

Parrland Grand Jury Nixes Bid Of Legal Staff

SAN DIEGO, Tex. (AP)—The new Duval County grand jury said today it didn't want the services of the district attorney or county attorney in its investigation of county and school district funds.

The jury, empaneled yesterday, gave its first report today at 10:30 a. m.

The report said the jury had decided that while it was investigating "possible law violations in connection with the handling of county and school district funds and in connection with internal affairs of the county and school district," it "did not desire the services or the presence in the grand jury room of either the district attorney or the county attorney of Duval County."

The jury said that among other reasons the investigation will "likely as a matter of course involve said officers and the conduct of their offices."

The report said that in all other matters "it is the intention of the grand jury to avail themselves of the services of the district attorney and the county attorney from time to time, and the grand jury intends periodically to invite them to come before them and present such law violations as they may have knowledge of and to assist the grand jury in investigations in that regard."

The jury set a date of Monday, June 7, at 9:30 a. m. as the time for the district attorney and county attorney to appear in the grand jury room.

The district attorney, Raeburn Norris, had asked the judge to instruct the jury that he, Norris, had a right to appear before it.

The jury has called no witnesses as yet. State Atty. Gen. John Ben Shepperd and three of his assistants were with the jury today. Shepperd was with it yesterday about 20 minutes.

Supporters of George Parr, disputed political leader of the area, bitterly opposed the empanelling of the new jury.

Parr's forces fought to the last, challenging five jurors, asking Dist. Judge S. Broadfoot to disqualify himself, and demanding access to the jury when it began its work.

The latter demand came from Dist. Atty. Raeburn Norris who asked Broadfoot to instruct the jury that he, Norris, had a right, as district attorney, to sit with the jury.

With no direct reference to Norris' request, Broadfoot motioned the jury out of the courtroom with the statement:

"If I have further instructions, I will call you."

Houston Ends Links Racial Segregation

HOUSTON (AP)—An ordinance allowing unsegregated use at once of the three city golf courses by Negroes was voted by city council today.

Golf director Jack Speer said he will allow Negroes to use all golf facilities.

"Unless I get orders otherwise I will allow them to use the golf links, the showers, rest rooms, cafes, and all other golf course facilities," Speer said.

SPLIT DECISION APPEALED

WASHINGTON (AP)—The Atomic Energy Commission had before it today Dr. J. Robert Oppenheimer's plea for quick action on a special board's split recommendation to bar him from the atomic secrets he helped unfold.

The three-man security board set up by the commission found, after six weeks of secret hearings and deliberation, that the 50-year-old "Oppy" was a "loyal citizen"—but too much of a security risk to get back the cleared-for-secrets status he lost last Dec. 23.

As disclosed yesterday by Oppenheimer's attorneys, the special board ruled 2-1 that the noted physicist and atomic pioneer had contributed to delaying a "concerted" start on hydrogen bomb development and had associated with Communists for years.

In a minority opinion, Dr. Ward V. Evans, chemistry professor at Loyola University of Chicago, said of Oppenheimer:

"He did not hinder development of the H-bomb and there is absolutely nothing in the testimony to show that he did."

The Oppenheimer attorneys, headed by Lloyd K. Garrison, said in a letter to AEC General Manager K. D. Nichols that allegations by the majority were old hat—charges which the commission had thrown out before.

They asked, on Oppenheimer's behalf, that the customary review by the commission's personnel security review board be waived. Instead, they asked the commis-

Split Like An Apple

The farm home of Howard Nance, Hiattville, Kan., was split apart by one of five tornadoes that hit Kansas and Missouri Sunday. Forty or more head of livestock lay dead under flattened barns and outbuildings on the Nance farm. Nance is shown in what once was the living room of his home. (AP Wirephoto.)

Paducah, Iowa Park Twisters Kill Infant, Injure 14 Persons

By The Associated Press

A baby was killed, 14 persons were hurt and crops were damaged by tornadoes which whiplashed West and North Texas Tuesday night.

Half the City Hall roof was torn off at Paducah, where the one death and 11 injuries occurred. Much South Plains cotton, only recently revived by rains, was hurt by hail and high wind.

Hail covered the ground like snow at Paducah.

At least two homes were flattened near Iowa Park in North Texas, where three persons were hurt. The storm did some damage to the ripening North Texas wheat crop.

A new cool front pushed into Texas early Wednesday and kicked up dust in the Panhandle. It was dry but was expected to stir up more thunderstorms around noon as it moved deeper into the state.

Visibility dropped to half a mile at Amarillo at one time but improved rapidly. At Lubbock visibility was down to three-quarters of a mile at one time.

Dead at Paducah was Ida Placincio, 3 months old. The child's mother and five brothers and sisters were injured.

Other tornadoes were reported at Bakersfield, 110 miles west of San Angelo, and to the west of Paducah. A windmill near Bakersfield was twisted into pretzel shape.

Preceded by biting, wind-blown sand so thick residents could hardly see across the street, the twister which swiped the west edge of Paducah took its greatest toll when it struck the Placincio home 18 miles southeast.

The Placincios lived on the Jack Parnell Ranch. All were in their house when it was crushed by the tornado.

Injured were the mother, Mrs. Isabella Placincio, and five children: Olivia, 9; Alejandro, 7; Ysabel, 6; Abraham, 4; and Adan, 3. Olivia, with chest and leg injuries, was most seriously hurt.

Truman Havins, 23, and Dorothy Havins, 23, brother and sister living in the Chaik community near the Placincio home, were hurt when the twister picked up the truck in which they were fleeing toward a storm cellar.

Truman was pinned under the truck more than an hour with a broken hip and leg. Dorothy Havins suffered a broken arm.

Mr. and Mrs. Joe Richards, who live five miles southeast of Paducah, were thrown against a barb wire fence as they ran for their storm cellar.

About 1 1/2 miles northeast of Iowa Park near Wichita Falls, the tornado demolished two houses and injured three people.

They were Mr. and Mrs. W. A. Stowe and their daughter, Faye, whose house was picked up and moved about 20 feet.

Nearby, Mr. and Mrs. John Harrell and their daughter, Linda, 13, strangely escaped injury although their concrete block house literally exploded around them.

There was roof damage to several residences in Igwa Park. At Wichita Falls, 10 miles to the southeast, 100 mile winds knocked the Weather Bureau wind gauge out of commission and damaged some business houses and residences, but no injuries were reported.

A wind storm knocked out some plate glass windows in Electra, near Wichita Falls. The high winds almost leveled some fields of wheat. Rain varied from .38 to 1.10 inch in the Electra area.

After the City Hall roof was blown off at Paducah, deluges of rain fell through the opening onto city offices and the fire department. Fire Chief Price Sandlin said 1.30 inches of rain fell in less than a half hour.

The north wall and roof of a brick building a block northeast of Paducah's courthouse was blown down. Plate glass windows in several Paducah business houses were smashed in and there was some damage to residences.

Tornado damage also was reported at the Valley View community five miles west of Paducah.

Paducah's city power was knocked out for several hours and an auxiliary generator was used to keep lights going at the hospital where the injured were treated.

Most telephone lines to Paducah also were knocked out; the few remaining were restricted to emergency use for several hours.

At Bakersfield, ranch house windows were blown out and a small barn was blown down. No one was hurt.

By daylight Wednesday, all thunderstorm activity had shifted to the eastern part of the state and, except for dust, most of West Texas' skies were clear.

There was no reported rain at dawn Wednesday anywhere in the state. Lightning flashed in East Texas where skies were partly cloudy to cloudy.

City Will Continue Spraying Operation

Oiling and disinfectant operations will be continued within the next day or so in the area which was flooded in West Big Spring, said Lige Fox, city sanitarian.

There is practically no water in the area now, and Fox said he expects the water to drain completely within the next 24 hours. Nevertheless the oiling and spraying will be necessary to protect against mosquito breeding, he said.

An inspection of the area was made yesterday by health officials, and it was found that practically all sections of the flooded area can now be reached.

Insects Cause Cotton Damage

A few more days of hot weather probably will eliminate heavy infestations of cotton lice and careless worms, County Agent Darward Lewter said this morning.

The county agent said he does not recommend any wholesale poisoning of insects. Some damage is being done to young plants, however.

"We'd better save our time and money for the bollworm infestation we're sure to have later on," he declared.

Lewter suggested that in case some farmers wish to poison the aphids and careless worms, they should use the DDT-sulphur dust (at least three per cent) or the insecticide Parathion, both of which are available here.

Day-time temperatures of 90 degrees or above for the next few days should "take care of" both the lice and worms, the agent said. Stirring of the soil also will help to eliminate the worm infestation.

Cooler weather or more rain could increase the infestations, however, and Lewter recommended that farmers keep a close watch on young crops.

The cotton lice, or aphids, are the small black flies which are noticeable in fields. The careless worms have the appearance of leaf worms, Lewter said.

Houston Plans Bonds

HOUSTON (AP)—A 10 to 20 million dollar bond election proposal for city improvements will probably be placed before Houston residents July 24, Mayor Roy Hofheinz said yesterday.

One Ad Does A Double Job!

Here's an example of a Herald Want-Ad doing two jobs for the price of one ad! This advertiser had "many calls" rented both house and apartment the first day.

EXTRA NICE small furnished house. Also desirable 3-room furnished apartment. Both air-conditioned. 1954 Security.

You, too, can get the job done, whether you're buying, renting, selling, offering services — or whatnot — by using Herald Want-Ads. Just Dial 4-4331.

McCarthy Claims Reds In CIA, Nuclear Plants

Eisenhower Says Anti-Red Record Under Him Good

WASHINGTON (AP)—President Eisenhower said today his administration has an impressive list of accomplishments in fighting communism and subversion.

The President made the statement at his news conference after virtually barring questions on the sharp controversy between members of his administration and Sen. McCarthy (R-Wis.).

One new man, nevertheless, asked the President whether he feels that McCarthy is hurting the administration's legislative program.

A look of sharp annoyance came over the President's face and after a pause he turned away from the questioner and snapped out that he was ready for the next question.

In ruling out questions about the McCarthy administration controversy, the President said that from now on he has just one objective—to get his legislative program approved.

Then Eisenhower alluded to a statement which Atty. Gen. Brownell issued last Friday and the President said it was put out as his (Eisenhower's) direction.

That amounted to a reaffirmation of the administration position with respect to McCarthy.

In the Friday statement, Brownell said the executive branch of the government "has the sole and fundamental responsibility under the Constitution for the enforcement of our laws and presidential orders."

After referring to the Brownell statement, the President said that constituted his last word on the subject unless someone could demonstrate to him that further comment was warranted.

On other matters Eisenhower had this to say:

The Oppenheimer case—the President withheld comment on a security board's 2-1 vote against clearing the atomic scientist J. Robert Oppenheimer of atomic secrets, while unanimously upholding his loyalty. The President said he was withholding comment because Oppenheimer's appeal to the full Atomic Energy Commission still is pending. Eisenhower recalled, however, that at a recent news conference he expressed great admiration for Oppenheimer and for what he has done in development of atomic weapons.

Southeast Asia—Eisenhower said that not by any manner of means has he reached any decision to ask Congress to authorize American military action in Southeast Asia.

DOG FOLLOWS MAN TO JAIL

OAKLAND, Calif. (AP)—Flame, a seeing-eye dog, will spend a year in prison—through no fault of his own.

He will accompany his blind master, Ralph Gross, 39, of Oakland, sentenced yesterday to a year at Santa Rita prison farm for passing bad checks.

Gross, a peddler, pleaded guilty May 11 to writing a useless check for \$350.

'Alarming' Reports Being Investigated

WASHINGTON (AP)—Sen. McCarthy said today he has long had "alarming" information about Communist infiltration of hydrogen and atomic bomb plants but received "White House" advice against public hearings on it.

McCarthy spoke publicly at the McCarthy-Army hearings of having such information as well as reports of subversive infiltration of the Central Intelligence Agency. Elaborating to reporters later,

McCarthy said the question of possible Communist infiltration of hydrogen bomb plants was discussed at a "White House meeting" last June, and public hearings were rejected in the public interest.

While he called it a "White House meeting," McCarthy said the meeting was "at the home of a White House secretary," and those present included two White House secretaries, someone from the Justice Department, and "one very high elected official."

McCarthy said the whole question of Communist infiltration of hydrogen bomb plants was discussed, and as a result he was convinced — "but not fully convinced"—that for the Senate Investigations subcommittee to go into public hearings "was not in the public interest."

In response to questions, McCarthy said the matter of Communists in the hydrogen bomb plants is still "receiving continuous attention."

Whether the investigations subcommittee will go into it will depend upon a vote of the committee he added.

McCarthy told reporters that the question of alleged Communist infiltration of the CIA was not discussed at the June meeting.

