stanton, was to take another test after getting salt water in the top of a formation believed to be Ellenburger.

Borden Baker & Taylor No. 1 Johnson, nine miles southwest of Gail and C SW 5W 41-32-35, T&P, drilled past 7,131 in shale.

Phillips No. 1-A Dennis, C NW SE 62 Georgetown RR, 13 miles northwest of Gail, drilled to 5,065 in lime and shale. Top of the San Andres in this wildcat was picked at 2,790.

Magnolia No. 1-D Conrad, C SW SW 71-25, H&TC, took a drillstem test of 6-723-33 for one hour and 18 minutes. Gas surfaced in five minutes, oil in 13 and 9.36 barrels of oil per hour. Gas-oil ratio was 465-1. Operator was pulling tool.

Shell No. 6 Sterling, C SW NW 7-25, H&TC, had a 24-hour potential of 120 barrels of oil plus 9.36 barrels of water based on a 13-hour flow through quarter-inch choke. Tubing pressure ranged from 800-900, gas oil ratio was 1-21-1, and total depth is 5,733.

Standard of Texas No. 9-4 Griffin, C SW NE 39-25, H&TC, drilled to 6,150.

Dawson Cities Service No. 1 Brennan, C SW SW 78-M, EL&RR, drilled to 7,656 in lime.

feet of drilling mud with no shows. Operator was drilling ahead.

Seaboard No. 1 Dean, C SW SW 29-34-5n, T&P, wildcat half a mile south of Midway and which had promising oil shows last week, was at 4,893, moving off the big rig.

Seaboard No. 1 Weaver, C NE NE 28-35-5n, T&P, bottomed at 6,337 and circulated for samples.

Standard No. 1 L. C. Bodine, C SE NW 43-33-4n, T&P, 2 1/2 miles northeast of Ackerly, progressed to 7,872 in sand and shale.

Glasscock Plymouth No. 4 S. C. Currie will be a Southeast Glasscock wildcat 660 from south and west lines of section 43-32-4n, T&P, rotary to 3,300. It is 1 1/2 miles east of Garden City, about two miles west of Plymouth No. 2 Currie, a shallow failure and is on an 8,909-acre lease.

Magnolia No. 1 J. C. Bryans, 1,860 from the north and west lines of section 26-35-4n, T&P, eight miles southwest of Garden City, swabbed salt water from three sets of perforations starting at 6,290 and going to 6,400. It is to plug and abandon. This venture was a failure in going to 11,022 in the Ellenburger.

Ohio No. 1 Moeller, C SE SE 10-37-5n, T&P, was bottomed at 6,420 in shale, circulating for samples. Elevation on the test is 2,725.

Phillips No. 1 Berry, C NW NW 35-36-2n, T&P, swabbed perforations from 9,500-9,840 for six hours without shows. Operator prepared to perforate from 8,200-90 and to test that one. The section is probably Wolfcamp.

Phillips No. 1 McDowell, C NE NE 31-24-5n, T&P, was running tubing and rods to test again. On last report it had made about 10 barrels of oil in 12 hours above the plugged back depth of 8,485.

Asphalt Oil & Refining Co. No. 1-38 W. A. Hutchinson will be a Drive-Spraberry location 660 from the north and west lines of section 18-36-4n, T&P, rotary to 8,100.

Sinclair No. 1 Clark, C SW SE 41-35-4n, T&P, drilled with cable tools at 6,374.

of salty water with slight sulphur odor. There were no shows of oil or gas. Operator now is at 10,100 and reportedly taking another drillstem test.

Pan-American No. 3 Breedlove, C SE E 25-35 Briscoe CSL, drilled to 10,322 in lime and shale.

Pan-American No. 4 Breedlove, League 255 Briscoe CSL, progressed to 10,076 in lime and shale.

Standard No. 1 Cowden, C SE SW 30-40-1n, T&P, six miles southwest of the Glass multi-pay field, was bottomed at 492, waiting on cement to set on the 23 3/8-in. casing on bottom.

Phillips No. 1-C Schar, section 324 LaSalle CSL, was at 6,872. It took a drillstem test from 6-578-6,678 with the tool open 75 minutes. Recovery was 100 feet of drilling mud with no shows.

Union Sulphur & Oil No. 1 Snyder & Arnett, C NW SW 30-36-1n, T&P, prepared to run bridging plug at 7,986 and to perforate from 7,939-986 for tests in the Spraberry.

Superior & Intex No. 1-516 Eva F. Laws, et al, 660 from the north and 1,980 from the west lines of section 516-97, H&TC, will be a 9,200-foot wildcat to seek the Ellenburger. It is located 1 1/2 miles northwest of Fluvanna and 3 1/2 miles east of the Fluvanna field.

This puts it about three miles southeast of Superior No. 6-597 Jones, which is now installing pump in an effort to complete as a Mississippi discovery in northeast Borden.

McAlester No. 1 Allen, in Southwest Scurry, was reported preparing to perforate casing for tests opposite the reef zones which oil shows considerable signs of oil.

Delta Gulf No. 1-A Herbert Cope is due to be a south-southwest offset to the Weddell-Pool extension discovery in Southwest Sterling.

The probable location is 660 from the north and virtually on the west line of section 28-A, GC&SF. Projected depth is 6,000.

Ike Choice Of Delegates In New York

ALBANY, N.Y. (AP)—Gen. Dwight D. Eisenhower is a 17-to-14 presidential choice over Sen. Robert A. Taft in an Associated Press poll of New Yorkers seeking election as delegates to the Republican National Convention.

Thirty six of 101 qualified candidates for delegate responded to the mail poll.

Eisenhower received six second-place and six third-place "votes." Taft was the second choice on eight questionnaires and a third choice on two others.

Gov. Thomas E. Dewey, Republican presidential nominee in 1944 and 1948 and an all-out Eisenhower supporter, is expected to control a substantial, if not overwhelming majority of New York's 96 delegate votes at Chicago.

Under New York law, delegates are unpledged and uncommitted. Gen. Douglas MacArthur received two first-place votes and Dewey one in the poll.

Gov. Earl Warren of California polled four second and 11 thirds. Two delegate-candidates listed no preference.

Phone Broadcast Scheduled Tonight For Medical Men

Third in a series of special telephone broadcasts, over which talks in technical subjects are given, is scheduled for this evening for doctor-members of the local medical society.

The evening program will be "Some Psychiatric Principles in the Practice of Medicine." Moderator will be Dr. Hamilton Ford, Galveston; while panel members will be Dr. Alfred Hill, Houston; Dr. Warren T. Brown, Houston; Dr. Titus H. Harris, San Antonio; Dr. James E. Robertson, Dallas; and Dr. W. B. Adamson, Abilene.

The series of telephone broadcasts is sponsored by the Texas Medical Association.

COSTS MORE TO LIVE NUDE

LONDON, April 8 (AP)—The high cost of living in the nude has wiped out one fifth of the back-to-nature clubs in Britain since last summer.

This was reported today by the Sunshine Press Agency, a trade journal.

The agency estimated the number of organized nudists in the United Kingdom now at a bare 50,000 and blamed the drop in membership on rising costs which have boosted dues from 10 to 15 per cent.

Narcotics Cases Are Set For Trial

Twenty-four narcotics cases which resulted from raids here March 15 have been set for trial April 28.

Judge Charlie Sullivan entered the settings this morning in the 118th District Court criminal docket.

Thirteen individuals were indicted by a grand jury on March 17. Some of them have as many as four cases lodged against them. Many of the indictments allege possession and sale of marijuana, while others allege possession of marijuana.

The big-time gambler, quietly dressed in gray, stood with his arms folded, his head cocked slightly to one side, as sentence was pronounced.

Immediately after the sentencing Costello's attorney, Kenneth M. Spence, announced he would appeal.

Costello, asked if he had anything to say, replied with a "No comment."

It was Costello's second trial on the contempt charges. The first, last January, ended in a hung jury.

Hague Undergoes A Serious Operation

NEW YORK, April 8 (AP)—Frank Hague, 76-year-old former New Jersey Democratic chieftain, today underwent an operation for acute hernia.

A member of the family said the one-time Jersey City mayor, who is vice chairman of the national Democratic committee, was in satisfactory condition.

Hague, a Democratic national committeeman, had spent the winter at his Miami Beach home with his family.

Costello Gets Prison Term, \$5,000 Fine

NEW YORK, April 8 (AP)—Gambler Frank Costello was fined \$5,000 and sentenced to 18 months in prison today for refusing to testify before the Senate Crime Investigating Committee.

Sentence was pronounced by Federal Judge Sylvester J. Ryan who denied Costello's last minute effort to obtain a mistrial.

The sentence would be served in a federal prison.

It would be the first time Costello, with a long career as a racket boss, has served time behind the bars since 1915, when he spent 10 months in jail for carrying a gun.

The punishment handed to Costello included four terms of one year each, to run concurrently, and three of six months each, also to run concurrently. The two sets of sentences are to run consecutively.

Costello, convicted last Friday in 10 counts of contempt of the Senate, could have received a maximum of 10 years in prison and \$10,000 in fines.

The big-time gambler, quietly dressed in gray, stood with his arms folded, his head cocked slightly to one side, as sentence was pronounced.

Immediately after the sentencing Costello's attorney, Kenneth M. Spence, announced he would appeal.

Costello, asked if he had anything to say, replied with a "No comment."

It was Costello's second trial on the contempt charges. The first, last January, ended in a hung jury.

STEEL STRIKE

(Continued From Page 6) ing from his position that acceptance of the WSB recommendations offers the only chance of avoiding a strike.

The union originally demanded an 18 1/2-cent hourly pay boost for workers earning an average \$1.83 an hour. It asked a union shop throughout the steel industry, a guaranteed annual wage and other benefits.

The companies proposed that the union forego a wage increase and industry give up hopes of getting higher prices.

Refusal of industry to join the union in accepting the WSB recommendation brought a new impasse in negotiations, which began in Pittsburgh and moved to New York.

At latest sessions, the industry made a package offer which it said would be accepted by the union.

The steel plant shutdown began Sunday to avoid costly damage. Iron and steel-making furnaces were cooled and taken out of production. More than 12,000 coal miners also joined the ranks of the temporarily jobless.

Virtually all steel mills will be darkly silent hours before the strike deadline. When clocks strike midnight, only maintenance crews will be inside the plants.

The eve of the strike found all shipments of civilian steel frozen. The National Production Administration said it acted as a precaution to preserve steel for national defense. The order cut off steel to auto manufacturers, exporters and makers of consumer goods.

"Direct defense needs must be given first call on the stocks of steel still available," declared Manly Fleischmann, defense production administrator in Washington.

He said a complete shutdown of the defense machine must be staged off as long as possible.

Nathan Feinsinger, chairman of the Wage Stabilization Board, is keeping in touch with both union and companies, striving frantically to work out a truce.

At one point he said both sides are "doing some serious thinking."

Later he reported some gradual progress and declared both parties could settle their dispute if they wanted to.

