Sigma Alpha Epsilon to Install

Weekend Initiation Set For Adelphi

Adelphi, eighth men's social club organized at Tech, will close its history this weekend when it is installed as Texas Alpha chapter of Sigma Alpha Epsilon. The ceremony will be the seventh installation of a national fraternity at Tech.

Instruction sessions for the members of Adelphi will be held Wednesday, Thursday and Friday nights. Initiation of members will be held Saturday afternoon, followed by a banquet that night in the Caprock Hotel. The group will attend church services Sunday morning and a reception will be held Sunday afternoon in the ballroom of the Student Union Building.

Installation Officers
National officers of SAE who will be in Lubbock for the installation are: Dr. C. D. Lee of Ames, Iowa—Eminent Supreme Archon; Edward G. Hathcock of Los Angeles, Calif.—Eminent Supreme Deputy Archon; Leo S. Cade of Oklahoma City, Okla.—Eminent Supreme Warden; Dr. John O. Moseley of Evanston, Ill., and John Faugh of Meeker, Okla., will represent the national office of SAE. Dr. Moseley is Eminent Supreme Recorder of the fraternity.

Also attending will be Ralph R. Carlin of Oklahoma City, archon of Province Sigma, and Eugene P. Donohue of El Paso, archon of Province Upsilon—of which the Tech chapter will be a member. Representatives from collegiate chapters in the area are also expected.

Youngest Social Club
Adelphi, which was granted a charter by SAE Aug. 23 at the fraternity's national convention in Chicago, was organized early in 1951, replacing Socii (now Sigma Nu) as the youngest of the men's clubs. The club was the first at Tech to feature a program of constructive pleading.

See SAE, Page 3

Play Cast Picked; 'The Miser' Will Open November 9

Fritz Stanley, Lubbock speech student, was given the title role as Harpagon in "The Miser," first speech department production this fall, according to Ronald Schulz, director.

The play will be presented November 9-14 in the Speech Auditorium and will tour South Plains towns Nov. 16-24. Students will be admitted to campus presentations on their activity tickets.

Other members of the cast named last week are: Harriet Henderson, Lubbock, as Elise, Harpagon's daughter; Dee Bowman, Lubbock, Cleante, his son; John Perry, Lubbock, Valere, who is in love with Elise; Joan Terry, Colorado City, and Kathryn Ballard, Shallowater, as Erosine, a matchmaker; Sandra Wright, Odessa, and Shirley Harrison, Midland, as Mariane, in love with Cleante; Jack McCabe, Lubbock, Master Jacques, coachman and cook.

Tod de Kanter, as La Fleche, Cleante's servant; Dwayne Carter, Lubbock, Master Simon, Harpagon's agent; Tim Eysen, Abilene, a magistrate; Bayard Foster, Merzon, Anselme, Valere's father; and Ted Kuhrau, as Brindavoine. Two minor parts remain uncast.

OFFICERS . . . of the Texas Alpha chapter of Sigma Alpha Epsilon fraternity will include Donal Hamill, left, and George Hargrove. Hamill, a senior agriculture major from Levelland, will be the chapter's president. Hargrove, a senior BA from Morton, will serve as vice-president.

Student Council Makes Plans for Houston Trip, Approves Veterans to Sponsor A&M Bonfire

A special chartered train to Houston Nov. 21 for the official out-of-town game against the University of Houston will be sponsored by the Student Council if student interest warrants. This decision was reached Monday night at Student Council meeting.

The Santa Fe Railroad has agreed to schedule the train at a fare of \$15.58 per student and to include if possible a baggage car for dancing.

At least 180 students must accompany 120 members of the Tech Band in order to charter the train. A minimum total of 300 will be necessary to assure the train.

Tentative plans call for the train to leave Lubbock Friday night, arriving in Houston before the game Saturday and leaving Houston a few hours after the game. The train would be back in Lubbock Sunday morning.

Interested students may fill out a coupon to be printed in The Toreador and returned to the

Council office as soon as possible. Other action taken by the Council Monday included:

Approval of a request by the Veterans' Club to sponsor a bonfire before the Texas A&M game Oct. 10.

Enrollment Reaches 5,398 On Last Day of Registration

Booming birth rates of 17 or 18 years ago sent Tech student enrollment up to a total of 5,398 as registration ended Monday.

The same factor should result in increasing enrollment for the next several years, according to W. P. Clement, registrar.

The breakdown by divisions is as follows:

| | Total | Men | Women |
|-----------------|-------|-------|-------|
| Arts & Sciences | 1,531 | 924 | 607 |
| Agriculture | 691 | 686 | 5 |
| Business Adm. | 1,098 | 763 | 335 |
| Home Eco. | 254 | 0 | 254 |
| Engineers | 1,252 | 1,212 | 40 |
| Graduate | 572 | 312 | 260 |

Total 5,398 3,897 1,501
Enrollment included exactly 1,900 freshmen, 1,097 sophomores, 913 juniors, and 916 seniors.

ROTC to Select Co. Sweethearts

One regimental sweetheart and six company sweethearts for army ROTC will be elected in the Gym Thursday from 4 to 5 p.m.

Each girl nominated by the cadets will be given a number and will be presented to the corps in a ceremony held at drill Thursday afternoon. After drill the cadets will file to the Gym to cast their ballots.

The sweethearts will be selected on a point basis. The girl receiving the most points will be elected regiment sweetheart. Then each girl who receives the most points from the six respective companies will be elected company sweetheart.

The elected sweethearts will be formally presented to the corps in a ceremony during the drill period on Oct. 8. Each girl will receive a military-type uniform and will ride in the Homecoming parade.

Red Shirts To Meet Before Pep Rally Thursday Night

The Red Shirts, freshman pep organization, will meet in their dormitories at 6:30 p.m. Thursday.

The group will make its first official appearance at the Texas AM football game Oct. 10. The imately 200 first-year men, has set its goal as promoting better school spirit.

These men, in conjunction with Saddle Tramps, will be in charge of the homecoming bonfire and will work with the flash card stunts.

PEP RALLY THURSDAY

Because Tech plays out of town this weekend the pep rally will be 7:30 p.m. Thursday in the Gym, rather than on Friday night before the game.

Echols Elected To Lead Senior Class For Year

Odis Echols, Carl Kennedy, Donnie Dean and Buddy Hill were elected presidents of the senior, junior, sophomore and freshman classes, respectively, in class elections held at 11 a.m. this morning.

Echols polled 67 votes to defeat Charles Harper, who drew 52 votes. A run-off election will be necessary to fill the post of senior vice-president; it will match Claude Brown, 50 votes, against B. J. Fraley, 37 votes. Other nominees for the office were Bob Dickenson, 22 votes, and James Johnson, 10 votes.

Cathy Baird, 63 votes, defeated Ruth Smalley, 39, and Nancy Hess, 17, for the office of senior secretary-treasurer. In a run-off,

Annual Staff Says 120 Photos Made

Class pictures for 120 students, to appear in the 1954 La Ventana, have been taken at Koen's Studio, 2222 Broadway. Ted Harrison, editor urged today that other students have pictures taken as early as possible.

Fee for the picture was included in the price of the annual at registration. Students who did not pay for a copy then may have their pictures taken for \$1. The studios are open 9 a.m. to 6 a.m. daily except Sunday. All classes, senior through freshman, are being taken.

Anyone desiring to purchase a copy of La Ventana should bring \$7 for a book with picture, or \$6, if picture is not desired, to the La Ventana office, J205, this week.

LeNell Enoch, 13 will meet Margaret Wood, 14, to settle the race for Association of Women Students representative from the senior class. Marion Nevitt polled nine votes for the office.

Dr. Horace Hartzell was named faculty sponsor for the senior class.

Kennedy won over Fred Currie by a count of 87-to-43. The junior vice-presidency was awarded to Charles Pipes by acclamation. Carolyn Pope, 10, and Dorothy Gage, 16, Miss Mildred Betten court was named junior sponsor.

