## TRAIL DUST

By DOUGLAS MEADOR

Shadows of fear may lurk just beneath the sunshine of laughter in that strange valley of the human heart. But normal fear is the dragging anchor that keeps many a small ship from crashing on the rocks.

Self pity comes easily when health drops below its usual condition. I grow melancholy and the corny "You done me wrong," radio songs bring tears to my eyes. I wonder if the people who write and sing them are suffering from the same ailment?

There is a great amount of assorted beauty in the world. It is in every land but surely there is no other place on earth where spring is as splendid as it is in West Texas. In a single day the wild plum bushes become a bank of white blossoms; the cottonwoods, as if at a secret signal put on their green shades, and the sky has a special shade of blue to place above this enchanted land. It is easy to be happy in a land you love.

One way to follow a dedicated path is to keep your nose turned toward your own affairs.

Few men go where the finger of destiny points, but more often to where they are led by the halter of circumstances.

## Junior Olympics Set For Saturday

Junior competitors are ready for the Jr. Olympics to be held this Saturday at the Motley County High School football field. Registration will begin at 8:30 a.m. Boys and girls age

3 through 12 are eligible to compete. The entry fee will be \$1.50 per youngster.

Due to an increased interest from a number of surrounding towns, the Eternas Junior Study Club has decided to divide the youngsters not only by age but also by setting up girls events separate from the boys events. Ribbons will be given for the first five places and a trophy for the high point individual in each age division in both the girls and boys brackets.

Concessions will be available throughout the day. The event is sponsored by the Eternas Junior Study Club and proceeds will go for a community betterment project.

## Girls Win Lady Jay Relays

The Motley County High School girls won the Division B title at the Lady Jay track meet in Jayton last Saturday. Winning 1st place was Motley County with 95½ points followed by District rival Jayton with 90 points.

Placing for Motley County were: 100 Dash, 1st Place, Sharlene Smith and 2nd Place, Glouris Sims; 220 Dash, 5th Place, Gwen Calvert and 6th Place, Cindy Johnson; 440 Dash, 2nd Place Pamela Pitts; 80 Yd. Hurdles, 8th Place, Laura Grundy; 880 Dash, 8th Place, Kathryn Shannon; mile run, 10th Place, Mary Lou Zarate; High Jump, 6th Place, Laura Grundy, 47"; Long Jump, 1st Place, Sharlene Smith, 177¼", and 3rd Place, Glouris Sims, 167".

The 440 Relay Team took first place honors with a time of 52.3. Members of the 440 Relay team are Ann Moore, Sharlene Smith, Gwen Calvert, and Glouris Sims. The 880 Relay team (Gwen Calvert, Ann Moore, Glouris Sims, and Sharlene Smith) posted a time of 1:53.0 to win first place in that event. The Mile Relay Team (Cindy Johnson, Ann Moore, Linda Palmer and Pamela Pitts) placed fourth.

Coach Larry Dearen was very pleased with the girls performance stating, "This is the first time ever that the girls had won a Track Title. We have had a lot of seconds last year but not first until last Saturday at Jayton, and only a 7th and 3rd place this year."

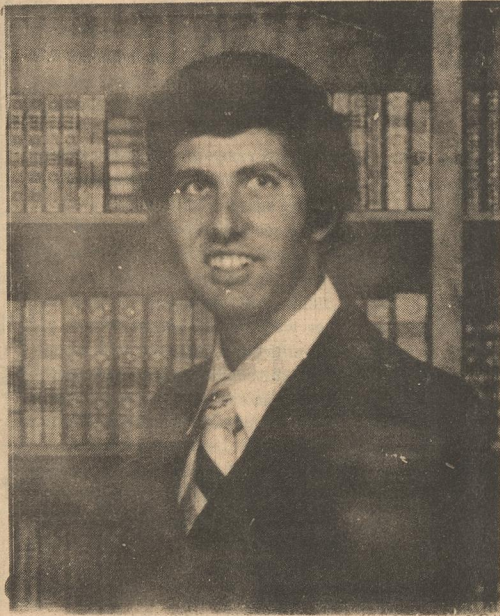

The next girls track meet will be at Jayton for District this Friday, April 14.

## Bruce Ferguson Practice Teaching

Bruce Ferguson, son of Mr. and Mrs. Eugene Ferguson of Turkey, is currently doing his student teaching in the Motley County school system under Vo-Ag teacher Bill Moss.

Mr. Ferguson graduated from Valley High School in 1973, and will be graduating from Texas Tech University in May. He began his practice teaching March 6 and will continue until May 5.

Mr. Ferguson served as showmanship judge for the 1977 Motley County Livestock Show.

## Charles Brown Employed by SCS

The Soil Conservation Service in Matador has employed Charles Brown as Range Conservationist. Mr. Brown began his duties Monday, April 10 after transferring here from the S.C.S. in Goldthwaith, Texas.

He grew up in the Fort Worth area and graduated from Nolan High School in 1972 and Texas A&M University in 1976.

Mr. Brown is single and will be making his home in Matador.

## Jameson Rites Held

Funeral services for James Malcolm Jameson, 78, longtime resident of Motley County, were conducted at 2 p.m. Thursday, April 6, in the First United Methodist Church. Rev. Lloyd Hearn, pastor, and Rev. Jess Terry of Bovina officiated.

Interment was in East Mound Cemetery, Matador, with Seigler Funeral Home in charge.

