

Howdy!
Now is a Good Time To Get Ready For The Fall Term Examinations

The OREGONIAN

Did You Know?
That the Tech Aggie Livestock Judging team has been placing pretty high in all events that the team has entered?

VOLUME VIII TEXAS TECH LUBBOCK, TEXAS, THURSDAY, DECEMBER 1, 1932 NUMBER 12

Prexy's Paragraphs

BY BRADFORD KNAPP

The whole range of human emotion is carried by these two words, VICTORY and DEFEAT. Victory carries us to the very pinnacle of happiness, joy, elation. Defeat precipitates us into the depth of depression, pessimism, sorrow. The contrast, I have always felt that it takes a great deal more courage, possibly even more real character, to stand defeat than it does to experience a victory. A defeat need not mean that you have lost anything except the game. The main thing is to not lose your confidence, your own self-respect.

That game Thanksgiving was a hard game. Too much cannot be said for the Simmons team. They played the very football. A long season of victories, plus a hard and difficult schedule, found our team not at its best on Thanksgiving Day. Things did not go right. Part of it was physical, and I am sure a great deal of it was mental and psychological. At any rate, the team did not click as it has in many other games this season. Every team will have a day like that occasionally. It was just too bad it had to happen on Thanksgiving. The main thing is there was no chance to play another game. I feel sure that had Tech played another game on December 3, our opponent would have found quite a different team.

No individuals are to be blamed—it just happened. But let us all be courageous, putting the defeat behind us; smile and forget it until next year, and then remember it only to guard against such a thing happening on another occasion. I am very proud of the winning student body stayed by the team and did not give up. Mighty few people left the grandstand and those who did were not students or faculty members. At every such disastrous football game, I like to watch the reaction of the winning Tech's crowd took it all right. It takes a lot of fortitude to stand up and take a whipping after you have had such a fine season as Tech has had.

Our spirits are still here, and if the spirit is worth anything, if our loyalty and devotion to the institution is of any value whatever, we are going to stay by Tech and see her come out victorious on many other occasions.

Another year I think that Tech graduates who are teaching in the State should get together and have either a breakfast or luncheon during the meeting of the Texas State Teachers' association. Generally speaking, some of the finest faculty or the Alumni association takes over such an arrangement. I hope we shall bear it in mind and another year all the people from Tech who are attending the State Teachers' association, and all the graduates of the institution who are teaching, may get together for a little reunion on that occasion.

In educational work the security and continuity of the plan and operation of the institution is exceedingly important. The greatest security in education comes from the upsetting of this feeling of contentment and security within the staff of an institution. Few business men and few laymen outside of the professional rank of teachers can understand this. Teaching requires a tremendous expenditure of nervous energy. It is not a mechanical process. It is not an easy undertaking. Men and women have to put their whole souls into it. When anything comes along to disturb this feeling of confidence and security, it takes away some part of the soul to put their whole soul into the work.

Every little disturbance or excitement in the institution detracts from the ability of the faculty to do their best work. Administrative officers understand this fully, and hence they go the full length of their own resources, endeavoring to so plan the work of the institution that there may be a zest for the work itself, and an atmosphere which encourages work rather than to discourage it. I have a very deep feeling that this faculty and this student body during the fall term have applied themselves most courageously and most earnestly to the real work of the institution. Every day's work brings to me evidences of real enthusiasm and real devotion to the work of this institution. It is extremely encouraging. Let us put aside every discouragement, every little circumstance, which might detract from this great task ahead of us. We must all unite to show the world the quality of the work we are doing, and the quality and character of the men and women who are doing it, among faculty, the general staff of the institution, the student body and the alumni.

Virgil Rowland is receiving treatment in the West Texas hospital for influenza.

Helen Barstow Is Band Sweetheart

Miss Helen Barstow, freshman from Albany, was presented as the first Matador band sweetheart Wednesday night at the All-College dance in the gym. Miss Barstow wearing the new band costume for the dance floor in the "T" formation. She was escorted by Homer Hall drum major. She was presented by W. O. Daniels of the West Texas Gas company.

The band members in full uniform marched the length of the dance floor in the "T" formation. Miss Barstow and Mr. Hall walked down this formation and were presented in front of it. After the presentation, the band members marched in a heart formation around the couple. Dancing was then resumed.

The new band uniforms like the one Miss Barstow wore, are to be military in style with red coat and cap, and black trousers and military boots.

Thursday at the Tech-Simmons game, Miss Barstow paraded with the band on the football field.

Prizes To Be Given Authors For New Work

Contestants Must Live West Of Mississippi River; To Find Market For All Best Stories Sent In

Young authors who aspire to copyrighted manuscripts and produced plays now have the opportunity of trying out for a prize or having their work criticized and returned to them through the Wordsmith's Institute in Chicago, Illinois.

In the letter sent out from the institute's main office, the officials explain that since literary markets have been partly or entirely closed, new writers can no longer procure the recognition and compensation they must have if they are to establish themselves. With a view to helping talented and untried beginners, the Wordsmith's Institute is awarding a prize and finding a market for every first-class manuscript submitted to it.

To Give Prizes

The prizes to be distributed in January and again in July are five hundred dollars for the most momentous novel or romance; three hundred dollars for significant scholarly treatises; fifty dollars each for short stories and articles of an outstanding nature.

In the prize list, all contestants must use standard English and live west of the Mississippi river, any number and assortment of manuscripts may be submitted. Unqualified manuscripts accompanied by postage will be criticized before they are returned; those marketable will have suggestions added.

Frosh Commission Selects Sponsors

The Texas Tech Freshman commission began its third year of organization Thursday afternoon when a group of freshmen and upperclass girls met at College Inn. The purpose of the freshman commission, which is open to all first-year girls, is to study the social, personal, and ethics of campus life.

The place and time of meeting as well as the purpose of the organization were discussed at this meeting Thursday. Three upperclass sponsors were selected: May Tom Howell, sophomore sponsor; Ruth Reid, junior sponsor, and the senior sponsor is yet to be selected. The organization is sponsored by the Y. W. C. A.

During the past school year Helen Settle was president and the organization functioned throughout the year.

Howell Places High For Tech

Tech Ranks Tenth At Livestock Show In Chicago; Williams Tied Howell For Ninth Place In Cattle Judging

Tech placed tenth in the senior judging contest at the International Livestock Exposition at Chicago, November 26. Tech placed fifth in cattle, ninth in hogs, ninth in sheep, and twelfth in horses.

Harlan Howell was high man on the Tech team. He was number 18 out of 100 contestants from 20 teams. Howell and Curtis Williams tied for ninth place in cattle.

This is the fourth time Tech has entered the contest. The first team was entered in 1928. Tech placed eighth out of 25 teams in 1929. Tech did not enter. In 1930 Tech placed twelfth out of 23 teams, and in 1931, sixteenth out of 20 teams.

Odd And Strange Names Are Listed In

Some Are Earnest, Others Are Long, A Few Park, Some Are Cooks And Bakers; Even Royalty Is Found

BY JOYCE GOLEY
Treasurer Staff

Students come rushing to enroll in Texas Technological College from the West, Hills, Woods, Pools, Hightowers, Ireland, Mills, Main Streets, Florida, Abernathy, Parks, Plains, Penns and the Hudson. They come in Moore Fords than any other make of cars yet many come by Foyke, Love, Luce, Elder, Long, Earnest, English, Green, Armstrong, Bobo, Weiss, and Cross. Not only True students, but Cowards. Many are in Love and like to Park, yet some are too Cole-headed.