Danny Owen, who drew 46 votes, was runner-up for the presidency. Dean polled 98 votes. Melvin Deardorff defeated Buddy Henderson 85-to-57 for the vice-presidency. A run-off election for secretary-treasurer will match Alice Dickson, 38, with Mary Gristy, 71. Other candidate for the post was Nancy Chastain, 34.

Kay Watson, 22, will meet Mary Jane Smith, 33, in the run-off for AWS representative. Other nominees were Carolyn Pope, 11, and Pat Garrett, 13. The sophomores did not elect a sponsor.

Hill defeated Bruce Campbell 442-to-102. Bob Williams, 305, defeated Wayne Kimberly 136, for the vice-presidency. The run-off will match Ardith Campbell, 180, against Gladys Bain, 153, for secretary-treasurer. Other candidates were Kay Lofley, 133, and Gloria Patterson, 80. Kathy Kerbow, 68, and Dorothy Kelly, 69, will meet in the run-off for the AWS post. Others nominated were Helen Norris, 24; Mary Jane Miller, 18; and Jane Jackson, 15.

All run-off elections will be held at 5 p.m. next Wednesday. Seniors will vote in Ad219, juniors in Ad227, sophomores in Ad209, and freshmen in Ad260.

Jerome Hines, Metropolitan Star, Sings In Artists Course Program Wednesday

Jerome Hines

Although American sopranos, baritones and tenors have often been acclaimed abroad, Jerome Hines, the California-born Metropolitan Opera star, who will sing at 8 p.m. Wednesday, Oct. 7, in the Lubbock High School auditorium is the first American basso to triumph in the major European opera houses and festivals.

The first part of the program will be as follows:

Largo, (Handel), Preach Not Me Your Musty Rules, (Arne), Westron Wynde, (Eng. Anon.), Man is For Woman Made, (Purcell), Zueignung, (Strauss), Der Musikant, (Wolf), Der Erlkonig, (Shubert), Le Manoir de Rosemonde, (Duparc), L'Invitation au voyage, (Saucar), Danse Macabre, (Saint-Saens).

The second group of songs will include:

Into the Night, (Edwards), Rain Tonight, (Wolfe), Luke Havergal, (Duke), A Sailor's Life, (English), Mobile Bay (Sea Chanty), (Arr. Dougherty), Good Lord What Wrong Wid de Corn, (Bryce), Jonah and the Whale, (MacGimsey), De Glory Road, (Wolfe).

Lawrence Hart, Hines' accompanist, will play the following piano solos:

Etude in E Major, (Chopin), Three Short Pieces from "The Household Muse", (Milhaud), The Juggler, (Toch).

Tech students having activity fee receipts will be admitted free.

Students May Pay Fees For Activity Benefits

Students, who did not pay their activity fee at registration and who now desire the benefit the fee provides, may still make payments at the cashier's window in the auditor's office.

There will be no deadline for paying this fee, according to John G. Taylor, assistant auditor. No discount is made on late payments.

SOCIETY

Adelphi Accepts 23 New Members; Kemas Service Initiates 16 Pledges

Two men's social clubs, Adelphi and Kemas, initiated pledges in ceremonies held last weekend.

Adelphi's services, which were held Saturday night, brought 23 new members into the club. They are: Don Andrews, Jack Badgett, Gene Barrett, Gerald Clark, Allan Cookrell, Ronald Croston, Jack Davis, Bruce Dingler, Don Douglas, Mickey Hollis, Jerry House, Audrey Howard, Fred Jobe, Bill LaShier, Darrell Leachman, Glenn Markham, Ralph Miller, Mack Mohon, Harry Neel, Bill Nielson, James Nickels, Jerral Peters, and Virgil Snell. The initiation climaxed the club's "Help Week", during which the pledge class completed work projects at local churches, at the Salvation Army and on the campus.

Kemas had its initiation at the home of Bob Anthony, Sunday afternoon. Sixteen pledges initiated were: Bob Beckman, Don Brice, Dee Clement, Charles Currie, Joe Ray Goodin, Carl Kennedy, Robert Killian, Ted Mellinger, Tommy Morris, Leroy Morris, Melvin Schlegel, Eldon Smith, E. J. Tarbox, Bob Waddel, Jim Ware, Edwin Wilkes.

Smith was named Best Potential Member and Wilkes was elected Best Pledge. Tarbox had the highest grade-point average.

Magness Installed Prexy Of Phi Mu, Alpha Fraternity

Tim Magness, senior music major, was installed as president of Phi Mu Alpha, national honorary music fraternity, last night.

Other officers installed were Myron McCarter, vice-president; LaDon Sheats, secretary; Bill Cormack and Clarence Whiteside Jr., corresponding secretaries; and Robert C. Howe, treasurer.

Women Eligible for AAUW

Senior women at Tech will be eligible to join the American Association of University Women after graduation. Tech is one of the colleges and universities affiliated with AAUW.

The purpose of AAUW is to unite college women of the community for practical educational work, to publish information concerning education, to uphold high standards of education and to promote social companionship.

FRENCH CLUB ORGANIZES

Le Cercle Francais, French club, met last night to organize plans for the coming year and entertain prospective members, according to Selene Pierce, president.

Refreshments were served after the group sang French songs and played French games. Dr. J. C. Dowling, new head of the foreign languages department, was a guest.

PARTY TO BE HELD

Upper classmen of the women's physical education department will entertain their little sisters with a coke party from 7 to 8:30 Thursday evening. The party will be at the home of Joyce Davis, 2614 21st Street.

Tau Beta Pi Convention

William Breckenridge, president of Tau Beta Pi, honorary engineering fraternity, will leave Oct. 6 for Clemson College, S. C., to represent Tech as delegate to the fraternity's annual national convention. He will return Oct. 11.

CLUBS MAY MEET IN UNION

Need a place for those club meetings? Need a place to file those club papers?

Undecided on a place to hold that next social function?

Bill Scott, Student Union director, announced that the Union can fill all of these needs for any student organization. Interested clubs may inquire at Mr. Scott's office.

Beautiful Women Are Not As Dumb As Some Men

It happened at a picnic given by one of Tech's new national fraternities in honor of a new national sorority.

The group began singing club songs.

One song sung by the young ladies was met by hearty approval from the fraternity members.

What was the name of that one, the men wanted to know?

The answer brought on an extremely embarrassed silence—It was the fraternity's own sweetheart song. They just hadn't heard it yet.

Organization of Town Girls Holds Lunch Meet Today

Town Girls, an organization of women students who live off campus, held its first luncheon meeting of the semester at noon today in the Student Union Building.

All women students who live in Lubbock are invited to join the club, announces Mary Katherine Cole, president. Designed to encourage an interest in campus activities, Town Girls will hold two luncheon meetings each month.

Kappa Sigs, Thetas To Picnic

Kappa Sigma Fraternity and the Kappa Alpha Theta sorority will have a joint picnic at 6:30 Sunday evening in MacKenzie State Park.

Senior Engineers Offered \$1,250 in Scholarships

Applications for two engineering scholarships will be accepted until Oct. 10, announces D. E. Holcomb, dean of engineering.

Senior engineering students with a B average may obtain application blanks for the Standard Oil Company of Texas' \$500 scholarship in Dean Holcomb's office.

The Socony Vacuum Oil Company offers a \$750 scholarship to senior petroleum, mechanical and chemical engineers. Forms may be obtained in the dean's office.

Day-Dreaming Brother IS A Christian, He Maintains

Members of one of the new fraternities were debating choice of a church for the group's annual attendance "en masse."

A poll was taken, with each member stating the denomination of which he was a member. A variety were named: Methodist, Presbyterian, Episcopalian, Baptist, etc.

One of the brothers, absent-mindedly staring into space, took no part in the discussion until the presiding officer barked out his name and demanded "which one of these do you belong to?"

