## Around Muleshoe

The Muleshoe FFA Chapter in cooperation with Farm Bureau will sponsor a short course on Pesticide Handling on Tuesday, April 19. The course will begin at 8 p.m. in the High School Ag Department and will cover such items as pesticide handling, poisoning and general information regarding various pesticide usages.

The Future Homemakers of America in Muleshoe are having a consignment bake sale which will run from April 13 to April 22. The FHA is trying to raise enough funds to attend the FHA/HERO State Meetings in Dallas on April 20-23. Both pie and cake orders will be taken. For more information, call 272-3080 from 3:15 until 4:30 p.m. or 272-5128 from 5 until 7 p.m.

The Muleshoe FFA judging teams recently won second place in Dairy Judging in their division of the West Texas State University contests, as well as a fourth place in overall Livestock Judging. Team members names were not available.

Final sign ups for Little League will be held April 18 and 19th from 6:00 until 8:00 p.m. at the Federal Land Bank. Boys and girls between the ages of 6 and 12 are eligible to play and should bring their birth certificate to the sign up.

There will be an important meeting on Monday at 8 p.m. for the Muleshoe FFA Boosters in the Ag Building at High School. All members are urged to attend this meeting. Plans are now underway for the annual FFA Spring awards banquet set for May 10 this year.

## Eagle Scout Award Earned By Judd Wanner

As of Friday morning, Muleshoe has the first Eagle Scout award earned in Bailey County since 1971. Winner of this distinguished award is Judd Wanner, 15 year old son of Sue Madder of Muleshoe and Robert Wanner of Columbus, Ohio.

The Eagle Award is the highest award that a Boy Scout can receive, with only about one and one half percent of the total registered scouts ever earning it.

In order to finish out his qualifications for the Eagle award, Judd was required to take on a project, plan it, supervise and see it through. For his project, Wanner chose to paint the fire hydrants in Muleshoe

## Local Celebration Set For National Library Week

The Muleshoe Area Library will celebrate National Library Week April 17 thru 23rd. The theme this year is "Look To Your Library" it will be carried out in posters, bookmarks and

balloons for the children visiting the library.

Among the displays will be the outstanding art work from Sandy Chitwood's Hi-School art class.

To celebrate all week the library has declared an "amnesty" on over-due books. No Fines will be charged! Anyone having over-due books may bring them in and clear their record at the library.

Some Special events for the week will begin Tuesday morning when all senior citizens are invited to come visit, touf the library, have refreshments, and see the film "Sunshine is on the way." It will be shown in the newly remodeled room at the back of the library. For convenience parking is in the back and use the back entrance.

On Wednesday morning at 10:00 a.m. a storyhour for preschool age children will be held in the basement of the library. This will conclude the "Read to Me!" program, and the mother and child who have read the most books together will be honored. Everyone's list of books

read need to be turned in to the library by the 18th in order to be counted. A film, entitled "Winnie the Pooh, and The Blustery Day" will be shown to children on Wednesday and at the end, children may launch their balloons. Thursday, Friday and Saturday will feature the Big Book Sale to be held in the back room of the library. This sale is sponsored, as it has for many years by the Muleshoe Study Club, with proceeds going to Friends of Library for needed items for the library. Books will be priced low, and there will be all kind to choose from. Friday afternoon at 5:15 p.m. the Library Family of

## Malady Strikes De Shazo Elementary School

In a press conference Friday morning, Tom Jinks, Muleshoe school official expressed a desire to "set the records straight on the happening at the DeShazo Elementary School on Thursday."

Jinks went on to explain: "Sometime in the early part of the morning on Thursday, April 14, a number of students and a few adults were stricken with a stomach disorder, causing bowel trouble, vomiting and slightly elevated temperatures." About 12 students were absent from school on the preceding Wednesday; then, on Thursday, that number finally increased to a total of 111 students and ten adults. Twenty-three of that number were sent home on Thursday. Jinks stated that checks were being made to ascertain the causes of the illness that kept the students out of school.

A check was made of the school lunch room and of the menu served on the two days involved; however, Jinks insists that the illness is no reason to intimidate the ladies who work in the cafeteria. Cultures are now being run on the foods involved, so as to disprove this theory, and any results will be publicized immediately. Jinks further stated that none of the stricken adults ate in the lunch room and about half of the students ate elsewhere; therefore, he

felt relatively sure that the trouble did not lie within the school boundaries.

Dr. Bruce Purdy, M.D. is performing the cultures and will notify the school of the results.

A check with other schools in Muleshoe revealed that attendance and absentees were just about normal, and no sickness of any import noted. Jinks explained that lunches were kept at the rate of one each day for a week's period just in case of an incident such as this.

The general consensus is; however, that the malady is what is commonly referred to as the flu or a virus and will have run its course long before the test results are obtained.

## YES To Depend On Volunteer Workers

On Monday, April 18 at 1 p.m. Muleshoe's Youth Employment Services (YES) will open its doors for the first time. It is a non profit organization formed by many concerned citizens of Muleshoe who are interested in providing job opportunities for the youth of this community. The basic idea for this project is directly attributable to Keith Madole, a young man who is heavily involved in work with young people through his job.

Through Madole's dedication, the project though starting slow, has picked up momentum as it went and has now come full circle. A Board of Directors has been named for Y.E.S. of Muleshoe and includes Joan Lewis, Frank Ellis III,

Linda Guelker, Judy Bruns and Katherine Sanders. The purpose of this board is to oversee the daily operations of the Y.E.S. office, and make certain that volunteers are available to answer the phones.

The project office will be located in the rear of 118 West Avenue C and a program is being implemented to provide a centralized location for individuals, businesses and social organizations to call and place their work orders. According to Madole, "Any type job will be accepted, as long as the work site is safe and supervised." YES volunteer personnel will be helping to provide some of the necessary supervision.

Within this program, Board Members and other interested workers hope to help bridge the gap for area youth in finding jobs for spending money and to help local people find workers for small odd jobs. Temporary jobs such as baby sitting, lawn mowing, etc. are some of the ideal situations.

Though not an old man himself, Madole has had sufficient opportunity to work with many youth and has found them to be excellent workers - being willing to learn and less expensive than their adult counterparts.

Madole believes that the youth jobs program benefits the community in a big way, since youth traditionally spend the money they earn at home.

The Board of Directors for YES are encouraging businesses and individuals

## Traditional Aggie 'Muster' Announced

Former Students of Texas A&M University will assemble in Clovis, N.M. April 21 for the annual Texas Aggie Muster, announced chairman Max Crittenden of Muleshoe.

The Muster activities will begin at 7:30 p.m. (Texas Time) at the Cannon Air Force Base in Clovis, N.M. according to the chairman.

Crittenden said the Muster is open to all former students and their families, parents of students and friends of Texas A&M.

"Second Century of Greatness." During the last 100 years, Texas A&M has grown from a small Land Grant college to one of the leading research and educational institutions in the nation, Crittenden reports.

The Aggie Muster dates back to the mid-1880's and has been held annually since. More than 500 Musters will be held around the world this year, Crittenden said, "wherever Texas A&M former students live or work."

# Law Enforcement Officers In City, County Busy

Police activity did not appear to slow down any during the days of inclement weather that hit Muleshoe last week. City officers stayed just as busy and in some cases busier than before. The Department of Public Safety and Sheriff's office also got in on some of the action before the week was done.

Late last week, city officers received a call from school officials at the Muleshoe Junior High School and a report that there was a junior high "student on campus with a gun in his possession." Officers immediately went to the location, found the student and recovered the gun and some ammunition. The student was released to the parent after agreeing to talk with a local juvenile officer. The gun was not loaded according to officers, but the student had possession of ammunition.

