TEXAS TECH

Twelfth Fall Registration Begins September 15

Knapp Reports Changes Made In Tech Staff

Dr. Eunice Gates Takes Position Left Vacant By Language Head

APPOINTMENTS to fill a number of vacancies which appeared on the college faculty have been made public by President Bradford Knapp...

Dr. Oscar A. Kinchen, who was assistant professor of history and anthropology in the college during the years 1931-32 and 1932-33, has been reappointed to the position...

Dr. Eunice J. Gates, who has been assistant professor of Spanish here since 1931, has been named acting head of the foreign languages department...

Reeves Edits Year's Annual

Candid Camera Idea Will Feature La Ventana; Benson On Staff

Edited by Winston Reeves, campus photographer, the 1937 La Ventana, college yearbook, will feature the candid camera idea...

Throughout the book, pictures and the photographic idea will be emphasized, the editor pointed out. Reeves leaves today for Iowa City...

STUDIES AT MICHIGAN Miss Emma Main, assistant librarian, studied library science at the University of Michigan during the summer.

No Danger Of Early Death If Reading Is Substituted

IF you accept the proverb that reading is a bloodless substitute for life, your expiration should be indefinitely postponed in the college library this year.

New books have been pouring into the shelves of the local repository at the rate of more than one hundred per week during the summer...

The new volumes consist principally of reprints from original state documents from every state in the Union. Miss West selected the books at Austin about a year ago.

Contractor Ends Work On New Matador Stands

Texas Christian Opposes Raiders In Game September 26

ADDITIONAL approximately 11,000 seats to the capacity of Tech stadium, the new stands will be turned over to college officials today by W. G. McMillan, contractor who began work on the structure in July.

The stands, made of solid wood, are on the northwest, north, northeast and east of the field, forming a complete horseshoe around the gridiron. The new structure will be dedicated when the Red Raiders meet Texas Christian university...

Business Men Help After unsuccessful efforts on the part of President Bradford Knapp and other college officials last year to finance a stadium with Public Works Administration funds, business men in Lubbock and other West Texas cities pooled \$15,000 for erection of the stands...

Adding to the comfort of players and fans alike, the new stands are solid, preventing the spectators from playing on the field and the danger of wind from chilling and interfering with play on the field. The north end seats are covered, and ample room has been provided at the bottom of each row of seats...

Move Scoreboard The stands on the east side are the same size as the original structure on the west side of the gridiron, extending 29-yard lines. The capacity of the stands is 2,000, which will accommodate 4,200.

Box seats alternating six per box. This is the original structure. The lack of crests beneath this stadium track men make events during are five exits structure.

Concrete footings on the ground, with timbers could be used for construction affording safety. The scoreboard at the north end has been moved. The 440-yard line of the huge U formation is now at the 20-yard line.

Graduate Making

J. T. Gist, graduate engineering, 1936, topographers who making two maps, drangles, just published. S. Geological survey.

One is a map of the drainage, showing Hudson, Moore, and ties, north of Andrews is the Henderson Rusk county. The base maps for Geological survey.

Geraldine Cleveland, the clothing at ment, studied in Ohio State college mer.

Artist Course This Fall Lists National Political Figure, Kryl Orchestra

Statesman From Illinois, Robert LaFollette, To Lecture In City

Politics tempered with music promises variety to audiences at the college Artist Course programs this fall, with Senator Robert La Follette of Wisconsin engaged to lecture and the Manhattan String quartet and Kryl Symphony orchestra scheduled for concerts during October, November, and December.

The Manhattan String quart, which will play matinee and evening concerts October 12, made an extended tour of Europe last year, returning in December for a coast-to-coast tour of America. Opening in London, they played concert and radio engagements in Paris, Rome, Stockholm, Copenhagen, Zurich, The Hague, Brussels, Geneva, Budapest, and other cities.

Kryl Appears Again Bohumir Kryl, director of the 40-piece symphony orchestra, which

will give two concerts at Lubbock High school auditorium December 1, was born in Bohemia, the son of a sculptor. He ran away from home when he was eleven years old and joined a traveling circus, acting as acrobat during shows and playing the cornet in parades.

While attending a Texas Rural Communities meeting Thursday and Friday, President Bradford Knapp furnished Johnson with data concerning the employment situation at Tech. The college head stated on his return that the state director would not apportion NYA sums to Texas schools until after the arrival of a federal representative from Washington Monday.

Leaves College

DR. C. B. QUALIA (See story in column 1)

May Increase NYA Jobs, Knapp Says

With a bare possibility that the number of NYA jobs at the college will be double that of last year, college authorities are awaiting word from Lyndon B. Johnson, state director, before making further selection for campus work.

While attending a Texas Rural Communities meeting Thursday and Friday, President Bradford Knapp furnished Johnson with data concerning the employment situation at Tech. The college head stated on his return that the state director would not apportion NYA sums to Texas schools until after the arrival of a federal representative from Washington Monday.

Dietitian Accepts New Position At Galveston

Christine Derrier, vocational home economics graduate of 1934, has accepted the position left vacant by Miss Carolyn Cason, dietitian of the boy's dormitory.

Miss Cason has accepted a position as dietitian in the University Hall at the Medical University in Galveston.

Freshmen Matriculate In College Gymnasium During First Morning

Sophomores Continue Trek Through Building That Afternoon; Upperclassmen Receive Schedule Blanks Next Day; See Large Enrollment

FOLLOWING one day of entrance examinations September 14, registration machinery will begin turning in the college gymnasium at 8 o'clock Tuesday morning, September 15, when freshmen commence enrollment procedure for the twelfth year. That afternoon Registrar W. P. Clement hopes to see completion of sophomore registration, and the following day upperclassmen will go through the opening routine.

Registration methods are to be substantially the same as those last year, Clement stated. Enrollment will begin in the gymnasium and will conclude with payment of fees at business office windows. Students who have attended the college previously must call at the registrar's office to receive gradebooks before they go to the gymnasium.

Reserved In Commenting College Officials are Reserved in Commenting upon the Prospective Enrollment for the 1936-37 Season, but President Bradford Knapp said the indications are "very hopeful."

