#### Around Muleshoe

Cindy Purdy, co-owner of Hawkins and Purdy's School of Dance and Gymnastics recently passed qualifying exams for a class IV national gymnastic judging certificate. She is one of only six qualified in the West Texas area.

Mrs. Purdy is now a member of the National Association of Women's Gymnastic Judging and is qualified to judge in the United States Gymnastic Federation meets throughout the state.

Velma M. Davis of Muleshoe will be exhibiting her art work through the month of October in the upstairs display area of the Golden Library on the E.N.M.U. campus at Portales, N.M.

The Richland Hills Baptist Church will feature a special musical group, "Rejoice" from Wayland Baptist College on Sunday, October 3, at 6:30 p.m. The public is invited to come and hear this unusual group.

The Muleshoe Roping Club met Monday evening at the Livestock Barn. Members present voted to discontinue activities and operations until next spring. They also voted to sell livestock belonging to the club and to put the funds in certificates of deposit.

The next meeting will be in March, 1983, when plans

#### Methodists Plan Dinner

The members of the First United Methodist Church are busy making plans for their annual Thanksgiving Dinner. Again this year, as in the past, the dinner will be held on the second Thursday of November. This year the date is November 11th.

As always the menu will include the traditional Thanksgiving treats: Turkey and dressing, sweet potatoes, green beans, tossed salad, homemade pie, bread, and tea or coffee.

Begin to watch now for more details, but go ahead and mark your calendars now for a taste tingling turkey treat on November 11th!

GARCIA TOUCHDOWN-----#81 Hector Garcia took a Gonzales handoff on the five yard line and galloped across the goal line for the Mules first TD against the Morton Indians Friday night in Morton. Final score was Mules 27, Indians 14.

Becoming inspired, fired up ball players in the second quarter of the Friday night annual battle against the always tough Morton Indians, the Mules wound up the game scoring three touchdowns in the fourth quarter bringing the Indians to heel and breaking a 6-6 tie which had held since early in the first quarter.

Morton's first break came early in the second quarter, when Travis Patton, 140 running back intercepted a Gonzales pass thrown out in the flats and shot over the goal line for the TD. The PAT try by Johnson was not good. The second break for the Indians came in the last 30 seconds of the ballgame, when their quarterback, Donald Kuehler threw a screen pass to Bobby Lewis high into the air on the fourth down play. The Indians then took it over for the two point conversion bringing their total scoring to 14 points.

Both teams were beset by penalties, execution mistakes and missing assignments. However, the Mules held their own, with Paez taking the opening kickoff and bringing it back to the 24 yard line where the Mules started a drive, that ended with them having to punt, after eight plays, that was killed on the Indians 31 yard line by Flowers.

Morton's next series led to them having to punt. On the Mules next possession Orozco was stopped cold, gaining about four yards on each play until the Mules got to the 50 where after a snap to Gonzales, he was sacked on the 40 yard line of the Mules leaving them to punt the ball away again. In the Indians next series, with 5:05 left in the first quarter, Kuehler got a punt off that was fumbled and then picked up again by Darin Shaw. Shaw had some good plays in the game and proved to be handy, if still a little green.

The next three or four series of plays went back and forth between them, then rampaging Indians

and the Mules, until early in the second quarter the Indians made their first scoring play with the pass interception.

The Mules took the ball on their own 20 after the TD play and held it for a long drive with three first downs earned, only to lose it on a 4-13 situation on the 23 yard line of the Indians with Gonzales being sacked hard. The Indians reclaimed the ball and ended up punting it from the 46 and it was picked up by a Mule who brought it back to the 34 yard line. Paez began to move about that time and gained 29 yards on the first play. Another first down 12 yard loss setting the Indians up on a 4th down situation with 45 yards to go where they had to punt. Shaw picked up the punt on the 39 and the next three plays by the Mules, were history, since penalties moved the Mule: finally to the 10 yard line with .02 left in the half, Alvarado attempted a field goal, which went to the east of the goal posts and ended the first half of play.

### Fire Prevention Week Proclaimed October 3-9

In cooperation with the Muleshoe Volunteer Fire Department and the Bailey County Farm Bureau, Judge Glen Williams has proclaimed October 3 - 9, Fire Prevention Week in Bailey County and across the nation, with the theme, "Learn Not To Burn Wherever You Are."

According to Clarence Mason, President of the Bailey County Farm Bureau, fire prevention has special significance to farm and ranch families for the following reasons:

Fires on farms and ranches pose a special threat unlike an urban or city property that has immediate access to a well organized fire department and an

abundance of water. Most farm and ranches are relatively isolated from fire fighting equipment and may lack adequate water for fighting a fire.

Many farms and ranches have the added fire risk brought on by traversing of railroads and roads. Trains cause grass fires as the result of a "hot box". The careless smoking motorist uses the roadway instead of his ash tray to discard his used smoking materials - thus turning valuable farm property into ashes. Vehicles traveling along the roadway on a bare rim create or produce sparks that result in grass fires spreading over many acres of crop and rangeland;

many times destroying valuable structures and equipment.

Though U.S. fire losses amount to approximately \$5 billion annually, the human misery caused by unwanted fires is the most terrible cost. More than 6,000 people die and many more are injured in over \$1,000,000 fires each year.

