Gas Firm Purchase Meets Approval Cool, Damp Weather Slows Harvest

Peak Expected To Be Reached This Week-End

Low Average Yield Forecast—Quality Is Most Satisfactory

Cool and cloudy weather in Hansford county Monday and Tuesday, coupled with slight showers Monday afternoon, has delayed the peak of the harvest.

Early this week it was thought that the peak would be reached Wednesday or Thursday, but now it is believed that it will be Friday or Saturday. Even that later date is dependent upon no moisture falling.

Should the weather continue dry, it is believed that the harvest could be practically completed within two weeks.

Estimates are that around 25 to 30 per cent of the county's wheat has been harvested. Yield on the average continues to be low—from 2 bushels up. Most of the low yield wheat is volunteer. A 7 to 8 bushel county average is predicted.

Quality has been much better than was expected. Practically all the sowed wheat has tested more than 50 pounds. The quality is better than a year ago when there was plenty of moisture.

Some of the volunteer wheat has tested as low as 50 pounds and much of it around 55 and 56 pounds. Some wheat damaged by greenbugs also has tested low.

Arthur Wathin is the first large operator to have completed his harvest. His wheat on 850 acres of the Wilkes land averaged 16 1/2 bushels and he completed his harvest Saturday. His wheat was baled to Hitchland, Gruver and Bernstein.

Wallin also received the first CCC wheat loan in the county, the Hansford County A.C.A. committee having cleared the loan Saturday, according to Freeman Barkley, secretary.

Much of the wheat is expected to go into CCC loans, although the cash market now is above the loan rate of \$1.18 a bushel. The rate this year is 10 cents higher than in 1942.

In 1942 there were 1,254 CCC loans. It is difficult yet to estimate the number that will be made on the 1943 crop.

Boy Scouts Return After Week's Camp

Boy Scouts of Troop 51 returned home tired but happy after a week's vacation at Camp Kowah. About 75 boys from this area were there. Through the week they had as recreation and study a commando obstacle course, and target practice, boating, and swimming.

Scoutmaster La Crone of Pampa was in charge. Scout Terry had charge of the Mavericks and Moore said only three of his troop had to do K.P. duty once. Bobby and Don McLain took second place in horseshoe pitching and Pat Moore took first in rope climbing. He climbed the 15-foot rope in 7 1/2 seconds. He also won third place in rifle practice.

Pioneer Of County Dies At Channing

J. W. Roper, a long time resident of Hansford county, died Monday night at the home of his son, Tom Roper, in Channing, it was learned here Tuesday.

He was also the father of Henry Roper of Gruver and of Mrs. E. Lowe of Stratford.

Funeral arrangements had not been learned in Spearman Tuesday afternoon.

Mrs. E. C. Womble and Elinor Roper, and Sada Ruth Hoskins returned Monday from Hot Springs, New Mexico, where they have been the past month.

North Plains Pioneer Of 43 Years Is Dead

Mrs. L. P. Brown Passes Away Saturday; Burial Was Monday Afternoon

Mrs. L. P. Brown, 73, a pioneer of the North Plains, died at 9 p. m. Saturday, June 26, at the home of her daughter, Mrs. Finis Maize, in Spearman.

She suffered a heart attack and had a light stroke more than two months ago.

Funeral services were held at 3 p. m. Monday at the Methodist church at Perryton by Rev. J. E. Eldridge, Spearman Methodist pastor.

Burial was in Ochiltree cemetery. Many friends from Spearman and Hansford county attended the funeral services.

Mrs. Brown is survived by her husband, seven daughters, two sons, 28 living grandchildren and 2 great grandchildren. She had six dead grandchildren.

Daughters are Mrs. Finis Maize, Mrs. Ben Maize, Mrs. R. C. Birdwell, Mrs. Marion Close, Mrs. Earl Riley, Spearman; Mrs. Frantz Ferguson, Stinnett; and Mrs. Ben Russell, Roy, N. M. The two sons are Bill Brown, Spearman, and Lee Brown, Dumas.

Pallbearers were Ed McMillin, Walter Daniels, D. A. Reed, R. L. Keith, Judge Dave Shanks and Ed Forbes.

