# Saar Basin Agreement Is Signed

## Franco-German Pact Expected To End Dispute

ROME (AP)—France and Germany Monday signed "an agreement of peace" over the Saar Basin territory.

By the agreement's term, which is expected to end a grave controversy over future sovereignty of district, Germany will pay France approximately \$59,400,000 dollars and 11,400,000 tons of coal for France's mines and private credits in the Saar basin.

Germany guarantees equal rights to voters and non-voters among all Saar inhabitants, regardless of race, religion and language.

The nations reached an agreement on method of payment which will not interfere with Germany's foreign exchange.

The pact will be presented to the league of nations Wednesday.

## "SEARCH FOR SANTA CLAUS," FREE MATINEE AT RITZ FOR CHILDREN WEDNESDAY AT 4:45

The kiddies of Big Spring and West Texas are invited to attend a free picture show Wednesday afternoon, December 5th, at 4:45 p. m., at the Ritz theatre when Captain F. E. Kleinschmidt's motion pictures, taken on his expedition for the Daily Herald to the north pole, will be shown. This picture will be FREE to all children 12 years of age and under at the matinee. This show is sponsored by the R&R theatres and the Daily Herald.

Adults or older children wishing to see this picture may see it as a part of the regular picture program Wednesday night at regular admission prices.

Remember, all children 12 years of age and under are cordially invited to be guests at the Ritz and The Daily Herald Wednesday afternoon at 4:45 o'clock.

## POSTMAN EXPERT PUZZLE SOLVER

It takes a good man to do some of the work expected of the Holywood postoffice, where a dozen or more letters similar to those above are solved daily by T. A. Shipman, a sort of Max Baer, heavyweight champion, got the letter on the upper left. While that on the upper right went to Mae West. Shipman discovered the one with the cat, ear and island belonged to Kitty Carlisle, and the one with the cowboy-crab address was intended for Buster Crabbe. The card on the bottom went to Jack Oakie. (Associated Press Photo)

## Read Well To Be 'Shot' At 4 P. M

Iron Mountain Oil Company No. 1 C. D. Read will be shot Monday afternoon with 800 quarts, according to reports to The Herald office at 2 o'clock Monday afternoon. Preparations were made throughout the day for the "shot," as 800 quarts of glycerin was lowered into the well. It was timed to go off sometime between 4 and 4:30 p. m.

Oil men were anxiously awaiting result of the shooting in this important test. The Read well recently went "over the top" of its own accord, and predictions are being made that it will be a good well.

The test is located in section 46, block 30, T-1-N, T&P survey and is a half mile north of nearest production in the Denman pool.

## Wiley Post Fails To Set New Record

MUSKOGEE, Okla. (AP)—Wiley Post landed at 10:21 this morning, two hours and eleven minutes after taking off from Bartlesville upon an airplane altitude record attempt.

Post said he went "pretty high," but did not believe he reached a record height. He was blown off his course.

## Southern Pacific Tracks Tamped; Derailed Motor Car

YOAKUM, Texas (AP)—Bloodhounds were ordered to take the trail of vandals who Saturday night removed spikes from the Southern Pacific tracks, wrecking a motor train and endangering lives of fifteen passengers and crew.

## Monahans Death Rumor Is False

Rumors that hold up men had shot and killed a Monahans merchant early Monday morning proved groundless.

Several small burglaries were reported to have occurred in the town during Sunday night, but there was no murder reported to the Herald Monday.

## Telephone Official To Give Lecture At Rotary Club Tuesday

A lecture demonstration will be presented at Big Spring Rotary Club, Tuesday, Dec. 4, showing the advancement science has made in developing the art of telephone.

The demonstration to be presented by Frank K. Shoup, Dallas assistant to the general manager of the Southwestern Bell Telephone company for the State of Texas, will be: metal floating in the air, a bar which magnetizes itself, an instrument which permits the dumb to talk and an explanation of how the magic of long distance telephone is performed, according to Mr. Riddle, district manager of the telephone company.

