Men Eligible For Freshman Honor Society Announced; Initiation Is Set

Men eligible for Phi Eta Sigma, honorary society for freshmen men, have been announced by Raymond D. Brigham, president.

Meeting the society's requirements on the basis of their fall semester grades are: Jack Alderson, Franklin Brownfield, Roscoe L. Champion, James A. Craig, William W. Davis, Avon Flaniken, Jimmie C. Hill, Marvin Kitten, Edwin D. Langford, Wayne Leath, John F. McAleer, John F. Morgan, Johnnie J. Morgan, John Norcross, Samuel C. Pearson, John C. Penson, Blanchard Reichard, Richard Robinson, David N. Smiley, James J. Smiley, George R. Truitt, Klieber Van Zandt, Weldon E. Viertel, and Loftin Witcher.

Initiation of the new members is scheduled for Sunday, April 24, in the Aggie auditorium. This will be followed by a banquet at the Hilton hotel. Dr. D. M. Wiggins, college president, will give the main address of the banquet, which will be held jointly with Alpha Lambda Delta, honor society for freshmen women, Brigham said.

A grade point average of 2.50 is required during a semester and 12 hours must be carried, exclusive of physical education and band, he explained.

"Any student whose name is not included and who had less than 30 hours at the end of last semester, with the required grade point average, is asked to leave his name at the office of the dean of men as soon as possible in order that his record may be checked and his eligibility determined," Brigham added.

Parent's Day Date Slated For May 1

Parents' Day has been officially set by the Student Council for Sunday, May 1, Clint Formby, president, has announced.

Ted Forsythe, council representative from arts and sciences, has been named chairman of the Parents' Day planning committee.

A recognition service for scholastic achievements will be held at 2:30 p.m. in the gym, and at 4 p.m. in the Recreation hall. Students who have been outstanding in campus activities will be recognized.

Dr. D. M. Wiggins, president, will make the principal address of the day.

Dormitories have begun to make tentative plans for the Sunday meal, Formby said. He emphasized that every student while at home during the Easter holidays should remind his parents of the coming event.

Tech Profs Attend Social Science Meet April 15-16

The annual Southwestern Social Science convention for the states of Texas, New Mexico, Louisiana, Oklahoma, Arkansas, Missouri, and Kansas will be held in Fort Worth at the Texas Hotel, April 15-16. A number of Tech faculty members will attend and participate on the program.

The regional association of social science departments will include accounting, agriculture, economics, business administration, economics, geography, government, history and sociology. Dr. J. William Davis, professor and head of the government department has announced.

Participating on the program from Tech will be Doctor Davis, who is chairman of the government section; Dr. Reginald Rushing, professor of accounting and finance, who will discuss the subject "Corporate Reorganizations Under Chapter Ten of the Bankruptcy Act" under the accounting section; Byron R. Abernathy, associate professor of government, discussion leader under government section on the subject "Problems and Nature of the Introductory Course"; J. W. Jackson, professor of government, discussing the topic "Politics in Texas"; and under a combined program of economics, government, and history, Thomas F. Weisen, professor of economics and management, will discuss "Economic Effects of a Communist Victory in China."

Doctor Jones To Interview Faculty Prospects In LA

Dr. E. N. Jones, vice president, is to be in Los Angeles April 22-24 for talks with faculty prospects and alumni groups of Ottawa university in Kansas and Tech.

On April 22, he will consult with prospective teachers for the coming year.

Doctor Jones is to speak at a meeting of the Los Angeles chapter of the Alumni association of Ottawa university on April 23. He received his bachelor of science degree from the university in 1921.

On April 24, he is to participate in the organization of a Los Angeles chapter of Tech Ex-Students association. At this meeting, the all-college movie, "Futures Unlimited," will be shown.

WIGGINS AND JONES SLATE SPEAKING ENGAGEMENTS

Tech's president and vice president have scheduled a series of speaking engagements.

Dr. D. M. Wiggins, president, is to address a Chamber of Commerce banquet April 19 in Stamford.

He spoke to the Rio Grande Valley Educational association at "Bar-San Juan-Alamo school near McAllen yesterday.

Dr. E. N. Jones, vice president, is to speak Saturday at a district meeting of the Texas Home Demonstration association in Floydada.

His topic will be: "Children and Youth Are Strategically Important."

Allam Elected; Run-Off To Feature Hogan vs Carter, Winston vs McKay

By CHARLES H. SCHAFER
Toreador Copy Editor

Curtis Sterling smashed to victory over Bob Stewart for presidency of the Student association in yesterday's election by a comfortable margin of 1922-634.

Marshall Gettys bowled over James Rider for the vice-presidency 2242-351.

CURTIS STERLING
New Student President

Margaret Clark is secretary of the Student Council without a run-off by virtue of six votes. She received 1273 votes, Kitty Witty 754 and Jane Skinner 513.

The Toreador business manager is Dean Allam. He polled 1311 votes to Jack Sheltons 1180.

Glenn Winston and Lam McKay will be in the run-off election Wednesday April 20 for head girl cheer leader. They received 874 and 445 votes respectively. Other votes were Mary Harrah, 251; Thala "Rusty" Foster, 297; Kitten Mills, 409; and Jimmie Lee Cotten, 231.

In the run-off for head boy cheer leader will be James C. Carter, 1058 votes, and Bob Hogan, 343. The other candidates were Neil Crutchfield, 175; Bill Miller, 171; Marion Hightower, 123; Bob Carnahan, 185; Thad Brown, 86; Pat Thurman, 202; and Bob Cunningham, 229.

Roy Grimes and A. J. Bishop are editor and business manager respectively of La Ventana. They had no opposition. Neither did Raymond Brigham, business manager of the Student Council.

Student Council representative candidates from the arts and sciences division elected without a run-off were Roy Trice with 533 votes, Bill Agnew, 453, and Bill Parsley, 531. Candidates who will be in the run-off are Jo Simmons, 369; Bobby Joe Salem, 308; Bill Trenfield, 361; Patti Jo Morrison, 367; Guida Miller, 340; Marjorie Buck, 258; Pat Keffer, 355; and Jim Choate, 296. Other candidates were Rachel Dunaway, 206; Jonsue Hudson, 222; Gay Reeves, 212; Cecile Butler, 208; Alton Griffin, 195; Billie Hines, 244; and Wynona Hamilton, 185. The division is entitled to seven representatives.

In the agriculture division Don Morrison was elected council representative with 233 votes, Frank Smith, 173; Gloy Weems, 171; J. B. Cooper, 155; and Cecil Mardis, 221. Two won run-off positions. Two positions remain to be filled, Robert Duke, 43; Tommie Bell, 159; Andrew Behrends, 109; and W. L. Krueger, 82, made up the other candidates.