Farm fire property losses (dwellings, buildings, animals, cotton, hay, grain, supplies, timber, machinery and vehicles) approach an estimated \$300 million annually.

Frequent causes of building fires include electrical faults, smoking and matches, heating and cooking equipment, children playing with matches, open flames and sparks, arson, chimneys and flues, lightning and spontaneous combustion.

#### Stores Check For Tylenol In Muleshoe

With recent national publicity regarding capsules of extra-strength Tylenol containing fatal doses of cyanide, a spot-check of all stores in Muleshoe known or thought to carry the aspirin substitute was made Friday afternoon.

Only Dr. G's and Allsup's reported no capsules of the medicine in stock. Two businesses, West Plains Pharmacy and Serv-all Thriftway reported pulling their entire stock of Tylenol in extra-strength capsules from their shelves for the time being.

Pay and Save, White's Cashway, Town and Country Food, Western Drug and Dameron Drug all reported checking their supplies to see if any of the suspect Tylenol was on their shelves. All reported they did not have any of the suspect lot numbers which are MC-2880 and 1910-MB.

Late Friday, five persons have reported to have died from cyanide poisoning, and several others were in critical condition in hospitals following ingestion of the contaminated drug.

### Mules Cross Country Team Takes First Place

Coach Robert Brandon's Cross Country Boys Varsity won first place at the recent Plainview meet with a total of 33 points. Second went to Boys Ranch with 45, third to Lubbock Roosevelt with 61 and fourth to Floydada with 90 points.

Individual placings were as follows: Tony Luna with a time of 15:10; Aldo Almanza fifth with a time of 15:19; Henry Carrion seventh with a time of 15:21; Martin Mendoza eighth

with a time of 15:36; Tony Rojas tenth with a time of 15:43; Ronnie Logsdon 17th with a time of 16:44; Allen Beasley 19th with a time of 16:54 and Chris Hopkins 21st with a time of 17:05.

The Girls team placed sixth with 135 points. The run two miles. Individual placings for the girls and times for each were as follows: 13th, Teena Sismore, time 13:02; 15th Sylvia Ibarra, time 13:14; 22nd Cont. Page 6, Col. 8

### School Superintendent, Wife, Resign Positions

In an early morning Board of Trustees' meeting of the Muleshoe Independent School Board on September 29, Wednesday, Superintendent Harold Horne and his wife, Carol, resigned from the Muleshoe School System.

In a conversation with the Journal, Horne stressed the fact that the move was entirely due to family situations for both he and Mrs. Horne. Both have elderly parents living near Marble Falls, Texas, where he has accepted a position as superintendent of schools. "We just feel the need to be in the area where our parents are and a definite need has developed for us to be there," Horne explained. "We are not making this move be-

cause of any dissatisfaction with the Muleshoe school or people, it is just

HAROLD HORNE

because we feel that we have to take care of the family problem that is facing us."

Mr. Horne's last day of work will be on January 14, which is a Friday, however, he expects to have his household moved prior to that date. According to the superintendent, the board is now considering replacement candidates, but have not made any commitments at this time. The Horne's have been with the Muleshoe School System for about three years, having come here in March of 1980 from McGregor, Texas.

Horne has been responsible, along with School Board Members for many changes for the better in the MISD, updating departments that were below

### Local Police Have Busy End Of Month

Police activities for the period from September 21 to September 27 were varied and many, keeping officers on the go.

On September 24, Russell Eugene Tunnell was arrested on a charge of public intoxication and disorderly conduct, after officer Detten was called to the Allsup's 7-11 Store regarding his conduct. He was later released on \$205 bond.

Also on Sept. 24, Allsup's employees reported an incident involving indecent exposure, stating that a suspect had entered the store and exposed himself to the clerks.

On September 24, Ramiro Rodriguez was arrested on charges of DWI and transporting alcoholic beverages for resale. While officers Watson and Dickerson were investigating an accident, they came upon the liquor. The suspect refused to answer questions and refused to take the breath test. DPS trooper Kirk also aided in the investigation. Rodriguez was booked into the County jail. Bonds were set at \$265 on the DWI and \$265 for transporting.

Ruben Orozco was arrested on a charge of DWI on September 25, after officers observed him driving erratically on south Main street. He took an intoximeter test which tested .18. He was jailed and later released on \$265 bond.

On September 27, Josephine Marquez Garcey was arrested on a charge of DWI. She failed the breath test and was placed in County jail by officer Watson who investigated the incident. No bond was paid.

On September 25, Jose T. Elezarez, Jr. was arrested on a charge of DWI after officer Watson received a call of someone in a vehicle harrassing a female in another vehicle. The female witness did identify Elezarez as the party doing the harrassing. The suspect was listed as sulen and uncooperative and was arrested and given the breath test. He was jailed pending bond.

Fernando Toscano was arrested on September 25 after officers received a 'fight call' to the Bailey County Coliseum. When

Cont. Page 7 Col. 4

Williamson said to begin with, "If any sector of the County is interested in having a meeting or program giving the details of the 1983 Farm Program, I will be more than happy to oblige. I feel that this is necessary and that it is something that is important to clarify to the producers in our county. We at the ASCS office want to and will help farmers in any way that we can."

