Phi Kappa Psi Sets Initiation For Centaurs

Centaur Club will become Texas Beta Chapter of Phi Kappa Psi Fraternity in installation ceremonies to be conducted this weekend.

It will be the 58th chapter of the fraternity which was founded at Cannonsburg, Penn., in 1852.

The installation and initiation ceremonies will begin tomorrow at 1 p.m. at the Caprock Hotel. Following the ceremonies, a banquet will be held in honor of the charter members.

▲ Texas Beta Ball for new members, pledges, and alumni of the fraternity will follow the banquet in the Caprock Ballroom.

J. Bart Aldridge, national president of Phi Kappa Psi, will be in charge of the installation. A large delegation from alumni chapters in Amarillo and Midland is expected.

Members of the chapters at the University of Oklahoma and University of Texas will conduct the installation of the Texas Beta chapter.

The fraternity is divided into district provinces, with Texas being in the 5th district. Other states in this district are Colorado, Oklahoma, Kansas, Nebraska, Missouri, and Iowa. The university of Texas has the only other chapter in Texas.

Around 30 alumni of Centaur throughout the state will be initiated, and become Phi Kappa Psi alumni.

Charter members of the Tech chapter are Charles Armstrong, 2010-5th, Lubbock; Paul Crawford, Rockwall; Zane Dalton, Abilene; Bob Lovelace, Wichita Falls; Russell McCaleb, Fort Worth; Bob Price, Colorado City; Bob Pyle, Borger; Jerry Thornton, Fort Worth; and Austin Young, Dallas.

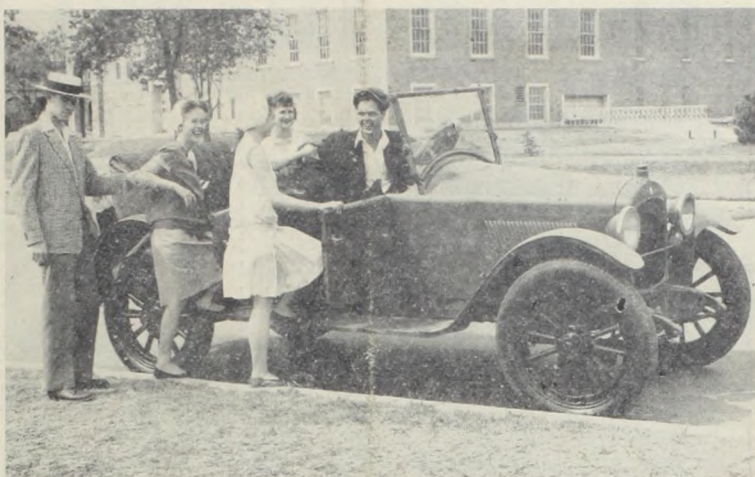

Former History Professor Dies

Funeral services for Dr. John C. Granbery, 78, former head of the department of history at Tech, were held at 4 p.m. yesterday in San Antonio.

Dr. Granbery, a retired Methodist minister, was a member of the original faculty at Tech, serving from the time the college opened in 1925 until June, 1932. During this time, philosophy and sociology were connected with the department of history.

He was born in Richmond, Va., and his degrees include a B.A. from Randolph-Macon, B.D. from Vanderbilt University, M.A. from University of Chicago, Ph.D. from University of Chicago, and a Doctor of Divinity from Kentucky Wesleyan.

For 15 years he had been editor-publisher of the liberal socio-cultural booklet, "The Emancipator." He spent 17 years teaching social science at Southwestern University at Georgetown. He is survived by his wife.

RIDE, ANYONE? . . . As publicity for the Sophomore Hodge-Podge, to be held tonight, the five students pictured above drove around the campus Tuesday in the Hupmobile. Left to right, the students are Yates Brown, Patsy Hart, Wanda Norman, Tommie Wharton, Dick Shockley.

Adelphi Selects Hamill for Leader

Donal Hamill was elected president of Adelphi, men's social club, for the 1953-54 school year Wednesday night.

Other officers named were: George Hargrove, vice president; Ed Weyman, secretary; Gregory Keys, treasurer; Jerry Raun, marshal; James Gray, alumni secretary; Ralph Shelton, historian; Art Lancaster, pledge trainer; and Bob Kain, athletic director.

Members elected to serve with the president, vice president, secretary and treasurer on the club's executive council were Troy Powell, past president, and Bob Dickenson.

New and old officers met with local alumni of Sigma Alpha Epsilon at a luncheon yesterday in the Plainsman Hotel. Plans for attending the fraternity's annual convention in Chicago in August were discussed.

Soph Hodge-Podge Is Tonight In SUB

Coonskin coats, "bathtub gin" and flappers will highlight the annual Sophomore Hodge-Podge to be held from 8:30 to 11:30 tonight in the ballroom of the Student Union Building. The theme of this year's dance will be a Gay Twenties Speakeasy.

Signs poking fun at clothes and mannerisms of the "roarin' 20's" will decorate the ballroom walls. There will be a jitterbug contest and prizes will be awarded to a boy and girl for the best Charleston costumes. A coonskin coat will serve as a prop for picture taking. John Harvey Austin's Orchestra will play.

Tickets for the dance may be obtained at the door. Price of admission will be \$1 stag or drag.

Engineers Elect Bill Breckenridge Club President

Bill Breckenridge was elected president of the Texas Beta chapter of Tau Beta Pi, national engineering honorary society, following a banquet and pledge initiation Thursday night in the Caprock Hotel.

Other officers named were: Bill Burton, vice president; Jim Daniels, recording secretary; Thomas Scott, corresponding secretary; Dick Thompson, cataloger; Dean Dysart E. Holcomb, faculty adviser; and H. J. MacKenzie, sponsor.

Speaker for the banquet was Dr. Arthur W. Young, head of Tech's agronomy department.

