

YOUTH KILLS 'DATE' AND SELLS

HOME TOWN TALK

By Beddy

The Texas and Pacific's application to change but two cents per mile passenger fare on local trains between Big Spring and Fort Worth is very interesting.

It is the object of the company to determine whether owners of private automobiles will ride passenger trains at two cents a mile rather than operate their automobiles at eight or ten or fifteen cents per mile, officials say.

The public, especially the people of Big Spring, ought to favor anything that would retrieve some of the loss in passenger business sustained in recent years by the railroads. They are forced by law to maintain adequate service and not in ratio to the trend of passenger traffic in every case.

They receive considerable criticism from the public and employees when a train is taken off and therefore it is to the mutual interest of both employees and employing railroads to find a way to increase the number of passengers riding these local trains.

Bus companies are to oppose the application when it comes before the railroad commission for hearing Monday, October 13.

It is but fair, we believe, to the road and to the community for the business interests of the city to support the T&P in its effort.

We were glad when W. R. Reed, the precinct commissioner, told the Luncheon Club Wednesday that his part of the county would have to be included in any county-wide road improvement program. It would be detrimental to the entire county and it would be depriving property owners of a large portion of it of any really direct benefit from the road construction.

What we want to see now, without delay, is the circulation of a petition asking the commissioners court to call a road bond election and then we believe the people of this county, who always have been genuinely and wisely progressive will approve the program if it is outlined along the right plan.

For ingenuity in employing colors and trick settings; for almost unbelievable novelty camera work and better than all, for the music and dancing in "The King of Jazz" at the Ritz today for the last time, one of the most enjoyable pictures of the local playhouse has ever offered. You'll want to go back a second time. It is the best of the technicolor musical revue pictures yet produced—a refreshing change after quite a period without this type of picture.

6,804 Bales Total Ginned This Season

Cotton totaling 6,804 bales counting 1,533 round bales as half bales, had been ginned by eleven Howard county gins up to Thursday morning according to reports received today.

Although six Big Spring gins were receiving the bulk of the ginning, three at Coahoma and two at Knott reported hundreds of round and square bales ginned this season.

According to J. F. Ory, public weigher, 4,671 bales had been weighed by him up to noon today.

The following report of county ginning was made:
Guitar Gin Co., Big Spring, 85 square.
Cooperative Gin Co., Big Spring, 1,028 square.
Planters Gin Co., Big Spring, 46 bales.
Big Spring Gin Co., (two gins), 825 square.
Farmers Gin Co., Big Spring, 112 square.
Cooperative Gin Co., No. 1, Coahoma, 252 square, 855 round.
Cooperative Gin Co., No. 2, Coahoma, 321 round, three square.
Guitar Gin Co., Coahoma, 430 square bales.
Cooperative Gin Co., Knott, 613 square, 247 round.
Community Gin Co., Knott, 391 square.

BROKERAGE FIRM SUSPENDS
NEW YORK, Oct. 9 (AP)—The New York Stock Exchange today announced the suspension of the brokerage firm of Prince & Whitley for insolvency.

A.F.L. Defeats Resolution On Soldier Bonus

BOSTON, Oct. 9 (AP)—A resolution to request the government to cash adjusted compensation certificates of world veterans to the amount of 40 per cent was voted by being placed on the table at the American Legion convention meeting here today. The vote was 357 to 214.

BOSTON, Oct. 9 (AP)—A stubborn fight loomed in the American Legion convention session today, in the form of a proposed recommendation to congress to pass legislation allowing war veterans to cash 50 per cent of their adjusted compensation. This resolution is being placed on the table at the present depression.

The legislative committee fought over the question yesterday and the meeting ended with Massachusetts and 11 other states favoring the measure. Eight states recorded themselves opposed to it.

Early today, both sides were trying to win the support of Pennsylvania, which has 70 votes in the convention.

The legion has one of the two biggest problems of its 1930 convention off its chest by the selection of Detroit for its 1931 meeting, and today it settles the second by choosing a successor to National Commander O. L. Bodenhamer.

That is the principal business remaining before the legionnaires can strike tent and wind up their twelfth and thirteenth most successful annual convention.

There were, however, other matters of considerable importance awaiting attention. These included an anticipated attempt by the New York state delegation to place the organization on record against prohibition; discussion of the report of the committee on rehabilitation and the making of minor officers.

Yesterday the delegates unanimously adopted a resolution calling upon congress for a sweeping investigation of communism and enactment of suitable legislation to suppress it. They also recorded themselves in commendation of the acts of rowdism which followed Tuesday's big parade in a resolution which publicly dissociated the legion from any connection with the incident.

The choice of a successor to Commander Bodenhamer seemed to divide the legion into two camps. Candidates have been vigorously advocated by enthusiastic groups of friends. They were, Frank J. Schellner, Wisconsin; Ralph T. O'Neal, Kansas; E. T. Rowell, Virginia; Munroe Johnson, South Carolina; and Emmet O'Neal of Kentucky.

Today is also election day for the legion auxiliary. Mrs. Ruth McCarty Brown of Little Rock, Ark., and Mrs. Wilma Hoyal of Douglas, Ariz., are opposing candidates for national president.

Delegates to the convention have been practically unanimous in the conclusion that effort to solve the unemployment problem was one of the major contributions their deliberations could offer the nation.

Commercial Classes At Night Proposed

If sufficient demand is shown, the city school board will be conferred with on a proposal to open night classes in commercial subjects at high school, Mrs. W. O. Low, instructor there, said here today.

A meeting will be held Friday at 7:30 p. m. at high school of all those who are interested in such classes, typewriting, stenotype and related subjects would be taught.

Two Americans In Airplane 'Columbia' Start Atlantic Flight

NEW YORK, Oct. 9 (AP)—The Radio Marine corporation received a message from the steamship Quaker City, one hundred miles east northeast of Cape Grace, which told of sighting the Columbia. The plane was flying at an altitude of two hundred feet, headed eastward, the message said. It was timed 12:55 eastern standard time.

St. Johns, N. F., Oct. 9 (AP)—The monoplane Columbia, bound from Harbor Grace, N. J., to London, piloted over St. Johns at 12:19 p. m., eastern standard time.

HARBOR GRACE, N. F., Oct. 9 (AP)—Capt. Errol Boyd, and Lieut. Harry Connor hopped off at 11:30 a. m. eastern standard time in the airplane Columbia for England. The two fliers had been fog bound at the local airport for more than two weeks. Early today fog still hung over the Newfoundland coast making them impatient at the delay; they prepared to take advantage of the first break in the weather.

It came during the forenoon when the clouds broke away and the fliers decided to take the leap immediately.

The veteran monoplane Columbia essayed her second transatlantic crossing when she put out over the Atlantic ocean today from Harbor Grace, N. F., with Capt. Errol Boyd at the controls and Lieut. Harry E. Connor as navigator.

The old ship, which belongs to Charles A. Levine, is the vessel in which Clarence Chamberlin and Levine flew across the Atlantic from Roosevelt field to Kottbus, Germany, in June, 1927.

Since then it has carried Mabel Boll to Havana, it crashed up at the take-off of a projected flight to Rome, and was damaged in a flight which Levine made in over Roosevelt field.

No other plane still in rigorous service has perhaps the sturdy record of the Columbia. Captain Boyd, in command of today's flight, began last spring to prepare for the trip.

First Canadian to enlist in Royal Air Force during the World War, Boyd had flown the mails for several years. He selected Connor, who navigated the plane in which Roger Q. Williams recently flew to Bermuda, as his navigator.

Legion Talks Preparedness

BOSTON, Oct. 9 (AP)—Preparedness was the keynote of a series of resolutions adopted by the American Legion at the opening of today's session of the organization's national convention. The first of these called for a standing army of 125,000 men and a national guard of 210,000.

Other resolutions adopted favored: Furtherance of the legion marksmanship program; interdepartmental rifle and pistol matches and the building up of bigger and better rifle clubs; appropriation by congress of \$50,000 for development of rifle clubs; more adequate recognition for band leaders; support for the R. O. T. C. and investigation of lobbying agencies.

Sadie Dees Leaves Town Without Three Traveling Companions Who Say She Took Cash She Denies Having

Sadie Dees was somewhere between Big Spring and New York today, traveling alone in her Hudson touring car.

Sadie Dees intended to go to New York when she left Hollywood—where she has another name she uses if she wants to, she says.

REMOVING BODIES FROM R-101 WRECK

This radio photo from London shows police carrying a body from the wreckage of the British dirigible, R-101, near Beauvais, France. The charred skeleton of the air liner which carried 63 persons to death may be seen in the background. This is an Associated Press telephoto from New York.

Texas Aviator Passed Up by Death After His Ship Lodges In Highline

FREDERICKSBURG, Tex., Oct. 9 (AP)—Death looked at Coy Tidell, 28-year-old flyer of Edinburg yesterday and decided to let him have. Tidell, flying a light, open-cockpit airplane in which he had made a forced landing on the fair grounds here, was attempting a short takeoff when the plane failed to gain altitude and caught in a web of high tension electrical wires.

Thousands of volts of electricity cracked with blinding flashes about his plane for a few moments, the short circuit which was created caused an automatic switch at the plant to shut off the current.

Tidell remained quietly in the plane until rescued by linemen. He was unharmed. Tidell and Gus Manhart, also of Edinburg and owner of the plane, were flying from Brownwood to San Antonio when they decided to land here at the fair grounds.