As a climax to the demonstration, Mr. Riddle has promised that the audience will hear a call to Sydney, Australia, demonstrating that in this age "today can talk with tomorrow."

## Mexican Is Held After Gun Scrape

### Mike Marcus To Be Charged With Assault With Intent To Murder

Mike Marcus, Mexican, is being held in the county jail, following the shooting of Francisco Jaure Saturday after a wedding dance.

Officers said that Marcus would be charged Monday afternoon with assault with intent to murder.

Condition of Jaure, at last reports, was not at all serious.

The shooting occurred only a few paces from where Bud McKinney, deputy sheriff, stood in a Mexican cafe. McKinney said that Marcus and Jaure were talking to each other in ordinary tones when the former drew a .25 pistol and fired one shot.

It struck Jaure just above the navel and ranged downward to the right inside the pelvic bone. It did not penetrate the abdominal wall.

Marcus did not have a clip in the pistol and he was disarmed by McKinney before he could reload. Deputy Denver Dunn, assigned with McKinney to patrol the dance held from the Mexican W.O.W. hall, assisted in the arrest.

The dance was staged in honor of the marriage of Joe Mancha to Miss Manuela Subia. Dunn said that Marcus and Jaure had been arguing earlier in the evening.

Jaure is a brother of Tomas Jaure, acquitted of fatally shooting his friend this year during a drunken brawl.

## Merchants Prepare For Unveiling

### Annual Event To Be Held Wednesday Evening Promptly At 7

Merchants' annual window unveiling event, officially opening the Christmas shopping season, will be held Wednesday evening at 7 o'clock, when windows will be thrown open for inspection by the multitude of Christmas shoppers.

Stringing of the Christmas decoration lights will be completed in plenty of time for the unveiling, it was said Monday. City firemen are making repairs to lines, and the Texas Electric Service company workmen will put up the lights, probably Tuesday afternoon.

All lights in stores will be darkened until 7 o'clock Wednesday night when all lights will be turned on to signify official opening of the windows.

Merchants were busily engaged Monday preparing their windows and other Christmas decorations in order to be ready for the big window unveiling event Wednesday evening at 7.

One of the largest crowds in the history of Big Spring is expected to be down town Wednesday evening for the event.

## Whaley Says Progress On No. 9 Made

### Completely Surfaced Road From San Antonio To Big Spring Is Aim

That "some real progress is being made" toward making highway No. 9 a completely surfaced road from San Antonio to Big Spring and eventually to the Panhandle is the belief of Porter Whaley, manager of the San Antonio Chamber of Commerce.

Whaley, who was a recent visitor in this city, expressed the opinion that definite progress is being made to surface unpaved gaps in the road between San Antonio and here.

He enclosed a letter from D. K. Martin, state highway commissioner from San Antonio, in his communication received here Monday.

The Martin letter said "the section of highway No. 9 from the river south of Eden to Brady is under contract for construction. The section from Brady to Eden is on the program to be built out of the \$12,000,000 federal aid. We expect to let this contract within the next two or three months."

Martin said that the commission did "not have the right of way on either of these sections until recently."

His declaration that the commission considered No. 9 one of the primary roads together with the closing of gaps around Brady, make prospects for surfacing of the road in Howard county, and perhaps Glasscock, appear favorable, though no mention was made of it by Martin.

## Texas Benefit, Rental Payments Over 67 Million

WASHINGTON, (AP)—The farm administration's rental and benefit payments from Texas farms reached \$67,167,913 to November 1st.

The entire country's total was \$42,097,382.

The payments were for cotton, wheat, corn and hogs.

## Federals Besiege Mexican Bandits

EAGLE PASS, (AP)—A band of outlaws blamed for cutting telephone line between Piedras Negras and Allende, Mexico, Friday night was reported besieged Monday in the mountains of Central Coahuila by federal troops.