"I am disturbed beyond words by the situation in the CIA," he said.

McCarthy mentioned the matter to the McCarthy-Army hearings just before they were recessed for lunch. He said the information he has as to infiltration of the CIA and nuclear weapons plants is much more serious than the charges which set off the subcommittee's investigation last year of alleged subversion at the Army's secret radar laboratories at Ft. Monmouth, N.J.

Sen. Jackson (D-Wash.) had been questioning Roy M. Cohn, chief counsel for the McCarthy subcommittee, about what Jackson called a long "delay" in starting the Monmouth inquiry.

Jackson recalled that McCarthy had testified he received in April or May a summary of an FBI document warning the Army of 35 subversives at Monmouth.

McCarthy broke in to say it took many months of preliminary investigation before formal hearings could be launched.

Jackson protested that the Monmouth information was so serious it appeared the alert thing to have done would have been to notify senators on the subcommittee immediately.

Jackson said he had not heard of the investigation of Monmouth or the Army in general until long after it had been started.

McCarthy responded that the subcommittee had matters even much more serious under preliminary investigation now.

One of these, he said, was "Communist infiltration of the Central Intelligence Agency."

The intelligence agency is headed by Allen Dulles, brother of Secretary of State John Foster Dulles. McCarthy then added that another preliminary investigation concerns Communist infiltration of "hydrogen and atom bomb plants."

Crawford Fire Routs Guests

Tenants of the Crawford Hotel were roused from their sleep and forced out of their rooms late last night when smoke from a first floor fire spread throughout the building.

Though the entire hotel appeared to be on fire, there was no panic on evacuation. Hotel manager Grady Duling said that none of the tenants was injured.

The fire, which resulted in damages estimated near \$15,000, was confined to the hotel coffee shop. The kitchen, where the blaze started, was completely destroyed.

Actually, the hotel guests and firemen believed the fire to be on the seventh floor on initial reports because it was on the seventh floor that smoke was thickest.

The firemen opened all exits to the fire escapes and windows to clear the smoke. They stayed on hand until 1:30 a. m. today to make sure the fire had not spread to other parts of the building.

All the kitchen fixtures were destroyed and the dining room was damaged considerably. There was some damage to the building, including smoke damage to rooms. Manager Duling said that he assumes the kitchen will be repaired and the coffee shop reopened.

If tenants could not be reached by phone, hotel personnel were dispatched to clear them out. The entire hotel was evacuated within a 15-minute period, Duling said.

Smoke was concentrated on the upper floors because of the three vents going from the coffee shop.

POLICE SCHOOL SET New Paving Units Get City Approval

Approval of a number of completed paving units headed the agenda of Big Spring's City Commission last night.

The commissioners also decided to install a protective cover over a water main which passes under the 4th Street at Birdwell Lane, reaffirmed a policy regarding pavement cuts for installation of water taps, and announced that a police school will be held here.

The paving units which were approved are located in Southeast Big Spring, mostly in the Washington Place area. Zachry officials told commissioners they lack only a few streets completing the entire program, but that work is being held up until utility installations are moved.

The units accepted by the city included portions of Arizona, Benton, Birdwell Lane, Circle Drive, Donley, George, Johnson, Kennedy, Lexington, Lincoln, Manor Lane, Maple, Mittel, Mount Vernon, Park Drive, Rosemont, Settles, Sycamore, Tucson, Tulsa Road, Virginia Young, 2nd, 12th, 14th, 15th, 16th and 18th.

Commissioners decided a protective cover for the huge 37-inch water main at 4th and Birdwell is necessary because the line is so near the surface (15 inches). The heavy traffic on the new 4th Street Highway could result in a line break, it was reasoned.

Installation of a 15-inch concrete slab over the line is to be effected. This slab, about seven feet wide, will be 100 feet long in order to cover the highway portion of the line. It is estimated that the slab will cost about \$750, which is cheaper than the cost of stopping water service to lower the line.

Policy of holding the property owner responsible for all pavement cuts necessitated by installation of water taps was re-emphasized. Whatever pavement adjustment is necessary will be added to the homeowner's water tap cost of \$17.50, it was decided.

City Manager H. W. Whitney said the question of responsibility had come up concerning pavement cuts on North 12th. The water line runs on the north side of the street and most taps have to be made to houses on the south side. Every tap necessitates a pavement cut, and each cut has to be filled.

Police school to be conducted by

Asian Neutrals Seen As Truce Inspectors

GENEVA (AP)—French Foreign Minister Georges Bidault was reported ready to propose to the Indo-China peace conference today a plan for Asian neutrals to play the dominant role in supervising an Indo-China cease-fire.

It was understood to have the support of the United States and Britain.

India, Pakistan, Ceylon, Indonesia and Burma were reported under consideration for the supervising job.

Signs Non-Communist Affidavit

A non-Communist affidavit is signed by Col. Claude Sabular as he sits with his attorney, Joel Westbrook, at the Fort Sam Houston post prison in San Antonio, Tex. Sabular, who once refused repatriation as a Communist prisoner in Korea, was required by the Secretary of Defense to sign the affidavit in order to obtain some \$4,000 in back pay. (AP Wirephoto.)

Dimmitt Man Killed In Amarillo Mishap

AMARILLO (AP)—A car struck a railroad underpass last night with such force the vehicle bounced to the top of the bridge and then hit a telephone pole guy wire.

William Kirkpatrick Jr., 29, Dimmitt businessman, was thrown through the right window and killed. His passenger, Airman Robert Sheed, 22, of Amarillo Air Force Base, was hurt.

Forgery Complaint Is Lodged Here

Forgery charges have been filed against Ross Allen in Justice Court here. In a complaint made by C. A. Walker of Big Spring, Allen is charged in connection with a \$60 check, drawn on the First National Bank of Midland. Name of George C. Cowden was signed to the check which was negotiated at the Walker Pharmacy in Big Spring, the complaint said.

Tires Stolen From Car On Sales Lot

Jerry Metcalf, operator of a used car lot in the 600 block of West 3rd, reported to police this morning that four tires and wheels were stolen from one of his vehicles last night. When Metcalf went to work this morning, he found the vehicle flat on the ground with no supports. The wheels were tan, he said, and the white sidewall tires were size 650-16.

Annual District Cub Scout Day Camp Opens Tomorrow

Annual day camp for the Cub Scouts of the Lone Star district will get under way here at 9 a. m. Thursday at the City Park. Jack Alexander, district Cubbing commissioner, said he anticipated a large attendance from most of the communities within the district. Registration fee of \$1.25 takes care of the meals Thursday and Friday noon and of other incidental expense. Following two days of games, handicraft, Cubbing skills, etc., a picnic supper Friday at 6 p. m. will bring the families of Cub Scouts together. There will be a campfire program, and boys who have their Dads or guardian with them will be permitted to sleep out all night. Saturday morning Cub Scouts will prepare breakfast for their Dads. There will be registered nurses on hand during the two days of camp, said Alexander. The camp opens at 9 a. m. with flag raising and terminates Thursday's session at 5 p. m. when parents are to be on hand to pick up the Cub Scouts. Lunch is to be served in the Baptist camp hall. Camp directors are Wayne Bonner, Jake Morgan, Lige Fox, Bill Sheppard and Omar Jones. 4th charge of equipment and material are E. C. Cochran, J. T. Wilkinson, Omar Jones, Tents will be secured by E. C. Cochran and J. T. Wilkinson. The food committee is composed of Maj. Taylor, Chaplain Francis Jeffery, Fox, D. M. McKinley, Dr. Preston Harrison, Sheppard. The park committee is composed of Alexander and Herbert Whitney, while program is in charge of Sgt. Lugee, Dan Krause, Fox and Morgan. The Lone Star district includes Foran, Spraberry, Sterling City, Coahoma, Stanton, Lenorah and Big Spring.

HOSPITAL NOTES

BIG SPRING HOSPITAL. Admissions — Mrs. Floyd Hull, Rt. 1; Vernon Anderson, 610 NW 4th; J. Hernandez, Merkel; Mrs. Coys Echola, Goldsmith. Dismissals — Mrs. Ted Phillips, City; Lynette Hull, Rt. 1; Mrs. Laura Anderson, 1309 11th Place; Mrs. Helen Earley, 1704 State; Chester Jones, 2106 Nolan.

Man Charged With Assault After Shooting

Charges of assault with intent to murder were filed in Justice Court here this morning against Waymon Myles Jr. as a result of a shooting last night in the 500 block of NW 4th Street. Myles was charged in connection with injuries suffered by Robert Lee Houston, 16-year-old Negro girl. She was struck in both legs by pellets from a shotgun, but her condition was described as satisfactory at Cowper Hospital this morning. Apparently Miss Houston and Wilbert Robles, Webb airman, were accidentally wounded, Deputy Sheriff C. H. Forgas reported. The couple was on the sidewalk near the Gomez No. 3 Cafe when they were struck by shotgun pellets. Robles received only one pellet in the leg, Forgas said. Forgas and Deputy Bobby West witnessed the incident while on a routine patrol of the northside about 10 p. m. Tuesday. Forgas said he saw the flash of a gun and heard the Houston girl screaming. West immediately arrested Myles and Forgas recovered a 410-gauge pistol from Joe E. Lewis, Myles' step-father. The deputy said Lewis had taken the gun from Myles after it had discharged. Myles told officers he had not intended to shoot at the couple. He said in a statement he was looking in a window at the Gomez Cafe when someone struck the gun and it fired down the street. Myles waived examining trial in Justice Court this morning and Justice of the Peace Cecil Nabors set his bond at \$1,000.

Area Road-E-O Set Saturday

A regional 'teen-age road-e-o' will be held here Saturday under sponsorship of local Jaycees. Oliver Coffey, president, has announced. The road-e-o, in which young drivers from at least four cities will compete, is to start at 1 p. m. at Webb Air Force Base. The contests are expected to be completed by 3 p. m. Coffey said winners of local road-e-o contests in Midland, Fort Stockton, El Paso, Big Spring and possibly Pecos will compete. There will be three contestants from each city. James J. Skipalls, Dennis Jones and Raymond Hancock, winners of the Big Spring road-e-o last April will represent Big Spring in the contests. Builders have been set up on the WAFB ramp for spectators and Air Force personnel will direct guests to the contest area, said Coffey. The winners of first and second places Saturday will represent this area in state contests to be held in Austin later in the year.

Burns Is Manager For Clothing Store

Sam L. Burns, a Big Spring native who for the past several years has been in the clothing business elsewhere, has returned home to become manager of The Men's Store.

Highway Bonds Are Here For Signature

County Judge R. H. Weaver this morning started the long task of signing his name to 325 bonds of \$1,000 denomination. The bonds, approved by voters April 24, are being issued by the county for the purpose of buying right-of-way and relocating buildings on Highway 80 from Big Spring to the Mitchell County line. The bonds, ready for signature, were delivered this morning by James Kerley, the county's technical representative in connection with the issue. Kerley said the bonds would receive final approval and money can be received within about a week after they are signed.

Outpost To Oceanic Field Has Shows In Pennsylvanian Test

Oil shows have been found on a core of the Pennsylvanian at another outpost to the Oceanic Field, and good stains and odor were uncovered on a core of a project edging production in the Luther Southeast pool. Pan American No. 1 Ellis Iden is the Oceanic project having oil shows on three cores between 8,173 and 8,222 feet. Lone Star No. 1 Bryson is the Luther Southeast venture coring stains and odor.

Borden

Phillips No. 1 Quartz, C NW SE, 15-34-4n, T&P survey, made it down to 1,285 feet in anhydrite and gypsum. Phillips No. 1-B Clayton, C NW SE, 17-32-4n, T&P survey, is still installing a pump at plugged back depth of 8,250 feet. Pan American No. 1-B-Good, C SE SE, 2-32-3n, T&P survey, hit 5,570 feet in lime. Seaboard No. 1 Simpson, 3,105 from south and 467 from east lines, 24-33-3n, T&P survey, is installing tank battery. Hanley No. 1 Beal, C SE SW, 24-31-3n, T&P survey, reached 7,190 feet in lime. Trans-Tex No. 1 McKee, C NE NW, 22-33-3n, T&P survey, has bit boring at 5,038 feet in lime and shale. Oceanic No. 1 McAdams, C NE NW, 26-32-3n, T&P survey, is waiting on cement at 3,025 feet for intermediate casing.

Dawson

Magnolia No. 1 Foster, C NW NW, 22-36-4n, T&P survey, is making hole at 8,936 feet in lime and shale. Seaboard No. 1 Dean, C SW NW, 3-2-TTRR survey, has been plugged and abandoned at 8,750 feet in lime. Top of the Dean sand was 8,107, and top of the reef was 8,684.

