TEXAS TECH

LUBBOCK, TEXAS, THURSDAY, MARCH 31, 1932

NUMBER 25

Cecil Horne Is To Preside At Press Meeting

Delegates From Thirteen Member Colleges To Be Present; Responsibility Of Press To Be Discussed

Is Annual Event

Tech Members To Leave April 7; Class Absences Will Be Excused; Delegates To Be Guest Of Belton People

Cecil Horne, director of journalism in Tech and vice president of the Southwestern Journalism Congress, will preside at the sixth annual meeting to be held at Baylor college, Belton, Texas, April 8-9.

Students and teachers attending this meeting will leave for Belton Thursday morning, April 7. All students attending will be excused from classes and will be allowed to make their work up.

The women student delegates will be guests of Baylor girls in the dormitories. Men student delegates will be the guests of Belton citizens.

13 Schools Represented

Delegates from the thirteen member colleges and universities including, Baylor college, Tulane university, Baylor university, Louisiana State university, College of Industrial Arts, Saint Edwards university, Southern Methodist university, Texas A. & M. college, Trinity university, University of Texas, Texas Christian university, and Texas Technological college, are expected to attend this meeting.

Among those who will attend this meeting as speakers are: Marcellus E. Foster, Houston Press; John King, Dallas News; Sam B. Harben, Texas Press Association; Bess Whitehead Scott, Houston Post; and Fred Dyc of the Associated Press.

Jack Estes of the Dallas News will speak on the subject "If I Were Seeking a Job" at the student press club round-table discussion which will be held Saturday afternoon.

Picnic Planned

Theta Sigma Phi, national honorary journalistic fraternity, will have charge of the social activities of the congress. A picnic, reception, and a "Scoop" will be planned for the last night.

The Tech Journalism students will stop in Fort Worth on their return home Sunday and go through the Star Telegram building.

The Journalism Congress will meet at Texas Tech next spring.

Play Tourney Will Be Here

Miss Annah Jo Pendleton Is Director Of Play Tournament To Be Staged Here Tomorrow By High Schools

The Fifth Annual Interscholastic league play tournament will be held in the campus playhouse, room 202 of the administration building tomorrow. College students and town people may attend the performances for 25 cents each.

Guarantee fees had been received from 12 schools the first of the week. The judges will pick an entire winning cast from them which will compete again in Abilene in a few weeks.

This year the college will offer a scholarship to the boy and girl adjudged the best actors in all the plays. It will be good for the year 1932-1933 only. The winners do not have to be members of the winning cast.

The contestants will be scored largely on their choice of a play. The following are the entrants and their plays: Lamesa, "The Vaillant"; Hart Camp, "Dave"; Meadow, "Sham"; Carlisle, "The End of the Trail"; Slaton, "Mission of God"; Whittharal, "The Singapore Spider"; Brownfield, "Pearls"; Lubbock, "The Gallagher Gate"; Levelland, "The China Pig"; Post, "Broad". Littlefield's play has not yet been named.

GARLIN ORGANIZES CLASS

Professor R. E. Garlin organized an extension class in "Advanced Educational Psychology" at Crosbyton last Tuesday night. The enrollment is made up of 20 teachers of Dickens county and Crosbyton.

SCHOLARSHIP NOTICE

All persons competing in the speech scholarship contest must meet Miss Ruth Pirtle in room 202 of the administration building this afternoon. It was announced Tuesday. They include both boy and girl debaters, and dramatic, oratorical, and interpretive reading contestants.

Geology Students Plan Field Trip

Students in geology 133 under Dr. L. T. Patton, head of the department, will make a field trip to Blanco canyon east of Crosbyton Saturday. There they will make a study of formations. Members of the group also will study formations near Dickens City.

The trip will be made in the geology bus. Students will leave early Saturday morning, returning late that afternoon. This trip will count as two regular laboratory periods. Dr. Patton took his class on a field trip to Buffalo Springs in the winter term.

Tech "Civils" Meet Tuesday Night To Elect New Officers

The Texas Tech "civils" society will meet next Tuesday night at 7:30 o'clock in the engineering auditorium. Important plans for the coming engineering show will be discussed and committees appointed. All of next year's officers will be elected, according to Bernard Dean, the present president.

Doris Kenyon Will Appear Here Tuesday

Final Number Of Tech's 1931-32 Artist Course Numbers Will Be Presented In High School Auditorium

"Lyric Silhouettes" is the title for the costume and musical program to be offered in the high school auditorium here on next Tuesday night. The concluding number on the artist course series of the year, Doris Kenyon, who in private life is Mrs. Milton Sills, movie actress and singer, will make up the program which promises a wide range of delicately-etched characterizations presented in half-dozen or more foreign languages and dialects.

Miss Kenyon has planned her own costumes, which constitute a high note to the colorful evening's performance, since they portray typical national dress and period attire. She has made a technical and painstaking preparation in the arts of music, dramatic mime, and costume research and design, and is rapidly becoming established as one of the outstanding newcomers to the American concert stage. Her program includes "Colombetta," "Jean Bete," and "That Soothin' Song," which pictures early Southern maid of the tight-fitting waist and Harlem belle skirt.

Has Completed Production

The artist has just completed a film production in Hollywood, and is now under the management of Charles L. Wagner, Fifth Avenue, New York, who is sponsoring the stage tours that take in the leading theatres and universities of the country. One of her most brilliant successes was in her initial program at the Avon theatre, New York, last October.

