Work On 'Milestones In Melody' Enters Final Stages

Western Day Plans Complete

First Performance Set For Monday At Lubbock High

Rehearsal of "Milestones in Melody", 1949 edition of the Varsity show, has gone into the final stages in preparation for its Monday night opening, Bill Parsley, director has announced.

The three-act musical extravaganza, slated for a three night run, will be performed at 8 p.m. Monday through Wednesday nights in the Lubbock Senior High school auditorium. Authored by Ruth Cook, senior home economics major from Orchard, the show is expected to offer a wide variety of fun and entertainment for everyone.

Minimum Of Plot

Miss Cook describes this year's show as a musical comedy with one goal, a maximum of entertainment with a minimum of plot, in order to present as many of Tech's talented students in novelty song and dance numbers as possible.

The first act features Gordon Hilton and Dave Fawcett as Techsans on vacation in New York city. They venture to a date bureau in search of companionship and are greeted by a host of beautiful girls and as many complicated problems.

Varsity show veteran performer, Joe Meador, in the 2nd act, plays the part of a janitor who has been with the college for 25 years. By reminiscing, he takes the audience through the days of "jelly beans and flappers" up to the present.

The third expose is a dream sequence in which Larry Billings, a Tech student who feels he is tied down in his school life, becomes tied down as a judge in a beauty contest through the wiles of the sandman. The Tech beauties will be presented during the contest.

Production Staff

Parsley, a staff announcer at Radio Station KSEL and a former employee of the publicity department of Paramount Motion Pictures, is optimistic about the show, expecting a good performance with lots of fun for everyone.

Sunny Redus, senior A&S student from Hamlin, is assistant manager of the show. Other members of the production staff include dramatics director, Alice Barron; dance director, Billie Hutchings; music arranger, Ted Crager; business manager, Bill Reid; publicity manager, Lewis Terrell; lights, Frank Burton. The stage crew includes Dave White; sets, Wayne Hise; props, Jeanetta Lewis; makeup, D'Rubth Hopping and sound, Roy Grimes. Miss Cook is in charge of costumes. Original songs for the show have been written by Carolyn Cole and Loyd Alsup.

DEADLINE EXTENDED

Deadline for ordering senior invitations at the Varsity bookstore has been extended through Saturday, April 2, said Hubert Burgess, manager.

"Only a very few extras will be ordered this year and all students wishing to obtain invitations must place orders for them," he emphasized.

ALL SET—Everybody's getting ready for All-Western days on the campus. Besides Diane Wimberly left, from Gainesville, and Joyce Boren from Mercury, who are prepared to ride in the rodeo parade, we find Nancy Hanks, college saddle mare (no relation to Lincoln), perking up her ears in anticipation. Dr. D. M. Wiggins, college president, will lead the parade, flanked by W. L. Stangel, dean of agriculture and W. T. Gaston, college business manager. Western days celebration will begin with an open air chuck wagon breakfast at 6:30 a.m. Friday in Aggie Grove. (Photo by A. J. Bishop).

Eight-School ASME Convention Highlighted By Speech Contest

By OTIS HORN

Toreador Staff Writer

Engineering speech contests will share the spotlight with the college rodeo when delegates gather at Tech Friday and Saturday for the American Society of Mechanical

Engineers convention.

Approximately 60 students from eight technical schools in the Southwest will assemble for the first such convention to be held at Tech in nine years.

These delegates are to compete

for a \$100 first prize being offered for the best speech on any technical subject.

The two-day meet is for the purpose of hearing a series of 15-minute talks to determine who among the delegates has presented the best discussions.

Delegates will attend from Texas A&M, University of Texas, SMU, Rice, Tulane, LSU, Louisiana Polytechnic and Tech. Representatives of this college are Beldon Peters and Larry Johnson, both senior mechanical engineering majors.

The convention will get underway at 9 a.m. Friday in the Engineering auditorium, where the second series of speeches is to be given at the same hour Saturday.

A barbecue is to be staged at 12 noon Friday in Mackenzie State park. From 2 until 4:30 p.m. the delegates are to be taken on a tour of the campus. At 5 p.m. they will witness the rodeo parade.

Carl Eckhart of the University of Texas is to be guest speaker at a banquet at 6:30 p.m. in the north ballroom of the Hilton hotel.

Last event on the convention calendar for Friday is the rodeo at 8 p.m. in Jones stadium.

Saturday's session will include, besides the talks, a noon luncheon at Cactus Inn and a field trip at 1 p.m. to the Tucco and West Texas Gas company plants in Plainview.

Presentation of prizes will be a feature of the banquet at 7:30 p.m. at the Cactus Inn. Concluding the two-day program is a dance at 9 p.m. in the naval armory. The Techsans will play.

Three Officers Elected By AWS; Run-Off Balloting Set For Tomorrow

Levora Manning has been elected president of the Association of Women Students, Margaret Clark, chairman of the Student Council election committee, said last night.

Run-offs for vice president and reporter will be held from 8 a.m. to 12 noon Thursday at voting booth in the Administration and Home Economics buildings. Kathryn Witty and Sue Ann Roberts are run-off candidates for vice president. Miss Witty received 148 votes and Miss Roberts, 85. Thalia Foster, a third candidate, received 79 votes. Guida Miller and Doris Bell will be in the run-off for the office of reporter. Miss Bell's votes totaled 124 and Miss Miller's, 121. Loy Anderson, also a candidate for reporter, received 66 votes.

Other officers elected Friday include Joyce Byrom, secretary, and Mary Stanford, treasurer. Women students on the campus were eligible to vote in the election.

Miss Manning's votes for president totaled 165. Her only opponent, Dorothy Phillips, received 146. Miss Byrom received 168 votes for secretary and her opponent, Dorothy Stephenson, 143. Miss Stanford, the new treasurer, received 191 votes and the second candidate for the office, Louise Irwin, received 120.

LEVORA MANNING

Ranch Breakfast To Start Events

An open-air, chuck-wagon style breakfast will kickoff the festivities of the fourth annual Western Days and All-College Rodeo Friday and Saturday.

The meal at 6:30 a.m. Friday in Aggie grove is to mark the start of a program of events that will not be concluded until end of the dance Saturday night in the gym.