Startled, the brother replied: "I don't belong to any of those; I'm a Christian."

A hurried explanation was called for. The absent-minded member, it seems, attends Lubbock's First Christian Church.

Sigma Tau Delta Schedules Annual Meeting on Tuesday

Sigma Tau Delta, national English honorary society, will hold its first annual meeting at 7:15 Tuesday evening in the home of Dr. and Mrs. E. A. Gillis, 3202 32nd Street.

The meeting will be highlighted by a backyard supper. A musical program to be offered will include ballads, classical music, readings of modern poetry and drama.

Ballroom Dance Instruction To Begin in Union in October

Instruction in ballroom dancing will be a feature at the Student Union Building beginning Oct. 6. Students will meet with instructors from Arthur Murray Dance Studios weekly from 6:30-8:30 p.m. for 10 weeks.

The instruction will cover all phases of ballroom dance and will cost students 50 cents an hour. Interested students may inquire at the Union office.

Student Union Committees

Ninety-seven students signed up for committee assignments Friday in the Student Union Building.

Bill Scott, Union director, said that committee assignments and meeting dates will be announced later this week.

The committees are: dance, movies, hospitality, publicity, planning and decoration, and special events.

Students Have "Listening" Party

Approximately 60 students turned out Saturday night to follow the Texas Tech-Texas Western football game with a radio and a football map at the Student Union.

Another "listening" party will be conducted Saturday in the Board of Student Organizations Room in the Union for those students unable to attend the Oklahoma A&M game.

THE CAT'S MEOW

By PHYLLIS MARTIN
Toreador Society Editor

With wrinkled apparel smeared with ink, pencil behind ear, red-rimmed eyes behind plastic-framed glasses, thick lenses, and a harassed look matched only by exasperated football coaches or by mothers of four children, we begin a column designed to relate to the students of Texas Tech just what goes on around hyar.

All I want is the facts—and names, yeah, names, that's what I'm after. So some wise guy hands me the student directory!

First of all I'd like to dedicate this first spasmodic relation of facts to the low life—the ever-lovin' "Fish."

Hook, line, and sinkers this weekend were Jim Weaver and Ann Hudsbeth, Bill McPherson and Grace Boles, Kit Weldon and Don Garretson.

Men, this bit of advice: The only way to fight a woman is with your hat—grab it and run!

With women as with warriors, there's no robbery—all's conquest.

Other couples seen about were Daisy Holley and Charley Boren, Kathy Kerbow and T. K. Knox, Marguerite Paschall and Jimmy Conine, Don White and Phyllis Emery.

I heard the statement of a disillusioned freshman coming in from the first date of her college career: "He looked at me as though I were a side dish he hadn't ordered." Now fellows, really!!

Old timers congregating were Dean White and Jane Jipp, Jack Eubanks and Tommy Brown, Dan Clover and Kitty Himey, Lowell Richardson and Dot Gage, Dave Thomas and Barbara Saunders. Incidentally, Barbara had a profitable weekend; she's now sporting a diamond on the left hand. The marriage vows are to be read some time next spring. Right, Barbs?

Virginia Mitchell also received an engagement ring. That we should all be so lucky!

The marriage vows of Phyllis Joan Eubanks and John Clinton Strabing were solemnized at the Broadway Church of Christ Sept.

Pledges Entertain ASCE Members

The student branch of the American Society of Civil Engineers was entertained by pledges from three campus sororities Tuesday night.

The program consisted of several dance routines by the Delta Delta Delta pledges including a pantomime of two records and a Grecian dance. Pledges from the Kappa Kappa Gamma sorority entertained with a reading and two solos. Several specialty numbers were featured by the Kappa Alpha Theta sorority.

District Consulting Engineer, H. N. Roberts of Lubbock was guest at the meeting.

Officers for this year include: John Nolan, president; James F. Johnson, vice president; C. A. Moore, secretary; and Rex Phillips, treasurer. Dr. G. A. Whetstone is sponsor.

Freshman Honor Society Slates Presidential Election

Alpha Lambda Delta, national honorary scholastic society for freshmen women, will elect a president when it meets at 5 p.m. Tuesday in the tower room of the chemistry building.

Virginia Carr, elected president last year, did not return to Tech this fall, according to Miss Leta Holman, one of the co-sponsors.

The group will also make plans for the traditional tea given every fall for all freshmen women.

ZETA PLEDGES EL PASO COED

Gamma Tau chapter of Zeta Tau Alpha, social sorority at Tech, is the first of the sororities to use the new open rushing program. The chapter has pledged Franky Lynn Hadlock of El Paso from the open rush list in the office of Dean of Women Marjorie Neely.

12 at 8 p.m. The bride is a graduate of Sacramento High School and is continuing her studies at Texas Tech, where she is majoring in languages. The bridegroom, a graduate of Fort Worth Pascal High School, attended Hardin-Simmons University, Abilene.

He is a senior at Tech, majoring in geology. He is a veteran of World War II and of the Korean War. Following a trip to Amarillo, the couple returned to Lubbock to be at home at 3305 Akron.

That's about it for this time kids! Except that we would like to take this opportunity to welcome the freshmen to the Texas Tech campus.

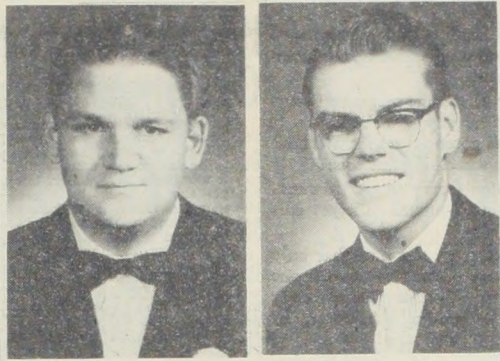

Tau Beta Sigmas To Sponsor Party

Tau Beta Sigma, national honorary band fraternity for women, will sponsor a "get-acquainted" party for new women band students at 8 p.m. Thursday in the music library.

Following this, Patricia Miller, past president of the organization, will conduct an installation service for incoming officers. Troyce Munsey will be installed as president; Jimmie Bennett, vice president; Ellene Portwood, treasurer; Ann McFarland, secretary.

Raymond Elliott, professor of music, is sponsor of the group.

Tulsa University's fullback, Howard Waugh, netted the most yards against Texas Tech last year of any Raider opponent, 181 rushing, in the Golden Hurricane's 26-20 triumph.

MORE OFFICERS—of the new chapter of SAE are Ed Weyman, left, and Gregory Keys. Weyman, a senior BA student, will be secretary and Keys, a junior BA, treasurer.

(Continued from page 1)

SAE—Sigma Alpha Epsilon was established March 9, 1856, at the University of Alabama by eight students of the school. The principal founder, Noble Leslie DeVotie, was the first man to lose his life in the War between the States. It now has 196 collegiate chapters.

Charter Members—Don Andress, Brownfield; Jack Badgett, White-wright; Gene Barrett, Huntsville; Melvin Bird and Harold Hogan, both of Ft. Worth; Richard Blackmore, Perryton; Gerald Clark, Corpus Christi; Allan Coakrell and H. L. Simon, both of San Antonio; Ronald Croston, Hobbs, N. M.

Don Davis, Jerry House, Fred Jobe, Gregory Keys, Jack McCabe and Jerrol Peters, all of Lubbock; Jack Davis, Stratford; Bob Dickenson, and Glenn Markham, both of Stamford; Bruce Dingle and Don Douglas, both of Athens; Don Ferguson, Heckville; James Gray, Bob Kain, and Ralph Shelton, all of Dallas.