The program is of a type offering a universal appeal, and the actress has been praised as the most extraordinary entertainer in America today. Professor Dodd, Clark university, says of Miss Kenyon, "Her performance was stupendous and regal. It was colorful, varied and dramatic and her charm carried across the footlights to the very last row in our theatre."

Choral Club Works On Special Program

The choral club is completing work on the Scotia, combination of Scotch songs, to be presented in the early part of May, carrying out the theme of Burns' birthday. The program consists of orchestra, chorus, and solos in a unique combination arranged and set to music by Prof. W. R. Wagborne of the music department.

The organization will also have charge of the music for the graduation exercises in June, which will include a Latin chorus, and the well-known Beethoven hymn. An urge has been made for male voices, according to Mr. Wagborne, director of the choral work.

Only Two Students In Hospital Now

There are only two Tech students confined in the West Texas hospital in Lubbock. Helen Settle, who has been here for two weeks, and Mary Earle Loffland, who is suffering from complications of the flu. T. B. Course was released Monday afternoon. He has been there for the past week.

All-College Saturday There will be an all-college dance Saturday night in the Tech gym at 9:30 o'clock. There will be no change in the price. Stag bids will be \$1 and date bids will be 75 cents. Largest-perc orchestra from Plainview will furnish the music.

Engineer Show Plans Nearing Consummation

C E's To Present Hoover Dam Model; Architects To Paint Studio Walls; Tesla Coil To Be Exhibited

Tricks Planned

Olaf Lodal Is Show Manager; Is Last Event Given By The Engineering School; Senior Students Are In Charge

Tentative plans for Tech's fourth annual engineering show April 15, and 16, are almost completed and a full program will be available soon, according to Bernard Dean, publicity manager.

In addition to the features of the preceding years, the C. E.'s will present a model of the Hoover Dam. The architects are painting all the walls of the architectural studios, which is one of the added features this year. Everett Fairchild of Plainview is doing most of the work.

The Tesla coil, which was demonstrated last year, will be exhibited again. It has been improved and a greater proficiency is predicted by the electrical engineers. Besides the features that will be given by the electrical department, stunts and tricks will be provided at intervals, states Olaf Lodal, the manager.

The engineering show is the third and last event given by the engineers each year. The events are sponsored by the engineering faculty members; however this year's show is being supervised by senior engineers only.

Prof. H. F. Godeke Lectures On Combustion Engineering

Prof. H. F. Godeke of the mechanical department lectured on "Combustion Engineering" to the A. S. M. E. members Monday night in the engineering auditorium. The mechanical engineering department exhibit in the engineering show was discussed and a tentative program was outlined, according to Lou Edwards, society head.

Irene Jackson, president of the Double Key society and home economics senior, has been ill with the flu the past few days. Maetta Mounts is substituting this week in her practice teaching classes.

Politics Are Warming Up

Several Candidates Looking Wistfully At Various Offices On Campus; Elections For Offices Will Be In May

Lamesa Defends Title

Lamesa High school will send its newly elected officers this year to defend their titles at the annual Tech relay carnival. Prizes valued at \$387.55 will be awarded first, second, third and fourth place winners in each event. Backed by the Lubbock Chamber of Commerce and Board of City Development, the relays will be held at the public and free of entrance fees for entering teams.

Deadline for entries has been established as April 5, and the promoters have requested that all track coaches whose teams plan to enter the meet file entries with Coach Smith at Texas Tech immediately.

Politics will soon get hot on the Tech campus.

With several students casting wistful looks at the various elective offices on the campus, local drug store owners already report an increase in the sale of their two-for-nickel cigars. All elections for student officers will be held sometime in May, as indicated by the student constitution.

It is probable that the elections of the editors of The Toreador and La Ventana, and business manager of the two publications will be elected by secret ballot. Election of the student president, vice president, secretary and representative to the Athletic council will be held at a special convocation at the college gymnasium. Although no definite plans have been made by the student council, it is probable that a deadline for filing names for the candidates will announce soon.

Requirements for a student to meet in order to run for an office vary with the office sought. A student wishing to run for either editor or business manager of either The Toreador or La Ventana, however, must present to the Student council a petition bearing the names of 50 students of the college. Certain other requirements must also be met.

Salary for the editor of The Toreador is \$35 per month, while the editor of La Ventana draws \$30 per month. Business managers of the two publications get 15 per cent of the advertising funds. Many clubs and other organizations on the campus have either already elected officers for next year, or are preparing to do so. Practically every organization on the campus selects its officers for the ensuing year during the spring term.

Scarlet Scavenger Will Go On Sale Friday Morning

Do You Shave, Brush Your Teeth Or Wash? Call For Your Free Sample

Men students in the college who shave, use soap, brush their teeth or use perfume, may get a sample box of toilet articles, containing two tubes of shaving cream, one tube of tooth paste and a small bottle of aftershave, by signing at the booth in the east rotunda of the administration building today.

A well known manufacturing company has sent to The Toreador several hundred boxes of these toilet samples, assigning to the staff members the task of delivering them to the several hundred men students of the college.

These samples will be available at the desk in the east rotunda as long as they last. Each man student in Tech is asked to call at the desk for his sample.

