

Chambers, Burton Unopposed for SC

Lena Schmidt Announced Head of AWS

Lena Schmidt, junior from Slaton, was named president of the Association of Women Students in an election held Wednesday, says Pat Townsen, AWS vice president.

Other officers elected Wednesday were Jan Doggett, vice president; Gwen Williams, secretary; and Sue Duggan, reporter.

Suzanne Matteson was named treasurer yesterday in a run-off race against Nina Spearman.

Other candidates were Rosemary McKee, president; LeNell Enoch, vice president; Adelin Stokes, secretary; Miss Spearman, Sarah Smith, and Tommie Wynn, treasurer; Ann Thomas and Betty Hudson, reporter.

About 504 voted in the election Wednesday and about 240 in the run-off yesterday. Booths were set up in Horn and Knapp Halls, and the Administration, Home Economics, and Music Buildings.

The new officers will be installed officially at the annual AWS May Day dinner honoring seniors.

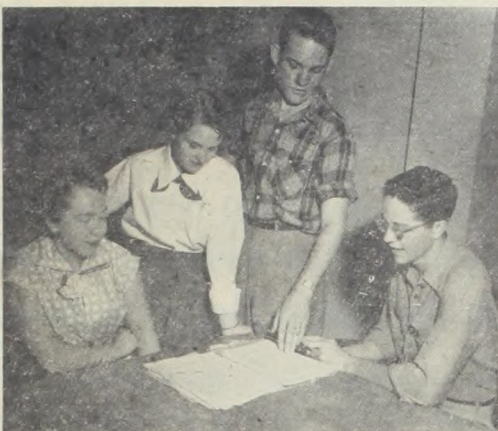

MID-SEMESTER REPORTS

Students will be able to pick up mid-semester reports at the registrar's office April 8, announces Miss Evelyn Clewell, assistant to the registrar.

Reports from teachers are due Saturday.

CAP AND GOWN DEADLINE

Next Wednesday will be the last day for graduating seniors to order their caps and gowns and send invitations from the College Bookstore.

A 16-DAY TRIP . . . is being planned by the four students shown above. Left to right, they are Thelmae Hutchins, Gail Littleton, Donnie Dean, and Glenn Rainer. The four left today for 16 days of debating and conventions. They will return April 10.

Four Students, Two Professors Leave Today for 16 Days of Debates, Meetings

Four students and two instructors will leave here today on a 16-day trip. Students making the trip are Thelmae Hutchins, Gail Littleton, Donnie Dean, and Glenn Rainer. Accompanying them are speech professors Annah Pendleton and P. M. Larson.

The group will travel in cars. Monday, Tuesday, and Wednesday morning the students will participate in debate, extemporaneous speaking, after-dinner speaking, oral interpretation, and oratory at the Southern Speech Association. Wednesday afternoon and Thursday, they will participate in the Student Congress of Human Relations, also at the Southern Speech Association. These events will be in Greenville, S. C.

April 6 they will debate with teams of the University of Tennessee in Knoxville, Tenn. April 7, a debate is scheduled with Murray State College of Murray, Ky. The night of April 7, the group will debate at Southern Illinois University, Carbondale, Ill.

Two radio discussions are planned for April 8 at Eastern Illinois State College, Charleston, Ill.

Last on the tour is the Delta Sigma Rho, honorary forensics group, congress. This is scheduled for April 9, 10, and 11 in Chicago, Ill.

Freshman Meeting Set April 1

Plans for a class picnic will be discussed at the freshman class meeting, April 1, at 5:15 p.m., in C101 announces Joanne Wheatley, class secretary.

Major Posts Filled Automatically; Candidates for Election Announced

J. C. Chambers and Bill Burton will serve as president and vice president, respectively, of the Student Association for the 1953-54 school year.

Tech C of C Elects Tarbox President, Plans Activities

Tech's Chamber of Commerce named E. J. Tarbox, Follett junior, president in a meeting held last night.

Other officers named were Hardy Clemons, vice president; Margaret Wood, recording secretary; Patsy Wilshire, corresponding secretary; and Jean Ann Gilum, treasurer.

Clemons has served as acting president to reactivate the Tech CC, and Miss Wood has been acting secretary.

The CC has not been an active club since 1951. President that year was Chip Wadley. Benny Bruckner was named president for the next year, but efforts to make the club function failed.

First plans of the new club are to entertain the Texas Association of Student Councils (high school) tonight in the Student Union Building. Members will serve free punch and cookies to the high school students attending.

The CC plans to visit high schools in the area to interest students in coming to Tech.

Membership is still open in the club, with dues set at \$2 for the remainder of the semester.

The next meeting will be April 9. Other officers and a board of directors will be elected then, and the constitution submitted for approval.

Womens Dorm Officers Elected

New officers were recently elected by the women's dormitories.

Nina Spearman, Pampa junior, was elected president of Knapp Hall and Claudia Ticer, Post senior, was elected president of Horn Hall.

Other Horn Hall officers are: Marianna Corry, recording secretary; Sue Duggan, corresponding secretary; Joann Hampton, treasurer; Mary Holloway, big sister-little sister chairman; Sarah Dickinson, publicity chairman; and Joan Norris, AWS representative. Barbara Blume and Dorothy Gage are in a run-off for the vice presidency.

Other Knapp Hall officers are: Lynda Webb, vice president; Jodie Robbins, corresponding secretary; Nan White, recording secretary; Shirley Massey, treasurer; Connie Pruett, AWS representative; Pat Qualla, big sister-little sister chairman; and Mary Jane Smith, publicity chairman.

Their election on April 8 was assured when no petitions for other candidates were filed with the Student Council before the 5 p.m. Wednesday deadline. Written ballots are unacceptable.

An election rally for all Student Council and head cheerleader candidates will be held at 8 p.m. Tuesday in the Ballroom of the Student Union Building. Five-minute speeches for each of the major nominees will be allowed. The regular Twilight Dance will precede the rally.

Margaret Wood and Nina Spearman will compete for the office of Student Association Secretary.

Candidates for business manager of the Council are Max Preston and Donald Cotten.

The post of head boy cheerleader is being sought by Bill Philpott, Robert Jameson and Dick Baird. Head girl cheerleader nominees are Ann Lee Turner and Jeana Rose.

Agriculture

Candidates for the three places on the Council allotted to the Division of Agriculture are: Powell Hinson, Robert Jacobson, Max Von Roeder, Donald Jackman, Jimmy Nickell, Richard Blackmore, and Jerry Cooper.

Arts and Sciences

Arts and sciences students are running for five places on the Council. They are: Moody Alexander, Don Andress, Gwen Williams, Donald Jordan, Jerry Raun, E. J. Tarbox, Jay Fish, Charles Bowen, Ann Cordell, Revis Gilbert, Tommie Wynn; Rita Elliot, Barbara Lu Currie, Corky Moss, Betty Hudson, Marian Nevitt, Nancy Hess, Harriet Henderson and Odie Echols.