No candidate was elected from business administration division. Robert Craig, 144; James Hall, 123; Mary Alice Mitchell, 90; Gale Rogers, 152; Bill Gillingent, 91; and Bill McCasland, 176, will be in the run-off in which three students are to be elected. Dale Thut, 56; John Huckerbarth, 82; Dorothy Stephenson, 84; Sue Lawson, 51; and Loy Anderson, 85, also ran.

Elizabeth Craig and Joy Williams, with 132 and 114 votes respectively, won council seats from the home economics division which is entitled to only two members. Also seeking the office were Jackie Mueller, 26; Jeannine Smith, 61; and Joyce Pember, 56.

Richard Gibson, 365; John Jackson, 361; and Marjorie Bullen, 371, won as council representatives from the engineering division. Ken Hancock, 268; James Steele, 278; Jack Burke, 234; and Rex Darling, 285, won run-off positions. Five students will represent the division. Other candidates were Timothy O'Connell, 187; Hal McElroy, 152; William L. Adair, 216; France Meir, 114; Lester Smith, 40; Joe

Walker To Attend Chicago Meeting

Mrs. Margarette W. Walker, dean of women, will attend the National Convention of Deans of Women April 18-21 at the Stevens hotel in Chicago.

The annual convention is held in conjunction with the Council of Guidance and Personnel association, Mrs. Walker said.

While at the convention, the dean of women will confer with Miss Althea Kratz, national president of the American Association of University Women, who will discuss "Imperatives for the Youth of America." Mrs. Walker will also attend a breakfast sponsored by Alpha Lambda Delta, national honor society for freshmen women.

The theme of the convention will be "Achieving Common Goals in Guidance". Panel discussions on mutual problems of deans of women, campus sorority groups, student leadership, and counseling in resident halls will be presented, Mrs. Walker said.

Home Economics Open House Set; Exhibits To Highlight Annual Events

The thirteenth annual home economics Open House will begin Friday, April 22, with that night designated as "date night."

"There will be exhibits that will interest men as well as women," stated Miss Margaret W. Weeks, dean of the division.

Along with the showing of "Futures Unlimited" at 3, 7, and 9 p.m. Friday and 4 p.m. Saturday, the five departments of the division will present demonstrations and exhibits to acquaint the public with the type of work being done. These will be shown from 2 to 9 p.m. Friday, and from 9 a.m. to 5 p.m. Saturday.

The institutional management

department will display the kitchen of women's dorm 3 to the public 1:30 to 3:30 p.m. Friday.

Four style shows are scheduled for Saturday with high school home economics students from surrounding towns modeling garments which they have made.

The open house will be on a conducted tour plan with printed programs to indicate the location of all exhibits and demonstrations. Buildings which will be open are the home economics building, the rolled arts annexes, the nursery school, the home management house, and the institutional management laboratory, stated Rosalyn Schreiber, publicity chairman.

The Campus Whirl

- Wednesday, April 13
 - American Chemical society, 7 p.m., C-G.
 - WEA dancing, 7-8 p.m., HE-204.
- Thursday, April 14
 - Sunrise Easter services for women's dorms on lawn in front of Women's Dorm III.
 - Ko Shari's leave for Santa Fe, 10 a.m.
 - Saddle Tramping, 5 p.m., Aggie auditorium.

 - Alpha Chi, 5 p.m., Ad-220.
 - American Chemical society, 7 p.m., C-G.
 - WEA dancing, 7-8 p.m., gym.

Navy, Gulf Oil Co. To Hold Interviews

Lt Com Charles H. Chapin of the Navy will conclude interviews today with Tech applicants for appointment in Naval aviation, Naval Reserve and the Waves. Interviews will continue in Room 110, Ad building, for men and women who will be graduated this spring or summer. All accepted in aviation will be sent through flight school as ensigns.

Freshmen and sophomore men students will be interviewed for the F.O.C. program tomorrow in the lounge of Men's Dorm III by Cmdr. H. W. Jones, the district navy recruiting procurement officer from New Orleans. Mrs. Jean A. Jenkins, executive secretary of the Placement office, said Monday.

According to descriptive material, if the student successfully completes two six-week sessions he will receive a commission in the Naval Reserve at the same time he gets his degree.

Paul Evans, district engineer for Gulf Oil corporation from Hobbs, N. M., will interview June graduates Thursday with the following majors: chemical, petroleum and mechanical engineering. Mrs. Jenkins said Monday. A general meeting will be conducted today in the Engineering auditorium. There are also several positions available for juniors for summer employment.

Theta Sigma Phi Officers Installed At Club Meeting

Officers were elected and installed at a meeting of Theta Sigma Phi, Thursday night, Mrs. Margaret Allen, alumnae advisor said.

President for the ensuing term is Jane Skinner, vice president, Glens Winston, secretary, Daina McIlroy, treasurer, Mac Strong, keeper of the archives, Bobby Stone, AWS representative, Jeanne Dudley.

Miss Skinner was selected as delegate to the national convention to be held July 24-27 in Dallas.

Committee Studies Plans For Recreational Building

Plans are being made by a joint committee for a proposed combination student union and faculty recreational building. Dr. H. E. Golden, associate professor of marketing and secretarial management, has announced.

Town Meeting Moderator Sees Prosperity Or Dark Ages For U. S.

"It matters terribly what we think and do, because depending upon our decisions, we are going to have a period of peace and prosperity, or dark ages," George Denny, Jr., founder and moderator of "America's Town Meeting of the Air," stated Friday night in a talk on "This American Century" at the Recreation hall. Denny, president of New York's Town Hall, emphasized that every day we can listen to the radio or read the newspapers and get the news all over the world, but that we are bewildered and do not

know what to do. "The important thing to remember is that we are not back in the eighteenth or nineteenth century or age before the atomic world," he further stated. "Our minds are conditioned for a different century than we are in today."

Denny held up a ball and asked the audience the color of it. The reply was "black." "No, it is white," Denny insisted, and turned the ball around so that they could see that it was half-white and half-black "We could never agree on its color," he continued, "unless you knew my point of view and I realized that you were looking at it from another angle. Many of our disagreements and decisions could be settled by honestly listening to both sides of a question," he added.

John L. Upshaw, instructor in the speech department, introduced the speaker with a brief history of his reason for originating "Town Meeting." A neighbor's refusal of listening to anyone whose political views did not coincide with his own gave him the idea of the program for the purpose of presenting both sides of a question in discussions.

Committee Given Amendment Work

Clint Formby, president of the Student Council, appointed a committee to draw up an amendment to the Student constitution in the council meeting Monday night.

The amendment would change the method whereby the editors of The Toreador and La Ventana are elected by empowering the Publications committee to choose them from qualified applicants. The proposed amendment is a result of growing dissatisfaction with the present method of electing the editors.