Flower girls were Mrs. Deta Bledgett, Mrs. Florence Pope, Mrs. Toffie Pope, Mrs. Dolph Daniels, Mrs. E. O. Clements and Mrs. Walter Daniels.

Wilson Funeral Home of Perryton had charge of funeral arrangements.

Hollie Bell Wilson, daughter of Mr. and Mrs. L. Wilson, was born July 29, 1869, 16 miles west of Little Rock, Ark. She was 73 years, 10 months and 27 days old when she passed away June 26.

She was married March 16, 1890, to Lovick Pierce Brown and they moved to Goree in Knox county in 1893. They moved to Ochiltree county near Perryton in 1900. They later sold their land to Sheriff J. S. Talley for a small sum and moved to Hansford county in 1901.

The golden wedding anniversary of Mr. and Mrs. Brown three years ago was an important day with relatives and friends participating in the occasion.

Mrs. Brown joined the Methodist church when she was 18 years old and 36 years ago she became a member of the Presbyterian church.

Woman Pioneer Of Pampa Dies

Funeral services for Mrs. Alice Ayers Lippold, 75, native Texan, a resident of the Pampa area since 1902, and one of the eight charter members of the First Christian church of Pampa, who died at 5:45 a. m. Friday, June 25, were conducted at 3:30 p. m. Saturday at the First Christian church, Pampa, by the Rev. S. D. McLean, minister, and the Rev. James Todd, former pastor of the local church.

Burial was in Fairview cemetery beside the grave of her husband, who died November 2, 1938.

Mrs. Lippold was born July 9, 1866 in Ft. Worth. In June, 1890, she was married to Henry J. Lippold in the First Christian church in that city. For many years the couple lived on ranches near Pampa. They moved into town in 1919.

Survivors are two sons, Ben of Perryton and Henry of Amarillo, four grandchildren, one great grandchild, two brothers and two sisters.

Mrs. Claudine Hand and Mrs. Michael Hill are visiting and helping Mrs. Ben Hand at Erick, Okla. Mr. Hand is in Oregon with his father who is ill.

Mr. and Mrs. Sam Archer of Amarillo were in Spearman from Monday until Wednesday.

Harvest Good Time To Renew For Reporter

While You Are In Town, You Can Call At Reporter Office

SUBSCRIPTIONS RECEIVED
Bert Whims, Spearman
Roy Sparks, Alpena Pass, Ark., gift of his brother, Jake Sparks
Betty Lou Ellsworth, Amarillo
Spearman Drug Co., City
Lawrence Wilbanks, Spearman
Arthur Dumbek, Tacoma, Wash.
Perry Durham, Spearman

With the harvest days here and people coming to town frequently, it would be a good time to drop by the Spearman Reporter office and renew your subscription.

The Reporter has had an unusually fine subscription business during June, especially as our list is in good condition.

Renewals have been splendid during the first six months of the year and the management has little complaint about the fine response that has been received in regard to notices.

Also, there have been scores of new subscriptions received the past six months. The Reporter is going all over the world today and doubtless many boys from other states are hearing about Spearman because some Hansford county lad is receiving the local newspaper.

When your subscription notice arrives, sit down and mail your check immediately, or come by the office the next time you are in town.

Rates are only \$2.00 a year in Hansford and adjoining counties; \$2.50 a year elsewhere.

Another Week Goes By With Dry Weather

Spearman has gone another week without moisture, although a few drops fell in the middle of the afternoon Monday.

Some showers were reported out over the county—just enough to stop the harvesting, Monday and Tuesday were cloudy.

The Amarillo Weather Bureau reported that the first six months of 1943 was the second driest similar period in more than 50 years. Only 1933 had less moisture the first six months.

Temperature here has been high the past week, Fred Brandt, weather observer reported. Readings the past week follow:

Date	High	Low
June 22	95	63
June 23	99	67
June 24	101	67
June 25	101	64
June 26	97	64

"A" Gas Book Forms May Be Sent By Mail

The local OPA office has received application forms for the renewal of the basic "A" gasoline books. These forms are being distributed to all the filling stations and other convenient places for the general public to get one, and are to be filled in and mailed back to the rationing office with the back cover signed, of your present "A" book, and your tire inspection record.