This year the Western Days celebration boasts two notable "firsts." Dr. D. M. Wiggins, president, is to ride at the head of the parade on Sir Chubby, a prize Quarter horse, thus becoming the first president in Tech's history to lead such a procession. The rodeo is to be staged in Jones stadium, marking the first time that the roping and riding tussle has ever been held on the campus and in the stadium.

A parade is to be staged at 5 p.m. Friday. Beginning at Jones stadium, the procession will wind around the circle, go to town on Broadway, and return on Main to the starting point.

First performance of the rodeo is at 8 p.m. Doctor Wiggins is to lead the grand entry and dedicate Western Days to all pioneers who settled the West.

At 2:30 p.m. Saturday, the second round of contests begins in the stadium.

Jack Miller and his Mustangs will furnish music for the dance at 8:30 p.m. Saturday in the gym. Awarding of all prizes to be a feature of the dance.

First-place winners among the 70 entries will receive silver belt buckles. A saddle is to be presented to the all-around cowboy, while a pair of boots will be the award of the all-around cowgirl.

Aggie Tool Annex Damaged By Fire Sunday Morning

Tech's agricultural engineering building was damaged by fire Sunday morning. Bill Rogers, farm manager, reported the fire to the fire department about 8 a.m.

Cause of the fire, which started in the tool and supply room, is unknown. Firemen extinguished the blaze about 9 a.m.

The equipment burned included electric motors, three grinders, pipe fitting tools, 10 planes, and taps and dies. Dr. A. W. Young, head of the department of plant industry, has estimated equipment damage to be at least \$2,000. W. R. Hedrick, college architect, has not estimated the damage done to the building.

Classes are expected to continue in the building.

Prof. J. J. Willingham, head of the department of dairy manufactures, is to speak at the annual stockholder's meeting of the Lorraine co-op Saturday, April 2. He will speak on problems of dairy industry.

Next IRC Meet To Be At Tech

Oil Companies To Interview Seniors Starting Tomorrow

Representatives from three oil companies and one power company will be on the campus to interview graduating seniors tomorrow through April 7, Mrs. Jean Jenkins, executive secretary of the Placement office, announced yesterday.

J. E. Estlin, Jr., purchasing agent for the Houston Lighting and Power company, will interview June graduates tomorrow with an electrical engineering major for a position in the purchasing department.

M. H. Dubrow and H. H. Hinson, representatives from the Continental Oil company, wish to interview June graduates Monday with the following majors: petroleum, mechanical and civil engineering. June and August graduates interested in positions with Humble Oil & Refining company will be interviewed on the campus April 5 through April 7. R. N. Dyer, personnel supervisor, will head the party of interviewers. The company is interested in graduates in the following departments: chemical, civil, electrical, mechanical, petroleum engineering and geology. There are also positions for students with advanced degrees in physics and chemistry.

J. C. McCarthy, T. M. Curtis, and E. L. Reed, Jr., representatives of Stanolind Oil & Gas company, will interview graduating seniors with petroleum and geology majors for positions with the company.

The Tech International Relations club has been chosen to be host for the 1950 New Mexico-Texas Regional IRC conference and three Tech club members will be regional officers for the coming year.

These plans were made at the New Mexico-Texas International Relations club Regional conference, which was held March 25-26 at Sul Ross College in Alpine, S. M. Kennedy, instructor in the government department has announced.

Tech IRC members, chosen to be regional officers, were Jim D'Acosta, president; Levora Manning, corresponding secretary; and Max Osborn, treasurer. They were also chosen as delegates to the international conference which will be held in Denver, Colorado, April 21-24.

Ten minute papers were given by Guin Byers on "United Nations Activities in Indonesia", Leon Griffith on "United States Aid to China Since V-J Day", Max Osborn on "The United States and the Berlin Crisis", John Hettler on "Problems of Atomic Energy Control", and Joe Gipson on "Is the Russian Satellite System Breaking Down?"

Ruth Cowart discussed the subject "United States Financial Aid to Europe". Jerry Wilson the topic "Activities of the United States Security Council", and Joe Harvey, discussion leader for round table number three of the second section discussed "The Indonesian Problem".

Tech Students who attended the conference, accompanied by Dr. J. William Davis, professor and head of the government department.

and Kennedy were: Jerry Wilson, Jack Sloan, Joe Gipson, Ann Gipson, Secretary-Treasurer Max Osborn, Jack Walter, Guin Byers, vice president Virginia Zollars, John Hettler, President Hardie Matthews, Betty Jones, Frances Hartfield, Ruth Cowart, Bryan Lovelace, Frances Perkins, Philip Kemp, Joe Harvey, Jim D'Acosta, and Levora Manning.

Eloquence is logic on fire.

Saturday Initiation Set For Sigma Delta Pledges

Approximately 25 pledges of Sigma Delta Pi, national Spanish honorary fraternity, will be initiated in a candlelight ceremony at 7:30 p.m. April 2 at the Mexican Inn. Mrs. Elizabeth Davis, secretary of the fraternity, has announced.

Dr. D. M. Wiggins, college president, will be principal speaker at the dinner. Honorary memberships will be received by Mr. and Mrs. Hiram Parks who are donors of the largest scholarship to be given the foreign language department.

Crop Judgers To Be Honored Tomorrow At Banquet

Vivi Scholarship Plaque Presented To Cherrie Hannis

The Plant Industry club will honor members of the crop judging team at its annual banquet at 7 p.m. tomorrow at the Hilton hotel, Judd Morrow, sponsor of the organization said this week.

Members of the Team placed second and third in international competition at Chicago and Kansas City recently. Morrow said. The Team is composed of Camille Stevens, Robbie Gill, and Howard Taylor, with L. W. Rosenbaum as alternate.

Guest speaker for the occasion will be W. M. Nixon, regional agronomist of the Soil Conservation service at Fort Worth. The subject of his speech will be "Looking Forward". Morrow announced. Nixon will be introduced by A. W. Young, head of the plant industry department.

Toastmaster will be Marion Baumgardner and the invocation will be given by W. W. Yocum, professor of plant industry. James Grisham, president of the Plant Industry club will welcome the guests and the activities of the club will be outlined by Rosenbaum.

The 1948 judging team will be presented by Morrow, and Jim Spain will give several musical numbers.