Across the land, strike preparations by grim unionists continued without let-up. USW members, their ranks swelled hourly by furloughed employees, crowded into local union headquarters to help paint picket signs, lug in food supplies for soup kitchens and work on lists of men assigned to picket duty.

Steel Dispute Deal Charged

PITTSBURGH, April 8 (AP)—Ernest T. Weir, board chairman of National Steel Corp., charged today "there must have been a deal between powers in the administration and labor leaders in which the labor leaders received assurance their demands would have support" in the current steel dispute.

Weir, whose corporation employs about 32,000 workers, called for use of the Taft-Hartley law to end the steel strike at midnight tonight.

Under that law, President Truman could go into court and seek a court order which would delay the walkout for eight days.

The 75-year-old steel master declared in a news conference that "Of all the issues in the present steel dispute, the most amazing and the most serious by far is the threat of governmental seizure of the steel industry."

MARKETS

LIVESTOCK POINT WORTH, APRIL 8 (AP)—Cattle 1,500; calves 700; cows and calves steady; hogs steady to weak; sheep and choice slaughter, steady; and yearlings \$20.00-\$25.00; bulls \$14.00-\$25.00; and choice yearling lambs \$20.00-\$25.00; medium to choice \$17.00-\$22.00; and good to choice \$14.00-\$19.00; and good to choice \$14.00-\$19.00; and good to choice \$14.00-\$19.00.

TO END STEEL STRIKE Public Appeal By Truman Weighed

By STERLING F. GREEN WASHINGTON, April 8 (AP)—A public appeal by President Truman or top stabilization authorities was weighed today as a possible 11th-hour move to head off a nationwide steel strike tomorrow.

Seizure of the mills still was officially called a "possibility," but disagreement continued as to the legality of a government take-over.

There also was a new flurry of reports that stabilization leaders were inclined to permit puncture of the steel price ceiling to ease a settlement. This was denied in official quarters.

It was known, however, that price and profit data were being assembled for use, if necessary, in a message or statement intended to focus public pressure on steel negotiators working in New York against the midnight deadline.

A government official said the figures would support the "reasonableness" of the 17 1/2-cent hourly wage increase recommended by the Wage Stabilization Board (WSB). The study, it was added, would show that current steel industry profits would cover the added wage costs "several times over."

The implication was plain: The government statement, if made, would put new heat on the steel industry to give ground, rather than on the CIO United Steelworkers-Union which has accepted the WSB settlement formula.

Charges Dismissed In City Jail Fight

Five persons charged with participation in a free-for-all gang fight in the City Jail Saturday night, were dismissed at a hearing concluded late yesterday afternoon in the Corporation Court.

Witnesses testified that the jail fights had previously been broken out and that in the darkness they were unable to see who the battling prisoners were.

At the same session, and after a lengthy hearing, City Judge W. E. Greenlee levied a \$25 fine on a defendant charged with disturbance.

One motorist was fined \$5 when he admitted running a red light; another defendant was fined \$9 on a drunkenness charge and held for action of the Health Unit because of a venereal infection, and one prisoner was released to the custody of the Air Police.

PLANES

(Continued From Page 1) that if winds exceeded 15 miles per hour on the ground, or 25 miles per hour at 1,000 feet—height of the drop—there would be no jump.

The paratroopers were from the 508th Regimental Combat Team. They were dropped on both sides of the Colorado River, 15 miles southwest of Goldwater, on highway 16. Their mission was to trap 82nd Airborne Division Aggressor forces in a nut cracker operation with the 1st Armored Division moving in to link up with the jumpers.

Gigantic cargo planes, were scheduled to drop 750,000 pounds of equipment, the biggest cargo drop in the United States since World War II.

Elements of the First Armored, poised to recapture Lampasas, had with them Clyde Northington, president of the Lampasas school board, who last week was sentenced to "death" in a mock trial by the make-believe Aggressor. He had been found carrying a "concealed" weapon and accused of being out after "curfew."

Two Persons Fined \$100 Each, Costs

Two persons who pleaded guilty in county court Monday to charges of driving while intoxicated were assessed a fine of \$100 and court costs each.

Defendants in the cases were Edward A. Wright and Maydelle Maxine Washington.

CC Directors Hear Report On WTCC

The directors of the Big Spring Chamber of Commerce attending their regular meeting at the Hotel Settles yesterday, heard a report from Douglas Orme and G. H. Hayward on a recent meeting of the directors of the West Texas Chamber of Commerce at Abilene.

This report included a discussion of the laws now in effect and those proposed with reference to the employment of Mexican nationals by Texas ranchers and farmers, and the proposed encroachment of the Federal government in other fields of personal and state's rights.

The effect of the Federal government to take over in the field of industrial safety through the Senate Bill 2235, introduced by Sen. Humphrey of Minnesota was condemned, as were national efforts to seize inland waters on the same principle as the Tidelands were taken, and the threat of the Fed-

eral government displacing the states in the administration of all unemployment compensation benefits.

Vigorous opposition to all these proposals was voiced. The matter of the employment of Mexican nationals, however, was merely discussed in an effort to discover a suggestion that might be made with the hope of facilitating their agreeable employment on Texas ranches and farms.

Under the proposed Federal safety code all industries would be placed under the direct supervision and administration of Federal agencies, it was declared.

# Spectators, Not Doers, A Result Of TV In Nation

LOS ANGELES (AP)—Television is developing a nation of spectators, instead of active doers.

That comes from a leading authority on child health and recreation—Dr. Jay B. Nash, professor of education at New York University.

"I don't want kids watching things, I want them doing things," Dr. Nash told delegates yesterday at the national convention of the American Association for Health, Physical Education and Recreation.

He observed that a recent Crosley survey showed children spend 20 minutes more a week before a TV screen than they spend in school.

"They should be solving problems, modeling in clay, making things at a work bench, experimenting in chemistry, throwing a ball, playing a trombone, skinning a squirrel," Dr. Nash suggested.

"They should be learning skills, skills, skill. When is a person's skill-learning decade? From 4 to 24. A pattern formed in a skill during those ages is never lost. If you can skate at 6, you can skate at 60."

Dr. Nash made it plain that he does not believe TV programs are bad, or lead to gangsterism, or put other wrong ideas in the kiddies' heads. It's just that they spend too much time looking at them.

The medium could be used very effectively to teach some skills, he says.

"Watching is one of the best ways of learning," he said. "But not if you just stay and watch. You should see the pattern and then go out and do it."

## New Ship Readied For Capt. Carlsen

MOBILE, Ala. (AP)—A new ship will be ready for Capt. Kurt Carlsen when the "stay-put" skipper arrives here late this week.

The Isbrandtsen Company, Inc., is preparing the Flying Enterprise II, recently returned from military sea transportation service in Korea.

Isbrandtsen purchased the 8,250-ton ship, formerly the Noonday, from Waterman Steamship Corp. here. It was built by the North Carolina Shipbuilding Company at Wilmington, N. C., in 1944.

## Texas Bankers Charged

Judd Stuart, left, resigned secretary of the Texas Democratic Executive Committee, and his brother, Joseph H. Stuart, are charged with embezzlements in a Strawn, Tex., bank. Joseph H. Stuart is president of the Strawn First National Bank and his brother is vice president. The two men are charged with \$140,544 worth of embezzlements. They were released on \$10,000 bonds each at a Fort Worth hearing before a U. S. Commissioner. Gov. Allan Shivers said Judd resigned his Democratic party post two days before he was charged. (AP Wirephoto).

## RAIN IS FORECAST

# More Floods Seen In S. Dakota City

PIERRE, S. D. (AP)—Forecast of rain posed an added threat today to this capital city of 5,700 population, already girding itself against the bank-bursting Missouri River.

Rampaging waters of the "Big Muddy" swept upon Pierre with the added volume of runoff from swift melting snowdrifts, cut down by yesterday's 70-degree temperatures.

Rain, pouring into the still frozen ground, would add to the hazard.

Nils P. Jensen, Pierre Red Cross chairman, said the city was preparing for a water level of 22.8, seven feet above flood stage. Weather forecasters predicted it might reach 23 or 24, for the worst flood conditions in 71 years.

If forecasts hold true, about 20 blocks of Pierre would be under water.

Flood waters dropped slightly last night at Bismarck, N. D., but

large low-lying sections of that city and neighboring Mandan were still inundated. Some 4,000 persons were made homeless when the Missouri hit its highest crest for 42 years Sunday in Central South Dakota.

At Linton, 65 miles southeast of Bismarck, some of the 1,675 residents were forced from 20 homes last night when Beaver Creek, a Missouri tributary, swept from its banks to cover part of the community with three feet of water.

Eastern North Dakota also faced a flood threat from the Red River. R. W. Schultz, federal meteorologist, said the stream would hit the 17-foot flood stage at Fargo today, and would crest 34 feet next week end.

The Big Sioux, a Missouri tributary, continued its slow drop at Sioux Falls, S. D., after smashing down an earthen dike to flood part of that city and drive 1,100 from their homes over last week end.

## NEED MONEY TO DO THE JOB

# Dunlap Urges Gambling Law Be Repealed If Not Enforced

By CHARLES F. BARRETT

WASHINGTON (AP)—Revenue Commissioner John B. Dunlap has called on Congress to provide money to enforce the new gambling tax law or repeal the law immediately.

In fact, Dunlap said, the entire federal tax system is "balancing precariously on the brink" of collapse through lack of funds to enforce payment.

Failure to enforce the gambling tax would be "sheer mockery," Dunlap added, and "the result will be widespread cynical contempt for all types of taxes."

Dunlap laid his views on the line in a letter to Sen. Kilgore (D-W.V.), chairman of a subcommittee considering the Revenue Bureau's budget. The letter appeared in a monthly report of revenue activities, released today.

It urged the Senate to restore a 25-million-dollar cut in revenue bureau funds approved by the House.

Dunlap said there has been "no appreciable enforcement" of the five-month-old gambling tax law so far because Congress failed to provide money to hire agents. Without enforcement, he added, the tax is "sheer mockery."

The funds asked by Dunlap would be used mostly to add enforcement agents to the bureau. The commissioner said the average revenue agent—paid a salary of \$5,330—now brings in \$181,347 in delinquent taxes annually.

Last year, Dunlap said, there was only one revenue employee for

every 1,500 tax returns filed, and only one out of 20 tax returns could be examined.

In the past five years, Dunlap added, the number of corporation tax returns has increased 50 per cent and the number of individual returns for more than \$10,000 income has doubled—but the revenue staff has increased only 2 1/2 per cent.

The gambling tax law was passed by Congress last year and

went into effect in November. It requires bookmakers, numbers and lottery operators and punch board handlers to register with the federal government, buy a \$50-a-year occupational stamp tax and pay 10 per cent of their take each month to the Revenue Bureau.

The law produced a little over two million dollars through February, far under congressional estimates of 400 million dollars a year.

## Judge Says Lawyer Can Practice Again Before Labor Board

WASHINGTON, April 8 (AP)—An order barring Houston Attorney John L. Camp from practicing before the National Labor Relations Board for two years was set aside yesterday by a district judge.

