

Dads Visit Campus Today

Queen Myrl 'Reigns' At Exhibition

Myrl Raines, queen of Tech's first Horticulture Fall Festival will be presented at halftime of the Tech-Baylor game this afternoon.

The show, open to all amateur gardeners, will begin exhibition showing to the public from 2 p.m. to 9 p.m. Saturday and 8 a.m. to 7 p.m. Sunday behind the Aggie Engineering Building. Entries will be received on Saturday morning from 8 to 11 a.m. at the entrance to the Agriculture Engineering Quonset Building.

THE JUDGING will be based on uniformity, size, shape, color, insect damage, mechanical damage and arrangement.

Ribbons to first, second and third winners and honorable mention will be awarded. Also on exhibition will be educational displays throughout the building for which no awards will be given.

This show will have two divisions — flowers and arrangements.

FOUR TRAVELING trophies will be presented each year at the Festival to the winners of each division.

The public is invited to attend the festival. In addition to the show the green houses will be open for inspection.

Coads Display Dad's Day Awards
Holiday Events Begin Today

Activities Include Registration, Coffee

by CAROLYN JENKINS

"Dig ya Daddy-O!" No, it's not just a fast talking coed but the way all Techsians feel toward the honored men of the day. Welcome, Dads, to your day at Texas Tech!

Activities will begin with coffee and registration in the Tech Union from 10:30-11:45 a.m. A dinner is planned for 6 p.m. which will be followed by a business meeting of the Dad's Association.

DAD'S ASSOCIATION members will be at the registration desks selling association memberships. Membership for one year is \$3 and lifetime membership is \$100.

"I'm a Drane Daddy" will be the theme of open house at one of the dormitories. Most of the dorms are planning to receive visitors between 11-1 p.m. and immediately after the game.

MANY SIGNS will welcome the Dads on campus. The initial greeting is a sign on the Memorial Circle facing Broadway. A gigantic sign has been made to extend over sections L and M of Jones Stadium, which are reserved for parents.

This sign is the largest ever made for the observance of Dad's Day.

TROPHIES will be presented before the game to the dad coming the greatest distance, the dad having the most children at Tech and the oldest dad registered.

AWS, event sponsor, will provide hosts and hostesses to answer any questions Dads may have at registration. Mr. and Mrs. O'Brien Thompson, Dean and Mrs. J. G. Allen, Donnell Echols, student body president and Barbara McDougal, AWS president will welcome Dads at the reception.

PRESIDENT E. N. Jones will report on the state of the college at the stag dinner tonight. O'Brien Thompson of Amarillo, president of the Tech Dads Association will preside over the business meeting.

Other 1957-58 Dads Association chief executive are James E. Smith of Ft. Worth, vice president; Tom Abraham of Canadian, vice president; Earl Collins of Lubbock, secretary and Marshall Howard of Littlefield, treasurer.

Ventana Staff Seeks Advice From Artist

One of the top ten commercial artists in the nation, Ray J. Tibbetts, is visiting Tech this week end in connection with publishing the 1959 La Ventana.

TIBBETTS, who is present secretary of the Los Angeles Advertisers Club, will advise the annual staff and illustrate the Tech yearbook this year.

A past vice president of the Los Angeles Art directors club and a member of the national society of Art directors, Tibbetts has won many national awards in all phases of the advertising business.

TECH'S ANNUAL staff has a new approach to the yearbook problem which will cause a great deal of comment both locally and nationally," Tibbetts prophesied, "if done right, this job will be the talk of the nation," he continued.

Tibbetts said that even basically ugly things like trucks can be glamorized with art. This accomplishment is due to basic research which started in Germany years ago and was continued on the American west coast. "This proves that almost anything can be given the Fine Arts treatment to compliment the subject," he explained.

Tibbetts said that the school yearbook and newspaper offer wonderful opportunities for practical experience to students who are interested in art as a profession. He said that this is true mainly because booklearning must be adapted into practice.