Pledges initiated were: Burton, Daniels, Scott, Thompson, Edward Barfield, Scott Poage, Col. Ollen Turner, Donald Nored, Clarence Moore, Allen Tomlinson and R. M. Nugent, who was initiated for the Louisiana Gamma chapter.

Second Texas Symposium Open May 16

Tech music department will present its second annual Texas Symposium of Contemporary American Music May 16 and 17 in the Music Building. It will be in a series of four concerts.

Vocal and piano solos will be in the first concert at 10 a.m. Saturday. The second concert at 3 p.m. Saturday comprises chamber music for string ensembles, woodwind, and brass ensembles. Tech choir and Madrigal Singers will give a choral concert at 8 p.m. Saturday.

The Symposium Finale at 3 p.m. Sunday will present the Lubbock Orchestra, Tech Choir, and Tech Band in a concert of contemporary music. The first Lubbock performance of the chamber opera "The Telephone" by Gian-Carlo Menotti, New York composer, will also be presented.

"The Texas Symposium is held for the purpose of gathering a group of composers from the state of Texas and further, to perform their compositions, and to discuss the style and form of contemporary music. It is believed that through this type of meeting composers in Texas will be stimulated to further work in the field of composition—a field in which the United States is at present coming to the foreground," stated Mary Jeanne van Appledorn, music instructor.

Last year the symposium was given at the opening of the Music Building. Original compositions by Tech music students and faculty were performed.

This year the symposium committee selected around 50 compositions for performance from almost 200 submitted to them from the schools of music in Texas. Composers from Dallas, Denton, Fort Worth, Abilene, Canyon, and Lubbock will be represented.

All concerts are open to the public free of charge. A luncheon-round table for composers, performers, visitors, and students will be held at 12 noon Saturday. Price of the luncheon is 75 cents. Reservation should be made before Wednesday at the music department.

Dean Holcomb Will Attend Inauguration in Oklahoma

Dysart E. Holcomb, dean of the Division of Engineering, left today for Stillwater, Okla., where he will serve as Tech's official representative at the inauguration of the new president of Oklahoma A&M College tomorrow.

Dean Holcomb is accompanied by Librarian R. C. Janeway, who will attend the dedication of a new library at the college.

Inauguration of the president, Dr. O. S. Willham, will be held tomorrow morning, and the library dedication will be in the afternoon.

PHI KAPPA PSI . . . officers and Centaur officers meet to plan the Saturday installation of Centaur as the 58th Phi Psi chapter. Left to right are, William T. Stokes, national representative on extension; John Edmison, Phi Psi alumnus; J. Bart Aldridge, national president; F. J. Hamman, Centaur alumnus; and Charles Armstrong, Centaur president.

Mu Phi Epsilon Will Hold Recital Honoring Initiates

Members of Epsilon Chapter of Mu Phi Epsilon, national professional music sorority, will sponsor a recital in honor of their 1953 initiates at 4 p.m. Tuesday in the Recital Hall of the Music Building.

The initiates are Irma Hopp, Shirley Smith, Shirley Shields, Sandra Shook, Joyce Miller, Dana Wampler, Lynn Harrison, Verbie Oldham, Annita Powers, Lorraine Pipkin, and Ellene Portwood. The program includes:

- "Deh Vienne Non Tardar," from "The Marriage of Figaro" — Mozart
 - Anne Spikes
 - "Rondo Movement" Third Piano Concerto — Beethoven
 - Nancy Davis
 - "La Puerto del vino" — Debussy
 - Patsy Griffin
 - "Shepherd, Thy Demeanour Vary" — H. Lane Wilson
 - Dorothy Magness
 - "O Sing Again" — Gustav Klemm
 - Irma Hopp
 - "Awake O Zion" — Blythe Owen
 - Lynn Harrison
 - Irma Hopp, Joyce Miller, Shirley Smith, Verbie Oldham
 - "That's A Habit of Mine" — Juanita H. Wilson
 - Irma Hopp, Joyce Miller, Verbie Oldham
- A reception in the music library will follow the recital.

3 One-Act Plays To Be Presented

Sunday Evening Curtain Call, a program of one-act plays, will be presented at 7 p.m. Sunday in the Speech Auditorium. The plays will be sponsored by the speech department and Soek and Buskin.

Three plays will be presented. They are "Gammer Gurton's Needle," "Hello, Out There," and "Happy Journey."

The cast for "Gammer Gurton's Needle" is: Dee Bowman, Shirley Harrison, Janelle Toler, Joe Bob Garner, Jack Pruitt, and Charlene Wall. Evelyn Hext will be the director.

"Hello, Out There" cast consists of: Hardy McNew, Lavoy Berry, Phil Nickell, Eleanor Lincoln and Dee Bowman. The director will be Fat Edwards.

Appearing in "Happy Journey" are: Rita Elliott, Hardy McNew, Herbert Reed, Tommy Craft, Alice Dickson and Sarah Dickinson. Eleanor Lincoln will direct this play.

Performances are open to the public. Admission price is 25 cents.

Miss Miles Is At English Meeting

Marie A. Miles, Tech English instructor, is in Denton attending a meeting of the Texas State Committee on Integration of the Teaching of English in the High School and College.

The purpose of the meeting is to plan next year's English workshops, held annually in various regions of the state. Miss Miles is chairman of the District Four Conference. She announced earlier this week that the District Four Workshop will be held at Lamesa next fall.

The meeting at Denton will continue through tomorrow.

Miss Sorensen To Speak

Miss Esther Sorensen, area supervisor of homemaking, spoke Wednesday on "The Home Economist as a Teacher" to the senior home economics class.

Phi Epsilon Tau To Meet

Members of Phi Epsilon Tau will meet at 7:30 p.m. May 13 in the Student Union Building to elect officers and to plan the annual PET picnic.