The Director emphasized: "I would encourage each and every farmer to participate in these 1983 programs, so that our County farmers will not be caught in the situation we were this year. If we had not lucked out with the disaster payments, we would have been in a really much worse predicament."

Producers are also urged to read their newsletters and keep up with current happenings. According to Black, the disaster program will never again be activated, at least during this administration.

Since 1983 Farm Program officially went into

effect on October 1, 1982, and Secretary of Agriculture John Block's announcement of various 1983 Farm Program provisions, the Journal went to Bailey County ASCS Executive Director, Rusty Williamson for some explanations in plain language on these programs.

As regards the 1983 Cotton Program, there is a 20 percent acreage reduction and a five percent voluntary paid diversion. To get the maximum benefits of this program, a farmer must lay out 25 percent of his base acreage, according to the program outline. If a producer wants to be eligible for loans, deficiency payments, etc., and in compliance with the farm program, he can still lay out just the 20 percent; however, if he wants a paid diversion, he will have to go the additional five percent. The paid diversion will be paid at a rate of 25 cents per pound on the 1982 established yields in the ASCS office, Williamson explained.

According to the director, a producer has from October 1, 1982, until March 31, 1983, to sign up his intentions with regard to the programs. Williamson states that although the local office is not yet geared up to handle a large volume of these diversion requests at this time, some sort of action can be taken if a producer insists.

**When heat and air make the difference**

A crowd gathered in the country square, curious to see the large, strange-looking contraption of paper and cloth. The on-lookers laughed at Joseph and Etienne Montgolfier as the two men ignited the pile of straw and rags beneath their invention.

The unbelieving crowd gasped as heated air began to fill out the paper and cloth of the world's first hot-air balloon as it climbed steadily to the then-astounding altitude of about six thousand feet.

As the inventive partners had managed the dynamics of heat and air to give flight to their idea, you and SPS and the High-Efficiency Add-On Heat Pump can make a difference with the everyday management of heat, air and electricity in your home.

When you install a High-Efficiency Add-On Heat Pump you increase the heating efficiency of your existing furnace, and add cooling efficiency next summer. You also qualify for a special electric rate from SPS for seven months of the year. Call us to see what your savings could be.

**The Creative Woman**  
BY SHERYL BORDEN

"The Creative Woman" show begins its new season October 5, on KENW-TV, Portales, with an exciting preview of Simplicity Pattern Company fall fashions, modeled by women from the Roosevelt County area. Viewers will see an award winning collection -- patterns, fabrics, and colors that are eye-catching, scene-stealing, show-stopping! There is virtually no limit to the combinations that can be put together with just a few classic separates.

Joy Best, Extension Home Economist from Portales will discuss with viewers about how to save time and money in making our own homemade cleaning products. Entitled "House-cleaning on a Shoestring", cleaning compounds for a pre-wash spray and an all-weather window cleaner are just two examples of items that can be made at home and ones that will do a comparable job of cleaning. Other cleaning tips will be shared also.

Another exciting topic will be a fall fashion report concerning fashion and jewelry. This special videotape was produced at a special fashion show in Doubles in New York's Sherry Netherland Hotel, and the report features exciting fashions for fall and new cultured pearl jewelry. These topics will be on

October 5, at 12:30 p.m. and repeated on October 9, at 2:00 p.m. On October 7, the topics will include information on putting in shoulder pads and sleeve heads in blazers, protein complementarity ideas and how to make a homemade jewelry cleaner. The show is seen at 12:30 p.m. on October 7, on Channel 3.

Ann Meyer, Education Representative for Pellon Corporation in New York will discuss and illustrate how essential shoulder pads and sleeve heads are in a well-made blazer or jacket. Mrs. Meyer explains, "You see, most of us have a hollow just below the shoulder and shoulder pads fill this out giving a smooth, contoured look to the whole shoulder area. Sleeve heads support and fill out the sleeve cap -- they are a must for a professional look."

Another guest, Beverly Harder, a former home economist with Arrowhead Mills in Hereford, Texas, will talk about protein complementarity ideas. Since amino acids are necessary for muscle and blood formation, protein is especially important in all our diets. But Mrs. Harder will point out ways to incorporate protein in our meals through meat-less dishes, which are still high in protein and much less expen-

**Glowing Dreams**

Spinning out daydreams of a glowing future is a pleasant pastime and a national American hobby. Daydreaming alone though, won't make this world a better place in which to live, won't bring peace among the nations, law and order to the community or harmony to the family. It takes personal decision and personal commitment resulting in real work before any of these dreams can be brought closer to reality.

Only cooperative organized forces can change society. The Church is one of the greatest forces for an orderly, peaceful world. Your active participation is wanted and needed -- Go to Church Sunday and put your shoulder to the wheel with a half-million others who serve one another in love.

**Strake Talk**  
FROM YOUR NEXT LT. GOVERNOR

This may be my last column in this series. We began this column ten weeks ago, hoping it would be a success. And judging from the response of the readers, I would call it an unqualified success. The mail has been very favorable. The columns that drew the most response were those dealing with education of our children, the property tax issue, and the issue of Mr. Hobby raising funds for the ACLU to use in that organization's crusade against prayer in schools and in defense of pornographers.

