

Lynx To Scrimmage Sunray Here Friday Evening, 6:30 p.m.

The Spearman Lynx will tangle with the talented Sunray Bobcats in a scrimmage at Lynx stadium Friday evening. The JV's should start sometime after 6 p.m., probably 6:30, and the varsity will tangle at about 8 p.m.

We do not know anything about the Sunray Bobcats this year, except we can testify that last year they were much tougher in scrimmage than Dumas was. However, this year the Demons look like they have "put it together" as they are big and fast, and the scrimmage here last week was a real thriller!

One of the most exciting games of the year, should be the opening game when Spearman plays host to the No. 1 state ranked Stratford Elks. The Elks have shown up well in pre game scrimmages, as have the Lynx, and the opening game for Sept. 7th shapes up to be the best game in the Panhandle for that particular night.

There are several players listed in the varsity roster under the direction of the new athletic director, Jimmy Dusean, and his coaches, Larry Morris, Kenneth Frisnel, Tom May, Tony Crocker, James Collinsworth, E.C. Jenkins and Herb Hager.

Listed on the roster are Kyle Beedy, Wayne Meek, Dayton Edwards, Jamie Bulls, Kary Bodey, Doug Hobertz, Angel Rodriguez, Rocky Randall, Felipe Lozano, Stephen Tindell, Rury Sheppard, Phil Paul, Kevin Russell, David West, Anselmo Vela, Frank Lozano, Cary Collinsworth, Ray Ortega, Brent Ware, Bill Cope, David Hall, Ron Clark, Junior Avila, Gred Odgaard, Ed McIntyre, Hunter Novak, Greg Hazelwood, Shawn Swann, Dean Schaffer, Mike Goff, David Person, Chris Bodey, Mike Blanton, Karl Smith, Scott Alford, Kenneth Brown, Jimmie Haden, Jimmy Morley, Monte George, Steve Shields, Kyle Brack, John Weakley, Andy Francis, Mark Avila, and Kelly Mahany.

Plans For Labor Day MD Telethon Finalized

The Old Beedy Building has been donated by Robert Skinner for use during the all new 14th annual Jerry Lewis Muscular Dystrophy Telethon that can be viewed locally on Cable Channel 6 and heard over KRDF radio. Workers for the telethon met Thursday evening at the pledge center to discuss the progress that is being made for a bigger and better telethon this year. The telethon will begin nationally at 6 pm Sunday evening,

Sept. 2 and last around the clock until Monday evening at 6:30. A dance-a-thon will be taking place this year during the telethon. The dance-a-thon is scheduled to begin at 3 pm Sunday afternoon. Music for the dance-a-thon is being donated by Disco Tex and his Magic Music Machine. Everyone is invited to join in the dancing, young and old alike. To participate, contact any of the Cheerleaders of Spearman High for a special events form that must be filled out by sponsors.

A Muscular Dystrophy Carnival will be taking place during the telethon. This is being co-ordinated by Peggy Carroll. A number of clubs are planning on having booths but more are needed. If your club is interested in helping to fight Muscular Dystrophy in some way please contact Peggy at 2185 or Vicky Bullard at 3319.

Any individuals wanting to help could help by donating food or drink during the telethon for the workers.

Any children that would like to help in the door to door campaign must come by the pledge center first to be registered. Anyone taking donations must have an identification badge, a canister, and stickers to identify the homes that have donated.

We will also be having a aluminum can drive during the telethon. A truck will be parked outside the pledge center for anyone that would like to bring their aluminum cans by.

All proceeds from any monies made during the Muscular Dystrophy Telethon will go to fight Muscular Dystrophy.

The best part of the telethon this year is that everyone can be involved and participate, either by donating food, pledging, by being in the dance-a-thon, by having a booth, or any other way they would like. Everyone is invited to come down to the Old Beedy Building and share in the excitement. If you can not come down you can watch us on Cable Channel 6 or listen to us on KRDF radio.

The phone numbers for the telethon this year are 2593, 2594, and 2595. Someone will be glad to take your pledge of the Spearman Rotary Club on Monday, Sept. 3.

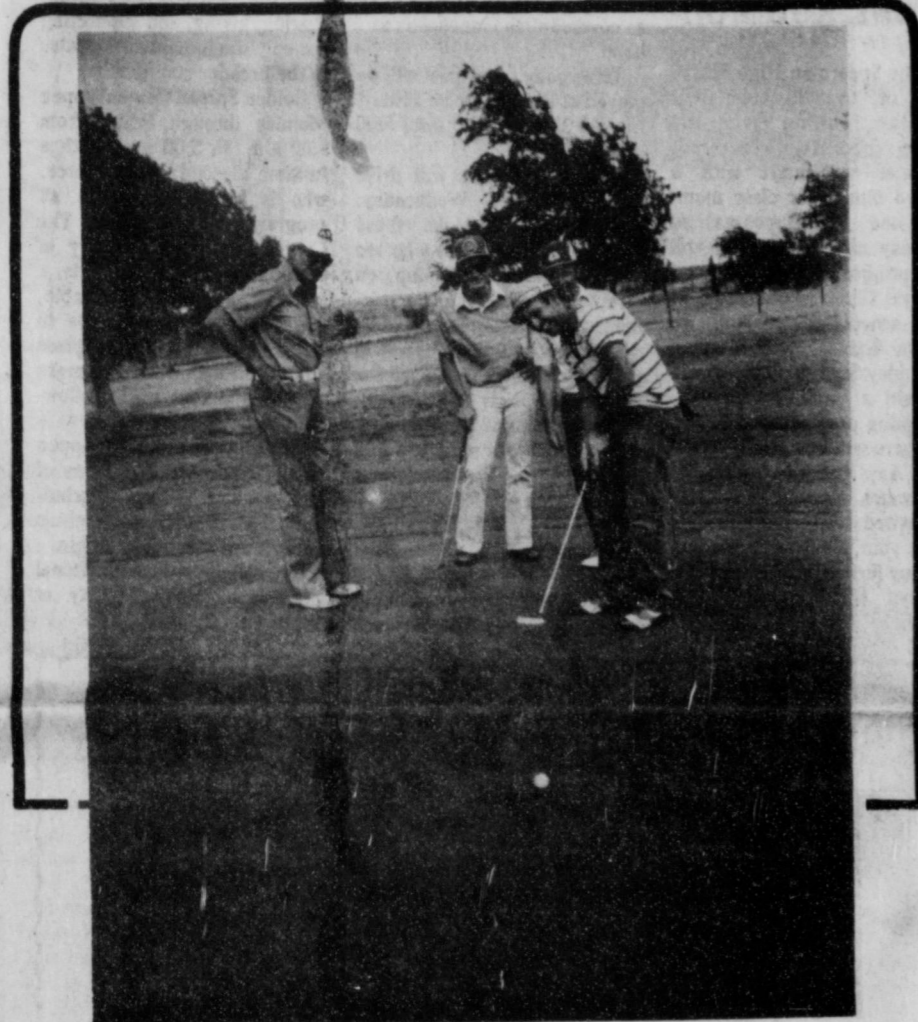

Please join us this year on Cable Channel 6 and KRDF radio. REMEMBER...EVEN IF YOU MISS A LITTLE...YOU MISS A LOT.