On April 4, the Muleshoe Motor Company reported the theft of four spoke type wheel covers from a vehicle parked on their lot. The value of the missing property was estimated at \$430. Also on the first couple of days in the month, two minor accidents were reported in the city.

On April 5, Muleshoe officers arrested Noe Medrano on a Texas Highway Patrol Warrant by the Lubbock DPS. Upon contact with the Judge in Lubbock County, Medrano paid a fine which was sent to the Lubbock judge. He was later released.

Roy Brooks backed from his driveway on April 5 and was involved in a minor collision with Lois Atwood in the 700 block of Ithaca in Muleshoe. No estimates of damages were given. Also on the fifth, an auto driven by Roy Clark was involved in a collision with a parked vehicle belonging

to John Ziegenfuss. No estimates were available on this accident.

Two men were arrested by local officers on April 6 for violation of city ordinances; however, after being brought before the judge, no charges were filed and the two men were released.

Sherlynn Moton of Clovis was arrested by Muleshoe Officers on April 8 on a charge of driving while intoxicated. She was stopped after officers observed her driving erratically. She became unsteady and belligerent when asked to get out of the vehicle. Moton was taken to the Bailey County jail and booked.

On April 9, a minor accident involving two automobiles occurred at the crossroads intersection.

Local officers arrested Hal Barclay on a driving while intoxicated charge on April 9, after he was observed weaving back and forth in traffic and in front of a police unit. Officers following him stopped him and he was taken to the Bailey County jail for booking.

Jose Edward Siera was arrested on April 11 on a public intoxication charge after police were called by residents indicating that there was a "man trying to get in" their house at 513 E. 3rd. Siera was taken to the County jail where he was booked pending bond.

Arrested on April 8 was Daniel Ybarra Torres on charges of driving while intoxicated. Officers had received reports of an auto traveling at a high rate of speed, coming towards Muleshoe, but only on three wheels. The Torres vehicle had one tire worn down to the brake drum. He was booked pending bond. Also on April 10, Gilbert Quesada was arrested on an outstanding

warrant for assault by officers in Hidalgo County. He is being held there for local authorities.

The Bailey County Sheriff's department booked into the county jail on April 3, Reymundo Suarez on a criminal mischief charge. His bond was set at \$2000. On April 8, Sherrie Chavez was arrested on charges of driving while intoxicated. Her bond was set at \$500.

Texas Department of Public Safety officers the past week have stayed pretty busy. On April 10 the DPS arrested Jose Ysidro Torres on felony DWI charges and the bond was set at \$500.00. Alberto Mendoza was arrested on April 9 on a charge of driving with license suspended. His bond was set at \$500 also. On April 10, the DPS in Muleshoe arrested Gilbert Gomez on charges of public intoxication. His bond was set at \$106.

Roman Perez was arrested on April 8 by DPS officers on charges of DWI. He was later released to the Border Patrol. On April 9, the DPS arrested Howard Leroy Sandefer on a charge of driving while intoxicated. He was released on a personal recognizance bond. Also arrested on April 9 was Gilbert Recio, who was also released on a personal cognizance bond.

DPS officers arrested Guadalupe Martinez on a charge of public intoxication on April 9. He was released on a personal recognizance bond. Also arrested on April 9 was Gilbert Recio, who was also released on a personal cognizance bond.

## NEWS NOTES

**FRESH STOCK**  
VIENNA, AUSTRIA -- The government announced plans recently to double the number of brood mares at the stud farm for the famed Lippizaner dancing stallions after a herpes virus killed some of the prized animals. Healthy horses were evacuated in an effort to save them from the deadly disease.

**BIGAMIST SENTENCED**  
PHOENIX, ARIZ. -- A convicted bigamist who testified he married 105 women in a wedding march that became a stampede over the years was sentenced to the maximum 34 years in prison and fined \$336,000.

**BABY BOY BORN**  
SAN FRANCISCO -- A healthy 3-pound boy was born two months after the mother was legally dead, doctors at the University of California hospital said recently. The baby was nine weeks premature and suffered from a minor respiratory problem and has excellent chances of survival, said Dr. Robert Creasy, professor of obstetrics.

LUBBOCK, Friday, April 8, 1983

Three more speakers have been added to the program for the 26th annual meeting of Lubbock-based Plains Cotton Growers, Inc., to be held at 1:00 p.m. April 22 in the Banquet Hall of Lubbock's Memorial Civic Center.

Nineteenth District Congressman Kent Hance of Lubbock, announced last week as the principal speaker; will be joined on the podium by State Senator John Montford; Ed Breihan, immediate past president of the National Cotton Council and current general manager of Plains Cooperative Oil Mill, Lubbock, and Nick Hahn, Executive Vice President of Cotton Incorporated.

Each of the speakers, according to PCG President Tommy Fondren, has been asked to present the view from his particular area of expertise on the meeting's general theme, "Research, Promotion and Politics that Determine Cotton's Destiny."

Hance is a member of the powerful House Ways and Means Committee, Fondren notes, a position from which he is able to have more than a little influence on Federal legislation and on administrative decisions affecting PCG producer and allied industry members."

Senator Montford, as a member of the State Committee on Natural Resources and Vice Chairman of the Subcommittee on Water, is expected to review and assess his own and other efforts to develop and implement a Texas water plan. Montford is also a member of the State Education Committee and the Committee on Jurisprudence.

"Breihan's long years of prominence in agricultural matters and especially his service to the industry as 1982 President of the multi-segment National Cotton Council," Fondren continues, "uniquely qualifies him to provide an overview of industrywide efforts to maintain a healthy climate for cotton on all fronts."

The final speaker, Hahn, heads up the nationwide producers' research and marketing company, Cotton Incorporated, into which producers put by far the biggest portion of their annual investment in research and market development. And, Fondren says, "that fact should make every producer want to hear his outline of CI achievements and plans for future activities."

The PCG program also includes the annual President's and Executive Vice President's reports to the membership, highlighting PCG's contribution to research, promotion and services aimed at promoting and protecting the specific interests of producers in the organization's 25 High Plains counties.

Concluding the day's activities for PCG will be a meeting of the 50-man Board of Directors at which 1983-84 officers will be elected. Current officers, in addition to Fondren, Vice President Gerald Caswell of Brownfield, Bennie Claunch of Bula, Secretary-Treasurer, and Gary Ivey of Ralls, Chairman of the Board. All are eligible for re-election.

**OIL SPILL**  
ABU DHABI, UNITED ARAB EMIRATES -- European oil spill experts arrived in the Persian Gulf nations recently to join thousands of workers already fighting a massive oil slick nearing the shoreline of Bahrain.

**ON PAIN DRUG**  
NEW BRUNSWICK, N.J. -- Five people have died from allergic reactions to the prescription pain-reliever ZOMAX, and the manufacturer said it was temporarily pulling the drug from the market.

# 'Teen Contest Now Underway

'TEEN Magazine recently announced its 1983 Great Model Search. It is a contest open to girls 12-18 who want the chance to establish a career in modeling.

The Great Model Search is divided into six geographical regional areas across the United States and Canada. A total of 128 girls from this region (16 monthly from February through September) will be selected as semifinalists and featured in 'TEEN. Each will receive a fabulous assortment of beauty products from The Gillette Company, co-sponsor of the contest.

After the judges (independent experts in the modeling and beauty fields) narrow down the field of entrants in October, two finalists from each region (12 total) will be invited to Los Angeles, all-expenses paid, for several days of photo-testing, makeovers, press parties, sightseeing and the Great Model Search Pageant. They'll all be featured in 'TEEN and win a host of prizes. The winner, 'TEEN's 1983 Model Discovery of the Year, will be a 'TEEN cover girl and win a year's modeling contract with The Gillette Company and a brand new Mazda GLC Sport.