VIVI SCHOLARSHIP

Cherrie Hannis, senior arts and sciences student, was presented the Las Vivirachis scholarship plaque for having the highest scholastic average in that club at its initiation dinner last night at the Hilton hotel. The plaque was given to the organization last fall by Las Vivi alumnae, and Miss Hannis was the first member to have been presented with it.

Also honored was Nancy Arnold, freshman home economics student, who was awarded a gift for being named the best pledge.

New members initiated included Miss Arnold, Bonnie Holland, Wanda Mills and Pat Nolan.

Mock initiation was staged by the club Sunday at the home of Jonisue Hudson at Earth. Included in the entertainment was a program presented by the pledges.

SOUICIS INITIATE 14

Sans Souci social club initiated 14 new members in a candlelight ceremony Sunday afternoon in the home of Elizabeth Howard, 2809 seventeenth street, Almarie Wall, club reporter, said.

Those initiated were Dorothy C. Dysart, Loy Anderson, business administration junior from Seagraves; Kathryn Berryhill, arts and sciences freshman from Lubbock; Judith Pierce, arts and sciences sophomore from Lubbock; Bobbie Manning, arts and sciences sophomore from Waco; and Paula Fix, arts and sciences sophomore from Lubbock.

Billie Ruth Yant, arts and sciences freshman from Lubbock; Betty Joyce Gerald, arts and sciences freshman from Midland; Patricia Lindsey, arts and sciences freshman from Lubbock; Patricia Page from Lubbock; Betty Colquitt, arts and sciences sophomore from Wichita Falls; Betty Peavy, arts and sciences freshman from Sanderson; Ida Walker, arts and sciences freshman from Sweetwater; and Patricia Johnson, arts and sciences freshman from Pampa.

HOME EC OFFICERS

Marion Woods was introduced as the new Home Economics club president. Martha Lewis, the former club president, at the group's annual spring party-dance, Saturday night at the Hilton hotel.

Other new officers presented were Joy Williams, vice president; Elizabeth Craig, secretary; and Patsy Stout, treasurer.

The occasion was in honor of the senior HE students. The dance and game rooms were decorated in spring displays. Music for dancing was furnished by Ted Crager and his orchestra.

SUNRISE INITIATION

Seven women students were initiated into Phi Upsilon Omicron, national honorary fraternity for women in home economics, at a sunrise ceremony Sunday morning. Mary Frances Settle, Betty Sue Malone, Charlotte Ritch, Barbara Hester, Jeannine Smith, Angela Rattan and Cleo Hall were initiated.

Initiation was held in the home economics building and was followed by a breakfast in the Navajo room of the Hilton hotel. Sue Lynn Guthrie acted as mistress of ceremonies at the breakfast and Thelma Zimmerman offered the invocation.

The program was based on the theme "Building A House". Several speeches were made concerning

this subject and the program closed with the signing of the fraternity hymn.

DRANE, SNEED EXCHANGE

Residents of Drane and Sneed halls held an exchange dinner Sunday with six women going to Sneed and four men to Drane. Gwendole Stinnett, junior counselor in Drane, said.

After dinner in Drane hall, Charles McElree, senior engineering student, presented several piano selections. A few of the numbers were: "Grieg's Piano Concerto," "Tchailkowsky's Concerto in B Flat Minor," "Malagena," "Claire de Lune" and "Rhapsody in Blue."

McElree also played numbers by request after the formal program. Miss Stinnett said.

Techsan Weddings

JOHNSON-RAY

Ella Belle Johnson and Douglas Lee Ray were married recently in the home of the bride in Slaton.

Frances Hart attended the bride as maid-of-honor. Eilly Adair of Lubbock was best man.

The bride is the daughter of Mr. and Mrs. A. L. Johnson. The bridegroom is the son of Mrs. Inez Hines, 2204 Twenty-third street. Both are attending Tech.

JOBE-MOSS

Boots Jobe and Hoyle Gene Moss were married recently in Hobbs, New Mexico. Miss Jobe is the daughter of Mr. and

Mrs. C. W. Jobe of Hobbs, New Mexico. The bridegroom is the son of Mr. and Mrs. E. E. Moss of Roaring Springs.

Miss Bogan Sneed attended the bride as maid-of-honor. Bridesmaids were Misses Sandy Fields and Clarice Martin, Mrs. Marguerite Stoltz and Mrs. Doris Marshall. Best man was James Moss, brother of the bridegroom.

The bride attended Tech where she was a member of DFD. The bridegroom also attended Tech and was a member of Alpha Phi Omega, Saddle Tramps and Centaur social club.

Smoke a LUCKY To feel your LEVEL best!

Luckies' fine tobacco picks you up when you're low . . . calms you down when you're tense—puts you on the Lucky level! That's why it's so important to remember that LUCKY STRIKE MEANS FINE TOBACCO

So round, so firm, so fully packed — so free and easy on the draw

Lot Of Student Discipline Member Will Be Hard

A willingness to cooperate and an understanding of student problems has no where been so well exemplified as in the recent decision of Dr. D. M. Wiggins concerning a Student Council proposal for placement of student representatives on the campus disciplinary committees.

While the official student council request had not been received or granted by Doctor Wiggins, when asked to give a statement for The Toreador, he said, "If the Student Council wishes to have student representatives on the disciplinary committees, it may have them as far as I am concerned."

This statement did not of necessity mean that the president favors such action, simply that he is willing to give Tech students a chance to see if such a proposition can be successfully carried out here.

Doctor Wiggins had previously told a student body officer that he believed in student participation in government, but had serious doubts as to the workability of the council disciplinary plan. He indicated that though the plan looked good in theory, in his past experiences with student participation in discipline, that the student had eventually asked to be relieved of the responsibility.

His stand is a very liberal one, in view of this fact, and we consider it wise that the council has asked for a one year probationary period, not for a permanent program.

We believe it is a right of the student to have representatives on the disciplinary committees and we commend the administration for offering an opportunity to exercise this right. We are convinced however, that this right can and should be maintained only as long as the student members are capable of accepting the responsibility. The council, which, under the proposed plan, would elect the representatives, would need to exercise great care in its choice, for only a student of integrity could be other than a detriment to the committees' functions.

Any student given a position on such a committee would need to be impressed with the seriousness and scope of the body. He would have to be concerned about the proceedings, prompt and regular in his attendance. He would need to be a thinking individual, one whose opinions the faculty committee members could respect.

