Vocational Ag Contests Set For Tomorrow

Approximately 500 students and teachers from 50 West Texas high schools will be on the campus Saturday, April 27, for the nineteenth annual Vocational Agriculture high school contests.

Contests will be under direction of Dean W. L. Stangel and the agricultural education department. Each agriculture department will hold contests, however, with advanced students in the division in charge.

N. Casey Fine, associate professor of animal husbandry, will direct livestock contests to be held in the pavilion. Cecil Ayers, assistant professor of plant industry, will be in charge of crop and seed contests in the seed laboratory. Poultry contests will be held in the dairy barn under supervision of J. H. Baumgardner, assistant professor of animal husbandry. K. M. Renner, professor and head of the dairy manufacturing department, will supervise dairy products contests in the dairy laboratory.

Records will be kept and computed by the agricultural economics department.

Lunch will be served to the visiting contestants by the Tech collegiate FFA chapter.

Children's Art To Be Exhibited

The eighth annual presentation of the Children's Art Exhibition is to be held in the Tech Museum from May 1 to 21. This exhibition is sponsored by the Art Institute with the assistance of all teachers in Lubbock schools. The children themselves are allowed to vote on the pictures they prefer and the exhibition accepts both pictures chosen by the children and by interested adults.

Grand Prize, 14 certificates of merit and a number of honorable mentions will be presented for the best work in the various grades represented in the museum. The pictures will be judged by a special Art Institute jury and the announcement of prizes will be made on May 13. The Grand Prize will be a reproduction of a famous work of art.

Tech Rifle Team Finishes Season

Tech's rifle team finished the season last week in winning by default a match with Louisiana State university. Over the entire season, the team came out well on top in competition, winning 11 matches and dropping two.

Special honors won by the Tech marksmen included a first place in the Hearst Trophy match and a second in the Eighth Service command match.

During the season, the team won matches with John Tarleton college, Henderson State Teachers college, North Texas Agricultural college, Rice Institute, University of Oklahoma, University of Alabama, University of Pittsburgh, University of Arizona, Louisiana State university, and two from University of Arkansas.

Both losses were at the hands of Oklahoma A. & M.

The scores of Tech's riflemen ranked fifth among all eight commands in the United States in the Hearst Trophy match.

President Will Attend NMU Inauguration

President W. M. Whyburn will represent Texas Tech college at the inauguration of John Philip Wernette as president of the University of New Mexico.

Mr. Wernette was formerly connected with the Harvard School of Business.

Plans have been made to reactivate the advanced course in ROTC in the Corps of Engineers and Signal Corps in the fall semester, 1946. Those eligible for enrollment will be those who have completed the basic work or its equivalent in the Armed services. Enrollment in the Corps of Engineers is limited to students of the engineering division, while the Signal Corps is limited to students in electrical engineering. Tech has made application for infantry and air corps units to accommodate students in the divisions of arts and sciences, commerce and agriculture; but to date no word has been received.

The advanced course consists of five hours of instruction per week for four semesters plus a six week course of instruction at a summer camp. Attendance at the camp is usually at the end of the first year of the advanced course. Upon successful completion of the advanced course, graduates are tendered commissions as Second Lieutenants in the Officer's Reserve Corps.

The applicant must between the ages of 19 and 26, must meet certain physical conditions, allowances are made for those that are correctable, must meet certain intelligence requirements, and must not have been an officer in World War II.

Each student enrolled in these advanced courses will receive commutation of subsistence equivalent to current garrison subsistence in the Army, he will be furnished a uniform or given allowance to cover expense of it. Texts are furnished on loan basis. He will receive the pay of the seventh enlisted grade while in attendance at summer camp. All monetary allowances are in addition to those granted under the G. I. Bill of Rights. This course will be three credits per semester toward graduation.

"Anyone who enrolls in this course is obligated to complete the course and summer camp at the proper time and accept the commission of Second Lieutenant if tendered.

Further information or application blanks are available at the ROTC office.

Varsity Show Curtain To Go Up Wednesday

Dr. and Mrs. Gates Accept TCU Positions

DR. WILLIAM Bryan Gates, head of Texas Tech's English department for the last five years and a faculty member of the college since its opening in 1925, has accepted a position as professor and head of the department of English at Texas Christian university, Fort Worth, effective July 1.

Dr. Eunice Joiner Gates, his wife, will also join the TCU faculty, effective Sept. 1, as professor of foreign languages. Both appointments were announced recently by M. E. Sadler, president of TCU.

