## Matador City Council Report

The Matador City Council met Thursday, July 12, 7:30 a.m. with all present. Minutes and bills were read and approved.

Council discussed closing unused alley ways. Originally they were designated alleys to lay sewer line and for trash service. These could be closed only if unused.

The Building and Grounds Committee of the First Baptist Church and James Gillespie of SCS, explained to the Council that they have a water problem. They explained that everytime it rains a lot of water runs from the south end of town and into the church basement. Gillespie had shot an elevation survey of that end of town and determined a dip needed to be made in the street southwest of the church. This was accepted.

Mayor Lancaster reported the insurance had been paid for the roof's damage in the recent hail storm for the City house and City Hall. Lancaster also reported the City had received deeds of lots left in the Kara Moore Dunn Estate settlement.

No word has been received on landfill rules. Also reported was due to the large amount of re-roofing being done, a new pit would have to be dug a year earlier than planned.

Meeting adjourned.

## Burleson Memorial Roping Set For This Weekend

The 1990 Dusty Burleson Scholarship recipients have been invited to participate at the 7th annual BURLESON MEMORIAL ROPING, July 20, 21 and 22 at Burleson Arena, Flomot, Texas.

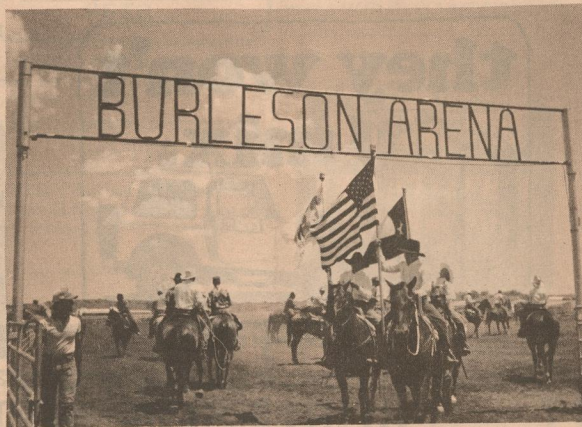

The Ranch and Feedlot Operations course taught at Clarendon Jr. College by Jack Moreman and Jerry Gage, is a two semester course. Students who received scholarships for the second semester this year were David Brazan, son of David Brazan of Rio Grande City, Texas; David Davidson, son of Danny and Linda Davidson of Estelline, Texas; Jack Shepard, son of Mr. and Mrs. Jack Shepard of Wellington, Texas; Jimmy Don Stevenson, son of Mark and Lana Stevenson of Canyon, Texas; and Bryan Thomas, son of Bernard and Juanita Thomas of Tucumcari, New Mexico.

The Ranch and Feedlot Operations course is open to twenty-five students each year. Applications and interviews are required before students are accepted. This course has been offered at Clarendon Jr. College since 1975.

As has been the policy each year of the Burleson Memorial, all gate admission of \$2 dollars, goes to the scholarship fund, so the area people who attend and participate make these scholarships possible. The money from entry fees and cattle charges help to pay for the prizes.

Area craftsmen are at work making prizes to be given to the winners in all events. Alvin Durham, Roaring Springs, leather craftsman is making headstalls for the Top Boy and Top Girl in the youth events. He is also crafting breast collars for the all around horse.

The Youth Horse events are on Saturday, July 21. Sign up begins at 8 a.m. and the events start at 9 a.m. under the direction of Dude Barton, Wadetta Clay, Kirk Brock, Mollie Burleson, and Kristy Porterfield. The events are offered for three age divisions, Pee Wee, age 7 and under;

Cory and Cary Franks and Mat Washington at 1989 Burleson Memorial Roping.

Jr., ages 8 to 12; Sr., ages 13 to 18. This years events are Stake Race, Potato Race, Flag Race, and Barrel Race. The entry fee is \$3 dollars per event. Trophies and ribbons will be awarded in each division for each of the four events.

Jim Bo Humphries of Dickens, Texas is the metal craftsman who is making the "bits" for all three divisions of the Cutting Horse events to be held on Friday morning at 10 a.m. July 20. Bill Wilson, Wellington, and Smokey Alexander, Lubbock will be the cutting horse judges.