Second Annual Tech Relays To Be Held On Matador Field Next April 9; Ten Events On Docket

Prizes Valued At \$387 To Be Given To Winners Of First Three Places; Entry Deadline Is April 5

One of the largest fields and some of the outstanding cinder paths men of at least three states are expected to face the barriers here Saturday, April 9, at the second annual Texas Tech High School Relays. More than 325 athletes representing forty high and rural schools of Texas and New Mexico took part in the first carnival a year ago.

Head Coach P. W. Cavthon and Assistant Russell T. "Dutchy" Smith have made elaborate plans for the second running of the relays, basing their beliefs in a huge field because of the temporary suspension of the Texas and S. M. T. relays. All high school, prep school and academies are eligible to compete in the tournament, eligibility rules conforming to recognized standings required by scholastic high schools.

Four special events and six relay races constitute the program for the second annual Tech relay carnival. Prizes valued at \$387.55 will be awarded first, second, third and fourth place winners in each event. Backed by the Lubbock Chamber of Commerce and Board of City Development, the relays will be held at the public and free of entrance fees for entering teams.

Deadline for entries has been established as April 5, and the promoters have requested that all track coaches whose teams plan to enter the meet file entries with Coach Smith at Texas Tech immediately.

Scandalous Magazine Will Contain 20 Pages

A 20-page magazine, all dressed up in a scarlet cover and containing all the low down on Tech and Lubbock people, will go on sale tomorrow morning at 8 o'clock.

It has been the custom for the past several years for The Toreador to sponsor an April fool publication, but this is the first year it has been prepared in magazine form. All ads in the magazine are written in ballyhoo style.

Salesmen will be stationed on various parts of the campus and in the city armed with magazines early tomorrow (Friday) morning.

Editors of the magazine have indicated that it will not contain one word of the truth, but will contain plenty of scandalous stories. Most of the material was written by members of regular Toreador staff, although some of it was contributed by various students in the college.

Post Is High In Vocational Judging Event

Three Post Men Are High In Individual Contests; Contest In Seventh To Be Held By Texas Tech

The seventh annual vocational judging contest at Texas Tech closed Monday with Post winning the sweepstake award. The banner was won on the quality of work in the livestock contest, and the poultry judging contest. In addition, three Post men were high individuals in their contests; namely, Payne, poultry, Call, livestock, and Thomas, plant production.

The winners of the five separate contests are as follows: Plant production—grain sorghum; team, Breckenridge; individual, Banner, Farwell; cereal grains, team, Breckenridge; individual, Payne, Call, livestock, and Hugh, Breckenridge; cotton; team, Breckenridge; individual, Cope, Breckenridge; plant propagation, team, Post; individual, Cook, Post; and the special grain contest was won by Post.

Farm shop—Breckenridge high. Soldering, team, Breckenridge; individual, Wray, Breckenridge; rafter cutting, team, Breckenridge; individual, Kohler, Harold; saw filing, team, Roby; individual, Montague, Silbert; concrete, team, McLean; individual, Enyles, Plainview; and hardware identification, team, Tahoka; individual, Parkhurst, Breckenridge; and Kemp, Tahoka (tie).

Poultry—Examination, team, McLean, individual, Cloyd, Hereford, and Billingslea, McLean (tie); eggs, team, Seagraves; individual, Garretts, Shevlin, Tullis, hog; team, Post; individual, Muller, Dalhart; horses, team, Post; individual, Call, Post; sheep, team, White Deer; individual, Bertrand, White Deer.

Rails High In Dairy Cattle

Holsteins, team, Rails; individual, Bloodworth, Colorado; Jerseys, team, Rails; individual, Hampton.

(Continued on Page 4)

Douglas Booth To Speak Here

English Traveler, Writer And Lecturer Will Be Here On April 7; Is Making Lecture Tour

C. Douglas Booth, English traveler writer, and lecturer is scheduled to speak here April 7 on the subject of the "Balkins," where he has for seven years devoted an extensive research to the study of political and economic problems and conditions. Under the auspices of the International Relations club, he is to visit Tech preceding the West Texas-New Mexico conference to which the local organization will send several representatives on April 8-9.

The lecture tour, which Booth is now making throughout the universities of the country, is his third visit to the United States. He has traveled and resided in numerous European countries including: Morocco, Egypt, Rhodes, Patmos, Athens, and Belgrade; and is a member of the Royal Institute of International Affairs in England to which he fortnightly submits reports on his findings.

Among his literary works that are outstanding in the United States, is a book on "Italy's Agrarian Possessions," and he has a series of articles written for the American Peace Society of Washington, D. C., and published in the "Advocate of Peace".

Year's Enrollment Announced As 2,136

Total enrollment for the year reached 2,136 this week, according to E. L. Dobney, registrar. It is probable that only a few more students will enroll this school year.

A record of the number of students actually enrolled in the college could not be obtained. It is known, however, that several students who were here in the spring did not return for this term. On the other hand, many new students are in Tech this quarter.

Grade books were issued from the registrar's office Tuesday afternoon and yesterday.

Foods Class Will Serve Meal Here

The foods class of Maetta Mounts, senior home economics major who is doing practice teaching in the Lubbock high school, will serve the noon meal at the district meeting of high school home economics clubs Saturday.

The programs will be held at the local high school, and the College home economics faculty is to attend.

35c per column inch by insertion

Subscription covered by Student Activity Fee. By subscription \$1.50 per school year.

