

Regent Collins reflects 'knowledge of Jesus'...

EDITOR'S NOTE This is the last of a three-part personality sketch of Regents Clint Formby, Frank Jurell and Bill Collins. Collins was appointed to the board in 1971 for a six-year term. He was elected chairman in 1972.

By LAYLAN COPELIN
Editor

A large, well-worn Bible sets on Bill Collins' desk, dwarfing the countless other mementos and awards of a 44-year career as shoe salesman, civic leader, president of Hemphill-Wells (a regional retail store) and Tech regent.

"This Bible is a great comfort to me. And there's not a day I can't see it. The principles contained in it — you can see a lot of marks in it — mean so much to me," said Collins, obviously pleased the book had been noticed.

"It's not for show; it's here for the comfort it brings me."

Asked his reaction to the rock-opera "Jesus Christ Superstar" when it came to Lubbock, he said, "Although I did not see the show, by what I heard, I cannot be overly impressed."

Collins said he has such an "awesome fear of the Lord and His power and His influence" that he has been hesitant to project his thinking into "Jesus Christ Superstar."

"I respect the Lord on a different plane

than a superstar. I consider Bill Walton (UCLA basketball team center) whom I saw on TV last night as a superstar."

Because of his "very close working relationship and knowledge of Jesus," Collins said he did not have to go to someone else "to tell me who's a star and who isn't."

Collins said he does not feel the issues in society have changed appreciably in the past few years.

"When I was in school (at Tech in 1928-32) evolution was a hot issue and many professors were considered agnostic. Today I am concerned about the moral decay of our society because I believe we tolerate too many things."

How does Collins react when Lubbockites complain about some "questionable" activity at Tech?

"I tell them it is primarily an administrative decision and that the board is only a policy-making body. But a day does not go by but that someone calls me about something happening at Tech — whether it is relaxation of liquor rules or homosexuality, which has been discussed thoroughly in your newspaper."

"I've had a call every day about that (University Daily (UD) story on

homosexuality). They wanted to know what on earth was wrong with me allowing a thing like that."

Though Collins does not endorse such stories, he tells the callers the UD "has freedom of the press" and is writing on subjects that all facets of the news media report.

He said he also believes students are "adult in mind enough" to read about such controversial subjects.

But he warns that "if you (UD) publish a story that makes someone stumble, then you will be held accountable."

Collins came to Tech from Brownfield in 1928.

He played center on the freshman football team until he injured his nose.

Although Tech did not have the recruiting program it does today, Collins said as many as 100 would try out for the Matador team that played such schools as Hardin Simmons, Canyon "Normal" and sometimes a "powerhouse" like Southern Methodist.

After his injury, he played drums in the 75-piece Matador Band.

In 1929, Collins began his 44-year career with Hemphill-Wells, selling shoes.

"I love selling shoes. There's more to it

than meets the eye. You have to know the bone structure of the foot and the bone structure of the head in being able to make a sale."

Collins was promoted through the various departments at Hemphill-Wells to the vice presidency until Spencer Wells, a founder of the store, died in 1956.

Collins was then elected president, "the highest honor bestowed upon me."

He and his wife, Emmaceades, are avid fans of Tech sports.

Collins likes to "spout" about the sports complex: "Our football and basketball programs are so cleanly run. And I can say the same for all sports at Tech. Our recruiters don't make promises to recruits that they can't keep."

"Tech does not pay an athlete to come and play. And it makes me so proud that I have known athletes we could have had if we had we just shelled the money down or a job or a car."

At 62, Collins faces retirement in a few years.

"I like what I am doing right now. I can never be happy just playing golf every day."

He can at least look forward to serving his "deep love" — Tech — for four more years.

... 'awesome fear of Lord,
His power, influence'

Tech students make third trip to student senate polls

Tech students—or at least six per cent of Tech students—went to the student senate polls Monday for the third time in as many weeks.

And they elected themselves a slate of representatives which boasted a number of new faces but few incumbents.

But at least two official question marks remain: one in the Home Economics race where an as yet unscheduled run-off

Baker's talk opens Tech Black Week

By TONY BATT
Staff Writer

Calling Tech a "highly insensitive college," Ken Baker, president of Student Organization for Black Unity (SOBU) remarked Monday, "Our struggle is not over. It is alive and well here in Lubbock, Texas and on the Texas Tech campus."

Baker made his comments in the Ballroom of the University Center during his address which opened Tech's third annual Black Week.

"I hope to silence critics of Black Week who would saturate the UD papers next week saying we should not have Black Week but integration instead and a White Week," Baker said.

Much of Baker's speech dealt with the "cross-cultural experience," a term which he said meant many things to many people.

"To some," said Baker, "the cross-cultural experience means nothing more than the total assimilation of non-whites and other minorities into a dominantly white society. Others call it integration."

In reference to integration, Baker claimed most white people never think about the process as their responsibility.

He said whites think blacks should bear the cost.

Baker also called for the economic and psychic liberation of African-American people, commenting that blacks constitute a culture within another culture.

"We must determine our place in the world because we are an African people and I might add in a very non-African land," he said.

Baker ended his speech by saying blacks should be willing to sacrifice if they want to attain total freedom.

"If we ever get free from the oppressions heaped upon us, we must sacrifice and be prepared to sacrifice our lives if necessary."

Assistant Zoology Prof. Emory Davis followed Baker's speech with a few remarks in which he praised Tech's black students and labeled West Texas and Tech a "vast sea of whiteness."

Davis also congratulated the administration for allowing such a week for the university's blacks, saying there are schools which would prohibit a similar week of activities.

will decide the winner of the college's third seat, and another in the Graduate School where two seats remain vacant because only one candidate vied for three positions.

Home Economics write-in candidates Paul Clover and Syd Hornaday will seek the vacant seat.

Of 13 incumbents who again sought to represent Tech's eight colleges, 11 were re-elected.

Thirty-five senators were elected in all. And 1278 Tech students voted in the almost unpublicized balloting.

The individual colleges, the number of votes cast there, and the senators elected to represent them include:

Agriculture, 41, Robert Duncan, Dan Kinsel, Darrel Shepard;

Arts and Sciences, 596, Bill Allen, Ken Baker, Mike Bedwell, Jan Birdwell, Joan Birdwell, Shad Brooks, Bob Carr, Tom Carr, Tish Corley, Charlie Gonzales, Cindy Martin, Clive McLeland, Shannon McWilliams, Dick Robie and Keith Williams;

Business Administration, 342, Jody Ellis, Coy Johnson, Greg Jones, Rick Sorenson, Larry Stockton, Jack Swallow, Pat Swindell and Luke Wulfjen;

Education, 114, Mannti Cummins;

Engineering, 110, Martin Atwood, Mike Bausch, Ralph Grimmer, Karen Hogg; Graduate, 15, Gary Lambert;

Home Economics, 59, Pat Fowler, Kay Ford;

Law, 1, Bob Vint.

A referendum asking, "Are you in favor of pre-registration?" the only

other matter on the ballot aside from the senate races, passed with a resounding 794 yes votes to 34 no votes.

One of the poorest publicized elections in recent Tech history, Monday's balloting was not even publicized in the University Daily.

The original senate election of March 21 was invalidated because poll workers in the executive election, one week earlier, had marked the wrong numbers on student ID cards, preventing some eligible voters from casting ballots in the senate race.

The second attempt at electing

Houston cattle rustling on rise

HOUSTON (AP) — An increase in cattle rustling in the Houston area was linked Monday with higher meat prices.

Walter Wetzell of Dickinson, five-county area agent for the Texas and Southwestern Cattle Raisers Association, estimates cattle rustling in Harris County alone has increased 75 per cent since the start of the year.

R. L. Gaston, sheriff of Fort Bend County, linked an increase there with meat price increases and said some of the stolen livestock ends up at barbecue stands and in grocery stores that do not question the source of the meat.

Wetzell travels about 80,000 miles a year checking on property thefts in Harris, Galveston, Montgomery, Waller and Austin counties.

He says he has checked 15 livestock

senators was throttled by the failure to hire enough poll workers for the April 2 repeat balloting.

The lack of workers caused the University Center box to be opened late and some polls never opened.

Election Commission Chairman Brent Thomas estimated the total cost of all four elections at more than \$700.

He said the present senate has only allocated about \$350 for election purposes.

"The senate directed us (the election commission) to pay the ballot counters for

this latest election but did not allocate funds for their salaries," Thomas said.

"This is typical of the old senate's handling of important matters," he added. "I have higher hopes for the incoming senate."

Thomas said the 24 ballot counters,

Senate OKs Human Relations

AUSTIN, Tex. (AP) Plans for a permanent Texas Human Relations Commission won majority approval Monday of a Senate Committee but aroused loud protests from Republican Sen. Walter Mengden, Houston.

"This is just another case of the federal government setting up programs for the states to fund because they don't have the courage to fund them and tax the people," said Mengden.

"I suggest we let the federal government gag on a program they don't want to run."

Sen. O. H. Harris, R-Dallas, joined Mengden in voting against the measure but seven other senators of the Senate

most of whom worked from 8 p.m. until about midnight Monday are to be paid \$1.60 an hour each, amounting to approximately \$350.

Prior to this election, such workers had been employed on a volunteer, non-paid basis, according to Thomas.

Human Resources Committee approved it for floor debate.

A similar measure is already on the House debate calendar.

The bill, by Sen. Chet Brooks, D-Pasadena, would set up nine full-time members to enforce racial equality laws in Texas.

