

Here's more about

Gubernatorial candidates

(Continued from page 2)

1. I DO NOT FAVOR a raise in tuition. We are fortunate that our public university tuition costs are among the lowest in the nation, and I think that insufficient money should never prevent a bright Texan from gaining a college education. If we ever should have to raise tuition, I would favor it only if tuition grants are plentiful enough so that lack of tuition money can never be an impediment to furthering education.

2. TO FINANCE HIGHER educational programs I oppose any increase in the sales tax, however certain exemptions, such as those which apply to industrial corporations should be eliminated. In addition, I would create in the governor's office, a governor's tax board, with the responsibility of reviewing sources of state revenue. As a specific suggestion as to another source of financing, I would recommend repeal of the Colson-Briscoe Act, under which \$15 million a year from general tax sources is allocated for construction of farm-to-market roads. With our present improved and accelerated highway program I consider this allocation obsolete, and would recommend that these funds be diverted to the higher education program. In addition, I would increase the corporate franchise tax rate from its present level of \$2.25 to \$3.00.

3. IF NECESSARY FUNDS are not available through tax sources, I would not oppose a tuition increase, I would however, insist that a tuition increase not be so great as to place a college education beyond the means of the majority, that ample scholarship and loan funds be readily available to qualified students in need of assistance. I would consider such an increase a final recourse, however, to be utilized only after all other avenues for obtaining necessary funds had been explored.

4. PERSONALLY, I DO NOT like the concept implied in the term 'super-education,' which suggests a vast impersonal system, turning out identical products on an assembly-line basis. Education in the final analysis deals with individuals, each of whom must be educated according to his individual needs and capacities. Statewide standards of excellence should be made to apply to both facilities and teaching. The junior college expansion program should continue; a statewide definition of the terms 'college' and 'university' should be agreed upon and unnecessary duplication of state-supported facilities within a given area should be avoided. This can be accomplished through a coordinating program, without resorting to a 'superstate' standardization, which would deprive individual institutions of their own individuality and personality.

5. THE PROBLEM OF RIOTS must necessarily be attacked at the local level by implementing programs to alleviate the hopelessness which prevails among so many of the underprivileged in our society. I would want to work closely with the leaders of these groups in attacking and correcting this hopelessness — through better job opportunities, education and vocational training, and better housing. Most immediate and specific action should be the passage of a minimum wage law.

6. I WOULD NOT BE adverse to asking for national aid if a disturbance reached such proportions that it could not be controlled by local and state law enforcement agencies.

7. I AM IN FAVOR of distribution of the Permanent University Fund to all state-supported senior colleges on a per-student basis, rather than concentrating it on the two largest and wealthiest state educational institutions."

Ed Whittenburg

1. I substantially agree with Governor Connally that a long-range program for an improved and expanded educational system at the junior college, college and graduate level is of critical importance. I am convinced that this program must include not only physical facilities, but must also embrace an upgrading of personnel and techniques, broadening and re-evaluation of subject matter, vastly improved vocational and technical training at the junior college level and increased faculty salaries.

2. TO FINANCE HIGHER educational programs I oppose any increase in the sales tax, however certain exemptions, such as those which apply to industrial corporations should be eliminated. In addition, I would create in the governor's office, a governor's tax board, with the responsibility of reviewing sources of state revenue. As a specific suggestion as to another source of financing, I would recommend repeal of the Colson-Briscoe Act, under which \$15 million a year from general tax sources is allocated for construction of farm-to-market roads. With our present improved and accelerated highway program I consider this allocation obsolete, and would recommend that these funds be diverted to the higher education program. In addition, I would increase the corporate franchise tax rate from its present level of \$2.25 to \$3.00.

3. IF NECESSARY FUNDS are not available through tax sources, I would not oppose a tuition increase, I would however, insist that a tuition increase not be so great as to place a college education beyond the means of the majority, that ample scholarship and loan funds be readily available to qualified students in need of assistance. I would consider such an increase a final recourse, however, to be utilized only after all other avenues for obtaining necessary funds had been explored.