Birdie putt

Gruver golfer, Tony Harper, makes a birdie putt during the Golf Tournament held at Hansford Golf Club Saturday and Sunday. On the left, Commissioner Garland Head and Monty Blackmon along with Danny Womble made up the foursome. A barbecue supper was enjoyed at the Golf Club by all players Saturday evening.

ATTENTION

Everyone is asked to be on the lookout for the Persian Cat shown below. She belongs to Sherry Moore, who is deaf and depends on it for her hearing. Sherry says the cat lets her know when someone is at the door and also helps her to take care of her children.

Lost CAT

LOST-Registered black and white Persian cat, trained for my hearing. I MUST HAVE HER BACK. 705 E. 2nd. Sherry Moore. Last seen in our yard at 8:00 Tuesday morning. Has a blue collar, vet tag etc. Reward offered.

BULLETIN: The cat has been found and returned, but we are going to run her picture, so in the future if you see her, you can return her to her home...

Dr. McClellan To Open Offices Tuesday

Dr. David A. McClellan, a native of Spearman, will begin practice here Tuesday, September 4 at 702 Roland.

Dr. McClellan received his degree in medicine from the University of Texas at Houston in 1975. His three-year internship was at Southwest Memorial Hospital in Houston.

He practiced medicine in San Marcos for a little over a year before coming here.

He is the son of Judge and Mrs. Roy Lee McClellan of Spearman.

He will begin practice in the newly refurbished clinic across from the hospital which is owned by the Hansford County Hospital District.

Office hours will be by appointment and the phone number is 659-3761.

This newspaper joins other county residents in welcoming David and his lovely wife, Ginger, to Spearman to make their home.

Hospital News

Patients in Hansford Hospital are Oliver Spears, Edna Hays, Carla Kizziar, Betty Roberts and twin daughters, Ruth Garrard, Debbie Price, Arthur Atkinson, Dana Wattier, Betty Jo Vernon, Betty Nollner, William Powell, Andy Rhodes, Ruby Lair, Vida Jones and Virus Wilbanks.

Dismissed were Archie Nelson, Ruby Lieb, Annie Allen, Maria Hernandez and son, Lori Bowen, and Albert Richards.

High Plains asks gas boost County Meet Held

High Plains Natural Gas Company has given notice to the City of Spearman of statement of intent to increase its gate rate/intracompany charge effective Sept. 13, 1979.

In an interview with city manager Lenix Simpson, he stated that the city council will meet with representatives of the company on Sept. 5 to discuss the increase being asked by the company. The company is asking for a boost in the cost of transportation of gas to Spearman from 28 cents to 41 cents per thousand cubic feet.

Simpson stated that he thought they could probably settle on less of an increase than the rate the company is asking.

Under terms of a decision by the Railroad Commission last November, High Plains is allowed to put a rate on gas delivered to the gate at Spearman of 28 cents, plus 100 percent of the cost of their gas up to 85.8 cents and 90 percent pass through of all over that.

Ethel Cookston Services Held

Services were held Tuesday, August 28, in the First United Methodist Church for Mrs. Ethel P. Cookston, 88, who died Sunday. Rev. Frank Oglesby, pastor, and the Rev. Russell Pogue, pastor of First Baptist Church officiated. Burial was in Hansford Cemetery by Boxwell Brothers Funeral Directors.

Born in Little Rock, Ark., Mrs. Cookston came to the Spearman area in 1900. She married Finis Maize in 1909 in Beaver, Okla. After his death she married Asbery Cookston in 1961 in Spearman. He died in 1976. She was a member of First United Methodist Church and Golden Spread Center. She was an honorary member of the Dahlia Flower Club.

Survivors include a son, Ben Maize of Casa Grande, Ariz.; a daughter, Mrs. Pearl Pierce of Spearman; two sisters, Mrs. Hollie Riley of Spearman and Mrs. Edith Ferguson of Stinson; four grandchildren; 12 great-grandchildren and four great-great-grandchildren.

Pierce-Ellis Vows Exchanged

Daniel D. (Danny) Ellis and his bride, the former Darlita (D'dee) Pierce, returned from a wedding trip to Cowles, N.M., to make their home at 5421 24th St., in Lubbock.

Parents of the newlywed couple are Mr. and Mrs. I.V. Pierce of Spearman, and Mr. and Mrs. J.D. Ellis, Olton Rt., Plainview.

Vows were exchanged Aug. 12 at 3 o'clock in the afternoon in Hale Center Church of Christ, with Cline Paden, director of Sunset School of Preaching in Lubbock, officiating. A 15-point arch of candles, flanked by candelabras decorated the nuptial area. A Unity Candle centered in the space provided the focal point.

Mr. Pierce gave his daughter in marriage. The bride wore her mother's wedding gown, fashioned of imported Alencon lace over taffeta in a princess silhouette. The fitted bodice was styled with French designed neckline of scalloped lace, long tapering sleeves and

back closing of tiny self-fabric buttons. The long waisted bodice attached to a full gathered skirt with a graceful flowing fish-tail back. A large taffeta bow was attached at the center back forming a semi-bustle effect.

The bride wore a Juliet cap that held her three-tiered veil of bridal illusion, with each tier edged in a wide band of Alencon lace. She carried a cascade of roses, stephanotis and baby's breath. For something old, the bride wore a locket that had belonged to her maternal great-grandmother, something new was a dainty gold chain bracelet with small hearts that was a gift from the groom. Something borrowed was the sixpence in her shoe that was worn by the groom's sister-in-law, Mrs. Rodney Ellis, in her wedding. The bride added to her attire the traditional blue garter.