As for their wardrobe some wear Stocking, some Suits. Most all the boys now smoke Pipes, due to the depression.

There are many Good Cooks and Bakers around the dormitories, their favorite way of cooking is to Fry all foods. Hash, Beans, Bacon, Bryds, Fish, Hyde, Cobbs, are to be found on their tables.

Tech teaches many occupations, and trades, other than the ones listed in the catalogue. Cooks, Farmers, Priests, Kings, Knights, Bakers, Highway, Masons, Painters, Butlers, Carpenters, Gamblers, Hunters, and Deans. Some students are complaining that they are taking Chances of using the Key of Knowledge by making a Many Marks that they are about to Bust, during the first Weeks.

Even Royalty is to be found around Texas Tech, for there are Barons, Kings, and Knights, besides a large number of Ladies. Sometimes the Strong, Winn comes from the West, and all Freezes, after the Frost comes. Roses are many on the Campus.

Tech Students Are Doing Most Annual Work

Sketches For Yearbook Drawn By Vickers; Nelson Named As Sports Editor; Walker Asks For Snapshots

Pictures Mounted

Four Class Editors To Check Up On Each Class; Special Editors Are Appointed; To Be University Size Book

BY LORENE OLIPHINT
Treasurer Staff

For the first time in the school's history, the year book, La Ventana, will be standard university size according to Everett Fairchild, editor-in-chief. This change has been made possible by the large sale of books. The quality will be determined by the students since it is student edited and designed. The publishers have been able to get large discounts because the students have cooperated by having their pictures made early.

Sketches for the annual are being made by John Vickers, who is also designing the end sheets. By-

According to Everett Fairchild, editor of La Ventana, today is positively the last day that students can have their pictures made for the annual at the price of one dollar. Beginning tomorrow, the price will be raised to \$1.25.

Tom Terrill and George B. Long will mount all class and organization panels. Bob Walker, snapshot editor, is securing a variety of good pictures for the feature section with the aid of Brown's studio. Lomer Nelson, sports editor, has followed the Matadors all season with game write-ups. More attention will be given to women's sports and minor sports than ever before according to Kathleen Jennings, activities editor.

Class Editors Named

Class editors are Clyde James, Gabriel Smith, Bezzie Thompson, and O. B. Lippincott, who will double check typographical errors and secure class representation in all departments. Other editors are Lorene Childers, administration editor, and Kathleen Jennings, editor of the activities.

According to Fairchild, La Ventana plans to present campus views in natural colors. Pictures made this summer are now in the hands of the engraver. Other art work will be ready by December 1.

Speech Clinic Is Continued

Two Hours Of Scientific Work Is Given In High Schools; Case Histories Are Kept Of Each Pupil

The speech correction clinics established last spring in the Lubbock public schools will be continued during the winter term of this session, according to an announcement made Tuesday by Miss Ruth Pirtle, clinic supervisor and head of the Tech speech department.

Conducted by 16 senior speech majors, Miss Pirtle had eight clinics under her direction in the last spring term. Two hours of scientific correction drill were given in every school each week. More than 100 cases were treated for defects ranging from slight lisping to cleft palates.

Last year Miss Pirtle received weekly reports of the progress of each defective pupil. Also, the Tech students were required to keep case histories.

As a result of the work, the speech department has received many favorable reports from both local physicians and public school instructors.

Current Events Committee To Discuss Subjects Tomorrow

The first meeting of the Current Events committees of the YMCA and YWCA will be held tomorrow evening at 7:30 o'clock at 2415 Thirteenth street, Victor Bearden and Eleanor Simmons will be in charge of the meeting.

According to Miss Simmons, the purpose of the meetings is to discuss the current events of the day. She will give a resume of the events for the past month after which the meeting will be open for discussion.

The meeting is open to all interested in such work regardless of whether they are members of the

Senior Party Will Be Given Next Saturday

Annual Event To Be Held At Seaman Hall; Edwards Asks All Seniors To Attend; To Make Own Dates

Fee Is 35 Cents

Bids Go On Sale This Morning In East Rotunda; Is Major Entertainment Of Fall Term; To Get Acquainted

The senior party, major class entertainment of the fall term, will be given Saturday night, beginning at 8 o'clock, in Seaman hall, located at 18th street and Avenue Y. Lou Edwards, senior prexy, urges that all class members attend. The fee will be 35 cents per person.

Bids for the senior party will go on sale this morning in the east rotunda of the administration building. Both boys and girls are asked to buy their tickets as soon as possible.

Following the plan of the past two years, a list will be made of the girls who pay their fees before Saturday noon. Boys are to check the names of the girl whom they wish to escort, but girls are asked not to wait for dates.

This party is an annual affair, the purpose of which is to enable members of the class to become better acquainted. Prof. B. F. Condray, class sponsor, and Vonelle Gilkerson, are in charge of the entertainment.

Examination Schedule, Fall Term

FRIDAY, DECEMBER 16	8:00-11:30	Classes meeting	8:00-9:00 TTS
	1:00-3:30	Classes meeting	9:00-10:00 MWP
	4:00-6:30	Classes meeting	9:00-10:00 TTS
SATURDAY, DECEMBER 17	7:30-10:00	Classes meeting	8:00-9:00 MWF
	10:15-12:45	Classes meeting	10:00-11:00 TTS
	1:30-4:00	Classes meeting	10:00-11:00 MWF
	4:15-6:45	Classes meeting	1:00-2:00 TTS
MONDAY, DECEMBER 19	7:30-10:00	Classes meeting	11:00-12:00 MWP
	10:45-12:45	Classes meeting	11:00-12:00 TTS
	1:30-4:00	Classes meeting	12:00-1:00 MWF
	4:15-6:45	Classes meeting	2:00-3:00 TTS
(Except Liberal Arts Orientation men.)			
TUESDAY, DECEMBER 20	7:30-10:00	Classes meeting	3:00-4:00 MWP
	10:15-12:45	Classes meeting	1:00-2:00 MWP
	1:30-4:00	Classes meeting	2:00-3:00 MWF
	4:15-6:45	Classes meeting	12:00-1:00 TTS

1. Orientation sections for Liberal Arts women will have their examinations on regular recitation days, Monday and Tuesday, December 12 and 13.

2. Orientation sections for men reciting at 2 TT have their examinations 2:00-4:00 p. m., Thursday, December 15.

3. Classes meeting on Saturday only will hold examinations at the regular class hours.

4. The date and hour for examination must not be changed except by petition in writing by the instructor and the consent, in writing, of the Dean of the School concerned.

Seniors Name Committee To Pick Present

Edwards Names Knapp, Condray, Hill, Loughridge, McAdams As Members Of Group

For the fourth time in the history of the school, the students will be the donor of a gift to Tech which will remain as a permanent campus fixture. Its selection was discussed at the regular class meeting Monday night in room 318 of the administration building. The establishment of senior traditions was also emphasized by Professor B. F. Condray, sponsor.

Committee Appointed

Lou Edwards, class president, stressed the importance of presenting the college with something durable which will harmonize with the Spanish architecture now predominant. He appointed Dr. Beadford Knapp and Professor Condray, sponsors. Basil Hill, James Loughridge, and Carl McAdams to a committee of investigation, which will make a report by the end of this term. The gift will be dedicated in the spring term.