Business Administration

The Division of Business Administration will have three places on the Council. Candidates are: Bill Fraley, Ed Weyman, James Sides, Mary Wiley, Bobby Rains, Don Harris, Marijann Forrest, Sue Shawver, Marilyn Wheelless, Joann Wheatley, Glenn Rainer, Charlie Pipes and Jeannine Brown.

Engineering

Engineers will hold four places. Nominees from their division are: Jim Daniel, Dave Larson, Gerald Russell, Paul Griffith, Terry Young, Allan Tomlinson, Claude Brown and Dale Booher.

Home Economics

One place on the Council is allotted to the Division of Home Economics. Candidates are Sue Duggan, Ruth Smalley, LeNell Enoch and Dorothy Kraus.

(EDITOR'S NOTE—Candidates who wish to be included in the annual elections issue of THE TOREADOR must have 2X3 glossy prints and statements of platform in THE TOREADOR office by 1 p.m. Monday.)

Las Chaps To Be Installed as Kappa Kappa Gamma; Friday Set For First National Initiation Ceremony

The first social club organized at Tech will be installed Friday as Tech's first chapter of a national fraternity.

Las Chaparras, organized in 1926, will be installed as Delta Psi chapter of Kappa Kappa Gamma, women's college fraternity. It will be the eighty-third chapter of the organization, which was founded eighty-three years ago.

Charter Members

Las Chaps who will be initiated as charter members are: Marjorie Smith Asbill, Johnson Bice, Anita Joyce Booher, Margaret Helen Brown, Mary Katherine Brown, Sandra Sadler Hayes, Marie Hilavaty, Betty Lou Hudson, Lynna Lorraine Jenkins, Sybil Ruth Jones, Suzanne Lehtter, Patricia Sibson Miller, the Bess Oldham, Reta Mc

Reil, Patricia Ann Spikes, Adelin Frances Stokes, Juanelle Talbot, Barbara Cynthia Tankersly, and Ann Bently Worsham.

Non-Charter Initiates

Non-charter initiates will be: Tommye Millree Brown, Nina Sue Burton, Patricia Ann Byron, Sara Ann Cordell, Diane Crawford, Ramona Beth Davidson, Gladys Margaret Edwards, Rita Jean Elliot, Juliana Engert, Marijann Forrest, Eleanor Jean Geslin, Revis Ann Gilbert, Elizabeth Roe Hansen, Shirley Harrison, Sylvia Dane High, Mary Jo Jackson, Dorothy Louise Kraus, Carolyn Rebecca Larson, Faye Marsh, Nona Catherine Martin, Jeannine Mullins, Carolyn Pope, Jeanna Sue Rose, Frances Ann Simmons, Barbara Lee Smith, Jeannine Stearns, Sam Virginia

Webb, Ouida Joy Wieland, Tommie Edith Wynn.

Pledges are: Kay Sharon Campbell, Patricia Annette Holley, Betty Jane Hancock, Mary Josephine Lehmann, Joretta Fern Morrow, Judith Carol Parker, Mary Elizabeth Whiteside.

Members of the Council of Kappa Kappa Gamma who will be in Lubbock to install the new chapter and to initiate the active and alumnae members are: Mrs. E. Granville Crabtree, Brookline, Mass.—president; Miss Clara O. Pierce, Columbus, Ohio—secretary; Mrs. Robert E. Hutchinson, Jr., Estes Park, Colo.—director of alumnae; Mrs. Richard A. Whitney, Wellesley Hills, Mass.—director of chapters; and Mrs. Joseph Cambell, Denver, Colo.—director of membership.

Powell Collection Being Shown In Museum Gallery

The John Sheridan Powell Folk Art Collection of Carving is on display in the Museum Historical Gallery this week.

Some of Mr. Powell's carvings of South Plains life were made from corn stalks. In 1901 he made a knife carved from a piece of shakaranda wood obtained from the keel of the battleship Maine, and in 1942 he made his "Lum and Abner" carving from wood.

Mr. Powell's specialty was making dancing girls from single match sticks and carving women's legs from pieces of wood and tooth brush handles.

The carver lived at Brownfield from 1904 until he died in 1946.

The plaque by the display states that anyone who knows of folk art work should notify the museum secretary. Folk art, it explains, is the record of the life of a region with use of native materials by a person untrained in art.

English Professor Receives Acclaim For Latest Book

Dr. Alan M. F. Gunn, professor of English, has received favorable reviews of his book, *The Mirror of Love*, a reinterpretation of the allegorical French poem, "The Romance of the Rose". Dr. Gunn's book, which is a Texas Technological College Research Publication, contains some 500 pages of fully documented material.

Professor Lawton Peckham, of Columbia University and editor of *The Romanic Review*, calls the work "one of the few great fruit-ifying studies that have been made on the field of Old French literature."

Professor A. O. Lovejoy, of Johns Hopkins University, says Dr. Gunn's book is an "admirable work."

Dr. Gunn worked on the book off and on for 15 years, publishing it in 1951.

His subject, "The Romance of the Rose", contains over 21,000 verses, and is said to be, except for the "Divine Comedy", the greatest allegory of European literature. The poem, on the meaning and pursuit of love, is said to have had great influence on the works of the English poet Chaucer.

German Club To Sponsor Movies Based on Operas

"Die Lustigen Weiber von Windsor", a German movie based on Otto Nicolai's comic opera of "The Merry Wives of Windsor", will be shown at the Midway Theater April 7 under the sponsorship of Der Liederkranz, Tech German club.

The film, which has English subtitles, features the Berlin Opera Chorus and Orchestra.

On April 14 the club will sponsor "Die Hochzeit des Figaro" ("The Marriage of Figaro"), a screen adaptation of Mozart's opera. It features the Berlin State Orchestra and also has subtitles.

Tickets may be obtained at the theater box office and are 50 cents. They will not be sold on the campus as has formerly been done, says T. W. Alexander, instructor of foreign languages and the club sponsor.

Der Liederkranz is a member of the Texas Association of German Students which was formed last month. Gov. Allan Shivers recently accepted honorary membership in the association, says Mr. Alexander.

Jeff Wiggins, '53 electrical engineering graduate, will work for Southwestern Public Service in Lubbock.

Geraldine Robinson, a January graduate, is teaching the sixth grade in Odessa Public Schools.

Troy Lawrence has started work with Meek Motor Company. He is a '53 accounting graduate.

Harvey S. Bolin, '53 English graduate, is teaching in Lazbuddie High School.

Dick Brooks, first-year ministerial student at Southern Methodist University, has been named assistant editor of The Oak Cliff Tribune. At Tech he edited *La Ventana*, was sports editor of THE TOREADOR, and received his B. A. degree in psychology.