The NLRB order against Camp resulted from a complaint he had struck an NLRB attorney at a board hearing in Houston in 1949.

District Judge James W. Morris said the NLRB had power to suspend Camp at that hearing for contempt but could not apply the bar to subsequent hearings under present NLRB rules.

## Science's Best Incorporated In Automobile Tires

Just about every desirable feature that science has developed for automobile tires is included in the new Firestone Supreme tire Spring Tractor Co.

No safety factor has been overlooked, and the new Firestone Supreme provides two-fold economy. In the first place it consistently gives longer mileage than tires produced heretofore. In addition, the new Firestone Supreme is a tubeless tire, which eliminates another item of expense and worry.

The Firestone Supreme boasts blow-out safety, puncture sealing and effective protection against skidding. The patented non-skid tread design is composed of thousands of silt restorers, which greatly improve safety characteristics.

However, blow-out safety might be considered even more important. When a vehicle is traveling 60 miles per hour it moves 88 feet before the driver can act to stop the machine. Doc Wilkinson, tire department manager at Big Spring Tractor Co., pointed out. However, when a tire blows out it goes flat by the time the vehicle travels 10 feet. That makes blow-out safety extremely important, especially when a vehicle is traveling at a fast rate of speed.

The fact that the Firestone Supreme is tubeless, also means smoother riding.

The Big Spring Tractor Co. has been installing complete sets of new Firestone Supreme tires on a number of vehicles in the area.

"We are prepared to offer attractive trade proposals to car owners, especially those who have just purchased new cars and want the best tires made," Wilkinson declared.

The Big Spring Tractor Co. tire department also stocks a complete line of other Firestone tires and tubes, as well as Kelley-Springfield tires and tubes.

During a recent six-month period, North American readers bought 37 million copies of newspapers every day, says the National Geographic Society.

Rowe Motor Co. Staff

These are the men who comprise the staff of Rowe Motor Company. At left is W. H. Gray, service manager and an expert mechanic as well as supervisor; Perry Mathis, mechanic; Red Phillips, mechanic; Joe Parros, porter; Henry Snodgrass, sales manager for the Packard Agency; and, at extreme right, H. M. Rowe, owner. Rowe has been in the automotive business virtually all his adult life.

## Fiveash Advises Installation Of Air Conditioners With Pumps

The Big Spring city water supply, it will be a safer policy to assume, is going to be inadequate to meet the heavier demands that summer weather imposes upon it in the way of air conditioning and water for such purposes as wetting-down the lawn, flower beds, other irrigation, washing cars and all similar uses.

But this is a situation that the Fiveash Plumbing Company, 821 E. 3rd, (Enoch "Slim" Fiveash, owner), is prepared to do something about.

Indications now are that air conditioners that do not have circulating pumps to prevent the waste of water will not be allowed in view of the shortage of the city water supply, which will probably be restricted to essential uses only.

The Fiveash Plumbing Co. is prepared to install air conditioning units, suitable for either one room or a large building, with circulating pumps such as will be permitted and when the use of city water is restricted to conditioners of this type. The Fiveash Company is also prepared to install these circulating pumps on many air conditioners of the other type that are already installed and in service.

"There is no difference in the effect and efficiency of air conditioners equipped with these circulating pumps," Fiveash says, "and they will do just as good a job of air conditioning a home or business building. They carry a guarantee."

As to the use of water in larger quantities such as irrigating lawns and gardens and washing cars, the Fiveash Company has the necessary equipment and supplies to install home pressure tank systems on private wells, and Fiveash says he anticipates a great many people will probably drill their own wells before summer is gone in order that they may have water for these other purposes.

Fiveash says isn't difficult to bring in a good water well in Big Spring and this area, and that casing the well and equipping it with a pressure pump and tank isn't too expensive in view of the convenience, comfort and practical service it affords.

This company has been able to keep on hand an adequate supply of pipe and other fittings and is prepared to do any type of plumbing job. They handle all standard brands of plumbing fixtures that are used in quality plumbing contracts and put a guarantee on both the work they do and the material they use.

Persons having air conditioning

problems, particularly those due to the expected shortage of city water, are invited to see the Fiveash Company for estimates on their proposed installations, and those who contemplate drilling a water well and installing a pressure system in order to have plenty of water for domestic use and for irrigation purposes around the home can also get an estimate from this company on such a job.

The demand for services of this type is likely to increase heavily as the weather warms up, and those making early plans will be less likely to be disappointed.

## Neel's Specializes In Safest Moving

The only agent in this area that is prepared to handle any manner of moving job from the smallest to the biggest, order is Neel's Transfer and Storage, located at 104 Nolan in Big Spring.

Neel's, owned and operated by T. Willard Neel, long-time Big Spring resident, takes pride in exercising the greatest caution in safeguarding furniture while moving it. The goods are wrapped in a special heavy paper that affords them the greatest protection against breakage.

Neel's maintains all kinds of trucks to tackle any moving job and retains personnel long experienced in the art of moving goods. Neel's, of course, is insured and bonded.

The concern's slogan, "reasonable - courteous - reliable" and "we are prepared to move you across the street or across the nation" are not empty phrases. Neel's is the local agent for North American Van Lines, a concern that operates from coast to coast.

Neel's, as the name implies, also maintains ample storage for household goods, which can be stored indefinitely. The concern's storage space is fireproof and weather-proof. Prize possessions of the concern's customers are given special care.

Business telephone number of Neel's is 632.

## Feed Supply Is Adequate

Feed supplies are adequate—and prospects are that they will continue adequate—at Tucker & McKinley Grain Company here.

Cake and meal, along with cottonseed hulls, have been secured to meet the steady to rising demand imposed by the prolonged drought. Tucker & McKinley have been in the market all over the country for these supplies, buying when and where they could find them so that customers here could be assured of amounts ample to meet their needs. The concern realized how important it is that now the critical lambing and calving season is at hand and that stock must have what it takes to keep them in sound condition.

Beetler range feeds, which include a heavy volume of cake, Tucker & McKinley stock a complete variety of dairy, horse and calf feeds. The company also has all the feeds in the poultry line that users might want. For those who have grain and other ingredients which they wish to utilize, Tucker & McKinley maintains a complete grinding and mixing service—either dry or sweet mix.

The demand for services of this type is likely to increase heavily as the weather warms up, and those making early plans will be less likely to be disappointed.

### Marine Corps Representative Here Thursday

A representative of the United States Marine Corps will arrive in Big Spring next Thursday morning.

T-Sgt. Wesley Ward in charge of the San Angelo Marine Recruiting district will be at the Big Spring Postoffice all day Thursday and Friday morning to screen young men and women for enlistment in the United States Marine.

Marine Corps veterans may enlist in their former rate. Veterans of the other service are enlisted as Privates First Class. Men without prior service may enlist with one dependent. Young men 17 years old are eligible to enlist providing they have their parent's consent. No one can be sent overseas until they have reached their 18th birthday. Sgt. Ward said, the number of men 17 years old enlisting in the Marines are more than twice the number of older men.

The Marine Corps has the "indefinite period" of enlistment open to all, both veterans and non-veterans. This "indefinite" means two years of active duty, at which time they are released to the inactive list. The three and four year enlistments are still open, according to Sgt. Ward.

All men without prior Marine Corps service are sent to San Diego, California for basic training, at which they are given a leave and promoted to privates first class upon completion. Draft registrants who have received pre-induction notices may enlist in the Marines up to the actual time they receive their final induction notice.

Seek To Abolish Any Deferment For Dads

NEW YORK (AP)—Becoming a father should not be a cause for automatic deferment from military service, the National Manpower Council says.

The council announced yesterday it had called upon President Truman to abolish such deferments for those who become fathers after a specified future date.

### Here's What Steel Crisis Is All About

Here's what the steel crisis is all about. Some 629,000 members of the CIO United Steelworkers are set to quit at midnight tonight when the union's strike deadline extension expires. About 300,000 other union members with fabricating firms are not affected.

About 100 steel companies from coast to coast are to be struck. Most are basic steel-producing companies. A few which fabricate steel into finished products are included.

United Steelworkers last November demanded pay increases of 18 1/2 cents, union shop and other contract concessions. Negotiations deadlocked. So did federal mediation. Both sides agreed to submit their dispute to the federal Wage Stabilization Board.

WSB recommended a pay increase of 17 1/2 cents. The union accepted. Industry balked. Negotiations on the proposals in New York deadlocked after the industry made a package offer which it said amounted to 16 cents hourly including fringe benefits. The union rejected it.

More than 100,000 workers already are idle as plants shut down in orderly fashion. Allied industries are shutting back also which means more unemployment.

The government has issued all elements of civilian steel as a precautionary measure to conserve steel for national defense. And it is still making a last-ditch try to stave off a midnight strike.

Mule To Be A King For One Day Only

PARIS, Tenn. (AP)—About 20,000 persons turned out to help this West Tennessee town celebrate its 100-year-old holiday—Mule Day.

Since farmers switched their affections to tractors, mules no longer play the major role in the Paris economy, but for one day each year the mule is king.

Gov. Gordon Browning led yesterday's mile-long parade of high school bands and carnival floats. Gasoline buggies were roped off from the downtown square.

### Consider FEPC Measures

Sen. Irving Ives (R-NY), left, holds a copy of one bill as a Senate Labor subcommittee headed by Sen. Hubert Humphrey (D-Minn), right, begins consideration on the politically-explosive legislation to create a Federal Employment Practices Commission (FEPC) with power to enforce its rulings in job discrimination cases.

In opening the meeting, Sen. Humphrey asserted the civil rights issue has been "deliberately misrepresented" to frighten people. (AP Wirephoto).

### FARMERS PRAYING

## Drouth Disaster In State Getting Worse

Delightful spring weather—warm and lazy—thrilled Texans today even as it masked drouth disaster that stalked the state.

Farmers prayed for rain that would allow them to plant crops with a hope the seed would germinate. "Nothing would sprout in this dry powder," said a South Plains grower kicking the topsoil.

Robert J. Kieberg Jr., King Ranch head, said the big cattle spread is suffering its worst drouth in its 99-year history. He said the ranch had spent \$1 million on its million acres in the last year to combat the drouth.

He termed it "far worse than the 1916-18 drouth." As sunshine beamed on Central Texas today, clouds formed in the eastern section and dust blew at Big Spring where increasing winds threw sand in the air with gusts of 35 miles per hour.

Brownsville was allowing lawn watering on a split shift basis. Pumping for irrigation in the Lower Rio Grande Valley, hampered for months, was being held up because of low flow at mid-valley points.

Harlingen and Brownsville announced easing of water bans for lawns and shrubs to keep them in "reasonable condition." But farm irrigation was almost ruled out.

City water supply reservoirs over most of the state continued at increasingly low levels. Despite gathering moisture in East Texas today, no rain was reported. Most of the state east of a line running from Waco, Dallas, and San Antonio was cloudy.

Wink had the state's highest temperature yesterday with 93 degrees. Galveston had the coolest maximum with 74.