James R. Ray, on leave of absence from the Commission on intergovernmental Relations, testified the bill was designed to satisfy the 1972 Civil Rights Law.

"The feds say if you don't do it, we are going to do it through the Equal Employment Opportunities Commission," he said.

Icy rain falls as family plots Picasso's funeral

By MICHAEL GOLDSMITH
Associated Press Writer

MOUGINS, France (AP) — Icy rain fell on the Riviera home of Pablo Picasso all day Monday as his family met in secrecy to discuss funeral arrangements for the century's most influential artist.

His son Paulo, appearing at the gate of the villa to let in members of the family, told newsmen nothing had been decided.

"There is nothing definite yet," said Paulo. "You know, the death of my father causes problems."

He refused to speak at length with newsmen at the closely guarded gate.

But authoritative sources confirmed earlier reports filtering out of the villa that the family wanted a private funeral, perhaps away from the Cannes area.

Paulo, son of Picasso's first wife Olga, refused to explain what he meant by problems surrounding Picasso's death.

The painter died Sunday at age 91 from a heart attack and fluid on the lungs.

His body lay in a bedroom in his hilltop home surrounded by white flowers.

Armand Anteby, Picasso's business manager and an attorney, indicated to newsmen Picasso had left no will directing the disposal of thousands of paintings, worth perhaps millions of dollars, stored in various rooms in the villa.

Whether this was one of the problems alluded to by Paulo was not clear.

Paulo, 52, arrived at the villa late Sunday.

He joined the painter's widow, Jacqueline, 47, and her daughter, Catherine, by a previous marriage.

Picasso's three illegitimate children, known to have been on uneasy terms with Jacqueline, did not come to Mougins.

They were his daughter Maya, born of his liaison with Marie Therese Walter, and a son, Claude, and a second daughter, Paloma, born of his liaison with French artist Françoise Gilot.

Several years ago, Claude and Paloma lost a French court case in which they tried to force Picasso to legitimize them.

They are expected to launch new proceedings to claim a share of the painter's immense inheritance, including millions of dollars worth of paintings.

The villa "contains a greater wealth in modern paintings than most of the world's museums," said one friend of the family.

"Picasso collected not only his own paintings but those of his greatest contemporaries, including Matisse, Modigliani and Braque. The house is an artist gold mine."

Picasso kept up his intense artistic activity to the very end of his life and was still painting in the early hours of the morning of the day he died.

The only insider to talk to newsmen at the gate was Picasso's Italian born gardener, Jacques Barra.

Visibly moved and shaking with emotion, Barra said he was allowed to enter the dead man's room to embrace him for the last time.

"He is dressed in a gray suit and is lying on his bed surrounded by white gladiolas," Barra said. "He has a peaceful expression on his face as though he were asleep."

Doctors implant first U.S.-produced nuclear-powered heart pacemakers

By JAMES GERSTENZANG
Associated Press Writer

NEWARK, N.J. (AP) — Doctors implanted the first American-made nuclear-powered pacemakers in the hearts of volunteer patients Monday.

The atomic devices are expected to last five times longer than battery-powered models.

Seven patients received the plutonium units about the size of cigarette lighters early in the day.

Eight similar operations are planned this week.

The operations were the first approved by the Atomic Energy Commission although a French model has been implanted in about 20 patients in the United States and many more in Europe.

A pacemaker modifies irregular heart beats by sending out electric signals.

It can keep the heart going at the normal rate of 73 beats per minute.

Among the patients receiving atomic pacemakers Monday was Max Spieler, a 60-year-old meat inspector for the U.S. government.

Given a local anaesthetic, he was conscious during the hour-long operation and met with reporters minutes after leaving the operating room.

"I feel very good, all charged up," he said.

Spierer, from Nutley, N.J., is president of the Pacemakers Foundation, a group he organized to promote research in the field.

He was one of the first persons to volunteer for a nuclear-powered pacemaker four years ago.

The youngest patient to undergo the operation was Roxanne Hutchinson, a 12-year-old school cheerleader from Grand Rapids, Mich., who brought her uniform to the hospital for "good luck."

She suffered her first heart attack at the age of five weeks and had her first pacemaker when she was 22 months old.

Monday's operations were at the Beth Israel Medical Center and nine other hospitals are expected to implant 39 nuclear pacemakers in the next few months.

Dr. Lawrence Gilbert, one of four

surgeons performing the operation, said, "the amazing significance is in the fact that these people were being operated on every two years and now it may be every 20 years."

Conventional models, now used by some 60,000 Americans, are powered by electrical batteries and must be replaced after about 18 months.

The nuclear model, weighing about three and a half ounces and powered by plutonium 238, a radioactive isotope, is expected to last 10 years or more.

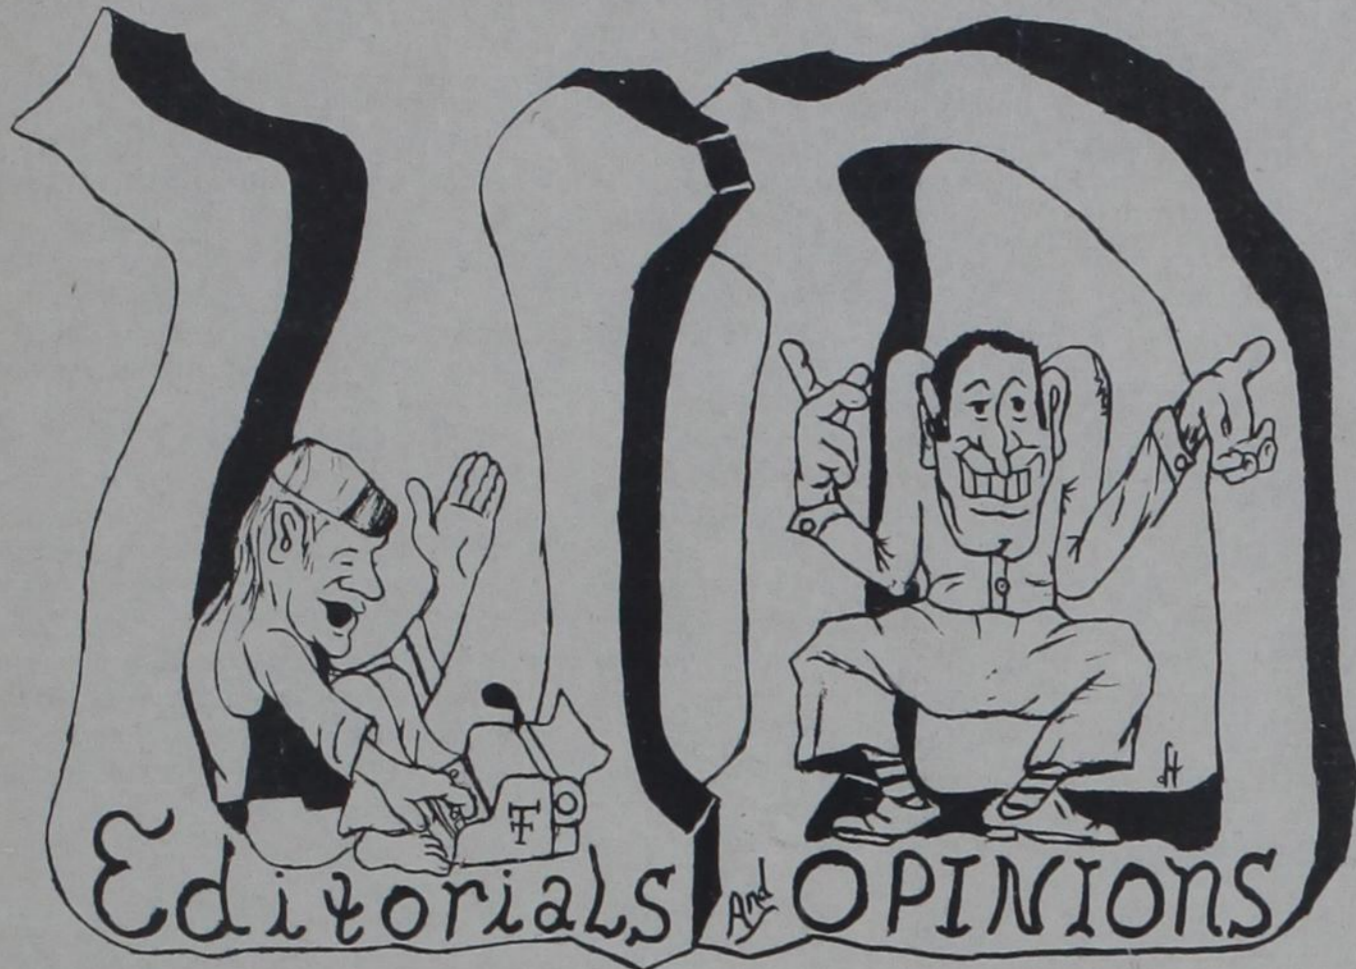

Their protective capsules are believed to be strong enough to withstand direct impacts of bullets, a hospital spokesman said, and give off less radiation than a radium dial on a watch.

Each patient will carry home a telephone monitoring device and periodically call the hospital to have the pacemaker activity checked.

The federal government is paying for the implants in the first 54 volunteers around the nation.

The estimated cost is about \$5,000 per pacemaker.

'What the hell do you want with another tech?'

