

Tech Aircrew Students Begin Intramural Sports Program

Campus Sports Take On GI Appearance April 3

Sports at Texas Tech are taking on a GI appearance with the closing of the usual civilian-sponsored round of ball teams, track and the beginning of an intramural sports program for the Aircrew Training detachment.

The aircrew students asked that a sports program be formed for them to take part in, and at the request of the 309th Training detachment officers a schedule was made out for them by the college athletic department.

Playground ball, basketball, volleyball and tennis are the games in which they will participate. The classes themselves will work out the tennis schedule.

Five classes are stationed at the college at one time with one graduating about every five months. A new class will not participate in sports until it has been on the campus for one month. One team from each class will play and participation in the sports will be voluntary on the part of the men.

The schedule will start April 3, and it will end April 28. Games between the sections of the different classes will end April 24, and from then until April 28 tennis championships in both singles and doubles will be determined in matches between the best.

Regulations and rules regarding participation in the sports are the same as in each academic section or flight in each activity. A class champion to be determined in each activity from each class by playing a round robin schedule.

All championships to be determined on a percentage basis. In case of a tie the champion is decided by a one game play off between tying teams.

A member of one team cannot play or represent his section or class in more than one activity. Games postponed for any reason may be made up by playing double headers, or by playing on Sundays.

Volley ball games to be decided by the best 2 out of 3, in 15 point games. Volley ball teams will have 8 men on a team.

New schedule to begin after each successive graduating class leaves. On April 3 class 43-C-17 sections 99 vs 100 will play playground ball, basketball and volleyball. Class 43-C-18 sections 105 vs 106 will play the same day and the same games on courts two. Class 44-C-1 sections 111 vs 112 will also play April 3 on courts three. Class 44-C-2 will play in the same sports the same date on the number four courts.

This program is not being carried on in connection with the regular physical education program but is voluntary and will be from 7 o'clock until 8:30 p. m. each evening.

Tennis representatives from each class in singles and doubles are to be decided by any method the class determines.

Kramer Defeats Budge At Benefit Net Tournament

Lt. Donald Budge, who is connected with the 309th College Training Aircrew detachment, was defeated by Coast Guard Cadet Jackie Kramer in the featured match of a Madison Square Garden tennis program last week. The outcome was a 6-3, 6-2 score.

Kramer is the number two ranked amateur tennis player in the United States. He is taking officer's training in New London, Conn.

The tennis match was played for the benefit of the Red Cross to which the proceeds were given. The amount made was approximately \$25,000.

Morgan Names Seven Raiders As Lettermen

The smallest number of basketball lettermen in the history of the Red Raiders has recently been announced by Coach Dell Morgan. The following boys will be given the Double T award by the Athletic association: Hubert Bechtel, Lubbock; Dale Cooper, Monument, N. Mex.; Donald Grove, Monument, N. Mex.; A. J. Kerr, Channing, Phil Ragland, Lubbock; Eldon "Tex" Wallace, Portales, N. Mex.; and Nolan Weeks, Ft. Worth.

Freshman awards in the form of red slipovers with the graduating date on the front will be given to the following: Jan Blackwell, Littlefield; Hubert Burgess, Lubbock; Ronald Cleavinger, Hart; Jack "Spider" Dillon, Chillicothe; Claude Freeman, Fluvanna; Leon Grissom, Farwell; Paul Haskins, Wolforth; Charles Miller, Hobbs, N. Mex.; Charles Smith, Bovina; and Jim Taylor, Sweetwater.

The territory of Brazil is larger than that of either the United States or Australia.

Smallest Squad In Tech's History Begins Scrimages

Prospective Raiders Continue Practice In Various Positions

Spring training is holding its own with the smallest squad since the beginning of football on Tech's gridiron, reports Coach Dell Morgan. The boys are practicing in full uniform and are working in different positions to find the one in which they are best adapted.