Mr. Jameson passed away about 8:50 a.m. April 4, in the High Plains Baptist Hospital in Amarillo after a brief illness. He had been a resident of the county for 67 years. He was a farmer, a member of the Methodist Church and of the Masonic Lodge.

He was born Nov. 20, 1899 in Foard County, Texas and came to Matador at the age of 6½ years, with his parents, the late Rev. and Mrs. R. L. Jameson. His father, "Uncle Bob" Jameson was one of the early pastors of the Matador Methodist Church.

Malcolm Jameson and the former Verna Norton were married April 30, 1923.

He is survived by his wife; two daughters, Mrs. Dan Bevers of Amarillo and Miss Melva Judine Jameson of the home; four brothers, Ed and Bob Jameson, both of Matador, Les Jameson of Goree, Tex., and Olin Jameson of Carlsbad, N.M.; five sisters, Mrs. J. D. (Eva) Mitchell of Roaring Springs, Mrs. Velma Smith of Abilene, Mrs. Preston (Beatrice) Spray of Childress, Mrs. Bill (Oma Mae) Merriman of Brownwood and Miss Ruth Jameson of Kerrville; and two grandchildren.

Serving as pallbearers were nephews, Bill and Bobby Jameson, Clay Jameson, Jody Jameson of Plainview, Franklyn Jameson and Travis Jameson.

## Jaycees Planning Baseball Program For Youngsters

The Matador Jaycees are currently working on plans for the summer baseball program for boys and girls ages 8 through 13.

Forms were passed out at the Motley County School this week. Boys and girls wishing to participate in the program are asked to complete the forms and return them to home room teachers by Thursday, April 13.

The Jaycees will meet tonight to initiate the plans further. Dividing the boys and girls into age groups, the possibility of having a girls softball team and a boys hardball team will depend upon the number of applicants.

The Jaycees will be contacting businesses to sponsor teams for this year's program. If any business or individual wishes to sponsor a team and has not yet been contacted, please call Dan Jackson or any member of the Jaycees.

The Jaycees are hoping the community will join with them in providing this summer recreation fun for the youngsters. The success and growth of the program will depend upon the adult participation in the program. Anyone wishing to help with the program, coach, assist in coaching or sponsor a team are asked to contact Dan Jackson.

## ONE ACT PLAY WINS DISTRICT

The Motley County High School One Act Play won first place in the District contest at Jayton last Thursday. The cast will advance to the Regional contest this Saturday, April 15 at Lubbock Cooper High School.

The cast, under the direction of Carrol Clancy, presented "To Burn a Witch" by James L. Bray. The setting was a Salem, Mass. scene in 1683. The play was in competition with the following schools and plays: Jayton, "Feathertop"; McAdoo, "The Summer People"; and Patton Springs, "Good Bye to the Clown".

Cast members and the parts they played were: Ruth Hannah Smith played by Alicia Wilson; Mary Abigail Gentry played by Carla Hart; Dame Stanley played by Tina Cartwright; and Widow Jones played by Shelley Seigler.

Carla Hart was selected as Best Actress in over all competition. Tina Cartwright and Alicia Wilson were selected to the All Star Cast and Shelley Seigler received Honorable Mention to the All Star Cast.

## Larry Elliott Wins Press Awards

Larry Elliott, Texas Tech University journalism student and a reporter on the University Daily, was among the winners in the 54th annual Rocky Mountain Collegiate Press Association conference held recently in San Marcos. It was the organization's first meeting in Texas.

Southwest Texas State University was the host school, and the conference drew more than 200 students from 40 colleges and universities from 11 states.

In the Division I newspaper competition, Larry Elliott won a first place in features and a third place in editorial competition. He is the son of Mr. and Mrs. Ted Elliott and a graduate of Matador High School. In addition to his college work, Larry also works at a Lubbock radio station.

Tech student journalists won a total of 20 awards in newspaper, yearbook, radio and television competition. The divisions included competition in features, editorials, critical reviews, illustrations, page makeup, sports photo, feature photos, copy, theme, layout, newscast, sportscast, spot commercial, program production and documentary competition.

In Division I yearbook competition, Texas Tech won second place for general excellence with one first place and four second place awards.

## Cotton Meeting Is Scheduled

Motley County cotton producers who didn't attend the meetings in Matador on Mar. 21st and Quitaque on Mar. 31st should attend the meeting in the Valley School on Thursday night April 13th, starting at 7:30 p.m., says County Agent Bill Pallmeyer.

Cotton farmers will decide the future on the boll weevil control program in Motley County this month, and three important items should be voted on by all producers.

These include a scouting program, and early season control of the emerging overwintered weevil; a delayed planting date, and a supplement to the current diapause boll weevil control program.

Speakers from the Texas Agricultural Extension Service, APHIS, and Plains Cotton Growers will present parts of the program for local producers to make their decisions on.

Get the information first hand, and present your questions to the ones who can give you the correct answers, says Pallmeyer.

## Boys Win 1st Place

The Motley County High School boys track team edged passed Jayton to win the Dawson Relays this past Friday. Motley County placed first with 114 points; followed by Jayton with 104 points; Klondike, 66 points; Seagraves JV 29 points; Smyer 21 points; Borden County 18 points; Loop, 10 points; and Greenwood, 1 point.