R. B. McAlister, local KSEL man and state representative, possibly is a good friend of Tech although he ducked out when the opportunity came a few years ago to get the name "Texas State University" for our obviously non-technical university. Now he faces the problem of how to get a real, honest-to-God tech for the Lubbock area without being embarrassed by his ties to the sordid politicians who lied and cheated to per-

petuate the silly "Tech" name. With a critical shortage of technicians facing the Lubbock area, Rep. McAlister says only that a branch of Texas State Technical Institute (the state's publicly-operated technical training facility) is politically impossible to obtain. Yet by logic this is exactly what Lubbock needs, far more so than did the four smaller Texas cities, Waco, Sweetwater, Amarillo and Harlingen, with

Texas State Tech facilities. And never mind that Lubbock has quite adequate academic facilities, the gut need in the area is for true technicians to operate the farms and feedlots, the repair shops and restaurants. It is obvious that our politicians can't ask for a Texas State Tech facility because they would be confronted with some variation of the retort, "What the hell do you need with

another tech? We gave you 'Texas Tech University' in 1969 when you bellyached that you couldn't spell "Texas Technological College," and besides, my arm is still sore from the twisting it got back then from your big TT pushers like Preston Smith and Gus Mutscher and Doc Blanchard. So get lost." So instead Rep. McAlister will ask that Lubbock be granted a

technical branch of Levelland's South Plains College. Right on, Mac! That thinking is about par for the geniuses who gave us that cornball "Texas Tech University" to try to explain to the academic world. Please withhold my name as I don't want Grover and Doc and Preston and that funny-looking editor of the Avalanche-Journal bugging me. Name withheld

Band guilty of absenteeism?

Pardon us, but what happened to the Court Jesters? Tech won the SWC title and made it to the first round of playoffs; the cheerleaders and fans were there, but where was the band? It seems that, of all times, the Court Jesters could have managed to accompany the team to Wichita to play the biggest game of the year. What's the deal? Houston and South Carolina both had bands there—and they had to come a good deal further than the distance from Lubbock to Wichita. Any of the 500 or so Tech fans who were in Wichita for that game would probably have liked to have the Court Jesters representing Tech to the fans from three other states and four universities there. Not to mention the fact that it was almost impossible to yell above the South Carolina band. Right, Cheerleaders?

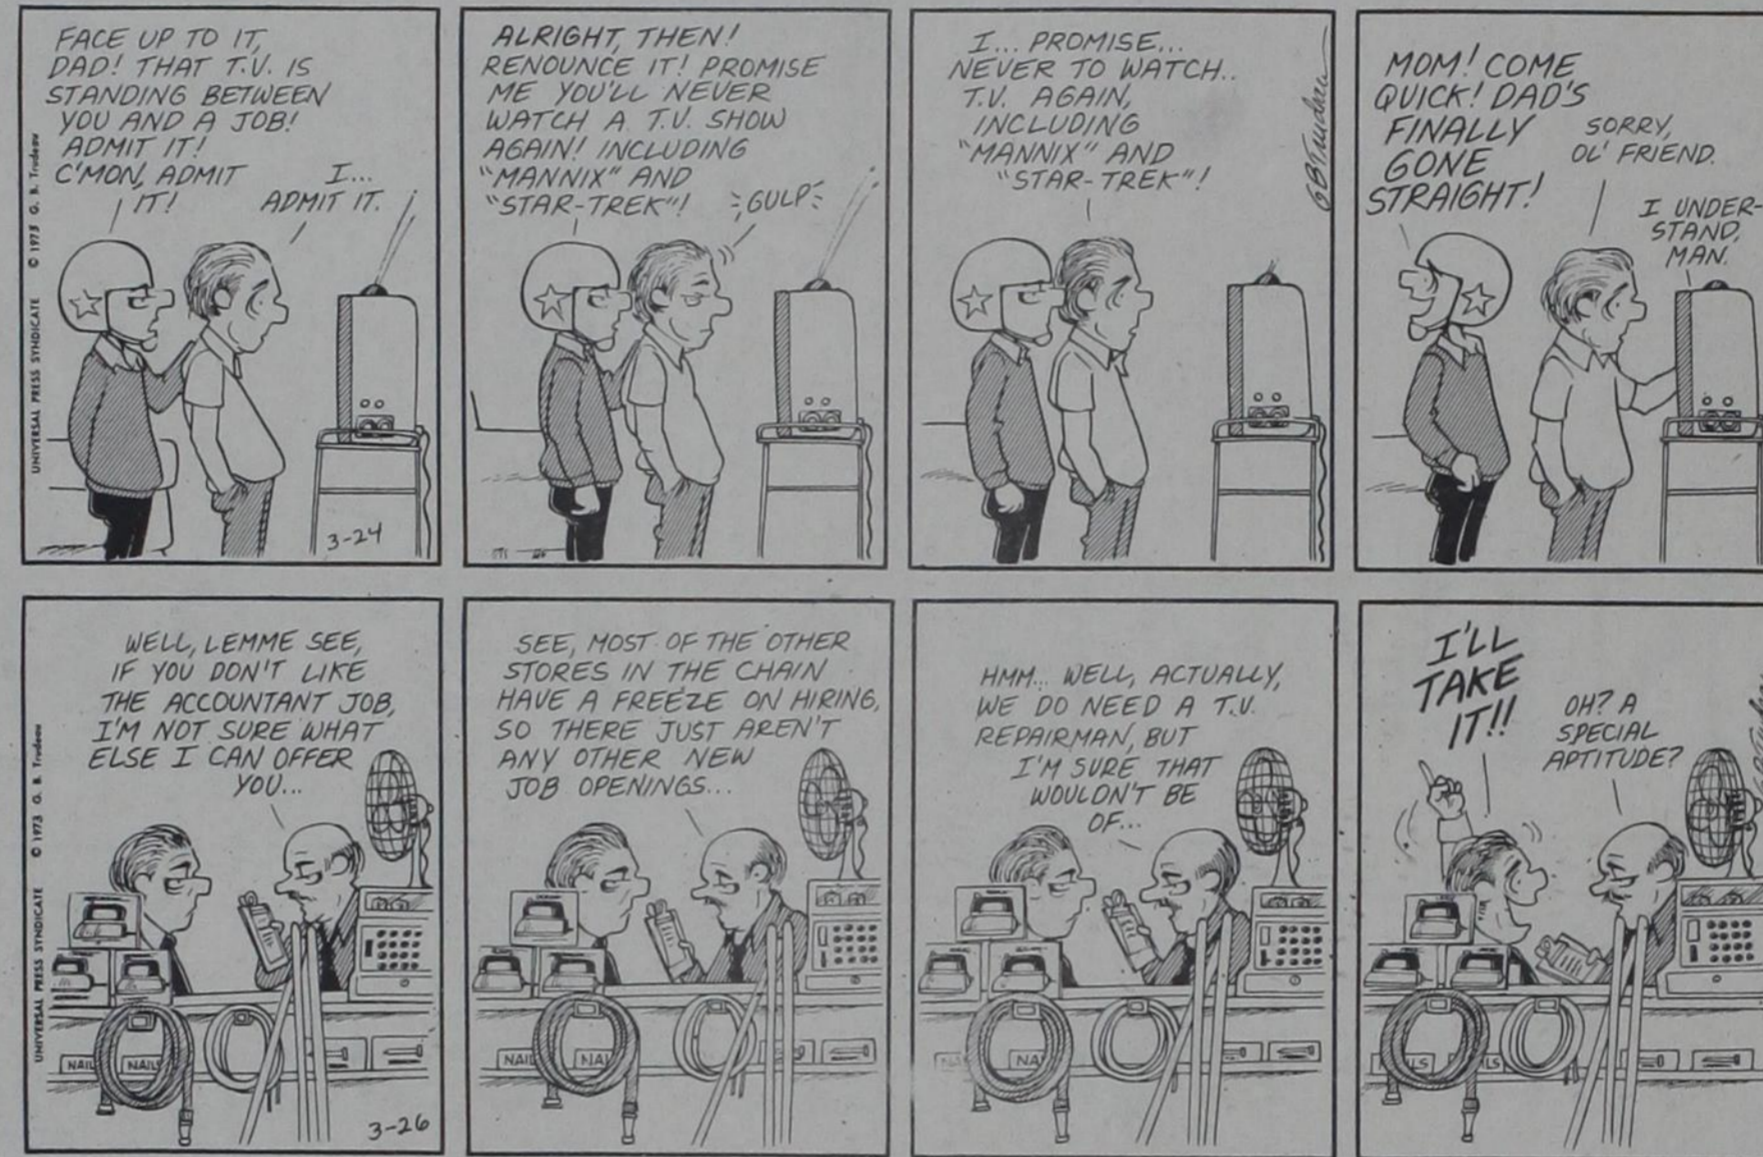

If the Court Jesters are going to try to give us that old song of "no money," they better find one that sounds better than that. Other organizations work to raise money for activities—what puts the Court Jesters

above doing that? For a game so special as the one played in Wichita, they should have made every effort to be there—and cared enough to get there. To the Raiders and Gerald Meyers—congratulations! As Tech Exes, now living in a rival state, we're proud of you and looking forward to your going even further next year!

Don & Belinda Crosier
Class of '72 & '70
Oklahoma City, Oklahoma

(EDITOR'S NOTE: The Court Jesters is a voluntary organization. The members performed at every game during the Christmas holidays but one—and they were at the Sun Bowl at that time. Band Director Dean Killion said university bands do not raise money for their activities because all of their time is spent rehearsing. The South Carolina and Houston bands' trips to the regional basketball games were funded by their athletic departments. Athletic Director J T King said, "The matter of sending the Court Jesters never came up.")

National Airlines announces this year's Spring and Summer Youth Fares* to Europe. Fly us.

Starting April 15, you can fly to Europe at special low fares if you're between the ages of 12 and 21 and can show a passport as proof.