In the re-shuffle an attempt to find a center is being made by working Calvo Boydston, last year's guard; Floyd Lawhorn, a tackle on Temple's high school team; and Ed Turner, an end on Plains' high school squad, in that position. A new boy, Jay Kerr from Odessa High school is in the blocking back position.

Ed Robertson, who was a tackle for the Red Raiders last fall, has shifted to full back position. Don Groves, squadman on last year's team, looks well at tackle position, according to Coach Morgan. Along with Groves in this position is Horace Smith, a freshman from Rising Star, who looks promising.

A prospective Raider fullback is Donald Johnson from Cooper High school. Jim Taylor from Sweetwater is doing a good job as an end, says Morgan.

Jack "Spider" Dillon, who has served 14 months in the Army, will probably play in end position for the Raiders next fall.

The possibility remains that several of the boys coming out for spring training will not be here for the starting time next fall. Those expected to be called into service are the following: Hubert Bechtel, Calvo Boydston, Don Dudley, Bobby Hayes, Buster Melton, Tom Pirtle, Harry Riley, and Harry Walker. However, the coach expects to carry on as best he can to produce a Red Raider team.

Scrimmage will start this weekend and continue on each weekend hereafter, according to Coach Morgan.

Mazuma Known To U. S. Only

"Mazuma" is obtained only on the part of the North American continent that is known to geographers as the United States. It is, however, found all over the globe because natives of the USA part of the world area feel that it is necessary to have this product on their persons whenever and wherever they travel. While "Mazuma" is the usual name used, many refer to the material as jacks, dough, long green, etc., and a few persnickety ones even speak of it as money.

"Mazuma" is found in many forms. One common form is a rectangular patch covered with hieroglyphics, thumb prints, and soft coal soot. Other forms include metal disks and torn pieces of used envelopes upon each one of which are the cryptic marks, I.O.U.

Natives of this USA area collect "Mazuma" with fervor and unusual efficiency and carry amounts with them wherever they go. Because of this collecting enthusiasm a wise and discerning government has arranged a plan whereby citizens of the area are constantly being relieved of all in excess of what experts call an erudite minimum. Needless to say, the relieved ones are not happy over the whole business and besides grumbling, find old shoes, socks, and other receptacles within which to hide the treasured patches and disks.

"Mazuma" is a most unusual substance. When held beneath the nose of any Grade A human, it causes a brightening of the eyes, contractions of the diaphragm, twitching of the fingers and licking of the lips. When carried in large quantities, it causes the bearer extreme agitation, fear, and near hysteria. Yet, when a resident of this part of the world does not have any of this peculiar stuff on his person, he (or she) becomes almost unmanageable and shouts wildly for WPA. Members of the tribe can't live with it and can't live without it.

Those addicted to the "Mazuma" collecting habit (this includes the entire population) prefer it to everything else. Even food and clothing are passed up when "Mazuma" is offered. Marriages are made and unmade because of it, families are either kept together or

HE Graduates Are Announced By Dean Weeks

Twenty-Three Home Eco Students Graduate In May

Miss Margaret W. Weeks, dean of the division of home economics has issued a list of names of all students who have filed for a degree in home economics and expect to receive it in 1944.

Miss Weeks asks all students who expect to graduate in this year to see her at once if their names are not included on this list.

Tentative lists of June graduates in home economics education is: Elizabeth Ann Belew, Fern Brannen, D'Lyle Brooke, Mary Ellen Brown, Eugenia Butler, Mildred Claiborne, Glenna Earlene Damron, Margaret Frances Hess, Velma Keller, Edna Long, Lucille McClellan, Jo McDuff, Iva Lea McKay, Virginia Lee McSpadden, Mary Hope Norfleet, Gertrude

is, not getting the patients to eat as it is in most hospitals, but in finding something for them to eat.

Miss Temple majored in foods and nutrition. She did her first year's work at Grasslands Hospital in Valhalla, N. Y., and before joining the service was dietitian for Lubbock General hospital.

After being in the service only seven weeks, Lt. Winnie L. Temple, graduate of the home economics division in 1940, was assigned to overseas duty as a dietitian in an army hospital in North Africa.