The Gates have been at Tech since 1925, except for two years leave of absence for graduate study. Mrs. Gates did not teach at Tech this year, in complication with the legislative ruling against husbands and wives being employed by the same state-supported institution. Their leaving Tech marks the college's most severe loss since the

Annual Museum Meeting Will Be Held Here Today

Plans are to make this year's Annual Museum meeting, to be held today, one of the most interesting in the museum's history, according to Dr. W. C. Holden, director.

A lecture by Dr. Cyrus N. Rogers, Abilene president of the Texas Archaeological society, is to be given at 4:00 p. m. Dr. Rogers' subject deals with "Prehistoric Abilene Man" and will cover habits and mannerisms of a race of men believed to have inhabited the region around Abilene some eight to ten thousand years ago. The majority of discoveries concerning this prehistoric race has been made by Dr. Ray himself, who has recently written an extensive study which is to be published by the Tech Press within the next year. To illustrate his lecture Dr. Ray will place on exhibition numerous artifacts of this ancient culture.

An Authentic "Chuck Wagon Supper" will be held at 6:00 in Aggie Grove with a chuck wagon of ancient vintage, originally was used on the old cattle trails of the West as its main attraction. Tickets for the supper may be obtained by contacting Dr. Holden or Dean Allen. One of the features of the supper will be the chuck wagon soup, tough biscuits, delicacies of old western days.

Mr. John McCarty, assistant publisher of the Amarillo News-Globe will be the speaker for the 8:30 meeting in the Museum. His subject will be "Old Tascosa," a ghost town in the Panhandle, noted for its wild and woolly history. Mr. McCarty has just completed a book entitled, "Maverick Town: A Story of Old Tascosa." According to Dr. W. C. Holden, the audience may expect a great deal of "blood and thunder" history of the wild west days in Texas.

The Annual Meeting will be closed with a short business session, at which time officers for the coming year will be elected, and next year's plans formulated.

Bass To Speak To Pre-Law Club

Roy Bass, Lubbock attorney, will be guest speaker at the Pre-Law International Relations club semi-formal banquet next Monday evening in Tech Social Center at 7:30 p. m. After dining members and dates will dance.

Members of Pi Sigma Alpha, the national honorary fraternity for government students, have been invited to attend the banquet. Roderick Shaw will be the toastmaster of the evening. Arrangements for the banquet have been under the direction of Patti Hall, vice-president and program director of the Pre-Law club.

The list of members and dates attending includes: Roderick Shaw and Bobbie Bockman; Robert Cole and Bobbie Balfour; Patti Hall and Frank Visher; John Culver and Bea Green; Mr. and Mrs. Bob Huckabee; Charles Thompson and Ellen Langston; Douglass Shaver and Joan Forbes; Jack Burdant and Bonita Payne; Cledie Edwards and Verma Bowden; Doris Lovelace and Ben Cowling; Polly Gossett and Bill Nelson; Betty McDonald and Don Brooks; Nelva Jean Halbert and A. J. Smith.

Troy Davidson, R. T. Scales, Fred Simpson, Darrel Carpenter, Stanley Beck, Bill Tucker, Bob Cooper, Johnny Huggins, Oliver McMahon, Mack Kennedy, Bill Martin and Fred Cannon will also attend.

Drs. and Mesdames J. W. Davis and L. C. Reithmeyer will attend as special guests. "Before the War, the Pre-Law banquet was an annual affair, but this is the first one since 1942," says Troy Davidson, president of the club. "We hope it will become a club tradition once more."

Davidson and Shahan Will Run For Prexy

Humphreys Unopposed In Race For Vice President Of Council

A GENERAL student convocation was held Tuesday, April 23, at 11 a. m. in Tech gym for the purpose of nominating student council officers, yell leaders, and the student representative to the athletic council. Troy Caldwell, president of student council, discussed qualifications for the above named offices and opened the floor for nominations.

Troy Davidson, junior arts and science student of Lubbock, and Arthur Lee Shahan, junior agricultural student from Tulsa, were nominated for the office of president.

Jim Humphreys, junior agricultural student of Lubbock is the only candidate for the office of vice-president of the student council. Barton Willingham, junior agricultural student from Tulsa, was nominated for the office but withdrew his nomination. Humphreys is vice-commander of the Tech War Veterans association, vice-president of A.F.O., vice-president of Saddle Tramps, chairman of the Campus Beautification committee, and is a member of the Publicity committee, Tech Traditions committee, Double-T association and Aggie Club.