Don Hamill, Levelland; George Hargrove, Morton; Mickey Hollis, O'Donnel; Audrey Howard, Borger; Art Lancaster, San Angelo; Bill LaShier, Darrell Leachman, Ralph Miller and Harry Neel, all of Amarillo; Mack Mohon, Comyn; Bill Nickson, Vernon; James Nuckels, Big Spring; Wendell Phillips, Samnorwood; Troy Powell, Colorado City; Charles Rae, Coleman; Jerry Raun, Harlingen; Virgil Snell, Shamrock; Jerry Webb and Ed Weyman, both of Midland.

Sponsors of Adelphi are George Rogers and Lou Stamatakos.

Friday is Tech Day at the Panhandle South Plains Fair! Technicians with their student activity fee receipts or tuition receipts will be admitted free. A fee of 25 cents will be made for automobiles.

Fireworks displays such as the Coronation, Star of the East, Snowflake, and others will fan across the sky each night at 10.

Tech Band participated in a fair parade Monday afternoon but, as one of the host bands, did not enter competition.

MIFC Announces Rush Oct. 12-23, Elects New Prexy

Max von Roeder, president of Kemas, was elected president of Men's Inter-Fraternity Council at a meeting Sunday in the Student Life Conference Room.

Herman Caskey, president of Kappa Sigma, was elected secretary-treasurer.

Present at the meeting were the following presidents: Donal Hamill, Adelphi; Dave Thomas, Alpha Tau Omega; Raymond Mires, Sigma Nu; Bob Pyle, Phi Kappa Psi; and Allan Tomlinson, Pi Kappa Alpha.

Rush week will be from Oct. 12 through Oct. 23. Pledging convocation will be from 4:45 to 6:15 p.m. Oct. 23.

The dates for fraternity rush parties are as follows:

- Monday, Oct. 12—Kappa Sigma
- Tuesday, Oct. 13—Sigma Nu
- Wednesday, Oct. 14—Kemas
- Thursday, Oct. 15—Phi Kappa Psi
- Monday, Oct. 19—Phi Delta Theta
- Tuesday, Oct. 20—Pi Kappa Alpha
- Wednesday, Oct. 21—Sigma Alpha Epsilon (Adelphi)
- Thursday, Oct. 22—Alpha Tau Omega

Drop That Paper . . .

Logic tells us that, if you are reading this, you managed to overcome any troubles that you might have encountered in finding a copy of The Toreador.

Experience tells us, however, that some persons on campus will have trouble in securing a copy of the paper. It never fails: by Friday at least one potential reader will have contacted us and asked a question something like this:

"Why didn't you gosh-darned (sorry to sacrifice realism, but this paper is sent to church-owned colleges) editors get out a paper this week?"

The misunderstanding stems from the fact that only enough copies of The Toreador are printed to provide one for each person on the campus. Some students pick up a copy in their dorm, another in each class building they enter, another in the Student Union etc.

Help us, if you will to get the news to as many readers as possible. Only one copy to a customer, please.

On Second Thought . . .

Elsewhere in this issue of The Toreador will be found a small story stating, in effect, that it is not too late to pay activity fees.

It is unnecessary for us to list the number of services and activities the fee provides to the student; they were well-advertised at registration. Those still uninformed may get a first-hand account from any member of the Student Council.

Those of you who once thought you could not afford the fee, reconsider. Since college life should include, it is widely agreed, more than class attendance and dormitory sack-time, can you afford NOT to pay the fee?

TECHnicalities

RALPH SHELTON

Toreador Editor

Tech has a problem. This problem is a traditional sort of thing; it arises each fall about this time, when the first flush of excitement has worn off for the new students on the campus.

It is at this point that all too many of the freshmen become becalmed in their college life and begin to operate on a schedule of classes followed by meals followed by bed. No one is giving receptions for the slimes now and hurried upperclassmen are tired of ordering them to wear the little green caps. In short, the college has turned its attention from the novices to the business of getting a school year underway. Lack of attention makes far too many of the slimes retire to a remote corner and brood.

The following paragraphs, lifted bodily from the editorial page of The Prospector, student newspaper of Texas Western College,

the •toreador

THE TOREADOR, student newspaper of Texas Technological College is published each Wednesday on the campus at Lubbock by the associated students of the College.

EDITORIAL OFFICES: Journalism Building, Rooms 103, 105. TELEPHONE: 5-8541. Editor: extension 424. Business Manager: ext. 423. Night Editor: 5-8548. RALPH SHELTON, Editor. Phyllis Martin, Society Editor. Harry Noble, Sports Editor. CHARLES MAPLE, Bus. Mgr.

could be used as a sermon for the jilting freshmen:

"Attending college does not only mean going to classes and getting a passing grade. You could do this well enough through correspondence schools. College is a way of life. It means feeling a tingle of joy on learning something you did not know before. It means realizing, how much some of our profs have to offer us only for the listening. It means exchanging views with friends. And most of all it means pride and enjoyment in our college family life: enjoying together, like a family, the pleasure, and even the pain that college has to offer us.

"You do not gain this pride and enjoyment by just sitting in a class and taking notes and then giving them back to the instructor. You gain this pride and enjoyment by learning something, by talking about your enthusiasms and disappointments with a friend over a cup of coffee, by feeling a personal joy in seeing your team win a game, by making new friends at a college dance, by arguing over college politics, by reading your college publications — in other words, by participating."

(The Prospector's sermon goes on longer, but with compassion in our hearts for the slothful slimes who have been profoundly moved from their lethargy by these words, we end the service. No collection this time.)

ASME to Receive Applications Applications for membership will be received by the Tech Student Branch of the American Society of Mechanical Engineers at its first 1953-54 meeting at 7:30 p.m. Monday, in the East Engineering Bldg. Room 1. Bourland Keith will preside. All mechanical engineers were urged by Keith to attend.

Only two months old

Home Management's Youngest Coed Gets Attention and Entertainment

There's one co-ed on the campus the boys haven't met yet. She's a small blonde named Meri Kay Bird. She has a charming smile and a wonderful personality, but because she lives in the Home Management House she doesn't get around much. You see, she's only two and a half months old.

The daughter of Mr. and Mrs. H. U. Bird, she moved into the Home Management House last Friday morning. Her father is a student in the petroleum engineering department and her mother works at the Texas A&M Experiment Sub-Station.

Meri Kay stays at the house only during the day. Her parents take her home each night and bring her back at 7 each morning. During the day, she is taken care of by the six senior girls majoring in home economics who live in the Home Management House.

The purpose of her presence in the house is to help Miss Lola Drew, associate professor of home management, teach the girls who live there to take care of very young babies. She is not thought

of or treated as a toy, said Miss Drew, but is there for a real purpose.

Women majoring in home economics are required to live in the Home Management House nine weeks during their senior year. There they put into practice what they have learned in the courses they have taken. The women who live there now are: Mrs. Mamie Lee Dodds, Viola Stinson, Iva Crowley, June Christian, Joann Patching, and Carol Middleton.

Duties rotate and each girl serves as Baby Director for a certain length of time. She feeds, bathes, and cares for the baby, and even gets to rock her to sleep.

Usually one or both parents of the Home Management baby are students. This is so that the baby's environments will be similar; there will be no great adjustment to make when she goes home.

Now that you've met her, wouldn't you like to go over and rock her to sleep? Oh, yes, her telephone number is 2-3194.

Campus Drivers Must File Applications For Parking Area Permits by Oct. 1

Tomorrow is the last day for a campus driver to file an application for a parking permit in the office of the dean of men.

Distribution of parking tags, and payment of \$1 fees, will be made in Room 200 of the Chemistry Building during the following hours: Friday, from 3 to 5 p.m.; Saturday, from 8 to 12 noon; and from 1 to 4 p.m.; Monday and Tuesday from 2 to 12 noon and from 1 to 5 p.m.

All parking areas will be checked beginning next Wednesday morning, according to the college traffic committee. If a car is parked in a certain area without a parking tag for that area, the license number will be taken and a ticket will be placed on the car requesting the driver to appear before college officials.