Individual winners and events were: Discus, 3rd Place, Jack Bivens, 117-3; Long Jump, 1st Place, Jerry Lee, 19-9¼ and 2nd Place, Harold Dempsey 18-9¼; 120 Hurdles, 1st Place, Robert Parker, 15.7; 330 Hurdles, 2nd Place, Robert Parker, 43.6; 100 Dash, 2nd Place Jerry Lee, 10.0; 220 Dash, 3rd Place, Harold Dempsey, 24.3; and the Mile Run, 3rd Place, Shannon Jameson, and 4th Place Dennis Gwinn.

The 440 Relay placed 2nd with a time of 45.4. Team relay members were Jerry Lee, Preston Pitts, Harold Dempsey, and Todd McCandless. The Mile Relay team (Bezell Moore, Donnie Martin, Robert Shannon, and Todd McCandless) took third place honors with a 3:39.0 time.

Coach Randy Hicks is very pleased with the hard work and enthusiasm of this years track team. They will be traveling to Sundown this week before the District track meet in Jayton on April 20.

## School Board Meets

The Motley County ISD Board met Monday night for their regular monthly meeting.

The board canvassed the election. Bundy Hal Campbell and Wilberta Jackson were elected to three year terms and Billy Hand was elected to a one year term.

Officers of this year's board were elected as follows: Vann Francis, President; Bundy Hal Campbell, Vice-President; and Tom Ross, Secretary. The calendar for the 1978-79 school year was approved.

In discussing the Old High School Building the board decided to send questionnaires to all registered voters in Motley County. The questionnaires are to determine if there is enough support in favor of keeping the old High School Building to warrant the board's postponing the present plans to tear the building down.

The Education Service Center, Contract for Title I, films, and certification of Charles N. Johnson as district representative were approved by the board.

## Bulletins

### Benefit Barbecue Saturday

## PCA Represented In San Antonio

Financing and the agricultural world get attention when W. J. Boykin, Rolling Plains Production Credit Association director from Northfield, goes to San Antonio April 7-8. He will be among 500 farmer-rancher stockholders and guests attending the 22nd annual meeting of the Federal Intermediate Credit Bank of Houston.

Other Rolling Plains PCA directors attending include Mack T. Claburn, chairman of Anson; John Paul Perrin, vice chairman of Haskell; Winfred C. Mann of Clarendon and W. H. Williams of Spur. PCA officers accompanying them include R. C. Cobb, president and Robert Proctor, Jr., vice president. According to Cobb, those

attending represent 30 PCAs and 6 agricultural credit corporations in Texas which obtain their loan funds from the FICB of Houston. These organizations last year loaned nearly \$1.6 billion to Texas farmers and ranchers. PCAs of Texas and the Houston bank are part of the nationwide Farm Credit System which provided nearly \$40 billion last year to the nation's food and fiber producers.

Rolling Plains PCA makes agricultural loans to producers in Briscoe, Childress, Collingsworth, Cottle, Dickens, Donley, Foard, Hall, Hardeman, Haskell, Jones, Kent, King, Knox, Motley, Shackelford and Stonewall counties.

## Employers SS Forms Change

Ray Purcell, Manager, Plainview Social Security Office, stated today that several changes in wage and tax reporting beginning in 1978 should be brought to the attention of employers. Employers who have in past years filed form 941 should note that beginning January 1, 1978, the schedule A of the form 941 will no longer be required.

Form 941 will still be sent quarterly to the Internal Revenue Service. However, Schedule A, or continuation sheet, will no longer be used to report the social security wages for an employee. Instead, the W-2 form, submitted at the end of 1977, will be used by both the

Social Security Administration to credit the employee's social security wages, and by the Internal Revenue Service for income tax purposes.

Beginning with 1978, all W-2 forms should be mailed to the Social Security Administration. These changes are explained in the 1977 circular E Supplement, Employer's Tax Guide, issued by the Internal Revenue Service.

For further information concerning these changes, you may contact your Social Security Branch, telephone number 293-4371 or obtain a copy of the circular E Supplement from the Internal Revenue Service.

## School News

Congratulations were given to the cast and crew of the U.I.L. One Act Play. Miss Carol Clancy is the director. Those in the play were Carla Hart, Shelly Seigler, Alicia Wilson and Tina Cartwright. The play won first in the district competition. Carla Hart received the Best Actress Medal. This play will be entered in the regional meet Saturday at Lubbock.

Trophies were presented formally during assembly program to the boys and girls track teams. The trophies had been won in recent meets.

U.I.L. district literary events were scheduled last Tuesday in Motley County School building. Classes were dismissed at 1:30 p.m. District entries came from Jayton, Guthrie, Patton Springs, McAdoo, and Motley County.

Last Wednesday the girls district tennis tournament was held at the Motley County School courts.

Juniors are ordering their class rings this week.

Mrs. Cox has asked the Seniors for baby pictures which will be printed in the annual.

The Pee Wee track meet will be held at the football field this Saturday.

## SAFETY SENSE

**Lawn And Garden**  
When it comes to preparing for gardening safety, your good sense should tell you: don't wait!

That's what experts at the Outdoor Power Equipment Institute recommend when it comes to servicing your lawn mowers, edgers, tillers and shredder grinders.

There's no sense waiting until summer before checking equipment for broken parts, rust, general breakage or malfunction. Now's the time to take a good look at motors and parts and take them into the shop if necessary.

Read your owner's manual for a maintenance and operations refresher course!

Then, you can spring into action with safe and effective power equipment for a beautiful lawn and garden all summer long!