In pursuance of Dr. Knapp's plea made earlier in the session for the founding of senior traditions, Professor Condray announced that he will convene the convention on December 13, all seniors are to occupy the first rows of seats on the gymnasium floor. Also the rest of the student body will allow the upperclassmen to march out first and will stand until all leave.

Competition Asked

Professor Condray urges every senior to cooperate in petitioning for other special privileges which will elevate the whole class in the eyes of the campus.

Cadets Receive Artillery Drill

Troops Get Computation In Firing Data; Corps Is To Be In Uniform By Spring; Gun Drill Is Given

The Cadet corps took a rest along with the rest of the students in the College after Wednesday. The batteries that met on Monday and Tuesday were given some close order drill and standing gun drill and then participated in a formal retreat on each of the two days.

In addition to the regular drills for artillery troops the men have given some computation of firing data. This work is ordinarily taken up in the senior year at other colleges but Colonel C. A. Davis is faced with the problem of building a Cadet corps from the ground up and is trying to crowd into two years the training requiring four years.

Good progress is reported in the department and by spring it is hoped to have the men up to a high standard. The foot movements have been gone over thoroughly and some of the squad movements have been mastered. The department is handicapped as there are only a few men in uniform but more men are buying uniforms and by spring the cadet corps should be able to make a good turnout.

J. O. Haymes To Be Speaker At Seaman Hall This Evening

For ten years Albert Schweitzer has been in Africa. Why has he been in Africa? What is there about the man and the life he has lived that challenges the attention of the well informed people in all lands?

At seven thirty tonight, Thursday, in Seaman hall on 16th street, Mr. J. O. Haymes will talk on this man. Mr. Haymes will discuss his life his work and in such a manner seek to evaluate his worth.

The general public is invited to attend this meeting which is sponsored by the Wesley Foundation. This is not a highly organized group, but only a group that meets each Thursday night to discuss topics of mutual interest.

Club Notice

The Lamesa club will meet Monday night at 7 o'clock in room 217.

Smart Profs. Ichabods Get Very Cold On Trip

"A wild goose chase" means more than it once did to a party who spent Friday and Saturday hunting ducks and geese at Monument lake near Muleshoe. The party consisted of C. C. Schmidt, Cecil Horn, N. L. Doughtie, J. M. Pipkin, and G. W. Woodbury.

Mr. Horn reports that he had "a fine trip", but three of the others failed to take enough cover, and as their friends refused to share beds, they almost froze. Saturday morning Mr. Woodbury brought a bucket of water from the lake to make coffee. It was left outside the tent for a time, and when brought in, it was frozen. "So we had iced tea," Mr. Horn said.

The men killed a number of ducks, but only four geese. Since each wanted one, Mr. Woodbury and Dr. Schmidt tossed coins for the odd one. Mr. Woodbury won.

Buisch Speaks On Conditions On Wednesday

Economics Students Hear Talk On "Better Retailing"; Dinner Is Given At Hilton Last Night

"To take advantage of these improving conditions, merchants must have what customers want, when they want it, at prices they wish to pay."

That is some of the advice of L. H. Buisch, the merchants service bureau of a cash register company at Dayton, Ohio, who spoke to a group of college students yesterday afternoon at 3 o'clock in room 318 of the Ad building. The subject of his address was "Better Retailing."

Mr. Buisch has expressed a belief that more carefully trained salespeople will enable retailers to better please their customers. This training, he contended, should not only be to explain uses and values of different kinds of merchandise, but also to show customers why good merchandise is worth the price.

Last night he addressed the members of the Retail Merchants Association at a dinner held in the Hotel Hilton.

Musical numbers were given by the Tech ocarina quartet composed of Roger Knapp, Lynn G. Gordon, Fred Fairly, and Culver Hill. The dinner program began at 7 o'clock.

Illness Of Carl Stultz Causes Delay; Geologists To Make Journey Next Spring; Boles Makes Arrangements

Texas Tech will not be represented at the annual meeting of the Geological Society of America next Friday due to the illness of Carl Stultz who was to have directed members of the Sigma Gamma Epsilon fraternity on a two days geology tour through the cavern. Previous arrangements made by Superintendent Boles of the Cavern were to have provided for special guides. The trip was to have covered rooms which had not been opened to the public because of their small size and delicate formation.

Postponement will be necessary until sometime near March 1, since only a small number of the boys have visited the Cavern, the trip will be educational.

Two Teachers Are Honored

Misses Pirtle, Pendleton Are Elected As Officers Of The Texas Speech Association; Craig Delivers Address

Misses Ruth Pirtle and Annah Jo Pendleton, instructors in speech and dramatic arts, were made officers of the Texas Speech Teachers' association, when it convened in Fort Worth, November 25 and 26. Miss Pendleton was elected state treasurer for the coming year and Miss Pirtle is chairman of the committee on speech correction. Under her supervision, this committee will publish informational bulletins to be distributed through the Texas public schools.

Dr. A. Craig Baird of Iowa university delivered the main address of the two days. Miss Pirtle gave a report of the speech correction committee.

Miss Pendleton is at present secretary of the organization.

Current Magazines Are Read Mostly By Students

"I suspect that they don't," said Mr. C. Holden, reference librarian, when asked what students read in their spare time. "Of course many students read the current magazines but there are few who keep up with the latest fiction."

Boys read for pleasure more than girls, according to Mrs. Holden. "It is amusing," she said, "to see the expression on the boys' faces as they sneak up and ask for 'Good Housekeeping' in a very small voice. The women's magazines are more popular with boys than any other type of publication because of the stories they contain."

A somewhat select group reads "The New Yorker," the library's

Knapp Explains College Needs At Board Meet

Technological Part Of School Should Be Improved; Library May Be Formed Especially To Aid Research

Plans Are Made

Paving Of College Roads And Building Of Pool Await The Action Of Legislature; Flat Fee Urged For Semesters

At the last meeting of the Tech Board of Directors Dr. Bradford Knapp discussed the original objectives of this technological school, without changing its present organization or function materially. He stated this in a recent report to directors. He wishes to establish strong majors in the sciences, such as chemistry and physics, although keeping them within the liberal arts unit. It is felt that as a vocational school, the scientific department should be stressed and should afford students ample facilities and inspiration for research.

Library Planned

In order to emphasize research and individual work, it is hoped to collect many books for the library. Eventually a separate building will be devoted to housing books, but while here it is only \$30. Dr. Knapp feels this could be raised slightly and the extra money used for maintenance of additional educational advantages.

Flat Fee Suggested

Dr. Knapp suggested that under the present plan he feels it would be advisable to have a flat fee, no matter what course is taken, payable at registration. This would eliminate paying extra money for laboratory courses, and more students would sign up for courses they wish to take, but omit because of the extra fee.

New dormitories are realized to be essential, and plans are underway to erect them whenever the necessary capital can be secured. If ideas now instigated are carried out, there is a possibility of the dormitories being built by next year.

The paving of these roads and the addition of a swimming pool, auditorium, and other necessary buildings on the campus, will all depend on the spring legislature, and will have to wait until that time.

Nissley To Speak At IRC Club Meet

Cancellation of war debts will be the topic of discussion at the next meeting of the International Relations club in room 302, at 7 o'clock Monday evening December 5, 1932. This will be the last meeting of the club during the fall term.

The background of war debts will be discussed by student members. Recent developments in Europe and in the United States will be given by Prof. H. R. Nissley.

The new state of Manchukuo was the theme of the last program of the club. Different phases of the question were discussed by Blanche Brannen, Juanita Poole, Manuel DeBusk, and Charles O'Neal.