We'll fly you to Miami where you can make a convenient connection with our 6:05 pm nonstop to London. You arrive in London bright and early the next morning, where you can either stay or make a convenient connection and fly to any city on the continent.

You can't make youth fare reservations more than 7 days prior to departure. There are no other rules. And once your reservation is made, your seat is guaranteed.

You don't have to worry about those seemingly endless, complicated regulations the Charter flights have. And you don't have to worry about the flight being cancelled either.

For reservations call your travel agent or National Airlines at 800-535-6764.

Houston roundtrip to:	Youth Fares (12 thru 21)	
London	\$353 ¹	\$385 ²
Paris	365 ¹	390 ²
Frankfurt	370 ¹	392 ²
Tel Aviv	594 ¹	655 ²
Rome	370 ¹	392 ²
Amsterdam	365 ¹	390 ²
Madrid	365 ¹	390 ²
Athens	455 ¹	477 ²
Brussels	365 ¹	390 ²
Copenhagen	370 ¹	392 ²

¹Effective April 15 thru May 31 ²Effective June, July, August
³Effective April 15 subject to governments' approval.

Daily 747 Service from Miami to London starts May 1

Need help with your school costs?

Why not let the Army help you finish school? Did you know that the Army has a Senior Year Scholarship program for College Women? The Army will pay you over \$500.00 a month during your senior year. You need to apply during your junior year. After graduation you serve as an Army officer for two years, with a variety of meaningful career opportunities.

If you're curious, send me the coupon.

TECH'S UNIVERSITY THEATER opens Thursday a five-night run of "Mary Stuart." Above, are Reg

Grant as Mortimer, Mary's young admirer, and Jeanne Everton as Elizabeth I.

'Mary Stuart'

Drama to open Thursday

"Mary Stuart," Frederick von Schiller's absorbing drama about the history-making conflict between Elizabeth I of England and Mary, Queen of Scots, opens a five-performance run Thursday in Tech's University Theater. Produced by an all-student cast under the direction of Speech Prof. Larry Randolph, the play is to be presented at 8:15 p.m. through April 16.

Tickets are \$2 with a special rate of \$1.50 for non-Tech students and \$1 to Tech students with validated ID cards. Reservations may be made by calling the University theater box office. Appearing as the Scottish queen will be Jane Ratliff, a senior theater arts major. Ratliff has won acting credits in several Tech productions, notably for her portrayal of

Mrs. Higgins in "Pygmalion" and as Eleanor in "The Lion In Winter."

Jeanne Everton is cast as the aging but indomitable Elizabeth whose decisions as a reigning monarch run counter to her personal desires as a woman. A graduate student at Tech, she has been seen in university productions of "Marat-Sade," "The Death and Life of Sneaky Fitch," and "The Country Wife."

Elizabeth's advisors will be played by Richard Maggi as Shrewsbury, Keeper of the Seal; Charles LeBorde as Burleigh, Lord High Treasurer, and Wade Parks as the queen's favorite, the charming but unstable Leicester.

Reg Grant appears as Mary's young and impetuous admirer, Mortimer, and Vicki Newell portrays her lifetime companion, Hannah. Mike Scudday is cast as Mary's jailer, the stern but honest Paulet.

Richard Privitt plays County Aubespine, ambassador from the court of France, and Mike Pennington is Davison, secretary to Queen Elizabeth.

Guards are played by Bob Starr, Trey Lackey and Paul Bicking.

Costumes for the Tech production were designed by Randolph and the sets are the work of Wayland Winstead, technical director of the theater.

Trans-Alaska pipeline may get OK

WASHINGTON (AP) — One congressional committee may vote and another will begin hearings this week on bills that would permit construction of the controversial trans-Alaska pipeline.

The Senate Interior Committee is slated to consider on Tuesday a bill to authorize

Interior Department permits for wider pipeline corridors across federal lands than are allowed by law.

A House Interior subcommittee will begin a hearing Wednesday on related legislative proposals.

The Supreme Court last week upheld a lower court ruling that

a proposed right-of-way for the pipeline would be wider than permitted under the 1920 Mineral Leasing Act.

The 880-mile pipeline proposed by energy firms combined as the Alyeska Co. would require a corridor about twice the federal law's 54-foot limit.

The line would carry oil from the North Slope to the ice-free Gulf of Alaska port of Valdez, for shipment by tanker.

Interior Committee Chairman Sen. Henry Jackson, D-Wash., has said that it may be possible for the committee to vote on his right-of-way bill Tuesday, after one work session.

The bill would amend the mineral leasing law and provide general guidelines for utility rights-of-way across public land.

It could apply either to the trans-Alaska pipeline or to the alternative Alaska-Canada pipeline that has been recommended by some Midwestern members of Congress.

The Canadian Pipeline would be more than twice as long as the proposed \$3.5-billion trans-Alaska project, and would carry oil to a Midwestern point on the U.S.-Canada border.

Bills to authorize the trans-Alaska and Canada pipelines are before the House and Senate Interior committees.

The House subcommittee plans hearings April 11-18-19 and May 1.

The trans-Alaska project also faces opposition on environmental grounds.

Conservation groups took the case to court, alleging requirements of a federal environmental protection law had not been met by the Interior Department and Alyeska.

The courts ruled only on the right-of-way issue and still may have to take up the environmental question.

JP court set-up hit

Court revision plans opposed

CORPUS CHRISTI (AP)—Former State Supreme Court Chief Justice Robert Calvert said today that "a few strident voices" have done "a pretty good hatchet job" on state court improvement plans.

Calvert, who is head of the Task Force for Court Improvement, spoke to the Nueces County Bar Association.

He said stands taken by some local officials toward court reorganization are both "unreasonable and unreasoning."

Calvert said that a resolution adopted by the District and County Attorneys' Association indicated it was "drafted by some person either too ignorant to read plain English or so determined to defeat the entire proposal as to falsify the facts."

He said the reaction of the Justices of the Peace and Constables Association was "equally violent" and that a handful of non-lawyer county judges seem to be "determined to hold onto judicial power, although not trained for that type of service."

Calvert said that if the efforts to rewrite one small part of the state constitution for court improvement brings on "opposition from self-interest

groups which crows legislators into submission," then he fears for the efforts to rewrite the entire constitution next year.

"What we will need more than anything else in the legislators'

Revere's ride called fantasy by historian

BOSTON (AP) — "Listen my children, and you shall hear," a lot of flack about Paul Revere—thanks to an article in this month's Smithsonian, a publication of the Smithsonian Institution.

The article, by Boston historian Richard W. O'Donnell, said much of the romance of Revere's ride, as recounted in Longfellow's poem, is pure fantasy.

Longfellow had Revere waiting for a signal from the Old North Church to tell him how the British were going to move on the patriots' ammunition store at Concord.

Among other things, the article said, Revere never saw the lanterns. The article also said Revere found many famous patriots, including the venerable John Hancock, out late with girl friends.

Comment came Thursday from a 41-year-old great-great-

grandson of the original Revere, who said, "There's no doubt in my mind that the original Paul Revere made that ride."

"If he didn't do it, why would the Massachusetts Historical Society have published a book, containing a photostatic copy of Revere's own account of the event?"

Author O'Donnell in his article said Revere made a ride, but not to Concord. He rode to Lexington to warn patriots Sam Adams and Hancock to flee the British who were coming to arrest them.

The Rev. Robert B. Gollidge, vicar of Old North Church, said, "It's no news to me that Longfellow's ballad is full of holes. That's what I tell half a million tourists who visit here every year."

Drug seminar planned; narcotics to be shown

"Everything you ever wanted to ask about drugs, but were afraid to know" is a unique drug seminar in that it is strictly an informative and educational experience.

The seminar will be Wednesday at 7:30 p.m. in the BA lecture hall, room 202. It is sponsored by the Management 331 class at Tech.

Jim Meyers, from the Narcotics Division of the Lubbock Police Department, will identify examples of various drugs. Kent Hance, practicing attorney and Tech professor, will discuss the legal aspects of drug abuse. Dr. Wallace Hess, Tech's athletic

team doctor, will speak on "Drugs as Seen by a Physician." Dr. Robert Justis, consultant for the United States Office of Education on Drug Abuse, will also speak.

AMONG THOSE SINGING major roles in the opening night performance of "Don Giovanni" April 13 will be, from left, Carol Faucett as Donna Elvira, Steve Davis as Don Ottavio and Peggy Dossett as Ottavio's fiancée, Donna Anna. The Tech Music Theatre production of the Mozart opera will be repeated April 14. Performances start at 8 p.m. each evening in the Lubbock Christian College Auditorium.

Music theater to present adventures of Don Juan

LUBBOCK — Don Juan whose legendary amorous adventures have delighted opera audiences for more than 300 years reaches the Lubbock stage Wednesday and Thursday in the Tech Music Theatre's production of Mozart's "Don Giovanni."

Performances, in English, are scheduled to begin at 8 p.m. each evening in the Moody Auditorium at Lubbock Christian College.

Tickets, priced at \$2.50 for adults, \$1.50 for students and 50 cents for children, are on sale at the Tech University Center and at several stores in Lubbock.

"Don Giovanni," considered by most critics to be Mozart's greatest work, had its premiere

performance in Prague in 1787. The libretto by Lorenzo Da Ponte blends comedy, melodrama and the supernatural in recounting the saga of a Spanish libertine whose reckless exploits provided material for dramatists as early as 1630.