Turner & Turner of Flomot have donated the "bits" for the Ranch Cutting. D.M. and Jonnie Delle Cogdell have donated the "bits" for the Open Cutting.

Teams composed of three horseback riders will be competing in the Team Penning on Friday afternoon July 20, following the Cutting Horse competition. This is a challenging "timed" con-

test for the horse, rider and cattle. This contest has proved to be a favorite for the spectators.

Wade Brannon from Silverton has made the "bits" for the Open Pasture Roping on Sunday, July 22. Introduction of Team Ropers will be at 1:00 p.m. with the exciting competition beginning immediately following.

A new buckle maker, Frontier Trophy Buckle of Thoreau, N.M., is being used this year to provide the prizes for the team ropers and washer pitch winners. The Washer Pitch will begin at 9:00 a.m. under the Hay Barn on Saturday, July 21.

Saturday afternoon July 21, Team Ropers will begin at 1:00 p.m. following the National Anthem being sung by Kristy Porterfield of Levelland. Carl and Johnnie Alford of the Circle A Hereford, will be providing the roping cattle on Saturday

## Rays of Hope

by Lola Eason

The story was told of an elderly lady, as she was ushered into the private office of Abraham Lincoln. "What can I do for you Madam?" he asked. "Mr President, I have come here today not to ask any favor for myself or for anyone else. I heard you were very fond of cookies and I came here to bring you this basket of cookies." As the tall lanky President stood to accept the gift, tears began to trickle down his rugged face. For a moment he was silent, then he spoke, "My good woman, your thoughtful and unselfish deed greatly moves me. Thousands have come into this office since I became President, but you are the first one to come asking no favor for yourself or someone else."

There is a spiritual truth in this story. There are times we need to go before the Father with just Praise and Thanksgiving for all his bountiful blessings. Beyond that we need to pray the message of the saving power of Jesus Christ will reach the lost before it is too late.

God cares for us and his great rewards are in store for us in his heavenly home. II Corinthians 5:10, "For we must all appear before the judgement seat of Christ, that everyone may receive the things done in his body, according to that he hath done, whether it be good or bad."

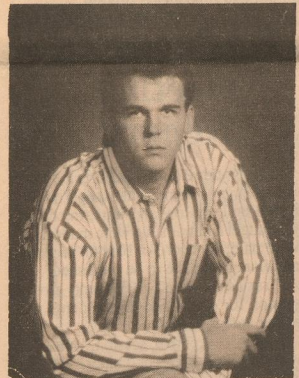

I don't think we quite realize how personal this is to you and I. Each of us must stand before God, not man, and give an account of personal acts and deeds. God is merciful and will forgive everyone who repents. Not only is there hope and a home awaiting us but also eternal life. As we submit ourselves to God and his framework of values. We become people with direction, people who make decisions, not based upon the expediency of the moment but upon God's value system

Sometimes coping with the problems of life seems overwhelming. "We are told not to be surprised at the painful trial we are suffering as though something strange were happening to us." I Peter 4:12 (NIV). We are not exempt from tragedies of this world. As long as we are part of this world, we will experience death, separation, betrayal and injustice.

Often we are tempted to pass the buck and refuse responsibility for ourselves. If we are going to be active participants in life rather than spectators and victims. It is only when we accept whatever burden we carry as our own, that we can lay it down.

Be careful of your thoughts -- they may break into words at anytime.

## First Baptist Church Hosts Summer Youth Director

Tommy Spencer

First Baptist Church, Matador, is pleased to have Tommy Spencer serving as Youth Director. From the time of his arrival on June 10, he has been involved with many Youth activities, including weekly Bible studies on Sundays and

Wednesdays.

Special activities have included attendance at the Youth Evangelism Conference in Dallas, June 22-23, preceded by a day at Wet'n Wild in Arlington. Also, June 25-28, Youth Fellowships were held each evening in the yards of various church members. A youth group from Calvary Baptist Church, Vernon, Tommy's home church, led the nightly fellowships and assisted in Vacation Bible School each morning.

This week, youth are attending Youth Camp at Plains Baptist Assembly, near Floydada.

Tommy, a 1990 graduate of Vernon High School, plans to enter Wayland Baptist University, Plainview, this fall as a ministerial student. Concerning his work as Youth Director in Matador, Tommy says, "I want to help the youth to see that Christianity is fun, and to give them something more to look to."

