Recognition Groups Named

Service Slated For May 11; Will Be Twelfth Time

The various committees working on Recognition service were released from Dean Mary W. Doak's office Monday afternoon. The annual Women's Recognition service, sponsored by the Quarterly club and Forum, will be held for the twelfth time May 11.

Members of the awards committee are: Misses Margaret Weeks, chairman, Gussie Teague and Frances Urban and Mesdames Ethel Terrell and Margaret Atkinson, faculty members. Student members are Misses Evelyn Cooper, Frances Gary and Helen Walker.

Members of the invitation committee are: faculty members, Misses Lucille Robinson, chairman, Bonnie Dysart and Mrs. Neva Baussett; student members, Betty Hyer, Marie Hunsucker and Jean Renner.

Faculty members on the program committee are Misses Vivian Johnson, chairman, Lucile Gill, Emma Houghton, Emma Main. Student members are Helen Wells, Ophelia Mae Beall and Hope Henington.

The line of march committee is composed of faculty members Mesdames Johnnye Langford, chairman, and Mina Lamb, and Misses Margaret Baikin, Jewell Golden, student members are Nancy Binford, Mary Larua, fall, Katherine Henderson and Dorothy Macdonald.

Members of the ceremony committee are: faculty members Mesdames Eunice Gates, chairman, Johnnye Langford and Waldo Trotter and Misses Elizabeth Hawley and Mabel Erwin; student members are Virginia McSpadden, Emily Sitton and Glennis Waltz.

Faculty members on the flower committee are Misses Johnnie McCrery, chairman and Marye Poindecker, and Mesdames Eleanor Chitwood, Lila Kinchen, Olga Carter and W. G. Dingus; student members are Margaret Cammack, Annie Lee Cone, Ava Ruth Stangel, Mary Jo Ryan and Sara Daviss. The publicity committee is composed of faculty members Mesdames Louise Allen, chairman and Lila Eaves and Miss Bernice Bergman; student members are Dorothy Montgomery, Olivia Hoffman and Georgia Sue Wharton.

The general arrangements committee is composed of faculty members Mesdames Mary W. Doak, chairman, Edna Buxter, Annie Rowland, Opal Miller and Mary Louise Brewer and Misses Mayme Twyford, Helene Blattner and Essie League; student members are Rowena McKinley, Ruth Joan Crannelly, Willouise Humphries and Mary Menon Stangel.

Faculty ushers will be Misses Velma Floyd, chairman, Evelyn Clewell, Josephine Looney and Edna Mae Lyle. Student ushers will be selected after the recognition role has been made.

Judging Contest Will Be Held April 30, May 1

College Students Eligible To Enter; Awards To Winners

Judging contests, sponsored by the Plant Industry club and the plant industry department, will be held April 30 and May 1 in rooms 110, 112, and 107 of the Agriculture building. All students in the college may enter the contests. Awards will be made for winners in each division.

Junior and senior crop judging contests, held April 30, will consist of three divisions: identification, commercial grading and judging. Common and scientific names of 60 samples from International Crops Contest list and the regions in which each is grown will be required of contestants. Ten samples from wheat, corn, oats, barley, sorghums, hay, and samples from alfalfa, clover, Timothy, Johnson grass, soy beans, Lespedeza, and cotton will be graded for commercial use.

Six classes of wheat, corn, oats, barley, soybeans, cowpeas, alfalfa, red clover, milo, kafir, and hegari are to be placed according to grades. Reasons for such ranks are to be given in the contest.

To study samples, a student should see schedules on the doors of rooms 110, 112, and 107 in the Agriculture building.

Freshmen and sophomore crops contests will be held May 1. Identification and judging are the two parts of this contest. The identification test will include 75 samples from the list used in freshman agronomy. In the judging part of the contest, six types of threshed grain from the following will be classed: hard winter wheat, soft winter wheat, red oats, white oats, cowpeas, soybeans, alfalfa, red clover, yellow milo, hegari, blackhull kafir, and corn. Reasons for placing will be given.

