

THE TOREADOR

Schlinkman To Head '46 Senior Class

Kittley Appointed Toreador Editor For '45-'46 Term

Publications Committee Selects Schooley For Sponsor Of Toreador

Wayne Kittley, senior journalism major from Slidner, was appointed Editor of '45-'46 Toreador at a meeting of the Publications committee last Tuesday.

Hugh Rowland, who was elected editor of this year's Toreador in the Spring election, resigned from his position after he found it impossible to graduate this summer.

Kittley, acting Superintendent of Tech Press and a member of TWVA and Press club, was editor of the Sudan News for five and one-half months and has been connected with newspapers for six years.

Other applicants for the position were Barbara (Bea) Green and David Buckingham, junior journalism majors; Kay Pinkston and James Henninger, senior journalism majors.

Six students were temporarily appointed as members of the Tech publication committee by Troy Caldwell, president of the student council, in a called meeting held Tuesday evening in the press building. Publication committee members named were Walter Schlinkman and Arthur Shahan, Tuesday elected presidents of the senior and junior classes respectively, Bill Nugent, Ed Boza, Jim Humphreys and Troy Davidson. Their appointments will be approved by members of the student council when they meet at 7:30 p. m. Thursday in room 210 Ad. Building.

A. B. Strehli, assistant professor of Spanish, was elected chairman of faculty representatives to the publication committee. Other members of the staff elected to the committee were Miss Gussie Lee Teague, associate professor of English; Cecil I. Ayres, assistant professor of Agronomy; R. L. Lockard, associate professor of architecture and applied arts; and E. V. Middleton, associate professor of civil engineering.

Clark Schooley, former staff member recently returned as assistant to head of the journalism department, was elected sponsor of the Toreador.

Gaylord Changes Lending Policy

A change of policy in the lending of current magazines has been announced according to A. S. Gaylord, Librarian. Any magazine which has been in the library for over a month will be available to any student for three days circulation. It was the rule in the past for students not to take current periodicals from the building.

Magazines of general interest include American Mercury, American, Atlantic Monthly, The New Yorker, Time, Life, Fortune, and Reader's Digest. Popular Mechanics and Photography are of special interest to men students, and Good Housekeeping, Harper's Bazaar, Vogue, Ladies Home Journal, and Woman's Home Companion furnish entertainment for women students.

Gaylord stresses that the library is not specifically a place to study but is for one to find relaxation and good reading material to suit one's individual tastes.

La Ventana Pictures Due By October 1

If you want your picture in La Ventana, you must visit the Palace Studios and have your photograph taken by Monday, October 1, Editor Merrill Snyder announced today.

La Ventana staff members were chosen and a new budget set up last week.

Students who will serve for the 1945-46 session include: Merrill Snyder, editor; Dorothy Cantrell, business manager; Barbara Green, associate editor; and Ed Graf, photographer.

Printing for the La Ventana is under contract to Economy Advertising company, Iowa City, Ia., and engraving will be done by Southwestern Engraving company, Dallas. Contracts with these two firms were signed and approved by the publications committee last spring.

Girls Dorm. I Elects Officers

The residents of Dorm I met for their first regular meeting Wednesday evening at 10 o'clock in the dorm lounge. Audrey Melton, serving her second term as president, introduced the officers who were elected by the dorm residents last spring. Other officers include Mrs. Frances Alexander, vice-president; Maureen Smith, secretary; Norma Jean Lam, finance chairman; Mary New, senior representative to the senate; Mabeth Mabry, junior representative to the senate; Jo Taylor, sophomore representative to the senate; and Maxine Harp, A.W.S. representative.

Mrs. Elizabeth Young, social director, reminded the students of the rules and regulations. Most of the residents are sophomores this year reported Mrs. Young.

There was a house meeting for the freshmen Monday, October 10, for the purpose of acquainting them with the traditions of Tech and also what is expected of them during their stay here.

Girls' dormitories II and III are planning a meeting this week. No 9 Add HOME MANAGEMENT Mrs. Lucy R. Bibb, assistant professor of clothing and textiles will also live in the Home Management house.

Senior students in the department house.

Senior students in the department of home management are required to live six-weeks in the HM house on the campus.

Tech Faculty Attend Game

A group of Tech faculty headed by President Whyburn will be guests of the San Antonio Chamber of Commerce at the A&M-Tech game to be played on Saturday, Sept. 29.

President Whyburn will go by plane to Austin on Thursday and will go from there to San Antonio where he will be joined by Dean Stangel, Dean and Mrs. James G. Allen, and Dr. and Mrs. Fred Standefer, at the game.

The Chamber of Commerce is arranging special entertainment.

Saddle Tramps Elect Officers

The Saddle Tramps met Monday night and elected the following officers: president, Maxey Penson; vice-president, Jim Humphreys; secretary-treasurer, Dan Young; Sgt.-at-arms, Roy Sutton; and sponsor, Cecil Ayres.

The Saddle Tramps made plans to sit in a body at all pep rallies and football games. They will also be in charge of ringing the victory bells. This organization is composed of upperclassmen who are interested in boosting the spirit of Tech in athletic contests.

Matador Band Largest Since '42 Fall Semester

Band Will Play For Tech-Southwestern Game Saturday Night

The Matador band is the largest since the fall semester of 1942, with 118 student members participating. The group is composed of about 59 freshmen, but there are still many upperclassmen who are members of Texas Tech's "A" band.

The band will play for the Tech-Southwestern football game Saturday night.