I have made a point in these columns that Texans need a Lt. Governor who is in touch with the people he is supposed to serve. Mr. Hobby is clearly out of touch with the thinking of Texans, and, in my opinion ought to be retired.

Mr. Hobby's lack of understanding can be illustrated: Texans are overwhelmingly in favor of President Reagan's efforts to transfer power and responsibility back to the states. I agree that Texans can do a better job for Texas than Washington can. Mr. Hobby disagrees. The vast majority of Texans do not believe they ought to be forced to pay for the education of the children of illegal aliens. I have compassion for these children -- but I must confess that I care

more for Texans who are faced with the burden of supporting their own children in hard economic times. Mr. Hobby disagrees. Most Texans think our Right to Work law should be incorporated in the Texas constitution. I agree here, too. But Mr. Hobby disagrees and has fought the effort. The list goes on and on.

The problem with continuing my column is a simple one -- money. We originally budgeted for ten columns, and we have now reached that point in our budget. If we are successful in raising more campaign funds, you are likely to see more columns. I hope so, for this seems to be a good way to get the issues to the people.

These columns are needed. Without them Mr. Hobby will clearly avoid the issues and seek to confuse us with 30-second TV commercials created by his image builders. If you would like to see these columns continue and would like to help in that regard, please send your contribution. If you can't make a contribution, I assure you that your opinion will be equally important. Please write to me at Texans for Strake, 1213 W. 34th, Austin 78705. Let's keep in touch.

### Thrifty Recipe

Best Ever Meat Loaf

- 1 can (10 3/4 ounces) condensed Cream of Mushroom, Golden Mushroom or Tomato Soup
  - 2 pounds ground beef
  - 1/2 cup fine dry bread crumbs
  - 1/3 cup finely chopped onion
  - 1 egg, slightly beaten
  - 1 teaspoon salt
  - 1/3 cup water
- Mix thoroughly 1/2 cup soap, beef, bread crumbs, onion, egg and salt. Shape firmly into loaf (8 x 4 inches); place in shallow baking pan. Bake at 375°F. for 1 hour 15 minutes. In saucepan, blend remaining soup water and 2 to 3 tablespoons drippings. Heat; stir occasionally. Serve with loaf. Makes 6 to 8 servings.

For a Meat Loaf Wellington, prepare loaf as above. Bake at 375°F. for 1 hour. Spoon off fat. Separate 1 package (8 ounces) refrigerated crescent dinner rolls; place crescent cover top and down sides of meat loaf, overlapping slightly. Bake 15 minutes more.

## Farm Program

Cont. from Page 1

Diverted acreage must be devoted to conservation use. There is no cross-compliance nor offsetting compliances in the cotton program, or for that matter in any of the crop programs. "Just because you have cotton planted on one farm, or feed grain; does not mean that you have to have it planted on each farm that you operate," Williamson explained. Each farm and each commodity is handled individually.

The loan rate on cotton SLM-1 1/16 now is 55 cents, which is down about two cents. The target price for cotton in 1983 is 76 cents per 100 pounds.

The USDA estimates about a 12 1/2 cent deficiency payment for the 1983 crop year. The indications, according to the ASCS Executive, would be that the USDA does not expect cotton to get over 63 1/2 cents nationwide. A cotton loan program will again be available in 1983 similar to the ones in 1981-82, etc., according to the ASCS man.

Base acreages for cotton in 1983 will be somewhat different, in that if a farmer participated in the 1982 Farm Program, he will continue to have the same base. If he did not participate in the 1982 programs, he will have an average base of both 1981 and 1982 as shown in the ASCS office for his 1983 acreage base.

The feed grain program announced involves a 20 percent set aside. If a farmer wants to participate in the 1983 Feed Grain Program, he must lay out the entire 20 percent to be in compliance. Ten percent of that 20; however, is to get into the program -- the other 10 percent is a paid diversion. "A farmer must get the entire 20 percent to get into the program participation at any level," says Williamson. There is no choice, as with the cotton set aside. These base notifications have been

compiled for this county and are being mailed out this weekend the Executive Director pointed out. "Most producers will have their new base acreage cards by the first of next week," Williamson stated.

Feed grains are corn and grains sorghum and barley and oats, all of which have combined bases.

Secretary of Agriculture Block, states that the per bushel target prices for 1983 crop feed grains will be: corn \$2.86; sorghum \$2.72, barley \$2.60 and oats \$1.60. CCC price support loans rates per bushel, will be: corn, \$2.65; sorghum, \$2.52; barley, \$2.16; oats, \$1.36 and rye \$2.25. According to Williamson, Bailey County usually runs a little above on the corn prices and about the same on grain sorghums. "We don't deal with the other commodities enough to have exact figures on them," he said.

Diversion payments based on what was done in 1982 are as follows: Corn and grain sorghum \$1.50, Barley \$1.00 and Oats 75 cents.