4. PERSONALLY, I DO NOT like the concept implied in the term 'super-education,' which suggests a vast impersonal system, turning out identical products on an assembly-line basis. Education in the final analysis deals with individuals, each of whom must be educated according to his individual needs and capacities. Statewide standards of excellence should be made to apply to both facilities and teaching. The junior college expansion program should continue; a statewide definition of the terms 'college' and 'university' should be agreed upon and unnecessary duplication of state-supported facilities within a given area should be avoided. This can be accomplished through a coordinating program, without resorting to a 'superstate' standardization, which would deprive individual institutions of their own individuality and personality.

5. THE PROBLEM OF RIOTS must necessarily be attacked at the local level by implementing programs to alleviate the hopelessness which prevails among so many of the underprivileged in our society. I would want to work closely with the leaders of these groups in attacking and correcting this hopelessness — through better job opportunities, education and vocational training, and better housing. Most immediate and specific action should be the passage of a minimum wage law.

6. I WOULD NOT BE adverse to asking for national aid if a disturbance reached such proportions that it could not be controlled by local and state law enforcement agencies.

7. I AM IN FAVOR of distribution of the Permanent University Fund to all state-supported senior colleges on a per-student basis, rather than concentrating it on the two largest and wealthiest state educational institutions."

LETTERS TO THE EDITOR

Chastises demonstrators

I would like to direct my comments to the author of the U.D. editorial of April 27 — "Wallace 'choice' not right one," and to the editors of the U.D. that endorsed it. First I would say that the author has a perfect right to his own opinion, but that I believe he distorted the truth.

Many went to the airport to hear for themselves what George Wallace, presidential hopeful, had to say. They were neither endorsing him, nor condemning him, but rather they went to form their own opinion. Unfortunately this was a very hard thing to do, because some very rude, ill-kept and unshaven persons refused to let him speak.

I am afraid that the minority has succeeded again in giving outsiders the wrong impression of Lubbock and Texas Tech. If the people I speak of are really so sincere and sure of themselves why were they afraid to let this man speak?

Some of the demonstrators probably went to the airport with the idea of making their presence known in a dignified manner. It is a shame they were taken in by or enlisted

the support of the hippies. The same people who make a point of demonstrating about everything from the price of ice cream to war in Vietnam, often defeat the purpose they claim to work for. It is hard for me or any other person to believe their "claimed informed loyalty."

I hope there are some people left who want to hear both sides of a story before making up their mind. It is plain that this is not the intention of a few people. Lubbock and the rest of the country will probably see the biggest smear campaign in history this year in the presidential election.

E. Embree
2210 23rd St.

Thanks band

In behalf of the Church Women United of Lubbock, I would like to thank Dean Killion and the Tech Varsity Band No. 1 for their help in publicizing the Fiesta for the Jardin de Ninos Kindergarten. The proceeds are around \$2,000, which will greatly aid the school for the coming year.

Mr. Marvin A. Carter
4732 31st St.

Questions use of parking fee

In this age of protest I feel it is my duty to speak out about this intolerable parking situation. I have purchased a \$10 parking sticker each year for the last four years. It was not until recently I realized what this sticker entitled me to.

I may park on just about any edge of the campus and walk in to class. (I have no objection to this.) I have to arrive at the lot at least 30 minutes before class starts in order to get a space. If I am late I may as well wait until class is over and hope someone will space. (I also have no objection to this — it's the name of the game.)

What I do object to is the condition of the lot. I am tired of driving into the lot north of Clement Hall and falling into a hole the size of MacKenzie Park. This has the effect of weakening the tires, throwing the front wheels out of line and ruining the shock absorbers.

I also object to the fact that the lot is not clearly marked. I am tired of paying for crunched fenders, scraped bumpers and dented sides, made by someone trying to squeeze into a place, then realizing they won't fit after they have already

damaged my car. One would think that with some 8,000 cars registered at \$10 a car somewhere, someone would find the money to repair the lots. Me? I would like to have my \$10 back to pay for the dented side of my car. Michelle Rohr
2820 57th St.

Upholds the arts

As a teacher in the field of a performing art, and as a believer in a liberal arts education, I wish to go on record as taking exception to Dean Bradford's statement in the April 26 issue of The University Daily: "Any truly significant reputation which Tech may earn will be achieved by research pursued in the agricultural sciences, the physical sciences and engineering ... It is merely to state a patent fact: that the real measure of Texas Tech must be taken in the three sectors just mentioned."