It is conceivable that the pressure of student opinion would weigh heavily on the representatives, though the committees actions are usually cloaked in secrecy. No one, we believe, in arguing for the measure, could seriously contend that the actions of the discipline groups should be made public. For it is only through secrecy that the students who come before the committees can be protected. Otherwise by unfortunate publicity a student's private problems might be made into sources of public controversy that could be embarrassing and unpleasant for all concerned.

Any thought that a student could control the actions of the committees by vote is absurd, though in close decisions, he might hold the balance of power. He would be of value chiefly because of his closeness to the feelings and philosophy of the student body as well as the students brought before the committees.

The principal question is: Can we consistently keep student members on the disciplinary committees who would meet the high standards that are desirable. Can we cope with this theoretical right in practice. The administration is apparently willing to let us give it a try.

It is important that we not be too hasty in our judgements or actions. Nor should we belittle the importance of the task the council has set before us. Whether such a program can be of value must be proved. And the responsibility of proving rests with the students.

Now I sit me down to sleep,
The lecture's dry, the subject deep,
If he should quit before I wake,
Give me a punch for heaven's sake.

BY FRANK McNEILL

Crumbs Of Wisdom

For the benefit of my readers (most of them, the copy reader and the proof reader), and the rest of you punks who are trying to find the sport page, I will occasionally include a few pieces of writing which I consider exceptional and worthy of mention. I therefore take this occasion to present three of them, two poems and a short love story, all incidentally, of my own composition.

In order to prevent the muddled thinking of my readers from leading them astray, I should point out that the only writing them has nothing to do with their appearance here. I would have used them, no matter who they were written by, providing they were as obviously well written as these are.

I have finally come up with an answer to that fellow, Joyce Kilmer's "The Poem". Trees are all right if you happen to be a dog or another tree, but I don't believe in carrying things too far. In fact, I don't believe in carrying things at all if you can drag them or get someone else to carry them. But let's get back to the subject. Here is one of the poems; hold your applause until the end.

Poems are wrote by people, see?
Making trees is considered odd.
As any fool can plainly see,
I've never read a book, by God.

The other poem has nothing to do with the matter but it is so inspired that I'm going to give it to you anyhow.

Of all the birds that ever flew,
I'd rather be a Roc.
Cuz folks say Rocs are now extinct,
And that is what my socks.

Now, while you are still gasping for breath and are unable to defend yourself, I'll shoot you the love story. Draw your chair up closer to the radiator, get in the proper position that makes for cozy reading and prop up your feet. Some people like to eat chocolate while they read love stories, but this is a matter of preference. If you do, you had better tell your roommate that he is wanted on the telephone and lock the door. That's it. Now settle back and read the following account of great love.

This is a simple, poignant, tender, down-to-earth but inspired story of two young people in love. Of course, some critics will point out that the girl did not love the boy after they read a little farther, but no matter. Love is a justification of all things, a thing of all justifications, a means to an end, and end to means, and the things that makes the world go around. (Note: Some people claim that the earth was flung off the sun spinning and has been coasting ever since, but this is poppycock, if you'll pardon the expression.)

MORE ABOUT POT, NEGROES

Letters To The Editor

Dear Editor,
Three cheers to Aischuler's! We guess this Lubbock businessman knows what the majority of the Tech students want! How about taking an opinion poll on the subject?

- Here's to Pot!

- Mary Ann Kelly

Dear Editor:
How could Aischuler's be so low as to try to circumscribe the decisions of the powers that be by putting Potpourri in an advertisement? I'm not criticising or endorsing Potpourri but it seems to be a low method of advertisement as well as a bit of sly journalism on the part of this particular merchant.

This seems to be taking advantage of the fact that the college decided to discontinue the column by

cock, if you'll pardon the expression. Suffice it to say that these tender young things were in love, he with her, or rather she with her algebra teacher, her algebra teacher with the principal's wife, the principal's wife with Clark Gable, but why, why? You had know about love. (For those who don't I will explain it sometime in my column).

He had loved her for months. Once, out of his head with ardor, he had flung a wild flower of the fields in her path. (She tripped over it, broke her shin bone, and sued him for \$47.93—Shnoecksputenstien vs. Rathbone, Mass, 1883), and in this way they became acquainted. Finally, he became so daring that he would sit on the same side of the bus with her and they would eat out of the same sack of popcorn when they went to 25 cent double feature movies.

To make a short story longer, he decided one night as they were walking home from the church festival to propose to her. The priest, he suddenly decided that he was master of his own fate. He felt taller, more confident. A quiver of self-confidence ran from his toes to his head. There was a shriek of anguish. Panicked, he looked down toward his feet, whence the strange sound had come. He was standing on the cat. At once, his passion reached its peak. Kicking the cat out of the way he said, "Heppzibah, let's run away to some far distant, moon-kissed island, paradise where we can be alone."

As if in the distance, he heard a small voice, "All Alone?" He answered, "Yes, all alone," a reverberating crash and a sear of white-hot passion raced through his heart. He put his hand to his breast to still his racing pulse. It came away sticky. It was, yes it was BLOOD! BLOOD! That hadn't been passion racing through his heart—not passion but buck shot! Overwhelmed by the discovery he slipped to the ground. As he lay there, dying, he heard Heppzibah's voice, a querulous complaint, "Paw, yuh done shot muh boy friend. That's the third one this month. Yuh oughta have them glasses fixed."

Her father answered in an embarrassed tone, "Aw shucks! I think yuh was your maw fixin' t'run away with that city feller that was out here last week." With the last of his fleeing energy, the boy on the ground replied, "Heppzibah, somehow Heppzibah, the magic is gone." With that he died of effluviium.

Dear Editor:
I read, with a great deal of interest, the letters published in The Toreador concerning the admission of Negroes to Tech.

While taking Economics 438 last semester, I helped a person pass out questionnaires, and one of the questions we asked was, "Should Negroes be allowed to enter Tech?" Only five percent of the student body thought that they should.

A negro student of the University of Chicago pretty well summed up the prejudice problem when he said, "If I am dirty, I can cleanse myself. If I am ignorant, I can better myself. But if you discriminate against me because of the color of my skin, I can only refer you to God who gave it to me."