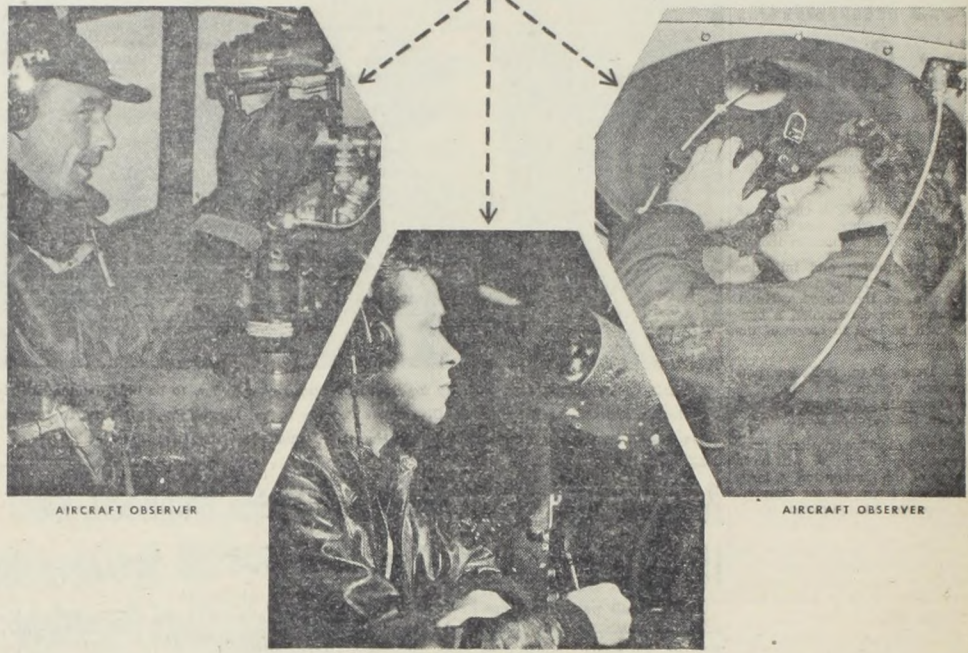

SOCIETY TO DANCE

Sociti will have its spring dance at 9 p.m. Saturday. The annual dance will be held in the Lubbock Hotel.

Celene Pierce Elected President Of Le Cercle Francois Monday

Celene C. Pierce, Amarillo junior, was elected president of Le Cercle Francois, Tech French club, at a meeting in the Administration Building Monday.

TRIPLE THREAT MAN!

The Brains of the Team

Teamwork can work miracles. In a football game the man who sparks these miracles is the quarterback. He's the man who calls the signals. There's a man who calls the signals for an Air Force flying team, too! They call him an Aircraft Observer.

Do YOU have what it takes to become an Aircraft Observer? It isn't easy. It's tough. You have to be a MAN to qualify as an Aircraft Observer. But when you are one, brother, you're SOMEBODY! The success or failure of a mission involving over a million dollars worth of flight equipment depends on you.

THE AIRCRAFT OBSERVER IS THE SOMEBODY WHO:
 As *Bombardment Officer*, is number one man on a bombing run, the man who controls the plane in the target area!
 As *Navigation Officer*, is the pilot's guiding hand on every flight!
 As *Radar Officer*, is master of a new science and operator of the device that sees beyond human sight!
 As *Aircraft Performance Engineer Officer*, is the one who "keeps the plane flying", the man who knows his plane in-

side and out, who keeps it fit for the skies and sees that it stays there!

If YOU can accept a challenge like this, you'll take your place beside the best—you'll find your future in the clouds!

TO BE QUALIFIED you must be single, a citizen, between 19 and 26½ years old, have had at least 2 years of college and be in tip top physical shape. If this describes you, then YOU, too, can qualify. Today!

HERE'S WHAT YOU'LL GET! The world's best training. Good food and plenty of it. Uniforms, flight clothes, equipment. Medical and dental care. Free insurance. Flight training in Uncle Sam's greatest aircraft.

AND THEN, AFTER GRADUATION, you'll win your silver wings, and earn more than \$5000 a year as an Air Force Lieutenant. You'll enjoy an adventurous, exciting career with a hand-picked crew of real men. You'll be THE BRAINS OF THE TEAM, A TRIPLE THREAT MAN... as a Bombardment Officer, as a Navigation Officer, as a Radar Officer, as an Aircraft Performance Engineer.

★ **THE SOONER YOU APPLY, THE SOONER YOU FLY!** ★

GET THE DETAILS: Visit your nearest Air Force Base or Air Force Recruiting Officer. Or write to Director, of Training, Headquarters, USAF, Washington 25, D.C., Attention: Aviation Cadet Branch. If you are in a school that has an Air Force ROTC program, see your Professor of Air Science and Tactics.

SOCIETY

Delta Delta Delta Saturday Dance Is First National Sorority Presentation

Phi Eta chapter of Delta Delta Delta will present its new members at 7 p.m. tomorrow in the ballroom of the Student Union Building. J. C. Chambers will be master of ceremonies.

Barbara Lu Currie, to be presented by her brother, Jerry Currie, will be presented as chapter president for 1953-54.

New Members

New members and dates are: Jenny Lou Ballard, Gene Wheeler; Mary Alice Brazelton, Ted Harrison; JoAnn Clifford, Glyn Whitmore; Sue Bradley Dean, James Dean; Dona Keith, Mack Mohon; Barbara Holdridge, Ernest Lokey; Joyce Morton, Melvin Deardoff;

Sigma Tau Delta To Install Officers at Annual Picnic

Sigma Tau Delta, honorary English fraternity, will have its annual spring picnic Friday afternoon at Silver Falls. The group will leave the campus at 5:30.

Features of the picnic will be the installation of officers for next year and initiation of two new members.

New officers are: Kenneth Davis, president; Betty Busch, vice-president; Mary Francis Forkner, secretary; and Norma Johnson, treasurer.

New members are: Nancy Franklin and Patsy Hay.

