

J. W. KING directs visiting high school students here for Tech's 25th annual School of Music. These students will help participate in open-air concerts being given on each of the next three Friday nights. D. O. Wiley will conduct the

concerts which will be held in back of the Administration Building. The visiting high school students, college students and teachers will make up the band.

'Bernarda Alba'

Summer Production First in 20 Years

The first major summer production in 20 years will be produced in the Speech Auditorium tomorrow and Saturday nights. Other productions were given in 1936, '37, and '38.

"The House of Bernarda Alba" a tragedy in three acts by Federico Garcia Lorca will be presented at 8:30 p.m. Tickets, on sale at the speech building box office are, general public, \$1.25 and students and faculty, \$1. All seats are reserved. Reservations may be made by calling Speech Department PO 5-8541, Ext. 356.

See pictures page 3.

MANY CRITICS consider "The House of Bernarda Alba" to be Lorca's most mature play, representing his best fusion of lyric and dramatic elements. It was not produced until after his death.

Lorca died at the hands of fascists in 1936, during the Spanish Civil War. Before his death Lorca won recognition among Spanish-speaking peoples as one of their greatest poets and playwrights; since then his reputation has become world wide.

ALL OF LORCA's plays are deeply rooted in the traditions and customs of Spain. Against the force of tradition Lorca puts in

conflict elemental passions which inevitably win a tragic victory.

Honor to the Spaniard is comparable to life; to lose honor is comparable to death. Traditionally, among Spanish people, personal and family honor is a social fact, and is dependent upon the opinions of other people.

IN A PLAY of passion and violence Lorca shows what can happen in the hearts and lives of women who are isolated from natural and basic contacts with other people. Their thoughts and emotions are vividly revealed throughout the play to the tragic and unexpected ending.

The production was started during the spring semester as a project of the classes in advanced acting and stagecraft. It is hoped that a summer theatre program will be of interest to summer students, according to Ronald Schulz, acting head of the Speech Department and director of the play.

THE CAST LISTED in the order in which they appear are: Servant, Jo Morris; La Poncia, Darlene Dorrell; Beggar Woman, Marlys Harris Kerr; Little Girl, Kathy McAtter; Bernarda, Anna Margaret McGraw; Angustias, Benni Dunn; Adela, Gail Cooper.

Magdalena, Mary Ann Putman; Amelia, Patsy Mullens; Martirio, Cheri Laurie; Maria Josefa, Halcyon Hildreth; Prudencia, Vera Simpson; Women of the Town, Debbie Andrus, Nita Jo Dorrell, Carol Hamilton, Liz Hoyer, Cheryl Kerr, Rusty Kitten and Madelyn Patterson.

The production staff includes director, Ronald Schulz; stage manager, Jo Morris; director's assistants, Roland Myers, Vera Simpson; scene construction and Page 2, TRAGEDY . . .

Band Gives First Concert Friday

The first of three summer concerts by high school bandsmen will be given tomorrow at 7:30 p.m. on the Administration Building green.

D. O. Wiley, Texas Tech band director, will conduct the symphonic band in such numbers as Handel's "Water Music" and ballet music from Rossini's "William Tell."

THE CONCERT BAND directed by Fred Smith, special instructor from Brownfield, will play numbers including Anderson's "Syncope Clock" and Isaac's "Autumn Nocturne."

"The concert will last about an hour," Wiley stated.

THE INTERMEDIATE BAND will join the other two bands for a concert June 20 under the direction of guest conductor Cmdr. Charles Brendler, U. S. Navy Band director. Another guest conductor, Dr. A. A. Harding, director emeritus of the University of Illinois bands, will conduct final concert June 27.

Cmdr. Brendler will be making

his first appearance at the band school, although his band has played in Lubbock and other West Texas cities in recent years. He is a member and past president of the American Bandmasters Assn.

DR. HARDING served 43 years as professor of music and director of University of Illinois bands. He is a charter member, past president and honorary life president of the American Bandmasters Assn. He is also honorary life president of the College Band Directors' National Assn.

Other special instructors include: Beryl Harris, Littlefield; J. W. King, Hale Center; Don Linde, Central High School, Tulsa, Okla.; W. R. Wheeler, Levelland; Bill Wood, Seagraves.