Howard

Pan-American No. 1 Iden, 330 from south and 660 from east lines, 26-33-3n, T&P survey, has uncovered porous lime with good oil shows on three drillstem tests. The tests were between 8,173 and 8,222 feet. Another core is now being taken from 8,222 and 8,237. Lone Star No. 1 Bryson, C NW

City To Get New Right-Of-Way For Second Street

City commissioners last night instructed City Engineer Clifton Bellamy to obtain new right-of-way commitments for the opening of East 2nd Street as soon as possible.

Four More File Late Statements

Four additional candidates had filed tardy campaign statements with County Clerk Pauline Petty by this morning. Latest to file were Mrs. Austin Coffman, candidate for Justice of the Peace, Precinct No. 2; Ralph Baker, for county surveyor; Leland Wallace and W. B. Puckett, candidates for county commissioner, precinct No. 4. The campaign statements were due by May 25. Several candidates have filed the statements since the deadline, with Buck Gramham, for constable of Precinct No. 2, and Bill Conser, for constable of Precinct No. 3, the only candidates not having filed by this morning.

Officials Discuss Street Widening

City Commissioner Curtis Driver and County Commissioner Pete Thomas conferred this morning on the proposal for cutting back the courthouse square on three sides to permit wider streets and head-in parking.

Legion To Build Disaster Trailer

Big Spring Legionnaires are to meet at the home of O. J. Forbes, 1104 Barnes, at 7:30 p. m. Thursday to construct a "disaster trailer." Ed Fisher, local American Legion commander, urged a large turnout of the membership for the project. The trailer will be equipped with medical supplies and similar equipment for use in a disaster area.

Two Highway 80 Mishaps Reported

Two automobile mishaps were reported to authorities last night on East Highway 80, one just inside the city limits and the other about seven miles out. A car driven by John Unholtz of San Rafael, Calif., hit a culvert on the highway about 11:45 p. m. Apparently none of the occupants of the car were injured, highway patrolmen said, though the car was badly damaged.

City Joins In Suits

City commissioners last night voiced consent to go along with suits to be filed by the Big Spring Independent School District against all delinquent taxpayers. Attorney Harvey Hooser Sr. is now preparing the suits for the school district, and they are expected to be filed in the near future.

\$75 Fine Levied On DWI Charge

Jess W. Frazier was fined \$75 and costs in County Court Tuesday when he pleaded guilty to charges of driving while intoxicated. Frazier was charged last December. He first pleaded not guilty to the charges, but changed the plea Tuesday.

Back From Missouri

Mr. and Mrs. A. G. Hall and daughter, accompanied by their son, Sam, have returned from Lexington, Mo. where Sam was graduated with high honors from Wentworth Military Academy last Thursday. Sam was second in a class of 87 high school seniors and received a medal as salutatorian of his class. In addition, he had completed 12 hours of college credit. His plans currently are to enter Texas A&M in the autumn to study electrical engineering.

OIL, GAS TRANSACTIONS

LEASING. Murphy et al vs F. L. Butler, the west half of Section 2, Block 21, Township 3-North, T&P Survey. John Davis to Phillips Petroleum Corp. the north 1/4 corner of the west half of Section 20, Block 21, Township 3-North, T&P Survey (lease).

C. T. JOHNSON

C. T. Johnson Campaigns In City This A.M.

C. T. Johnson of Austin brought his campaign for the lieutenant governor's office to Big Spring this morning, plugging for a state utilities commission, higher old age pensions, water conservation and more veterans benefits. Johnson, who said he has been campaigning since March 7, spoke on the courthouse square at about 9 a. m. He said he already has visited 60 per cent of the state and plans to have spoken in every county in the state by the time the July 24 primary rolls around.

The candidate had his own public address system mounted on his car. He came here from Abilene, having spoken in San Angelo Tuesday afternoon. Johnson planned to go to Midland and Odessa this afternoon and evening. Johnson's campaign has a two-pronged attack, one calling for an elective state communications commission and the other a statewide water conservation program.

He said regulation of telephone rates by a commission had been found successful in 45 of 48 states. Contending that rates should be reduced, he said he was staging a one-man war against Southwestern Bell because he said that net return in many Texas cities was in excess of six per cent exclusive of approximately 40 per cent long distance income. Individual communities are not financially able to carry on a rate fight with the utilities, he said, hence the need for a state commission.

Johnson's platform for water included a plan for building 100,000 small dams in Northwest Texas and a big canal paralleling the Gulf Coast and crossing the state's 10 rivers. He also called for a small dam program in the western part of Texas. Other planks included a proposal of \$100 per month old age assistance for eligible persons at 65; a \$1,000 bonus to all veterans and the inclusion of all veterans under benefits of the Texas land grant bill.

Border Patrolman Is Assigned Here

Border Patrol Inspector Lige Embry has been assigned to Big Spring from Presidio. Embry replaces Inspector Marvin Butler who has been transferred to Sanderson. Butler and Inspector Walter Edwards of Big Spring now are in California on temporary duty and Butler will go to the Sanderson station on his return to Big Spring. Embry has served with the Border Patrol for the past two years, all of the time at Presidio. A native of Amarillo, he worked for the Amarillo police department before joining the Border Patrol. Inspector and Mrs. Embry and two children moved to Big Spring from Presidio Sunday.

J. R. Harter Is Store Manager

New manager of the Firestone Store in Big Spring is J. R. Harter who came here from Wichita Falls where he had been associated with the company for the past two years. Harter assumed management of the Big Spring store Tuesday. His family, consisting of Mrs. Harter and two children, is to move to Big Spring next week. He has 5 1/2 years of experience in the automotive supply field. He spent three years in the Air Force and is a native of New Castle, Ind.

Lodge Work Slated

Members of the Rebekah Lodge No. 284 have been asked to meet at the lodge hall at 8:30 a. m. Thursday for the purpose of painting and making other improvements. The work will be in progress throughout the day, and everyone participating is to bring a covered dish for luncheon.

Secretary Hobby Fires 238 'Risks'

By RUSSELL BRINES
 WASHINGTON (AP) — The Department of Health, Education and Welfare says that by April 30 it had fired or otherwise eliminated 238 security risks, including 114 suspected subversives.

The total, reported to Congress in testimony released today, surpassed the Civil Service Commission's report last March that the department had uncovered 78 security risks.

The department also told a House Appropriations subcommittee that, in one 78-case category, about 40 per cent of those elimi-

nated as security risks had been hired under the Eisenhower administration. The remainder, it said, were holdovers from Democratic administrations.

No breakdown was provided, in this case, between suspected subversives and those removed for other causes. A security risk may be a person who drinks or gossips too much or is found to be unstable mentally.

A number of Democrats in Congress have protested that many such persons left government service voluntarily without knowing

they were classed as security risks.

Secretary Hobby testified that the government's newest department, with about 1,000 "sensitive" jobs, has set up a special 35-employee office of internal security to screen the staff. She requested \$285,000 for this office, as part of a proposed \$1,600,342,000 budget for the department during the year beginning July 1.

In a formal memorandum to the subcommittee, the department said 10 "terminations" had been made in cases where the individuals' files contained information indicating in various degrees subversive activities, subversive associations or membership in subversive organizations.

For the same reasons, 13 were suspended; 37 resigned under investigation when their files were known to contain unfavorable information; 53 more were "separ-

ated" in other ways under the same circumstances; and one was separated while unfavorable reports of subversion were being investigated.

The 124 nonsubversive security risks resigned under investigation or were separated on charges ranging from immorality to untrustworthiness, the department said.

Under Secretary Nelson A. Rockefeller testified that 147 security risks were uncovered between May and December 1953, and action has been taken in 91 cases since then.

Activities of the department range from handling the social security program to maintaining some institutions for the handicapped.

Japan mined 46,516,000 tons of coal in 1953—about one 10th U. S. production.

Connie Crow Is Honor Student

Connie Joyce Crow, daughter of Mr. and Mrs. O. R. Crow of the Luther community, was the top freshman scholar at Howard County Junior College during the spring semester, B. M. Keese, dean, announced today.

Second high freshman student was Myrna Jean Talley, daughter of Mr. and Mrs. L. G. Talley of 508 Hillside, Keese said. Miss Talley had the top grade average during last fall's semester.

The leading sophomore scholars were honored during the HCJC commencement banquet last Friday. Valedictorian of the graduating class was Arnett Carl Pres-

Midland Rodeo Starts Tonight

MIDLAND (SC) — The 20th annual Midland Championship Rodeo starts tonight with a big parade at 2:30 p.m. and the first of five performances at 8 o'clock.

Everett Colborn, arena director, said some of the nation's roughest rodeo stock is to be used in the various events. Some of the same animals will be used in the Madison Square Garden rodeo later this year.

Buddy Heston, one of the nation's foremost rodeo clowns, also will be on hand for the Midland rodeo.

There will be \$12,000 in purse money distributed to winners of the different events. The prizes are expected to attract leading rodeo performers, said Frank Cowden Jr., president of Midland Fair, Inc.

The rodeo parade will include 10 big balloon figures, mounted riders and floats. The procession is expected to stretch over more than a mile.

The United States produced 14,700,000 tons of steel for its auto industry in 1953.

Evaporative Coolers for Summer Comfort

Choose Your Cooler Now from Wards Complete Selection.
 Keep Your Home, Office, or Shop Comfortably Cool
 on Those Hot Summer Days Ahead.

BLOWER-TYPE COOLER

Moves 2500 CFM **88⁸⁸** Cools 3 rooms

(A) Designed and engineered of especially heavy construction to deliver rated capacity without noise or vibration, for day-in, day-out continuous operation. Easily installed in any window up to 48 inches wide—or install with duct work and damper arrangement for completely controlled cooling. Moving parts quickly accessible for servicing. Control knobs on front panel.

COOLER FOR 4 ROOMS. Moves 3500 CFM 107.88
 COOLER FOR 5 ROOMS. Moves 4500 CFM 131.88
 COOLER FOR 6 ROOMS. Moves 5500 CFM 157.88

ECONOMY FAN COOLER

Moves 1500 CFM **32⁸⁸** Cools 1 room

(B) Gives Summer comfort to average-size room at low initial cost, low operating cost. Easily installed in any double-hung window without need of platforms or braces of any kind. 14-inch, deep pitch, 4-blade propeller moves 1500 cubic feet of air per minute. Chromed wire safety guard prevents fingers from touching fan blades. Overall size: 21½ by 22½ by 16½ inches deep. Attractive baked-on grey finish.

DELUXE TWO-SPEED COOLER. 1600 CFM.. 52.88

DELUXE BLOWER MODEL

Moves 1800 CFM **72⁸⁸** Cools 2 rooms

(C) Furnished with adjustable side filler panels for easy installation in window from 27 to 36 inches wide; without use of brackets or braces. Forward curved multiblade blower wheel delivers 1800 cubic feet of air per minute; enough to give comfort to two average-size or one large room. Easy to service without removing from window. One-piece die-drawn front has an attached directional grill with two-way diffusing vanes, giving you complete control of air direction. 10-foot attached cord and plug.

DOWN DISCHARGE MODEL

Moves 4000 CFM **138⁸⁸** Cools 3 rooms

(D) An Ideal Cooler for your office or shop—designed to eliminate all exposed ductwork and elbows. Makes roof mountings easier, saves labor and materials. The simple basic design of this cooler blends with most buildings, making a neat attractive installation. Cooler may be installed with or without a recirculating pump. Filter cartridges are easily removed for easy installation, servicing. Attractive baked-on hamerloid grey finish. Overall size: 34 by 35 by 34 inches. Buy now and be ready for Summer heat.

COOLER ACCESSORIES

(F) Easy to install. For installation of cooler outside of double-hung windows without obstruction. 18.50

(G) Recirculating Pump Kit. Pump, impeller, float valve, hose, overflow pipe, strainer and pinch clamp. 17.95
 PUMP ONLY, without kit 13.95

PYRLE BRADSHAW

CARL BRADLEY

Pyrle Bradshaw, Carl Bradley Installed As Heads Of OES

In a candlelight service Tuesday evening in the Masonic Temple, Pyrle Bradshaw was installed as Worthy Matron and Carl Bradley as Worthy Patron of Big Spring Chapter No. 67 of the Order of the Eastern Star. Pauline Smith, associate Grand Condu-

ctress of the Grand Chapter of Texas, and Dorothy Driver, deputy Grand Matron of District 2, were the installing officers. Candles were lighted by Bird Bond of Eunice, N. Mex., and Mrs. Willard Sullivan, and the Bible was presented by Sadie Strawn of Lovington, N. Mex., sisters of the Worthy Matron.

Bobette Bankston Has Third Birthday

Pictures were taken of the group when Mrs. C. H. Bankston of Forsan entertained with a third birthday party for her daughter, Bobette. Games were played, and bubble gum was passed out for favors.