Inquiries addressed to registrar's office and employment requests to Cecil Horne, director of employment, would also indicate an increase in enrollment over last year, but no definite predictions as to the exact number were forthcoming. The office of Engineering Dean O. V. Adams reported this week that a larger number of prospective engineering students had visited that office this summer than ever before; this was partly attributed to the publication of a special bulletin by the division last spring.

All members of the college staff will be on the campus to direct registration in what is hoped to be record time with a minimum of inconvenience. Teachers and assistants will return from vacation resorts and homes to be on hand when the gym doors are opened Tuesday morning. It is expected that registration will be completed by the end of the day.

Campus Gets New Building

Structure Houses ROTC Unit This Fall; Pettit Gives Local Setup

The frame military building now being constructed at the north end of the main engineering building, will be ready for occupancy when registration starts next month. W. T. Gaston said yesterday. Provided by the college, the construction 20x120 feet, contains three classrooms and a basement that will serve as an indoor shooting range.

Three members of the regular army have been detailed to organize the unit, Capt. Frank Pettit, commanding officer announces. Lieut. Herol Skidmore and Sergeant Walter E. Nicholas are to

Normalization

ERMEN and college students throughout the nation a month ago were stunned by the action of the University of Texas Board of Regents in establishing a permanent and virile censorship over the student newspaper on the campus.

The censorship was provided for in the following section of the Rules and Regulations of the university Board of Regents, as adopted in July 27, 1936:

"The Editorial Advisory Committee is directed also to employ an agent to examine prior to publication all proposed non-advertising contents of each issue of the Daily Texan. The Committee or the Committee's agent shall have the power to exclude attacks, reckless accusations, opinion not based on fact, inaccurate statements, articles of national, state, and local political questions, indecencies, material detrimental to good conduct of the student body, and material prejudicial to the best interests of the University and any material in conflict with good taste or unwise editorial management..."

THIS muzzling of the Texan editor, Ed Hodge, came after he had printed an editorial concerning the sulphur industry. Commercial papers throughout Texas and in other states have taken up the fight. Some of them have gone so far as to state that the censorship was demanded by moneyed interests and their lobbyists in the state capital because they feared young Hodge would bring to light some facts that must be concealed at all costs.

Whatever the immediate cause behind this obnoxious action of the university moguls, it smacks too much of Nazism to be tolerated by true Americans such as those who attend the state institution. The Daily Texan, like The Toreador and most other college student newspapers, is supported principally by advertising and subscription; editors are elected by popular vote of their constituents; and this constituency expects and is entitled to expression of true student viewpoints such as those Hodge was voicing.

THE Toreador has never felt the piercing point of a censor's pencil, and Texas Tech students have more faith in the honesty and virtues of the Board of Directors and other administration leaders than even to fear that such a painful experience will be undergone. Free speech and free press have ever been the guaranteed rights of our citizenry. Criticism should fall where criticism is due; if it is unjust, then let the criticized defend himself decently and without underhanded methods. These are the principles under which the individual lives in a democratic society, and it is the duty of every person who has a tongue in his head

CAMPUS CAMERA

SEND YOUR CAMPUS CAMERA MATERIAL TO POST OFFICE BOX 472, MADISON, WIS.

Among The Alumni

Doris Keith... 1934 graduate, started work on the Mator Tribune the first of this month. Miss Mullin, former member of The Toreador staff, attended University of Missouri last year.

Lynn Gray Gordon... who has been teaching at Borger Lubbock Junior High.

President of the Student Council for two years while attending Texas Tech, Leon Ince... as employment with the Cabbell Ice Cream company at McKinney. He graduated last June.

Mr. and Mrs. Moore are living at Muleshoe. Moore is managing a dry goods business there.

Mary Geniec... graduate with a B. A. degree in primary education. She will teach in the local public school this year.

Granted a fellowship in the botanical department, John Marr, who was graduated from this university this fall.

Appointed chief engineer for the Texas Power and Light company, Cecil Key of Lubbock is receiving training in maintenance and operation of power plants. He took his B. S. degree in mechanical engineering in Jurisprudence.

Carl Harper... who received a B. A. degree in English in 1933 and an M. A. in history in 1935, has been appointed recent reading room of the Library of Congress, Washington, D. C.

Voyle Vaughn... Lubbock, has accepted a position in the Plemons history school. Voyle received his B. A. in 1935 and has the fall semester of his M. A. this summer.

Lenro Keeton... accepted a position in the Memphis mathematics and coaching football in the Memphis High school.

Elsie Crausbay... Lubbock, has accepted a position in the state highway department in Austin.

DUST

From Archives Of The Toreador

TECH YEARS AGO—The Texas Tech college will begin its second year with a faculty almost double that of the first year according to the recent announcement of additions to the faculty for the ensuing year.

Cheri Casa became headquarters for the Halitosis International, a club associated with the TCEA (Texas Chicken Eaters Association) convention which met in Lubbock in July. The dormitory was referred to as Halitosis Hall.

FOUR YEARS AGO—Head of Alabama Polytechnic becomes new Tech president. Moves to Lubbock September 1. Dr. Bradford Knapp was formerly head of Oklahoma A. and M. Activities have been varied; for a time worked with department of agriculture.

Coach Del Morgan has finished work on the fish pond located in front of the gym. The pond has a spray in the center and is illuminated at night by multi-colored lights.

TWO YEARS AGO—Tech will probably have an active 100-piece band this year according to D. O. Wiley, new director and former leader of the famous Cowboy band of Hardin-Simmons university. New Tech dormitories are nearing completion. Work is expected to be finished by school time in October.

A class in radio broadcasting at Drake university conducted some experiments and discovered that the best way to make a kiss sound natural over the air waves was to simply kiss the back of the hand. —ACP.

BE SURE

—to see and try the New Royal Portable with Touch Control. This is the finest portable typewriter on the market—Now selling for only \$49.50. Convenient terms may be arranged.

"The Typewriter Store" 1214 Texas Ave. Lubbock

From Other Campuses

THE Daily Maroon, official organ of the University of Chicago, recently conducted a poll on the proposition, "Do you approve of kissing on the first date?"

Of the two hundred students interviewed, 96 answered no, sixty yes and 44 reported themselves undecided. Personally, it's okay with us.

