

It's At Frenship Friday

The Spearman Lynx will travel to Frenship Friday, for a 7:30 p. m. game. Frenship lost their opener to Littlefield, and the Lynx lost to Stratford. Both Littlefield and Stratford are top teams, and the Spearman-Frenship game is rated as a toss-up! Littlefield scored 28 pts. in the first half to rout Frenship 35-7.

In checking-with school officials Tuesday of this week, the Spearman-Frenship game is definitely scheduled at 7:30 p. m. at Frenship. Frenship is located 12 miles West of Lubbock, near Reese Air Force Base. Fans definitely should check on the game time, as it started in Spearman last year at 6:30.

\$1,194,000 Co. Budget Approved

Hansford County Commissioners in their regular session Monday, Sept. 10 adopted the 1980 budget in the amount of \$1,194,000.

They also set the tax rate at \$1.82 per \$100 valuation. This is up 1 cent from the rate for 1978. The county rate was actually lowered 5% cents but the hospital rate was raised making the difference in the total tax.

Commissioners renewed the tax contract with appraisal experts, Pritchard & Abbott, for oil and mineral property.

Approval was given for the deputization of Gary Evans of the Gruver community for Hansford County Sheriff Department, as well as that of Lucio Moreno of Spearman as part time deputy sheriff.

Commissioners also approved an easement in the south part of the county for a telephone line for General Telephone Company.

YMCA Youth Center Is Open

Ping Pong tables, pool tables, foos ball machines, pin ball, space race, football and racing machines are all now installed in the YMCA. Also, there is basketball and four-square available each afternoon, Monday through Friday.

The schedule right now is set up for elementary and junior high school youth from 3:00-5:30 p.m. Elementary youths may come by on Monday-Wednesday-Friday afternoons and the junior high school (7-8-9 grades) on Tuesday and Thursday afternoons. Later a weekend schedule will be available.

Evenings, for the time being, will be for practicing men's basketball and women's volleyball between 7:00 and 9:00 p.m.

BOXING CLUB

D.A. Cator and Mike Babbs have had a Gruver Boxing Club for the past several years. They have invited the YMCA to join in their effort to build the club, with members participating from both Gruver and Spearman. The Club has participated

in A.A.U. competition. And, there is a lot of boxing taking place in the panhandle of Texas. Communities which have boxing clubs include: Dumas, Stinnett, Guymon, Plainview, Tulia, Hereford, Lubbock, Hooker, Levelland, Amarillo and Liberal. The competition is by weight and age groupings: 9 years and under, 10-11, 12-13, 14-15, 16-18 and an Open Classification of 16 and older.

The competition begins the latter part of September and continues throughout the winter. However, no one will begin competition until in condition to compete. Boxing is an excellent sport for learning self confidence, proper emotional control, exercise and fair play.

If anyone is interested in competing, please call the YMCA at 659-2591 today.

Street Sweeper In Use!

The new Spearman street sweeper is pictured above in action, as it sucks up and sweeps the dirt from the gutters in Spearman. The new sweeper saw plenty of action this week, and will be put to good use on city streets in the future.

Like a large Pelican, the new Pelican street sweeper empties dirt and trash from the streets in Spearman. This truck was loaded rather quickly by the sweeper, and city officials hope that by cleaning the streets this will prevent water from backing up and freezing at intersections and destroying the pavement.

The Champion Speartex Grain "Bottoms Up" team include the following players and coaches. Back row, 1 to r, Lou Padilla, Kendra Ivey, Johnny Pate, Shirley Pate, Carol Stavio, Kaye McFarlin,

Lori Winter, Dana Baker, R.L. McFarlin, Rosetta Tindell and Jim Ivey. Front row, 1 to r, Debbie Padilla, Tammy Garcia, Mary Nava, Deborah Jones, Ramona Garcia and Merry Shelton.

Research Day At Etter

Farmers and business people attending the Field Day at the North Plains Research Field near Etter saw the latest research on irrigating North Plains crops. Visitors toured research plots on the "Aggie Choo-Choo". The Choo-Choo was built from little wagons used to move baggage and freight at railway stations and pulled by small tractors. Stops were made at eight locations and covered irrigation of soybeans, corn, sorghum, and wheat. Wheat pasture management and irrigation pumping efficiency was also discussed with visitors at the Research Field.

Dr. G. B. Thompson, Research Director at the Texas A&M Center in Amarillo, dedicated the field day to the late Dr. John Shipley and introduced Dr. Wyatt Harman, his replacement. Harman will help growers devise methods for profitable use of irrigation water with increasing inflation and fuel costs," Thompson said.

He also pointed out that inflation was taking a big bite out of agricultural research. The legislature increased appropriations the last session but did not match inflation. To make up for this loss the Texas Agricultural Experiment Station will have to cut staff by 10 percent in the next two years. Thompson pointed out that researchers in the Panhandle were luckier than other parts of the State Experiment Stations because of receiving extra money to study water use in the High Plains.

At the first stop on the tour, Tommy Moore, Research Associate at the Research Field, described a trickle irrigation experiment on corn. In previous years, corn yields with trickle irrigation have exceeded 280 bushels per acre with 15 inches of water.

Moore said, "The systems were set to apply either 15, 30 and 60 inches of water." Trickle lines were 80 inches apart and corn was planted on 20 inch rows. Moore said, "Trickle irrigation systems are expensive, but with a little more research they will be competitive with center pivot systems."

Soybeans
Dr. Frank, Petr, Extension Agronomist from the Texas A&M Center at Amarillo, discussed soybean production research since 1965. Petr said that Group IV maturity soybeans have given the best yields. Clark 63, was the best variety for many years. Recently, Columbus and Mitchell have given

yield 5 bushels per acre," Petr said.

Dr. Petr described an irrigation experiment underway with 18 water treatments based on stage of growth.

Dr. Dan Undersander told people on the tour about a large corn irrigation trial with 60 treatments. The least water applied will be preplant irrigation only. The most will be preplant irrigation followed by six post planting irrigations. He pointed out that previous research shows that profitable corn production takes preplant and four or five summer irrigations. Sorghum, on the other hand, responds well to one to three summer irrigations.

Corn and sorghum variety trials were discussed by Kenneth Holloway, County Extension Agent from Moore County. He said there were 56 grain corn varieties and 26 corn silage hybrids that were greenbug resistant and 35 that were not.

Skip row corn may have a place as water gets shorter according to Cecil Regier, Texas Agricultural Experiment Station researcher in charge of the North Plains Research Field. The scientist showed visitors a study with over 25 combinations of irrigation and skip row spacings. He also discussed yields from a similar trial in 1977. Applying 30 inches of water to a solid planting of corn in six irrigations produced 104 or 77 bushels per acre in 30 and 40 inch rows. In general, yields on other treatments were proportional to irrigation water applied. An exception was four rows in and one out when the three middles with corn were watered. With either row spacing irrigation water application was reduced 40 percent to 18 inches, but corn yield was reduced only 15 percent compared to full irrigation and solid planting.