Pat Powers, Wadi Farach; Jeanne Stults, Mr. A. C. Stults; Doris Ellis, F. L. Ballard; La Faun Edwards, Tim Russell; Flo Leuenberger, Richard Jones; Shirley Roberts, Joe Harris; Barbara Saunders, Dave Thomas; Sue Shawver, Tony Shawver; Mary Hunsucker, Jerrol Peters; Joan Macaulay, Jack Blackstock; Sandra Spiller, Jimmy McClatchy; Alice Dickenson, T. K. Knox; and Ann Hintz, Bill Little.

Other Members

Old members and dates are: Mary Jo Craig, Brian Boyett; Marvel Gibner, Jerry Gibner; Marianna Corry, Dwight Wygant; Annie Hayes, Loyd Simmons; Barbara Lu Currie, Bill Snyder; Mary Ann Gidney, Joe McWilliams; Rosemary McKee, Harvey Stewart; Betty Mills, Glen Rose; Nancy Ramage, Kenneth Ramage; Patsy Wiltshire, Bill Forbus; Bobbie Wilson, Jim Turner; Minnie Lee Thompson, Donald Jackman; Phyllis Martin, Clarence Wright; Jackie Farr, Neil Wood; Kate Leatherwood, Jim Lawrence; Dixie McGehee, Tom Schweinzer; Ruth Smalley, Dale Smith; Peggy Wright, Curt Coxon; Kay Collins, Ken Kummer;

Elizabeth McCain, Bob Horne; Nina Spearman, Jimmy Nickell; Scharlyn Daniel, Elmer Wilson; Betty Harper, Bryan Close; Dorothy Gage, Lowell Richardson; and Sue Hefley, Wayne Sparks.

Women's Dorm Officers Installed On Monday Night

New officers of the women's dormitories were installed in candlelight ceremonies last Monday night.

Nina Spearman was installed as president of Horn Hall, and Claudia Ticer, as president of Knapp Hall.

Other officers installed in Knapp were: Lynda Webb, vice president; Nancy White, recording secretary; Joanne Robbins, corresponding secretary; Shirley Massey, treasurer; Connie Pruett, AWS representative; Mary Jane Smith, publicity chairman; and Pat Qualla, Big Sister-Little Sister chairman.

New officers installed in Horn were: Dorothy Gage, vice president; Marianna Corry, recording secretary; Sue Duggan, corresponding secretary; Joann Hampton, treasurer; Joan Norris, AWS representative; Sara Dickinson, publicity chairman; and Mary Holloway, Big Sister-Little Sister chairman.

Junior-Senior Prom Ticket Sale Continues In Rotunda

Sale of Junior-Senior Prom tickets will continue until all tickets have been sold, states J. C. Chambers, junior class president. At press time Friday, tickets were still available.

Seniors and juniors may purchase tickets in the East Rotunda of the Administration Building. Prices are \$3 for date and \$5 stag. The prom, which will be held without corsages, will be held May 15 in the ballroom of the Student Union Building.

Women living in college dormitories will be given 1 o'clock privileges.

La Ventana Staff Honored With Banquet; Contracts Are Awarded for 1954 Book

A banquet, honoring 1953 La Ventana staff members, was held last night at the Plainsman Hotel.

Those honored included: Bert Goodyear, editor; Ted Harrison, associate editor; Roy T. Grimes, business manager; Jimmy Clark, editorial assistant; Keith McMillin, Paul Kessinger, Glenn Crowder, Carl Hart and Marty Courtney, photographers; Sybil Jones and Tommye Brown, secretaries; Linnie Boyers, layout supervisor.

Paul Laverty To Present Music Recital Sunday at 4

Paul Laverty, student of Herbert Colvin, will present a junior music recital at 4 p.m. Sunday in the Music Building Recital Hall.

The program includes:

- Prelude and Fugue in A minor (WTC, Bk I) — J. S. Bach
- Sonata in D Major — Mozart
- Allegro
- Adagio
- Allegretto

- Improvisations on a Hungarian Folk Tune, Op. 20 — Bartok
- Concerto in A Minor, Op. 54
- Allegro Affettuoso — Schumann

Psychology Club To Hold Picnic Sunday, May 17, at Buffalo Lakes

The Psychology Club will hold a barbecue at 4:30 p.m. Sunday at Buffalo Lakes, says Donna Rumpy, secretary. All students of psychology are invited.

Tickets may be obtained from Mary Batchelor in Knapp Hall. The group will leave at 4 o'clock from the parking lot south of the Administration Building.

Martha Gillispie, copy supervisor; Adrienne Bridges, assistant copy supervisor; Duane Howell, sports; Ruth Drake and Dick Shockley, organizations; Basil Wolfe, staff artist; and Claudia Martin, Dana Mitchell, Mary Jane Coen, Shirley Cartwright, Mary Catherine Cole, and Pat Harkleroad.

Contracts for the 1954 La Ventana have been awarded to the same photographer, engraver and printer of the 1953 book, according to Prof. A. B. Strehli, chairman of the publications committee.

The photographic work will be done by Koen Studio, 2222 Broadway; the engraving by the Southwestern Engraving Company, Dallas; and the printing by the Economy Advertising Company, Iowa City, Iowa.

Ted Harrison, senior from Roswell, N. M., will edit the 1954 yearbook and Earl Dietering, Lubbock junior, will be business manager.

Kemas To Have Picnic

Kemas will have its annual picnic at 3 p.m. Sunday. The picnic will be held at the Mackenzie party house.

Mother's Day Cards

Texas Tech College BOOKSTORE

Only time will tell about a summer job! And only time will tell about a cigarette! Take your time...

Test CAMELS for 30 days for MILDNESS and FLAVOR

THERE MUST BE A REASON WHY Camel is America's most popular cigarette—leading all other brands by billions! Camels have the two things smokers want most—rich, full flavor and cool, cool mildness... pack after pack! Try Camels for 30 days and see how mild, how flavorful, how thoroughly enjoyable they are as your steady smoke!