Pep Rally Highlights Pre-Baylor Rites

A rousing pep rally — the best turnout of the year — was held at the Saddle Tramp Circle last night to highlight pre-Baylor game activities.

With a roaring bonfire to set the stage, Waggoner Carr, speaker of the Texas House of Representatives addressed the student body.

"You live in the best state in the United States, in the greatest nation in the world; you're a part of the greatest student body of any school, and you have the greatest football team ever — and, with it, we're going to win this game tomorrow," Carr told the students.

A burst of flame announced the opening of the rally as the student body chanted "Tech beat the Bears."

Tri-Delt pledges entertained with a skit as Mo Harrison emceed the event. Students from other colleges all over the United States were portrayed in opinion surveys about the results of the game.

Cary Hobbs, master of ceremonies, opened the rally with a short speech and a series of jokes.

Mack Pogue and Jerry Bell spoke to the students on behalf of the football team. "By your spirit tonight," Bell said, "we'll never let Tech down again."

Entertainment was furnished by the Red Raider Band and the Tech cheerleaders.

Ike Reminisces Boyhood At Old Abilene Home

ABILENE, Kan. (AP) — A happy President Eisenhower, back in his boyhood, ran his hand lovingly over the stairwell banister at the old family homestead Friday and chuckled:

"Brother, the time I've slid down that."

IT WAS A time for reminiscing and the President did a lot of it in touring the white frame homestead, at Fourth and Kuncy streets, and the Eisenhower Museum next door.

This is Eisenhower's first overnight trip to Abilene since 1954. He relived the old days then and

he did it all over again Friday.

THE PRESIDENT and Mrs. Eisenhower got a rousing welcome. They arrived in the late afternoon after a 22-mile drive from Schilling, Kan. They landed there shortly after Eisenhower had made a campaign speech at the National Corn Picking Contest at Cedar Rapids, Iowa.

In that speech the President soft-pedaled politics. In Abilene, for the moment, he forgot politics altogether.

His first stop was at the Eisenhower homestead, where he lived from the time he was a very small boy until he entered West Point in 1911.

OLDTIMERS who have known him for years and youngsters by the hundreds shouted greetings as the smiling President made his way through the crowd to the family home.

"Hello, Charlie — Hi, Earl — Hello, George," the President called.

With Mrs. Eisenhower at his side, the President toured the rooms, spotting the old upright piano, the magazines his father had in a rack at the time of his death in 1942, the family photographs.

"How does it look to you, Mr. President — pretty familiar?" "Yes, indeed," he replied. "But what amazes you is how when you come back each time how all the rooms shrink."

Milstead Asked To Symposium

Dr. William W. Milstead, Tech biology researcher, has been invited to speak at the University of Texas' Symposium on Vertebrate Speciation in Austin October 27 through 31.

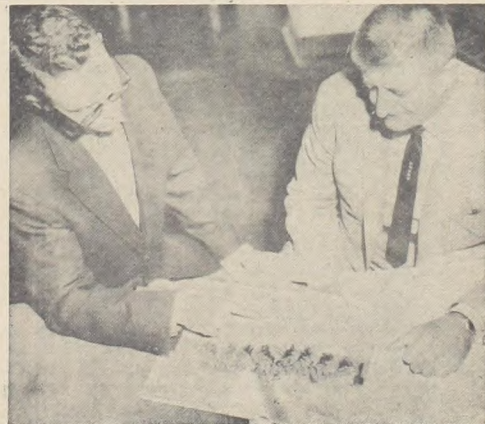

DR. MILSTEAD'S subject will be competitive relationships among lizards. He has done summer research on the subject.

The Symposium is part of the program celebrating the University's 75th anniversary. Dr. Milstead is one of 24 guest speakers from all over the world who has been invited to speak at the event.

Council Meets

The Freshman Council will hold its first meeting of the year next Monday at 7 p.m. in room 24 of the Administration.