DIRTY—YET CLEAN

With the idea that most people like to drift away from serious reading matter once each year and see the other side of life, The Toreador staff members have prepared a 20-page magazine which will be on sale tomorrow morning. While it is true the publication will not contain one word of truth, and that it will contain nothing but scandal, the contents will be clean. The Scarlet Scavenger is not to be confused with magazines on sale at news stands which are not very readable in certain audiences.

But instead, The Scarlet Scavenger will contain pages and pages of pure wholesome fun—carrying out those dignified persons on the campus who, one every day except April fool day, have the whip on the ordinary fellow. The editors of the April fool paper feel that this kind of humor will be better appreciated on the Tech campus.

TT

ENROLLMENT KEEPS CLIMBING

Despite existing financial conditions throughout the country, Texas Tech's enrollment keeps climbing. While most schools have suffered a decrease in enrollment during the past two years, Tech has held its own.

It is highly probable that the 1931-32 figures will reach the 2,200 mark by June. And already a record enrollment for the summer sessions is promised.

Texas' youngest educational institution goes on, preparing more than 2000 men and women each year for some occupation in life. Its growth can not be stopped.

TT

GRADUATING SPEAKERS

All over the great western part of the Lone Star state, Tech faculty members will deliver commencement addresses to high school classes this spring. There are several members of the faculty who are especially sought-after each spring.

It might be well for faculty members who will make these addresses to remember that he, as a member of the Tech faculty, will, by his address, have a great deal to do in bringing these graduates to Tech next year or drive them to some other school.

The faculty member who makes excellent impressions on high school graduates will double his value as a faculty member of Texas Technological college.

TT

NOW IS THE TIME

Now is the time to start cramming for the spring term examinations!

If all the causes of failures could be recorded, it is likely that the outstanding reason would be that students are prone to wait until the last two weeks of a term to pass their work. A subject cannot be passed in two weeks and the sooner students find this out the better off they are.

Now is the time to pass your spring term examinations. Don't wait too long. Be wise and study now.

TT

DUE A SEASON TICKET

The Tech employee who is responsible for removal of the rails near the sidewalks on the campus is due a season ticket to the best show in town. Besides relieving pedestrians of the fear of stumbling and breaking their necks, the removal of these rails has added beauty to the campus walks.

TT

Education, like politics, is a rough affair, and every instructor has to shut his eyes and hold his tongue as though he were a priest.—Henry Adams.

TT

A fine woman, like a fortified town—demands a regular siege; and we must even allow her the honors of war, to magnify the greatness of our victory.—Hugh Kelly.

TT

It is entirely possible a "racketeer king" may arise in a few years and control the business of the country.—Rosalie Loew Whitney.

TT

Gossip must often have been likened to the winged insects bearing pollen to the flowers; it fertilizes many a vacuous reverie.—George Meredith.

TT

Most people try everything when they are young except moderation.—D. B. Montague.

TT

Whatever the politics of a country may be, the machine is a communist.—Louis Mumford.

TT

Can there be a more horrible object in existence than an eloquent man not speaking the truth?—Carlyle.

TT

The reason young people do mad and terrible things is that they are bored.—Ernest Thesiger.

TT

Mass production is simply production for the masses.—Edward A. Filene.

TT

Science is merely the skilled use of the mind and the stores of human knowledge about any problem.—Max Eastman.

TT

The bawl of the baseball umpire will soon be heard in the land.

TT

Lets hope that spring will make up its mind to stay.

On Other Campuses

The students of the University of Dayton are assisting in the compilation of the annual report of the city of Dayton. The report covers all the departments of the city and it will give the students experience in that sort of work besides cutting down on the expenses of Dayton.

Texas Christian university is staging a contest to find out who is the ugliest man in T. C. U.

The faculty at Oregon State college have provided funds in an unemployment campaign so that more than two hundred students are able to have part-time employment.

A literary group at Lynchburg college recently held a debate the question of which was, "Resolved: That old maids are of more benefit to society than old bachelors." The decision was a tie.

The University of Washington students are active in national politics, and the democrats have the lead at present.

Freshmen at the University of Minnesota who desire to be "rushed" by a fraternity have to pay a fee of two dollars.

Co-eds at the University of Melbourne (Australia) have included football as a women's major inter-collegiate sport. The men, in order to get even, have taken up knitting as a major conference sport.

Princeton university was left all of an estate, except one million dollars, worth between five million and fifteen million dollars by Paul Guenther, hosiery manufacturer.

A freshman at the University of Alabama recently attempted suicide because he could "wait no longer to learn of death."

At George Washington university, women are induced to try out for debating with the appeal that the appeal that the ability to argue will be advantageous in later years when they are married.—Selected.

Sock And Buskin Meets Wednesday

The first meeting of the Sock and Buskin club for this term will be held Wednesday, instead of Tuesday, evening, April 6, at 7:30 o'clock in room 202 of the ad building. The date of the meeting was changed because the artist course, featuring Doris Kenyon, has been scheduled for April 5.

The one act play, "So's Your Old Antique," directed by Miss Loraine Gable, will be the feature of the evening's program. A business meeting will be held after the play and officers will be elected for the spring term.

Entertainment Committees For Home Ec School Appointed

Program and entertainment committees of the Home Economics club for the rest of the school year have been appointed by the president, Janie Ruth Shepard.

The seniors are to have charge of the April meeting, when "Etiquette" will be discussed. The committee is composed of: Lucille Rice, Gertrude Poole, Lilah Gaye Rodgers, and Rieba Mae Boyles.