## Farmers Urged To Delay Planting

Boll weevil populations in the Rolling Plains are at low levels now. About 95 percent of the population which went into overwintering habitat has been unable to survive the hard winter. The weevils that did survive will soon begin to emerge from below broad-leaf litter in search of cotton. By using a uniform planting date of May 20 or later producers can greatly reduce the number of weevils that infest their fields, says Extension Agent Bill Pallmeyer.

Research has shown that boll weevils live 8 to 22 days after emerging from overwintering habitat. When cotton is planted on May 20 or later it will be the first or second week in July before 1-3 grown squares are present. Since boll weevils cannot deposit eggs that will produce adult weevils until the squares are 1-3 grown most of the female weevils do not survive to deposit their eggs. Recent research conducted by Mr. James White and Dr. Don Rummel of the Research and Extension Center at Lubbock, indicates that only 5 to 10 percent of the overwintered weevils are able to survive and infest cotton that is squaring the first week in July.

When all of the producers in an area use the same general planting date the amount of weevil damage will be reduced during most of the growing season. Once cotton produces 1-3 grown squares until the second generation weevil adult begins to emerge in mid August, there is little movement of weevils from field to field. Therefore, weevil populations will remain low in fields that were not infested with overwintered weevils or where early season control was carried out until weevil migration begins in mid August.

In fields that are infested with overwintered weevils during late June and early July, producers will need to control the weevils with an early season application just before the first squares are 1-3 grown.

In most cases, only one application will be needed. However, in early May planted fields several applications may be needed to control overwintered weevils, says Emory Boring, Area Extension Entomologist, Vernon, Texas.

Chili has been named the state dish of Texas.

## NEWS Of Education

### The Importance Of Reading

Surprisingly, the most important educational institution has no labs or lecture halls and a very small faculty. It's not a school; it's your home.

According to child education experts such as Dr. William H. Nault, editorial director of World Book Encyclopedia, you as a parent are the first and most important teacher your child will ever have.

Here are some ways to instill a desire to learn even before he goes to school:

Read to your child every day. Write down words as your child says them to let him know that printed material is really "printed talk." Take your child to the library. Buy him books, such as those in Childcraft—The How and Why Library, that are designed to help children learn. Provide a place for "his books" at home.

And let the child see you reading, so that reading becomes something useful and enjoyable in his mind.

## Income Tax Tips

Taxpayers should make sure their address and social security number on their return are correct and legible to prevent delay of tax refunds, the Internal Revenue Service said.

Taxpayers who have moved since filing their tax return should inform both the U.S. Postal Service and the IRS Service Center where they filed their return of the new address. Otherwise, any refund due might not reach its destination.

To ensure accurate addresses and social security numbers, the taxpayer should use the peel-off label attached to his or her tax package. The taxpayer can make any name, address, or social security number corrections right on the label.

## Davenport Tabbed For Industries President

At the regular meeting of Friona Industries Inc. directors elected Ron Davenport as president and chief executive officer of the Company, filling the vacancy created by the death of John J. (Jack) Carrouthers. Davenport joined the company as manager of Hi-Pro Feeds in 1967 and has served as a vice president since 1973.

Re-elected on the board of directors were: A. L. Black, David J. Goddard, Davenport, William D. Buske, Dayton C. McWhorter, John C. Thom, Paul F. Hartz, Donald C. Oskin and William C. Donnell. Black, formerly a vice president, was elected chairman of the board. Goddard was elected financial vice president and secretary-treasurer.

The board also declared a quarterly cash dividend of 7½ cents per share on the Company's common stock. Davenport is also director of the Cattle Feeders Association.

He is married to the former Edwina Overstreet, daughter of Mr. and Mrs. R. W. Overstreet of Route 4, Floydada. The couple have two sons, Winfield and Wade.

Major enterprises of Friona Industries, Inc. include: Friona Feedyard, PACO Feedyard and Swisher County Cattle Company, with a combined feeding capacity of 124,000 head. This operation is supported by company owned facilities. Hi Pro Feeds, a computerized feed mill; Black Elevators, with a 3.25 million bushels capacity; Friona Transport, serving with 34 trucks; seven Hi Pro stores located in Guymon, Oklahoma, Etter, Friona, Texarkana, Abilene, Uvalde and Sealy, Texas. These stores feature veterinary and farm and ranch supplies and Hi Pro feeds, most of the assets of Poarch Boor, of Hereford, and agriculture construction business.

### LUNCHEON OPENS GOLF SEASON

Laverna Price was hostess for luncheon Thursday, April 6, to open the 1978-79 golf season for the Women's Association. Several new recipes were brought -- all delicious and attractive -- including strawberry pie, saffron chicken, and that best of all new cakes, fresh (frozen) coconut... as well as many more delicious and favorite dishes.

Grace Campbell aksed the blessing, and others present enjoying the gourmet meal included Nancy Long, Geneva Wilson, Dorothy Russell, Louise Barton, Kathryn King, La Voë Thacker, Judine McCaghren, Kathy Gillespie, Bertha Stearns, Lillian Thacker, Faye Clements, Frances Hobbs, Mickey Bostick, Francine Green, Lucretia Campbell, Rita Groves, Tommy Edwards, Marguerite Edwards, Dorothy Day, Nell Clem, Leona Cox, Loys Campbell, Winifred Darsey, Laverna and Hazel.