In regard to payments ASCS office is authorized to make, they are as follows: 1982 disaster payments, 1982 advance deficiency payments on all commodities in the program excepting wheat; and advance payments if a farmer signs intentions into the 1983 farm program. According to the regulations, a producer may request a 50 percent advance of his deficiency and diversion payments. These however, are not made on the spot, there is a period of time involved before they can be made. Also, Williamson cautions, "A farmer must know what he intends to plant of each commodity before he signs into a program. If, further or down the line, the producer decides that he wants to change up his intentions, he will owe back the amount he has been

advance, plus interest, plus an added 5 percent penalty originating from the day the payment was first issued."

"Our main priority at this time is the completion of our disaster payment program. We have mailed out about \$1,300,000, which is less than 10 percent of our total. We had to pull off of these payments to do some required work for statistical information for the farm program, but are now ready to go back to work full tilt on these payments." Williamson stated that he appreciated the patience and help that producers had given by being understanding. "We know that all the farmers are anxious for and need their disaster money, and we are doing the very best we can to get it to them. Our staff has worked a lot of long hours, and a lot of overtime, and each phone call, each visitor, that just wants to know where his money is delays them at least that long. Generally, however, the farmers have been more than cooperative and we fully appreciate that fact. We plan to begin these payments again and stay with our plan of action until we get them all out. We appreciate your help and understanding," Williamson said.

state standards and helping in many other ways.

Mr. and Mrs. Horne's resignation resulted in the hiring of two new personnel. A special education instructor, Ginger Caldwell was hired and Brenda Black was hired as a "Homebound Teacher."

The newly created "homebound instructor," is a first for the MISD and will provide direct home education for children or students who are ill or cannot attend regular classes after the passage of a 20 day period.

was given to the Mules by penalty and on a first and five. Gonzales handed off to Hector Garcia who galloped across the goal line to put the Mules on the board for 6. Alvarado was a little off on his kicking game and the PAT proved no good, leaving the score tied up at 6-6 with less than three minutes left in the half.

After a couple of back and forth possessions, on a first down play on the 41 yard line, Indian quarterback, Kuehler, drew the Indians a 15 yard penalty with an intentional grounding of the ball, then on the next play Coleman dropped the luckless Kuehler for a

### ISD Adopts

### Budget

The Lazbuddie School Board of Trustees has adopted a budget for the 1982-83 school year. Due to the valuation of the district being reduced from 109,510,000 in 1981 to 49,658,652 (approx.) for the 1982 tax year, an increase in the total tax rate from \$.43 per 100 dollar valuation to \$1.08 per \$100 valuation would be needed to cover the 1982-83 school budget.

The amount of revenue to be levied for the 1982-83 budget from taxes is only \$11,569 above the 81-82 budget. This represents only a .022 (2.2%) increase and the school board chose to use about \$40,000 of carryover money and set an estimated tax rate of \$1.00 per \$100 valuation.

The formula for the publishing the notice of public hearing on tax increase does not take into consideration the exemptions that were legislated, which causes the rate of increase we must publish to be unrealistic.

The exemptions and reductions in value may cause some variations in the percentage of increase for the individual taxpayer.

Coming back into the game after the half, the third quarter proved to be pretty much of a repeat of penalties, fumbles and missed assignments interception of a Kuehler pass by Freddie Vela on the 17 yard line. The Mules just couldn't put the drive together however and had to punt with Gonzales letting loose with a 43 yard punt - probably his best of the night. All for naught though, since the Mules just couldn't get a drive going, and neither could the Indians on their next possession. The Mules drew three penalties during the game for clipping behind the carry, which really hurt -- two of these were on touchdowns, one coming when on a 2-8 situation Gonzales took off with the ball from the 34 and went inside the five yard line before he was stopped by the penalty call.

On this same drive, a big pass play to Paez was called back by a holding penalty. On the next play, a long pass from Gonzales to Shaw was ruled incomplete when, after catching the ball, it was knocked loose when Shaw hit the ground, which would have been another TD for the Mules, had they completed. With 9:10 left in the fourth quarter on a 1-10 for the Indians, Kuehler fumbled on the 40 yard line when Thurman Coleman got in a big hit, tackling him as he attempted to handoff.

With the Mules in possession on the 36 yard line, they begin to fire, with Orozco and Paez along with Hamilton picking up yardage and finally a Gonzales handoff to Hamilton who followed Zeke Contreras across the goal line, and breaking the tied-up game with a two point conversion by Shaw, setting the Mules up 14 over the Indians 6.

On the next series, Alvarado, who is usually on target with his kicking game, had to rekick about

three times finally getting off an acceptable one which was picked up by Patton on the 12 and brought to the 29 yard line. Kuehler again fumbled on a first and ten and Gonzales came up with the football for the Mules.

With 5:05 left in the last half, a long drive ended with a Gonzales handoff to Paez who sailed across the goal line with super blocking all the way. This seemed to be the actual turning point for the Mules as even Shaw did a little cheerleading on the field seemingly telling the squad, "let's get 'em guys." Alvarado's PAT was good and put the Mules in front with 21 to the Indians lone 6. On the next series, the Indians lost the ball again with Leroy Hurtado, #46, for the Mules intercepting a Kuehler pass. Vela again had a good tackle on this series. The interception set

up another scoring drive for the Mules with Paez and Orozco plugging away at yardage bringing the Mules up to a 3-6 on the 11 yard line of the Indians, where Orozco took a pitch-out from Gonzales and scrambled across the goal line for another Mule touch down. The PAT was not good and the Mules took another step in the lead with 27 to Morton's 6. Contreras was down on the play but left under his own steam. About that time or a little before, some Mules began to see action as Williams started putting in backup players, like Eddie Flowers and Mike Foss who both got some good tackling in. Darin Bratcher also put in a sack in the Indian's quarterback. However, in that same series came the second Indian TD with the Kuehler screen pass to Lewis, which put

the score to Mules 27-Indians 14, as their try for the two point conversion was good.