If the amendment passes the Student Council by a two-thirds majority, it will be referred to the Student body for a final vote before becoming law.

The council also named five delegates to attend a meeting of the association of Students Councils of Texas colleges and universities. The meeting will be held April 23 at North Texas State Teacher's college in Denton. The delegates are Formby, Lamar Jackson and next year's president, vice-president, and secretary of the council.

Play To Be Given Tuesday

"The Romanians," a one act play, will be presented at 7:15 p.m. Tuesday at a regular meeting of Sock and Buskin, Tech dramatic club, in the speech building. Newma Timms, co-director announced yesterday. Laverne Wilson is also directing.

Members of the cast are: Carol Hillcutt, B.F. Garnahan, Phil Nickell, David Blackburn, Jascol Bitters.

Tech Chapter Of F.T.A. Nominates New Officers

Members of Paul W. Horn chapter of Future Teachers of America have nominated officers for next year. Miss Deane Richardson, club reporter, announced Monday.

Bill Trenfield and Joy Williams were named president and reporter respectively by acclamation. Other officers nominated for club positions are Miss Richardson and Bob Burks, first vice president; H. M. Cook, and Bob Hutchins, second vice president; Lamonte Leddy, Sue Blackburn and Faunaine Fite, secretary; Brad Roland, Imogene Schrank and Jack Eudy, treasurer; and James Lackey and Annie Ruth Paschal, librarian.

Officers will be elected from these nominations April 21 at the home of Dr. Albert Barnett.

Professor W. E. Street, who received his B.S. and M.S. degrees from Tech, and is at present head of the engineering drawing department at Texas A and M, has been elected president of the Bryan-College Station Rotary club.

Ko Sharis Begin Four-Day Santa Fe Trip Tomorrow

Program Includes Dance, Initiation

Members and pledges of Ko Shari, women's social club, will leave for a four-day trip at 10 a.m. tomorrow on chartered buses for Santa Fe N. M., where they will hold traditional initiation services. Staying at the La Fonda hotel, the group will tour the city Friday and Saturday visiting the Rito de La Frijoles at the Adolff Bandelier Memorial, the cliff dwellings and the ceremonial cave where original Ko Sharis lived. Indian schools, museums, the laboratory of anthropology and a famous artist's home will be visited.

The annual formal dinner given at the La Fonda will be Saturday night with a dance, attended by fraternity men of the University of New Mexico, following.

Sunday's activities will feature sunrise services at St. Francis Cathedral, Easter breakfast at the La Fonda, and a tour of Indian villages where the group will witness ceremonial dances for Easter observance.

Initiation dinner will be served at the Arrowhead lodge located just outside Santa Fe. Directly after dinner, members will proceed to re-dedicate the kiva, original Ko Shari, where pledges are initiated as members.

The club will return Monday.

ABSENTEE BALLOTS

Students who will be absent from the campus and unable to vote in the April 20 runoff election may cast absentee ballots 3-3 p.m. Tuesday. Clint Formby, student president, has announced. Polls will be opened at this time in Room 323 of the administration building, he said.

EXCHANGE DINNER

Approximately 16 men and women participated in an exchange dinner Sunday with the men going to Women's Dorm IV and the women to Men's Dorm IV. Billye Harvey, social committee member in the girl's dorm, said.

Dick Vestal was chairman for the men's dorm and Guida Miller for the women's dorm.

A musical program was presented in Women's Dorm IV by Wanda Hiney on the accordion and Marty Bond, vocal numbers, accompanied by Glenna Roberts.

Other dorm activities for Women's Dorm IV include a sunrise Easter service at 5:30 a.m. tomorrow in front of Women's Dorm III. It is a joint activity of all women's dorms on the campus, Miss Harvey said.

SANS SOUCI BREAKFAST

Palm Sunday was observed with a breakfast given for members and pledges of Sans Souci by alumnae of the club Sunday morning. Outstanding members were recognized by Jane Parsons, president.

Paula Fix was recognized for having a 3. grade average during her pledge period and Lavora Manning for being elected president of AWS and La Ventana beauty. Other members were honored for holding minor campus offices.

Mrs. Margarette W. Walker, dean of women gave a short talk preceded by Mrs. Betty Gilbert Anthony, alumnae president, who welcomed the group.

Table decorations featured a cross of palm leaves and flowers. Place cards were improvised Easter bonnets and favors were plastic Easter eggs with Sans Souci inscribed on them.

B-SU CONVENTION

Local Baptist Student union officers will attend the State Spring convention of the BSU April 21-23 in Marshall, Miss Ardelle Hallbeck, director of the Baptist Student center, said.

This will be a meeting of all BSU college groups of Texas.

COURSE DEADLINE SET

Enrollment deadline for students who wish to take flying during the summer is Friday, H. A. Anderson, veteran's coordinator has announced. The course, approved by the college and the veterans administration is Economics 233.

Weddings

GOSSET-SEITZ

Willie Jo Gosset and Elbert Lee Seitz were married recently at the First Methodist church in Hobbs, New Mexico. The bride is the daughter of Mrs. T. L. Benton of Eldorado, Okla., and the bridegroom is the son of Mr. and Mrs. Lee Seitz of Eldorado.

The bridegroom is a graduate of Tech.

CHRISTIAN-GELIN

Mattie Lou Christian, daughter of Mr. and Mrs. E. C. Christian, became the bride of Carl H. Gelin at the First Methodist church recently.

The bride is a graduate of Tech where she was a member of the Engineering society and the Gargoyle club. The bridegroom was an engineering student at Tech.

MOSS-BOYD

Lillian Moss and Raymond Boyd were married recently in Hobbs, N. M.

The bridegroom attended John Parleton college and Texas Tech.

ALPHA BETA MEMBERS

Alpha Beta chapter of Sigma Gamma Epsilon, national honorary fraternity for geology and petroleum engineering students, initiated 17 men recently, Lee E. McDuff, member of the organization, announced Monday.

Those initiated as members were

Herbert E. Couch, Robert K. Bradley, Homer V. Reis, Robert J. Hester, Donald D. Bills, Robert Ebel, John E. Coppinger, A. Auden Lieb, Glenn E. Emmett, William A. Grachenberg, Billy M. McLarry, Lonzo E. Taylor, Charles J. Barr, Robert A. Staewen, and John Emmett Bunch.

Sports Parade Is Success Despite Wintery Weather

The fact that weather conditions kept the Double T Sports parade from being the success it should have been does not daunt us in our hearty approbation of the Saturday night event.

It was an outstanding success in every department besides weather, and offered a preview of what promises to be an exceptional Reider grid machine next season. We would like to recommend the sports parade to both towns men and students, as an event that should become a permanent fixture at Texas Tech.