The mark of a great university lies in the excellence of its college of liberal arts and its professional schools, traditionally medicine, law, engineering, etc.
Robert W. Deahl
Department of Music

Preston Smith

1. My stand on higher education will be an improvement over our present program. We must move forward and not remain still.

2. FROM THE GENERAL revenue fund. No doubt the manner of raising the most revenue, if needed, would be a modification of the broad base of general sales tax.

3. No.

4. Yes, so long as we do not establish too much centralization of authority.

5. Enforce the law.

6. No.

7. There's no need to do this.

Raiders visit hopeful TCU Forward Pass 8-5 in Saturday's Derby

FORT WORTH — TCU's Horned Frogs, making a last minute bid for the Southwest Conference crown, meet the Tech Red Raiders here today in the closing weeks of loop action.

The second-place Frogs and the cellar dwelling Raiders clash again tomorrow in TCU's final game of the season. All three games are definite "musts" for Texas Christian, since two losses would automatically put the Purple and White out of contention.

TCU has won 10 conference games and lost 5, while the frontrunning Texas Longhorns own a 12-4 mark. Tech is 2-10 in SWC play.

In last week's action, TCU took two games from the Baylor Bears, 8-4 and 5-2. The Red Raiders also claimed two week-end victories, theirs coming at the expense of Abilene Christian College, 4-1 and 3-1.

Tech Coach Kal Segrist plans to send pitcher Buddy Hampton to the mound in the series opener. His pitchers in the second and third games will be drawn from the group of Gary Washington, Gary Hughes and Pat McKean. Segrist tabbed Washington as his probable starter in the second outing. Hampton and Washington have been credited with the Raiders' two SWC wins.

TCU's pitchers Mickey McCarty, Chuck Machemehl and Jeff Newman are Coach Frank Windeger's probable hurlers in the Tech series. The trio has a combined conference win-loss record of 7-1.

Tech will send four hitters

HIT AND RUN — Eddie Driggers is batting .333 while patrolling the outfield for TCU.

with SWC batting averages of .275 or more into action against TCU. Second baseman Jerry Haggard leads the way with a .417 mark, followed by third sacker Bobby Kuehle at .304. The Raiders' clean-up hitter, Lee Watts is currently batting at a .286 clip and playing center field. Fourth among the club's leading hitters is Jim Montgomery at .275 with nine

conference runs scored. Haggard, Watts and Montgomery share the spotlight in Tech's SWC homerun department with one apiece.

TCU, on the other hand, has four hitters stroking the ball with a .300-plus average. First baseman Larry Peel is the top hitter on the Frog roster with a .390 mark. Catcher Bill Ferguson, pitcher-outfielder Mickey McCarty and center fielder Eddie Driggers follow closely behind with averages of .344, .333 and .317, respectively.

In the rivalry which originated in 1957, TCU has won 13 times, while the Techs have copped only a single victory. Today's double header will begin at 1 p.m. and Saturday's single game starts at 2:00 p.m.

LOUISVILLE, Ky. (AP) — Forward Pass drew No. 13 post position for Saturday's Kentucky Derby, the second richest of 94 derbies.

Only C. V. Whitney's Glamour Sword will start outside the Calumet Farm colt in the 1 1/4-mile classic.

Forward Pass, who has scored seven victories in 17 starts while breaking from one of the first four post positions, was installed as the 8-5 favorite Thursday in the field of 14 by the Churchill Downs handicapper.

IF ALL 14 START, the race will gross \$165,100 with \$122,600 to the winner. Only the \$123,450 that Needles won in 1956 came

from a bigger pot.

The inside post position went to Iron Ruler, who warmed up for the \$125,000-added classic with a 48 1/5-second one-half mile that brought a grin from trainer Eddie Yowell.

"He handled the track very well and I'm sure Braulio Baeza will have no trouble handling him Saturday," Yowell said.

BWAMAZON FARM'S T.V. Commercial, winless as a 3-year-old, drew the No. 2 position. Howard Grant will ride. In the No. 3 gate will be Jig Time, the first Derby starter for Charles W. Engelhard's Cragwood Estates, with Ray Broussard aboard.

Next in line, in order, are Mrs. Joe W. Brown's Kentucky Sherry; Coventry Rock Stable's Trouble Brewing; Frank Sullivan's Te Bega; Don B. Woods' Don B.; Elmondorf Farm's Verbatim and Cain Hoy Stable's Captain's Gig.