All youth of the community are invited to attend Bible Study on Wednesdays at 8:00 p.m., and Sundays at 6:00 p.m., and to participate in all special activities as they are planned.

By Wilda Dixon

Recent visitors have included the following: James R. Harrod, Dennison, TX; Judy Murphy, San Antonio, TX; Pat and Sarah Robertson, Dallas, TX; and Wayland and Margaret Jones and Mandy and Nathan Hancock of Floydada, TX. We appreciate all our visitors coming by to see the mural and the Library.

We also had one other visitor, but none of us remember his name and we forgot to get him to sign the register. He was a reporter for a newspaper in Amarillo and was looking for information about Matador and Motley County history. If

anyone takes the Amarillo paper and sees the article, please bring it to the Library for us to get a copy for our scrap book.

Next week is the last week for the Summer Reading Program but that does not mean that it is time to quit reading. All children are encouraged to continue reading even after the program is over.

### Reminders

Dues for Friends of the Library may be paid at the Library. Fine Free Book Return, July 16-28, 1990.

Not Good Enough To Go To Church???

Have you thought you would feel uncomfortable if you attended church services, being among all those...? Well, who are all those people? At our services there are several different kinds. It is by design that the assemblies are made up of both Christians and non-Christians.

Also, the true Christian is quick to tell you he or she is not an angel. The Christian doesn't have the "holier than thou" attitude. For the Christian knows that he or she is a sinner saved by the blood of Christ. He or she realizes the Bible says, "If we say we have no sin, we deceive ourselves, and the

truth is not in us", (I John 1:9). The Christian is happy to be in a saved state by God's grace, and he or she wants to see others come to enjoy salvation. The Christian is anxious to see people come along and hear the gospel. The Christian realizes all too well that he or she falls short and must rely on God's forgiveness. Christians realize that one needs the help that comes from hearing God's word and being among other people who can offer encouragement. In the Matador Church of Christ, you as a visitor will not be singled out or made conspicuous. You will not be embarrassed nor pressured in any way. You may sit where you please and leave when you wish. You will be treated as an equal. You will be shown love and friendliness. We do not assume you are good because you come. We do not assume you are bad. The fact that you may go to a ball game doesn't mean you are claiming to be an athlete. You may be seeking recreation or go to be with a friend. You may go out of curiosity. Whatever your reason, you need not feel like a hypocrite because you go to a ball game. The same is true about attending our services. Whatever reason you may have for wanting to come, come on. Don't hesitate. You are always welcome. As the apostle Peter says, "...God hath showed me that I should not call any man common or unclean" (Acts 10:28)

### FEELING SLUGGISH? Put Down Your Fork And Pick Up A Pen

Keeping a detailed food diary for a week is a simple way to learn if what, when, how and why you eat are the reasons you feel sluggish or can't lose a few extra pounds.

According to Cindy Rowell, R.D., outpatient dietitian at Methodist Hospital, carrying a diary and recording what you eat for one week can demonstrate some hidden, bad eating habits.

Make a six-column chart with headings noting the time, what you're doing and where, what and how much you eat, what your mood is, the time you spend eating and how many calories you consume. At the end of the week, interpret and study your notes.

Rowell offers these tips on what to look for and how to fine-tune your diet.

**LOOK FOR VARIETY IN YOUR DIET:** Eating a wide variety of foods is the best way to get all the vitamins and nutrients the body needs. If you're repeating foods and putting on weight, check the calorie column. You may need to add variety with lower calorie foods.

**DON'T SKIP MEALS:** Skipping breakfast makes you drag through the morning and also can cause you to over-

eat at lunch. Breakfast gives you stamina to start the day. You don't need to eat a large meal, but you should have some protein for tissue building and repair; a carbohydrate, such as bread or cereal, for energy; and some fruit or juice that's high in vitamin C.

**BE SMART WHEN YOU SNACK:** Something sugary, such as candy or a soft drink, will only leave you hungry again in an hour or two. You get a lot of calories and nothing else. Look for a snack that provides nutrition and calories. Some good choices are fruit, whole-grain bagels or graham crackers.