According to the University of Saskatchewan, here's a safe guide for coeds who want to prevent themselves from becoming unpopular with men:

- Avoid signs of jealousy. Never mention another man in conversation with a date. Learn to walk. Don't dye hair or paint fingernails brightly. Don't get sentimental. Learn to cook.

Dr. D. F. Votaw, professor of educational psychology at Southwest

morning after their Friday evening frolics.—The Reflector.

In one of our state universities, which the Rockefeller foundation would no doubt list among the ten best, a young man labored long and hard upon a thesis for his M. A. degree. The examining committee turned down the poor boy because one member violently dissented with the majority report. Feeling certain that he had covered the ground very well, the boy made inquiries as to the dissenter's reasons. He found:

That the professor had objected to the paper because in the bibliography the writer had not included mention of a five-page paper on the subject written by the professor some twenty years ago.

The boy rewrote the thesis, cited and quoted from the paper, and passed the examination nicely.—ACP.

The Toreador Greet The Old Students; Welcomes The New

A LARGE number of prospective students together with old enrollees are receiving copies of this "Homesick edition" of The Toreador, official student publication. To persons attending the institution before, this issue will revive old memories and present an insight to the ensuing academic period of nine months with its outlined accomplishments. To the prospective Techster it presents some of the many educational advantages Tech offers and the friendly, democratic atmosphere existing on its campus. Also this edition extends an invitation to enroll at this rapidly growing college. The Toreador extends GREETINGS to the old student and a HEARTY WELCOME to the new.

Today's College Youth

CONTRARY to the belief of the writer of OUR MUDDLED YOUTH appearing in the August American, the recent discussion in Fortune magazine and summarized in Readers Digest bears out the observations of professors and students of sociology over the entire nation.

Perhaps the trying times of the depression to a certain extent are responsible for the about face attitude of today's youth. Formerly our young people displayed a carefree and pleasure-seeking attitude. Today youth has become serious-minded, mature, and seeks more for knowledge. It is manifestly true that college students everywhere, for the most part, are more concern-

Fall Training Chores Start September 10 For Red Charges

Cannon, Jones Lead Raiders This Season

Cawthon And Smith Face Toughest Schedule In History Of School

SEPTEMBER 19 Byron Rhome brings his Texas Wesleyan Rams to town to pit against Tech's Red Raiders in their first game. Since eligibility rules as well as other regulations at the Fort Worth institution have been tossed to the four winds, the Rams are likely to be well drilled for that skirmish.

So there's the task for Coaches Pete Cawthon and his assistant, Dutchy Smith. Since Border conference rules set September 10 as the first day of practice the Matador mentors have only nine days to form a barrier against TWC's ramming backs headed by "Andy" Anderson, football flinging fool from Ranger High and the charging line with John Bray, all-state center, as a nucleus.

"That's our hardest game," Cawthon pointed out yesterday afternoon. "We won't have time to get prepared," he lamented.

But over half of a hundred prospects including 15 lettermen of previous years, several squadmen and a flock of players who showed variety in metal as Pledgers will be issued uniforms in the afternoon on September 14 after Dr. W. A. Jackson, Border circuit head and professor of government, examined the dressing room to see that conference rules have been abided by.

Two sessions daily will probably be the bill until classes commence. After drilling from 9:30 until noon in the morning, fans may view the Matadors tossing the spheroid from 4 until 6 o'clock in the afternoon.

West, Ramsey Return
With two veteran back as candidates for the terminal posts Cawthon should not witness much trouble in filling that department of the season progressed last year, developing into a tough barrier on the end. Herschel "Red" Ramsey, hustling gridster, is a fine blocker and tight on defense. He placed on the Associated Press "Little All-American" team last year. Babe Curfman, Weymond Newton and "Skillet" Jones are listed as wingman prospects.

The Browning brothers, always tough customers at tackle, will be back then Bull Kotrola, terror of the preceding campaign has notified the coaching staff that he'll be back to give the Brownings a run for their money. Bill Holcomb can never be counted out since he's big and wears a letter showing past satisfactory service in the line.

In Line Captain Louis Jones and Pete Owens, a scrapper if there ever was one, Smith is blessed with a pair of guards that can get the job done. Jones can use his 208 pounds excellently as a blocker and defensively, too. Owens as the running guard is shifty and fast.

Tox Wiggington appears to be a sure bet for the center stand. If Frank Guzik can get his trick knee back into shape, he'll see lots of duty. But Wiggington and Guzik will encounter difficulty keeping Louis Alexander, a hustling Indian from Muskogee from playing part time.

Without a doubt, Captain Demp Cannon and Charley Duval, both lettermen, will do the quarterbacking most of the season. Only two sophs, Cotton Neely and Holland Chaeney, are to be reckoned with unless Cawthon decides to shift another back to the signal barking post.

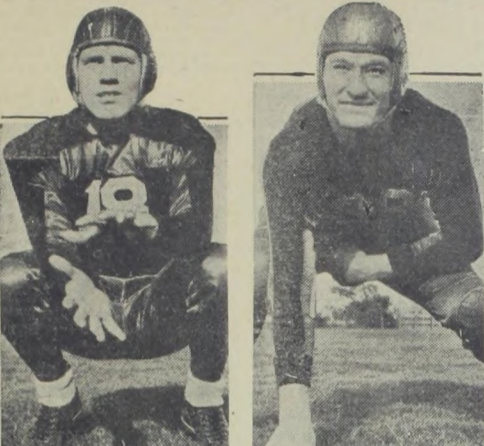

At the present writing it looks like Allan Plummer, 199-pound soph warhorse from Beaumont, and George Winters of Dallas will divide services in the fullback slot. Brode Puckett, Elmer Tarbox, another soph hot-shot, and Henry Mosely may trouble Winters and Plummer.

Seeking the right half job, Winford Baze heads the list. A driving power, the John Tarleton Junior college product may get the assignment on the first string.

Plummer
Joe Hest, up from the freshman ranks, Miles Chapman and Maurice Chernosky can't be kept out of service.

The scrap on the squad occurs at tailback positions. Fred Byrd, Gene

Introducin' The Raider Captains

THEIR is the task of leading the Red Raiders through the toughest campaign in the annals of Texas Tech football history!