The committee is composed of faculty-student personnel with three faculty and two student members. They are Prof. E. R. Heineman, Dr. F. G. Harbaugh, and Mrs. Lila Kinchen of the faculty and Terry Young and James Nickell, students.

The committee emphasized drivers may park only in parking areas assigned to them. Other instructions: do not park adjacent to the parking areas. Place your car entirely within the area—get on the right side of the buttons. Do not park single file between lines of cars parked at an angle. "Because of the tremendous increase in number of vehicles that are driven and parked on the campus," a committee report states, "it has become extremely urgent that measures be taken to relieve congestion and confusion and to insure for each driver a parking area that is readily available.

"The only way to accomplish this," the report adds, "is that each driver be permitted to park in one, and only one, parking area during the hours from 8 a.m. to 12 noon."

A new city ordinance, which becomes effective Friday, forbids speeds in excess of 20 miles per hour on campus streets, or 10 miles per hour in parking areas, driving the wrong way on one-way streets, and parking at any time on the paved streets of the campus.

Pipes Re-elected To Lead Gordon; Run Off To Fill Two More Posts

Charley Pipes was re-elected president of the Gordon Hall Dorm Association at a meeting of dorm residents Monday night.

Monty Wise was elected vice-president. A run-off election for secretary and treasurer will be held later. The group was entertained by pledge groups from Tri Delta and Phi Phi, and later discussed plans to place name plates on dorm residents' doors.

Agriculture Division Announces Five Additions to Faculty

Five new faculty members to the Agriculture Division have been added.

They are: James Wayland Bennett, assistant professor of agricultural economics; Charles T. Bouren, associate professor of agricultural engineering; Dr. Samuel Noyes Little, assistant professor of agronomy; John Earl McCaleb, instructor of agronomy; and Dr. William Homer Cloninger, associate professor of animal husbandry.

Ira L. Williams was recently promoted to be head of the agricultural engineering department.

Chambers, Prof To Be On KSEL

Dr. Mina Lamb, associate professor of foods and nutrition, and J. C. Chambers, president of the Student Association, will be panel members on the South Plains Forum at 9 a.m. Monday over radio station KSEL.

Dr. Per G. Stensland, head of the adult education program, is the moderator for the series of weekly radio programs designed to bring the community and the college closer together.

"How Fare Lubbock Youth?" will be the Monday topic. Joe Garrison, Lubbock High School senior, and John W. Wilson, director of the Lubbock Boys' Club, will be the other panel members.

This will be the third of a series of 13 programs. Topics for the rest of the programs will be suggested by the audience.

If Kintfolks Are in Lubbock Jody Will Find Them Soon

Students walking down an Administration Building hall one day last week might have been startled by a sudden burst of laughter coming from Room 169, the office of Mrs. Marjorie Neely, dean of women.

Dean Neely and her staff were sorting out cards turned in by new women students. These had been filled out by the girls' parents and contained details which would affect the girls' social life at Tech.

In a blank on one card after the question, "does your daughter have any relatives in Lubbock?" a father had scrawled:

"I don't think we have any relatives in Lubbock, but if we do, JODY will find them."

Dean Neely Adds Four To Staff

Dean of Women Majorie Neely has four new members on her staff for the current semester. They are a new assistant dean, two new counselors for women, and a new dormitory resident hostess.

The new assistant dean, Frances Freese, also holds the academic rank of assistant professor of psychology. This semester, however, she is teaching no classes. Her teaching career ranges from classroom instruction to a deship. She was dean of women from 1944 to 1952 at Mt. Union College.

The new counselors are Lucile Pontius of Cedar Rapids, Iowa, and Bobbie Callaway of Monett, Mo.

Miss Pontius, counselor at Knapp Hall, formerly taught history at the University of Arizona. She came here from Tucson, Counselor for Horn Hall, Miss Callaway was graduated from Lind-wood College and from Oklahoma A&M.

Mrs. Kittie Seiby of Wheaton, Ill., is the new resident hostess of Knapp Hall. She previously served as dormitory hostess at the University of Illinois.

The other member of Dean Neely's staff is Mrs. Edna Eikel, resident hostess of Horn Hall who joined the Texas Tech family in 1944.

★ ★ ★

STAFF SESSION . . . Probably discussing the problems they will face in performing their duties at Tech are, left to right, Mrs. Kittie Seiby, resident hostess of Knapp Hall; Miss Bobbie Callaway, counselor of Horn Hall; Miss Frances Freese, assistant dean of women; and Miss Lucille Pontius, counselor of Knapp Hall.

To The Student Council: I am interested in making the official out-of-town game trip to Houston aboard the special train. Name _____ Tech Address _____

Outnumbered 19 to 1

First Male Home Ec Prof Contends Men, Women Have Similar Interests

The first male professor of home economics at Tech is outnumbered 19 to 1 by the women on the home economics staff. However, neither side seems displeased about the situation.

Arne William Randall, appointed Sept. 1 by Dr. E. N. Jones, Tech president, is professor and head of the department of applied arts. Mr. Randall, 44, from Arlington, Va., is a graduate of Central Washington College of Education, Columbia University, and the Chicago Art Institute.

Food Sampler

Concerning his position as male professor in home economics, Mr. Randall commented: "As a father of three children I find that boys and girls in this country have very much the same interests. In some colleges this difference would not be evident, for the applied arts courses may be found in any one of the many departments represented on the campus. There are men in many of the classes now offered."

"The most interesting thing about my affiliation with the home economics department is that I expect to be called on to sample the fine foods that are prepared there."

"Househusband"

From the feminine viewpoint of the situation, Dr. Willa Vaughn Tinsley, dean of Home Economics, reported: "Over the country, both men and women are being trained for home and family life. Therefore, it only seems logical that both men and women have a part in that training. Who knows but what that in some time in our social development and appreciation for family life, the term 'househusband' may be as common as 'housewife.'"

Miss Sannie Callan, head of the child development and family relations department, expressed these opinions: "It is very stimulating and interesting to have a man on the home economics staff. When men discover that there is something in home economics of benefit to them, home economics will be better off and so will the men students."

New Viewpoint

Miss Doris Nesbitt, assistant professor of home economics, added, "We expect that Mr. Randall will bring to our staff viewpoints which may be new and different. A man's understanding of homes and of the business world will help to balance our thinking and planning for the courses we teach."

Mr. Randall replaces Miss Martye Poindexter who retired to devote full time to Design Today, a Lubbock business of which she is president.

Tech Coeds Wear 13,000 Sweaters

BY SUE FINDT
Toreador Staff Writer

With autumn one week old and National Sweater Week just over, there are approximately 13,000 sweaters on the Tech campus.

These sweaters are being worn by 1,480 coeds to classes, football games, movies and on dates. Two-thirds of the women own an average of seven sweaters each.

The typical wardrobe of two-thirds usually contains two cardigans, two long sleeve slipovers and three short sleeve slipovers. The closets of the remaining one-third women reveals about three cardigans, three long sleeve slipovers and four short sleeve slipovers.

Matching collars and belts worn with sweaters is the newest campus trend. After three years of popularity the heavy knitted cardigan with an emblem on the pocket is still a favorite of many. One woman out of three possesses at least one emblem sweater.

One out of four female students owns a beaded sweater for night wear. A past favorite, the angora sweater, is now seen on only one out of six women.

A poll of representative group of Tech coeds was used in arriving at this estimate. Everchanging styles may produce a completely different sweater wardrobe to be worn by Tech women by the time we have witnessed another autumn and another National Sweater Week.

Tech Ex Receives Naval Commission

Robert P. Bentz, 1953 animal husbandry graduate, was assigned 300 Naval Reserve ensigns who completed a four-month course of instruction at the Navy's officer candidate school at Newport, R. I., Sept. 11.

Bentz and his class will be assigned to active duty billets. Many of the new officers will report directly to combatant and non-combatant ships as junior officers.