Sincerely,
Raymond W. Self.

EL TORO GRANDE

Grant Worries About Fish Day, Varsity Show Girls

(Editor's Note: Franklin Grant, Toreador Business Manager and President of The Southwestern Journalism Congress, is today's guest columnist.)

EVESDROPPING ON THE SENIOR CLASS—The Senior Carnival, which was held Saturday night, was a smashing success. Approximately \$900 was taken in. Incidentally, did you know that Francis Brockman, president of the Senior class and manager of the carnival, won one of the most expensive gifts—a \$16.50 Stetson hat. (No hush money was received in this corner).

JUST FISHING-AROUND—April 1 is drawing around and to this date there have been no signs of Fish day. Seems to us that a tradition as old as Fish day should be carried on and would be carried on if the fish were in there backing it. We would like to know Mr. Brawner just what is happening in regards to this.

ALL THAT MEAT AND NO POTATOES—The Varsity Show, Milestones In Melody, started selling tickets Monday in all major buildings on the campus. From this angle it looks like it will be a box office smash. You see they have been practicing here in the Journalism building and it has been very hard for the Toreador staff to keep its mind on the work at hand. Too many pretty girls and not enough pretty clothes. (We are not complaining, just letting you in on something.)

IN THE AGGIE BARNYARD—Looks as if everything over that way is donning levis and ten gallon hats for the All-College Rodeo April 1 and 2. Noticed a corral had gone up over at Jones Stadium, and the boys have a lot of publicity out. From where we sit it looks as if it will be one of the biggest rodeos of our time.

BEHIND A BIG FRONT—When you walk into the Student Council office a sign slips you in the face. It reads: "Do not suffer your good nature, when application is made. To say yes when you ought to say no; remember that it is a public, not a private cause that is to be injured or benefited by your choice."—These lines are by George Washington, and what we want to know is why the Student Council doesn't profit by them. Perhaps the only valley they ever crossed is the one to the Rec Hall.

WHO'S GOT TROUBLES—The Sophomore class held the Hodge Podge dance a couple of weeks ago with the idea of making money. It seems that they ended up about \$60 in the hole. This was not due to bad management, but to high expenses and a small turn out.

THE TOREADOR

THE TOREADOR, student newspaper of Texas Technological college, is published every Wednesday and Saturday on the Campus of Texas Technological college at Lubbock by the associated students of the college.

Entered as second class matter, October 31, 1925, at the postoffice in Lubbock, Texas, under an Act of March 3, 1879.

Autos With Unprintable Names Are Coeds' Scourge

Girls In Dorm III Use 'Passion Red' To Brighten Car

By GLENA FAE WINSTON
Toreador Society Editor

With all the modern cars coming out, one would think the coed would have her eye set on one of them, but this is not true with a group of Tech coeds living in Women's Dorm III.

After uselessly listening to "Stop the Music" for weeks and weeks in hopes of winning a car, Mary Ruth Norris, Virginia Jones, Pat Flannigan and Jane Hyer decided to pool their resources, \$25 each, one Monday about a month ago to invest in a 1929 Model A Ford. The car was purchased from Jack Welch, Tech student, who had driven it through hail, snow, mud and everything else without paying out one cent for repairs.

But during the first three weeks the girls have owned the automobile, it has been in the shop two weeks, the other week it wouldn't start.

Included in the expenses have been a new universal joint, a new clutch, the brakes fixed (they still don't work) and the battery recharged, amounting to \$35.

Miss Norris said, "If anybody wants to buy a good car, this one is for sale at a bargain." (She has paid the expenses.)

The car has a name, but it's not best to print it. Ask one of the owners if you are curious enough.

It really isn't so bad, though. They just have to drive the car down side streets at night so they

AUTOMOTIVE MONSTROSITIES—If you think you've got troubles, merely buy one of these early models and your worries will begin in earnest. Tired of facing the Texas winds, the coeds pictured above decided to pool their resources and ride in comfort. Both the ride and the comfort angles are debatable. Left to right

are Una Scott, Liz Yeary, Audrey Thompson, Betty Churchill, Jane Hyer, Pat Flannigan and Virginia Jones. The first four women, along with Barbara Williamson, not pictured, purchased the heap they are perched on. Mary Ruth Norris, not pictured, rightfully belongs on the scrap iron at right. Want a cheap car? (Photo by Wendt).

won't have to use the lights, because of the battery, and the windows aren't bad either—they just don't work. However, when one

of the rare warm days came, they managed to get the windows down, just in time for the cold spell to come back. Then they got the windows back up, after so

much effort. Now they're back in the same situation as before. One very appealing feature about this car is its "passion red" oil cloth upholstery. It serves to

'28 Model Oakland Boasts Perfumes, Green Upholstery

add a bright touch to the otherwise disheartening features. One of the girls' earnest pleas was to thank everyone who has been so kind to push their car.

Quite to the contrary is the 1923 Oakland, known as "Little Dandy", owned by Liz Yeary, Barbara "Lucky" Williamson, Una Scott, Audrey Thompson and Betty Churchill. These girls claim that this monstrosity, which resembles a hearse more than a car, was imported from California, even though they bought it from Buddy Maner and Dick Pirtle, Tech students. The only expense so far on "Little Dandy" has been searching every junk yard in town for two new tires. (At least they're better than the old ones.)

"Little Dandy", which will go approximately two blocks on a gallon of gasoline, gets bathed and perfumed every Sunday morning at the Hawkins Service station on Nineteenth before going to church. Three candles, one for a cigarette lighter, one for a dome light and one for a heater, ornament the interior. The upholstery is green velvet. An elaborate carpet adorns the back floor.

The brakes, what's left of them, are very musical, and the new horn is simply out of this world. The lights are good, too good for bird hunting, that it. They shine everywhere but in front of the car.

The owners said they will sell it in June for \$289 before they go home or trade even for a 1949 Mercury convertible.

ATHLETIC TROPIES—Centaur and Wranglers were honored at the recent M.I.C.C. smoker for athletic achievements last spring. In the top photo, Bill Gillespie, left, president of the Centaur club, accepts the trophy awarded football champions each year. Bill Hoffman, president of Men's inter-club council, is presenting the award. In the bottom photo, Hoffman is presenting John Waddell, president of the Wranglers, with trophies signifying championships in both softball and basketball tournaments. College Club was presented its second consecutive scholarship plaque during the ceremonies. (Photos by Wendt).