# Advance Summer Registration Open At Amarillo College

Advance summer registration for Summer I & II is now open at Amarillo College through April 22. Currently enrolled students, day and evening should report to the Registrar's Office on the Washington Street Campus for registration forms. Allied Health, ADN Nursing, and Industrial Education students should report to the Business Office on the West Campus, 6222 West 9th.

Students not currently enrolled should report to the Registrar's Office on the Washington Street Campus for admission clearance between the hours of 8:00 a.m. - 6:00 p.m. Monday through Thursday and 8:00 a.m. - 3:00 p.m. on Friday. If all fees and tuition are paid by May 26th no further registration is necessary. First day of class for Summer I is June 1. The second summer term starts July 7. Amarillo College Access

Department is offering a new summer program for May graduates of area high schools who are planning to attend college this fall. Students will be able to enroll for five hours elective credit in courses designed to assist them in pursuing a successful college career. Students do not have to attend Amarillo College in the fall to enroll in these courses.

Research data indicates that of the 1982 graduates attending Amarillo College who were reading between 9th and 12th grade level, 48% were placed on probation after the first semester. This program is to help bridge the gap between high school and college so students have a better chance to succeed with their college education. For additional information contact the Access Department at Amarillo College, 376-5111, extension 2446.

**Land Productivity Valuation**

MAY BRING YOU TAX RELIEF ON YOUR PROPERTY TAXES

Under the Texas Property Tax Code, farmers and ranchers who qualify may have their agricultural land taxed on the basis of productivity rather than market value. Productivity valuation may lower the 1983 taxes on your agricultural or open-space land.

There are two types of productivity valuation. Qualifications for open-space (1-d-1) valuation is determined by the land's usage. Agricultural (1-d) valuation qualification is determined by usage and proof that agriculture is the owner's primary occupation and source of income.

To receive either type of valuation this year, you must make application to the appraisal district office in this county by May 2, 1983. If you qualified for open-space (1-d-1) valuation in 1982, you will not need to reapply unless the usage or ownership of the land changes. Annual applications are required, however, for agricultural (1-d) valuation.

# An open letter from Jerry Falwell on the nuclear freeze

**Fellow Americans:**

War in any form is abominable. We all know that. But there is something at least as abominable, and that is life without liberty—life without the freedom to write and speak and pray.

I don't want the American people, especially our children, to be cremated in a nuclear explosion.

What I do want for them is to have the chance to love life and truth and God.

Our national task and challenge, therefore, is both to prevent a nuclear war and to insure peace with freedom.

I for one refuse to sit back and wait for the Soviets to enslave us or to destroy us in a rain of nuclear warheads.

And that is why I'm writing you this letter today. I feel that I must speak out on our alarming national defense situation.

This message is for every American who wants to make sure our country has the military strength to prevent war and keep us free.

We cannot afford to be number two in defense! But, sadly enough, that's where we are today. Number two.

And fading!  
So, I urge you to cast your ballot today for Peace Through Strength and to preserve freedom.

I promise you I will publish the results of this poll all over America. Here are the questions:

1. Are you willing to trust the survival of America to a nuclear freeze agreement with the Soviet Union, a nation which rejects on-site inspection of military facilities to insure compliance?  
Yes  No
2. Are you for stopping those U.S. strategic weapons programs aimed at restoring nuclear parity with the Soviet Union?  
Yes  No
3. Do you believe our NATO partners should be outnumbered in "theater" (intermediate range) nuclear weapons?  
Yes  No

There they are: three burning issues. Three straightforward, uncomplicated questions.

Here are three additional issues you might think about:

1. Is the Soviet regime likely to permit freedom of thought and religion under Uri Andropov, the former head of the KGB?
2. What would happen if Moscow and Peking patched up their quarrel?
3. What would be the effect on the nuclear balance if we cancelled the MX and the B-1 programs while the Soviets went ahead with their programs to build for two new ICBMs and two heavy bombers?

And, you might also ask yourself: what would happen if the President of the United States received a call on the "hotline" some day, and the Soviet President said: "Give up or be destroyed?"

If our President said no, it could mean that more than half our people would be incinerated in a nuclear attack. If he said yes, the United States would no longer be the land of the free and home of the brave.

But right now—at this very moment—it is not too late to rebuild our defenses. What is needed is a loud and clear call from the American people.

Now, I can predict what will happen when this letter goes out. The "anti's" and the "ultra's" will start screaming: "There goes that warmonger again. He won't be satisfied until we have a nuclear showdown."

I've endured that kind of abuse before. And I will now.

It is incredible, but those of us who believe in peace with freedom, who believe that peace can best be insured through strength—which means moral as well as military strength—have to

put up with this kind of abuse. So be it. Let's review the basic points: war in any form is abominable.

The lesson of history is that weak nations cannot "buy" peace with treaties. "Deals" with tyrants don't work.

There is only one sure formula for peace with freedom and that is through strength.

Therefore, unless the leaders of this country have military strength at least equal to that available to the Kremlin tyrants, we can in time expect either an attack or nuclear blackmail.

Do we have such strength? These are the facts:

1. The Soviets have almost a two-to-one advantage in nuclear weapons. And type for type, theirs are bigger than ours and newer.
2. The Soviets are building new strategic bombers and submarines, and testing new missiles. All we have in production is the new Trident submarine.
3. The Soviets have a nationwide civil defense program to protect their people, a massive bomber defense network, and anti-ballistic missiles to protect Moscow. We have no civil defense program to protect the American people, a tiny air-defense network, and no missile defense at all.
4. In conventional weapons, the Soviets have four times as many tanks and artillery pieces and over twice as many men in uniform ready for war.

While the Soviets have been building up during the last decade, we have:

1. Cut our Navy in half.
2. Cancelled the production of Minuteman missiles.

3. Delayed the Trident program.
4. Cancelled the original B-1 program.
5. Spent years debating the best way to protect MX Missiles, while building none.

So, if you fear for the safety of your children and your friends, cast your ballot today for Peace Through Strength.

All of us must rally at this critical time and make our voice heard.

We have a President who wants to build up our military strength. But he is catching it from all sides. The "freeze-niks," "ultra libs," and "unilateral disarmers" are after him.

He and the loyal members of Congress need to know that you are with them.

Do send in your ballot right away. This letter is being printed in major newspapers and mailed to millions of Americans.

We will tabulate your ballot and thousands of others and send the results to President Reagan and the Members of Congress.

It is time for patriotic, God-fearing Americans to speak up and let the nation's leaders know where you stand on the critical issues of national defense.

No matter how you look at it, the peace of the future is going to be decided by strength. Is it going to be American strength or Soviet strength?

Vote now for Peace Through Strength. I promise you, your voice will be heard.

Sincerely,

Reverend Jerry Falwell

## Creative Woman

By Sheryl Borden

Topics to be presented on "The Creative Woman" show on April 19 and 23 include a discussion of junk food, fashion versus function and how to make homemade pasta.

Kathy Miles, Consulting Dietician for Casa Maria Nursing Home in Roswell, will define "junk foods" and discuss their role in the diet of any individual. She'll be showing and telling about a cookbook that is especially good for mothers with small children.

Elizabeth Chapman, co-owner of Mountains and Rivers Sporting Goods in Albuquerque will discuss the difference between fashion and function. She'll share some shopping tips for choosing garments of high quality.

Italian foods are very popular today, and you don't need a pasta machine to prepare noodles. According to Jan Newquist, Home Economist and Dietician with the Associated Milk Producers, Inc. in Albuquerque, homemade pasta is much better than the commercial variety. Mrs. Newquist will demonstrate making homemade pasta.