Santa Fe Places \$1,000,000 Order For Steel Rails

DENVER, Colo., Oct. 9 (AP)—Sale of approximately 32,000,000 worth of steel rails to the Atchison, Topeka & Santa Fe Railroad by the Colorado Fuel and Iron Company was announced today by the concern's officers here Tuesday.

It was announced the order was for 47,700 tons of rails which will be manufactured at the steel company's plant at Pueblo, Colo. Several thousand steel workers will be given employment it was said. It was said the price of the rails would range from \$42 to \$50 each.

CHICAGO, Oct. 9 (AP)—Cotton futures closed: Jan. 10-17; Oct. 10-22—bid Dec. 10-37.

2,500 Letters Sent Here For Mailing On First Air Mail Schedules Of Southern Line

Approximately 2,500 letters, in special air mail stamped envelopes, have been received by Postmaster E. E. Fahrnkamp here for mailing on the first ships to fly the southern transcontinental air mail lines converging here. The service will begin Oct. 15, next Wednesday.

Stamp collectors are especially energetic in sending these letters, a number of them under one cover, to be stamped with the special cancellation for the occasion.

Postmaster Fahrnkamp announced that these special air mail envelopes, suitably decorated in national colors with a five-cent air mail stamp are to be had in six sizes, per envelope, in two sizes.

Those wishing these envelopes are asked to obtain them immediately.

If the special air mail envelope is not used any envelope, with five cents postage thereon may be used provided it is marked "air mail" when air mail stamps are not used.

Those wishing to send packages of letters to other depot points on the line will hand them in at one of the post office windows instead of using the regular letter "slot."

The special cancellation stamp being used on these letters is large, in red ink-bearing an appropriate design and these words: "Southern Transcontinental Route 33, B. O. D. Big Spring, Texas, Oct. 15, 1930. First flight air mail."

Louisiana Robbers Captured After Fight

CONVERSE, La., Oct. 9 (AP)—Two men arrested near Myrick's Ferry on Sabine river ten miles west of here after an exchange of shots with their captors were identified as the robbers of the Bank of Converse who earlier today had escaped with between \$2,500 and \$3,000. The captives refused to give their names.

Brady Recovers From Flood To Fete Sheriffs

BRADY, Tex., Oct. 9 (AP)—Flood swept on Tuesday, today is celebrating the fall convention of the West Texas Sheriffs' Association, the session to run two days, closing with a pistol shoot.

Sheriff Tom Hudson of Jones county is president and Mrs. Joe Ray, Sheriff of Dawson county, secretary of the organization. They were early arrivals. Because of bad condition of highways, delaying arrival of police officers, opening of the first session was deferred to 2 o'clock this afternoon.

Interruption In Water Service Caused When New Mains Connected

The water supply was cut off for several hours Tuesday morning in the southeastern section of the city while new mains were being connected with older ones.

Charles Puryear, 70, of A. & M. Faculty Stricken

BRYAN, Texas, Oct. 9 (AP)—Charles Puryear, 70, dean of the faculty of Texas Agricultural and Mechanical college, suffered a cerebral hemorrhage last night, his entire right side having been paralyzed. He has been connected with the faculty 42 years, coming from Richmond, Va. Physicians were doubtful of his recovery.

Abilene Minister Who Renounced All 'Worldly' Things Excepts Football

FORT WORTH, Oct. 9 (AP)—Rev. E. D. Salkeld, pastor of the First Christian Church of Abilene, who announced yesterday in a newspaper interview his decision to "withdraw from all worldly activities so that from now on I may give my entire time to an attempt to develop a purely spiritual life, will be a visitor in Fort Worth Saturday.

He is coming to the football game between the Texas Christian University Horned Frogs and Arkansas University Razorbacks, and for more than one reason.

The one he mentioned first was that "watching football games is my favorite pastime," but that as his first reason might be doubted when it is recalled that Dan Salkeld, star sophomore end of the T. C. U. eleven, is the son of the Abilene minister.

"So you will be on the sidelines rooting for Dan and the Frogs Saturday," he was asked in a telephone conversation with a Star Telegram reporter.

"Well, I doubt if they will let me right out on the sidelines but I'll sit as close to the game as I can," he said.

Rev. Mr. Salkeld likes his football and made it clear that the pigskin sport is not included in the "worldly activities" from which he has decided to withdraw.

Rev. Mr. Salkeld attended Hiram College at Hiram, Ohio, of which the late President Garfield was one time president, and he took a very active part in athletics, playing four years on the football team. He also played football in high school. He was assigned to an end position in college.

President E. M. Watts of T. C. U. has extended Rev. Mr. Salkeld a special invitation to be here as the game will mark the dedication of the Horned Frogs' new stadium.

Tulsa, Okla., Oct. 9 (AP)—The oil industry's efforts to safeguard the lives of its workers was emphasized in today's program at the seventh annual International Petroleum Exposition and Congress.

Oil company teams met in the annual safety contest of the Mid-Continent Oil and Gas Association. The safety program, an all-day affair, will be concluded tonight with the annual dinner of the association's safety division.

Speaking at the association's annual banquet last night, John M. Lovejoy of New York, formerly a Tulsa oil executive, termed as "fantastic" the charges made by George S. Kelly, government land official, against the interior department's administration of public lands. The charges he declared, have given the public a false impression of oil company's applications for oil and gas rights on public lands.

"The situation has been made," he said, "that through the giving away of the fee to lands in the shale deposits areas of Colorado the government has lost or will lose \$40,000,000 and the public left holding the bag."

Runways Cleared

At this time only runways will be cleared of weeds and graded. Later the entire field will be worked over and graded.

Constitutional Rights Of Lobby Loafers Topic Of Hotel Operators

SAN ANTONIO, Oct. 9 (AP)—Constitutional rights of "lobby loafers" was discussed today before the American Hotel Association in convention here.

Frank K. Boland, general counsel for the association, said that when such persons use space and privileges of the hotel, so as to disseminate paid guests, and to otherwise make themselves objectionable, they may be ejected.

Earth Shocks In Italy

SANTANZARO, Italy, Oct. 9 (AP)—Two earth shocks were felt in this district at 5:31 a. m. and at 8:45 a. m. today.

Second Pair In Car Hear No Quarrel

BEAUMONT, Tex., Oct. 9 (AP)—Hamilton Bryant, 23, of Colmesneil shot and killed Myrtle Odum, 18, of Jasper, and then killed himself as they sat in his automobile on a road five miles from Colmesneil, 59 miles from here in Tyler county, early today.

S. T. Meadows of Colmesneil, justice of the peace, rendered a verdict of "murder and suicide."

Another couple, Eddie Law and Ethel May Oxford, both of Colmesneil, were seated in the rumble seat of the Bryant automobile when the shooting took place.

They said they did not hear a quarrel prior to the shooting and could not assign a reason for it, they told officers.

Law and Miss Oxford said the couples planned to attend a dance at Woodville. They found the dance had been postponed and were on their way home when the shooting took place, they said.

Miss Odum was shot through the heart. Officers said Bryant had two pistols. The one with which he shot Miss Odum evidently snapped when he attempted to turn it on himself and he produced another one, they said.

Taxes To Become Delinquent Not To Be Under Contracts

AUSTIN, Oct. 9 (AP)—Contracts for collection of delinquent taxes should not be made for taxes to become delinquent some time in the future, William Wade, assistant attorney general, said today, indicating that the attorney general's department probably would render an opinion to this effect.

Wade explained that under a contract for the last legislature counties were authorized to retain an employe for the sole purpose of collecting delinquent taxes, and that as a consequence many of the tax collection companies were seeking to make contracts with counties to extend as far as five years into the future, before the law goes into effect January 1.

Some of these companies were paid as high as 30 per cent for collecting delinquent taxes, Wade said. The ruling, if made, probably will be based on the contention that contracts for the collection of delinquent taxes cannot be made until the taxes are delinquent.

Lutherans To Sponsor Another Radio Program

A radio program will be sponsored this evening by the Lutheran church, the pastor, W. G. Buchschacher announced.

Hack Wilson and Trio Of Mates Go On Stage

CHICAGO, Oct. 9 (AP)—Hack Wilson, home run champion of the major leagues, today became a song and dance man.

The Weather

After-Care Of Infantile Paralysis Very Important

WASHINGTON, Oct. 9 (AP)—A plea to parents for adequate after-care of children now victims of infantile paralysis, was made today by Surgeon General Hugh S. Cummings of the Public Health Service.

Remarking the recent spread of the disease, now numbering six cases—the highest peak since the disastrous year of 1927—the surgeon general asked nationwide consideration of "the important work of rehabilitation which is necessary following every such outbreak."

"There is no royal road to progress in the treatment of the serious aftermath of this disease," he said. "Intelligence, skill, care, perseverance, and courage are all required in the prevention of permanent deformities."

Parents must share with physicians, he said, responsibility to the slow painstaking process of restoring—surgically if necessary to normal by carefully directed exercises, orthopedic surgery and physiotherapy.

He warned that careful watch must be kept from the very start, to prevent positions which stretch weakened muscles too long, to sit out of a sagging shoulder. Stand bare in beds, and cradles to carry the weight of the body clothes he mentioned, as devices useful for this purpose.