John Alexander, newly elected president of the freshman class, urges all members to attend.

Alpha Phis Display 'Jewels' in Ballroom

Alpha Phi displayed its "Jewels" last night at the first presentation of the season.

Glittering diamonds on panels of jet black lined the Tech Union Ballroom, and 28 pledges were presented through a high silver diamond.

PRESENTED BY their fathers or their dates, these newest Alpha Phis carried black taffeta fans ornated with silver and white ribbons graced in the center with white orchids. They wore floor length formals of pastel shades.

Pledges presented were: Suzanne Alexander, Connie Anderson, Elaine Bowron, Gwen Bryant, Eleanor Clayton, Joanne Cummings, Judy Donham, Ann Dowdy, Judy Grafius, Suzanne Halbrook, Lera Anne Hogan, Phyllis Kuhn, Carol Kutner, Doris Lewis, and Charlotte Lindsay.

OTHERS WERE: Jan Long, Virginia McBride, Virginia Nelson, Pat Pate, Jan Rhodes, Kay Robertson, Linda Slone, Delores Smith, Sally Swatford, Gloria Wakefield, Marilyn Warner, Mary B. Welch, and Doris Wright.

MARTHA GALINDO and Richard Argudin from Mexico City are discussing plans for the foreign student reception to be held in the faculty lounge on Tuesday, Oct. 21 from 7:30 to 9:30 p.m. with Sherry Felton, chairman in charge of the function.

Round-About

PHI GAMMA NU will sponsor its annual rush tea on Sunday at 3:30 p.m. in the Tech Union ballroom. To be eligible to pledge Phi Gamma Nu students must have a 1.5 grade point average and have at least six hours in business administration.

DELTA SIGMA CHI, honorary business fraternity will hold a reception after the Baylor game in the Caprock Hotel for Baylor Delta Sigs.

The fall slate of officers of Sigma Chi was completed Tuesday with the election of John King as president. Others elected were Jerry Ward, vice president and IFC representative; Dave Lamberth, treasurer; Carlisle Smith, recording secretary; Dick Toll, corresponding secretary; and Don Lacy associate editor.

Don Winnett was named house manager; Amber Yeary, rush chairman; John Jordan, pledge trainer; Jack Aldridge, historian; and Angus Smith social chairman.

Sigs will also entertain after the Baylor game. A reception and dance in their lodge will be held for members, dates, parents, and alums.

The fall pledge class of Alpha Delta Sigma, fraternity was announced recently.

Pledges to the national advertising fraternity are: Arthur Burkes, Jr., Billy Morrison, Ken Permenter, Frank Nichols, Ronald Homer, Bobby Springfield, Billy Breedlove, Lloyd Jaklevay, Dan Lambert.

THREE NEW members, have been elected to fill vacancies in Junior Council. They are Karen Key, Mary Ann Clifton, and Sherrie Smith.

Women's Honoraries Add Activities To Campus Life

by GINGER MEYERS
Tech boasts eight major women's honorary organizations, one of which was founded here. Each one has its own unique purpose and qualifications.

Three of these, Alpha Lambda Delta, Junior Council and Mortar Board, are general honoraries. Mu Phi Epsilon and Tau Beta Sigma are open to girls in music and band. Women in business administration have Phi Gamma Nu, while Phi Upsilon Omicron is offered to those in home economics. The journalism department has one honorary for women — Theta Sigma Phi.

Freshmen girls may join Alpha Lambda Delta if they make a 2.5 carrying at least 15 hours for one semester.

It was founded at University of Illinois in 1924 and now has 71 chapters at colleges throughout the nation.

Tech's chapter honors its new initiates at a spring banquet each year. The banquet is given jointly with Phi Eta Sigma, national honorary for freshmen.

Membership in Junior Council is the highest honor available for junior women.

Twenty women, who must have a 2.00 grade average, are chosen each year for their outstanding scholarship, leadership and dependability.