Donna Caldwell Is Honoree At Showers

LAMESA — Miss Donna Caldwell, bride-elect of Hal Barron was complimented Friday with a coffee in the home of Mrs. Wright Boyd, 801 North 8th, and Saturday with a linen shower in the home of Mrs. Eric Barron, 502 North 17th.

Model Talks

Pat Barnard says: "Beauty is my business—and Sweetheart is my beauty soap. Its more luxuriant lather—so richly fragrant—keeps me fresh all day... AND keeps my complexion exquisitely soft, smooth, and so say 9 out of 10 leading cover girls!"

Cover Girl Pat Barnard

JC Teacher Is Wed To Lubbock Man

Mr. and Mrs. Leslie Ewing will be at home in Lubbock, following their wedding in Carlsbad, N. Mex. Sunday morning, in an informal double ring ceremony. Mrs. Ewing is the former Mrs. Charlotte Sullivan, daughter of Mrs. Viola Keith of Kansas City. The bridegroom is the son of Mr. and Mrs. H. A. Ewing of Pleasantville, Penn. His home is now in Lubbock, where he operates a machine shop.

MRS. BOB BRIGHT

Forsan Girls Attending FHA Camp

LAMESA — Girl Scout Troop 11 ended the year's activities with an outing in Lubbock recently. After a picnic lunch in the park, a special showing at the planetarium of the Texas Tech Museum started the afternoon activities. The showing at the planetarium was planned as an introduction to the "Star Badge" which will provide summer activity for the Scouts. The girls learned to identify in the planetarium, ten of the major constellations in the sky at this season in this particular locality.

Guatemala Was Home For Big Spring Woman

Perhaps no one in Big Spring is as interested in developments in Guatemala as is Mrs. Bob Bright, 1512 Vines, who has friends there from having lived in Guatemala City, the capital, in 1946-47. She found the people very friendly to Americans, but rather unimpressed by the typical American tourist.

that the majority of the people were sympathetic with the Germans at the time she was in their country. There was not a kindly feeling between Guatemala and British Honduras in those years, and ever so often Mrs. Bright would hear a radio station in the neighboring country and a broadcast with "Belice is ours." Belice is a territory belonging to Guatemala, but claimed by British Honduras.

Delegates Elected To School Workshop

Peggy Hogan, Nita Hedleston, Betty Anderson and Glenn Rogers were elected delegates to the summer workshop of Student Councils at the Senior High Student Council meeting Tuesday evening in the Rogers home for dinner. The statewide meeting, of which Glenn is vice president, will be held in Austin from August 8 through the 13.

WCSA To Honor Pastor

The WCSA of Wesley Memorial Church is having a party for the Rev. and Mrs. Marvin Fisher this evening at the church at 8 p.m. The Fishers will leave Thursday for McLean where he has been transferred during the recent Methodist conference. All members and friends of the church are invited to attend the party.

Mrs. Hogan Sponsor Of New Garden Club

Mrs. J. E. Hogan, sponsor of the Green Thumb Garden Club, explained two flower arrangements that she had made when the club met in her home on Tuesday morning. One, a Hogarth Curve, was made with gardenias, and the other was a Japanese line arrangement of Bellis of Ireland and day lilies.

Recital Presented By Houser Pupils

The pupils of Mrs. Anh Gibson Houser presented the second in a series of piano recitals Tuesday night at the Howard County Junior College. Musicians performing in the recital were Johnny Phillips, Jacqueline Smith, Martha Winans, Priscilla Pond, Sammy Meador, Robert Stripling, Linda Mason, Jim Farmer, Phillip Puckett, Brownie Rogers, Kay Jamison, Barbara Coffee, Lu Ann White, Kenda McGibbon, Sally Cowper, Ronnie Burnam, Lila Turner, Barbara Lewter, Delores Mabry, Sandra Tally, Janice Anderson and Sue Boykin.

Mrs. Jarrett Will Head Rebekahs

Mrs. Violet Jarrett was elected Noble Grand at the regular meeting of the John A. Kee Rebekah Lodge Tuesday evening at Carpenters Hall. Mrs. Ruth Fite was elected Vice Noble Grand, and Mrs. Hazel Lamar was re-elected team captain.

Larger Sizes!

A sundress and capelet designed especially for those of you who are not so slim comes in an extra wide range of "hard to find" larger sizes. Button-trim plays the lead in an otherwise simple style. No. 2161 is cut in sizes 12, 14, 16, 18, 20, 22, 24, 26, 28, 30, 32, 34, 36, 38, 40, 42, 44, 46, 48, 50, 52, 54, 56, 58, 60, 62, 64, 66, 68, 70, 72, 74, 76, 78, 80, 82, 84, 86, 88, 90, 92, 94, 96, 98, 100.

Forsan Girls Honored At Swimming Party

FORSAN — The Forsan Study Club honored a group of volleyball girls with a swimming party and picnic at the Big Spring State Park recently. Attending were Lela Fletcher, Patsy Shouls, Nan Holaday, Ann Green, Mary Anne Fairchild, Sue Jones, Madge Anderson, Barbara Green, Mary Lou McElrath, and Yvonne Pike. Spon-

Willis Family To Visit In Louisiana

FORSAN — Mr. and Mrs. L. W. Willis and Dorothy left Tuesday to visit Pvt. and Mrs. Harold Pitcock at Camp Hood. From there they will go to Oil City, La., to visit relatives. Sgt. Bob Creelman was here from Biggs Field, El Paso for the weekend holiday. He was accompanied home by Larry Brown of Biggs Field.

Delegates Leave For Convention

LAMESA — Mrs. Luther Standifer and Mrs. W. K. Crawley, representing the Woman's Study Club, and Mrs. I. N. Gaither, representing the Delphian Club, left Monday by special bus from Lubbock for the National Federated Women's Convention in Denver, Colo.

Broadcasting Birds

Summer again, and the birds are broadcasting cheery songs to the world! You'll like these songsters in simple embroidery stitches in grass green, carmine red, lemon yellow, sky blue and deep brown on kitchen towels, breakfast cloths, curtains, aprons. Each motif is 4 by 4 1/2 inches. Color chart, instructions for embroidering in pattern. Send 25 cents for the "BROADCASTING" BIRDS TRANSFERS (Pattern No. 578) YOUR NAME, ADDRESS, PATTERN NUMBER TO CAROL CURTIS.

Vicks Announce Birth

Mr. and Mrs. Thomas Vicks of Ft. Knox, Kentucky, are announcing the birth of their son, Gregory Thomas, born May 29, weighing 6 pounds and 7 ounces. The maternal grandmother is Mrs. R. E. Porter of Big Spring. Mr. and Mrs. Oran Vicks of Coahoma are the paternal grandparents.

Actually Fade Premature Dry Skin Crow's-Feet

Make your dry skin much, much softer and you'll see those dry-skin crow's-feet at the corners of your eyes become much less noticeable. This you do with penetrating Lanolin Plus Liquid, the wonder-working concentrate of pure lanolin that is giving softer, younger looking skins to millions of women every day.

Delegates Leave For Convention

Picture Of A Woman Who Found The Best **FOOD BUYS**

By Reading The
BIG SPRING HERALD

Yes, sir, she's a thrifty woman—one who is interested, from the standpoint of the family pocketbook, and of providing her family with the best in menus, in getting the best in food values. And she turns to the pages of the Big Spring Herald as her best and most reliable market guide! She knows that the leading stores offer their outstanding values, and establish their best attractions in The Herald. She's a smart woman—for she knows that The Herald ads can save her time and money, and that they're right there before her when she wants to consult them, to check them, to read them again, to be sure of description and price. This all means savings to her!

**Women Readers
Look To
The Herald
For Values!**

**The Herald
Goes Into More
Than 8,600 Homes
Every Day!**

She has benefitted from The Herald in other ways, too—in the profusion of helpful food articles and illustrations that are in The Herald columns. She's used to seeing the interesting daily feature, "This is Good Eating," which gives her a recipe and a suitable menu. She's used to seeing an article every Thursday that tells about a local woman's success with a recipe. And she's used to seeing stories on price trends and "best buys," on what's good for party planning, and for "every day" eating. She is accustomed to finding information that interests her, and helps her, in the food sections of The Herald. Those are some of the reasons why this smart and thrifty woman uses The Herald as her daily companion and guide!

The **BIG SPRING HERALD**

MAJ. LEO BRADFORD
... Finds A Home

Officer Wins Third Promotion At Webb

As far as Major Leo G. Bradford is concerned, he's found a home in Big Spring. And if he stays at Webb AFB—or keeps returning to it—long enough, he'll probably wind up as a general years below par for the course.

In all, Maj. Bradford has received three promotions at Webb, the most recent being his donning of a major's oak leaves May 13.

His job at Webb is that of base operations officer.

Maj. Bradford came to Webb from Gary AFB, San Marcos, in

October 1951. At Gary he had served as flying safety officer, following a three-year tour of duty with the Air Force in Europe.

Highlighting his stint with the occupation forces in Germany was being in on the initial "Vittles" flights to beleaguered Berlin when the Soviets cut off all surface entry points.

It was at Erding Air Depot, near Munich, while he was assistant wing adjutant, that the air supply of staple goods to the several American military dependent communities originated.

Days later, when it became apparent that the blockade was going to be a lasting one, the Berlin Airlift sprang into being.

According to his flight log, Maj. Bradford flew a total of 116 "lift" missions, originally on C-47s from Erding and later on larger and heavier aircraft with the 60th Troop Carrier Wing at Wiesbaden.

Now a veteran of 15 years military service, his career began in 1939 at Kelly Field, San Antonio, where he started as an enlisted mechanic on the flight line.

In December 1941 he entered pilot training at the old San Antonio Aviation Cadet Center, where Lackland AFB now stands, as an aviation student and was graduated in September 1942 at Lubbock as a staff sergeant pilot.

He was assigned to the Big Spring Bombardier School (now WAFB) in September, 1942, and served as flight instructor in the transition phase of training at the local base until February of 1944.

Bradford married Elizabeth Arline Younger, of Lubbock, on Nov. 1, 1942, while serving at the local field. He was appointed flight officer shortly after coming here.

In 1943, he was commissioned a second lieutenant and the following February left to join a B-17 unit, later transferring to a highly specialized group that was flying the B-32, a B-29-sized plane that was developed late in the war and never put into wide use.

His original assignment in Europe was at Erlangen, Germany, headquarters of the 40th Bomber Wing. When the wing was deactivated, Maj. Bradford was transferred south to Erding, where he remained until his return to the United States in 1949.

A graduate of Bryson High School, Maj. Bradford attended John Tarleton Agricultural College in Stephenville, in 1936-37. His parents, Mr. and Mrs. Oliver Bradford, still live in Bryson.

Sharing quarters at Webb with Maj. Bradford are his wife and four children, Delinda, 8, David and Don, six-year-old twins, and Donna Leigh, 15 months, who was born in the base hospital.

Oklahoman Plans Indian Land Sale Promotion Effort

STILLWATER, Okla. (AP)—A young Stillwater insurance man is trying to parlay an acre of land he purchased at Anadarko, Okla., into a three-million-dollar business investment.

Wesley K. Wyatt plans to sell his acre in two-square-inch parcels for \$1 each, promoting Anadarko as the "Indian Capital of the World."

If he sells all the parcels, in a nationwide sales campaign, he stands to gross \$3,000,136.

Purchasers of the two-inch parcels will receive a warranty deed, a copy of the original land patent signed by President William McKinley and a car window decal proclaiming, "I am an Indian territory land owner."

Just Wants To Stop Worrying About Dog

OKLAHOMA CITY (AP)—A reward was offered for the return of a lost dog "dead or alive."

Mrs. John O. Brittain explained the unusual advertisement. She said she wanted the dog returned "even if dead because I want to know what happened to him so we can quit worrying."

Purse Is Found

A woman's hand-tooled leather purse, found on Farm Road 700 near Scenic Mountain, has been turned in at the sheriff's office and the owner may claim it there, Officers said. The bag was empty when found. It apparently was lost prior to recent rains, but still is in good condition.

Riding

THE GRUB LINE

With Franklin Reynolds

Area cotton farmers have reported an unusually heavy early infestation of aphids, a common species of plant louse.

Some of them say, however, that as the weather has become warmer and drier the population of these insects has been noticeably reduced. The aphids feed on the underside of leaves and on stems, and they are more injurious in cool weather when they deform, stunt or even kill young cotton.

Cotton too small to position has been infested with them. Specialists say cotton should not be poisoned until there is a minimum of six leaves. In the irrigated Tazewell area there is a large acreage of cotton with eight leaves.

Early poisoning, the specialists point out, is also deadly to the beneficial insects.