Two From City On McMurry Honor Roll

Richard Deats and Billie Gandy, McMurry College students from Big Spring are two of the 48 named to the honor roll for the spring term.

Only those students ranking in the upper 10 per cent of the college scholastically are named to this roll. Deats, a junior, is the son of Dr. and Mrs. C. W. Deats and Miss Gandy, a sophomore, is the daughter of Mrs. Mamie E. Gandy.

Germans Get An Island Back, But Also Get The Rats

HELGOLAND, Germany (AP)—For seven years, this rocky little North Sea island has been bombed so heavily it would seem nothing could live on it.

But the rats did. Millions of them. There are so many that the Germans—who at long last have won the island back from the British Royal Air Force—are now wondering how to retake it from the rodents.

Helgoland was used as a bombing practice target by the RAF from the war's end until last March 1. Then the British turned it back to German control. The Germans are planning to rebuild and resettle the place.

### Pickets March At Lone Star Steel Plant

LONE STAR, April 8 (AP)—Pickets march today at the six entrances to the Lone Star Steel Company's plant here after a midnight strike for higher wages.

Some 900 members of the CIO International Steelworkers struck after rejecting a last-minute company proposal and voting 100 per cent for the walkout.

Earlier, the union had rejected an offer of a 7 1/2 cents per hour wage increase, retroactive to March 7, plus a 2 1/2-cent raise in six months and a similar boost six months later.

W. R. Bond, Lone Star vice president, said union demands added up to a total increase of about 60 cents per hour. But CIO-man Paul Cross said the workers asked the 17 1/2-cent hourly increase recommended by the Wage Stabilization Board for big steel.

Union representative Lorene Brantley said workers at the plant now averaged \$1.35 per hour.

## Morris Lashes At McGranery; Congress Wants To Know Why

By G. MILTON KELLY WASHINGTON (AP)—Newbold Morris' charge that James P. McGranery, Attorney General designate, "is a real whitewasher" drew swift demands in Congress today that he tell under oath the basis for his words.

McGranery's hotly disputed nomination is before the Senate Judiciary Committee, which has scheduled a full hearing in about two weeks.

Committee members said this would provide Morris an opportunity to support the "whitewasher" accusation if he can. Morris' statement was made in an interview yesterday in New York, where he returned after being fired as the corruption investigator.

"I'd be very much interested to know what he has to back this up," said Chairman McCarran (D-Nevl). "I don't think, personally, that he always knows what he's talking about."

Sen. Kilgore of West Virginia, the ranking Democratic member under McCarran, told a reporter: "If a man is willing to make such grave charges in the public press, he ought to be willing to say them before a responsible body which can submit his statements to a check. I imagine in all probability we will want his testimony, whether he volunteers it or not."

Sen. Watkins (R-Utah), also on the committee, said Morris "must be subpoenaed to tell what he knows about this."

Morris wrangled bitterly with Congress before Atty. Gen. McGranery fired him last Thursday.

Medals Of Honor Due Three Korea Heroes

WASHINGTON, April 8 (AP)—Three heroes of the Korean War will get medals of honor Friday from President Truman.

They are: Marine M-Sgt. Harold E. Wilson, of Birmingham, Ala.; Lt. Lloyd L. Burke of Stuttgart, Ark.; and Cpl. Rodolfo P. Hernandez, Fowler, Calif.

four hours before McGranery himself was axed by President Truman. The dispute revolved around Morris' attempt to look into the private affairs of McGranery and other high administration officials.

McGranery stepped out of his job officially yesterday with a smiling farewell to a gathering of more than 2,000 Justice Department employees. He wound up by saying, "God bless the Justice Department. God bless the President of the United States."

Solicitor General Philip B. Perlman was named to act as Attorney General until the job is filled. Meanwhile, objection grew to McGranery's proposal that the FBI take over Morris' government cleanup job.

Sen. Watkins told a reporter that FBI Director J. Edgar Hoover "ought to refuse" to accept the task.

Rep. Keating (R-NY) said the FBI didn't want the job, that one such move had been blocked by Hoover several weeks ago. Keating said such an assignment would ruin the effectiveness of the FBI for years to come.

Watkins said he believed the government cleanup should be handled by top investigators appointed by the President subject to Senate confirmation.

### Your Help Needed To Find Cure Before The Cause In Cancer Fight

Last year the American people donated \$13 million to support the work of the American Cancer Society, and this was supplemented by Congress with an appropriation of more than \$19.6 million for the National Cancer Institute for the fiscal year ending June 30.

Various proved methods. It is the human failing of procrastination that claims so many lives every year—the failure of people to submit themselves to competent medical examination in time to head off the insidious but relentless progress of the disease before it is too late for science to arrest its progress.

### Social Security Rule On Outside Earnings Penalizes The Poor Man

There is what to us seems a flaw or an injustice in existing social security laws relating to single men and widowers who have reached retirement age and become eligible for benefits up to a maximum of eighty dollars per month.

side income may amount to a hundred thousand dollars a year. We suppose the theory behind this idiotic rule is that working people should be forced to retire at 65 to make room for other working people.

### Merry-Go-Round—Drew Pearson

### New Attorney General McGranery Is Honest, But Politically Minded

WASHINGTON. — James Patrick McGranery, new Attorney General of the United States, has several interesting attributes. He is as honest as the day is long; he is married to one of the most beautiful and brilliant lady attorneys who ever practiced law, and he is so loyal to Harry Truman that every political whim the President has will be anticipated in advance.

He can't get it unless the Senate approves. Before the Senate can vote the Senate Judiciary Committee will examine and question him, taking weeks, maybe. In the course of those weeks the investigation of government corruption may be lost sight of in the investigation of McGranery.

### This Day In Texas

The Texas Legislature on this day in 1861 granted not his pension and a grant of land to the most famous white prisoner taken by the Comanche Indians.

He had a pleasant visit with the Leahys in the big brick home at Long Beach on the south shore of Lake Michigan where they are raising their own squad.

### World Today—James Marlow

### Investigation Of Government Appears To Be Dead For Some Time, At Least

WASHINGTON (AP)—Chances look good for the investigation of government corruption to be talked to death.

the work of the FBI any further than it is now. If Hoover gets involved in an investigation like this, he may get smeared by one side or the other.

### Notebook—Hal Boyle

### Leahy's Greatest Coaching Job Is Right In Own Home

SOUTH BEND, Ind., April 8 (AP)—Frank Leahy of Notre Dame has eight children, and a friend once told him: "Your greatest coaching job is in your own house."

you've done something wrong and come and tell us, there'll be no hairbrushing." The hairbrush is the instrument of discipline, and Frank wields it.

### 22-Year-Old Road Mishap Witnesses Are Being Sought

LOS ANGELES (AP)—Police today were trying to find witnesses to a traffic accident that occurred 22 years ago.

### Ava Too Much Of An Armful For Gregory

HOLLYWOOD — Actress Ava Gardner was apparently too much of an armful for actor Gregory Peck.

### Piece Of Steel Is Not Murder Weapon, But Might As Well Be

This two-pound piece of steel, posed beside a foot ruler to show its comparative size with upturned sharp point, isn't a murder weapon—but it well may have been just that lethal.

others, climbed down from a saddle or a buggy or wagon seat, and removed a dangerous article from a road—especially a road with a wall in it, a bottle, bolt, piece of wire, or something else reasonably calculated to cause injury to a horse, if not our own then some other fellow's.

### Gallup Poll

### Larger Vote Seen Likely Since Interest In Election Is Higher

By GEORGE GALLUP, Director, American Institute of Public Opinion

PRINCETON, N. J., —The American public is showing much greater interest in the coming Presidential election than it did at a comparable time before the 1948 race—a fact which will be of particular interest to the many groups in the country who are working to increase the turnout in American elections.

the election. Today the comparable figure is 46 per cent. Four years ago at this time only 34 per cent of women said they had given considerable thought to the presidential race, as compared with 40 per cent today.

### Uncle Ray's Corner

These produce the green color. The very name "chlorophyll" is Greek for "green leaf."

In the green leaves are cells which do the work of making food. They work on a certain gas which comes out of the air.

### Make Food From Water, Air, Sun

Yesterday I said that some plants get along without leaves. The usual story, however, is for plants to have leaves of one kind or another.

It would seem that so little carbon dioxide would hardly be enough, but there is plenty to take care of the needs of thousands of millions of trees and bushes.

## Circles Conduct Studies, Meetings

Mrs. Richard Grimes gave the devotional "Too Much Church Work" when both circles of the Airport Baptist WMU met at the church for a business meeting Monday afternoon.

Mrs. Max Stokes led the opening prayer and Mrs. R. I. Findley gave the treasurer's report. Reports were given by the chairmen of the various committees and the committee program to be via servicemen to Sunday School, was discussed.

Mrs. Alvin Boren was elected councillor for the Avis McColough Circle and Edna Merle Gaskins was elected co-councillor for the Intermediate Girls' Auxiliary. Mrs. Neal Bryant offered the benediction. Nine members and 17 guests, Mrs. G. D. Tolbert, Mrs. Virgil Holbrook, a Mrs. Balley and Mrs. I. B. Goodwin, attended.

Mrs. Rufus Davidson conducted the Bible study on the sixth chapter of "Women of Destiny in the Old Testament" when the Kate Morrison Circle of the East Fourth Baptist Church met Monday in the home of Mrs. Fern Anderson.

Prayers were offered by Mrs. Earnest Rainey and Mrs. Edna Perkins. Special guests were members of the Mollie Phillips Circle. Attending were 13 members and one guest, Mrs. Frank Barnard.

Mrs. Artie Williams conducted the Bible study at the Monday meeting of the Northside Baptist WMU at the church.

Mrs. A. C. Tonn led the closing prayer. Eight attended.

All circles of the Wesley Methodist WSCS met at the church Monday afternoon to begin a new study "The Family—A Christian's Concern."

Mrs. Tommy Lovelace led the opening prayer and Mrs. W. D. Lovelace gave the devotional.

Mrs. C. H. Golden presided at the business meeting.

Mrs. G. T. Baum was in charge of the program and Mrs. B. E. Reagan assisted.

Mrs. John Whitaker offered the benediction.

Fourteen attended.

## Mary Martha Class Has Monthly Social

Mrs. Joy Johnston entertained members of the Mary Martha Class of the East Fourth Baptist Church with a class social at her home recently.

The president, Janice Smith, conducted a short business meeting after which games were played and secret pal gifts were exchanged.

Refreshments, carrying out an Easter theme, were served to 14. The next meeting will be May 2 in the home of Mrs. Jo Burns, 703 Lancaster.

Mrs. J. P. Dodge has had as her recent guest, Mrs. Erick W. Schwartz, of Washington, D. C. Mrs. Schwartz also visited her son, Capt. Erick Schwartz Jr., at the Big Spring Air Force Base.