Keith McCarty and Robert B. Taylor, Tech music faculty; and Paul Branon, Tom S. Lubbock; Wyatt Burkhalter, O. L. Slaton Jr. High; Orland Butler, Adkins Jr. High; Gary Garner, Hutchinson Jr. High and Paul Lovett, R. W. Matthews Jr. High, all of Lubbock.

Grab Your Partner! Square Dance Tonight

A square dance tonight will initiate a series of weekly square dances in the Rec Hall from 7 to 8:30 p.m. Part of the Tech Union summer program, dances are for

beginners as well as those who want to learn new square dancing techniques.

Tommy Hancock and his Roadside Playboys will play for a Western Dance tomorrow in the ballroom from 8 to 11 p.m. Dress is informal or western, according to Miss Larke Harrington, Union activities director.

"Knock on Any Door," a movie starring Humphrey Bogart and John Derek begins at 7:30 p.m. Tuesday in the Ballroom.

A special travel film, "Tonight in Britain," will be shown in the Ballroom at 7:30 p.m. Wednesday. The short film takes the viewer through London night clubs and places of interest.

Thursday the second square dance of the series begins at 7:30 p.m. in the Rec Hall.

Summer hours for the Union are 7 a.m. to 9:30 p.m. Monday through Thursday and 7 a.m. to 11 p.m. Friday and Saturday. The Union will be closed on Sundays.

Giesecke Leaves

Dr. G. E. Giesecke, Texas Tech academic vice president, leaves Sunday for a month's tour of West Germany. He will be a guest of the West German government.

Dr. Giesecke is one of 12 U. S. leaders in higher education invited to meet with West German leaders in education, government and other fields and exchange ideas on mutual problems.

He will return to Lubbock July 19.

Spanish 5335 Helps With Bi-Lingualism

An unusual course designed to help elementary and junior high school teachers cope with a bilingual problem has attracted 33 instructors from area schools to Texas Tech for the first summer session.

Along with the teachers are 31 students—16 pre-school Spanish-speaking children and 15 English-speaking children who have just completed the first grade—used as a "laboratory."

Another purpose of Spanish 5335 is to experiment with ways to teach a second language to young children.

Dr. Faye Bumpass teaches the course. Dr. Bumpass has had experience teaching English and Spanish in Lima, Peru, and the U. S. She is also the author of several books on this subject.

Instead of using language drills, a vocabulary is built around the interests of the children. After demonstrating the basic techniques, Dr. Bumpass gives the instructional duties to the teachers enrolled in the workshop.

Instructors enrolled in the workshop have assignments in

every grade through junior high school. One is a principal with more than 50 per cent Latin Americans enrolled in his school.

Another is a junior high English teacher who is looking for ways to help her Latin American students get ride of excessive Spanish accents in speaking English.

Teachers enrolled are: Mrs. Florice Blessing, Amberst; Mrs. Evelyn Boyd, Slaton; Oscar Henry Davis and Miss Maria Ramos, Levelland; Mrs. Irene C. Draper,

Big Spring; Miss Norma June Edler, Midland; Miss Claudean Goen, Alamogordo, N. M.; Mrs. Mary R. Hodges, Plainview; Bobby Ray Jeanis, Arlington; Mrs. Eunice Walker, Kinard and Mrs. Victoria Sutherland, Monahans.

Mrs. Louise E. Line, O'Donnell; Mrs. Tommie Smith, Montfort, Crane; Mrs. Julia King Pannell, Lovington, N.M.; Miss Grace E. Paul, and Mrs. Leola D. Williams, Bovina; Miss Joan Ridley, Ozona; Mrs. Anna Ruth Sweatt, Roaring Page 2, SPANISH . . .

Registration for First Session Totals 2,979

Final registration figures show that 2,979 students are enrolled for the first summer session. This is 70 less than the same semester last year.

Miss Evelyn Clewell, assistant registrar, said that workshop classes in the latter part of June and in July would bring enrollment figures closer to last year's total.

Total enrollment of men came to 2,145 with 834 women students.

School of Arts and Sciences leads with an enrollment of 493

men and 393 women, a total of 886. Runnerup is Engineering with 780 students including 769 men and 11 women.