If you still have a few stamps left keep these attached to the front cover of your book as they are still good until July 21. Those having only an "A" gasoline ration book should mail back their applications as soon after July 1, as possible.

Those that do have a "B" or a (Continued on PAGE THREE)

Hansford Harvest Notes

The Hardin Grain Co., received its first load about 3:30 o'clock Monday night. It tested 58 pounds and was raised by W. A. Ellsworth on the Proctor land three miles west of the city. Because of delay in moving grain, the Hardin elevator was unable to receive wheat before Monday night.

D. O. Reynolds brought in the first load Tuesday afternoon of last week to the Hansford Grain Co. It tested 62 pounds and was raised on the J. D. Cotter land. Yield is estimated at 17 1-2 bushels.

E. D. Goodnight, manager of the Producers Grain Corp. of Amarillo, said Tuesday morning that he had been unable to receive any wheat yet because CCC wheat, stored last year by the Perryton Wheat Growers Inc., had not been moved. This elevator is the old Spearman Grain Growers property. It will require removal of two or three more cars of grain to have room for receipt of wheat. Goodnight said.

W. S. Thomas brought in the first load to W. B. Johnston Grain Co., Charlie Tucker, manager, said. Wheat was brought in last Tuesday afternoon and tested 61 pounds. Thomas is storing most of his wheat on his farm.

Tucker said that the first load was brought Wednesday morning of last week to their McKibben elevator. It was raised by Frank Aller on the Bob Baley farm and tested 60 pounds.

L. S. Ted and W. E. McClellan were averaging about 11 bushels on land near Gruver.

D. B. Kirk had harvested 110 acres Monday. Some land yielded 15 bushels and another tract on the same section was not making over 6 bushels.

J. H. Martin was making about 13 to 15 bushels four miles southwest of Spearman. The wheat tested 60 and up.

Other yields reported were: G. C. Brillhart, 8 1-2 bushels; Howard Cline on J. E. Steele land, 16 1-2 bushels; A. L. Jackson 7 1/2 bushels.

R. E. Lee said he was making 3 1-2 bushels on some volunteer wheat land southeast of the city.

W. L. Pope reported he was making 5 to 6 bushels with a 58 test on some volunteer wheat; he

exceeded the legal speed limit. Motorists have no reason for resenting a service station carrying out OPA regulations, Gholson said. They should be made to understand that he is not only protecting himself but the motorist, also. Motorists as well as operators are guilty of disobeying the law when they ignore OPA gasoline regulations and are subject to criminal prosecution.

The correct procedure to follow in obtaining gasoline was outlined by the OPA director as follows:

(1) Station operator asks for motorist's gasoline coupon book.

(2) Operator checks to see if book has been issued for the car which he is asked to service. If the license number, model, make, and state of registration are the same as that listed in the book and the book is valid during that period, the motorist is observing regulations.

(3) Operator will then check windshield to see that the sticker corresponds to the type of gasoline coupon book motorist is carrying. He may then service the car.

(4) Motorist should write in ink or indelible pencil the license number of his car on the back of the gasoline coupons and hand the book over to the service station operator so that he may detach coupons.

Loose coupons are invalid and cannot be legally accepted by service station operators, the OPA director said. He further pointed out that the main source of supply of illegally used gasoline is the passing of books and coupons from one motorist to another in violation of the regulations and that it is only by strict enforcement of these regulations that we may be able to preserve sufficient of our vital rubber supply to keep essential vehicles in operation.

R. D. Chamberlain, chairman Hansford County War Price & Rationing Board

Strict Rules Issued About Gas Coupons

A warning to both motorists and service station operators to adhere strictly to gasoline regulations was issued by Howard Gholson, district director of Office of Price Administration, Lubbock. Pointing out that the enforcement division of the OPA was beginning to round up these violators, Gholson said that the consumers were as responsible for observing regulations as were service station operators.