After the scoring play, an onside kick by the Indians, gave the Mules the ball on the 49 yard line, where play ended after the first play with Gonzales falling on the ball as the whistle blew.

they arrived, there was no fight going on, but there had been one. Toscano was arrested on a public intoxication charge and later released after paying a \$75 bond.

On September 27, Joaquin Garcia Dominguez was arrested on charges of DWI and speeding. The suspect was clocked at 73 MPH in a 40 zone. He was stopped and given a citation for the violation and at that time it was discovered that he was intoxicated as well. He was given a breath test. He was later released on bonds: \$75 to city and \$265 to county.

Leonardo Camarena was arrested on September 25 on aggravated assault. Officers were dispatched to a dance at the Civic Center and after investigation, found that the suspect had been cut with a beer bottle. He was arrested on a charge of public intoxication.

On September 22, Arthur Wiley Speers was arrested on a charge of disorderly conduct at an address on South First Street. He was transported to the SO and placed in County jail awaiting a session with the Judge. He was later transported to Plainview MH

# Rotary Hears Report On Local Hospital

The Muleshoe Rotary Club met Tuesday, at noon for their regular weekly meeting with Larry Calvert, Hospital Administrator as special guest speaker. Calvert gave a report on the condition of the hospital regarding bills, doctors, and payroll, stating that the hospital had a payroll of

over \$1,000,000 per year. "Our biggest problem now is with the collection of bills," Calvert stated, "and, since we are a non-profit organization, unpaid bills really hurt us."

The administrator indicated that the Hospital Board was considering the addition of 20-25 additional beds in the future, since the occupancy of the hospital is nearly always to capacity. He estimated that approximately 30-35 percent of the patients are out of town patients or from surrounding communities. "Something that has really taken a load off our regular doctors, is the fact that we now have a doctor from the air force base (Reese) who comes in and handles the emergency room calls on weekends."

Calvert stated that five regular doctors are now staffed at the hospital and approximately 135-150 total hospital employees are on the payroll.

Paul Wilbanks was responsible for bringing the program. A report was given by members on the fair held last week end and Harvey Bass reported 23 commercial booths. Bass stated that about 200 people turned out on Friday, but that Saturday was the biggest day, which the head count

was around 500. The fair was co-sponsored by the Bailey County Extension Service and the Rotary Club this year and proved to be the most successful fair with more entries than any other before.

The possibility of another wrestling project was discussed and it was reported that Nick Roberts, promoter, had been approached and indicated that October 27 or 28, Thursday or Friday, could be used for the Muleshoe dates.

Two new members were installed into the Rotary Club, by Vice President, Max King, in the absence of the president. The new members are Lonnie Adrian, photographer, and Dub McMeans, who works with the hospital.

Out of town guests for the meeting included: Stan Kelman from Oklahoma City, Larry Calvert, Dewayne Homer and Johnny Atkinson from Farwell, Rusty Wilkerson of Lubbock and Terry Field.

A Rotary Club Board meeting is scheduled sometime next week to discuss the erection of a sign which would indicate to highway travelers that there is a Rotary Club in Muleshoe. The possibility of including other clubs on this sign was mentioned.

## Three Area Men Listed 'Outstanding Young Men Of America'

The Board of Advisors for the Outstanding Young Men of America Awards Program announced today that three area men have been selected for inclusion in the 1982 edition of OUTSTANDING YOUNG MEN OF AMERICA. They are:

Mark Keiven Edwards, Eddie Mac Hodges, and Perry Baker Hall.

These men were selected from nominations received from Senators, Congressmen, Governors, Mayors, State Legislators, University and College Presidents and Deans, as well as, various civic groups, including the United States Jaycees which also endorses the Outstanding Young Men of America program.

In every community, there are young men working diligently to make their cities, as well as their country, better places in which to live. These men, having distinguished themselves in one or more fields of endeavor, are outstanding and deserve to be recognized for their achievements. The criteria for selection include a man's voluntary service to community, professional leadership, academic achievement, business advancement, cultural accomplishments and civic and political participation.

The men listed, along with fellow Outstanding Young Men throughout North America will be featured in this prestigious annual awards publication.

Our Board of Advisors and Editors salute all chosen as Outstanding Young Men of America. We take great pride in bringing their accomplishments to the attention of the American public.

## Harvest Festival Scheduled

The girls from Muleshoe placed 6th at the Plainview meet. They had 135 points. Teena Sisemore placed 13th, Sylvia Ibarra placed 15th, Brenda Ellis placed 22nd, Janna Wuerflein placed 38th, and Shelley Sain placed 47th.

Due to conflicting dates and inability to reserve the Civic Center, the Fine Arts Boosters will not have their annual Halloween Carnival this year.