Training of the muscles should begin, he said, as soon as the patient's limbs can be moved freely without pain. But he cautioned that premature manipulations and ill-directed exercises have often retarded recovery.

He gave the following rules for directing the exercise:

"Assume that every muscle is capable of attaining the normal, since it is impossible to determine how many nerve cells actually have been destroyed, and the child should have the full benefit of the muscle."

Protect seriously weakened muscles against cold, against infection, and against too much exercise. For exercise may be too much at first.

"Require the whole attention of the patient. The presence of other children should be absolutely prohibited and no toys should be allowed."

Remember that with all corrective measures repeated trials are often necessary before the optimum or set of exercises best suited for the individual can be found."

Houston Wife Takes Lives of Self And Mate

HOUSTON, Oct. 9 (AP)—Dan Gollivan, 37 year old Houston fireman, died early today as the aftermath of the tragedy at his home late Wednesday in which his 22 year old wife shot him with a pistol and ended her own life with a shotgun.

The little white home today bore traces of the tragedy. There was a stain on the front lawn where Gollivan had fallen after the shooting. There was a cut screen and a broken door leading to a room still spattered with blood and tiny spots where birdshot from the shotgun had lodged.

It was in this room the living room of the Gollivan home that neighbors heard a shot after they had rushed to the Gollivan house when they saw Gollivan slumped out with his hand covering the bullet wound in his abdomen.

Mrs. Gollivan was lying in a pool of blood of the living room floor, her head and shoulders partially hidden under a couch.

Neatly was the shotgun.

Two notes are being held by Justice Campbell R. Overstreet. One

"Rope Cure" For Crick In The Neck Found Too Helpful By Inventor

CUTHBERT, Ga., Oct. 9 (AP)—The rope cure for cricks in the neck will not be used again by its inventor, John Emanuel, railroad crew foreman, he announced from his hospital cot.

Subject to cricks, Emanuel has long employed a therapeutic method just short of hanging. He used a rope attached to his neck and the ceiling just a little longer than would produce strangulation or fracture, but still long enough to give the neck a crick-cracking jerk.

This week he overestimated the length of the rope—and

Ends Piles Quick

Pile sufferers can only get quick safe and lasting relief by removing the cause and circulation of the blood in the lower bowel. Cutting and external remedies can't do this—an internal medicine must be used.

HEM-ROID, the prescription of Dr. J. S. Leonhardt, a specialist, succeeds because it relieves this blood congestion and strengthens the affected parts. HEM-ROID is sold by druggists everywhere, and has such a wonderful record of success right in this city that Collins Bros. says to every Pile sufferer, try HEM-ROID at my risk. It must end all Pile agony or you get your money back—adv.

MARKETS

NEW ORLEANS COTTON
NEW ORLEANS, Oct. 9 (AP)—Cotton opened with a sympathy rally, but the cables and local market view of the day.

NEW YORK STOCKS
NEW YORK, Oct. 9 (AP)—The market continued to improve after the 10:30 a. m. feeling being helped by a confidence in cotton prices to the level here Monday.

PORT WORTH LIVESTOCK
PORT WORTH, Oct. 9 (AP)—December traded up to 10.45 and January to 10.25. Toward the end of the first hour prices eased off slightly to 25. higher, truck to 7 points from the top on result 10.25, rail to 10.00, packing steady, but the undertone continued 7.25-8.00.

CATTLE: 2,800, including 1,000. The market turned easier late in the morning due mainly to weak grass slaughter steers in 45 to 50 cents in stocks and a brokers' range, heavy fed yearlings 11.00, failure on the New York Stock Exchange, butcher heifers around 6.75 down change. As a result December butcher cows 2.25-3.75, stock steers eased off to 10.30 and January to calves up to 7.50; choice heavy fat 10.41, or 12 to 15 points down from calves 7.00-7.50.

"Invaluable" Say Society Women

MELLO-GLO Face Powder is preferred by beautiful women because it leaves no trace of flakiness, pastiness or irritation. Stays on longer—no shiny noses! Made by a new French process—prevents large pores. Spreads more smoothly—gives a youthful bloom. Very pure. Use MELLO-GLO Face Powder. It's wonderful. Cunningham and Philips—adv.

A new deal for today's dollar!

NASH Announces 3 new EIGHTS and a new SIX

NEVER was such motor car quality offered at prices so sensationally low. The literally startling difference becomes at once apparent when you contrast the prices of the new and finer Nash series, with prices of corresponding models a year ago.

Its low non-productive overhead, its elimination of borrowed capital, and remarkably foresighted manufacturing alone enable Nash to offer so much for so little. The unique example in value-giving thus provided

the industry was planned last November. At that time, C. W. Nash and the strong group of executives surrounding him, clearly foresaw present conditions. They at once began to design cars affording value so great, so unmistakable, as to overcome all buying reluctance.

The result is instantly apparent. Even casual inspection of the four new Nash cars establishes the fact that nothing even remotely approaching them in downright dollar value has ever been available in their respective price fields.

SENSATIONALLY PRICED!

STUDY THESE SENSATIONAL PRICES!			
Compare what is probably the most remarkable achievement of Nash in greater value-giving—the New Six—with the Single Six it succeeds. The new Six offers a multitude of superiorities—at prices which range from \$160 to \$140 below the prices of the Single Six.			
Body Style	The New Six W. B. 114"	Last Year's Six W. B. 114"	Price Difference
Sedan (4-door)	\$845	\$1005	—\$160
Coupe	795	940	—\$145
Coupe (rumble seat)	825	980	—\$155
Sedan (2-door)	795	935	—\$140
Compare the New Eight-70 with its two additional cylinders, its longer wheelbase, its larger, more luxurious body, with its six-cylinder car it replaces. Then consider the remarkable fact that there is actually a basic price differential in favor of the New Eight!			
Body Style	The New Eight-70 W. B. 114"	Last Year's Six W. B. 114"	Price Difference
Sedan (4-door)	\$995	\$1005	—\$10
Coupe	945	940	+\$5
Coupe (rumble seat)	975	980	—\$5
Special Sedan (4-door)	955		
Compare the New Twin-Ignition Eight-80 Series with the 6-cylinder car it replaces. The Eight-80 is larger, longer. Design, appointments, upholstery are finer—prices are radically lower.			
Body Style	The New Twin-Ignition Eight-80 W. B. 124"	Last Year's Twin-Ignition Six W. B. 114"	Price Difference
Sedan (4-door)	\$1295	\$1415	—\$120

BOYCE MAGNESS BEHEMOTHS OUTWEIGH STEERS

THE WATER BUCKAROO

Big Spring Steers will be encouraged to learn that in the game scheduled here for Saturday, Big Boyce Magness, the Buckaroo bulwark, intends to see just how good he really is going to be this year, which, if you happen to be inquiring of us, is plenty. Magness has been ill, indisposed and not feeling well in general. He couldn't stand the gaff of a whole game with the Mountaineers, but he intends to unlimber his tendons in the forthcoming battle with the Steers. Says Hodges, the hunk of the Buckaroo publicity staff: "Not much praise is due the Buckaroo backfield. They just simply didn't click against Mineral Wells, and that's all there is to it. Magness found that he couldn't stand the pace of a whole game, since he had been practicing only a week and left the game. While he was in there he displayed such of his old form. In another week, Magness should be hitting his old stride."

It is safe, perhaps, to believe that Magness will play at least three quarters of the fray with the Steers, and all of the game with Eastland the following Saturday. After that he is due for the first work. The fireworks in this instance, consisting of a bunch of yellow and black clad Big Dam Lobos in Buckarooville.

The headlines of the week-end card is the San Angelo-Ranger contest at Ranger Saturday. Upon this occasion Bill Blissett will have an opportunity to inform the world at large, the district in particular, and San Angelo in general, that his game little Bobkittens are in the chase. Ranger will have the opportunity to prove that it wasn't such a bad day when they learned that such a man as Chuckie Bird, the son of Reuben Bird, resided at Mineral Wells and would gladly move to the Ranger Fire Station and collect \$2.50 for each wet fire. Although it doesn't make any difference a wet fire is one in which the firemen have to play with the hose. With McCarty and Bird in their old stands doing the same line of business, it seems that the "sweet breeze" the Angelo sport has been talking about might suddenly turn into a twisting tornado headed for the Concho sheep country. With McLaughlin in the battle—which the district seems say he can't be on account of a ten semester ruling that must be adhered to, regardless—there would be little question as to the outcome. As matters now stand it is our belief the Bulldogs have a six point better team than has San Angelo. Which means they should be capable of slugging across a couple of touchdowns, despite that brilliant and even scintillating line of Blissett's.

As a note of space filling, we predict the following tallies for the week-end, reserving the right to withhold the local encounter until further survey, and urging you to accept them not.

Ranger 12, San Angelo 6.
Mineral Wells 12, Brownwood 6.
Sweetwater 6, Eastland 0.

As matters now stand regarding the coming bout the Steers have facing them, it looks like Breckenridge. That is being honest, yet conservative to the point that it is practically impossible to tell how much it looks like Breckenridge. The 1929 co-owners of Texas high schools aren't weak with Shotwell at the helm, it is granted that he will mould something that will resemble, in some respects, a contender. A man drawing down a salary somewhere in the vicinity of \$1,800 a year must do something, you know, to earn his salt. Strategy of a different kind might beat the Buckaroo. Straight football is another thing. However, with two victories and one defeat behind them, the Steers should stage a wonderful battle. One thing is in their favor. They are not picked to win by the majority. They haven't been all year.