The Texas Tech chapter of International Relations clubs is sponsored by the Carnegie Endowment for International Peace. The Tech club has been organized for the last five years and its programs have covered various phases of current international events.

James Toothaker, acting president, also corresponding secretary for the International Relations clubs of this section of Texas and New Mexico, states "plans are being laid to take a large delegation to the regional conference of International Relations clubs to be held in Las Cruces, New Mexico, in April."

PBX System Is Installed

Eighty Line Switchboard Is Substituted For Old Telephone Connection; Board Is Modern And Up-To-Date

With no service interference, an 80 line switch-board was substituted for a 30 line board in the office of S. T. Cummings, purchasing agent for the college, November 11, after a week's preparation.

An additional outside line has been added to the three old ones, making an increase of 33 1-3 per cent in possible service.

Phone lines are still being divided and changed. Out of the 51 telephones in the college, some are being changed from extension phones to separate lines. PBX system serves the entire college, operating from the switch-board in the administration building.

"The board is modern in every respect, and being entirely new, we shouldn't have much trouble after it is timed and set," Mr. Cummings stated. "So far we are very happy to note its increased efficiency in operation."

TO FOSTER MEET

The Aggie school is fostering a community meeting December 7, at 7:00 p. m. in the Engstrom auditorium. It will be conducted by Mrs. H. S. Mobley, who will speak on "The Stepmother of the Human Race—The Cow." Everybody is invited.

TECH'S FLAG AND TRADITION

Tech is young. We are groping about, searching for traditions, which in years to come will be respected and honored. The present student body is missing one of the "best bits" that has ever presented itself on the campus. Each morning and each afternoon, the military training department performs a ceremony in which the students could join with little loss of time and no effort at all.

Men from the M. T. department raise and lower the flag on the campus every day. The ceremony takes place in the mornings at 8 o'clock and in the afternoons at 5 o'clock. There are a number of students on the campus at these hours who could unite in making this one of the most impressive customs that Tech has ever had.

According to the rules laid down by the national government in regard to the civilian respect to the flag, women should face the flag, place their right hands over their hearts, and stand at attention until the ceremony is over. Men uncover their heads with their right hands, hold their hats over their hearts, and stand at attention until the ceremony is over. In case the men do not wear hats, they follow the rules laid down for women.

Why not join the military training department in this, and make it Tech's flag raising ceremony?

ONLY A FEW DAYS LEFT

On December 17, the final exams for the fall term will begin. This means that there are only 16 days left in which to review our notes, and to fix in our minds the things we have studied during this term.

If the situation were ideal, we would not have to go through this ordeal of cramming for finals. We would have learned everything in the course thoroughly, the professors would know from our daily work and quizzes how much we knew about the course and would make out the grades accordingly. The last week of the term could be used for general class discussion or review.

But such conditions do not exist and the final exams are inevitable, so let's start working now and turn in some good averages at the end of the term.

WHAT! NO WALKS!

Even with all the clear weather we have been having this fall, we cannot help but think what it will be like this winter when we have to make classes in the chemistry and engineering buildings with snow and ice all over the ground.

We wonder if it will be another wading season, or will

Edith Kral '32, and Joylene Vannoy '31 attended the Texas Vocational Association meet in Ft. Worth the past week. Miss Kral is teaching in Roby and Miss Vannoy in McClain.

Alumni News

Ransom "Percy" Walker, one of the best football backs Tech ever produced, is living in Mission, Texas. Until 1931 he was in the real estate business. He is now an orchard farmer.

"Buck" C. L. Weaver, a member of Tech's first graduating class is credit man for the Bell Telephone company at Amarillo, Texas. He is seen in Lubbock quite often.

T. V. Weaver, of Levelland, after a try at the teaching camp at Dimmitt, Texas, 29-32, has forsaken the profession and gone into business at Levelland.

Taylor White, who graduated from Tech in 1931, is now teaching vocational agriculture at Odessa, Texas. Last year he taught at Tahoka.

Jim Williams, a major in the dairy manufacturing, 1931, is now retail milk distributor for the Tech College dairy in Lubbock.

Hal Yoder, graduate of 1931, is living at his home in Snyder, where he is a filling station operator and farmer.

Landrum Chapman, '32, of Lubbock is employed by the McElhenny Creamery company in Lubbock.

Tom Chapman, a member of the Tech's first fish class is now stationed at Calexico, California. He is U. S. Plant Quarantine Inspector.

Sam Chatham, who is now superintendent of the Idaho school schools graduated from the school of agriculture in 1928. Since leaving Tech he has received his M. S. degree from Colorado Agricultural College.

Bristol Chesson, a member of the stock judging team in 1930-31 is now teaching near Stanton.

Bill Clutter, is now employed by the United States Department of

Agriculture at Big Springs. He has been there since 1931.

Clinton Cook, who graduated from Tech last year is now enrolled at Michigan State College. He is doing graduate work in Horticulture.

Monroe Copeland is engaged in Stock raising in Oklahoma. He graduated in 1932.

Since his graduation in 1929, Vaughn Corley has been Coach of the Las Cruces High school, New Mexico. Corley was a letterman while at Tech.

J. F. Couch, is living at Pecos. He is supervisor of an irrigation farm.

L. C. Dalton, another letterman from Tech is teacher of vocational agriculture and high school coach at Lake Arthur, New Mexico.

Bob Allen, who graduated last year in animal husbandry is now stationed at Carlsbad, Texas. He is in charge of the dairy herd at the State Tuberculosis sanatorium.

Haskell Beard, also a 1932 graduate is employed by the trucking department of Anderson Clayton Cotton company. He is stationed at Houston.

Guy Blanton, who received a M. S. degree in animal husbandry in 1931 is now employed by the Denton Creamery at Denton, Texas.

Ethel Brown, a graduate of the Aggie school is a teacher in Vera High school. She attended Tech during the past summer session.

R. L. Burdett, of Goldthwaite, Texas is now teaching vocational agriculture at Fort Sumner High school, New Mexico. He has held that position since the fall of 1930.

Orval Burroughs, after trying the teaching game, is now employed by the College Entrance Book company of New York. He received his B. S. degree in animal husbandry in 1930.

John Burroughs, who graduated in Animal Husbandry in 1929 is head of the vocational agriculture department of the Clovis New Mexico High school. Burroughs was

there be some walks put down in time to avoid the slush?

The illusion that times that were are better than those that are has probably pervaded all ages.—Horace Greeley.

The great business of life is to be, to do, to do without and to depart.—John Morley.

I see the right, and I approve it too, Condemn the wrong, and yet the wrong pursue.—Samuel Garth.

The college is full of golfers waiting for a chance at the campus championship. Why not make physical education a little more attractive with a Tech golf course for students only?

Before winter really reaches Tech, why not have a civilized way of getting to the chemistry and engineering building? At present, the best way is to hit the mud and pray for sunshine.

Mysterious Mike Moses Around

This after Thanksgiving snooping has turned into dragging. Looks like all of us have our off days, even the MATADORS. One good thing is that we don't lose but five men from the squad this year. CRITES, MOFFETT, TEAL, CAPTAIN ROSS AYERS, and McADAMS. I guess from all indications that MOFFETT is going to leave now because BO WILLIAMS got four-bits from me to help him out. TEAL vanished after the game and wasn't seen 'til Sattidy afternoon. AYERS went to a tea sipping contest, CRITES content beans—and smiled. McADAMS went to the Hilton Hotel BRAWL.