## Scouts Work Toward 2nd Class Badge

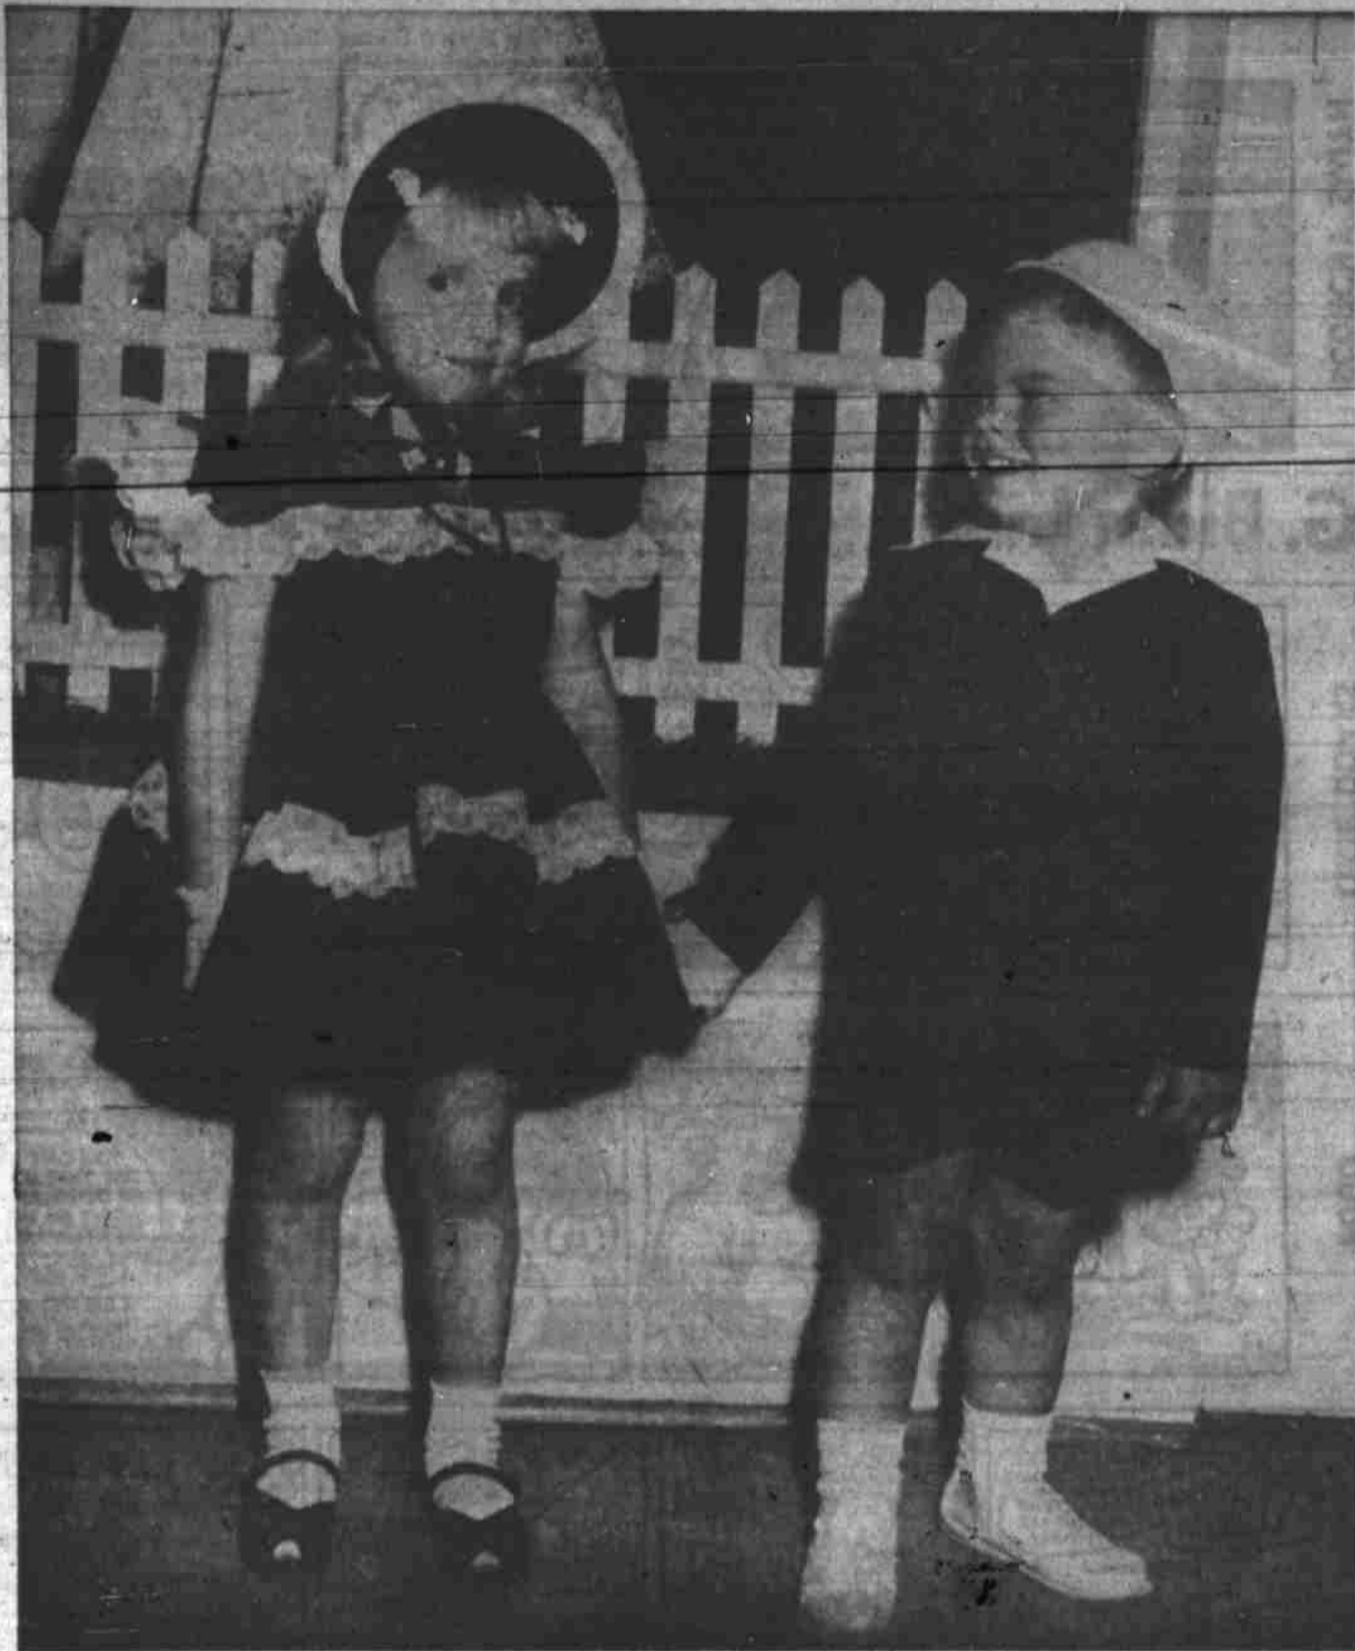

Work toward their second class badge was done when a group of Girl Scouts met recently in the home of Mrs. L. F. Anderson.

Plans were made for an outing April 15.

## Dodges To Galveston To Attend Meeting

Mrs. and Mrs. J. P. Dodge left Sunday night for Galveston, where Mr. Dodge will attend a legislative committee meeting for railroad conductors.

Before returning home they will visit their daughter and son-in-law, Mr. and Mrs. W. H. Schweitzer, in Baytown.

## All Dressed Up—Ready To Parade

"You'll be the grandest lady in the Easter parade" seems to be the sentiments of David Lewis Holmes, 3, son of Mr. and Mrs. Justin Holmes, as he beams proudly at Eugenia Ann Peacock, 4-year-old daughter of Dr. and Mrs. G. E. Peacock. Eugenia Ann wears a picture-book frock of navy organdy with tucked yoke and white embroidered eyelet trim over a navy taffeta petticoat. Her hat is navy pique with matching eyelet trim and sprigs of forget-me-nots. Her cotton string gloves are white. David Lewis wears a suit of washable navy Salyna cloth with white broadcloth shirt and white Eton cap.

## Newcomers Club

The Newcomers Club will not meet this Friday as originally announced, but will meet instead a week from Friday at St. Mary's Episcopal parish house. Mrs. Charles Bredemeyer will be hostess.

## Trim-But Soft!

2597  
SIZES  
12-40

Two reasons why this trim wing-cuffed dress is especially easy to wear: the collarline is deeper, the skirt front is softly shirred. Three-quarter sleeve length also comes in the pattern.

No. 2597 is cut in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40. Size 16, 3 1/2 yds. 30-in. fabric.

Send 30 cents for PATTERN with Name, Address, Style Number and Size. Address PATTERN BUREAU, Big Spring Herald, Box 42, Old Chelsea Station, New York 31, N. Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

The SPRING-SUMMER FASHION BOOK brings you dozens of pretty and wearable fashions for cottons, from cool, cool casuals to town styles; plus the most inspiring suggestions for your vacation wardrobe. In all, over 125 easy-to-make pattern designs for all ages and occasions. Order your copy now. Price just 25 cents.

## Mrs. Toland Gives Program At Meet

Mrs. Eugenia Toland, county home demonstration agent, discussed living room color schemes and backgrounds when the Fairview Home Demonstration Club met recently in the home of Mrs. C. E. Suggs.

Members met for an all day meeting and a covered dish luncheon was held at noon.

The group voted to change the date of the next meeting from Thursday to Friday.

Mrs. Suggs gave the devotional.

Attending were 10 members and one guest.

## MENU FOR TOMORROW

**FAMILY DINNER**  
Broiled Lamb Chops  
Macaroni and Peas\*  
Creamed Spinach  
Green Salad with Carrot Curds  
Bread and Butter  
Grapfruit

**Beverage**  
(Recipe for Starred Dish Follows)  
**MACARONI AND PEAS**

Ingredients: 1 cup raw elbow macaroni, 1 cup cooked drained peas, 1 tablespoon butter of margarine, 1 tiny clove or sliver of garlic (if desired), salt and white pepper (to taste).

Method: Cook macaroni according to standard procedure; drain in colander, rinse with hot water, and drain well again. Wash out saucepan the macaroni was cooked in; return macaroni to it. Add peas and butter. If garlic is used, crush or put through press; add to macaroni with salt and pepper to taste, and reheat, stirring often. Makes 4 servings.

## Girls' Auxiliary Hears Sally Brown

Sally Brown presented the mission program when the Lydia Bravo Girls' Auxiliary met Monday at the East Fourth Baptist Church.

Delores Sneed led the opening prayer and members repeated the watchword and allegiance in unison, led by Gwen Gafford.

Fatsy Reaves presented the secretary's report and Mrs. Alf Page voiced the benediction.

Refreshments were served to 17.

## College Heights P-TA

Mrs. Bill Seals, president, has announced that due to the Easter holidays the College Heights P-TA will meet Wednesday at 3:30 p.m. at the school instead of Thursday, the usual meeting date. The second grade will present the program.