Mortar Board, which was founded in 1918 and now has 97 chapters, is beginning its second year on Tech's campus.

New members are selected each spring from undergraduates who will be seniors the following fall. Membership in Mortar Board is based on leadership service and scholarship with at least a 1.8 over-all.

Music majors who have a 2.00 grade average and qualities of musicianship, leadership and friendliness, are eligible for membership in Mu Phi Epsilon.

Mu Phi was established at Metropolitan College of Music in Cincinnati, Ohio in 1903. Activities here at Tech include the presentations of annual scholarships. Girls in the band may join Tau Beta Sigma if they have a 1.00 grade average. This honorary, which now has chapters all over the nation, was founded at Tech in 1939.

Business administration women with a 1.5 over-all and at least six hours of commerce are eligible to pledge Phi Gamma Nu. Activities during the year include fall and spring banquets and visits with business firms in Lubbock.

Phi Upsilon Omicron, honorary fraternity for women majoring in home economics, requires its members to have a 1.8 grade average. The organization gives a scholarship and sponsors an annual tea for freshmen.

Journalism majors must have a 1.5 over-all with a 2.00 in journalism courses to be eligible for membership.

"INSTEAD OF HEART, you gotta have A's," explains Mabel Blum, president of Alpha Lambda Delta, to freshmen Jan Patillo, Monahans and Betty Abernathy, Houston. Alpha Lambda Delta will sponsor its annual tea for freshmen and alumni Sunday from 3 to 5 in the Tech Union ballroom.

Gerald Alldredge Receives Woodrow Wilson Grant

Gerald Alldredge, 1958 Tech graduate, has received the Woodrow Wilson National Fellowship and is now attending the University of California.

Alldredge, a high-ranking member of his class last year, plans to teach physics in college.

Before entering Tech he won honorable mention in the Westinghouse Science Talent Search.

He was a member of Phi Kappa Phi, honor society in science; Kappa Mu Epsilon, honor society in mathematics, and was president of the Texas chapter of Sigma Pi Sigma, national physics honor society.

Recognizing the critical need for college teachers, the Ford Foundation recently gave the

Woodrow Wilson Fellowship Foundation \$25,000,000 to aid outstanding first-year graduate students. Each fellowship carries a living allowance of \$1,400 for single students, with increments for dependents, and pays all tuition and fees.

ALPHA LAMBDA DELTA TO HOLD TEA

Alpha Lambda Delta, Honorary freshman sorority, will sponsor a tea Sunday from 3-5 p.m. in the Tech Union ballroom. All freshmen girls are invited to attend. The qualification for membership in the honorary sorority is an overall 2.5 average in the freshman year.

LEOTARD CLAD

Dancers Dig Jazz Beat

by MYRNA MORRISON

Take the haunting wail of the blues, mix well with the jazzy beat of a modern promenade, garnish with several dozen leotard-clad dancers, steam slowly with hours of practice and you have the recipe used by Tech's Modern Dance Club.

THE GROUP, which is sponsored by the women's physical education department, meets each Monday night from 7 to 9 in the Women's Gym and is open to all men and women on Tech campus.

The dance group's first appearance of the year was at the area convention of Phi Gamma Nu honorary business sorority where six members of the troupe performed a modern jazz number.

HIGHLIGHT of the group's fall activities will be two full length formal concerts during the Fine Arts Festival the first week of November.

During the year the Tech dancers hope to go on tour to other college and university campuses, participating in master classes and giving performances, reported Miss Jane Perry, club sponsor.

Choreography for the dances is done by the dancers themselves working with Miss Perry. They plan to compose a complete and

original repertoire for tour, including a series tracing the chronological development of the dance through the ages.

SOME OF THESE are a primitive dance, dance to Negro spirituals, a ballet and modern dance and modern jazz arrangements.

The dance club first performed as a group last year in the music department's productions of "Like You Like It," and also for the American Association of University Women.