**LIGHTEN UP ON LUNCH:** A fatty meal can make you feel sluggish because fat is digested very slowly. For alertness in the afternoon, try a lighter lunch with some fish or chicken plus a green salad or a high-fiber vegetable.

**EAT CARBOHYDRATES AT NIGHT:** The high-carbohydrate meal that makes you feel too relaxed at lunch is just what you need at dinner - just don't make it too heavy. A big meal is harder to digest, and unless you do a physical activity, the calories won't burn off. If you have a bedtime snack, reach for the carbohydrates again. Some fruit juice and a few cookies or crackers will help you sleep and have a better start in the morning.

### FRUIT JUICE

Did you know that a fruit juice label can state the word "juice" as long as the drink has at least 5 percent of the real thing? government definitions for blend, punch, -ade, drink or cocktail do not exist. These products probably are diluted with water and have added sugar. Fruit juices contain about the same calories, ounce for ounce, as sodas but usually are more nutrient dense, providing carbohydrates, vitamins, and minerals. Texas orange and grapefruit juices are excellent sources of vitamin C and potassium. Tomato juice is a good source of vitamins A and C, but may be high in sodium. Prune juice is high in iron. Select juices either canned or frozen, or squeeze them fresh at home.

wash, cover with in water and boil two minutes. Then remove from heat, cover, and let them soak for an hour. Then simmer until done. If you add an acid such as tomatoes to beans, cooking time will need to be longer.

### BAKERY FOODS

When shopping for bakery goods whether in the grocery store or bakery, bagels and English muffins are good low-fat choices. Avoid fried donuts, croissants and other flaky pastries which are loaded with fat. Muffins may or may not be a good choice. Although a homemade oat bran or other muffin may be made with polyunsaturated or monounsaturated fatty acids, those commercially baked may have a large amount of sugar, fat, and calories. To be on the safe side, bake your own or use a muffin mix adding either canola, olive, corn, safflower, soy or cottonseed oil to the mix.

Educational programs conducted by the Texas Agricultural Extension Service are for people of all ages regardless of socioeconomic level, race, color, sex, religion, handicap or national origin.

### LEGUMES

Legumes - complex carbohydrates - fit in the dietary guidelines recommended by many health organizations which advise consumers to increase the complex carbohydrates. Legumes can provide a low-fat, low-cholesterol source of protein that's packed with fiber because they are from vegetable sources. If you add ham or bacon to season, then you have also added extra fat and cholesterol. The fastest method to soak beans is to

## Social Security Tips

by Mary Jane Shanes

Over the past couple of months, we have received many calls from social security and supplemental security income (SSI) beneficiaries wondering why they didn't receive a notice telling them about some change in their benefits. For example, they asked why they weren't told about the change in the cost of medicare or the increase in their benefit amount. Since social security always sends a notice to beneficiaries when there's a change in benefits, we wondered too.

As we looked into the problem, we discovered, in most cases, the reason the caller had not received a notice was because we did not have a correct address. Most of the callers had direct deposit and since their benefits went directly to the bank, they had not told Social Security when they moved.

If you receive Social Security or SSI benefits, be sure to tell Social Security whenever you change your address, even

if your benefits are sent to a bank or other financial organization for direct deposit. We need your address to send you information about your benefits. And we may need to contact you to make sure you continue to be eligible for benefits. If we cannot locate you, we may stop benefits until we can find you.

It's easy to report a change of address. Just call Social Security. The phone number is 1-800-2345-SSA (1-800-234-5772). Call between 7:00 and 9:00 a.m. weekdays for the best service.

You will need your complete new address, including your ZIP code. Also, include your social security claim number, your old address, and the names of everyone in your family who will receive mail at the new address. We will change our records as soon as we can.

For more information or to file a claim call 1-800-2345-SSA.

## Tax Rebates Show Increase

AUSTIN, Tex. -- State Comptroller Bob Bullock said Monday that this month's sales tax rebate checks to cities and counties in Texas totaled \$84 million.

"That's a comfortable jump ahead of last year's payments and another indication that our economy continues to grow," Bullock said.

July's rebate checks to cities totaled \$75 million, an increase of almost 10 percent over last July's payments. So far this year, total payments to cities have increased 8 percent.