Personnel of the musical organization follows:

Flutes—Mary Lou Stewart, Donald Zelney, Beverly Besanson, Ruth Cowart, Gene Malone, Wanda Terry, Eleanor S. Henry, Joe M. Anderson, Browne Lamb.

Piccolo—Jimmie Williams, Janice Collins; Alto Clarinets—Betty Jo Leonard, Johnny Gilmer; Bass Clarinets—Betty Hatcher, Howard Wayne Choate; Bassoons—James Strong, Hal Wood.

E Flat Clarinets—Billy Slagle, Barbara Robinson, Ray Showalter, Douglas Berry, Doris Ragsdale, Claynell Fowler, Jamie Trainer, Cecil Jack Goldson, Joanne Bird, A. D. Anderson, Johanne Stieder, Aline Murtishaw, Pauline Witter, Bill Sam Womack, June Shine, Mary Anne Timmons, Ronald C. French, Terry F. Perkins, Bobbie Simpson, Betty Churchill, Jack Chambers, Gary Roy Powers, Sherman F. Randall, Alline Whitby, Theresa Hargrave, Rosaline Schreier, E. M. Schimberg, Howard Smith, Mary Francis Burnam, Joe Donald Watson, Carson Gilmer, Harold Elder.

Saxophones—Buddy Arnett, Lamar Jackson, Betty Bowden, Helen Calhoun, Dwight T. Perkins, Opel Storkard, Charlotte Kleinfelder, W. Anna Lee Tunned, Maurice Graves, Clyde Green, Virginia Stockard, Mary Jane Stucker, Ann Martin, Mary Lou Bizzell, Romana Jones Roland, Ann Louise Koerting, Walter Dennison.

Cornets—Ted Crager, R. T. Ryan, Roy Showalter, W. F. Cotton, Doris Belle Turner, John L. Jones, E. C. Grimm, Martha June Ford, Clois Fowler, Jack Hogue, Richard Eail Nunn, Arthur Lee Rice, Mavis Webb, Elmer Reed, Bill Felty, Billy Jean Stewart, Robert McNab, Frank Simpson, Don Heivins, Ed See MATADOR Page Four

"Fish" Defined As Techsan With Green Disposition

By BEA GREEN
Toreador Staff Writer

Fish are found around Tech campus under green caps. The question is where do these myriads of people come from and where do they stay?

Well, they live where all other students live, only more so. Each fish has trophies, pennants, pictures and high school annuals. Oh, yes, each fish was a Big Dog in high school, that is the difference. Upperclassmen, do not remember that far back, and after being around a college a while do not want to.

Fish come from big towns and little towns. The ones from little towns are found gazing at Lubbock's skyscrapers, the ones from big towns are found looking down on the campus.

Eventually they will look each other in the face and become upperclassmen.

Fish take courses in the five divisions of the campus, but most of all they take that unique course, Orientation. Adjustments to first or ascending principles is a definition given by Webster for that subject, but no one knows what it means. Only after it is all over, you know all about how much you do not know about all phases of knowledge, and find you have become a first-class Tech.

Upperclassman-like for fish to speak to everyone on the campus. That is because they think this is a friendly place, whether they speak or not. Fish are not required to speak to upperclassmen's girl friends.

At football games, fish are found standing all during the evening. That is to help their school spirit. In preparation for these games, fish practice by standing lines all during registration week.

After one week on the campus, fish are supposed to know all the school songs as well as all the yells for football games. That is considered the best way to show school spirit.

Upperclassmen hope to have no play at the games.

Slimes are fish who do not play football, all fish are on the team when you call one a Slime, which team you are not supposed to ask for private reasons.

Girl slimes go through Rush week, at which time they are considered better than upperclasswomen by the rushers. They get all the "little things" a heart could desire in order to become a pledge of a club, after which time they suffer anything to redeem the status felt during Rush Week.

After slimes go through Rush week too, after which they also sign preference and recuperate for a week from the "activities," shall we say. Their rush week is later.

Next fall when the new class comes in, sophomores will wonder how in the world they improved so much in such a short time, but juniors and seniors say that each class get better and it has been going on a long time. That is when that "Howdy Spirit" was born.

Horne Appointed Contest Judge

Cecil Horne, head of the Journalism department, was selected as one of the judges for the 1945 Oklahoma Newspaper Contests, conducted by the Oklahoma Press Association. Professor Horne will judge the Commercial printing which will be sent to him this week. The contest will end Sept. 25.

Veterans May Attend College Under G. I. Bill

Veterans of any branch of the Army or Navy may attend Tech at government expense provided they comply with the provisions of the G. I. Bill of Rights.

Men and women who were in the service on or after Sept. 16, 1940 and whose term of active service was 90 days or more, exclusive of any period assigned or a course of education or training under the Army specialized training program or Navy college training program may apply for at least a year of college training under the Veterans' Administration program.

The applicant must not have a dishonorable discharge nor be over the age of 25 at the time of entrance into the service.

Students may select the course of study they wish to pursue and the college they wish to attend within their own state or another state.

The Veterans' Administration is authorized to pay all tuition fees and other college charges and to provide books and board and room, travel expense, etc. These latter items are provided for by monthly payments of \$50 per month to single students or \$75 per month if the student has dependents. Payments of tuition fees, etc. are made directly to the college.

Major Harold Kitt, veteran counselor, will provide proper forms to be forwarded to the Veterans' Administration at Waco, Texas, for persons planning to enter Texas Tech at once.

Applicants should show evidence of high school graduation and any previous college credits they might have when registering.