HART SERVICE

711 College Ph. 2-9480
Good line of used tires in popular sizes. Batteries Charged.

IF YOU CAN WIN THESE WINGS YOU CAN EARN OVER \$5,000 A YEAR AFTER GRADUATION

Important facts about the opportunities for YOU as a Commissioned Officer—Pilot or Aircraft Observer— in the United States Air Force

Must I be a college graduate to take Aviation Cadet Training?

No. But you must have completed a minimum of 60 semester hours or 90 quarter hours toward a degree. In addition, under the new Aviation Cadet training program, you must be between the ages of 19 and 26½ years, unmarried, and in good physical condition—with high requirements for eyes, ears, heart and teeth.

How long before I get my commission?

60 calendar weeks. You will receive the finest aviation training in the world—training that not only equips you to fly modern military aircraft but prepares you for executive and administrative work as well. At the completion of your training, you will have acquired a commission as a 2nd Lieutenant and the coveted silver wings of the United States Air Force.

Where do I take my training?

Pre-flight training will be at Lackland Air Force Base, San Antonio, Texas. Primary, basic and advanced training will be taken at any one of the many Air Force bases located throughout the South and Southwest.

What happens if I flunk the training course?

Every effort is made to help students whose progress is unsatisfactory. You can expect extra instructions and whatever individual attention you may require. However, if you fail to complete the course as an Aviation Cadet, you will be required to serve a two-year enlistment to fulfill the minimum requirement under Selective Service laws. Veterans who have completed a tour of military service will be discharged upon request if they fail to complete the course.

What pay do I get as an Aviation Cadet? And after?

As an Aviation Cadet you draw \$109.20 a month pay. In addition, you get summer and winter uniforms, flight clothes, equipment, food, housing, medical and dental care and insurance . . . all free. After you are commissioned a 2nd Lieutenant you will be earning \$5,300.00 a year—with unlimited opportunities for advancement.

Are all Aviation Cadets trained to be Pilots?

No. You can choose between becoming a Pilot or an Aircraft Observer. Men who choose the latter will become commissioned officers in Navigation, Bombardment, Radar Operation, or Aircraft Performance Engineering.

Do Aircraft Observers get flying training, too?

Yes. Aircraft Observer Cadets receive approximately 200 hours of "in the air" instructions. The primary phase of Aircraft Observer training is the same for all branches (navigation, bombardment, etc.). The basic and advanced phases of training vary, depending on the specific course you pursue.

What kind of airplanes will I fly?

You will fly jets. The Pilot Cadet takes his first instructions in a light, civilian-type plane of approximately 100 horsepower, then graduates to the 600 horsepower T-6 "Texan" before receiving transition training in jets. You then advance gradually until you are flying such famous first-line aircraft as F-86 Sabre, F-89 Scorpion, B-47 Stratojet, B-50 Superfortress. Observer Cadets take flight instructions in the C-47 Dakota, the T-29 Convair, and the TB-50 Superfortress before advancing to first-line aircraft such as the F-89 Scorpion, B-47 Stratojet.

Will my commission be in the Regular Air Force or Reserve?

Aviation Cadet graduates, both Pilots and Aircraft Observers, get Reserve commissions as 2nd Lieutenants and become eligible to apply for a regular Air Force Commission when they have completed 18 months of active duty.

How long must I remain in Service?

After graduation from the Aviation Cadet Program, you are tendered an indefinite appointment in the United States Air Force Reserve and are called to active duty with the United States Air Force for a period of three years.

What recreation and leisure time will I have as a Cadet?

Discipline will be rigid—especially for the first few weeks. However, it is not all work. You'll find swimming pools, handball courts, movies and other forms of recreation on the post.

Where will I be stationed when I get my commission?

You may be stationed anywhere in the world . . . Hawaii, Far East, Europe, Puerto Rico, elsewhere. During your tour of duty, you will be in close touch with the latest developments in new flying techniques. You will continue to build up your flying experience and later should have no difficulty securing a CAA commercial pilot or navigator rating.

Your future is assured if you can qualify! Here's what to do:

- 1 Take a transcript of your college credits and a copy of your birth certificate to your nearest Air Force Base or Recruiting Station. Fill out the application they give you.
- 2 If application is accepted, the Air Force will arrange for you to take a physical examination at government expense.
- 3 Next, you will be given a written and manual aptitude test.
- 4 If you pass your physical and other tests, you will be scheduled for an Aviation Cadet training class. The Selective Service Act allows you a four-month deferment while waiting class assignment.

SOCIETY

Alpha Lambda Delta, Phi Eta Sigma To Initiate Pledges Tuesday Evening

Initiation of pledges of Alpha Lambda Delta, honorary organization for freshman women, and of Phi Eta Sigma, honorary organization for freshman men, will be held at 6 p.m. Tuesday in the Caprock Hotel.

Prof. J. Evetts Haley, director of Institute of Americanism, will speak at the annual spring banquet at 7:15 p.m. following the initiation.

The pledges' parents have been invited to attend the initiation and banquet this year for the second time.

Tickets may be purchased for \$2 at the Dean of Women's Office or at the Dean of Men's Office.

A.L.D. Pledges
Spring pledges of Alpha Lambda Delta are:

Nancy Alexander, Virginia Carr, Carmaleta Brown, Mava Cartwright, Marjorie Clinton, Annette Cochran, Neva L. Cox, Huda Hasen, Dorothy Kraus, Carolyn Larson, Frances Little, Eugenia McCullough, Joyce A. Miller, Patricia Pinson, Annita M. Powers, Marilyn Sneath, Winona D. Starr, Irma L. Hopp, Nancy Hudson, Betty J. Nelson, Belva E. Sullivan, and De Lois Scott.

PES Pledges
Spring pledges of Phi Eta Sigma are:

Derby Brooks, Jr., Edwin Allen Carrell, Malcolm B. Daniel, Robert Faulkner, Dan Greer, Royal Hagerty, James A. Liggett, Garth Daniel Scott, Allen Strother, James C. Wine, and Monte J. Wise.

Los Camas Spring Dance Saturday

Los Camaradas will have its Spring sport dance Saturday night from 8:30 to 12 at the Caprock Hotel. Music will be furnished by the Dunbar Combo.

Members and dates attending are: David Collier, Myra Ratliff; Bennett Corley, Betty Hancock; Jim Daniels, Ann Cordell; Jerry Davis, Ann Heatley; Jack Dyer, Jennie Scott; James Eagan, Sue Ledbetter; Joe Fortsberry, Carolyn Chick; Paul Griffith, Norma Chapman; Marvin Jones, Ellen Jane Poch; Gary Johnson, Shirley Harrison; Pat Marsh, Pat Holley; Johnny Meyers; Jean Joy Johnson; Milton Newell, Patty Pinson; Alan Olson, Dona Ingham; and Ronald Smith, Glenna Marlar.