The World's Series has come, and gone like the dedication of a number of months. Fighting a losing battle from the start, the St. Louis Red Birds felt the sting of that great collection of Connie Mack. The Mackmen lingered, it is true, in taking the cake and vanishing with it, but they took it all the same. Earnshaw stood out of the mulling throng like the proverbial wart on the proverbial nose.

Football now has the spotlight of the sports world. It doesn't last long, but while it does linger it cops the attention of the nation. Although it would be impossible to try it in the east and north, the southwest should delay its football affairs a month longer. It's still hot football weather in those parts when the inhabitants of the upper country are dragging out their heavy and donning their earmuffs for a trek to the nearest stadium.

Big Spring fans should turn out en masse for the Saturday tilt. Few games remain to be played here and if the site of the Chen affair is changed, none of the Big Four will be seen in action after Saturday. Brownwood comes here and Colorado and Sweetwater, but the Steers trek away to battle San Angelo and Ranger. Of course there will be a couple of special trains for those games. Of course.

Somewhere on this page—if the makeup man hasn't gone temporarily insane or shot off on an undetermined tangent—will be found the roster of the Shotwell Behemoth. There's lots of beef in that makeup.

Boyce Magness Listed As Starter

Steers Have "Just Another Game" On Top

The hardest battle the Big Spring Steers will have this year is set on the football calendar for Saturday afternoon at the local athletic field—just over the viaduct to the north. At 3 o'clock on that day the Breckenridge Buckaroos—sharers in the spoils of 1929—will tackle the Big Spring aggregation.

That the game will be watched with interest by fandom over the district is putting it rather mildly. It will be watched, and the result waited for, with intensity. For one reason will it be in demand, and that is District Two inhabitants wish to know if the 1930 Shotwell aggregation can be expected to be in the running. As for it in any way resembling the 1929 team—it doesn't, except for the presence of Boone Magness, the remaining great player of the 1929 collection. Although the Ranger-San Angelo affair will probably overshadow the local tilt, it still remains that the district is looking to this game to find out, if possible, about Breckenridge.

The Buckaroo record so far means much to the Steers. It is noted to a great extent at the end of the week. On the other hand the Steers have three games behind them, and six in front.

They downed Mineral Wells 12 to 6; lost to Dewey Mahew's Abilene Eagles 33 to 0, and kicked over the dope bucket by defeating Eastland 6 to 0. Two class B affairs before the district season opened were nullus, Roby gaining a 0-0 tie, and McCamey accidentally getting beat 6-0.

There is nothing much to base a concrete discussion of the affair, except that Breckenridge is heralded as a great 1929 aggregation, and Big Spring is not. However, it is generally accepted that the 1930 Bucky staff is not the 1929 Bucky staff by any rhyme or reason.

The Steers have the edge in a couple of ways. In the first place the game is to be played on the local gridiron—the one overlooking the cemetery in one direction and the railroad yards in another. A tough place, as it were! In the second place, the Steers aren't awed by the Buckies, or at least they shouldn't be.

That great respect they held for the prowess of the Abilene aggregation, seems to have disappeared, and the Breckenridge affair is just another game so far as the Steers are concerned.

According to the starting lineup handed out by representatives of Shotwell, Magness will start the conflict. Stapp, Adams and Hinrichs probably will make up the backfield.

On ends will be Blackburn and Jones; J. Clark and Courser at the tackle; Griff at center; B. White and L. Martin at the tackles. The team is expected to be considerably less when it comes to avoidpouls.

Lingered somewhere in the Steer ballwick is the memory of the severe lashing they received at the hands of the Shotwell crew at Breckenridge last year. Making their debut into the Class A circle, the Steers went down a 53 to 0 tally, or somewhere in that vicinity.

The Steers are in excellent shape for the conflict. Pardee, having been the only one to be injured in the Eastland game, and it is expected he will be back in his center stronghold, doing the same kind of business to the opposition.

Razorbacks Meet Christians In Leading Gridiron Battle Of Southwestern Conference

By GAYLE TALBOT JR. Associated Press Sports Writer

DALLAS, Oct. 9 (AP)—Opening the defense for their conference football title Saturday in their new stadium at Fort Worth, the Texas Christian Frogs have been duly warned not to take the university of Arkansas eleven too lightly. The razorbacks took a wallop from Tulsa University last week, but Raymond "Bear" Wolf, who scouted the melee for Coach Francis Schmidt, reported that the Porkies were much stronger than the scores would indicate.

It was a case, Wolf said, of Tulsa having a powerful team and getting some very valuable breaks. The Razorbacks, moreover, played without the services of the regular quarterback, Holmes, who was kept on the sideline by an injury. He will be ready to direct the big red machine against the Frogies Saturday.

Indications are the Baylor Bears likewise will get a more severe test this week than had been anticipated. Trinity University's Tigers, coached by Logan Stollenwerk, former S. M. U. idol, displayed a potent punch in trimming Daniel Baker, 20 to 2. The Tiger line is said to average 190 pounds.

The tilt will give Coach Morley Jennings an opportunity to see what Pat Parker, highly touted sophomore back from Lufkin, can do in the way of advancing the ball. Parker received a broken nose in scrimmage and was unable to accompany the Bruins to Lafayette, Ind., last week. If Parker lives up to advance notice, the outlook down Waco way will be much brighter.

An unusual feature of the Southwestern Methodist-Notre Dame conflict was overlooked in the excitement. It marked the first time in Weldon Mason's five-year football career that he ever played on the losing side. The former Waco high school ace was not in the game, however, when Notre Dame scored the winning touchdown, having been carried from the field a few minutes before with an injured knee.

Neither Mason nor Malcolm Dowell, Mustang center, will be ready for the game with Baylor at Waco next week. Their injured knees have been placed in casts.

Rice's inter-sectional bout with the University of Arizona at Houston will not be the first time the schools have met on the gridiron.

'Great' Connie Says About Champs

Mackmen Must Repeat As Champions Mack Declares

By BRIAN BELL Associated Press Sports Writer

PHILADELPHIA, Oct. 9 (AP)—The Athletics of Philadelphia, world's champions for the second time in two years, had a right to day to consider themselves "a great team." The accolade was bestowed by no less a judge of baseball teams than Connie Mack himself. The 67-year-old manager of the Athletics refused to stamp

WORLD SERIES LEADERS
By The Associated Press

Batting—Simmons, Athletics, .400.
Runs—Bishop, Athletics, 5; Cochrane, Athletics, 3.
Hits—Simmons, Athletics, 8.
Doubles—Hafey, Cardinals, 3.
Triples—Fox and Haas, Athletics, and Gelbert, Cardinals, 1.
Home runs—Cochrane, Athletics, 2.
Runs batted in—Dykes, Athletics, 5.
Bases on balls—Bishop, Athletics, 7.
Club batting—Cardinals, .200; Athletics, .186.
Pitching:
Leading pitcher—Earnshaw, Athletics, won 2 lost 0.
Earned runs—off Earnshaw 2 in 25 innings.
Struck out—By Earnshaw 19.

his team as "great" after it had won the American League championship. First, he said, the A's must repeat as world's champions. The American Leaguers won the series in impressive fashion by capturing the sixth game 7 to 1 from the courageous but impotent St. Louis Cardinals. The deciding game never was in doubt for the world's champions made two runs, enough to win, in the first inning, while the Missourians did not off a serious threat to score until the ninth when they were seven runs behind.

Against the effective pitching of Big George Earnshaw, the Cards were almost helpless, failing to get a man to third base until two batters had been retired in the final inning. When the visitors counted their lone run they broke a streak of scoreless pitching against the A's by Earnshaw which had extended over a stretch of 22 innings. Not a world's series record but nevertheless impressive.

The big mouse of the A's blanketed the opposition in the last seven innings of the second game of the series, permitting six hits and winning 6 to 1. In the fifth game at St. Louis he won the first seven innings without being nicked for a run when he left the game for a pinch hitter. In this game he had allowed only two hits. In the final game he turned the opposition back without a run and with only three hits until the ninth when a single and a double with a pass in between was good for a run.

The triumph of the Athletics marked the fourth straight year in which the American League champions had won the highest prize baseball has to offer and 16 out of 19 won. The Cardinals of 1927, however, may take with the loser share of the series receipts, the satisfaction of carrying the autumn struggle a game longer than did the Chicago Cubs last year and two games farther along the trail than the winners of 1927 or the Cardinals of 1903, when the New York Yankees disposed of the National League opposition in the minimum time of four games.

TOPPERWEINS SHOOT HERE MONDAY

The Famous Topperweins will appear in Big Spring Monday afternoon at 4 o'clock in a free exhibition of marksmanship at the local Gun Club.

While Mr. and Mrs. Topperwein are superb in their team stunts they are equally as impressive in their individual feature work.

One of the most spectacular things that Topperwein does is the drawing with bullets of cartoons. Using his Winchester Automatic Model '03 he quickly outlines a head of an Indian, an Uncle Sam or some of the popular cartoon characters and draws it right before the audience's eyes on a sheet of tin. These striking likenesses are made in three or four minutes of rapid fire shooting and are done, as artists would say, free hand. It might be said that Topperwein is "somewhat of an artist by nature and training and his artistic ability aids him considerably in this remarkable stunt.