Bill Nugent, sophomore arts and science student from Amarillo, is a candidate for business manager of the Student council, and his opponent is Floyd "Red" Lawhorn, sophomore agricultural student from Temple. Nugent is secretary of the Publications committee and is a member of Saddle Tramps. Lawhorn served as vice-president of the sophomore class and is a member of the Double-T association and the Aggie club.

Betty Renner, Maureen Smith, Panze Butler, Dorothy Cantrell and Jerry Taylor are the candidates for secretary of the student council.

Betty Renner, junior home economics student from Lamesa, is a member of student council and A.W.S., Alpha Chi Omega, Junior Council, Freshman Honor Society, Phi U and Home Economics club.

She has been elected president of the Home Economics club for the next year and vice-president of Phi U.

Maureen Smith, junior journalism student from Paducah, has held the position of secretary of Women's Dorm 1, is a member of Press club and a pledge of Theta Sigma Phi.

Panze Butler, junior arts and science student from Lubbock, is a member of Freshman Honor Society, Spanish club, Sock and Shakin, Junior Council, Sigma Delta Phi, and Alpha Chi Omega. Panze was chosen as an A.W.S. representative to the A.W.S. convention in Chicago and is choral director for the Tech Varsity show.

Dorothy Cantrell, junior commerce student of Lubbock, has served as business manager of La Ventura and is a member of Sock and Buskin.

Jerry Taylor is a senior commerce student from Muleshoe, and is a member of Tech Chamber of Commerce. Jerry is also a member of Look Reviewers and has also taken an active part in the affairs of her dormitory.

The three boy nominees for head yell leader are: Dan Young, junior commerce student from Lubbock; Alan Nelson, sophomore engineering student from Lubbock; and Cleveland "Chubby" Cobb, sophomore commerce student from Lubbock.

Nominees for girl yell leader are: Doris Cornelius, junior home economics student from Floydada; Marjorie Tiedale, junior arts and science student from McAllen; Verdie Beth Eider, junior commerce student from Lubbock; Gloria Gene Holeyman, sophomore engineering student from Gladewater; Loretta Hodge, junior arts and science student from Paducah; Marilyn Anderson, sophomore commerce student from Farwell; and Frances Clark, junior arts and science student from Lubbock.

Elmer Hargrove, junior agricultural student from Rotan, is the only candidate for student representative to the Athletic Council. Elmer was elected to the same office in 1945, and is a member of Aggie club, the Plant Industry club, Tech War Veterans association, Saddle Tramps, and has served two years on the student council.

Election for these officers will be held on April 30 and May 1. Ballot boxes will be open from 9 a. m. to 12 noon only on these two days, and they will be located in the Administration building, Home Economics building, Engineering building, and Agriculture building. Students are urged to cooperate voting for the candidate of their choice.

Hatcher Addresses Students On West Texas History
Twenty-five students of McWhorter public school were given a lecture, covering the "History of West Texas" by the Museum Custodian, Averyn Hatcher last week. Averyn, in closing her discussion, exhibited various costumes of Mexico, which are kept in the Museum for such occasions. These costumes were traditional in Texas before the Texas Revolution.

"A Rotten Situation" . . .

The following editorial was printed in the Lubbock Avalanche April 20 and carried the heading, "A Rotten Situation." Since it is about the college and The Toreador has the same views about the situation, it is reprinted:

"An utterly asinine bit of 'sneak legislation,' rushed through during the closing hours of the last regular session of the legislature, has struck Texas Tech another blow—this time in the loss of Dr. W. B. Gates, head professor of English at the state institution here.

"Personally, the same muddle-headed legislation, which prohibits more than one member of a family from simultaneous employment by the same state institution, took from Tech's faculty Mrs. Gates. Like her husband, she is an extremely able teacher, Spanish and Portuguese being her specialties. An author of textbooks, Mrs. Gates admittedly is the state's No. 1 teacher of the Portuguese language so essential to persons planning residence in some South American areas.

"Mr. and Mrs. Gates—both with doctor's degrees—join the faculty of TCU on July 1, TCU, not a state institution, being able to employ its professors on a basis of what they can do in a classroom, regardless of to whom they are married. Because of bad judgment, peanut politics and by reprehensible tactics, Texas Tech loses two more good teachers and Lubbock loses two fine, intelligent, forward-looking citizens of 21 years residence.