Freshman horticulture contests will also be held May 1. Identification, propagation, and pruning are the three divisions of this contest. Fifty specimens from the list used in freshman laboratory will be identified by common names only. The propagation test will include "T" budding and whip grafting. Fruit trees, grapes, and shrubs will be used in the pruning test.

Students will find materials for review of the horticulture test in A107. A schedule has been posted on the door of that room telling when it is available for study.

Miss Weeks In Austin For Nutrition Meeting

Miss Margaret W. Weeks, head of the home economics division, will be in Austin Thursday through Sunday attending an executive committee meeting of the state nutrition committee.

San Jacinto Day Observed Today In Convocation

The first annual San Jacinto Day convocation will be held in the Tech gymnasium today at 10 a. m.

San Jacinto Day convocation has been established as another Texas Tech tradition, as the results of the feeling that the anniversary should not go unrecognized on a college campus in Texas.

Prof. H. C. Pender, acting head of the department of government, will speak. He will examine causes for which Texans were fighting during the Texas revolution and will compare them with the causes of the American revolution, determined by a study of the Declarations of Independence of Texas and the United States.

Classes will be dismissed.

Geology Graduate Is Technical Advisor For RKO Moving Pictures

Captain Wilson A. Chapman, 1940 graduate of the geology department, has turned from shooting down Jap planes to directing movie stars.

Chapman has been in the air corps since the beginning of the war. He was serving in the East Indies about a month after Pearl Harbor. He was sent back to the states in January after having served a year on the fighting front as a pursuit pilot. He is now stationed in San Francisco where he is an instructor.

Professor Wiley To Judge Band

Prof. D. O. Wiley, director of the Matador band, will be a judge in the Tri-State Band Festival at Enid, Oklahoma April 29, 30, and May 1. He will judge high school bands and solos in competition in perhaps the only band festival being held in the United States this year, Wiley said today.

Most prominent feature of the festival is the massed band, and next is the street parade. Last year 114 bands from Oklahoma, Texas, and New Mexico participated in the competition. Wiley said today that the number would be greatly reduced but that a great number of soloists would be there.

Russell L. Wiley, director of the Kansas university band, youngest brother of D. O. Wiley started the festival in 1939, when he was director of the Phillips university band at Enid.

Wiley will direct one number of the massed band in concert. It will be "Paradise Brigade" by Frank, who's son was at Tech last fall.

The first day will be devoted to judging solos and the second and third will be taken up with the bands.

Hogg Foundation Representative Here Monday

Mrs. Alice McConnell Will Give Lectures, And Conferences

Mrs. Alice McConnell, representative of the Hogg Foundation, will be on the Texas Tech campus Monday and Tuesday to give lectures and lead conferences on vocation during wartime.

During the past five months, Mrs. McConnell has been supervising of women in training for aircraft production and repair. She has had personal contact with hundreds of women who are shifting from school or domestic life to war work. She knows the employment trends, the training facilities, and the problems of personal adjustment involved when one enters industrial production. She is also acquainted with the other types of war work for women and can provide the latest information.

She is a native of Texas, has attended five of its colleges and universities and is widely known in the state for her leadership in women's organizations.

Monday afternoon at 1 o'clock she will lead conferences in Annex G, Home Economics building, for senior classes in family relations. From 2 to 5 o'clock Mrs. McConnell will be available for individual conferences. At 8 o'clock Monday night she will address a general group of faculty, students and community leaders in the parlor of the First Christian church, 2323 Broadway. Tuesday morning at 8 o'clock Mrs. McConnell will again address a student group in Annex G and will be available for conference until noon that day. Mrs. McConnell is particularly interested in individual conferences. Her topics of discussion will be "Preserving at Home What We Are Fighting For," "Educated Minds Put Their Hands to Work" and "The Cost of Indecision."