Captain Demp Cannon, 160-pound gambler type field general, guides the touchdown marches this fall from the signal barking position. A smart

quarterback, Towhead can also carry the mail.

Assisting the Slaton senior in the forward wall is Co-Captain Louis Jones, a driving force at the guard post. Halling from Cleburne, Jones can use his 208 pounds to a big advantage as a blocker and tackler.

TCU DUCATS ON SALE SOON

Ducats for the Texas Christian University-Texas Tech grid classic here September 26 go on sale at Walton's the tenth of next month. Reserved seats for the stadium dedication game sell for \$2.25 with the general admission price set at \$1.75.

Cowboy Hopes Soar With Cox

New Coaching Regime At Oklahoma Institution Makes No Promises

(Special To The Toreador)
Stillwater, Okla., Aug. 29—This being an election year, the letter "X" usually signified the voters' choice of candidates, but it also can be applied to an unknown quantity. At Oklahoma A. and M. college that unknown quantity is the 1936 Cowboy football team.

Aggies gridiron prospects are bright, but predictions and promises are dark. There's no doubt about the revived hopes around the A. and M. encampment. The new coaching staff, headed by Big Ted Cox, and an eager bunch of sophomore candidates all lend a luster of premeditated success that only time and a score board can erase.

Seniors Return
Of thirty-three lettermen last year, the Aggies have 22 back for the varsity this fall. Eight seniors were lost this spring, chief of whom were Ex-capt Tom Hanly, guard; Cliff Wright, Wilson Dupy, Byrdene Bomgardner and Kenneth Gallagher, halfback, and Kester Trent, fullback.

The 1936 squad will be made up of an even dozen seniors, 17 juniors, and 24 sophomores, about the same proportion of players that composed the 1935 squad, except that this year's group is smaller.

Last year's captain of the Red Raiders, Walker Nichols, San Angelo, is working for Texas Utilities company here.

Dowell, Davis Sign With Pro Gridders This Fall

Former Matadors Join "Big Show," Gained Laurels At Tech

After achieving continued recognition for services under Tech's colors, two outstanding performers on Matador teams for the last four years are to join the "big time" football circles this fall.

Soon after last year's season, Gynn "Mule" Dowell of Royce City, main cog in the Scarlet secondary, received a contract from the Chicago Cardinal eleven. When his first pro campaign was over, the Cardinal management, like coaches, students and fans on the South Plains, were sold on his "goods."

Schoolboy Gridders Begin Grid Drills On Tech Field

A Centenary product Coach John Patterson, brought his Olney High gridlers to town Monday. He expects to return to Olney the first of the week.

Arriving Thursday, W. P. Spearman, head mentor at Paducah, began work immediately that afternoon. Spearman plans a week of work on Tech field.

Williams To Place Season Ducats On Sale At Walton's

and renewed the contract for another with a salary increase. So the "Mule from Texas Tech" is going to be back in the "big show" again this year, thrilling railbirds along the Atlantic coast just as he did in the Southwest games.

From prominence at Abilene High as a battling lineman to Border-conference honors at Tech—and now he's on his way to join the pros. That's the brief story of Gaines Davis' tenure on the green-sward. Last month Davis was given a contract with the New York Giants in the National Professional Football League. He lettered three years as a Red Raider.

Because of the growing demand for ducats, Hugh "Bo" Williams, business manager of athletics, announces that season tickets will be placed on sale Monday. Walton's Man Shop, 1022 Broadway, is handling the downtown sales. Williams stated, Ducats may be secured also at his office in the college gymnasium.

"Persons purchasing season tickets will save 34 per cent," Williams pointed out. They sell for \$8.60.

J. V. Beauchamp has employment with the Lubbock Fruit and Vegetable company.

Social Clubs Arrange Varied Entertainments For Period Of Rushing

Dances, Smokers, Picnics Appear On List During First Two Weeks

A VARIETY of entertainments is being offered to prospective members during the rush season by social clubs on the campus from September 19 through October 4. Rushes are to enjoy amusement highlighted by dances, smokers and picnics.

Ushering in the rush period the Wranglers have scheduled a dance following the Texas Wesleyan-Tech football game. The affair starts at 10, lasting until 12 o'clock.

Ko Shari Entertains
The following Monday evening, Ko Shari club is entertaining with a tea dance from 6 until 9 o'clock. The Centaurs picnic Tuesday afternoon.

Rushes of the DFD organization are to be feted at a formal dinner Wednesday. This is the only entertainment listed on this date. Las Armonias start their second year on the campus with a party Thursday evening. Also appearing on the calendar are a formal dinner by Las Vivarachas and a smoker for Los Camaradas members and guests.

Knapps Greet Students
President and Mrs. Knapp receive students at their campus home Friday evening beginning at 8 o'clock.

Saturday is a full day for rushes. Las Chaparritas and guests dance from 3 until 6 o'clock in the afternoon with Sans Souci entertaining after the Texas Christian grid game with a dance from 10 until midnight. A Silver Key smoker appears on the calendar the same evening.

Kemas Breakfast
The first entertainment for Kemas club comes Sunday morning. It is a breakfast at 8:30 o'clock. College Club has a smoker in the evening. A DFD tea dance starts the second rush week. Sans Souci club dines Tuesday with a Wrangler smoker ending the day's festivities.

On Wednesday Las Vivarachas gives a tea dance. Dancing from 7 until 9:30 o'clock is scheduled by Los Camas the following evening.

Centaurs Dance
With a Ko Shari Indian dinner and Kemas dance on Friday, the Centaur stag organization entertains with its annual barn dance Saturday night.

A Silver Key breakfast and Las Chap supper on Sunday brings rush season to an end.

Graduates Wed In Los Angeles

Ruth Hurmence Becomes Mrs. Truman Green This Morning

Following announcement of the approaching marriage of Miss Ruth Hurmence to Truman Green at a breakfast given by Mrs. James G. Allen at her home, 1625 Avenue Y Sunday morning, the bride-elect left Thursday for Los Angeles, Calif., where the ceremony will be read this morning.

News letters at the places told of the approaching wedding. Miss Hurmence was employed last college session as assistant director of publicity.