The potential for using blong in furrow irrigation was discussed by Dr. B. A. Stewart, Director of the USDA Center at Bushland. The experimental field was planted with six pounds of seed per acre on the top of the field and two pounds per acre on the bottom. Irrigation is being applied in varying amounts and held near the top of the field with furrow dams. Dams wash out as irrigation water moves down the furrows. Treatments are designed so that neither tail nor rain water leaves the field. According to Stewart, "One year of furrow dikes at Bushland increased dryland sorghum yield from 430 to 1260 pounds per acre." "We will not always get that much yield increase, but using furrow dams to improve return from

pleted the spring of 1979. The best gain, 2.43 pounds per day came with 12.5 pounds of grain supplement fed three times a week. Hutcherson said, "Cattle fed five pounds of supplement every day waited for grain instead of grazing the wheat." Keeping pumps and motors in good repair can cut irrigation water cost in half according to Leon New, Texas Agricultural Extension Service Irrigation Specialist. New showed farmers how to check irrigation well efficiency on the electric well at the Research Field. He measured pumping rate with a water meter, electricity used on the meter, depth of pumping and discharge pressure.

Ray & Christine Brandvik Story

(Editor's Note: This is the first in a series of histories that will appear in the Hansford County History Book to be published early in 1980.)

Mendota Ray Brandvik, of Norwegian lineage, was born December 31, 1933 in Perryton, Texas; the first of 4 sons of Gilbert and Nadene (Frantz) Brandvik. Ray's ties to Hansford County go back 3 generations to when his grandfather, Sophus Johan Brandvik, a native of Norway, purchased land 8 miles north of Gruver in 1914; coming here from South Dakota. Ray's father, Gilbert, bought a half section of the land in the 1940's. Gilbert died in 1948, and Ray's mother, Nadene, still owns the land where Ray and his brothers were raised. Ray's brothers are Jay, who now lives on the home place; Guy, who farms at Lutie, Texas; and Gay, who lives in Dumas.

Ray went to work for Dean Cluck as a young man, and while working there met Kathryn Christine Williams, whose folks lived on a neighboring farm. Christine was born December 12, 1936, in Canyon, Texas. Her father, Joseph Wayne Williams, died in 1948; and her mother, Velma (King) Williams, then married Henry Wyatt. The family farmed 20 miles southwest of Gruver, where Christine and her brother, Rex Williams, grew up, joined by a step-brother, Eugene Wyatt. The children attended schools in both Sunray and Gruver while growing up; graduating from Gruver High School.

Ray and Christine were married July 23, 1954, moving in the early part of their marriage to the Brandvik home place to farm. While living there, their daughter, Terry Lynn, was born March 29, 1956 in Perryton; and also their son, Jimmy Ray, born in Perryton, October 1, 1958.

Brandvik's nearest neighbors were Anson and Katherina Ward; whose wisdom and friendship was a valuable asset to the young couple just getting started.

Ray left the Brandvik farm in 1960, and the family moved to Gruver and worked for Bob Cluck for several years. Their third child, Benton Lane was born during this time, on March 5, 1962, in Guymon, Oklahoma.

In 1966, the family moved to Christine's home place 20 miles southwest of Gruver to help her folks with the farming; eventually leasing the land and building their home there in 1970. Their children attended school in Gruver. Ray and Christine continue to live and farm in the area, and have cattle interests.

Ray and Christine's daughter, Terry, attended college at West Texas State University for 2 years before marrying Kurt Eiting, son of Mr. and Mrs. Glendon Eiting of Gruver. Terry and Kurt were married September 4, 1976. They lived and worked in Guymon for a year after their marriage, then built their home on the Eiting farm 5 miles northwest of Gruver in 1977, where they are engaged in farming and ranching, and also have banking and real-estate interests.

Jim married Kandy Fenhaus of South Dakota, September 23, 1978. They have a son named Christopher. Jim served as a Patrolman with the Dumas Police Department from February 1978 to July 1979, and is now in training for a position with the New Mexico State Police. Jim first began his career in Law Enforcement with the Sheriff's Department in Canadian, Texas, where at age 19, he was the youngest deputy in Hemp-hill County.

Benny is a 1980 Senior in Gruver High School. He is a valuable part of the farming operation, and he enjoys singing and playing guitar, photography, and raising poultry.

Christine is the fourth generation to live and farm in the same area. Her great-grandfather, John Alexander Boney, (1850-1935) purchased land at the edge of Hansford County in 1902. His daughter, Maggie (Boney) King (1890-1967) then farmed some of the land with her husband Virgil King (1878-1954) until turning it over to their daughter, Velma, who still lives in the house her father built in 1929. Now Christine and Ray lease the land and make their living in farming in the way their ancestors started; and they are proud of the heritage made possible by those who lived, worked, and persevered before them.

Gruver edges Kiowas, 3-0

GRUVER—Gruver's Chris Dorman booted a 32-yard field goal in the first period, and that remained the difference last night as Gruver shaded Booker, 3-0, in the schoolboy football season opener for both teams.

Gruver won the statistical battle with a 206-84 edge in total yards and an 11-7 bulge in first downs.

The game left Gruver 1-0 and Booker 0-1.

NO PROTESTS AT CITY MEETING: There were no protests at the city meeting Tuesday night, concerning the tax increase and the new budget for the coming year. Frances Loftin was absent, but all other were present.

The pledge and allegiance was given, at the city meeting Tuesday evening, and the minutes of the August 28 meeting were approved. The city accepted the service agreement with Panhandle Medical Service, Inc. They also adopted the ordinance affixing the tax rate for the fiscal year 1979-80. Several people were on hand, and discussed the new tax increase with the council, and most agreed with the council that the increase 4.9% if anything was not enough. But the mayor stated that they have trimmed the budget down to where they can operate in the coming year at this small rate increase.

The monthly fire, ambulance, police and municipal report was approved.

August bills were approved and paid.

In other discussions Tuesday night, mayor Blodgett stated that the black dirt work is about all done on the run-way, and that we are now ready to apply the base, and seal the strip, expecting to get done before the first of the year if the weather permits.

Leon Jaworski, former Watergate prosecutor, endorsing Republican Bush for president:

"I am a registered Democrat, but for the office of President I have selected a man I thought would offer leadership."

Bike-A-Thon Planned

St. Jude Children's Research Hospital is proud to announce Mrs. Bill Strawn has been named to head the 1979 Fall Bike-A-Thon Campaign in Spearman.

The Bike-A-Thon will be held Sept. 22 beginning at 2 p.m.

William J. Kirwen, St. Jude's Development Director, made the announcement and said more information will be forthcoming concerning the date, place, time etc.

"St. Jude Children's Research Hospital is the only research center dedicated exclusively to the study and conquest of catastrophic diseases of children. Its work, particularly in leukemia and other childhood cancers, has been internationally acclaimed and cited as a leading example for basic and clinical research."

"No one has ever been charged for the benefits provided by St. Jude Hospital," Kirwen said. "And that includes the

extremely expensive total medical care provided to children enrolled in its research studies."