Service men and women who wish to take advantage of this opportunity must apply for such school training within two years of the date of their discharge. Those who were in active service for more than 90 days may qualify for more than one academic year of training.

Major Kitt's office is room 110 of the Administration building. He was associate professor of mechanical engineering at Tech before going into the Army.

Educational Film Now Free To All Tech Departments

Educational film is now available free of charge for all departments of the college, states J. H. Millikin, director of the Division of Extension. Mrs. Janet M. Macdonald is the film librarian.

Heretofore, departments were required to pay a fee for film rental in order to screen them to the students in the classes," Millikin explained. This service will be available during college hours from 8 to 5 o'clock.

The film library has also been given word that new 9th Victory Loan Drive films will be sent to the college and will be loaned rental free to faculty, students and organizations interested. Millikin pointed out. These titles will be available as soon as possible. The educational film bulletin is printed and is free on request.

Museum Adds Collection Of German Equipment

The museum has recently added a collection of captured German equipment for public display. The collection includes a pistol, jacket, bayonet, flag, and medals, which belongs to Floyd Camp, ex-serviceman now attending Tech.

Capt. Darrel Brady Will Speak To Commerce Students Monday

Capt. Darrel Brady, who went to war when doctors tried to discharge him, will speak to all commerce students and others interested, Monday, September 24, at 3 p. m., in room 101 of the Chemistry building.

The World War II veteran, who fought from Tarawa to Saipan, holds the DFC and one cluster; the Air Medal with four clusters; the Pacific ribbon; the American Theatre ribbon; the European Theatre ribbon and the American Defense Medal.

Brady broke his back and both ankles in a ground accident in 1942 and fooled doctors who predicted he would never walk again by recovering sufficiently to get special dispensation from Washington to return to active service. The American Air Force captain is on inactive status after five months in the hospital following injury in an air battle over Truk.

Brady was sent to Germany in 1933 to bolster the Scout movement which was being attacked by Hitler youth, he worked and studied three years in Switzerland, Germany and Italy. The war hero met Hitler,

Capt. Darrel Brady

was arrested by the Gestapo, and his name was on the feared Gestapo "Blacklist." Brady was a guide

Shahan, Hardy And Henson Also Named Officers For Semester Elected At Meeting After Convocation

STUDENT BODY of Texas Tech met in a general convocation Tuesday morning in the Gymnasium. Student Body president, Troy Caldwell, introduced the members of the Student council for the 1945-46 year. Members introduced were: vice-president, Jo Hal Wofford, Plainview speech major; secretary-treasurer, LeNeil Foshier, Home Economics major from Claude; business manager, Troy Davidson, Lubbock; pre-law major; representative from the Athletic club, Arthur Lee Shahan, Graham, aggie; representative from Association of Women Students, Mary Jean Webb, senior commerce major; John "Red" White, who was elected head boy yell leader by the student body last spring. White is a senior aggie student. His assistants, also introduced, were Ivan Tucker, sophomore arts and sciences student from Houston and "Red" Miller, from Big Spring. Lomea Hodge, sophomore arts and sciences student from Paducah was introduced as head girl yell leader. Her assistant is Mary Frances Bernard, senior arts and sciences student from Lamesa.

From the gymnasium students went by classes to various rooms on the campus.

The Senior class elected Walter Schlinkman, senior arts and sciences student from Dumas as president. W. B. Blankenship, senior engineering from Levelland was elected vice-president. Secretary-treasurer elected was Norma Cleavinger, Hart home economics major. Representatives elected were: Agriculture division, Ed Boaz, from Anson; arts and sciences, Nelda Butler, Amarillo; commerce, Joan Marsh, Amarillo; engineering, Jack Horton, Greenville; and home economics, Inogene Bell, Lubbock. Loretta Stadel, Lubbock arts and sciences major was elected reporter. Sponsors for the senior class will be Miss Helene Blattner, speech department and Cecil Ayers, from the agriculture division.

Arthur Lee Shahan, major from Graham, and Jim Humphreys, aggie student from Lubbock was elected vice-president. Secretary-treasurer will be Dorothy Cliff, Waxahatchie arts and sciences major. Representatives to the Student council elected were: Agriculture, Jim Humphreys; Commerce, Virginia Blackburn, Iraan; engineering, Alvin Hanley, Fort Worth; home economics, Betty Renner, Lamesa. Sponsors elected were Miss Annie Jo Pendleton of the speech department and A. B. Strehli of the foreign language department.

Sophomores elected for their president Gene Hardy, pre-med student from Hugoton, Kans. Floyd Lawhorn, agriculture major from Temple was elected vice-president. Secretary-treasurer for the sophomores will be June Shine, arts and sciences student from Wichita Falls. The only representative to the student council elected was Billy Joe Snodgrass from Tokio from the agriculture division. Sponsors elected were Dr. A. F. Herr of the English department and L. G. Harmon of the dairy manufacturing department.

In the freshman class meeting, after five run-offs Jack Henson was elected president. Because of lack of time no more elections of officers were held.

Four New Faculty Members Assume Teaching Duties

New Professors Are In English, Agriculture And Math Departments

Four new members of the faculty at Texas Tech have assumed their teaching duties. They are: Miss Virginia Bowman, Miss Elizabeth Fox, John Henry Baumgardner and James H. Parnell.

Miss Bowman, taking Dr. Webb's place in the mathematics, received her M. A. degree from Tech in August.

Miss Fox, newly associated with the department of English, was graduated from Tech with B.A. and M.A. degrees. She served on the University of South Dakota faculty one year and later was employed as a civilian worker in the Signal Corps at Washington. She was recently employed in an air line office at Dallas.