In May, the club is to have its annual picnic. The girls in charge of it are: Emma Chapman, Hazel Price, Allethe West, Mrs. N. H. Young, Mary Leidigh, Sallie Jane Clay, Blanche Reeves, Misses Mayline Twyford and Vivian Johnson, home economics instructors, are also on the committee.

Cloris Harris has enrolled in Tech for the spring term after an absence of two years. His home is at McAdoo.

Jack Grundy visited in Quitaque Saturday and Sunday with his girl friend.

STRANGE VISITS HERE
James A. Strange, 1931 graduate who is now connected with an oil company at Tulsa, visited Sunday with friends here. Strange was news editor of The Toreador last year.
A. B. Steen visited in Snyder and Big Spring last week end.

Several new members have been added to the regular staff of The Toreador, it was announced this week Parker Taulman, former member of the reportorial staff, has been elevated to associate editor. Taulman is the first student to hold this position this year, the position having been vacant until this week. Miss Emmajean Douglas has returned to Tech this term after working with The Sayre Headlight at Sayre, Oklahoma, and will hold the position she held last fall, that of woman's editor. Kathleen Jennings, Plainview, also is woman's editor.

Calvin Hazelwood and Lloyd Glover have been named assistant news editors. Bonnie Thomas also is assistant news editor. J. M. Jackson is news editor.

Lorene Childers has been made assistant society editor and will assist Elinor Aycock, society editor. Lyle Holmes is sports editor.

Dr. Carter Explains Growth Of Roman Alphabet To Latin Club

"The Roman alphabet is one of the most important arts, if not the most important, since it is the one most used by us today and is of vital importance in the carrying on of our work," said Dr. Allen L. Carter, head of the English department, in a talk on "The History of the Alphabet" before members of the Latin club at their last meeting.

"The Romans experimented with the crude alphabet in use by the Greeks who surrounded them and put it into such an attractive and convenient form that there has been no need or desire by the people since to rearrange the letters, as was often done prior to this time. "The Romans developed a pleasing effect in the form of their carved letters that has not been brought out by any architect since," further stated Dr. Carter.

In addition to the talk, cuts of the various forms of the alphabet were shown and discussed. The meeting was concluded after a short business session and the singing of the club song.

Misses Mabel Howell, Lula Mae Martin and Faye Kemp, former students, visited here during the week end.

Mysterious Mike Moses Around

MIKE ain't been with you in quite a spell now on account of how the deen lowed he didn't need Mike back in tech this spring. But being as Mike had pretty nigh got his degree, the Deen give over and let him in and here he is with you.

BONNIE THOMAS is the girl what tells everybody that JO JACKSON does all the work on The Toreador.

POLLY BARROW ain't been so happy here of late. I think its on account of the absence of hush. They had 'lection day thuther day at the Key House and they elected JULIE DAVIS the Queen of the Keys—She air a Skeleton Key—I reckon that's what U would call her.

RAY MOORE shore is a handsome feller, least that's what gal down in Fort Worth thinks.

VERNON JONES has got a new suit, of course hit may of been one he carried over from last year but we don't want to discuss that.

BAILEY CARROLL said that he and DR. CARTER went to Mexico fer their health—Oh, Well, Ho hum! I seen ROBE HEATLY and that Dr. CLARKES kid a riding in 'that Red Puke' thuther day.

WILL BRISBARTON is a snake in the grass. OLD SCAY himself is a going to scoup me tomorrow. I thought I was the only one a measing around but it 'pears like that book THE SCARLET SCAVENGER is a going to whip me out. He tells me he shore got the low down on these here kids around here—I got 2 times saved up and I am going to try and get two—one fer me and one fer a friend.

What I want to know is why in the world don't AMOS AMMONS start going to school some, and why GEORGE LANGFORD ain't out fer spring training . . . and what right has JACKIE MICKLE got a trying to court more than two gals at a time—why don't he let FLORENCE MOSES and CLAYTON REED alone.

What MARVIN, you know SQUARE HEAD COLLINS is doing being president of the WANGLERITES. Oh well I guess this'll give you something to think about till next week . . . I may tell you all this, its a secret now but it won't be long, speaking as College kids would say.

MIKE

NO BARBER BILLS INDIANAPOLIS. — For 77 years Charles M. Semones hasn't had to worry about the price of a shave. This 99-year-old resident of Indianapolis hasn't had his whiskers cut since 1855, and his beard is a long, luxurious growth. His son, who is of, says he can't remember ever seeing his father's smooth face.

Miss Jo Cowser spent the week end in Dimmitt.

Aggie Club Has Picture Show

Hale Plays Piano; Foxworth-Galbraith Co. Presents Show; Steel Mills, Farm Management Are Featured

The feature of the last Aggie club meeting was a picture show presented by the Keystone Mail and Wire company through the cooperation of the local Foxworth-Galbraith Lumber company. Representatives of both companies were present and from the former, Mr. F. C. McKnight from the latter, Messrs. S. P. Hurley, local manager, W. G. Alderson, district manager and Glen Hunt.

The first part of the picture was a trip through the steel mills in Peoria, Illinois, where the wire is made. The second part, which pertained to farm management, was entitled "Health, Hogs, and Happiness." The last part was a comedy.

Music during the presentation was furnished through the courtesy of the South Plains Music company.