Leona presided at business meeting and extended welcome to the new members. Yearbooks were handed out, and Laverna, as chairman of rules committee, read and explained changes made in some of the rules. Business also included reading of the financial report.

Thanks was expressed by Leona (president) for all the help on the recent barbecue supper.

Time for play through April was set at 9:30 a.m. and committees were named for our Guest Day, May 19.

A special thanks to Laverna for our luncheon; also to Rachel Patton for making our yearbooks, and to the Tribune for use of stapling machine.

### PLAY DAY FOR MOST 'ONE' PUTTS

Eighteen players were out for play day... so glad to have Runita Robertson and Donna Purnell of Dougherty to join us for play -- others were Dorothy R., Laverna Kathryn, Frances, Louise Loys, Leona, Dorothy D., Kathy, Francine, Geneva LaVoë, Lillian, Winifred Lucretia and Hazel.

There were three tied for most one putts (4): Louise, Geneva and Francine -- with Geneva winning the draw and the ball.

New flags were in place on all the greens, giving a new look to the course -- since they are a different color this year -- yellow with black numerals.

Leona was wearing a new "cotton" cap from a recent Farm Show in Lubbock, which her children (the Ronnie Cox's) had brought her.

### Engagement Announced

Mr. and Mrs. L. B. Green announce the engagement of their daughter, Patricia, to Noel Dean Scoggins, son of Mr. and Mrs. W. C. Scoggins of Port Arthur. Lakeside Baptist Church, Dallas, will be the setting of the June 11, wedding.

Miss Green is a graduate of West Texas State University and is currently employed by the Terrell Independent School District as a Special Education teacher.

The prospective bridegroom is a graduate of Texas A&M University and is employed by Texas Instruments Incorporated.

### Engagement Announced

## YOUR LIFE INSURANCE

Prepared by the American Society of Chartered Life Underwriters, the national society of life insurance professionals who have earned the C.L.U. designation by meeting high educational, ethical and experience requirements.

Q. Can my widow still collect Social Security if she receives monthly payments from my life insurance policy?

A. Yes. According to law, monthly life insurance payments will not disqualify your widow in any way from receiving her full Social Security payments. Monthly life insurance benefits do not count as earned income, regardless of how much is paid each month through a policy.

## OSUNA--HERNANDEZ EXCHANGE VOWS

Maria Osuna and Robert Hernandez were married in a 1:30 p.m. ceremony Saturday in St. Michael's Catholic Church in Ralls. Father Harry Waldo officiated.

Honor attendants were Priscilla Moreno, cousin of the bride of Lubbock and Thomas Hernandez, brother of the bridegroom of Fort Benning, Ga. Also included in the wedding party were Mr. and Mrs. Alex Guerrero, Jr. of Matador and Robert Ramirez of Roaring Springs.

Parents of the couple are Mr. and Mrs. Ruben Osuna

of McAdoo and Mr. and Mrs. Gregorio Hernandez of McAdoo.

The bride was graduated from McAdoo High School. The bridegroom was graduated from McAdoo High School and South Plains College. The couple will live in Lubbock.

Guests attending the wedding from Roaring Springs and Matador were Fabian Hernandez, Joe Hernandez, Roy Hernandez, Marcelino Ramirez, Nancy Ramirez, Mr. and Mrs. Joe Guerrero and Noel, Paul Eusteste, Jr., Andy Zarate, and Mr. and Mrs. Keith Patton.

### VBS Announced

The First Baptist Church of Matador has scheduled May 29 through June 2 as the official date for this year's Vacation Bible School. Classes will be held from 8:45 to 11:15 a.m. Further details will be announced at a later date.

### ICC REFUSES . . . .

(Word was received by Ray Farabee, attorney for the group against abandonment of the QA&P RR, Friday, that the Interstate Commerce Commission has refused to accept the application of the QA&P to abandon the rail service between Floydada and Acme. The following is an excerpt from a letter received by Robert Worley, C of C manager, concerning same.)

Dear Mr. Worley, we have received word today (March 30) that the Interstate Commerce Commission has refused to accept the application of the QA&P in connection with abandonment of rail service between Floydada and Acme, Texas.

Reasons indicated by the ICC for refusing to accept the QA&P application are: (1) Failure of QA&P to give proof that the proper system diagram map had

been filed four months prior to filing the application in accordance with Sec. 1121.23 (a). (2) QA&P failed to give proper notice of intent to file the new application in accordance with Section 1121.30 (a) and (b).

(3) QA&P failed to file all necessary environmental information as per 1121.3 (f). (4) QA&P failed to give proof of filing of notice for three consecutive weeks in all newspapers involved in accordance with Sec 1124.34(b).

This means that the QA&P has to refile its printed notices and take other steps to comply with the above. As a result, the application probably won't be filed until May or June, 1978. This, in effect, gives us (the group against abandonment) an additional three or four months.

### RECENT TRIP

Mr. and Mrs. James Taylor and daughters, Melea and Kellie returned last week from a trip to Hawaii during Easter holidays. They visited four islands, Hawaii, Maui, Oahu and Kauai and were gone 11 days. One of the highlights of the trip was the boat

excursion around Pearl Harbor. They visited the Polynesian Cultural Center, Waikiki Beach and the volcano, Haleakala, to mention only a few of the attractions. "All the islands we visited were beautiful, and each one had something different to offer. It was a wonderful trip and a wonderful experience," said Mrs. Taylor.