R. J. REYNOLDS TOBACCO CO., WINSTON-SALEM, N. C.

More People Smoke CAMELS than any other cigarette

R. S. V. P. . . .

A portion of the activity fee that you paid is allotted to the Student Council. Next Monday night the Council will in turn further divide the money.

At that time the councilmen will vote on the budget for next year, deciding what organizations and activities will receive how much money.

It's not too late to make your feelings on the matter of appropriations known to your divisional representatives. After the budget session, it will be too late.

Under the Breezeway

by Shirley Johnson, Toreador editor

The advent of national sororities and fraternities to Tech has caused discussion of the possibilities of the formation of an independent students' organization.

Tech has always had the purest type of independent student with regard to campus politics—the student who has no connection with a group seeking to elevate a candidate to office. It seems, however that purity produces nothing effective in this case. Members of Tech's social clubs have long held a disproportionate share of the campus offices available. At times, general elections have appeared to be nothing but a sort of inter-club function.

Realizing that the formation of an organization for independents can possibly detract from their status as such, we feel that a strong organization for the non-Greeks is an essential if Tech is going to grow politically as it has in other ways. Tech has rapidly reached the collegiate "big-time" in many respects; but Techsians are still "small-time" when it comes to taking an interest in the politics of their student life. The campaigning at many other schools makes our put-up-a-poster-and-forget-it system look a bit weak and inadequate.

We feel that the establishment of a working independents' organization would rule out the possibility of a candidate for president of the Student Council being elevated to office without opposition—as has been the case in the last two elections at Tech. Even if the "barbarians" cannot field as strong a candidate as the entrenched groups can, the presence of an opponent will assure the campus that a nominee will not rise to office without even making the effort of stating a platform for his administration. Just think a moment. Do you know what next year's president of the Council stands for or if he stands for anything in particular? He made

no statements of platform.

The interests of the non-club students of Tech were well represented in the Council this year, with three of its executive officers and several of its representatives listed as independents. While there is no reason to doubt that next year's councilmen will be any less representative, it is worth your time to note that all of the executives of the Council will be Greeks. Many of the representatives will be. Other major campus offices held by Greeks will include head boy cheerleader, head girl cheerleader, editor of the paper, and editor of the yearbook.

Those observations are presented for no other reason than to encourage and arouse the independents of Tech to take a more active part in campus affairs.

If the levity could be removed from the Gamma Delta Iota movement that has been taking shape recently, we feel that the movement could result in an organization that would contribute materially to Tech's political maturity.

(For the benefit of those who are not familiar with the Gamma Delta Iota movement, allow us to advise that the three Greek symbols are indicative of three letters: GDI. GDI is indicative of—well, better ask your roommate.)

Petroleum Engineers Win First Prize for Model Rig

The American Institute of Mining and Metallurgical Engineers, student organization of petroleum engineers, has been awarded first prize for their exhibit of scale model drilling equipment during the Engineers Show. The award was made at a smoker Thursday night in the Student Union Building.

Second prize went to the student branch of American Chemical Society, which had a chromatography display and its annual magic show.

"Can't understand it. Can't understand it. It worked out fine on paper."

Seen Through The Sand

BY ANN BRYAN Toreador Associate Editor

Searching for a way to say farewell, as this is the last time this column will appear in The Toreador, we at last decided not to devote inches to bidding goodbye, but to reminisce instead.

Looking back over the year's papers, we found that a good idea of the things Tech students thought about and discussed could be gotten by reading the letters-to-the-editor on the Toreador editorial pages.

The first student letter published was in the October 17 Toreador. President E. M. Jones wrote us that "... the over-all atmosphere generated by your editorial policies this year is one of positive leadership."

The peril of crossing College Avenue was the subject of a letter, written by Bob Crocker, printed in the same issue. Dick Shockley, cheerleader of Westlaco, wrote to the editor Oct. 28 in defense of the then proposed and now official Tech mascot—Black Invader, a black Angus bull.

Turning to the October 31, Homecoming, issue we found a letter from William M. Gosdin, superintendent of grounds, complimenting Techsians on keeping the campus clean. Mr. Gosdin stated that there is a great improvement over the past years in that there is "an absence of beer cans and liquor bottles on the campus around the dormitories, stadium, and everywhere in general."

The Backtalk column of November 5 contained a letter from Mrs. Nancy Nell Innis, assistant dean of women, supporting the idea of an independents' organization which The Toreador had mentioned in the editorial column and this writer had advocated. In the same issue a letter concerning November's liquor election was printed in this column.

In the next issue—a letter from Hollice Davis, Fort Worth senior, advising freshmen to receive high school letters from athletic jackets. Also—a letter from M. F. Landwer, zoology professor, concerning the large stock of fertilizer, deposited behind the library, which bred a lovely smell and millions of flies.

foods of all kinds", written by I. M. Huval, Pampa senior. There was also a letter of appreciation from Bert Goodyear, Lubbock senior, for the printing of the infirmary sick list.

A letter printed in the Technicalities column in the October 14 issue began a controversy which editorial page readers will remember well. Jan Bulls, now a graduate, was the author.

A piece of correspondence which boosted the editors' spirits was published in the October 17 Toreador. President E. M. Jones wrote us that "... the over-all atmosphere generated by your editorial policies this year is one of positive leadership."

The peril of crossing College Avenue was the subject of a letter, written by Bob Crocker, printed in the same issue.

Dick Shockley, cheerleader of Westlaco, wrote to the editor Oct. 28 in defense of the then proposed and now official Tech mascot—Black Invader, a black Angus bull.

Turning to the October 31, Homecoming, issue we found a letter from William M. Gosdin, superintendent of grounds, complimenting Techsians on keeping the campus clean. Mr. Gosdin stated that there is a great improvement over the past years in that there is "an absence of beer cans and liquor bottles on the campus around the dormitories, stadium, and everywhere in general."