On April 21, the topics will include easy-lined patch pockets, renaissance fashions and more information on dehydrating foods.

Ann Silva, owner of Ann Silva's Bernina Sewing Center in Albuquerque will show a very professional and easy method for lining patch pockets and she also

has some clever tips for topstitching and for attaching the pocket to the jacket or shirt.

Fashions from the Renaissance period will be modeled by area women and narrated by Jacqueline Davis, co-owner of The Blue Room in Clovis. Interesting fashion and clothing highlights will be presented by Mrs. Davis during this collection of period fashions preview.

Dehydration of vegetables will be demonstrated by Connie Moyers. She'll talk about the advantages of drying vegetables compared to canning or freezing them. She'll also discuss selection, preparation and pre-treatment of vegetables that are to be dehydrated. Mrs. Moyers is Marketing Representative with Southwestern Public Service Co. in Clovis.

"The Creative Woman" is produced and hosted by Sheryl Borden for KENW-TV. The show airs at 12:30 p.m. on Tuesdays and Thursdays and at 2:00 p.m. on Saturdays. Viewers can request copies of printed materials offered on the show by calling on KENW-TV's toll-free telephone lines. The numbers are: New Mexico: 1-800-432-2361, out-of-state: 1-800-545-2359 and Portales: 562-2112.

## Sue Etta Rushing Artist Of Month For Library

Artist of the Month at the Muleshoe Public Library is Sue Etta Rushing of Bovina.

She said, "I started painting twelve and a half years ago. My first teacher was Billie Long of Friona. This was followed by studying with Ben Konis.

"These lessons were followed by a week with Lena Burke of Clovis and Jim Hall of Ruidoso and Luphelia Middlebrooks of Arkansas.

"I like all types of art and media, but prefer oil on canvas and landscapes, because I'm such a nature lover," she concluded.

## Muleshoe Young Homemakers Meeting Held

April 12 the Muleshoe Young Homemakers met for their monthly meeting. Virginia Bowers presented a program on "Getting Ready for School." She discussed fundamental things parents can teach their children to help prepare them for kindergarten, such as colors, directions, and parts of their body.

The club was enlightened about the activities in the day of a kindergarten student and members participated in several of them. Ms. Bowers was presented a gift of appreciation from the club.

Before the business meeting refreshments of banana split pie and iced tea were served by Jaton Black and Linda Turner.

Debbie Cloud will assist with story hour April 20 at the library. The couples party has been moved to April 21 at 7 p.m. at the old gym. Cindy Magby will demonstrate flower arranging April 26 for craft night.

Linda Cogliandro, Terry Marricle, Terry Byers and Pam Zwickey volunteered to serve as the nominating committee for the 1983-84 officers election next month.

It was decided to travel to K-Bob's in Clovis, N.M. for ladies night out, May 24. Guests for the meeting were Dalores Scott and Wanda Wiley, who won the door prize.

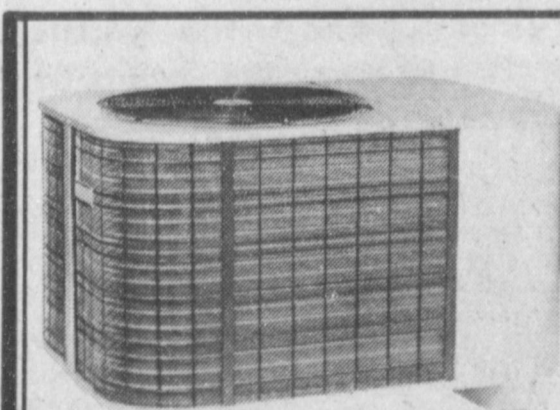

GOLDEN WEDDING ANNIVERSARY--Mr. and Mrs. Booger Wilson will be celebrating their Golden Wedding Anniversary on Friday, April 22. However, due to ill health, no reception has been planned. Their children, Peggy, Wyvonne and Barry, have asked their friends to help celebrate the anniversary with a card, mailed to the Wilsons at 217 Date, Muleshoe.

### Pleasant Valley Social Club Hosts Meet

Lillie Wuerflein hosted the April meeting of the Pleasant Valley Social Club in her home on Tuesday, with President Hattie Bickel presiding.

Plans were discussed for completing a quilt, and for collecting monthly dues.

To add to the meeting, members brought items to display, including flowers, quilts, animals and other items. "Many talented ladies live in Pleasant Valley," said a spokeswoman.

Attending the meeting were Lillie Wuerflein, Hattie Bickel, Ruth Holt, Sue O'Hair, Sena Stevens, Pauline Green, Betty Wuerflein and a new member, Pam Acklin.

The May meeting is scheduled to be held at the Pleasant Valley Community Center.

CHECK PRESENTATION—Bettie Moore (on left) presents a 75 dollar check to Clara Lou Jones, president elect of the Nursing Home and Hospital Auxiliary, to be used for the nursing home. Looking on is Alice Phillips. Both Mrs. Moore and Mrs. Phillips are members of WOTS (Women of Talk Station). The group raised this money by having a garage sale.

## Mothers Benefit From CARE

Mothers around the world will benefit from CARE's 19th annual Mother's Day appeal. Each contribution to this campaign will be acknowledged with a special Mother's Day gift card to the donor's mother or other women they choose to honor.

A favorite with college students, family members, husbands and friends, the card offers a unique way of commemorating the day set aside for recognizing

mothers. This year's gift card features a painting titled "Mother and Child" by the noted American Impressionist artist, Mary Cassatt. The painting depicts the unique bond that exists between mother and child.

According to Dr. Philip Johnston, CARE's Executive Director, "For a minimum contribution of \$5, CARE will send your mother, or any other woman dear to you, a beautiful Mother's Day card explaining how mothers throughout the world are helped in her name. Since 1964, CARE's Mother's Day appeal has supported women's programs ranging from feeding and health services to vocational training." He added that last year CARE provided \$8.83 worth of aid for every dollar contributed in cash. This means that a \$5 contribution to CARE is worth more than 40 American dollars overseas.

Among the millions of mothers overseas who are better able to care for their families in 37 countries as a result of CARE's programs are Sahara Begum of Bangladesh; M'apoloko Tlali of Lesotho, Africa; and Enma Maldonado of Ecuador.

The first, Sahara Begum, lives with her husband and two young children in the village of Dulla Begum in central Bangladesh, and for the past year has participated in CARE's Women's Development Program. She is learning about better family nutrition, health, and income-generating activities such as vegetable gardening and poultry raising. Thanks to CARE's village-based immunization program, the largest in the country, Sahara and her family are protected against

tuberculosis, diphtheria and other communicable diseases existent throughout Bangladesh.

For M'apoloko Tlali of Lesotho, it has been a struggle being the main provider for a family of four children and a husband crippled in a mining accident. M'apoloko spins mohair into high-quality yarn to provide her family with a cash income. She is one of more than 2,000 village women who have been trained through a project developed by CARE in 1978 to help people become more self-sufficient and to improve living standards. CARE supplies materials and technical assistance so that women who are members of a cooperative can build a workshop and training center for spinning activities.

Enma Maldonado of Sibicusi, Ecuador, is the mother of a family of three. She and her husband work as agricultural day laborers in the planting and harvesting seasons, earning about \$70 a month. But the life of her family and the village has changed since CARE's Rural Development Program helped the community install public faucets and washing stands. The pure water system is a tremendous improvement in their lives in terms of health and convenience. Enma Maldonado was heard to exclaim: "Now we can bathe our babies!"

Anyone who wishes to help continue this work, and also honor a mother, can do so by calling CARE's Mother's Day appeal at toll free 800-453-1600 or writing to: Mother's Day Gift Plan, CARE, 608 N. St. Paul, Rm. 706, Dallas, TX 75201.