Perhaps his most remarkable record in many ways was that made many years ago at San Antonio, Texas, when he shot eight hours a day for ten days at small wooden blocks thrown into the air in rapid succession and missed only nine out of 22,500. Out of the first 50,000 targets Topperwein missed but four. In this shooting he both shot at the targets and did all the loading of the rifle also.

In this remarkable test of shooting skill and endurance (CONTINUED ON PAGE 7)

Earnshaw Wins Baseball Crown

Hurles 16 of 18 Final Innings For Athletics

By ALAN GOULD Associated Press Sports Writer

NEW YORK, Oct. 9 (AP)—There was only one nomination today for the player most entitled to enter the ranks of world's series heroes.

He is George Livingston Earnshaw, New Yorker by birth, Philadelphia by adoption and achievement, alumnus of Swarthmore College and right-handed "Iron Man" pitching ace of the world's champion Athletics.

Earnshaw is 30 years old now, long past the day when he used to cheer the old college cheers, but he still parts his hair in the middle and looks the part of an undergrad.

He was a great football player as well as a star pitcher in college. He is the greatest right-handed "Iron Man" in baseball now and entitled to rank with such famous old-time stars as Joe McGinity, "Big Boy" Jack Combs and Big Ed Walsh.

After sharing the pitching "big get" with his team-mate and co-star, Robert Moses Grove, most of the way, Earnshaw wound up in a blaze of pitching glory by hurling 16 of the last 18 innings for the A's. Earnshaw broke up what was expected to be a repetition of the fifth game "act" with Grove by sticking until the last man was

out, even though it was a struggle, while Grove continued to make gestures in the bullpen.

Earnshaw, altogether, pitched 20 innings against the Cardinals in three games, beat them twice and held them scoreless for the first seven innings of the game, which Grove finished in St. Louis, and received official credit for winning. The "Big Moose" of the A's had his rivals scoreless for 22 innings in a row, which in a day and age featured by the so-called "Jesse Rabbit" ball stands comparison with the remarkable record of Christy Mathewson in pitching 27 successive shutout innings against the Athletics in 1905.

Mathewson allowed 14 hits in the three shutout games he pitched against the Mackmen of 25 years ago. Earnshaw gave out only 12 hits and two runs in the 25 innings he worked against the Redbirds.

Grove, who scored two victories against one defeat, pitched a total of 19 innings, during which time the Cardinals collected 14 hits and 15 runs. Only three of these runs, however, were earned, the other two being due to an error by Dykes.

Al Simmons was the most consistent of the Athletics at bat, hitting safely in five of the six games. For the Cardinals, 22-year-old Charley Gelbert, appearing in his first World's Series, was a sensation at bat as well as in the field, reaching spectacular heights in the two victories scored by the Red Birds to even the series at St. Louis. He led the Cardinal regulars

Seventeen Texas Counties Report 30,000 Bales In

WASHINGTON, Oct. 7 (AP)—Seventeen Texas counties had gained more than 30,000 bales of cotton each before September 16, the preliminary report by the department of commerce showed. The total for the state was 1,841,874 bales compared with 1,362,678 the same date last year.

Counties with the greatest gains together with comparative figures for the same date last year follow: Nueces, 129,532; 1929, 103,811; Williamson, 65,532; 1929, 23,529; Karnes, 58,661; 1929, 5,192; Fort Bend, 49,430; 1929, 4,270; San Patricio, 49,320; 1929, 20,160; Navarro, 37,824; 1929, 43,580; Hidalgo, 37,548; 1929, 51,533; DeWitt, 37,162; 1929, 3,129; Falls, 34,159; 1929, 32,285; Gonzalez, 33,211; 1929, 7,644; Fayette, 32,474; 1929, 9,702; Caldwell, 32,194; 1929, 9,977; Milan, 32,023; 1929, 25,945; Collin, 31,913; 1929, 24,309; Lavaca, 31,237; 1929, 8,157; Hunt, 20,468; 1929, 19,031.

Although the total this year was considerably greater, almost as many counties showed decreases as increases. These injured knees and bales as half bales and did not include lint.

Noel T. Lawson of San Antonio is in town for a few days.

'Gin Marriage' Law Blamed For Less Ceremonies

WASHINGTON, Oct. 7 (AP)—The new "gin marriage" law was blamed for the decrease in the number of marriages in Texas in 1929 in a report recently issued by the department of commerce. There were 23,874 marriages compared with 26,404 in 1928.

During 1929, 18,386 divorces were granted, compared with 18,731 in 1928. On the bases of population estimates however, the number of divorces per 1,000 residents was 3.20 compared with 3.21 the previous year.

Seven counties did not have any divorces, Glasscock, Hansford, Kimble, Andrews, Moore, Sherman and Yoakum. For Glasscock, Moore, Sherman and Yoakum counties it was the second straight year with out a single bond of matrimony being broken. Marriages in these seven counties aggregated 401.

Every county reported at least one marriage and the number of marriages exceeded the divorces in all except two counties, Borden, where the figures were one and one and Rewel, where it was an 8-11 standoff. Wichita county had 414 divorces and 376 marriages.

There were more than one-half as many divorces as marriages in the four largest counties of the state. The figures: Bexar, 1611 divorces, 348 marriages; Dallas, 2,064 divorces, 2,476 marriages; Harris, 2,038 divorces, 4,291 marriages; Tarrant 1,104 divorces, 1,786 marriages.

Give your thought to correction, simplicity and charm. Sounds like an exhortation to young preachers, doesn't it? Blatantly, truth, service and consideration for the needs of the buying public are among the ideals of the best advertisers. And this is the explanation of the change of attitude on the part of newspaper readers toward the advertising pages.

How Is Your HEALTH?

Edited by Dr. Ingo Galdston for the New York Academy of Medicine

FATIGUE Fatigue is one of the fascinating problems in physiology. In the mechanism behind fatigue is even at this late date only incompletely understood.

Fatigue is an important item in industry and in the home. Fatigue affects efficiency and has a direct bearing on disease. Sir James Paget once said, "You will find that fatigue has a larger share in the promotion and transmission of disease than any other single causal condition you can name."

Ordinarily, we think of fatigue in terms of our muscles, but it has been amply shown that fatigue affects the body as a whole and every organ, tissue and cell of which the body is composed.

We know that fatigue may affect glands so that they secrete less than what is normal of their substances.

The kidneys may be deranged through fatigue so that they substantially lose their efficiency as filters.

Fatigue affecting the heart, may cause it to dilate, and its beats are usually quickened and irregularly timed.

The value space of mental fatigue are characterized by a diminution of attention, difficulty in concentrating, and slowness in reaction to stimuli, in memorizing and in reasoning.

It has often been said that the American nation is chronically subject to fatigue. Professor Irving Fisher, in a study of the cost of illness, observed that the economic waste from undue fatigue is much greater than the waste from serious illness.

Whether or not the diagnosis as it pertains to the nation as a whole is correct or not is not very pertinent.

But fatigue as it affects the individual must certainly be of ultimate significance to him.

WHEN THE GOING'S AT ITS WORST

Hollywood Sights

By ROBBIN COONS
HOLLYWOOD — The venerable George Arliss accepted few Hollywood invitations to dinners, banquets, and such, and there a story found it. Both Mr. and Mrs. Arliss are vegetarians. The American Bazaar, a quiet being what they stayed away.

Their abstemiousness began some years ago. They were on a train bound for Los Angeles en route during a summer of terrible drought in the fields they passed they could see boys, dejected cattle.

The sight so impressed Mrs. Arliss that she immediately pledged never to eat meat again, and Arliss joined her.

THROWING IT AWAY
The motion picture industry is so often bled for its money-worth that it is surprising to learn that Sam Goldwyn, according to report, junked \$100,000 worth of film after he saw the first sequences of Ronald Colman's new film. Goldwyn may not be an artist, but he knows good pictures.

Of course, it all goes back to money in the end, and good pictures are the means to that end. Mary Pickford recently acted similarly when she shelved her "Kiki" instead.

SALVAGE
Speaking of the shelf, that famous "Queen Kelly" of Gloria Swanson's is to be taken down at last, and will reach the screen—but not in this country.

The costly fresco that was to be Miss Swanson's first talkie has seldom been sufficient knowledge of hazards and protective devices to enable them to make their business safe against fire. Fire chiefs and members of fire departments, who have spent their lives in fighting fires, realize the need of suitable building construction, proper installation of hazardous materials and construction of protective devices.

SOASH
SOASH, Oct. 9.—The home demonstration club of this community met with Mrs. B. G. Sorce Monday, October 6, with ten members and four visitors present.

The next meeting, October 20, will be held at the home of Mrs. Harry Graham. The county home agent, Mrs. Allgood, will be present at that time.

Mr. and Mrs. Christ Hubner were guests of Harry Graham and family Sunday.

By OSCAR HITT

There is a certain amount of "tobacco" in the "tobacco" industry. It is a business that is growing and becoming more and more important. The tobacco industry is one of the oldest and most important in the world.

In searching for his tobacco pouch to refill his pipe, his hand touched an envelope and he took it out of his pocket also. Opening it, he drew out the papers Inspector Mitchell had removed from the drawer in front of the erstwhile Mrs. Ben Lawrence.