The Backtalk column of November 5 contained a letter from Mrs. Nancy Nell Innis, assistant dean of women, supporting the idea of an independents' organization which The Toreador had mentioned in the editorial column and this writer had advocated. In the same issue a letter concerning November's liquor election was printed in this column.

Landwer, zoology professor, concerning the large stock of fertilizer, deposited behind the library, which bred a lovely smell and millions of flies.

It was about this time that

AWS Will Honor Women Graduates

Association of Women Students will hold its annual May Day Dinner in honor of graduating senior women at 7 p.m. next Tuesday in the Caprock Hotel.

Senior women who have been leaders on the campus will be recognized, and new Forum and Junior Council members will be revealed. Dormitory officers and legislators also will be recognized.

New presidents and AWS representatives of women's clubs will be introduced.

Dean Margaret Weeks will give the invocation and Dean Marjorie Neely will be guest speaker. Dean Neely's topic will be "Taking Inventory."

Tickets are \$1.75 per person and may be purchased from any member of AWS.

The Toreador financial situation became crucial and the first four page paper was published November 14, containing no editorial page.

Donald Fortenberry, Doak Hall resident, complained of the "run-down condition of the Victory Bells" in the November 19 Toreador. To our knowledge, nothing was ever done to improve that condition. In the same issue Richard Cook, Lufkin senior, defended the fertilizer mound commented upon earlier by Dr. Landwer.

Next we found a letter about the often-criticized new Science Bldg., with its "million dollar dress."

December 17—a letter from Melvin Bird, Fort Worth junior, expressing disapproval of the new absence regulations which will go into effect next fall. Another letter of the same opinion, written by Bob Hosman, Fort Worth senior, was published February 11.

March 27—a letter, name withheld by request, asking the reason for the omission of the editorial page and calling the Science Building a "million dollar blunder."

On April 10 another letter from Donald Fortenberry was published. Fortenberry asked the reason for the footnote on correspondence course application forms which reads "the law restricts our correspondence service to the white race." His question was answered by President Jones in the April 17 Toreador.

Next editorial page—a letter from Kathy Phillips, San Angelo junior, commenting upon and criticizing the blunders of the 1953 La Ventana.

Topics of student discussion varied, with comments on everything from black bulls to racial segregation. We think it shows a healthy and interested attitude and hope it will continue to be so.

Signal Corps Instructor Retires After 23 Years of Active Army Service

M/Sgt. Harold O. Purvine, Signal Corps ROTC instructor, retired from the army April 30 after serving 23 years.

Sgt. Purvine was born in Pontotoc, Miss., 42 years ago. He graduated from high school at Okmulgee, Okla., after attending school in seven different states.

He joined the army at Houston in 1929. From 1929 to 1932 he was stationed in China and the

Philippines. From 1932-35 he served aboard army transports as a radio operator. In 1935 he was sent to the Panama Canal Zone where he stayed until 1939. From Panama he went to Washington, where he was stationed until 1942. In 1942 he again went overseas. This tour was spent in England, France, Germany and Belgium, where he stayed for four years. From 1946 until 1951, when he was sent to Tech, he served in Germany and took part in the atom bomb tests at Bikini.

While in the army he served with the 23rd, 31st, and 30th Infantry Divisions. After leaving the infantry he served with the 1st, 7th, 15th, and 17th Signal Service Companies. He also served in the 810th Signal Service Battalion, and the Army Security Agency. Of the 23 years he was on active duty, he spent 17 1/2 years in foreign service.

He was decorated 13 times and holds a first lieutenant's commission in the reserve.

Mr. Purvine, his wife and two children, a boy 6 1/2 years old and a girl 7 months old, are living in Lubbock while he serves as military property custodian for the Tech ROTC unit.

Seven Soloists In Tech's Flying T's

The Flying T's, an organization for students interested in aviation, now has nine members, seven of whom have made solo flights. Membership is open to all students and faculty members, says Harold Rucker, president.

Other officers of the newly organized club are: Darrell Jackson, vice president; Sandra Mason, secretary; and B. T. Smith of the math department, sponsor.

Additional members include: Aubrey Shaver, Garnett Reeves, J. D. Harkey, Harold Simon, Bentley O'Quinn, and Laddie Linstrom. The group's plane is kept at Vickers-Dagley hanger at Municipal Airport.

Plans have been made to purchase another plane when club membership reaches 17. The club, approved by college officials, is the first of its kind formed at Tech in several years.

CONSULTANT HERE

Mrs. Harry Power of Austin is on the Tech campus this week as a consultant on the policies governing the Panhellenic procedure. Mrs. Power is chairman of college Panhellenics of the National Panhellenic Conference.

Regina de Cunha Granted Scholarship To Study Home Economics at Tech

Miss Regina Maria Luiz da Cunha of Rio de Janeiro, Brazil, is coming to Tech next fall. She has been granted the American Home Economics Association's international scholarship.

Miss da Cunha will study at Tech in the Home Economics Division. Her scholarship amounts to \$500 furnished by the AHEA and \$500 supplied by Tech's Home Economics Club.

The 22-year-old student is a native Brazilian. She has completed the junior college course at Instituto Tecnico de Colegio Bennett in Rio de Janeiro. Miss da Cunha has also taught home economics two years in the secondary

course at Bennett.

Money for Tech's part of the grant has been raised by the Home Economics Club. In addition to the \$500 to match the THEA grant, the H. E. Club will provide \$150 for Miss da Cunha's incidental expenses.

The scholarship is granted to deserving students in foreign countries who wish to study more about home economics in the United States. After completion of study here, Miss da Cunha will return to Brazil where she will teach home economics.

Tech Oil Students Will Go To Tulsa

Thirty-seven petroleum engineering students above sophomore level will attend the International Petroleum Exposition at Tulsa, May 14-17.

The group will be accompanied by Prof. Philip Johnson, sponsor of Pi Epsilon Tau, honorary petroleum engineering society, which organized the trip, according to Delwin Stults, vice-president.