Henry Taylor, Mary Lu Dickens; Allan Tomlinson, Carolyn Despain; Lynn Whitmore, Jo Ann Clifford; Dick Wilkie, Mary Lois Henson; Paul Woods, Betty Harper; Milton West, Peggy Wilson; Bob Belev, Mary Grasty; Jim Conine, Suzanne Matteson; Donnie Eliff, Pat Boyd; J. L. Garrison, Francis Deere; Tom Pior, Patsy Donn; Charles Bowen, Mary Hunsucker; Tom Seale, Mary Johnson; Mr. and Mrs. Brad Beedy; Mr. and Mrs. Charles Stewart; Mr. and Mrs. Paul Westerfield; Mr. and Mrs. Ted Schuler; Mr. and Mrs. Cecil Ayers, sponsor; and Major and Mrs. V. B. Penuel, sponsor.

Pat Edwards, president of the organization, will serve as toastmistress.

Mrs. James G. Allen, sponsor, will present an award to the outstanding woman journalism student of the year. This presentation is made annually and the student is elected by members of Theta Sigma Phi.

Rosenfield Of Dallas Morning News To Speak At Theta Sigma Phi Banquet

John Rosenfield, amusement editor of The Dallas Morning News, will speak at Theta Sigma Phi's Matrix Table banquet at 7 p.m. April 9, in the Caprock Ballroom.

Theta Sigma Phi, women's honorary journalism sorority, has invited representatives of each of the women's organizations on campus, Theta Sigma Phi alumnae, journalism students and members of five cultural city organizations to attend the banquet.

The sorority will present awards for the first time in the South Plains Newspaper Contest which they are sponsoring. Awards will be made in daily and

community weekly field. Editorial, feature, news story and local columns have been entered in the contest. J. Russell Heitman, journalism department head, will present the awards.

Judges in the daily field are: Mr. Heitman, Frank Tolbert of the Dallas Morning News and Travis Foster of the Fort Worth Star Telegram. Mr. Tolbert and Mr. Foster are Tech journalism graduates.

Weekly division judges are: Mrs. Opal Cozby, sponsor of publications in Lubbock High School, Charles A. Guy and Jay Harris of the Lubbock Avalanche-Journal.

Hope For the Future

For the second straight year, Tech will have a Student Association president and vice-president elected without opposition. We hope that such a situation will not occur every year.

If it must, we can only hope that the candidates who win in this way are as capable as the present ones seem to be.

Announcement

This week marks resumption of The Toreador's semi-weekly publishing. For the remainder of the semester the paper will be issued on Tuesdays, when it will consist of four pages, and on Fridays, when it will have eight.

Departures from that schedule will take place around the forthcoming Easter holidays. Deadlines for the issues will be 5 p.m. Monday and 5 p.m. Thursday.

The Toreador wishes to express its thanks to those persons and departments who were understanding during the recent financial difficulties.

More than any other group, the staff wanted to print an editorial page and to have room for all the news of the campus.

Some people never understood that.

TECHnicalities

by Ralph Shelton, Toreador Associate Editor

Disorganized Notes

From the fifth annual convention of the Texas Intercollegiate Students Association, held last weekend at Rice Institute, Houston:

Panel discussions on problems of collegiate governments were featured at the convention. The writer of this column and Bill Burton, a member of the publications committee, were assigned to sit in on one, entitled "Analyzing the Policies of the Campus Press." The panel failed to live up to its impressive name. Too many of the participants in the discussion were unfamiliar with the practical side of publishing a college paper and had little to offer except endorsements of Freedom of the Press.

Genuine problems faced by some college and junior college papers were abundant, however. One editor (who is also a member of her school's student council) reported that the administration forbids her to print any criticism of the college. The reason? The paper is sent to high schools and criticism might discourage prospective freshmen. Only advice offered her was to transfer to another school.

Under the Breezeway

by Shirley Johnson, Toreador Editor

For the first time in some few weeks, we bid you welcome. Except for the slight interruption of publishing schedule caused by Easter, an editorial page will be found in THE TOREADOR each Friday.

Only six more days before Easter holidays are here. Then there is only about one day of peace before mid-semester grades are out (Wednesday after classes resume on Tuesday).

FOR SENIORS ONLY: Approximately eight weeks and four days until graduation day.

Tuesday Comes EL CUSPIDOR

Congratulations to Tech and all for the baseball team to begin next spring. Many Techs have long felt the need for a team, and now they get their wish.

Although the fulfillment will come too late for some of us, the idea that the team will be here next year is comforting.

We commend the group of Techs who worked so hard to reactivate the Tech Chamber of Commerce. The club has not been active since the spring of 1951 when it voted money to build a softball diamond for Tech.

We are still awaiting the diamond.

The CC plans to visit high schools in the Lubbock area to interest students in coming to Tech. We would like to suggest that, in addition to the educational material they will take, they take some acts from the 1953 variety show.

Not too many, but three or four

of the best would certainly leave a good impression with high school students and Tech's enrollment might profit by such action.

An organization is only as active as its members, so Tech will have to support the CC. It failed to do that last year. Efforts were made to give the club some purpose last year, but the students failed to support the program.

We sincerely hope that such a fate will not befall the CC again; if it does, we can only hope that it will rise phoenixlike again.

Spring is truly here.

The grass is getting green, flies are coming out of hibernation, flowers are blooming, clubs are planning banquets, and rabbit couples are having little rabbits.

Two have been noted running around the Journalism Building. They could be Easter bunnies, of course, preparing a place to hide their eggs; but where did two come from?

Checking through the mail, we found two anecdotes which might be appealing to all those who suffer through 8 o'clocks.

First, a prof at the University of Texas came quietly into class. Reaching into his briefcase, he got a toy whistle and blew it with all his might.

"Now that we're all awake, shall we get on with the lecture?" he asked.

Second is the story of the girl who rushed into class about ten minutes late, threw off her coat, and sat down. The professor stared and the students began giggling.

The girl looked down, bewildered. Then she grabbed her coat, put it on and rushed out of the class. She had forgotten to wear a skirt.

BACKTALK

Toreador Editor:

I have had very little to say against the Toreador and have stood up for it a few times as I know a few of the handicaps under which it has been operating. However, the time has come and I would like some information.

Why has the editorial page been omitted from the past few issues? Also, what has happened to the columns by Ralph Shelton and Ann Bryan? I can understand the omission of your column, "Under the Breezeway," as only a damn fool would do anything under the breezeway.

As an explanation of the above statement about the breezeway, count the number of lights that fell before they removed the remaining lights. Or, notice the plaster that is falling from the south arm of the million dollar blunder, Science Building to some.

Why not reinstate the editorial columns, the columns by Ann and Ralph and change the name of yours?

Very truly yours, (Name withheld by request)

File 13

The paper at Mississippi Southern College took an informal poll recently and found that students there are overwhelmingly in favor of unlimited class cuts.