Many district local war price and rationing boards have taken up gasoline coupon books immediately and others have refused to renew rations after finding motorists guilty of violating regulations. The director pointed out that rationing boards were also authorized to punish motorists in like manner when they

Cost Would Be About \$51,000, Womble States

Payment By Revenue Bonds Over 10-Year Period Is Suggested

Citizens expressed 100 per cent satisfaction at a proposal to buy the Spearman Gas Co., at a mass meeting Thursday night of last week at the court house.

Proposal for the City of Spearman to purchase the company was explained by Mayor E. C. Womble, who said that it was proposed to vote revenue bonds, which would not be a lien upon any citizen's property.

H. L. Fanagan, Mobeetie banker, who is president of the company, will meet with the city commission Tuesday, July 6, according to plans announced this week.

Tentative proposal is to suggest a revenue bond issue of \$51,000 to be retired approximately over a period of ten years.

Should Net \$7,000 Year
Figures show that the gas company should make a net revenue of \$7,000 a year based on present consumption.

Retirement of bonds at \$7,000 a year would take about \$12,680 interest, leaving a surplus of about \$7,000 for other expenses and improvements, if required. Bonds probably would bear 4 per cent interest.

The gas utilities division of the Texas railroad commission submitted figures by Gus J. Strauss, director, showing that it would cost \$64,157.42 to reproduce the plant and that it has an estimated life of 58 years.

Receipts Showed
The Austin office showed total receipts for the Spearman Gas Co., as follows:

1936, \$16,442.42; 1937, \$17,051.79; 1938, \$18,641.03; 1939, \$18,262.56; 1940, \$18,951.65; 1941, \$19,784.81; 1942 (12 months ending Nov. 30, 1942), \$19,562.20; total revenue, \$122,698.46.

Gross expenses for these years were: 1936, \$10,806.50; 1937, \$12,178.61; 1938, \$11,656.43; 1939, \$11,661.82; 1940, \$13,074.50; 1941, \$13,141.82; 1942 (12 months ending Nov. 30, 1942), \$13,554.98; total expenses, \$86,074.66.

Gross income for seven years averaged: Domestic gas sales, \$11,269.47; commercial sales, \$5,178.23; governmental, \$1,080.65; total, \$17,528.34.

Expense List Given
Total expenses averaged for the seven years were \$12,296.37. Gas purchases were \$9,253.90 for the years or an average of \$8,484.84. Gas costs 30 cents a cubic thousand at the city gate.

Net amount available for depreciation and return for the seven years averaged \$5,231.97. Total money available was \$36,623.80.

Tentative figures show that the city should net \$7,034.78 a year as the minimum in operating the gas company on the present price of gas.

Payroll for the years totaled \$15,806.79, an average of \$2,258.11 per year. Taxes totaled \$5,674.69 or an average of \$810.67 per year.

Jimmy Cook Was Tar On Ship Hornet

Jimmy Cook, former Spearman boy who served on the aircraft carrier, Hornet, from which Jimmy Doolittle's flyers bombed Tokyo April 18, 1942, has returned to the United States and is visiting his mother, Mrs. Elva Cook, who lives west of Oklahoma City.

The Oklahoma City Times June 22 had a column write-up of the former Texan whose vessel was the Shangri la, or starting place of the flyers. In addition there was a three-column picture of Jimmy and his girl, Mercedes Harper.

Cook formerly attended Spearman high school and went to Panhandle A.&M. College, Goodwell, Okla., in the fall of 1940 for the CPT course. Later he went to Amarillo and passed the examination for entrance into the navy, where he is a first class machinist's mate.

Jimmy is a nephew of Mrs. Hubert Reed. The Cooks farmed (Continued on PAGE THREE)

Midway Corporal Is Basket Dinner Guest

Mrs. Dana Hazelwood and son, Paul, visited recently at Texhoma, Okla., in the home of her brother and sister and their families. E. C. Crismon and Mrs. Lee Hollis. Seventy-four guests, relatives and a few friends enjoyed a basket dinner June 20 at the Lee Hollis Grove north of Texhoma, honoring Corporal Marvin G. Hollis, who is spending a furlough with parents, relatives and friends.

He has been on Midway island for the past sixteen months. Midway is a very small island, only a few miles in circumference, and it has thousands of soldiers on it. The boys' names were drawn to see who would take some special training in the U. S. and Cpl. Hollis was one of the lucky ones.