Major Kitt's office is room 110 of the Administration building. He was associate professor of mechanical engineering at Tech before going into the Army.

Professor Parnell, who recently received his discharge from the Army was appointed assistant professor in the department of animal husbandry. He was graduated from Tech with a B.S. and M.S. degree, majoring in animal husbandry.

Parnell, formerly a lieutenant in the U. S. Naval Reserve, Monday assumed duties as assistant dean of men at Tech. He was graduated from North State Teacher's college, Denton, with a B.S. and M.S. degree. Prior to entering the service Lt. Parnell served four years as a satellite director, teacher and principal at Robert E. Lee Elementary school, Denton.

Tech Flight Songs Now Available At Campus Bookstore

New song books are on sale in the College bookstore containing five Tech school songs. The books are available to students for 50 cents each.

Thornton W. Allen and company, a New York musical publishing house that published college songs for schools over the nation offered to publish at their own expense the songs of Texas Tech.

Three new songs were added to Tech's repertoire, after having the approval of a committee. The songs were composed by Thornton W. Allen of New York and were written for Tech.

Titles of the pep songs are as follows: "Texas Tech Has Got To Win," "Fight On for Texas Tech," and "Let's Go Texas Tech." These songs are short and peppy and will be suited for playing and singing at football games, reports D. O. Wiley, band director.

The other two songs in the book are "Oh, College Mother, Beautiful," words by the late Paul W. Horn, first president of Texas Tech, and music by Samuel A. Ward; and "The Matador Song," words by R. C. Marshall, a 1930 graduate of Tech who is now in the armed forces, with music by Prof. Harry LeMaire, former band instructor at Tech.

Cotton Research Increases At Tech

The cotton research program of the textile engineering department at Texas Tech is being increased by the decision of the Cotton Research committee to center cotton research work of that committee at Tech. According to L. E. Parsons, head of the textile engineering department, this decision will mean the addition of both textile equipment and personnel, and a revised research program should be under way on or before Jan. 1, 1945.

Captain George Blain Now Teaching In England

Capt. George B. Blair, formerly a graduate assistant in the department of agriculture economics at Texas Tech is now teaching farm management at the Army University Center at Shrievhenam, England.

Artist Course Plans Program

The Tech Artist Course committee has planned a variety of entertainment for the students this year. Four programs given by the following artists will be presented at the Senior High school. Nadine Conner, Metropolitan Opera soprano will be here on November 14, Nino Martini, a tenor, who played in several movies, is booked for the night of December 3.

Rosario and Antonio, a dance group who entertained at the "Hollywood Canteen" will appear February 4. William April, a 23-year-old pianist will play April 4.

These programs are held for the benefit of the college students, and everyone should take advantage of this opportunity.

Aggie Grove Now Open For Picnics

Aggie Grove is now open for the use of faculty and student organizations for picnics or other social events. Organizations wishing to use the grove are asked to contact the Plant Industry office for reservations.

Reservations for use of the grove will be required this year in order to prevent conflicts of events and also to make arrangements for keeping the grove clean.

Aggie Grove was originally a project of the Plant Industry Club and barbecue pits have recently been added by the APO club. The present pits represents about one third of the proposed construction.

Astronomy Course Open To All Tech Students

Planets, solar systems, and celestial objects in general are to be studied by the class in Astronomy 111 which meets at 9 Thursday. It is a non-technical course for all students from freshman to seniors.

Dr. R. S. Underwood, professor of mathematics and astronomy said the class would have the use of a three-inch telescope for laboratory work. He states there still is time to enroll in this course.

Evening observations will be arranged at the convenience of the class, says Dr. Underwood, who has been affiliated with the Armed Forces until last year.

Willa Marie Whyburn To Attend Bryn Mawr

Miss Willa Marie Whyburn, daughter of Dr. Whyburn, is leaving by plane Sept. 25 for Bryn Mawr college at Bryn Mawr, Pennsylvania, where she will enroll as a freshman.

Miss Whyburn is a January, 1945 honor graduate from University High school in Los Angeles.

Friday, Sept. 1
Freshman class meetings, 5 p. m.
Open house for students by Lubbock churches, 8 p. m.
Pep Rally Tech stadium, 8:15 p. m.

Is Inflation Here?

Inflation has been played up in newspapers and magazines lately until one sees the word and turns to the next page. The average person thinks that it is just another term that the big boys in Washington draw their pay to talk about. They think it couldn't happen here. Sure, it takes a hatful of money to buy a meal in China, but that is several thousand miles away, and the Chinese are used to such stuff.

Persons who are older remember that in 1929 money was a little cheap in the good old U.S.A. As a result, one of the hardest depressions of American history hit us. Money became just as hard to find as it had been easy to get. The big boys in Washington remember that era and they are trying to keep it from happening again.

But, that brings us up to the point. What can we do to help? You may think that an extra penny here and there will hurt no one, but multiply that by about 130 million and there is quite a tidy sum of long green gone along the road to inflation. The general opinion is: "If I have the money I can spend it where I like and for what I like." That is your American privilege. But, what about looking to the future? Save those few pennies here and there. Keep on buying war bonds and stamps with what you save and when prices go down you will be glad you waited.

The attitude of many students seems to be that their few pennies amount to very little when compared to the great amount of increases prevalent in wages and commodities. It is true that many wages have been advanced, many as much as 20 to 30 percent. In our own dormitories the price for board and room has been advanced nearly 40 percent since 1940. It seems that situation like these can't be helped. Each advance in price is blamed on another rise and etc. There is no ending.