A group of friends from Lubbock Christian College and Spearman formed the bridal

chorus, composed of April Peary, Debbie Greene, Diane Barnett, Lonita Greene, Karen Miller, James Pierce, Warren McNeal, Eddie Cox and Steve German. Solo numbers, "The Wedding Song," and "The Lord's Prayer," were sung by the bride's brother, James Pierce.

Following the lighting of the Unity Candle, the bridegroom sang "Whither Thou Goest," to his bride.

Cheri Dunagan of Lubbock was main of honor, Gail Breland of Gruver served as bridesmaid, and the groom's sister, Mrs. Kim Hughes of Amarillo was bridesmatron. Natilie Lawson of Olton was flower girl and Trenton Cox of Monahans was ring bearer. Guests were registered at the wedding by Sharon Lile.

Dresses of the attendants were identically styled of pale blue all-over eyelet and lace, veiled over darker blue satin. The dresses were designed with high necklines, full sleeves gathered to a narrow band with ties at the wrist, and full skirts that fell from natural waistlines. Each wore baby's breath in her hair and carried crescents of blue carnations and white daisies with blue streamers.

Candles were lit by Alan Hadley of Texico, N.M., cousin of the bride, and her brother, James Pierce of Spearman.

Ross James of Plainview was best man. Serving as groomsmen were Hank Hayes, Plainview and James Pierce, the bride's brother, Spearman. Ushers were Hank Hayes, James Pierce, and Alan Hadley.

The reception was held in the church fellowship hall. Servers at the bride's and groom's tables were Stacy Hancock and Tammy Rimmer, cousin of the bridegroom, both of Plainview, LaDonna Harland of Texline, Karen Hadley of Canyon, the bride's cousin, Tonya Nance of Lockney, and Janice Wilkey of Lubbock.

Other assistants were Mrs. Leon Crouch, Mrs. Lynn Akin and Mrs. Jim Crouch, all of Lubbock; Mrs. Raymond Hadley of Texico, the bride's aunt, Dorothy Roden of Spearman and Mrs. Pat Guy and Lisa Guy of Plainview.

The bride's table was cov-

ered with a lace cloth over blue and was centered by a silver epergne with blue and white flowers touched with darker blue. Crystal appointments and a three-tiered bride's cake completed the decor.

A cut velvet runner in shades of rust, bronze and gray edged in gold braid was used on the groom's table. Brass candelabra and an arrangement of ivory spider mums, bronze mums, yellow daisies and rust kalanchoe formed the centerpiece. A brass samovar was used for serving coffee. The chocolate cake trimmed in ivory was encircled by clusters of fresh grapes.

Special guests for the wedding were Mrs. J.W. St. Clair of Muleshoe, grandmother of the bride, and Mr. and Mrs. G.D. Applewhite of Hale Center, the bridegroom's grandparents.

The rehearsal dinner was given in the home of Mr. and Mrs. Carlton Holland, 104 Kirkwood Place in Plainview, uncle and aunt of the groom.

Mrs. Holland was assisted by her daughter, Mrs. Bert Rimmer and daughter-in-law, Mrs. Ric Holland. Guests were the wedding party, musicians and out of town guests.

A graduate of Spearman High School, the bride is an accounting major at Lubbock Christian College where she is a member of Kappa Phi Kappa, Student Government and the LCC Chorus. She is employed at the LCC Book Store.

Ellis graduated from Plainview High School and is attending LCC where he is majoring in music and is a member of the A Cappella Chorus. He is employed by Scott Tractor.

Golden Spread Center News

Arts and crafts, including wood carving, will be the main activity at the Golden Spread Center on Thursday, August 30, beginning at 10:00 a.m. and continuing until you feel you need to go home. There will be a covered-dish luncheon at noon.

Table games and pool will be played at the Center on Friday, August 31 from 2:00 until 5:00 p.m.

RubyJo Wilbanks will drive the bus-van on Wednesday, September 5 to take those needing transportation who are sixty plus to go shopping, on errands, to the doctor, nurse, dentist, or beauty parlor. You will be picked up and taken to your appointment if you call the Center (659-3521) on Tuesday. If you are over 60 years of age, we want to work with you and be helpful to you in your needs and we want you to work with us.

Golden Spread Center has produced a philosophy that has become the basic foundation of its ministry to senior citizens,

an atmosphere that recognizes the value of human life. It affirms the older adult with dignity and self-worth as continuing to make a valuable contribution to the social process of our community. Such an atmosphere demands the reaffirmation of creative potential, power of decision making, the skills of coping and defending, and the warmth of caring, sharing, giving, and supporting not only the individual but also to the broader community.

Golden Spread Center is open Monday through Friday from 9:00 a.m. to 5:00 p.m.

Golden Spread Club is open to all people fifty-five years of age or older without discrimination as to sex, race, ethnic background, national origin, color, religion, denominational preference, political party or handicap.

Think Back-to-School

Fay Burton's True Story

When people I'd worked with for 23 years started calling me Fat Fay, I just laughed it off. After all, they were right - I weighed 166 pounds, and my size 16 clothes were getting a little tight.

But my doctor didn't think my weight was funny. He said the problems I was having - tension headaches and back pains - wouldn't get better till I got thinner. His recommendation: go to Pat Walker's.

I took his advice and, using money from my grocery budget, began treatments on Pat Walker's passive exercise unit. It was easier than I thought it could be. I didn't have to change clothes or ruin my makeup or hairdo. And I didn't have to share a treatment room with anyone.

The change that came over me was fantastic. Not only did my weight start going down, but my whole mental attitude improved. If I sometimes felt tense or anxious, I knew all I had to do was go to Pat Walker's to feel relaxed again.

I'm happy to report that I've reached that goal - I now weigh 125 pounds! When I go shopping, it's for size 7's.

I can't imagine what shape I'd be in today if I hadn't taken my doctor's advice. I do know that, at 41, I have a new lease on life ... and now, instead of that nickname, I get whistles and compliments.

Call for your free figure analysis and sample treatment. You'll be so glad you did!

Low default rate maintained by Texas A&M students

COLLEGE STATION — Colleges and universities are often wary when the Department of Health, Education, and Welfare launches an investigation. In one case, however, HEW simply wants to know how Texas A&M University achieves such a low default rate in the National Direct Student Loan (NDSL) program.

Texas A&M's rate of 4.72 percent is more than twice as good as the 10 percent goal to which HEW's Office of Education aspires. The national average has surpassed 17 percent.