Lee really appreciates being one of the few who were sent home for a while. He is only nineteen years old and has lived a lifetime in only a few months.

COLLEEN KELLY WEDS SGT. G. C. MITCHELL

In a single ring ceremony performed Saturday, June 19 at Brownsville, Texas, Miss Colleen Kelly, daughter of Mrs. Oran Kelly of Spearman, became the bride of Staff Sergeant George C. Mitchell of the Harlingen Army Air Field. He is the son of Mr. and Mrs. T. L. Mitchell of Durham, Oklahoma.

Rev. Kermit Gibbons, pastor of First Methodist church in Brownsville, officiated. The couple exchanged vows in the church parlor.

The bride wore a navy blue suit with white accessories and a corsage of roses. Sergeant and Mr. W. C. Norman, friends of the groom, were in attendance. Mrs. Mitchell was a graduate of Spearman high school class of 1941 and up to the time of her marriage was a student nurse in Wichita hospital in Wichita, Kan.

The young couple will be at home at 214 E. Madison, Harlingen.

Mrs. C. M. Clawson and children were in Spearman Saturday afternoon.

Other ribbons are for service previous to Pearl Harbor, American theater of operations and a tri-colored bar for the president's unit citation for gallant fighting at Guadalcanal.

The attack on Tokio was scheduled to be on April 19 when the vessel was to have been about 400 miles away. Because officers feared detection, the attack was made a day earlier when the planes were about 500 miles farther away.

The Hornet was later sunk in the Pacific by U. S. destroyers to keep her from being captured by the Japanese.

Oslo News

Morning worship at Oslo Lutheran Church next Sunday, July 4th.

Sunday after Trinity, will begin at 11:30 a.m. Sermon theme: There Is no Looking Back on the Way by Which We Follow Jesus. Luke 9:51-62. The Sunday School will begin at 10:30 a.m. The Luther League will meet at 9:00 p.m. This will be a special meeting for the confirmands. The place will be announced at services. H. C. Hyortholm, pastor.

OSLO NEWS

Harvest is in full swing here. Some fields are yielding well but others are very poor. The average yield will not reach 10 bushels per acre in this vicinity. The continued dry weather is facilitating the work. Most farmers here are being forced to plan for restricted acreage or discontinue operation entirely because of the lack of hired help.

One of Emil Knutson's men, Albert Johnson, had the misfortune last Saturday of cutting the end of two fingers on his right hand in a combine. In spite of his injury, he is going to try to be as much service as he can.

The Ladies' Aid of the Oslo Church met at the home of Mr. and Mrs. Bill Johnson last Thursday afternoon. In spite of the fact that most of the women were busy with the harvest, there was a good attendance. The topic, Church Music, was presented by Mrs. Gordon Stedje and Mrs. Emil Knutson with a few remarks by the pastor. After the program and the business session, the hostess, Mrs. Bill Johnson, served a delicious lunch. Besides Leona and Louise Knutson, there was one visitor, Miss Ruth Bredesen.

Miss Marcella Olsen, daughter of Mr. and Mrs. Gus Olsen, having finished her nurses training course at St. Anthony hospital at Amarillo, is taking a brief vacation at her home here. She is helping her parents with the harvest. She is also considering what particular line of nurse's work she will now take up.

Mrs. Gus Olsen, Gordon and Camilla and Marcella visited with Rev. and Mrs. Hjortholm at the parsonage on Friday afternoon.

Camilla Olsen stayed with Mrs. Hjortholm last week end while Pastor Hjortholm was at Norge Okla. He returned Sunday evening.

The Bible School, which has been conducted by Pastor Hjortholm for the past month, with a two weeks' session at each of the local schools, closed last Friday with brief examinations in the Catechism and the presenting of rewards earned by the pupils.

An exhibit of some of the work done will be placed in the church.

Mrs. Hjortholm and Camilla Olsen called at the Emil Knutson home on Saturday afternoon of last week.

Mrs. Rob Alexander visited with Mr. and Mrs. Albert Moen at their home near Kerrick, Texas last Thursday afternoon.

