

New Project May Supply City's Water

A two stage project to supply Odessa and Big Spring with water may be in the making. Directors of the Colorado River Municipal Water district and municipal representatives heard a new proposal injected into studies.

Convict Bank Of America For Contempt

SAN FRANCISCO, July 10.—The United States Circuit Court of Appeals today convicted Bank of America and Transamerica, Inc., and the president of the two corporations of civil contempt for their disregard of an order restraining acquisition of 22 more California banks.

Iran Confidence Vote

TEHRAN, Iran, July 10.—Iran's senate today gave Premier Ali Razmara a 35-4 vote of confidence. Razmara and his pro-American cabinet won a confidence motion in the lower house by a 94-8 vote on July 4.

RAYBURN THINKS

May Ask For More Funds For Military

WASHINGTON, July 10.—Here Speaker Rayburn (D-Tex.) said after a White House conference of congressional leaders today that there is a "probability" more military appropriations will be asked because of the Korean fighting.

Claim Texan Shot First Red Plane

AN AMERICAN AIR BASE IN JAPAN, July 10.—Members of a B-26 bomb group stationed here claim S-Sgt. Nile S. Mickley of Houston shot down the first North Korean plane of the war.

THE WEATHER

BIG SPRING AND VICINITY: Partly cloudy this afternoon, tonight, and Tuesday, with scattered showers. Not much change in temperature.

KOREAN AIR WAR LEADER—Maj. Gen. Emmett O'Donnell, Jr., (above), who led first B-29 attack on Tokyo, has arrived in Tokyo to direct operations of three B-29 groups in the Korean War.

File Charges Against Man In Shooting

Charges of assault with intent to commit murder have been filed by District Attorney Elton Gilliland against Frank Cathey, a local barber, who police said this morning tried to shoot his estranged wife, Mollie, to death and then made several unsuccessful efforts to commit suicide.

The incident took place in the Cathey home at 904 Gregg street about 7 a. m. today.

She was struck with a copper-covered bullet fired from a .380 automatic pistol. Capt. E. W. York, one of three city officers summoned to the scene, said the gun jammed after the first shot, leaving seven unfired bullets in the weapon.

The shot penetrated Mrs. Cathey's body and lodged in the back of the chair in which she was sitting at the time.

Other members of the family, among them Mrs. Lucille Mann and Mrs. Bobby Halley, daughters of the Catheys, were in the house at the time, the tragedy took place. They said they had no inkling of the impending attack that Cathey was packing his clothes, preparing to leave the house when he sought out his wife in the living room and asked her if she still intended to go through with the divorce.

When she said she did not care to discuss the case, Mrs. Mann said Cathey brandished the gun and fired at his wife.

After the pistol jammed on him, witnesses said he raced into another part of the house and cut his throat with a razor blade, then stabbed himself with an ice pick. Bloodstains were in the living room, a bedroom and kitchen.

The police had been called, meanwhile, and rushed to the scene. Patrolman Howard Shaver said he grappled with Cathey for possession of the ice pick in the kitchen but that the man frantically stabbed himself twice before the officer was able to wrest it from his grip.

Cathey has been in the courts on several occasions in recent months. A short time ago, he was charged with simple assault in corporation court after he allegedly was involved in a fight at the ball park.

Pacific Fleet Heads Confer With Radford

PEARL HARBOR, July 10.—Three Pacific fleet force commanders conferred Friday with Adm. Arthur W. Radford, Pacific Fleet commander-in-chief, the Navy disclosed today.

Red Invaders Move Near Capital Of South Korea

State Cotton Acreage Down By 34 Percent

7,200,000 Acres In Cultivation On July First

WASHINGTON, July 10.—Texas had 7,200,000 acres of cotton in cultivation on July 1, the Agriculture Department reported today.

The department said the total on July 1 for the nation was 19,032,000 acres. This was 31.3 per cent smaller than a year ago.

No forecast of production was given. But if the yield to the acre equals the 1939-48 average of about 250 pounds, production would be about 9,506,000 bales of 500 pound weight. Production last year was 16,127,000 bales, the fourth largest of record.

This year's crop is being produced under a rigid production control and marketing quota program designed to hold production to not more than 12,000,000 bales.

Should the acre yield equal last year's average figure of 248 pounds, production this year would be about 10,816,000 bales.

Production for the ten-year average is 11,306,000 bales. The first estimate of this year's production will be given Aug. 8.

The acreage on July 1, last year, was 27,719,000.

Not all the July 1 acreage is expected to be harvested. During the past ten years, 1.9 per cent of the acreage has been abandoned because of natural causes, such as weather, insects, etc.

The acreage in cultivation July 1 compared with about 21,850,000 allotted growers under the cotton control program. The program includes marketing quotas under which sales from acres in excess of allotments are subject to stiff penalties.

The indicated acreages by states and the percentage of last year's July 1 acres, respectively, include: Oklahoma 1,050,000 acres or 78 per cent of last year's July 1 acreage; Texas 7,200,000 or 66; New Mexico 2,800,000 or 59; Arizona 290,000 or 72; California 615,000 or 64.

AFTER TWO WEEKS OF WAR IN KOREA—Map high-spots the Korean situation after two weeks of conflict which started June 25 with North Koreans' invasion southward across the 38th parallel.

ORIGIN UNDETERMINED

Fire Damages Gray Tractor Plant Here

Fire, of undetermined origin, damaged the Gray Tractor and Equipment company to the extent of several thousand dollars here last night.

The blaze, which broke out about 9 p. m., destroyed the roof and extensively damaged the interior of the tractor sales and service building at 117 W 1st street. A 1947 Packard convertible and a used tractor were also heavily damaged.

The concern's parts department received considerable water damage, Gray said, but firemen succeeded in preventing the spread of flames to that section of the building.

ANOTHER OIL WELL!

County Shows New Potential Discovery

Northern Howard county's rapidly unfolding oil development boded with another potential discovery today.

George Brown of Houston No. 1 Lloyd Branon, a mile and a half south and a quarter of a mile east of southernmost production in the East Vealmoor pool, unloaded oil from a reef formation, topped 210 feet high to the East Vealmoor producers.

On a 45-minute drillstem test Sunday evening from 7,297-7,336, there was a strong blow of air immediately. Gas was to surface in four minutes and a strong blow was recorded throughout the test.

There was no fluid. The tool was closed in 45 minutes due to darkness. After seven stands of pipe were pulled, drilling mud unloaded. After 44 stands were pulled the test unloaded oil, kicking the fluid high into the derrick.

There was practically no recovery of the 3,300 feet of clean oil which was in the derrick. There was no water.

Atrocity Victims Found Shot, Bound

TOKYO, Tuesday, July 11. (AP)—Northern Communist troops battled to within 20 air miles of Taejon, South Korea's temporary capital, early today after a "lost" U. S. battalion had fought its way out of a trap and the first American victims of Red atrocity were found.

Bound and shot in the face, the bodies of seven American soldiers were found in a see-saw battle area yesterday. They were not members of the "lost" battalion, which has rejoined its regiment and is ready for action.

Rush Aid To Quake Victims; 270 Persons Die

BOGOTA, Colombia, July 10.—The health ministry announced today 270 persons died in weekend earthquakes in Colombia.

Another 17,000 are injured or homeless in seven towns of North-Central Colombia, newspaper reports indicated.

The health ministry said its death figures came from provincial health authorities at Cutilla who are supervising relief work.

The towns of Arboledas, Cutilla and Salazar and the county area around them suffered most from the wave of five quakes. The ministry said nothing is left standing in Arboledas, which had 20,000 population.

The newspaper El Siglo estimated material damage at the equivalent of \$31,050,000. El Tiempo figured the damage at about \$20,700,000. The government has rushed help by aircraft.

Both papers said the Arboledas, a town of 20,000 was almost destroyed and Cutilla, of about 14,000 inhabitants, also was almost destroyed. Electric power failed after the shocks and the towns were in darkness, which contributed to the panic among the inhabitants.

Another town, Salazar de las Palmas, population about 21,000, was also severely hit.

The government rushed troops, police forces, and doctors, food, drugs and tents to the affected towns.

So far, the government has made no new announcement and the Red Cross has no official information because wires are down and communications almost impossible, except for radio. The help was rushed by plane.

El Siglo said that one house out of every four was damaged in Santander del Norte department.

El Siglo also said that five tremors were registered: at 9:30 p. m. Saturday; 10:45 p. m. Saturday 4 a. m. Sunday; 8 a. m. Sunday and 5:30 p. m. Sunday.

New Orleans court decided in May, it involved the Postex Cotton Mills, of Post, Tex., and the CIO textile workers.

Need Not Sign Oath Before NLRB Rule

WASHINGTON, July 10.—The U. S. Court of Appeals for the District of Columbia ruled by 2-1 vote today that national officers of the AFL and CIO need not eventually have to decide which of the two courts is right.

Today's ruling came in a case involving the West Texas Utilities Company Inc., Abilene, Tex., which the NLRB had found guilty of refusing to bargain with three locals of the AFL electrical workers. The court upheld a board order which directed the company to bargain.

At the time the case originated, AFL national officers had not filed non-Communist affidavits. They have since filed them.

The question for the appeals court was whether the AFL national officers came under the so-called "non-Communist" section of the Taft-Hartley Labor Law. That section prohibits a union from filing charges against an employer until its officers and the officers of "any national or international labor organization of which it is an affiliate or constituent unit" have filed affidavits.

The court majority—made up of Judges Henry W. Edgerton and David L. Bazelon—decided that the AFL and CIO are more like confederations, alliances, or trade associations and that the provision does not apply to their national officers, Judge Wilbur K. Miller dissented.

The facts and issues were essentially similar in the case the

Washington, July 10.—Secretary of Labor Tobin said today Communist leaders of Western Europe have lost their ability to force strikes for political ends.

Tobin, who recently returned from a trip to Europe, spoke in a radio interview prepared for broadcast on the State Department's Voice of America.

In the last six months, he said, Communist leaders in Western Europe have found they no longer can manipulate workers as they once did.