Because so many students have defaulted on their loans, HEW is interested in the reasons why Texas A&M has such a successful rate of return on former students' loans.

President Jarvis E. Miller says the lion's share of the credit belongs to the students and their parents. "We are blessed to have a student body composed overwhelmingly of individuals who are highly responsible and take their obligations seriously."

Chinese fight cancer with herbs

COLLEGE STATION — Cancer-fighting herbs used in Chinese folk medicine might lead to an international exchange of scientists, says Texas A&M University scientist, Dr. S. L. Lee.

Under the proposed terms, these herbs, which have been used for centuries in China, will be sent to Texas A&M where they will be broken down into their various elements, and analyzed to determine which elements are the best cancer-fighters.

Fritch Ceremony Unites Couple

Miss Denise Mills, daughter of Mrs. Jean Mills, Fritch, and of Guy D. Mills, Jr. of Borger, became the bride of Stephen William Donnell, son of Mr. and Mrs. Oscar Donnell of Spearman in a ceremony at 7:30 p.m. Aug. 18 in the First United Methodist Church of Fritch.

Officiating were the Rev. V. A. Lallement of Plymouth, Ind., a retired Methodist minister, and great-uncle of the bride, and the Rev. Michael O'Conner, pastor of the First United Methodist Church of Fritch.

Mrs. Jerry Moller was organist. Miss Gaye Turner was vocalist.

Miss Janice Mills was her sister's maid of honor. Bridesmaids were Miss Lynne Cates and Miss Charlyn Stafford both of Amarillo.

Lighting candles were Miss Damaris Lallement and Michael Lallement, both of Amarillo.

Louis Brown of Vega was best man. Groomsmen were Ned Davis of Perryton, and Roy Harbour of Spearman. Ushers were George Hester of Muleshoe, Clay Rose of Olton, and Mike Pack and Billy Jones, both of Spearman.

Assisting at the reception in the church were Miss Karen Skinner of Childress, and Misses Janet Opendhoff, Ola Jean McRae and Patti Hill, all of Fritch. Mrs. Mike Haag of Houston, sister of the bridegroom, registered guests.

After a wedding trip to Eagle Nest and Raton, N. M., the couple will live in San Angelo, where both are students at Angelo State University.

W.I.F.E. Members Attend Hearing

W.I.F.E. members Sonja Godfrey and Barbara McClellan attended a Rural Transportation Task Force Hearing in Wichita, Kansas on July 26, 1979. This task force was created by the U.S. Dept. of Agriculture and the U.S. Dept. of Transportation to study the problems and needs of those in agriculture to transport their products. Mem-

bers serving on the task force included people from many aspects of the food chain such as farm organization representatives, Agricultural Economics Professors, State Departments of Agriculture, Transportation officials and producers. Presbyterian Church News

There is a Sunday Church School class for everyone every Sunday at 9:45 a.m. with a warm, friendly teacher prepared with an interesting, helpful, practical lesson from God's Word.

"Let All Things Be Done Decently and In Order" will be the subject of Pastor Edward D. Freeman's sermon at the communion service for the public worship of God on Sunday, September 2 at 11:00 a.m.

Presbyterian Men will join with men of all the churches of Spearman in the men's prayer breakfast at the Cattleman's Cafe in the Garden Room at 6:30 a.m. on Wednesday, September 5.

There is always a warm Christian welcome awaiting you at the First Presbyterian Church. If you are new to Spearman and/or without a church home, you are invited to sample the caring fellowship of this church.

Stinson Gibner Awarded Scholarship

STINSON GIBNER, a 1979 graduate of Spearman High School, has been awarded a \$1,000 Clark Foundation scholarship by the Texas Inter-scholastic League Foundation.

The Clark Foundation provided funds for 60 of the grants to be awarded by the TILF on the basis of University Inter-scholastic League participation and other school/community achievements.

Gibner earned eligibility for the scholarship by placing third in the 1979 state meet science

contest. Valedictorian of his class of 68 persons, he was a National Merit scholar, named to Who's Who and a member of the all-region choir four years.

He won numerous photo and science awards in Panhandle-area contests and was active in Student Council. Gibner was National Honor Society president, chorale president two years, head photographer for the annual staff and was named both "Outstanding Student" and "Most Likely to Succeed."

"Stinson is among the finest

Extension Clubs

Old Hansford Home Demonstration Club met at the home of Mrs. Irvin Delk. The meeting was called to order by the president, Mrs. Delk and she gave the devotional from a card her daughter had sent her.

Roll call was answered by "My favorite season and why." Minutes were read with two changes made: State meeting will be Sept. 25-27, and the club will clean the clubroom in September and October.

The treasurer's report was given by Mrs. Delk, reporting \$17.52 in the bank and \$2.16 in the sock fund. Members gave money to the Union Church in memory of their friend and

member, Mae Floyd.

Members discussed activities this summer, which was also the lesson started by Mrs. Anna Belle Parrish.

Mrs. Gayle Brown was elected secretary.

Anna Belle Parrish, May Lyn Schubert and Ethel Byers will go to Amarillo and help with the judging at the Fair.

Refreshments were served to Mmes. Ethel Byers, Cora Smith, Margaret Shedeck, Louise Archer, Marguerite Nelson, Susan Delk, Ruth Reardon, May Brown, May Lynn Schubert, and Anna Belle Parrish.

The next meeting will be Sept. 4 in the home of May Lynn Schubert.

Rho Rho Officers Meet

YMCA to use school facilities

The use of school facilities by YMCA groups was discussed at the regular breakfast meeting held in Spearman Tuesday morning. The board discussed the policy book, which concerns the rules for use of school facilities by organizations, policy 6:6 and 6:7. In addition to the policy rules, the board adopted the following rules; No Alcoholic beverages allowed on premises at any time. Individuals, or groups named by YMCA are to be responsible for cleaning and locking buildings after use. No food or drink inside buildings. (Same policy as for regular basketball games). School functions will have priority at all times. Keys--West Door--unlock dressing rooms (lock). Smoking is not permitted while on the playing floor. The facilities will not be used during home football games. Only the Jr. Hi gymnasium and the PE gym at

high school (lunch room) will be used.

A copy of policy 6:6 and 6:7 in the school handbook is printed below:

COMMUNITY USE OF SCHOOL FACILITIES

from hand-book
School equipment may be loaned to responsible community groups for a worthy educational, civic or charitable purpose when:

- 1) the group borrowing the equipment agrees to accept responsibility for repairing or replacing any equipment damaged or lost while in its possession;
- 2) the equipment is not both unusually expensive and also subject to easy damage;
- 3) the equipment is in good condition;
- 4) the group will provide a competent operator for any machines loaned.