We wonder why one of the hostesses of the above TEA PARTY wasn't present for her shindig. Now there is some folks that do not do nothin' important enuf to get their names in the paper but want it in SIM O'NEAL DOROTHY RUSHING, LE ROY VAUGHN, and DR. WEST WALKER.

WELLY KELLEY shore made a brake the tother day while he was talking to MELBA WATSON. If you see GERTRUDE LOMAX, get her to talk baby-talk fer you. JIMMIE LAUDERDALE has been telling around that he was good enuf to rate his name in this column. Well, we all laughed when he sent in that CUPON to COLETTA BAKER shore am a cute gal and she would win the GOOD-HOUSE-KEEPING sign of approval.

HELEN BASTOW, the sweetheart of the BAND, shore can prance. I seen the GILBERT sisters up here the tother day riding with the GILKINSON and JENNINGS gals. BIG TIME HOLDEN is standing up under his name purty good. LEWIS KERR is the one what had better watch out before next week.

OLE MIKE seen EPSCHE PREXY HOP HALSEY courtin' Sunday nite, also made his introduction at the dance Sattidy nite. ROSE MARIE TURNER has got a turned-up nose. D. M. McELROY, that Dallas fash, is gettin' the S. A. just like BILLIE BUSH has got it. MALCOLM MARTIN come to skul

In charge of the same work at Los Lunas High school before his appointment at Clovis. Since leaving Tech he has spent several summers doing graduate work at Colorado Agricultural College.

Earl Cain, who received his B. S. degree in dairy manufacturing is employed by the Klein Ice Cream company of Houston.

with his hair combed, his shoes shined, and a new over coat on. MARSHALL FORMBY, editor of the TORRIDOR last year, come back to see the game Thanksgiving. He is wurkin' in a gin. This year he turns out the BALES instid of the BULL. Accordin' to him, his home town got a good nites sleep when he left.

I seen where the SIGMA GAMMA EPSILON fraternity boys is going to explore the GARLEBAD CAY-ERNS, and I shore hope that one of them STALAGMITES or STALACTITES don't trap them in some room.

Is he GUILTY? or is he UNGLITLY? HELEN MARJORIE ST. GEORGE calm, cool, and collected during the trial.

GEORGE TATUM and that air WEST gal what works in the engineering LIBRARY shore do like MARS BARS. JOHN VICKERS is doing some art work for the annual . . . You know . . . what ART this and THET . . . I see where the A. I. E. E. and the A. S. M. E. is going to hold a JOINT smoker, but it didn't say in what joint. Guess ROGER CLAY could tell us. PREXY BASIL HILL told me that MARJORIE ST. JOHN was his gal and he didn't say fish neither. NOEL GASON is proxy of the OLEBURNIE CLUB which was formed recently. The PURPOSE aint decided on yet.

Chemistry Society To Give Free Show

A free show will be given in room C 101 Tuesday, December 13, by the Chemistry society. The pictures, which will be educational, will present information which all students should possess. It is for this reason that they are being shown for all students instead of just those interested in chemistry.

"New Ways For Old", advocating toxin-antoxin as a preventive against diphtheria, and "An Angel in the Home", a picture concerning antiseptics will be shown.

Mr. and Mrs. "Al" Jennings spent the Thanksgiving holidays visiting friends and relatives in Lubbock.

I heard it is that ROGER KNAPP is gittin BLEARY-EYED over QUEENIE BENNETT . . . and that is enough for this week.

Yours, MIKE.

Dr. Knapp To Speak At Pre-Med Club Next Tuesday Eve
Dr. Bradford Knapp will be the principal speaker at the third regular meeting of the Pre-Med club. The meeting will be held Tuesday evening at 7 o'clock in room 101 of the chemistry building.

Plans for the winter banquet will be discussed and committees set will be made. This test is required of all students who expect to enter medical school next year.

TEXAS TECH COLLEGE

"Nature in the Raw is seldom MILD"

THE FORT DEARBORN MASSACRE
"Nature in the Raw"—as portrayed by the artist, N. C. Weyl . . . inspired by the heartless treachery of a band of vicious Miami Indians, who massacred the settlers with inhuman ferocity . . . August 15, 1812.

—and raw tobaccos have no place in cigarettes

They are not present in Luckies . . . the mildest cigarette you ever smoked

WE buy the finest, the very finest tobaccos in all the world—but that does not explain why folks everywhere regard Lucky Strike as the mildest cigarette. The fact is, we never overlook the truth that "Nature in the Raw is Seldom Mild"—so

these fine tobaccos, after proper aging and mellowing, are then given the benefit of that Lucky Strike purifying process, described by the words—"It's toasted". That's why folks in every city, town and hamlet say that Luckies are such mild cigarettes.

"It's toasted"
That package of mild Luckies

"If a man write a better book, preach a better sermon, or make a better mouse-trap than his neighbor, the boys build his house in the woods, the world will make a beaten path to his door."—RALPH WALDO EMERSON.
Does not this explain the world-wide acceptance and approval of Lucky Strike?

Matadors Drop Turkey Day Tilt To S. U.

Tech Squad Appears Stale And Slow; Pee Kicks Extra Point To Decide Scrap; Simmons Outfights Techsters

After having romped on everything that came in sight, including the powerful Matadors of Texas Tech, the Tech squad appeared stale and slow in the turkey day tilt against the University of Abilene. The Tech team was outplayed by the Abilene squad in the first half, but a successful extra point by Pee kept the score tied at 7-7. In the second half, Simmons' kicking was accurate, and he scored a field goal to give Tech a 10-7 lead. Simmons also outfought Techsters in the line of scrimmage.

The smooth running attack that had once been Texas Tech's strength was literally shot to pieces. The forward wall would not hold. The opponent's line backers were slashing through to throw the Tech backs for a loss and fumbles for the locals made the matter all the worse. The defeat of the Matadors is what the Cowboys handed to Teal, Ayers, Moffett, and Crites as their graduation present. These four men will no longer wear the spangles of the Texas Tech Matadors.

Only once in the whole game did the Matadors show the form that best Arizona, Notre Dame, "B", Southern Methodist, and Texas Tech are a punting duel between the two teams. Tech gained possession on the Cowboys 40 yard line, and McElroy flipped a pass to Hitchcock for twenty five yards. Just as the Tech end was being tackled he lateral to Martin who in turn passed to Crites, who raced out of bounds on Simmons 12 yard line. The next play following, Crites plunged through the right side of the line for a touchdown. Butts went in to kick the extra point but the snapback was bad and Cowboy linemen smothered Moffett who was attempting to hold the ball.

A fumble by Moffett in the second period gave the Cowboys their opportunity. A pass from Byron to Huestis was good for twenty five yards and a touchdown. Pee missed the extra point kick. After receiving the kickoff, Moffett returned it forty yards and almost got away in midfield but was tackled by Pee on the fifty yard line. Just a little before the first half ended, the Tech offensive began to click. After carrying the ball deep into Simmons' territory, the Cowboy line stiffened and held Marion Harris who lacked about a yard for a first down when the whistle blew.

The third quarter put the quietus on the whole affair. Both teams scored but Tech failed again to make good the extra point and Pee did. Simmons stalled during the latter part of the fourth quarter and the Matadors never had the punch to get started on any sustained drive down the field. Tech lost a game and lost it fairly to one of the most inspired underdogs ever to kick over a dope bucket.