## bringing up baby

By Mrs. Dan Gerber  
Many mothers have asked me, "Won't my baby be healthier eating food I've made at home?"

"Not necessarily," I always reply. I know that mothers ask this question because they want to give their babies the best, but in some cases they may be risking their infants' health by preparing their food at home.

The reason is that the making of baby foods is a precise science. The specifications for baby food products at Gerber are among the most rigid in the baby food industry. A baby's resistance to contamination is not fully developed and therefore it is important that they have foods that are absolutely safe. Each Gerber food product must pass strict tests for safety and wholesomeness.

## Oldest College To Hold Reunion

The annual reunion of the Clarendon College Ex-Students' Association will be held April 28, 29, 30, on the campus of Clarendon College.

Activities will begin Friday Evening, April 28, with a Fine Arts Production in the Harned Sisters Auditorium. Registration will be held at 10:00 a.m. Saturday, April 29, at the College Cafeteria. A Tea will be held in the home of Mrs. Ruby Bromley Saturday afternoon and the annual banquet will be held Saturday night at the cafeteria. An Art Exhibit will be on display in the Fine Arts Building on Sunday and a Special Church Service will be held for Ex-Students. The reunion will close with a luncheon meeting on Sunday, April 30, at the college cafeteria.

The Special Feature of the annual banquet will be presented by Mr. and Mrs. Lee Nowlin of Plainview. The classes of 1928 and 1953 will be honored this year.

Clarendon College is unique in one respect. It is the oldest college in the Texas Panhandle, having been established in 1898. It was truly a frontier college, organized nine years before Oklahoma became a state and fourteen years before New Mexico and Arizona became states.

It was in operation twelve years before West Texas State Normal of Canyon and Wayland College of Plainview were opened, and twenty-four years before Texas Technological College of Lubbock was established.

Clarendon College enjoys a rich heritage, and continues in operation as a community college at the present time on a thirty acre campus, with many fine facilities and an excellent staff and student body.

All Ex-Students are cordially invited to attend. Further information may be obtained by writing: Ex-Students, Clarendon College, Clarendon, Texas 79226.

## New Service Available Through Health Agency

There has always been a tremendous need for aged clients who needed skilled nursing service by an LVN or RN... but they were ineligible for home health visits because the skilled nursing need did not meet the Medicare guidelines for "skilled care" according to the West Texas Home Health Agency. Seeing this special need the MBFA Foundation (More Benefits For the Aged), began a new service as of February 1, to meet the needs of these special clients.

Those persons who require less than skilled care under the Medicare guidelines, or those who need skilled care but cannot afford to pay the regular Homemaker Service, a division of the MBFA Foundation.

An example of this type of service would be the client who needs a B 12, or other type of vitamin injection, ordered by their attending physician, but has no Medicare, Medicaid, Veterans, or private insurance of any kind, and cannot afford to pay the normal charge. This patient can now have the visits by the LVN or RN in their home at a reduced rate based on their individual financial status.

This service will also be most helpful to the patient who has been on the home health service under Medicare, or some other type of insurance coverage, and has depleted this coverage but is still in need of skilled nursing service. The client can now pay a reduced rate and remain on the service under this new system, through the Texas Homemaker Service.

This service should not be confused with regular homemaker services, as this is skilled nursing care given by an LVN or RN, but does not meet the Medicare guidelines. The client must be under the care of a physician who will order this service for the patient. Clients may discuss this with their physician or may call the home health center in Childress for more information. The phone number to call is 937-2539 in Childress, or Armentha Martin, LVN, in Dumont, 806-596-2841.

The goal of the Foundation is to be able to meet the total medical needs of their clients. This new service will provide another means towards better and more complete medical care of our clients. The MBFA Foundation's motto is a "Vision With A Task" and this task is continually being accomplished and the vision is becoming a reality to those the Foundation is privileged to serve.

OMISSION

## Winning Hand.

The following was omitted from the Whiteflat Reunion article in last week's issue of the Tribune.

Mrs. W. R. (Naomi) Tilson donated a school desk in honor of her late husband, W. R. Tilson, to the Whiteflat Community Reunion Association. Tickets were purchased by the guests for the desk and all proceeds were donated to the Association.

The winner was Robert Mayfield, a former Whiteflat resident, now living in Ropesville.

## Loans Available From FmHA

Emergency loans for farmers, ranchers, or aquaculture operators are available through county offices of the Farmers Home Administration (FmHA) Motley, according to FmHA County Supervisor.

John Quattlebaum asked that those who need farm credit as a result of hail & drought make their needs known at the Farmers Home Administration office at the Courthouse Matador or 401 N. Burlington, Spur, Texas.

Applications for assistance in the disaster stricken counties will be accepted by Farmers Home until Sept. 9, 1978 for physical losses and April 3, 1979 for production losses.

FmHA loans covering actual physical and production losses may be used to replace installations, equipment, or buildings, (including homes) lost through this disaster. Funds may be used to buy feed, seed, fertilizer, livestock, or to meet interest and depreciation payments on current real estate and chattel debts. Other loans, beyond actual losses, can be made for annual operating expenses or to make major adjustments in a farming or ranching or aquaculture operation.

"Funds can be used for essential operating and living costs," Quattlebaum said.

Loans covering actual losses are made at an interest rate of three & five percent and are scheduled for repayment as rapidly as feasible consistent with the applicant's reasonable ability to pay. Loans beyond actual losses have various maturities, depending upon the purpose of the loan.