What many are waiting for is someone to call a halt to all this rising of prices and wages. If it isn't done soon chances are that dollar bills will be used to light cigarettes, if the cigarettes can be afforded.

Office of Price Administration has done a magnificent job. It has been due to that office that prices have been controlled throughout the war. What is puzzling many today is whether or not they received sanction for another year's operation. From the looks of many things it seems they decided to take a vacation and those who would, took advantage of the opportunity to go up, both in prices of goods and wages, one blaming their actions on the other.

A person may not be able to help much by saving pennies, but we would be more willing to save those pennies if the larger organizations and institutions would be fair enough to go their part in cutting prices.

It is hoped that the OPA isn't sleeping.

Language Poll

In a recent language poll, 55,309 senior and junior-high school students representing all sections of the United States, were asked: "If, upon graduation from high school you were given a travel scholarship or were an exchange student in another country for a year after the war, which country would you choose?"

Twenty-seven percent of the voters preferred South American countries or Mexico. Of the other countries, France was next highest with a 15 percent total followed by Great Britain, ten percent and Germany eight per cent.

According to the Tech Foreign Language department, 620 students have enrolled in language courses this year, which totals 127 more enrollees than last year.

What is the cause for this increase in the number of students taking language courses? One cannot lay the reason altogether to the 557 additional students who have enrolled in Tech this year. The motive is much deeper, it has its bearing on the number of students who are now preparing to become builders in a Post War World reconstruction period in which Spanish, French, German, Japanese and other languages will serve a great need in knowing the peoples of those countries.

This increase in the number of students interested in the language arts is a healthy sign that, whether they realize it or not, they are stepping in the direction towards promoting a permanent World Peace. For, if you know the language of the people you are doing business with, you will know how they are thinking; and if you know how and what they think, you will understand them better. Therefore, this increase is destined to bring more students into a more universal way of thinking... more towards the brotherhood of man approach. Especially is this true in the light of foreign relations and trade, in the carrying out of the Good Neighbor policy towards Latin-American countries—the importance of language cannot be overestimated.

The language art is one of the surest tools for Democracy that we can use in the breaking down of racial differences and misunderstandings.

But in order that we may use this tool well and effectively in this promotion of the brotherhood of man through languages, you must reach out further than our fireside and community; we must be able to speak one language fluently to the extent that we can hold an intelligent conversation in the country using the languages we have studied.—J.H.

That Patriotism?

Where is Lubbock's patriotism? When the war was on, everybody said there was nothing too good for the boys in the service. Now this attitude seems to have changed. Approximately 300 men were forced to look for another college to attend or postpone their education this fall because there were no housing facilities available in Lubbock.

Most of these boys have gone through all the hardships of war. Now that our boys have come home, some people are not grateful enough to give up a spare bedroom or a garage apartment, so that they might have one of the opportunities that they have fought for—education.

Texas Tech has helped make Lubbock what it is today. Every year students come here from various cities and towns to attend school. These students have brought businesses and people into Lubbock, and made a city of it. Tech has helped Lubbock, why shouldn't turn-about be fair play?—A.H.

From.... I

2.... Another By COUNT MEOUT

Who suffers the most during Rush week is the question for debate today. Well, whatever the decision may be, the boys show it most. RUSHEES are observing boyless Rush while independents and active members reap a harvest of dates.

NELDA BUTLER — unengaged this spring—is being escorted most attentively by BILL NUGENT.

OLIVER McMANN will be grateful when Rush Week is over. SHE is a freshman from Lubbock. DARRALL CAPENTER and JOHNNY HAMILTON are "together again," at least it looks that way.

CORRINE PAYNE is giving all the returning veterans that look. They say V-Mail was never like this.

Helping Good Neighbor relations lately is NANCY CALDWELL who is viewing the "spots" of this berg in the presence of a suave Costa Rican.

Head Cheer-leader is expecting—well, his wife.

JOAN REYNOLD'S sister was very worried over her Friday night when she failed to have returned from a date at 3:30 a. m.

The Count had the pleasure of helping two girls crawl into Craddock Hall after hours. Ah-h-h restrictions.

DOROTHY BROWN and BILL PURYEAR are enjoying his leave together. She'd be so nice to come home to eh, Bill?

Slime GUINN is going to get a date with that convertible, so he says. JOAN NISLAR is the victim.

Upper classman BETTY COWANT and Slime GERALD STOKES are carrying that summer-lighted torch together. GIB is coming back soon, too.

WALTER DENNISON'S home-town girl friend is at Tech. Now, she will be able to keep a close check on the boy—that is if such a thing is possible.

JACK BUNURANT is giving many Fish girls the rush. Many strings hard to keep hold of, so Centurus say.

JEANNE STOVALL and WYN BAKER are not engaged, nor are they going steady; they are just together all the time.

The three WILLINGHAMS are free lancers to this season.

CAROLYN LANGE spent the weekend in the hospital. She has never been—maybe to Fish?

JIM HUMPHRIES seems to have taken the Junior class by storm... he's got what it takes and we're glad to have him back.

BARBARA BYRD is taking care of Jimmy Williams while Frances Williams helps rehabilitate returning veterans. Nice setup for roommates, as long as there are no complaints from JW, and so far so good.

JEANNE MARTIN is going to miss her Lubbock Aggie who was home all summer. He is Kenneth King.

JODY LLOYD of Dallas had the

Authority Urges Rule Changes In Football

Drastic revision of the rules governing football which would reduce the incidence of deaths and major injuries and open up the game for spectators is urged by Edward B. Cochems, one of the outstanding football authorities in the world.