"Over two-thirds of this year's 19 million dollar operating budget came from public support. Each year we rely on events like this to pay for the following year's costs."

"Since Danny Thomas opened this institution in 1962, his dream of conquering the deadly diseases of childhood has continuously been brought closer to reality. Mr. Thomas is still the very active president of this organization and inspires us in this cause," Kirwen said.

Ellen Burstyn, who co-stars with Alan Alda in Universal's "Same Time, Next Year," was required to be eight months pregnant for a scene in the romantic comedy. She complained to director Robert Mulligan about the weight of material she was carrying to achieve the necessary effect. To this the director replied, "Carry on."

Golden Spread Center News

Karen Kenney To Compete In State Fashion Revue Spearman Music Club Meets

KAREN KENNEY

"Fashion Fever" will set the stage for the 1979 State 4-H Fashion Revue -- and Karen Kenney of Spearman will be among those competing for top honors during the September 13-15 event in Waco.

4-H Fashion Revues earlier this year.

For the contests, the 4-H'ers constructed a three-piece ensemble of black and white accented with red made of 100% wool. It features a straight, slit skirt and tailored jacket along with a soft blouse of polyester.

Fashion Revue participation is an optional part of the 4-H and Youth Clothing program, sponsored by the Texas Agricultural Extension Service, The Texas A&M University System, says Peggy Winegarner, Hansford County Extension Agent. More than 10,000 youth across Texas were involved in the program last year.

Youth ages 9-19 developed skills in fashion, textiles, buying, garment construction, grooming, wardrobe planning and the social-psychological aspects of clothing -- as part of the program, the agent says.

Our electrical energy use has about doubled every decade since 1900.

Spearman Music Club will meet on Thursday, September 11 at 7:30 p.m. at the First Christian Church. Officers will be the hostesses for a salad supper. Marites Anolin, Tess Manese, Rosemarie Rivera, and Marietta Virgel will sing "A Time for Us", words by Larry Kusik and Eddie Snyder and music by Nino Rota to illustrate the theme of the evening "A Time For Beginning." Over-all theme for the year's programs will be "To everything there is a season, and a time to every purpose under heaven." (Ecclesiastes 3:1)

National theme for 1970-80 is "Serving Mankind Through Music". State theme is "Unity Through Music". Course of study this year is "Living Biographies of Great Composers" by Henry Thomas and Dana Lee Thomas.

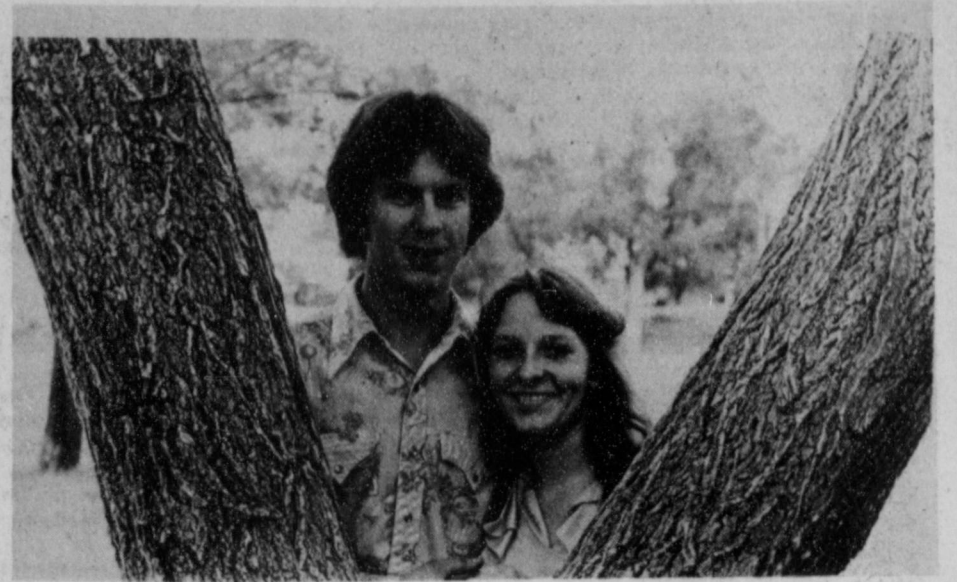

Officers of the Spearman Music Club are Mrs. Dean Leighnor, president; Mrs. Edward Freeman, vice-president; Mrs. Mike Glass, recording secretary; Mrs. Russell Townsend, corresponding secretary and treasurer; Mrs. Carl Kunselman, historian and parliamentarian.

Spearman Music Club encourages all women who are interested in all phases of music to call Mrs. Carl Kunselman (2631) or Mrs. Ed Freeman (2059) if they are interested in being a member of the club. One does not have to be a performer to be a member.

The Duke left his house in Edinburgh to sign the treaty. He left in his house his insane son, a grotesque monster. While the Duke was away his son seized a young kitchen boy and roasted him alive on a spit. When the Duke returned from the treaty ceremony he discovered his son eating the boy. It's doubtful that the Duke enjoyed his 12,000 pounds after that experience.

But there were cannibals in Scotland even some 300 years before the Duke's mad son. The family of Sawney (Sandy) Beane lived in a cave on the coast of Ayrshire.

Engagement Announced

Mr. and Mrs. Clois L. Baker are announcing the engagement of their daughter, Cassie Lynn to Dennis Lee DeArmond, son of Don and Mary Jane DeArmond.

An October 20 wedding in the First Baptist Church here is being planned.

The prospective bride is a student in Spearman High School. Dennis is a Spearman High School graduate and is employed by North Plains International.

Mrs. Tompkins To Celebrate 94th Birthday

Mrs. Jessie Tompkins will be celebrating her 94th birthday, Monday, Sept. 17.

Friends of Mrs. Tompkins are asked to send her a birthday card, 30 S. Barkley, Spearman, Texas. She will be on vacation for two weeks, but hopefully on her return, her mail box will be full of cards.

Mrs. Tompkins is an inspiration to us all and would certainly appreciate birthday greetings on this day.

Marsha Key Study Group

The Marsha Key Study Group met in the home of Altha Groves Wednesday Sept. 5.

The prayer calendar was read by Mrs. Woodville Jarvis and the prayer for the sick was led by Mrs. Joe Novak.

The Bible Study was led by Mrs. Fred Holt.

The group was dismissed in prayer by Mrs. Lowell Denman.

Refreshments were served by the hostess Altha Groves to Mmes. Fred Holt, Glen Hiller, Joe Novak, Fred Hoskins, F.W. Thomas, A.F. Loftin, Arthur Adkinson, Karl Kizziar, Lowell Denman and Mabel Edwards.

The next meeting will be Round Table in the home of Mrs. Fred Hoskins.

Study Groups Met

The Lilly Hunley Study group met for a Planning Tea Wednesday, Sept. 5 in the First Baptist Church parlor. The prayer was led by Cheri Jarvis.

Plans for the year were gone over and discussed. The President JoDell Tigrett took this time to familiarize the new members some of the aspects and functions of the club. Also each member was updated on some of the committee reports.