THEY WENT to Texas Women's University at Denton last year to participate in a master class under the direction of Charles Weidman, nationally famous choreographer, and were responsible for sponsoring the TWU modern dance group in a concert here last spring.

Miss Perry, the group's sponsor and coach, is beginning her second year at Tech as a women's physical education instructor.

THE VIVACIOUS, taffy-haired freckle-faced young woman is a graduate of Texas Women's University where she was a member of the school's modern dance group for four years.

At present she is taking her master's degree in dance from that institution. She has taught children's dance in classes and private lessons and last year did the choreography for "Like You Like It."

There are approximately 25 members in the Modern Dance Club. Membership is open and no previous dance experience is required, Miss Perry reported.

GRANTS AVAILABLE

Johnson Seeks 'Brains'

A search for the "best in brains" is being carried on at Texas Tech by Dr. Cecil E. Johnson, foreign studies adviser. He's looking for students who may qualify for

Rhodes and Fulbright scholarships.

THE GRANTS are for qualified scholars who are interested in studying abroad. Interested students are urged to contact Johnson immediately to work out a program before the application deadline, Nov. 1.

Election of Rhodes Scholars will be held in all states in December for scholars to enter Oxford University in October 1959. Johnson said. An applicant must be unmarried, male, between 18 and 24 unless a veteran and be at least a junior. Literary and scholastic ability are emphasized in selection. He may apply either in the state he resides or in the state he is attending college.

THE RHODES SCHOLAR receives approximately \$1,700 annually for a two year course of study at an Oxford College. Each U. S. college or university may nominate one scholar. A state board picks two candidates and eight district boards recommend four candidates to receive the 32 scholarships each year.

Persons applying for a Fulbright award to study abroad must be a U.S. citizen and hold a bachelor degree or its equivalent before the beginning of the grant. They must also have two years of language in the tongue of the host country where they'll study except in the British Empire nations, Scandinavian nations and some Far East countries.

JOHNSON pointed out that all fields of study are available under the Fulbright program. Each participating nation offers study in fields its college staff is best qualified to teach.

Civic Lubbock Announces Comedy, 'Antie Mame'

Direct from the stage of New York's Center Theatre, a noted Broadway company will come to Lubbock next Friday and Saturday for presentation of the famed stage riot "Antie Mame."

MISS SYLVIA SIDNEY will play the title role for which she was given high acclaim by New York drama critics.

The play, which was adapted by Lawrence and Lee from Patrick Dennis' best selling novel, is the first attraction sponsored by Civic Lubbock, Inc. this year.

MISS SIDNEY gets somewhat of a "field-day" as she is on stage during most of the 18 scenes and wears 18 glamorous dresses designed by Travis Banton. Mark

O'Daniels, Jayne Manners, and Phil Arthur will join Miss Sidney to perform in front of Oliver Smith's multiple sets with a company of some 30 persons.

Tech students may purchase tickets to any of three performances which will be Friday and Saturday at 8 p.m. and a Saturday matinee at 3 p.m.

A **SPECIAL** balcony section will be reserved for Tech and students may obtain tickets for \$1.80 upon presentation of I. D. cards. Seats in this section usually sell for \$4.00.

Advance ticket purchases may be made at the auditorium box office, in the lobby or at the door any time from 9 a.m. to 5 p.m.

Tire and Rubber Company Offers Grants for Safety

The General Tire and Rubber Co. of Akron, will award \$9000 in scholarships to high school or college students who submit the best answers on how greater highway safety in the United States can be assured.

First prize is a check for \$1,000 to the college of the winner's choice. The other 19 prizes range down to \$200.

RULES OF THE contest specify that each candidate write in 250 words or less what he thinks could be done to assure greater highway safety.

Entries should be addressed to "The subject is all-inclusive," said William O'Neil, president of General Tire and Rubber Co. "It

can cover what an individual, a community or new law might do to cut down highway or city traffic accidents. These ideas will be judged on their originality and practicality."