Houston received \$12.3 million, the state's largest payment while Dallas received the state's second largest payment of \$7.9 million. San Antonio received \$4.5 million and Austin received \$3.3 million.

Rebate checks to counties totaled \$8.6 million this month for an increase of 25 percent over last July's payment and an increase of almost 18 percent over last year's total payments to counties at this time. That jump is partly due to a greater number of counties now collecting sales tax, Bullock said.

This month's checks include taxes collected on May sales and reported in June by businesses filing monthly tax returns.

Merchants collect the state and local sales taxes and send them to the Comptroller's office with their tax returns. The state keeps its share and sends cities and counties monthly payments reflecting the local portion of the sales tax.

All local sales taxes must be approved by area voters and may be used for any legal city or county expenses. Most areas put the money in their General Fund and use it for operations like fire fighting, maintaining roads and law enforcement.

Totals for Motley County are as follows:

Matador: net payment this period, \$1,030.63; comparable payment prior year, \$1,041.63; % change, -1.06%; 1990 payments to date, \$11,728.88; 1989 payments to date, \$12,417.73; % change, -5.55%.

Roaring Springs: \$1,161.03; comparable payment prior year, \$2,151.43; % change, -46.03%; 1990 payments to date, \$11,872.15; 1989 payments to date, \$11,950.83; % change, -0.66%.

County total: net payment this period, \$2,191.66; comparable payment prior year, \$3,193.06; % change, -31.36%; 1990 payments to date, \$23,601.03; 1989 payments to date, \$24,368.56; % change, -3.15%.

## Better Business Bureau warns Consumers about 900 numbers

Hundreds of South Plains consumers are using 900 numbers to apply for credit cards, enter contests, etc. without realizing that they are being charged an extra fee for the call. The 900 number creates problems ONLY WHEN the consumer is not informed in a prominent manner that there is a charge for the call. That cost can range from 50 cents to \$50 a minute. Several questionable 900 promotions are appearing in the South Plains. For example:

**GOLD CARD:** Local television stations are running ads that practically guarantee the caller that they will receive a VISA or MASTERCARD even if they have poor credit. If the viewer does not catch the fast scrolling disclaimer in small print, he will not realize that the call to apply for the card will cost him \$49.95 on his phone bill.

**TRIVIA CONTEST:** One commercial on the Discovery Channel informs consumers that they can call a 900 number and if they answer six questions they get \$500.00. Small print on the screen states that the caller will be billed for \$3.00 per minute. No telling how long it

takes to try and answer the questions. The problem is, again, the near hidden disclaimer about the cost.

**PRIZEWINNER FROM DME LTD:** A post card to consumers informs them that they have won one of three prizes. All they have to do is call a 900 number to claim it. The small print on the card shows that the prize is a .24 point diamond dinner ring which is worth about \$1.00. A .25 point diamond is 1/400 of a carat. Thusly, the consumer is making a \$4.97 call to claim a \$1.00 ring.

The most bizarre case with 900 numbers comes out of Seattle, Washington. Seems an enterprising host for a preschooler television shows audience if mom and dad were around. If not, they were told to pick up the telephone receiver. Following those instructions, the television emitted touch tone notes which were picked up by the telephone receiver. Presto, a 900 number is called and the parents never suspect their preschooler who cannot even dial a number.

## Summer Spotlight On Students

by Dell Bearden

Isolated in the foothills far from a metroplex, our county school is the core of our community with student activities serving as a major focal point. Our young people bring us together by providing entertainment during the school year.

Many of these young men and these young ladies spend countless hours throughout the summer improving their athletic skills. A number of them exercise self-discipline by holding down summer jobs and utilizing our own athletic facilities. This hard work and dedication toward proudly representing our school and community during the next year will be recognized in a series of articles starting next week.

The Booster Club of Motley County School requests your help by notifying Seven Alexander, Club Secretary, with the names and activities of students in grades seven through high school who have been or are attending summer athletic camps.

### WEIGHT ROOM OPEN

University Interscholastic League rules prevent coaches from participating in off-season summer programs, but they are readily available to assist when league rules permit. The staff opens the weight room between the hours of 6:45 and 8:45

p.m. This allows our athletes to not only enhance their skills, but more importantly to condition their bodies to reduce the risk of injury.