"We are happy, of course, that both Doctors Gates are getting more remunerative posts and we wish them well, along with TCU. But we think the first thing that State Sen. Sterling Parish and State Rep. Preston Smith should do when next the legislature opens is to spearhead a drive to repeal the 'sneak legislation' whose very authors have hidden behind legislative secrecy to keep the public from knowing who they are. To permit this law to remain on the books means a continuation of loss not only to Tech, but to other institutions, as well."

Sportsmanship And Chow-Lines . . .

Much has been written in past years in The Toreador about sportsmanship. In fact, when students see the word in a headline they no longer read any further. They just pass it off as so much baloney dreamed up by some idealistic reporter or editor. This is one editorial that concerns that word and the residents of two college dormitories. It is about chow lines, as they were called in the Army and Navy, and people who crowd them.

Exasperating to many is the habit a few students have of crowding in front of a friend and saving five or ten minutes standing in line. Perhaps they think that just one person who cuts in ahead of about a hundred will make little effect on the length of time the rest have to sweat out the line. But multiply that by about fifty who have the same idea and it is easy to see the result.

We are not sure who is to blame for this condition. Perhaps it is the students, perhaps it is the social directors. We do know it could be remedied because there were no problems like this in the Army or Navy.

What is needed is a "de-egotizing" of a number of "privileged characters" who deem it unnecessary to spend their time, which to them may seem valuable indeed, in a common ordinary chow-line. If this is not done in the near future, the conscientious students will probably throw up their hands in futility and stage a small riot.

Flowers To Blitz And Chorus . . .

The twelfth annual presentation of "The Seven Last Words of Christ" was given before Easter by the Tech chorus under the direction of Dr. Julian Paul Blitz. This has almost become a tra-

BOTTLE SCARS

By LEON HALE Toreador Staff Writer

And it came to pass in the first year of the Great Period of Reconstruction that through the hallowed halls of a noble institution didst echo loudest cries of rejoicing from the multitudes, for a great proclamation hadst been issued from highest authority. The multitudes were granted three days and three nights of freedom, and this was called spring vacation.

And the multitudes, who were called students, were highly relieved, and rejoiceth in anticipation of these days of feasting and slumber. But lo, there dwelt in that institution an ancient one whom deemeth wise, but whom many in secret calleth a crackpot, and he wast known as a professor, and it pained him deeply to look upon the rejoicing students, for such wast the way with him, and he plotteth against them.

And cometh the day when the multitudes were to be set free, and the professor calleth unto him all the students over which he held sway, and from these he summoneth forth two men, one a noble lad, tall in stature and pleasing to the eye, and he wast well educated, and wast called a Senior. But lo, the other lad wast small and younger in years, and dumb as a post, and he wast called a Freshman. And the professor spoke unto the multitudes, saying:

"Verily, I say unto you, who loath and makes merry shall die an ignorant man, but he who is diligent in his studies shall prosper and be remembered forever. Behold these two men, one an educated and noble Senior, the other a lowly, uneducated Freshman, dumb as a post. Unto each of these I bequeath gold pieces ten in number, and bid them spend as they see fit and bring unto us the results that we may see the power of education."

And lo, he giveth unto them the gold pieces and bid them return when the holidays endeth, and exhibition should be.

This year the program was broadcast over the local radio station enabling residents of the Tech area to hear it. Lubbockites are impressed and interested in this Easter performance, but then there are Tech students.

Most of Tech did not even know it was being presented—not because they had not heard about it, but because they were too busy getting ready to go home or have a date or go to a show or just sleep. . . . These same students clamor for the advancement of Tech in every way possible, and complain at the lack of entertainment in the area.

It is more than likely that some people do not care for serious music, even at Easter. That is another case of every man to his taste. Nevertheless, our hats are off to Mr. Blitz and his chorus who worked so hard to make this a worthy product of the College, and it is up to student body to see that credit is given where it is due.

For the time spent in working up "The Seven Last Words of Christ," and for the twelve successive successful presentations of it, we thank you.

Summer Session Bulletin Out

The Registrar's office has just released an announcement bulletin for summer school, 1946, and also the long session, 1946-47, according to W. P. Clement, registrar.