School equipment, grounds, and buildings shall be made available for use by community groups on Sundays or Wednesday evenings only when such use is in the interest of district residents generally and only when such use will not interfere with the religious education efforts of local institutions.

COMMUNITY USE OF SCHOOL FACILITIES

Community groups shall be permitted and encouraged to use school facilities for worthwhile purposes when such uses will not interfere with the school program.

All arrangements shall be subject to the provisions which follow.

The Superintendent is authorized to approve and schedule the use of school facilities by non-school organizations in accordance with the rules: "Com-

munity Use of School Facilities."

The use of school buildings and other facilities by any organization operated for private gain, or any purpose involving private gain, shall be permitted only when:

- 1) such use is sponsored by some other organization which is not operated for private gain;
- 2) such use will not benefit principally the organization which is operated for private gain;
- 3) a worthy educational, civic, or charitable purpose will be served;
- 4) a substantial group in the community will be benefited;
- 5) alternate facilities are unavailable or available only at undue cost or inconvenience.

Such use of school facilities by members of the faculty and staff shall be discouraged.

Comment On Sports

BASEBALL

By Pete Fritchie

WASHINGTON -- It's hard to argue with success, and Danny Ozark and the Philadelphia Phillies have certainly enjoyed it these last three years. But the Phillies exhibit the same pitching weakness today that has cost them a trip to the World Series in the past.

Those big, tall throwers serve up too many gopher balls. The staff as this is written has the worse ERA of any team in the National League. One can't win a pennant with that kind of pitching.

Danny Ozark is no doubt a good manager. He is the Walter Alston type. Some big-city scribes take that calm exterior for dullness. Not so.

Ozark knows his baseball. But, in this writer's opinion, he has stuck too long with players who haven't delivered.

There have been injuries this year but in the big games and the late-season show-downs, the big hard throwers can't get that ball by all the good hitters. Where are the Phillies young hurlers? Why hasn't Ozark made some drastic changes?

In a recent series with arch-rival Pittsburgh, it was painful to see the Phillies blow one 8-run lead and, in general, get murdered. They were not even competitive in some of these key games. A shakeup of this club is in order.

YMCA To Offer Various Activities This Fall

BASKETBALL AND FLAG FOOTBALL MEETINGS

A meeting of those interested in playing basketball will be held Thursday, August 30 at the YMCA. On Tuesday, September 4th a meeting will be held on Men's Flag Football. At these meetings discussion of the rules, nights to play and organization will be held.

MEMBERSHIPS

The YMCA Board of Directors, at its August meeting, created the policy that anyone living in Hansford County, who wants to participate in YMCA programs and leagues, must purchase a membership.

The rationale for this decision is that a county the size of Hansford must support the YMCA through memberships for the YMCA to sustain operations.

Membership Dues have been kept low, anticipating a large number of members. Also, by adding a small participation fee for some programs and leagues, those who use the facility and programs pay in proportion to usage and help cover the costs for their programs. It will also allow the development more quickly for programs throughout the year.

If memberships were to include all programs, the membership dues would be much higher and the number of classes and program offerings would be in

direct proportion to membership income only.

Rates for Memberships are: Youth \$25, Adult \$35, Family \$45. The Fitness Center requires a Youth or Adult or Family Membership, plus \$50 per person.

SWIMMING POOL

The swimming pool will be open during the Labor Day weekend, Saturday, Sunday and Monday from 2:00-7:00 p.m. each day.

BOXING PROGRAM MEETING

C.A. Cator, who has been coaching boxing for the past several years in Gruver invites boys who are interested in competing in A.A.U. boxing to come to an organizational meeting at 7:30, September 6 at the YMCA.

YOUTH TROPHIES

Boys and girls who participated in the summer baseball, T-ball and softball programs through the YMCA are reminded to pick up their individual trophies at the YMCA between 8:00 a.m. and 5:00 p.m.

UPDATE ON WOMEN'S SOFTBALL
There is a three-way tie in the regular season softball league for women. The three teams are: First State Bank "Red Hots", Spear Tex "Bottoms Up" and Sports Tally "Odds & Ends". The date for playoff of these teams has not been scheduled.

W.I.F.E. Meeting Held

W.I.F.E. met Tuesday, August 21 in the Library Room with Barbara McClellan presiding. The minutes of the previous meeting were read and corrections made.

Barbara McClellan read a letter to the group concerning W.I.F.E. pins. The pins have the W.I.F.E. insignia on them and may be ordered by any member. Those wishing to order one may contact Barbara McClellan.

The Chapter is making a quilt which is to be taken to the National Convention in Lubbock in November. Tickets for the quilt will be on sale later and the winning ticket will be drawn at the convention. The Chapter

worked on the quilt at the meeting and more work days are scheduled.

Barbara McClellan is to give a short report on Transportation at the State Convention in Hereford September 7 & 8.

The next meeting will be September 4 at the County Barn. Those present were: Georgia Holt, Barbara McClellan, Helen Boyd, Dottie Beedy, Elaine Odagaard and Molly Turner.

Barbara McClellan is to give a short report on Transportation at the State Convention in Hereford September 7 & 8.

VISITORS: RONNIE ANTALEK, DWIGHT BRANDT FROM McMORRIES AND BURNS, WALLACE COATS WITH ESSI, BILLY MILLER FROM THE SPEARMAN REPORTER.

ON HEAD START

WASHINGTON -- The government's Head Start program served more than 38,100 handicapped children during the 1977-78 school year. HEW's Office of Human Development services said the figures were based on responses to questionnaires from 95 percent of the 1,663 agencies receiving Head Start funds.

ON NUCLEAR BOMB

NEW DELHI, INDIA -- Prime Minister Charan Singh said that India may revive its nuclear research program and build an atomic weapon if Pakistan develops a nuclear bomb. Singh said he had information that Pakistan was planning to produce a nuclear bomb, and he contended that it would almost certainly be aimed against India.

Civil rights leader supports Palestinians.

GM HELPS CHRYSLER

DETROIT -- In a rare business arrangement, the financing arm of General Motors Corp. has agreed to provide up to \$230 million to help Chrysler Corp. dealers purchase car inventories.