Home Ec Club Meets Today; Edna McGregor Is Chairman

The Home Economics club will have its first meeting of the term this afternoon at 5 o'clock in the home economics tea room. The juniors are in charge of the program.

Prof. C. B. Qualls, head of the Spanish department, is to give a lantern-slide lecture on the "Habits and Customs in Spain." Mrs. Elizabeth Garrison, special representative of the Lubbock D. A. R. chapter, will speak on "The Washington Family Life," and Prof. N. D. Moulton, French instructor, will give several piano selections.

Edna McGregor is program chairman. Others on the committee are: Ruth Hearell, Evelyn Gulledd, Wilma Barlett.

SEEN SOME SERVICE ANDOVER, Kan. — Lloyd Cook never regrets paying what he did for his razor, shaving brush and strip. He has had the outfit for years, and says it is more than 85 years old. He calculates that he has saved more than \$2210 in barber bills during the time he has been using it.

TEXAS TECH COLLEGE

Sixty Candidates Are Out For Matador Grid Team; Rockne System To Be Fully Explained

Under The Double "T"

BY LYLE HOLMES
Treasurer Sports Editor

Much praise has been given to the men Coach Cawthon sent to Roswell by the students in N. M. M. I. and by their coach, Capt. Brown. The Soldier coach said that the Matadors were the best sports that had ever visited there. He also said he thought the Tech swimming team showed up remarkably well in that they had not been able to train for the meet, and said he thought Tech would have a very capable team when they had some practice.

The New Mexico Military Institute has engaged New Mexico university in dual meets for the past several years and never once have the Lobos beaten the Soldiers in the swimming events. Only once have the Lobos placed second. They have a swimming instructor and he is blessed with excellent teams, capable of competing with the best of Junior colleges and senior colleges over the country.

Sometime after the June 1 Coach Cawthon will take his tennis team to Roswell to engage the Badgers. Some of the Matadors may play one of their former squad, C. L. Duniven, is going to the Badger school now. Last year he was one of the most promising prospects on the Matador freshman squad. Besides being a tennis player, Duniven was a member of Coach Smith's Peador football team.

If the match is arranged with the Badgers, an attempt will be made to schedule matches with Canyon. The last time Tech played the Buffs they were defeated, the Buffs dropping only one match. Pfleuger and Dalton won a doubles match. The rest of the matches went to the Canyon men. The match was played in a dual meet with Canyon in 1929.

The Matadors were faced with some of the stiffest competition in West Texas when they went to Amarillo to engage the soldiers from the Badger school. Failure to convert puts on the grass greens proved to be very costly, and was certainly the falling point for the Matadors. Grass greens were played on in the matches.

Some of the intramural, and freshman stars this year have been giving a very good account of themselves in spring training. From the intramural teams, Johnny Beachamp, and Cotton Welch serve as good examples. Both men are running like veterans, and according to Coach Cawthon are making an excellent showing. "Double U" Curfman, has been shifted from the line to full-back position and is slated to give Crites and Nichols some trouble before the opening game next fall.

Most of the lettermen of last season have been giving the expected good account of themselves. The squad as a whole looks promising to Coach Cawthon. Although it is the smallest squad that has ever turned out, Cawthon is inclined to believe that he has less superfluous material on the field than formerly. It is a good bet that the mediocre player will not come out when he has good men to compete against.

Plans are being made to take care of the three or four hundred high school athletes who will be here next week. Since the other big relays over the state will not be held this year, Tech will likely have one of the largest track meets ever held in the state. Our coaches are going to do everything in their power to see that the visitors are made to feel at home. The cream of Texas athletes will be here and this is an opportunity that no coach will allow to slip through his grasp.

Be sure to read in the Scavenger about the cooking school, training rules, George Langford, new football schedule. All of these pertain to the athletic department of the school and show how business is really carried on by our athletic department.

E. E. Snyder spent the week end at Moran.

Cawthon Pleased With Spirit Shown; Silent Signals Will Be Used Next Fall; Fundamentals Are Stressed

With a week of practice behind them, Coach Cawthon's spring training squad will resort to rougher tactics this week. For a few days, about forty men reported for practice and now the squad has reached the sixty mark. Coach Cawthon reported that this is the smallest squad ever to report for practice at Tech, but states that the men he has out are all football players and not like some of the squad in the past where there has been a hundred candidates out and only two or three football players.

Fundamentals Stressed
For the past few days special attention has been given to setting up exercises, blocking, and two or three plays. Plans at the present are to devote a comparatively large amount of the time toward instruction about the Rockne system of play. Silent signals will be used for the shift this year.

Some of the players who have been showing up well in practice are: McElroy, Leonard Curfman, Frather, Tribble and most of the former lettermen. According to Coach Cawthon, Cannon, former Slaton high star, has been doing good in so far as ball carrying is concerned but has fallen down in blocking. Leonard Curfman, 200 pound gristler from Electra, will try for the fullback position. He formerly played guard. Curfman and Nichols will add power to the backfield. Johnny Beachamp, continues with his accurate tackling and blocking where he left off in intramural football.

Crawford and Scoggins, former Lubbock high stars, have not reported for practice yet but are expected to join the group sometime this week or next. Cotton Welch, another Lubbocker, has been going good at guard.

Relay Prize List Named

Chamber Of Commerce Awards To Be Given For 5 Events; City Merchants Contribute Other Prizes

The prize list for Tech's Second Annual High School Relays, valued at \$387.55, is as follows:
Winning Team Trophy Shield, Avalanche-Journal award. Second place trophy shield, Hemphill-Wells award. Third place trophy shield, Carter - Houston award. Fourth place trophy shield, Hilton hotel award.