Mrs. McConnell is being brought to Lubbock under the auspices of Texas Technological college and the Lubbock public schools.

Tech Girls Will Talk To Women Of Hub Homes

Meat extenders will be the subject of talks and demonstrations by Lorene Little, junior home economics student from Dublin, and Mary Lu Jobson, junior student of Lubbock, to women of the Hub homes, April 21. Marguerite Snyder, senior student from Littlefield, and Virginia Hall, senior of Lubbock, will speak to the same group April 28 on meat substitutes.

These projects are being carried on in a foods class under the direction of Miss Mayme L. Twyford, associate professor of foods and nutrition.

Candidates Will Be Nominated For Student Offices

Potential Officers Will Be Named From Floor At Assembly

Candidates for student offices will be nominated, revision and amendment of the constitution will be voted on by the student body in the convocation Thursday morning at 9 o'clock.

President, vice president, secretary and business manager of the student association, yell leaders and the representative to the athletic council will be nominated.

Students running for these offices must have at least a C average in all college work and in work taken the preceding semester. Candidates for the offices of president and vice president must have at least 90 semester hours at the time of assuming office and candidates for other offices must have at least 60 semester hours.

The amendment to the constitution which will be voted on by the student body outlines the duties and the organization of the committee on Student Campus Beautification fund and makes the committee a permanent organization on the campus.

Clauses (c) and (d) under Article 7 of the constitution are proposed to be revised to read thus: (c) The Student council shall have the power to determine the place and hours for the holding of all campus elections, provided that such arrangements shall be on the same date as prescribed in the student constitution and that such arrangements shall be published in at least one regular edition and in not more than two regular editions before the election. (d) Each ballot box must be locked and the keys must be in the possession of the president of the Student association. No box shall be opened between the time officially designated for counting the votes. From 12 o'clock until 1 o'clock the boxes and official lists shall be kept in the office of the dean of each division.

The revision of clauses (c) and (d) is proposed because the decrease in students makes only a small number of ballot boxes necessary to take care of the votes, and as the present clause reads a box must be placed in almost every building on the campus. The revised form makes it possible for the Student council to place the number of boxes they think are needed on the campus.

The revision of clauses (c) and (d) is proposed because the decrease in students makes only a small number of ballot boxes necessary to take care of the votes, and as the present clause reads a box must be placed in almost every building on the campus. The revised form makes it possible for the Student council to place the number of boxes they think are needed on the campus.

Convocation Tomorrow...

THE publications pot at Texas Tech will begin to percolate tomorrow morning at approximately 9 o'clock when nominations will be in order for the Student council offices for 1943-44. The convocation is slated to be held in the gymnasium. All persons will be excused from class at that time.

This annual affair promises to bring back much of the life and color that has for so long been a part of campus life at Texas Tech, a part that has somewhat dwindled into the dark background since the beginning of our wholesale war effort.

The Toreador wishes to urge that every student of sound body and mind be present when order is called by the student president and nominations for the first office are declared in order.

There comes a time each year that the individual students are really allowed to contribute something toward the betterment of our school. They then have the chance to take an active outspoken part in politics and policies of the student officials. This is that chance.

There are numerous citizens of Tech who will not return to college next year. This reference is not to seniors alone. This convocation tomorrow will be their last chance to contribute something to the school. It will be their last assurance that they did their best to protect the student government of this college.

Whether or not we return to Tech next fall is unimportant in this matter. The fact lies exposed that we must look into the future, not with selfish motives, but with Tech and its future foremost in our minds.

Trials and tribulations are indeed ahead for students here during the coming days of heated campaigning. During the past it has become a habit for students to fling aside all calm thinking and to whole-heartedly support their candidate.

This is as it should be. That is, if their candidate is the logical person for the office. This year as never before sound thinking must enter into the elections even above personal friendships. What is decided by the Student association election day will decide the fate of Texas Tech for the duration.