Tickets to the show, which is the largest industrial exposition in the world, have been sent to the group by the Lane Wells company.

Transportation and lodging for the men has been made possible by the following contributors: Coats Drilling Company; J. R. Cane; Welborn and Christmann; Jack Markham; Crenshaw, Dupree & Milam; D. J. Stone; Thompson Exploration Drilling Company of Lubbock; Basin Supply Company; and The Western Company of Midland.

Noble Is Elected President Of Der Liederkranz Club

J. Mack Noble, junior from O'Donnell, has been elected president of Der Liederkranz at its annual meeting for election of new officers for fall-spring semesters, 1953-54.

Other new officers include: B. F. Kellum, vice president; Trixie Austin, secretary-treasurer; and Ray Cook, reporter.

A new office is that of secretary-treasurer of the Texas Association of German Students, which was filled by Rosemary Sprague. The German Club is affiliated with this organization.

Rifle Team Fires at Canyon Against WTSC Yesterday

The Tech rifle team fired against West Texas State College at 2:30 p.m. yesterday. The team left for Canyon at 12:30 and returned last night.

The team was composed of six members of the Army and Air Force ROTC units.

Some coeds like their escorts blond; While some prefer brunets - But all agree on Lucky Strike. When they choose cigarettes.

Margaret C. Brozman University of North Carolina

Nothing-no, nothing-beats better taste

and LUCKIES TASTE BETTER! Cleaner, Fresher, Smoother!

Ask yourself this question: Why do I smoke? You know, yourself, you smoke for enjoyment. And you get enjoyment only from the taste of a cigarette. Luckies taste better—cleaner, fresher, smoother! Why? Luckies are made better to taste better. And, what's more, Luckies are made of fine tobacco. L.S./M.F.T.—Lucky Strike Means Fine Tobacco. So, for the thing you want most in a cigarette... for better taste—for the cleaner, fresher, smoother taste of Lucky Strike...

Be Happy-GO LUCKY!

For mildness, freshness, firmness, too, Try Lucky Strike today. Buy the carton, buy the pack - They're better either way!

Samuel Wm. Kaulman Pomona College

Where's your jingle? It's easier than you think to make \$25 by writing a Lucky Strike jingle like those you see in this ad. Yes, we need jingles—and we pay \$25 for every one we use! So send as many as you like to: Happy-Go-Lucky, P. O. Box 67, New York 46, N. Y.

In typing class I'm not a whiz - My speed's not up to par; But I learned fast that Lucky Strike's The finest smoke by far!

Raider Trackmen Enter Border League Meet

Fourteen athletes will represent Tech in the track and field competition of the Border Conference Meet at Abilene tomorrow.

Coach Landon Westbrook's trackmen aren't expected to threaten the favorites, Arizona State at Tempe and the University of Arizona, but the Raider crew should be in a close fight for third with Hardin-Simmons and Texas Western.

In last year's meet Tech finished fourth behind Arizona, Tempe, and Texas Western.

Farrell, Fairley To Enter

The Raider cause will be aided greatly by the services of two defending champions—Jim Farrell of Amarillo, who flashed over the finish line first in the high hurdles in last year's meet, and Jerry Fairley, who took first in the 220-yard dash.

Another potential point-maker for the Raiders is Don Covey of New Deal, the National Association of Intercollegiate Athletics broad jumping champion. Covey has suffered from a back injury this season and has not approached his 1952 form. However, if his injury doesn't bother him too much, the broad jumper can be counted on to chalk up several much-needed tallies for the Raiders.

Tech will be minus the services of another champion of last year's meet—Bobby Hawkins of Lamesa, who captured first in the 440, and is presently in the army.

Tech Will Enter

100-yard dash—Fairley, Ronnie Herr of Muenster, Walter Bryan of Olney, and Pat Green of Paducah.

220-yard dash—same as 100.

440-yard dash—Herr, Covey, Ronnie Cordell of Oklahoma City, and Vic Spooner of Colquitt, Ga.

880-yard run—Vic Thiel of New Deal and Dick Witte of Lincoln, Nebr.

Mile run—Thiel.

Pole vault—Billy King of Big Spring and Darvin Rogers of Eloy.

Stadium Additions Half Completed

Construction on the four new stands at Jones Stadium is about half completed, according to Jimmie Wilson, athletic business manager.

When finished, the new structures will add about 8,000 seats to the 18,861 present capacity of Jones Stadium.

The project, which is costing the college about \$182,000, is slated to be completed around August 1. The Tidmore construction company is doing the building.

The 8,000 new seats plus the 3,000 which were moved into the south end zone from the old stands will give Jones Stadium a seating capacity of approximately 29,000 next fall.

'Mural Track Set With 10 Entries

Tech's intramural tracksters get a chance to prove their worth tomorrow afternoon, as the annual meet gets under way at 1 p. m. in the old stadium.

Ten teams had placed entries in the meet late Wednesday afternoon. Those fielding teams are: Kemas, Steers, BSU, College Club, Sneed Hall, Edenites, Silver Keys, Wranglers, Los Camaradas, and Dishwashers Inc.

According to George Philbrick, director of the meet only three persons will be allowed per team in any one event but any one man may enter as many as five events, three track and two field, or two track and three field.

Events to be entered are: shot, high jump, pole vault, high hurdles, softball throw, broad jump, 440-yard dash, 880-yard dash, 220-yard dash, football throw, 200-yard low hurdles, 100-yard dash, 60-yard dash, 440-yard relay, and the mile relay.

Golf, Net Teams In Abilene Today

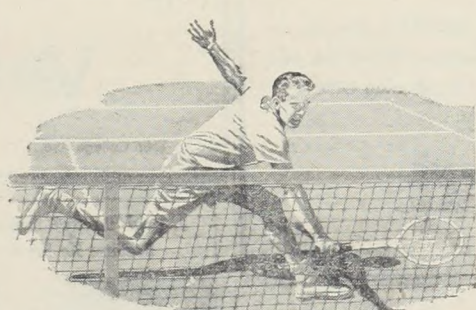

Tech's golf and tennis teams are expected to repeat last year's marks in Border Conference competition at Abilene today and tomorrow.