The five-man NLRB has itself taken the stand that AFL and CIO national officers did not have to file the non-Communist affidavits. It differed with the NLRD General Counsel, Robert N. Denham, who has independent powers under the Taft-Hartley act. In 1947 Denham ruled that these officers must sign. The board overruled him.

The question is no longer important for new cases because AFL and CIO officers have long since signed the affidavits. But it is still a live issue with regard to cases like the Postex and West Texas utilities—which arose before they signed the oaths.

Tobin says Red Leaders Losing Strike Influence

WASHINGTON, July 10.—Secretary of Labor Tobin said today Communist leaders of Western Europe have lost their ability to force strikes for political ends.

Tobin, who recently returned from a trip to Europe, spoke in a radio interview prepared for broadcast on the State Department's Voice of America.

In the last six months, he said, Communist leaders in Western Europe have found they no longer can manipulate workers as they once did.

The facts and issues were essentially similar in the case the

Washington, July 10.—The number of American job-holders may break all records this year, running over the 61,600,000 peak of 1948.

The Labor Department said yesterday that all economic signs point to such a development.

Robert R. Goodwin, director of the department's bureau of employment security, released a report on a survey of 99 major production areas and a number of smaller communities which had unemployment of seven per cent or more in March.

By May, the report said, employment had increased in 89 per cent of those major production areas.

Of 38 areas listed in April as having substantial labor surpluses—too many workers for the number of available jobs—eight were back to normal by May, while one moderate sized area was added.

Haste Makes Waste

BOMBAY, India, July 10.—Four gunmen broke into the temple of Malahaxmi the Hindu goddess of wealth today, wounded three temple servants and made off with about \$1,000 worth of jewels. In their haste, they left behind jeweled adornments covering the four-armed goddess valued at \$1 million.

Byrnes Seeks Governor Post In Elected Office Comeback

COLUMBIA, S. C., July 10. (AP)—South Carolina Democrats choose candidates tomorrow for U. S. senator and governor, ending a primary election campaign in which states' rights and Negro segregation have been major issues.

The voters will pass on former Secretary of State James E. Byrnes' bid for a comeback to elected office. And for the first time in 74 years a Negro will be running for an office of more than county-wide scope.

Byrnes is in a four-way race for nomination as governor, while Gov. J. Strom Thurmond opposes Sen. Olin D. Johnston's bid in the senatorial test.

Democratic nomination is equivalent to election in South Carolina. The 500,000 registered voters include about 40,000 Negroes to whom the traditionally white primary was opened by federal court order three years ago. A total vote of about 375,000 is expected.

Also at stake are the state's six

JAMES F. BYRNES

J. STROM THURMOND

seats in the U. S. House of Representatives—although only four are contested—and hundreds of other offices, some statewide, others from sheriff down to cotton weigher.

State versus national party loyalty has been argued by Johnston and Thurmond in the two-man race for the Senate nomination.

Thurmond, 1948 States' Rights presidential nominee, and Johnston, who says he supported President Truman's election although he opposed his nomination, have vied as self-styled champions of racial segregation.

Byrnes has campaigned against three other candidates on a states' rights-tinged platform opposing federal encroachment on state powers.

Speakers of the state house of representatives Thomas E. Pope, 37, is the only gubernatorial aspirant saying he supported the state Democratic Party two years ago

when it broke with the national party on the civil rights issue and supported Thurmond's presidential bid.

The third candidate, Insurance Executive Lester L. Bates has promised a businesslike administration and urged federal education aid without U. S. control. Lumberman Marcus A. Stone has caustically criticized Byrnes' record as secretary of state.

If none of the four candidates wins a majority, the two highest will run it off in another primary July 25.

A Negro is a candidate for the first time since 1878 in any party primary of more than county-wide scope. A. J. Clement, Jr., Charleston Negro insurance man opposes U. S. Rep. L. Mendel Rivers in the first district.

U. S. Reps. J. P. Richards of the fifth district and J. L. McMillan of the sixth are unopposed.

Birmingham Makes It Tough On Communists

BIRMINGHAM, Ala., July 10. (AP)—Birmingham is making it tough on known Communists without visible means of support.

The chairman of the party in Alabama, Sam Hall, Jr., was arrested Saturday on charges of vagrancy and other arrests will follow, said Public Safety Commissioner E. C. Connor.

He estimated there are about 100 Communists in the Birmingham area.

Arrests will be confined to those against whom vagrancy charges can be pressed, he said. "Unfortunately," he added, "I won't be able to arrest those who have a visible means of support."

Hall was taken at his home. He told officers he was scout editor of the Daily Worker, Communist Party organ.

Police also arrested Paul Thomas Rose, alias Rosenbloom, 23, on charges of vagrancy and of changing his name to conceal his identity. He was listed as a native of Lakeland, N. J.

Both men were later freed on bond for trial tonight.

Rose was arrested while passing out circulars protesting U. S. intervention in Korea, Det. Capt. C. L. Pierce reported. He said Rose admitted being a member of the Communist Party.

Arresting officers said Hall's home was a "regular warehouse of Communist propaganda."

500 Persons Hear Candidates At Colorado City

COLORADO CITY, July 10. (AP)—More than 500 persons turned out Friday evening at Ruddleick park to hear Mitchell county's crop of political hopefuls.

The usual talent revue was sidetracked for Candidate Night. L. A. Chapman, chamber of commerce manager, said that the purpose was to allow office seekers an opportunity to meet and appear before the public.

Two out-of-county candidates appeared on the program. They were Hiram Childress, representative from the 117th legislative district, and his opponent, Jim Jackson.

State Sen. Pat Bullock acted as master of ceremonies. Music was furnished by the Colorado City band under direction of R. P. Rose.

Candidates who spoke were: sheriff, Nick Narrell; Dick Gregory Jr., and Sam Thompson; tax-assessor collector, Martin Dobbs; Gene Bassham, Charles Lobban, Bruce Hart; county commissioner precinct 1, Jasper Wood, Jim Boline, Ernest R. Venus and Jack Cox.

Other speakers were Eldon Mahon candidate for district attorney, Jennings, unopposed for county attorney, Roy Davis Coles, candidate for county school superintendent, Sam Bullock, county judge; Ken Grubbs; for district clerk, H. A. Pund; for commissioner of Pet. 2, B. F. Elliott; and for commissioner of Pet. 3, Ross Hargrove.

World Council Of Churches Meet Is Reminiscent Of UN

By The Associated Press

TORONTO, July 10.—Ninety men and women from 44 countries met in a high-ceiling room on the shaded University of Toronto campus today in a scene reminiscent of the United Nations General Assembly.

They composed the central committee of the World Council of Churches, founded at Amsterdam in 1947. The 90 members represent about 160 million church members of all major Christian confessions except Roman Catholicism.

The committee, empowered to set for the council's assembly, is studying religious liberty and other religious problems. The assembly meets every five years.

In the chair sat the Rt. Rev. Kennedy Allen Bell, bishop of Chester, Eng. Earlier he had gravely told the delegates that the Korean War "forms the tragic background of our meeting and calls us all to prayer and thought and action."

Beside the bishop was the general secretary of the World Council, Dr. W. A. Visser't Hooft of Geneva, Switzerland.

In his report to the committee

last night, Dr. Visser't Hooft declared the council must use "all possible opportunities" to keep in touch with Christians in Soviet-dominated lands. There is danger he said, that they will be forgotten "precisely at the moment when they are in the midst of their great spiritual battles."

Before it adjourns on Saturday the committee will discuss and act on voluminous preliminary reports.

Its agenda includes minority church rights in countries dominated by a single state-recognized religious group, racial discrimination, and Christian judgments on existing political and social systems.

George Serpas Now Walks With Ease—Hadacol Licked His Neuritis Pains

caused by deficiencies of Vitamins B₁, B₂, Iron and Niacin in the system!

George Serpas, Sr., who lives at 730 South Genoa Street, New Orleans, Louisiana, is a happy man indeed because he discovered it's now possible to actually relieve the REAL CAUSE of neuritis pains caused by deficiencies of Vitamins B₁, B₂, Iron and Niacin in the system.

But let us hear what Mr. Serpas himself has to say about this great new HADACOL everyone is talking about.

"I'd been suffering for quite some time with neuritis pains throughout my whole body. My condition became so bad it was necessary for me to give up work. I could hardly walk and suffered great pain.

"After taking HADACOL, the pains left. I am now able to walk with ease. In fact I can now bend over touching the floor with my hands without any pain at all.

"I can eat anything and everything. I've taken about twelve bottles (three times daily). I would definitely recommend HADACOL for anyone suffering from such a condition."

Mr. Serpas is indeed a man to be admired. When he was struck down by such dreadful neuritis pains—he didn't give up hope. He did something for himself! He heard about and took this great new HADACOL. And what a different man he is today!

Helps you feel WONDERFUL

HADACOL is not a quick-acting pill which gives symptomatic relief—HADACOL actually relieves the REAL CAUSE of such aches and pains due to these deficiencies in your system. And continued use helps prevent such painful conditions from coming back!

A big improvement is often noticed within a few days' time. You start getting that wonderful, wonderful HADACOL feeling everyone is talking about and you'll want to keep it.

And you can if you just take HADACOL faithfully.

Quickly Absorbed by the Blood

HADACOL not only feeds deficient systems with extra quantities of Vitamins B₁, B₂, Iron

and Niacin but also beneficial amounts of precious Calcium, Phosphorus and Manganese—elements so vital to help maintain good health. And these important vitamins and minerals come in special liquid form so that they can be more quickly absorbed by the blood—ready to go to work at once. HADACOL combines these important vitamins with these wonderful minerals because they are more often effective this way.

Sold On A Strict Money-Back Guarantee

HADACOL even helps build up the hemoglobin of red blood cells (where Iron is needed) to course through your body, carrying these great health-building elements to every body organ—to the liver, lungs, heart, kidneys—even to the nails, hair and eyes. No wonder HADACOL helps you feel wonderful!