Fruit Cake Orders Will Be Taken By Home Ec Students

Orders for fruit cakes will be taken this morning by the sophomore students in the home economics school. The cakes will be ready by Saturday, December 3. Baked in one, two, or three pound sizes, they will cost 90c per pound. The proceeds will go to the Home Economics Loan fund.

Football Programs Of All Tech's Home Games 7 For 25c WHILE THEY LAST

Cheri Casa BO WILLIAMS Tech Gym

Under The Double "T"

BY GEORGE SPELVIN
Toreador Staff

Most of the "beefing" about the unexpected defeat of the Matadors by the Simmons Cowboys is being done by students who went home for the holidays instead of staying to see the game. All honor is due to the Ranchers for refusing to accept the inevitable and for going out and playing an inspired ball game and to come from behind twice to win. Next year, the Matadors will face practically the same team down at Abilene as only two of the Cowboys finish their football eligibility this fall.

Members of the Tech Cadet corps are planning to organize a football team and go to El Paso to play the soldiers at Fort Bliss in a post season game, to be played on December 10. Members of the Tech varsity and promising freshman, registered in the military department, will compose the team. Speedy Moffett and Harold Crites will be the only varsity regulars in the backfield. Big Ben Anthony and Matt Hitchcock will man the ends. Carlton Luper and Bob Crawford will play tackle and Ross Ayers and Ealey Harris are possible guards with Tribble at center. Ted Wilson and Leonard Curfman are to be the other backs. Captain Ben F. Conroy will be in charge of the team. Four other men will be used as substitutes.

Coach Del Morgan has started varsity basketball practice and has about 25 men out. There are only four lettermen on the squad at present and there is a chance that the disension and squabbles of last season will not be repeated. "A" Simmons, returned a center fullback, is getting impatient for intramural football to begin. He told a Toreador undercover man that if the engineers would get a good pair of ends, that the northsiders would be hard to beat this year. The army boys are planning on having a cracking good squad this year. There are some Cleburne athletes on the campus who did not go out for freshman football in order that they might be eligible for intramural play with the army.

College football ended for four Matadors last Thursday. Speedy Moffett, Harold Crites, Bill Teal, and Ross Ayers played their last game for Tech that day. At times during the game, it seemed as if these men were the only players who really cared how the game ended. For the first time this season, Tech linemen walked to their positions and in general, the squad appeared dead and listless. Bright spots in the game were the tripple passes completed for long gains. Ayers and Crites played their usual good game. Big Ben Anthony plugged up the center of the line in good style when he entered the game late in the fourth quarter. Most fans do not realize just how close the scrap really was. After Pee kicked that extra point, the Cowboys were once backed up on their own goal line and in an attempt to run with the ball, Pee was tackled by Hitchcock, and downed on about the six inch line.

Writer Names All Opponent Football Team

Men Are Selected On Basis Of Play Against The Matadors; Group Chosen Do Things That Are Needed

BY LOWELL A. DALTON
Now that the football season is over, all-star elevens are in order. After much cogitation and brain work, the following team is submitted for your approval, chosen from Matador opponents this season and based on their play against the Bullfighters. None of you will agree but nevertheless here goes and if you don't like it well that is all right. Here it is:
Left end, James Balyor; left tackle, Burleson S. M. U.; left guard, Clem, Balyor; center, Watson, New Mexico, right guard, Dale, Arizona; right tackle, Fitzgerald, Simmons; right end, Huestis, Simmons; quarterback, Byron, Simmons; halfback, Domingue, A. and M.; halfback, Clarke, Arizona; fullback, Hagan, Notre Dame.

Picked For Ability

These men are picked for their work against Texas Tech this year. Frank James was one of the main cogs for Baylor both on offense and defense. His punting was a big factor in keeping the score down in the Baylor game. John Burleson of S. M. U. played a good game against Tech and one would have to go a long time to see another exhibition of football as played by him in that rainy night in October. Clem of Baylor can play football on anybody's football team if he plays football as he played against Tech. If you think that Watson of New Mexico can play football just ask Whacker Barton, Duane of D. X. Bible, Cornhusker coach, refused to pass up an opportunity to defeat the Ponies.

Cowboys Good

Fitzgerald, Byron and Huestis were the big stars for Simmons on that never to be forgotten day in November. These men more than any others were responsible for a Simmons victory. It was Byron's passes caught by Huestis that eventually won the game for Simmons. The play of Fitzgerald in the Simmons line was nothing short of phenomenal. To round out the backfield with Byron there is Domingue of A. and M. because it was his play more than anything that gave the Aggies a win, Clarke of Arizona because he is one of the best all round backs I have seen this year, and Hagan of Notre Dame. Here is a lad that will be heard from in the near future at Notre Dame.

On this team are men that can run, men that can block, punters and passers and would stack up men for man with the best in the country.

Miss Mabel Kirkpatrick, former Tech student, spent the Thanksgiving holidays with friends and relatives in Lubbock.

Just six inches from a safety. The All Conference Southwestern football team has been named and here they are: Priddy, T. C. U., and James, Baylor; ends; Boswell, T. C. U., and Blanton, Texas, tackles, Cook, Texas, and Vaught, T. C. U.; guards; Townsend, T. C. U.; center; Spearman, T. C. U.; quarter; Stafford and Hilliard of Texas, Halfbacks, and Koy, Texas, fullback. Almost any coach would be glad to get that bunch for one year. At any rate, they certainly would build a great reputation for any mentor.

Saturday's game between Southern California and Notre Dame ought to be about the best of the season. The Trojans do not have Johnny Baker, Garrett Arbelide nor Erny Buckert this year but they are apt to take the Rambler's just the same. The Irish played their big game against Army and it will be hard to get their steam up within a week's time. Nebraska should have a good workout over at Dallas with S. M. U.'s Mustangs. Early in the season, Morrison tried to cancel the game but D. X. Bible, Cornhusker coach, refused to pass up an opportunity to defeat the Ponies.

Mr. Harold Reese, the "Chicago Kid", Nissley really got hot the other night over the phone. A Toreador reporter called him up to find out the name of the speaker at that economics get-together yesterday and there was some difficulty in getting the name right. Finally, Nissley spelled it out as follows: "B, as in boy; U, as in university; I, as in Ule; S, as in Sam; C, as in cake; and H, as in hell." Now is that any way for a professor to act?

Wrestling, Boxing Feature Regular Aggie Club Meeting

Aggie Club Meeting

A wrestling and boxing match were the features of the Aggie club meeting held in the Aggie pavilion Tuesday night. Halon Bunyard was in charge of the program.

Jesse Young, president of the meeting in the absence of the president, and vice-president, Harland Howell and Curtis Williams. These members are with the stock judging team in Chicago. Those participating in the program were Tommy Zorn, Elden Lockey, Melvin Havis, and G. L. Beene.

Matador Hall Cops Cage Tilt

Game Is Hard Fought And Half Ends In Tie; Briscoe Leads Goalers With 15 Points; To Get Awards

BY LOMAR NELSON
Toreador Staff
Matador hall's basket shooters swept over the fish liberal arts Tuesday night for a 30 to 24 victory and the intramural championship. Last week, the liberal arts cagers handed the senior aggie a 34 to 17 beating to gain the right to clash with the Matador hallers. Matador hall breezed through the four weeks of play without a defeat, annexing eight consecutive wins.