The curriculum presented to the former-officer candidates included instruction in naval engineering, navigation, operations, orientation, seamanship, and naval weapons.

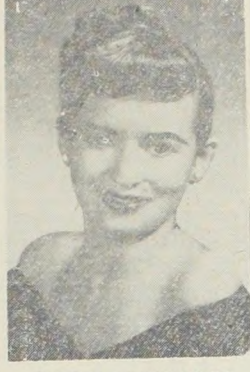

Bentz was a member of Kappa Sigma and Alpha Phi Omega while a student at Tech. He is from Dallas.

Forum, senior women's service organization, will meet at 5 p.m. Thursday in Ad209.

RETREAT IS HELD

Kappa Alpha Theta held a religious retreat at 1 o'clock Sunday afternoon at Buffalo Lakes. Pledges, members, and alumnae attended. The Reverend Wayne Selsor, assistant pastor of the First Christian Church, was speaker.

Ex-Techsan Awarded Medal of Honor for Bravery

Lt. George H. O'Brien, Jr. Will Receive Nation's Highest Award for Battle Action

For "indomitable determination and valiant fighting spirit" in Korea, Marine Second Lt. George H. O'Brien, Jr., has become the first known Texas Tech ex to receive the Congressional Medal of Honor. President Eisenhower awarded the Medal to O'Brien on Aug. 17, with the presentation to be made at a later date.

According to the Texas Techsan, Tech ex-student magazine, O'Brien, a 1950 graduate of Tech, was cited for leading an attack on a hill in Korea last Oct. 27. Although shot through the arm and knocked down several times by grenade concussion, the Marine lieutenant refused medical aid for nearly four hours and led the assault then remained to cover the withdrawal of his troops when the attack ended.

Learns of Award

O'Brien did not learn until his ship docked in California on Aug. 23 that he had been awarded the Medal of Honor. At that time he was starting home for a 15-day furlough, and his first look at his son Michael. The O'Briens also have a three-year-old daughter. He will be attached to the Marine Corps barracks in Corpus Christi after his furlough.

O'Brien enlisted in the Marine Corps Reserve in 1947 while attending Tech. He was an oil geologist with an oil refining company before he was called into service. During World War II he served in the Merchant Marine.

Citation Read

The citation for the Medal of Honor winner read:

"With his platoon subject to an intense mortar and artillery bombardment while preparing to assault a vitally important hill position on the main line of resistance which had been overrun by a numerically superior enemy force on the preceding night, 2nd Lt. O'Brien leaped from his trench when the attack signal was given and, shouting for his men to follow, raced across an exposed saddle and up the enemy-held hill through a virtual hail of deadly small arm, artillery, and mortar fire.

"Although shot through the arm and thrown to the ground by hostile automatic weapons fire as he neared the well-entrenched enemy position, he bravely regained his feet, waved his men onward and continued to spearhead the assault, pausing only long enough

to go to the aid of a wounded Marine.

Enemy at Close Range

"Encountering the enemy at close range, he proceeded to hurl hand grenades into the bunkers and, utilizing his carbine to the best advantage in savage hand-to-hand combat, succeeded in killing at least three of the enemy. Struck down by the concussions of grenades on three occasions during the subsequent action, he steadfastly refused to be evacuated for medical treatment and continued to lead his platoon in the assault for a period of nearly four hours, repeatedly encouraging his men and maintaining superb direction of the unit.

"With the attack halted, he set up a defense with his remaining forces to prepare for a counter-attack, personally checking each position, attending to the wounded, and expediting their evacuation. When a relief of the position was affected by another unit, he remained to cover the withdrawal and to assure that no wounded were left behind.

"By this exceptionally daring and forceful leadership in the face of overwhelming odds, Lt. O'Brien served as a constant source of inspiration to all who observed him and was greatly instrumental in the recapture of a strategic position on the main line of resistance. His indomitable determination and valiant fighting spirit reflect the highest credit upon himself and enhance the finest tradition of the United States Marine Corps."

EIGHTH YEAR

For the eighth consecutive year, Dean W. L. Stangel of Tech's Division of Agriculture will be chairman of the general livestock department at the Texas State Fair in Dallas, Oct. 10-25. In 1946 he was invited to set up and direct the fair's first post-war livestock show, after serving in 1939 as judge of the fair's National Hereford Show.

Block and Bridle Meets Monday For Discussing Initiate Applicants

Block and Bridle Club will hold its second meeting of the year at 7:30 p.m. Monday. Refreshments will be served and applicants for initiation will be discussed, says President Dale Hoover. Meetings are held every first and third Monday.

Dean Allen Lauds APO Activities

The work of Alpha Phi Omega, service organization of former Boy Scouts, was praised last week by Dean of Student Life James G. Allen. He spoke at a meeting designed to secure new sponsors for Lubbock Scout units.

Dean Allen labeled APO "the most important single student organization on the campus." The members, he said, serve on about forty occasions during the college year. Chief philanthropy of the group last year was a gift of \$600 to the American Cancer Society, raised through the annual Ugly Man Contest on the campus.

A & S Freshmen Get Speech Tests

Speech tests were conducted Wednesday, Sept. 16, for approximately 100 Arts and Sciences freshmen according to Dr. F. Merville Larson, professor of speech. The tests were given for the first time this semester and were on a voluntary basis.

The speaking effectiveness of the majority of the group was found to be generally adequate, stated Dr. Larson. Two students with defective speech and one with defective hearing will receive individual help for correction. Approximately 15 of those tested were found to have inadequate but not defective speech. These were advised to take voice and diction as early as possible. Twelve students were classed as generally superior and speech courses in the 200 or 300 group were recommended.

These tests were given to the students upon recommendations made by counselors in freshmen orientation. All freshmen speech majors were required to take the tests.

Heat No Problem for Will; He Carries Personal "Jug"

The newest attempt to defame the statue of Will Rogers and his horse, Soapsuds, would insinuate that one of them has been drinking. An empty "jug" was noticed protruding beside the saddle horn one morning last week.

Since presentation of the Will Rogers statue by Amon G. Carter of Fort Worth, some years ago, campus comedians have constantly contrived one prank after another to harass the bronze replica of the famous cowboy and his favorite horse.

Actually the mischievous deeds began before the formal unveiling ceremonies with several "midnight" unveilings. This type of humor progressed to bolder ventures. One morning revealed the cowboy philosopher's horse painted a fire-truck red and another morning soon after discovered an old-fashioned milk wagon hitched on behind.

Evening Courses Have 61 Enrolled From Reese AFB

Sixty-one military personnel from Reese Air Force Base have registered for evening courses at Tech, the Reese education office reports.

All Reese personnel and their dependents who have completed two years of college work or passed the college General Educational Development test are eligible to participate in "Operation Boot-strap," a program under which the Air Force pays three-fourths of the tuition.

Kappas Attend Picnic Monday

Kappa Kappa Gamma sorority had a picnic at 5:30 p.m. Monday at McKenzie State Park. Members and pledges attended.

Two Old-Timers Resign This Year

Two long-time members of the Texas Tech staff are missing from the faculty this year.

Miss Margaret W. Weeks, dean of Home Economics, and Business Manager W. T. (Tom) Gaston retired after a combined service of 51 years. Dean Weeks, who was made dean of Home Economics emeritus, was one of the 35 original college faculty members of Tech. Mr. Gaston joined the staff as business manager in 1929.

Dr. Willa Vaughn Tinsley, former head of the home economics department at Southwest Texas State Teachers College at San Marcos, replaces Dean Weeks. No replacement for Mr. Gaston has been named.

JUNIOR COLLEGE PROGRAM

W. P. Clement, registrar, and Dr. G. E. Giesecke, vice president, will travel to Texas A&M for a conference on junior college programs Monday and Tuesday.

The purpose of the conference is to set up the qualifications a junior college graduate must have to enter a senior college.