Hostess Cora Queener served refreshments to: Mary Baker, Cheri Jarvis, Jo Dell Tigrett, Jo Linda Hutchison, Charlotte Martin, Cindy Reger, Charla Baker, Pat Dean, Eva Mae Reger and Cathy Gafford.

The next meeting will be for the Week of Prayer for State Missions Wednesday, September 19 at the church.

I, Orville Latham, Tax Assessor-Collector for the Spearman Independent School District, in accordance with the provisions of Article 7244C, have calculated the tax rate which may not be exceeded by more than three (3) percent by the Board of Trustees of the Spearman Independent School District without holding a public hearing as required by Article 7244C, V.T.C.S. That rate is as follows:

A Way of Life!**

Before

When one has always been thin -- fat is hard to accept! After 10 years of trying everything except drugs, I started to work for Pat Walker's, (really not believing), and started losing!

Now this "Susie Homemaker, Grandmother, and Sunday School Teacher" is working at a job that isn't a job, but a way of life with a purpose in mind.

My husband always told me he liked me just the way I was. -- Until I lost. I asked him why he never told me I was fat. He said there was no reason for him to beat me when I was already beating myself.

Now, 35 lbs., and 60 inches later, (from size 12 to 5), my life has changed totally!

Mercer Shaw In Concert

MERCER SHAW

We are thrilled to be able to present Mercer Shaw in concert at First Christian Church September 16-19, 7:30 p.m. each evening.

Mercer is doing a rare thing in churches all over the country in his one-man concert-witnessing revival. His music is the best current popular religious

calibre like Ken Medema and Bill/Gloria Gaither. His tremendous voice is live and alive with a passion and conviction coming from his own personal experience. Listeners are challenged with the necessity of making a choice about Jesus Christ and inspired to act upon that choice.

He is prodigiously talented and experienced whether he is singing an excerpt from an opera or a gospel song like "Amazing Grace." He is able to lift the worshipers and create a profound spirit of worship.

Mercer has spent twenty-eight years in full time Christian Service as Religious Educator and Minister of Music, Music Leader for State, National and World-Wide Evangelistic Meetings, former Member of Baptist Hour Quartet, Former Minister of Music Immanuel Baptist Church in Tulsa, Oklahoma, and a Graduate of Oklahoma Baptist University.

He will be presenting the good news in Christian concert that will bring an enthusiastic spiritual lift (that goes far beyond performance) into the hearts of people enabling them to truly be renewed spiritually.

We invite you to come share with us each evening at 7:30 p.m.

A Fellowship Time will follow each performance.

4-H Builds Leaders

There are five keys to successful leadership. A good leader believes in people, encourages them and gives them responsibility. The leader also acts as a talent scout and develops a positive attitude toward getting things done.

Anyone who is willing to tackle a job that requires co-operating with others can learn to be an effective leader.

This is where the 4-H program comes in—it can help youth become effective leaders, points out Layton Barton, County 4-H program coordinator with the Texas Agricultural Extension Service, Texas A&M University System.

The national 4-H leadership program, supported by Reader's Digest, stimulates young people to become leaders through a variety of learn-by-doing activities. These activities help turn girls and boys 9-19 into the creative, inspiring individuals that others just naturally want to follow.

As a first step, 4-H members gain self-confidence by becoming experts at something, whether it's baking a cake, fixing a bike or playing a game. Then, they share their expertise with others through demonstrations, speeches and exhibits. Soon they are serving on committees and hold offices in their 4-H clubs. As junior and teen leaders they are assisting younger 4-H'ers with their projects.

Finally, leadership skills learned in 4-H are carried over

into the larger community, notes Barton. Nine national 4-H leadership winners reported activities that ranged from spearheading local charity drives and organizing leadership conferences for inner city teens to chairing a county youth committee for a congressional candidate.

Each national winner received a \$1,000 scholarship donated by Reader's Digest. The high ranking-girl and boy won silver trays presented in the name of President Jimmy Carter.

Other recognition for program members includes an expense-paid trip to National 4-H Congress in Chicago for one 4-H member per state and up to four medals of honor in each county.

Winners are chosen by the Extension Service, which conducts the 4-H program, and awards are arranged by the National 4-H Council.

Further details on becoming involved in the 4-H leadership program are available at the County Extension office, adds Barton.

Henderson Services Held

Memorial services for Mrs. Maudie Lee Henderson, 89, a Hutchinson County pioneer, were held at 2 p.m. Saturday in First United Methodist Church in Stinnett. The Rev. O.M. Butler and the Rev. William Houghton officiated.

Burial was in Lieb Cemetery by Minton-Chatwell Funeral Directors.

Mrs. Henderson died Thursday.

Survivors include a daughter, Mrs. Denzil Lee Carp of Borger, and a brother C.E. Lieb of Stinnett.

Bake Sale To Benefit Arthritis

In her request for local participation in the upcoming bake sale, Mrs. Helen Dry, community Chairperson of the Arthritis Foundation for Spearman, said, "The call is for men and women who get satisfaction in helping their neighbors and in working to reduce human suffering. We appeal to people who realize that arthritis, far from being a matter of minor aches and pains, is a serious disease for thousands of its victims."

Helen, who is a volunteer herself, pointed out that volunteers are the foundation's life blood. She stated, "that without dedicated people working for the cause, both during the campaign and year-round, there would be no programs to help the 500 arthritis sufferers living in the Spearman area."

The Women's Division of the Chamber of Commerce has volunteered to head up the bake sale with support from other Women's clubs in the area. Sheri McWhirter is chairman with Wanda Brown and Dana Schnell as co-chairmen.

The bake sale will be held Wednesday, September 26, 1979, at Gordon's Drug & Thriftway, beginning at 7:30 A.M. The citizens of Spearman are asked to help in the fight against arthritis by joining in the fun at the Spearman Arthritis Foundation Bake Sale.

Ajith Fernando To Speak Here

AJITH FERNANDO

Mr. Ajith Fernando, who was Youth Director at the First United Methodist Church in the summer of 1974, will be in Spearman September 13 & 14. He will be showing slides and speaking at the First United Methodist Church Thursday, Sept. 13, at 7:30 p.m. The public is invited to attend.

Ajith is presently serving as National Director of the Youth for Christ in Sri Lanka (Ceylon). He serves on the Youth for Christ Committee which is meeting in Chicago this month. While he is in the States he will be preaching, teaching and speaking in various churches throughout the States.

We feel privileged to have him in our church and community at this time. We hope you will make plans to come as he shares with us at this time.

There will be refreshments and fellowship time following his program.

Adult Basic Education

Allen Alford, director of Adult Basic Education for the Spearman ISD, announces that registration for adult basic education classes will be held at 7:00 Monday, September 24, 1979, Room #1 Spearman Elementary School, 511 S. Townsend. Classes are open to all persons who want to work toward a G.E.D. Certificate. The G.E.D. Certificate is equivalent to a high school diploma and is awarded after the student passes the G.E.D. Test.

The classes will include work in math & English and speaking up to review and preparation for the G.E.D.