Mozart's Don Giovanni (Don Juan), after a life of amorous conquests, meets defeat in three encounters—with Donna Elvira, whom he has deserted and who has followed him; with Donna Anna, whose father, the Commandatore, he kills in his escape from an unsuccessful attempt at seducing the daughter, and with the peasant Zerlina, whom he vainly tries to lure from her betrothed, the bumpkin Masetto.

All vow vengeance on the unscrupulous adventurer and his harassed servant Leporello. Don Giovanni's destruction and deliverance to hell are accomplished, however, by the statue of the Commandatore, the "stony guest" who accepts his mocking invitation to supper.

Several of the principal operatic roles are double cast to provide a broader showcase for student talent, said Dr. Campbell Johnson, director of the Tech production.

Performing Friday will be Floyd Montgomery as Don Giovanni, Joseph Faucett as Leporello, Peggy Dossett as Donna Anna, Carol Faucett as Donna Anna, Jedda Jones as Zerlina, Steve Davis as Anna's fiancée, Don Ottavio, Jeff Berta as the Commandatore, and Benjamin King as Masetto.

Heading the Saturday cast will be Tim King as Don Giovanni, G. B. "Buddy" Pedigo as Leporello, Edward Quillin as Don Ottavio, guest artist Sara Peek Newcomb of Lubbock as Donna Anna, Mary Wilson as Donna Elvira, and Mimi Bruner as Zerlina, with Berta and King repeating their roles as the Commandatore and Masetto.

There also will be an open rehearsal at 1:30 p.m. Thursday, April 12, in the LCC auditorium. Admission will be free to LCC students and \$1 for others. Tickets will be available at the door.

Instrumental music for the production will be provided by the Tech Chamber Orchestra and vocal accompaniments by the Tech Stage Chorus under direction of Prof. Larry Frazier. Staging is under direction of Prof. John Gillas.

Picasso leaves large art collection in safe

By HARVEY HUDSON
Associated Press Writer
PARIS (AP) — Pablo Picasso didn't seem to worry about money. He had so much, there was little reason to. He kept most of his capital in works of art, the prices of which have been steadily mounting.

Picasso made more money out of painting than any other artist in history.

There is no solid base for making guesses because no one knows how many of his own paintings he locked away in the vault at his home. Only Picasso had the key, and he let only a handful of outsiders ever get a peek inside. He had done 201 paintings in the past three years.

During a career that covered more than 75 years of com-

mercial painting, Picasso is estimated to have done more than 15,000 works in oil. By comparison, Rembrandt, who died at age 63, is credited with 2,800. Picasso was 91 when he died Sunday.

Two Picasso works were sold to the Basel Museum for \$1.95 million, the highest price ever paid for a living artist's work. In December 1971, a painting of a mother and child was withdrawn from auction at Christie's in London after the final bid reached \$735,000.

Picasso owns many paintings from the same periods as those that sparked the high prices in Basel and London. His works from the early blue and rose periods and paintings touching on his personal life are usually the most sought after.

Normally, prices shoot up after an artist's death. But if a flood of Picassos should go on the market, this could be a depressing factor.

Mystery surrounds the dispersion of this vast heritage of art, that also includes hundreds of paintings from other modern masters that Picasso acquired in trades. Works by Matisse, Raoul Dufy, Modigliani, Henri Rousseau and others were scattered helter-skelter around Picasso's home in Mougins. None were framed and the walls of the house were bare.

Aggie of Year to be announced at honor dinner

The Aggie Council and Alpha Zeta will co-sponsor an honors banquet Thursday in the University Center Ballroom. The "Aggie of the Year," Tech's most outstanding agricultural student will be recognized during the banquet as well as the outstanding teacher in the College of Agricultural Sciences.

Each of the departments within Agricultural Sciences will also recognize students with high grade point averages. Tickets for the banquet are \$2.50 for students and their guests and \$3 for faculty members and others.

Robert Reed

China to return to Taiwan for another summer as director of the Metal Industries Research Institute in the Ministry of Economic Affairs in Kaohsiung. This will be the fifth consecutive summer which he will have served in this capacity.

Larry D. Mills, sponsored by the Block and Bridle club, has been chosen Aggie of the Month for March. Mills is a junior pre-vet major with a 3.79 overall GPA. He is a member of Block and Bridle, and Alpha Zeta pledge trainee, a member of the Rodeo Association, and has been on the Dean's List every semester he has been at Tech.

Tech will host the literary contests of the District 4-AAAA University Scholastic League April 7 and the Region 1 Conference 4-AAAA A and B meet April 12-14. Both literary and athletic events will be attended by participants from Lubbock's Coronado, Lubbock and Monterey high schools and Plainview, Hereford and Snyder high schools. About 700 contestants will compete in the district meet.

The regional meet is one of four in the state which will meet later in the month in Austin.

Melvin Lee Owen, senior business administration major at Tech, has been named outstanding accounting student and has been recognized by the Texas Society of Certified Public Accountants. The Accounting Excellence Award and gold tie pin were awarded at a recent meeting of the CPA.

Francis J. Behal, Ph.D., of the Medical School has been named to serve on a state Steering Committee which will

conduct studies in selected areas of allied health education in Texas. Behal is professor and chairman of the Medical School's department of biochemistry and allied health, an associate dean of the Graduate School and an associate dean for research for the School of Medicine. The steering committee is being appointed to identify specific areas of allied health education needing study and will make recommendations to the Regional Medical Board on matters relating to allied health education in Texas.

Shawqi Salem Karadsheh, a Jordanian, is studying soil and water conservation and control of soil salinity at Tech under the sponsorship of the United Nations Food and Agriculture Organization. Karadsheh is presently learning modern soil reclamation techniques which he will use in implementing desert agricultural projects after he returns to Jordan.

Tau Beta Pi, scholastic engineering honorary, has admitted the first woman to membership in the history of the fraternity. She is Karen Hogg of Odessa, a junior studying for a degree in industrial engineering.

Department Chairman Richard A. Dudek said, "The engineering profession needs more women." He explained that women graduates do well and are sought after both by production and service industries.

Hogg has served as a student senator, as a member of the University Center Program Council and the Engineering Student Council.

Four West Texas Hospitals have recently signed education and training affiliation agreements with the Tech School of Medicine.

The four are: High Plains Baptist Hospital — Amarillo, Midland Memorial Hospital — Midland, Memorial Hospital — Kermit, and Ochilree General Hospital — Perryton.

The new affiliations bring to 22 the number of health care institutions in West Texas now affiliated with the School of Medicine.

Dr. P. K. Koh, Professor of Mechanical Engineering, has been invited by the Republic of

Cancer deaths hit high

WASHINGTON (AP) — The U.S. cancer death rate reached a 22-year high in 1972, according to a new federal report.

The National Center for Health Statistics said last year's cancer mortality rate was 166.8 per 100,000 deaths, compared with 161.4 a year earlier.

The preliminary data are based on a non-random sampling of 10 per cent of each state's death certificates.

The actual cancer death rate has increased 66 per cent since mortality figures were first gathered nationwide in 1933, closely paralleling the 64 per cent increase in the proportion of population in the high-risk over-55 age group.

The rate of increase was 3.35 per cent in 1972, almost three times the annual average since 1950.

If you're good enough, you can be a Navy Nuclear Officer.

Aboard every Navy nuclear-powered ship, there are officers from colleges just like this one. The point is that to be considered for this extraordinary program, you don't have to go to the Naval Academy... or join the NROTC. What the Navy needs now are some very special college graduates who aren't afraid to find out how good they really are. Who will consider our extensive and demanding training program (designed by the Atomic Energy Commission), the most exciting challenge of their lives. A challenge that offers an ambitious college graduate an exciting future as a Naval Officer, with his first assignment being a nuclear-powered surface ship or submarine.

Talk it over with your local recruiter. Call him at 747-3711 (Ext. 604). Or send in the attached coupon.

Be a success in The New Navy.

SA opens department positions

TODAY
The Tech choir will give a concert at 8 p.m. Tuesday in the Garden Room of St. John's Methodist Church.
The program presented by the 80-voice choir under direction of Gene Kenney will include compositions by Poulence, Chavez, Randall Thompson, Aaron Copland and Brahms.
There is no admission charge.
Turkish Folk Dancer Bora Ozkok will conduct dance workshops in the dance studio of the Women's Gym at 9:30 a.m., 10:30 a.m., 1:30 p.m., 2:30 p.m. and 8 p.m. Tuesday. Admission is 25 cents for students and 50 cents for adults.
Beta Alpha Psi will conduct tutoring sessions from 6:30 to 8 p.m. Tuesday for students at 235 students in room 268 of the Business Administration Building.
The Tech Young Republicans will meet at 7:30 p.m. Tuesday in the Mesa Room of the University Center. Club officers for the 1973-74 year will be elected.
Astronomical Geologist Dr. E. S. T. O'Driscoll will speak on "Basement Tectonics and Fold Patterns-Kinematic Models Approach" before the department of geosciences and the Lubbock Geological Society at 3:15 p.m. Tuesday in room 233 of the Science Building.
Dr. Joseph Callaway, chairman of the department of physics and astronomy at Louisiana State University, will lecture at 3:30 p.m. Tuesday in room 60 of the Science Building.
Women in Communications members will meet at 6:30 p.m. Tuesday in the Conference Room of the Journalism Building to host a reception for high school students interested in majoring in mass communications in college.
The Tech Choir will present a concert Tuesday at 8:15 p.m. in the University Center Ballroom.
Senior members of Mortar Board will meet Tuesday at 9 p.m. at 2411 29th St.
Students interested in making a spring bus tour to New York City with stops in Chicago, St. Louis, Niagara Falls, Washington, D.C., and Philadelphia will meet at 7 p.m. Tuesday in room 102 of the Art Building. The tour, costing \$179 for motel and travel, will last from May 8-21.
WEDNESDAY
The Block and Bridle Club will meet at 7:30 p.m. Wednesday in the Ag Engineering Auditorium.
The Tech Fashion Board will present its Spring and Summer Fashion Show at 7 p.m. Wednesday in the Croslin room of the Tech Library. Fashions from The Ranch, shoes from The Bootery and hair by Dianne will be shown. Music will be provided by Jack Mahaffe and Darrell Turner. Admission is free and the show is open to the public. For additional information call 742-6617 or 742-8139.
Mrs. Jean Jenkins, director of the Tech Placement Service, will speak to Phi Eta Sigma,