Both Have Degrees
Graduating from Tech in 1935, Miss Hurmence was a member of Las Vivarachas, women's social club. Mr. Green received his degree in June from the mechanical engineering department. He was president of the senior class. Since his graduation he has been employed as a junior tool designer with the Douglas Aircraft company in Santa Monica.

The son of Mr. and Mrs. J. S. Green, Mr. Green formerly resided at Portales, N. M. The bride-to-be is the daughter of Mr. and Mrs. C. R. Hurmence, 2009 Twenty-third street.

Tech Studio

We are glad to have the college photographic work for the coming school year. We are looking forward to a very happy and prosperous year. If you have any photographic work to be done come around and see us. Sample our excellent work.

We are anxious to see you back in school this fall. Bring your friends and come around; we want to meet you.

Ex-Students Marry Today

Miss Kathleen Jennings Weds Tony Ulrich In Dallas Ceremony

This afternoon at 4 o'clock in the Munger Methodist church in Dallas wedding bells will ring for Miss Kathleen Jennings of Plainview and Tony Ulrich of Dallas. Rev. Harrison Baker is to officiate with a ring ceremony with only families of the couple and a few friends present.

Miss Jennings, the daughter of Mrs. J. W. Jennings, Plainview, received a bachelor of arts degree from the college in 1934 with a major in English. She is secretary to Mrs. Elizabeth Young, social director of the girls dormitory and will return to assist in opening the coed residence this fall. She is a member of the Ko-Shari club.

Aunt Entertains
The son of Mr. and Mrs. A. B. Ulrich of Waco, Mr. Ulrich was graduated from Texas Tech in 1934 with a bachelor of science degree in electrical engineering. He has employment with the Texas Power and Light company in Dallas where the couple will make their home.

The engagement and approaching marriage was announced last Saturday afternoon when the bride-elect's aunt, Mrs. M. C. Overton, entertained with a tea at her home, 1808 Broadway.

Nelson and Lynn Buy Newspaper

New owners of the Crane County News are Lomer Nelson, former journalism student and W. E. Lynn, 1935 graduate in speech. Nelson is editor and Lynn business and circulation manager.

After serving on La Ventana, college yearbook, staff as sports editor during the 1932-33 academic year, Nelson held the same position on The Toreador the following scholastic period. From that position he was elevated to the editor's chair in 1934-35. He was listed in Who's Who in the annual and "Who's Who Among Students in the American Universities and Colleges," a yearly publication printed at the University of Alabama.

Peveto-Raymond Marriage Rites Are Announced

The marriage of Miss Mildred Peveto to Floyd Raymond of Portales, N. M., May 17 at Station has been announced by the bride's parents, Mr. and Mrs. J. C. Peveto, 2005 Tenth street.

An employee of Tech press since February, 1934, Mr. Raymond, son of Mr. and Mrs. J. B. Raymond, was a junior student in electrical engineering last year. He will continue his duties as pressman in the college shop this fall while attending school.

Mrs. Raymond is employed in the Lubbock office of the Southwestern Associated Telephone company. She is a graduate of Lubbock Senior High school.

Miss Katherine Klett, oldest daughter of Mr. and Mrs. E. L. Klett, will return to Texas university as a senior student this fall.

RESIGNS POSITION

Dr. Cecilia Schuck Goes To Purdue University At Lafayette

Dr. Cecilia Schuck, professor of foods and nutrition, has resigned to accept a position in Purdue university at Lafayette, Ind., where she will become associate professor of foods and nutrition.

Dr. Schuck came to Tech in February, 1935. She received her Ph. D. at Chicago, M. A. at Indiana State, and did undergraduate work in Minnesota State. Dr. Schuck has been an active member of the Schedule Committee. A report on West Texas water was prepared under her supervision.

EX-STUDENTS MARRY

Two former students, Carl Pfluger, Eden, and Miss Jane Schneemann, San Angelo, were married in the home of Miss Schneemann's parents, August 7.

Mrs. Pfluger was freshman queen at the college and her husband belonged to College club. Mr. Pfluger received his degree.

Interest In Yaqui Indians Spreads; Bulletin Order Comes From Sweden

Interest in the life of the Yaqui Indians of Mexico has gone beyond the boundaries of their native land and those of the United States, even though the first printed bulletins about the redskins have been off the press less than seven months. Recently W. C. Cole, bookstore manager, received an order for the pamphlet, "A Study of the Yaqui Indians of Sonora, Mexico," from Stockholm, Sweden.

During the past six months period, Cole has received orders for the bulletin, which is still the bookstore's best seller, from every state of the union. The 150-page report

was written by Dr. W. C. Holden, acting head professor of history and anthropology; Dr. C. C. Soltzer, Harvard anthropologist; Dr. C. J. Wagner, Lubbock, and Dr. R. A. Studhalter, head professor of biology. These men were members of the Yaqui expedition in 1934 sponsored by the college.

MARRIES DRUGGIST

Last month Miss Lou Ann (Polly) Shultz, former Tech student, became the wife of George N. Beakley Jr., prominent Sweetwater druggist. The ceremony was read in that city.

Moxley Burial Rites Held Tuesday

Popular Young Student Dies Of Meningitis At Local Hospital

Final tribute was paid Jack Moxley, 17, son of Mr. and Mrs. R. D. Moxley of 1805 Fourteenth street, at funeral services Tuesday afternoon in the First Presbyterian church. Dr. Jack M. Lewis, pastor, officiated. Burial under the direction of Sanders Funeral Home followed in the Lubbock cemetery.

Organizations of which he was a member, Boy Scout troop 4, Los Camaradas, and Alpha Sigma Lambda, sat in groups during services. An honor student, Moxley graduated from Lubbock Senior High school in 1935. He finished his first year at Tech last spring, having enrolled in the mechanical engineering division.

Becomes Ill Saturday
Becoming ill Saturday, Moxley was admitted to a local hospital for treatment of cerebro spinal meningitis. He was apparently improving until his death when paralysis of the respiratory center of the brain developed Monday afternoon. He died at 6:10 o'clock.

Bearers were: James Baker, Nell Wright, Jr., Douglas Blanton, Rupert Triplet, Dudley Brummet, Ed Williams and Robert Young.
The deceased is survived by his parents, two brothers, J. (Buster) Mason and John Robert Moxley, and a sister, Mrs. W. D. Watkins, all of Lubbock.