## Color Transfers

481

Twenty-six bright little sea horses and fish are in the permanent-dye, instant use, colored transfers which require no embroidery. The colors are fuchsia and sea green—very pretty on place mats, buffet runners, cushions, curtains, on the pockets of summer frocks, on gay hostess aprons. Scarves and blouses also take kindly to the amusing sea horse motifs which range from 4 down to 2 inches in size!

Send 25 cents for the SEA HORSE and FISH designs (Pattern No. 481) all transferring and laundering instructions, YOUR NAME, ADDRESS, PATTERN NUMBER to CAROL CURTIS

Big Spring Herald  
Box 222, Madison Square Station  
New York 10, N. Y.

Patterns ready to fill orders immediately. For special handling of order via first class mail include an extra 5 cents per pattern.

## DESIGNING WOMAN

## Black And White Schemes Are Coming To The Table

By ELIZABETH HILLIER  
Black and white, which is seen more and more in room color schemes, is now fast on its way to the table. Black alone, white alone and the two together were widely shown at the recent china, glass and pottery preview shows in Pittsburgh, Chicago and New York. And what is previewed at these shows becomes the table fashions you'll see soon in the stores. Here's a striking group of black and white table trendmakers that was sketched at show time at Chicago's Merchandise Mart. New materials make them as interesting as their handsome new design. The white

soup shape plate, creamer and sugar bowl, and saucer at upper left and the pitcher at right, designed by Eva Ziesel, are part of a large dinner service in inexpensive pottery which has china-like lightness and delicacy. The salad bowl, spoon and fork are part of a dinnerware service made of pressed wood, and the black dinner plate is a new design in plastic. Candlesticks for tables like this are black iron. One style, sketched, is typical of graceful tall designs and is by Clark Gist and Bob Crutchfield. The ribbon is an idea in spiral wire rings which encircle the candle and can be piled one atop the other.

## Willing Workers Hear Mrs. Clifton Teach Bible Study

Mrs. T. B. Clifton conducted the Bible study on the sixth chapter of "Women Who Shared With Moses" when the Willing Workers Circle of the East Fourth Baptist Church met Monday in the home of Mrs. Leon Cain, 309 W. 3rd.

Prayers were offered by Mrs. Arthur Leonard and Mrs. O. B. Warren, a guest.

Money was donated to buy Easter eggs to send to Bockner's Orphan Home in Dallas.

Refreshments were served to eight.

## Child Study Club

It has been announced that the Child Study Club will meet Wednesday at 2 p.m. in the home of Mrs. W. C. Foster, 603 George.

Mrs. James Johnston will be co-hostess. The time of the meeting is being changed from 2:45 until 2 p.m. for this meeting.

ROMANTIC RECIPES brings you...

Unforgettably Delicious MAHOGANY CAKE

Rich, moist, tender Mahogany Cake, found on page 17 of "Romantic Recipes of the Old South and Great Southwest"... concocted by the old Lambreth family retainer with an eye on the coffee pot—and the first cocoa he'd ever seen.

Imperial Sugar's famed cookbook lends imagination to dessert-time... the sugar itself rewards you consistently with smooth texture, satisfying flavor. That's because Imperial Pure Cane Sugar is uniformly fine, quick-dissolving.

# Lamesa Lobos Test Cayuses Tonight

## Locals In First Game At Home

Lamesa, a neighborhood rival in all sports but baseball for years, tests its diamond mercenaries down tonight for an exhibition bout with the Big Spring Broncos. The starting time is listed as 8:15 p.m.

Both teams will be making their initial starts in West Texas for the year. The Steeds have been quite active in Havana, Cuba, and on the way home, however.

Lamesa usually fields one of the best clubs in the WT-NM League. Big Spring has always finished "in the money" in the Longhorn wheel. With the exception of his outfield, Manager Pat Stacey of the locals has expressed himself quite satisfied with his troops. He says the picket line must be improved and will be, when it comes time for the parent club, Havana, to cut down, if not before.

Jay Haney is the Lobo skipper. He's well known here, having played against Big Spring when the town team was a member of the WT-NM League.

When the Broncos take the field, Al Valdes will probably be behind the dish. Enrique Gonzales at first base, Ossie Alvarez at second, Al Casta at shortstop and Witty Quintana at third. David Mier and two boys by the name of Ricart and Mens in the outer patrol. Lamesa's lineup is due to be composed of Yogi Marti behind the dish, Luis Morales at first, Bob Harvick at second, Jackie Wilcox at short, Bob Falk at third, John Peter, Don Stokes and Joe Fortin in the outfield.

Pitching chores of the visitors are due to be handled by Ted Wyberanc, Juan Navarro and Jack Gaines.

No announcement has been made as to the Big Spring hurler but it could be Gil Guerra in there part of the time.

The men-in-blue, by the way, are due to be A. B. (Happy) Sykes and Al Sample. Sykes is a hold-over. Sample worked in the KOM League in 1951.

## Vernon Lions Begin Drills

VERNON — Twice delayed, spring football workouts of the Vernon High School Lions finally got underway here Monday.

Spot Collins formally assumed the coaching reins. The ex-University of Texas standout succeeded Buster Dixon at the helm.

Ten lettermen were on hand, in addition, Collins is expecting some fine replacements from the B team.

The Lions have been using the T-formation for the past five years but they will switch to the single and double wing.

Lettermen back from last fall's team include Ken Hines, end; Jack Bird, Don Bower, Jimmy Cathers, guards; Jack Bolton, center; and Ramon Towry, Don Bocharde, Gordon Harvey, Dale Dillingham and Lyndal Ashley, backs.

Collins is being assisted by Clarence Booth and Sammy Pierce.

## Tech Squad Go Set April 18

ODESSA — The Odessa High School Stadium will be the scene of a full-scale intra-squad football game featuring Texas Tech players at 8 p.m. April 18.

The game is being sponsored jointly by Red Raider clubs of Midland, Kermit, Monahan and Odessa and by the Odessa and Midland Kiwanis Clubs.

All proceeds from the game will go into underprivileged children's funds of the two Kiwanis Clubs.

Admission for the game will be \$1.50 for adults and 50 cents for students.

## Flam Is Latest Houston Entry

HOUSTON, April 8 (AP)—Four of the six top-ranking amateur tennis players of the nation are entered in the River Oaks Tournament scheduled to open here April 21.

The latest to enter is Hurlie Flam, fourth-ranked player. Previously second-ranked Dick Savit, fifth-ranked Bill Talbert and sixth-ranked Art Larsen had accepted invitations to play here.

Ernest Langston, director of the tournament, has hopes of also getting Vic Seixas, No. 1, and Tony Trabert, No. 3.

## Tigers May Not Play Bushers

ATLANTA, April 8 (AP)—This year's trip could be the last spring training junket against minor league teams for the Detroit Tigers.

Manager Red Rolfe indicated the Tigers might pass up exhibition games against Southern Association and other minor league teams in favor of a longer stay in their Lakeland, Fla., training camp. He said it would give at least 10 more days for workouts.

## Jones, Docked By Sawyer, A Better Player

By RALPH RODEN  
Associated Press Sports Writer

"Sock a ballplayer where it hurts most—in the pocket book—to make him toe the line" is an oft-proven adage.

Willie, Puddin'-head, Jones, the fine third baseman of the Philadelphia Phillies, is the latest example that there's plenty of truth in the old saying.

Jones was fined \$200 by Manager Eddie Sawyer on March 17 for breaking training rules. Since then Willie has been a ball of fire both on and off the field.

The "new" Jones has been especially hard on the St. Louis Cardinals lately. He has smashed three home runs in the last four days against the Red Birds.

Yesterday the Phils made it four straight over the Cards with a 5-4 triumph at Raleyfield, N. C. Willie homered in the eighth to launch a three-run rally that won the game. Catcher Del Rice slammed a pair of homers to keep the Cards in the game.

Home runs were plentiful at High Point, N. C., where the Philadelphia Athletics outlasted the Boston Red Sox, 12-6. Eight homers were hit with Joe Astroth, Gus Zernial and Allie Clark connecting for the A's and Dom DiMaggio, Vern Stephens, Billy Goodman, Jim Pieris and Faye Throneberry for the Sox.

The Brooklyn Dodgers, who lost a 1-0 no-hitter to the Braves Sunday, pounded out 11 hits to swamp Boston, 8-4, at Lynchburg, Va.

Rookie Bill Miller and veteran Joe Ostrowski almost turned in the spring's fourth no-run game. The left-handers pitched the New York Yankees to an 8-0 one-hit victory over the Columbus Cardinals of the Class A South Atlantic League at Columbus, Ga.

The Cleveland Indians smeared the New York Giants, 5-3, at San Antonio, Tex., for their ninth win in 11 starts against the National League champions.

Chicago's Cubs also enjoyed a big inning, coming up with seven runs in the fourth to defeat the St. Louis Browns, 8-4, at Shreveport, La.

The Washington Senators edged the Cincinnati Reds, 5-7, at Roanoke, Va., thanks to rookie pitcher Raoul Sanchez. Sanchez took over in the ninth with none out, two runs in and two on and retired the side.

In night games, the Chicago White Sox nosed out the Pittsburgh Pirates, 4-3, at New Orleans and the Detroit Tigers nipped Atlanta of the Southern Association, 10-9, in 10 innings at Atlanta.

## Brown To Talk Football Trade

DALLAS, April 8 (AP)—The Cleveland Browns of the National Football League and the Dallas Texans may swap some players.

Cleveland Coach Paul Brown is due here Friday to "talk trade" with Coach Jimmy Phelan of the Texans.

## Phillies Prevail

WINSTON-SALEM, N. C., April 8 (AP)—The St. Louis Cardinals are still looking for a victory over the Philadelphia Phillies in the clubs' northbound road trip. The Phils won 5-4 yesterday for their fifth victory over the Redbirds' in as many days.

## Shreveport Sports To Have More Voltage This Season

By OTIS HARRIS  
Sports Editor Shreveport Journal  
(Written For The Associated Press)

SHREVEPORT, April 8 (AP)—There will be more voltage in the Shreveport Sports this season after an eighth-place finish in 1951.

Although the new-season treatment of the team was not as ruthless as had been anticipated, the club is "revved" to have been materially strengthened with new blood, with a new manager as the point of origin.

Mickey Livingston, 37, who caught part of the 1951 season with Fort Worth and finished with Brooklyn, succeeded Francis (Salty) Parker at the helm and the big "holer" guy has been a human dynamo while trying to whip together a face-lifting job on the team.

Livingston, who hit .307 for Fort Worth, is expected to do the bulk of the catching with Maxie Rose, a .280 hitter last season at Marion of the Western Carolina, as his understudy. A third catcher, J. W. Jones, is out four to six weeks after a knee operation.

Only two veterans of the 1951 pitching staff are back. They are Jim Willis, 15-10, and Joe Budny, 6-10, but bulwarking that pair are several likely-looking prospects. They include Bud Lively, formerly of Tulsa and signed as a free agent; Arnold Atkins, 11-3 at Tampa of the Florida International; Al Point, who commuted between

Shreveport and Monroe last summer with a 9-2 record here and 6-1 at Monroe; Claude White, who had 15-11 at Monroe; Melvin Tappe, 18-4 at Corpus Christi; Bill Tremel, a recall from Temple where he had 7-4.