THE NO. 10 SLOT went to Saddle Rock Farm's Francie's Hat with Mrs. Montgomery Fisher's Proper Proof, Peter Fuller's Dancer's Image, Forward Pass and Clearing Sword to the outside.

"We weren't very lucky in that draw. I guess it cost us at least a length or two," Calumet trainer Henry Forrest said. "But if the breaks are good, we shouldn't have too much trouble getting into position early."

Forward Pass is the first Derby starter for Calumet since Tim Tam won 10 years ago and hopes to keep the stand-out-a-decade string going for the devil red and blue silks.

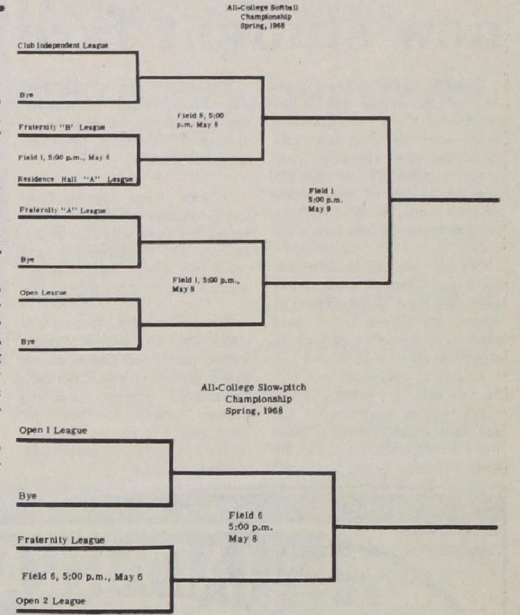

It was in the 1948 Derby that Citation began the trek to the last triple crown to be won and in 1938 that Bull Lea, the sire that made Calumet famous, made his Derby appearance.

Frazier fight set for June

PHILADELPHIA (AP) — Joe Frazier, heavyweight champion in five states, probably will defend his title in June at Madison Square Garden against either Manuel Ramos of Mexico or Boone Kirkman of Seattle.

Yancey Durham, trainer and adviser to the 24-year-old Frazier, indicated Thursday Argentinian Eduardo Corletti and former heavyweight champion Floyd Patterson also were under consideration.

Intramural Notes

Santiago bests Angels

BOSTON (AP) — Joe Santiago, backed by the slugging of Ken Harrelson and Reggie Smith, posted his third victory of the season and his 11th straight since mid-1967 Thursday in hurling the Boston Red Sox to a 4-1 decision over California.

Santiago dazzled the Angels, allowing only three hits and striking out nine.

Harrelson, who has inherited the starting outfield berth vacated by ailing Tony Conigliaro, had three successive hits, driving in two runs, while Smith collected a pair of doubles.

THE RED SOX broke a scoreless deadlock in the fourth when

Smith lined a double to right and Harrelson scored him with a looping single to center. The Angels tied the count on a walk, a sacrifice and Paul Schaal's two-out single in the fifth.

Harrelson put Boston in front to stay, leading off the sixth with his first homer, a blast against the wind into the left field screen. Three errors and a sacrifice fly by Russ Gibson provided another run in the inning.

THE RED SOX added another run in the seventh on a walk, a fourth California error and Smith's double and then breezed behind Santiago.

THE OLE COLLEGE TRY — David May, split end from Amarillo, gives it the ole college try, but the ball was a little lower than he expected. The missed pass came in the last scrimmage of the spring season. (Staff photo by Kyle Morse)

Braniff to begin new student fare

Braniff International announced yesterday that it has received Civil Aeronautics Board approval of a new youth fare plan that will allow passengers aged 12 through 21 to make confirmed advance reservations at one-third off the regular tourist-class fare.

Of the two other airlines servicing Lubbock, Continental said they have no such plan in effect and Trans-Texas said they have had this service in effect for about a year.

Braniff's new youth fare will become effective today. All youths eligible for the new fare must present a Youth Fare Identification Card at the time of their ticket purchase.

The cards are available at any Braniff ticket office, and are valid from the date of issue until the holder reaches his 22nd birthday.

"Youth Fare Identification Cards issued by other United States airlines will also be accepted as identification and proof of age," said Randall Jones, district director.