## Help For Breathless People

Practice pursed-lip breathing! Learn how to cough! Exercise your muscles! Exercise your muscles!

These are just a few of hundreds of suggestions in "Help Yourself To Better Breathing," a new free booklet offered by the American Lung Association of Texas especially for persons with emphysema and chronic bronchitis.

Chock-full of excellent "how-to" hints, this large-size, 24-page booklet is illustrated by famous artist Roy Doty. There are first-person stories about how people have learned to cope with breathlessness. And specific directions on how to clear breathing passages of mucus.

Exercises for postural drainage and building stamina are illustrated.

Another section of this bright, helpful booklet identifies troublemakers, such as air pollution, extremes of weather, infections, and smoking and how to avoid them.

"Help Your Medicines Help You" describes various medicines and the importance of working closely with a physician. There are spaces within the booklet to write individual directions for taking each medicine.

Breathing aids, such as nebulizers, respirators, oxygen, humidifiers, and vaporizers are described. There is even a section on eating to feel better.

The "Keep Living Your Life" chapter can help people suffering from chronic bronchitis or emphysema lead full, enjoyable lives despite their illness.

The booklet is used by participants in the Lung TSTI Summer Registration Dates Set

Amarillo will hold pre-registration for the Summer Quarter from 8:30 a.m. to 4:30 p.m., May 9-12, at the Resource Center on the Amarillo campus. At this time you may register for full time day and night classes.

## Cancer Society Plans Educated Campaign

In Muleshoe, April 17-23, 1983, will be special days when the American Cancer Society volunteers will ring the doorbells of friends and neighbors as part of a month-long educational and fund-raising Cancer Crusade.

A special feature of the C-Days will be the distribution of a new ACS pamphlet "Check Your Health."

"This little red, white, and blue pamphlet might help save some lives here in Muleshoe," said a spokesman for local Cancer Society. "It offers a quiz on one's risk of developing cancer. The risk increases with age, and it depends on lifestyle and one's medical history," a spokesman for the Society said.

The folder contains different questions for men than for women, and also lists safeguards that anyone can observe to improve the chance of not getting cancer.

"C-Days also will provide an opportunity for people to contribute toward the support of the Society's overall cancer control program, which includes research, public and professional education and patient services and rehabilitation.

"This is an important year in cancer control because the Society has launched a massive study concerning the relation of lifestyles and the environment to cancer. Today we know that more than three million Americans are alive after experiencing cancer, thanks to early diagnosis and treatment. We want to continue the advances that are slowly but surely being made.

"We ask that everyone give generously to help support programs of cancer research, education, and services to cancer patients," concluded the

This public service message from the State Property Tax Board, local taxing authorities and this newspaper explains exemptions.

A homestead exemption is a reduction in the taxable value of your residence homestead. Various types of homestead exemptions are available in Texas and, if you qualify, they can reduce your total property tax bill. Read on for details.

### What Exemptions Are Available?

School districts offer a residence homestead exemption to all homeowners and additional exemptions to persons who are disabled or over 65.

Counties offer homestead exemptions on their farm-to-market or flood control tax rate, and may offer optional exemptions to the disabled and elderly.

Cities and other taxing districts may offer optional exemptions to the disabled and elderly.

All local taxing units offer an exemption for certain disabled veterans on one designated property. Additionally, many taxing units offer a local option, percentage homestead exemption to resident homeowners.

### How Do I Apply?

Applications for the disabled veterans' exemption must be filed annually with the county appraisal district office.

For other exemptions, if you received a residence homestead exemption on your present homestead in 1982, it will not be necessary for you to make a new application for 1983 in this appraisal district.

If you were 65 or disabled on January 1 and have not previously

filed for the over-65 or disability homestead exemption, you will need to make application this year.

Or, if you have never received a homestead exemption on your present home, an original application should be filed in 1983.

Applications should be made to the county appraisal district at the address shown below. Forms are available from the appraisal office.

### Is There a Deadline?

For 1983, applications should be filed on or before May 2. While late applications for exemptions may be accepted in certain instances, you can fully protect your rights by applying before the May 2 rendition deadline.

The State Property Tax Board has a pamphlet, *Taxpayers' Rights, Remedies, Responsibilities*, to help you understand your local property taxes. Get a free copy at the appraisal district office or contact the State Property Tax Board in Austin.

## HECE/DECA Present Outstanding Student Awards

The members of HECE and DECA combined forces and held an Employer-Employee Banquet Monday, April 10, 1983. The members brought their employees and treated them to a covered dish supper in the cafeteria. The theme was "Spring Into the Future" and students decorated the cafeteria with spring flowers, rainbows and colorful butterflies—a sight which everyone would like to see.

Cristal Taylor and Laura Leal provided dinner music and the entertainment with Cristal singing songs and Laura accompanying her at the piano. Martina Valdez and Beth Harmon led each club in their creeds and introduced the officers.

Abbye Kennedy welcomed special guests, and Robert Nowlin gave a big welcome to everyone.

David Pruitt and Kris Gibson presented the HECE and DECA teachers, Mrs. Linda Tanksley, and Mrs. Lola Pylant, with plaque inscribed with "Tanksley" and "Pylant." This was to show them their classes' appreciation for the help and patience which they have freely given to their students.

Afterwards Mrs. Tanksley and Mrs. Pylant enjoyed talking about their students and the accomplishments which they have made. Randall Stevens was honored with the DECA Club member award, while Jackie Holmes received the classroom award. Mrs. Lola Pylant also recognized those members who went

to Lubbock for Area Contest and those which qualified for State Competition.

Abbye Kennedy received the HERO member award and Tamara Gilliland received the classroom award. Marleea Cox was high-point Sr. for the year

and Maria Bynum was high-point Junior for the year. Mrs. Tanksley also explained about the HERO Area meeting and the state meeting.

The evening was a success for both the employers and the employees.

MARTINA VALDEZ

### Valdez Named AAUW Girl Of The Month

Miss Martina Valdez has been chosen Girl of the Month for April by the Muleshoe Branch of the American Association of University Women. Her parents are Mr. and Mrs. Bernardo Valdez.

Martina is a senior in Muleshoe High School. She is president of the Muleshoe High School DECA. She is a member of the National Honor Society. Martina placed second in the written event for General Merchandising at the Area 6 CDC Conference, representing Muleshoe High's Distributive Education Club.

Martina is a member of the Catholic Church, where she is active in the Catholic Youth Organization and is also a teacher substitute for kindergarten and first grade.

The members of AAUW congratulate Martina on her selection as Girl of the Month.

### FHA/HERO Members Head For State

FHA members Donna Horn and Holly Oakes have been selected to attend the State Meeting in Dallas. Abbye Kennedy, Scott Elard, and Tamara Gilliland from HERO were elected to attend the meeting, also. These students will be accompanied by their sponsors, Mrs. Linda Tanksley and Mrs. Sue Mader.

The students will leave from Amarillo on chartered buses Wednesday, April 20. They will arrive in Dallas that evening and stay at the Hyatt Regency. Thursday morning they will tour the Apparel Mart and World Trade Center. The members will attend meetings in the Convention Center Thursday evening and all day Friday. Saturday they will go to Six Flags and return home that night. This will be an educational as well as a fun trip for the FHA/HERO members and their sponsors.

KELLY BAYLESS FEATURE ARTIST

### Bayless, Artist Of Week Award

This weeks feature artist is Kelly Bayless, an 18 year old senior Art II student. This is Kelly's second year in Art and she really has enjoyed it. She took Art II because she wanted to do such things as oil paintings, etching, and clay. Her favorite art medium is oil painting and her only regret is that she wishes she had taken art all four years of high school!