In the Graduate School, 315 men and 234 women make a total of 549 students. With a total of 452 students in Business Administration, there are 377 men and 75 women enrolled.

Enrollment in Agriculture totals 192 with one woman student. Home Economics has an enrollment of 120 women.

Beauties Feature of Million Dollar Mall

Business and pleasure will be combined in downtown Lubbock tomorrow and Saturday as 24 contestants with a million dollars worth of beauty seek the title of "Miss Lubbock" during the city's "Million Dollar Mall."

Thirteen Tech coeds, two prospective Techs and two former students are among the entrants.

CONTEST preliminaries will be at 8 p.m. tomorrow with finals slated at the same time Saturday. The judges will trim the list to 12 for the final appearance.

For the first time the pageant will be conducted outside. A stage will be set up on Broadway at Avenue J.

Page 2, BEAUTIES . . .

Religious Groups Schedule Activities

Four student religious organizations have scheduled activities for the first summer session.

The Church of Christ Bible Chair has named committees for student work. Other organizations are the Baptist Student Union, Disciple Student Fellowship and Wesley Foundation.

The three committees chosen by the Church of Christ group are entertainment and service, Ray Thompson, Gordon Osborne and Latrelle Venable; devotional, Joe Black, Stuart Jones and LaBritta Logsdien; personal and welcoming, Glenna Davis, Ed Ponder and Nancy Kelly.

The Bible Chair is conducting classes daily except Saturday at 1924 Broadway. The weekly meetings are at 6:40 p.m. while the Sunday services are at 9:30 a.m. and 5 p.m.

Students also have planned service work and singing programs along with picnics and parties throughout the semester.

A feature of the BSU, 2401 13th, are vespers Monday through Thursday at 6:40 p.m. On Friday students conduct a missions program from 6:40 to 8:30 p.m.

Each Tuesday following vespers there is a Bible class, with studies currently in James. The BSU executive council meets each Monday.

A watermelon social has been slated for about the first of July. Other socials are planned for the summer also.

The Disciple Student Fellowship, First Christian organization, has scheduled a swimming party

Sunday at 8 p.m. following church services. The event is primarily to honor incoming freshmen, according to Bob Fudge, campus minister of DSF.

The group also plans a service project later in the semester to convert a room of the basement into a library and study room. The organization sponsors a snack supper each Sunday at 5:30 p.m. in the Fellowship building at 2318 13th Street.

The Wesley Foundation, for Methodist students, conducts vespers each day at 6:45 p.m. in the Student Center at 2420 15th. A Fun Night is slated each Wednesday.

... Tragedy

painting, Bill Luck, assisted by Arthur Evans, Jim Henningan, Judy Jo Jones, Vera Simpson.

Properties, Benni Dunn, Doris- anne France, Liz Hoyer; lighting, Jim Henningan, assisted by Bill Luck, Nancy Mahan, O. C. Renfro; sound, Dwayne Cox; costumes, Cheri Laurie, Jeanetta Lewis, Naomi Moore, and members of the cast; make-up, Rusty Kitten; publicity, Nancy Mahan.

Special music is composed and directed by Bill Beal.

... Spanish

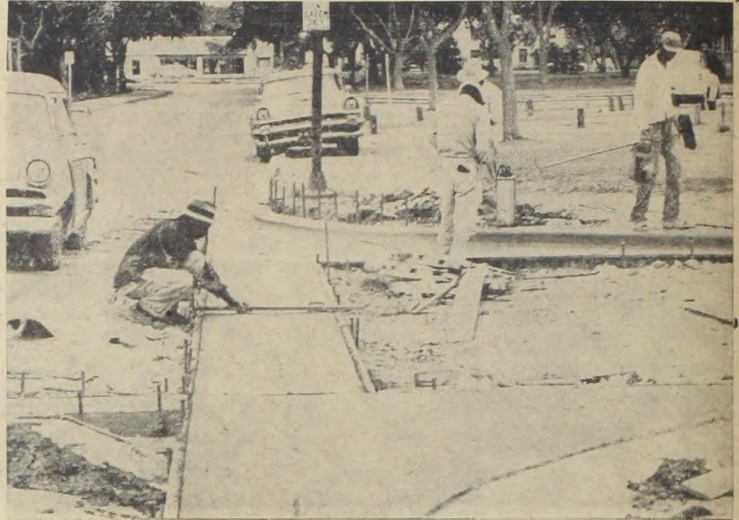

Springs; and Mrs. Vivian Lindley Williams, Olton.