The approved youth fare will apply on all Braniff flights within the United States except those departing the youth fare passengers original boarding station between the hours of noon and 9 p.m. on Fridays. There are no restricted periods around holidays.

Uruguay, here comes a Techsan!

Four Tech students were chosen Wednesday night as the finalists for Lubbock's 1968 Community Ambassador to Uruguay.

Named to finalists' positions were Mildred F. Bergquist, senior from Houston; Wanda Marie Chandler, senior Quemado; John William "Bill" Munn, junior from Lubbock; and Linda Ann Blackwell, junior, Lubbock.

The Community Ambassador Program is sponsored by the Community Ambassador Committee of the Lubbock Chamber of Commerce. Each year a young man or woman is sent abroad for a two month summer stay to gain knowledge and experience in international living.

will be present at that time to make the selection of Ambassador and runner-up. These clubs are afforded this opportunity of the selectin because their contributions make the program possible.

THE AMBASSADOR will leave Lubbock for Miami, Florida June 25 for a four day orientation period. From Miami the Ambassador will fly to Montevideo, arriving there June

30. The first part of the trip will be spent living with a host family for about two weeks.

The Ambassador will then make a one week bi-national trip through the country followed by another two-week homestay. A one week city stay in either Santiago or Lima will conclude the trip. The Ambassador will leave Uruguay Aug. 19, and, barring any acts of God, violence or revolution, will arrive in the United States Aug. 20.

'Private Lives' opens at Hayloft Theatre

Tech senior G. W. Bailey will direct the opening performance of Noel Coward's "Private Lives" today at the Hayloft Dinner Theater.

Bailey will be remembered for his roles at the University Theater in "Waltz of the Toreadors," "Romeo and Juliet," "A Doll's House," "The Tempest," "Noah," "Tartuffe," and "Richard III."

"Private Lives," which has recently opened in a Broadway revival, stars Bill Haislip, Maggle Abaecheril, Diane Racine, and Tech senior David Keyes. Haislip and Abaecheril portray Elyot and Amanda, wealthy, fun-loving members of the sophisticated upper class. They love one another madly one moment ... and throw the silverware at each other the next.

Keyes and Miss Racine are Wybil and Victor, another wealthy pair lacking the sophistication of Elyot and Amanda, though similar in character style, they serve as foils for the antics of the whole group.

The month-long run begins today at 8:30 p.m. Preceding the comedy, there will be a gourmet buffet, beginning at 8:30 p.m. Following the play, there will be dancing until midnight.

Tech students are allowed a 25 per cent discount Tuesday through Thursday, and a 20 per cent discount on the week-end. Reservations may be made by calling 866-4213.

Greeks will battle at annual Sing

A total of 18 sororities and fraternities, representing more than 500 singers, will vie for honors Saturday at Tech's annual University Sing at 7:30 p.m. in Lubbock Municipal Auditorium.

The competition is sponsored by Tech's Intrafraternity and Panhellenic Councils and Phi Mu Alpha, men's professional music fraternity.

Trophies will be awarded to first, second and third places in each of three divisions, sorority, fraternity and mixed groups. A sweepstakes award and a special judges award will also be presented.

Judges are George Biffle, choir director at Midland High School; Gene Medley, Lubbock High director, and Larry Marshall, choir director at Estacado High School.

The Phi Mu Alpha singers will perform featured selections from "Camelot."

Tickets are being sold in the Tech Union lobby at \$1 for adults and 50 cents for students.

For piano students

Workshop slated

The 1968 Texas Tech piano workshop for teachers and students from the sixth through the 12th grades will be held June 3-12, it was announced Wednesday by Thomas Mastroianni, chairman of keyboard studies.

Mastroianni will be the director-clinician for the workshop. Dr. I. Thomas Redcay, professor of piano, will coach chamber music students.

A highlight will be a June 7 concert of children's music presented by Jane Ann Henry, an Iowa State University music faculty member.

Teachers' sessions are scheduled for June 3-5 with an invitation for them to observe other sessions. The student portion of the workshop will take place June 3-7 and 10-12. Housing can be arranged on campus.

MASTROIANNI holds the

bachelor's and master's degrees from Juilliard School of Music and has done doctoral studies at Indiana University. He has performed concerts in Europe and Mexico as well as in the United States, on stage and television. He is active as a teacher, adjudicator and performer.