Kelly commented, "Art helps to bring out things that a person feels. I enjoy oil painting because it is very creative." Painting and other forms of art work are her favorite past time, but she has other interests as well. The past two years

Kelly has been a Varsity Cheerleader and she is also involved in FTA and FCA. After graduation, she plans to take further art lessons. Congratulations to Kelly Bayless, this week's feature artist!

### FHA Plans Bake Sale

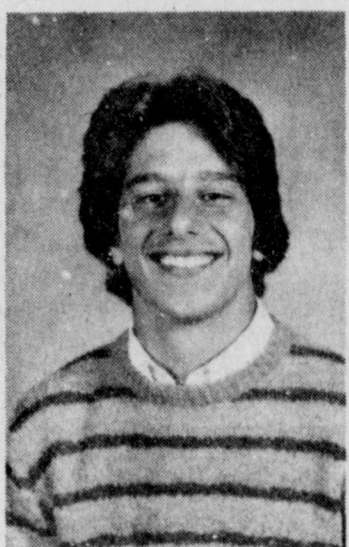

The Future Homemakers of America are having a consignment bake sale from April 13, 1983 to April 22, 1983.

These girls are trying to raise money to attend the FHA/HERO State Meeting held in Dallas from April 20-23. They are also trying to raise money for other various activities.

They are able to bake both cakes and pies. For more information call 272-3080 (High School from 3:15-4:30 and ask for Sue Mader and 272-5128 from 5:00-7:00 p.m. and ask for Donna). So if you need a cake or pie and do not have the time, call these two numbers and help the FHA girls earn money by helping you.

### Around The Halls At M.H.S.

Time is running out to purchase a 1983 Muletrain Annual. If students want to attend the annual signing party in the cafeteria on Tuesday, May 3rd during third period, they must buy their annual on or before Monday, May 2nd. After this date no more orders will be taken. Annuals are \$17.00 and \$19.00 for the personalized. See an annual staff member and order today!

CETA will be taking applications for summer jobs every afternoon after school. Students wishing to apply should go to the Community Action Center at 222 West 2nd Street and see Cecelia Anguiana. All applicants must bring their social security card and proof of parents' income when make application.

### School Libraries

#### Need Old Magazines

Please do not throw your old magazines away! Muleshoe Junior and Senior High School Libraries need them!

Due to the high cost of magazine subscriptions and in order to use budget money for books, which are also rising in cost, your back issues of the following magazines would be most appreciated.

Business Week, Better Homes and Gardens, Good Housekeeping, Horizon, Ladies Home Journal, Money, National Geo-

graphic, Newsweek, Parents, People, Psychology Today, Sports Illustrated, Time Today's Education, U.S. News.

Please call Jane Rudd at Junior High School 272-4841 or Esther Marie Dillman at 272-3080 if you have old magazines you would be willing to donate. We would be happy to pick up any that you have or you may send them to either school. Thank you—you will be helping your schools and Muleshoe students!

DENISE WILSON

### Golf Season Concludes

The MHS varsity girl's golf team placed third in District. Their final meet was in Tulia and the girls played nine holes, despite snow, sleet, and freezing temperatures. Denise Wilson earned the title of 1st place individual and will represent MHS at regionals in Odessa. The Mule's Tale Staff would like to wish her the best of luck as she further competes in these tournaments!

There will be a senior class meeting during 3rd period on Wednesday, April 20th. Caps and gowns and announcements will be given out. The balance students owe on announcements will be due at this time and there is a list on Mrs. Allison's bulletin board of all orders and the amount due. Seniors should check before the meeting and have their money ready.

## Around Muleshoe

Cont. from Page 1

On Sunday, April 17, at 6:30 p.m., the International Choir from Wayland Baptist College will be in concert at the Richland Hills Baptist Church. This award winning choir has performed nationally and internationally. Instructor for the group is Duane Harris.

Traci Eldredge, daughter of Mr. and Mrs. Cherry Eldredge of Three Way has been named as an honor student at Clarendon College by the Phi Theta Kappa Fraternity members. Traci had a 3.12 grade average.

Officials at the Muleshoe Wildlife Refuge have notified the Journal of the extension of the deadline for applying for the Youth Conservation Corps work this summer. The drawing will be held on April 20, rather than the April 15 first noted. Any youth eligible for this work should contact their counselor at school or the Texas Employment office for an application.

Jerry Damron and Edward Fisher were elected when Sudan residents cast 267 ballots for the school board election held Saturday, April 2, 1983. Margaret Smith was in charge of the local voting. Jerry Damron received 177 votes, Edward Fisher 101; Joan Gaston 97; Corley Baker 96 and Terry Tennyson 44.

Madole stated, "YES has a lot of pluses on it's side, but the program will succeed only if it is supported by the community. We need volunteers who will work an hour or two a week in the YES office." All volunteers will receive orientation and support.

Any citizen who is interested in helping with this program and with the youth of Muleshoe are urged to contact Joan Lewis at 272-3469 or Keith Madole at 272-3316. Also, any youth aged 13-17 is urged to sign up for the YES program at Muleshoe High or Junior High School.

Approximately 75 youth have already signed up for the program, but officials state that every effort will be made to accommodate all interested youth.

Office hours for YES are from 1 to 5 p.m. Monday through Friday until the first of June. Beginning June 1, the office will open at 9:30 a.m. and stay open until 5:30 p.m. The phone number to place a work order is 272-3002 and phones will be manned

beginning at 1 p.m. on Monday, April 18.

Madole made this final statement in connection with the new youth program for Muleshoe: "This program is designed to benefit youth by providing positive outlets for energy, teaching responsibility, and by exposing teenagers to work situations that they will face later on in life." We need your help, and so do the youth of the community, Madole commented.

### Letter To The Editor

Gentlemen:

Thank you very much for the cooperation you extended to us in getting information to the public about our annual Program for Parents.

Your help in promoting school activities is really a service to the community and is sincerely appreciated.

## Agent Advises Farmers On Conserving Use Acreage

Farmers have several good choices of cover crops to plant on conserving-use acreage in the new PIK program.

Both legumes and annual grasses can be used as cover crops on this acreage, says Spencer Tanksley, county agent. Both would provide ground cover to prevent erosion and would produce residue that could be incorporated into the soil for improvement purposes.

Legumes are traditionally thought of as soil improvement crops because they offer the ability to naturally fix the nitrogen they use for growth if they are inoculated at planting. Legumes would require a good phosphorus and potassium level for adequate growth and on acid soils would need to be limed.

Legumes need to be planted as early as possible in the spring. Some types of legumes that would be useful in Texas are alfalfa, annual lespedeze, cowpeas, guar, mungbeans and sweet clover. Seed availability and price could be major considerations regarding legumes. With sizeable acreages being planted, many types of legume seed will be totally depleted, notes Tanksley.

Warm season annual grasses, such as hybrid sudans, forage sorghums, sudan-sorghum crosses and millets would offer ground cover and residue for incorporation. These grasses would require the addition of nitrogen fertilizer, when compared to legumes, to provide maximum dry matter production. Seed should be readily available for these forages, and they could be planted later than legumes.

Conserving-use acreage will have the limitation that the cover crop cannot be grazed or harvested during a designated six-month period during the growing season. In most instances, this period will be May through October, but local ASCS offices will provide actual dates for each county. Cover crops can be plowed under as green

manure crops during this period, again according to local ASCS guidelines.

For individuals considering grazing or haying the cover crop after the restricted period, the long growing period has some drawbacks. In most instances, plants will have made a seed crop that may complicate future crops on that field. The forages will be quite mature and, therefore, lower in quality than desirable. Livestock grazing these over-mature crops or fed the over-mature hay would require supplementation to maintain body weight.