### COACHES GO TO SCHOOL

The coaching staff will be attending a coaching school in Houston the last week in July to expand their knowledge and offer our athletes the best possible training. The in-service training allows our coaches to hear lectures from well-known college coaches. According to Athletic Director Bob Moore, the school provides a place to get together with fellow coaches to share ideas. He confided that they have been known to be visiting in their rooms and have to send down to the desk clerk for a blackboard to draw up new plays.

### TRACK USED BY ALL AGES

From predawn hours of 5:30 a.m. until far into the night, walkers and joggers of all ages are "burning up" the track. The track facility surrounding the football field provides a safe and convenient place for community residents to exercise and is becoming widely used as the "fitness craze" continues.

Nest week Student Spotlight will focus on Summer Basketball League with the results of the final tournament and the naming of the All Star Team.

And, behold, an hand touched me, which set me upon my knees and upon the palms of my hands.

Dear Editor:

They say hot weather causes all of us to have a high rate of lost tempers, to feel like murder, to cry, feel sorry for ourselves and etc. Well I do!

But some of mine is justified. A hail storm that ruined the roof insurance that is insufficient to cover the cost. A large tree limb across the street that didn't come from my neighbor's yard, but blew in from somewhere a month ago and is still laying there.

An expensive water faucet that had to be replaced because of the sorry water that we drink and use! The walls in my house that have to be scrubbed to remove the butane residue.

The water makes me about the madest. Every other day I must clean the filter of my coffee maker, because of the gyp. Everyday the black rim and deposit from my commode. The expensive faucet in

my kitchen, less than five years old, that was so corroded with gyp that it would not cut off.

A faucet in the backyard that has so little pressure, gyp build-up I know, but money to replace pipes and within a short time having to replace again. Signs that say "Shop at Home." Bread that isn't fresh or isn't there. Prices that are higher by ten cents to five dollars, some even more.

Yes, the heat does cause us to feel lots of things and I know all about waiting and things will be better. But now is what disturbs me, water, gas, T.V., groceries, run arounds, taxes that keep going up for those of us who "Sin." I don't like the label, because our law makers are all trying to convince us that it won't hurt those that "Sin". At the same time I am not taking a dime out of anybody's pocket, but they can line their's, and get by with it.

Skin and Haircare Advice  
from a Beauty Expert  
Sun Protection:  
Bright Ideas

Let the sunshine in—but not too much: Sun worshippers are steadily on the decline and a growing number of consumers are taking preventative steps to avoid sun damage. Here are some bright ideas on choosing the right sunscreen from

beauty expert Hollie Alper, consultant to the Neutrogena Skincare Institute:

- Most dermatologists recommend you use an SPF (sun protection factor) of at least 15 for maximum protection. Sunscreens with higher SPF's won't protect you better, they just contain more chemicals.

- All exposed areas should be protected with sunscreen—feet, hands, back of the neck, even lips.

- For those who enjoy sports and swimming, you need a sunscreen that won't sweat or rub off. One sunscreen, Neutrogena Sunblock SPF 15, has a unique rub-resistant base with the staying power to weather real-life conditions: toweling after swimming or rubbing the perspiration off your brow during a heated tennis match. The protection remains constant even after six hours in water. (It stays on until you wash it off with soap and water.) This fragrance-free, Paba-free, non-pore-clogging sunscreen also blocks UVA, UVB and infra-red rays to protect the skin from a broad spectrum of damaging sun rays.

- Don't be lulled into false security by swimming in a t-shirt or sitting under an umbrella. You're not getting full protection.

HINT: Apply sunscreen before going outdoors because exposure begins the minute you step outside—even on a short walk your skin can receive incidental sun damage.

## NOTICE

The City Council of Matador has received notice that our landfill is on the verge of being closed unless the City and county starts compliance with Federal regulations.

Beginning Monday, July 23, 1990, the landfill will be open only on Monday and Saturday, 9:00 a.m. - 5:00 p.m.

Due to the cost of digging pits, the Council feels that all shingle haulers will pay a fee of \$5 to \$15, depending on load size.

We realize this is going to be inconvenient, but we are forced to do this or be without a landfill.