Miss Margaret W. Weeks, dean of the division of home economics recently received a letter from Lieutenant Temple, telling of her experiences in a field hospital. She lives in a tent with the other two dietitians at that base.

"This is now the rainy season," says Miss Temple, "and the long underwear, high shoes, woolen socks and field jacket which comprise the work uniform of dietitians, feels much better than it looks."

Miss Temple participated in the establishment of the hospital where she is now stationed. One of her problems, which is common to all hospital dietitians, is that of getting warm food to the patients. It is sent out to the wards by truck. Another major problem separated because of too much or too little, crimes of robbery, suicide, and murder are perpetrated by those who wish to be possessors, and wars between nations occur when "Mazuma" gets into the conversation.

So, ladies and gentlemen, there is but one answer to your many questions and that is, "Mazuma." "How did we get into the mess we're in?" "Mazuma!" "Why do we stay in the mess we're in?" "Mazuma!" "When we get out of this mess, how can we get into another one?" "Mazuma!"—The Saturday Letter.

Parrott, Hazel Ruth Peays, Charlene Phelps and Wilma Jean Wilkins.

Foods and nutrition students who expect to graduate in June are Imogene Cate, Verna Mae Kelly, Jean McLaughlin and Daphne Stevens.

Students graduating in August with a home economics education degree are Christine Botkin, Maxine Cardwell, Geraldine Cunningham, Hazel Lorene Grisham, Yvonne Hartsell, Winifred Lee, Christine Moore, Mary Frances Peak, Catherine Reed, and Christine Russell.

General home economics graduates in August will be Wanda Welch Dunlap, Betty Jo Morgan and Joyce Floyd. Jerry Blundell, Mary Lu Johnson and Lorene Little will receive degrees in foods and nutrition.

Rice is used more extensively than any other food.

DFD Presents New Members - Pledges

Club President For Next Year Will Be Announced

DFD WILL present new members and pledges at the annual formal presentation dance Saturday night from 9 until 12 o'clock at the Hilton hotel with C. A. Rodgers' orchestra furnishing the music. As is the tradition of the club, identity of the new president will be kept a secret until she is presented tomorrow night. Arm bouquets carried by presentees will be selected by the club.

New members to be presented and their dates include Estelle DeBusk, wearing an orchid net dress with purple sequins on a full skirt, a shirred bodice, a sweetheart neckline and wearing a white orchid in her hair, will be escorted by Billy Clifford Johnson. Fae Beth Hill, to be presented by Bobbie Campbell, will wear a drop shoulder formal with a fitted basque of black net on a full flowing skirt of black and white net, and a corsage of white gardenias.

Ruth Yows in a white net formal with a ruffled neckline, fitted bodice, and a sweeping double skirt trimmed in gold sequins and wearing an orchid, will be escorted by Pat Blount. LaVone Legate, escorted by Joe Nix, will be presented in a white marquisette dress shirred at the waist and shoulders and accented with small velvet bows. She will wear white gardenias in her hair. Byron Bennett will present Lou Greene in an orchid brocaded marquisette with a sweetheart neckline, ruffled cap sleeves, and black lace panels set in a full gored skirt, with a corsage of white gardenias.

Richard Dickey will escort Betty Cope who will wear red carnations with a ruffled drop shoulder formal of white net and taffeta with a fitted torso. Dorothy Cantrell, escorted by Maxey Pinson, will be presented in a white marquisette frock adorned with black lace flowers on a fitted bodice and full skirt, and will wear rosebuds in her hair.

Gwen Edwards, wearing a dress of pink net with dropped shoulders and a full skirt sprinkled with gold sequins, complimented by a hair corsage of small Dutch iris, will be escorted by Russell Paul. Wearing red roses in her hair, Bernice Nix, escorted by Brac Biggers, is to be presented in a white lace formal with a sweetheart neckline, shirred shoulder straps, and a fitted bodice.