Some of the comments: "Some professors have the idea that their lectures are the only means by which a student can acquire a satisfactory knowledge of the course."

"The cuts should be unlimited because the student knows how many cuts his grades can afford."

If the student is failing the subject, he should naturally attend classes, and if he has very good grades he can afford more cuts."

Life at a North Carolina State College fraternity house changed abruptly recently when police confiscated a nickel slot machine from the basement.

A student operating the machine was convicted and made to pay court costs. The alumni group which owns the fraternity house was fined \$50. Everyone else was acquitted, except the slot machine. It was junked by court order.

An American history professor at an eastern college asked his class recently to make a list of the eleven greatest Americans. While the students wrote, he strolled around the room. He paused at one desk and asked the student if he had finished his list.

"Not yet," said the student, "I can't decide on the fullback."

An editorial in a college paper from New York lists four ways of determining if a member of an organization is a Communist:

- (1) He will work. Others won't
- (2) He comes early and stays late. Others won't.
- (3) He knows how to run a meeting. Others don't.
- (4) He demands the floor. Others won't.

On this basis, said the paper, most of the members of the school's council are exceptionally loyal.

A psychology professor at Bristol University, England, puts his students at ease by serving free cocktails before each lecture. The professor, who serves as bartender, says he's testing his students on the affect of small doses of alcohol.

Friday, March 27, 1953

30 ENROLLED

Small Fry V Child Devel

Two years old may seem young for a student, but these youngsters are members of the nursery school, home of the Home Economics Building.

Nursery school is part of child development department as laboratory for studying child development. Classes 101, 431, and 435. Enrollment 10 students are enrolled in this semester, act as Miss Mary Ella Crozier nursery school teacher.

Students in the laboratory serve the children as they eat. They also have opportunities to practice some of the child guidance that they learn in lecture.

Run The Show

Small fry actually run the nursery school. The children, ranging in age from 2 years 2 months to 4 years 6 months, attend the nursery school. Twelve of them 4 years 6 months to 5 years 6 months, come to the room preschool group.

The furniture in the building is scaled to fit the children. Three rooms contain games and toys. There are boards, interlocking trains, yellow blocks and a tool of the large playroom. Another contains several hundred children's books, records, dolls, piano.

Lockers Marked

The entrance room has lockers where the children store their coats. Each locker is marked with a symbol, such as a bird or flower, which each recognizes as his own. Towel racks are marked with same symbols.

Tricycles, a jungle gym, a house, empty wooden boxes and some of the play equipment.

Each day the small student examined by a student nurse checks them for illnesses. The examination, part of play outside and others.

One might observe a small child pulling a train over the floor. A Chinese girl playing solitaire with a wooden puzzle. A girl may be seen hanging all clothes on a cloth stretched between two chairs while a willing boy imitates them off the line to the line.

Given Juice Lunch

During the morning the children are given fruit juice and milk water. At 11:30 the lunch. Child development center, scheduled for lab at 12:30, have the opportunity with the youngsters some during the semester.

The nursery school lasts from 8 a.m. to 12:30 p.m., and the preschool group, from 12:30 p.m. to 4 p.m. The afternoon group is scheduled like the morning group but some of their activities are advanced.

Learn Cooperation

Nursery school does not teach children how to read. Instead, according to Cooper, they learn how to play cooperatively, do new food tastes and learn about their environment.

They go on trips to fire stations, train rides, and visit

30 ENROLLED

Small Fry Work and Play in Child Development School

Two years old may seem a bit young for a student, but Tech has some enrollees just that age. These youngsters are members of the nursery school, housed in the small cream-colored building south of the Home Economics Building.

Nursery school is part of the child development department and serves as laboratory for students taking child development courses 131, 431, and 435. Approximately 70 students are enrolled in the courses this semester, according to Miss Mary Ella Crozier, head nursery school teacher.

Students in the laboratory observe the children as they play and eat. They also have opportunities to practice some of the theory of child guidance that they learn in lecture.

Run The Show

Small fry actually run the show at the nursery school. There are 18 children, ranging in age from 2 years 2 months to 4 years 4 months, who attend the morning nursery school. Twelve children from 4 years 6 months to 5 years 6 months, come to the afternoon preschool group.

The furniture in the building is scaled to fit the children's bodies. Three rooms contain games and toys. There are peg boards, interlocking trains, large hollow blocks and a tool chest in the large playroom. Another room contains several hundred children's books, records, dolls, and a piano.

Lockers Marked

The entrance room has small lockers where the children leave their coats. Each locker is marked with a symbol, such as a blue-bird or flower, which each child recognizes as his own. Towels and washrags are marked with the same symbols.

Tricycles, a jungle gym, a playhouse, empty wooden boxes, and swings are some of the playground equipment.

Each day the small students are examined by a student nurse who checks them for illnesses. After the examination, part of them play outside and others inside. One might observe a small boy pulling a train over the floor, or a Chinese girl playing solemnly with a wooden puzzle. Another girl may be seen hanging out doll clothes on a clothesline stretched between two chairs, while a willing boy immediately takes them off the line to iron them.

Given Juice Lunch

During the morning the children are given fruit juice and distilled water. At 11:30 they eat lunch. Child development students, scheduled for lab at this time, have the opportunity to eat with the youngsters sometime during the semester.

The nursery school lasts from 9 a.m. to 12:30 p.m., and the afternoon preschool group, from 2 to 4 p.m. The afternoon group is conducted like the morning group, but some of their activities are more advanced.

Learn Cooperation

Nursery school does not teach the children how to read and write. Instead, according to Miss Crozier, they learn how to work and play cooperatively, develop new food tastes and learn more about their environment.

They go on trips to fire stations, train rides, and visits to

the college-green house. They plant bulbs and learn more about nature.

Must Apply

The youngsters are accepted according to the needs of the school and to the date of application. Applications are sometimes filled out by parents before the baby is born. The school keeps a like number of girls and boys and tries to have a wide age range for child development students to study.

Miss Sannie Callan is head of the child development department and Mrs. Winnifred Gifford is assistant professor.

Any Tech student is eligible to take Child Development 131.

Madrigal Singers Will Give Concert; To Wear New Elizabethan Coctumes

Tech Madrigal Singers will present their annual full-length concert at 8 tonight in the Recital Hall of the Music Building.

The singers, who will appear for the first time in their new Elizabethan costumes, are: Marjorie Hendrick and Dorothy Scales, sopranos; Marjorie Scales and Rosemary Sprague, contraltos; Billy Cormack and Clarence Whiteside, tenors; and Tom Brown and Tim Magness, basses. Ned Hardin will accompany the

group. The concert will be "a feast for the eye, as well as for the ear", in that the setting will try to duplicate as nearly as possible stage settings of Queen Elizabeth's time, states Ira Schantz, director.