For poisoning the aphids, recommendations are for dusting with a 3-4-0 mixture or one per cent parathion, or the use of one of the recommended sprays.

These poisons have apparently been well stocked in the area and are available.

The best place for the oats crop of a cattleman is in a silo, according to A. L. Neumann, in charge of beef cattle at the Illinois Experiment Station.

Neumann wintered 435-pound steer calves at a cost of \$13.07 for each 100 pounds of gain. He used a full feed of oats silage with a well-balanced ration. The steers gained 242 pounds in 133 days. These cattle ate almost 2,500 pounds of silage each during the winter, an average of almost 19 pounds daily. The oats made six tons of silage to the acre, so each acre supplied almost enough for five steers.

Oats silage also cheapened gains on 665-pound yearling steers, reports Capper's Farmer. During the first 98 days on feed, these steers were fed corn, soybean meal and 31 pounds of oats silage daily and made gains of 2.21 pounds a steer. The cost of gain was \$17.81 a hundred.

The steers were brought to a full feed of corn at the end of the 98-day period. They ate 14 pounds of oats silage per steer daily during the next 70 days, making a total of 4,080 pounds of silage each during the 168 days. In this case each acre of oats fed three steers, and it took less than 35 bushels of corn to bring the cattle to choice grade, weighing 1,031 pounds.

Pete Ainsworth, who farms in the Spade Community in Mitchell County, has recently planted a 23-acre field to Blue Panic Grass.

This grass was seeded in three-

Two Workmen Die In Sub Blast

PORTSMOUTH, N.H. (AP)—A flash explosion early today killed two civilian workmen aboard the Navy submarine Sirago as she lay in drydock at the Portsmouth Naval Shipyard.

A sailor on fire watch duty nearby was burned by the blast, but his condition was described as "not critical."

Six other civilians working on the submarine were not injured.

Capt. Robert E. Cronin, commander of the shipyard, said the blast was in the submarine's main ballast tank, where the two victims were spraying a plastic substance.

He said the submarine did not appear heavily damaged. An investigation was ordered.

The Navy withheld the names of the victims.

The blast was the second to strike a naval vessel in one week. Last Wednesday an explosion aboard the carrier Bennington off Quonset Point, R.I., killed 100 men.

One of the workmen killed on the Sirago was inside the ballast tank and the other was working on the tank from the outside.

Damage Suit Against Young Boyd Dismissed

LOS ANGELES (AP)—A \$35,000 damage suit against singer Jimmy Boyd has been dismissed. He was accused with two other boys of molestating a child actress.

Boyd's lawyer said no settlement was involved in the dismissal yesterday of the suit. The girl, Betty Lucas, 13, had claimed the boys took her to Griffith Park in an automobile last Sept. 24 and molested her.

and high pork prices bolster this favorable outlook for beef, he adds.

However, Beresford foresees increased supplies of fed cattle through most of the last half of the year.

"Coming at the season of stepped-up marketings of grass cattle and cows and heavier runs of lower-priced hogs, this could reverse or at least flatten out the usual seasonal price rise on fed cattle," he says.

Beresford says that at the start of 1954, the cattle industry faced a supply situation that "fortunately" was similar to that at the start of 1953, despite the fact that last year almost 37,000,000 head were marketed. The breeding herd has continued to grow.

On this basis, "things do not look too easy for the cattle producer for the last half of 1954 or even in 1955," he writes.

One farmer feeding corn to fatten hogs for the market reports that his pigs clean up every kernel when the corn is moistened to a 20 per cent water content.

This Ohio feeder pours 10 gallons of water into a self-feeder that holds about a ton of corn. He says this softens the shelled grain making it more tasty for the hogs. He

Only Aspirin At Its Best

waters the grain both summer and winter if tests show natural moisture content is too low. The self-feeders are emptied in three or four days so the corn doesn't have a chance to spoil. Protein supplement is fed in a separate feeder.

The plan should work with other grain as well as with corn, and should be more practical in dry West Texas than in Ohio.

County Agent Ralph Jones of Martin County will attend the annual 4-H Club Camp at Alpine with four of his boys, June 3-4-5. Club members he will take with him for participation in the swimming, shooting, other athletic events and judging contests include Joe Deatheridge and Vernon Holcomb of Flower Grove, and Ronnie George and Butch Haggard of Grady.

On June 7, Jones, and Mrs. Mildred Eiland, home demonstration agent, will take two boys and two girls to the annual 4-H Roundup at College Station. The 4-H club members going are LaRue Angel, Jan-

elle Jones, Leon Cave and Bobby Carille.

Leon Cave was district winner of the tractor operator's contest and will be in the state contest at A&M.

Lost 30 Pounds With Barcontrate

Mrs. H. B. Norris, Box 203, Charlotte, Texas, states: "I lost 30 pounds in five weeks, taking Barcontrate. From 162 to 132 pounds. No starvation diet, with Barcontrate. Get from any Texas drugist. Mix with grapefruit juice as directed on label and watch the pounds seem to melt away. Money back guarantee on the very first bottle."

of the tractor operator's contest and will be in the state contest at A&M.

Soap Box Derby Movie Shown

"Opportunity on Wheels," a soap box derby featuring scenes from the All-American Derby at Akron, Ohio, last year, was shown at the Rotary Club luncheon Tuesday.

Pete Cook, who projected the picture, announced that the Big Spring Soap Box Derby will be held July 5 on the hill just west of the swimming pool in City Park. The Lions Club, Tidwell Chevrolet Company and The Herald are sponsoring the local races.

Winner here will get an expense-paid trip to Akron to compete in the national event, Cook reminded.

"Opportunity on Wheels" showed several racers in the process of construction. It had scenes from community races throughout the country and showed local winners enjoying the swimming pool, horse back riding and other sports at the All-American Derby grounds in Akron.

Several heats of the big race, including the national championship finals, were pictured.

Cook also reported that approximately a half dozen soap box racers already have been completed by Big Spring entrants. In all, 55 boys are registered for the race.

Genial Rodent Near Puzzle To Fireman

LEXINGTON, Ky. (AP)—Capt. Gus Mangione, an expert in handling fires, explosions and disasters the past 20 years, was almost stumped by the "smiling squirrel."

A woman telephoned the city fire dispatcher and wailed.

"I don't want to alarm you. There isn't a fire or anything but there is a squirrel in my house and he keeps smiling at me. I'm afraid of him."

"Madam, there's a what smiling at you?" asked Mangione.

"A squirrel," she replied. "Every time I raise a broom to it, it smiles."

With the idea thus firmly established, Mangione dispatched three firemen to the scene. They found the apartment house manager, Mrs. J. W. Burbridge, had the grinning nutcracker cornered. A safe distance away, several other women watched proceedings.

The firemen, after one look, couldn't agree the genial rodent was smiling.

"He was definitely growling when we saw him," they reported.

After a telephone conversation with Mangione, who gave orders to capture the "beast" alive, the firemen donned gloves, pinned the squirrel with a broom and sent him on his way.

He scampered off, apparently just as happy to be outdoors again as the ladies were to be rid of him.

Attendance High At Bible School

Daily attendance at the Salvation Army vacation Bible school has exceeded 100 since classes started Monday, said Lt. Robert E. Hall, citadel commander.

The school will continue through Friday of next week, he announced, and classes are between 9 a.m. and 11:45 a.m. daily. All children wishing to attend the school are welcome, he said.

Wins Bicycle

Norman McNew, 509 Aylford, won a bicycle at the Salvation Army for belonging more children to Sunday School during May than any other person. McNew brought 15 others to services with him.

Announcing A Revolution in Motor Oils!

Now at your Phillips 66 Dealer's... an oil that can double the life of your car's engine! The first All-Weather Motor Oil to meet the highest standard ever established for automobile lubrication.

PHILLIPS 66 TROP-ARTIC MOTOR OIL is the first all-weather oil to meet the requirements of the Mil-O-2104 Supplement 1 test... the toughest standard ever set up for automobile lubrication. Now find out what this means to you as a car owner!

Compared to ordinary motor oils, new TROP-ARTIC reduces piston ring wear 40% or more. It cuts oil consumption 15% to 45%. It keeps pistons cleaner. It saves you money by increasing gasoline mileage. This has been demonstrated in tests representing more than 150,000 miles of driving.

Phillips 66 TROP-ARTIC is a superior all-weather oil...

S.A.E. 10W-30. Therefore it flows instantly for easy starting at sub-zero temperatures, and yet it retains the film strength necessary to prevent engine wear under high temperature driving conditions. It isn't just heavy duty. It's double duty.

Any car, in any climate, at any time of the year will benefit from continued use of Phillips 66 TROP-ARTIC. It is a worthy companion product to Phillips 66 FLITE-FUEL, the new high performance gasoline recently introduced by Phillips. This year of all years it pays to stop at the station where you see the Phillips 66 Shield.

try Club while W. O. (Junior) Maxwell will serve as handicapper at the Munny. Last year, eight Munny players won medals for beating Hogan's score. Maxwell has predicted that more than that will win awards this year.

Second Bargain Night Set At Steer Park At 8:15

Tickets Price Pegged At 50c

Baseball at 'fire sale' prices will be offered at Steer Park this evening, at which time the Big Spring Broncs wind up their four-game home stand in an 8:15 o'clock joust with the Carlsbad Potashers.

For the second night this season, a Bargain Night has been billed by Manager-Owner Pepper Martin. Each adult can gain admission to the grandstand for 50 cents. That's a savings of 24 cents.

The last time Bargain Night was billed here, rain stopped the proceedings before 4 1/2 innings could be played. Martin is hoping the elements smile upon him this time.

A Merchants' Night is also being planned for some time this month. Help for the Broncs is on the way.

Jim Zapp, who earlier decided to quit baseball when Corpus Christi asked him to report to Odessa, called Martin from his home in Nashville, Tenn., and said he had changed his mind and would like to play here.

Zapp, who has played one year of pro ball, lost his chance to play with Corpus because Billy Capps was set on fielding a seasoned, hard-hitting lineup that since has become the scourge of the Big State League.

An infielder without pro experience named Bobby Spencer is coming here from New York City. He reportedly is a good glove man.

Martin reported the team played to an average of only 363 adult admissions in their first 20 home games. That includes opening night, when a thousand paying customers showed up.

His payroll is running \$4,000 a month. Simple mathematics will show that the club needs to do better than it has done at the gate to meet expenses, which it must do if it is to remain in business. For that reason, the next two or three weeks will be crucial ones for the Broncs.

Bosox Rookie

The Boston Red Sox are expecting a lot from Frank Sullivan, a rookie hurler up from Albany of the Eastern League. He had an ERA of 1.78 at Albany in 1953. In his first start this year, he beat the New York Yankees, 6-3. He reminds fans of Ewell Blackwell when he throws the ball.

Lepard Strong 880 Contender

ABILENE (Sp) — A 11-man Abilene Christian track and field team will be favored to recapture the third annual NAAI championship here Saturday night. Prelims and finals will be run at the McMurry track.

South Dakota State dethroned ACC last year, copping the team trophy with 48 points to ACC's 42. At the first annual NAAI meet here in 1952, the Wildcats ran away with the team championship, piling up 74 points to runner-up San Diego State's 45.

ACC has enjoyed its greatest year in track and field this season. The Wildcat mile relay team gained the national spotlight and placed fourth May 21 in the Coliseum Relays at Los Angeles, Calif., in the time of 3:12—the fastest mile ever run by an ACC relay team.

Thus with a full stable of quartermilers, the Wildcats are loaded for the NAAI 440-yard dash event, plus ample strength in the 220-yard dash, 880-yard run, 220 and 400-meter hurdles to make a strong bid for the title. Too, ACC may count well in the high jump, broad jump and javelin throw.

Leading the pack will be George Adrian, two-time NAAI 440-yard dash king and record-holder (47.8). With him in this event will be two of his mile relay teammates, Don Conder and Leon Lepard of Big Spring.

Lepard, 1951 National Junior AAU champion in the 880-yard run, will contend strongly for honors in his specialty. Already this year he has bettered the NAAI record (1:53.7) by running 1:52.8 in Houston last Saturday. Lepard won the South Texas AAU 880-yard run, defeating the Southwest Conference's top half-milers, Tom Rogers of Texas and David Weaver of SMU.

Also bearing ACC's purple and white in the half-mile run will be Paul (Ginger) Johnson, Crowley freshman.

Burl McCoy and Mark Clark will represent ACC in the 220-yard hurdles. McCoy will also run the NAAI 400-meter hurdles, an event he won in '52. Also at the Houston AAU meet last weekend, Burl set a new 400-meter hurdles record in 54.3.