Teachers Play Hookey To Work In War Industry

The war has hit a hard blow at the nation's schools, educators attending the 23rd annual meeting of the National Education Association agreed today.

Thousands of teachers have left their school work to take higher paying war jobs, while other thousands are in the armed forces. An official report by the NEA predicted an estimated shortage of 75,000 teachers by next fall.

Dr. Alonzo F. Myers, chairman of the department of higher education of New York university, said in an interview that about one fifth of the nation's 30,000,000 school children will return to new teachers next September.

More than 100,000 of the 250,000 teachers who will have to be hired this summer will have substandard qualifications, he predicted, and given employment only because of the shortage of teachers.

Dr. Myers asserted that a high percentage of teachers who are working in war plants will not return to their former jobs next fall.

The Thomas-Hill bill now pending before the senate, which would provide schools with \$300,000,000 annually to raise teaching salaries, had the unanimous approval of the NEA, the group voting last night to endorse the bill.

V-Mail Voting Proposed For Men In Service

V-mail voting for members of the armed forces on foreign duty was proposed in legislation ready for introduction today by Senators Lucas (D-Ill) and Green (D-RD).

To facilitate voting on state and federal officials by soldiers, sailors and marines, the two senators would have congress direct the secretaries of war and navy to provide the fighting forces overseas with absentee ballots that could be sped back as V-mail.

The war and navy departments would be required under the measure to submit complete lists of candidates to commanding officers, who would be charged with the responsibility of seeing that every man in their units had an opportunity to vote.

Voting by members of the armed forces within the United States would be carried out on regular absentee ballots obtained from secretaries of state, with commanding officers directed to distribute postcards to troops on which they could request the ballots.

THE WAR TODAY

When I came out of the far-northern Maine woods last weekend, after being cut off from news during a fortnight's fishing vacation in the wilds, naturally the first thing I demanded was what the main development of the war had been during that period, and the quick answer was: "The coal miners are going

Back From Burma: Gaunt Fighters Return From Battle

Weary and bearded, Australian troops debark from a transport after being flown out of a Burma battle zone to an allied base in Assam, India. British raiding parties, supplied by planes and parachute, have carried on a war behind Jap lines in Burma, blasting enemy's railways and supply lines.

back to work." Characterization of a coal mining situation as the biggest current news of the war had an odd ring in the ear, but undoubtedly that appraisal was the correct one. Continuance of the coal stoppage would represent a major disaster. We have been treading dangerously close to the edge of a precipice.

The trend of the operations in all theaters now depends on production and transportation. Invasions hinge on the availability of equipment and supplies in the fighting zones.

In short, as this column has remarked previously, the burden of this war rests very largely on the shoulders of the civilian workers at home. We can't pass the buck to the soldiers at the front, because they are helpless without equipment.

The second most important piece of news, and one closely interlocking with the first, seemed to be Stalin's renewed appeal for the opening of a western front by the Anglo-American Allies.

At the same time Moscow issued a communique which said that "Everything now depends upon the manner in which our Allies will exploit the favorable situation by creating a second front in Europe, as victory over Hitlerite Germany is impossible without a second front."

That summation represents the view as I have found it among American and British military men, although it isn't yet clear just how far the Anglo-American Allies may find it feasible to go this summer. It can be said that there still is a possibility of a wholesale invasion of the continent this year, if the Allies don't encounter any big hitch.

As things now stand it would not be surprising to see an in-

vasion of Sicily and Sardinia at any moment. Whether an assault on the Italian mainland or the Balkans will follow remains to be seen, but both are among the possibilities.

What Stalin is gunning for, of course, is an invasion of France across the English Channel, so as to place the Fuehrer squarely between two great armies, and he is very insistent. There are no indications thus far that this isn't in the cards. The Anglo-American air fleets are doing a magnificent job of spade work over Western Europe, and another few weeks of this might open the road for a landing.

Police figured their hunt for the bandits would be considerably narrowed by Ottenhoff's description of the men. He said they were identical twins.