With this regard, the cover crops would need to be treated like crop residue from any other crop. The final consideration is that

crops baled after the restricted period will reduce the amount of organic residue going back to the soil, thus reducing the soil improvement aspect to a degree.

While the choice of cover crops for conserving-use acreage is fairly broad, seed supplies will be a limiting factor, says Tanksley. For best conservation effects, cover crops should be allowed to grow throughout the growing season and then plowed into the soil for residue incorporation.

There is only one problem harder to solve than making money and that is keeping it once you have made a little of it.

TRACI HUTTON

## Former Resident Wins "Miss Canyon" Title

A former resident of Muleshoe, Traci Hutton, 17, of Canyon, was named "Miss Canyon" last Saturday. She is the daughter of Mr. and Mrs. Ben Yeager of Canyon, and Jerry Hutton of Muleshoe. The new Miss Canyon is also the granddaughter of Mr. and Mrs. Dee Chitwood and Mr. and Mrs. Horace Hutton, all of Muleshoe.

Traci Hutton was chosen from a field of 54 contestants in the annual contest and for her victory, won a \$200 Sherry Lynn Welch scholarship; \$100 in savings bonds, wardrobe gifts valued at \$150 and the winner's trophy.

She is classified as a junior at Canyon High School and is class vice president and was recently elected as class president for her senior year.

## Earth Junior Rodeo Dates Set

The Earth Junior Rodeo is scheduled to kick off on Friday, April 22 at 8 p.m. with a second performance scheduled on April 23.

Events for four age groups will be provided and will include the highly unusual age 8 and under group.

Ages from nine to twelve will be grouped together, as well as those from 13 to 15 and 16 to 19.

A contestant must enter at least three events to be eligible for the all-around award in his age group and for those from ages 13 through 19, one half of the entry fee will go into the payback.

The rodeo will include the ever popular bull riding, roping, barrel racing, team roping and chute dogging, along with steer riding for those in age group 9-12.

Prospective contestants must have their entry fees in by April 21 and they may be mailed to the T-Bar Western Store in Earth, Box 396. Or, you may call 257-3937 in Earth between 9 a.m. and 6 p.m.

## South Plains College Will Host UIL

South Plains College will host Region 1-A University Interscholastic League Literary competition Friday, April 15 for eight districts.

Region 1-A, the largest area, extends from Texline in the northern Panhandle to Sanderson near the Mexican border.

Eleven cities and towns in District 5 will send competitors to the day-long slate of literary events, including prose reading, science, spelling, typewriting, ready writing, informative speaking and journalism.

District 5 towns include: Anton, Bledsoe, Brownfield-Union, Loop, Maple-Three Way, Spade, Sundown, Welch-Dawson, Wellman, Whiteface, Whitharral.

SPC is also hosting Region 1-A UIL competition in girls and boys golf, girls and boys tennis, girls and boys track and field, and one-act play.

Other activities she is involved in include playing tennis on the varsity tennis team; participation in choir and drama. She is a member of the National Honor Society and works during the summer as a lifeguard at a racquet club in Amarillo.

In addition to representing Canyon at a variety of local functions, highlighted by reigning during the city's annual summertime celebration, she will be Canyon's entry in area pageants, including Miss Wheatheart in Perryton, Top of Texas of Pampa and Miss Irish Rose next spring.

## Speeding Violations Fill Court Dockets

Records from both Municipal Judge Linda Huckaby and Justice of the Peace Jack Bates reflect a total of 64 cases disposed of in the two courts this week and a total of 62 new cases filed for the same period of time. Once again, speeding violations seem to be one of the main causes of fines in this area; however, surprisingly there are quite a few ticketed for failure to have a valid motor vehicle inspection sticker.

In Municipal Court, Judge Huckaby disposed of 36 cases of varied and sundry violations, with twelve of them being for speeding. Eight charges of bad checks were disposed of, along with three for expired motor vehicle inspections. Two cases each were disposed of for the following violations: public intoxication, exhibition of acceleration and running a stop sign. One case each was disposed of for passing a loading/unloading school bus, violation of a city ordinance, illegal parking, expired license plates, no drivers license, improper turn, and a modified vehicle.

Cases filed for the period from April 5 to April 12 totaled thirty-two in all. Ten cases were filed on speeding violations, six for

## Coin Telephone Users Facing A Change

As of April 1, 1983, coin telephone users wanting to charge a long distance call to a third number will be subject to having the charges approved by someone at the third number.

The verification procedure is being initiated to help eliminate fraudulent billing of long distance calls and ensure customer protection from having unauthorized charges appear on their monthly statements.

Under the new procedure, if an individual at the third number does not answer and approve the charges, the caller will be asked to provide alternate billing, such as another third number that will approve the charges, a valid calling card, a collect call or correct change to pay for the call.

O.D. Hearn, General Telephone Operations Manager in Brownfield said, "Customers who frequently use public coin telephone facilities for third number billing may find that the calling card may represent an attractive alternative. Besides being faster and more convenient than the third number and collect calls, most calling card calls are cheaper." In a growing number of locations, customers can direct dial calling card calls without operator assistance from public telephones. The calling card also provides the customer with a printed monthly statement of long distance calls placed.

Customers can call their local telephone business office to obtain a calling card. There is no charge for the card.

## WHAT IS TAX RENDITION?

This public service message from the State Property Tax Board, local taxing authorities and this newspaper explains the process.

Rendition is the method through which a taxpayer reports or lists the taxable property he owned or managed and controlled on January 1 of the current tax year. It is also the means by which a taxpayer is allowed to record his own opinion of what the value of that property should be.

Not every taxpayer is required to file a rendition, but there are important reasons why a taxpayer may wish to do so.

Renditions must be filed: (1) for all tangible personal property used for the production of income; or (2) on any other taxable property if required by the chief appraiser.

Renditions may be filed by any taxpayer who wishes to preserve certain valuable rights.

Even if you aren't required to prepare and file a rendition on your property, there are several good reasons why you should do so:

- As previously noted, by filing a rendition, you have placed into the record your own opinion as to the value of your property.
- You create a responsibility on the part of the chief appraiser and the appraisal review board to notify you if they intend to increase the value of your property by any amount over what you have rendered. Further, you have the right to protest to the appraisal review board either the increase in value or any other decision affecting the taxability of your property.
- For property that is not rendered by the owner, the chief appraiser makes his own

decision on the property's value and places that value on the appraisal roll.

In addition to a rendition, you also may file a special report called a report of decreased value if the value of your property decreased during the preceding tax year for any reason other than normal depreciation. The appraisal office will view the property and verify any reported change in appraised value and its cause and nature.

Renditions and other property reports may ordinarily be filed with the county appraisal district office at any time from January 1 through April 30. This year, since April 30 falls on a Saturday, the deadline is extended by law to May 2, 1983.

Rendition forms for various types of property, as well as other property report forms, are available from the appraisal district office. Your appraisal district can also give you a free copy of the Taxpayers' Rights, Remedies, Responsibilities pamphlet which explains exemptions, appeal rights, and other details of the local property tax system in Texas. Or, contact the State Property Tax Board in Austin.

## State Comptroller Trimming Estimates

State Comptroller Bob Bullock trimmed his estimate of available state revenues Tuesday, but said the state can still expect \$3.28 billion in new funds available to budget writers for 1984-85, including an \$803.7 million cash surplus.

The Comptroller cut his January estimate of expected state revenues to reflect falling world oil prices and sluggish tax receipts.

"We're cutting back what we expect to receive, but we've still got the biggest cash surplus in the country and the Legislature still has 17.8 percent more money than the last time they wrote a state budget," Bullock said.

Bullock's revised estimate shows lawmakers

will revise this estimate again," Bullock said.