This bulletin includes information concerning the opening of the dormitories, registration, and classes. It also contains important information for men and women with military service records. On the back of this bulletin there is an application blank for admission to Texas Technological college.

hibit the results of their investment.

And the mighty Senior went his way, all powerful and confident, and the lowly Freshman grieveh loudly, for he wast but an ignorant lad, and dumb as a post, and knoweth not how to make money. But lo, he decideth to follow the Senior, and seeing what the noble lad did, he would do likewise.

An the Senior journeyed unto a distant metropolis, and investeth in bonds and dabbeth in the stock market, and lo and behold, a wondrous thing came to pass, for the stocks payeth dividends, and he increaseth his gold pieces ten fold, and he rejoiceth greatly and went his way.

And seeing this, the Freshman went forth and did likewise, but lo, he investeth unwisely and loseth all but two of his gold pieces and he walleth and gnaweth his teeth, crying, "I am dumb as a post." And straightway went he unto a package store and spendeth his last two gold pieces on strong drink.

But lo, the Senior, seeing the Freshman tudge from the package store, approacheth him, and, as Seniors will, didst take the bottle amid the Freshman's loudest protests, drinketh the contents and left the Freshman naught but the bottle top, and he wast sad.

And lo and behold, a great change came over the Senior and he laugheth loudly and flaith his arms, and the Freshman held the bottle cap and looketh on in wonderment, as the Senior spake unto him, saying: "What is that shining in thine hand?" And the lowly Freshman, being dumb as a post, answereth: "It is a precious stone, worth many gold pieces, but I

Letters To Editor:

The Toreador will publish any letter that is of interest to the students or faculty of Texas Tech. According to the rules of the Publications Committee, any letter printed should be signed by the person writing and kept on file in The Toreador office for the school year. If you wish The Toreador please sign your name.

Dear Editor:

I have just received two copies of the Toreador, dated March 15 and 22, and it is still a good paper. Those are the first copies of the Toreador that I have seen since leaving Tech in December 1944. It was quite welcome.

I have a bit of news that I am sure will interest you. The Texas Tech Fight Song (new) has become quite popular up here at the Naval Academy. The story of how it got its start is a long one so we'll drop that matter. At least 200 men have learned it and when it is sung, it really sounds good. See LETTERS, Page 5

wouldst not sell it." But lo, the Senior demandeth that he sell the precious stone, and offereth all his gold pieces for it, and after much haggling, the Freshman took the gold pieces and giveth the bottle cap to the Senior and went his way.

And it came to pass that a day of reckoning didst arrive, and the multitudes returneth to the institution and the professor summoneth them before him and bid the two lads exhibit their spoils that the multitudes might see the power of education. And lo, the Senior arose and spake, saying that he hadst bought a precious stone worth many gold pieces. But lo and behold, when he drew it forth from his raiment, it wast naught but a bottle cap, and he wast greatly confused and the multitudes likewise.

And lo, the Freshman produceth countless gold pieces, and the professor passeth out, and the Senior and the multitudes did likewise, and the mystery wast never solved. Thus did a mighty Senior and a lowly Freshman, dumb as a post, exhibit the power of education.

Extension Division Has Varied Names

Abeyta, Brozowski, Dekoff, Feverson, Flaherty, Flanagan, Garza, Gonzalez—even a First Sgt. would stumble over the names on the progress report from the Division of Extension to the United States Armed Forces Institute.

O'Donnell, O'Flaherty, Olszewski, Ostrofsky, Przybylinski, Sozonovich, Skrobarczyk, Zahurak, and Zion read the names on the report which looking like a UNO roll call, is 20 feet and two inches long and 15 inches wide. The students, members of the Armed Forces, take accounting, business, math, and many other correspondence courses offered by the extension division.

All the students taking correspondence courses total 1,867, and the 20-foot report is covered with single spaced, typewritten names from top to bottom. Despite the quantity and the strangeness of the names, J. H. Millikin, Director of Extension, has had little trouble with the exception of one student who typed his lessons in English, only to surprise everyone by answering his exam questions in Polish.

Schmidt And Butler Return From AWS Regional Meet

Elizabeth Schmidt and Panze Butler returned Monday from Chicago where they attended the regional AWS meet at Northwestern University.

There were 16 states represented. Two representatives from Texas A & I were the only other representatives from Texas.

Discussions were carried on pertaining to various campus problems. The themes of the meet were "Government on Campus," "This Changing Campus," and "Campus Critique."