New pledges to be presented and their escorts are Elizabeth McLarry, presented by Marvin Berry, who will wear iris in her hair accenting a coral dress with a flowing net skirt on a fitted metallic bodice. Wearing white gardenias and gold accessories with a fitted bodice and a full skirt formal of orchid net, Margie Morrow will be presented by Kirby Steadman.

Jonnie Belsler in a white marquisette dress with ruffled shoulders, tight bodice, and a full flowing skirt accented with a slight touch of red, and wearing a white orchid in her hair, will be escorted by Dan Young. Pherba Jordan, to be presented by a-c R. S. Hoskins, will wear gardenias and a basque white net dress with sleeves and skirt of ruffles arranged in tiers. Her accessories will be gold. Escorted by Carol Doshier, Wynelle Eskridge will wear tallman roses in her hair and a formal with a white lame bodice on a full gathered skirt of white net.

Barbara Morris, escorted by Bill Morrison, will wear champagne taffeta covered with flesh net with a fitted torso and full circular skirt. Her flowers will be red roses. Christina Eller will be presented in yellow chiffon with a basque

Freshman Honor Society Holds Spring Banquet

Incoming Officers Are Installed At Annual Dinner

At the annual Freshman Honor Society banquet held Thursday evening at the Hilton hotel new officers were installed. Those taking office for the coming year include Elizabeth Schmidt, president; Mary Findley, vice president; Betty Renner, secretary; Barbara Bedford, reporter.

Decorations were of spring flowers with the accent on yellow jonquils. Selma Mullins, past president, gave the welcome address to new members who took the ceremonial oath in a mass ceremony. These girls were accepted into the society by having a scholastic average of B plus or better.

The new president, Elizabeth Schmidt, gave the response. During the evening Charlene Jordan rendered several vocal numbers. Sponsors attending included Mrs. Georgia Dingus and Miss Martye Pindexter.

New members of the society who signed their intention to join by attending the first meeting include Eva Ruth Turnbough, Ida Ruth Lasky, Patsy Walker, Miriam Turrentine, Betty Lou Seaman, Maxine Smith, Claudine Merritt, Maxine Hemmerdorf, Jean Newman, Panze Butler, June Winner, Mary Tarter, Anne Hurt, June Leichter, Joy Earnshaw.

Eugenia Hopper, Nila Massey, Betty Jo Crisler, Willie Jo Brewster, Mary Margaret Borden, Barbara Bedford, Charlotte Lewis, Margaret Ann Huffaker, Connie Marie Wright, Maxine Harp, Lou Ann Williamson, Dorothy Clift, Johnny Sue Hamilton, Mary Findley, Imogene Bagwell, Melba Slater, Mary Costolow, Maisie Carter, Elizabeth Schmidt, Mary Langford, Elizabeth Johnson, Betty Renner, Mary Blanche Summers, Gloria Hodges.

Graduation Dance Is Scheduled For Army Engineers

Engineers' graduation dance for men in Term 6 and AES 2 and 3 of the Army Specialized Training unit at Tech will be held tomorrow night at Lubbock hotel from 9 until 12 o'clock. Members of the ASTU who have not finished their training, 17-year-old reservists and dates will be guests at the dance.

The 13-piece engineers' orchestra will furnish music for dancing. Refreshments will be served. Serving on the dance committee are Lloyd Woodriddle, Kenneth Lech, George Wakeley, Frank Deeds and Robert Webb.

Twenty-five girls from Doak Hall have been invited to come in a group to the graduation dance, besides the girls who are guests of individual engineers.

This graduation dance is the result of the special terms that the group has been following. The ASTU has these one term curricula, each lasting a period of 12 weeks. Men in AES 2 have finished their training in surveying and aerial map reading, and those in AES 3 have finished study of internal combustion engines. Both of these groups are in Term 4A.

The present 12-week period will end April 1, at which time the Term 6 graduates will be assigned to various field units where their qualifications can be used to advantage.

Also ending their training at Tech will be a third group, made up of about 30 ASTU reservists who have reached their eighteenth birthdays before April 1.