Persons with experience and courage must surely be chosen this spring. Students who have remained in the background and who have been afraid to come forth and speak boldly have no place in the elections this year. Leaders must be chosen this year who will "rush in where angels fear to tread."

Overemphasized as this may seem, there is no time for conservative thought. We must act boldly and look into the future. Comparative thinking has no place in elections any more than personal grudges. Who has done what in past years has no bearing on the present crisis. We must forget what our relations have done in the past. We must shoulder our own responsibilities. We, and no ex-student, are the ones with whom the fate of Texas Tech lies. In the officers elected will be reflected the forethought and common sense of the 1942-43 student body of Tech. Through these officers will come the decisions that are to decide the future of the greatest college in the South Plains area.

Once again we urge each student to attend the convocation in the gymnasium tomorrow. It is the duty of every individual to be present. There is where they will have their "say-so" in the student government of the college. There is where they will get the choice of candidates. A half-hearted attendance in tomorrow's convocation means a half-hearted response by candidates nominated. In them will be mirrored our enthusiasm and sincere hope for a Tech that will survive the present conflict unscathed.

From... I

2 Another By COUNT MEOUT

Recently added to the STEADY list are MARY WELLS, PAT BLOUNT, JANE PEGUES and CARL MINOR.

A class of pre-flights were transferred Saturday leaving lots of coeds unhappy. Boy's interclub baseball tournament ended Sunday with the CENTAURS as winners.

Music from the 1943 Varsity show practically turned the band concert into a jam session.... Congratulations to: BARBARA GRIGGS and CHARLES SENNING, guest conductors at the concert, who turned in wonderful performances.... GEE WALTZ for her work as WICC president.... SANS SOUCI for winning the scholarship cup for the second time.... to the forty extra people who gave up their Sunday morning sleep to go to the WICC breakfast.... LAS LEALES for the unusual table decorations at their Sunday tea.

JENN ETTA DODGE is wearing a COLLEGE CLUB pin now. HOUSTON SCHWEITZER's MARGERY HILLS and ENSIGN LYNN SNYDER's engagement was announced this weekend.

ED FOX, now in the Navy, was on the campus last week.

People who will be missed: BERT COFIELD who left for service last week... government instructor LARSON who is also leaving for the service.

Girls baseball is getting into full swing with the characteristic broken finger nails and scanty shorts. A Varsity show director said if the girls didn't get out of their stiff muscle stage, it was going to be tough on the shows... Captains on the teams are: Las Chap, MARGUERITE NOBLES and COTY MOSER; Ko Shari, FRANCES FORD and JANE OLIVER; Sans Souci, MARGERY HALL; Las Vivi, LIVERNE ALLEN; DEP, GARNETTE HEGGEN and MAXINE CRADDOCK.

MELVIN BOOTH got a little reckless at Buffalo Sunday and pushed four unlucky girls into the lake... Girls living in room 351 of the dorm were amazed to see a

bright lamp in their window Sunday night. For more information on this subject see BETTY MCCOY, ROWENA MCKINLEY and FRANCES SITTER.

Seems JERRY BEAVERS and SNUFFY HARRIS lost something important the other night... People are mighty anxious to steal things like that... This column wishes that BILLY HALE and MARY JANE JOHNSTON would make up their mind about whether they're going steady or not.

Lots of things happened at the ball game the COLLEGE CLUB lost the other day. Most important of which was ELMER HARGROVE accommodatingly holding JACK YORK so he wouldn't have to whip RALPH EARHART. Looked like for a while that there might be a fight between ELMER and NIGGER NASH but it seems that one of them got scared and the other was awfully glad of it. GEORGE ACTON has turned HOPE CADE over to the CENTAUR club for good, particularly one of them, namely EDDIE KUHN.

Congratulations to the thirteen girls who were initiated into FORUM the other morning.

J. L. GAINST has made up with the girl friend in Canyon and is proceeding with an expensive gift. From closer friends of the battle we find out that she is still wearing another guy's ring.