Be fair to yourself! Give yourself a break if you have such deficiencies! Why continue to drag yourself around—a burden to yourself and your family—when relief is as close at hand as your nearest drugstore? This great HADACOL is inexpensive too—costs only a small amount a day. Trial size, only \$1.25. Large family or hospital size \$3.50.

Halkard Is New Eagle Standout

DALLAS, July 10. (AP)—Oilman Dick Burnett, to whom \$2,000 is just pin money, made one of his best, if not the best, investments of his tenure in baseball a week ago.

He bought a young fellow named Jim Halkard at the Texas League waiver price from Shreveport. Burnett needed more punch and flashier fielding at first base.

Halkard, who was a Jack-of-all-trades at Shreveport and got nowhere fast, made an auspicious start with Dallas. He went in as a pinch-hitter and clubbed a home run.

He stepped in as a regular with the Eagles last Tuesday and got three hits in seven appearances against Tulsa in a double-header. Then he started paying Burnett back the \$2,000 Friday night against Fort Worth he hit a homer for the winning margin. Saturday night he batted in three runs as Dallas beat Tulsa 4-0.

There were 11,782 fans in the stands here the past two nights with 6,838 turning out the first night. It was an unbelievable attendance for a Saturday night.

Halkard was a major reason. Not only has he been knocking the cover off the ball but he has been sensational afield. He got an unassisted double play against Tulsa that was a dilly. He also turned in a gem of a fielding play against Tulsa last night and walked four times in five trips to the plate.

"He's the spark Dallas has been needing," the fans kept saying as they watched the 25-year-old who has been in professional ball seven seasons.

Halkard is credited with steady play of two young infielders, Shortstop Clyde Perry and Third Baseman Bill Klaus, and his batting has boosted the spirit of the entire club.

Dallas has won four of its last six games and is now knocking at the door to the first division.

Halkard's spurt has already drawn enough attention at the gate to pay Burnett what he put out to keep the tall young man in the league. It's one of the few times Burnett has been able to pick up something at a reasonable price and then get some results.

Charles May Not Fight Beshore

PITTSBURGH, July 10. (AP)—James Mintz, the excitable co-manager of heavyweight champion Edward Charles, says he expects Charles' next opponent will be chosen within a week.

That statement caused plenty of argument.

Buffalo Promoter Charley Pinto insists Charles is going to defend his title against Freddie Beshore of

Warriorsburg, Pa., in Buffalo during the third week of August.

But Mintz denies anything is set for a Beshore match, which already has been postponed twice when Charles came up with injuries.

Informing that Pinto says, "Mintz is bound by contract and we expect him to live up to it." Charles' manager sputtered and declared: "I've got some sort of a contract to fight Beshore but there's nothing in it that says Beshore has to be our next opponent. The in-

ternational Boxing Club in New York has the first claim to Charles' services. Al Weil of the IBC will have a lot to say who Charles fights and when."

The Whitney Reservoir on the Brazos River in Texas will flood more than 80 old Indian habitation sites.

Chickens should be cooked slowly at low temperature.

It's a "Double Duty" Dandy

[with "Stowaway" center seat]

Yes, the new Ford "Country Squire"—the most advanced station wagon on the road—is here! Just slip out the rear seat and fold the "Stowaway" center seat into the floor. In less than 3 minutes you'll have converted this road-hugging beauty from a big, comfortable 2-passenger car into a "flat-deck" workhorse.

For Sunday calling or Monday hauling

It's the new FORD "Country Squire" STATION WAGON

It's the only station wagon in its field that offers you a choice of a "hushed" V-8 or "Six" engine. The outer panels of the all-steel "Life-guard" body are trimmed with genuine birch or maple. And this new "Country Squire" offers Ford's big car roadability... 35% easier-acting King-Size Brakes... and Ford automatic Overdrive (optional at extra cost). Come in and "Test Drive" the new "Country Squire" today.

Rides 8 folks in comfort... or hauls a half-ton of cargo

It carries eight big people in living-room comfort and "Fashion Car" styling. Or, if there's a hauling job to be done, the new "Country Squire" gives you 38.8 square feet of "flat-deck" loading space. It'll carry half a ton of freight with ease—more useful flat carrying area than any other station wagon in its class. Never before has there been a more useful car.

JESSUP DECLARES

Korea War Was Attack On UN

CHARLOTTESVILLE, Va., July 10. (AP)—Ambassador-at-large Phillip C. Jessup declared today there can never be any serious question about who started the Korean war.

Despite the "flood of lies" which has poured from the Communists, he said, the record proves that they were the aggressors.

"The North Korean Communist forces attacked the Republic of Korea without warning, without provocation, without any justification whatsoever," Jessup declared. "It has never been more true than in this case that actions speak louder than words."

Communist peace propaganda has sought to lull the peoples of the free world at the very moment when Communists imperialism was preparing and launching this war of aggression.

Jessup discussed the Korean situation in a talk prepared for the 17th session of the Institute of Public Affairs at the University of Virginia.

He called the attack on Korea "the most bare-faced attack on the United Nations itself," resiling that the UN had helped to set up the South Korean Government.

"An assault upon the United Nations headquarters at Lake Success could hardly have been more direct or more revealing," Jessup said.

On another aspect of Communist propaganda, he declared it is common practice for the Reds to ac-

PHILLIP C. JESSUP

cuse others "of the sins which they themselves have committed."

"It is therefore not surprising," he added, "that they accuse the United States of imperialism in Asia, because the Russian imperialistic design is the same in Asia as it was under the czars."

"The Soviet encroachments upon Chinese sovereignty in Manchuria, Mongolia, Sinkiang and elsewhere have frequently been pointed out."

"The experience of so-called Communist liberation of strongly nationalist states like Poland, Czechoslovakia, Latvia, Lithuania and Estonia holds out the gloomiest prospects for the peoples of Asia."

"During the period of this type of Soviet 'liberation,' what has been the record of the western world?"

"The Philippines, India, Pakistan, Ceylon, Burma and Indonesia have all emerged into full separate statehood."

"Cambodia, Laos and Vietnam have become independent members of the French Union. Once again the record is the proof to which we turn. The Communist propaganda cannot wipe out the facts."

Injured in Crash At Colprado City, Man Now En Route Home

COLORADO CITY, July 10.—Ferris M. Wakeley, injured in an auto collision two weeks ago east of Colorado City, is sufficiently recovered to return to his home in Pasadena, California.

He was carried to Sweetwater Sunday morning in a Kiker and Son ambulance to be placed aboard the Santa Fe train.

Wakeley was injured in the accident which was fatal to a companion, Leland M. Fryor, also of Pasadena.

There is only one kind of vacation and that is one that is free from worry! Sell don't want for you want ads.

Governor Asks Better Pay For Prison Guards

INWOOD, Mich., July 10. (AP)—Michigan's Gov. G. Mennen Williams pleads with vigor his case for better pay for prison guards—they helped save his life.

The tall, 38-year-old governor was visiting in the Marquette prison kitchen Saturday when three desperate convicts attempted to seize him at knifepoint as a hostage for their escape.

His bodyguard, State Police Corp. George Kerr, broke up the near-riot by shooting a ringleader who had stabbed him slightly. A guard and a kitchen steward were injured, but the governor escaped unhurt.

The prisoner who was shot, John Halstead, is described as in a serious condition. The guard Al Haukness, suffered two broken arms, and the steward, Jim Nancarrow, was beaten on the head. Williams visited them both Sunday and thanked them for their help.

The ringleader of the plot convicted Murderer Ralph Stearns, and others involved in it, are now in solitary confinement. Stearns was the governor's attacker.

Williams later appeared at a dinner here, apparently untroubled by the incident. He told the diners:

"These prison guards receive little more than \$200 a month. How can everything be well in a system in which people are putting their lives in jeopardy and receiving little more than \$200 a month for it?"

"With My Eyes Wide Open" I got cash results from selling out-grown clothing thru the want ads.

Must You Avoid Favorite Foods? ... because of Acid Stomach?

Nearly everyone has favorite foods that bring on heartburn... sourness... acid indigestion. But millions have found the answer is simple as A-B-C. They just carry a handy roll of Tums in pocket or purse. Eat 1 or 2 like candy for quick, soothing relief. Tums contain no soda to over-alkalize or cause acid rebound. And they are FAST! Cost only a dime. Get a roll today!

Officials Of Ford Local Must Take Non-Red Pledge

DETROIT, July 10. (AP)—Ford Local 600, giant of the CIO United

Auto Workers Union CIO, will require its 550 officials to sign anti-Communist pledges.

The general council of the 60,000 member local voted Monday, 75 to 63, to establish the pledge requirement. It gave the local's officials until Aug. 1 to sign the pledges, on penalty of possible ouster.

The action is the first such on record for any UAW local. It was

made as part of a general policy of support of President Truman for his action in Korea, and condemnation of the Soviet Union.

The measure, proposed by Carl Stellato, newly-elected local president, met with bitter opposition. One opponent warned that it would set the pattern for loyalty pledges from all industrial workers.

Big Spring (Texas) Herald, Mon., July 10, 1950

ing," Stellato said. "But how can that charge be justified when American soldiers are being killed in Korea?"

"The Horse Told Me" to use inexpensive want ads for buying and selling and that makes horse cents.

Even more than meets the eye!

Look—The beauty you see on the surface of this sleek new Chrysler is only a hint of the value that lies beneath! When you feel the surge of life that stirs through this entire silent beauty as it takes off, you'll know there's nothing like it! When you feel its comfort... as you settle down in the softness of chair height seats, you'll say, "There's no comparison!" Before you decide on any car, look into Chrysler's value all the way through!

Beautiful Chrysler 4-Door Sedan... Today's Style Class

See it—drive it... there's built-in value all the way through!

Chrysler Driving Advantages:

Fluid Drive... automatic gear shifting with exclusive car control High Compression Spitfire Engine... extra power at all speeds. Separated parts for longer life. Chemically treated cylinder walls for greater wear! Waterproof Ignition System... prevents stalling in flood or storm. Full Flow Oil Filter keeps oil clean.