Designed to make money for an athletic dormitory the parade probably fell far short of its purpose. As a top money all-college event, however, it lacked only one element: sufficient spectators with winter coats. Stands emptied toward the end of the game, not because of lack of interest, but because of pure physical necessity. The cold was too much for the spring clothes.

Originality and willingness to cooperate shown by halftime performers Saturday indicates that first rate entertainment to supplement the ball game, will probably always be available at Tech. The band came through, following the spirit of the occasion through to a fine point. Other individual performances were well executed and the farmers and ranchers turned on the steam to give an exciting and interesting game.

With development of the rivalry initiated by downtown ticket salesmen and the Saddle Tramps, The Double T Sports Parade in the future could conceivably give us a spring football event that would equal anything we see in the fall. All we have to say is congratulations to the coaches, The Double T Association and the Ex-students association. And give us more of the same next spring.

Many More Years To Go

(Editor's Note: Through popular demand, we are printing the following song, sung in the Varsity show by Lamar Jackson, Porkey Parkinson and Bill Jackson.)

I Came to Tech
Nine Years Ago
But I ain't through yet
Guess I'm mighty slow
Started out as an engineer
All I learned to do was to open beer
So I stayed drunk fer a whole durn year
Got Many more years to go

I had a gal
We really had a time
Til the Dean Of Women made her toe the line
She said Buffalo Lakes was no place to stay
And the Supper Club was too risqué
And they never do that in Calif-ny-a
Got Many more years to go

I thought I'd pledge
A social club
But when I did
I flubbed my dub
All I became was a Socialite
Slept all day and partied all night
It was two whole years fore I saw daylight
Got Many more years to go

I moved into Mozelle's Motel
Thought it would be heaven
But it turned out Hell
Paid 25 dollars fer scratchin a chair
25 more just for wear and tear
And another 15 cause I breathed some air
Got Many more years to go

I thought I'd change
To Business Ad
Took thirteen hours
It was all they had
Never cracked a book slept through every class
Had only 58 cuts but I still didn't pass
I'll be here when the campus has grass
Got Many more years to go

BY FRANK McNEILL

Crumbs Of Wisdom

Today I will discuss the most common talked about thing in the world—women. The greater part of all conversations deal with this subject. Men talk about women and women talk about women.

There are two ways to get along with women—either with them or without them. Neither way is very satisfactory, but most people, men that is, prefer the first method. Since there isn't anything to tell about the second system mentioned except that you had better stay inside on spring days, I will go in to the other in detail. Women need read no farther. Women have never gotten along with women and never will.

Woman, according to Webster is "an adult female person", a definition that leaves much to be desired. To the not too critical eye, women look much the same as men. There are differences though. They are shaped different and can run faster. In many ways they are superior to men. They can drink more, talk more, and slug harder. If a woman socks you for an honest try, forget her. Surely next time you can find one you have the reach on.

When you are with a woman and there are no other people present, be on your guard. Be double aware when she is in her own territory. I tried to chase one through

her own backyard one time. What happened? I snagged a clothesline just under the adams apple, went around it three times, and was catapulted into the alley. I was so sore that I didn't speak to her for two weeks.

Women no longer expect all the courtesies of former days. They are beginning to admire the masterful type. I once playfully grabbed a girl and tried to kiss her. She yanked a short, diamond-studded sword out of her bonnet and ran it through my abdomen. Now I am frequently able to predict rain as much as three days in advance.

Women in the far distant past used to expect their date to open the car door for them. Now it's different. Some of the latest jabs have a glimmer on the dash board that opens the doors. You just push this in and inobtrusively shove the broad out with your foot. (Note: beware of women who insist on taking their own car.)

Watch out for women who carry holster shaped handbags and keep their hands just over it. If she has one of these half umbrella-half cane deals, you had better examine it carefully to be sure that it doesn't contain a sword or shoot tear gas or poisoned darts. Beware of the babe who walks up and gets an arm lock on you—she may be dangerous.

LA VENTANA EDITORSHIP PETITION

Letters To The Editor

In order to discourage letters of an irresponsible nature, The Toreador has instituted a policy of publishing only the letters to the editor in which the writer is also willing for his name to appear in print. We welcome student comment, in an objective vein if possible, on any phase of college or national life. All letters should be typewritten and each must be signed by the writer. Letters of two words or less will be given preference. In all cases, we will select for publication the best letters from those available at the time.

Dear Orlin,

I would like to thank the 700 students who signed my petition to the Publications committee concerning my attempt to be placed on the ballot as a candidate for La Ventana editor. The spirit they showed proves them to be true Techsians. Also, I would like to express my thanks to those members of the Publications committee who came to the special meeting to reconsider my petition.

I am truly sorry, not from my own standpoint but from the standpoint of a better spirited election, that the committee did not feel it could "break a precedent" at this time. I hope the need for such action never arises again.

I would like to congratulate you and Clint Formby for your work concerning complete revision of the method of selecting editors for both La Ventana and the Toreador. I personally urge all students to vote for any amendment to the constitution improving this now inadequate situation.

I would like to state at this time that I do not and have not had hard feelings toward any person or group of persons for my "defeat".

Sincerely,
Fred Gibson

Dear Orlin,

As an area incorporated in the city of Lubbock, the campus of Texas Tech and the students of Tech are supposed to receive the benefits of this incorporation as well as to abide by the regulations of this city's government. In receiving traffic tickets in the past for infractions of a minor nature, many of us feel that the attitude of the city toward Tech has been purely negative.

This situation can be partially alleviated by having the maintenance department of the city allocate men and equipment to grade any smooth dirt roads and parking lots on the campus. Tech students constitute one twelfth of the population of the metropolitan city with a "cosmopolitan" air. Therefore considering the innumerable contributions of Tech to the welfare of the city of Lubbock, it does not seem that these small requests are unreasonable. It might be added that guttered roads and lots and stagnant pools of water from infrequent rains certainly do NOT add to any campus beautification project.

Yours for a smoother Tech,
Wayne V. Ramsey

Campus offices will be closed Saturday. Offices will be open for business Friday and Monday.

EL TORO GRANDE

Short Ride In 'Little Dandy' Brings Many Surprises

(Editor's note: James F. Smith, Toreador News Editor, is today's guest columnist.)

IT BEATS WALKING—A few Sundays ago, we were standing at the Broadway and College intersection, waiting for a ride to town, when "Little Dandy," the 1928 Oakland owned by five Tech coeds, chugged to a halt before us.

We had seen the antiquity stirring up dust on the campus several days previously, but this was the first time that we had been so near it. We had wondered where the relic had been resurrected, and we had no doubt that the services of a mechanic were required full-time to keep it in running order. When the hearse-like vehicle stopped, we climbed aboard eagerly with the hope of learning more about it.