Thorne spread the papers carefully in front of him on the desk and with infinite patience fitted the pieces together. They formed a picture, evidently a group of people, taken from some print paper magazine or Sunday supplement. There was an inset, but the cheap quality of the paper and the numerous creases, giving evidence of much handling before it was torn, made it difficult to piece out the picture.

The inset in particular was unrecognizable. As the upper part was missing only a draped figure, minus the head, was decipherable. Fitting underneath and evidently part of the caption, came the words in fancy type: "The Dancing Silhouette."

Thorne caught his breath sharply; the words aptly described what he had seen the night before at Oakland. Was it possible the undecipherable picture was the key to the mystery surrounding Eliza Chase and not the torn bill head he had found in the dead woman's possession? The last thing her dying hands had clutched was the picture.

Feverishly he reversed the pieces of paper; joined together they carried the slogan of a nationally known advertisement, but the name of the periodical from which the page must have been taken was on no side.

"Beg pardon, Mr. Thorne," Miss Elise, the pretty stenographer, had come into the room a silent radiance in his preoccupation he had failed to hear her. "There's a man outside who wishes to see you private."

"Ah, indeed? His name?" "Lambert—he gave no other name."

Thorne's eyes brightened. "Paste these pieces on the paper just as they lie there now," he directed. "When prepared and dry give the paper to Jim. Tell him to go to the Congressional Library and try and identify the magazine in which this page appears. I would suggest, on a guess, a theatrical or motion picture journal, but not to confine his search to that type only. But first, Thorne leaned over and took what appeared to be a small radiance from the drawer of a cabinet and placed it on top of the latter, turning a switch. Miss Elise, listen in the dictaphone and take down Lambert's conversation; then you can attend to the picture."

The Winslow's butler came into the private office a second or so later, somber of dress and deportment, his face gray rather than white. He wanted no time in civility, plunging at once into his errand.

"I'd like this, sir," he announced, pointing to Winslow's advertisement in the morning paper. "I mean the ten thousand dollar reward for news of Mr. Jack."

"Not news of him," corrected Thorne, never taking his eyes from Lambert's masklike countenance. "The reward is offered for reliable information as to young Winslow's whereabouts."

"Quite so," Lambert came closer. "I can tell you that."

Where was Jack Winslow? Lambert makes a startling confession in tomorrow's exciting chapter.

WOMAN, 34, APPOINTED SECRETARY OF STATE BY LOUISIANA GOVERNOR

BATON ROUGE, La., Oct. 8 (AP)—Alice Lee Grosjean, secretary to the governor since Huey P. Long was inaugurated in May 21, 1928, was commissioned by the governor as secretary of state to succeed James Bailey, who died early today.

Miss Grosjean, 34 years old, through the appointment, became the first secretary of the state for Louisiana in the state's history and the youngest secretary of state in the country.

Approximately \$70,000,000 is spent annually in the United States for training school teachers. The maintenance of normal schools and teachers' colleges amounts to \$200,000,000 a year.

Man's Problem is Man

Speaking of leadership and how to get it, we can all agree on the fact that the world is full of strange and dramatic things never stood in greater need of leadership than now. The problems raised by what we call civilization are apparently too great for present day brains to solve. Men know how to invent machinery and produce wonderful goods. They know how to build factories, magnificent office buildings that reach toward the sky and cathedrals. But knowing how to produce goods, they don't know how to distribute them. They don't know how to abolish poverty. They don't know how to create and distribute happiness.

Wages Again

FACTORY owners say that if they let off all their men they could hire them back at about half the present wages. Perhaps they could. When a man is hungry and his family is suffering, he will work for what he can get, if he is decent. Otherwise he will steal. Perhaps employers are correct when they say they can cut wages and still get men. But only stupid employers will do that. It doesn't take a very wise man, whatever his line of business, to know that without money no man is likely to buy much. And if there is nobody with money to buy, what is the use of turning out products?

Ideas

HERMAN LEVY, ex-newsboy, New York, does a million-dollar-a-year business in leasing and renting out offices. He leases floor space and puts in any kind of office you want, including private secretary, stenographers, and furniture. If you wish, Levy, still a young man, had nothing to start with—except an idea. To get ideas means to think. To think is difficult. The play is easy.

OPINIONS OF OTHERS

The Growth of Advertising

Detroit News: ONCE upon a time, advertising matter in a newspaper was regarded by the public as a sort of waste product like the pits in the cherries or the husks of the grain. A complete change of public opinion has been effected. It has become an established fact that many newspaper readers who concern themselves so far as the news matter is concerned, to being headline readers only find their greatest interest, and read the greater part of their time allotted to reading, in a careful study of the advertising pages. They find in them both pleasure and profit.

This winning of the public favor is directly attributable to the good sense, the technical skill, the artistic methods and above all, the honesty of the advertisers. So clearly are the artistic methods executed that most of the details escape the notice of the readers, who are won and held by a combination of potent influences each wholly unobtrusive.

Something of the principles governing this modern art was revealed at the recent meeting of the Detroit Retail Institute by Frederick M. Farrar, who took for his theme the seemingly prosaic subject, "Type." How little the average reader probably thinks about the size and form and distribution of the characters upon the page he is interested in reading. And yet the lecture revealed that this one subject has the best thought and study of those who make advertising their business.

There are some of the secrets of the art that Mr. Farrar revealed. Consider the purpose of the message and the needs of those who will read it. Be simple. Get all tricks out of your mind. Use few words.

Miss Mary Lou Cushing Is Married To Hubert C. Stipp

Couple United In Matrimony In Impressive Ceremony At First Presbyterian Church

Will Live Here After Honeymoon Trip To Dallas, Oklahoma and Points In The West; Rev. Owen Reads Service

Miss Mary Lou Cushing was married to Hubert Chapman Stipp in an impressive and colorful ceremony last evening at the First Presbyterian Church.

The bride is the daughter of Mr. and Mrs. W. F. Cushing and has lived in Big Spring all of her life. Mr. Stipp is the son of Mr. and Mrs. Charles D. Stipp of McAlester, Oklahoma.

He is a graduate of the University of Oklahoma and has been in the oil business for about six years. He is now with the T. and P. Land Trust as petroleum engineer and production man.

The ceremony was performed by Rev. R. L. Owen, pastor of the First Presbyterian church.

The church was decorated with ferns, palms, baskets of yellow chrysanthemums and orchid bouquets, carrying out the bridal colors of yellow, pink, green and orchid. These colors were also carried out in the frocks of the wedding party.

Before the ceremony Mrs. H. B. Dunagan Jr. played three organ selections, "To A Wild Rose," "Love Old Sweet Song," and "Thru-merl."

Mrs. Robert Parks, soloist, sang "O Promise Me."

Mrs. Dunnagan was dressed in white satin with corsage. Mrs. Parks wore pink satin with a corsage of pink rosebuds.

To the strains of Mendelssohn's Wedding March the bridal party entered.

The Ceremony

Rev. R. L. Owen entered from his study followed by the groom and his best man, Charles McKnight of Dallas. They took their places at the altar. The ushers and the bridesmaids entered next. They were George McEntire Jr., H. B. Dunagan Jr., Milburn Barnett, and Vernon Phillips.

Miss Dorothy Homan, maid-of-honor, was dressed in a gown of floor length and carried an arm bouquet of pink rosebuds tied with tulle.

Preceded by the flower girls, Ann Belle Edwards and Mary Jane Lees in white chiffon, who scattered rose petals, the bride entered on the arm of her father, who gave her in marriage.

She wore an ivory satin wedding gown with a bridal veil, and carried a shower bouquet of bride's roses and lilies of the valley.

During the ceremony Mrs. Duñagan played "Souvenir."

Reception

An informal reception followed the wedding at the home of the bride's parents.

The dining table was covered with lace and centered with a ring shaped wedding cake of orchid and pink, filled with pink and cream roses. Four tall pink tapers in silver candlesticks burned at each corner of the table.

Mrs. G. L. Wilke and Mrs. Jake Bishop served. The bride cut the cake for herself and the groom and Miss Gertrude McIntyre presided over the serving.

Miss Louise Shive caught the bride's bouquet.

The couple left immediately following the reception for Dallas, points in Oklahoma and other places in the west.

The bride wore a going away outfit of brown knit with matching accessories. The couple will be at home in Big Spring after Oct. 20.

To wear on his travels away from his pen. Where he meets other animals now and then, Puff calls on Tommy the Tailoring Cat. And buys rubber suits to allow for more fat. (Copyright, 1930)

New Officers For Ideal Club

Mrs. W. W. Inkman Hostess To Group at Meeting

The new officers of the Ideal Bridge Club, now a contract club, for the coming year took office at yesterday's entertainment of the club at the home of Mrs. W. W. Inkman on Scurry street.

Mrs. C. D. Baxley is president, Mrs. W. B. Clark, secretary-treasurer and Mrs. L. W. Croft, reporter. The high and low members for the year were also announced at yesterday's meeting. The high will be entertained by the low with a party some time in the near future.

The high members were: Mesdames Steve Ford, W. W. Inkman, Seth Parsons, V. H. Flewelling, L. W. Croft, and Fred Stephens.

The low members were: Mesdames M. M. Edwards, Robert Piner, C. D. Baxley, G. L. Wilke, W. B. Clark, Herbert Lees and R. Richardson.