Conder and Adrian are entered in the 220-yard dash. Both have 21.5s to their credit this season. Other Wildcat entries include: Les Vanover, high jumper, who has cleared 6'8" this season; Jerry Trenary, broad jumper, who has done more than 23'; Tommy Morris, javelin thrower, whose best toss is 194'6"; Weldon Hayes and Charles (Chuck) Smith, who will run the 120-yard high hurdles.

Dukes Turn Back Pioneers, 9-4

Albuquerque went on to whip Clovis, 9-4, after a six-man scuffle in the fifth inning of their West Texas-New Mexico League game Tuesday and left the Pioneers, who had been leading the league, in a tie for first with Amarillo.

Amarillo moved into the tie with a 14-9 win over Borger. Albuquerque stood 1 1/2 games behind, in third place, by dint of a twin victory—12-6 and 12-11—over cellar-dwelling Lubbock.

Plainview and Abilene switched places again as Plainview knocked over the Blue Sox, 10-8. Plainview now is in fifth place, 6 1/2 games behind the leaders.

The Gold Sox watched the Borger Gassers score three of their five runs in the top of the second and then opened up with a barrage in their half and tallied 11 times.

The Pampa Oilers, playing at home, had no trouble in their first game as they bounced Hubber Jack Venable out of the mound with 10 hits in four innings. Sad Sam Williams was winning pitcher in both games going the route in the first and relieving Jose Velasquez in the second.

At Plainview, Cecil Davis' one-out homer in the bottom of the ninth allowed the Ponies to take command of fifth place again as they took their victory.

Wins 16th In Row

GALVESTON (Sp)—Unbeaten Paul Jorgenson, 135, Fort Arthur, won his 16th straight bout last night, taking a split decision over Galveston's Eddie Bertolino, 135.

Fields Pitches Kings To Win

Wayne Fields pitched and batted the Cargo Kings to a 20-4 victory over the KP Tigers in a Pony League game played here Monday evening.

Fields set the Bengals down with four hits, struck out nine, walked only two and batted in eight runs with three hits, including a home run.

Joe Fields also had a four-master

for the Cargo Kings, who have won two of three starts. Knox Pitzer paced the losers' attack with a three-run homer, which occurred in the second inning.

The Rails tangle with the Davils in today's Pony League game, which will be played on the HCJC diamond.

The third game was scheduled here today with the winner gaining the right to play in the National Collegiate Athletic Assn. Tournament at Omaha this month.

Six walks and four errors by the usually sharp fielding Longhorns kept Reifler in hot water most of the game despite his five-hitter.

J. B. White held the Steers, Southwest Conference champions, to five hits, too. But two came in the first two innings and the Longhorns used them to score five of their six runs.

Stryksa Optioned

DALLAS (Sp)—Pitcher Dick Stryksa has been optioned to Galveston of the Big State League on a 24-hour recall condition, the Dallas Eagles of the Texas League said. Stryksa, 27, played with Dallas part of last season and part of this season. He had won none and lost five this year. He is due in Galveston today.

Carlsbad Raps Steeds, 16-8

The Big Spring Broncs wore their hitting clothes into Steer Park here again last night but for naught.

Carlsbad opened up its siege guns, too, and walked away with a 16-8 decision and widened the gap between them and the provincials to 4 1/2 games.

Each team collected 18 hits but the Potashers used theirs to far better advantage and had salted away the verdict long before the 10:41 quitting time arrived.

Bob Hobbs led the assault on three Big Spring hurlers with three towering home runs and a double. He drove in four tallies. Hobbs, a veteran outfielder, feasts on Broncs hurling more than he does against other clubs.

The round trippers were his eighth, ninth and tenth of the 1954 campaign.

Carlsbad struck for 11 runs in the first three innings. Big Spring scored six of its eight tallies in the final three panels.

Julio Delatorre blasted his ninth boundary of the year and his second in two nights for Big Spring in the eighth, the blow coming with a mate aboard.

Don Fornall was hit hard all the way but stuck it out to receive credit for his sixth win of the year, against three losses. He has beaten Big Spring three times.

Tony Martinez was Big Spring's big sticker, with four singles to his credit.

The loss was hung on Mike Rainey, who apparently had not had enough rest between assignments. It was his fifth reversal of the year, compared to seven wins.

Foul tips—High wind and dust handicapped the play of both teams. Ten Big Spring errors didn't make it any easier on the local hurlers. Pat Monahan, veteran scout for the St. Louis Cardinals, was present to watch like Jackson, Carlsbad's big Negro first sacker. The one bright spot in the game for Big Spring was the improved hurling of Tommy McKeena, who was making his curve ball behave.

Hobbs hit his home runs off three different pitchers. The best Jackson could do was two singles and those were on bad hops that ordinarily would have been caught. Johnny O'Neil gave the Broncs something to cheer about in the seventh when he unloaded a double with the bases loaded. Bert Baez started as the Big Spring shortstop but departed after the third inning.

In the last three games at Steer Park, 104 base hits have been exploded by the contending teams. Of that amount, nine have been home runs, four were triples and 15 were doubles.

Statistical table for Carlsbad vs Big Spring game, listing player names and statistics like runs, hits, errors, and fielding percentages.

Longhorns Even NCAA Playoffs

AUSTIN (Sp)—Don Reifler, speed-ball southpaw, pitched five-hit ball last night as the University of Texas evened its series with Oklahoma A&M for the Region 6 NCAA championship.

Texas beat the Aggies 6-3 and squared the playoff at one game each.

The third game was scheduled here today with the winner gaining the right to play in the National Collegiate Athletic Assn. Tournament at Omaha this month.

Six walks and four errors by the usually sharp fielding Longhorns kept Reifler in hot water most of the game despite his five-hitter.

J. B. White held the Steers, Southwest Conference champions, to five hits, too. But two came in the first two innings and the Longhorns used them to score five of their six runs.

Thompson Among Boys Expected At North Texas

DENTON (Sp) — Names of seven more high school football players who plan to enroll next fall at North Texas State College have been announced by Coach Odus Mitchell.

They are Jodie McCarty, all-district end, and C. R. Daffern, center, from Amarillo; Jim Sherburn, center, Carter-Riverside of Fort Worth; Jerry Fleming, all-district guard from Smithville; J. W. Thompson, all-district guard from Big Spring; Bruce Simmons, tackle, Orange; and Lawrence Blanton, twice an all-district end at Raymondville.

Two Players Moved To Inactive List

HOUSTON (Sp)—Outfielder Larry Migins and pitcher Jose Branco were placed on the inactive list yesterday by the Houston Buffs.

The move was needed to stay within the Texas League player limit.

Branco is expected to be returned to the International League Toronto club which sent him here on option.

Migins is expected to go to Tulsa or Beaumont on waivers. He has driven in 22 runs with a .252 batting average this season.

Odessa Faces Adamson Nine

AUSTIN (Sp)—The Texas Schoolboy Baseball Tournament opens today with the favorites meeting each other at once.

Odessa, with its pitcher Carl Schlemeyer set to do ironman work, clashes with Adamson of Dallas at 1:30 p.m. Adamson is expected to start Clifford Jones, a righthander with a 6-1 record. Schlemeyer has lost only one game all season and that on an unearned run.

These two teams were rated most likely to succeed in the 3-day tournament.

At 3:30 p.m., Texas City plays Travis of Austin, then tonight Ray of Corpus Christi clashes with Longview at 7 p.m. and Highland Park (Dallas) tackles Austin (El Paso) at 9.

The semi-finals are tomorrow night with the consolation and championship games Friday night. Odessa brings the best record to the tournament—20 victories, 4 defeats and 1 tie. Adamson has an 18-7 mark.

Texas City has 15-7 and Travis 14-4. Ray has won 16 and lost 2 while Longview has won 17 and lost 6. Highland Park has a 16-6 record and Austin 18-7.

Ray is the hardest-hitting team but Longview may have the outstanding pitcher. George Myers of the Lobos has won 12 games while losing 2 this season with two of his favorites being no-hit, no-run affairs.

All games are seven innings except the final game which may be nine.

Kimbrough Named

CANYON (Sp)—Frank Kimbrough, West Texas State's head football coach, has been chosen to coach the East team for Children's annual Greenbelt Bowl game Aug. 6.

Anyone Can Play Hogan Saturday

Anyone who can swing a golf stick is eligible to take part in the third annual National Golf Day, which takes place Saturday.

Members of the Big Spring Country Club can play their own course. Anyone is eligible to play a round at the Munny Course.

Pros and amateurs alike the country over pay a dollar to compete in National Golf Day, which is sponsored jointly by Life Magazine and the PGA.

All of the money goes to the USO and the National Golf Fund. Approximately \$200,000 was raised in the first two years.

Men receive full handicaps while women receive full handicaps plus seven strokes.

Ben Hogan, if he is well enough to make the rounds, will post an 18-hole score Saturday morning. Entries will try to beat him, with the sides of the handicaps.

Club pros will handicap the golfers, judging them from their past records.

C. A. DeWees will serve in that capacity at the Big Spring Country Club while W. O. (Junior) Maxwell will serve as handicapper at the Munny.

Last year, eight Munny players won medals for beating Hogan's score. Maxwell has predicted that more than that will win awards this year.

When it comes to calling the turn on sports news, Tommy Hart makes it a habit in his widely regarded 'Looking 'Em Over.'"

From the Herald May 23
LOOKING 'EM OVER
With Tommy Hart
Babbit McDowell, scout for the Dallas Eagles, has been following the Artesia Numexers and Longhorn League managers are hoping for the best. The hard-pressed Eagles could be thinking about recalling Jim Tugerson, star righthander with the Numexers shutout against Big Spring the other night.

From the Herald May 25
Tugerson Recalled By Dallas Flock
Jim Tugerson, the Negro right-hander who had posted a record of eight wins against one loss, has proved too good for the Artesia Numexers and the Longhorn League.
Tugerson has been recalled by the Dallas Eagles, who are now waiting for the second division of the Texas League.
Before leaving the Longhorn League, Tugerson set a new record for pitching consecutive scoreless innings. He hurled 44 straight rounds without permitting a run, hit or error. The record was set in 1951. Pa s c a l, then with Big Spring, established the old record in 1950.

To The Emperor

Manager Casey Stengel of the New York Yankee baseball team presents an autographed baseball to Emperor Haile Selassie at Yankee Stadium in New York as the Ethiopian ruler attended a game between the Yankees and the Washington Senators. (AP Wirephoto.)

LOOKING 'EM OVER

With Tommy Hart

W. O. (Junior) Maxwell and Bobby Wright of Our Town will team up to play in the Odessa 7,500 Pro-Am Golf Tournament, which will be held Sept. 9-12.

Incidentally, they say the prize money in the Houston Open next year is being upped to \$60,000.

The HCJC and Big Spring High School baseball teams have put their uniforms in moth balls for the season.

The success of either team was not spectacular but each club provided its share of outstanding plays.

Perhaps the most notable effort contributed by a Jayhawk during the year, at least, defensively, was Oake Hagood's feat of striking three batters on two pitches, after entering the game as a relief hurler.

The outstanding achievement in a Big Spring High School game was a defensive maneuver, too. It was a triple play, started by Tommy McAdams.

Once the Little Leaguers and Pony Leaguers start moving into high school, and that should be within the next year or two, the calibre of schoolboy play is going to improve, too.

If you're in a sympathetic mood, consider the plight of that Sooner State League hurler in a recent game.

A Paula Valley hurler was charged with five wild pitches and 86 of his pitches were called balls by the umpire.

If baseball has its superstitions, so has automobile racing.

At the Indianapolis Speedway, where the recent 500-mile classic was run, they won't permit women in "Gasoline Alley," where the hand-built cars are carefully checked and made ready for the racing grid.

Anyone thoughtless enough to crack a peanut shell in the area may get beamed by a socket wrench, too.

A contest may develop shortly between the Texas and Pacific Coast Leagues to add Mexico City as a member, now that organized baseball has truly gone international.

It's nothing out of the ordinary for crowds of 20,000 to 30,000 to turn out for games there, and how the Texas League could use such business.

Look for more and more big league clubs to make their road trips by air.

For one thing, it's cheaper for them to travel by airplane than train. Too, the older players stand the plane trips better.

Five players is all that stopped one team from going 100 per cent air travel recently.

Orlando Permodo made up his mind in a hurry he didn't like the WT-NW League. He left here at 4 p. m. one day for Plainview and was back in town by 10 o'clock the next morning.

Yanks Blank Flicks, 10-0, Behind Two-Hit Hurling

The Yankees took up right where they left off last year in National Little League play by belting the Flicks, 10-0, here last night.

Jay LeFevre, on the mound for the Yanks, set the Flicks down with two hits and struck out 12.

August Joe Luedcke was the big gun for the Yanks. He drove in five runs with three hits, including a double. He walked on his other trip to the plate.