As the pioneer of the forward pass and one of the top-flight football figures for the past half century, he feels that the changes he proposes would make the game more sporting, giving little teams a chance against big teams, and would be at least fifty per cent more interesting to watch.

"Football has been so be-deviled by rules and rule changes for the past sixty-three years that I seriously doubt if one spectator out of every 10,000 would know what was actually happening on the field were it not for the explanation of so-called experts over the loud-speakers," he states.

Rule changes advocated by Cochems would (1) move the goal posts back to the goal lines; (2) eliminate the huddle; (3) put strict limitations on the use of substitutes; (4) automatically expel a player for clipping; (5) at end of the half place the ball at the point of its farthest advance and resume play from that point at the beginning of the second half under the same conditions as now prevail after the first and third quarters; (6) eliminate the distance provisions (ten yards in four downs) in the "Downs to Distance" rule and give each team, alternately seven consecutive downs for offensive play; (7) permit one forward pass beyond the line of scrimmage in any given set of seven downs.

"With the adoption of these suggestions," he explains, "we could toss about three-fourths of the rule book out the window and we'd really have a game. It would be a fair game too, and little teams would have a chance against big teams. The game would be just about ninety-five per cent more sporting. Fatalities and serious injuries would be cut to a minimum, and this grand old game would be opened up for the spectators."

May Do Shakespeare

Americans will probably have the opportunity of seeing Katharine Cornell, shown above, in at least one Shakespearean play after the war. Miss Cornell has disclosed that she and her producer-husband, Guthrie McClintock, are thinking of doing "Anthony and Cleopatra" soon.

Life With The Exes...

Second Lt. Warren G. Tabor, ex-Techsan and Silver Key member,

was recently commissioned in the Marine Corps reserve after completing a ten weeks course at officer's school in Quantico, Va. He was further assigned to the Artillery school and upon graduation served with a combat organization.

Pvt. Robert L. Williams has been assigned to the 11th squadron of the 60th Troop Carrier group in Italy. Prior to entering the Army in March 1943, he was a student at Tech. He received his radio training and wings as an air crew member at Sedalia Army Air field, Sedalia, Mo.

The 60th Troop Carrier group to which Private Williams is now assigned has been active in overseas operations for more than two and a half years.

Flight Officer Archie D. Howell is piloting Air Transport command planes carrying high ranking Allied military officers, diplomats, combat soldiers, patients and war cargo over the Middle East air route from Casablanca to Karachi.

Howell has served 2000 hours of flying time and chalked up 50 hours in a theater of operations.

James William Cope was commissioned as Ensign in the Naval Reserve and designated a naval aviator recently at the Naval Air Training base, Pensacola, Florida.

Having completed his intermediate training at the "Annapolis of the Air" he will be ordered to duty either at an instructor's school or at an operational base for further training. He attended Tech for two years.

James Wallace Carmack, USNR, of Clovis, N. M., has been transferred to Boston, Mass., for duty aboard a PT boat after completing a course of instruction at the Atlantic Fleet's Naval Training center, Miami, Florida. Before enlisting in the Navy, Carmack was a student at Tech.

Lt. (jg) John R. Sparkman, USNR, is preparing for service with the Navy's amphibious forces. He will serve as executive officer

of a PT boat. A good way to relieve the monotony of your work is to think of ways to improve it.

Men are like steel. When they lose their temper they are worthless.

It amazes us to see girls dancing with girls. We didn't think any woman would stand being pushed around by another woman.

Blues during rush for the simple reason that her home-town boyfriend left for the service and she was at a party when he phoned.

Red Raiders Picked To Win Over Pirates

Techans Outweigh Southwestern Club

Ten Returning Lettermen To Battle For Texas Tech

HEAD Coach R. M. Medley, sometimes called the Cinderella Man of college football, will bring his hard hitting Southwestern club into Lubbock this Saturday night to pitch wit and skill against Coach Dell Morgan and his Texas Tech juggernauts.

The Raiders have never beaten the Pirates, but this year they are picked to outclass them by at least seven points during the first half and hold this lead throughout the game. The Raiders have the advantage in weight and passing ability, so you may see a lot of aerial action backed by a strong line.

The Raiders also have ten returning lettermen against the Pirates seven. They are Otis Turner, 180 pound center; Floyd Lawhorn, 194 pound guard; John Brantton, 185 pound end; Clyde Black, 196 pound tackle; Joe Snodgrass, 762 pound tackle; Arthur Shahan, 175 pound back; Gene Hardey, 175 pound back; Walter Schlinkman, 190 pound back; and Jack Dillon, 178 pound back. Dillon played end until this year.

Lettermen on the Southwestern team are Westkaemper, 190 pound pound tackle; Joe Snodgrass, 276 tackle; Allen, 175 pound back; Flores, 170 pound back; Leary, 170 pound back; Daly, 190 pound tackle; and DeWald, 175 pound guard.

One advantage the Pirates have over the Raiders is their Naval program which they maintain again this year. With this program Southwestern is able to draw players of recognition. However, these players may not be enough to pull her to victory this year.

There isn't much to say about the form of the Raiders in action against an opponent since this will be the first game of the season. There will be about a fifty-fifty split between passing and driving power with Dillon and Hardey doing the passing and Schlinkman the latter.