At yesterday's party Mrs. M. M. Edwards won high score for club members and Mrs. Shine Phillips won high for visitors.

Two course refreshments were served to the following: Mesdames Steve Ford, W. W. Inkman, Seth Parsons, V. H. Flewelling, L. W. Croft, Fred Stephens, R. Richardson, W. B. Clark, G. L. Wilke, C. D. Baxley, Robert Piner, M. M. Edwards and Shine Phillips.

Mrs. Liberty Is Hostess To Club

Bluebonnet Members Are Entertained At Bridge

Mrs. F. H. Liberty entertained the members of the Bluebonnet Bridge Club at her home yesterday afternoon. She decorated with roses and dahlias.

Mrs. W. D. McDonald won high score for the members and Mrs. M. E. Whitesides won high for visitors.

Mrs. J. H. Rives won high cut. Mrs. C. A. Hodson assisted Mrs. Liberty in serving refreshments to the following: Mesdames Sam Baker, Jack Hodges, J. O. Barker, Pickle, W. D. McDonald, J. H. Rives, O. Y. Miller, Lee Weathers, H. C. Timmons, E. M. LaBeff, Adams Talley, M. E. Whitesides, C. E. Shive, Harry Lester and I. F. Pettey.

Mrs. Wilburn Barcus Has Entree Nour Club

Mrs. Wilburn Barcus entertained the members of the Entree Nour Club at her home in Washington Place yesterday afternoon. The house was decorated with zinnias and chrysanthemums.

Mrs. Ira Thurman won high score and was presented with a wall plaque.

Mrs. Carl Blomshield won high cut and was presented with bath salts.

The hostess served a two course luncheon to the following: Mesdames Ira Thurman, Carl Blomshield, Victor Martin and Travis Reed.

HERE FROM OLD MEXICO Mr. and Mrs. J. P. Duffus and children from Santa Barbara, Chihuahua, Mexico, have been the guests of Mr. and Mrs. O. Jones and Mrs. Monroe Johnson.

Mr. and Mrs. J. C. Stipp of Amarillo arrived in Big Spring Tuesday to attend the Stipp-Cushing wedding.

P. S. Northrop and R. G. Carr of San Angelo were here for the Cushing-Stipp wedding in Big Spring Wednesday.

Reppa Guitler of Abilene is in town for a few days.

Couple Marry W. R. Dawes Jr., To Represent Mrs. Little Has Triangle Group

In Colorado City In WFAA Radio Audition Tuesday

W. R. Dawes Jr., will represent Big Spring in the National Radio Audition to be held over station WFAA at Dallas, Texas, on Saturday, October 11 at 10:15 o'clock.

One gala night for Northern Texas music lovers is scheduled for October by Station WFAA, of Dallas. On Saturday evening, October 11 at 10:15 p. m., the voices of Northern Texas participants in the National Radio audition will be broadcast to a state-wide audience.

Mrs. Robert B. Wylie, state audition chairman said today, in naming the participants. Because of the distance to be covered in going to and from state auditions, as well as because of the number of ambitious young singers in the state, Texas was divided into three "states" for National Radio Audition purposes. Northern Southeastern and Southwestern. Contestants from Northern Texas, who have won in local auditions, will be put on the air in this audition.

Abilene will be represented by Joyce Handy, lyric soprano, and Charles Wells, tenor. The young man and young woman scoring highest honors will represent this division of the state at the district audition which is also to be held in Dallas next month.

Listeners to Assist in Selection Listeners from Northern Texas, will assist in the selection of the winners, since votes of the radio audience and the opinions of a jury of musical authorities will be combined in reaching the final decision. All the contestants are between 18 and 25 years of age and have never been heard professionally as singers.

Mrs. Wylie is enthusiastic about this year's group of singers. Assisted by Robert S. Pool, director of Radio Station WFAA, as audition manager, Mrs. Wylie has completely organized the state during the past few months. Everything possible has been done to encourage young vocalists to seize the opportunity offered to share in the awards of \$25,000 in cash and ten music scholarships which will go to the ten young singers who are chosen to compete in the National audition finals, in New York. This year the response to the invitation to enter the competition has resulted in thirty per cent more auditions in towns and cities of the United States than during the three previous years.

They'll Be Feted in Dallas During the stay of the local audition winners in Dallas, the young people will receive many courtesies arranged for them by Mrs. Wylie and Mr. Pool. Those who have so far qualified to compete include: Vernon—Mills Arlean Eggleston, lyric soprano, Vernon.

Denison—Kathryn Ford, soprano, Denison, and Paul Waples Ashburn Jr., tenor, Denison.

Greenville—Ruth McSpadden, lyric soprano, Greenville, and Frank William McMathan, tenor, Greenville.

Hillsboro—Cressie McCoy, soprano, Hillsboro, and James Albert Jeffers, tenor, Waco.

Cleburne—Willy Del Goldsmith, soprano, Cleburne, and Lowry Walker, bass, Cleburne.

Bowie—Lucille Anderson, contralto, Bowie, and William Sauber Golden, Bowie.

Amarillo—Mrs. Y. W. Rogers, contralto, Lubbock, and John Robert Pool, tenor, Amarillo.

Big Spring—W. R. Dawes Jr., baritone, Big Spring.

Cisco—Dorothy McDonald, soprano, Cisco, and Joseph J. Carrothers, tenor, Cisco.

Denton—Charles H. Cornwell, baritone, Denton.

Fort Worth—Irish Mazelle Warren, coloratura soprano, Fort Worth and Joseph Vance, baritone, Fort Worth.

Gainesville—Elizabeth Brooks, Gainesville.

Waco—Mary Bertha Wood, contralto, Waco, and Leon Nell Sparks, baritone, Waco.

Mrs. Beckett Re-Elected President Of Associational W. M. U. At Midland Meet

Large Crowd of District Members Attend Session Yesterday; Big Spring Baptists Send Largest Group

Mrs. K. S. Beckett was re-elected president of the Big Spring Associational W. M. U. of the Baptist church at the annual meeting in Midland yesterday afternoon.

Burgess Bedtime Stories

THE BATTLE OF THE BEECHNUTS

By Thornton W. Burgess
The armed, rejoicing in their might,
Are always looking for a fight.
—Mother West Wind.

A great hush had fallen over the Green Forest, in the neighborhood of the beech trees. Gone was the voice of Chatterer the Red Squirrel. No longer did Happy Jack the Gray Squirrel bark. Even the tongue of Sammy Jay was quiet. Sammy was there, so was Blacky the Crow. Both were leaning forward eagerly watching the scene below. Lightfoot the Deer was standing on the edge of a little opening among the trees. He was a picture of rage. One dainty forefoot pawed the ground. The hair along the back of his neck, on his shoulders and along his back was raised. On the other side of the little clearing a strange Deer, as big as Lightfoot, and as handsome as Lightfoot, and apparently as angry as Lightfoot, was also pawing the ground.

Where this strange Deer had come from no one knew. Probably he had come down from the Great Mountain. No one had seen him before. He was perhaps a little younger than Lightfoot, but every bit as fine looking. All of the little people looking on agreed to this. Standing half hidden in the midst of some small hemlock trees was beautiful Mrs. Lightfoot. She, too, must have thought the stranger very handsome. Certainly there was admiration in the shy glances which she gave him. To see her you never would have guessed that she was the cause of all this anger. She acted for all the world as if she wondered why these two should be threatening to fight.

Suddenly, as if by agreement, both plunged forward. As they came together they rose on their hind feet and struck with their forefeet. They struck hard. You know those forefeet are armed with sharp-edged little hoofs. Then they dropped to their feet and head to head, their antlers rattling together, began pushing with all their might. Each was trying to push the other backward and upset him. They pushed and pushed, snorting angrily. After a while they separated and backed away, only to come together again as before. Buster Bear came shuffling up. They paid no attention to him. They were too much wrapped up in their own quarrel to think of anything else. Buster sat down at one side to watch the fight.

Rearing up and striking with those sharp hooved forefeet, coming together head to head and pushing with all their strength, Lightfoot and the strange Deer continued the great fight. Now and then one would try to get back of the other, but never succeeded. The ground was torn up. Once Lightfoot slipped to his knees and it looked as if he might be overthrown. A moment later he was up again, however. The same thing happened to the stranger. Neither could get an advantage. They were very evenly matched.

"Oh, I do hope Lightfoot will win," whispered little Mrs. Impy. "So do I," replied Immy.

Sammy was there, so was Blacky the Crow

This was the wish of all the other little people, too. You see, they had known Lightfoot for so long that he seemed to belong there; and they knew that whoever should lose this battle would have to leave the Green Forest. So all those little people in feathers and fur looking on hoped and hoped that Lightfoot would win. As for pretty Mrs. Lightfoot, probably she hoped so, too, though it was clear that she admired the stranger very much. If the latter should win she would be quite willing to bestow her favors upon him. If he should lose, she probably wouldn't be sorry. Now, wasn't that a queer state of affairs?

(Copyright 1930 by T. W. Burgess)

The next story: "The Battle That Didn't End."

According to a United States Department of Agriculture expert feeding worms on a diet of moss and milk increases their value as fish bait by turning them a delicate pink.