Chrysler Comfort Advantages:

Chair Height Seats... no crouching on the floor... Functional Design... room for your head, legs, shoulders. Easy to enter and leave. Center-arm Steering... minimizes road shock, wheel lift. Rubber Body Mountings... Floating Power... eliminates vibration, help give softest, smoothest ride in history.

Chrysler Safety Advantages:

Safety Rim Wheels... won't throw tire after blowout at normal speeds. Constant Speed Windshield Wiper... electrically operated. Safe Guard Hydraulic Brakes... balanced brake power, smoother stops, less pedal pressure. Cyclebonded linings for double the wear. Full vision... wherever you need it.

The Beautiful **CHRYSLER** with Fluid Drive

DAY AFTER DAY GOODNESS

MRS. BEAUREGARD

Christ taught that God and his kingdom are within us, but we are in God too. He is in the growing grain, in all life and all life in Him. There is no excuse for not knowing Him. "For in him we live and move and have our being."—Acts 17:28.

International Events Remove Restraints On H Bomb Research

For weeks it had been rumored that President Truman would ask Congress for an additional \$300 million for atomic developments, and Friday the request was made formally—but for only \$200 million. It was understood the request had not been made earlier for fear it might seem to belie our talk of peace. When the Korean Republic was invaded by Reds from the north, talk of peace got submerged. Mr. Truman pointed out in his note to Congress that he had ordered the Atomic Energy Commission last January to proceed with new atomic experiments, including the H-bomb. The additional funds now asked will enable AEC to carry out plant expansions and generally speed up its program on all forms of atomic weapons "including the hydrogen or fusion bomb," as the President pointed out. There had been a division of opinion on the AEC as well as among scientists and military leaders as to the wisdom of putting time, money, energy and plant facilities into H-bomb experiments, instead of sticking to more conventional forms of atomic weapons. For a time Acting-Chair-

man Sumner Pike, whose term expired few days ago, had opposed going ahead with the H-bomb at this time but he later announced circumstances had changed his mind. Pike, a Republican stalwart who has served in various capacities under two Democratic administrations, was renominated by Mr. Truman, but drew an adverse S.A committee report. The dispute will be taken up in the Senate Monday, and Republican Senator Brewster of Maine, who had been depleted as opposed to Pike's renomination for personal political reasons, said Friday Pike would be confirmed by the whole Senate. The adverse committee report on Pike became possible when Senator Ed Johnson (D-Colo.) voted with the Republican members. This led President Truman to remark acidly that Johnson usually voted with the Republicans anyhow, whereupon Johnson retorted that he voted as he jolly well pleased. Thus even a terrific problem like creating an H-bomb cannot entirely be divorced from politics.

Handsome Is As Handsome Does As Royal Host Sadly Confirms

Saville Row in London, the center of men's fashions in the British world, was buzzing with excitement Thursday over an innovation King George VI had flashed upon a palatial world. The King appeared at a fashionable wedding in Mayfair sporting a checkered handkerchief in his breast pocket, instead of his customary white. One fashion arbiter called it good, and predicted it would take hold immediately.

Week. It reported that the Duke of Marlborough had re-opened Blenheim Palace to the public, at sixpence (35 cents) a head, the proceeds of which go to pay the duke's enormous taxes. But Blenheim almost didn't re-open. The duke had rented the palace Tuesday night to 800 high-born, high-stepping, fashionable Britons for a charity party, and the exhilarated toffs had ripped and romped through its hallowed halls to all hours, burning cigar holes in costly carpets and spilling their drinks on priceless tapestries. The party raised \$16,000 for the Oxfordshire Boys' Club, and the duke's blood pressure to a new high. The commoners who pay for the privilege of going through the palace are much better-behaved, the duke commented, than the bluebloods. As one blueblood to others of his kind, the duke is in position to speak his mind. He can look at his stained tapestries and his burnt carpets and reflect on the manners of the so-called well-mannered set. Handsome is as handsome does, as the fellow said.

The Nation Today—James Marlow

Draft Will Be Used In Case Enough Men Don't Volunteer

WASHINGTON, (AP)—THIS IS AN ATTEMPT to explain what President Truman said on the draft last week because a lot of men and their families may be uncertain about it. Of course, since the world situation is changing, what is true today may not be true next month. No one can predict what changes a new week will bring and what the government will do then. Two things the President did not say: (1) He did not say draft boards will start drafting men now; and (2) he did not say members of the reserve will be called for duty. What he did say, in effect, was this: The armed forces need a lot more men, maybe as much as 50,000 more. They want to get these men by the volunteer method, if possible.

by drawing numbers from a hat. SELECTING a new man will be done if drafting starts, it will not be done in the Service headquarters here says draft boards will take first the men classified as 1A in the 25 to 26 age group. (A man classified 1A is considered most eligible for the draft. For example: Because he is physically fit and there's no other reason, such as dependents, to defer him.) Then the boards will work their way down through 1A groups, from the 25-26 group, to the 24-25 group, and so on, taking the 19-year-olds in 1A last. This is an explanation of why the armed forces may want 50,000 volunteers. CONGRESS "AUTHORIZED"—That is, approved—a strength of 2,005,882 men for the armed services. But— It figures on "appropriating"—that is, voting money for—only 1,306,800 men, or almost 500,000 less than it "authorized." The armed forces—compelled to stay within the "appropriated" strength of 1,306,800 men, since they wouldn't have money for more—actually have only about 1,438,000 in uniform. So the actual present strength is 48,200 below the "appropriated" strength of 1,306,800 and 547,882 below the "authorized" strength of 2,005,882. Mr. Truman told the armed forces to bring their number up to the "authorized" strength by the volunteer method if possible. But how can he do that if Congress figures on voting enough money for only the "appropriated" strength? Because we're getting more deeply involved in Korea, and Congress will vote the money, if necessary.

More City Jobs

CHICAGO—The number of men and women who work for cities in the U.S. has reached a record high. The International City Managers Association reports the total of such employees was 1,082,000 at the start of 1950—a gain of 43,000 in one year. Payrolls have gone up, too. They totaled \$219,000,000 in October, 1949, compared with \$206,000,000 a month a year earlier.

Today's Birthday

JOHN ARNOLD NEYDNER, born July 10, 1869 at Lafargeville, N. Y. President of the National baseball league for 16 years before his retirement in 1934. Neydner was a power in cleaning up the "Black Sox" scandal of 1919 and in installing Landis as baseball czar.

Stay Away From Our Door!

Today And Tomorrow—Walter Lippmann

Surprise In Korea Achieved Due To Preoccupation With Japan Threat

Last Tuesday in a longish statement distributed by the Soviet news agency Tass Mr. Gromyko outlined the public arguments of his government on Korea. In writing it he must have hoped that those who read the beginning would not read the end, or that those who persevered to the end would have forgotten the beginning.

For in the beginning he argues that the fighting started because the South Koreans attacked the North Koreans on June 26. At the end he argues that there is a civil war and that the North Koreans have a right to wage it without being interfered with. The two arguments eat each other up. If North Korea, as he asserts, is the victim of a provocative attack planned and instigated by America, then it was unnecessary to argue that the North Koreans have the same right to organize accordingly to their wishes their internal national affairs in the matter of the South and the North of Korea into one state as that right which belonged to and was used by the North Americans in the states of the North American continent when they unified the South and the North of America into one national state.

If Mr. Gromyko believed that Korea was the victim, he would not have had to argue that North Korea has a right to unify Korea by armed force. And if, on the other hand, he believed that this was a legitimate civil war, he would not have had to pretend that the North Koreans, who are invading South Korea, were the victims of a "provocative attack."

Public Opinion News Service

Public Opposed To UN Seat For Red China Even Before Korean Invasion

BY GEORGE GALLUP, Director, American Institute of Public Opinion. PRINCETON, N. J., July 10—What will the Korean war do to the future of the United Nations? This question is thrown into sharp focus as the U.N. Security Council backs the United States while Russia denounces the Council's action as "illegal." The Soviets complain that the delegate of Nationalist China had "no lawful right" to take part in the vote which Russia would have a hard time "selling" this idea to the American public. Even before the Korean crisis the great majority of Americans questioned in a coast-to-coast opinion survey were against seating Red China on the U.N. Council in place of Nationalist China. The United States government has never recognized the Communist government of China. The argument over which of the "two" Chinas should have the seat virtually paralyzed the work of the U.N., with Russia

boycotting all sessions. While there was some discussion of compromising in Russia's favor the general mood of the American public was against giving in to Russia on the China issue, in order to preserve the U.N. judging by the following survey which was completed shortly before the Korean war broke out: The Nationalist government of China Kai-shek in China has had a seat on the United Nations Security Council ever since the beginning of the U.N. The new Communist government in China claims that it should have this council seat since it now governs most of China. Do you think the Communist government of China should or should not be permitted to have the council seat in place of the Nationalist government? The vote: Should seat China Reds 11 pct. Should not 87 pct. No opinion 2 pct.

However proposed recently that the U.N. be reorganized to leave out Russia and satellite Communist countries. If Russia should pull out of the world organization as a result of U.N. action on Korea, not many Americans would regard it as a great blow to the U.N. In fact, a good many feel that the U.N. would be a more effective organization if that did happen. The public's views on this were sounded in a survey as part of a recent series of studies on public opinion appraising American foreign policy. Here is what the vote showed: "It has been suggested that the United Nations should be reorganized leaving out Russia and all Communist-dominated countries. Do you think the U.N. would be better able or less able to keep the peace of the world if it did this?" Better able 41 pct. Less able 58 pct. No difference 5 pct. No opinion 14 pct.

Around The Rim—The Herald Staff

What Ever Happened To Those Giant Ocean Landing Strips?