Now, "Little Dandy" has an unusual feature. One of the front seats swings around so that the person next to the driver can face the passengers in the back. As it happened that day, the seat was turned toward the rear of the car. Sitting there beside the driver—a pretty girl—was another pretty girl in a black dress.

Have you ever tried to make a dignified entrance into an automobile when you had to stoop through a low door and step over a girl's legs? With as much grace as we could summon, we managed to get into the car and took our place on the back seat beside a third pretty girl. And with a mild roar, "Little Dandy" went steaming toward town.

That jaunt down Broadway in the Oakland must be compared to our first airplane ride for the number of surprises it produced. The first was in learning the great age of the automobile. The second was in discovering that "Little Dandy" runs rather quietly and, in spite of its many years, is capable of attaining an appreciable speed. We were somewhat dumfounded by the interior: green velvet upholstery, carpeted floor, lighting by candles.

From the conversation going on among the girls, we found that the Oakland probably will be swapped or traded in for something more modern this summer. After August, it appears, "Little Dandy" is no longer going to be seen at Tech.

The car presently stopped at a downtown theatre. We disembarked, fully as clumsily as we had entered, then thanked the girls and watched the Oakland move away into traffic.

THE TOREADOR

THE TOREADOR, student newspaper of Texas Technological college, is published every Wednesday and Saturday on the Campus of Texas Technological college at Lubbock by the associated students of the college.

Entered as second class matter, October 31, 1925, at the postoffice in Lubbock, Texas, under an act of March 3, 1879.

Many Hobbies Fill Math Instructor's Hours Of Leisure

By JANET SWINDLER
Toreador Staff Writer

E. T. Smith, a man who is quite gifted in learning codes, has a code of his own—that of opening as much time as his numerous avocations as time off from his job of mathematics and flight instructor will permit.

Foremost in popularity among his avocations is that of amateur radio operator. He and his son, Dale Rea, who is a freshman at Tech, built a "ham shack" behind their home at 2904 Second street. From this station the two work with about 37 states in the union, Hawaii, Japan, Alaska, New Zealand, almost every country in South America and a number of Canadian stations. Since radio code is used part of the time instead of voice, Smith has learned the symbols of dots and dashes.

His early code training began in 1928 when he worked as a Western Union operator. At the same time he worked as a telegraph operator for Santa Fe Railway where he learned the code used in dispatching trains.

Flying, photography, and music are his other hobbies. As a flier Smith has about 5000 hours and holds a commercial license and an instructor's rating. He instructs students in the Economics 233 flight course which leads to the acquisition of private pilot licenses. This course turned out 25 licensed pilots last semester. Smith and H. A. Anderson, coordinator of veteran affairs, are co-sponsors of Tech's Flying T club. During the war Smith, having a contract with the local flight schools, was a part-time instructor in flying for the Lubbock War Training Service program.

His photography work and his flying are closely co-ordinated since he takes many pictures while flying. He has contributed pictures to such magazines as "Popular Aviation", "Western Flying", and the Fawcett publications. In order that he may be close to the two hobbies photography and amateur radio operation, Smith has built a dark room in his "ham shack".

Smith was graduated from Tech in 1942 with a B. S. degree in mathematics and received his M. Ed. degree last summer. He enrolled in Tech in 1931 but since he stayed in school only one year the rest of his college work was done by correspondence and summer work. During this ten-year interval of finishing one year of college until the time he received his degree he taught flying at the local fields and mathematics in Lubbock public schools. He has taught mathematics at Tech for three semesters.

He was able to practice another interest, music, by playing in the Tech band his first college year and in the visiting band another year. He has played in Lubbock's National Guard 131st Artillery band, and in summer camps at Fort Sill, Okla. he played in the National Guard 138th Field Artillery band.

Smith is a thorough West Texan, having lived here most of his life. He was born in Seymour and finished high school in Tahoka.

ALPHA LAMBDA DELTA

Alpha Lambda Delta, scholastic society for freshmen women, held pledge services for 22 girls recently in the Home Economics tea room. Sue Holmes, club president, announced.

The girls eligible for initiation have a 2.5 grade average for the fall semester in 15 hours or more. Formal initiation is scheduled for April 24.

Those initiated were Cynthia Armbruster, Betty Jo Boone, Virginia Ann Butler, Sharon C. Cone, Barbara Crosslin, Maurine Denton, Dorothy J. Elliott, Elaine Felix, Caroline Greek, Mary Hampton.

Mrs. Zelda Doris Harkins, Jo Olive Mobley, Betty Jo Mullins, Molly Ogg, Nan Beth Pennington, Carolyn Reeves, Elizabeth Schroyajsa, LeJuana Smart, Billie J. Stacy, Jane Stoval and Wanda Wilson.

German-Born ME Prof Likes Tech, Texans

Monasch Jailed As An Anti-Nazi

By BENNIE BABB
Toreador Staff Writer

"I am very enthusiastic about the United States, Texas Tech and my new position," says Alfred Monasch, new assistant professor of mechanical engineering from Berlin, Germany.

He was born in Berlin and lived here until he and his family came to New York in September. Monasch left his family visiting in the Catskill mountains and came to Tech this semester.

Monasch received his diploma, equivalent to a masters degree, in electrical and mechanical engineering from the Technical

University of Berlin at Charlottenburg. After graduating he became a manufacturer of scientific and technical instruments. He owned his own enterprise in Berlin and Tehringen, Germany. In this enterprise he was chief engineer and designer. During this time he traveled over Europe and wrote several technical magazine articles on refrigeration engineering.

"I was not a friend of Mr. Hitler," he said. When Hitler came into power, Monasch's business was ruined, and he was forbidden to do any type of engineering work.

Because of their work with the underground movement, he and his family were persecuted by the Nazis and he was made to do hard manual labor. Throughout the duration of the war he worked in

a factory carrying dirt and stones from the basement to the third floor. Also during this time he was put in jail for his work against Hitler's forces. It took him more than a year to recover from the hardships of the war.