Mexican authorities said the band, headed by Jose Maria Gonzalez, stole twenty horses near Navia Friday and recruited cowboys.

## Morgenthau And Ickes In Atlanta

ATLANTA (AP)—Secretaries Morgenthau and Harold Ickes arrived on different trains Monday and left together for a conference with President Roosevelt at Warm Springs.

## Mrs. Aubrey N. Morgan, Mrs. Lindbergh's Sister, Dies In Pasadena, Calif.

PASADENA, Calif. (AP)—Mrs. Aubrey Neil Morgan, 30, daughter of the late Dwight W. Morrow and sister of Mrs. Charles A. Lindbergh, died Monday.

She had been ill several weeks. Pneumonia followed an appendicitis operation.

She married Morgan in 1929. He survives.

## Herald-Steer Special Train Reservations Continue To Mount; 500 Expected To Go

Reservations for The Herald-Steer special train to El Paso, scheduled to leave Big Spring next Friday night at 8:15, continued to mount Monday morning. Reservations included those for the day coaches and also Pullman cars. Railroad officials request that they be notified not later than Wednesday night how many Pullman reservations will be taken here, in order that they might know how many Pullman coaches to send out from Dallas to care for the passengers.

Committees were working Monday morning to sell the pep squad and band members tickets to El Paso. It was hoped to complete this work by Monday night. There are 100 tickets to be sold for the high school pep squad and band. George Gentry said there was a fund of \$70 already on hand from receipts of two benefit shows given by the Ritz theatre, and also proceeds from the sale of automobile signs. This money will be used in case there are not sufficient tickets sold to defray pep squad and band expenses.

Many people from neighboring towns are expected to make the trip to El Paso. It was indicated by reports from Midland, Stanton, Garden City, Abilene, San Angelo, Colorado and Sweetwater.

"We are sure the guarantee

of 300 tickets will be subscribed before Tuesday night," said George Gentry, "but at the same time we are anxious for those who intend to make the trip, to let The Herald know so reservations can be made. This is especially true of Pullman reservations. It is imperative that we know by Wednesday how many Pullman reservations have been made, so we can notify the railroad officials," he said.

Elaborate plans are being made by citizens of El Paso to entertain the Big Spring delegation. Reports Monday morning said a bullfight had been planned for Sunday afternoon, and other entertaining features were planned for Saturday before game time.

Three dollars roundtrip El Paso and return, leaving Big Spring 9:15 p. m. Friday, December 7, returning leaving El Paso 9 o'clock on the evening of December 8. The railway company has Pullman rates as follows:

Lower berth, \$10.65 round trip for one person, including train fare. Two persons may occupy lower or upper berths, \$9.15 for two persons each.

Upper berth, \$16.65 for one person, or \$8.35 for two persons (each). A minimum of twenty-five persons is required for each Pullman (tourist) car.

## GARNER BAGS WILD TURKEYS

Vice President John N. Garner, a fine marksman, enjoyed several hunts this fall near his Uvalde, Tex., home, killing a wild turkey with a .22 rifle at 100 yards on one occasion and dropping a 10-point buck from 250 yards a few days later. Here the vice president (left) is shown with a hunting companion, Ross Blumfeld, and a couple of trophies. (Associated Press Photo).

## TYPHOON HITS PHILIPPINES

MANILA, (AP)—Northern Luzon was battered tonight by a new typhoon, while further belated reports from the area which was struck November 29 brought the toll to twenty-eight known dead and seventy listed as missing.

Course and intensity of the latest disturbance were not determined.

Heavy rainfall caused Cagayan river to overflow.

The tempest is the eighth to hit the Philippine Islands in less than three months, and threatened to carry the list of dead and missing to over 400. Much property damage was reported.