What ever happened to those giant stationary aerial landing strips that were located in mid-ocean for use in air flights between continents? When the air industry got out of its rompage and plane builders began turning out craft that could remain aloft longer than a few minutes at a time, the architects got to work and dreamed up ideas for huge landing areas that would have made trans-ocean flights a cinch. They looked so practical on paper, even Grandpop—who never did think man should try to fly like a bird—began to think that the 'wonders of the Old World are as close as tomorrow.' The depths would have been dug out like so many islands across the water to Europe and Asia, equipped not only to handle two-way traffic but to proffer assistance to any plane or ship in distress in its vicinity. Some of the architects went so far as

to equip the mid-ocean landing fields with such things as hotels, motion picture houses, restaurants and miniature golf courses. If the traveler decided he wanted to remain out there in the middle of nowhere, he had the facilities to keep him entertained. Science, of course, far outstripped the idea by building aircraft that could easily negotiate such trips without refueling. Flights that were considered impossible even two decades ago are today being made daily. Fuel oils, too, have been improved to the point where greater pay loads can be carried further. The architects' dreams, of course, paid off in other ways. The same designers help to write the plans that created our modern naval 'flat-top,' which is capable of carrying American air might to any corner of the world. TOMMY HART

Affairs Of The World—DeWitt MacKenzie

Use Of UN Flag In Korea War Poses Problem Of GI Morale

THE ACTION OF THE UNITED NATIONS Security Council in authorizing the use of the blue and white UN flag in battle—in effect a recommendation for the Korean war zone—is likely to cause considerable discussion. If General MacArthur decides to fly this banner in addition to the American flag, as leader of the armed force of a UN member, (and it is reliably reported he will), then it will be the first time the UN emblem has appeared in battle. Of course the council couldn't do more than recommend that its banner be flown, because the constitutions of some countries forbid their soldiers fighting under any flag but their own.

THE YANK REACHED INTO HIS inside pocket and drew out a tiny American flag which he unfolded carefully under the curious eyes of his comrades. "My mother gave me that little old flag when I left home, and here's where it flies," announced Illinois. He found a stick to which he tied the little banner and then stuck his flagstaff into the soft earth. A breeze swept over them and drew the Stars and Stripes out into a fluttering mass of color under the sun. The Australian stood looking on gravely. "Yank, I've never fought under any flag but my own before," he finally said, "but that's a pretty flag and a good flag and—well, I'm proud to be under it now." The big fellow straightened to attention and his fingers swung to his tin hat in salute. He stood at ease again and held out his hand to the American. "Yank, I'm proud to have fought with you, too. We Australians have had an idea that we could go some but you boys were with us every inch of the way. Put it there, old man." The baby flag tugged valiantly at its fastenings and fluttered joyously as the two clasped hands to seal a newfound brotherhood.

Men will die for their country's flag, but will they die the same about the flag of an impersonal institution like the UN? Maybe they will I'm not arguing the point, but am just asking questions. I'd like to know what the war veterans of our great country think about it. They're the boys who know the answer. "Did you ever come sailing into your home port after years in a foreign land, and feel the tightening of your throat as you get the first glimpse of the Stars and Stripes on your native soil? Sure you did—or have had some similar experience. The call of the flag is unique; there's nothing else like it. I'M REMINDED OF A LITTLE WORLD War I story (possibly apocryphal but certainly typical) which was circulating at British headquarters in France just after the first joint Anglo-American attack of history. That was on July 4, 1918, when an Australian-American force went over

Capital Report—Doris Fleeson

State Income Tax Returns May Be Trouble For Sen. McCarthy

WASHINGTON, — As more and more interesting dispatches about Sen. Joseph R. McCarthy's state income-tax returns reach the capital, politicians are asking what the federal government will do. The answer is that the Internal Revenue Bureau will re-examine the senator's income-tax returns in the light of the news from Wisconsin. It will also take a fresh look at the returns of members of his family to whom he says he made interest payments of \$5,354 in 1949. A cheerful rumor has been floating around the capital that the income-tax returns of senators are never examined. This is emphatically denied. Two of them, it is said, recently were called upon for explanations and gave the government more money in the end. A random sampling of returns turned up both a senator and an assistant secretary of state. Their returns were rechecked and form an anonymous detail of a survey showing that only 9 per cent of those filing returns ever err in the government's favor.

When stories of this kind appear it is the obvious duty of our people at the scene to take notice. They check all the facts and then check against such returns as seem indicated. They would do it to senators. Should the matter develop and become a partisan issue President Truman will be fortunate in his Internal Revenue commissioner, George J. Schoeneman. That office has all too often been filled as a patronage plum. But Schoeneman is a career public servant who came up through the ranks and served a tour as an executive assistant to the President which is where he caught Mr. Truman's eye. Senate Democrats admit there is not a wet eye on their side of the House over any tax troubles Senator McCarthy has or may have. In his whirlwind career in the headlines he bowed fear and dislike among them. In spite of the Korean crisis, they are not too sure they are out of the woods with respect to the emotional issue he raised. They credit him with an assist in the defeats of Senators Pepper and Graham. That Wisconsin law looks good to them—from a safe distance.

Alone among the states, Wisconsin requires publication of income-tax returns. Hence the story of Senator McCarthy's fiscal mishaps as related in the reputable Milwaukee Journal. Besides the \$5,354 to relatives, the senator reported additional interest payments to banks of \$9,818.94. At 4 per cent interest, his indicated loans are upward of \$350,000. During the past four years he has reported losses, chiefly through interest payments and dealings in the stock market, which have offset his income. Thus he has paid no state income tax in that period though earning \$66,308. His Senate salary is \$15,000.

The matter of any senator's income taxes is a delicate one, especially so in the case of McCarthy. The senator is a controversial figure who has charged virtual treason to the administration whose appointees administer the Internal Revenue Bureau. It is almost easier to make martyrs in matters of this kind than to ascertain truth. Internal Revenue does not discuss individual cases. It does feel a responsibility to assure citizens that it treats everybody alike. With the Wisconsin dispatches before him, a responsible official said:

Members Of Holley Family Have Reunion

The Holley family reunion was held yesterday at the home of Mrs. R. L. Holley, 1001 Wood St. Among the families attending were members of the fourth and fifth generations who were here in the early days of Big Spring. Some members of the family came from distant points for the occasion. Members of the fourth generation attending were Mr. and Mrs. H. M. Underwood of Los Angeles, Calif., Mr. and Mrs. Paul Frey and son, Michael of St. Paul, Minn., and Mrs. J. W. Holley of Big Spring.

Pecos, Mr. and Mrs. W. W. Holley, Sandra and Donald of San Angelo, Mr. and Mrs. W. E. Roberts and Wynne of Lubbock, Mr. and Mrs. J. F. Holley of Dallas, J. C. Baker and Kenneth of Odessa, and Mr. and Mrs. R. L. Holley Sr. and James of Big Spring.

Rotary To Install New Officers At Tuesday Meeting

Installation of 1950-51 officers for the Big Spring Rotary club will be held at the organization's Tuesday meeting, Walton Morrison, retiring president, has announced. Manley Cook will become the new president of local Rotarians during the installation ceremonies. R. W. Thompson will be installed as vice president.

Chester O'Brien and Ira Driver were reelected to the offices of secretary and treasurer, respectively. New directors to be installed include the retiring president, Harold Hoffman, Lucian Jones, and Frank Dillon.

Committee appointments for the new year will also be announced at Tuesday luncheon, the new president said.

Youth Shot Saturday Released Today From Big Spring Hospital

Emilio Elquesiva, local Latin American youth, was released from Big Spring hospital this morning following treatment for bullet wounds received in a shooting incident here Saturday night. Police said the 19-year-old Latin American sustained bullet wounds in the arm and chest during an incident at 307 N Bell about 10:30 p. m. Saturday. They were on the lookout for another youth, described as about 21 years of age, who was believed to have fired the weapon.

One bullet caused both of Elquesiva's injuries, officers said. They indicated the projectile first struck his arm, then ranged into the chest.

New Tyler Building

TYLER, July 10. —The Tyler Morning Telegraph and Courier, Times of the T. B. Butler Publishing Co. has moved into a new \$200,000 building.

Blossom Alphabet

Initials of ribbon and blossoms are embroidered on towels, handkerchiefs, etc. Hot iron transfer pattern No. E-1819 contains 26 letters about 3 inches high with complete instructions.

Patterns are 20 Cents Each. An extra 15 cents will bring you the Needlework Book which shows a wide variety of other designs for knitting, crocheting, and embroidery also quilts, dolls, etc. Free patterns are included in book.

Send orders, with proper remittance in coin, to Needlework Bureau, Big Spring Herald, Box 229, Madison Square Station, New York, N. Y.

New Members Join Circle Eight Club

Six new members were added to the roll when the Circle Eight Square Dance Club met Saturday night at the IOOF Hall. New members are Mr. and Mrs. L. B. Carothers, Mr. and Mrs. C. D. Read and Mr. and Mrs. Rube Baker.

Guests attending the dance were Mr. and Mrs. Bill Sledge and Charlotte of Byrds, Melba Clark of Midland, Mrs. W. W. Sparrow of Ardmore, Okla., Mr. and Mrs. H. W. Shaner and Bill, Mr. and Mrs. V. E. Hodge of San Antonio, Mr. and Mrs. Rube Baker, Mrs. Ritz Anderson, all of Coahoma and Mr. and Mrs. L. H. Breedlove.

Indiana Man Named Second Farm Head

WASHINGTON, July 10. —President Truman today nominated Clarence J. McCormick of Indiana to be undersecretary of agriculture. McCormick is president of the Knox County Farm Bureau and is a member of the board of directors of the Indiana Farm Bureau.

MENU FOR TOMORROW

Savory Scrambled Eggs with Croustons* Sliced Tomatoes Beverage Fresh Fruit
SAVORY SCRAMBLED EGGS WITH CROUTONS (Recipe for Starred Dish Follows)
Ingredients: 1 tablespoon butter or margarine, 1 small clove garlic, 1 slice bread, 3 to 4 teaspoons butter or margarine, 2 eggs, 1 small sweet gherkin, 2 one-inch cubes yellow cheese (finely diced).
Method: Heat the 1 tablespoon butter or margarine and garlic clove (cut in two) in a small (6-inch) skillet over low heat five bread and add. Stir bread cubes often until browned, remove garlic. Beat eggs just until whites and yolks are combined. Heat 3 or 4 teaspoons of butter or margarine over low heat in an 8-inch skillet until sizzling but not brown; add eggs and scramble. Just before eggs are finished cooking stir in pickle and cheese. Serve immediately topped with croustons. Makes 1 serving. For 2 servings double quantities using same size skillet if desired.