The next cross country meet will be held October 9, at Amarillo. Congratulations to the cross country teams!!!

Instead they will have a "Harvest Festival" on Saturday, November 6, from 6 to 10 p.m. in the Bailey County Civic Center.

All the usual booths will be available to all organizations at a charge of \$25.00 each for the night, with all proceeds going to benefit the students of Fine Arts. At 9 p.m., the Boosters will crown the Harvest Queen and the Harvest Princess and their escorts. The candidates will be chosen as was the Halloween Queen last year and votes will be counted in the same manner at 1 cent a vote.

MHS FLAG CORPS...Front row (L to R) Caryn Durben, Tammy Graham, Debbie Pugh, Isela Nunez, Elpidia Nunez, Penny Bastardo, Beatrice Garcia, and Martha Flores. Back row (L to R) Joey Gabbert, Melissa Wagnon, Debbie Gustin, Karen Kelton, Zanna Huckaby, Michelle Berry, Caice Hendricks, and June Perez.

## Army Announces Plan For Graduates

The Army is willing to wait for high school graduates. According to Lieutenant Colonel Robert C. Karlseng, commander of Army recruiting activities in New Mexico and West Texas, the Army doesn't mind being put on hold by young men and women who make a commitment to join, but want to finish high school first.

two-year enlistment, or \$20,100 for three years. The fund combines qualified soldiers' savings with government matching funds and Army supplements.

"It's probably the most convenient way to sign up for training anywhere in the world," Karlseng said. "We call it the Delayed Entry Program (DEP). It lets students plan their futures without interfering with their present."

"Choice of location can allow a person to travel to West Germany or, if he prefers to remain close to home," Karlseng said. "As for training, we give him the opportunity, if he qualifies, to be trained in his choice of over 300 skills. Many of those skills can be used in the civilian job market too."

DEP works basically like this: Students sign up now, even if they are still in school, and they get to choose either the skill training they want to learn or the first place they would like to be stationed. An Army guidance counselor will work out a suitable date for each student to report for duty after graduation.

Delayed Entry gives students the chance to get their high school diplomas, the foundation for almost every opportunity. They can enjoy their senior year, knowing they have planned for the future.

College is still very much in the picture. Through the Army College Fund, Army personnel can accumulate up to \$15,200 in a short

In a related story, Mr. Ben Gramling, high school counselor announced this week that the Armed Forces Vocational Aptitude test will be given to all interested students on October 21st. The test will be given after school and will last from 3:30 to approximately 6:15 p.m. Students wishing to take this test should sign up on the sheet in the principal's office, and take one of the booklets explaining the test. Mr. Gramling will be happy to answer any questions concerning this test.

## Seniors Plan October 8 Supper

Members of the Senior class are putting together a pre-game supper for the October 8, district game between Mules and Abernathy's Antelopes. It promises to be one of the best senior suppers ever!

## Flag Corps Hard At Work

This year an added tribute to the Mighty M Band is the flag corps made up of 14 girls. They are really working hard on their drills to make the half time show a success.

There are two seniors in the corp this year. Martha Flores is the 17 year old daughter of Mr. Hector Flores. Her activities include Flag Corps captain and Art Club Parliamentarian. Martha's comments were, "I think that this year is going very well for the Flag Corp. We need to try a bit harder so that we can achieve our goals." June Perez commented, "I

think the Flag Corps is a very fun event. I encourage every girl to join." June is the 18 year old daughter of Mr. and Mrs. Andy Perez. Her activities are volleyball and Flag corps.