Tells Men Over 50 What They Should Weigh

A famous British Physician — a Specialist in Obesity — gives these a stih normal weight for men over 50:

5 Ft. 5 Inches	149 Pounds
5 Ft. 6 "	153 "
5 Ft. 7 "	157 "
5 Ft. 8 "	162 "
5 Ft. 9 "	167 "
5 Ft. 10 "	172 "
5 Ft. 11 "	178 "
6 Ft. 0 "	184 "
6 Ft. 1 "	191 "
6 Ft. 2 "	198 "

Weights include ordinary indoor clothing—Get on the scales and see if you are overweight and how much.
The modern way to take off fat is known as the Kruschen Method—and is well worth a four weeks trial.
Cut out pies, cakes, pastry and ice cream for 4 weeks, go light on potatoes, butter, cheese, cream and sugar — eat moderately of lean meat, chicken, fish, salads, green vegetables and fruit—take one half teaspoon of Kruschen Salts in a glass of hot water every morning before breakfast—don't miss a morning.
An 8 cent bottle of Kruschen lasts 4 weeks—Get it at Collins Bros. Drugs, Cunningham and Phillips, or any drug store in the World.—adv.

Earnshaw

(CONTINUED FROM PAGE 3)
at bat and handled 28 chances without a slip up in six games, making a number of sensational plays on ground balls.
Sunny Jim Bottomley, Cardinal first sacker, was the biggest disappointment for the Cardinals at bat, striking out nine times as he fell only one short of the record of ten made by George Kelly of the Giants in 1921. Bottomley probably has played his last game in a St. Louis uniform, the general expectation being that he will be traded before another season rolls around.

Topperweins

(CONTINUED FROM PAGE 3)
Topperwein had straight runs of 14,540; 13,597; 13,292 and 10,383. It isn't likely this record will ever be beaten. It is a tremendous strain to undergo such a performance. From the standpoint of endurance and the number of targets shot at and

broken this feat stands as the world's greatest shooting performance.

Mrs. Topperwein has also demonstrated uncanny skill in this searching test of marksmanship and endurance. She once shot at 2000 of these 2 1/4 inch wooden blocks and hit 1995 with a .22 caliber Winchester. She ran 1437 straight hits.
With the pistol Mrs. Topperwein has scored 75 straight bullseyes at 25 yards on the regulation military target.
The Topperwein bag of tricks holds many a thrill for everyone. Just what features will be included depend on the circumstances of each exhibit but there is no lack of tense interest any time either Mr. or Mrs. Topperwein raises rifle, shotgun or revolver.
The exhibition is free to all and the general public is cordially invited.

SEDAN STOLEN

A Dodge sedan belonging to John Big Spring Amusement company, 1601 Runnels street, was filed suit in district court stolen from his garage Wednesday against P. Zapandes. It is alleged night. The license numbers are 650-650.

SUE FOR RENT

Mrs. Dan Freed of San Antonio is a guest of friends in Big Spring Tuesday.

A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Coughs from colds may lead to serious trouble. You can stop them now with Creomulsion, an emulsified crocote that is pleasant to take. Creomulsion is a medical discovery with two-fold action; it soothes and heals the inflamed membranes and inhibits germ growth.
Of all known drugs crocote is recognized by high medical authorities as one of the greatest healing agencies for coughs from colds and bronchial irritations. Creomulsion contains, in addition to crocote, other healing elements which soothe and heal the inflamed membranes and stop the irritation, while the crocote goes on to the stomach, is absorbed into the blood, attacks the seat of the trouble and checks the growth of the germs.
Creomulsion is guaranteed satisfactory in the treatment of coughs from colds, bronchitis and minor forms of bronchial irritations, and is excellent for building up the system after colds or flu. Money refunded if not relieved after taking according to directions. Ask your druggist. (adv.)

CREOMULSION FOR THE COUGH FROM COLDS THAT HANG ON

"I ADMIRE"

Says
GEN. OTTO H. FALK
One of America's Leading Industrialists.
President, Allis Chalmers Mfg. Company

Vice-President, and Director, The Falk Corp. (manufacturers of steel castings, etc.); Director: First Wisconsin National Bank, First Wisconsin Trust Company, Wisconsin Telephone Company, Milwaukee Mechanics Insurance Company, National Enameling and Stamping Company, Granite City Steel Co., the Falk Investment Company.

President, Public Safety Commission of Milwaukee; Regent of Marquette University; Director, Merchants and Manufacturers Assn. of Milwaukee.

"The days are gone when a manufacturer can achieve national acceptance for his product merely through a vast advertising expenditure. Today's intense competition demands that a product be identified with a quality distinctly its own. And so I, as a fellow manufacturer, admire your enterprising use of the Ultra Violet Ray in the 'Toasting' of the LUCKY STRIKE tobacco."

Otto H. Falk

LUCKY STRIKE—the finest cigarette you ever smoked, made of the finest tobaccos—the Cream of the Crop—THEN—"IT'S TOASTED." Everyone knows that heat purifies and so TOASTING removes harmful irritants that cause throat irritation and coughing. No wonder 20,679 physicians have stated LUCKIES to be less irritating! Everyone knows that sunshine mellows—that's why TOASTING includes the use of the Ultra Violet Ray.

"It's toasted"

Your Throat Protection—against Irritation—against cough

Consistent with its policy of laying the facts before the public, The American Tobacco Company has invited General Falk to review the reports of the distinguished men who have witnessed LUCKY STRIKE'S famous Toasting Process. The statement of General Falk appears on this page.

LOMAX

LOMAX, Oct. 9.—Mr. and Mrs. Maurice Connell and son, Maurice Whitney of Stanton, visited Mr. and Mrs. T. J. McWayne Sunday.

A few young folk of the community met at the home of Mr. and Mrs. B. L. Martin Saturday evening and enjoyed a game of "42."

The Women's Home Demonstration club met with Mrs. A. J. Stallings in the Lomax community with six members present. A discussion of wardrobe reports was held. Mrs. Louella Allgood, the home demonstration agent, was not in attendance this meeting. Refreshments of salad, sandwiches, olive, spice cake and hot chocolate were served to Mesdames J. P. Riddle, I. E. Lomax, Mack Stallings, W. J. Williams, A. J. Williams and Misses Eerie Dell Williams and Mintz Riddle.

The club will meet next with Mrs. J. P. Riddle.

Miss Arah Phillips visited in the Lomax home Sunday.

J. S. Thomas was a business visitor in Midland Monday.

T. F. Hill has been visiting in Oklahoma the past week.

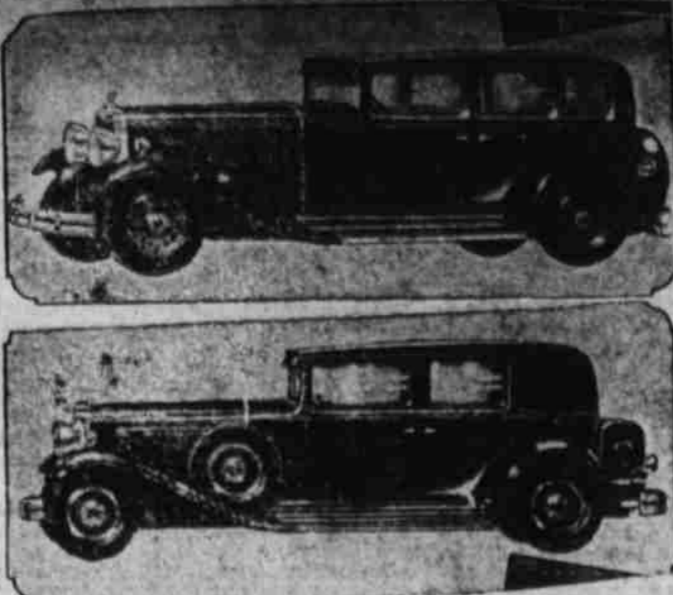

J. S. Thompson and little daughter, Margaret, were visitors in Anson Thursday. Mr. Thompson took his daughter there for medical treatment.

B. C. Cook and sons, Pete and Coy, were visitors in Big Spring Tuesday.

C. M. Wood and family were dinner guests of Mr. and Mrs. J. P. Riddle Sunday.

Mrs. W. R. Smith of Big Spring

(COOKING SCHOOL NOTE)

In the cooking school conducted under the auspices of the Herald recently, Mrs. Leona Rusk Ihrig stressed modern methods of cooking. Naturally, then, she uses and recommends Crisco, the modern shortening.

Date Sticks good for youngsters

(Mixing time: 10 minutes)

One mother I know realizes that her children need sweets. So she provides home-made confections like these Date Sticks. Made after this tested Crisco recipe, they satisfy the craving for sweets in a wholesome way. As nearly as possible all of the fuss and bother have been kitchen-tested out of Crisco recipes and a satisfaction added—the satisfaction of using a modern shortening which lends its own fresh flavor to the foods made with it.

1/2 cup Crisco
1/2 cup sugar
1/2 cup sour milk or buttermilk
1/2 teaspoon soda

8 cups flour
1 teaspoon salt
1 teaspoon baking powder
1 cup chopped nut meats
1 cup cut dates
powdered sugar

Mix Crisco and sugar well. Add sour milk which has been mixed with soda. Then add flour which has been sifted with salt and baking powder, and fold in nuts and dates. Pour into shallow greased pan and bake 20 minutes in moderate oven. Cut into narrow slices while still warm and roll in powdered sugar. These cookies will take the place of less wholesome sweets for the children.

Fluffy? Yes, Crisco is now so fluffy you don't have to cream it.