Wranglers, Kemas Deadlocked For Second Place M.I.C.C. Slot

Race for M.I.C.C. intramural basketball championship narrowed down to three teams Monday night when Wranglers defeated Centaurs and Kemas downed College Club.

Silver Keys remain in the lead with Wranglers and Kemas tied for second place.

Kemas rolled over College Club 87 to 25. Roy Butler was high point man for Kemas with seven points.

Wranglers dropped Centaurs 36 to 32. Bo Barkowski, top Wrangler scorer, made 16 points, and O. R. Stark made 15 ringers for Centaurs.

Los Camaradas dropped Socii 29 to 23. Ed Smith made an M.I.C.C. scoring record for the year by scoring 23 points. D. Shirley was high point man for Socii.

SOFTBALL RESULTS
Dorm IV Rebels still hold their lead in the Dormitory intramural softball league. They won their third straight game Monday when they defeated Dorm III 4 to 0.

Drane Hall trounced the Green Hornets 17 to 1, and West Hall defeated Nasty Nine 5 to 4. Sneed third won over Doak West 3 to 1 and Sneed second downed Sneed first 2 to 0.

Pelicans, in the Independent league, defeated the Purple T 2 to 6, and A.P.O. downed Wastyan Wildcats 8 to 6. B.S.U. won over Delta Sigma Pi 10 to 7.

In the Aggie league, D. M. defeated Aggie Eco, 7 to 1 and they beat B and B 9 to 4. P. I. won from F.F.A. 9 to 3, and F.F.A. defeated Aggie Eco, 5 to 4.

Gargoyles defeated C.E. in the Engineering league, and Textile Eng. tied A.I.E.E. 5 to 5.

Red Raiders Use Saturday Sessions To Reveal Hoped-For Improvements

By BILLIE CREAUGH
Toreador Staff Writer

The expected improvement in the Raider squad was seen in last Saturday's scrimmage. Coach G. B. Morris summed it up when he said, "Last Saturday's scrimmage was the best to date."

Two games were played, one between the Orange and Blues, and the other between the Red and Whites. Doug McSwane at right tackle and J. W. Thompson at fullback turned in fine performances for the Orange team. McSwane played a good defensive game, and Thompson showed better Saturday than he has all through spring practice.

Johnny Moughon and Earl Jackson shared backfield honors for the Red team in their encounter with the Whites. On the old statue of Liberty play, Moughon faked a pass and ran 30 yards for a touchdown. Jackson looked good on defense.

The Orange team displayed the prevailing spirit of this year's spring training session when they asked the coaches to let them continue play when they were notified that their playing time had expired.

The team felt as though they had not played as well as they were capable of playing, and asked for an overtime period in which

to prove their point. Permission was granted, and the team settled down to good football which ended with a touchdown.

Schoolboy athletes on the campus the past weekend were so numerous that Morris was compelled to borrow cots for the boys to sleep on. Among those visiting Tech were: Bill Simmons, Crosbyton, back; Robert Sweet, Brackenridge of San Antonio, back; Willard Mercer, Brackenridge of San Antonio, guard; Horton Ustace, Archer City, end; Jerry Burney, Paducah, back; Hudson Routh, Olney, back; Jim Turner, Olney, back; Dan Amon, Eastland, combination guard and tackle; Vernon Barron, Temple, tackle.

Sam Jones, Temple, end; Joe Calloway, Jacksboro, guard, (he definitely has made up his mind to attend Tech); James West, Sweetwater, center; Raymond Rodgers, Sweetwater, guard; (Sweetwater boys were brought up by an ex-Techman, Melvin Griggs); Kenneth Cochran, Pascall of Fort Worth; quarterback; Jim Cornish, Arlington Heights, end; Kenneth Strickland and Gaston Williams, both backs from Wellington; Joe Harrison, Burk Burnett, tackle; and Bud Haynes, McKinney, a guard who will enroll in the engineering division at Tech this fall.

DORM IV SHOW
Jim Thomas, senior engineering student, presented magic tricks Sunday in the lounge of Women's Dorm IV. Mrs. Cecil Turner, social director, said.

MISS WATSON SPEAKS
Miss Jane Watson spoke last night to residents of Men's Dorm III on her South American trip. Hilary Fry, dorm supervisor, said.

Ben Brown Places In Bowling Meet

Ben Brown, junior engineering student from Lubbock, placed third in the First Annual Bowlers' Roundup tournament held in Fort Worth, March 26-27, to run his string of top money places to four for this month.

Taking third place in the singles event in the Seventeenth Annual Southwest tourney March 5, Brown has, on consecutive weekends taken third in the Hap Morse Individual sweepstake; first in the Third Annual Bomber Bowl sweep in Odessa; and third in the four-game sweater in Fort Worth. Brown's 811 held top place until the final shift produced a 914 performance by Dallas Don McClure and an 845 pinfall for a Port Arthur kegger.

GOLFERS TO REPORT
All prospective members of the Tech golf team are requested to report to Athletic Director Morley Jennings Thursday between 3-3:30 p.m. at the Lubbock Country club. Qualifying rounds will be played Thursday and Friday.

Tech Fencers Win Foil, 5-4, In Tourney With Tarleton

Texas Tech fencing team won foil, 5-4, over John Tarleton's team from Stephenville Saturday in a tournament held in the Tech gym, said Richard Dickey, fencing coach yesterday. Tarleton defeated Tech in epee, 8-1, and in sabre, 7-2. Representing Tech were Dickey, Jack Carnell, H. J. Sandoval and Leonard Shannon.

Tech will be entered in the semi-finals of the Southwestern division, meeting Rice Institute foil team at Texas A&M gym May 7. If they win, the next step will be the finals in Dallas on May 15.

Tech Trackmen Leave Tomorrow For Texas Relays

Raiders To Enter Hurdles, 2 Relays

Coach Maxey McKnight will leave tomorrow with at least nine of Tech's track favorites for the Texas Relays Friday and Saturday in Austin.

McKnight said he planned to take sprint and mile relay teams and two hurdlers. There is only an outside chance that Jim Elliott, javelin thrower, will make the trip.