Your cooperation will be greatly appreciated by both City and County.

Sp. 4 Wallace Bethard and his family, Karen and children, Nickloas, Kristopher, Larissa and Aaron, left New Orleans by plane to Hawaii, recently. They visited with his parents, Mr. and Mrs. M.G. Bethard and her grandmother, Mrs. Agnes Meredith and other relatives and friends until they received their boarding pass.

They drove to New Orleans by car in order to have their car shipped to Hawaii. Accompanying them, in their own car, were Mr. and Mrs. M.G. Bethard, providing transportation for SPC 4 Bethard and family. After the departure of Wallace and family, the M.G. Bethards toured New Orleans, and the French Quarter. Returning home they went to Vicksburg, Miss., in route to Grand Prairie where they visited their daughter and family, the Samuel Swineas.

Mrs. Noilene Bowden and family, Desiree, Lawrence, Ethanie and ward, Dennis Christie, are visiting with her parents, Mr. and Mrs. M.G. Bethard. They arrived in Roaring Springs, June 1st.

The M.G. Bethards and Noilene Bowden had guests on June 20, for a Brisquet and salad dinner, from San Angelo, Odessa and Midland. William and Katherine Arrington and Rachael, Robert Lloyd Reich, Jr. of San Angelo; Debbie Blevins and children, Jamie,

Tonya, Tammie and friend Paul Baumgardner of Odessa; Lan Powers, Marie Atanway, Chris Jones, all of Odessa; Robert E. Pyle, Buddy Fazio, L. Shawn Aiken, of Midland, and Scott Ferguson of Big Spring. A tour of the Springs Ranch was taken by the group. They were all amazed that such a beautiful place existed, and that they had not heard of it. This group was part of the History re-enactment group that had camped at the State Park, out from Quitaque over the weekend. This was a Fighter Tournament where the knights were fighting for advancement in the realm, the Shire of Black Lake, and Bonwick Lavenia was not able to attend the gathering due to her job in Dallas.

SEEDS FROM THE SOWER

Michael A. Guido  
Metter, Georgia

A man saw a little boy stretch out his arms and wait for his father to pile up boxes for him to carry. As he waited for more, he said, "Son, you can't manage any more."

"Sir," answered the boy, "my father knows how much I can carry."

God won't shield you from burdens, but He'll sustain you. They come, not to destroy you, but to develop you.

The Bible says, "You can rely on God, for He will not allow you to be tested beyond what you are able to bear. When you are tempted, He will also provide a way out so you can stand up under it."

The grass is greener after the rain, and you'll be stronger after your trial. You'll see.

### NOTICE OF RATE CHANGE REQUEST

Cap Rock Telephone Company, Inc. hereby gives notice that on May 15, 1990, the company filed with the Public Utility Commission of Texas a request to reduce rates for certain optional services. These changes may become effective as early as June 19, 1990. Rates for local service will not change as a result of this filing.

The proposed changes include reductions to both the recurring and the nonrecurring rate for Tone Dialing service and Custom Calling services. The Company also proposes to reduce the nonrecurring rate for Nonpublished Telephone Number service. In addition, the Company proposes to waive the Service Connection Charges associated with Custom Calling services for 90 days from the date the new services become available in the remaining exchanges that do not currently offer Custom Calling Services.

It is estimated that the proposed changes will result in an annual revenue decrease of approximately \$3096.00 or a decrease of .001% of Cap Rock's annual revenues. Existing tone dialing and custom calling service customers may experience a rate reduction as a result of the proposed filing. Persons with questions or who desire more information about the proposed filing are encouraged to contact the company by telephone at (806) 271-3336 or in person at 121 E. Third St., Spur, TX 79370. A complete copy of the filing will be available for review.

The Public Utility Commission of Texas has assigned this matter to Docket 9555. Persons who wish to intervene or otherwise participate in these proceedings should notify this Commission as soon as possible. A request to intervene, participate, or for further information should be mailed to the Public Utility Commission of Texas, 7800 Shoal Creek Boulevard, Suite 400N, Austin, Texas 78757. Further information may also be obtained by calling the Public Utility Commission Public Information Office at (512) 458-0256 or (512) 458-0221 teletypewriter for the deaf.