EE Graduates Get Positions

Report By Bullen Shows Engineers Get Jobs For Next Year

All senior electrical engineers for 1935-36 have secured positions for next year, C. V. Bullen, head professor of electrical engineering, announces. In addition to these nine, one electrical engineering graduate of 1934 and one of 1935 have recently been placed.

June graduates employed by the Texas Power and Light company are: Richard S. Brannin, Knox City, who is stationed at Corsicana, and Raymond Coffman, Cleburne, stationed at Tyler. Lavell Abbott, Lubbock, 1935 graduate, is also employed by the Texas Power and Light company in Hillsboro, as is Anton Ullrich, Waco, 1934 graduate, who is working in Dallas.

Litton At Brownfield
Woodrow Waggoner, Ranger, employed by the Magnolia Petroleum company, is stationed at Eunice, La., and Fred Litton, Lubbock, employed by the same firm, is stationed at Brownfield. Sam Jones, San Angelo, is working in Fort Worth with an electrical engineering firm. Forrest Campbell, Matador, has a job with Texas Utilities company in Lubbock.

Mark Allen Townsend, Lubbock, remaining graduate, will attend Massachusetts Institute of Technology on a scholarship this fall.

Two students who were to have been graduated in August in electrical engineering accepted jobs in June. Marlin P. J. Minter, Sulphur Springs, is working in the General Electric "House of Magic" at Dallas during the Centennial Exposition, and E. L. Manire, Lubbock, is employed by the U. S. Gypsum company at Sweetwater.

LEASES BULL
A Jersey bull, Raleigh's Fairy Volunteer, has just been leased by the college for two and one-half years. Ray C. Mowary, acting head professor of animal husbandry, has announced. E. W. Hester, O'Donnell, present owner, purchased the bull from the Longview Farms in Missouri as a calf, out of a dam with a record of over 600 pounds of butter fat.

FRED GRIFFIN

Horne Selects New Assistant

Fred Griffin, Journalism Graduate, Accepts Job In College Office

To assume duties September 15, Fred Griffin, graduate arts and sciences student from Grapevine, has been named publicity assistant in the office of Cecil Horne, head of the journalism department and director of publicity, it was announced today.

Griffin, who received the bachelor of arts degree from the college this summer, was associate editor of The Toreador and feature editor of La Ventana, college yearbook, last year. Before entering Tech in 1934, Griffin had attended North Texas Agricultural college, Arlington, where he was feature editor of the student newspaper. The newly appointed assistant succeeds Mrs. Truman Green, the former Miss Ruth Hurnence of Lubbock, who held the position during both semesters last year.

Lois Watson, Lubbock, will teach in Brownfield.

Benge Named As Instructor

Former Faculty Member At Oklahoma U. To Teach Languages

Dr. Frances Benge will act as instructor in foreign languages during the ensuing scholastic year in the absence of Francis C. Cook, who has been granted leave of absence to work under a scholarship at Brown university.

The newly appointed instructor holds degrees from both American and foreign universities. In 1925 she received an M. A. degree and a Ph. D. degree in 1935 from the national university of Mexico.

Formerly an instructor in Spanish at the University of Oklahoma, Dr. Benge taught one year in Florida State college. She was a member of the foreign language department at Tech in the spring of 1935, and the summers of 1935-36.

APPOINTED TO BOARD

Thalia Parker, 1931 graduate in home economics, has been appointed a member of the child welfare services staff of the State Board of Control at Austin.

Twenty-Five Year Old Globetrotter Plans Return To Mexico To Become Rancher After College Graduation

Twenty-five year old globetrotter from Mexico City, D. F., Jack S. Richmond, agriculture student at the college this summer, expects to become a ranch manager in Mexico when he graduates.

Son of an English-born cattle broker, Richmond has lived with his family in Mexico all of his life. He received his preparatory training in the Mexico schools and at New Hampton, N. H.

Lost At Sea
Finishing his high school work in the spring of 1932, he shipped for Europe the following summer on a freighter. On the return trip trouble in the engine room set the freighter adrift for three days, about 150 miles from the Azores Islands, before it was towed into the harbor at Newport News, Va.

RECEIVES DEGREE
Miss Martye Poindexter, associate professor and acting head of applied arts department, received her M. A. degree in home economics from Texas State College for Women.

Margaret Anderson will be dietitian at the Portales Junior college at Portales, N. M.

RATES HIGH

Houston Hinson, Graduate, Gets Appointment As U. S. Engineer
Houston Hinson, Lubbock, who was graduated in 1934 with a B. S. degree in geological engineering, has been appointed assistant petroleum engineer of the U. S. Bureau of Mines. Hinson received his appointment following civil service examinations in which he stood eleventh among all applicants in the United States. He was one of the three highest in Texas. Hinson will be stationed at Amarillo.

Sidwell Writes On Dust Storms For Magazine

"Sand and Dust Storms in the Vicinity of Lubbock, Texas" is the title of an article to appear in an early issue of Economic Geography, by Dr. Raymond G. Sidwell, assistant professor of geology. The magazine is published by Clark university.

Horned Frogs Highlight Stiff Raider Schedule

Centenary Comes Here; Wesleyan Rams Open Current Campaign

By JIM LINDSEY
 SINCE the founding of the college in 1925 football loving fans of West Texas have been asking for a big time schedule for the red-shirted charges of Coaches Pete Cawthon and Dutchy Smith. This fall the dream comes true with Texas Christian university, Loyola of Los Angeles, Centenary college and Arizona university headlining the toughest schedule that the rambling Red Raiders have ever faced in a single campaign.

A glance at the weights and experience listed on the Texas Wesleyan squad roster indicates that the Matadors are to have anything but a setup when the Rams invade the local arena for the opening skirmish September 19. Byron Rhome boasts a wealth of material studded by former high school and junior college stars.

Face Slingin' Sam
 Then comes Slingin' Sam in y Baugh and the Horned Frogs from Texas Christian at Fort Worth to help dedicate the new stadium. Every grid enthusiast in the country is well acquainted with the accomplishment of Dutch Meyer's aggregation last year. It is needless to say that Tech faces a strenuous assignment in stopping the Christians who are already being heralded as sure Southwest-ern conference champions this year.