Firs these is between two hold-overs, Bob Belford (.268) and Alton McAfee (.236). Chico Garcia's opposition at 23nd was dissolved when Chetley Harrington, who shared the spot last season with Garcia, was named manager of the Sports' rm team at Monroe. Short is between the veteran Bob Wilkins, who was the team's captain last season and was a .231 hitter, and Joe Koppe, who was optioned last season to Corpus Christi and hit .304 there.

Jim Ackert, from Augusta of the South Atlantic where he batted .225, no opposition at third.

The outfield shapes up this way: George Brown in left, Joe Szekely in center and Harry Elliott in right. Brown, .249 last season, has been shifted from right to left. Szekely and Elliott were with the Sports in the last week of the 1951 race.

Szekely hit .362 last season for Texasiana and Elliott, converted into a picket line operative from a catcher, batted .301 for Alexandria of the Evangeline. In six games here last season, Elliott hit .429.

Bill Evans, who played center last season for the Sports and hit .277, will not report until June when

## EVEN BETTER PITCHING

# Cleveland Choice To Win American League Flag

By JOE REICHLER  
NEW YORK (AP)—The Cleveland Indians failed to win the pennant last year despite baseball's strongest pitching staff because they won only seven out of 22 games from New York and only one out of 11 at Yankee Stadium.

They figure to get even better pitching this year which probably means more victories against the Yankees.

This, in the opinion of the writer, should bring a flag to Manager Al Lopez and his revenge-minded Cleveland club.

The American League race should be strictly a two-team affair between the Yankees and Indians. The Yankees have a better balanced club, a stronger attack and a slicker defensive unit. But the Indians have the pitchers to carry their players. If Bob Lemon had enjoyed a normal year, Cleveland could have won the '51 flag.

Lemon, a 20-game winner for three straight seasons, barely broke even with a 17-14 last year. His brilliant work in the exhibitions indicate he may again head the mighty staff that includes Bob Feller (22-8), Mike Garcia and Early Wynn (both with 20-13 records).

It's mighty difficult picking against the world champion Yankees, who have a habit of rising to the occasion, winning the big games and making the right play at the proper time. They are a bunch that never wilt under pressure and rarely beat themselves.

As in previous years, they have a fine looking rookie crop boasting such fledglings as third baseman Andy Carey, outfielder Bob Cerv and pitcher Harry Schaeffer. And they have Casey Stengel, one of the shrewdest of managers.

So why should they lose? This writer, who picked them to win last year, thinks the Yanks will miss Joe DiMaggio more than anyone expects. They should also miss the fine second base playing of Gerry Coleman, and their bench may suffer from the loss of third baseman and pinch hitter de luxe Bobby Brown. Also, it is not at all certain that pitching stars Vic Raschi (21-10), Ed Lopat (21-9) and Allie Reynolds (17-4) will perform as brilliantly as they did last year.

Reynolds is 34, Raschi and Lopat both 35.

No other team has the strength or depth to make a real run for the flag. The hustling Chicago White Sox, strengthened by General Manager Frank Lane's judicious trades during the winter, should pull away from Detroit and Boston to gain third place. The Tigers will be tough because of pitchers Art Houtteman, Virgil Trucks and Ted Gray. The Red Sox, crippled by the loss of Ted Williams to the service and the retirement of Bobby Doerr, may finish out of the first division for the first time since 1945.

The writer picks the teams to finish this way:

1. Cleveland
2. New York
3. Chicago
4. Detroit
5. Boston
6. St. Louis
7. Philadelphia
8. Washington

## Hill Rejoins Roswell Team

ROSWELL, N. M. — Ray Hill, a .319 hitter for the Roswell Rockets, has rejoined the Longhorn League club in spring drills at Pleasanton, Tex.

Pitcher Andres Alonzo, a rookie from Panama, is also in camp with the Rockets. The 30-year-old hurler has ten years' experience in baseball in Panama and South America.

He is due to be a big winner with the Rockets.

Manager Al Monchak has released Clarence Matas and Ron Bedaker, rookies. Matas is an outfielder, Bedaker a pitcher.

## Martin To Denton

DENTON, April 8 (AP)—Zeke Martin, former North Texas State star football player and lately in professional ranks, has been named head coach of Denton High School. He succeeds Johnny Guyer, who has entered the service.

## BRONC BATBOY CONTEST

I Cast My Ballot For  
As Bronc Batboy For 1952

(Name) \_\_\_\_\_

(Address) \_\_\_\_\_

By Rouson

Steer First Sacker

Ted Scott, Big Spring High School first sacker, will see action today when the local club tries to interrupt the winning streak of the Lubbock Westerners in Lubbock. Scott is a leftie all the way.

## IN LUBBOCK

# Longhorns Oppose Westerners Today

The Big Spring High School Steers, still winless after four starts, visit Lubbock this afternoon for a seven-inning engagement with the powerful Lubbock Westerners. The starting time is down for 3:45 p.m.

Big Spring looked reasonably good against Lubbock last time out, although losing, 8-1. Misplaying hurt the locals as much as anything.

Lubbock is in the driver's seat in the race for south half honors within the district, having beaten Odessa twice (each time by a run), in addition to Big Spring.

Another win over each club would put the Westerners 'in'. In that case, they would meet the Amarillo Sandies for the conference flag and the right to go into bi-district play.

Charles Rose and Raymond Gilstrap are apt to divide time on the mound for Big Spring today.

Oakie Hagood, Ray Todd and perhaps Frank Long are available for relief chores, though Long has been doing most of the "catching" for the Longhorns.

Ted Scott will be at first base, Ken Fields at second, either Bobby Hayworth or Calvert Shortes at shortstop, Gene Gross at third and Jimmy Stewart, Jimmy Montgomery and Jimmy Holts in the outfield.

## UNDER LIVINGSTON

# Shreveport Sports To Have More Voltage This Season

By OTIS HARRIS  
Sports Editor Shreveport Journal  
(Written For The Associated Press)

SHREVEPORT, April 8 (AP)—There will be more voltage in the Shreveport Sports this season after an eighth-place finish in 1951.

Although the new-season treatment of the team was not as ruthless as had been anticipated, the club is "revved" to have been materially strengthened with new blood, with a new manager as the point of origin.

Mickey Livingston, 37, who caught part of the 1951 season with Fort Worth and finished with Brooklyn, succeeded Francis (Salty) Parker at the helm and the big "holer" guy has been a human dynamo while trying to whip together a face-lifting job on the team.

Livingston, who hit .307 for Fort Worth, is expected to do the bulk of the catching with Maxie Rose, a .280 hitter last season at Marion of the Western Carolina, as his understudy. A third catcher, J. W. Jones, is out four to six weeks after a knee operation.

Only two veterans of the 1951 pitching staff are back. They are Jim Willis, 15-10, and Joe Budny, 6-10, but bulwarking that pair are several likely-looking prospects. They include Bud Lively, formerly of Tulsa and signed as a free agent; Arnold Atkins, 11-3 at Tampa of the Florida International; Al Point, who commuted between

Shreveport and Monroe last summer with a 9-2 record here and 6-1 at Monroe; Claude White, who had 15-11 at Monroe; Melvin Tappe, 18-4 at Corpus Christi; Bill Tremel, a recall from Temple where he had 7-4.

Firs these is between two hold-overs, Bob Belford (.268) and Alton McAfee (.236). Chico Garcia's opposition at 23nd was dissolved when Chetley Harrington, who shared the spot last season with Garcia, was named manager of the Sports' rm team at Monroe. Short is between the veteran Bob Wilkins, who was the team's captain last season and was a .231 hitter, and Joe Koppe, who was optioned last season to Corpus Christi and hit .304 there.

Jim Ackert, from Augusta of the South Atlantic where he batted .225, no opposition at third.

The outfield shapes up this way: George Brown in left, Joe Szekely in center and Harry Elliott in right. Brown, .249 last season, has been shifted from right to left. Szekely and Elliott were with the Sports in the last week of the 1951 race.

Szekely hit .362 last season for Texasiana and Elliott, converted into a picket line operative from a catcher, batted .301 for Alexandria of the Evangeline. In six games here last season, Elliott hit .429.

Bill Evans, who played center last season for the Sports and hit .277, will not report until June when

Big Spring (Texas) Herald, Tues., April 8, 1952 11

## LOOKING 'EM OVER

With Tommy Hart

Very few of the Cuban youngsters who play baseball here speak good English (most of them twist "combated" around to mean something like ruins-bottled-oen) and fewer write a legible hand but all of them can count.

They know the value of a dollar.

LONGHORN SETS PACE IN MANAGERIAL CHANGES

The Western Association and Evangeline League were two organized baseball wheels which last year had no managerial changes in their ranks last year.

By contrast, the Longhorn League had 15 men at the helms of the eight clubs during the course of the season. Sweetwater set a merry pace by checking the job to five different men.

And four of the league's teams are starting this season with brand new masterminds.

Alton Sample, the umpire Prexy Hal Sayles hired out of the KOM League during the winter, is a veteran (and a casualty) of the Battle of the Bulge.

Sample was in anti-aircraft, headed for the Pacific Theater, when the breakthrough came at Bastogne. He was transferred to the Infantry and rushed (along with thousands of other GIs) aboard the Queen Mary to Europe and was in action nine days after he left.

Sample's right leg was practically shot away by shrapnel but the wound did not keep him from playing basketball following his discharge. He got his umpiring diploma from the Bill McGowan School in Florida.

Joe Tepsic, who hit .276 for Harlingen in the Gulf Coast League in 1951, is the same fellow who balked when the Brooklyn Dodgers threatened to farm him to the minor leagues to make room for strength in the National League pennant fight back in 1946.

Tepsic struck out no less than 88 times against Gulf Coast League pitching last year. The Dodgers signed him for a bonus off the Penn State campus. He's with Denver now.

## Tom Fool, Derby Hopeful, Shows To Fine Advantage

By ORLO ROBERTSON  
NEW YORK (AP)—New York racing fans have seen Tom Fool as a 3-year-old in action and they liked what they saw.

Greentree's bay son of Menow, one of the prime favorites for the Kentucky Derby, made his seasonal debut at Jamaica yesterday and did what was asked of him.

With Ted Atkinson waving the whip alongside his head to keep him honest, Tom Fool led all the way in winning the six-furlong High Queen Furee by a neck. He paid \$3.50. The Starmount Stable's Primata was second, another neck in front of Alfred G. Vanderbilt's Cousin. Primata and Cousin also are Derby eligibles.

Tom Fool's time of 1:12.2 under 120 pounds for the three-quarters was nothing to shout about but the manner in which he ran made an impression. He jumped into an early lead, twice shook off challenges by Primata and was in front all the way down the stretch with Atkinson just waving the bat by his head.

"He did everything as though he enjoyed it," said Atkinson. "I hit him twice just to keep him at work. He pulled up with his ears pricking and came back looking for the photographers."