Together with smaller cuts in expected receipts from natural gas, motor vehicle and motor fuels taxes, Bullock cut a total of \$867.1 million from the estimate he gave lawmakers January 10.

have \$22.9 billion in major fund revenues available for budgeting. This represents a reduction of 3.8 percent from the estimate Bullock gave them in January, before the slump in oil prices.

Cuts in the price of OPEC oil affect Texas oil prices, which in turn lower the receipts expected from severance taxes by about \$40 million for every \$1 drop in the world price of a barrel of oil.

"Before OPEC started their price war, we estimated the price of a barrel of oil would be \$29.60 this year and rise to \$31.85 in 1984 and \$33.81 in 1985. We are now forecasting \$28.24 a barrel of oil in 1984 and \$29.61 in 1985. If the price falls below these levels and stays there, we

## Horse Racing In Texas Promoted

Revelations that the opposition to Texas horse racing is in frequent contact with out-of-state racing interests reinforce the argument for bringing the industry to Texas, the head of the Texas Horse Racing Association said Friday.

"The fact that the leader of the Anti-Crime Council of Texas has been talking to the Edward J. DeBartolo Corporation in Youngstown, Ohio, gets to the heart of our argument for Texas pari-mutuel horse racing," said B.F. Phillips, Jr., Texas Horse Racing Association president.

"Our argument all along has been 'don't send Texas money and Texas tax revenues to Youngstown, Ohio, or anywhere else. Let's keep it here in Texas where it belongs.'"

Phillips noted that the DeBartolos own more than 90 percent of the track in Bossier City, La.

"For years, we've suspected that the out-of-state interests had more than a passing anxiety about Texas having racing within her borders," Phillips continued. "But in all the years I have been working for racing here, I have never had it brought home as graphically as it was yesterday."

"The question is whether pari-mutuel horse racing is good for Texas. We believe that it is. It is clear from the stories of the past two days that horse racing in Texas will not be good for the folks in Youngstown, Ohio," Phillips said.

Phillips issued his statement in response to action by the House Committee on Urban Affairs which subpoenaed the telephone records of Allan Maley, director of the Anti-Crime Council of Texas. Those records showed 18 telephone calls to the Youngstown number for the

DeBartolo company. Phillips also noted that other out-of-state racing interests are following the legislation in Texas. He released copies of correspondence expressing concerns from New Mexico about the developments in Texas.

"I think that other states have a right to be concerned about what Texas is doing," Phillips said. "But at least in the case of the Jockey Club of Ruidoso-Sunland, they are taking a positive and forceful approach to staying out of our business here in Texas."

"I appreciate their wisdom and their restraint. In the long run, racing in Texas will be good for the nation's racing industry. It's good for the breed and the breeders when we have more places to race, and the jockey club clearly sees this."

**RARE BACTERIA**

**BOSTON** -- A mysterious intestinal ailment that first struck diners at a fast-food chain is a disease caused by rare bacteria. Researchers say it has spread across the United States. Federal disease experts are seeking the source of the organism, but they fear it is becoming established in the nation's food system.

## 18. LEGAL NOTICES

### NOTICE TO BIDDERS

Sealed proposals addressed to the Commissioner's Court, Bailey County, Texas, for the construction of approximately 135,000 S.Y. of sealcoat and 50 tons of patching material applied, will be received in the office of the County Judge, County Courthouse, Muleshoe, Texas, until 2:00 o'clock CDT, May 9, 1983. Bidders will be required to commence work on or before July 1, 1983.

A certified or cashier's check or an acceptable bid bond in an amount not less than five (5%) percent of the total bid shall accompany each bid.

The successful bidder will be required to furnish performance and payment bonds each in the amount of the contract, written by a responsible surety company authorized to do business in the State of Texas, and satisfactory to the Commissioner's Court.

Attention of the bidders is directed to the provisions of Article 5159a, V.A.T.S., requiring that not less than the prevailing rates per diem wages for work of a similar character in the locality where the work is performed, shall be paid all laborers, workmen, and mechanics employed in the construction of public works.

Information for bidder, proposal forms, plans and specifications are on file at the office of the County Judge, Bailey County, Texas and are open for public inspection. A set of such documents may be obtained from Douglas Engineering Co., 1932 34th Street, Lubbock, Texas.

The bidders attention is called to the fact that he will be paid in cash approximately ten (10) days after completion and acceptance by the County.

The County reserves the right to waive technicalities and to reject any and/or all bids, and to award the contract to the bidder who, in the opinion of the Commissioner's Court, offers the proposal in the best interest of the County.

No bid may be withdrawn after the scheduled closing date for the receiving of bids until at least (30) days have elapsed.

## Vet's Land Board Sets Interest Rate

Texas Land Commissioner Garry Mauro announced on April 5th the Veterans Land Board has voted to set an 8.5 percent interest rate for Texas veterans applying for loans from the Veterans Land Program. Mauro, who serves as Chairman of the Veterans Land Board, said, "Because of the strength and stability of this program, we are again able to offer some of the best financing for veterans to purchase land."

Eligible Texas veterans are able to borrow up to \$20,000 over a 40 year term to purchase a minimum of ten acres of land. Since the Veterans Land Program began in 1949, over 80,000 Texas veterans have participated in the loan program.

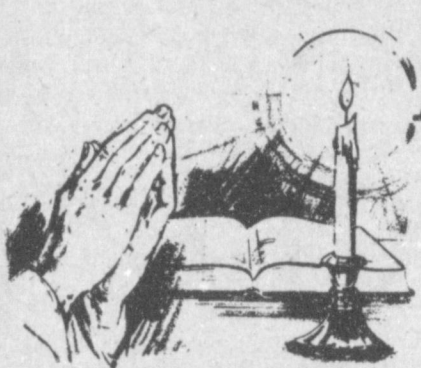

"In addition to these very competitive interest rates, I am also pleased to report we no longer have a waiting list for loans for veterans," Mauro said. "Veterans who apply can also expect their loans to be processed within 90 to 120 days with a completed application packet."

Mauro noted the situation for veterans applying for loans has changed

dramatically since January 3. "When I first took office, we had over 14,000 veterans on the waiting list for loan applications. It was not uncommon for some loans to take longer than a year to close. We plan to operate the Veterans Land Board on a businesslike basis now and in the future providing our veterans with the best service possible," Mauro stated.

The Veterans Land Board sold \$50 million worth of bonds at a March 21 sale. This is the first sale of the \$250 million in bonds authorized by Texas voters in 1981. The 8.5 percent interest rate is effective March 21.

"The Veterans Land Program has provided thousands of Texas veterans the opportunity to purchase land. Since the loan program is supported by bonds, the entire program is operated at no cost to the taxpayer. With the next 5,000 loans approved by the Veterans Land Board, another \$100 million will be generated to the Texas economy," Mauro stated. "I encourage all eligible Texas veterans to participate in this excellent program."

## Proud Love...

... for a precious young life. A life whose care and welfare is completely in your hands. The joy we share in baby's first steps... the proud love... when baby first says... "Mama!" The love for a life that is completely dependent on you for food, clothing, teaching, and spiritual guidance. Teach him his prayers, and take him to church each week where he may grow in love and admonition of the Lord.

The Church is God's appointed agency in this world for spreading the knowledge of His love for man and of His demand for man to respond to that love by loving his neighbor. Without this granting in the love of God, no government or society or way of life will long persevere and the freedoms which we hold so dear will inevitably perish. Therefore, even from a selfish point of view, one should support the Church for the sake of the welfare of himself and his family. Beyond that, however, every person should uphold and participate in the Church because it tells the truth about man's life, death and destiny; the truth which alone will set him free to live as a child of God.