Raiders Will Meet Oklahoma A and M Team 'In Good Shape' For Saturday's Battle

The Raiders journey to Stillwater, Okla., this weekend to battle the all-powerful Oklahoma Aggies on Saturday. And, from all reports the Aggies are going to be the Raiders' first real test of the season.

Coach DeWitt Weaver started the week with a light workout, and then returned to regular practice on Tuesday. The team made the trip to El Paso (to play the Texas Western Miners) without any serious injuries. Team members are in good shape for the coming battle. Coach Weaver said that the same boys who started against the Miners last Saturday would probably start again this week.

The Raiders have given considerable practice to their defensive and passing work, and should give the Aggies a full day of headaches.

So far this season, the Raiders' record stands at 2-0. Their two wins came over weaker members of the Border Conference, however, and the Aggies are tougher.

Well, the Raiders have two wins for as many games in conference play after their 27-6 victory over Texas Western of El Paso last week. But they have defeated two of the weaker teams. The rest may not be so easy.

For the first time in seven years the Red Raiders will meet the Oklahoma Aggies of Stillwater. The last time the two teams met was in 1946 and Tech took a 14-7 victory. This year may have a different ending—Games won and lost for the teams are: five for Tech, four for the Aggies and one tie.

The Aggies are loaded with power, power furnished by a sophomore team that went undefeated in its freshman year. Additional manpower and the new one-plateau system make the Aggies extra dangerous.

Joel Hunt, former football immortal of Texas A&M, was a visitor of Coach Weaver's the other day. Hunt thought the Raiders looked good. He also said that he was happy to see the schools go back to the one-plateau system.

Former West Texas State cage star and present assistant basketball coach at Tech, Bill Miller, will complete work on his master's degree while at Tech. Miller has served three years with the Air Force since completing his college career. While in the service he was athletic director at Amarillo Air Force Base and served as player-coach for the Amjets.

Center Don Funk, who received a shoulder injury last season, has injured the same shoulder again and will be out the rest of the season. Funk was a starter last year and would probably have seen some action again this year. Funk and Jack Davis are helping the coaches with the freshmen team. Davis is ineligible this year, but will be back to try out for the varsity next season.

Texas Tech's first head football coach, E. Y. Freeland, died Aug. 17. The former All-Southern football star came to Tech in 1925. While in Vanderbilt he set a record of winning 13 letters in football, baseball, basketball, and track.

The freshmen looked good last week in their tilt against Clovis Air Force Base. Some of the team made good bids for the varsity and all of them played heads-up ball.

The motto for the Okies this year is "All the way with Bill Bredde." Bredde is their power house. Maybe the Raiders should be shouting "Spoil the day for Bredde" and then live up to it.

Three of Texas Tech's coaches played football for General Bob Neyland at Tennessee — DeWitt Weaver, head coach and athletic director; Buist (Buzz) Warren, and Horace (Bud) Sherrod.

Warren, Texas Tech baseball coach and assistant football mentor, played second base for the state International Softball League champions, the Lorenzo Lions, this summer.

Football Tickets Are Still Available

Reserved seats in the sections of Jones Stadium constructed this summer are still available for the Texas Tech-Texas A&M game here Oct. 10.

Jimmie Wilson, business manager of athletics, also has placed on sale 3,500 south end zone general admission tickets. Reserved seats are \$3.60; general admission, \$2.40. Mail orders are being accepted provided a 25-cent mailing fee is enclosed with a check or money order made payable to Texas Tech.

Raiders Trounce Miners For Second League Win

Texas Tech took a firm grip on the Border conference championship ladder last weekend by climbing to a 27 to 6 victory over Texas Western before 7,000 partisan fans at El Paso's Kidd Field.

The Raiders, as a result, hold two conference triumphs in as many outings, and now head into inter-conference play to test their mettle against some of the Southwest's stiffest opposition.

Looking brilliant at times and sputtering like an old Model T at other times, the Raiders chalked up two first quarter touchdowns in quick order in last Saturday night's El Paso affray, yielded six points to an aroused Miner offense in the second stanza and held a 14 to 6 lead at the half.

Still on an on-again, off-again note, the Raiders racked up two more tallies in the third quarter and then held off repeated Miner surges in the fourth period to avenge a 20 to 14 upset at the hands of the Border City crew last year.

It was Skeeter Lewis, who took touchdown honors, once on a three-yard plunge to start the scoring and another time on a breath-taking 59-yard scamper to end it. In between, Jim Sides crashed 14 yards and Jojo Bryan plunged one to share the spotlight.

Bill Sanford intercepted a Raider pass to set up the only TD for the Miners. Hugh Harman sprinted 41 yards to take the credit. The Miners threatened a few more times but were held by a strong defensive line. Also the loss of star quarterback Dick Schinaut relieved the Miners of some of their steam.

Touch Football Opens Intramurals; Three Leagues Planned For Sports

Touch football will open Tech's intramural sports program with play scheduled to start Monday, Oct. 12.

Team representatives should pick up rules and regulations from George Philbrick, director of intramural sports, at the Gym. Three leagues will be in operation this year: a dormitory league, a fraternity league, and an independent league made up mostly of church teams.

The program which attracted over 2,000 participants last year, is expected to draw approximately 25 teams this year; with eight from fraternities, eight to ten from dorms and seven to eight independent.

In intramural team sports, round robins will be played and champions determined. Opening and closing dates for entries, and dates where play will start were announced.

Don Lewis Tops Team Four Ways

Little Don Lewis of Quitaque tops Texas Tech in four statistical departments as the Red Raiders prepare to play the season's third game, against Oklahoma A&M in Stillwater Saturday afternoon.

In the Raiders' 27-6 win over Texas Western Saturday night, Lewis scored twice, one touchdown being a 59-yard run, and gained 107 yards in four tries. As a result, he leads Tech rushers with 137 yards in 10 tries for a 13.7 average; tops scorers with 18 points; is the total offense leader without gaining any passing yardage. Lewis has the best punt return average with 18 yards in two such carries.

Quarterback Jerry Johnson of Hale Center is Tech's best passer completing 4 of 9 throws for 103 yards. End Vic Spooner of Colquitt, Ga., leads receivers with two completions for 62 yards.

Rick Spinks of Kermit has averaged 41 yards on two punts. A 100-yard runback of the only kickoff he has handled gives quarterback Jack Kirkpatrick of Post the lead in that department.

John Thompson of Brownfield has Tech's only pass interception.

"The Bookman's Guide to Americana," which contains 6,600 titles of out-of-print books relating to the American scene, has been published by J. Norman Heard, Tech order librarian, according to Tech Times, a faculty publication.

Faculty members who will represent Tech at meetings this fall, according to Tech Times, are Dr. Joe Dennis at the Proctor and Gamble plant in Dallas, and Dr. A. W. Young, at the International Crop Improvement Association meeting in St. Louis, Mo.

Eleven of Texas Tech's 17 two-year lettermen are only juniors. They lettered as freshmen on the Border Conference championship crew of 1951.

A MESSAGE . . .

The following telegram was delivered to The Toreador editor Tuesday morning.

"Would like to welcome you and the students of Texas Tech to the Tech-Aggie game in Stillwater Saturday. We invite you to join us in making the game a great display of good sportsmanship. The Student Senate Oklahoma A&M College"

J. Paul Sheedy* Switched to Wildroot Cream-Oil
Beclaws He Flunked The Finger-Nail Test

"Go jump in the lake," squalled Sheedy's mermaid with baited breath, "You look simply crabby with that messy hair. Better get your hooks into Wildroot Cream-Oil, America's favorite hair tonic. Keeps hair combed with no trace of greasiness. Removes loose, ugly dandruff. Relieves annoying dryness. Contains lanolin. Non-alcoholic. I shall never see you again until you start using it." Paul crabbed 29¢ and bought Wildroot Cream-Oil. Now he's the crab-apple of her eye. So water you waiting for? Hurry and get a bottle or handy tube at any toilet goods counter. And nets time you visit your barber, ask for Wildroot Cream-Oil on your hair. Then you'll be the best catch on campus.