ON DEATH PENALTY

BOSTON -- Massachusetts re-activated the death penalty, with Gov. Edward J. King predicting the bill he signed into law would survive a court challenge. The law replaces a death penalty statute struck down by the state's high court in 1975.

RUSSIA'S TEST

WASHINGTON -- Shock waves picked up by monitoring stations indicate the Soviet Union has detonated another underground nuclear explosion, the Department of Energy announced. The signals originated from the Soviet testing site in southwestern Siberia.

BEEF PRICES DROP

DENVER -- The average national price of five cuts of beef has slipped 12 cents a pound to \$2.30 since July, according to a survey of 19 cities by the National Cattle-men's Association. Lauren Carlson, association president, said that beef production this spring was higher than last spring.

CITY AGENDA Aug. 28

The Pledge and Allegiance was given, and also the invocation. All members of the city commission and the Mayor were present.

The minutes of the Aug. 14 meeting were approved. A group was present to discuss the appeal for zoning variance for a day care center. This

was tabled until the city council could get legal council.

Dr. R. L. Kleeberger was appointed as city Health Officer.

The final public hearing for General Revenue Sharing funds was held last night.

The final public hearing for the fiscal year 1979-80 was held last night.

An ordinance adopting the fiscal year 1979-80 was voted on, and favored.

The next tax rate was set.

A tax increase rate was adopted. See quarter page adv. in this issue of the paper.

Airport hangar buildings were discussed, but few details on the hangar situation are available at this time. More details as soon as we can visit with city officials.

An emergency item was on the agenda. It will allow the city manager to execute an interim financing agreement with the First State Bank of Spearman. This is for the purpose of purchasing a sweeper. The sweeper is here, but it has rained ever since it arrived. We will get a picture of the new sweeper for the Sunday paper!

NO INFLATION RELIEF

The cost of energy products pushed wholesale prices up 1.1 percent in July, dimming the nation's hopes for relief from inflation in the coming months, the government said. The rise in the Producer Price Index in July was more than double the 0.5 percent increase of the previous month.

Team Has Picnic

Members of the Firettes Softball Team finished off the season with a picnic at the swimming pool park Saturday evening. After the hotdogs and chips, everyone enjoyed cake, and homemade ice cream and good fellowship.

The coach, Steven Slater was presented a plaque with a softball on it and the signature of all the team members. Those attending the picnic were: Ronnie and Vicky Bullard and children, Steven and Kathy Slater and children, Keith and Charlotte Martin and children, Carol Hall and children, Rusty and Judy Tindell and children, Sara Norton, Donna Isham and children, Don and Nina Hendricks, Jo Dell Tigrett and children, Ronie Hutton and children, Nell White, and Cecil and Mona Slater.

The Firette team would like to thank all of the people that helped by coaching and supporting them. Even though we came in last place we had a really good time playing softball. A special thanks to the Spearman Volunteer Fire Dept. for sponsoring us this year and for their constant support in everything we do.

Agriculture News

Layton Barton
Co. Extension Agent (agri.)

The North Plains Research Field Day at Etter which was scheduled for Tuesday, August 28 has been cancelled due to the large amount of rain received this weekend. The Field Day has been rescheduled for this Friday, August 31 at 1:00 p.m. at the Research Station.

This Field Day will be an excellent opportunity for area producers to see and hear of the research work on milo, corn, and wheat being done at Etter. This research work should be very meaningful to Hansford County producers as the growing conditions at Etter are much more like Hansford County than other research station.

4-H TRAIL RIDE

The Hansford County 4-H Horse project group held their annual trail ride this past Thursday. A total of 21 members, parents, and leaders rode on the trail ride.

The group rode all day on the Ed Brainard Ranch, south of Spearman, and were met that evening for a weiner roast by several other parents.

Everyone seemed to survive the ride all right and has a very enjoyable time. However, this County Agent is still trying to get all of the sand out of his hair as a result of the "dunking" in the river by several 4-H members which he received.

We would like to thank all of the parents who helped with the trail ride and weiner roast. Especially Mr. & Mrs. A. D. Reed, Jr., Bill and Joan Brown, and Britt and Linda Jarvis for riding with the group and keeping us from getting lost.

LAMB & PIG PROJECTS

Several 4-Her's are getting ready to buy lambs and pigs for the coming show year. We have a number of sale bills on sales which will soon be happening as well as knowing several breeders who have lambs and pigs for sale.

If you would like or need help in selecting your lamb or pig project, contact us at the Extension office at 659-2136 or 733-2901.

ADULT LEADERS MEETING

The District 1 4-H Adult Leaders' Association will meet August 30th from 6:30 - 9:30

p.m. at the Frank Phillips College in Borger.

All 4-H leaders are invited and encouraged to attend. Some very good training for leaders is scheduled in various project areas and would be beneficial to all leaders.

4-H FAIR

Don't forget the Hansford County 4-H Fair to be Saturday, September 8 on the Courthouse Lawn. For more information contact the Extension office.

Educational programs conducted by the Texas Agricultural Extension Service serve people of all ages regardless of socio-economic level, race, color, sex, religion, or national origin.

Governor Asks Drivers Awareness

AUSTIN -- Calling children "our greatest natural resource," Governor Clements has asked all drivers to become "especially aware of the need for increased safety and vigilance, particularly around our school zones."

Clements proclaimed Back to School Safety Week, from August 25 through September 1, to "call attention to this need for added caution during the start of school." Clements cited the nearly 4,000 traffic deaths in Texas last year and the 389 children killed because of traffic accidents in setting aside this week for particular driver awareness.

"Increased traffic safety awareness and careful driving can help preserve the lives of our children and save them from harm," said Clements.

In Fashion

Metallics are being used in some of the new fabrics.

Belted skirts and jean pants made of brushed denim will be super campus wear this fall. Blazers of the same material will be seen also.

An attractive fall ensemble that gives a soft and flattering look is a shawl collared super-suede blazer worn over a soft suede short sleeve dress.

Producers Should Consider Soil Tests

Producers who intend to plant small grains, winter pastures or other fall crops will want to give due consideration to fertilization, points out Layton Barton, County Agent with the Texas Agricultural Extension Service, Texas A&M University System.

"High crop yields or intensive grazing cannot be realized without adequate fertility. Most Texas soils are low in one or more nutrients, but the level of available nutrients cannot be determined from visual observations. Soil tests have been developed for evaluating the nutrient levels and serve as a basis for developing profitable fertilization practices," Barton says.

The agent reminds that soil tests are available from a number of sources.