## Murder Trial Of Roy Curry Begun Monday

WACO, (AP)—Trial of Roy Curry, one of two charged with the murder of James Malcolm Stewart in an alleged robbery, opened Monday. The defense moved for severance of Curry's case from Joe Averett's jointly charged.

The motion was held in abeyance and jury selection begun.

## Martin Insull Goes On Trial

CHICAGO, (AP)—Martin Insull, brother of Samuel Insull, who was acquitted with son and fifteen others on an embezzlement charge, went on trial Monday in criminal court.

Selection of a jury was postponed until Tuesday by attorney's agreement.

## Hartwell Buried In Odessa Sunday

Collin R. Hartwell, 65, who died of injuries received Friday evening of last week when he was struck by an automobile at East Third and Benton streets, was buried in Odessa, with Rev. Harrison in charge.

Hartwell is survived by his wife, five daughters and one son; Mrs. Siby Gensin, Odessa; Miss Earline Hartwell, Big Spring; Mrs. Marjorie Buckley, El Paso; Mrs. Ruby Parker, Petrolia; Mrs. Grace Beall, Carlsbad, N. M. and C. R. Hartwell Jr., Big Spring.

The Hartwells had only recently moved to Big Spring from Odessa. They were residing at Bly Camp on East Third street.

## \$6,000 Suit Against T&P Entered Here

### Widow Of Ivan Ritchie Enters Suit Asking Sum For Husband's Death

Suit for \$6,000 damages has been filed against the Texas and Pacific Railway company by Mrs. I. B. Ritchie, widow of Ivan Ritchie, whose mangled body was found on the railroad right of way November 29, 1932, seven miles west of here.

A verdict of death by being struck by a train was rendered.

The car which Ritchie occupied was smashed and twisted into bits when an engine pulling the Sunshine Special crashed into it.

Officials who investigated the crash expressed the opinion the car was parked on the tracks about a mile from the point where Highway No. 1 west crosses the tracks.

The plaintiff's petition charges gross negligence on the part of the railroad company, setting out the allegations that the train was traveling at a 61 mile per hour rate when it smashed into the car, that the engineer saw the object ahead but made no effort to stop, that the train went a half mile past the point of contact before coming to a stop.

Ritchie's body was not found until some time after the crash. He was an employe of the Lincoln Tank company at the time of his death.

## Son Of Judge Is Arraigned For Slaying

TULSA, (AP)—Phillip Kennamer was arraigned Monday on a murder warrant, accused of slaying John Gorrell, dental student.

He pleaded not guilty and was remanded to jail awaiting preliminary hearing December 17th.

Richard Oliver, Gorrell's roommate, was guarded by police and detectives.

## CCC Stunt Night Set For Tuesday

Stunt night will be staged by CCC workers Tuesday at 7:15 p. m. in the camp recreation hall, Lieut. T. H. Weston said Monday.

Lieut. Weston invited the public to attend the affair.

In addition to stunts by the men for prizes donated by local merchants, pupils of Miss Martha McClusky will perform.

Winners in the stunt contest will be selected by popular acclaim.

## The Weather

Big Spring and vicinity—Fair tonight and Tuesday. Partly cloudy and continued cold.

West Texas—Generally fair tonight with frost in southeast portion. Tuesday partly cloudy.

East Texas—Generally fair tonight. Colder in south portion with frost in the interior. Tuesday partly cloudy and becoming unsettled in the south portion.

New Mexico—Fair tonight and Tuesday. Warmer in central and east portions Tuesday.

EL PASO TIGERS START TUNING UP PROCESS

Tricky Bristow Confident As Work Starts

EL PASO—Faced with the necessity of being in the best possible condition and fully aware of the fact that they will have to play their best brand of football for 90 minutes if they expect to advance in the state football race, the Tiger gridders of El Paso High School today started tuning up for the all-important game with Big Spring scheduled for 2:30 p. m. Saturday.

GET YOUR HERALD-STEER SPECIAL TICKET NOW!