The costumes, which were designed and made by Jeffie Lou Harvey of Post, also duplicate the Elizabethan period. They are made of heavy brocades, such as velvets and faille in different colors. The designs were originally taken from a book in Tech Library. Individuals and clubs in Lubbock donated the money for the costumes, which Schantz estimates cost about \$600 each.

Concert Band Will Perform Sunday

Tech Concert Band will present the second of its winter-spring series of concerts at 3 p.m. Sunday in the Band Hall of the Music Building, according to D. O. Wiley, music professor.

James Paterson, clarinet soloist with the Dallas Symphony Orchestra, and Ned Hardin, Tech junior piano soloist, will be featured in the performance.

- The program includes:
- British Eighth Zo Elliott
 - Overture to Mignon Ambrose Thomas
 - First Movement of the Piano Concerto in A Minor Grieg
 - Two Woodland Sketches Edward MacDowell
 - Prelude in C Minor Rachmaninoff
 - Concertino von Weber
 - The March of Siamese Children Richard Rodgers
 - Galop Aram Khachaturian
 - La Boheme Puccini-Alford-Harding

AFROTC Cadets Prepare For Corps Summer Camps

Preparations are now being made for Air Force ROTC summer camps throughout the nation. Approximately 17,000 cadets from 209 institutions will take part in the four week program, a part of their four year ROTC course.

Most camps will begin their orientation training for cadets on June 22, while some will wait until July 20 and 27.

Kenneth Lewis Works Ln Dallas

Kenneth Lewis, who graduated from Tech in 1947, has been employed by the National Cottonseed Products Association in Dallas. Lewis, an animal husbandry major, was a member of the international judging team that placed fourth in Chicago. He had just completed a two year enlistment in the air force before joining the staff of A. L. Ward, director of the association.

Tech Engineering Show To Be Held April 24-25

The theme of this year's Engineering Show on April 24-25, will be the publicizing of the new engineering and science buildings. Jay Taylor, publicity director, announced today.

A completely revised show is planned this year with each department presenting a new project at the show.

Attempts will be made to draw a larger attendance from the area through extensive advertisement in area newspapers and television.

NEW COSTUMES ... are modeled by (clockwise) Rosemary Sprague, Tom Brown, Marjorie Scales, Clarence Whiteside, Jr., Tim Magness, Dorothy Magness, and Marjorie Hendrick. In the center is Bill Carachik.

Tech Foreign Students Now Total Twenty-five

A student from China, one from Greece, and another from Puerto Rico are the latest additions to Tech's group of foreign students this semester.

James Chao-Seng Ma of Taipei, China, Nick Moutos of Greece, and Roberta Palou of Juncos, Puerto Rico, are the new students, bringing the total of foreign students at Tech to 25, according to a list released by the registrar's office.

Of the foreign students, 15 are from Latin American countries, three come from Iran, two are from Southern Rhodesia; while the countries of Greece, China, Netherlands, and Philippines each supply one student, as does the Territory of Hawaii.

Flight Training Reduced

Flight training for Air Force ROTC graduates has been reduced to three years announced the Air University, Montgomery, Ala. This three year tour of duty will include one year pre-flight training and two years active duty. Previous enlistments called for three years active duty.

This change of plans will be made effective for May-June Air Force ROTC graduates. Applications for flight training must be submitted prior to graduation.

April Deadline Set In Fiction Contest

April 15 is the deadline for entering manuscripts in Mademoiselle magazine's college fiction contest.

Women students are eligible for the contest in which two winners will be chosen by Mademoiselle editors. The winning stories will be published in the August, 1953, issue of the magazine and the authors will each receive a \$500 prize.

Stories should be from 3,000 to 5,000 words in length, typewritten, and accompanied by contestant's name, home address, college address, and college year. Each contestant may submit more than one story.

Additional information may be obtained in The Toreador office.

Engineering Banquet Slated

Pi Epsilon Tau, honorary petroleum engineering society, will have a banquet Thursday at 7:30 p.m. in the Caprock Hotel, announced D. C. Stults, vice-president of PET. Bob G. Anthony, junior from Lubbock, will be initiated.

Tech Choir Plans West Texas Tour

Tech Choir will be on its third annual tour from March 30 to April 2, announces Dr. Gene Hemmle, head of music.

They will present two concerts in Big Spring Monday; two in San Angelo and one in Odessa, Tuesday; one in Crane and one in Midland, Wednesday; and one in Monahans and one in Wink, Thursday.

The repertoire includes:

- The Messiah Handel
 - In Praise of Laughter Handel
 - Mass in G Schubert
 - Three Folk Songs Brahms
 - How Blest Are They Tschaiakowsky
 - Only Begotten Son Gretchaninoff
 - Liebeslieder Walzer Brahms
 - Ezekiel Saw De Wheel Arr. Dawson
 - Deep River Arr. Ringwald
 - Set Down, Servant Arr. Shaw
 - Holiday For Strings Arr. Scott
 - Summertime Gershwin
 - Fools Rush In Arr. Schuman
 - Moonglow Arr. Schuman
 - Dream Arr. Schuman
- Tech Madrigal Singers will also present some numbers on the program.

Furniture And Drapes Here For SUB, Parrish Says

More Student Union Building furniture has arrived this week and ballroom draperies are being installed, says Jess Parrish, director.

The new furniture includes: 400 padded folding chairs, 55 tables to be used in the ballroom on special occasions, four couches and eight lounge chairs.

The ballroom drapes are white with modern designs of yellow, blue and red.

Baseball Returns To Tech

Warren To Lead New Sport In '54

Next spring baseball will return to Texas Tech.

The athletic council has approved a recommendation made by Coach DeWitt Weaver which will give Tech its first baseball team since 1929.

Coach Buzz Warren has been selected to lead the diamond squad, with Bob Kellogg and Bud Sherrod acting as his assistants.

Coach Warren played baseball at the University of Tennessee and has coached squads at high schools in Knoxville and Oak Ridge, Tennessee. Bob Kellogg coached baseball for a year at Tulane University, and Bud Sherrod has played baseball at the University of Tennessee and in the armed services.

"Ever since coming here two years ago, it has been my hope to add baseball to our list of sports," Coach Weaver remarked. "But it was necessary to wait until Tech could be assured of a representative team and a representative schedule," he added.

The Raider diamond crew will play all their home games at Odum Field. "We will probably get to practice a little there too," Weaver stated.

"We plan to start an intramural baseball program just after Christmas next year," Weaver said. "Coaches Sherrod and Kellogg will be in charge of the program, and they will select the most promising participants to try out for the college team next spring.

"We also expect to see some of our football and basketball men try out for the team," Weaver commended.

"At the present time we haven't made any plans for issuing baseball scholarships. We are hoping that we can get enough material from the other athletic squads and from the student body," he concluded.

Some of the teams which will probably be on the Raider baseball schedule next spring are: Hardin-Simmons, Oklahoma A&M, Houston, Tulsa, and Sul Ross.