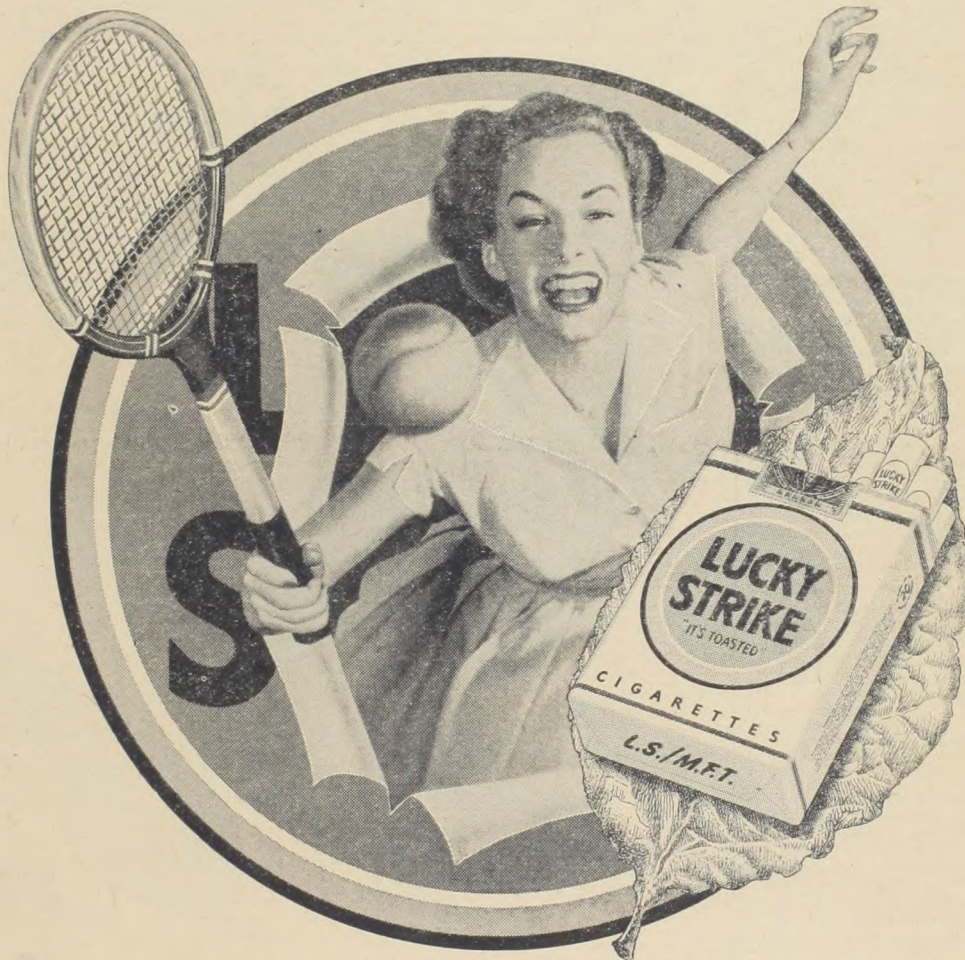

For three years before coming to the states Monasch was a professor at the American University of Berlin, a university for Americans and United States army personnel. He said that his biggest problem in teaching at Tech is getting the students accustomed to his speech and getting himself adjusted to the size of his classes.

At the university his classes were small, and it was possible to conduct intensive class discussions. When asked how he would compare Tech with the Berlin university, he said that they are much

the same. The same subjects are offered, the same methods of grading and credits are used and even some of the text books are alike. Reading good books and going to movies are Monasch's favorite pastimes. Although he has not had enough time to see any of our movies, he is planning to do so soon.

He likes Texas and Texans. Monasch said that every one has been helpful and kind to him, and he hopes that his wife, daughter and son will soon join him in Lubbock and that they will all be able to stay here.

Mrs. W. E. Burnett, jr., the former Miss Martha Lou Eggeser, is teaching home economics in Cotton Center High school. She was graduated from Tech last June.

Smoke a LUCKY to feel your LEVEL best!

Luckies' fine tobacco picks you up when you're low . . . calms you down when you're tense—puts you on the Lucky level! That's why it's so important to remember that LUCKY STRIKE MEANS FINE TOBACCO

—mild, ripe, light tobacco. No wonder more independent tobacco experts—auctioneers, buyers and warehousemen—smoke Luckies regularly than the next two leading brands combined! Get a carton of Luckies today!

Small Crowd Sees Farmers Win Intra-Squad Tilt, 27-20

Because of adverse weather conditions, only 3,000 witnessed the 27-20 defeat in football handed the Farmers by the Ranchers last Saturday night.

White-shirted Farmers dominated the play during the first half with the first touchdown being made as a result of a pass from Farmer Halfback Bill Barbee to End Elbert Williams. Farmer Guard Don Johnson's conversion was good.

A few plays later, Farmer Halfback Walter Maloney intercepted a Rancher pass and sprinted to the Rancher three-yard line before being pulled down. Two plays later, Maloney crashed over the double stripe for the Farmers. Williams converted again to make the score, 10-0.

Just before the half, the Ranchers started rolling when they recovered Bailey's fumble on the Farmer 3-yard line. Halfback J. W. Thompson made the score for the Ranchers, and Halfback Tim Hatch converted successfully to make the score 20-7 as the half ended.

"I wish to express our appreciation and gratitude to those people as individuals and as units who made this first Double T Sports parade a success, especially to those loyal students who attended the game under adverse weather conditions," said Coach Dell Morgan.

The spirit and attitude of the boys were very good this spring, which will tend to make a good ball club this fall, said Morgan.

"This was the best spring training that we have had since I have been at Tech," concluded Morgan. Coach G. B. Morris said that he had thought that the 1948 spring training was the best he had ever seen until this year, but it could not compare with the '49 spring training. He also said that he had never worked at a spring training where more spirit and hustle were shown, and that this combination made coaching work much more pleasant.

Coach Tipp Mooney said that he was well pleased with the work turned in by the backs.

Several Techsans Cop Bowling Wins In City Tourney

Tech Keglers headed the list of winners in the City Association bowling tourney held at the Lubbock Bowling club and Planor lanes last weekend.

Ben Brown of Lubbock and Jay O'Keefe of Amarillo teamed to win the doubles championship with a combined score of 1,206.

Bobby Gressett, Stamford, Ercil Blackburn took third in the doubles with a 1,200 pinfall.

In the singles division, Frank Douglas of Lubbock, track team member, placed second, topping 1,236 pins. Al Simmons of Bula won sixth place with 1,200.

Trophy for all-events went to Ben Brown with a scratch total of 1,770 pins. Jerry Henderson, Weatherford, copped the money for all-events with a handicap total of 1,837 pins for the nine games.

Second Annual Track Meet For Mural Teams Set May 7

By HILERY MATHER
Toreador Staff Writer

Date for the second annual intramural track meet has been set for May 7th, announced George Philbrick, intramural sports director.

Intramural track, sponsored for the second consecutive year by the Toreador, is expected to be bigger and better than it was last year, stated Philbrick.

"All team managers must meet Friday, April 22, at 5 p.m. in the athletic office with a complete list of team members," he said.

"Team members should start working out as soon as possible, especially those who intend to participate in running contests of over 100 yards," he said. Approximately 180 men in 12

teams participated in intramural track last year.

Ben Wilson and Ted Peabody, two top intramural track men last year, graduated to the varsity team this year. In 1948 Wilson won first place in the 440 yard dash and the 220 yard dash and second place in the low hurdles. Ted Peabody threw the shot put 42 feet 10 inches for first place in 1948. He won first place this year for varsity shot put throwing in the Abilene track meet.