Collins has the right slant on it: "It took this department a long time to come to the conclusion that the Badgers should be placed back in the weaker class, but after years of constant drubbing with no possible chance of winning, we have finally decided that it is where McCamey belongs."

GET YOUR HERALD-STEER SPECIAL TICKET NOW!

The Badgers closed out the season against Big Spring. They cancelled a game booked with Crane and packed away the moleskins for another year.

GET YOUR HERALD-STEER SPECIAL TICKET NOW!

George Brown, assistant Steer mentor, scouted Blair Cherry's Amarillo Sandies last week. "That may be looking a little far ahead but it won't hurt anything."

GET YOUR HERALD-STEER SPECIAL TICKET NOW!

The El Paso Tigers were to launch an intensive campaign today in preparation for the Steers in the bi-district bout Saturday.

GET YOUR HERALD-STEER SPECIAL TICKET NOW!

Head Coach Marlin Hayhurst of McCamey, after considering the matter carefully, has announced that he favors placing the Badgers in Class B.

GET YOUR HERALD-STEER SPECIAL TICKET NOW!

The McCamey writer sums up the season for the Upton County boys: "Coaches Hayhurst and Bardin developed a good little team from the green material they had at hand this season and the boys played a nice brand of ball—they were simply too light and had not sufficient reserve strength to win."

GET YOUR HERALD-STEER SPECIAL TICKET NOW!

Mr. Clements had made a hobby of tracking down and buying original documents connected with the American Revolution. In 1923 he gave his collection to the University of Michigan, and from that time until his death he added to it liberally.

Philly Pro

Interest in the tilt already is at a fever pitch and the largest football crowd of the season in El Paso probably will be in the stadium for the opening whistle.

THIS TOSPY-TURVY WORLD

The topsy-turvy condition of the world today could hardly be appreciated better than through a contrast of American and Russian agricultural programs.

A Russian court in Tashkent recently put 65 cotton farmers on trial for their lives. They are accused of having grown only 60 per cent of the amount of cotton which the government expected them to grow this year; and if the court finds out that they limited production on purpose, all will be shot.

Contrast that, now, with the American farm program, which aims at cutting production rather than expanding it. Laying aside the blood-curdling savagery of the penalty involved, the contrast is illuminating.

In Russia, the farmer gets into trouble for not raising enough; in America, he gets into trouble if he raises too much. A mad world, this?

RECOVERY WILL THWART RADICALISM

A Washington dispatch reports that business and administration leaders are "moving toward a common front in an effort to cash in on present recovery gains as an answer to prospective left-wing drives in Congress."

If this be true, it simply indicates that business and administration leaders are showing excellent good sense.

A great deal has been said about the radicals who will be at large in the next Congress and a great deal more has been said about the wild and woolly legislation they will try to put through. The thing to remember is that all this is a direct result of economic pressure.

The one sure way of heading off such radicalism is to hasten recovery. Let unemployment approach the vanishing point and profit return in good measure, and the threat of radical legislation will vanish of its own accord.

BUSINESS MAN'S LEGACY

The late William Lawrence Clements, Michigan manufacturer who died the other day, was a fine example of the business man who uses his wealth for the benefit of his state.

NEW YORK
By James McMullin
Aid-
Insiders learn that the Securities and Exchange Commission has a plan to make life easier for corporations with financing to do.

Sidelights-
Hot oil production in East Texas is down from 100,000 barrels a day to less than 20,000.

Swap-
The steel labor tangle is getting as involved as the plot of a detective thriller.

Suspicious-
Apparently Richard Whitney overtook the mark when he tried to contribute to the new harmony by lavishing praise on Exchange regulation.

Defender-
The men were both pleased and surprised when Milo Malthe sprang to their defense against the threat of a fresh New York City tax.

Foreign-
News that land-our one non-defaulting foreign government debtor-is going to float a bond issue under Securities Act regulation gave Wall Street quite a thrill.