Redcay also is noted as a concert artist. He debuted in Carnegie Hall in 1963. He earned three degrees in musical arts from the Eastman School of Music and is a former Fulbright scholar to the Royal Academy of Music in London.

Tuition for the Piano Workshop is \$20 for students (plus a \$1 health fee) and \$25 for teachers. Applications should be sent to Thomas Mastroianni, Summer Piano Workshop, Texas Technological College.

Take Your Medicine!

by LYNN LaFON

The grass may look greener next door, but it's just as hard to cut.....

You can't plow a field by turning it over in your mind...

Did you hear about the father who fainted when his son asked for garage keys and came out with the lawn mower...

This is the time of year when some colleges are lowering their requirements with an end in view-to say nothing of some guards and tackles.

When the mechanic told her she had a short circuit, she asked if she could wait while he lengthened it...

You won't have to wait for prompt and courteous attention at Professional Pharmacy at 2419 Broadway. Stop in soon, or call POS-6661 and take advantage of our free delivery.

Here's more about:

Strike's accord ends suspense

(Continued from page 1)
 Listen to the voices of the other men in the background.
 One student overheard an exasperated operator say, "Well, I messed that one up good. Now I'll try another one."
 Since the strike began, one of the most difficult persons to get in touch with by telephone is the operator. Many students say they have let the phoning ring as much as a dozen times without getting an answer.
 In fact, one student finally dialed the operator, laid the receiver down, picked up a book and read while the phone rang. Twenty minutes later, the operator answered.

plugged in properly. When he fixed it, he suddenly heard a shrill screaming in his ear. The woman had finally become enraged from talking so loudly.
 THE SAME operator said that sometimes two operators answer a call at the same time. Each thinks the other will handle the call, so they both hang up, leaving a surprised third party.
 An observation has been made by some students—male operators, in their efforts to be helpful in an environment that is strange to them, are much more friendly with their informal conversation than are the experienced, businesslike female operators.

Tech students show sculpture at Museum

An exhibition of student sculpture will open Sunday at 2 p.m. in West Texas Museum.
 Art Instructor John Queen's students are represented in the show which will continue through May 19.
 The Museum is open weekdays from 8-5 p.m., and on Sunday from 2-5 p.m.

FACULTY INITIATES HONORED — Three faculty initiates into Phi Kappa Phi, Tech academic honorary society, were introduced at a coffee Tuesday in the Tech Union. Two are shown with the president and president-elect of the fraternity. They are, left to right, Dr. Reginald Rushing, head of the department of accounting and president-elect of Phi Kappa Phi; Prof. Peder Christiansen of the classical and romance languages department and Prof. H. A. Anderson of the economics department, initiates; and chemistry Prof. A. L. Draper, president. The third new member is Dr. Clara McPherson of the School of Home Economics. (Tech photo)

At summer pre-registration

5,000 freshmen expected

Invitations to approximately 5,000 prospective new freshmen at Texas Tech this fall will go out in the next few weeks urging them to attend one of seven early registration conferences.
 The conference, part of a program of academic advisement and registration for entering freshmen, will be July 29-30, Aug. 1-2, 5-6, 8-9, 12-13, 15-16 and 19-20, according to Kenneth Wallace, director of undergraduate admissions.
 The program is designed to assist new students in making the transition to college. Each two-day session will be limited to 450 students, and they may choose the conference they wish if it has not been filled.
 "THE CONFERENCES will assure each student individual attention in academic advisement, orientation and registra-

tion," Wallace said.
 "Attendance is optional, but applicants are urged to take advantage of the pre-registration conferences."
 New students who do not attend a conference must enroll during the regular registration period in September.
 Only those students who have submitted all admission documents will be invited. These include an application, health data blank, high school transcript, and the College Board S.A.T. scores.
 FRESHMEN who attend summer school may participate in one of the conferences.
 Housing and food service facilities will be available for participants and their parents during the conferences. Students also will have an opportunity to purchase textbooks while attending a pre-registration conference.
 The first morning of the conferences will be devoted to checking into residence halls and picking up catalogs. The afternoon will be spent in advisement sessions with the academic departments. A 7 p.m. orientation session is scheduled for students and parents.
 ON THE SECOND morning, students will complete academic advisement and registration, have identification pictures taken, and purchase textbooks.
 "Parents are invited and urged to participate with the student in these conferences," Wallace said.
 "This program gives us an opportunity to take new students individually and lead them through orientation and their first registration procedures."