ANY STUDENT attending high school or an accredited college except children of employees of General Tire and Rubber Co., its dealers or agencies, is eligible to enter the contest.

Entries will be accepted from August 15, 1958, to December 1, 1958. Winners will be notified by mail on or before January 1, 1959. Entries should be addressed to College Scholarship Contest, General Tire and Rubber Co., 1708 Englewood Ave., Akron 9, Ohio.

Outlook

By BILL DEAN

Baylor brings its Slot-T attack to Lubbock today and here's hoping that Buddy Humphrey, Larry Hickman and company will leave with a little less enthusiasm than they came with.

Baylor and Tech are both riding two-game losing streaks. The Bears have dropped decisions to Miami and Duke after opening wins over Arkansas and Hardin-Simmons.

The Raiders will be trying to rebound after losses to Texas and TCU. The last loss to the Frogs (26-0) was somewhat of a let down to Tech supporters who expected something better than what they saw.

I feel that Tech certainly has a much better ball club than they displayed at Amon Carter Field last week. Apparently the Raiders have looked much better in practice this week and are back in good physical shape. If so, maybe some changes are in store.

One thing is certain. Baylor knows that Tech is tough up front with E. J. Holub leading the attack. That means they will try to get us up with the battering of fullback Hickman and then penetrate with Humphrey's passing arm.

Tech's pass defense has left a lot to be desired. It must improve today or Baylor will make a shambles of Jones Stadium. If we can tighten up we could pull over the .500 mark again.

The game today will be the third in as many days on the turf of Jones Stadium. Thursday night Monterey High School met Palo Duro of Amarillo and last night Lubbock High School played Tascosa of Amarillo.

Intramural touchfootball has begun again and participation is heavier this year than any other year in the history of the school. The usual three leagues—dorm, independent and fraternity—are operating every afternoon except Fridays and Saturdays.

Last year a total of 547 participated in the sport and all indications point to a marked increase with the main enlargements being in the dorm and independent areas.

The aim of the intramural program is "to afford informal, carefully organized and regularly scheduled opportunities for each and every male student not of varsity calibre to participate voluntarily and wholesomely on a cooperative-competitive basis in a wide variety of individual and team sports."

And don't think it doesn't mean anything to the players. They take their wins and losses seriously. It's a great opportunity for all male students to let off a little excess energy. Take advantage of all these fine intramural sports. They are designed especially for you.

As we enter the fifth week of the football season the fearless forecaster will attempt to better last week's record of 15 out of 25 (an average of 60%) The total for the year is 55 out of 77 for a 71%.
TECH VS. BAYLOR: Common sense says Baylor, but I say Tech.
TEXAS VS. ARKANSAS: The Longhorns remain undefeated — Texas.

SMU VS. RICE: The Ponies will have their hands full here — SMU.
TCU VS. TEXAS A&M: The Frogs look like a comer — TCU.

Cain Contests Pros

Texas Tech's golf team entered the links spotlight early this year as three of the team members play today in the Texas Cup matches in Dallas.

JOHN PAUL CAIN, Don Kaplan, and John Farquhar have been chosen to play on the amateur team which will take on the Texas Pros in the annual Cup matches. They will be facing such famed professionals as Byron Nelson, Jack Hawkins and Jimmy Demaree.

Last weekend, Cain, Kaplan, Farquhar and Chris Blocker represented Texas Tech in the Tucker Memorial Tournament in Albuquerque, New Mexico. In the individual competition, Cain won by ten shots over his nearest op-

ponent. Blocker, up from the freshman team, won third place. Houston University won the team championship by a single stroke over Tech.

TECH'S GOLF team, coached by Warren Cantrell, will field three veterans of last year's group which played in the SWC for the

first time. Cain, Kaplan and Farquhar are the three lettermen and they will be aided by Blocker, Don Nix and Don O'Neal who played on the freshman team which was on of the best in Tech's history. Last year, Tech golfers won the SW Recreational meet in Ft. Worth and the Odessa Relays.