A single by Gilbert in the second and one by Kinman in the sixth kept LeFevre from achieving a no-hit game.

In Monday night action, the Oilers were upset by the Eagles, not the Gold Sox, as previously announced.

T-Shirt League teams begin play tonight. Coca-Cola meets Seven-Up in the first game. The Record Shop squares away with Reed Oil Company in the other go.

Table with columns: Flicks, AB, R, H, E, Yanks, AB, R, H, E. Lists player stats for both teams.

USC Invited Back To Dallas Meet

DALLAS (AP)—The same four teams that participated in the college invitational track meet in Dallas May 1 will be asked to compete when the meet is held April 30 next year.

The teams were Southern California, Texas, Texas A&M and Southern Methodist. The four schools are to be invited back at the NCAA convention at Ann Arbor, Mich., next week by Matty Bell, member of the sports committee of the Dallas Chamber of Commerce, sponsor of the meet.

The meet netted more than \$7,000 and after all expenses were paid, including the expenses of the teams coming to Dallas, a profit of \$160 went to each school.

Never Say Winner Of Epsom Derby

EPSON, England (AP)—Never Say Die, owned by Robert Sterling Clark of Upperville, Va., won the 175th running of the Epsom Derby today.

There was a photo for second place between Darius and Arabian Night.

Brooks Near First Place In National Standings

By BEN PHLEGAR AP Sports Writer

Bob Buhl's efforts to duplicate his fine first year with the Milwaukee Braves appears to be stymied by the curse of the winter leagues. A pleasant surprise as a freshman, a terror in Puerto Rico during the off season, the tall, fastballing right-hander hasn't been able to buy a victory this spring.

He lost his fourth straight last night, 2-0, to Brooklyn, as the Dodgers continued their 1953 habit of being the only visiting club to win regularly in Milwaukee. The defeat cut the Braves' first-place margin to four percentage points over Brooklyn.

Buhl came out of the minors and the Army last year to post a 13-9 record with the relocated Braves. During the winter he blazed through the Caribbean competition to the tune of 14 and 3.

Came the major league spring training and Buhl was so far ahead of the hitters they couldn't get their bats off their shoulders fast enough to get a loud foul.

But with the start of the regular season his magic disappeared. He hasn't been bad, but just not good enough. He has started seven games and has been lifted every time.

The Milwaukee-Brooklyn game was the only action in the National League yesterday as rain brought postponements of St. Louis at Chicago and New York at Pittsburgh.

In the American League Philadelphia walloped Boston, 16-6, New York defeated Washington, 9-3, and Detroit edged Baltimore, 4-3. Baltimore fell to last place.

Billy Cox scored the two Brooklyn runs. He walked in the third inning and moved around on a sacrifice by Russ Meyer and a single by Pee Wee Reese. In the fifth he singled, was again moved to second by Meyer and scored on a single by Junior Gilliam.

Just when the Red Sox thought they were set to go places with a three-game winning streak, the lowly Philadelphia Athletics became aroused and battered the Bostonians all over Fenway Park.

Gus Zernial hit his 10th and 11th homers and drove in six runs. Bob Trice joined in the fun with a home run and double in winning his fifth game.

Bob Grim, the only rookie pitcher to stick with the Yankees this season, held Washington hitless through the last five innings and scored his fifth success. Hank Bauer had a perfect afternoon, collecting three walks, a home run and a single and driving in four runs.

The Orioles staged enough of a rally to get rid of Ralph Branca in the eighth but not enough to keep the former Brooklyn right-hander from winning his third straight game for the Tigers. Detroit collected 10 hits off three Baltimore pitchers.

Also, a few weeks ago the Orioles were in an exalted fifth place. They've lost 12 of their last 14 games. Last night, they lost their eighth out of 10 to Detroit, one of the teams they were figured to at least battle on even terms.

The question now before the league is whether the Baltimore fans are going to be patient and wait to see the results of rebuilding, or that has been promised them.

Art Ehlers, the Oriole general manager, demonstrated yesterday he won't wait around for the old St. Louis Browns to come through. He traded Vic Wertz, the disappointing slugging outfielder, for

Harshaney and Harlingen. Tyler and Waco moved to Tyler Wednesday and leadership in the Big State League rests on their two-game series.

Waco cut pace-setting Tyler's margin to a single game Tuesday, scoring four runs in the eighth to win, 4-3.

Austin beat Temple, 7-4; Galveston whipped Bryan, 11-7, and Corpus Christi downed Harlingen, 7-4.

Harlingen gets a new manager, Sam Harshaney, veteran minor league pilot and manager of Harlingen when it was in the Rio Grande Valley League. He succeeded Earl Caldwell, who quit because he said he didn't get any cooperation by the club's directors.

Doubles by Al Grundwald, Ramon Mejias, Jack Falls and Rex Babcock wiped out Tyler's 3-0 advantage for Waco.

Corpus Christi made it seven straight by thumping Harlingen. The Clippers started with three runs in the first and never were stopped.

Five unearned runs in the eighth gave Austin its easy decision while Galveston used 16 big hits for its one-sided victory.

OKLAHOMA CITY VAULTS INTO LEAD POSITION

By The Associated Press Oklahoma City's hefty hitting paid off with first place in the Texas League Tuesday night, the Indians vaulting into the top spot on a 6-0 victory over Shreveport.

A grand-slam home run by Jim Neufeldt was one of the big reasons the Indians now look down at the rest of the pack.

San Antonio and Fort Worth, tied for first before Tuesday night's games, are close enough to first to take it away just as quick as they dropped out.

San Antonio lost to Dallas, 9-2, while Fort Worth dropped two to Houston, 2-1 and 5-4.

In the other game, Tulsa edged Beaumont, 5-4, to move back into sixth place.

Just a half-game separates Oklahoma City from San Antonio and a full game from Fort Worth. Shreveport is 3 1/2 games off the pace and Dallas 4 1/2. Just 7 games is between first and last as the league race tightens.

Pete Taylor spaced 9 hits to Shreveport in blanking the Sports. He also singled home a run in the second.

Dallas splurged for 5 runs in the second and Jodie Beeler and Ben Taylor finished with consecutive home runs in the ninth. Joe Kotrany twirled a 5-hitter for the Eagles.

Jim Bolger homered for Tulsa and Jack Hollis hit one out of the park for Beaumont in this free-hitting tilt.

Houston and Fort Worth went 11 innings in their second game.

Right-hander Willie Schmidt pitched five-hit ball to record his seventh straight victory in the Houston-Fort Worth opener.

Kenny Boxer's double scored Don Blasingame, who had walked, with the game-winning tally in the second contest.

Riley Is Underdog In Carter Fight

ST. LOUIS (AP)—Ex-lightweight champion Jimmy Carter of New York rules a 3-1 favorite to take the measure of Chillum' Charley Riley in their scheduled 10-round bout at the St. Louis Arena tonight.

Carter is expected to weigh 135 pounds and Riley, 131.

The former champion is primed for the fight. He came here after five weeks of training in San Francisco for what he thought was a return shot at the lightweight crown with Paddy DelMarco. DeMarco's illness forced a postponement and Carter agreed to meet Riley here instead.

The CBS telecast is scheduled for 9 p. m., EST.

The 31-year-old Riley, who turned professional as a featherweight in 1944, has fought four world championships during his career but has been finding the competition tough lately.

In his last outing, the veteran St. Louis slugger lost a decision to Davey Moore of Chicago.

Carter, during his reign as lightweight champion, lost his title to Lauro Salas but won it back and defended it successfully six times before DeMarco beat him on a decision last winter.

The 30-year-old Carter has 26 knockouts to his credit while Riley has scored 84.

Shawnee Wins 10th Straight Decision

By The Associated Press Like Old Man River, the Shawnee Hawks keep rolling along. They garnered their 10th straight victory Tuesday night, and are charging ahead at a 676 clip with no sign of running out of steam.

Their victim was Ardmore, 19-7. The Cardinals now have lost eight straight and have skidded to seventh place. Jimmy Humbert drove in seven runs for the Hawks with a triple and two singles.

Matthews Beaten By Don Cockell

LONDON (AP)—Don Cockell, British heavyweight champion who makes a specialty of defeating American, flies to New York in two weeks to scout the Rocky Marciano-Ezzard Charles fight but he hopes it won't be the last he'll see of Rocky in a fight ring.

Most sensible men wouldn't be caught dead in a ring with Marciano.

But after his successes against Roland La Starza in March and against Harry Matthews last night, Cockell is eager to take a shot at the world heavyweight crown. Last night's victory was more impressive than the Briton's split decision over Matthews last August in Seattle.

Cockell did himself and his Marciano project a lot of good in taking last night's 10-round decision from Matthews.

The onetime Battersa blacksmith was awarded the decision by Referee Jack Hart despite three low blows and a warning for hitting with his elbows. The referee is the only official in Britain.

Practically everyone agreed Cockell won with a distinct but not an overwhelming edge. The Associated Press score card had the Briton winning five rounds, Matthews four and one even.

Midway of the scrap, Cockell, who weighed 210 1/2 to Matthews' 180 1/2, switched his attack from the American's body to his head and scored effectively. But Matthews finished stronger and toward the end Cockell's blows began to stray below the belt line.

Just as he did against La Starza, the British champion used his bulk to perfection. Matthews often was rocked back, not by Cockell's punches, but by the Briton's bull-like rushes.

NuMexers Within Game Of Lead

By The Associated Press Artesia's aim of getting atop the Longhorn League could take place any night now.

The NuMexers bumped league-leading Rowell, 9-4, Tuesday to climb within a game of the top. It was Artesia's 11th win in 12 starts.

Carlsbad walloped Big Spring, 16-8; Odessa beat Sweetwater, 13-4, and high winds and dust forced Midland and San Angelo to call off their tilt.

Three home runs by Paul Dobkowski and homers by John Goodell and Ruben Smart paced Artesia's victory. Bart DiMaggio held Rowell to five hits and fanned 12.

Odessa climbed out of the cellar and shoved Sweetwater in as the Broncs collected 17 hits, including five by Bob Fabian.

Ban Mixed Play

BIRMINGHAM, Ala. (AP)—Birmingham voters gave overwhelming approval yesterday to a segregation ordinance banning mixed play by Negroes and white persons.

CUNNINGHAM & PHILIPS logo and text.

Large advertisement for Budweiser beer. Features the headline 'Picked Your Favorite?' and 'BETTER HURRY! ENTRIES CLOSE JUNE 7'. Includes an image of a Budweiser beer bottle and text: 'One of America's finest artists was asked to paint this series of "Typical Texas-Type Beauties" for Budweiser newspaper advertising in Texas. Our art director liked them all... but couldn't decide which ONE he liked BEST. So let's find out. Look 'em over, then choose your "Typical Texas Beauty" and tell us "why" in 50 words or less. The winning entry will designate his favorite recognized charity to receive \$1,000 in cash. Persons under 21 years of age, employees of Anheuser-Busch, Inc., its wholesalers and its advertising agency are ineligible to submit entries. The decision of the judges will be final.'

DENNIS THE MENACE

"ARE YOU SURE THAT ISN'T MRS. WILSON'S CAT?"

UNCLE RAY'S CORNER

Quietness, fresh air and a darkened room promote restful sleep.

It is usual for a baby to sleep from 20 to 22 hours a day during the early months of life. The older a child grows, the less sleep he needs. At the age of nine, he may remain healthy with 10 hours of slumber. Nine hours a night may be enough by the time he is 12 or 13 years of age. Most adults believe that they get along best with eight hours of sleep. Some like a little more than that and others are content with only six or seven hours. During a long period of his life, Thomas Edison stayed healthy with only about four hours of sleep a night. During the daytime he took naps, and this made up for his

short nightly sleep to some extent. Edison made a public statement in which he declared that every person should have a restful mattress. He also pointed out that one adult may need more sleep than another.

If we accept eight hours as a lifetime average, a human being "spends one third of his life in sleeping." This surely means that we ought to have restful beds. Fresh air should come into our bedrooms, either from open windows or from a good air-conditioning system.

The blood temperature of a person goes down a little during sleep, about one degree. Light on the closed eyelids will tend to make sleep less restful. This means that we should sleep in rooms which are dark enough. When morning sunshine falls on the face we are apt to awake with the feeling of having had too little rest. For the same reason, a sleeper should be protected from noise. Sleep is as important as food. After making tests with various animals, scientists state that an average animal will die more quickly when kept from sleeping than when kept from eating.

Tomorrow: Sleeping Plants.

Vision, Daring Still Have Place At Top

By BEVERLY BRANDOW

What are you going to do this summer or after graduation? Have you an idea of your own? No one was ever acclaimed for his brilliance by following someone else's tried and tested example. Originality is the leaven and seasoning of life. If life has lost its salt, it has lost its flavor and is flat.