Salvation-
Federation officials refused to rise to the bait because they spotted the concealed hook.

Labor-
Lively bubbles of discontent are seething toward the surface of the new harmony.

Burnt-
Former President Coolidge had one experience with giving the lie to the whole press.

Investment bankers and business leaders both insist that the expense of registration is prohibitive for any issue of less than ten million dollars.

These rules-while they will demand considerably more of applicants than the temporary regulations now in force-will be framed in such terms that corporations whose financial methods are on the level can have no reasonable excuse for failing.

Mr. Hoover was full aware of this situation. He copied the whole Hoover publicity system and has lived very happily so far.

Mr. Roosevelt was full aware of this situation. He copied the whole Hoover publicity system and has lived very happily so far.

by its guns. But those were days of high intensity. Mr. Coolidge relapsed into his much-touted mantle of silence and the incident was soon forgotten by nearly everyone but the gentleman from Massachusetts.

Rewards-
In Washington the smart business man changes his lawyer with the administration.

American shipping interests are trying to persuade the Post Office Department that existing ocean mail contracts should be neither modified nor cancelled.

For the Dollar Line-J. Bruce Kremer, former Democratic National Committeeman for Montana, and chief floor lieutenant for Mr. Roosevelt at the Chicago convention.

For the Grace Line-Swager Sherry, outstanding Democratic Congressional leader from Kentucky during the Wilson administration, who was called in by Mr. Roosevelt before inauguration to work out a scheme for coordinating the government departments and balancing the normal budget.

For the U. S. Lines-O. Max Gardner, former Governor of North Carolina, who resigned as Democratic Committeeman to beat the White House gun on politicians practicing law before the government.

Let you think this representation something shocking, here are a few of the shipping lawyers during the Hoover administration:

For the Dollar Line-the late T. G. Gregory, one of Mr. Hoover's most intimate friends.

For the I.M.M. (now embracing the U. S. Lines)-the late James Francis Burke, General Counsel for the Republican National Committee.

For the Black Diamond Line-William J. Donovan, one of Mr. Hoover's closest 1928 campaign advisers.

Insiders learn that the Securities and Exchange Commission has a plan to make life easier for corporations with financing to do.

Hot oil production in East Texas is down from 100,000 barrels a day to less than 20,000.

The steel labor tangle is getting as involved as the plot of a detective thriller.

Apparently Richard Whitney overtook the mark when he tried to contribute to the new harmony by lavishing praise on Exchange regulation.

The men were both pleased and surprised when Milo Malthe sprang to their defense against the threat of a fresh New York City tax.

News that land-our one non-defaulting foreign government debtor-is going to float a bond issue under Securities Act regulation gave Wall Street quite a thrill.

Federation officials refused to rise to the bait because they spotted the concealed hook.

Lively bubbles of discontent are seething toward the surface of the new harmony.

Former President Coolidge had one experience with giving the lie to the whole press.

Mr. Hoover was full aware of this situation. He copied the whole Hoover publicity system and has lived very happily so far.

Mr. Roosevelt was full aware of this situation. He copied the whole Hoover publicity system and has lived very happily so far.

Under The Dome
At Austin
By GORDON K. SHEARER
AUSTIN (UP)-Being a state railroad commissioner saved Cot. Ernest O. Thompson from going to Washington last week sans toothbrush and pajamas.

The Colonel had remained at his office in the state capitol signing oil orders until just before train time. He rushed to the station. There, he discovered that his grip which was to have been sent to the station from the hotel, had not arrived.

When Dan Moody was Governor, he invariably caught trains just as they were on the point of leaving. He would stay in his office until the last moment, then dash to the station. Sometimes he missed a train at the station and caught it in the yards before it got out of Austin.

Texas friends of Gov. Paul McNutt were a little hurt when they failed to get any response, either of acceptance or regret to their invitations to the Indiana executive to visit them while in the state.