Flashes From Life

Mase Arrest GREENVILLE, Miss. — Anna Craig, 36-year-old negro woman, arrested for possession of whiskey, went calmly with the police but their troubles began when they tried to boost her into the patrol car. It took more than half an hour. Then, at the modestly-sized jail, Anna had to be squeezed sideways through her cell door. Anna weighs 550 pounds.

Jay Squadron CHICAGO—John Toigo has designated his tree-shaded backyard a danger zone—in possession of a flock of blue jays.

Since the jays moved into the half dozen trees on the back lot, Toigo has ventured out a few times but each time he was at-

tacked by screaming formations of jays that attempted to take chunks out of his head. His wife won't go past the back door and their two year old daughter has temporarily lost her playground. Toigo wants police permission to shoot the birds but police said they would investigate.

Double Trouble CHICAGO—George Ottenhoff told police he wouldn't have any trouble identifying the gunman who held him up in his real estate office and robbed him of \$358.

Police figured their hunt for the bandits would be considerably narrowed by Ottenhoff's description of the men. He said they were identical twins.

"LET FREEDOM RING" 1776 1943. July 4, 1943 finds every American sharing one common purpose—to keep that Liberty Bell ringing! And because we are all fighting to protect our freedom and independence, this year's Fourth will not be celebrated by the traditional festivity of parades, fire-crackers and fun-making. No indeed! Instead, the factory whistles will call our workers to a full eight hours behind the production lines... the bugler's reveille will herald another day of battle for our fighting men... and the barnyard rooster will do his bit to help our farmers to an early start harvesting crops that will feed the world. And perhaps, while working, we will hear the far-off sound of fife and drum and feel more keenly the spirit of those men who fought 167 years ago to give us the heritage we are protecting today. Business Men Fear Political "Open Season"

WASHINGTON, June 29 (AP)—Key men in federal agencies are protesting privately that congress is defeating its own purpose in the matter of persuading practical business men to work for the government in wartime.

That was the report today of D. C. Speaker, unofficial but well news source who spent several days interviewing the personnel of luckless bureaus whose funds have been under fire by the House.

"Their gripe," said D. S., the mythical observer who represents authentic but unquoted sources, "is that congress continually calls for more business men in this or that agency and fewer professors and theorists."

"Then, these federal men say, the congressmen promptly start pot-shooting at the men as soon as they go to work."

Speaker said the agency officials asserted it was hard enough at best to persuade a sensible business man to leave a money-making enterprise or job, come to Washington for less money—or none at all—and either leave his family or bring it to live in this jammed city.

"Now, I don't know whether or not it's right," speaker said, "but they claim that a practical business man has to be pretty patriotic to do that in the first place—and that when, in addition, he knows that he and his motives may soon be subjected to questioning and criticism in congress, he just plays smart and stays where he is."

Speaker said he personally had never known a time when it wasn't open season on public officials, and he doubted if folks would give up that privilege any more than they would their right to boo a baseball umpire.

"But these guys say that if congress continues sniping, pretty soon the only way they'll get any practical business men to work for the government will be to draft them," he concluded.

Ruth Nitschke, being unable to get a seat on a bus home due to so many soldiers moving from place to place, visited much longer in Amarillo than she had expected. H. E. Davis brought her home after work hours Thursday night.

Mr. and Mrs. Earl Brumster and daughter of Alva, Okla., visited in the S. J. Powell home Sunday.

An enjoyable Sunday was spent in the J. A. King home down on the river by these relatives last Sunday, Mr. and Mrs. Knox Pipkin and family, Mr. and Mrs. John Pipkin and daughter, Yvanda, Mr. and Mrs. Orville Fullbright and daughter, Orlene, Mr. and Mrs. Sidney Rees and daughter, Silvia Martin, Mr. and Mrs. Wood King and granddaughter called in the afternoon. Now if you don't know just how those people can have run you should happen in some time.

Mr. and Mrs. Wood King also visited in the Pipkin home two evening last week.

Don't laugh if one of the neighbor's windmills breaks down for it may be catching. It seems the Pipkins mill is giving them plenty of trouble, and the Hoopers mill is acting contrary. These folks say they haven't been laughing about so many mills having trouble right at harvest time but I wonder if they haven't been grinning out loud.