"Select a laboratory that uses procedures that are suitable for your soils. For good results from soil tests it is important that the samples be carefully

collected as prescribed by the soil testing laboratory."

"Generally, a core or slice of soil is taken from 10 to 15 spots in a field of average size, put in a clean bucket, mixed and about a pint removed to represent the field sampled. Additionally, a map of fields sampled is needed for producer records--and information about past and future cropping plans should accompany the samples to the laboratory, along with the proper fee," the agent reminds.

A sample report provides soil test results and suggests fertilization and liming for crops planned.

"Now is a good time to submit samples, particularly if one plans to apply fertilizer during the fall or winter months," Barton says.

Your county Extension Agent has instructions and boxes for sampling, and will be glad to assist in selecting a reliable soil testing laboratory.

Bergland Discusses Ag Research Objectives For 80's

SAGINAW, Mich.--Even though U.S. crops are projected near record levels this year, Secretary of Agriculture Bob Bergland said the "challenge of the 1980's is going to be to get back to basics and replenish agricultural research knowledge."

In a meeting with agricultural leaders here, Bergland said that budgetary restraints demand that research be undertaken on only the highest priority needs.

Those needs, he said, include expanding human nutrition research, learning more about photosynthesis, relieving plant and animal stress to weather extremes, increasing plant and animal productivity, developing alternate energy resources and new conservation techniques, and preserving natural resources.

"We must learn what mechanisms result in some plants making better use of sunlight than others. We must also find out why some plants and animals respond better to stress conditions like heat and

drought. We Don't have a precise answer.

"Another priority for our research must be to increase the nutritional value of agricultural products for both people and animals. If we can increase this in both plant and animal products, while we develop mechanisms to turn the agricultural productivity curve upward, we will achieve two of our most important research objectives," Bergland said.

"President Carter is very concerned that farmers of this nation will be very tempted to go out and plow down good conservation cover, and bulldoze shelter belts and terraces to expand production, because of current good crop prices.

Researchers must help address the question of how best to help farmers adapt to a changing world in which protection of our natural resources is more vital than ever before," Bergland said.

In the energy area, he said we must begin to analyze the potential effect of sharply high-

er fuel prices on farming, while developing ways to reduce our consumption of fuels.

"I'm confident that there are ways to economize and that our researchers will develop them. It is absolutely necessary if we are to meet President Carter's goal of reducing our use of imported oil by 2.5 million barrels a day by 1990," Bergland said.

"We are going to give research a sharper focus and take on the tough questions. Only by doing this can we undertake an effective research program to meet our goal for the 1980's he said.

AUTO SALES SLUMP

DETROIT -- Sales of U.S. auto producers fell 18 percent in the first 10 days of August compared with record sales in the same period last year, according to company reports. For the year as a whole, GM was down 5.7 percent, Ford was off 17 percent, and Chrysler was down 19 percent.

What causes lightning? Lightning is caused by an attraction of unlike electrical charges. The earth normally contains a surplus of negative electrons. As clouds pass over, some of these are absorbed in clouds and in the same cumulonimbus cloud there can be areas of both positive and negative electrons.

The first electrical discharges occur between these areas in the clouds. Then a thin leader strike often reaches out to the ground and what is not generally known is that the ground usually strikes back even stronger. In fact, a single strike as observed by the eye is actually many strikes and return strikes between cloud and earth.

Up to 30,000,000 volts, at 100,000 amperes, may be generated in one strike!

Expecting another big utility bill?

Cut the cost, with wise energy management.

Even though summer is almost over, and fall is just around the corner, the hot weather is still with us--and that usually means another big utility bill. And with the rising cost of fuel oil, electricity is not getting any cheaper. Cooling your home can contribute up to 70% of your utility bill, but you can help lower that bill by keeping your thermostat setting at 78°. Close drapes on sunny windows, and change or clean your air conditioner filter once a month. And by installing insulation, you not only get big savings on your cooling bill, but on your winter heating bills, too. As long as the hot, Southwest weather continues, wise energy management can help you lower your utility bills.

RECIPE

By Sarah Anne Sheridan

Leftover baked chicken can be used in many taste-tempting ways. There are many casserole combinations but this recipe is used over hot rice.

Chicken and Vegetables

- 2 T salad oil
- 1 medium onion, thinly sliced
- 1/2 c thinly sliced celery
- 1 4-oz. can sliced mushrooms, drained
- 1 5-oz. can water chestnuts, drained, sliced
- 1/4 t salt
- 1 1/2 c cooked chicken chunks
- 1/2 c chicken broth
- 1 t cornstarch
- 1 16-oz. can bean sprouts, drained
- 1/2 c diced toasted almonds

Preparation time about 30 minutes. In large skillet, in hot oil, saute onion, celery, mushrooms and water chestnuts 5 minutes. Add salt, chicken and broth; simmer, covered, 10 minutes.

Meanwhile combine cornstarch with 1 teaspoon soy sauce and 2 tablespoons cold water; stir into chicken. Heat to boiling; add bean sprouts and stir until thickened and bean sprouts are hot.

Serve on hot rice, sprinkled with almonds. Soy sauce may be an added treat for those who wish to use it. Recipe serves 6.

HOROSCOPE

Week of September 2, 1979
VIRGO -- Those born under this sign usually like to follow the rules, have a strong sense of duty and work hard for what they want. They have a tendency to criticize others.
VIRGO -- Aug. 23 to Sept. 22--A look into the past proves fascinating. Read all the material available to you on a subject in which you have recently become interested. Genealogy can be a fun hobby for some.
LIBRA -- Sept. 23 to Oct. 22--This is a good week for goofing off. A new hairstyle will give you a lift. Eat lunch at a new restaurant. Plan a simple menu and invite friends over for an evening.
SCORPIO -- Oct. 23 to Nov. 22--You had better curb the urge to be wherever you are not. Learn to be happy where you are. You should know by now that the grass is not greener. If you want

and wisdom suddenly seem to come easily to you. A creative project you are beginning or have begun recently will be a greater success than you ever imagined.
TAURUS -- April 21 to May 20--Something happens which causes you to take a softer approach to life. You may feel the fight you have fought for many years was in vain. Although this may be true, tomorrow is another day. Start it on the right foot.
GEMINI -- May 21 to June 20--Take care of your health. Leave all things detrimental to your well-being alone. You will feel a renewal now that fall is fast approaching. Plan now to better yourself.
CANCER -- June 21 to July 22--You may be disappointed in the actions of a relative. Be as gracious as you can. Grin and bear it. Next week all will be forgotten. Treat yourself to a meal at a good restaurant.
LEO -- July 23 to Aug. 22--You have a good time reminiscing with an old friend, someone you thought