freshman men's honorary, at 7 p.m. Wednesday in room 168 of the Business Administration Building. Her topic will be "Professional Identification of the Graduating Senior." Members applying for officer positions next year may turn in their applications at this time.
Wednesday Night at the Movies, a Free University class, will present the original 1931 version of FREAKS, and a Mickey Mouse cartoon at 7:40 p.m. in room 57 of the Science Building.
Pi Omega Pi will meet Wednesday at 7:30 p.m. in BA Rm. 77. Guest speakers will be Newt Robison, personnel director at Hemphill Wells, Grace Ann Bryan, vice-president of American State Bank, Pauly Carmichael, personnel director at Methodist Hospital and Kline Nall, from Radio Lab.
Dr. Joseph Callaway, chairman of the department of physics and astronomy at Louisiana State University, will lecture at 10:30 a.m. Wednesday in room 111 of the Science Building.

THURSDAY
The Aggie Council's Aggie Honors Banquet will be at 7 p.m. Thursday in the University Center Ballroom. The Aggie of the Year, the Teacher of the Year and students with high GPAs and other outstanding individuals will be recognized.
The American Institute of Industrial Engineers' final meeting of the semester will be at 7:30 p.m. Thursday in room 110 of the Engineering Hall. Guests will be J. V. Perrin and Joe Wait from the Pantex Plant in Amarillo.
Eta Sigma Phi and Senior Classical League will meet at 4:45 p.m. Thursday in the Quaila Room (room 9) of the Foreign Language and Math Building. The program will be the play, "You Were There," produced by Tech classics students.
Dr. Joseph Callaway, chairman of the department of physics and astronomy at Louisiana State University, will speak at 10:30 a.m. Thursday in room 111 of the Science Building and at 3:30 p.m. in room 60 of the Science Building.
The Lubbock Conference on Abortion will be Saturday, April 14, beginning at 9 a.m. in the Law Building. Attendance is limited to 150 persons, and there is an \$8 registration fee. Pre-registration may be arranged by making checks payable to The Lubbock Conference on Abortion, University Ministries, 2412 13th St., Lubbock, 79401.
Inter Varsity Christian Fellowship will have a Bible study and fellowship at 7:30 p.m. Thursday at 2223 Main Apt. B.
Christian Science Organization will have its weekly meeting at 8:10 p.m. Thursday in Room 208 of the UC. Campus Girl Scouts will meet at 7:30 p.m. Thursday in Room 209 of the UC.
The Army and Air Force

ROTC will have the annual President's Retreat at 4:40 p.m. Thursday at the Tech Band Practice Field south of the Music Building.
FRIDAY
Dr. Joseph Callaway, chairman of the department of physics and astronomy at Louisiana State University, will speak at 10:30 a.m. Friday in room 111 of the Science Building.
Members of Phi Eta Sigma, freshman men's honorary, who wish to apply for an officer's position for next year may leave their applications in room 101 of the English Building before 5 p.m. Friday. Interviews will be Saturday morning in room 117 of the English Building.
SATURDAY
Phi Epsilon Omicron will have a workday for old and new officers at 9 a.m. Saturday in the Home Economics Dining Room.
The University Center International Interests Committee is sponsoring a reception honoring single international students from 2 to 4 p.m. Saturday in the Tech Ex-Students Home on campus. Interested faculty and staff are also welcome.
The University Chess Club will meet at 10 a.m. Saturday in the UC.
The Delta Phi Epsilon pledge-active game and auction will be at 2 p.m. Saturday at Richard Mayer's.
SUNDAY
Margaret Cavanagh, soprano, and Joyce McLaughlin, violin, will give a senior recital at 3 p.m. Sunday in Seaman Hall.
Mass Communications Awards Banquet will be at 7 p.m. Sunday at Vann's Catering. The price for tickets is \$2.50 per person. Recipients of scholarships as well as awards will be announced. For ticket information call 792-1744 or buy tickets from any Mass Communications Student Advisory Committee member or room 103 in the Journalism Building.

TUESDAY
The newly tapped members of Mortar Board will meet at 9 p.m. Tuesday.
Phi U will have a dinner party at Coronado High School to recognize honor students in Home Economics Tuesday.
Dr. S. M. Kennedy, professor of government and vice president of academic affairs, will speak on "The Geopolitics of Eastern Europe" before the regular monthly meeting of the Tech Slavic Club "Slovo" at 7:30 p.m. Tuesday in Room 270 of the BA Building.
THIS MONTH
"Black Holes, Galaxies and Quasars" will be shown at 3

p.m. Saturday and Sundays through April in the Tech Museum Planetarium. Admission is 25 cents for students, including Tech students with IDs, and 50 cents for adults. Members of the West Texas Museum Association will be admitted free. Children under six are not admitted.
"Profiles in Jewelry '73" is now on exhibit in the gallery of the Art Building. There will be 51 pieces of distinctive workmanship and design on display until April 20. Week day visiting hours at the gallery are from 1:30 to 4:30 p.m., Monday through Friday. There is no admission charge.
The department of anthropology is offering courses in Patzcuaro and Michoacan, Mexico, during the second summer term. Interested students should call Professor Richard Salzer at 742-2227 or the department of anthropology office at 742-6293.
Any women's organization interested in coverage in Tech Tips should contact Jane Terry in room 233 of West Hall immediately.
The Missouri Club sponsors math labs to help freshman and sophomore math students 3:30 p.m. to 5:30 p.m. Monday and Wednesday and 3 p.m. to 5 p.m. Tuesday and Thursday in room 106 of the Foreign Language and Math Building.
Deadline for applying for the scholarship in memory of Diane Dorsey is April 16. Phi Beta Phi sponsors the scholarship of \$200 annually. Persons with a major can apply and applications may be picked up in 131 West Hall.
Applications for Fashion Board officers for fall of '73 are now being accepted. They are

available on the Fashion Board display bulletin board outside Room 103 of the Home Economics Building or call 742-8139 or 742-6617. The applications must be turned in Home Economics Box 11 by April 13 at 4:30 p.m. All club members will vote on the officers at the regular club meeting April 18.
Applications for the Free University Committee for 1973-74 are available at the Program Office of the UC through April 13. Interviews will be conducted April 11-13 in the Program Office.
The New York Spring Tour, May 8-21, with stops in Chicago, St. Louis, Niagara Falls, Washington, D.C. and Philadelphia, is open to Tech students. The tour will be \$179 for travel and motel costs; transportation will be by bus. A \$70 deposit is required and the balance is due before April 15. Reservations may be made by calling tour sponsors Bill Guild, 795-9643 or 742-7146; Jim Romburg, 763-7618; Jerry Robinson, 894-3676 in Levelland; or Betsy Jarmon, 765-7065. Meetings for people interested in going on the tour are scheduled at 7 p.m. each Tuesday in room 102 of the Art Building.
Beta Alpha Psi is sponsoring Accounting Emphasis Week April 16-19. All students and the public are invited to attend the programs in room 352 of the BA Building.
Sigma Pi Sigma, physics honorary is holding their initiation banquet at 7 p.m. April 26 in the Faculty Club at the UC. Nobel Laureate P. Kusch will be the featured speaker and the public is invited to attend. Tickets may be purchased at the office of the physics department.

Executive office positions have been opened by Student Association (SA) President-elect Rickey Alexander.
Positions in five general areas are available to students who fill out applications and are interviewed, according to Alexander. Five departments in the executive branch of the SA have tentatively been formed by Alexander in place of a cabinet.
The departments are student affairs, student services, academic affairs, governmental affairs and business affairs.
Under these departments will be such areas as black and chicano student affairs, student organizations, cultural events, athletics, University Center (UC), recruitment, a secretary for fiscal affairs and numerous other interest areas.
Applications for the positions can be obtained at the SA office of the UC through Friday, April 13.
Interview times will be set up as applications are filled out.

Dr. Joseph Callaway, chairman of the department of physics and astronomy at Louisiana State University, will lecture at 3:30 p.m. Tuesday in room 60 of the Science Building.
Women in Communications members will meet at 6:30 p.m. Tuesday in the Conference Room of the Journalism Building to host a reception for high school students interested in majoring in mass communications in college.
The Tech Choir will present a concert Tuesday at 8:15 p.m. in the University Center Ballroom.
Senior members of Mortar Board will meet Tuesday at 9 p.m. at 2411 29th St.
Students interested in making a spring bus tour to New York City with stops in Chicago, St. Louis, Niagara Falls, Washington, D.C., and Philadelphia will meet at 7 p.m. Tuesday in room 102 of the Art Building. The tour, costing \$179 for motel and travel, will last from May 8-21.
WEDNESDAY
The Block and Bridle Club will meet at 7:30 p.m. Wednesday in the Ag Engineering Auditorium.
The Tech Fashion Board will present its Spring and Summer Fashion Show at 7 p.m. Wednesday in the Croslin room of the Tech Library. Fashions from The Ranch, shoes from The Bootery and hair by Dianne will be shown. Music will be provided by Jack Mahaffe and Darrell Turner. Admission is free and the show is open to the public. For additional information call 742-6617 or 742-8139.