Our nomination for HEEL of the week (or year) is ARLEE GOWEN who got awfully mad and ordered the boys out of his room when they went up to hurt his hair... especially since he's been swinging a wicked pair of scissors and a RAZOR himself lately.

BILLY HENDRICK is about to get serious, they say, with JOE JOHN, one of the pre-flight students, formerly of the University of Texas.

We miss the noisiest journalist of the whole works, RAYMOND PILLER, who's gone to NEW ORLEANS for an extended (?) vacation. Cracks from the crowd indicate that they hope he extends it until school is out.

Nominations for a couple of aw-

46 Enrolled Here For Correspondence Work

Enrollment in correspondence work has reached 46, according to J. F. McDonald, director of extension.

Requests for informational bulletins concerning correspondence courses offered in cooperation with the United States Armed Forces Institute have been received from Seattle and Port Angelus, Wash., Denver, Colo., New York City, Memphis, Tenn., Corpus Christi, Ft. Sam Houston, and Randolph Field.

Six of the letters of application are from men overseas.

Ensign Fred Blanton, educational officer at Naval Technical Training center, Memphis, Tenn., asked for 25 copies of bulletins and application blanks.

College students in the scientific and technical fields may be deferred until July 1, 1945, under provisions of a new occupational bulletin sent from selective service headquarters to local boards.

fully bright freshmen boys are: WESLEY HAMILTON and AMOS HOWARD.

We note that HUGH ENGLISH and MARIAN RENDALL are fanning a last year's flame and made it to a dance together the other night.

Most of the boys don't appreciate WARREN WHITE taking JACKIE WILKINSON out of circulation... It's rumored that they are now going steady.

Spring fever seems to be taking most of the school. Picnics, when the meat can be arranged for, are frequent and everybody is riding bicycles. Seems that it's about time for the usual lectures from authorities about not courting on the lawns. Most students wonder why the professors never take the malady and fail to come to class like their subjects do.

Girls feud too... especially BETTY LYER and SUE REID.

Treat for the plainview and now in the service, was back on the campus this week end.

New Mirrorgraph Aids In Finding Speech Defects

Machine Records Voice; Plays Back On Recording Tape

Do you have a voice that will compete with Helen Hayes or the voice of President Roosevelt? One certain way to prove or disprove this fact is actually to hear your voice as it is recorded on the mirrorgraph, a new machine just received by the speech department.

The new machine records a person's voice and then plays it back to him by means of a magnetic tape. Resembling a large table radio, the mirrorgraph is connected to a microphone into which the person speaks. The time a person may speak is limited to one minute, for the revolving tape, 1-8 inch in width, can record only that length of speech. The recording of the voice is not permanent, after 60 seconds have elapsed, the first speech is erased and a new speech is recorded. There is a small dial-like button on the mirrorgraph which rotates once per 60 seconds, thus informing the person when to begin and end his speech. The mirrorgraph is turned on like a radio and has a button and an electric eye to control volume.

Costing \$395, the machine is replacing the Presto-Recording machine which has been used for the correction of speech difficulties. The speech department had to have priorities to get this machine which has been ordered since last September and has been on the market only about two years. However, Miss Annah Jo Pendleton, head of the speech department, said, although it is rather expensive to buy there is practically no expense to operation of the mirrorgraph.

"It is probably the finest machine to work with students in making them realize their speech defects," Miss Pendleton said. "By consistent recording of the voice a student can determine his rate of progress in correcting speech defects. Although primarily for speech students, all students and faculty members are invited to use this machine."

Three Dances Net WICC \$130

Women's Inter-Club council has cleared about \$130 from the first three of a series of dances for preflight students, Glennis Waltz, council president, announced this week. Proceeds from the dances will be given to the Student Union fund.

Members of girls' social clubs act as hostesses for the entertainments, which are held from 6:30 to 8:30 o'clock on Thursday evenings at the gym.