Classes are offered free and students may enroll at what ever class level meets their needs.

Detailed information can be obtained by calling Allen Alford, director, Adult Basic Education Spearman Elementary school, 659-2565.

PUBLIC NOTICE

BRIEF EXPLANATORY STATEMENTS OF PROPOSED CONSTITUTIONAL AMENDMENTS SPECIAL ELECTION NOVEMBER 6, 1979

PROPOSITION NO. 1 ON THE BALLOT (H.J.R. 108)

House Joint Resolution 108 proposes an amendment to the Texas Constitution relating to the appointment and terms of notaries public. The proposed amendment would:

- Require the Secretary of State to appoint a convenient number of Notaries Public for the state; and
- Authorize terms of office of Notaries Public of not less than two years nor more than four years.

A temporary provision of the proposed constitutional amendment provides that the amendment would take effect January 1, 1980; that each person who was appointed a notary public before January 1, 1980, would continue to serve as a notary public for the term for which the person was appointed; and that this temporary provision would expire January 1, 1982.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for the appointment of notaries public for the state and for a term of not less than two years nor more than four years as provided by law."

PROPOSITION NO. 2 ON THE BALLOT (H.J.R. 133)

House Joint Resolution 133 proposes an amendment to the Texas Constitution to provide for legislative review of the process of rulemaking by agencies in the executive department. The proposed amendment would allow the Legislature to enact laws:

- To provide for legislative review of the process of rulemaking by agencies in the executive department;
- To prescribe conditions for rules to take effect;
- To provide for suspension, repeal, or expiration of rules;
- To prescribe procedures; and
- To delegate powers to either or both houses or to committees of either or both houses.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment to provide for legislative review of

the process of rulemaking by agencies in the executive department."

PROPOSITION NO. 3 ON THE BALLOT (S.J.R. 13)

Senate Joint Resolution 13 proposes an amendment to the Texas Constitution authorizing the Legislature to provide for the guarantee of loans used to purchase farm and ranch real estate for qualified borrowers. The proposed amendment would allow the Legislature to provide for, issue, and sell general obligation bonds called "Farm and Ranch Loan Security Bonds" of the State of Texas not to exceed 10 million dollars. All money received from the sale of such bonds would be deposited in a separate fund with the State Treasurer and administered by the commissioner of agriculture without further appropriations. These funds would be used to guarantee loans for the purchase of farm and ranch real estate. The commissioner of agriculture would use these funds, under provisions to be prescribed by the Legislature for the purpose of guaranteeing loans used for the purchase of farm and ranch real estate, to acquire real estate mortgages or deeds of trust on lands purchased with guaranteed loans. These funds would also be used to advance to the borrower a percentage of the principal and interest due. The Legislature may also authorize the commissioner of agriculture to sell at foreclosure any land acquired in the manner authorized by this amendment. The commissioner of agriculture would be required to charge at least 6 percent interest on such loans. The proposed amendment appropriates an amount that is sufficient to pay the principal and interest on the bonds that mature or become due during the fiscal year less the amount in the interest and sinking fund at the close of the prior fiscal year.

The proposed amendment will appear on the ballot as follows:

"The constitutional amendment authorizing the legislature to provide for the guarantee of loans for purchase of farm and ranch real estate for qualified borrowers by the sale of general obligation bonds of the State of Texas."

PROPOSICION NO. 1 EN LA BOLETA (H.J.R. 108)

La Resolución Conjunta #108 de la Cámara de Representantes propone una enmienda en la constitución de Texas referente al nombramiento y a los plazos de los notarios públicos.

La enmienda propuesta: —Requerirá que el Secretario de Estado nombre a un número conveniente de notarios públicos para el estado; y —autorizará para que los plazos oficiales para notarios públicos sean por no menos de dos años y por no más de cuatro años.

La provisión temporal de la enmienda constitucional propuesta declara que la enmienda entrará en vigor el 1° de enero de 1980; que cada persona que haya sido nombrada como notario público antes del 1° de enero de 1980 continuará ejerciendo como notario público hasta vencerse el plazo por el que fue nombrado; y que esta provisión temporal se vencerá el 1° de enero de 1982.

La enmienda propuesta aparecerá en la boleta como sigue:

"La enmienda constitucional para el nombramiento de notarios públicos para el estado para un plazo de no menos de dos años ni de más de cuatro años, según lo previsto por la ley."

PROPOSICION NO. 2 EN LA BOLETA (H.J.R. 133)

La Resolución Conjunta #133 de la Cámara de Representantes propone una enmienda en la constitución de Texas para proveer una revisión del proceso reglamentario en las agencias del departamento ejecutivo. Esta enmienda propuesta permitirá a la Legislatura el decretar leyes:

- Para proveer una revisión legislativa del proceso reglamentario en las agencias del departamento ejecutivo;
- Para prescribir condiciones para que las leyes sean puestas en vigor;
- Para suspender, revocar o expirar las reglas;
- Para prescribir procedimientos; y
- Para delegar autoridad a cualquiera o a ambas cámaras, o a los comités de cualquiera o de ambas cámaras.

La enmienda propuesta aparecerá en la boleta como sigue:

"La enmienda constitucional para proveer una revisión legislativa del

PROPOSICION NO. 3 EN LA BOLETA (S.J.R. 13)

La Resolución Conjunta Senatorial #13 propone una enmienda en la constitución de Texas para autorizar a la Legislatura para que provea una garantía de préstamos, a las personas calificadas, para la compra de bienes raíces agrícolas y ganaderas. De esta manera, la enmienda propuesta podría permitir a la Legislatura el proveer, emitir y vender bonos de obligación general llamados "Farm and Ranch Loan Security Bonds" (Bonos de Seguridad Para Préstamos Agrícolas y Ganaderos) del Estado de Texas, sin exceder la cantidad de \$10 millones de dólares. Todo dinero recibido de la venta de estos bonos sería depositado en un fondo diferente en la Tesorería Estatal y sería administrado por el comisionado de agricultura, sin más apropiaciones. Estos fondos garantizarían préstamos para la compra de bienes raíces agrícolas y ganaderas. El comisionado de agricultura usaría estos fondos bajo las provisiones prescritas por la Legislatura, con el propósito de garantizar préstamos para la compra de bienes raíces agrícolas y ganaderas; para adquirir hipotecas de bienes raíces o escrituras de bienes raíces compradas con préstamos garantizados. Estos fondos serían usados también para adelantar un porcentaje del principal y del interés debido en esos préstamos, a la persona que califique para el préstamo. La Legislatura también podría autorizar al comisionado de agricultura para que venda cualquier terreno adquirido mediante esta enmienda. El comisionado de agricultura requeriría al menos un 6 por ciento de interés en dichos préstamos. La enmienda propuesta apropiaría la cantidad suficiente para pagar el principal y el interés de los bonos que vayan adquiriendo más valor, o que se venzan durante el año fiscal, menos la cantidad del fondo de interés y amortización al final del año anterior.