FRIDAY
Dr. Joseph Callaway, chairman of the department of physics and astronomy at Louisiana State University, will speak at 10:30 a.m. Friday in room 111 of the Science Building.
Members of Phi Eta Sigma, freshman men's honorary, who wish to apply for an officer's position for next year may leave their applications in room 101 of the English Building before 5 p.m. Friday. Interviews will be Saturday morning in room 117 of the English Building.
SATURDAY
Phi Epsilon Omicron will have a workday for old and new officers at 9 a.m. Saturday in the Home Economics Dining Room.
The University Center International Interests Committee is sponsoring a reception honoring single international students from 2 to 4 p.m. Saturday in the Tech Ex-Students Home on campus. Interested faculty and staff are also welcome.
The University Chess Club will meet at 10 a.m. Saturday in the UC.
The Delta Phi Epsilon pledge-active game and auction will be at 2 p.m. Saturday at Richard Mayer's.
SUNDAY
Margaret Cavanagh, soprano, and Joyce McLaughlin, violin, will give a senior recital at 3 p.m. Sunday in Seaman Hall.
Mass Communications Awards Banquet will be at 7 p.m. Sunday at Vann's Catering. The price for tickets is \$2.50 per person. Recipients of scholarships as well as awards will be announced. For ticket information call 792-1744 or buy tickets from any Mass Communications Student Advisory Committee member or room 103 in the Journalism Building.

TUESDAY
The newly tapped members of Mortar Board will meet at 9 p.m. Tuesday.
Phi U will have a dinner party at Coronado High School to recognize honor students in Home Economics Tuesday.
Dr. S. M. Kennedy, professor of government and vice president of academic affairs, will speak on "The Geopolitics of Eastern Europe" before the regular monthly meeting of the Tech Slavic Club "Slovo" at 7:30 p.m. Tuesday in Room 270 of the BA Building.
THIS MONTH
"Black Holes, Galaxies and Quasars" will be shown at 3

Executive office positions have been opened by Student Association (SA) President-elect Rickey Alexander.
Positions in five general areas are available to students who fill out applications and are interviewed, according to Alexander. Five departments in the executive branch of the SA have tentatively been formed by Alexander in place of a cabinet.
The departments are student affairs, student services, academic affairs, governmental affairs and business affairs.
Under these departments will be such areas as black and chicano student affairs, student organizations, cultural events, athletics, University Center (UC), recruitment, a secretary for fiscal affairs and numerous other interest areas.
Applications for the positions can be obtained at the SA office of the UC through Friday, April 13.
Interview times will be set up as applications are filled out.

Dr. Joseph Callaway, chairman of the department of physics and astronomy at Louisiana State University, will lecture at 3:30 p.m. Tuesday in room 60 of the Science Building.
Women in Communications members will meet at 6:30 p.m. Tuesday in the Conference Room of the Journalism Building to host a reception for high school students interested in majoring in mass communications in college.
The Tech Choir will present a concert Tuesday at 8:15 p.m. in the University Center Ballroom.
Senior members of Mortar Board will meet Tuesday at 9 p.m. at 2411 29th St.
Students interested in making a spring bus tour to New York City with stops in Chicago, St. Louis, Niagara Falls, Washington, D.C., and Philadelphia will meet at 7 p.m. Tuesday in room 102 of the Art Building. The tour, costing \$179 for motel and travel, will last from May 8-21.
WEDNESDAY
The Block and Bridle Club will meet at 7:30 p.m. Wednesday in the Ag Engineering Auditorium.
The Tech Fashion Board will present its Spring and Summer Fashion Show at 7 p.m. Wednesday in the Croslin room of the Tech Library. Fashions from The Ranch, shoes from The Bootery and hair by Dianne will be shown. Music will be provided by Jack Mahaffe and Darrell Turner. Admission is free and the show is open to the public. For additional information call 742-6617 or 742-8139.
Mrs. Jean Jenkins, director of the Tech Placement Service, will speak to Phi Eta Sigma,

freshman men's honorary, at 7 p.m. Wednesday in room 168 of the Business Administration Building. Her topic will be "Professional Identification of the Graduating Senior." Members applying for officer positions next year may turn in their applications at this time.
Wednesday Night at the Movies, a Free University class, will present the original 1931 version of FREAKS, and a Mickey Mouse cartoon at 7:40 p.m. in room 57 of the Science Building.
Pi Omega Pi will meet Wednesday at 7:30 p.m. in BA Rm. 77. Guest speakers will be Newt Robison, personnel director at Hemphill Wells, Grace Ann Bryan, vice-president of American State Bank, Pauly Carmichael, personnel director at Methodist Hospital and Kline Nall, from Radio Lab.
Dr. Joseph Callaway, chairman of the department of physics and astronomy at Louisiana State University, will lecture at 10:30 a.m. Wednesday in room 111 of the Science Building.

THURSDAY
The Aggie Council's Aggie Honors Banquet will be at 7 p.m. Thursday in the University Center Ballroom. The Aggie of the Year, the Teacher of the Year and students with high GPAs and other outstanding individuals will be recognized.
The American Institute of Industrial Engineers' final meeting of the semester will be at 7:30 p.m. Thursday in room 110 of the Engineering Hall. Guests will be J. V. Perrin and Joe Wait from the Pantex Plant in Amarillo.
Eta Sigma Phi and Senior Classical League will meet at 4:45 p.m. Thursday in the Quaila Room (room 9) of the Foreign Language and Math Building. The program will be the play, "You Were There," produced by Tech classics students.
Dr. Joseph Callaway, chairman of the department of physics and astronomy at Louisiana State University, will speak at 10:30 a.m. Thursday in room 111 of the Science Building and at 3:30 p.m. in room 60 of the Science Building.
The Lubbock Conference on Abortion will be Saturday, April 14, beginning at 9 a.m. in the Law Building. Attendance is limited to 150 persons, and there is an \$8 registration fee. Pre-registration may be arranged by making checks payable to The Lubbock Conference on Abortion, University Ministries, 2412 13th St., Lubbock, 79401.
Inter Varsity Christian Fellowship will have a Bible study and fellowship at 7:30 p.m. Thursday at 2223 Main Apt. B.
Christian Science Organization will have its weekly meeting at 8:10 p.m. Thursday in Room 208 of the UC. Campus Girl Scouts will meet at 7:30 p.m. Thursday in Room 209 of the UC.
The Army and Air Force

ROTC will have the annual President's Retreat at 4:40 p.m. Thursday at the Tech Band Practice Field south of the Music Building.
FRIDAY
Dr. Joseph Callaway, chairman of the department of physics and astronomy at Louisiana State University, will speak at 10:30 a.m. Friday in room 111 of the Science Building.
Members of Phi Eta Sigma, freshman men's honorary, who wish to apply for an officer's position for next year may leave their applications in room 101 of the English Building before 5 p.m. Friday. Interviews will be Saturday morning in room 117 of the English Building.

Conference on abortion scheduled for Saturday

The Lubbock Conference on Abortion at Tech University Saturday will offer participants legal, theological and medical views of abortion.
The question has thrust a new perspective on society since the Supreme Court ruled the Texas abortion law unconstitutional. This left the state with no legislative control over the practice.
The Supreme Court held in effect that abortion is a matter of privacy between a woman and her physician.
Sponsoring the Lubbock conference are the Tech School of Medicine and the Tech department of biblical literature and school of law.
a.m. in the Law School Building, will be recorded and proceedings published. Attendance is limited to 150 persons, and the \$8 registration fee covers the purchase of the proceedings. Pre-registration may be arranged by making checks payable to The Lubbock Conference on Abortion, and sending them to the University Ministries, 2412 13th St., Lubbock, Texas 79401.

TECH RUNNING BACK John Garner (35) finds tough going up the middle during the Raiders scrimmage session Saturday. For the day,

Garner picked up 85 yards on 12 carries and was the leading rusher. Receiver Andre Tillman looks for someone to block on the play.

Schutz shines in opener

By JEFF KLOTZMAN
Sports Writer

Tech's soccer team got a taste of international competition last weekend in Denton at the North Texas Invitational Soccer Tournament and found it a little too spicy to handle.

The Raiders, flying high after bombing the University of Texas at El Paso (UTEP) 4-0 in the opening round, were shot down in the second round 2-0 by the eventual champions, Monterey Technological Institute of Mexico. The second round loss eliminated the Techs from any further play and doomed them to a third place finish.

Tech's loss to Monterey was caused by the absence of the Raider's starting halfbacks, Coco Saunero and Carlos Pineda, who were unable to make the trip; and a powerful Mexican offense which badgered the Techsan defense. Tech was able to stay even with their South of the Border counterparts through two-thirds of the contest but finally fell behind the game's waning moments.

Monterey drew blood on tip-in shot that sailed by Tech goalie Bill Jacks. Jacks had easily blocked the first shot attempted by the Mexican's center-forward but was unable to hang on to the shot which would have forced a goalie kick. The ball instead, spurted out of Jack's reach and landed in front of a Monterey Tech lineman who put in the rebound past the out-

positioned goalie.