Competes which will be open for competition this year are: 440 yard dash, 220 yard dash, 100 yard dash, 60 yard dash, 30 yard dash, half mile, broad jumps, high jumps, softball throws, football throws, 440 yard relays, high and low hurdles, shot put throwing and possible a greased pig race.

Dorm League Led By Drane, Sneed

Drane hall and Sneed third lead the dormitory intramural softball league with seven wins and one loss each.

Drane hall trounced Dorm III, 17 to 0, Monday. Sneed third dropped Nasty Nine, 9 to 0; Green Hornets defeated West hall, 8 to 2; and Sneed second took a forfeit from Doak west.

Plains Relays Set Friday, Saturday

The second annual South Plains relays are scheduled to begin at 2 o'clock Friday afternoon at Jones stadium.

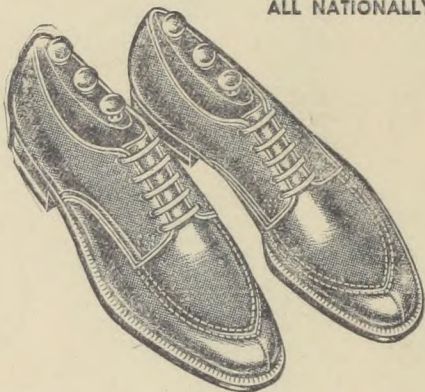

Friday is set for preliminary events and Saturday is scheduled for the finals, also beginning at 2 o'clock.

The object of the South Plains relays is to foster competition in track among the public schools of Texas and eastern New Mexico. Last year Odessa won first place in the meet; Lubbock was second; and Abilene placed third. The individual high point man was Byron Townsend of Odessa with 18½ of his team's 30 points.

First, second and third place winners in all events will be presented gold, silver and bronze miniature track shoes and first, second and third high point men will receive individual trophies.

Tennis Men Win 7-Match Shutout At Abilene Meet

The Raider tennis team won all seven of their matches against Abilene Christian college, Hardin-Simmons university and McMurry college in Abilene last Saturday.

The "B" tennis team was originally slated to go to the four-school meet in Abilene, and the "A" team was to play host to Southern Methodist here, but the SMU matches were called off earlier in the week due to a conflict in their schedule.

With the exception of letterman Joe Wheatley, the entire Raider team went to the Abilene meet. Wheatley was declared ineligible last week under Border conference ruling because he did not attend school last semester.

In the meet Saturday, Carl Schmidt and Glenn Ivy teamed up to defeat Buzz Nodge and John Bowden of H-SU, 6-1, 6-1. In the singles Schmidt beat Nodge, 6-1, 6-2, and in other singles matches Jake Broyles defeated Harry Jansell of ACC, 6-1, 6-1, and Ed Scudday downed Russel Coffee of ACC, 6-0, 6-3.

In another doubles match, David Hester and Scudday beat Jansell and Waddell of ACC 6-8, 6-1, 6-2.

Hester beat Gen Sutton of H-SU, 6-3, 6-3, and in the final doubles match Prentiss and Beck beat Sutton and Darnell of H-SU, 6-3, 6-4.

Tech's "A" team will leave tomorrow for the nationally-recognized River Oaks tournament in Houston April 19-20, and the "B" squad will leave for Albuquerque for matches with the University of New Mexico. The "A" squad will challenge Texas university and the University of Houston on their way to the River Oaks tournament.

SILVER KEYS REUNION

Plans for a Silver Key reunion to be held in Mexico City September 1-5 were made at a recent club meeting, Roy Grimes, reporter of the organization, has announced.

Carl Schmidt and Jim D'Acosta, members who are residents of Mexico City, were appointed to make arrangements for the affair which will be attended by alumni and active club members. Included in the entertainment will be a picnic, attending the El Patio night club and the bull fights, and touring the city.

DRANE, INDEPENDENTS TIE

Independents beat Cast Linda 33-15 Friday in the last regularly scheduled game of the Women's Recreational association basketball tournament. Bobby Adams, co-chairman, announced yesterday. Of the five teams which participated, Drane and Independents tied for first. Date of a playoff game will be announced later.

WOMEN SEEK EMPLOYMENT

Figures show that 25 women are seeking employment through the dean of women's office, said Miss June Hanson, assistant to the dean of women.

Last month 39 women were employed. Sixty-one employment applications were not filled during February and 22 new applications were filled out, in March, Miss Hanson added.

More women were employed as baby-sitters than in any other capacity during March. The smallest number found work in campus offices.

Senior invitations ordered in 1949 exceeded by 6,000 those ordered in previous years in the history of Tech, W. C. Cole, manager of the Tech bookstore, said Monday. A total of 14,615 invitations was ordered this year.

Trackmen Prepare For Saturday Meet

Tech Wins Second In Abilene Contest

Tech's track team was hard at work again this week getting ready for another meet, this one in Albuquerque Saturday against the New Mexico Lobos.

Coach Maxey McKnight said all of his men were making progress and gradually were building toward top form for the Border conference meet May 13 and 14, the point for which each team in the circuit builds.

The Raider trackmen were unsuccessful in upsetting Abilene Christian college in a triangular meet last weekend in Abilene, coming in second to the Wildcats. Points were about as Coach McKnight had predicted prior to leaving for the competition. McMurry athletes also competed but Hardin-Simmons, which was scheduled to take part, also, did not show up.

Tech's second place was marked by winning of three first places, and a second by Ed Clepper and running of the fastest quarter mile of the season by Costin Buf-

Clepper led individual competitors with 17 1/2 points, winning the high and low hurdles, tying for first place in the high jump, and second in the broad jump. He also ran on the third-place sprint relay team.

Buflin stretched out to run a 49.8 second quarter mile race, the fastest he has gone this spring, but finished second to ACC's Lepard, who turned in a 49.7.

Tech piled up 51 points to finish behind ACC, 69, and ahead of McMurry college, 40.

Tech was handicapped by injuries to Ben Wilson and Charles Reynolds. Wilson, a quarter miler and half miler, was unable to compete, while Reynolds, Border conference sprint champion, was unable to turn in good time in the 100 yard dash and on the sprint relay team because of a hurt ankle.

Reynolds was not scheduled to compete, but was authorized late Friday night by his doctor to make the trip to Abilene.

Easter holidays for students begin at 10 p.m. tomorrow.

CAMPUS CAPERS LAFF 'N' LEARN

JOHNNY

LIFTS LARRY TO OLYMPIAN DELIGHTS WITH A CINEMATIC HOUR!