Lubbock teachers enrolled are Mrs. Juanita Avinger, Mrs. Peggy Blanton, Mrs. June Ann Bryan, Mrs. Beulah Butts, Eugene Frank Caldwell, Mrs. Jane McGowan Cole, Mrs. Mary E. Crews, Mrs. Mamie Lee Dadds, Miss Kara Sammy Dunn, Mrs. Erma Florence Henson, Mrs. Martha Jane Mack, and Mrs. Dorothy Simon.

Mixer

Drane Hall will have a mixer with Sneed tonight from 7 to 9. The dance will be in the Drane dining room.

Music will be furnished by records.

WORKERS ARE LAYING and smoothing cement to improve the intersection situated behind the Administration Building. The new intersection will correct the poor drainage which has made itself evident during the heavy rains in the past.

This is one of several street projects going on around Tech at the moment. A new entrance to 15th Street and improvement of the street by the tennis courts are being done.

... Beauties

THE MALL, which opened today, is designed to boost business in the downtown Lubbock area. Several other Texas cities have used the mall with success.

Broadway will be blocked to traffic from Avenue L to Texas Avenue, while Avenue J will be closed from Main to 13th Street. Trams to transport shoppers will run periodically through the blocked area. Sponsoring the mall are 75 merchants.

THE WINNER of the "Miss Lubbock" crown will be flown to the "Miss Texas" competition in San Marcos later in the month. She and other contestants who place in the local contest will receive prizes from the sponsoring Jaycees.

The winner will be selected strictly on the basis of beauty according to the contest rules. There will be no talent contest.

TECH ALSO is represented on the judging side by James G. Allen, dean of student life. Other judges are W. D. Rogers, and Mmes. Bob Johnson, Francis Rasmussen and Harmon Jenkins.

A breakfast this morning gave the judges their first look at the contestants. The girls also have made two appearances on television.

Workshop Studies Office Automation

Electronic advances in office automation are being practiced by six business teachers attending a six-week workshop at Texas Tech.

The teachers are receiving experience in the operation of modern business machines in the course, which ends July 16.

Besides laboratory work, students will make field trips to various facilities in the Lubbock area where new office procedures are in operation.

Several outstanding visiting lecturers have been scheduled. Dr. J. Frank Dame, Florida State University business education department head, spoke Monday and Dr.

Lawrence W. Erickson, Columbia University business education department head, addressed the group yesterday.

Rev. Fudge Leaves

The Rev. Bob Fudge, campus minister of the Disciple Student Fellowship, will leave his post Sunday to fill the pastorate of the First Christian Church in Hot Springs, Ark.

No replacement has been named although officials of First Christian Church, which sponsors the Fellowship, are expected to select a new minister soon.

Fudge, who came to Tech in August, 1957, directed the First Christian student program and taught several Bible courses. He replaced Fred Jobs.

Fudge, who holds a bachelor of divinity degree from Yale University, came to Lubbock from the Del City church in Oklahoma City.

Instructor Leaves Tech

Miss Maude Johanna Sorenson, Texas Tech math instructor, will join the American College for Women faculty in Istanbul, Turkey, this fall.

Miss Sorenson will teach physics for three years in Turkey. The Near East College Assn. of New York is sponsoring her. Students at the college are from Turkey and other Near East nations.

Miss Sorenson was awarded a National Science Foundation salary grant and is studying physics and math at the University of Wyoming this summer.

Before joining Tech's faculty, she was associated for five years with the United States Armed Forces Institute at Clark AFB in the Philippines.

She taught math two years at Tech.

The people with neat orderly desks seem to turn out more work than those with desks piled high.

Museum Display Has Paintings, Prints

Summer exhibitions of rare prints and prize-winning water colors are now on display in the Museum, Miss Dorothy Rylander, Museum director said today.

An exhibit of painters including Picasso, Matisse, Salvador Dali and Verise is now in the Rotunda Gallery. These paintings

were loaned to the Museum by Mr. and Mrs. Henry E. Speck, Lubbock. The Specks collected the paintings in France while Mr. Speck was stationed there as a chaplain in the Armed Forces.