Junior Willson went to Shattuck last Wednesday for medical treatment. I wonder if paying for his new car gave him a head ache. Junior and Woods King helped Knox Pipkin brand cattle last week.

Last week on my way home from Spearman I saw little J. M. Kenney learning to drive a tractor. He looked so little sitting up there but his shoulders were squared and his expression was enough to convince me he felt plenty big and important.

Joe Flowers is another little fellow that really gets around and can do all kinds of farm work; he looks like he can hardly reach the floor of the big tractors he drives and he doesn't hardly make a shadow in the fog of dust as he plows with a big plow.

Sam and I gave a party Wednesday night of last week but there were two people here that write to the Spearman Reporter. I do not like to write about myself or what we do so I am leaving that to the others.

I have misplaced two sheets of news notes so if I have left something out I should have written it is due to my carelessness.

Aneta King in Perryton Tuesday and she was walking around

in a pair of new sandals.

One day last week Sam sent me to town with a load of feed to be ground for cow feed. The first place I went the owner of the place said he could not grind feed because the man working for him told him that if he ground any more feed he would quit working for him. I then drove on to another place and there the man that grinds feed did not want to grind feed so the man that owned the place of business said no. Now I am just wondering how long these men will have a good business if they let some man that doesn't have a business of his own and not much to show for all the years he has been in the world go to managing the business they have worked and managed to accumulate and have now begun to live easy and have a nice home to live in.

I then drove down to Porter's elevator and saw Rosanne and her father who had no help. I told them what I wanted and about the other places where I had been. Mr. Porter stated he had no help. Rosanne said, "We can do it." So I said, "Well, I can help you if you will just tell me what to do; I am not afraid of work, or a little dirt." So we all three went over to the grinder. Mr. Porter scooped the feed from the pick-up on to a flat truck. Later Rosanne took hold his arm and they walked back together. That made a lovely picture—youth and age with youth loving and guiding a man that is so competent and yet in a way so handicapped by not being able to see, always walking in the dark.

I closed my eyes and imagined myself walking across the street as Mr. Porter had done, and I could see nothing but despair in my imagination. I breathed a little prayer of thankfulness, though I am not capable of thinking things out as he does, do not have an education like Mr. Porter, could not manage a business, I was thankful I still had my vision. Rosanne will probably be worth more than a dozen men who tell their boss what they will do and what they will not do, and when they get old and grouchy Rosanne will be riding high and be known. These men's children this world of ours. Her name will be known. These men's children will be told by their parents that Rosanne as just a lucky girl. They won't tell them how she worked at the work they would not do. It's the people who are not afraid of any kind of honest work that goes places in this world.

Son Of Americans Held By Japanese Dies In Crash

SAN ANGELO, June 29—Capt. Frederick G. Ireland, 24, was killed and Second Lieutenant Robert D. Blackman, 22, was injured seriously yesterday in the crash of their training plane 15 miles south of Bronson, Colo., the Goodfellow Field public relations office announced. Details of the crash had not been received here.

The two officers left Goodfellow Field Friday on a routine cross-country flight to Denver. Lieut. Blackman is in a hospital at Trinidad, Colo., with a brain concussion and other injuries, field officials said.

Capt. Ireland's home is Santa Maria, Calif., his father, an army officer, and his mother, are prisoners of the Japanese in the Philippines. Lieut. Blackman's home is Englewood, Colo.

PICNIC FOODS

If you are able to go on a picnic this Fourth, you'll find the supplies at Cates Grocery & Market.

We join this Fourth of July in paying tribute to the Hansford county boys who are in service and who are doing their part to maintain the freedom our forefathers won 167 years ago.

I am glad to get home again after being in the hospital several weeks. Your interest in my illness is deeply appreciated.

KEEP THE LIBERTY BELL RINGING

The Liberty Bell of the United States has been ringing these 167 years since July 4, 1776, and let us firmly resolve that the principles upon which this Republic was founded shall prevail through future generations.

America celebrates this Fourth in a spirit of solemnity because enemies have attempted to enslave this nation. But the millions of patriotic Americans in military service are determined that our liberties shall be preserved.