The 88,500 Tom Fool picked up boosted his earnings to \$152,640. His record shows six firsts and two seconds in eight starts.

Primata and Cousin, although beaten, lost little stature, especially the Vanderbilt colt. It was the first start of the year for both.

The Starmount Derby hopeful forced the pace and was running well at the end while Cousin came from sixth place to get into the money.

## BEN RICHBOURG NEARING LEAD IN CONTEST

BEN RICHBOURG has made rapid gains in his bid to overtake Ladell Howell in the election to name a bal-boy for the 1952 Big Spring Broncos.

The election in which anyone can cast a ballot, closes April 10. Ballots can either be mailed or brought to the sports desk of the Daily Herald or the Bronc Baseball Office, Elmo Wasson Building.

Kilasy Meek is third in the race, followed by Lewis Porter, Charles Saunders and George Peacock in that order.

More than 750 ballots have been cast in the election.

## Sauzez To Play With Sweetwater

SWEETWATER — The Sweetwater-Braves were due to return from spring drills at Del Rio this afternoon.

The Braves, managed this year by Alex Carrasquel, play Denver in their first exhibition game Friday.

Luis Sauzez, one of the top players in the WT-NM League last year, will be assigned to Sweetwater. He hit .301 for Pampa in 1951. He's a third sacker.

## Simmons Back From Europe; Nears Release

NEW BRUNSWICK, N. J., April 8 (AP)—Sgt. Curt Simmons starts down the Army's mustering-out production line today with his interrupted baseball career waiting at the other end.

The 22-year-old southpaw will rejoin the Philadelphia Phillies as soon as he can complete his discharge and come to contract terms with Philadelphia owner Bob Carpenter.

Simmons flew back to the U. S. yesterday from Germany, where he had been serving with the 28th Infantry Division.

He stopped off at his home in Egypt, Pa., last night and gave a cautious appraisal of his playing condition.

"When you've laid off as long as I have," said Simmons a little grimly, "the old control ain't what it used to be."

## Houston Whacks OU In Tennis, 6 To 0

NORMAN, Okla., April 8 (AP)—The University of Houston Cougars shutout Oklahoma University, 6-0, in a tennis match here yesterday.

It was the first shutout of the season for the Cougars, who themselves have won four shutouts.

Big Spring (Texas) Herald, Tues., April 8, 1952

John Hendrix, Expert On Texas Cattle Brands, Dies
John Hendrix, 64, prominent West Texas figure for many years died Monday evening in a Sweetwater hospital.

Mr. Hendrix had been ill for a long time but he entered the hospital only Saturday after he suffered a stroke.

Services were to be held at 10 a.m. Wednesday at the First Methodist Church in Sweetwater. Burial was to be in the Sweetwater cemetery.

Hendrix was author of Texas Brands, a daily feature appearing in the Herald.

A native of Olinville, where he was born Sept. 16, 1887, Hendrix spent much of his youth and early manhood on ranches in Hardeman and Ford Counties. For 20 years from 1906, he was in the automobile business. He came to Sweetwater in 1928 and two years later became manager of the Board of City Development, and also served Lona Star Club Comptroller in New York State.

In 1934 he became a staffman with "The Cattleman," publication of the Texas and Southwestern Cattle Raisers Association. The following year he became an assistant district WPA director and a year after that was public relations man with the West Texas Chamber of Commerce at Fort Worth.

Hendrix wrote for the "American Hereford Journal," "Spur," "Western Livestock Journal" and other publications. In recent years he had devoted most of his time and effort to a compilation of Texas brands. Survivors include his widow; two daughters, Mrs. J. C. Fate and Mrs. Harry Horne, Sweetwater; two brothers, Joe Hendrix, Fort Worth, and Frank Hendrix, Quanah.

Warren To Address Gotham GOP Dinner
NEW YORK (AP)—Gov. Earl Warren of California will address a \$100-a-plate New York County (Manhattan) Republican Committee dinner tonight, the first Republican presidential contender to appear in New York State.

County Chairman Thomas J. Curran hailed the appearance as one that would "make headlines." The New York State Republican organization, with Gov. Thomas E. Dewey as its head, is supporting Gen. Dwight D. Eisenhower for the GOP nomination.

Dewey is scheduled to introduce Warren at the dinner.

**Commie Party Taught War As Being Certain**

LOS ANGELES (AP)—The American Communist party taught its members that World War II is inevitable but must be postponed until Russia is ready, said a witness at the federal conspiracy trial of 15 California party leaders.

The witness, William M. Foard, 34, a San Francisco Communist from 1945 to 1948, described under cross-examination yesterday what he learned at Communist schools and meetings. At one point he said: "We were told that the Communist party takes the position that war is inevitable at some time or other, because it will be forced by Wall Street capitalists."

"Isn't it a fact that the Communist party seeks to prevent war?" asked Defense Atty. Norman Leonard. "Yes, but to preserve the Soviet Union, not the United States," Foard said. "We were told that war should be prevented as long as possible so the Soviet Union could rebuild its resources, and that Wall Street would pounce on Russia before it had a chance to recover."

**Argument On His Motion Is Postponed**

NEW YORK (AP)—Argument on Alger Hiss's motion for a new trial has been postponed until June 2.

The new date was fixed in Federal Court yesterday by mutual consent of counsel.

Last year Hart Schaffner & Marx made fashion news with an entirely new tropical—using a miracle lightweight fabric, 55% Du Pont Dacron blended with 45% fine wool. To find out how men liked these suits after testing them out in everyday wear, Du Pont surveyed nearly 1,000 purchasers. Results showed overwhelming approval.

Hart Schaffner & Marx Viracle Suits, single breasted, patch pockets, two-button front model . . . shorts, regulars and longs in tan or blue Houndstooth checks, brown or blue Sharkskin weave.

69.50

**HART SCHAFFNER & MARX CLOTHES**

Why do men find the Viracle suit exceptional?

Because it's the best of two worlds. Made from Du Pont Dacron (55%) and fine wool (45%) it combines the exclusive properties of both. Dacron gives greater wrinkle resistance and wrinkle recovery—the Du Pont survey shows that most men bought the VIRACLE suit expecting just this. Over 90% said their high hopes were realized or exceeded. Wool means soft, smooth texture, handsome appearance—some 90% of VIRACLE owners thought the suit looked and felt as good as—or better—than other tropicals. "Received many compliments" said many men. Dacron for ease of care—most spots sponge off and the suit can be worn many weeks without pressing . . . trouser creases stay sharp even in drenching rain. "Practically no care necessary" was a typical comment. The VIRACLE suit is cooler, more porous, 20% lighter than most tropicals—yet almost twice as strong. At the same time it has that indefinable look of quality and comfortable fit which is "typical Hart Schaffner & Marx workmanship". Du Pont titled their survey "THEY OUGHT TO KNOW". When men who have actually worn the VIRACLE suit under the most exacting conditions say, "best ever owned" you'll know YOU can't go wrong. Production of Dacron fiber is limited. We have purchased all the VIRACLE suits we can for now. So stop in today for first choice.

**Conferees On Tides Rejected By The Senate**

WASHINGTON, April 8 (AP)—The Senate has rejected five of its members picked to represent it in conferences with the House on legislation to give lands beneath the marginal seas to the states.

Vice President Barkley had named as Senate conferees Sens. O'Mahoney (D-Wyo.), McFarland (D-Ariz.), Murray (D-Mont.), Gordon (R-Ore.) and Butler (R-Neb.). The Senate yesterday agreed (D-L) to withdraw the conferees. Long said the three Democrats named had voted against the bill passed by the Senate to give the submerged lands to the states and did not represent the majority view of the body on the issue.

Both the House and the Senate have approved giving the oil-rich lands to the states. The House bill would also give the coastal states 37 1/2 per cent of revenues from lands on the continental shelf beyond the three-mile limit. Differences between the two bills must be worked out in the conference.

**KEROSENE FROZE SOLID IN ARCTIC Mercury Dove To 60 Below As Scientists Lived On Ice Isle**

By JACK RYAN, Fairbanks Daily News-Miner  
FAIRBANKS, Alaska (AP)—A scientist who spent nearly two weeks near the North Pole described here yesterday the terrible struggle waged against hurricane-force winds and bitter cold that froze kerosene solid.

The Norwegian-born scientist, Dr. Ksare Rodahl, was a member of the original three-man Air Force party that landed on an ice island near the pole to set up a semi-permanent weather observation station. He said that during the first week of their stay, the island was lashed by 100-mile-an-hour winds. The temperature was lower than 60 degrees below zero.

An Air Force C-47 on March 19 landed the three scientists on the island along with a considerable load of supplies. Then the plane and its three C-54 escort craft returned to a base in Greenland.

Dr. Rodahl said the three men first dug into the snow to determine the nature of the ice on which they were to establish their camp. "When we removed about three feet of snow," he said, "we came to a porous ice and then dirt. When we removed the dirt we came to clear, blue, glacier ice. That was as solid as a rock. Then we knew our island was safe."

The men immediately set to work building a shelter of blocks carved from frozen snow. A canvas tarpaulin was used for a roof. The canvas was supported by fuel drums piled up inside the structure.

"We were hampered by temperatures which we estimated as being in the 60s below zero, or colder," Dr. Rodahl said. "We had no thermometer, but our kerosene froze solid when we tried to pour it into a frigid stove. A bottle of whiskey the plane crew threw us also froze."

On the fourth day of the stay on the island, a sudden gale sprang up within a period of 30 minutes. The wind grew in velocity until it reached a force of 70 miles an hour with gusts up to 100, Dr. Rodahl said. Powdery snow whipped up by the wind reduced visibility to zero.

The ice island is about five miles long, eight miles wide and 200 feet thick in places but it "jerked and twisted as the ice

pack battered it from all sides," the scientist said. "Above the roar of the gale, we could hear the pack grinding and roaring around our island. As pressure on the ice built up under the force of the wind, loud noises that sounded like cannon fire came from the ice floes."

The men could do nothing, he said, but crawl into their newly built shelter and cling to the canvas roof to keep it from blowing away.

The storm subsided in about 24 hours and the men resumed work on their shelter. They now have completed four snow-block build-

ings-roofed with canvas. Tunnels connect the four rooms. "Tenth Rescue Squadron planes, flying a 2,500-mile "milk run" from Alaska, supplied the island with tons of stores and equipment, including 90 days rations, a generating plant, radio transmitting equipment to send out weather information and a snow weasel. Dr. Rodahl said the ice island is drifting at the rate of about one mile per hour in the Polar Sea. The island at first was estimated to be about 90 miles from the North Pole but scientific observations have placed its present position as 120 miles from the pole.

**Two Brothers Drown In Garbage Trench**

CHATTANOOGA, Tenn. (AP)—Two brothers, Paul Russell, 10, and Donald, 7, drowned late yesterday in a huge city garbage trench. Police said the younger brother slipped from a 15-foot embankment into 20 feet of water. The older brother ran for playmates nearby returned, and then leaped into the trench in an attempt to rescue Donald.