you would probably never see again. The two of you enjoy a good dinner.
Rural women still choose traditional roles
COLLEGE STATION -- A six-year regional study, based on 1,268 interviews with women and men in Texas, Louisiana, Alabama, Georgia and North Carolina, reveals that women in rural areas still choose the traditional roles of nurse, teacher, secretary and housewife.
 The women's movement seems to have had no effect on career choices for rural women, claim sociologists Dr. J. Steven Picou and Arthur G. Cosby of Texas A&M University.
 The researchers believe there is a definite need for better occupational guidance in these rural areas. Calling disadvantaged southern rural youth the forgotten minority, Picou contends that "Rural females just haven't had the role models of successful women that are so often apparent in the cities. They see only what they have access to -- women in their traditional jobs."

MBA degree increases job potential

COLLEGE STATION -- The MBA (master of business administration) degree is one of the hottest college credentials going today, probably second only to an engineering diploma in its ability to attract a job, said Dr. Carlton Stolle, assistant dean of the College of Business Administration at Texas A&M University.
 Entering students in business at Texas A&M are up 28 percent over last year. The university's next largest increase is in engineering which expects a 14 percent increase.
 "I don't see anything to slow the demand," said Stolle. "In some firms now it is a necessity to have an MBA just to get an entry level position."

Rural women still choose traditional roles

COLLEGE STATION -- In playing the market of hard money investments -- rare stamps, coins, antiques, art and precious metals -- a little homework goes a long way, says an investment expert at Texas A&M University.
 "You've got to be careful," warns accounting professor Dr. Larry Crumbley. "There is a great deal of fraud edging up these days."
 The number one investment buy last year came in the little-known oriental ceramics market, indicated a rating report from a New York investment firm. Other leaders on the list were diamonds, paintings by old masters and gold. Stocks and bonds were rated well down the list, behind farmland, housing and silver.

JANE FONDA GOES 'ON ASSIGNMENT' TO PREPARE FOR ROLE IN "THE CHINA SYNDROME"

"I'm beginning to realize that I go through this weird thing before I start a new movie," revealed Jane Fonda. "I fast, I walk alone on the beach, I try physically to get rid of all excess baggage. It's my way of what's called 'getting clear'."

The character Jane Fonda was "getting clear" for is the central figure in a contemporary thriller called "The China Syndrome," opening Aug. 31 at the Lyric Theatre, in which she plays a television feature reporter. The Michael Douglas/IPC Films Production is directed by James Bridges and based on an original screenplay by Mike Gray & T.S. Cook and Bridges. Michael Douglas produces and Bruce Gilbert is executive producer.

CS-8 TV reporter Jane Fonda witnesses a near-catastrophe while filming a news feature in the contemporary thriller, "The China Syndrome," which opens Aug. 31 at the Lyric Theatre. The Columbia Pictures release also stars Jack Lemmon and Michael Douglas.

Michael Douglas also stars as Fonda's feisty and free-lance cameraman, who prods her to pursue a too-hot story, one that jeopardizes her job and the life of their undercover news source, the pivotal co-starring role played by Jack Lemmon.

"I hardly ever read a scene before I do it. I get good ideas when I do it without preconception. You just have to relax, to be clear and open to inspiration. The beauty of movies is that if it's not right -- you just do it over again. You've just got to be open to things and you've got to be brave."

For her Academy Award-winning performance as call-girl Bree Daniels, Fonda researched the part by getting to know many women operating in New York's sexual underworld. For "Syndrome," she tagged along with Los Angeles TV reporters as they covered their assigned stories.

"Feature reporting in the field is very hard work," the actress learned. "Often, the story you've been sent out on just isn't there or isn't true. And it's pretty thin stuff to begin with. Once we went out to cover a fashion show because Betty Ford was supposed to attend. No Betty Ford, no story. So we went into a singles' bar and asked people what they thought about the proposed health laws to curtail smoking in public places. Frankly, a more substantial story. Got it back to the station, edited and on the five o'clock."

"You've got to think on your feet, produce on the spot and under great pressure. And all that at one-tenth the pay of anchorpersons who just read prepared copy."

Another ingredient her research turned up was incorporated into the script by director/

co-writer James Bridges. She explains, "Stations hire consulting firms to advise them on how to present the news, the results being less hard news and more human interest stories, a 'keep it short and snappy' criteria, relaxing the presentation, i.e. 'Happy Talk News' and personality newscasters with fan club followings. All that market research and audience testing results in a format that certainly questions the values and priorities of station management."

Perhaps a reflection of the fierce competition among them, Jane Fonda observed that virtually all the women reporters she met have obviously dyed hair, "with the exception of Connie Chung." For the first time for a film role, Fonda dyed her long fair hair a show-stopping red. She says jokingly, "I'm acting out my Brenda Starr fantasy."

"The China Syndrome" is a project the actress feels very strongly about.

"I think this is a film that will speak to many people because many people are faced with difficult choices daily, especially in their jobs: the bank secretary who becomes aware of corporate spying on individuals, the night-watchman who accidentally observes the Watergate break-in, the company scientist who realizes that asbestos workers are being exposed to carcinogens, the nuclear engineer who is unconvinced of plant safety precautions. Everyone wants and needs his job. I think 'The China Syndrome' is going to be a movie that speaks to a lot of people."

MORE FOR FOOD STAMPS

The White House announced that President Carter has signed into law a bill raising the spending limit for the federal food stamp program by \$621 million for this bookkeeping year.

INVENTORIES PILE UP

Another recession signal has appeared as the government reported that business inventories swelled in June by 1.3 percent. June's increase followed rises of 1.1 percent in May and 1.4 percent in April.

SPREADING INFLATION

Inflation reportedly is rising in most of the world's rich countries, with the United States well up among the leaders, the International Monetary Fund reported. The IMF lists 14 countries as "industrial."

I, Orville Latham Tax Assessor-Collector for the City of Spearman, in accordance with the provisions of Article 7244C, V.T.C.S., have calculated the tax rate which may not be exceeded by more than three (3) percent by the City Council of the City of Spearman without holding a public hearing as required by Article 7244C, V.T.C.S. That rate is as follows:

\$1.22 per \$100 of assessed value.