The interest rate for short-term loans for farm operating purposes is 8 percent. Long-term loans are being made at an interest rate of 5 percent.

To be eligible for an emergency loan, an applicant must have suffered losses from the disaster and be unable to get credit from other sources.

Emergency loans can be used to help the farmer restore damaged operations and additional loans based upon the emergency designation can be used to reorganize the farm for greater efficiency and better production.

Now, one prune juice comes with vitamin C added. This Super Mott's Prune Juice also has an extra amount of prune solids—10 percent more than the United States government requires—so it is said to give more of what we buy prune juice for. This, according to many people, makes it rich in taste and smooth in texture.

## TO THE CITIZENS OF MOTLEY COUNTY

Dear Citizens,

I am concerned as a resident of Motley County about the future of our hospital and medical services.

I am a past member of your hospital board and I know that it is a business that must have income so that services can be rendered to the people.

The tax base that is collected for the hospital district can only run the clinic, the hospital, the ambulance and service the area with a Doctor's services 5 months. The other 7 month's expenses must be paid by income the hospital and clinic generate.

The hospital can deliver services that this county and area need but these must be paid for promptly. Like most fledgling businesses, if the accounts are paid then services can be continued. If the money does not come in, then the business cannot survive.

Our hospital is in trouble! There are accounts on the books enough to keep our doors open another 3 months, if collected. Otherwise, we may have to close.

Does this county want a hospital and medical services? It is up to you!

Sincerely,  
Marion Woodruff

## Attend Fogerson Rites

Services for Mrs. Florence M. Fogerson, 84, of Silvertown were attended by friends from Matador at 2:30 p.m. March 23, in Silvertown Church of Christ. Ted Kinery, minister, officiated, assisted by Earl Crutwell, minister of Rockcreek Church of Christ.

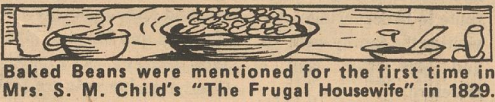

Burial was in Silvertown Cemetery under direction of Silvertown Funeral Home.

Mrs. Fogerson died at 8:15 a.m. Tuesday, March 21, in Tullia Nursing Home, after a long illness. She had lived in Briscoe County 64 years, where she was a member of

Silvertown Church of Christ. She was born in Moody, Texas.

Survivors include a son, Ware Fogerson of Silvertown, two grandchildren and three great-grandchildren.

Attending the services from Matador were Mr. and Mrs. E. A. Day, brother and sister-in-law of Mrs. Ware Fogerson, also her aunt, Mrs. George Birchfield, who was accompanied by Mrs. Ted Elliott. Mrs. Fogerson's mother, Mrs. R. A. Day of Lubbock, also attended.

Baked Beans were mentioned for the first time in Mrs. S. M. Child's "The Frugal Housewife" in 1829.

Directors for this year's rodeo will be Larry Thompson and Pat Puckett.

## JOHN HILL BELIEVES...

- ★ Texas needs no personal or corporate income tax — he will veto any tax increase
- ★ Local property taxes should be reduced — he will provide property tax relief by increasing the state's share of public education costs
- ★ Farmers and ranchers pay more than their share of property taxes — he will work for using agricultural productivity, instead of market value, to set property taxes

**ANNOUNCEMENT OF HOMECOMING MEETING**

Mrs. Herb (Geneva) Martin announced there will be a Flomot Ex-Students Association meeting held Sunday, April 16 at 3 o'clock p.m. at the Flomot Community Center. All members are urged to attend this important meeting so the plans and date can be set for this year's Flomot Homecoming, which is held every three years. Doyle Calvert is president of the Flomot Ex-Student Association, Bill Dean Washington, Vice President and Mrs. Martin is Secretary and Treasurer.

**LOCALS**

Recent visitors in the home of Mrs. W. B. Wason were her granddaughter, Mrs. Gary Campbell and daughters, Jennifer and Jessica of Herkimen, New York. The Campbells are in the process of moving from New York to Victoria, Texas.

**U.M.W. MEETS**

The U.M.W. met in the home of Mrs. C. D. Garrison. The topic of the program was "Doing it Their Way - For Christian Advance in Ghana." Calendar of prayer was brought by Willie Russell.

Those attending were Mesdames: C. D. Garrison, Luther Lancaster, Jimmy Woodruff, Verlin Reeves, Bill Dunning, Audrey Price, Ed Lee, and Willie Russell. The group was dismissed by Nora Belle Dunning.

**THANKS TO MANY**

A big thank you to all who bought tickets for the barbecue supper and see money to save the school building. Many former students, who attended high school here, would like to see the structure used for a community building and civic gatherings. Your support of this project is appreciated by many local residents, as well as the many former citizens who have contributed to this fund.

**PLANT CERTIFIED**

**For Higher Cotton Yields**

Yields from certified cotton planting seed were up to 18 percent higher than yields from caught or non-certified seed according to research by Dr. L. L. Ray at the South Plains Research and Extension Center in Lubbock, Texas. Certified seed has not undergone genetic deterioration in the field. Volunteer plants and undesirable cross-pollination are eliminated. And certified seed from Pioneer is free from pests and weeds which often accompany non-certified varieties. See your ginner or Pioneer brand seed dealer for these certified varieties.