It will be okay with New York if the building trades are made the guinea pig for the annual wage experiment instead of the major industry. Conservatives feel-if it must be tried-the ideal spot is an industry which will have powerful government assistance in smoothing out the rough spots of variable seasonal demand.

The rise in utility stocks on the strength of the Edison Institute's declaration of war on the government reminds a New York observer of the man who was haggling over the price of a boat because it had a small leak.

Rumors that Securities and Exchange Commissioners Kennedy, Landis and Matthews have "gone over to Wall Street" because they approved the Northern States Power bond issue while Pecora and Healy held out for amendments in the company's registration statement are the bunk.

The time element was the determining factor in the decision. The delay in refunding operations would have caused a default.

GRIDIRON FLASH

Today - Tomorrow QUEEN

Moore McDowell At 7,508, Likely Will Go Deeper

The northwest central Glasscock county unit, wildcat being drilled by John L. Moore of San Angelo and others—one of eight in five West Texas counties seeking Ordovician production—was measured up Saturday at 7,508 feet in black shale, eight feet past its contract depth.

Skelly-Utah Southern and others' No. 1-D Grayson-University in northeast Reagan county, second deepest of the tests seeking the Ordovician, had reached 8,470 feet in shale and lime late Saturday, 5,579 feet below sea level.

Big Lake Oil Co.'s No. 16-C University, a short distance northeast of the Big Lake deep wells and in the northwest corner of section 25, block 9, had drilled Saturday morning to 7,531 feet in lime.

Members of the Community Chorus will meet at the Settles Hotel tonight at 7:30, announced C. A. Bulot, director.

through the line for two yards to score.

In the matter of first downs, the Mustangs ran up a total of 20 to 12 for the Frogs. They gained a total of 347 yards to 189 for the Frogs.

Another brilliant player in Saturday's conflict was Captain Raymond Fuqua who played in his first game since October 27.

The Mustangs started preparations Monday afternoon for their invasion of St. Louis for a post season game with Washington University next Saturday afternoon.

Two Glasscock Tests Get Oil, Two Run Acid

Calif., Simms, Noble And Luce And Pickens Are Testing

Two tests in Glasscock county, The California Co.'s No. 2 O'Byrne and Luce and Pickens No. 2 Lee, struck oil last week while Noble & Co. No. 4 Pure-Lee was shot and prepared to acidize and Simms Oil Co. No. 2 McDowell deepened slightly after acidizing and was scheduled to test again.

The California Co. No. 2 O'Byrne struck oil at 2,225 feet that rose 325 feet in four hours as drilling progressed to 2,233 feet in sandy lime. Fifty barrels of oil was swabbed in 24 hours and 1,000 gallons of acid then was run.

Luce & Pickens No. 2 Lee, in the northwest quarter of section 20, block 33, topped pay at 2,186 feet, drilled to 2,188 feet, ran tubing and was testing. It was estimated good for 70 barrels a day.

Simms No. 2 McDowell, in the northwest quarter of section 19, block 3, pumped off, yielding 10 barrels of oil, after acidizing at 2,315 feet, deepened a few feet and was scheduled to retest.

World Oil Co. No. 3-C McDowell, an old test southwest of production and in the northeast quarter of section 21, block 24, had drilled to 1,405 feet in shale. P. T. Helms No. 1 C. R. Higer, wildcat in section 18, block 34, had reached 2,755 feet in lime.

Continental No. 3 Gilbreath, in the northwest quarter of section 8, block 32, township 2 south, T&P Ry. Co. survey, had drilled to 1,225 feet in broken lime.

St. Louis University in northeast Reagan county, second deepest of the tests seeking the Ordovician, had reached 8,470 feet in shale and lime late Saturday, 5,579 feet below sea level.

Fathers' Night To Be Observed By South Ward PTA

Instead of meeting in the afternoon South Ward Parent-Teachers' Association will meet Thursday night at the school building at 7:30 for a Fathers' Night program and party.