Jane Withers Gives Birth To Son Sunday

SANTA MONICA, Calif., July 10. — It's two children now for Jane Withers, the former juvenile actress, and her husband, William P. Moss Jr., of Odessa, Tex. Mrs. Moss, 24, gave birth yesterday to William Paul Moss III in St. Johns hospital. Their first child was a girl, Wendy Leigh, now 22 months old.

Summertime Brings Visitors To Forsan; Residents Take Trips

FORSAN, July 10 Spl.—Guests this week of the Rev. and Mrs. A. L. Byrd, Delaine and A. L. Jr. were Mr. and Mrs. C. L. Byrd and Ann of Crane, Mr. and Mrs. R. M. Crawley of Midland, Mrs. Hazel Adams of Los Angeles, Calif., Mr. and Mrs. W. R. Crowner, Ronnie and Kay of Borger and Jack Morrow.
Mr. and Mrs. J. M. Seward attended the funeral rites of his grandfather in Georgetown last week.
Mr. and Mrs. R. A. Chambers spent the week end in Carnegie, Okla. visiting their daughter, Virginia.
Mrs. M. M. Hines and her niece Conale and Kerney Scudday of Garden City and Ann Spear of Fort Neches have returned from a trip to Carlsbad Caverns.
Mr. and Mrs. Darrell Adams of Muester are the parents of a daughter born July 4. The infant has been named Agnes Sue Adams is the son of C. M. Adams.
Dottie Dibrell has returned to Odessa after visiting in the home of Mr. and Mrs. A. D. Barton.
Mr. and Mrs. C. L. Bright and family of Pyote have been guests of Mr. and Mrs. Carlton King and family.
Mr. and Mrs. T. R. Camp and family have returned from a visit in Welch.
The Rev. and Mrs. A. L. Byrd and family and Mr. and Mrs. W. R. Crowner and family were recent visitors in San Angelo.
Mr. and Mrs. A. P. Oglesby have had as their guests, Mr. and Mrs. R. C. Ingram of Brownwood.
Mr. and Mrs. A. J. Smith are home from their vacation spent in Hot Springs, Ark. and Fort Worth.

Mr. and Mrs. J. E. Bate and family of Odessa were guests the first of the week of Mr. and Mrs. A. J. Smith and family.
Mr. and Mrs. Jeff Inglish were in Stamford last Sunday visiting her parents, Mr. and Mrs. Herbert May.
Mr. and Mrs. C. L. Draper left Friday morning for a vacation trip to Los Angeles, Calif.
Mr. and Mrs. Don Newton and son left Friday for a vacation with their parents in Yale, Okla. Mrs. Newton and son will remain for a longer visit.
Guests of Mr. and Mrs. G. F. Painter have been Mr. and Mrs. Guy Stokes, Bud and Martha of Snyder and Janice Hickerson of Rosebud. Mrs. J. C. Walden of Nocona, sister of Mrs. Painter, is visiting them now.
Lolita Streety of Comanche is a guest of Mr. and Mrs. Wayne Nance, Ken and Pam.
Peggy Painter, daughter of Mr. and Mrs. G. F. Painter is attending the summer school session of Abilene Christian College, Abilene.
Mrs. Lewis Huevel and daughters left Friday for a visit with relatives in Washington, Tex.
Mr. and Mrs. Clarence Berger of Ackerly are new residents of Forsan. She is a sister of Mrs. Pete Green.

To Meet Wednesday

Concordia Ladies Aid of St. Paul's Lutheran church will convene Wednesday afternoon at 2:30 at the church for a business meeting and devotional.

Baptists Begin Vacation Bible Classes Today

Four workers of the Invincibles of the Baptist Sunday School Board are conducting Vacation Bible schools here. Classes began this morning at the First Baptist Church Mission, 2007 Lancaster and at the Mt. Bethel Baptist church (Colored).
Directing activities at the Mission are Maxine Isenberg of Baylor University, Waco and Bobbie Whitworth of Hardin-Simmons University, Abilene. Conducting classes at Mt. Bethel Baptist church are Kitty Ritter of Hardin-Simmons and Margaret Heath of Hardin-Simmons.

Boys and girls from the age four to 16 are invited to attend the school which will continue through Friday. Classes are from 8:30 to 11:30. Class activities will include Bible stories, character stories, handwork, Bible drills and song services.

Over 2,300 Persons Attend Sunday School

According to eleven churches reporting this morning, over 2,300 attended Sunday School in Big Spring yesterday. Attendance showed: Park Methodist, 57, First Methodist, 420, First Baptist, 543, East Fourth Baptist, 475, Northside Baptist, 134, Westside Baptist, 169, First Presbyterian, 218, Church of God, 65, Assembly of God, 181, Church of Nazarene, 43, and St. Paul's Lutheran, 42.

Sherry-Richards Vows Will Be Exchanged

LAGUNA BEACH, Calif., July 10. — August 6 is the date set by William Grant Sherry, Bette Davis' ex-husband, for his marriage to baby-tender Marion Richards.

How mild can a cigarette be? SMOKE CAMELS AND SEE!

More People Smoke Camels than any other cigarette!

Singing Star Speaks Mind

NANETTE FABRAY, who has played lead roles in almost a dozen top-flight Broadway musicals, guards her precious voice with the utmost care. In a recent interview, she said: "As a singer, I especially welcome Camel mildness. Camels agree with my throat. And they taste so good!"

NOTED THROAT SPECIALISTS REPORT ON 30-DAY TEST OF CAMEL SMOKERS: Not one single case of throat irritation due to smoking CAMELS

Hundreds of men and women were in this coast-to-coast test. For 30 days, they smoked Camels—and only Camels. Each week, noted throat specialists examined their throats—2,470 examinations in all—with the above result! Make your own 30-Day Camel Mildness Test... in your "T-Zone" That's T for Throat, T for Taste. See how mild a cigarette can be!

Millions Prove Camel Mildness in Their Own "T-Zones" (T for Throat and T for Taste)

Ask yourself which test—of all those you are urged to make these days—is the sensible test? Doesn't it make sense to you that the best test is a thorough test? Smoking one brand—cigarette after cigarette, pack after pack—for 30 days? Not just a sniff of one brand, or a casual whiff of another—a quick inhale of this cigarette, an exhale of that. Not just hurried, one-puff experiments. The sensible test, the "no-trick" test is to smoke Camels—and only Camels—for 30 days. Let your "T-Zone" decide. Smoke only Camels for 30 days. Compare Camel's choice tobaccos for mildness and flavor. Find out for yourself how mild a cigarette can be!

MORE DOCTORS SMOKE CAMELS than any other cigarette

This fact was disclosed in a nationwide survey, made of doctors in every branch of medicine and in every State in the Union. 113,597 doctors were asked this question... "What cigarette do you smoke, Doctor?" The brand named most was Camel!

BILL STERN: MARATHON TALK CHAMP

This star sportscaster uses his voice hours at a stretch. He's got to have a cigarette that agrees with his throat. Bill Stern says: "Of all the tests I've heard of, only one makes sense to me. A pack-after-pack, day-after-day tryout. Camels won that one!"

Cross-Section, U.S.A. LADY BOSS, singing star of television: "When I smoke, I have to think of my throat. It's Camels for me! They're mild!" COLLEGE STUDENT Anne Hogan: "Mild is right! I changed to Camels and my throat has been thanking me ever since." STEELWORKER Cyril Byrne: "I changed to Camels just to try them. Now I'm a Camel smoker for keeps! They've got the flavor and they're mild!" "CAMEL MILDNESS agreed with my throat from the start—and I enjoyed the test!" reports housewife Mrs. Madeline Kinney.

Variety Of Structural Steel Maintained By Iron & Metal

Structural steel of all kinds is available at the Big Spring Iron and Metal company, 1507 W. 3rd street.

Julius Zodin, manager, has announced that his concern has now in stock a variety of types of structural steel members as well as bars and rods for concrete reinforcement and other types of construction work.

Structural members are stocked in the popular "I" beam, angle iron, and channel beam types for roof and wall supports. Available for use with concrete are flat iron strips for over door and window supports and knurled rods for reinforcing concrete sub structures or concrete beam wall and roof supports.

Reinforcement bars are provided in sizes ranging from 1/4 to 1 1/2 inch in diameter. Zodin also has in stock a large quantity of wire mesh, 6x6 and of 8 gauge, for use as fencing as well as for reinforcement of concrete floors.

The Big Spring Iron and Metal company also has a large supply of both new and used pipe in popular sizes.

New galvanized pipe is available in sizes ranging from 1/2 inch to two inches in diameter. Used pipe is stocked in the same sizes as well as varieties of larger diameters.

The W 3rd street concern is Big Spring headquarters for disposal of all types of scrap iron, steel, and other metals. Zodin pays top scrap prices for junk steel and cast iron, as well as for copper, aluminum, brass, lead, and similar metals. He also offers a market for old batteries and discarded auto radiators.

Another service offered by the Big Spring Iron and Metal company is that of custom building clothes line poles, cattle guards, and similar pre-fabricated steel structures.

The concern's expert welders will construct such pieces of equipment to the exact specifications of Big Spring Iron and Metal customers. Finished products will be delivered anywhere in the Big Spring area.

Proper distance for viewing a 16-inch television set is declared by the experts to be six to ten feet.

Kits have been put on the market to convert 10-inch television sets into a 16-incher.

NEW AMBULANCE—Part of the extensive Nalley service is that of ambulance calls. Recently added is a new ambulance — fast, comfortable and safe. It, and other equipment, is available instantly on call 24 hours a day. During the past month a Nalley ambulance stood by for more than three weeks at the oil well fire as a special service. Of course, the ambulance is handy for transporting non-emergency patients to and from the hospital. (Culver Photo).

Awning Shelters Donald's Patrons

For the convenience of its customers who call during the daytime, Donald's Drive In — located at 2406 Gregg street in Big Spring — has installed a giant awning over its parking area.