BSU Wins 'Mural Basketball Crown

BSU became All-College Intramural Basketball Champs Tuesday night by virtue of their close 37-31 triumph over Rangers in Tech Gym.

Both teams are from the Independent League, with BSU taking a 31-23 victory during the regular season.

BSU had to come from behind with a furious second-half rally to overtake the fighting Ranger five. Rangers held a slim 7-6 lead after the first quarter, and took a four point, 17-13 half-time lead.

But BSU wasn't to be denied. The Rangers were held to a mere three points in the third quarter, while BSU was scoring 11 points to take a 24-20 lead at the beginning of the final canto.

Increasing their lead in the last quarter, BSU took the championship of the entire school.

Wade Thompson led the BSU team, scoring 13 points. Roy Bryant followed with 8 tallies, Jack Walburg dumped in 11 points to top the Rangers scorers.

Tech Tracksters In Texas Relays

Tech's track team is in Austin today participating in the hot competition of the Texas relays. Many records are expected to be shattered as several strong teams clash.

The University of Kansas, despite a rash of injuries, is favored to sweep the relay events. But Oklahoma A&M, also with a strong team, is expected to give Kansas stiff competition.

The Raider squad, hampered by several injuries, will have to struggle for every point they compile. Jim Farrell in the high hurdles, Don Covey in the broad jump, and Jerry Fairley in the country, are Tech's best point-grabbing bets.

Last year Tech failed to place in the competition at Austin. Texas A&M took first place last year with 37½, followed by Oklahoma with 30.

ATTENTION SOFTBALL MANAGERS

Will all softball managers in all intramural leagues please fill out the blanks immediately following their games and turn them in to the intramural office.

These blanks are needed to keep the records and league standings straight and complete. Your cooperation will be appreciated.

Three Fencers Representing Tech In NCAA Tourney At Pennsylvania

Three Tech fencers are in Philadelphia this weekend to compete in the NCAA tournament being held at the University of Pennsylvania.

Roddy Hobson, participant

coach from Mineral Wells; Clarence Barton, Lubbock; and Sammy Self, Lubbock, will represent Tech in the tourney.

The three swordsmen left Tuesday, and will face competition among 33 other teams entered from throughout the country. Each man will fight 33 matches, or one from each of the schools in the meet. Competition will be in foil, sabre, and epee.

Tech will be trying to better its 16th place finish of last year, when the tourney was held at Yale. In 1951 they finished in a tie for 19th place among the 34 entries.

The Tech fencers have entered three team matches this year, winning all of them. They are school champion of the North Texas Division of the Amateur Fencers League of America.

Tech Netmen Host Colorado Monday

Tech's tennis team will play host to the University of Colorado net squad Monday afternoon at 2 p.m. on the high school courts.

The Colorado racketeers will have four lettermen to face the Raiders, Don Hilgers, Carl Hunter, Dan Luna, and Gerald Starika. Gone, however, are their two top performers of 1952, Dick Grossman and Everett Thalhammer.

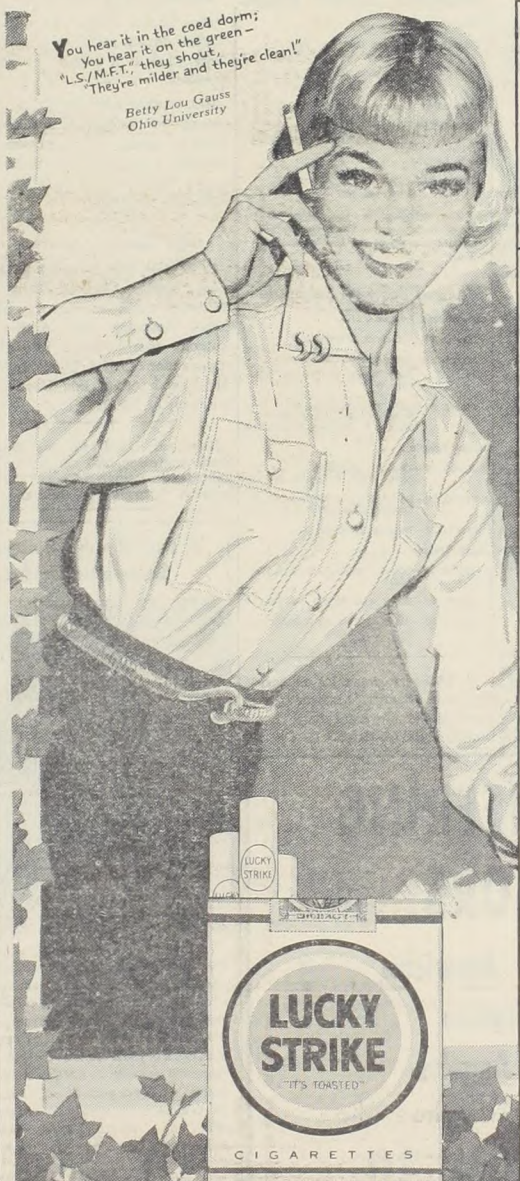

The Buffs have a heavy sche-

dule this year, and are facing five teams on this current trip. Besides the Raiders, Colorado will meet Hardin-Simmons, S. M. U., and Oklahoma. They met West Texas State Saturday.

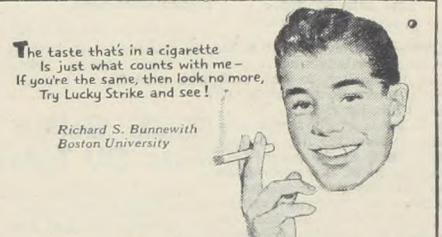

The Raiders, coached by George Philbrick, will be counting on Richard Clarke, David Clark, Wendel Jones, and Jim Burgess to pull them through to their first triumph this year.

Ohio University

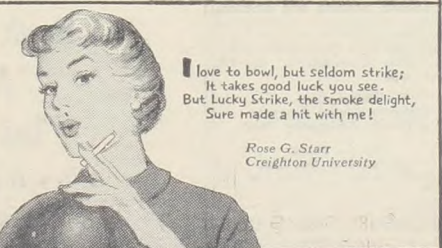

The taste that's in a cigarette
is just what counts with me—
If you're the same, then look no more,
Try Lucky Strike and see!
Richard S. Bunnewith
Boston University

Nothing no, nothing beats better taste
and **LUCKIES**
TASTE BETTER!
Cleaner, Fresher, Smoother!

Ask yourself this question: **Why do I smoke?**
You know, yourself, you smoke for enjoyment.
And you get enjoyment only from the taste of a cigarette.
Luckies taste better—cleaner, fresher, smoother!
Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco.
L.S./M.F.T.—Lucky Strike Means Fine Tobacco.
So, for the thing you want most in a cigarette...
for better taste—for the cleaner, fresher, smoother taste of Lucky Strike...