La enmienda propuesta aparecerá en la boleta como sigue:

"La enmienda constitucional para autorizar a la Legislatura para que por medio de la venta de bonos de obligación general del Estado de Texas, provea una garantía para que las personas calificadas puedan obtener préstamos para la compra de bienes raíces agrícolas y ganaderas."

Most Taxpayers Agree With Bullock's Methods!

AUSTIN—State Comptroller Bob Bullock Tuesday said he'd hold up state employee paychecks again this month for anyone owing the state a debt unless a district court tells him differently.

Last Friday, Bullock held back August paychecks to 150 state employees who have defaulted on state-sponsored student loans.

At the same time, a Texas Employment Commission employee in Kingsville filed a lawsuit in an Austin district court against Bullock and the TEC in an attempt to have his paycheck released.

State law prohibits a person owing the state a debt from receiving state payment of any kind.

"I'm simply following the

law," Bullock said, adding, "until these loans are repaid there will be less money available for new loans to the next generation of students."

Collectively, the 150 workers who weren't paid owe the state \$311,072 in overdue student loans. They were identified in a computer cross-check of payroll records.

Bullock originally singled

out 641 state employees who owed the state more than \$1.2 million and notified them he wouldn't pay them until they took care of their student loans.

He said 491 of those identified settled up \$896,563 in debts to the Texas College and University Coordinating Board, which last month held loan defaults worth more than \$39.9 million under the Hinson-Hazelwood program from loans to 24,685 former students.

Reserve Sorghum Released Second Time

Washington—Grain sorghum has again reached the price at which owners may withdraw the commodity without penalty from the farmer-owned grain reserve.

Producers may immediately remove their sorghum from the reserve by repaying the Commodity Credit Corporation (CCC) price support loans.

John Goodwin, CCC acting executive vice president, pointed out that release of the reserve does not require farmers to redeem or sell their grain at this time.

Goodwin said that the 5-day moving average market price for sorghum was \$4.33 per hundredweight on Sept. 5. The reserve release level for a feed grain is reached when the

market price is 125 percent of the commodity's loan rate. That level is \$4.24 per hundredweight for sorghum.

Sorghum was first released June 22 when the price was \$4.25 per hundredweight. The release authorization was withdrawn Aug. 1 when the price dropped to \$4.21 per hundredweight.

Approximately 29 million hundredweight of sorghum are in the reserve. Farmers receive storage payments annually in advance on this grain from the U.S. Dept. of Agriculture (USDA). Upon repayment of the loan, farmers may keep the storage payments earned through the date of repayment. If the loan is not repaid, storage credits will continue through the end of October.

On Oct. 31, USDA will

review the average prices for sorghum to determine if the release authorization should remain in effect. If release continues, storage payments will stop in those states where the price remains above the release level.

Date used by CCC in determining the release level include a daily report by Agricultural Marketing Service (AMS) which shows prices bid by buyers at selected markets, and a month-end Economics, Statistics, and Cooperatives Service (ESCS) report of prices received by farmers, showing the previous month's average prices and the current mid-month prices.

The daily markets reviewed for sorghum are Kansas City and Texas. The 5-day average of these market prices, adjusted to reflect prices received by farmers, were the basis for today's action.

Scouts Plan Ice Cream Social

Boy Scout Troops 551 and 578 will be having their yearly roundup for new boys Sept. 17, at 6:30 p.m. at the swimming pool park. This will be an ice cream social for all present scouts and any new boys that would be interested in joining scouts and their families.

Boys must be 10 years of age to join the Boy Scouts.

As adults grow older, less energy is needed to keep the body functioning.

Piatt Completes Technician School

Navy Fire Control Technician 3rd Class James J. Piatt, son of Don and Georgia L. Piatt of Box 351, Spearman, Texas, was graduated from Fire Control Technician School.

During the 23-week course at the Naval Training Center, Great Lakes, Ill., he received instruction on the electronic

weapons systems installed aboard current U. S. warships. He studied the operating principles and procedures of radar, digital computers and related shipboard equipment used to control the firing of guns, missiles and torpedoes.

He joined the Navy in August 1978.

TALK TO YOUR CHILD'S TEACHER IT'S EASY!

Before you go to a parent-teacher conference—

Both parents should attend, if possible.

Decide in advance what questions you want to ask. Write them down so you don't overlook any.

Ask if your child has any questions.

Leave children at home, unless the teacher asks that they join you. They might repeat what they hear.

At the meeting—

Arrive promptly—and don't "overstay" your visit. The teacher probably has other conferences scheduled.

You're there to obtain information, but you can provide the teacher with facts that make it easier to deal with your child.

Ask what you can do to help your child learn.

If you have a specific point or a complaint to discuss, listen to the teacher's side of the story before you criticize. Jot down points covered along with the teacher's suggestions.

When you get home—

Discuss problems with your child.

And . . . check back with the teacher in a few weeks.

Teachers care about kids. Help them. Get involved in your school.

Canyon women author book exploring sites for weekend

Nine months and 24,000 miles later, the dream and work of two Canyon women is on Panhandle bookshelves. "Presenting the Texas Panhandle", a where-to-go, what-to-see and who-to-know guide to the upper 26 Texas counties, was published recently by Lana Barnett and Elizabeth Burckuhl.

The book developed, said Barnett, because she wanted to know what was interesting to see on weekend trips in the Panhandle. "When we moved back out here from Ft. Worth, I was wanting something to take with me on weekend trips, something that listed what there is to see. I called the library, asking if there was a compilation and they checked and didn't have anything like that," she explained. "I just thought about it for a year. I didn't have the money then."

During that time, Barnett came to work for The Canyon News, helping prepare the county progress edition. She saw advertising as a way to finance the guidebook.

Barnett enlisted the aid of Burckuhl, a school teacher for 18 years, who has instructed from third grade through college level.

With the encouragement of Troy Martin, News publisher, they began work, gathering both advertisement and information. The

result is a 198-page book with cover by Canyon artist Jim Ward and filled with historical photographs from the Panhandle-Plains Historical Museum.

Each county has a chapter devoted to it that includes a feature story of a current topic; a historical feature; a calendar of annual events; things to see and do; a list of interesting facts, both past and present; current and historical photographs. "We didn't write the book," they add. "We published it but we had contributing authors and did some of the writing."

In traveling the Panhandle, the major feature has been change, said Burckuhl. "We have not been in one county that there hasn't been a lot of changes, growth, industry, population, mostly for the better," she said.

"We've seen wildlife. We saw a herd of antelope between Perryton and Pampa," said Barnett. "We've had a ball. We've met people in all walks of life, in all age groups. We've met people in all kinds of business situations."

"We've learned that the people are fantastic. And that the Panhandle is not all flat; there are a lot of canyons and hills in this Panhandle," she said.