Goodman Named New Instructor In MS Department

Maj. John M. Goodman arrived on the campus last week to assume duties as assistant professor in military science and tactics. He is replacing Capt. Lewis E. Wunderlich, who has been assigned temporary duty at North Texas Agricultural college at Arlington.

Maj. Goodman, a Signal Corps officer, came here from Ft. Monmouth, N. J., by the way of Camp Crowder, Missouri. He will instruct advanced courses in military science and tactics.

Maj. Goodman graduated from the University of Texas in 1940 and entered the Army in March of 1941. He spent one year as an enlisted man before receiving his commission. He spent 13 months as instructor and tactical officer at the Signal Corps Officer Candidate school at Ft. Monmouth, after which he was transferred to Camp Ellis, Ill., where he was director of basic training in the signal unit training center. He then taught advanced ROTC in University of New York.

For the past two years, Major Goodman has been in the European theatre of operations. He has been cited for five campaigns, and wears the Bronze Star medal, American defense ribbon, victory ribbon, American Theatre ribbon, and European Theatre ribbon.

Cotton Research In Full Operation On Tech Campus

Texas Technological College has one of the best equipped laboratories for cotton research in any of the nation's colleges, according to Dr. W. M. Whyburn, Tech president, who recently returned from Memphis, Tenn., where he toured cotton mills, classing and sales rooms, and plantations with other college officials.

Textile engineering students at Texas Tech have an opportunity to view first hand the research work being conducted at Tech by observation and actual participation. This is an advantage which very few colleges can offer their students, Dr. Whyburn said.

Working on the Texas Tech campus now are two separate cotton research groups, the Texas Cotton Research Committee and the Chicopee Manufacturing Company's research laboratory. Their separate programs are independent of the educational program at the college yet at the same time all programs are closely coordinated.

During his trip to Memphis, Dr. Whyburn and John Leahy, Director of the Cotton Research Committee of Texas, conferred with officials of the National Cotton Seed Crushers Association and the National Cotton Council to discuss ways and means of expediting pending federal legislation which would provide for a much enlarged federally supported program of cotton research.

In particular, Dr. Whyburn and Leahy were interested in new equipment and new cotton processing procedures as related to research now being conducted at Texas Tech under the Texas Cotton Research Committee.

Recent Marriages OF FORMER TECH STUDENTS

Recent marriages of former Texas Tech students include:

Mona M. McCandless of Plainview, former student of Tech and PFD member, to John H. Tull, also of Plainview and ex-Techman.

Maria Navarri of Chinandega, Nicaragua, to Ewing Long of Abilene, Tech graduate and returned Army engineer.

Nell Elaine Watson of Eldorado to Floyd M. Spurgers, also of Eldorado. The bride formerly attended Tech.

Mrs. Bezena Snider of Falls to Harmon Denton of Littlefield, army veteran and former Techman.

Modena Hutson to Gordon Davis. Both are of Littlefield and the bride is a former Techman.

Margaret Tipton of Plainview, former Techman, to George D. Corn of Denver, Colo.

Robbie Lee Haynes of Borger, to William B. Fleck of Gruver, former student of Tech.

Ann Jeanette Dilley of Sanatorium, Tech graduate and member of Las Chaparritas, to John H. Johnston of Water Valley.

Dolores Judith Herbel of Booker, former Techman, to Capt. Thomas L. Butler of Fort Worth.

Marian Janet Anderson of Hinds, former student, to John Showers of Harrold.

Nancy D. Robinson of Hillsboro, former student, to Neal J. Thomas of Oklahoma City.

Mary Earl Alexander of Plainview to Lt. Eugene B. Blair, also of Plainview, former Techman and member of the College club.

Religious Council Elects Officers

Robert Baumgardner will serve as president of Tech's Student Religious Council next year, according to Norma Cleavinger, retiring president.

Officers were chosen at a meeting of Council members Thursday, April 4. Besides the election of the new president, Bob Fairchild was chosen vice president, Jackie Lewis, secretary, Gaylon Cothorn, treasurer.

Main activity of the year is Student Religious Emphasis Week which occurs each fall. A guest speaker addresses the student body every evening during this week. New officers will be installed next September.

Film Library Features Athletics, Agriculture

Athletics, Agriculture, Art, and Aviation are a few of the many subjects covered by films available through the Department of Visual Instruction. Camp's organizations and classes may use the films free of charge. A catalogue of 16 MM films has recently been issued by the division of extension and further information can be obtained by contacting Ruth Osborne, secretary in the division of extension.