Coach Wade Walker's golfers will probably repeat last year's performance again by finishing second behind Hardin-Simmons.

Tech's tennis team, coached by George Philbrick, should capture the third-place slot again this year, closing behind Arizona and Hardin-Simmons. In last year's meet, Arizona nosed out Texas Western to take the championship, with the Raider netters taking third.

Three returning lettermen will be in Coach Walker's line-up when he sends his linksmen into Border Conference competition. They are: G. W. Warden of Levelland, Jerry Thornton of Fort Worth, and Joe Stoltz of Hobbs, N. M. David Moorhouse of Seymour and Jimmy Baker of Amarillo round out the team.

Two returning lettermen, David Clark and Jimmy Burgess, will furnish depth to Coach Philbrick's racqueters in the stiff Border Conference competition. Wendell Jones of Lubbock and Pete Edwards of Vernon, a football letterman quarterback, make up the rest of the team.

Important Conference Rule Changes On Agenda Of Border Business Meeting

The agenda for the business meeting of the Border Conference in Abilene today and Saturday is full of important business, including admission of new members and easier punishment for

violations.

Two unidentified schools are reportedly interested in joining the league. The conference is now composed of Arizona University, Arizona State (Tempe), Texas Western, Texas Tech, Hardin-Simmons, West Texas State, and New Mexico A&M. Arizona State of Flagstaff has withdrawn from the loop, having joined the New Mexico Intercollegiate Conference.

To bring in new members, a majority plus one instead of the unanimous vote now required would be needed.

This new rule would also apply to the league violators.

Other business expected to be considered is:

1. Limiting size of traveling squads.
2. Eliminating the charging of one year's eligibility while a transfer student is establishing residence.
3. Limiting participants in title play-offs to players eligible under NCAA rules.
4. Requiring a round-robin in basketball.
5. Re-instituting the freshman rule. (Since January, 1951, because of the Korean war, freshmen have been allowed to play with the varsity.)

'Mural News

Four champions will square off Friday afternoon at 5 behind the gym in the first round of the intramural softball tournament.

Rebels, Independent League, will meet DM, Aggie League, in one contest while Wranglers, MCCC, plays Sneed East, Dorm, in the other tilt.

The championship contest will be played at 5 p. m. Monday.

CATTLE SHOW

Senior students in beef cattle production class will exhibit three groups of cattle in the cattle barn Saturday at 1:30 p.m. Hereford steers, Hereford heifers, and Aberdeen-Angus steers comprise the groups.

Before Saturday's show, students will have done everything needed to get animals in show condition, according to Dean W. L. Stangel, beef cattle production instructor. Practices involved in preparing cattle for show include foot trimming, clipping, washing, dressing, and the actual showing. Dean Stangel said an ideal cattle exhibit will be set up in the barn prior to the show.

GRAZING TESTS

An average gain of 2.11 pounds per day was recorded in the first fourteen days of the second year's experiments in grazing beef cattle on Tech's irrigated pastures. The experiment, which involves study to determine the number of pounds of beef that can be produced by grazing irrigated pastures, began April 16.

Cattle were moved from the first to the second of the four pastures April 30. Ten steers were used in the experiment. They grazed on one-acre pasture sowed in alfalfa and brome grass on the first leg of the test.

The second pasture in the experiment, which the cattle have been on since April 30, is sowed in perennial rye grass and alfalfa. Alfalfa, brome, and perennial rye are planted in the third irrigated field, and brome, perennial rye, Kentucky fescue, orchard grass, and blue panicum are sowed in the last pasture.

Cattle stay in a pasture until it is grazed down. Then they are moved to the second pasture while the first is irrigated. On each change of pastures the weight of the cattle is checked and recorded.

DEAN SPEAKS

Dean W. L. Stangel spoke at the County Agent Workshop at Spur Station today. Dean Stangel

discussed storage of silage and feeding methods at Tech. Afterwards he conducted a question and answer period.

ALPHA ZETA MEETS

Dean W. L. Stangel and Dean Emeritus A. H. Leidigh, first head of the division, were initiated into Alpha Zeta fraternity Tuesday. Alpha Zeta is a national agricul-

ture professional fraternity.

Carl Menzies was installed as chancellor of the Texas Beta chapter Tuesday. Menzies succeeded past chancellor Brian Boyett.

Beta chapter of Alpha Zeta was installed at Tech in April, 1951, only a few days after the Alpha chapter was approved at Texas A&M, to become the second chapter in Texas. There are now 49

chapters of Alpha Zeta in the United States.

Chester Jaynes, agronomy instructor, is chairman of the faculty advisory committee of Beta chapters. The advisory committee consists of three faculty members

who are members of Alpha Zeta. Other members of the committee are E. A. Jordan, agriculture engineering instructor, and Dr. F. G. Harbaugh, professor of animal husbandry and Tech veterinarian.

J. Paul Sheedy* Switched to Wildroot Cream-Oil
Because He Flunked The Finger-Nail Test

SHEEDY shed crocodile tears till he had alligator bags under his eyes, because he got the gator from his girl. "I'm going to hide from you and your horrible hair," she said "until you go gator bottle of Wildroot Cream-Oil, America's favorite hair tonic. It's non-alcoholic. Contains soothing Lanolin. Keeps hair well-groomed from morning 'till night. Relieves annoying dryness. Removes loose, ugly dandruff. Helps you pass the Finger-Nail Test." Paul slithered down to a nearby toilet goods counter for Wildroot Cream-Oil. Now he's swamped with purse-lipped females who want him to crocodile their telephone numbers. So water you waiting for? Buy a bottle or tube of Wildroot Cream-Oil, or ask for it on your hair at any barber shop. Then your social life will stop dragon, and you'll scale the heights.