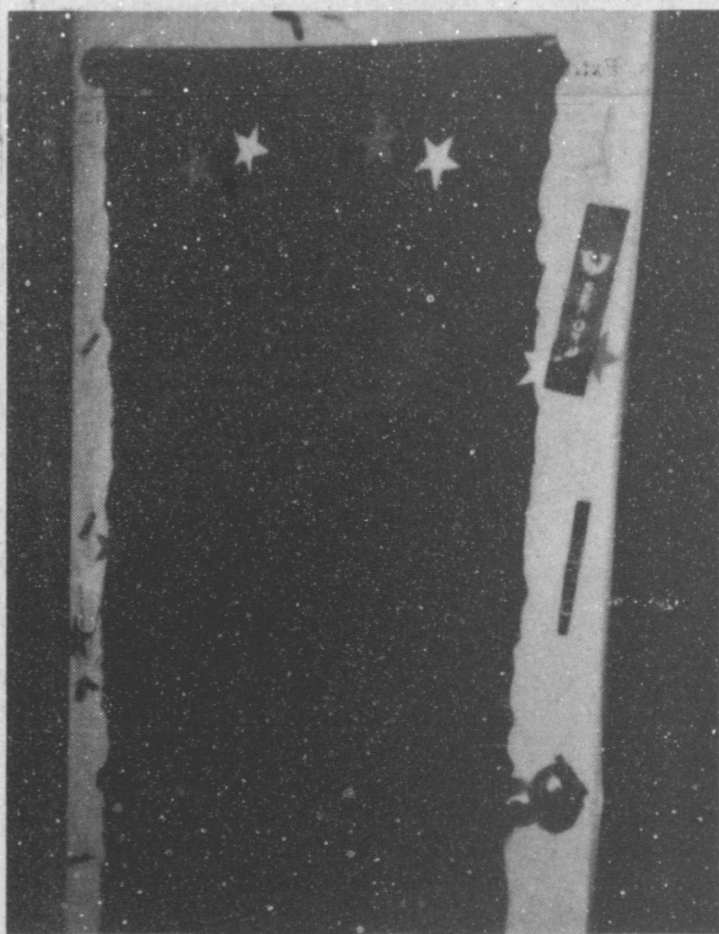

There are three juniors that make up the corps. Melissa Wagnon commented, "I hope everyone has a great year and we win at contest." Melissa is the 16 year old daughter of Mr. and Mrs. W.B. Wagnon, Jr. She is involved in Band, Speech, FHA, and FTA. Elpidia Nunez is the 17 year old daughter of Manuel and Lidia Nunez. She commented, "I think it is a great pleasure to be in the corps and I know that with everyone working hard we will get better." Debbie

## FCA Meal Held On 24th

Friday, September 24th, there was an F.C.A. breakfast. It was held at the Assembly of God Church at 7:15. Scrambled eggs, bacon, and biscuits and gravy were served to the members. Brother Rich gave a short devotional to conclude the meeting. Everyone is welcome to come to the next breakfast which will be Friday morning, October 8th. The dues this year are \$7.00. These need to be paid to Darin Bratcher.

## Sophomores Have Float

The sophomore class at MHS decided to get into the Homecoming action. A float was made with the theme of, "What it all boils down to, the Mules will eat Wildcat stew!"

MULE PREAMBLE...Second Place door was the "Mule Preamble" modeled after the Preamble to the Constitution. This was done by Mrs. Allison's Civics classes who are currently memorizing the Preamble to the Constitution in class.

Class officers & friends gathered at Polly Harrison's house to work on the float. The Sophomores would like to thank Jerry & Dianne Harrison for having them at their house!!

Pugh, another Junior member of the corps, is the 16 year old daughter of Mr. and Mrs. Mike Pugh.

daughter of Lyndon and Linda Huckaby, and she is active in Band and President of 4-H. Her comments were, "I think we can be a great flag team as long as we work hard and can communicate."

Two sophomores are also active in the corps. Tammy Graham is the 16 year old daughter of Charles and Connie Haight. She participates in Band and athletics. Joy Gabbert, the other sophomore member, commented, "this is my first year in flags and I really enjoy it." Joy is the daughter of Joyce Campbell. She is very active in band this year.

The Mule's Tale Staff would like to wish these girls a year of success during the halftime show and at contest!

There are six freshman girls who make up the corp this year. Caryn Durben is the 14 year old daughter of Mike and Margaret Durben. Her activities include Band and FHA. Penny Bastardo is the 15 year old daughter of Mr. and Mrs. Robert Bastardo. She commented, "It has been a fun year so far. I still think we need to try harder, but I think we will get there." Beatriz Garcia is the 14 year old daughter of Acension Garcia. Her activities include Band, Basketball, and Track. Iselia Nunez, another freshman member, is the 15 year old daughter of Mr. and Mrs. Manuel Nunez. Caice Hendrix is involved in athletics and takes flute lessons. Her parents are Alton and Elaine Parker. Zanna Huckaby is the 14 year old

## Juniors Report On Mum Sales

Thirty-five Junior class members volunteered to sell mums for homecoming this year. The top six salesmen sold over \$150.00 worth each. They were Jeff Hamilton, Kacy Henry, Brenda Flowers, Ronald Briggs, Melissa Wilbanks, and Jason Scoggin. Members of the class worked on Monday, September 20th through Wednesday, Sept. 22nd, after school and at night to help Decorators make the 234 mums that were sold. Everyone seemed pleased with the results and the Junior Class would like to thank those people who purchased a mum from them. They appreciate the support from the community and are currently making plans for their second major money - making project, the turkey and dressing supper on October 29th before the Mules vs. Friona, football game.

## SIX WEEKS ENDS

The first six weeks period ends Friday, October 1st and report cards will go out to students on Wednesday, October 6th. The first day of the second six weeks is Monday, October 4th.

## JV & Frosh Fall To Idalou

The J.V. suffered a 0-30 setback last Thursday at Idalou. Mistakes were costly as the Mules threw three interceptions and fumbled the ball twice. Both teams had a few long drives but the Mules just couldn't seem to put it in the Endzone.

The Freshman were downed by Idalou 6-16 last Thursday. The halftime score was 0-0 but Idalou came out in the second half and began to move the ball. The Mules played a good hard game but just couldn't seem to get moving. The Mule's Tale staff wishes both teams the best of luck next week.

## Closing Loopholes In Your Will

Benjamin Franklin once said that death and taxes are inevitable. While this may be true, it doesn't mean that we shouldn't prepare.

If you don't have a will, have one drawn up. If you don't have a lawyer, the referral department of the local Bar Association will give you the name of one. If you already have a will, make sure it's up-to-date. Circumstances that may affect your will, say the people at Colonial Penn. Insurance Group, are: a move to another state, a change in your financial status, or a marriage, birth, death or divorce.

"Never put off till tomorrow what you can do today after tomorrow just as well." Mark Twain