In the Art Gallery the water colors are on display. This is a traveling display rented out by the American Watercolor Society.

Tech Receives Grant

Texas Tech is one of 41 institutions to receive part of \$2 million in grants given by the Atomic Energy Commission.

John R. Bradford engineering dean, called the AEC's new grant of \$65,563 to Tech "an important step toward providing facilities for training in nuclear engineering."

"For some time we have had courses emphasizing theoretical aspects of nuclear physics and en-

gineering," Dr. Bradford said. "This grant will enable us to provide some equipment for laboratory instruction."

This first grant, President E. N. Jones said, is for equipment associated with an atomic reactor for the institution.

Tech's nuclear technology training involves work in the chemistry and chemical engineering, physics, mathematics departments and other engineering departments.

Workshop Aggie Grad Ends Today Gets Award

More than 100 school business managers from Texas, New Mexico and Oklahoma end their 16th annual School Business Services workshop today at Texas Tech.

Emphasis this year was on accounting and auditing procedures along with electronic computer demonstrations, according to Dr. Berlie Fallon, associate professor of education.

Guest speaker for the workshop's meeting last night was Dr. Charles W. Foster, Evanston, Ill., editor of School Business Affairs magazine.

16 Study Cotton

Sixteen persons are taking a two-week course in cotton classing at Texas Tech are sponsored by the textile engineering department in cooperation with the USDA Agricultural Marketing Service.

L. E. Parsons, textile engineering professor, is in charge of the course.

Five lecturers are scheduled for the course.

The class is visiting Post today, to see cotton sheeting manufactured.

Harold Mathes, Texas Tech agriculture graduate, won the Wall Street Journal Student Achievement Award.

Mathes, a 1958 spring honor graduate with a B. S. degree in agricultural economics, was presented the silver medal by Dr. Wayland Bennett, Tech agricultural economics department head.

While attending Tech, Mathes was elected to Phi Kappa Phi, national scholastic honorary. He was a member of the Aggie Club and was 1957-58 president of the Agricultural Economics Club.

Mathes, who posted a 2.6 grade-point average, plans to do graduate work in cotton research at Tech this fall.

AutoChecked In Staff Zone

Campus police are patrolling staff parking areas, streets and loading zones for parking violations this summer, according to Foy Addison, campus police chief.

Addison said cars parked in staff zones, but not having a permit would be ticketed. The chief said anyone may park in student zones.

29 HS'ers Take Course

Twenty-nine high school students have finished one week of a five-week study of physics at Texas Tech. During this period they are receiving instruction in physics fundamentals and special projects.

After field trips, laboratory work and lectures, the students should benefit more profitably from their high school science studies, according to J. W. Day, associate physics professor and director of arrangements for the clinic.

The Fund for the Advancement of Education finances the institute. This is the second summer that this institute at Tech has been sponsored by this fund.

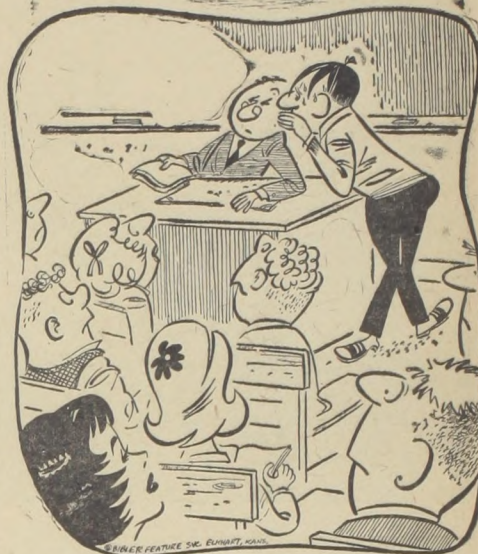

Sneed Picks Legislature

Wing advisors for Sneed, summer men's dorm, are James Gogis, Stuart Jones, Sim Cowan, Don Middleton, Mason Davidson and Dan Howard.

These students will serve as advisors for the first summer session.

Summer counselor for Sneed is Bill Hassler, assistant dean of men.