Members of the ASTU who have not finished their training at Tech will be given furloughs until April 10, when the new term begins.

New England was so named by Captain John Smith, who drew a chart of that region.

Co-ed's Corner . . .

Embarrassing Excuses For Mamas And Papas

By Ellen Helm Miller

MIDSEMESTER reports are out, with all the embarrassing explanation to fond mamas and papas that they require. Do you need an excuse? Try one of these: The old bad teacher assigned a term report the day before it was due, and failed all students who turned theirs in late. You turned your twenty-page masterpiece in one day late. The old bad teacher failed everyone who didn't sit on the front row in class. You didn't know about this professional peculiarity until you had already become permanently settled in the back corner. The old bad teacher just doesn't like blondes (or brunettes, as the case may be) and just won't ever pass one.

If none of these suit your particular case, call the Toreador office between the hours of 6 and 7:30 o'clock tomorrow morning and if anyone answers the phone, that person will give you a foolproof parent-tested excuse. If, perchance, you are one of those rare honest and noble students who want to risk taking the blame yourself for being reported, go ahead, but don't expect much sympathy from home.

Many a Tech coed is wandering around with a forlorn look in her eyes as she thinks of the fact that A.S.T.U. engineers are soon leaving the campus. Perhaps the morale of the men took a dip downward also, but they appeared gay Wednesday morning as they flocked to the bookstore to partake of free coffee and to elect Toreador Editor Margaret Long their Screwball Queen.

This year's junior class is facing an unusual situation in choosing its queen. Way back in 1941, when its members were freshmen, they elected Betty McCoy for fish queen. Last year Betty again reigned over the class at the Hodge Lodge. But this year she has deserted the class and become a senior, so a new favorite is due to be presented.

HITHER AND THITHER. Friends of Evelyn Cooper and Jimmie Day, popular former Techsians were interested to hear of their marriage Tuesday in Tulsa, Okla. The Press building is losing its most amazing janitor in history today as Willis Carson packs his wardrobe trunks and leaves for med school. Wedding bells rang Wednesday for Nelda Ward, freshman from Slaton, as she married a home town boy. Reta Norman can be seen waiting each day for the postman who is sure to bring her a letter from a certain person in New York.

School has been in session something over six months now and we feel that the time has come to dedicate a small space to roommates:

- ODE TO THE ROOMMATE who borrows all your ready cash? Who smokes the last one in the pack?
- Your roommate. Who breaks the furniture and the lamps?
- Who uses all your postage stamps?
- Your roommate. But who's a constant pal to you? Who overlooks the things you do?
- Who knows and loves you through and through? Your mother!

Major Chapman Was On Campus

Major Wilson Chapman, who wears the Purple Heart and Silver Star after nine months of action in the Southwest Pacific, was on the campus this week. An ex-Techian, Major Chapman graduated with a B. S. in geology in 1941.

Since returning from the South Pacific theater, Chapman has been instructing fighter pilots at a base in California. He is now on leave to visit his home in Abernathy, after which he will receive a new assignment.

Tech Represented In Dallas Meet

Tech's agricultural education department were represented at a state staff conference in Dallas last week. Those attending are: T. L. Leach, R. L. Chappelle, head of the department, and O. T. Ryan.

Recent plans for a vocational agricultural program and for food production training courses, set up at the Southern Regional Conference of Vocational Home Economics and Agricultural Workers in Jackson, Miss., last month, will be discussed.

Four pledges of Kappa Kappa Psi were given the first degree of initiation at the regular meeting of the band fraternity Monday night. They are A. D. Anderson, Marvin Berry, Hubert Burgess and Ted Crager.

New under-arm Cream Deodorant
Stops Perspiration safely

- Does not rot dresses or men's shirts. Does not irritate skin.
- Now water-dry. Can be used right after shaving.
- Instantly stops perspiration for 1 to 3 days. Prevents odor.
- A pure, white, greaseless, stainless vanishing cream.
- Awarded Approval Seal of American Institute of Laundering for being harmless to fabric.