The next dance will be Thursday, April 28, Las Chaparritas and DFD club members will be hostesses.

Grazing Tests Conducted Here

A grazing experiment to determine the value of African love grass (*Eragrostis curvula*) as a feeding grass is being conducted by the plant industry department, Dr. A. W. Young, head of that department, announced.

Three steers, owned by the animal husbandry department, have been placed on approximately one acre of the grass at the college farm to see if they keep it grazed down.

After one month the animals will be weighed and their gains in weight will be recorded.

This type of grass, Dr. Young says, appears to have a great deal of promise for range land.

Inquiry Received Here Concerning Correspondence

A letter of inquiry concerning correspondence work was received from Havana, Cuba, by the division of extension recently, bringing the number of foreign countries represented by inquiries or from which students have done correspondence work to ten, Director J. F. McDonald said.

Australia, New Guinea, North Ireland, Mexico, Canada, Algiers, Hawaii, and the Philippines are the other nations. Every state in the union has also been represented, Professor McDonald said.

Coed's Corner—

South Plains Glider Pilots Ask For Books

—By Kara Hunsucker

HAVE you an interesting book you would like to donate to libraries at either Lubbock or South Plains Army Flying schools? Is it the sort of reading in the nature of a best seller, a murder yarn, a mystery thriller or the like?

The boys out at the air fields would appreciate your donations, as these books help to pass the lonely "off" hours. Many students will soon be moving out of the dorm, and because of limited transportation facilities, they will be unable to take home a mass of magazines and miscellaneous books accumulated during the year. Before throwing such material down the trash chute, remember that some soldier might like to read it, provided it is interesting and not too far out of date.

A collection box for books and magazines is conveniently located near the loan desk in the library, and students are urged to deposit reading material there for the soldiers, rather than discarding it.

★
Last night I held a little hand,
So dainty and so sweet.
I thought my heart would surely break,
So wildly did it beat.

★
No other hand in all the world,
Can greater solace bring.
Than the sweet hand I held last night.

★
Four aces and a king.

★
Since the war began, it is the mailboy and not the varsity athlete who is the most popular figure on the campus, according to a survey conducted by a college newspaper.

Coeds get more mail on Fridays than any other day in the week, observers noted. Close to this record day ranks Wednesday's mail deliveries of letters, airmails, and postcards to women's dorms. College girls stand the poorest chances of getting mail on Saturdays and Thursdays.

If it's a package the coed is looking for, she is most likely to receive it on Thursday, and has the least chance on Tuesday, the survey indicated.

★
★
★
SCATTERINGS: Coeds will miss Mrs. Juanita Price, secretary to Dean Doak since 1937, who is leaving this week to join her husband, Yancey Price. She has been Mrs. Doak's "right hand man" and one of the best-liked persons on the campus; she has dealt personally with thousands of coeds.

One can stand near one of the pines east of the boys' dorm when a breeze is whistling through the needles, and imagine he's high in the Rockies...Sigh of the times: A young woman delivering corsages to the dorm before a dance in a local florist's delivery truck...Betty Sue Colbert has very attractive, naturally curly hair; ditto for Kidy Belle Cole.

A bargain is a good buy. A good-bye is a farewell. A farewell is to part. To part is to leave. My girl left me behind without a good-bye. She was no bargain anyway.

Girls' Clubs Are Honored By WICC With Breakfast

Members of the five girls' social clubs on the campus attended a breakfast sponsored by the Women's Inter-Club council Sunday morning at the Hilton hotel.

Spring flowers were used in decorations.

Mrs. Mary W. Doak presented a loving cup to the Sans Souci club for maintaining the highest grade average for the past year. Sans Souci is holding the trophy which the council awards each year to the club with the highest scholastic average, for the second consecutive time.

A Sans Souci trio composed of Dana Faye Ware, Ruth Gray, and Martha Kuykendall presented several vocal numbers. Jo Hal Wofford, a member of Las Vivarachas, gave a reading and Margaret Keene, Las Chaparritas, pledge, sang.