They plan to update the book with a new edition

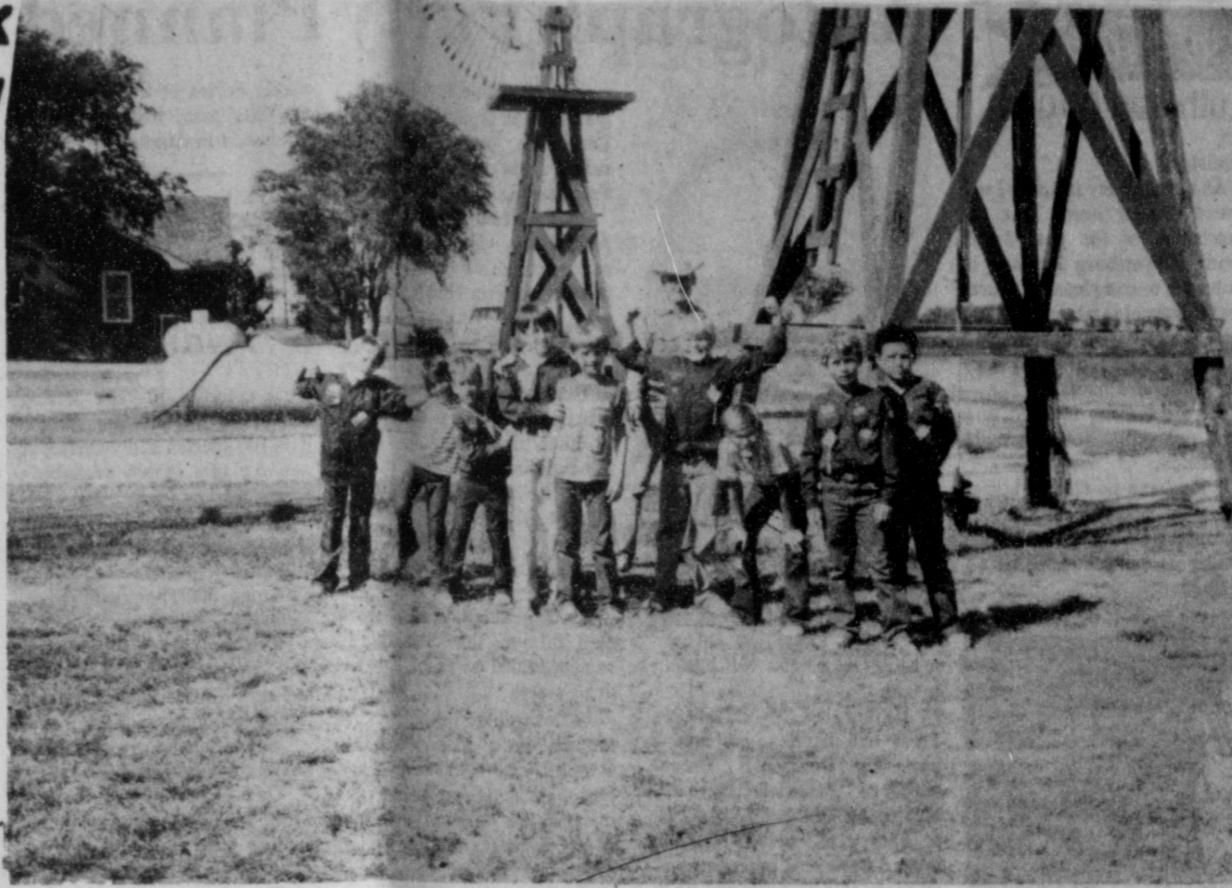

every other year. In the meantime, they are working on other projects.

Copies of the book are available at The Country Store, Spearman; M & M Grocery, Spearman, and M & M Grocery, Gruver. For mail orders send \$3.95 plus \$1.00 postage and handling to Lan-Bea Publications, P. O. Box 601, Canyon, Texas 79015.

Scouts See Buchanan's Windmills

Members of Cub Scout Den #1 are shown here as they visited the J. B. Buchanan farm and were shown the Buchanan's collection of windmills. Left to right are Alan Beeson, Carl Urban, Timmy Yarbrough, Kevin Nelson, Jim Everson, Mr. J. B. Buchanan, Donnie Hamilton, Monty Ross, Jeff Williamson and Rodney Williams.

Cub Scout Den #1 and Webeles met Thursday, Sept 6 and went out to Mr. J. B. Buchanan's where he discussed and explained his windmills to them. After a very interesting and enjoyable time with Mr. Buchanan, the boys met with their leaders. Kevin Nelson collected the dues. The Yellow Due Beads will be presented to Jim Everson, Jeff Williamson, Kevin

Nelson and Alan Beeson. It was announced that only one cub was awarded a blue spirit bead for the previous week's meeting—Jeff Williamson. Refreshments of cookies furnished by Judy Nelson and cokes were enjoyed by the boys. As the meeting finished the boys were given notes reminding them and their parents of 578 Pack meeting Tuesday,

Sept. 11 at the First Methodist Church.

The Den would like to thank Mr. Buchanan for his time in showing the boys his windmills.

Those present were: Alan Beeson, Kevin Nelson, Carl Urban, Jim Everson, Donnie Hamilton, Monty Ross, Rodney Williams, Jeff Williamson, Timmy Yarbrough and leaders Linda Beeson and Judy Nelson.

Our Heritage of Faith... notes from Faith Lutheran Church

I would like to take this chance to introduce myself to the community. My name is Jim Berg and I am the new intern at Faith Lutheran Church. My wife, Nancy, and I both grew up in the Los Angeles area. We will be living in Spearman for the next year as I work at Faith Lutheran Church as a student minister.

I am 24 years old and I went to California Lutheran College. I graduated in 1977 with a B.A. in mathematics. We got married in July, 1977 and moved to Dubuque, Iowa where I began my formal training for the

ministry. As a part of my training I will spend a year here. At the conclusion of the year I will return to Wartburg Seminary in Dubuque to complete my fourth year of formal seminary training after which I will be ordained into the ministry of the American Lutheran Church.

We are looking forward to a very enjoyable year here in Spearman.

If you have no church home, we invite you to come to our morning worship at 9:30 with Sunday School following for all at 10:30.

NEW INTERN MINISTER, Jim Berg and his wife Nancy, began their duties with the Faith Lutheran Church here Sept. 1. As part of his training for the ministry of the American Lutheran Church he will serve in Spearman for a year, and then return to Wartburg Seminary in Dubuque, Iowa, for his fourth year of formal seminary training before being ordained into the ministry of the church. Welcome to Spearman, Jim and Nancy.

Rotary Club 4-H Is A Family Affair

Martin Chandler of the A.S.C.S. office tried to tell the Spearman Rotary Club how to speak A.S.C.S. Monday noon in the garden room of the Cattleman's Restaurant. After his speech, President John R. Colard, Jr. said that Martin has about three girls in his office that would be able to translate Martin's talk if someone desired a translation.

Jim Murray, assistant city manager, was welcomed as a new member of the Spearman Rotary Club.

Visiting Rotarians were Gilbert Mize, Joe Champion, and c.d. riggins of Perryton, and Lehman Holder of Pampa. Guests were Bob Burkett and Martin Chandler of Spearman.