Tie At Half

The championship game waxed furious and fast for three quarters with the first one team and then the other holding the lead. The two quintets were deadlocked three times during the contest and the half ended with the score at 11-11. Matador hall gradually began to creep ahead to lead by a 19 to 13 margin at the end of the third period. In the final quarter, the Matador hall cagers staged a spurge with Captain Lefty Bryant, Wilson Gilmore, and Demp Cannon sinking loopers from all angles of the court. Weakening noticeably but still fighting, the fresh made an effort to overtake the hallers, but the final whistle cut the rally short.

Briscoe Is High

Briscoe, liberal arts forward, carried off high point, honors for the night with six ringers from the court and three charity throws for a total of 15 points. Lefty Bryant ran a close second with 13 while Polk Robinson, elongated Matador hall center, trailed with 3 sinkers and one free toss. The winners will get silver basketballs as prizes.

The box score:

Matador Hall (30)	Fg	Ft	Pts
W. Gilmore, f	3	0	6
Bryant, f	5	3	13
Rogers, f	0	0	0
Robinson, c	3	0	6
Moore, g	1	0	2
Cannon, g	1	0	2
B. Gilmore, f	0	0	0
Cowan, g	0	0	0
Totals	13	4	30

Picadors End Football Work

Freshmen Win Three And Lose One Game; Varsity Jobs To Be Crowded Next Fall; Roll Up 108 Points To 13

Boasting of the most successful season ever experienced by a Picador aggregation, Coach Morgan's freshmen footballers have mottoballed their uniforms, declaring that they will be heard from again next year.

Lost One

October 15 the frosh journeyed to Roswell and launched their 1932 grid campaign against the New Mexico Military Institute, although recently outplayed, the Cadets managed to win, 7 to 0, as a result of a pass. The slimes again trekked to New Mexico but this time they smothered the University of New Mexico freshmen, 46 to 0. On Oct. 15 the future Matadors entertained the powerful Amarillo college Badgers and nosed them out, 7 to 5, breaking a two year winning streak of the Badgers who had annexed 15 consecutive victories.

Defeat Wayland

After remaining idle a couple of weeks the Picadors went on a rampage to trample the Wayland college Jackrabbits, 43-6, to end the season.

Miss Weeks Presides At Meet Of Texas Vocational Group

Miss Margaret W. Weeks had the honor of presiding at the breakfast given for the Texas Vocational association at the Texas hotel in Fort Worth last Saturday morning. She is president of the association. Special guests were Dr. Bradford Knapp, H. O. Sargent of Washington, D. C., Miss Lillian Peek, state supervisor of home economics, and A. H. Hughey, superintendent of El Paso schools.

Cage Quintet Starts Season

Basketballers Hold Workouts Three Times Weekly; Games To Be Scheduled With Border Conference Teams

After a successful season spent in football togs, the Matadors have turned their attention from the gridiron to the hardwood court. With approximately thirty cagers reporting, Coach Del Morgan is holding regular workouts three times a week on Monday, Wednesday, and Friday. This schedule will continue until the Christmas holidays when the practice sessions daily will be held.

With four returning lettermen as a nucleus and augmented by last year's squadmen and freshmen together with intramural basketball stars, Morgan hopes to develop a winning combination. Graduation too such veterans as "Ted" Tedlock, Leon Fleher, and Clarence Hodges. No definite schedule has been arranged but games with several Border conference teams will probably be carded for the Tech quintet in 1933. It is rumored that the Techsters will entertain the House of David dribblers of Benton Harbor, Michigan in a two game series early in January but no definite announcement has been made yet.

Fish basketball starts immediately after Christmas under the directions of Ross Ayers, last year's Picador coach. The four varsity lettermen are

Smokers like Granger because it is made just right for pipes.

The tobacco that's right—and the package that's right

GRANGER IS AMERICA'S PIPE TOBACCO

Varsity Men Must Work Next Fall To Keep Jobs

Coch Del Morgan has nothing but praise for his 1932 edition of Fish football men. In discussing the slimes, Morgan said, "those fish are just a little bit cocky over their record, but they are a pretty good bunch of ball players just the same." It will be almost impossible to keep some of them off the varsity squad next year, according to Morgan.

Some of the future Matadors have excellent records behind them and are looking forward to even higher laurels. Harold Prather, an all-state end from Greenville, will be hard to turn down when he shifts out for varsity practice next year. Morris Alford, 140-pound guard from Slaton, deserves favorable mention for his plucky playing and fighting spirit displayed this year.

Smart Linemen
J. V. Beauchamp, of Greenville, will make his debut at quarterback next fall. Ray Brandon, Cleburne all-state half, will go places next fall with the Matadors. A darkhorse who has pleased the coaches is Bedford Cunningham of Wichita Falls who plays tackle. Gaines Davis is another hefty lineman and plays guard. Lewis "Curly" Jones is another Cleburne boy who will play quite a bit next season either as an end or a back. Sam Jones of Abilene came to Tech as a fullback but has been shifted to the guard position. Leon Marks, Clovis, New Mexico, has been hustling at tackle and has shown a remarkable development since he arrived on the Tech campus. Walter Nichols of San Angelo, former fullback, has been shifted to center.

Good Backs
A boost to the varsity backfield is to be found in Brode Puckett of Spur who is a good blocking and defensive fullback. J. E. West of Memphis, 180-pound end, looking good during the first part of the season but was slowed down by injuries. Ted Wilson, former Haskell Institute star, will more than likely be used in the backfield. Wilson is already varsity material he had to become eligible first. The busy Indian played on the Haskell team that trampled the Matadors in the mud of Dallas' Fair park stadium.

Other men who have shown stickability and determination, and are to be commended are: Earl Archer, Briscoe, Herman, Beatty, Crews, Dowell, May, Madely, Bill Pool, Ansel Vaught, Vannon, Key Waters, H. Perry and L. Burns. These boys although they never started, showed a fine spirit and stuck to the team until the close of the season. Their work now only showed a love for the game but helped produce one of the best fish teams in Tech's history.

Speaks Here

L. H. Buisch of the merchant service bureau who spoke at a meeting yesterday afternoon.

Page Miss Post! Etiquette Questions To Be Settled

Girls, if you have any questions of etiquette which are bothering you, your worries are over. Merely go over to the home economics building, write your question on a piece of paper, drop them in the box found at the entrance, and attend the Home Economics Club meeting December 6 at seven o'clock in room 108 of the home economics building.

Also answers to any question on manners will be given.

Chamber Of Commerce Is To Present Names Of Prospects

Names of prospective new members will be presented at the regular meeting of the Tech Chamber of Commerce Monday evening at 7 o'clock in room 220 of the Ad building.

There will be a business meeting and reports from all the standing committees.

Plans will be made to raise money for several projects which the organization is to sponsor this year.

ATTENDS MEET

Mr. W. L. Stangel, head of the Animal Husbandry department, left Wednesday for Chicago, where he attended a meeting of the Society of Animal Production. He also attended the livestock show in progress there. Mr. Stangel will return Friday.

SOCIETY NEWS

Las Chaparritas Club Attends Party

Beginning the series of Thanksgiving gaieties, members of Las Chaparritas club were the guests of Misses Ann Caldwell and Sarah Lou Stevens at a party given last Tuesday afternoon in the home of the former, 1501 College avenue.

The Thanksgiving theme was used in appointments. Special guests were Misses Elizabeth Bayhan, Thelma Reed, Eleanor Halbert, Martha Kate Mahaffey, June Lawrence, Jean Daly, Mary Dyer, Helen Barstow, Lena Grace Sanderson, Linda Caldwell, Pauline Yeager, Ethel Murray, Sally Russell, Mary Genece Hardberger and Ann Doboney.