Tech will enter the sprint relay using Ed Clepper, Mobeette senior; Seth Murphey, Cleveland senior; James Mullins, Ackerly sophomore; and Charlie Reynolds, Odessa senior.

Running on the mile relay team, which finished second to Texas A&M in the annual Fort Worth Livestock exposition meet, will be Coatin Zutkin, Hobbs, N. M., senior; Joe Wilson, Claude senior; Ben Wilson, Lubbock sophomore; and Reynolds.

Clepper and Charles Pinnell, Andrews sophomore, will be en-

tered in the high and low hurdle events. Clepper gained a fourth in the high hurdles and a second in the high jump events at Fort Worth, in addition to running a leg of the sprint relay event. Pinnell, who completed the basketball season only a few days before the exposition meet, will be making his first appearance of the season for the Red Raiders. Last season he won the high hurdles at Fort Worth and picked up points in every meet through the spring.

The Tech team is not expected to pick up many points at Austin, although it finished fifth at Fort Worth.

The team's chief drawback has been the windy weather, which has been prevalent since the beginning of the season.

"The weather has hurt Tech worse than any of the other col-

leges participating in the meet at Austin," said McKnight, "but we haven't lost so much by weather as many people believe." The team has worked in gym suits to beat the cold weather but not much could be done about the wind.

Among the members of the mile relay team making noticeable improvements, Costin Burkin is the most prominent. Burkin, a three-year letter-man, ran first in the mile relay in 50 seconds flat in the meet at Fort Worth and ran a 50.4 in the preliminaries. Last week he ran a 51-second quarter-mile as a part of a 600 sprint. He finished the 500 yards in 53.4 seconds, both times being considered fast for so early in the season.

In the high hurdles Clepper carries Tech's hopes for a place in the meet. McKnight praised Clepper's ability and remarked that

Clepper would have some fine competition in Austin.

Reynolds, Border conference sprint king, who finished second in the 100 and 220-yard dashes in the Texas AAU olympic try-outs last summer, has been unable to get in as good condition as he was last season. At Fort Worth he pulled a leg muscle which may slow him up until warm weather visits Lubbock, he has said.

Coach McKnight has been busy checking times of other Border conference teams this spring and said he has found Tech is not much farther behind in development than Arizona teams, which have been able to drill in warm weather all spring and which are the strongest competitors for the Border conference crown.

The Texas Relays, one of the top meets in the nation, attracts

colleges from near and far. Minnesota university, Chicago U., Arkansas U. and other athletically prominent universities attended the relays last year. Many national records have been set in the annual event at Austin, one of last year's most prominent records being Clyde Scott's win in the high hurdles. Clyde later in the year entered the Olympics and won second in the high hurdles.

Coach McKnight said that he and the team would probably leave tomorrow morning and return to Tech sometime Sunday.

CANTERBURY CLUB

Canterbury club, Episcopal Student group, will have a picnic at 6 p.m. tomorrow at Buffalo lake, Walter Clayton, club secretary, said. The group will meet at Seaman hall before going to the lake.

Independents, Casa Linda Score Wins In WRA Play

The Independents dropped the Southern Belles, 24-18, Friday, in the Women's Recreation association basketball tournament.

Casa Linda took the Polecats, 26-18, in Friday's games.

Two more games are left to decide the round robin tournament, but the date is indefinite. So far, the girls from Casa Linda are ahead with three wins and only one loss.

CAMPUS CAPERS LAFF 'N' LEARN JOHNNY HELPS CECILE ACHIEVE ALACRITY AND OBIVIATE OBLOQUY

I DON'T CARE IF I DO FLUNK! PROFESSOR MOELLER IS TOO FUSSY FOR WORDS... HE JUST DRIVES ME WILD!

OH DEAR! WHAT A TERMGANT OUR STAR BUSINESS COURSE PUPIL, CECILE, IS!

TOH! TOH! I DID THINK SHE WAS SO CHARMING... AND NOW MY NEW SECRETARY IS ACTING LIKE A PERFECT PTERODACTYL!

CECILE, DEAR, YOU'LL NEVER MAKE THE PROFESSOR LIKE YOU IF YOU START OUT ACTING LIKE A MEAN OLD VIRAGO

O, I FEEL SO IRRITABLE I COULD SNAP HIS HEAD OFF! MY THROAT FEELS RASPY AND DRY FROM SMOKING SO MUCH, TOO

0-0 CIGARETTE HANGOVER!

LOOK HERE, I DON'T KNOW WHY PROFESSOR MOELLER BOTHERS ME SO MUCH... BUT I WISH YOU'D ALL STOP NAGGING ME

NOBODY'S NAGGING YOU, PET. WE WANT TO HELP YOU CLICK AS A TYCOONESS WITH OUR NICE PROF. I THINK JOHNNY HAS A GOOD IDEA

YOU'VE GOT CIGARETTE HANGOVER! WHY NOT SWITCH TO PHILIP MORRIS AND ENJOY YOUR SMOKING.

PLEASE LISTEN DEAR

THAT'S RIGHT, CECILE! PHILIP MORRIS IS THE ONE CIGARETTE PROVED DEFINITELY LESS IRRITATING.

WELL, I'LL GIVE 'EM A TRY

BUT TIME AND P.M. MORRIS REALLY PROVE SOMETHING

BEHOLD OUR FORMER OFFICE CRONE IS NOW A VERITABLE ERATO!

AN ECDOYASTIC CHANGE, INDEED— THANKS TO PHILIP MORRIS!

THANK YOU DEAN, FOR SAYING PROFESSOR MOELLER HAD SUCH A NICE SECRETARY

I'M DELIGHTED! OUR ERSTWHILE CERBERUS HAS BECOME A PEREGRINATING BANNER OF WELCOME! SHE'S VERY SWEET!

PHILIP MORRIS HAS CERTAINLY WORKED WONDERS FOR CECILE

Use These Words With Tongue-in-Cheek!
(Plan to use ONE every week!)

CERBERUS (sir-bur-us)—The three-headed watchdog of Hades.

CIGARETTE HANGOVER (Never pro-nounce it! De-nounce it!)-That stale smoked-out taste, that tight dry feeling in your throat due to smoking.

ECDOYASTIC (ek-diz-ee-as-tik) - a complete stripping-off of outer covering.