Arts & Sciences Division Faculty List Includes 35 New Profs, Instructors, Teaching Fellows

Thirty-five new professors, instructors, and teaching fellows are on the Arts and Sciences Division faculty list. In addition, four members have returned from leave, and a new department head fellow of English.

New faculty personnel includes: Miss Kathleen Martin, teaching fellow of biology; Mrs. Virginia Casterton Riggs, teaching fellow of biology; Dr. Randolph Carroll Wilhoit, assistant professor of chemistry; Miss Dolores Yvonne Groyden, instructor of chemistry; William W. Summitt, teaching fellow of chemistry; F. G. Subt, teaching fellow of chemistry; Mrs. Olive Boone Wheeler, part-time instructor of education; Mrs. Merical C. Stuart, part-time instructor of education; Mrs. Emma Cornelia Reeves, instructor of English; Edward W. Gaston, teaching fellow of English; George T. Prigmore, teaching fellow of English; Mrs. Ann Kersey Cooke, teaching fellow of English.

Dr. William B. Arper, Jr., assistant professor of geology; William P. O'Gara, assistant professor of geology; Joe Ellis Ericson, teaching fellow of government; Miss Joy Patrick Corrigan, teaching fellow of government; Elmer A. De Shazo, teaching fellow of government; Kenneth W. Street, teaching fellow of government; Dodd Vernon, assistant professor of journalism; Dr. Charles L. Riggs, associate professor of mathematics; Mrs. Bonita Chandler Herriek, part-time instructor of mathematics;

Guinn S. Johnson, teaching fellow of mathematics; James Howard Walls, teaching fellow of mathematics; R. A. Moreland, Jr., teaching fellow of mathematics; Roger L. Hall, teaching fellow of mathematics; Robert Arthur Elson, instructor of music; Robert Boynton Taylor, instructor of music; Darrell Keith McCarty, instructor of music; Mrs. Darrell Keith McCarty, part-time instructor of music; Dr. David J. Besden, associate professor of physics; John Clarence Resler, assistant professor of physics; Joseph L. Collins, teaching fellow of physics; Miss Frances Fresse, part-time assistant professor of psychology; Henry Harrison Hahn, teaching fellow of psychology; and Dr. John Arthur Manning, part-time assistant professor of speech.

The four members returned from leave are: Dr. Joseph Thomas McCullen, Jr., associate professor of English; Miss Lola Beth Green, instructor of English; Phillip Eldon Dennis, associate professor of geology; and Dr. Byron Robert Abernethy, professor of government.

Dr. John Clark Dowling is the new head of the foreign languages department.

Dr. James Edward Kuntz is new acting head of the psychology department.

Governor Shivers Names Haley, Rister to Committee

J. Evetts Haley, director of the Institute of Americanism, and Dr. Carl Coke Rister, professor of history, have been named by Governor Shivers as members of a historical survey committee created this year by the 53rd Legislature. Among the committee's responsibilities will be "to enliven the interest of the people of Texas in the collection of historical remains and the preservation of historical sites," said Dr. Rister.

The committee of 18 was authorized to investigate the possibilities of forming a non-profit, statewide historical foundation to act as a coordinating agency and "supply state-wide leadership" in preservation of historical items.

Doc Stout 'Framed' Foundation Offers Ten Scholarships For Freshmen

BY B. F. KELLUM
Toreador Staff Writer

"It's a lie! I was framed!" These were the remarks made by Doc Stout when asked to comment on the reward poster tacked on the bulletin board beside his office door.

The poster mysteriously made its appearance early Saturday morning on the office bulletin board of Dr. Alan Lang Stout, professor of English. It pictured a mean-looking, bewhiskered gent called Doc Stout wanted for horse theft.

A \$5,000 reward was offered for the culprit dead or alive. The notice stated that the criminal used several aliases. Among those mentioned were Mouse Ear, Wild Red, Hooknose Blackie, Tulsa Tom, and Bogus Joe. It was signed by Rex J. Sands, Sheriff of Ghost Town and dated May 5, 1858.

"I ain't never heard tell of this feller Sands and I ain't never been in this here Ghost Town," Doc Stout declared. "I tell ye they air a barking up the wrong tree."

Dr. Truman "Two Gun" Camp, ramrod of the English spread, had this to say: "Wah, a lotta times in January and May we been accused of robbing people but never such a thing as hoss thief before."

After scrutinizing the poster a while longer, Two Gun continued, "I have been a-wonderin' why Doc Stout has been a-shavin' so close these last few days."

Commented Dr. Everett "Dead Eye" Gillis, side kick of Doc Stout, "That shore is a powerful lot of money they air offerin' for his hide."

Tech Benefactor Starts Loan Fund

"Need a loan? Short on cash?" Fortunately, the sincere student can obtain a loan from at least one of Tech's six loan funds administered through the college. Besides these, there are available to students eleven loan funds which are administered by various clubs and individuals.

Typical of these funds, the George T. Morrow Loan Fund, was set up by the late George T. Morrow, prominent businessman of Lubbock for many years. Although he never attended college, he wished to make it possible for any earnest student in straitened circumstances to complete his education.

The son of a widowed mother with several other children to take care of, Mr. Morrow learned early to shift for himself. He came to Lubbock in 1923 from Kentucky, worked hard, saved his money, invested it wisely, and died a rich man. He left \$20,000 for the establishment of a loan fund for students of Texas Tech. Many of his philanthropic ventures were never made public. His sympathy lay with the poor, and, unlike others who feel the same way

Home Ec Plans THECC Session For Next Month

Plans for the Texas Home Economics College Clubs Workshop, to be held on campus Oct. 29, 30 and 31, were made last Wednesday. Ruth Smalley, general chairman for the workshop, and Mona Powell, state vice president, presided over a meeting of committee chairmen for the convention.

Approximately 120 delegates are expected to attend the annual workshop from colleges all over the state.

Tech committee chairmen, co-chairmen and faculty sponsors for the meeting are: registration: Millie Jordan, Sue Guthrie and Miss Doris Nesbitt; housing and meals: LaNell Enoch, and Miss Geraldine Clewell; tickets and cashier: Lois Cleavinger, June Christian, Ina Lewis and Miss Nesbitt; officers and committee leader's dinner: Mary Dale Stinson, Miss Mayme Twyford; old and new officers luncheon: Lonell Irvin and Miss Martha Buttrell; group supper: Martha Blankenship, Sue Duggan, Mrs. Mina Lamb;

Phi Upsilon Omicron Tea: Mary Ann McWilliams, Miss Mabel Erwin; mixer party: Nancy McClendon, Virginia Carter and Mr. Ayrne Randall; refreshments for mixer party: Beverly Garner, and Mr. Randall; name tags: Anne Thomas and Mrs. Troy Lockard; and Mrs. Ethel Beitler; songs: posters and signs: Connie Havnes Henri Vaughn; exhibits: Carolyn Callaway and Mrs. Lila Kinchen; hostess and guides: Joann Patching, Mrs. Edna Buster; publicity: Sarah Mickey, and Miss Sannie Callan; preparation of rooms and stage: Novella Crump.

Dr. Geraldine Clewell is general faculty sponsor for the workshop.

"Millionaire for Christy" Monday

The movie scheduled for Monday night at 7 p.m. at the Union will be "Millionaire for Christy." No admission charge will be made for the movie.

EXES TEACH IN LUBBOCK

Two 1953 Tech graduates will be among the members of the Lubbock schools faculty. Miss Hela Rae Slagle, who received her degree in the summer's graduation exercises, is teaching a group of third graders at M. O. Overton Elementary School.

Miss Nancy Crosby, who was graduated last May, is teaching homemaking in Lubbock Senior High.