Sixteen club members attended. They were Misses Ruth Rutledge, Polly Barrow, Sue Barton, Maxine Clark, Frances Ford, Vonelle Gilkerson, Cecile Horne, Ruth Hutchinson, Jean Shelley Jennings, Mary Earle Lofland, Sue Michie, Gail Quinlan, Zella Riegel, Sylvia Wilson and Glyds Grimsley. The sponsor, Miss Johnnie Gilkerson, was a guest, also.

Three Members Entertain Sans Souci Club

Thanksgiving appointments were used when Misses Melba Watson, Dorothy Dobbins, and Ann Lou Bennett entertained members and special guests of the Sans Souci club in the P. R. Friend home, 2005 Broadway Thursday evening.

A supper was served to the guests and their escorts following a series of bridge games.

Sans Souci club members attending were Misses Roberta Myrick, Coleta Baker, Dorothy Rushing, Virginia Bacon, Frances Snyder, Rosemary Leaverton, Evelyn Price of Waco, Wanda Butler, Catherine Jamison, and the hostesses.

The special guests were Misses Polly Shultz, Helen Barstow, Ruth Heard, Lena Grace Sanderson, June Lawrence, Eugenia Smith, Lois Watson, and Mary Genece Hardberger, Messrs. Ross Ayers, Fred Seely, Leroy Vaughn, Billy Lane, Fenner Tibbs, Bob Crawford, M. L. Collins, Woodrow Holt, Trent Campbell, Ray Moore, Matt Hitchcock, Roger Knapp, Kenneth Rollo, Frank Kelly, Felix Ballenger, Jimmy Wilson, Lou Edwards, L. J. Soils, Southern Shultz, and Billy Murray.

Members of the Sans Souci club and special guests played bridge last Friday afternoon in the home of Miss Coleta Baker, 2313 Broadway.

Mothers And Daughter Tea To Be Given

A Mothers and Daughters Tea will be given December 6 at the practice house by the home economics school faculty, practice house girls, and the home economics class in meal service.

All home economics girls whose mothers reside in the vicinity of Lubbock are cordially invited.

The receiving hour is from four to five.

Misses Gilbert Are Honorees

Misses Ada Mae and Melba Gilbert, ex-students, were the honorees at a bridge and slumber party given by different members of Las Chaparritas club during the week-end.

The Misses Gilbert of Lampasas were students last year in Tech and were members of Las Chaparritas club. They are now enrolled in Texas University at Austin.

Misses Jean Shelley Jennings and Vonelle Gilkerson entertained the visitors with a bridge party Saturday at the Decorators studio, 1906 13th street. Favors were presented to the two honorees and to the winner of high score.

The guest list included Misses Helen Barstow, June Lawrence, Mary Genece Hardberger, Lena Grace Sanderson, Pauline Yeager, Ethel Murray, Linda Caldwell, Polly Barrow, Sue Barton, Ann Caldwell, Maxine Clark, Geraldine Durham, Frances Ford, Glyds Grimsley, Cecile Horne, Elinor Aycock of Rosebud, Ruth Hutchinson, Harriette Roach, Sylvia Wilson, Beth Wulman, Mary Lois Gamel, Eugenia Smith and Marjorie Bland of Abilene.

Miss Cecile Horne was hostess in her home, 2224 Broadway, Friday night with a slumber party.

A midnight supper was served to Misses June Lawrence, Pauline Yeager, Jeme Benham, Lena Grace Sanderson, Helen Barstow, Mary Dyer, Eugenia Smith, Ada Mae and Melba Gilbert, Linda Caldwell, Ruth Hutchinson, Vonelle Gilkerson, Frances Ford, Jean Shelley Jennings, Harriette Roach, Geraldine Durham, Ann Caldwell, Maxine Clark, Sue Barton, Polly Barrow, and Glyds Grimsley.

Home Ec Club Annual Xmas Sale Begins This Morning

The annual Christmas sale of the Home Economics club will begin this morning at nine o'clock in the home economics building.

Unusual Mexican glass will be featured. Jars, vases, pitchers, and dishes in amethyst, green, and blue are on display. The price will range from twenty cents to \$3.

Mountain handcraft pottery from Justin, North Carolina in turquoise, blue, and green are also for sale.

Russian toys, brass, and India prints are to be sold. The India prints are made into wall hangings, table covers, and bed spreads. Proceeds will go to the Margaret W. Weeks loan fund.

Students Visit During Holidays

During the Thanksgiving holidays, many Tech students joined their families in their respective homes, while others stayed in Lubbock and were joined by ex-students to par-

ticipate in the holiday social affairs.

Van Earl Sams, senior student, spent the holidays with his parents in Benjamin, Texas.

Miss Mary Lois Gamel, teacher in Lovington, New Mexico, visited her parents, Mr. and Mrs. J. W. Gamel of Lubbock.

Miss Evelyn Price, Waco, has been the guest of Miss Dorothy Dobbins at College Inn for the past week.

Miss Mary Lee Bardwell visited Miss Cheville Whitehill, former Tech student, in Wichita Falls over the week-end.

Fred Grimes, W. A. Stephens, and A. B. Brown visited friends in Hillsboro.

Miss Mary Earle Lofland visited with relatives in Vernon.

Miss Eleanor Halbert, spent the Thanksgiving holidays with her parents in Plainview.

Miss Lilah Gaye Rodgers, teacher in Bovina schools, visited her parents during Thanksgiving. Miss Rodgers is a 1932 graduate of Tech.

Miss Ann Dohoney, spent the week-end in Amarillo visiting friends.

Miss Elinor Aycock, Rosebud, visited friends in Lubbock.

Miss Kathleen Jennings spent the holidays with her parents in Plainview, Texas.

X-Members Of WA Will Be Entertained On Monday Eve.

Former members of the W. A. A. will be entertained at the gym Monday evening by new members who were initiated Nov. 13. The program for the evening is being planned by Authalia Williams, Red Randolph, and Ruby Beasley.

Special numbers will be presented in the west wing of the building, and then later in the evening the girls will go to the gym floor where games will be played.

YWCA Is Collecting Material For Tablets To Be Given Away

Notebooks, old bluebooks, and pencils are being collected by the Y. W. C. A. cabinet to be sent in Christmas boxes to the Mexican and negro school children. Tablets will be made from the bluebooks.

A box has been placed on Miss Mary DeBardeleben's desk in the third floor hall of the administration building for the pencils. Notebooks and bluebooks may be taken to room 203, the "Y" office.

Personals

Caroline Powell '31 has received an appointment to the Barnes hospital in St. Louis to begin May 1, 1933.

"Look at that Baby roll 'em"

YOU would be astonished too, if you could see this machine that turns out 750 Chesterfields a minute... and every one as near perfect as cigarettes can be made.

But please bear this in mind. It is what happens before the tobacco goes into this machine that matters most. Rolling and packaging are important, but not nearly as important as the selection, blending and treatment of the tobacco.

That's why we keep telling you about the tobaccos used in Chesterfields. They're fine, mild, and pure tobaccos. We tell you about ageing and curing the tobaccos... about blending and cross-blending them... because they are things that count.

Chesterfields are milder. They taste better. Prove it for yourself... Just try a package.

Chesterfield Radio Program—Every night except Sunday, Columbia coast-to-coast Network.

**THEY'RE MILD
THEY TASTE BETTER**