The Brigade of Midshipman marched to the Georgia Tech-Navy game, the Michigan-Navy game and the Wisconsin-Navy game along the streets of Baltimore with the Texas Tech Fight Song.

I believe that these 200 men can out sing the student body at Texas Tech and someday I'll find out for sure.

These 200 men from every state in the union and no one of them went to Tech. There is only one other man besides myself up here who went to Tech. I do not include him in the 200, but I think that 200 out of 3,000 learning a song they never heard before and liking it isn't bad at all.

Wake up the Techsians. They don't know how lucky they are to have a school fight song like the one Fred Waring wrote for them.

Rylander Accepts Position With Congressman Mahon

Dorothy Rylander, Engineering Librarian and Secretary to the Engineering Faculty, recently accepted a position with Congressman George Mahon in Washington, D. C. Dorothy left for Washington on April 10. Marie Miles, part-time English instructor, will divide her business hours between the Engineering Library and the English division for the remainder of the Spring Semester.

Tickets are on sale now for the Freshman picnic April 27, and may be obtained from any officer of the Freshman class.

Editor's Note—Our thanks to Midshipman Furrh for the above letter. We agree with him that the Tech Fight Song is one of the best ever written and regret that so few of the present students are familiar with the words.

Red Raider Trackmen Journey To Tucson

Holding high hopes for points in at least five events, the Texas Tech Red Raider trackmen next weekend will be in Tucson for the annual Border conference meeting.

Coach Walker Nichols plans to take about 15 men to the meet, which will include all track events on Saturday and golf and tennis tournaments on Friday. Tech will not be represented in the Friday events.

The Red Raiders are doped to offer stiff competition this year to the Arizona mile relay team. Arizona for years has had a monopoly in this event but persons who have studied 1946 performances hold that Tech, with its quartet of Hewitt Allison, Bobbie Lewis, Charles Reynolds and Bill Kelley, may stage an upset and win. Coach Nichols this week and next is staging a series of quarter-mile contests and has announced he will run the four fastest 440-yard men on the quad in the relay. This may result in George Brewer or Bill Evans replacing one of those who have competed so far on the relay.

Last weekend at Canyon Lewis, Allison and Kelley finished one-two-three in the triangular meet with West Texas and New Mexico. Reynolds did not run in the 440 but clocked the best time of any man on the relay team.

The Raiders also expect Willie Florence to finish high in the discus, probably in first place. They also expect Walter Schlinkman to place in the shotput, James Cruser in the half mile run and the quarter miler to be well up in the money.

On the basis of performances by conference teams this year this group is the most probable point winners, with possibilities for further scoring from Brewer and Reynolds in the sprints, Brewer in the high jump, Reynolds in the pole vault and Maxey McKnight in the hurdles.

Accompanying the track team, in addition to Coach Nichols, will be Berl Huffman, basketball coach, who will attend a meeting of court directors, who is to meet with other officials; Morley Jennings, athletic director; Dean W. L. Stangel, conference representative, who will attend the annual business session of the conference committee; and possibly some others.

Dell Morgan, head football coach, plans to attend the annual meeting of the Southwest conference in Dallas.

Life With Exes

Second Class Petty Officer Wendell Coffey, visited friends in the Mechanical Engineering Department last week. He plans to re-enter Tech in the Fall to complete his Mechanical Engineering studies.

Ensign Jack Sublett, 1942 Industrial Engineering graduate was greeting friends on the campus recently. He was with the General Electric Company in Cleveland, Ohio, before going into the Navy. Jack expects to be discharged in June.

The parents of Edith Haddock, Commercial Arts graduate, announced her marriage on March 30th to Louis Weitzman. The couple will reside in Fort Worth, which is Edith's home town.

Word has been received that L. Shipman Tech agriculture graduate, has sold half of his agricultural interests at Tulla to H. N. Fitch, manager of the Justin Boot Co. of Fort Worth.

Ship is moving to Cleburne. Marion MacAtcheson, Chemical Engineer graduate of 1942, is in Lubbock visiting his sister, Mrs. M. J. Adeston, 3005 Twenty-second street.

Another ex-service man who plans

to enter Tech at the earliest possible date is Carroll Thompson. Carroll plans to re-enter Tech in the Fall in the Division of Agriculture.