As for Morgan's feelings about the game, he merely says: "I've got nothing to say except we hope we

Southwestern Threats

Three tough boys from Southwestern University the Raiders will be on the alert for in tomorrow night's game. Reading left to right, they are: Sam Cleavenger, 190 pound end; Dan Davenport, 240 pound tackle; and Ed Biedzinski, 185 pound guard.

FLOYD LAWHORN

more dust in his mouth than he could digest.

Growing tired of the easy life of the rodeo, he decided to get into something where he wouldn't have to eat so much dirt; so he took up football and kept on eating it which he didn't expect to do, but he seems to like it, because he's still in there pitching.

After receiving three football letters in Temple he turned to college and more football. He lettered his first year, which was '44, in the position of center for the Raiders. He is now a member of the Double T and was elected vice-president of the sophomore class for the coming year.

During '44 Ted started one game but played in all. He received a broken hand in the Homecoming game against S.M.U. but kept on punching out the remaining season.

Now twenty years of age, Red is going another season, but this year he will be shifted from center to guard and is also listed as a starter against Southwestern; so here's to you, Red, best of luck in the coming season.

Many a man has earned the street's late at night without a reason. If he could think of one he would have gone home earlier. The man who tries to do something and fails is better off than the man who tries to do nothing and succeeds.

WRA Council Holds First Meeting Monday

W.R.A. council held its first meeting at last Monday evening in the gym, at which plans were made for a Cabaret party to be given Oct. 4. Play day moving pictures of '44 and '45 will be shown at the party.

The council discussed ordering six new records during the month of September and one every month thereafter. Plans were also discussed for entertaining W.R.A. exes on Homecoming Day.

Girls will be given the opportunity to sign up for the following sports for points under the following chairmen: volley ball, Ruth Caldwell; basketball, Betty Jo Stephens; dancing, Polly Utts; bowling, Juanita Williams; archery, Bobbie Beckman.

Appointed on committees were

Two Professors Write Histories

Two books by Tech history professors have been recently printed. One, titled "W. Lee O'Daniel and Texas Politics" by Dr. S. S. McKay is now on sale by the Tech Press. It deals with Texas Politics during the era of W. Lee O'Daniel. Price for this book is \$4.

Another book, "Lord Russell's Canadian Policy" written by Dr. O. A. Kinchen will soon be ready for sale. It is a research work and concerns the British Imperial policy in Canada.

Mary Flatt for program committee, Fay Harlan for refreshments, Polly Utts for decorations, and Polly Cook for invitations.

Officers for the year are President, Ruth Griffin; Treasurer Jane Knowles, Secretary Polly Cook; Recorder, Ann Casner, A.W.S. representative Betty Jo Leonard.

From The Bench

By SPLINTER-PANTS PINSON

Inspired by the thought of last year's defeat, the Red Raiders will romp and tromp over the Pirates from Georgetown Saturday night. Joe Bob Baumgardner, who scored Southwestern's winning touchdown last year will not be back with the Pirates this season. Regardless of who the Georgetown team brings with them, there will be eleven fighting Raiders on the field whose brand of football will make the Victory Bells ring.

Tech will not have to rely upon a ground attack alone this fall. Coach Morgan's Men-in-Red have the ability and willingness to toss the ball around, plus rugged ends who can snare the pigskin. But don't think that the ball carrying has been neglected, for Walter Schlinkman, Cecil Norris and Arthur Shahan will rip the Pirates' line to pieces. Opening up gaping holes in the Georgetown boy's forward wall will be Billy Joe Snodgrass, James Gimmel, Russel Birdwell, Floyd Lawhorn and Otis Turner.

Bench warming will not be in style Saturday night, as Coach Morgan plans to let all of the Raiders display their wares to the Pirates and the fans.

Playing their opening game of the season last week against Bergstrom Field, the Pirates were lucky in gaining a tie at 6 all—they will be lucky this week if they have enough energy left to carry them back to Georgetown.

An ex-Raider is now back in Tech with a new position. He is Tom Douglas, former fullback who was and still is an up and coming young man. Tom is now helping Coaches Morgan and Robison shape the Raiders for the approaching season. And, I might add, he is doing a wonderful job.

Giving the Pirates 14 points, I'll take Tech.

The world won't beat a path to your door even if you have a wonderful trap—if you keep it rattling all the time.

Chillicothe Flash

Jack "Spider" Dillon, who will be on his toes in the game tomorrow against Southwestern.

Know Your Grid Stars

By IVAN TUCKER
Toreador Sports Writer

If you've noticed 194 pounds standing six feet, one and one-half inches high with a face as red as his hair, then you know Floyd (Red) Lawhorn. Red is as well known and as well liked as a strawberry soda and is as rugged as the wide open spaces.

Some people say Floyd got his red face from the well known occupation of howling on the street corner or, in other words, "Wolfing." They say his hair is natural but who knows?

Red has always gone wild when a rodeo came to town and still does. While in High school he entered several along the line of roping and calf tying, but like most of the others, he ended up with

Girls' Social Clubs Observe Rush Week On Campus

Rush Period Ends Thursday Evening

Rush week ended Thursday after seven days of rush parties, luncheon and coke dates. Beginning with a general convocation for rushees it ended Thursday afternoon when preference slips were signed. A period of silence was observed from 9:30 p. m. Wednesday until Thursday at 5 p. m.

San Soucia were the first to start the week off by staging an informal party at 2303 Eighteenth street. Their other contribution towards rush week was a formal dinner held at the Hilton hotel ballroom Monday night.

DFD presented their rush party at the Meadowbrook Country golf club Friday night. Their annual Smorgasbord dinner was held in the late afternoon on Tuesday. The table was decorated with an artificial lake and trees. Lighted candles had been added. For their dinner the club was served a whole ham and various kinds of cheese.