The covering proves especially popular with customers who like to be serviced without alighting from their vehicles.

Donald's, owned and operated by Donald Brown, caters especially to persons who like snacks or beverages after ball games or theater. Donald's breakfasts have

also proven very popular with customers who call at the establishment in the mornings.

The public will find it can obtain any type of food from short orders to steaks and chops at Donald's. The Mexican dinners prepared by Donald's chefs are famous all over West Texas.

Those who desire to be served on the inside of the establishment will find there is ample seating space. Comfortable booths have been installed at the concern.

The courteous approach of Donald's car hops is another factor that makes the establishment one of the most popular in Big Spring. Car hops remain on duty there throughout the day and evening, too.

Brown has been in the restaurant business here for the past 17 years and has experienced help which has long been accustomed to dealing with the public.

Colorado City Has Big Bank Deposit Increase Over '49

COLORADO CITY, July 10 — This city's growth is evidenced in the business barometers of postal receipts and bank deposits. The mid-year report of the Colorado City post office will show a whopping 30 per cent increase in gross receipts over 1949. The figures for the first six months of 1949 are \$21,690.49 and for a similar period in '50 are \$28,348.38. Business in the post office finance section is steadily upwards, with the influx of newcomers and heavy installment buying pushing money order sales to more than double those of five years ago.

Gus Chesney, Vice President of the City National bank reports mid-year deposits to stand at \$7,398,780 against \$5,086,877 a year ago.

Puncture Proof Tubes Big Hit

Seiberling's Safe-Aire tires and puncture proof tubes continue to lead the popularity parade at the Creighton Tire Co., located at 203

West Third street in Big Spring. The sealed-air tube offers protection that is unsurpassed. When pierced by a nail or any other sharp object that ordinarily results in a flat tire, the sealed-air tube simply brings into use a supply of soft plastic gum that seals the puncture.

"These tubes undoubtedly provide one of the most important safety factors that motorists need," says Charlie Creighton, who operates the tire company under his own name with his brother, Reuben Creighton.

Despite a sort of "war scare run" on tires recently, the Creighton Tire Co. has a large supply on hand for its customers.

Tires and Tubes to fit any car or truck are kept in stock, and there also is a good stock of tires for tractors and earth-moving machinery.

A complete service station, featuring Phillips 66 products, is operated in connection with the tire store. Lubrication service is a specialty at Creighton's.

Pageant Closed Jamboree, Scouts Now On Way Home

ENROUTE TO BIG SPRING, July 9—We closed out the second National Jamboree officially Thursday. We are now on the way home and should be there the first of the week.

In the closing ceremony of the Jamboree at Valley Forge Pa., there was a pageant commemorating the friendship of the 19 nations involved. Highlights of the ceremony included presentation of the Silver Elephant to Dr. Arthur A. Shuck, chief scout executive, from the chief scout executive of India, and the presentation of the Silver Horse to him from the executives of Venezuela.

Nearly all the troops had moved out by Friday morning, but our's did not clear the area until Saturday. The trip should take about three days. — (DON ANDERSON)

Shark "Caught" By Policeman; Bullets Got Him

ATLANTIC CITY, July 10 (AP) — A five-foot, 250-pound shark got into trouble with the police yesterday, and now he's fertilizer.
Motorcycle Officer Harry Myers "caught" the fish by pumping 12 bullets into him. It had swam up a duck thoroughfare alongside the Abasco Boulevard.
A farmer, who had been annoyed by the shark swimming around his rowboat, took it home to grind it up.

Bomber, Ground Forces Blunt Drive South Of Korean Reds

TOKYO, July 10. (AP) — Lt. Gen. George E. Stratemeyer said today "the great effort of our ground forces, the Navy and Far East air forces" has stopped the North Korean drive.

The Far East Air Force's (FEAF) commander said no targets beyond Communist North Korea would be bombed. But he added, all military targets within that boundary will be attacked around the clock.

Stratemeyer said his airmen had destroyed or damaged 41 Communist planes and knocked out 123 Korean tanks in 15 days. Allied losses he said were 20 combat planes and five transports. Not included in lost combat planes was one Australian warplane.

Nine American airmen have been killed, five wounded and 12 are missing, the general said in an interview. Transport plane and crew losses were not included in the tabulations.

Attrition bombing is being felt by the Korean Reds, Stratemeyer said, adding "vital supplies such as gasoline and ammunition are known to be short and becoming short in many localities."

Given a break in the weather, he went on an increased FEAF will shortly make itself felt "in no mistaken terms."

Three groups of B-29 bombers are here or are on the way, Stratemeyer said. Marine Forces, en route, are bringing their own air power adding:

"I will use all F-51 Mustang fighters and F-80s (Jet fighters) I can get."

He said the speedy jet fighters had proved their value in battle and had accomplished every type of assigned mission, including close support for ground troops.

Stratemeyer said allied aircraft had inflicted "unknown but considerable losses" on North Korean ground troops. He strongly denied reports that jet planes were too speedy for such action.

His recapitulation of losses showed 10 F-80 Shooting Star jets, eight B-24 light bombers, and two F-82 twin Mustangs lost. No B-29s or F-51 single Mustangs had been lost until 11 a. m., Monday (7 p. m. CST Sunday) he said.

His men had not found many North Korean planes on the airfields and he did not know where they had gone. He credited his fighters with shooting down 17 of them in combat.

He explained the North Korean rush to the south:

Our opponent was well organized, well equipped and well directed and it is my opinion that everything he has done to date showed he planned to overrun South Korea, fight to and including Pusan on the southern tip of the Asian Peninsula.

"But the great effort of our ground forces, and Navy and Far East Air Forces has stopped him."

American forces, he said, have started airfields in South Korea to reduce the distance required for combat missions.

Stratemeyer said pointedly that he has no confirmed reports that Soviet airmen have been flying North Korean planes.

The North Korean pilots, he said, "have been good and brave—they stayed in a dogfight with the result that some 17 of them have been shot down."

He said Navy planes and his own B-29s had searched for the northern air forces the past few days. He said the first Communist twin engine bomber appeared in action a few days ago.

UNION VOTES TODAY

Nation May Face Rail Walkout Again

CHICAGO, July 10. — With one major rail without ended, the nation faced possibility of another today.

A strike by AFL switchmen which had stopped service on four roads and hampered a fifth was halted in two stages by government pressure.

Last Thursday, the union cancelled its walkout against four of the roads after President Truman said the strike was stopping the flow of grains and cattle, and threatened national defense.

The Chicago, Rock Island and Pacific railroad because, the union said, parallel rail services were available.

A federal court late Saturday night sent the last 1,500 striking switchmen back to work on the Rock Island.

Today, three of the rail unions met in Chicago to decide whether their 250,000 members will strike to back up their demands for a shorter work week and higher pay. They are the trainmen, conductors and yardmasters.

A cooling off period under the Railway Labor act ends Saturday leaving these unions free to strike at any time after that. A spokesman for the Order of Railway Conductors said the court order to the switchmen and government seizure of the Rock Island lines Saturday "have not made any difference in our thinking."

Federal mediators have been trying to persuade officials of the three unions to settle their disputes with the carriers without resorting to strike action. The National Railway Mediation Board reported last week that "good progress" had been made in heading off this strike threat.

With the government gravely concerned over military operations of U. S. forces participating in the United Nations intervention in Korea, President Truman has announced he is determined to keep transport arteries open. This firmness has been applied to the switchmen.

The Army has started dipping into the small, five-division mobile forces stationed in the United States to hasten help for American forces rocked by an onrushing North Korean Army.

The decision to order the 2nd Infantry Division and an unspecified number of smaller units from other organizations to the Far East came less than two weeks after the United States had stepped into the Korean conflict.

The so-called "mobile striking force" was created for deployment where an emergency occurs. It consists of the five divisions, plus the units needed to enable the combat divisions to fight. The divisions are these:

The 2nd Infantry, based at Ft. Lewis, Wash.; the 2nd Airborne, based at Ft. Bragg, N. C.; the 11th Airborne at Ft. Campbell, Ky.; the 2nd Armored at Ft. Hood, Tex.; the 3rd Infantry at Ft. Benning, Ga.

An announcement issued simultaneously yesterday at Washington and San Francisco said that "the 2nd Infantry Division and two units of anti-aircraft artillery have been alerted for movement in the near future to the Far East command."

A Marine division has been waiting for several days for ships to be assembled to take the division and its Marine air unit to the Far East.

Famed Bomber Unit Saw First Action In Korea

WASHINGTON, July 10. —The Air Force's 19th Bombardment Group whose B-29s have been bombing enemy targets in Korea, was the first U. S. unit to drop bombs in World War II. Capt. Colin Kelly was one of its pilots.

The 19th, equipped with the early model B-29s, was based at Clark Field in the Philippines when the Japanese struck. Its 38th Squadron was operating on the morning of Dec. 7, 1941 from another field, and thus escaped the hammering the enemy planes gave all aircraft at Clark.

Among the pilots who got their B-29s into the air was Kelly, one of the first Americans to die in World War II. His bomber went down after bombing a Japanese battleship.

Although losses steadily whittled down the group's strength, the outfit hung on at Philippines bases, conducting bombing operations until Dec. 28.

On that day, the group flew to Australia and later continued pounding Japanese targets. Late in 1942 it was ordered back to the United States. In 1943, after being re-formed and trained, the group went back into the war with B-29s.

After reaching Guam early in 1945, the 19th joined in the long range air bombardment of the Japanese homeland.

The Badoeng Strait was detached from maneuvers in Hawaii last week. Although the Navy wouldn't say, it was presumed the carrier may ferry planes to the Far East.

Flat cars of tanks, tractors, and other Navy gear arrived yesterday from Camp Pendleton Marine Base.

Casablanca Crash Kills 21 Persons

CASA BLANCA, French Morocco, July 10. —Twenty-one persons were killed in the crash of a French passenger plane soon after it took off from Casa Balanca airport yesterday.

Nine surviving passengers were injured eight of them critically. A woman and her child living near the crash scene were burned severely when a blazing piece of wreckage fell on their house.