**Dependable even in dry country!**

**Certified LX571\***

You can't control the weather. So, you need a hedge against drought. . . and that's where the Lankart variety LX571 fits in. It consistently produces top yields of high quality cotton under tough, dry conditions. And you don't have to give up anything to get this outstanding drought tolerance, either. LX571 produces fairly long, strong fiber with micronaire normally in the premium range. And storm resistant bolls strip well in one pass through the field. Add up all the good things about LX571 . . . then it's easy to see why this is one of the most planted cotton varieties in the Rolling Plains, Central Texas and Southwestern Oklahoma.

\*LX571 is a U.S. protected variety (Plant Variety Protection Certificate No. 720000). Unauthorized propagation and unauthorized seed multiplication prohibited by law. LX571 cotton planting seed can be sold by variety name only as a class of certified seed. It is unlawful to sell non-certified seed of this variety.

**Long-time favorite.**

Cotton growers in Texas, Oklahoma and Eastern New Mexico have relied on certified Lankart 57 for consistently high yields for years. This variety has vigorous plants with short main stems and short fruiting branches. Leaves are large and dense. And this medium-early maturity cotton has storm-proof bolls. Lankart 57 is a good stripper cotton, too, well-adapted to Texas and Oklahoma dryland production.

**Certified LANKART 57**

**Certified LANKART 611**

**High yielding, early variety**

This cotton variety was developed for the early new maturity needs of dryland farming, especially in the Blackland and Rolling Plains of Texas and Southwestern Oklahoma. Vigorous plants with short main stems and close fruiting branches produce large bolls of high quality lint. A good stripper cotton for Southern High Plains on wilt-free soil.

Certified LANKART® and LOCKETT® brand cotton planting seed is available from your ginner or Pioneer® brand seed dealer.

## R.S. Senior Citizens Meet

The Roaring Springs Sr. Citizens met Thursday, April 6 for their 1st Thursday Luncheon.

An interesting program was presented by Mrs. Jimmy Ferebee from the Office of the Aging in Lubbock. The topic was the importance of exercises to stay physically fit. Mrs. Ferebee stressed the importance of exercises every morning or at least three times per week to stay physically fit. The group was shown a few of the most important exercises that should be done for 15 minutes each morning. Mrs. Ferebee announced the area Physical Fitness workshop by Mr. Rucker at the L.C.C. - Kay Building, April 19, from 8:00 a.m. to 4:00 p.m.

The Annual Senior Citizens picnic May 17 will be held at the Lubbock Fair Ground Coliseum. Persons attending should bring a lunch and the picnic will follow the trend of last year's meeting. A Senior Citizen of the Year needs to be elected by the April 28 deadline. It may be either a man or a woman and must be done by private ballot before the April 28 deadline.

The ladies are still meeting to quilt on Thursdays and any young woman interested is invited to come by the Senior Citizens building on Thursday mornings, with the exception of the first Thursday in the month. Wilkey O'Neal will put a quilt in the frame this Thursday (today) at 9:30 a.m.

After a delicious birthday dinner honoring J. K. Campbell and Ocie Smallwood the group sang "Happy Birthday" to them. Genie Bethard gave the blessing. Following lunch, Mr. Billy Joe Whitaker gave an interesting and enjoyable talk on what the Sr. Citizens have meant to Motley County. He was accompanied by his wife and mother.

M. G. Bethard showed slides of his and his family's life in Japan during his Vietnam tour of duty. All Senior Citizens present expressed appreciation for Mr. Bethard sharing the pictures with them.

The Senior Citizens building was opened Friday afternoon for an area training meeting of the Home Makers Service. Local members attending the meeting were Mesdames, Ora Stonecipher, Ruby Holcomb, Joyce Meredith, and Barbara Marvel. Others attending were Mesdames, Faye Murphy, Janell Stoneman of Spur, and Lawanda Russell of Dickens.

Galileo was the first astronomer to use the telescope.

## Notice

You may be eligible for additional food stamp benefits as the result of a recent Aiken v. Obledo regarding emergency issuance of food stamps. For several years, food stamp offices have been allowed to issue food stamps on an emergency basis -- without first requiring full proof of need for stamps -- to households with little or no income (usually less than \$90 per month). However, before food stamp offices would issue these stamps, they had to either contact a person who was not a member of the household in order to get some confirmation of the household's need for stamps or have the household itself provide proof of its needs. And no household was allowed to receive these emergency stamps more than once every six months. Now a Federal court has ruled that it was not legal to limit a household to emergency stamps only once every six months or to require confirmation of the household's need before the emergency stamps could be issued.

So, if you applied for or asked about food stamps since August 1974, you may be eligible for additional benefits or a reduction in your current purchase price if you fit into either of the following groups:

(1) You received food stamps at no cost but did not begin receiving the stamps in the same month you applied.

(2) Even though your household had little or no income (this would most likely mean income of less than \$90 per month), you contacted a food stamp office but did not apply, or applied but did not follow up on your application, because you thought there

would be difficulty or delay in obtaining proof of your need to receive stamps immediately. (Some, although not all of the persons in these two groups will qualify for these additional benefits.)

If you think you fit into either of these groups contact the welfare department (Department of Human Resources food stamp office) nearest to you or contact the FNS Regional Office at the following address: Food Stamp Food Stamp Program Food and Nutrition Service U.S. Department of Agriculture

1100 Commerce Street Dallas, Texas 75242

You do not have to be currently eligible for food stamps in order to get the month's worth of benefits you lost in the past.