High point man wrist watch, Hotel Lubbock; 2nd hi point man, 8in. silver Statuette, Brown Studio; 3rd hi point man, wrist watch, Coffee Shop, Lubbock hotel.

50-yard dash, 1st, Wahl Pen-Pencil set, Tech Book store; 2nd, shirt, Hogan-Patton; 3rd, bill fold, City Drug; 4th, gold pocket comb, Heiber's Jewelry.

100-yard dash, 1st, 8 in silver statuette, Athletic Council, Tech; 2nd, sweater coat, Montgomery-Ward; 3rd, bill fold, Lubbock Hotel Drug Co.; 4th, \$4.00 auto equip, Beacon Service.

Hi jump, 1st, kodak, Wylie-Jarrett Drug; 2nd, pen-pencil set, Bowen Drug company; 3rd, shirt, J.C. Penney & Co.; 4th, knife, Tech Drug store.

220-yard hurdles, 1st, suede coat, Caprock Embroidery Co.; 2nd, bill fold, Pinson No. 2 Drug; 3rd, bill fold, Clark Drug Co.; 4th, shirt, Levine's.

Special relay, 1st, silver shield plaque, Chamber of Commerce; 2nd, silver plaque stand, Chamber of Commerce; 3rd, Trophy cup, Chamber of Commerce; 4th, trophy cup, Chamber of Commerce.

Is Promising

"COTTON" WELCH

A former Westerner star, "Cotton" Welch, above, is showing up well at guard in spring training at Tech. He is expected to give somebody a good run for a guard position next fall on the varsity.

silver plaque stand, Chamber of Commerce; 3rd, trophy cup, Chamber of Commerce; 4th, trophy cup, Chamber of Commerce.

Medley relay, 1st, silver shield plaque, Chamber of Commerce; 2nd, silver plaque stand, Chamber of Commerce; 3rd, trophy cup, Chamber of Commerce; 4th, trophy cup, Chamber of Commerce.

Shuttle relay, 1st, silver shield plaque, Chamber of Commerce; 2nd, silver plaque stand, Chamber of Commerce; 3rd, trophy cup, Chamber of Commerce; 4th, trophy cup, Chamber of Commerce.

880-yard relay, 1st, silver shield plaque, Chamber of Commerce; 2nd, silver plaque stand, Chamber of Commerce; 3rd, trophy cup, Chamber of Commerce; 4th, trophy cup, Chamber of Commerce.

440-yard relay, 1st, silver shield plaque, Chamber of Commerce; 2nd, silver plaque stand, Chamber of Commerce; 3rd, trophy cup, Chamber of Commerce; 4th, trophy cup, Chamber of Commerce.

1 mile relay, 1st, silver shield plaque, Chamber of Commerce; 2nd, silver plaque stand, Chamber of Commerce; 3rd, trophy cup, Chamber of Commerce; 4th, trophy cup, Chamber of Commerce.

Badger Links Team Defeats Tech Golfers

Amarillo Collegians Win Three Matches; Pendleton, Clark Defeat Opponents; Poor Putting Is Failing Point

Showing a reversal from the form exhibited in Lubbock a few weeks ago, the Amarillo college Badgers won a grilling victory from Matador niblick wielders in Amarillo, Saturday, by winning three of the five matches. The match was played over the Country club course.

McDavid, youthful Country club champion of Amarillo, won from Billy Holmes, 2 up. Walter Pendleton, playing No. 2 position on the Tech team won from May of the Badgers, 3 and 2. Although out driven at times, Pendleton's accuracy with his long irons proved to be the deciding factor. Lyle Holmes lost to Kaufman, 3 and 2. The Badgerite played a consistent and swimming game throughout.

Doyce Clark, won a one-sided match from Duniven, 6 and 5. At no time during the round was Clark's supremacy disputed, and ability to make good his long drives and second shots placed him in easy positions for par. Charles Moore lost to Small 5 and 4. Moore's iron shots could not find the long drives of Small. Inability to convert putts proved to be the Matador's failing point.

Miss Artelle, College Inn Freshman spent Easter in Fort Worth with her parents.

Helps Cawthon

DUTCHEY SMITH

When the forty odd candidates for Tech's varsity march out for spring training every afternoon, Coach Smith, above, is on the field with Head Coach Cawthon to do the coaching. Smith is also business manager of the Tech Athletic department.

REQUEST COURSE
A request has been made for an extension class in "Elementary Radio Communication," which is listed in the catalogue as physics 246, which will be available in the Spring term in case as many as eight persons enroll for it. The course will be of interest to radio salesmen, owners of radios, and service men who desire some knowledge of the elementary theory of radio. The fee will be \$10, with an additional laboratory charge of \$1.

Champions To Be Determined At Fun Night

Exams And Spring Training Cause Of Delay; Men Are To Be Grouped At Weights; Contestants To See Tribble

Plans for the next all-college fun night have not been definitely decided upon yet. Coach Cawthon has postponed the fun night for this month because of its interference with examinations and other current college activities.

Sometimes next month a date will be set for the coming fun night. First, Coach Cawthon must get his men started off in spring training, then his efforts will be exerted in an effort towards canvassing candidates for the college boxing and wrestling crowns.