Sammy Baugh

Not forgetting how Oklahoma City U. dumped the dope basket last December by hanging 77 on their '35 record, the Scarlet-clad machine takes the spirit of revenge against the invading Gold-bugs October 3. Wichita university, considered as a minor threat but dangerous foe, entertains the Raiders at Wichita October 9.

Gentlemen Appear Next
 Next appear the Gentlemen from Centenary college of Shreveport. History shows that this small educational institution has been a thorn in the side of Southwest elevens for years. On Homecoming Day, October 24, Mentors Cawthon and Smith may expect a supreme test for their proteges.

As the Parent's Day attraction November 6, the athletic department has booked the Scorer State Aggies for a local battle.

Ted Cox, new Farmer skipper, predicts a surprise for West Texas fandom in the form of an upset triumph.

Chosen over outstanding teams of the nation, The Raiders next journey to Los Angeles for the American Legion Armistice Day contest in the gigantic coliseum. The Texans will be seeking their first win over the stubborn Lions. After disposing of the De Paul Demons on Matador field November 20, the red charges take to the road again. New Orleans fans will view the South's classic between Loyola of the South and Tech on Turkey Day.

Wildcats Are Chesty
 The Arizona Wildcats are still chesty about beating the Mats last season before a big Decennial celebration crowd. And neither have have the locals pushed the setback into oblivion. Arizona fandom may prepare to bite their fingernails in nervous strain when viewing the curtain clash for the Matadors at Tucson December 5. This is the only Border conference battle on the Tech calendar.

Joe Barlow is assistant to Hurley Carpenter, Lubbock county tax assessor-collector. Carpenter is an ex-Matador grid captain.

L. J. "Lefty" Solis will coach again at Spur High this year. The ex-Matador back lives at Sherman.

The Backs Come Crashin' Through

UNDOUBTEDLY before the snows of December cover the Nation's gridirons, hundreds of fans will have seen these four Raider backs come crashing through the line on numerous trips.

With Miles Chapman leading the way at the left, Elmer Tarbox, sensation from the Fish squad trails close behind. Guarding Ed Smith as he lugs the mail is Charley Duval at the extreme right.

Vinzant Takes Post As Successor To Red Petty

Ex-Matador Star Gives Up Head Position At Greenville High

A former athletic star at Tech will replace the late S. J. (Red) Petty jr. as assistant football and head basketball coach at East Texas State Teachers college, authorities at the Commerce institution announced this week. Dennis Vinzant, recently appointed head mentor at Greenville High to replace Henry Frnka, succeeds Petty who died of a cerebral hemorrhage several days ago.

After serving as assistant tutor at Greenville, Vinzant was elevated to head coach only a few weeks ago. Frnka went to Vanderbilt university as freshman coach.

Milton "Speedy" Moffett, who stands out in Matador grid history as a smart quarterback, recently took the post as helper to Vinzant. Moffett has been coaching at Big Spring since ending his football activities here.

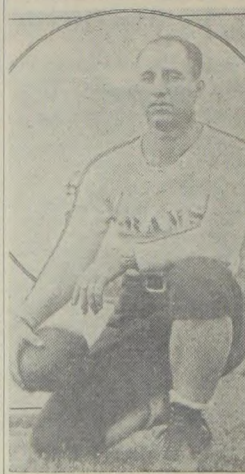

Picadors Look Like Powerful Team This Fall

Prep Stars Report To Huffman Next Month For First Drills

Anxious to mold a fast stepping freshman eleven like the college has never seen in its history, Coach Berl Huffman views his Picador squad the afternoon of September 15, the day that registration begins at the college. With the cream of many high school teams already knocking about town, it appears that Huffman may not be disappointed in wishing for a history making representative of the junior Matadors. From the four corners of the Lone Star state as well as Oklahoma and New Mexico recruits will gather at the dressing room at Matador stadium to get their uniforms.

Flowers Is Here
 Headed by Bob Flowers, shifty back from Big Spring, participants in all-star high school games are numerous. Flowers took part in the classic at Dallas in 1934. He was all-district back while hustling the (See PICADORS, page 4)

Sees Ram Victory

COACH BYRON RHOME (See story on page 4)

Russell Wimberly, graduate, will coach the Lubbock Junior high football team this fall.

Freshmen Begin Season Against Wayland Eleven; Encounter Six Teams

Portales Junior College, Cameron Aggies, Altus Also On Calendar

Coach Berl Huffman's Picadors face six foes this season.

With five games already placed on this fall's calendar, Huffman announced this week that the athletic department was negotiating with Southwestern conference schools in an effort to book a B team against the Fish in an afternoon game September 26. The varsity meets Texas Christian that night.

The Wayland Jackrabbits assist the first year gridders in blasting the lid off the 1936 campaign. They play here October 2.

Taking to the road, Huffman leads his aggregation to Canyon

October 17. The West Texas Calves furnish the opposition.

Coached by a once Matador lumina at Cameron Junior college, Cameron, Okla. informs Huffman that his club will be strong this year. The Frosh, acting as a testing unit, questions this statement on the Aggie field October 23.

Coached by a once Matador lumina, final Replacing Jerry Dalrymple, former All-American end at Tulane, Head Mentor Staubus is centering his season's attack on Huffman's charges. Staubus coached at Clovis High school last year.

Then there's Dixie White, local boy who annexed all-district honors as a member of the Westerners. A tackle that won't quit, White was found at a line post in this year's all-star contest.

Smith Coming
An all-star from West Texas, Herb Smith of San Angelo, will be trying to win a berth on Huff's club. He can handle a terminal with ease.

Eugene Boswell, not only a grid hero but a trackster and basketballer of note, is found on the list of outstanding Class B performers of the state. If you ask us, he'll be in the Picador secondary.

Probably holding down a guard when the Rabbits line up against the Frosh in the opening encounter, Nae Stone brings all-district honors to college with him. He hails from Wichita Falls.

President Knapp Reports Changes In Tech Faculty

(continued from page 1)
Knapp announced acceptance of two new members of the division of agriculture faculty. Laurence G. Harman, now employed by the Wichita, Kan., branch of Swift and Company, will become creamery superintendent and instructor in dairy manufacturing, the position left vacant this year by the resignation of Arthur Pritchard, who is now employed in a Spur creamery. Harman was graduated from the Kansas State Agricultural college. Knapp said he is an experienced man.