Be Happy-GO LUCKY!
Where's your jingle? It's easier than you think to make \$25 by writing a Lucky Strike jingle like those you see in this ad. Yes, we need jingles—and we pay \$25 for every one we use! So send as many as you like to: Happy-Go-Lucky, P. O. Box 67, New York 46, N.Y.

I love to bowl, but seldom strike;
It takes good luck you see.
But Lucky Strike, the smoke delight,
Sure made a hit with me!

Companies To Interview '53 Grads Next Week Says Placement Office

North American Aviation will interview 1953 graduates with majors in architecture, physics, and civil, electrical, industrial, and mechanical engineering Monday for positions with the corporation. Phillips Petroleum will interview seniors with majors in chemical, civil, electrical, industrial, mechanical, and petroleum engineering, chemistry, physics, and petroleum geology Monday.

On Tuesday, The Texas Company will interview majors in electrical and petroleum engineering, physics, and petroleum geology.

Majors in business administration, chemical, civil, electrical, industrial, and mechanical engineering will be interviewed Tuesday by the United States Gypsum Company.

Also on Tuesday, the Missouri and Pacific Lines will interview civil engineering majors.

The Shell Pipeline Company

will hold interviews for accounting majors on Wednesday, and Cutler-Hammer Inc. will interview electrical (power, option), mechanical, and industrial engineering majors.

Further information concerning the time and place for the interviews is available in the placement office Ad150.

Circus in The Gym? That's Right-

The South plains Lions Club is sponsoring an all-star circus in the Gym tonight at 8, tomorrow afternoon at 2, and tomorrow night at 8, says Don Logan, Lions Club member.

Regular price is \$1.50, but a special price of 75 cents is being made to Tech faculty and students. Some form of identification should be carried and tickets should be purchased at the door.

All proceeds go to the Lubbock Negro Boys' Club.

The circus is all indoors. There are numerous acts, such as trained dogs, clowns, chimpanzees, etc., according to Logan.

Raider Golfers Face OU Today

Today is old home week for Wade Walker, Tech golf coach, for he sends his Tech links team against his alma mater, Oklahoma University. Walker was a varsity golfer, as well as a football star at OU.

The Raiders will be handicapped by inexperience in the meet today. Number one golfer, G. W. Warden, was unable to make the trip, and Joe Stolz, another letterman, won't be able to begin plan until later in the season, OU beat Tech last year, 8 1/2-1/2.

Jerry Thornton is the only returning letterman who will see action. Others on the Tech team are Jimmy Baker, George Aulback, and Ed Currie.

The match with Oklahoma will mark the beginning of intercollegiate match play for Tech this year.

Netmen—

Last year the Raiders and Buffs tangled on the Tech courts, with the count all tied up at 3-3. The Buffs won four matches, lost two, and came out third in the Big Seven Conference meet in 1952.

MR. SMEDLY, THIS MAN SAYS YOU CALLED AND THAT YOU OWE HIM EIGHT DOLLARS

Feed Experiments Are Main Topics Of Feeders Day

Discussion and inspection of feeding experiments of cattle, lambs, and hogs composed the program of the Annual Livestock Feeders Day held here Tuesday.

About 200 livestock feeders were on hand to hear about and see the results of the experiments, according to R. C. Mowery, head of the department of animal husbandry.

W. L. Stangel, dean of the Division of Agriculture, conducted an inspection of the cattle feed lots, and spoke on the comparative feeding value of solvent cottonseed meal at varying levels of producing beef on irrigated pastures.

The comparative feeding value of milo and corn and the comparative supplemental value of hydrated alfalfa meal and ground hay were the subjects discussed by Stanley E. Anderson.

Mr. Mowery discussed the comparative feeding value of hydraulic and solvent cottonseed meal, the harvesting of hegarri w lambs, the comparative feeding value of solvent cottonseed meal at varying levels and the production of crossbred lambs for Easter market.

In the experiments with lambs, it was found that the lamb gain per acre was 357 pounds. Average initial weight of the lambs was 55.6 with a final weight of 111. This showed a total gain of 55.4 pounds per head which was an average daily gain of .28 pounds. Supplemental feeding per acre totaled 151 pounds of cottonseed meal, 446 pounds of chopped alfalfa and 29 pounds of salt.

Debate Seems 'Quip Battle'

By SUE FINDT
Toreador Staff Writer

Cambridge University Debating Union representatives added humorous informality to the sixth formal international debate on campus Monday night.

This battle of quips was quite a change from the first of these debates held in December, 1927, according to W. R. Sewell, chairman and former Tech debater.

Allistair H. Sampson, graduate of Selwyn College, England, and president of the Union, and Peter J. Mansfield, graduate of Pembroke College, are representing the debate organization in an eight-week tour of the United States. They are sponsored by the Institute of International Education and have presented 11 debates in various colleges in the three weeks they have been in the U.S.

Debate question was: Resolved—American success owes everything to co-education. Thernadeane Hutchins, senior journalism major, and Allistair defended the affirmative side. Opposing them were Donny Dean, freshman pre-law student, and Peter.

The Britishers believe that the wise speaker in Britain uses more humor, while the American takes his speaking and debating more seriously.

Oil Paintings by Mrs. Bernice Fix Are Hung in Museum Art Gallery

Thirty six oil paintings by Mrs. Bernice Fix were previewed Sunday afternoon at a tea in the Museum Art Gallery.

This individual show, sponsored by the South Plains Art Guild, continues through next Friday.

Sociology Club Hears Talk

Mrs. Connie Walker, wife of an English doctor, spoke to the Sociology Club at a regular meeting Tuesday.

Mrs. Walker spoke on England's system of socialized medicine. After her speech, a short business meeting was held and refreshments were served, says Gwen Williams, president.

PET Initiates Anthony

Pi Epsilon Tau, honorary petroleum society, had a banquet Thursday night at the Caprock Hotel, honoring Bob Anthony. Anthony was initiated into the organization earlier Thursday, it was announced by Joe Hastings, president of P.E.T.

Raymond Elliott, associate music professor, will serve as adjudicator in Region 8 Choral Composition Saturday in Midland.

J. Paul Shеды* Switched to Wildroot Cream-Oil Because He Flunked The Finger-Nail Test

POOR PAUL felt down under when his girl said, "Your sloppy hair kangaroos our friendship. Never pouch your arms around me again until you high tail it to a toilet goods counter for some Wildroot Cream-Oil. Contains Lanolin. Non-alcoholic. Relieves annoying dryness. Removes loose, ugly dandruff. Grooms the hair. Helps you pass the Finger-Nail Test. Get it or you'll kangaroo the day!" Shedy tried Wildroot Cream-Oil and now all the girls are hopped up about him. Better reach in your pocket for 29¢ and buy Wildroot Cream-Oil in either bottle or tube. You kangaroo cause it puts real punch into your social life. Ask for it on your hair at any barber shop too, and get a jump ahead of all the other guys!