That makes you different from everybody else in the world being extinguished? Has a lot of hot air about conforming and being sensible by doing just what every one else is doing just the way everybody else is doing it blown out? Time changes many of our first opinions, but remember there are such things as firemen and advertising women. Some people have carried out their off-the-beaten-path ideas and are earning a good living at it.

Order takers and followers populate nine-tenths of the world. It's the other one tenth with vision, initiative, and daring that add the seasoning, give the orders, make the headlines, and reap the glory. Industry may be crowded but there's always plenty of room at the top for the person with an alert mind ever granding out original ideas like the mythical salt mill that would not cease to produce salt.

What are you going to do this summer or after graduation? Have you an idea of your own? No one was ever acclaimed for his brilliance by following someone else's tried and tested example. Originality is the leaven and seasoning of life. If life has lost its salt, it has lost its flavor and is flat.

Maurice Koger Now Agent For Virginia Life

Maurice R. Koger has been named manager in Big Spring for the Life Insurance Company of Virginia. Announcement of his appointment is made by Willis J. Milner, C.L.U., vice president in charge of ordinary agencies.

For the past five years "Frog" Koger has represented a Missouri life insurance company as their special agent in Big Spring. In this connection he was highly successful.

Koger is a graduate of Texas Tech. During World War II he served for three years with the Army Air Corps. His activity in church, civic and community affairs has made him well-known in Big Spring. He is a member of the First Christian Church, YMCA, Rotary, and the Chamber of Commerce. Mrs. Koger, a native of Big Spring, is also active in civic and social affairs in this community. The Kogers make their home at 1521 Humels Street.

Playground Accident Kills Detroit Child

DETROIT (AP)—Five-year-old Janet Barnes trooped happily to a neighborhood playground with her older sisters yesterday in suburban Ecorse Township. While her sisters watched a baseball game, Janet romped near the ball diamond. Suddenly she dashed near home plate where Ronnie de Smet, 10, was taking practice swings. One, accidentally, hit Janet in the face. She was dead on arrival at Wyandotte General Hospital.

Industry Shows Its A-Power Interest

By STERLING F. GREEN

WASHINGTON (AP) — A powerful surge of industry interest in atom power is spurring a drive in Congress to break the government's monopoly before the legislative session ends.

Witnesses of the Atomic Energy Commission testifying before the Senate-Atomic Energy Committee this week in closed session on proposals to facilitate development of peacetime power from the atom can tell the legislators that: Sixty-five companies are now investing their own dollars, in partnership with AEC, in research and development on reactors to produce electric power.

Private firms are putting five million dollars this year into the still nonexistent industry, on faith that the investment will pay off 5, 10 or 20 years from now.

A single utility, Duquesne Light Co. of Pittsburgh, is contributing another five million dollars toward a government reactor. Duquesne had to beat out nine other companies for this opportunity to gain atomic know-how.

As a result, Pittsburgh should be getting light and power by 1957 from the first commercial-sized, but still experimental, atomic power plant. Duquesne plans to build a generating plant adjoining and to buy atom-generated steam from the government.

AEC and the Army expect at least a score of private firms to bid on the building of an atomic power-package plant designed for use at remote military bases.

The commission had asked companies which planned to submit bids to give notice by March 20. The notices kept coming in, until AEC was obliged to extend the deadline to June 7.

The power-package represents the Army's desire for a compact electric plant whose parts could be flown by plane and assembled on the spot. But the same kind of plant, industry realizes, could provide energy for remote towns where conventional power is expensive.

The AEC's five-year program to develop peacetime reactors has begun to roll. Five different types of reactor, some designed to produce fissionable materials as by-products, will be completed by 1958.

Experts on each of the five projects brought optimistic reports a week ago Monday to an all-day conference in Washington of the Atomic Industrial Forum, Inc. The forum is an association of firms and foundations having a common interest in the peacetime use of atomic power.

The meeting gave dramatic evidence that businessmen are awake to the importance of the potent newcomer in industry. The 400 company officials listened intently

Maurice R. Koger To Head New Big Spring Agency For The Life of Virginia

The Life Insurance Company of Virginia is pleased to announce the appointment of Maurice R. Koger as manager of its Big Spring agency.

For the past five years Mr. Koger has been a highly successful special agent in Big Spring for a large southern life company.

A graduate of Texas Tech, Koger is active in church, civic and community affairs in Big Spring. He is well known to many local residents as "Frog" Koger. His wife, a native of Big Spring, is also active in civic and social affairs here. They make their home at 1501 Runnels Street.

The Big Spring office which Mr. Koger will head is the outgrowth of a Life of Virginia office founded in Abilene in 1930. The entire business of the Abilene office is now being transferred to Big Spring. The head of the former Abilene office, Mr. Thomas J. Barlow, will remain as a special representative for the Life of Virginia in Abilene.

Now in its 83rd year of operation, The Life of Virginia is the South's oldest life insurance company. It provides its policyholders with more than a billion and a half dollars protection. It maintains other Texas agency offices in El Paso, Houston, San Antonio, Dallas and Corpus Christi. The Company's mortgage loan investments in the state of Texas exceed 12 million dollars.

Dakota Demos Fail To Reach Vote Goal

By The Associated Press

South Dakota Democrats failed today to reach their announced goal of "protest" votes against the administration's farm program. Even so, they demonstrated twice the voting strength they had two years ago.

Before yesterday's primary election, Democrats in the big wheat-growing, normally Republican state were pushing for 35,000 votes.

That total, they said, would show dissatisfaction with administration-backed flexible farm price supports.

But their vote appeared unlikely to go over 30,000 - still about double the 1952 figure. Republican voting also fell short of a predicted 100,000 to 110,000.

Other primaries also were held in Nevada and Alabama. Highlights of results in all three states:

South Dakota - In the fall governor race, Republican Joe Foss - Marine flyer of World War II - will run against Democrat Ed C. Martin, a Chamberlain rancher. For the Senate, Sen. Karl E. Mundt (R-S), chairman of the committee investigating the Army-McCarthy dispute, will oppose Democrat Kenneth Holm. Mundt and Holm had no primary opposition.

Nevada - Ex-Gov. Vail Pittman appeared to be the winner of the Democratic nomination for governor over four other candidates. Republican Gov. Charles Russell was renominated without opposition. Ex-Rep. Walter Baring seemed sure of winning the Democratic nomination for Nevada's only congressional seat. He will run against Rep. Clifton Young (R-Nev).

Alabama - At least three of four state office candidates endorsed by ex-Gov. James E. Folsom apparently were nominated in the Democratic runoff primary, and the fourth contest was close. Folsom won nomination for governor in the May 4 Democratic primary, which amounts to election. Birmingham Atty. George Huddleston Jr. son of a former congressman, apparently was nominated for the congressional seat of Rep. Laurie C. Battle. Battle had run for the Senate nomination and lost to Sen. John Sparkman (D-Ala.).

In winning the GOP gubernatorial nomination in South Dakota, Medal of Honor holder Foss easily defeated Lt. Gov. Rex Terry and Atty. Harold O. Lund.

Foss is a car dealer and air chief of staff of the South Dakota National Guard with the rank of Brigadier general.

Trustees Look At City Tract

The name of Democratic Sen. Pat McCarran figured in the Nevada primary. Backers of Las Vegas auto dealer Archie Grant claimed McCarran support in the Democratic governor primary.

Grant ran second to the 70-year-old ex-Gov. Pittman.

Winners in the Alabama primary who had the endorsement of ex-Gov. Folsom were Mary Texas Hurt for secretary of state, A. R. Meadows for superintendent of education and James J. Mayfield for Supreme Court.

Only race in doubt was for attorney general, between ex-State Sen. A. L. Patterson and the Folsom-backed Lee Porter of Gadsden.

It is expected that the board of trustees for the Big Spring Independent School District will consider at the next meeting the purchase of a 14-acre city tract.

The tract is located just east of the Big Spring city limits in the area adjacent to the 4th Street Highway now being constructed. It is also adjacent to an addition which is to be developed by Ward Hall.

Hall offered to buy the land from the city, but commissioners decided to offer first choice to the school system. Possibilities of a trade between the city and schools has also been talked.

Provided the school board does not wish to pay cash, city commissioners indicated they would be willing to trade for the canyon area just north of Birdwell Tank near the ball park. The area would be used by the city to construct another detention dam for flood control.

City Manager H. W. Whitney reported to commissioners last night that school board members are now individually inspecting the 14-acre tract which the city has available.

Old Icebox Again Proves Fatal Trap

NEW LONDON, Conn. (AP)—Julian Drew, a part-time junkman, picked up an old refrigerator in a dump yesterday and put it in his back yard, where he planned to break it up.

But before he got to the task, he and his wife were called away.

When they returned home six hours later, Mrs. Drew opened the refrigerator door. Inside she found the bodies of Larry Murphy, 3, and Paul Murphy.

A medical examiner said the two boys, cousins, climbed into the refrigerator at play while the Drews were gone. They suffocated.

IT HAPPENED

Too Good To Be True
DETROIT (AP)—Allen Carr, 5, of Detroit, was arrested yesterday because housewives in a northwest residential area became suspicious over the bargain prices he offered in coffee and cigarettes.

Police, summoned by the housewives, found besides the merchandise in Carr's truck, a sledgehammer, drills and other potential burglary equipment.

He was offering cigarettes for \$1 a carton and coffee at 50 cents a pound.

Hard To Believe
BRUNSWICK, Ga. (AP)—Concerned for his safety, Miss Fannie Lee has help today in finding her pet snake, a five-foot python.

"It's the snake that's in danger, not people," she declared. The snake escaped from her apartment. A pet since birth.

James Roosevelt Gets Suit Delay
PASADENA, Calif. (AP)—Another week's delay has been granted James Roosevelt in answering a portion of the amended separate maintenance suit of his wife Romelle, who accused him of cruelty and adultery.

The latest postponement carries the case past the June 8 primary, in which Roosevelt seeks the Democratic nomination for Congress in the 26th District. The filing of his reply to her suit has been set for next Wednesday. He is countering her for divorce.

Mrs. Roosevelt named three women as co-respondents in her suit Jan. 29 and she presented with the complaint letters in which Roosevelt admitted infidelities with nine other women. He later denied any misconduct.

O'Daniel Sister Dies
HUTCHINSON, Kan. (AP)—A sister of W. Lee O'Daniel, former governor of Texas, died in a nursing home here yesterday. Mrs. Effie Hillier, 80, lived in Arlington, southwest of Hutchinson, 35 years. She had been ill two years.

three years ago, "Python Pie" is non-poisonous and absolutely harmless, she said.

Costly Lesson
PORTLAND, Maine (AP)—A domestic joke backfired and he nearly lost an eye, Robert G. Forbes, 68, told a divorce court yesterday.

He testified he played drunk to fool Mrs. Mildred Forbes, 55, his bride of six weeks.

He quoted his bride as saying: "I'll teach you to come home drunk."

Then, Forbes said, she hit him on the eye with a whisky bottle.

Service Charge
RALEIGH, N. C. (AP)—The window of a room where final exams are mimeographed at North Carolina State College was found broken yesterday.

Inside police found one examination gone, a dollar bill and a note which read:

"I know the seriousness of what I am doing but this test means a lot to me. I only got a 102 chesty 102 test and I will keep it myself. I hope the dollar will pay for the window."

Name Of Dennis?
BRAintree, Mass. (AP)—A 3-year-old lost boy was held at Braintree police station for two hours yesterday.

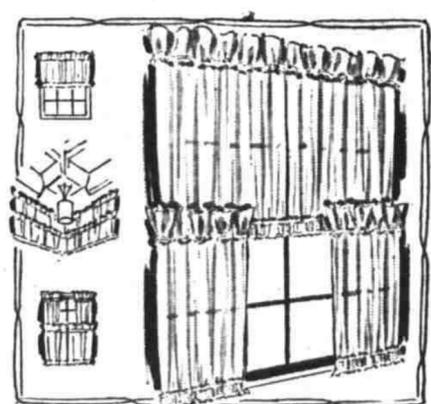

During that time he dumped a couple of police files by pulling the drawers out of cabinets. He also put the teletype out of order. Then he disrupted the telephone system by punching the buttons that switch calls.

When he beamed Lt. Francis Maguire with a flashlight, the officer ordered patrolmen to place the tot in a police cruiser and go look for his parents.

Volunteer Fireman Dies, Hitting Engine
PHILADELPHIA (AP)—A young volunteer fireman, racing by auto to the firehouse in answer to an alarm, was killed last night when his car collided head-on with the fire engine. One fireman was injured and four suffered bruises.

The victim was Everett Russell, 28, of Marshallton, four miles west of West Chester.