Members present were Jim Benson, Eschol Blankenship, Roy Bulls, Durane Castleberry, John R. Colard, Jr., Robert Elliott, Ed Freeman, Kerry Henton, John Hutchison, Eddy Limbocker, Junior Lusby, Jack McWhirter, Jim Murray, Frank Oglesby, Brice Palmer, Jim Shirley, Lenis Simpson, Gary Sims, and Don Wirsdorfer.

Members absent were J.L. Brock, Kim Brock, Archie Burress, Pete Fisher, Ed Garner, Jim McLain, Michael Schnell, Vance Snider, Jerry Taylor, and Tim Woodington.

Homemakers To Attend State Conference

Three homemakers from Hansford County will attend the 53rd Annual Statewide Conference of the Texas Extension Homemakers Association, September 25-26 in Fort Worth.

"Living, Learning and Sharing in Century III" will be the theme for the conference to be held at the Kahler Green Oakes Inn, at the junction of Highways I-20 and 183.

Yaleta L. Kudlaty, Lamar University director of university counseling, keynote speaker, will address the association on "Stress Management for the Homemaker."

Other conference highlights will be educational committee workshops on health, safety, 4-H and youth, recreation and cultural arts, family life and citizenship.

Additional workshops will concern membership and public information.

More than 1,000 Texas Extension Homemaker delegates are expected to attend the conference, and other interested persons are welcome, according to Mrs. Charles Warminski of White Deer, Texas Extension Homemakers Association president.

Cub Scout

Cub Scout Den #4 met Tuesday, Sept. 4 in the home of Judy Tindell. The meeting was opened with the Flag Ceremonies and Pledge. The boys worked on earning their Bobcat Badges. This included learning by memory the Boy Scout Pledge, Promise and the Law of the Pack.

Refreshments were served by Lane Parker to James Tindell, Lance Harnish, Danin Irbeck, Keith Martin, Pete Mauk, Willoam Morrison, Michel Hargrove and leaders Judy Tindell, Jody Harnish and Judy Irbeck.

Due to the Pack meeting Tuesday, Sept. 11 their next meeting will be Tuesday, Sept. 18 in the home of Judy Tindell.

Autograph Party Planned

DONALD E. GREEN

University of Oklahoma Press will have an autograph party for Donald E. Green, author of "Panhandle Pioneer" on Sunday, October 7 from 2:00 to 5:00 p.m. at the Golden Spread Center. A percentage of all books sold that day will go to the Golden Spread Center.

Donald E. Green, who grew up on a Texas Panhandle ranch and received the Ph.D. from the University of Oklahoma, is professor of History and Director of the Southwestern Studies Program in Central State University, Edmond, Oklahoma. He is the author of several books and articles on the Panhandle-Plains region of Texas and Oklahoma.

"Panhandle Pioneer" is the story of Henry C. Hitch, his ranch and his family. In the history of the tristate Panhandle region--the three corners of Oklahoma, Texas and Kansas--the saga of Henry C. Hitch and his ranch is also the story of the social, cultural and economic fortunes of the region.

Late in the nineteenth century young James Kerrick Hitch left his home in Tennessee for the High Plains and a hoped-for fortune. After ten years spent working and learning as a

cowboy, he rode into the Coldwater Creek region of No Man's Land, the fertile subirrigated valley that was to be his Promised Land.

It was Henry Charles Hitch, James' son, who was to turn the valley and its adjoining uplands into an empire. Henry and the rest of the Hitches were a hardy, long-lived family who eked out a subsistence, raising cattle, borrowing money, going broke several times, flourishing at other times, lending money to neighbors. Always optimistic about the future of the Panhandle, the Hitches were willing to take risks, willing to borrow large sums of money, willing to experiment and change. Henry's genius and hard work paid off. In time the family owned 30,000 acres of land in three states.

After building their cattle empire, the Hitches moved into farming. By 1930 they had become the largest wheat producer in the state of Oklahoma. After World War II they drilled irrigation wells to raise feedstuffs and by the 1950's had one of the first large feedlots in the region. Always innovative and willing to adopt new technology, the Henry C. Hitch Ranch became an agribusiness empire with interest ranging from thousands of acres of irrigated corn to a commodities brokerage concern.

But the book is more than an economic history of how one family-owned ranch made the transition from the open range of the 1880's to the last quarter of the twentieth century. It is also the absorbing story of a pioneer family, led unforgettably by Henry, who ate a breakfast of steak, biscuits, and gravy every morning and went forth to conquer his world. Today the Hitches are represented by Ladd Hitch and by his son, Paul, the fourth generation of a family that made indelible tracks across the Panhandle.

"Panhandle Pioneer" is Volume 7 in the Oklahoma Heritage Association Track-

maker Series of the University of Oklahoma Press. It was published in August.

Texas Wildlife Catalog Available

A colorful, 12-page catalog on Texas wildflowers, which lists 100 species and varieties of native plants, is now available--free!

All you have to do is send a long, self-addressed and stamped envelope to Green Horizons, 500 Thompson Drive, Kerrville TX 78028.

The mail-order firm owned by Carroll Abbott is the only one in Texas which deals exclusively in native plants.

The free catalog also lists 20 books concerning wildflowers.

One page is filled entirely with Texas Bluebonnets, including four steps for successfully growing our state flower.

The simple steps are: Pre-soak the seeds; cover them with soil; firm the seedbed by tamping or walking on it; water gently, but well.

But, you need to plant Bluebonnets now if you want Spring blooms.

Green Horizons offers Bluebonnets in packages ranging from 1,000 seeds up to 50 pounds, all of which contain full growing instructions.

More than two dozen other wildflowers are offered in ounces and pounds, a boon for wildflower enthusiasts who want to naturalize large areas. The catalog gives the sowing rate for each of these species, plus the number of seeds per ounce--an invaluable growing aid.

In addition to the popular old favorites, such as Firewheel, Golden Wave and Paintbrushes, the catalog introduces dozens of rare plants which have never been offered before. Besides annual and peren-

nial wildflowers, the catalog also lists seeds of trees, shrubs and vines.

And, maybe best of all, it's free--for just a stamped envelope.

Parents Day Set At WTSU

WTSU--West Texas State University has scheduled a Parent's Day Sept. 22 from 1 to 5 p.m. Registration is set from noon until 5 p.m. in the AC Snack Bar.

WTSU's Parents of the Year award will be presented at half-time to the parents or parent who have exhibited the greatest support of their children's college education and of West Texas State.

Nomination forms for the Parents of the Year can be obtained from the WTSU Activi-

ties Center Information Desk at WTSU in Canyon.

Activities planned for WTSU's seven colleges include open houses, receptions, concerts, performances, and student exhibits. Parents will have the opportunity to meet and talk with the faculty members of their choice.

In addition, parents will also be able to tour the Panhandle-Plains Historical Museum located on the WTSU campus,

and utilize the athletic facilities of the Student Activities Center.

This year's recipient(s) will be recognized at the band concert from 2 to 3 p.m. on the Education Bldg. lawn as well as at WTSU's Homecoming game Oct. 13 when the Buffs meet Indiana State.