COME ON, LARRY! YOU HAVE TO BE PHOTOGRAPHED. YOU'RE PICKED TO ESCORT DOLLY DARE, THE HOLLYWOOD HETAIRA, OUR CHOSEN PROM-QUEEN

IMAGINE PICKING THIS BIG JERK TO GO WITH

PHOTOGENIC TRINITROTOLUOL LIKE DOLLY! SHE'S ASKED FOR A PICTURE OF HIM AND LOOK!

TO GIVE MY CHIAROSCURO JACKET TO HAVE MY PICTURE SENT TO THIS LULU AND YOU SULK!

SMOKING AND STUDYING SO HARD HAVE LEFT ME PEDICULOUS I HAVEN'T THE VELLEITY TO OGLE THE QUEEN OF SHEBA

O-O! SOUNDS LIKE CIGARETTE HANGOVER!

JOHNNY'S RIGHT BOY! PHILIP MORRIS IS THE ONE CIGARETTE PROVED DEFINITELY LESS IRRITATING!

WE PICKED A SARTORIAL TREAT FOR DOLLY BIG FELLA

WELCOME DOLLY DARE NOTICE THE BRIGHT NEW STRIPES IN HIS DISPOSITION

LARRY, YOU'VE GOT CIGARETTE HANGOVER, SWITCH TO PHILIP MORRIS AND END IT

ALL RIGHT MEN-I'LL GIVE IT A WHIRL!

DAMN! YOU GREASE DAVE AND PHILIP MORRIS HAS CHECKED

THANKS TO PHILIP MORRIS AND YOU PYTHIAN PALS OF MINE! PARDON, THERE'S DOLLY

EASY THERE, APOLLO! THE TRAIN TRIP BORED ME AND I SMOKED TOO MUCH-I'M APT TO BITE

LARRY, YOU'VE GOT TOP BOX-OFFICE APPEAL FOR LITTLE DOLLY- LETS SIT OUT THE NEXT CHORUS AND ENJOY PHILIP MORRIS

GET HEP GORGEOUS! SWITCH TO A COUPLE OF GENTLE CHARMERS LIKE PHILIP MORRIS AND MYSELF

HOW CAN A GAL BE AS INCANDESCENT AS YOU AND YET SO COOLLY INTELLIGENT?

Use These Words With Tongue In Cheek!
(Plan to use ONE every week!)

CHIAROSCURO (kee-ar-o-skoo-ro) - A pattern of light and shade.

CIGARETTE HANGOVER - (to be whispered, never pronounced), that stale, smoked-out taste, that tight, dry feeling in your throat due to smoking.

CINEMATIC HOUR! (oo-ree) - In short, a beautiful film star.

HETAIRA (hel-air-ah) - A play-girl (ancient Greek type).

INCANDESCENT (in-can-dess-ent) - Glowing.

PEDICULOUS (ped-ik-u-lus) - Bug-infested.

PYTHIAN (pith-ee-an) - Devoted; from Pythias, that famous friend.

SARTORIAL (sar-toi-yal) - As of a snappy set of threads.

TRINITROTOLUOL (try-ni-tro-to-lu-u-ol), T.N.T.

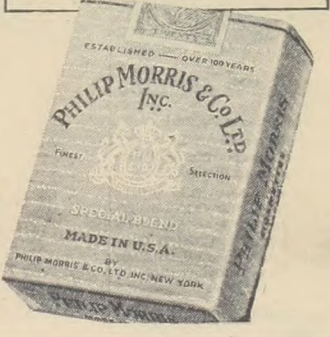

VELLEITY (vel-luy-it-ee) - A slight nebulous wish.

Here's the Moral to Complete Our Tale -

Behind our playful plot, our intentions are serious: we want you to discover for yourself the welcome DIFFERENCE in cigarettes that PHILIP MORRIS can bring you.

Established PROOF of that difference is too extensive to be detailed here—but pre-medical and chemistry students, who will be especially interested can get it in published form FREE, by writing our Research Dept., Philip Morris Co., 119 Fifth Ave., N. Y.

Scholastic Changes Approved

By JAMES F. SMITH
Toreador News Editor

Changes in regulations governing scholarship probation and grade point averages have been approved by Tech's Board of Directors.

The revision in scholastic rules, effective for the fall semester of the 1950-51 session, were given the board's approbation at its meeting in Austin Monday.

Under the new regulation, a grade point average of 1.00 will be required on all courses for which a student registers in meeting degree requirements. A second enrollment for a course previously failed will add three more grade points to the total required for graduation, and any subsequent registrations for that failed course will each add three more grade points to that total.

Present regulations state that a student may fail a given course one or more times and yet have only three grade points added to the graduation requirement.

This increase in the quality requirement for a degree from Tech is to be effective for all entering students, both freshman and transfers in the fall of 1950. Another new regulation provides that a student who lacks 15 grade points of attaining a 1.00 grade point average is to be placed on probation.

In order to remove that probation, a student must make passing grades in nine semester hours and a minimum of nine grade points in a given semester or eight semester hours and a minimum of eight grade points during a 12-week summer session. The scholarship probation may be removed only by residence courses at Tech.

A student who lacks 30 grade points of attaining a 1.00 grade point average shall be dropped not later than 20 days after the end of the semester in which such deficiency develops. The 20-day period is allowed in order that the registrar's office may complete all grade reports.

The stringency of the new regulations is lessened somewhat by a provision to give more personal attention to students who are dropped for scholastic deficiency and who reapply for admission.

Beginning with the fall semester of 1950, a student may be reinstated on a third probation, or even more, if he gives cooperation in all studies of his own situation,

including his choice of curriculum as determined by aptitude and achievement tests.

Under existing regulations, a student is allowed no more than two periods of scholastic probation. "These regulations are designed to bring the scholastic quality requirements at Texas Tech in line with those of the better institutions in the state," Dr. E. N. Jones, vice president of the college and chairman of the council of deans, said Monday.

The board also:
Approved the War Assets administration contract transferring the Pantex Ordnance plant to Tech;
Approved the hard surfacing, with curbs and gutters, of the parking lot south of the Administration building;

Authorized the removal of the old bookstore building near the Broadway entrance to the campus;

Approved a pay schedule of \$1,000 each for 29 graduate assistants in place of laboratory assistants

and part-time instructors;
Approved expenditure of \$30,000 for maintenance and further repairs to campus buildings.

No final decision was made by the board on the college building program, Doctor Jones said.

The directors are to convene at Tech May 9, one day before Dr. D. M. Wiggins is inaugurated as the fifth president of the college.

Election

(Continued From Page 1)
Mac Montgomery, 145; and Cooper Slay, 215.

Approximately 47 per cent of the student body voted in the election, said Clint Furnby, president of the Student Council. A total of 2,602 votes were cast.

Votes by divisions were arts and sciences, 839; agriculture 454; home economics 212; engineering, 691; and business administration, 405.