Tech student enters county sheriff's race

Tech junior Dan Harmon Thursday announced his entry into the Lubbock County sheriff's race.
 Harmon, whose name will not appear on the ballot, is a write-in candidate for the office.
 His candidacy started as a joke when he expressed concern over the declared candidates' qualifications. After reading the Voter's Guide put out by the League of Women Voters, Harmon decided to throw his hat into the ring and begin an earnest campaign.
 He is basing his campaign on the fact that, "none of the candidates really has quali-

cations for being sheriff, unless you consider old age and military police training as qualifications."

Harmon believes there are a lot of things wrong with Lubbock County's sheriff department. "We need a sheriff with more understanding of what's going on. Most of those connected with the department today have lost contact with what's happening," he said.
 Harmon also thinks brutality should be replaced by understanding, and that only a younger sheriff with a younger department could accomplish this. To develop a more functional department, Harmon said he would install younger, better educated officers with knowledge of modern techniques in law enforcement.
 He would "get rid of all present unqualifieds" in the department and also replace prevailing conservative attitudes with more liberal ones.

Dan Harmon

Raider Roundup

- +++
Freshman Council
 The Freshman Council will meet Sunday at 2 p.m. in the Blue Room of the Union.
- +++
Ag Eco Club
 The Ag Eco Club will hold a steak fry at 6:30 p.m. today at the Big Party House at Mackenzie State Park. Tickets for club members are available for \$1.75 on the third floor of the Agricultural Building.
- +++
Dolphins
 The Dolphins will meet at 8 p.m. Sunday for a dinner at the Towne Crier. Following the dinner, summer activities and the Monahan Sandhills will be discussed.
- +++
Work Permits
 Work permits must be turned in by Monday into the Dean of Men's office.
- +++
Engineer's Banquet
 Bert Huffman will speak at the joint banquet for engineering honor societies today at 7 p.m. in the Johnson House Restaurant. New members will be welcomed, and awards will be given. Don Meador has tickets for the \$2.85 a plate banquet.
- +++
IFC Smoker
 The Interfraternity Council (IFC) smoker is scheduled for 7:30, May 9 in the Coronado room of the Tech Union. Male students wishing to pledge a fraternity next fall are urged to attend. The rush system will be explained, and other information concerning fraternities will be available.
- +++
Disciple Student Fellowship
 The DSF is sponsoring a picnic-hayride this Saturday. The group will meet at the Christian Student Center at 4 p.m. Supper is provided and dress is casual.

Top language major awarded scholarship

Janice McDuff, Stamford junior, is recipient of the Roscoe Wilson Scholarship, one of three awarded to the most outstanding classical and romance language majors.
 Sherry Burrows, Lubbock sophomore, is alternate for the scholarship. Both were presented Wednesday at the annual Optimates Club spring banquet.
 Dr. W. D. Norwood, associate professor of English, spoke on "Plato, Poetry and Judo," after which other language awards were presented.
 Dr. Peder Christiansen, associate professor of classical languages, presented Yiota Dalis with the fourth-year Greek award, with honorable mention going to Sara Bavousett, Miss Bavousett, Miss Burrows and Kim Connally received second-year Greek awards, and Sharon Burgess, Linda Fanning and Pat Oates were named top first-year students.
 Latin awards were given by Dr. John Bodoh, associate professor of classical and romance languages, to William Echols, Michael Evans, Steven Fanning, Mary Fulton, Mac Hancock and Bonita Jewell, first-year students.
 Also recognized were Anita Bell, Nona Burgamy, Carla Dunn, Pamela Kendall, Charlene Mason, Karen McCully, Cynthia Pruet, Suzanne Vaught and George Watt, second year; Louis Brown, Miss McDuff, Janice Merrick, third year; and Miss Bavousett, Phyllis Bichsel, James Bursleson, Miss Burrows, Brenda Greene, Mary Jean Legg and Alta Ada Schoner, fourth year.
 Vicki Greer, Vicki Mebane, Miss Merrick and Betty Waller received honorable mention.
 Gary Byrd, club president, presented awards of appreciation to Bodoh, Christiansen, Dr. Thomas Hamilton, Mrs. Schoner and special guest Leonid Jirgensons.