Raiders Vs. Bears This Afternoon

The Red Raiders will try to keep their 1958 football fortunes in the win column this afternoon as they take on their fourth SWC opponent of the season, the Baylor Bears.

The Bears and the Raiders have identical standings thus far with two wins and two losses. Both teams got their wins in the first two contests of the season and both have dropped the last two.

BAYLOR opened the season with a win over Arkansas and the next week slipped past Hardin-Simmons before losing to Miami 12-7 and to Duke by the same score. Tech has wins from Texas A&M and West Texas State, then lost to Texas University, the SWC leader, and to the offensive minded TCU Horned Frogs last week by a 26-0 count.

The Tech coaching staff has

voiced approval of the spirited week. The injuries which plagued

Arthur Beall

workouts by the Raiders thisan offensive movement started for the second week in a row last week against the Horned Frogs and only once were able to get the ball in TCU territory. The defensive team, expecting a lot of plays through the line, could not stop the Froggies on the wide plays and in the passing department. The scrimmages this week, however, have indicated that the Raiders have remedied their game to avenge last years 15-12 loss to the Bears.

THE 220 POUND per man Tech line, led by tackle Phil Williams and guard Gene Bentley, will have their work cut out for them as they face Larry Hickman, Baylor's leading ground gainer with 263 yards on 56 carries. In the passing department, the Bears boast Buddy Humphrey who operates the team from the "multiple winged T". Humphrey has 358 yards passing, completing 35 of 67. Both Humphrey and Hickman are SWF leaders in statistics.

The Raiders attack will be headed by Jerry Bell at quarterback, Ronnie Rice and Floyd Dellinger at the halfback posts and Bob Witucki at fullback.

THE TECHSANS could not get

The difference in last years contest was a field goal from the kicking toe of Arthur Beall which broke a 12-12 tie. Beall will be playing halfback this afternoon for Baylor as a senior. About 25,000 fans are expected to watch the Dad's Day game which will be the 17th in a series that has seen Baylor win 11 times and Tech 4 times. There has been one tie game.

In a sooty city, keeping clean involves almost as much time and bother as earning a living.

Georgia Tech Vs. Auburn, Top Game

By JACK CLARY

Associated Press Sports Writer
The immovable object collides with one nearly as stubborn Saturday in Atlanta under the guise of Auburn vs. Georgia Tech. It matches the nation's No. 1 defensive team against the No. 4 defensive outfit.

THIS TOPS a college football schedule that will feature some dandy defensive battles and a few ready-made affairs pitting a top defensive outfit against a top offensive club. The potential of a card like this is spelled: **Upset.**

Auburn, rated No. 2 in the Associated Press poll, is a five-point favorite over the surging Yellow-jackets.

GEORGIA TECH with a 3-1 record, will also try to snap the Tigers 16-game winning streak in this important Southeastern Conference battle.

Army, the No. 1 team, plays host to Virginia, under former Army line coach Dick Voris. The Cadets, of their 14-2 upset triumph over Notre Dame last week, are second in total offense, are third in passing offense, ninth in

total defense and third in pass defense.

To match this, Virginia 1-3 will have to play without its ace passer and quarterback Reece Whitley, out with an injury.

THE MIDWEST features a trio of explosive games. Third-ranked Ohio State meets upstart Indiana.

Wisconsin No. 4, 3-0, battles Iowa No. 13 in the Big Ten's top game of the day and a regionally televised affair. Iowa, which must play without fullback John Nocera, brings an offense rated No. 5, with its rushing attack rated No. 7.

Fifth-ranked Michigan State 2-0-1 meets Purdue 2-1 in another defensive struggle. The Spartans are seventh defensively while Purdue is fifth.

Intramural Football

THURSDAY'S RESULTS
DORM NO. 8, 7 — BLED SOE HALL 6
GORDON HALL 1 — DORM NO. 5, 0
DORM NO. 7, 0 — WEST HALL 2