The chief speaker on the program will be Dr. Cowper who will explain the purpose of the tuberculin test which the South Ward P. T. A. will help sponsor.

Mrs. Philips Hostess To Hyperion Club

Mrs. Will Fahrenkamp talked to the members of the Hyperion Literary Club Saturday afternoon on the subject, "Education for Living."

Mrs. C. C. Hinds of Waco was a guest. Members attending were: Mrs. W. F. Cushing, H. S. Faw, Albert M. Fisher, Will Fahrenkamp, Homer McNew, B. T. Cardwell, J. B. Young, V. Van Glosion, George Wilke.

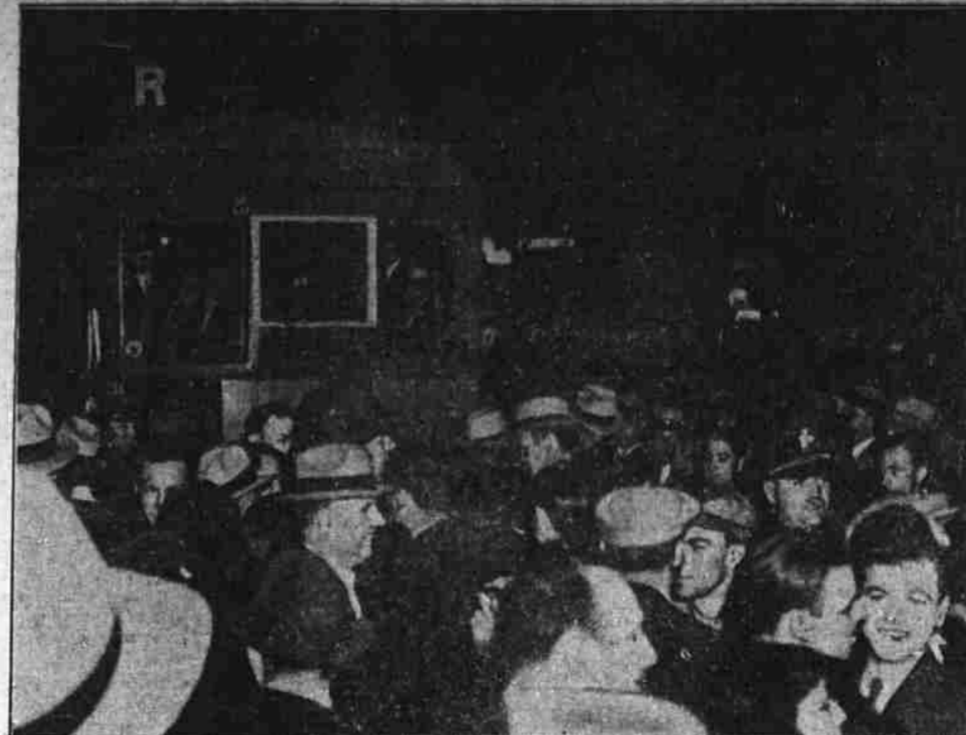

Surprise Birthday Party Given Miss Clara Bronstein

Mrs. B. Bronstein and Mrs. A. M. Rippes were hostesses to a surprise birthday party Tuesday night honoring Mrs. Bronstein's daughter, Clara, at the home of Mrs. Rippes, 605 Aylford street.

In the construction of the huge Gorry bridge at Apalachicola, Fla., \$17,250 was spent for piles alone, 2,875 gigantic logs being required for the foundation structure.

MANY HURT IN LOS ANGELES STREET CAR RIOTS

Forty or more persons have been injured in riots precipitated by the strike of carmen and other employees in Los Angeles. This picture shows a mob of 200 men who tied up traffic in the downtown section when they pulled poles from trolley wires and smashed petcocks from street car air brakes, stalling about 15 cars bound in both directions. Police used tear gas bombs to disperse the rioters. (Associated Press Photo)