Eliminations in both wrestling and boxing will have reached a point where only the best men will be left and it is possible that the champions of the various schools will compete for the championship of the college at the next all-college fun night.

The wrestlers and boxers have been grouped in weights of every ten pounds. The outstanding men at present, in both boxing and wrestling are: In the 100 pound class—Gertie Lanford, Brigham Young, Carlton Luper, Elva Baker, Juicy Owens, and Woodrow Wilson; 120 pounds—Lacy Turner, Murphy, Pete Crawford, Foster, and Elmer Fortner; 170 pounds—Ross Ayres, Toby Greer, McElroy, Williams, Mat Hitchcock, Madden, Tribble, and Harris; 160 pound—Demp Cannon, Malcolm Martin, Abbott, Williams, and Anding; 150

Dean Mary W. Doak To Speak At PTA In Slaton

Mary W. Doak, dean of women, will speak at the Parent-Teacher's association in Slaton, Wednesday, April 6 at 9:30 o'clock a. m. Her subject is to be the "Dean of Women in High Schools."

Ralph Kenney, extension agronomist of the University of Kentucky, has donated to the agronomy department three groups of seed: burley tobacco, hemp, and Korean lespedeza seed. The lespedeza seed seems to grow well here and offers promise as a pasture feed.

HOLDEN ELECTED TO OFFICE
Professor W. C. Holden, of the history department, was elected third vice-president on the Southwestern Social Science association, which held its annual meeting in Dallas last week-end.

pounds—Bertram, Banta, Beauchamp, McLane, and Pace; 140 pounds—Jim Pool, Cy McMaster, Davis, Cook, Riggins, Beene, O'Hair, and Mast; 135 pounds—Conner, Osborn, Casterlin, and Havis; and 115 pounds—Seal and Holt.

Tribble urges every candidate to get in as much practice as possible before the fight for the coming all-college fun night.

Cabinet Members To Go On Outing

The new cabinet of the Y. W. C. A. will leave tomorrow afternoon for an outing to Post where the members will stay until Sunday afternoon. Mrs. O. C. Corry, Miss Mary DeBardeleben, and Miss Margaret Williams, are to be in charge of the trip.

It is planned for the cabinet members who are taking over their new duties this week. Other than enjoying the outing, these girls will make their plans for the new year.

DONATE'S SEED
Scotty Samson, secretary of the Post Chamber of Commerce, donated to the Tech agronomy department samples of Hegeri and white milo. This will be used in the freshman class crop this spring.

Home Ec Class To Sell Foods

Party Orders Are Taken And Served By Class; Sales Are Held From 4 To 5 O'Clock On Friday

The home economics catering class taught by Miss Mayme Twyford, will sell brioche, and sweet French breads, in the home economics tea room Friday afternoon from 4 to 5 o'clock. This is the second of the regular sales to be made each Friday afternoon by the class.

Judging Contests

(Continued from Page One)

Rails, Guernseys team, Dublin, individual, Urbansowk, White "Deer"; Each high team received a cup which was donated by associations interested in agricultural pursuits. The cups presented to the high team in livestock, poultry, and plant production were donated by the Lubbock Chamber of Commerce. The cup to the dairy cattle team was presented by the Standard Milling company, and the cup to the farm stock winner was given by the Myrick Hardware company.

Switzer, McLean, was high point man in farm shop, and Bloodworth, Colorado, was high individual in dairy cattle judging. These two men, with the three from Post who were high in the other contests, will receive scholarships to Tech, as presented by President P. W. Horn.

After the meal, Professor W. L. Stangel presided as master of ceremonies, introducing the speakers and those who presented the various cups of commerce; Dean J. M. Gordon, in the place of President P. W. Horn for Texas Technological college; Dean O. V. Adams, of the school of engineering; and Dean A. H. Leitch and Roscoe Wilson, member of the board of directors.

YW Installation Services Are Set

The service which will install the new cabinet members of the Y. W. C. A. will be held tonight at 7:30 in the chapel of the First Methodist church. Lilah Gaye Rodgers, retiring president, is in charge of the program.

Third Beaux Art Exhibit Is On Display For Rest Of Week

The third Beaux Art traveling exhibit of New York is now on display, consisting of four sketches, according to F. A. Kleinschmidt, architectural head. The pictures will be in

"Oh! My Operation" "Beyond Blue Horizon" PARAMOUNT NEWS!

Why it's so TREMENDOUS...

because it was directed by the master genius of all "moo-oh" movie makers... **ERNST LUBITSCH**

because its cast is headed by screen-dom's medal-winning character actor... **LIONEL BARRYMORE**

because its romantic feminine lead is emotion's leading emotional favorite... **NANCY CARROLL**

because its hero was the sensation of Paramount's "An American Tragedy"... **PHILLIPS HOLMES**

"BROKEN LULLABY"

It Stabs the Heart! IT STABS THE HEART! IT STIRS THE SOUL! A Story of Hate that turns into Love

ADDED LINDSEY JOY UNITS! "Oh! My Operation" "Beyond Blue Horizon" PARAMOUNT NEWS!

LINDSEY STARTING SUNDAY

Experience teaches many lessons that are not so. That is the reason age grows conservative.

Men commit suicide to satisfy all kinds of whims.

That man who loves a woman better than he does his life work has not yet found his life work.

Oh inconsistent men! To segregate lepers into a colony and leave politicians at large.

The Final Artist Number For 1931-32