Winifred Woods gave an account of WICC activities during the past year. Glennis Waltz, council president, introduced club presidents and sponsors.

Special guests were Mrs. Doak and Miss Bonnie K. Dysart, council sponsor.

AWS Sponsors All-Girl Dance Thursday Night

The Association of Women Students will entertain with an annual all-girl dance Thursday night from 7:30 to 9:30 at the gym. Jack York's orchestra will play.

Officers of AWS and Junior council for 1943-44 will be nominated at the affair. All women students of the college are invited to attend.

Las Leales Honor New Members And Officers Sunday

Newmembers and officers of Las Leales, honorary organization for junior and senior women students, were honored Sunday afternoon when old members entertained with a tea at the home of Misses Margaret W. Weeks and Mabel Erwin, 2602 Twentieth Street.

Mary Sparks, outgoing president, greeted guests at the door, and presented them to a line made up of Miss Weeks, Ophelia May Beall, new president; Mrs. Mary W. Doak, Evelyn Woodson, vice president; and the following new members: Anna Baker, Eugenia Butler, Lois Chambliss, Sarah Eiland, Betty Floyd, Monda Hamilton, Marie Hunsucker, Glenna Jack, Mary Jane Johnson, Rowena McKinley, Virginia Lee McSpadden, Rita Mooney, Betty Jo Morgan, Rachel Patterson, Moreene Roberts, and Helen Ruth West.

The refreshment table was laid with a chattrouse sharkskin cloth and centered with a bowl of red tulips. Miss Erwin served punch.

Preceding the reception a traditional formal initiation service for new members was held, and new officers were installed.

Ermadel Floyd Weds Cadet In Friday Ceremony

Ermadel Floyd of McLean and Cadet William Terminello of Lubbock Army Flying school were married Friday night at 8 o'clock in a ceremony at the home of Dr. C. E. Hereford, pastor of the First Baptist church. Doris Kolb, cousin of the bride, played piano selections during the service.

The bride wore a white linen suit with blue blouse and black accessories. Her shoulder corsage was a pink orchid. Betty Floyd attended her sister as maid of honor. She wore a powder blue linen suit.

Brac Biggers attended Cadet Terminello as best man.

Mrs. Terminello will continue her studies at Tech where she is a senior student majoring in public school music. Cadet Terminello will receive his wings and commission at LAFS Thursday.

The couple is at home at 2223 Tenth street.

**First Scrimmage
Ends In 6-6 Tie**

Callahan-Earhart, Melton To
Branton Result In Scores

COACH DELL MORGAN'S Texas Tech Red Raiders closed out their second week of spring drills with an hour's scrimmage last Saturday afternoon in Tech stadium with the game ending in a 6-6 deadlock.

It was Ralph Earhart and J. R. Callahan who connected for the lone touchdown for the colored jerseys and J. E. Branton who ran under a Buster Melton pass and galloped some fifty yards for the White score.

Late in the second quarter, after some twenty-nine minutes of grueling battle, Callahan faded back and dropped a short pass to Earhart in the flat zone. Earhart in turn eluded several "White" secondary men and galloped across the goal line standing. The try for extra point was no good.

So the game went for another quarter. Neither team was able to gain a decisive tophand. Again it was weakness in pass defense that gave the white jerseys their score. Melton dropped back and flipped a pass over the line-backer's head to Branton who gathered the ball in along the forty-five yard line, crashed over one would-be tackler, and scampered on down field to cross the goal line. Again the attempted extra point was off.

Earhart, Callahan, Walter Schlinkman, and Russell Birdwell assumed the duties of the colored shirt backs. Honors for the day, other than the Callahan-Earhart t.d. pass, were shared equally by the four men. Birdwell, a converted guard, showed much promise in his position, especially so on defense.