ERATO (err-att-o) - Muse of Joyous Poetry.

OBLOQUY (obb-lo-kwee)-Heaped-up scorn or abuse.

OBIVIATE (obb-vee-ate)-to go around or avoid.

PEREGRINATING (pair-ig-rin-oy-ting)-Roving about.

PTERODACTYL (teer-oh-dak-till)-A prehistoric winged lizard.

TERMGANT (teer-mg-gant)-A nasty nagger.

TYCOONESS (tyc-koon-ess) - A rich Tired-Business-Woman.

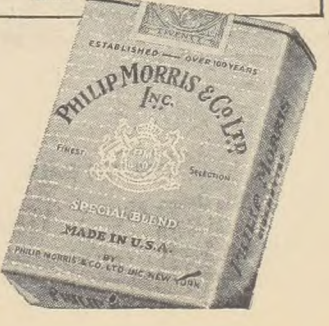

VIRAGO (veer-aw-go) - A shrew or cranky female.

Here's the Moral to Complete Our Tale -

Behind our playful plot, our intentions are serious: we want you to discover for yourself the welcome DIFFERENCE in cigarettes that PHILIP MORRIS can bring you.

Established PROOF of that difference is too extensive to be detailed here—but pre-medical and chemistry students, who will be especially interested can get it in published form FREE, by writing our Research Dept., Philip Morris Co., 119 Fifth Ave., N. Y.

CALL FOR PHILIP MORRIS

77 Seek Student Posts; Today Is Deadline

No petitions may be taken out after today for candidates seeking election April 12. Clint Forbny, president of the Student Association, has announced.

Seventy-seven students had taken out petitions up to yesterday morning. No one Tuesday morning had taken out a petition for editor of The Toreador, but all other positions had one or more candidates. There are 30 officers for next year which are to be filled.

Candidates for Student Council offices are: President, Bob Stewart, junior agriculture student from Jacksboro, and Curtis Starling, junior arts and sciences student from Kuapp.

Vice-president, Marshall Getzys, junior engineering student from Amarillo, and James Rider, senior engineering student from Waco.

Business Manager: Raymond Brigham, junior agriculture student from Stamford. Secretary: Margaret Clark, junior arts and sciences student from Van Horn; Kitty Witty, junior engineering student from Hamilton; Jane Skender, junior arts and sciences student from Electra; and Eue Ann Roberts, junior arts and sciences student from Memphis.

Adair, junior from Lubbock; Hal McKiya, sophomore from Dallas; Richard H. Gibson, senior from Dallas; James R. Steele, junior from Whiteface; Frances Mae, senior from Austin; Lester Smith, junior from Willow City.

Home Economics division: Elizabeth Craig, junior from Lubbock; Jackie Maeller, junior from Lubbock; Joannine Smith, junior from Tahoka.

Wiley Leaves Tomorrow To Judge Concert Meet

D. O. Wiley, director of the band will leave Thursday night for San Antonio where he will judge the region six concert band contest Friday.

This is one of the strongest regions in band, Wiley said. San Antonio has more good high school bands than any other big city in Texas, he stated.

SPEECH PRODUCTION — D'Ruth Hopping, who plays the part of Joan in "Joan Of Lorraine", the speech department's largest production this season is shown in rehearsal for the play which is to be presented 8 p.m. tonight and tomorrow night in the high school Auditorium.

Fellowship Award To ME Professor

L. J. Powers, mechanical engineering professor, was awarded a fellowship by Tau Beta Pi, national honorary engineering society. The award, made March 25, is a grant for a year's advanced studies with an option of any school. Powers has decided to go to the University of Texas in September to work on his masters in applied mechanics.

Less than five of these awards are made by Tau Beta Pi each year.

Judging Team To Go To Dairy Show In Plainview Soon

Tech's senior dairy cattle judging team will participate in the Panhandle Plains Dairy show, April 9-16, in Plainview. Koy Neely, lecturer in animal husbandry, said Monday.

Members of the team are Jack Burkhalter, Jack Erwin, William Atwood and Neely. This team participated in the dairy judging contest held in Waterloo, Iowa last October.

This event will be a breeders show in which Future Farmers will enter livestock. Tech's judging team will place livestock in their classes to be judged by high school agriculture judging teams.

The Hale County Breeding association is sponsoring the show in which livestock produced by artificial breeding will be on exhibit. Tech will send two calves produced by its artificial insemination project to be in the exhibit.

On the first day of the show there will be a dairy products judging contest whereby Dr. J. J. Willingham, professor and head of the dairy manufacturing department, will participate. Richard B. Keim, former dairy cattle breeder, from Nampa, Idaho will judge shorthorns. F. W. Atkinson, from Kansas State will judge jerseys, guerneys, and holsteins.

Dr. D. M. Wiggins, president, is to speak April 7 at the annual safety award banquet of the Gulf Oil company at the Odessa Country club.

Press Congress Speakers Listed By Dept. Head

Names of 16 leaders in the various fields of journalism who will appear on the program of the Southwestern Journalism Congress were released last night by Prof. Cecil Horne, head of the Journalism department.

Speakers at the congress which will be held April 29 and 30, include: Ernest C. Kirschstein, chief editorial writer of the St. Louis Post-Dispatch; Noland Norgaard, Associated Press bureau chief, Oklahoma City; Erich Brandeis, Westport, Conn., columnist for King Features; Paul White, editor of the Ford News, Dallas; Dwight Allison, managing editor of the Light, San Antonio; and Don Hinga, roving editor of the Houston Chronicle.

Dr. Ralph D. Casey, director of the School of Journalism, University of Minnesota, will be one of the leading teachers of journalism who will appear on the program. Other speakers are Ward C. Mayborn, publisher, Sherman Democrat; R. B. McAllister, manager, Radio Station KICA, Clovis, N.M.; and John L. Mortimer, public relations counsel, United States Steel corporation, Dallas.

Seven Members Initiated Into English Fraternity

Sigma Tau Delta, the English honor society, initiated seven people March 27 at its meeting in the home of Carolyn Cole.

The new members are as follows: Mrs. Ludyce C. Johnson, Mrs. F. S. Smith, Miss Joyce Byrom, Miss Frances Evans, Miss Laura McCracken, Mrs. William Piper and Myrol Radfield.

President Ralph Bucy presided.