All those aboard the plane, a DC-3 on a flight from Paris to Dakar, were French. The plane was operated by Aigle-Azur (Blue Eagle) Line.

It was the fourth French air crash in less than a month and brought to more than 100 the number of dead in those disasters.

Highway 80 Maps To Be Distributed

EL PASO, July 10. — The Highway 80 Assn. will distribute booklet-maps to encourage travel on the route from Savannah, Ga., to San Diego, Calif.

The association decided to buy and distribute 50,000 booklet-maps at their convention yesterday.

Red Demonstration In Germany Fizzles

FRANKFURT, Ger., July 10. —A scheduled Communist Youth (FDJ) demonstration against American intervention in Korea fizzled today.

The "free German youth" had slated the demonstration in front of American headquarters here but only 15 women, five children and a dog appeared. The little group was sent away by officers of some 200 German police who had ringed the spacious ground.

American military police at three times their normal strength guarded buildings.

Refugees Show Strong Power

KREI, Germany, July 10. —German refugees from Communist East Europe who showed themselves Sunday to be a strong potential political force in West Germany today began an ambitious program.

In parliamentary voting yesterday they got nearly a quarter of the vote in the Schleswig-Holstein elections and won 16 of the state parliament's 69 seats. There were 1,341,754 votes cast.

It was the first time West Germany's 10 million refugees had an opportunity for concerted action. They showed they could be a cohesive force.

Nearly 1 million of them live—many in squalor—in this little North German state. West German observers watched their first test at the polls as an indication of the future.

Today Waldemar Kraft, first chairman of the Refugee Party (RHF), outlined a brief initial program.

Kraft declared that one of the first moves would be to organize the refugee party on a West German federal republic level.

This done, he said, the refugees would demand dissolution of the current federal parliament and new elections in which the Refugee Party would take an active part.

No complete party platform has been formally outlined by the refugees, but their pre-election campaigning stressed three things:

1. Immediate equal sharing of the war burden in West Germany. The West German parliament is contemplating a law which would distribute the burden among persons financially able to bear it.

2. Quick creation of jobs for the hundreds of thousands of unemployed refugees.

3. A broad resettlement program to re-locate refugees into states which do not now have a concentrated population of refugees.

4. A recognition of official rights such as pensions for those refugees who held public office before leaving them to Nazis or Communists.

Not mentioned on today's program by Kraft but prominent in refugee speeches in West Germany were demands for return of German territories given to Poland by Russia. The refugees are particularly bitter and anti-Communist on the point of lost territories.

Roswell Loses To Midlanders

By The Associated Press

Roswell lost ground last night in its fight for the Longhorn League lead.

The Rockets fell three and one-half games back of pace-setting Odessa by taking a 5-0 trimming with Midland.

A six-hitter by Crisco and a 14-hit barrage by Midland did the job. Odessa edged San Angelo 8-7 although outfit 14-8. Roy Miller won his own game by driving in three runs with a double in the eighth.

Ballinger blasted Sweetwater 10-1, using five hits to perfection. Stu Williams clubbed a grand slam homer in the fourth.

Maxwell Sacks Up Golf Title

MIDLAND, July 10. —(Sp) — Billy Maxwell of Big Spring won the annual Midland invitational golf tournament by defeating Marion Pfluger of Austin, 4 and 3, here Sunday afternoon.

Earl Reynolds of Big Spring was beaten in the finals of fifth flight play, losing to Harry Lain of Midland, 2 and 1.

The furniture you no longer use is in demand for those owning summer cottages. An inexpensive for sale ad will sell it.

"LIKE ONE OF THE FAMILY"

The Bundys believe in good old-fashioned family life—and so do their many relatives in Topeka.

And the telephone is an active member of the family circle, helping to keep family news and plans "up-to-the-minute."

As Mrs. Bundy puts it: "We'd be lost without our telephone. It's like one of the family. And best of all—when we kept a five-day record of all our calls recently, we found that we're paying only about \$4 for each call made and received. You can't beat that for a bargain."

Yes, Mrs. Bundy, a real bargain—and one that increases in value year after year as more telephones are added and improvements are made. Southwestern Bell Telephone Company.

One of the many calls listed in our five-day record was from my MOTHER-IN-LAW. She wondered what our little Larry would like for his birthday. He'll be five next week.

Talked with MY SISTER. She has some cute little children's chairs. Arranged to borrow them for Larry's birthday party.

Called AUNT CLARA. Out-of-town friends dropped in, wanted to say hello to Mother and Dad. Thought they might be at Aunt Clara's. They were!

GRANDMA WELLS called, invited us to dinner. She has some fresh vegetables for us, too—saves about \$4 on the grocery bill. Grandma lives alone, three miles from our house, but she's just seconds away by telephone.

What else gives so much for so little?

SURVEY SHOWS Doctor Shortage In State Hospitals

AUSTIN, July 10. (U-P) - A new critical shortage of doctors in state mental hospitals was reported today. Retirements of several older doctors during the last few months of the year left all but the Austin State Hospital and the San Antonio State Hospital with crippled medical staffs. Dr. J. S. Scarborough, medical director, told the state hospital board.

PROJECT

reach a decision as to whether they wished to accept the CRMWD proposition or the proposition submitted previously by the Bureau of Reclamation to furnish water from a dam site at Robert Lee. He said "I have no doubt, under present thinking as to which course they will take."

Announce New Wildcat For Howard County

A new wildcat location in north Howard county to test the Pennsylvania was announced today by Lemax Bros. Drilling Co. and R. J. Zonne of Midland. It will be the No. 1 L. M. Anderson, located 660 from the north and west lines of the northwest quarter of the northeast quarter of Sec. 11-31-T&P, T-2n.

Plan To Organize Jap Police Force

TOKYO, July 10. (U-P) - A tentative plan to organize a 75,000 man reserve Japanese police force was drafted today by the government. Gen MacArthur, occupation commander and United Nations leader in the war against North Korean Communists, sanctioned the plan.

Train Is Derailed

WINDFALL, Ind., July 10. (U-P) - Six coaches of a Pennsylvania passenger train were derailed east of here early this morning and three persons were hurt.

Senate Group Restores Flood Control Cuts

WASHINGTON, July 10. (U-P) - A \$132,000,000 chunk of the federal flood control and river-harbor program which the House slashed away last Spring has been restored by the Senate Appropriations Committee.

Howard County Funds Dip In Normal Seasonal Drop

Howard county funds dipped from \$133,049.83 to \$130,945.75, a normal decline for this stage of the season, according to the report of Auditor Chester C. O'Brien for the month of June. Heaviest expenditures, \$12,048.33, came from the road and bridge fund, which had receipts totalling \$5,330 and closed out the month with a balance of \$30,913.46.

Four Plead Guilty To DWI Charges

Four persons entered pleas of guilty in county court this morning to the charge of driving while under the influence of intoxicants and each was fined \$100 and costs by Judge John L. Dibrell, Jr. They are Miss Hogan, Big Spring; William A. Burns, Ackerly; Rene Ellsoda, Beville; and George W. Blythe, Big Spring.

Byrd Spearheads Drive To Cut Domestic Spending

WASHINGTON, July 10. (U-P) - Senator Byrd (D-Va.) spearheaded a drive today to cut domestic spending, to make way for an expected bulge in military outlays to fight the war in Korea. Byrd told reporters he sees no reason why some more fat can't be trimmed off domestic activities in the \$34,700,000,000 single-package money bill the Senate starts debating tomorrow.

21 Absentee Votes Cast For Primary

A total of 21 absentee ballots had been cast at noon today for the July 22 first primary election, County Clerk Lee Porter reported. Deadline for absentee balloting is July 18. Voters may cast their ballots by calling at the clerk's office and producing their poll receipts.

NAM SPEAKS OUT

Levels Blast On Corporation Tax

WASHINGTON, July 10 (AP)—The National Assn. of Manufacturers (NAM) spoke out today against the House-passed bill to cut excise taxes, saying no tax bill at all would be better than that one.

In testimony prepared for the Senate Finance Committee, the organization listed several objections to the House measure, which would reduce the so-called luxury taxes by \$1,010,000,000.

The NAM's main criticism was a leveled at a provision intended to help make up the revenue loss to the government, by boosting taxes on large corporations.

Charles R. Sligh, Jr., head of the NAM's taxation committee, called

that provision "progressive taxation" and said it would "destroy the business structure which is the basis of our prosperity and national strength."

Sligh added:

Karl Marx, the father of Communism, proposed heavy graduated income taxes as an effective way to communize an advanced capitalist economy.

"The corporate tax provision was one of several revenue-producers written into the House bill in response to President Truman's promise that he would veto any excise tax reduction bill cost the government money."

It calls for a 21 per cent tax on corporate income, with an additional 20 per cent levied against corporate incomes over \$25,000 a year. "It hits big firms hardest; taxes actually would be lower for some small ones."

"This is full progression," Sligh said, "even if the use of only two rate brackets makes it for the present, a 'foot-in-the-door' application."

Such taxation, he said, creates a progressive cut in profits. "This would strike directly at management's effort to expand sales volume, and when the tax rates become heavy enough the distortion compel dismantlement of the large companies."

Sligh called for a complete revision of the present excise tax system, which he called "discriminatory, illogical and inequitable." He

FALSE TEETH NO EVIDENCE

BALTIMORE, July 10 (AP)—When Baltimore vice squad chief Alexander Emerson burst into a pool room today he saw Frank Jaromin cram something into his mouth.

"Split it up," ordered Captain Emerson, suspecting destruction of numbers game evidence. Jaromin lowered his head, jaws working. "Give me what you have in your mouth," barked the officer.

This time the man complied, Emerson told magistrate LeRoy Shaughnessy, who then dismissed the lottery charges. Glimpsing in Emerson's palm were Jaromin's false teeth.

said the federal revenue system should always include excise taxes instead of relying too heavily on income taxation—he proposed that a "general manufacturers' excise" be substituted for the present system.

He said further that the budget should be balanced before any effort is made to pass legislation producing a "significant loss" of tax revenue.