On the line for the colored shirts it was James Reed, Ralph Geddi, and a sprinkling of new men. All showed up well with Geddi and Reed standing out on defense.

For the Whites in the backfield were "Primo" McCrury, Buster Melton, Dick Standefer, Roy Williams, and Joe Rushing. Honors were shared equally in this line-up also. Rushing and Williams along with McCrury were the most noticeable on defense. Standefer transferred to the other squad at the half.

The line of the white jerseys featured Clyde Hall, Roland Nabors, Branton, and J. D. Milner. Branton, Nabors, and Hall were the most conspicuous on defense with bone-jarring tackles and heads-up play in ever ydepartment.

Workouts began again this week with the same treatment facing the squad at the end of the third week of practice. Intensive work is being given the team on pass defense, blocking, and tackling.

**Juniors Lead In
Softball League**

Junior Aggies stepped into the lead in the Aggie Division softball league Monday, April 19, with a win over the second place Freshmen Aggies, 7 to 6. Sunday the Juniors had bested the Seniors 11 to 7 in a slugfest that first put the Seniors out in front, then finally ended with the Juniors coasting on to an easy victory.

The upperclassmen, led by Rufus Rush jumped to an early lead and kept it all the way. Denzil Pulliam pitched for the Freshmen. On Sunday, the Sophomore and Freshmen teams were to tangle but an insufficient number of players caused it to be postponed to an indefinite time.

Aggie Club League Standing

	Won	Lost	Pct.
Juniors	5	0	1000
Freshmen	2	2	.500

**Stangel Speaks To Aggies
At Okla. A&M Saturday**

Prof. W. L. Stangel, head of the animal husbandry department, spoke Saturday at Oklahoma A&M, Stillwater. "Livestock Feeding Practices of the South Plains" was the subject of his talk delivered on the feeder's day program there.

Professor Stangel, who has judged in such stock shows as the Fort Worth exposition, the Amarillo, Monahans, and San Angelo fat stock shows, was recently elected president of Holstein-Friesian Association of Texas.

Melton appeared to be slowing. The champion's fans were left in a cold sweat. However, the able fielding of the circuit champs came to the rescue of their faltering pitcher and all went well for the Centaurs.

Monday's game began slowly to gather steam as it rolled along. Troy Caldwell, fourth man up for the Wranglers and also their pitcher drove a long hit into deep field to round the bases. This started a batting spree by both teams that resulted in four runs for the Wranglers, and 18 for the winning team.

Caldwell showed to be the best pitcher of the day with unerring control. His backing was very lax however, and the Centaurs pounded out their runs in the fourth, fifth, and sixth innings to give them a decisive win.

The College Club and Los Camarados met Tuesday afternoon. This game had no bearing on the final standings in the league.

**Inter-Club Race
Ended Monday;
Won By Centaurs**

Inter-club softball came to a close Monday afternoon, as far as the pennant race was concerned, with the Centaur club downing the Wranglers 18 to 1 to clinch the title and end their league play with no defeats. They virtually clinched this title Sunday by handing their hottest rivals, the College Club, a 4 to 1 defeat.

In the game Sunday it was Buster Melton and Bob Hargrove, Centaur and CC respectively, who faced each other in the pitchers box for a five inning duel. Melton proved to have the best rounded backing and the Centaur batters drove in four runs to sew up the title.

It was Melton who won his own game. Skeezix Martin reached first base via a walk. Melton came to the plate to drive a hot grounder through the second baseman and right fielder and knock Martin home, at the same time rounding the bases himself.

The winners scored two more runs early in the game to end their scoring for the day.

The College Club ran in one run early in the game. They threatened the entire five innings. In the closing inning the Centaurs found themselves facing defeat with two CC men on base and but one man

Seniors	1	3	.250
Sophs	0	3	.000

Future games include the Freshman vs Senior tilt today at 6:45 p. m. north of the arena. The scheduled games end Thursday, April 22 with the Sophomores playing the Juniors, then a play-off will probably be held.