Home Economics Division Gets New Table Pottery

New modern table pottery is expected in the Home Economics division. The pottery, consisting of plates, cups, and saucers will be sent as a gift from the Sebring Pottery company of Sebring, Ohio. Also pottery is being sent from Fulper company at Trenton, N. J. The pottery will be used in class work.

Here And There With Techsters

Claude J. Thompson, student body president, returns to Lubbock tomorrow to complete plans for the ensuing academic year.

A former business manager of The Toreador, John David Rutledge, Fort Worth, is now hustling advertisements for the Quannah Tribune-Chief.

Lillian Heard, San Angelo, spent part of the summer in Flagstaff, Arizona, as guest of William Simpson.

Fred Griffin, managing editor of the student newspaper last year, visited his parents in Riverside, Calif., this month.

Carl Hyatt, employee of the Tech Press, has been assisting his mother, Mrs. A. C. Hyatt, with publication of the Ralls Banner this summer.

Winburn McAllister, Portales, N. M., has been employed at the Texas Central Centennial Celebration in Dallas.

Wilmot Eaton, vice-president of the student council, has been former of the Tech Press this summer.

Planning to assume his duties again at the sports desk of The Toreador, Bob Cannon spent his vacation working on the Lamb County Leader at Littlefield.

President of Las Chaparritas and the Girls Dormitory association this year, Jeannette Jones returned to her home at Clarksville after attending the first summer school to await the opening of the fall semester.

After a strenuous campaign for state representative from the 118th district, Hop Halsey, president of the Wranglers and Young Democrats last year, is working in his father's drug store at Broadway and Avenue M.

Bobby Reed, president of Los Camaradas, has been attending school and working for Tech Press this summer.

Calendar For 1936 Released

Entrance Examinations Begin September 14; Register Next Day

College activity calendar for the opening semester of the 1935-36 session has been released from the office of the registrar as follows:

September 14, Monday, Entrance examinations.

September 15-16, Tuesday-Wednesday, Registration of all students.

September 17, Thursday, Classes begin 8 a. m. Late registration regulations in full force.

September 20, Sunday, Special sermons for students in all churches.

Schedule Convocation September 22, Tuesday, Opening convocation for students and faculty.

September 25, Friday, Annual reception for students by President and Mrs. Knapp and the College Administrative Council, 8 p. m.

November 11, Wednesday, Holiday.

November 14, Saturday, Mid-semester reports due in registrar's office, 5 p. m.

November 25, Wednesday, Thanksgiving holidays begin 6 p. m.

Resume Classes November 30, Monday, classes resumed, 8 a. m.

December 22, Tuesday, Christmas holidays begin 6 p. m.

January 4, Monday, classes resumed 8 a. m.

January 23-29, Saturday-Friday inclusive, Final examinations for first semester.

Home Ec Graduates Get Teaching Jobs In State

Three graduates in home economics have recently accepted positions as teachers of vocational home economics in Texas.

Walter Grist will be salesman for the Elwood Real Estate Cooperation of Lubbock.

Paton Price, of Lubbock, will attend the American Academy of Dramatic Arts in New York.

Voters Okay Him

J. DOYLE SETTLE

Defeating Halsey, Settle Wins Race For District Post

Voters in the 110th district returned J. Doyle Settle, incumbent, to the state legislature as their representative in the August primary.

Settle carried eight counties while Halsey maintained a majority in only one, Lynn, in Lubbock county.

Settle served as president of the Alumni and Ex-Students association last year.

Halsey served as president of the Centaur club. Halsey was president of his freshman and sophomore classes, Wrangler club head last year and prominent in other campus activities.

It's Time To Dye

We dye your shoes any color and guarantee our workmanship. Have your summer shoes dyed for fall wear.

GIVES SCHOLARSHIPS

College Offers Scholarships To Legion Members, Families

American Legion members, their sons and daughters are eligible for twenty scholarships at the college again this fall.

The scholarships, granted to Tech by the La Verne Noyes estate of Chicago, amount to \$50 each, sufficient to pay the annual tuition of ex-soldiers of the World War, whether in the army, navy, or marine corps, or their sons and daughters.

Band Sponsors Dance In College Gym Next Month

The first all-college dance September 18, sponsored by the Mator band, has been labeled a "Howdy Dance."

Stags are to be assessed 75 cents while date bids cost one dollar.

Byron Harper has accepted a position at Randolph field near San Antonio.

Formby Defeats Cloud For County Judgeship

Harris, Also Ex-Student, Gets Majority In Race For Representative

Two former students at the college won their political races in Dickens county and the 118th district in the August primary last week.

Marshall Formby of McAdoo, graduate and former editor of The Toreador, was named county judge of Dickens county over another former Tech enrollee, Jim Cloud.

C. L. Harris, also of McAdoo and ex-student, emerged victorious over Leonard Westfall of Stonewall county, incumbent in the state representative's race.

NAMED SECRETARY Mary Leidigh, 1934 vocational home economics graduate, has accepted a position as secretary to Miss Mozelle Craddock, dietitian for the dormitories.

Perkins Invites Erwin To Houston Conference For Study Of Problems

Mabel D. Erwin, professor of clothing and textiles in the home economics division, has received a letter from Frances E. Perkins, secretary of labor, inviting her to attend a regional conference in Houston September 28 and 29.

The conference is called at the invitation of Governor James V. Allred, Secretary Perkins says, and "governors and official delegates from the states of Arizona, Arkansas, Louisiana, Mississippi, New Mexico, Oklahoma, and Texas have been invited for a practical discussion of such subjects as child labor, hours of labor, collection of unpaid wages, and industrial health and safety."

A course in textile home economics for seniors and graduates in the division of home economics, taught by Miss Erwin, deals with these problems.

See our new location...

Come around and give our plant the once over. We have a new location, new equipment, and some very attractive prices:

1 three piece suit cleaned and pressed20c

1 one piece dress cleaned and pressed35c

We have two new delivery trucks that deliver all packages of 50c or more at no extra cost.

Suits Made-to-order\$16.95

We appreciate your patronage.