A Mexican fiesta was the theme of the Ko Shari party held at Tech's new social center Saturday; and the Indian dinner, an annual affair, was held Tuesday night also at the social center.

Las Vivarachas held their party at the Hilton hotel ballroom. They had for their decorations, a bar located at one end of the room. Their second party was a formal dinner also held at the Hilton hotel on late Wednesday afternoon. Las Chaparritas entertained rushees Monday afternoon with a hobo party at 2613 Nineteenth street. For their second party, which was the last given for this year's rush week, they held at the social center.

AWS Plans Week For Fish Women

AWS annual Big Sister-Little Sister Week will be held Monday through Friday. A dance will be held Tuesday evening at 7 o'clock in the Gym for all freshmen and transfer girls. Following the dance Anita Hale, president, will introduce those of the Honor society and discuss qualifications for entrance into AWS.

Speech Clinic Begins Oct. 4

The Speech Clinic, open to students and to town people alike, will begin Oct. 4 in room 205 administration building. The clinic will be open every Thursday afternoon from 1:30 to 4:30 for persons with speech difficulties. Students do not have to be enrolled in speech classes to get help in the clinic.

Pfaffenberger To Leave Monday For Tennessee

George W. Pfaffenberger, director of cotton spinning research for the Chicopee Mfg. Corp., will leave Monday for Memphis, Tenn., to meet with the officials of the Chicopee Corp., to plan their research program at Texas Tech for the coming cotton season. Mr. Pfaffenberger will tour the cotton producing areas of the Mississippi delta.

Dr. Whyburn Is Appointed To Aggie Board

Dr. W. M. Whyburn was recently appointed a member of the board of directors of the Texas Centennial of Statehood Commission by Gov. Coke R. Stevenson, who also serves as governor of the commission. The purpose of the commission, Dr. Whyburn stated is to work toward the improvement of agriculture and rural life of Texas. It will commemorate 100 years of Texas statehood in a long-time program designed to revitalize rural life and rebuild the land. It is an official agency created by the Forty-seventh Legislature.

Dr. Whyburn explained that local planning of the commission is to be based on studies dealing with natural resources, soil and crop protection, water resources, livestock improvement, farm-to-market roads, rural electricity, local industries, markets, financial resources, labor, health, church and recreational facilities, local government, schools, beautification and community needs.

Extension Offers 3 New Courses

Three new courses will be offered in extension, J. A. Millikin, director of the Division of Extension announced. They are, Visual and Audio aids in Education, 3315, to meet in room 319 of the Administration building at 9:30 o'clock Saturday morning. Dr. Lewis E. Cooper is the instructor. The other course is Unit teaching 439, to meet in the Journalism building in room 204 at 2 o'clock Saturday afternoon. The instructor for this course is Dr. Doyle D. Jackson. A group in beginning or conversational Spanish will be called together next week, Millikin says. Time, place and the instructor for this course is tentative at this time, he stated.

HM House Has New Residents

New residents of the Home Management House are Mona Whetstone, Melba Slater, Mary Love Walker, Jimmie Earl Temple, Vasti Warren and 4 months old Jimmie Ann McNeal, the new Home Management House baby, and her mother Georgia McNeal, the former Georgia Griffin, whose husband is serving in the army overseas. Mrs. McNeal is a senior student in the division of home economics.

Mrs. Mary R. Bibb, assistant professor of clothing and textiles will also live in the Home Management House.

We wish Emily Post would provide the answer to the proper way to make a waitress aware of our existence.

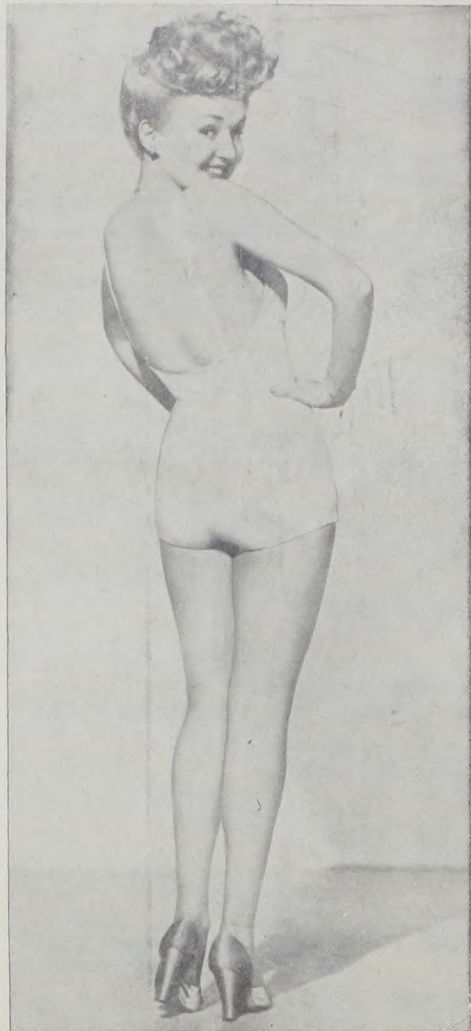

What others think about you will not cause you a moment's concern if what you think about yourself doesn't worry you.

Band To Play For Pep Rally

Texas Tech band, composed of 118 members, will make its first appearance at the student pep rally Friday night.

Prof. D. O. Wiley, Tech band director, states that the band this year will compare favorably with other colleges. Plans have been made for the Tech band to make

one trip with the football squad, but a definite date has not been decided.