Monterey's second score came on a shot which deflected off the leg of Tech defenseman Mike Benson into the net. Monterey's right forward aimed a crissing pass to his trailing left forward but the hard hit ball struck Benson instead and carried into the net. Jacks, caught completely off guard, was unable to make a stab at the ball.

Against UTEP, the Raiders right-winger Tom Schutz had a field day scoring three goals. Schutz's first tally came on an assist from Dennis Helman. Helman, passing from his left-wing position, found Schutz all alone on the right side of the field and the "Blonde Bomber" connected for the easy goal.

Schutz made it 2-0 by route of an assist from David Collins, Collins, moving down the center

of the field drew the defense to the left side of the goal while flipping the ball to Schutz who was trailing behind on the right. The result was an empty net which Schutz easily tapped the ball into.

Schutz completed the three point performance on a breakthrough shot which somehow evaded the Miner goalie. The

shot, taken from a poor angle, just cleared the side of the goal and flew over the outstretched goalie's hands.

Coach Geoff Harley got the final tally for Tech when he scored on an assist from half-back Johnny Spiegleberg. Spiegleberg started the play's activities by evading several defensemen then passing to Harley who boomed a shot that

bounced over the UTEP net-tender's head into the goal.

Schutz was not dejected about Tech's loss in the second round because he felt Monterey Tech was the best team he had ever played against. "I feel they are about the best collegiate team I have ever seen," commented the Blonde Bomber. "We played well but it would take a super effort to beat them."

Top recruit signs letter of intent with Raiders

By BROOKS TINSLEY
Sports Editor

The Tech Red Raiders took a giant step in the battle of basketball recruiting by signing guard Steve Dunn from H. Grady Spruce High School in Dallas. Dunn is the third signee by Tech to date.

Dunn, a 6-3 all-district guard, averaged 23 points a game this season and also pulled down some ten rebounds per outing. He had 26 points in a losing cause in the city championship game against Dallas' South Oak Cliff High.

For the year, Dunn hit on 47 per cent of his shots from the field and 70 per cent of his free throw attempts. He also averaged four assists a game.

Dunn was named Most Valuable Player on the Dallas Morning News all-greater Dallas. In the championship game of the Dr. Pepper basketball tournament, an annual pre-season tourney held in Dalls. In the championship game of the tourney, Dunn scored 40 points.

Dunn's high school coach, John Paul Fultz, said of Dunn, "Steve was the whole show for us. His penetration on offense was tremendous and he completely took control of a close ball game. His leadership was outstanding and he always came to play."

Raider boss Gerald Myers said, "Dunn was one of the top guard prospects in the state. He's got good size for a guard and will help us greatly."

Aggie netters invade Lubbock

By MIKE HALLMARK
Sports Writer

Texas A&M hits Lubbock Tuesday for a dual match at the varsity courts with the Tech tennis team. The Aggies will be a bit leery of the Raider stamping grounds as they have heard disturbing tales filtering from Rice University about the Techsan hospitality.

The Raiders will be glad to return to the familiar surroundings of "The Hub" after being overmatched with a fourth-ranked Houston Cougar team over the weekend. Tech was blanked by the Coogs, 7-0. However, Lubbock was the scene of the Techsans upset over conference favorite Rice only a week ago.

Walter (Butch) Hammerick will duel the Aggies ace, Bill Wright, at the number one

singles position. Hammerick has had several good showings of late including this win over Rice star Emilio Montano and a strong showing against Houston's Lee Merry.

Stan Morris will be up against the Aggies' number two man, Bill Hoover. James Chisholm will face Dan Courson at number three. John Moffet will have his hands full at the fourth slot as he takes on the Aggies' freshman sensation Carter Lomax. Terry Bennett rounds out Tech's line-up against Kermit Smith.

Doubles pairings will be Hammerick-Bennett against Lomax-Courson at the number one position. Number two doubles finds Bennett-Moffet playing Hoover-Wright.

"Texas A&M has to be ranked near the top in the conference,"

said George Philbrick, Tech tennis coach. "Their number one doubles team of Lomax-Courson won at the Rice Invitational Tournament and that is no small feat. A&M beat Oklahoma at the Corpus Christi Invitational and the Sooners were ranked 13th nationally at the time."

Raider baseballers set intrasquad game

Raider baseballers went to work Monday on the first decent day in two weeks. Coach Kal Segrist had no complaints about the series with Texas and said, "We've just had a lack of proper workout."

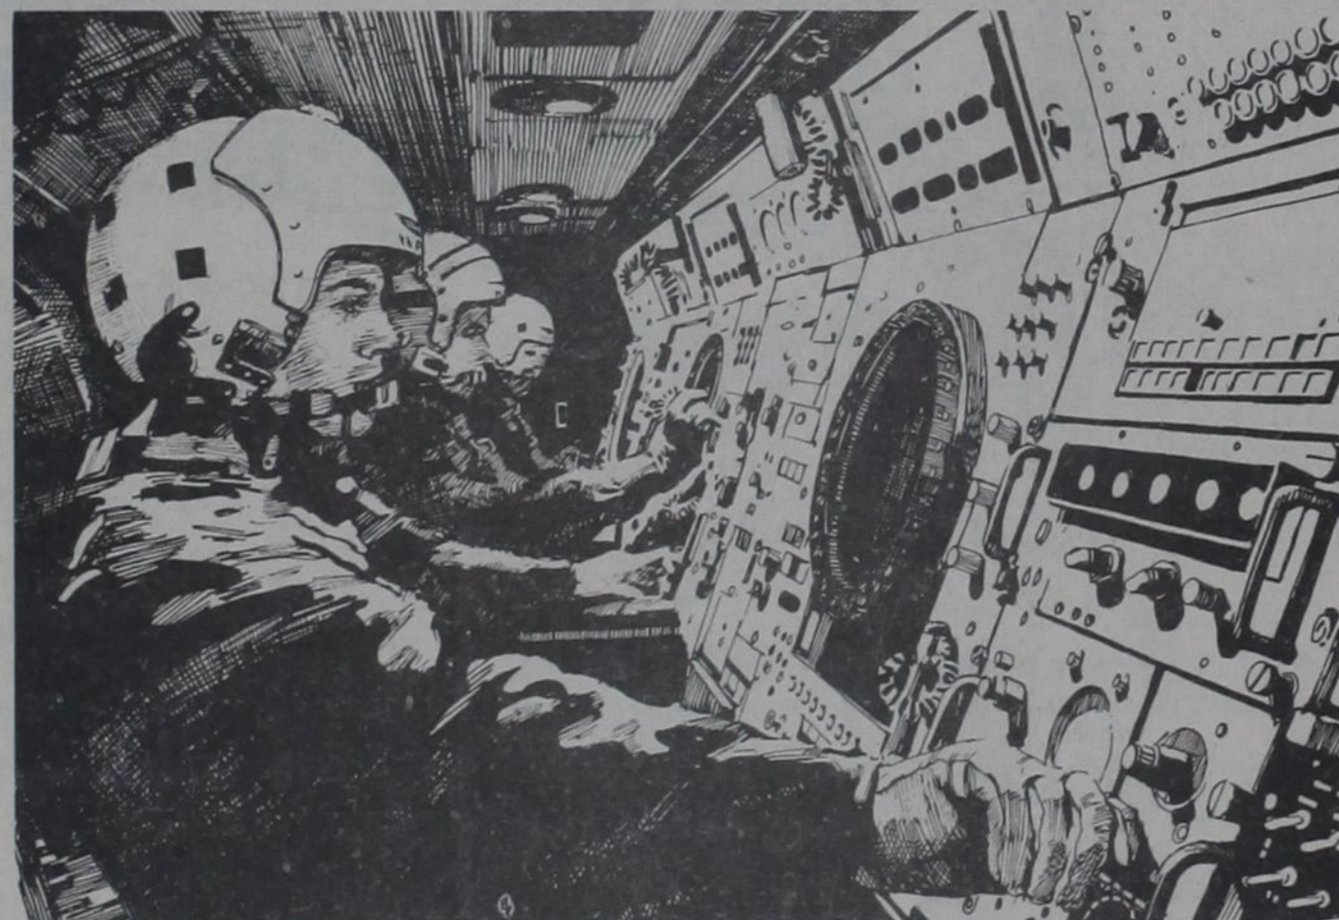

The Raiders will go through an intra-squad workout this afternoon at the Tech diamond, weather permitting.

"We haven't hit the ball well in two weeks," Segrist said,

"because we simply haven't had good weather."

Ruben Garcia will start the first game Friday against Baylor in Waco, Segrist said, but Garcia said Monday he still can't reach back and get everything he needs on his pitches.

Segrist said, "Texas is not an overpowering ballclub and I think they will be beaten again, but they are well-disciplined."

Be a special kind of Navy Flyer. Be a Naval Flight Officer.

Whenever a Navy plane is under electronic control, that plane is in the hands of a Naval Flight Officer. Naturally, as a candidate for Naval Flight Officer training you'll need some very special qualifications. First, you must really want to fly, even if you've never flown before. You'll also need a college degree and the kind of mind that works well with math and physics.

Waiting at the end of your training program is a Navy Commission and the Golden Wings of a Naval Flight Officer. By then you'll be an expert in areas like Jet Navigation and Airborne Control... equipped to do your job wherever you go. But whatever your specialty, travel will be part of your life. And so will challenge, responsibility, achievement and reward.

If that's the kind of career you're looking for, and if you think you've got

what it takes to be a Naval Flight Officer, send in the coupon. It will bring you all the facts. Or talk it over with your Navy recruiter. He's at 747-3711 (Ext. 604). NUMBER).
